Chapter 1171: Bingyao's identity (3)

"Oh!" Leng ruoxue nodded her head.

At this moment, the evildoer was done beating her up and returned to Leng ruoxue's side. He hugged her tightly in his arms once again.

"She's my Junior Sister." Bing Yao looked at the man who was holding his Junior Sister and complained in a low voice, "Wu...Why is my Junior Sister being held by that violent man when I can't hold her? it's so unfair."

"She's my woman!" The demon also said.

"Alright, stop quarreling. Since you're my senior brother, why are you here? Can you explain?" Leng ruoxue chuckled. Even though she had acknowledged this senior brother of hers, she still had many questions. Hence, she had to clarify them.

"Let's find a place with no one around." Bing Yao smirked and brought Leng ruoxue away.

The demon looked at his empty arms and instantly, his anger rose. Damn it, he actually dared to snatch someone from his arms, he was really looking for death!

Seeing the evildoer's dark face, everyone tacitly stayed away from him to avoid being implicated. They did not want to become someone else's scapegoat.

At this moment, Leng ruoxue had been brought to a wooden house by Bing Yao.

Leng ruoxue lifted her beautiful eyes and sized up the room. The room was not very big, but the air in the room was filled with dense spiritual energy. The decorations in the room were also very particular. As for the wood used to build the wooden house, it was the rare thousand year old nanmu wood, which was extremely precious.

"You can start now." Leng ruoxue said calmly.

"Little Xue 'er, can you take me to the' universal bracelet 'to have a look?" Bing Yao requested, his deep eyes looking at the bracelet on Leng ruoxue's wrist.

"Sure." Leng ruoxue nodded. With a thought, she brought Bing Yao into the bracelet.

Bing Yao stood on the ground of the medium, his eyes filled with deep nostalgia. He took a deep breath and left Leng ruoxue behind to wander around the bracelet alone ...

After a long time.

Bing Yao had returned, his eyes still a little wet. Leng ruoxue didn't need to ask to know that this fellow had gone to find a place to cry.

"Little Xue 'er, I want to take a look at the purple bamboo house!" Bing Yao requested. The current owner of the purple bamboo house was Leng ruoxue, so without her permission, he could not enter.

“Yes.” Leng ruoxue nodded and brought Bing Yao into the purple bamboo house.

The decorations in the purple bamboo house were the same as before. It was exactly the same as in his memory. Bing Yao looked at the familiar scene in front of him, and the tears in his eyes flowed out again ...

“Master! I’m back to see you!” As he cried, he knelt on the ground and kowtowed a few times. Then, he lay on the ground and started to cry ...

When Leng ruoxue saw this, although she wanted to comfort him, she didn’t know where to start. She was very clear that this cheap senior brother had been with her master for much longer than she had. His feelings for her master must be deeper than hers.

Al! Just let him cry as much as he wanted! Leng ruoxue thought to herself.

After a while, Bing Yao stood up and looked at Leng ruoxue with embarrassment. “Little Xue ‘er, I’ve lost my composure.”

“It’s fine.” Leng ruoxue said indifferently.

“Little Xue ‘er, I’ve been by master’s side since I was young and have always treated him as my father. However, when master was in trouble, I wasn’t able to stay by his side. This is my life’s regret.” It had been so many years, and he thought that his heart had calmed down. However, after seeing these familiar things today, he realized that he had always felt guilty, but he had hidden it.

“Then where were you at that time?” Leng ruoxue asked curiously.

“Little Xue ‘er, I am your eldest senior brother. You also have a second senior brother. Back then, when we grew up, master sent us to another world. So, we did not know when master met with an accident. Later, when we found out that master had passed away, my Junior Brother and I secretly returned to the divine world. After we found out the truth of the matter, we wanted to avenge master. However, we were too weak at that time. Not only did we not manage to avenge master, we even almost lost our lives ...”

“After that, my Junior Brother and I were separated, and I fled here. This was the place where master sealed the vengeful spirits. The people who chased me didn’t dare to come in, and I almost died here. Later, the vengeful spirit King and I didn’t want to hurt each other, so we came to an agreement to mind our own business!” Bing Yao explained.

“Then what was that formation that sucked us in?” Leng ruoxue asked in confusion.

.

“That formation ... Was controlled by me. I was also the one who brought you guys in.” Bing Yao hesitated for a moment before he spoke. His beautiful, bright eyes looked at Leng ruoxue fearfully, as if he was afraid that she would be angry.

“What did you just say?” Leng ruoxue squinted her beautiful eyes and said in an unfriendly tone.

“Uh! I was the one who brought you here.” Bing Yao shrunk his neck and whispered, “I don’t understand why he’s so afraid of Junior Sister!” One must know that his Junior Sister was only a beginner divine being while he was already a reverent-God.

“You know that there are vengeful spirits here, yet you still dare to bring us in. What if we die Here?” Leng ruoxue suppressed her anger and questioned him.

“You won’t die Here. Don’t you have the universal bracelet? If you really can’t defeat those vengeful spirits, just enter the bracelet. Moreover, your flames are the nemesis of those vengeful spirits. They’ll be more than afraid of you! How can I kill you!” Bing Yao said honestly.

“What about that demon and Ling? What do you say?” Leng ruoxue’s face was stern as she spoke coldly.

“That guy will be fine. Those vengeful spirit Kings won’t dare to show themselves when they see him.” Bing Yao was speechless. What a difference! This was the difference! Thinking back, he had fought so hard! However, that person actually found this place without any effort.

“Oh! Then what do you want to do by bringing us in here?” Leng ruoxue asked again.

“Of course it’s to meet you! It wasn’t easy for you guys to get to the waterfall, and I don’t know when I’ll see you guys again. I don’t want to miss this opportunity.” Bing Yao said honestly.

?

“I can’t leave this place, so I can only let you in.” Bing Yao added.

“What do you mean you can’t leave this place?” Leng ruoxue had a look of suspicion.

“Little Xue ‘er, actually, the array here only allows you to enter but not leave. I only realized that I couldn’t leave after I entered, so I had no choice but to bring you in.” Bing Yao said awkwardly.

“You’re allowed to enter but not leave? Then why did you bring us in?” Leng ruoxue was speechless. Right now, she really wanted to beat Bing Yao up like a demon. This guy was too despicable. He knew that they couldn’t get out of here, but he still brought a large group of people in. Among them were the people from the ning family. If they couldn’t get out in the future, the ning family would be in chaos!

“Uh! I can’t get out because I don’t know about formations, but you’re different! I believe that you will be able to bring us out of here.” Bing Yao was very confident and said with certainty.

“Don’t get your hopes up. My formation is only half-complete.” Leng ruoxue rudely poured cold water on Bing Yao’s head. She couldn’t help but sigh in her heart. She really didn’t know how this fellow could be so confident in her. How could the formation that master used to seal the vengeful spirit be so easily broken?

