### **Chapter 1151: Forbidden from spectating, rank-up (3)**

Master Wen swallowed the sweet taste in his mouth and wiped the blood from the corner of his mouth. He glared at the first elder, who was dancing with joy, and then turned his eyes to master ning.

“You’re very strong!” The head of the Wen family spoke with some fear.

“You don’t need to tell me that.” Master ning said disdainfully.

“Hahaha! Old God of plague! I’ve already told you to focus.” The first elder said with some schadenfreude.

“You shut up!” Master Wen was furious and was about to attack the first elder, but he was stopped by master ning.

“I’m your opponent!” Master ning reminded.

“Stand aside. I need to teach this old man a lesson first.” The head of the Wen family roared in exasperation.

“No, you can’t touch him. Do you want to be enemies with the craftsmen’s Guild?” Master ning reminded him. At a critical moment, the identity of the great elder was very useful!

After hearing master ning’s words, master Wen suppressed the anger in his heart and once again targeted master ning. Hmph! He truly didn’t want to become enemies with the armament Guild headquarters. Moreover, this damned old man had a grandson who was the Vice President of The Alchemist Guild headquarters. When he thought of this, he was a little envious, jealous, and hateful. Why didn’t their Wen family have such an outstanding descendant!

“Hehe! Good luck, you guys!” The great elder continued to jeer.

However, this time, the Wen family head did not even spare him a glance.

...

A battle between experts would usually not be a life-and-death struggle. Usually, they could decide the outcome within a few moves because the strong valued their lives more than ordinary cultivators. However, master ning wanted to teach master Wen a lesson in his heart. Hence, even if he was stronger than the other party, he did not intend to stop easily.

However, in this realm, he could not fight to his heart’s content. Hence, he felt that it was not enough and directly punched the Wen family head ...

Instantly, a loud bang was heard in the empty Valley! Bang!’ The sound of collision ...

The reverent-God’s body was very strong and hard, but master Wen still felt a little pain, which showed how heavy master ning’s punch was.

“Damn you, you barbarian!” The Wen family head was furious! How could this ugly freak be the same as old man ning, not stopping even after winning, and even using his fist to beat him up, truly preposterous! He was filled with hatred!

“You’re right, I’m a barbarian.” Master ning smiled evilly, and this smile made him look even uglier.

“Hahaha! Old God of plague, you’re so unlucky! Why do I get beaten up so often? How are you going to face others now!” The first elder could not help but burst into laughter when he saw the bruised and swollen face of the Wen family’s head. One should know that this old God of plagues was quite good-looking and was also a well-known handsome man in the divine realm. However, now he had become a pig’s head. How could he not be happy? However, he still felt a little regretful. It would be great if he could kill this old God of plagues. Unfortunately, reverent-God wouldn’t die so easily!

“When did I get beaten up so often?” Hearing this, the Wen family head could not help but clench his teeth and roar. And because he was distracted, he took another punch to the face ...

“Hehe! As far as I know, you’ve been beaten up by old man ning a lot! Now, you’ve been beaten up by someone else.” The first elder reminded with an evil smile.

“He’s the same as old man ning, they’re both barbarians!” The head of the Wen family was furious, but he couldn’t avoid the attack of this ugly woman. This made him even angrier! , And began to climb up. F\* ck, was this person from the same sect as the old man of the ning family? No matter how he beat people, he always used the same technique, specifically to hit people’s faces. It was really too wicked! Although he didn’t think of himself as a good person, he couldn’t do such a bad thing!

“You’re right!” After master ning gave the last punch, he stopped. The reason was simple: he was tired!

“Hehe!” Hearing the Wen family head’s words, the great elder laughed to himself. Of course, he was the same as old man ning! It was because they were the same person! However, he would not tell the old God of plagues about this. He would let the old God of plagues think that they were two different people!

“Old God of plague, I beat you up today. I know you must hate me. It’s okay, I’ll give you a chance to take revenge!” Master ning said with an evil smile.

“Alright, just you wait. I’ll come and find you one day.” The head of the Wen family said angrily. He was indeed not this ugly person’s match now. However, he would remember today’s humiliation and the first elder. One day, he would also deal with him! Hmph!

Today’s sudden battle had disrupted the Wen family head’s plans. He had lost everything and was too ashamed to return to the inn. He had no choice but to leave the godly mainland.

The first elder and master ning went back to the inn in a good mood. The old God of plagues was gone, so they could relax a little. However, the old God of plagues ‘subordinates were still here, so they had to be vigilant. At least before the little girl and the others came out of seclusion, they could not take it lightly, in case someone took advantage of them.

After going back and telling Mo Yan and the other two about what had happened, the five people’s days returned to peace.

However, the ning siblings ran to them even more frequently, reporting almost every day, making the five of them extremely annoyed.

“Don’t come here anymore, the little girl is still in seclusion.” The first elder, who was sitting in the living room, looked at the ning siblings in front of him, who were fawning over him, and said in a somewhat annoyed tone.

“Grand Elder, we’ve come to see you.” Ning Haoran said with a smile.

“You don’t have to come every day to see us. There are no flowers on our faces. What’s there to see?” The great elder had a headache. He had lived for so long, but this was the first time he had met someone so thick-skinned! What was surprising was that this pair of brother and sister actually didn’t know what rejection was. They clearly knew that they were not welcome, but they still came to report every day. It was really unbearable!

“Grand Elder, Grandpa taught us a lesson before he left. He told us to respect you, so we don’t dare to show any neglect. Otherwise, Grandpa won’t let us off.” Since ning Haoran brought up his grandfather, he expected that the first elder would give him some face!

“You can treat the words of that old God of plagues as farts!” The first elder said in a rough manner.

“Uh!” Two drops of cold sweat fell from ning Haoran’s forehead. He was speechless. The great elder didn’t even give his grandfather any face. However, he didn’t dare to say that it was because of his grandfather’s poor popularity.

#### **Chapter 1152: Forbidden from spectating, rank-up (4)**

“You guys should leave quickly! We still have other things to do! I don’t have time to accompany you.” The great elder attacked as if he was chasing away a fly.

“Grand Elder, if there’s anything you need us to do, just tell us.” Ning Haoran did not seem to understand the first elder’s words and continued to speak.

“The only thing we want you to do is to leave this place as soon as possible.” The great elder said unhappily. Recently, he had been tormented by this pair of brother and sister until his patience was somewhat exhausted.

“That’s right, you guys should hurry up and leave! Don’t be an eyesore here.” Liu Feng said in a very impolite manner.

“Then we’ll take our leave first. We’ll come back tomorrow to pay our respects to the elders.” Ning Haoran said with a smile, then left with ning Qi ‘er.

After the ning siblings left, the eyes of the great elder and the others all focused on master ning. Their man-eating eyes made master ning’s hair stand on end.

“Don’t look at me like that. I didn’t ask them to report here. If you want to settle the score, go to the old God of plagues.” Master ning said fearfully, “it’s none of my business. Why do I have to be blamed?”

“The old God of plagues ran away after being beaten by you.” First elder warned.

“Then do you want me to go to the divine realm and bring him back?” Master ning asked, trying to please him.

“No need, you just need to get rid of this pair of brother and sister.” First elder suggested.

“No, their punishment hasn’t been revoked yet! They still have to stay on the godly mainland.” Master ning refused.

...

“Then quickly revoke their punishment, or deal with them. Choose one! You do as you see fit!” The first elder pouted his mouth and said indifferently.