“It’s fine. I’ve been here long enough anyway. Now that I have you guys to accompany me, I don’t mind when I can go out.” Bing Yao said with a proud smile.

You don’t mind, but I do! Leng ruoxue rolled her eyes and thought to herself. After hearing Bing Yao’s words, her urge to beat him up became even stronger because he was really asking for it.

“Little Xue ‘er, whether we can leave this place or not all depends on you.” Bing Yao said with a smile.

“You still haven’t told me where we are.” Leng ruoxue asked calmly.

“Uh! Didn’t I say that this is the place where master sealed the vengeful spirit?” Bing Yao asked in confusion.

“I know. I’m asking about where we are now.” Leng ruoxue explained.

“This is the center that controls the entire sealing formation. After I entered, I’ve been in control of this place. However, in order to prevent the vengeful spirits from escaping, master did not leave behind the spell to unseal the seal.” Bing Yao said.

“Oh! Let’s leave this place first! I don’t want to make the others wait.” Leng ruoxue nodded.

“Yes.” Bing Yao looked at everything in the purple bamboo house. Although he was a little reluctant, he would have a chance to come in in the future.

Then, Leng ruoxue left the bracelet with Bing Yao.

After that, they left the wooden house and returned to the crowd.

When they saw Leng ruoxue and Bing Yao, Feng Da and the rest quickly surrounded their lady and looked around as if they were looking for something. Then, they looked at Bing Yao with caution ...

“Uh! Don’t look at me like that. I can guarantee that she’s not missing a single hair!” Bing Yao felt everyone’s unfriendly gazes and quickly explained.

“Hmph! How dare you kidnap my family’s young miss, brothers, attack! Beat him up!” Under Feng DA’s command, the people who were surrounding Leng ruoxue changed their target. They all rubbed their fists and glared at Bing Yao with a murderous look. In the next second, they all swarmed up and started punching and kicking Bing Yao ...

However, as a reverent God, it was impossible for them to hit Bing Yao. Bing Yao knew how important these people were to his adorable Junior Sister. Hence, he didn’t dare to hurt them other than dodging. Otherwise, he was afraid that Leng ruoxue would fight him to the death!

Leng ruoxue was kind enough not to add insult to injury when she saw the crowd and Bing Yao chasing each other. However, she did not stop them. Instead, she leaned into the evil man’s arms and watched the show. Feng Da and the others could not hurt Bing Yao, and it was impossible for Bing Yao to do anything to Feng Da and the others. So, she was not worried that they would both be injured.

.

“Xue ‘er, did that guy tell you everything?” The demon asked.

“Yes, I roughly said a few things.” Leng ruoxue nodded.

“Then, do you want to know about my relationship with him?” The demon asked with a smile.

"I'll listen to you. If you don't want to tell me now, I don't have to know." Leng ruoxue replied nonchalantly. She was very clear that there were some things that the demon would tell her sooner or later. He didn't tell her now probably because it wasn't the right time for her to know.

"Mm, then we'll talk about it in the future! It's a little early now." The demon said after thinking for a while.

"Alright. By the way, evildoer, we've already destroyed the king of vengeful spirits here. Are we not able to leave?" Leng ruoxue asked in confusion.

"I can't get out unless I can break the seal here." The demon said honestly.

"But this seal was set up by master. I ... I'm not confident." Leng ruoxue said softly, feeling depressed.

"Xue 'er, don't worry. If we can't get out, we'll just cultivate here for the time being. There's a spirit gathering array here. Although the spiritual Qi here can't be compared to the space, it's much better than the outside world." The demon consoled. He didn't care if he could get out or not. As long as he was with Xue 'er, it didn't matter where he was.

Chapter 1173: The formation's eye (1)

?

"Yes." Leng ruoxue nodded.

After Feng Da, Bing Yao, and the rest were done with the chase, Leng ruoxue explained the situation to them. Everyone was dumbfounded.

"Xue 'er, What do you mean we can't get out?" Master ning said with a surprised face, and thought in his heart, uh! Did little Xue 'er mean what he was thinking? He couldn't believe it.

"This place only allows entry and not exit, so we can only stay here." Leng ruoxue sighed softly, her beautiful face filled with helplessness.

"Argh! Xue 'er, we can't stay here!" Master ning was sure this time and quickly said.

"Godfather, I want to go out too, but the truth is that we can't go out now." Leng ruoxue spoke the truth. In other words, she wanted him to accept reality.

"What should we do? We really can't stay here!" Master ning sighed gloomily. If he was trapped here, the ning family would think that something had happened to him. At that time, the ning family would be in a mess!

"Miss, do we really have to stay here forever?" Feng Da also asked.

"Calm down, it's not forever. Whether we can get out or not, it all depends on little Xue 'er." Bing Yao said with a smile.

"Aren't you the one controlling this formation? What does it have to do with my young miss?" Feng DA's eyes were wide open as he said unhappily, Hmph! Don't think that just because this guy is my miss's senior brother, I have to respect him. No way! He was still brooding over the fact that he had brought them in without permission!

"I only know how to control this formation, but I can't break the seal. Otherwise, I would have left long ago. Why would I still be here?" Bing Yao shrugged and explained with an innocent face.

"Whether or not this seal can be broken, it all depends on little Xue 'er." Bing Yao added.

"Little Xue 'er, your Godfather is counting on you!" Master ning stared at Bing Yao and said helplessly.

"Godfather, I can only say that I will try my best. However, I'm not sure when we can get out." Leng ruoxue said honestly.

"It doesn't matter. It's better than never being able to get out." Master ning said quickly. He didn't want to be trapped here forever.

"Godfather, there's only one wooden house here. You can arrange for them to build a few houses. We'll be staying here for the time being. I'll go and study this formation." Leng ruoxue thought for a moment before she pulled the demon into the wooden house and commandeered it.

"That's my room." Bing Yao could not help but whisper as he watched Leng ruoxue and the demon enter his house.

"If my family's young miss uses it, it's my family's young miss'." Feng Da roared in a domineering manner.

"Bandits!" He wasn't afraid of Feng Da and the others, but he was afraid of that violent man! That guy was also the only one among them who could cause him harm, wuu ...

"Don't be so calculative, come and build a house with us." Master ning grabbed Bing Yao's arm and pulled him away from the place.

Feng Da and the others also started to get busy.

After Leng ruoxue and the demon entered the wooden house, they immediately teleported into the bangle.

"Sister." Qing Jue appeared in front of the two.

"Qing Jue, I'll go and study the formation here. You pay more attention to the movements outside." After giving her instructions, Leng ruoxue entered the purple bamboo house.

Leng ruoxue stayed in the purple bamboo house for three days.

For the past three days, the demon had been sitting on the stone chair outside the purple bamboo house, guarding Leng ruoxue.

This was the scene Leng ruoxue saw when she came out of the purple bamboo house.