“Uh! It was definitely impossible to revoke the punishment so quickly. Otherwise, the ning family would follow suit in the future! In addition, he had to find a good reason to deal with them! They’ve been very well-behaved recently, and I can’t find an excuse even if I wanted to.” Master ning also said helplessly. In fact, he was also annoyed to see the brother and sister every day, but he didn’t have a good reason. It seemed that he could only wait for the little girl to come out of seclusion. With that little girl around, she would definitely be able to arouse ning Qi ‘er’s strong fighting spirit. This way, it would be easier for him to find trouble.

“You’re really useless as the head of the family.” First elder’s face was full of contempt.

“What do you know? Do you think it’s that easy to manage a big family?” Master ning said with a wronged face.

“Then who can you blame? Who asked you to give birth to so many?” The great elder had touched a sore spot.

“Damn old man, you think I don’t regret it?” Master ning said gloomily, but it was too late to regret now. He couldn’t strangle so many descendants to death!

“I don’t care. You have to take care of the ning siblings. I don’t want to see them again.” The great elder requested.

“...” Master ning was silent.

In the bracelet.

Leng ruoxue’s cultivation had already reached the final stage. At this moment, she was surrounded by spirit Qi and was charging forward with all her might ...

Countless spiritual Qi was absorbed into her body for her own use. Not long after, the spiritual Qi in her body appeared to be in a state of saturation, and then it was converted into divine power by her!

Just like that, the cycle repeated again and again. After an unknown amount of time, the divine power in her body also reached saturation. At this time, her body slowly became translucent, and there was a milky white liquid flowing inside her body. This was the divine power that she had finished converting!

At this moment, Leng ruoxue could clearly feel that her ‘heaven-defying art’ was about to break through. In one go, she charged towards the barrier ...

The divine power in her body was gathered into a thread thinner than a strand of hair. It spun quickly in her body, and after countless cycles, it focused on one point to attack ...

The attacks were so concentrated that it was impossible to see them with the naked eye. Leng ruoxue, who was controlling her divine power, was in a state of pain. She had to continuously absorb the spiritual energy in the bracelet to ensure that the divine power in her body was abundant!

After countless attacks, the thin yet tough barrier was finally broken. The divine power in Leng ruoxue's body was also emptied in an instant. However, after breaking through to the sixth level of the heaven-defying art, her body had once again undergone the transformation of the heaven-defying art. It had become even more perfect, without a single trace of impurity. Her Natal divine flame had also evolved once again, becoming even more small and exquisite!

However, Leng ruoxue could feel that her body, which was a bottomless pit, required even more spirit Qi. After absorbing it for three days and nights, she had not even reached 10% of the required spirit Qi. This discovery made her a little depressed because it also meant that she would need even more spirit Qi to break through in the future.

Evildoer and Wu, who had been standing guard outside the purple bamboo house, knew that Xue 'er had broken through when they saw the spirit Qi in the medium swarming towards the purple bamboo house. They also knew that Xue 'er needed a terrifying amount of spirit Qi, so they were not surprised that Leng ruoxue did not come out immediately after her breakthrough.

Half a month later.

The door of the purple bamboo house finally opened. Leng ruoxue walked out with a smile on her face.

"Xue 'er!" When the demon saw Xue 'er, he quickly stood up and walked towards her, hugging her tightly in his arms.

"Evildoer, I've missed you so much." Leng ruoxue said affectionately.

"I missed you too." The demon's eyes were filled with deep affection as he stared unblinkingly at Leng ruoxue. This time, he did not go into closed-door cultivation with Xue 'er. Instead, he chose to stay outside to protect her. One could only imagine how much he missed her.

"Cough cough!" Suddenly, two coughs were heard. Wu appeared in front of them with a smile and couldn't help but tease,""Can you guys not be so mushy? I can't stand it!"

"You're just jealous, I don't blame you!" The demon rolled his eyes and replied.

"Uh! Can you please consider how I feel being all alone?" Wu said helplessly.

"I don't want to." The demon laughed evilly.

"Big sister, quickly help me break the seal!" At this moment, Qing Jue, the third wheel, appeared as well. Naturally, the little black dog also appeared with him.

"Alright," he said. Leng ruoxue replied with a smile. Following that, she waved her hands and cast a few unsealing spells. Following the unsealing of the seal, the space trembled once again. The area expanded by several times, and the spiritual Qi inside appeared to be solid. However, what made Qing Jue the

happiest was that he had dozens more pieces of land. Once he saw those pieces of land, he did not even bother to tell Leng ruoxue what new abilities he had and ran over with the black puppy ...

### **Chapter 1153: Forbidden from spectating, rank-up (5)**

When Leng ruoxue saw how anxious Qing Jue was, she could not help but shake her head and laugh. He was clearly an Artifact Spirit, so why was he so keen on farming?

However, before she could finish sighing, Qing Jue ran back again. There were still a few drops of sweat on his cute little face, and it was obvious that he had just worked.

“Sister, I haven’t told you what new ability I have! Hehe!” Qing Jue said, a little embarrassed.

“Oh! You still remember!” Leng ruoxue teased.

“Well, sister, my extra ability this time, that ... I don’t think it’ll be of much use to you.” Qing Jue scratched his head and said in embarrassment.

“What is it?” Leng ruoxue was very curious.

“Transformation, to put it bluntly, means you can change your appearance and gender.” Qing Jue explained.

“Even the gender can be changed?” Leng ruoxue was very surprised.

“Yes, I am.” Qing Jue nodded. His sister had the disguise pill, so she basically did not need this ability of his.

“Hehe! I’ll give it a try when I have the chance.” Leng ruoxue asked with great interest.

“You’re not allowed to try.” The demon was a little anxious when he heard that. If Xue ‘er changed her gender, what would happen to him? He didn’t want to hug a man! Just thinking about it was terrifying.

...

“I’m just trying to play! It’s not like you can’t change back.” Leng ruoxue quickly consoled him.

“No, I don’t want to hug a man.” The demon strongly protested.

“Then what do we do?” Leng ruoxue really wanted to try out what it felt like to be a man! However, even if the evildoer didn’t agree, she couldn’t force him. She didn’t want to have a conflict with him over such a small matter.

“Hehe! Sister, you can turn him into a woman!” Qing Jue suggested with an evil smile.

“It can also change the gender of others?” Leng ruoxue asked in surprise.

“Yes, yes.” Qing Jue looked at the demon and nodded.

“Demon, I’ll turn you into a woman! Hehe!” Leng ruoxue suggested.

“I don’t want to. I’m a man and you’re a woman. This is a fact that no one can change.” The demon said with a slight headache. How could Xue ‘er have such a thought? This was truly too dangerous. If this

matter were to spread out, how would he convince the masses in the future? Therefore, he was determined to resist to the end.

“Then we’ll both be men! Just let me play once, okay?” Leng ruoxue acted coquettishly as she tugged at the evildoer’s arm and pleaded. That delicate and pitiful look of hers was definitely not something that one could bear to reject.

“Alright! However, don’t even think about making me a woman.” The demon said very seriously.

“Yes, let Wu Dang be a woman.” Leng ruoxue laughed evilly.

“What does it have to do with me?” Wu said gloomily. Why did he get shot while lying down? he felt so wronged.

“Of course it’s your business. We’ll only be able to protect you if you’re a woman!” Leng ruoxue chuckled.

“Uh!” He couldn’t understand why women had to have flower guardians.

“You should just sacrifice yourself!” The evildoer looked at Wu sympathetically with a hint of warning in his eyes. Since Xue ‘er wanted to play, then Wu could only cooperate. He could not refuse or else he would be the one in trouble.

“Then you can’t tell anyone about this.” He said without any conditions. He gave in to the warning look of the demon.

“Yes, yes. Don’t worry. Only the three of us know about this.” The demon promised.

“I also know that.” Qing Jue saw that the demon did not include him and protested with a little dissatisfaction.

.

“You’re just a child, so you don’t count.” The demon said proudly.

“Hmph! You’re bullying a child, I’m not going to talk to you anymore.” Qing Jue pouted his little mouth, turned around, and walked away aggrievedly.

“Hahaha!” Leng ruoxue and the other two laughed heartlessly when they saw Qing Jue’s cute expression when he was throwing a tantrum.

After that, Leng ruoxue brought the evildoer out of the bracelet.

As soon as they reached the living room, they were surrounded by the five Guys who were waiting anxiously and had nothing to do.

The first elder looked at Leng ruoxue as if she was his family member and said, “Little girl, you’re finally willing to come out.”

“Uh!” Leng ruoxue’s face was filled with black lines as she looked at first elder. She didn’t know what to say. She had only been in closed-door cultivation for a few months, so why did first elder look as if she had abandoned him? this was too terrifying.

“Xue ‘er, you’ve broken through?” Master ning sized Leng ruoxue up and realized that she was actually a spirit God. He could not help but ask curiously.

“Yes, I can break through now, but I haven’t officially advanced yet.” Leng ruoxue explained with a smile. Her heaven-defying art had indeed broken through, but even master ning, who was a reverent-god level cultivator, could not tell. The power that she was displaying now was still at the profound divine stage, but the divine power stored in her body was enough for her to advance.

“Little fox, why didn’t you finish your advancement before coming out?” Liu Feng’s face was filled with suspicion.

“I don’t plan on breaking through here.” Leng ruoxue spoke the truth. If she were to break through in this Inn, she would not be able to keep a low profile anymore. The last thing she wanted right now was to be in the limelight.

“Then which Jin do you want to go to?” Liu Feng was a little puzzled. With them around, if Leng ruoxue were to break through, no one would dare to disturb her. Furthermore, it would be very safe. Hence, he could not guess what this little fox was thinking.

“Of course we’re looking for a place with no one around.” Leng ruoxue laughed evilly.

“Uh!” Liu Feng was speechless. He should have seen it earlier. This little girl liked to go to places with no one.

“Hehe! First elder, Godfather, Mo Yan, Liuyue, I’m going to find a place to break through. If you have anything to say, we’ll talk when we get back.” After Leng ruoxue greeted them, she pulled the evildoer out of the inn ...

Meanwhile, Liu Feng looked at Leng ruoxue and Leng Shaoqing’s back with a face full of hidden bitterness. He muttered to himself in an aggrieved tone, “Detestable little fox, why did you leave me behind?”

“Hahaha!” When the others heard Liu Feng’s complaint, they couldn’t help but laugh.

When Leng ruoxue and the evildoer left the inn, they summoned the little Peacock. The two of them sat on the little peacock’s back and went off to search for a place where they could advance.

The little Peacock flew for half a day, even out of the ning family’s divine territory, before it finally found a place that Leng ruoxue was satisfied with.

Leng ruoxue lifted her beautiful eyes and sized up the deep ravine in front of her. The area of this ravine was extremely large and it was surrounded by stone walls. Furthermore, one could only land here from the sky. It could be said that it was absolutely safe.

She nodded her head in satisfaction, then moved her beasts out of the bracelet. She found a huge rock and sat down cross-legged ...

Leng ruoxue mobilized the divine power in her body and broke through the barrier of the mystic Divine realm in one fell swoop. She advanced to the early stage of the divine being realm. Following that, the rules of the heaven and earth descended from the sky and enveloped her body ...

The monsters and beasts held their breaths and stared at Leng ruoxue.

After a long time.

The heaven Earth Law slowly disappeared, and the Beast tide also arrived ...

In an instant, thousands of laws of heaven and earth descended from the sky, and their dazzling light illuminated the dark abyss ...

After an unknown amount of time, the fluctuating laws of heaven and earth slowly disappeared from the world, and the valley was completely dark.

After the spiritual beasts had broken through, they all began to regulate their breathing. Their advancement had brought Leng ruoxue endless benefits. Leng ruoxue had been sitting on the same spot the entire time, regulating the divine power in her physical strength and not opening her eyes ...

Almost at the same time, Leng ruoxue and her spiritual beasts finished recuperating. She opened her eyes and looked at her spiritual beasts' cultivation. She nodded in satisfaction.

With this advancement, all of Leng ruoxue's spiritual beasts had advanced to the sacred beast Realm. Although most of them were only Class 1 Sacred Beasts, she was still very satisfied.

Among them, Bai Xu, Feng Zhan, and Mei had all advanced by one rank. Bai Xu was now a fourth level sacred beast, Feng Zhan was a third level sacred beast, and Mei had advanced to a second level sacred beast.

As for the old phoenixes, even though they did not manage to advance, the spiritual energy in their bodies had almost doubled. They were very satisfied with this result. The happiest ones were baby and the other beasts. After they advanced, they immediately mimicked Leng ruoxue's arms and acted coquettishly, rubbing against her ...

### **Chapter 1154: Missing (1)**

"Master, I'm also a sacred divine beast, hehe!" Baby said happily.

"Yes." Leng ruoxue touched this and touched that. She was also in a very good mood.

"Xue 'er!" At this moment, the evildoer also walked over and smiled.

"Evildoer, let's go back!" Leng ruoxue said. They had been out for a long time, and if they didn't return soon, those old men would be worried.

Thinking of this, she moved the bracelet out again.

"Beginner God, advanced God! Not bad!" After Wu came out, she looked at Leng ruoxue's cultivation and laughed. It wouldn't be long before Xue 'er's strength would surpass his, and he now ...

"Yes." Hearing Wu's words, Leng ruoxue also sensed her own strength. Hehe! When she opened her eyes, she only saw the strength of the beasts and did not notice her!

"Xue 'er, are you going back?" He asked. However, he did not understand why Xue 'er had asked him to come out. Ever since he had arrived at the godly mainland, he had rarely left the origin space.

“Yes, I am.” Leng ruoxue smiled evilly and nodded.

“Then let’s go!” Wu said hurriedly. He didn’t know why, but he had a bad feeling that nothing good would come out of Xue ‘er getting him out.

“Wait! Wu, you have to cooperate with me!” As soon as Leng ruoxue finished speaking, she had a change of mind. The evildoers and beasts saw a tall, handsome man transform into a weak, devastatingly beautiful woman. Even though she was not as beautiful as Leng ruoxue, her figure was still very hot and alluring.

Feeling the strange gazes on him, he subconsciously lowered his head. When he saw his sexy and enchanting figure, he almost fainted. Although he had pretended to be a woman before, it was all fake. Now, his body had become a real woman. He could even feel the elasticity of his chest. This ... What should he do?

“What a stunning beauty! She’s even more beautiful than ning Rong ‘er. ” Leng ruoxue looked Wu up and down, admiring her own masterpiece. She was extremely satisfied. However, Wu had to have a good foundation. Otherwise, it was impossible to turn an ugly man into such a beauty.

.....