"Freak." Leng ruoxue walked to the evildoer's side and gently wrapped her arms around his waist from behind. She then rested her head on his shoulder.

"Xue 'er, you're out so quickly? How is it, any clues?" The demon asked with concern.

“Not yet, I don’t have a single clue, sigh!” Leng ruoxue sighed and said helplessly. She had been concentrating on her research in the cultivation room in the purple bamboo house for a few days. However, she had not made any progress at all. This made her feel a little dejected.

“Don’t give yourself too much pressure. This sealing formation is used to suppress those vengeful spirits, so its power is definitely much stronger than other formations. Otherwise, if even a single vengeful spirit were to escape, it would bring disaster to the divine realm,” The demon consoled.

“Yes, I know. Evildoer, let’s go out and see them!” Leng ruoxue suggested. After researching for a few days without any leads, she also wanted to relax.

“Alright,” he said. The demon chuckled as he replied.

“Sister.” At this moment, the fire spirit arrived in front of them and called out softly.

.

“Little fire spirit, what’s the matter?” Leng ruoxue asked as she hugged the adorable little doll.

“Sister, there’s a method to temper one’s body with divine flames in my inherited memories. It can transform the disheveled old man’s life Divine flame.” The little fire spirit explained. He wanted to tell his sister about this when he came out of closed-door cultivation. However, at that time, his sister was busy fighting those vengeful spirits and then studying the sealing array here, so he didn’t have the chance to tell her.

“Really? Is there any danger?” Leng ruoxue asked in surprise.

“Yes, sister. There will definitely be danger. However, with me around, the danger will be minimized. Furthermore, the success rate will be greatly increased.” The fire spirit said.

“But we don’t have a divine fire right now.” When Leng ruoxue thought of this, she was in a difficult position.

“Sister, I’m the king of divine flames. With me around, why would you need divine flames?” The little fire spirit said a little arrogantly, its proud tail almost reaching the sky.

“Since that’s the case, let’s go out and tell them the good news. Then, we’ll choose a time to refine our bodies with divine flames!” Leng ruoxue said hurriedly. She knew that the disheveled old man had been waiting for this day for a long time.

“Yes.” The little fire spirit nodded. Then, the three of them left the bracelet together.

After Leng ruoxue and the other two walked out of the wooden house, they realized that there were many more exquisite houses around them. They did not need to guess to know that these were definitely built by Feng Da and the others.

“Miss, why did you come out so quickly?” Cuizhu’s sharp eyes saw Leng ruoxue and the other two, and she could not help but ask curiously.

Chapter 1174: The formation’s eye (2)

“Silly girl, you’re still complaining that I came out too early.” Leng ruoxue laughed lightly as she teased.

“Miss, I didn’t mean it that way! I thought you would be in seclusion for a long time before coming out!” Cuizhu quickly explained, afraid that miss would misunderstand her.

“Hahaha! You’re indeed a silly girl, little Xue ‘er was just joking with you!” Bing Yao smiled. Then, he walked to Leng ruoxue’s side and said with a charming face, “Little Xue ‘er, have you thought of a way to unseal the seal?”

“No, I came out for other things.” Leng ruoxue laughed.

“Uh! What’s the matter?” Bing Yao asked curiously.

At this moment, Feng Da and the rest had gathered around and were looking at Leng ruoxue with question marks on their faces.

“The little fire spirit has thought of a way to improve the disheveled old man’s life flame.” Leng ruoxue laughed lightly. The reason why she said that it was the little fire Spirit’s idea was also because the ning family was here. She didn’t want to explain too much.

“Really? This is great.” Liu Feng looked excitedly at the little fire spirit in Leng ruoxue’s arms. His gaze was so hot that it was as if he was about to skin the little fire spirit alive. In comparison, the disheveled old man was much calmer.

“Yes, but it’ll be very painful. Rotten old man, you must be able to bear it!” The little fire spirit reminded him. Even with him around, the body-tempering process with divine fire was still painful. However, he could at least guarantee the safety of the disheveled old man’s grandfather.

“I’m mentally prepared.” The disheveled old man nodded. Their words confused master ning, but there was no one to clear his doubts at this time.

“Then let’s choose a time and start!” The little fire spirit said after some thought.

“Can we do it now?” Although the disheveled old man looked calm on the surface, he was actually very nervous deep down.

“Sure.” Leng ruoxue nodded.

“Bingyao, you’re more familiar with this place. Help them find a quiet place!” Leng ruoxue said to Bing Yao.

“Alright, follow me.” Bing Yao nodded.

“You all wait here! Don’t send too many people, just me, the demon, first elder, Mo Yan, Liu Feng, and the old ancestor will do.” Leng ruoxue said after some thought. Refining one’s body with divine flame was equivalent to advancing one’s cultivation realm, so she was more afraid of being disturbed. Furthermore, she did not want too many people to see the disheveled old man in pain, so it was enough for the few of them to stay by his side.

“Yes.” No one had any objections to this. After all, they wouldn’t be of much help even if they went.

Then, Bing Yao brought Leng ruoxue and the rest around a few corners and arrived at a cave.

This cave was extremely dry and refreshing. It was about two meters high and extremely spacious. When Leng ruoxue saw this place, she nodded her head in satisfaction. Then, she gave the little fire spirit and the disheveled old man a look. The two of them then sat down cross-legged facing each other and prepared to start cultivating their bodies.

The little fire spirit extended its fair and tender little hands and conjured a few spells in the air. Immediately after, the disheveled old man's body burst into flames. In the blink of an eye, the flames turned into a sea of fire, enveloping the disheveled old man within ...

The flame was controlled by the little fire spirit. It could be big or small, and the temperature could be high or low. However, no matter what the situation was, it was still painful for the disheveled old man. After all, the fire was really burning his body. The bone-piercing pain made him cry out in pain ...

"Ah!" The disheveled old man cried out in pain, causing the few people present to feel sorry for him.

This ... This was too cruel. Moreover, this was not quite the same as the divine fire body tempering that they knew. The divine fire body tempering that they knew was to fuse the divine flames. However, the current situation was clearly the little fire spirit using the fire to burn the disheveled old man. In other words, the disheveled old man was being burned inside and out by the scorching flames. However, since this was the flame King's method, they could only keep their doubts to themselves for the time being, no matter how many questions they had.

"He's so pitiful. Let's burn him a little longer. This person ..." Under Leng ruoxue's glare, Bing Yao could not finish his sentence. However, everyone understood what he meant because that was what they were thinking right now. Sigh!

"We must believe in the little fire Spirit's method." Leng ruoxue said calmly. Other than this, she didn't have any other methods. However, the methods that the little fire spirit knew of were indeed quite frightening. She just didn't know what the effects would be after refining her physique.

"Yes, yes." Bing Yao nodded and shut his mouth.