“Wuu ...” She looked at Leng ruoxue unreservedly. Her beautiful eyes were limpid like autumn water, and she looked extremely attractive.

“She’s even more beautiful like this. I can’t help but pity her!” Leng ruoxue gasped in admiration.

“...” Wu felt even more depressed after hearing Leng ruoxue’s words.”Pitiful?” He clearly wanted to cry but had no tears, okay?

“Alright, we can go back now. None of you should reveal Wu’s identity!” Leng ruoxue reminded.

“Yes, yes.” The demon and the beasts nodded in unison. Who would dare to say that! They were afraid that Leng ruoxue would change their gender if she was unhappy. This was too terrifying.

Leng ruoxue placed the beasts into her bracelet, then she, evildoer, and Wu sat on the little peacock’s back and returned to ning city.

It was already the next morning when they arrived at Peace City.

Leng ruoxue and the other two alighted from the little peacock’s back and walked straight into the inn. When ning Xiao saw them, he quickly came up to greet them.

“Miss Leng, you’re back. Uh! And this is?” Ning Xiao saw an unfamiliar face and could not help but ask.

“She’s my friend. ” Leng ruoxue gave a simple introduction.

“Oh! Do you need to arrange a room for her?” Ning Xiao asked for Leng ruoxue’s opinion.

“No need, we have enough rooms.” Leng ruoxue then ordered ning Xiao to bring breakfast to her room and the three of them went upstairs together.

First elder and the rest were having their breakfast in the living room. They were elated to see Leng ruoxue return. However, when they saw Wu standing behind evildoer, their faces darkened.

"I say, little girl! Why did you bring a woman back?" The first elder was the first to ask, his face full of disapproval. In his opinion, this strange woman's background was unknown, and he should not have brought her back.

"That's right, little girl Xue 'er, you've only been in the divine realm for a short time, and it's hard to fathom a person's heart! It's better to be careful. As for those stray cats and dogs, try not to bring them home." Master ning said.

"Little fox, I thought you were quite smart." Liu Feng said in disappointment.

Although Mo Yan and Liuyue did not say anything, they kept shaking their heads. It was obvious that they did not approve of Leng ruoxue bringing a woman back.

When Leng ruoxue saw their reactions, she couldn't help but feel a little depressed. Although she was very touched that these people were so concerned about her, weren't they looking down on her a little too much? Did she really have such poor taste? Not to mention, that woman was a man!

"Thank you for your concern, but I know this woman. She's fine, don't worry!" Leng ruoxue consoled.

"Oh!" Hearing Leng ruoxue's words, first elder and the others didn't say anything else. However, they didn't give her any face.

Wu was depressed and felt even more aggrieved. Wuwu ... Who did he offend this time? These people were actually giving him attitude. When he thought of this, his resentful gaze kept drifting over Xue 'er's body ...

"If you dare to stare at Xue 'er again, be careful of your eyes." The evildoer whispered into Wu's ear.

However, because the two of them were too close to each other and their voices were extremely soft, this became ambiguous in the eyes of others ...

"What are you guys doing? Acting all lovey-dovey in front of us, you don't want to live, do you?" Master ning's lion roar startled Leng ruoxue and the other two.

"Uh!" Leng ruoxue's forehead was filled with black lines. She thought to herself, 'isn't Godfather's reaction a little too big?' However, after thinking about it, she could understand. After all, if she did not know Wu's identity, she would also be angry when she saw the evildoer whispering so intimately with another woman! When she thought of this, she had a better impression of this cheap Godfather.

"Little girl! I think we should send this woman away!" First elder suggested.

"No need! She ... Actually, she's that evildoer's older sister." Leng ruoxue wiped away the cold sweat on her forehead and said hurriedly, "woo...Did he go overboard this time?" She really didn't expect that her Godfather and the great elder would be so repulsed. Should he tell them Wu's identity? However, it was hard to explain how she had changed her gender. Now, she felt that she couldn't back down. It seemed that she could only arrange an identity for Wu.

**Chapter 1155: Missing (2)**

“Little girl, don’t lie to us! It’s for your own good that we let her go.” The first elder said worriedly.

“I know, she’s really the sister of a demon.” Leng ruoxue bit the bullet and said guiltily, “sob ... I didn’t mean to lie!” However, it wasn’t easy to explain the reason for its invincibility. After all, he couldn’t let them know about the cosmic bangle yet.

“Kid? She’s really your sister?” Master ning pointed at Wu Wen unhappily.

“Yes.” The demon nodded helplessly, then looked at Xue ‘er with a hint of resentment.

“We’ve known each other for so long, why haven’t I heard you mention it before?” The great elder’s face was full of doubt. In his opinion, this pair of siblings did not have the slightest bit of similarity, so how could they be relatives?

“We ... Have been separated for a long time. We met by accident yesterday.” The demon said after thinking for a while.

“What a coincidence! Did your sister also ascend from the Hao continent?” Liu Feng asked calmly.

“Yes.” The demon nodded.

“When did she ascend? Where have you been all these years?” Liu Feng continued to ask.

“I ascended earlier than them, so I’ve been staying in the ascender Alliance.” Wu replied calmly.

“Alright, Liufeng, you don’t have to check her identity. She’s really fine.” Leng ruoxue said helplessly. If Liu Feng continued to ask, the truth would definitely be revealed.

“I did it for you, you heartless little fox!” Liu Feng glared at Leng ruoxue and said with slight displeasure.

“I know. Thank you for your concern. You must believe in my judgment!” Leng ruoxue reminded.

.....

“Since the little fox said so, let’s believe her!” Liuyue chuckled and tried to smooth things over.

At the same time, there was a knock on the door. Ning Xiao had brought their breakfast to their room.

“Everyone, let’s eat!” Leng ruoxue urged and changed the topic.

After breakfast, master ning and the others were shocked to find out that Leng ruoxue’s cultivation base was actually at the early divine being advanced stage. Before this, their attention was all on that strange woman, so they did not have the time to check on this little girl’s strength.

“Little girl, you’re advancing really fast. You’re actually an early divine being.” Master ning exclaimed in admiration. This girl was really amazing!

On the godly mainland, there were three levels of deities: mysterious God, elementary deity, intermediate deity, and advanced deity. The early, intermediate, and advanced deity levels were further divided into upper, middle, and lower. Most of the time, those who advanced from mysterious God to elementary deity would only be at the early beginner deity level. Only a small number of them could directly advance to the middle early deity level. As for those who advanced to the high deity level, although it was not unheard of, it was extremely rare and could be ignored.

“Hmm, not bad.” The great elder also nodded in satisfaction. Although they were both elementary gods, there was still a huge gap between elementary and advanced gods. The most intuitive manifestation of this was in divine power. If Elementary Elementary gods could only accommodate twice the divine power of their bodies, then advanced elementary gods could accommodate almost three times the divine power of their bodies. In simple words, the more divine power they could accommodate, the more divine skills they could use in battle. Divine power could not be used limitlessly.

“Hehe! Little fox, hurry up and become a deity so you can come with us to the deity world to play.” Liu Feng said with a face full of anticipation.

“You think it’s that easy to advance?” Leng ruoxue rolled her eyes at Liu Feng as she spoke, feeling a little speechless. The amount of spiritual Qi She needed to advance was something that no one else could imagine. However, it was fortunate that she had the universal bracelet. Otherwise, she really didn’t know how long it would take for her to advance by one level.