After a long while, the flames on the disheveled old man's body gradually became smaller. As the little fire spirit cast a spell, the flames gradually extinguished. At this moment, the disheveled old man's entire body was charred black. However, his eyes were still closed and he was completely unaware of his own condition.

"Sister, this is only the first time. There will be more." Before anyone could say anything, the little fire spirit quickly explained.

"Oh!" Leng ruoxue and the rest nodded. However, no one asked any more questions in case they disturbed the person who was cultivating his physique.

After waiting for a while, the little fire spirit started its second round of body tempering. As it cast its magic art, the disheveled old man's body caught on fire again. This time, the fire was even bigger than the first time!

Even though Leng ruoxue and the rest were far away, they could still feel the scorching heat. They could not help but worry for the disheveled old man.

Slowly, the disheveled old man's cries of pain reached everyone's ears. However, none of them could help. This made them anxious and worried for the disheveled old man.

After an unknown period of time, the flames on the disheveled old man's body were finally retracted by the little fire spirit. Immediately after, the little fire spirit began the third body-tempering of the disheveled old man ...

Just like that, he repeated this process countless times. A week later, when the little fire spirit retracted his flame for the last time, he also told Leng ruoxue and the others that he had succeeded in body refinement. Now, the disheveled old man's life flame was already a divine flame.

When Leng ruoxue and the rest heard the news, they were elated. However, the disheveled old man still showed no signs of waking up. At this moment, his body was also wrapped in a huge, black, circular cocoon. Hence, they could not see the disheveled old man's current state. The only thing they could do was to wait for the disheveled old man to wake up on his own.

Chapter 1175: The formation's eye (3)

?

A day later.

The disheveled old man broke out of his cocoon and finally woke up.

When Leng ruoxue and the rest saw the disheveled old man's appearance after he woke up, they could not help but be shocked. This was because none of them had expected that the divine flame that the little fire spirit had mentioned would actually have the effect of beautifying one's body. The disheveled old man in front of them had become at least ten years younger. Right now, he looked to be in his early forties at most. This was simply too unbelievable.

"Hahaha! My life flame is finally at the divine flame level." The first thing the disheveled old man did when he woke up was to check on his Natal flame. When he saw that his Natal flame had advanced as he wished, he could not help but jump up in joy.

After feeling happy for a while, he then realized that Leng ruoxue and the others were looking at him strangely.

"Uh! Girls, why are you looking at me like that?" The disheveled old man asked in confusion. There was even a hint of fear on his face.

"See for yourself!" Leng ruoxue took out a mirror from her bangle and passed it to the disheveled old man.

"Argh! Who is this?" The disheveled old man took the mirror and looked at it. He could not help but exclaim.

"Of course it's you." Leng ruoxue chuckled. However, from the corner of her eyes, she saw that the little fire spirit was on the verge of fainting. She quickly ran over and hugged the others.

"Little fire spirit." Leng ruoxue called out softly. Seeing this, the rest of the people surrounded her and looked at the little fire spirit with concern.

“Sister, I’m fine. I just want to sleep.” The little fire spirit said in a half-awake state. It was too tired.

“Little fire spirit, thank you. Have a good rest!” The disheveled old man said gratefully. He was so happy that he forgot about the little fire spirit after his body refinement was successful. Damn it! He felt a little guilty.

“Yes, I’ll be fine after a nap.” After the little fire spirit finished speaking, it closed its eyes and fell asleep.

Seeing this, Leng ruoxue immediately placed the little Spirit Fire into the bracelet and handed it to green vessel. Then, the few of them returned to their residence together.

“Miss, you’re finally back. We were so worried.” When Feng Da and the rest saw Leng ruoxue and the others, they quickly surrounded them.

“I’m sorry to have made everyone worry about me.” The disheveled old man said apologetically. From Leng ruoxue’s words, he found out that he had used up close to ten days to temper his body with divine flames.

“Who ... Who are you?” Feng Da and the others looked at the middle-aged man who spoke and asked in confusion,” This person looked a little familiar.

“I’m a rotten old man!” The disheveled old man rolled his eyes and said speechlessly. He suspected that these people were doing this on purpose. Sob ... Were they just teasing him?

However, he had really wronged Feng Da and the others this time because they did not expect that the disheveled old man would become younger after his body was refined by the divine flame. Therefore, they naturally did not think that way.

“Argh! It can’t be?” Feng Da and the others widened their eyes in disbelief. They thought to themselves,”isn’t it body tempering with divine flames?” Could it be that it had changed to divine fire beauty treatment?

“If you don’t believe me, you can ask the girl and see if I’m the one.” The disheveled old man pouted his lips and said with an aggrieved look.

“Young miss ...” Feng Da and the rest turned their gazes towards Leng ruoxue and called out softly.

“He’s the rotten old man.” Leng ruoxue said with certainty. However, she was laughing to herself inside. Wasn’t it just that the rotten old man had become a little younger? Did they have to have such a big reaction?

“Uh! Then what should we call him in the future?” “What’s wrong?” Feng Da asked dumbly. He couldn’t call the old man ‘old man’ anymore, could he? He did not expect the young old man to be so handsome. However, he was not as good looking as him.

“Of course, I’m called rotten old man.” The disheveled old man said hurriedly. He felt that this form of address was familiar. If he were to change it to something else, he would not be used to it.

“Congratulations, old man.” Seeing the disheveled old man in a bad mood, the old man rejoiced in a weird tone.

“Hehe! There’s no need to congratulate me. You guys go ahead, I’ll go back to my room and try out this life’s origin divine flame.” After the disheveled old man finished speaking, he whizzed away. Then, he entered his room ...

“Why is this old man so restless?” Lin Liang could not help but tease the disheveled old man when he saw how anxious he was.

“Hehe! Just understand him!” Leng Qingtian said with a smile. After waiting for so long, his Natal flame had finally advanced. Anyone would be excited.

“Miss, do you want to celebrate tonight?” Feng Da asked expectantly. They hadn’t celebrated for a long time, and today was a good reason to have a big meal.

“Okay, go and prepare!” Leng ruoxue nodded.

“Alright!” “Yes,” Feng Da replied. After that, he took Lin Yuan and the others to prepare dinner.

They were busy for two hours and finally prepared the food for dinner.

At night, everyone was happy and lively for the whole night. It was not until the next morning that their spirits slowly dissipated and they went back to their rooms to rest.

After that, Leng ruoxue hid in the purple bamboo house and focused on studying the seal’s formation.

Time passed.

Very quickly, a month’s time passed.

For the past month, Leng ruoxue had not left the purple bamboo house at all. Every day, she would stare at the miniature sealing formation in a daze. When she got tired of it, she would study other formations. Even though she was still unable to unseal the formation, her attainments in the field of formations had improved by quite a bit.

She had also learned from some of her master’s records that there were two conditions to unseal this sealing array. One was to destroy all the trapped vengeful spirits in the array, and the other was to find the array eye of the sealing array.

She had already fulfilled the first condition a long time ago. However, she had not been able to find the formation’s eye in the second condition. Moreover, there were no hints in her master’s records. Therefore, she had been searching for the formation’s eye for the past month.

She had tested it many times on the miniature sealing formation. However, the formation’s eye was always hidden and refused to show itself. This made Leng ruoxue feel a little annoyed.

She knew that she shouldn’t continue searching in her current state. Otherwise, not only would she find nothing, but it would also affect her mood. With this thought, she turned and left the purple bamboo house.

Leng ruoxue walked over to the demon who was still sitting on the stone chair and sat beside him.

“No harvest?” The demon understood.

“I didn’t find the formation core.” Leng ruoxue asked, feeling a little depressed.

Chapter 1176: The formation’s eye (4)

“Don’t push yourself too hard. We’re not in a hurry to leave this place. It’s not bad to cultivate here. ” The demon laughed as he consoled her. He didn’t want Xue ‘er to give him too much pressure because she was in a hurry to bring everyone out of here.

“En, accompany me for a walk!” Leng ruoxue requested.

“Alright,” he said. The demon nodded.

Then, the two of them took out the bracelets together.

When Feng Da and the others saw them outside the room, they did not go forward to ask about the situation of breaking the seal. Instead, they continued to do their own things.

Leng ruoxue and the demon held hands as they walked around the large area. Then, they found a huge green rock by the river and sat down.

That huge rock was close to two meters tall. It was squarish and its surface was extremely smooth and flat. Leng ruoxue sat on it and leaned against the evildoer’s chest. She looked down from above and observed the place as far as she could see.

The space enclosed by the sealing formation was not very large. Besides, other than a wooden house, a few stone chairs, and a stone table, the only decoration was probably this large green stone.

Generally speaking, the array core was hidden in the array and operated with the array. She had tried many times on the miniature seal array but found nothing. However, she naturally did not doubt the effectiveness of the miniature array. After all, the miniature array was a miniature of the entire seal array. The effect of undoing the array on it was the same as undoing the array on the seal array.

Could this huge green rock that she was sitting on be the formation’s eye? Leng ruoxue pondered to herself as countless thoughts ran through her mind.

Although she was suspicious of the stone, she did not find anything suspicious after careful observation.

Then, she turned her eyes to other places.

She had ruled out the huge green stone, so there was only the wooden house and the stone table and chairs in the yard. She didn’t know if these things had existed before Bing Yao came, or if he had built them himself.

At the thought of this, Leng ruoxue called Bing Yao over.

“Senior brother, what do you have here?” Leng ruoxue asked calmly.

“Little Xue ‘er, when I came here, this place was exactly what you saw. I didn’t touch anything! However, after you guys came, there were more houses here. ” Bing Yao said after some thought.

“Oh!” Leng ruoxue nodded. Since she had set the eye of the array outside the array, then the wooden house and the stone table and chairs in the courtyard had become her biggest suspects.

“Little Xue ‘er, why are you asking this?” Bing Yao asked curiously.

“I’m looking for the formation’s eye,” Leng ruoxue replied.

“Formation core? Shouldn’t the formation’s core be together with the formation? Why are you thinking about the house and the tables and chairs?” Bing Yao asked in confusion.

“Because I couldn’t find the formation’s eye in the formation, so I could only target them!” Leng ruoxue said innocently, her beautiful eyes looking past Bing Yao to observe her target.

Bing Yao and the demon saw how focused she was and did not disturb her, only staying by her side silently.

Leng ruoxue’s gaze shifted from the stone table to the stone chair, but she didn’t feel any difference. Then, she turned her gaze back to the wooden house.

The wooden house did not look big from the outside, but it was a completely different world inside. It was complete, and there was a faint trace of spiritual energy in the wooden house ...

Spiritual Qi? The spiritual Qi in this wooden house was very rich. However, this was because there was a spirit gathering array in the wooden house. As a result, the spiritual Qi in this place had also become rich.

Spirit gathering array! All of a sudden, Leng ruoxue had an idea. As if she had thought of something, she exclaimed, ‘Woof!’ Then, he stood up from the huge green rock and ran straight to the wooden house ...

After entering the wooden house, Leng ruoxue’s beautiful eyes scanned her surroundings.

After a long time.

Her beautiful face revealed a smile that could topple cities.

“What’s wrong? Is there anything unusual about this wooden house?” Bing Yao and the demon asked in unison.

“There’s a spirit gathering array in this wooden house, right?” Leng ruoxue asked instead of answering.

“Yes, operating the sealing formation requires the support of a large amount of spiritual energy. That’s why master specially set up a spiritual energy gathering formation here.” Bing Yao replied.

“That’s right. In fact, this wooden house is not only a spirit gathering array. It is also the array eye of the entire sealing array. All this time, I have been looking for the array eye in the miniature sealing array, but the array eye was not on the sealing array.” Leng ruoxue explained.

“But this wooden house can’t possibly be the formation’s eye, right?” Bing Yao asked suspiciously. Even though he didn’t know much about formations, he had heard of them before! He had never seen anyone whose formation’s eye was not on the formation. Moreover, he had been sleeping in this room all this time. If this room was really the formation’s eye, then he would be sleeping in the formation’s eye! Just thinking about it was terrifying.

“Why not?” Leng ruoxue asked.

“Uh! I’ve never heard of it!” Bing Yao said matter-of-factly.

Chapter 1177: The territory plan (1)

“Just because you’ve never heard of it doesn’t mean it’s impossible! Besides, not everyone can set up the formation’s eye outside the formation.” Leng ruoxue laughed evilly.

“That’s true! Master’s attainments in formations are unparalleled, but I still think it’s a little too far-fetched.” Bing Yao was still in disbelief.

“Since you still don’t believe me, then let’s try.” Leng ruoxue suggested with a smile.

“Yes.” Bing Yao nodded. As the saying goes, what you hear is false, but what you see is true! If one had not seen it with their own eyes, it would be very difficult to believe such a mysterious thing.

Then, the three of them left the wooden house.

Leng ruoxue stood in front of the wooden house. She kept on releasing the hand seals from her white and tender fingertips ...

When Feng Da and the rest saw this, they were also attracted over. However, they were tactful and did not say a word to avoid disturbing Leng ruoxue.

As for the method of unsealing the seal, she had tested it many times on the miniature array, so she had long memorized it by heart.

As he cast over a thousand spells, the wooden house was gradually enveloped by a white light. Slowly, the wooden house was completely submerged in the white light ...

All Leng ruoxue had to do next was wait.

After a long time, the dazzling white light finally disappeared.

Without the spirit gathering formation that was set up with the wooden house as the center, the spiritual Qi in this place gradually became less and less. However, the seal formation that had been blocking them had also disappeared, and the scenery outside was fully displayed in front of them.