“Hehe! You’re a little fox, not an ordinary person! I believe you!” Liu Feng said with a light smile.

When Leng ruoxue heard Liu Feng’s words, she was deeply speechless! I really don’t know where this guy’s confidence comes from.

After that, everyone started to talk about what had happened during this period of time.

When Leng ruoxue found out that the ning siblings were still in the divine mainland, she couldn’t help but be surprised. She couldn’t understand why her foster father hadn’t dealt with the siblings after such a long time. His Godfather’s efficiency was too low!

“Little girl Xue ‘er, hehe! I’m waiting for you to come out and help me!” Master ning said, a little embarrassed.

“Godfather, this is your family matter. It’s not my place to interfere!” Leng ruoxue was a little speechless. Why was this old man so lazy? If it wasn’t for master ning’s face, how could the brother and sister have reached this point? And now that she had recognized master ning as her Godfather, it was even more inconvenient for her to make a move.

“Xue ‘er, are you really not going to help me?” Master ning said with a wronged face.

“Godfather! As the master of the ning family, do you need my help to deal with two juniors? Life or death is all up to you, old man!” Leng ruoxue reminded him. He really didn’t know what this old man was so conflicted about.

“Little girl, this old man is very ambitious! How could he be satisfied with just dealing with two juniors! However, the big fish he wanted to catch didn’t take the bait, so he could only wait!” The great elder said. He was clear in his heart that old man ning had been biding his time because he wanted to clear the obstacles for his successor. The other party had not made any big moves, so it was not good for old man ning to make a move.

“Oh! Godfather, I’m not good at hook fish. I can’t help you!” Leng ruoxue said with a faint smile. She wasn’t stupid, so she naturally didn’t want to get involved in the ning family’s storm. Besides, this wouldn’t do her any good. Instead, it would bring her endless trouble, which wasn’t what she wanted.

“Al! I’m such a poor old man!” Master ning pretended to be pitiful, but unfortunately, he was ignored by everyone present.

“Little girl, when will Feng Da and the others come out of seclusion?” The Grand Elder asked curiously.

“It should be soon. Why? Is there something you need, old man?” Leng ruoxue chuckled as she asked.

“Let’s leave this place after they come out of seclusion! As for old man ning, just let him stay here with the ning siblings. ” First elder suggested with a smirk.

“Alright,” he said. Leng ruoxue nodded.

“Xue ‘er, you little girl!” Master ning called out pitifully. However, Leng ruoxue turned her head to the other side and said to the crowd, “Let’s go for a walk on the streets. ”

### **Chapter 1156: Missing (3)**

Then, he pulled evildoer and Wu Li out of the living room.

After leaving the inn, Leng ruoxue and the other two strolled aimlessly on the streets. Actually, going out for a walk was just an excuse. She really didn’t want to be pestered by master ning.

“Xue ‘er, where are we going?” Walking on the street without any awkwardness, he asked uneasily.

“I’ll just walk around! Wu, relax, don’t be so nervous. ” Leng ruoxue laughed. Looking at his sneaky appearance, people who didn’t know would think that he had done something bad!

“I want to go back to the inn.” Wu said softly. The gazes of the pedestrians on the street made him feel very disgusted.

“He just came out! We haven’t had a good tour of ning city, have we?” Leng ruoxue asked.

“There’s nothing to get better here. Let’s go back!” He said without any requirements.

“Who says there isn’t? I heard that there’s a waterfall not far from the main city. Let’s go there and take a look!” Leng ruoxue suggested.

“Yes.” The demon nodded. He would not reject any of Xue ‘er’s requests. As for none ‘, under Leng ruoxue’s beautiful gaze, he could not say a single word of rejection! Therefore, he could only accept his fate and risk his life to accompany the gentleman.

The three of them asked around for the exact location of the waterfall on the street, then headed in the direction of the waterfall ...

The waterfall was located on the outskirts of Peace City. Although it was called the outskirts, it was quite a distance from the main city. The three of them sat on the little Peacock and flew for nearly two hours before they arrived at the waterfall.

In the air.

Leng ruoxue and the other two looked down at the vast and majestic silvery-white waterfall from above. It was as if their mood had suddenly soared to the clouds. Furthermore, the slight breeze that the waterfall brought with it was exceptionally cool when it blew on their bodies.

.....

After ordering the little Peacock to land, Leng ruoxue was the first to jump down from its back. She walked to the side of the waterfall impatiently. From a closer look, the waterfall was even more beautiful. It was as if a silver ribbon was hanging in the air. The pond under the waterfall was clear, and the bottom could be seen. The fish were swimming around happily.

Other than the waterfall in her bracelet, this should be the only waterfall she had seen in the other world, and it seemed to be much bigger than the one in her bracelet.

Leng ruoxue found a huge rock and sat down, enjoying the cool breeze. With a thought, she took out her Beastie from her bracelet.

The moment the shapeshifting beasts came out, they immediately occupied the space in Leng ruoxue's arms. Evildoer and Wu saw that her body was covered in cute beasts and could not help but laugh.

After Ling came out, he saw the clear water and looked at his master's wrist that he had snatched with great difficulty. He couldn't choose.

Seeing how conflicted it was, Leng ruoxue could not help but find it funny. Among her Beastie, Ling was one of the ones who preferred water.

"If you want to go, then go!" Leng ruoxue chuckled.

"Yes, I'm just going down to swim." Ling Huan nodded her little head happily and kept promising.

After he finished speaking, he plopped! He jumped into the water and started swimming.

"My lovely master, I want to taste the fish in the pond." Baby looked at the fat fish in the pond and drooled.

"Alright, Ling, bring a few fish up." Leng ruoxue ordered Ling Wen, who was happily swimming in the pond.

"The fish is here!" Ling Tian instantly enlarged his body and swung his thick tail, causing the fish in the pond to rush towards the shore ...

"Master, is that enough?" Ling asked loudly.

"Yes, that's enough." Leng ruoxue was speechless as she looked at the small mountain of fish by the shore. She didn't know what to say, but the fish were still alive and kicking.

"Baby, take the beasts and clean up the fish! We'll make fish to eat later." Leng ruoxue said.

After arranging the beastmen's work, Leng ruoxue was in charge of starting the fire and roasting the fish. Feng Da and the rest were still in closed-door cultivation, so they could only do it themselves.

Baby waited for the beast to clean up the fish before skewering them and placing them over the fire. Leng ruoxue only had to watch the fire and add the seasoning.

After a short while, the fragrant fish was ready. Leng ruoxue had also cooked some rice and two large pots of delicious fish soup. The fragrance of the fish had roused the appetites of the people and beasts.

“Ling, stop swimming. Come up and eat.” Leng ruoxue called out to Ling when she saw that he was still in the water.

“Hehe! Master, I’m coming!” After Ling finished speaking, he prepared to go ashore. Suddenly, the calm water in the pool became turbulent. Waves appeared on the surface of the water and formed whirlpools. Under the push of this unknown force, Ling was like a lonely boat in the wind and rain ...

“Ling! Quickly come up!” Leng ruoxue, who felt a sense of danger, quickly shouted.

“Master, I can’t move.” Ling swung its body left and right, but it couldn’t get rid of the buoyancy that trapped it in the water. Furthermore, there seemed to be a force that was constantly pulling it down, which made it a little anxious ...

“Don’t be afraid, I’ll help you. ” After Leng ruoxue finished speaking, she intended to go into the pond to help Ling. However, she was pulled back by the demon.

“Xue ‘er, you stay here. I’ll go down and help it!” The demon stopped Xue ‘er and said.

“Then you have to be careful.” Leng ruoxue said hurriedly.

“Yes.” The demon nodded and went into the pool.

“Ling, relax!” The demon hugged Ling Shuo’s huge body and kept comforting it.

“I ... I’m so uncomfortable.” Ling said painfully. It even felt that breathing was becoming more and more difficult.

“Can you transform into your mimicry appearance?” The demon asked. Ling was too big for him to carry.

“I’ll try. ” Ling said. However, after trying for a long time, it still couldn’t mimic it.

“No, I can’t move.” Ling Tian said disappointedly. What was going on?

“Don’t worry, I’ll think of a way. ” The demon consoled. Ling had been following Xue ‘er ever since they were on the wind edge continent, so he was very clear about the feelings Xue’ er had for these beasts. Naturally, he wouldn’t let anything happen to Ling. However, with Ling in such a state, it would be very difficult for him to get him out of the water.

#### **Chapter 1157: Missing (4)**

Before the demon could think of a solution, the water in the pool began to move again. This time, it was even more violent than the previous time. Waves half the height of a person rolled up high, directly enveloping the demon and Ling ...

“Be careful!” Leng ruoxue looked at this unusual wave and was extremely nervous. She wanted to go up and help, but she was blocked by an unknown force. She could not reach the edge of the pool at all.

After the wave disappeared, the evil spirit and Ling also disappeared ...

“Demon Ling! Where are you guys?” Leng ruoxue saw that the water had returned to its calm state. She quickly ran to the side of the pool and jumped in. However, other than the clear water and the fish that

were swimming around in the water, there was no sign of evildoer or Ling. The man and beast had disappeared into thin air.

“Xue ‘er, don’t worry. With that demon around, nothing will happen.” Wu Ye jumped into the pool and consoled her, her eyes constantly sizing up the pool that did not seem to have any abnormalities.

It was so strange. Why did they suddenly disappear? Wuan pondered but he couldn’t understand.

“My lovely master, don’t worry too much. They’ll be fine.” Treasure also consoled him after searching around.

“I know,” Leng ruoxue nodded. She had a soul contract with Ling. If something happened to Ling, she would have sensed it. But now, it was as if something was blocking the connection between her and Ling. This was something she could not figure out. However, with the demon around, she could rest assured.

“Girl, there doesn’t seem to be anything unusual here.” The old Phoenix, Feng Zhan, said after scanning the area with a secret technique of the Phoenix Clan.

“Yes.” Leng ruoxue nodded and took out an you from her bracelet. The current an you had almost recovered to its peak.

After Leng ruoxue explained the situation to an you, he walked around the pond. Then, he jumped into the pond and looked around. In the end, he shook his head in regret.

“Master, I didn’t find much here. However, if I’m not wrong, there should be a formation here and the disappearance of Captain ye and Ling must be related to that formation.” An you expressed his thoughts.

“A formation? An you, did the people of the divine realm in the past know how to set up formations?” Leng ruoxue asked curiously.

.....

“Yes, master! However, that was a long time ago. I’m afraid that there are fewer and fewer people in the divine realm who know about formation techniques now.” An you sighed. When he said “few,” he did not mean that there were very few people who knew about arrays. Instead, he meant that there were very few people who were proficient in arrays. Although he had been sealed for many years, he had not found many artifact Masters who were especially proficient in arrays when he returned to the divine world this time. Of course, the few from the artifact Masters Guild were still passable!

“Then are you proficient in array formations?” Leng ruoxue could not help but ask.

“Master, I only have a superficial knowledge. However, compared to the people of the divine world, I definitely know more.” An you said humbly.

“Then can you tell what kind of formation is set up here?” Leng ruoxue said, feeling a little depressed. The fact that an you was able to discover the array here was enough to prove that his array skills were above hers. After all, she had not discovered any signs of an array here.

“Master, the formation here gives me a very strange feeling. I can’t really put my finger on it.” An you said guiltily. He felt extremely sorry for not being able to help his master.

“Oh!” Leng ruoxue nodded her head, deep in thought.

After a while.

Leng ruoxue raised her head and looked at the worried faces of the Wuhe beasts. She said softly, “Let’s go back first!”

“Alright,” he said. Wuhe and the other beasts nodded their heads in unison. They did not dare to mention this matter anymore, afraid that they would touch on Leng ruoxue’s sore spot.

Leng ruoxue kept the spirit beasts into her bracelet and returned to the inn with Wu on the little Peacock. After briefly explaining the situation to the Grand Elder and the rest, she returned to the waterfall with the Grand Elder and the rest.

Even though Leng ruoxue had repeatedly assured them that she was fine, they were still worried. Hence, all of them had followed her.

The five of them walked around the pond a few times, knocking here and there, but they didn’t find anything unusual.

“Xue ‘er, little girl, you’d better come back to the inn with us first. When you go back, ask the ning family to send someone to look for you. We’ll definitely return you the demon and the little snake in perfect condition.” Master ning promised.

“Godfather, Ling isn’t a snake, it’s a flood Dragon!” Leng ruoxue corrected him. She was really helpless about them following her. However, she could not reject their concern.

### **Chapter 1158: The vengeful spirit in the blood mist (1)**

“Good, good! It’s a flood Dragon, so it doesn’t matter what it is. Let’s go back first! I’ll have the ning family send people to look for them, and I’ll definitely return you a complete evildoer and flood Dragon.” Master ning wiped the cold sweat from his forehead and comforted him.

“Godfather, you guys go back first! Don’t worry about me, I’ll find them.” Leng ruoxue said helplessly.

“How can we do that! How can we be at ease leaving you here alone?” Master ning and the great elder said in unison.

“Godfather, great elder, I’m not alone.” Leng ruoxue reminded.

“How could it not be!” The two of them looked at each other and said with certainty.

After hearing their words, Wu ku laughed bitterly. So these two didn’t even treat him as a human! He was depressed! However, it was not the time to refute them.

“Uh! Godfather, doesn’t your ning family still have things to deal with? Go back to your work! I’ll really be fine.” Leng ruoxue was speechless.

“The ning family’s matter is important, but my goddaughter’s matter is equally important. Unless you come back with me, we’ll keep you company.” Master ning said stubbornly. He had a feeling that something was not right here, but he could not put his finger on it. Hence, how could he be at ease leaving Leng ruoxue here?

“Little girl! Why don’t you come back with us first and wait for old man ning to deal with his family matters, then we’ll come back with you?” The great elder discussed and winked at master ning. They had the same opinion, that was, they couldn’t let the little girl stay here alone, in case she encountered danger.

“Yup! Xue ‘er, come back with us first! Give me two days, I’ll send people from the ning family to look for him. Two days later, we’ll come together.” Master ning suggested.

“Alright then!” Leng ruoxue replied helplessly. She realized that if she didn’t agree, these two old men wouldn’t even let her stay here.

“Then let’s go back quickly! It’s getting late today.” The two of them immediately said.

After that, everyone returned to the inn together.

.....

After returning to the inn, Leng ruoxue greeted first elder and the others before entering the bracelet with Wu.

Sitting on the stone chair in front of the purple bamboo house, Wu looked at Leng ruoxue worriedly and comforted her, “Xue ‘er, don’t worry. They’ll be fine.”

“Yes, I know.” Leng ruoxue nodded. Rather than saying that she was worried about the demon and Ling’s whereabouts, it would be better to say that she was not used to not having the demon by her side. However, she believed that the demon must be thinking about her right now!