“Where is this place?” Feng Da and the others widened their eyes and were stunned again.

Ugh! How could they be on the top of a nameless mountain? without the protection of the seal, the cold wind from the surroundings directly blew on them. Everyone couldn’t help but shiver and ran into the wooden houses at the same time.

“It’s so cold. What the hell is this place?” Everyone could not help but complain. Originally, with the protection of the seal formation, this place was as warm as spring and the scenery was pleasant. However, once the seal formation disappeared, the real situation here was presented before everyone’s eyes. This place was not just any ordinary cold!

“Hehe, if I’m not wrong, this place shouldn’t be far from that ten-thousand-year-old snow Mountain!” Master ning said happily.

“Little guy, you’re right. We’re only a thousand meters away from the ten-thousand-year-old snow Mountain.” Bing Yao explained, but the words “little guy” angered master ning again.

“Damn it, I told you not to call me little guy!” Master ning jumped up and down, shouting at the top of his voice, not caring about his image.

As for his subordinates, they all lowered their heads and did not dare to look at their master.

“In my eyes, you’re just a little guy!” Bing Yao said innocently.

“Xue ‘er, your senior brother is bullying me. He’s really rude.” Master ning ignored Bing Yao and turned to Leng ruoxue to complain.

“Uh! Let’s discuss the next step of our plan!” Leng ruoxue changed the topic. The two of them gave her a headache, so it was better for her not to get involved in their conflict.

“Little Xue ‘er, what are your thoughts?” Bing Yao asked with a smile.

“You’re the senior brother, of course I have to listen to you.” Leng ruoxue laughed evilly. Actually, she didn’t have any other thoughts! She just didn’t want the two of them to quarrel, so she just said it casually.

“I think we should find a place to settle down. We can’t always be on the godly mainland!” Bing Yao thought for a while and couldn’t help but exclaim in his heart, little fox! He actually said he didn’t have any thoughts, Hmph! He was really cunning.

“There’s nothing wrong with the four Seas being your home! At the very least, if we provoke a powerful enemy, they won’t be able to find us.” Leng ruoxue retorted with a smile.

“Yes, what miss said makes sense.” Feng Da and the rest immediately agreed while the evildoer and the rest looked at Leng ruoxue with smiles.

“Little Xue ‘er, there’s no way we can gain a foothold in the divine realm if we run around everywhere. Many great powers would not be willing to cooperate with us.” Bing Yao reminded.

“It doesn’t matter. As long as we have the strength, no one will dare to look down on us.” Leng ruoxue asked nonchalantly. Wasn’t strength the most important thing in the immortal realm? Since that was the case, wouldn’t it be enough for them to have the strength?

“That’s not the same. Although strength is important, territory is equally important. Otherwise, why do you think the eight great divine domains have such great power in the divine realm? It was because they occupied a large territory! As long as a top-notch force doesn’t have a fixed territory, it’s not easy for them to establish themselves in the divine realm!” Bing Yao explained.

“That sounds reasonable, but all the better places on the godly mainland have been occupied. What else can we get?” Leng ruoxue asked again. Her beautiful face seemed to be in a dilemma.

“The godly mainland is not small. Although most of the places have owners, little Xue ‘er, you know formations, so the location is not important to us. We just need to find a place that has no owner and is large enough.” Bing Yao said after some thought.

“Is there such a place on the godly mainland?” Leng ruoxue had a look of suspicion.

“I’ve chosen a few places. Everyone can choose one of them.” With that, Bing Yao took out a map of the godly land from his storage ring and showed it to everyone.

“The places marked with red dots are all occupied. We won’t consider them for the time being. The few places I’ve chosen are all marked in blue. One is here. This is a wide plain. The area is very large and there are few people here. It’s more suitable to be a territory.” Bing Yao explained.

“And here, this is the northernmost part of the godly mainland. It’s made up of three mountains and a forest. It’s a huge area, but the forces here are more complicated. Other than the big clans that send people here to train and explore, the beasts here are the strongest on the godly mainland.”

“And finally, this place. It’s located at the southernmost part of the godly continent. It’s warm all year round and the scenery isn’t bad. It’s the best of the three places I’ve chosen, but it’s not as big as the first two. It’s a pity.” Bing Yao continued.

“How could such a good place not be occupied?” Leng ruoxue asked in disbelief.

Chapter 1178: The territory plan (2)

?

“Little Xue ‘er, there’s something you don’t know. This place isn’t very big, and it’s quite far from the center of the divine continent. It’s hard to get there, so the powerful forces don’t even care about this place. The small forces can’t occupy this place either, so as time goes by, this place became ownerless.” Bing Yao said.

“Oh!” Leng ruoxue nodded.

“Little Xue ‘er, you can choose one of these three places to be our territory! After all, a power without a territory would not be able to truly establish itself in the divine realm.” Bing Yao said with anticipation.

“Then let’s do it here!” Leng ruoxue replied without hesitation.

“The situation here ... Is very complicated.” Bing Yao said helplessly. Just as he had expected, little Xue ‘er had really chosen this place. This restless little girl! However, it was just what he wanted.

“What are you afraid of? with you around, what can’t we do?” Leng ruoxue had put a high hat on Bing Yao. It was obvious that she wanted to be a hands-off manager again.

“Little Xue ‘er, you can’t be so irresponsible! I’m just one person.” Bing Yao quickly said.

“Don’t be afraid. I’ll get Feng Da and the others to help you.” Leng ruoxue said with a smile.

“What about you?” Bing Yao asked in a daze, his handsome face full of innocence.

“I’m here to watch the fun.” Leng ruoxue replied calmly.

“Uh! You can’t just watch.” Bing Yao protested.

“Why not? I’ve already lent you my subordinates, and you’re still not satisfied!” Leng ruoxue teased.

“You ... You’re the head of the family.” Bing Yao said softly.

“Only the head of the family can be a hands-off shopkeeper! The matters at home will naturally be left to you to run.” Leng ruoxue said with a smile. For some reason, her words resonated with master ning’s subordinates. Some of them even felt that she was right.

“Alright then!” Bing Yao accepted his fate. Sob ... It seemed like the violent man was right. Little Xue ‘er was a lazy person.

After deciding on the location of their territory, everyone sat on the back of the little Peacock and set off for their destination.

After flying for almost half a month, they finally arrived at the place that Bing Yao had mentioned.

As it was located in the northernmost part of the godly continent, the temperature here was slightly lower than the other places. Looking down from the sky, they saw three towering mountains, and a large, lush forest surrounded the three mountains.

“Xue ‘er, although this place is a little remote, it’s backed by mountains and forests. It’s easy to defend and hard to attack. The resources are also rich. It’s a good place. It’ll be perfect if we can conquer the surrounding cities.” Master ning said after a moment of silence.