“Xue ‘er, what are your plans?” Wu asked again.

“As you can see, if I didn’t agree to come back with them, they wouldn’t have let me stay there to look for Yao Nian and Ling. We can only let them have their way now.” Leng ruoxue sighed softly. Towards those who truly cared about her, she could never harden her heart. Hence, she naturally could not reject the two old men’s kind intentions.

“It’ll be much safer with them around.” Wu said softly. Although Xue ‘er had a lot of life-saving means, it was not appropriate to expose all of them now. If they had the protection of master ning and the great elder, their actions would be much smoother.

“I know,” Leng ruoxue nodded.

“Wu, rest early!” Said Leng ruoxue. After she finished speaking, she returned to the purple bamboo house.

Meanwhile, in another room in the inn.

The Grand Elder, master ning, and the other four were still not resting. They were gathered together and discussing something.

"I say, old man ning, you really didn't find anything?" The great elder asked curiously. Old man ning's strength was above his. What he didn't discover, old man ning might be able to discover.

"No, it's just that that place gives me a very strange feeling. Why didn't I notice it before?" Master ning frowned and asked in confusion.

"Tsk, don't you know how many times you've been to the godly mainland? Besides, you've been to that waterfall!" The first elder said.

"Uh!" Master ning was speechless. In fact, what he meant was, why didn't his divine sense sense sense sense sense that there was something wrong? how could he have been everywhere?

"Old man ning, since you haven't found anything, then don't think about it. You should quickly finish your work! I don't want the little girl to get anxious and run away." The first elder said worriedly.

"Yes, I'll ask my subordinates to come over tomorrow and explain the things here to them. Then, I'll go with Xue 'er to find the person." Master ning thought for a while and said.

"You'd better look for QiuQiu for the antidote first. Otherwise, if your subordinates don't recognize you, it'll be a joke!" The great elder teased.

"How is that possible?" Master ning was a little speechless. Who couldn't recognize him? it was impossible for his own subordinates not to recognize him. After all, compared to his descendants, his subordinates were the people who had spent the most time with him.

"Hehe! It's hard to say!" The great elder laughed evilly as he finished speaking. He then stood up and patted his butt before leaving.

However, the great elder's concern was obviously unnecessary, because when the trusted subordinates of master ning arrived, they recognized master ning at a glance, which made master ning extremely proud, and even slightly provocative to the great elder, "Old man, I told you my subordinates wouldn't recognize me!"

"This was just an accident." The first elder disapprovingly said.

"Tsk, I know you're jealous." Master ning said with a happy smile.

Master ning's subordinates listened to the conversation between the two people, and cold sweat dripped down from their foreheads. They couldn't help but secretly think, "master, we've been with you for so long. If we still can't recognize you, wouldn't that be a dereliction of duty?" So, there was really nothing to be proud of.

"Old man ning, let's get down to business!" The great elder didn't want to argue with master ning and reminded him.

"Yes." Master ning nodded and explained the situation to his subordinates. Then, his subordinates split into two groups. One group went to the waterfall to check, and the other went to the VIP room on the fifth floor to find the ning siblings.

When the ning siblings saw master ning's subordinates, they were dumbfounded. These people were the closest people to the old ancestor, and their arrival was enough to show that the old ancestor was also here.

### **Chapter 1159: The vengeful spirit in the blood-red mist (2)**

"By the orders of the patriarch, I'm bringing you back to the divine realm to await your punishment." A black-robed man said coldly.

"We want to see our ancestor! Let us see our ancestor!" Ning Haoran was struggling on his deathbed. He knew that if his ancestor sent these people out, they would not be pardoned even if they returned to the ning family. In the hands of these people, the brother and sister would probably die.

"You want to see the patriarch? However, I don't know if the patriarch wants to see you." The grave and stern black-clothed man said with a somewhat difficult expression.

"Please let us see our ancestor!" Ning Haoran begged.

"Alright then! However, I'll have to ask the patriarch first." After the Man in Black finished speaking, he gave the others a look and went out for a walk. Then, he returned to the room where the ning siblings were.

"The patriarch agrees with you." The Man in Black said in a cold tone. In fact, before he came here, the family head had told him that if the brother and sister wanted to see him, he had to bring them here, but he couldn't agree to it easily. That was why he deliberately pretended to be in a difficult position.

"Thank you, senior!" Ning Haoran said gratefully.

The siblings were then brought to the living room on the third floor.

The two of them looked at the few people sitting there and looked at the man in Black in confusion. Their eyes were filled with question marks.

"Didn't you all want to see the master?" The black-clothed man said indifferently.

"But there's no ancestor here! How could you lie to us!" Ning Qi 'er said unhappily.

"Who says there isn't? this subordinate greets the patriarch." The Man in Black saluted master ning with respect.

"Yes." Master ning nodded and turned his eyes to the ning siblings.

.....

"O-old ancestor!" Ning Haoran was so scared that he stuttered. How could this be? how could this person be the old ancestor? he could not believe it. However, it was impossible for the Man in Black to recognize someone else as his master. However, he could not accept this result because it meant that the old ancestor would not let them off. This extremely ugly man had seen everything that ning Qi 'er had done with his own eyes. This was enough to show that the old ancestor would not allow them to quibble.

“How is this possible? How can you be the ancestor!” Ning Qi ‘er shouted, dumbfounded. She couldn’t accept this fact at all. This accident was too big a blow to her. She never dreamed that the ugly woman she was talking about was actually the ancestor that she had always wanted to please. She had actually scolded her own ancestor. What ... What should she do? When she thought of this, she was really a little scared.

“Why can’t I be the ning family’s old ancestor? ning Qi ‘er, you’ve scolded me before.” Master ning reminded.

“I ... I didn’t know you were the ancestor.” Ning Qi ‘er argued.

“I don’t want to hear this reason. Ning Shan, bring them back to the divine realm to await punishment. Without my orders, no one is allowed to pardon them, and even more so, no one is allowed to let them out.” Master ning ordered.

“Yes, Master.” The black-clothed man, Ning Shan, replied very respectfully.

“Also, you can deal with ning Rong ‘er and the others as well! Ning Fei will be the head of the nings in the godly land. ” Master ning arranged.

“Yes.” “Yes, Master.” Ning Shan responded, then bowed respectfully to master ning, and planned to leave with the ning siblings.

However, ning Qi ‘er suddenly broke free from his control and ran to master ning, asking loudly, “Old ancestor, what is your relationship with Leng ruoxue?”

“What’s wrong? You’re still ‘concerned’ about her identity?” Master ning was speechless. Did ning Qi ‘er really mind the existence of this little girl? Even at a time like this, she still did not forget to question him.

“Old ancestor, please tell me. Otherwise, I won’t be able to rest in peace.” Ning Qi ‘er said loudly.

“She’s my goddaughter. Are you satisfied with this answer?” Master ning asked with a faint smile.

“Goddaughter! Why did you take her in as your goddaughter?” Ning Qi ‘er didn’t know where she got the courage from, but she shouted at the top of her voice, burning with jealousy.

“Do I need your permission to accept someone as my goddaughter?” Master ning squinted his eyes and asked unhappily.

“I ... I didn’t mean it that way. Old ancestor, you’ve misunderstood!” Ning Qi ‘er quickly explained in fear.