“There are a total of five cities closest to this place, all of which belong to small families. Those five cities are also the only way to this place, so naturally, they have to be subdued.” Bing Yao said matter-of-factly. In fact, the territory he mentioned included the five cities, but he didn’t say it out loud.

“Since that’s the case, I’ll subdue all five cities at the same time!” Leng ruoxue agreed.

“Little Xue ‘er, these five small cities are the dark wind city, fuliu city, Northern Yan city, Southern Yan city, and Linjiang City. The northern Yan City and Southern Yan city belong to the same family, and this family can be considered the most powerful among these small forces. Why don’t we start with them?” Bing Yao suggested.

“You decide for yourself, you’re the one running the errand!” Leng ruoxue’s focus was on participation. As for running errands, she would naturally leave it to her senior brother Bing Yao!

After hearing Leng ruoxue’s words, Bing Yao smiled bitterly and gloomily, while Feng Da and the rest laughed to themselves.

“Let’s first go to Yanbei city to take a look!” Bing Yao said helplessly. When he said that he wanted to take a look, he didn’t mean it was just a casual look.

“Yes.” Everyone nodded. Then, the little Peacock turned around and headed toward the direction of Northern Yan city.

Yan Bei city was an unremarkable small city in the northernmost part of the godly continent.

It was unremarkable because its area was too small. However, as the saying goes, "relying on the mountains to survive", because of the mountains and forests behind it, Yanbei city was very rich. The economy of the city was quite developed. Although there was still a big gap between it and the big cities, its prosperity was definitely one of the best among the small and medium-sized cities.

After paying the entrance fee, Leng ruoxue and the others walked on the streets of Northern Yan city. Looking at the bustling pedestrians and the shops on both sides of the street, the crowd could not help but sigh. For a small city to be able to have such a prosperous economy, it was clear that the city Lord had put in a lot of effort.

The total permanent population of Yanbei city was less than a million. However, Yanbei city received nearly ten million people every day. Among those people, nearly 90% were foreigners. Therefore, there were many inns in Yanbei city. It could be said that one could see an Inn after taking two or three steps, and almost every one of them was fully occupied.

Leng ruoxue and the rest chose a slightly larger Inn to stay in. Due to the limited number of rooms in the inn, they had to share a room with five people. However, this was nothing to cultivators. Once they became deities, they could forget about sleeping.

After settling down, Feng Da and the rest split into three groups and went to the city to gather information. Leng ruoxue and the demon stayed in the inn.

In the bracelet.

Leng ruoxue and the evildoer leaned on each other and did not speak for a long time. However, deep affection surrounded the two.

"Xue 'er, you've already planned to find a territory, right?" The demon said.

"Well, I can't hide anything from you. Actually, as far as I'm concerned, it doesn't matter if I have a fixed residence or not. However, I have to think about those people on the Haotian continent. Since they have followed me, I can't let them wander around and be bullied after coming to the godly land! If we have a fixed territory, it will be easier for them to find us." Leng ruoxue said with a smile.

"Hehe! However, you're really bad, to let bingyao handle this matter." The demon laughed evilly.

"This was his suggestion. Although I like it, I can't be too obvious. After all, there are still outsiders here." Leng ruoxue sighed. The outsiders she was referring to were naturally master ning's subordinates. Although master ning was her Godfather and she had acknowledged him, this did not mean that she would acknowledge his subordinates.

Chapter 1179: The territory plan (3)

"Hmm, then how do you plan to conquer these five small cities? Kill all the city Lords?" The demon asked curiously.

"Subdue those that can be subdued, kill those that can't be subdued." Leng ruoxue said after some thought. She was a good child and would not kill people easily. Those who were killed by her would naturally have a reason to be killed.

“The city Lords of these cities have occupied this place for many years, they must have some tricks up their sleeves.” The demon said.

“Moreover, the place we’ve set our eyes on is famous for being a dangerous place on the divine mainland. Otherwise, these small cities would have changed owners a long time ago.” The demon added.

“Eh? How dangerous is it?” Leng ruoxue asked curiously.

“Although that place is surrounded by tall mountains, the forest in the mountains is the main body. It is called the ‘nightmare forest’. From the name alone, you can imagine that it is very dangerous!” The demon explained with a smile. As for how dangerous it was, of course, Xue ‘er had to experience it herself!

“A nightmare and an illusion? Since it’s so dangerous there, why are there so many people taking the risk? aren’t they playing with their lives?” Leng ruoxue said disapprovingly. She had always thought that the bigger the head, the bigger the hat. Trying to put on a brave front would only cost her life.

“Isn’t there a saying that ‘wealth comes from danger’? The more dangerous a place is, the greater the opportunity. Since that’s the case, it’s naturally incomparably attractive, and those who take the risk, how many of them don’t want to get lucky?” The demon explained. This should be considered a common disease of humans!

“In my opinion, he’s clearly looking for death,” Leng ruoxue said disdainfully. If one wanted a good opportunity, they had to see if they had the life to enjoy it. Otherwise, it was no different from seeking death.

As the two of them were chatting, Qing Jue appeared in front of them and said,“”Sister, Feng Da and the others are back.”

“Oh!” Leng ruoxue nodded and brought the evildoer out of the bracelet.

In the living room.

Feng Da and Bing Yao were already waiting for them.

“Senior brother, Feng Da, you’re back so soon?” Leng ruoxue was a little surprised.

“Xue ‘er, a small matter has happened.” Bing Yao chuckled, very happy.

“You’re still so happy when something happened? Could it be that this matter is beneficial to us?” Leng ruoxue said.

“Yes, yes.” Bing Yao nodded.

“Then don’t keep me in suspense, tell me what’s the matter!” Leng ruoxue urged.

“Miss, Wuhe green peach has been captured.” Feng Da said directly.

“Who took her?” Leng ruoxue asked curiously.

“By a big pervert, Hmph! I wasn’t there at the time, otherwise, I would have cut him into eight pieces. He dared to capture my woman, he’s really courting death!” Feng Da said indignantly, but he wasn’t too worried. After all, it wasn’t easy to take advantage of his green peach.

“He was captured by the city Lord’s young master. We were not present at that time. However, I heard from the onlookers that the city Lord’s young master took a fancy to Wu’s beauty, so he took him and Lu Tao back to the city Lord’s mansion.” Bing Yao said, gloating. However, he did not deny that the city Lord’s son had good taste, because Wu was indeed a beauty that men could not refuse.

“What do you mean by falling for Wu’s beauty? that city Lord’s young master is clearly falling for my family’s Lu Tao’s beauty.” Feng Da explained with a little dissatisfaction.

After hearing Feng DA’s words, Leng ruoxue’s face was filled with black lines. It turns out that you don’t care about Wuhe green peach being captured, but who the city Lord’s young master wants to capture! She was really speechless. Sigh! Couldn’t her subordinates ‘thinking be more normal?

There was also the poor Wu. After the incident with evildoer and Ling, she wanted to turn Wu back into a man, but she realized that she could not. She asked Qing Jue and found out that there was a time limit for her transformation, and the time limit was at least three months. Therefore, Wu had to live as a woman for three months. There was still about a month left before Wu could turn back into a man. However, Wu was snatched away by a lecherous man, hehe! Wu must be depressed to death at this time!

“No matter whose beauty they have taken a fancy to, in short, it is a fact that they have been captured by the city Lord’s son. Let’s discuss how to make use of this matter!” Bing Yao said excitedly, hehe! He was just thinking of a reason to break into the city Lord’s mansion! This really didn’t take any effort at all!

“What kind of person is the city Lord?” Leng ruoxue asked after hearing what Bing Yao said.

“Miss, I heard that the city Lord is a good person and has a good management. Otherwise, this little Yan Bei city would not be so prosperous. The people in the city are very supportive of him.” Feng Da told him everything he knew.

A good person? The definition of a good person was very broad. Leng ruoxue smiled faintly and turned her gaze to Bing Yao.

“Northern Yan City and Southern Yan city belong to the Yan family. The Yan family has established their main family in Southern Yan city. The Lord of Northern Yan city is the younger brother of the current Yan family head. However, the Lord of Northern Yan city is a concubine’s son. As for the young master of the city Lord, his background is also very suspicious.” Bing Yao chuckled, his handsome face filled with mystery.

“How many cities does the Yan clan own?” Leng ruoxue asked.

“Only two. In the divinity, there are countless small clans like the Yan clan!” Bing Yao said.

“Since the Yan family only has two cities, why would the head of the Yan family let a younger brother born of a concubine become the Lord of a city? Or is he very confident that this younger brother’s prestige won’t overshadow his, the head of the family?” Leng ruoxue was confused.

“The city Lord of Northern Yan city was decided by the previous clan head, their father. Therefore, even if the current Yan clan head wants to object, he has no chance. Furthermore, after the Yan clan head became the clan head, his illegitimate younger brother has already gained a firm foothold in Northern Yan city and is deeply loved by the people. Thus, even if the Yan clan head wants to use any despicable means, he will not have the chance.” Bing Yao explained.

“Oh!” Leng ruoxue finally understood.

“Furthermore, there is more than one young master in Yanbei city. However, the one he loves the most is the one who snatched Wuhe green peach away.” Bing Yao chuckled.

“Senior brother, what are you going to do?” Leng ruoxue asked with an evil smile.

Chapter 1180: The territory plan (4)

?

“Xue ‘er, we’ll have to ask that cheapskate ancestor of yours to handle this matter first. I’ve heard that the other son of the city Lord of Yanbei city is quite talented in forging artifacts.” Bing Yao suggested.

“It’s just a small clan, is there a need to go through so much trouble? Wouldn’t it be easier for you to just charge into the city Lord’s mansion and save them?” Leng ruoxue suggested with a smile.

“That’s not right. The Lord of Yanbei city is very prestigious among the people. If we use force to obtain this city, those permanent residents will not be convinced by us. Moreover, this Lord can be considered a talent in management. With him around, we can worry less in the future, right?” Bing Yao said as he rolled his eyes at Leng ruoxue. He thought to himself, ‘this little fox clearly didn’t plan to use force to occupy this city, but she still said that on purpose. How despicable!’

“That makes sense. Then let’s let the cheap ancestor take action!” Leng ruoxue said indifferently.

In fact, if she wanted to occupy a city, it was not enough to just rely on martial arts. What she wanted was someone who could continue to manage the city in the future. Therefore, unless she had no choice, she would not attack the city Lord.

At the same time, in the guest room of the city Lord’s mansion, Wu Zheng was pacing back and forth like an ant on a hot nest.

“Wu! Can you please stop loitering around? I’m getting dizzy. ” He leaned back comfortably on the recliner and kept nibbling on the green peach fruit. He sighed helplessly. Wuzhen was not calm at all.

“I’m very annoyed. ” Wu said, a little depressed.

“What’s there to be annoyed about? miss will come and save us. ” Lu Tao said disapprovingly.

“I will definitely save him, but I don’t know when!” He was clear that their capture to the city Lord’s mansion was a once-in-a-lifetime opportunity for Leng ruoxue and the others. How could those cunning foxes let it go?

But ... He didn’t want to face someone who would pester him every day! What was even more infuriating was that the person was a stinky man! Although he was a woman now, he was a real man in

his bones. He felt disgusted just thinking about how he could endure a man's attention! Sob ... Stinky Xue 'er, it was all her fault!

"Calm down. There's good food and drinks here. Let's just treat it as a vacation." Lu Tao consoled, her heart filled with sympathy for Wu, but unfortunately, she was unable to help!

"I can't stay calm. If you're being pestered by a stinky man, you'll understand how I feel." Wu roared in anger.

"Wu, do you understand how I feel? Ah! I'm a real woman, but my charm isn't even half as good as you, a fake woman. How am I supposed to face this? I feel inferior in front of you." Lu Tao said half-truthfully. Of course, she was not feeling inferior, but she was really depressed. Looking at Wu, who could cause the downfall of a city, which man would not be moved!

"Then let's switch. Let that stinky man pester you, and don't bother me." Wu suggested.

"Wu, your wish is good, but reality is cruel, because that guy has fallen for you. As for me, he also said that if you agree to marry him, he will be kind enough to let me be his bed-warming servant. Otherwise, I am not even worthy of being his bed-warming servant." Lu Tao reminded. These words were personally said by the city Lord's son. Although she really wanted to beat up this self-sentimental guy after hearing it, she also knew that now was not the time. However, there would always be an opportunity and she was not in a hurry.

"Someone's coming, shush!" Suddenly, Wu made a shushing gesture and the two of them immediately stopped talking.

In the study of the city Lord's mansion.

The city Lord Yan kun was in his study dealing with official business. However, he suddenly received a report from his subordinate that someone wanted to meet him.

He opened the note that his subordinate had handed him and his eyes widened in disbelief. He then asked anxiously, "Where is he?"

"Wait outside the door." The subordinate reported.

"Dammit, hurry up and invite him in." Yan kun said in a slightly annoyed manner.

"Yes." The subordinate turned to leave, but was stopped by Yan kun.

"Wait, I'll invite him personally. Go find the second young master and ask him to come to the living room. There's an important guest here." Yan kun ordered. After that, he hurried to the gate of the city Lord's mansion and invited the guest into the main hall.

"Your Excellency Leng Xiaoyu, I really didn't expect that you would come to our Northern Yan city, hehe! Your arrival has really brought glory to our city Lord's mansion, and I'm very lucky!" Looking at Leng Xiaoyu, who was sitting opposite him, Yan kun was so excited that he forgot himself and was incoherent.