“Ning Shan, take them away and tell the people from the main family to behave themselves. Otherwise, I don’t mind dealing with them as well!” Master ning looked at ning Qi ‘er with a look of disgust and instructed Ning Shan.

“Yes, Master.” Ning Shan quickly responded. In order to prevent ning Qi ‘er from escaping again, he took out a rope from his storage ring and tied the ning siblings into a bundle. Then, he bowed slightly to the first elder and the others, and led them out of the living room.

After Ning Shan left with ning Haoran and his sister, first elder looked at master ning and complained, "If you had dealt with them earlier, the little girl's man and Beastie would not have gone missing! Al!"

"How can you blame me for this? How could I have known that this would happen!" Master ning said with an aggrieved face.

"Master, what's the point of saying all this now? the most important thing is to find Yechen and that little beast." Mo Yan reminded.

"Don't worry, I've already sent people to look for him." Master ning consoled. The man and the Beast had gone missing, which made them feel quite down.

"Godfather! Where did they take ning Haoran and his sister?" Suddenly, Leng ruoxue's voice entered the ears of the five of them.

"I've sent people to bring them back to the divine realm. Xue'er, little girl, I've already sent people to guard the waterfall. If they discover anything, they will immediately return to report." Master ning said quickly.

"Oh! Have you finished dealing with Godfather's matter?" Leng ruoxue asked calmly. Godfather's speed was really fast this time. It was settled in less than two days.

"Uh! It's over!" Master ning said helplessly. It seemed that this little girl was really impatient!

"Then let's go to the waterfall!" Leng ruoxue said hurriedly. The five of them had an expression that said "as expected."

"Hehe! Since the little girl is so anxious, let's go!" The first elder laughed.

### **Chapter 1160: The vengeful spirit in the blood-red mist (3)**

After that, they greeted ning Xiao and made all the necessary arrangements, then headed straight for the waterfall ...

When they arrived at the waterfall, Leng ruoxue realized that the people her Godfather had sent had already set up the tent. They must have planned to keep watch there. When she saw this, her heart was filled with warmth and she was moved beyond words.

"Godfather! Thank you very much." Leng ruoxue said softly.

"Silly girl, this is nothing. It's just a small matter." Master ning said disapprovingly, but not everyone could enjoy such treatment.

Leng ruoxue nodded and didn't say anything else. She knew that there were some things that didn't need to be said out loud. She then summoned the Mei and the other spirit beasts to help her set up the tent.

Master ning then introduced Leng ruoxue to his subordinates.

At night, after master ning and the rest had gone to bed, Leng ruoxue entered the bracelet and instructed Qing Jue to wake Feng Da and the rest up.

After Feng Da and the rest woke up, Leng ruoxue explained the situation to them. Everyone turned pale with fright!

“Miss, what should we do?” Cuizhu worriedly tugged at Leng ruoxue’s arm.

“Don’t worry, they should be fine now. It’s just that I can’t really be at ease without finding their whereabouts.” Leng ruoxue spoke the truth. Knowing that they were fine was one thing, but whether or not she could be at ease was another.

“Miss, what do you need us to do now?” Feng Da asked calmly. He was very clear about Regiment commander ye’s ability, so he wasn’t very worried about their safety. However, he had the same thoughts as the Miss. He felt that they should find them as soon as possible. Otherwise, everyone’s heart would be in suspense.

“We need you to come out of your seclusion. We can leave this place at any time.” This was also the main reason why she had asked Qing Jue to wake them up. Otherwise, when it was time to leave, she would not be able to explain it to master ning and the first elder.

“Then, we’ll exit seclusion early in the morning ‘tomorrow’.” Feng Da said. Then, everyone discussed what they would say after they came out of seclusion. After making arrangements, they returned to their rooms.

.....

The next morning.

Leng ruoxue then bade farewell to master ning’s subordinates and returned to the inn.

After that, he brought Feng Da and his grandfather over.

“Xue ‘er, have they all come out of seclusion?” Master ning and the great elder looked at the people in front of them and said in surprise.

“Yes, I was the one who woke them up,” Leng ruoxue said.

Hearing Leng ruoxue’s words, master ning and first elder instantly understood. It seemed like this little girl was afraid that they would leave at any time, so she had to plan ahead!

“Little girl, you’ve told them?” The first elder said.

“Yes.” Leng ruoxue nodded, but she couldn’t help but sigh in her heart. It wasn’t easy to bring them here! He had to put on a show for them, but he had no choice.

“You don’t have to worry too much. We’ve been sending people to look for him!” Master ning looked at the crowd and said.

.

“We’re not worried.” Feng Da and the others quickly said, and then set up the tent.

After lunch, Leng ruoxue stood by the pond alone. She looked at the calm water and was deep in thought.

“Xue ‘er, don’t think too much about it. You should believe in Ye Chen’s ability!” Leng ruohan walked over and consoled her.

“Big brother, I’m not worried about their safety. It’s just that I’m not sure if I can see them.” Leng ruoxue said softly.

“Xue ‘er ...” Leng ruohan had just uttered two words when she noticed a small Whirlpool in the center of the calm pool ...

Leng ruoxue also noticed the situation and jumped into the pond without hesitation. Leng ruohan saw this and followed suit. Not far away, Feng Da and the rest noticed the abnormality and ran towards the pond ...

When Feng Da and the others arrived at the edge of the pool, the originally imperceptible Whirlpool became more and more obvious and bigger. They did not think and jumped into the water together ...

Seeing this, Master Ning and the first elder had to follow them, so as not to lose these people again.

Not long after, a huge wave rolled up from the pond, engulfing Leng ruoxue and the others.

Leng ruoxue and the rest lost consciousness as well. When they woke up, they realized that they were in an unfamiliar place.

“Where is this place?” Leng ruoxue’s beautiful eyes scanned the surroundings. When she realized that her own people were all around, she relaxed and started to observe this unfamiliar environment.

As far as the eye could see, this place was full of trees and the environment was very quiet and peaceful. There were mountains and water, the climate was gentle, and the spiritual Qi was very rich. It was a good place to live in seclusion.

“Miss, the environment here is not bad!” Feng Da’s eyes were wide open as he looked around curiously.

“Everyone, be careful and pay attention to your safety.” Leng ruoxue warned.

“Yes.” Everyone responded in unison.

“Old man Ning, can you tell where we are?” The great elder asked suspiciously. He had lived in the divinity for a long time, but he had never known that there was such a place in the divinity. It was truly unbelievable.

“No, I don’t have any impression of this place.” Master Ning shook his head, his handsome face full of question marks.

“Let’s go over there and take a look!” Leng ruoxue pointed to a small green stone path not far away.

This path was not wide, and both sides of the path were filled with trees. At most, two people could walk side by side. Furthermore, there was only one path in front of them. Hence, Leng ruoxue guessed that this should be the entrance to somewhere, but she did not know what was inside.

“Yes.” Everyone nodded. Since they had been brought here, they couldn’t come for nothing. They had to figure out the situation here. Otherwise, wouldn’t they have come for nothing?

“The situation inside is unclear. Everyone, please be careful.” Leng ruoxue reminded him worriedly. Then, he walked toward the entrance of the small path.

The first elder and master ning quickly followed, followed by Feng Da and the others.

After Leng ruoxue and the rest had walked for a while, they finally found a teleportation array at the end of the path. At this moment, the teleportation array was shining with an intimidating white light, proving that it could be used.

Leng ruoxue and the rest stood by the teleportation array, looking at each other ...
