Chapter 1201: Tragic forces (2)

“Young master Chi is right. Although we are a small force, we also have our dignity. We just know our own limits. So, elder Yao Wu, please don’t threaten us. Otherwise, we would rather destroy you than let you have an easy time. Compared to us, elder Yao Wu’s life is more precious!” Someone in the crowd chimed in. However, the person who spoke was hidden in the crowd, so the fifth elder had no idea who the person was.

“Who is it? If you have the guts, get out here and don’t hide!” Hearing this, the fifth elder of the Yao family was completely enraged. Unfortunately, no one responded to his words.

“Elder Yao Wu, calm down! With your fiendish look, who would dare to come out!” Ning Fei comforted her with a smile.

Then, he said to the people present, “The forest is full of danger. It’s only been two days and we’ve already encountered so many poisonous bees and spiders. We can’t say what will happen next, so if you want to leave, leave now! Don’t lose your life here, it’s not worth it!”

Ning Fei’s words hit the nail on the head of quite a number of people. In an instant, many forces expressed their desire to quit.

“None of you are allowed to back out! Otherwise, I’ll kill you right now!” The fifth elder of the Yao family threatened again.

“Don’t worry about him. If you want to leave, then leave quickly!” Ning Fei looked at the fifth elder of the Yao family with a faint smile and said to the small forces who wanted to quit. With his words, the small forces looked at each other and immediately packed up their things and left.

Although it was night time and it would be dangerous to walk in the forest, they felt that no matter how dangerous the road back was, it would be safer than being with them. Moreover, they had all left together.

The forces that had backed down at the last minute accounted for almost one-third of the people present. As for those that remained, other than the people from the eight great divine regions, there were also some of the larger powers like the ascender Alliance. However, although they did not give up, their attitude towards this matter was no longer as high as before.

After discussing the countermeasures, everyone decided to take a short rest. After all, they had been busy the whole night and were all exhausted. However, the number of people left behind to keep watch at night had doubled. It was clear that they were still afraid.

The highly nervous forces wandered in the forest for another two days. After they found nothing, they were more or less annoyed. The fifth elder of the Yao family was so angry that he cursed all day long, and the Yao family became his most unlucky punching bag.

For the past two days, the group had to search for Leng ruoxue and the rest during the day. At night, they had to be afraid and did not dare to sleep too deeply. Hence, after two days, everyone’s mental

state was somewhat dispirited. The longer they stayed in the forest, the more depressed their mood became.

“Fifth elder, how long will it take for us to search aimlessly?” Someone from the Yao family couldn’t help but ask.

.....

“You’re asking me, but who should I ask? The head of the family said that we must find them. ” The Yao family’s fifth elder said in an unpleasant tone.

“But we don’t even know where they are. It’s useless for us to just walk around in the forest, right?” That person said in a low voice.

“It’s because I don’t know, that’s why I’m looking for him!” The fifth elder of the Yao family roared.

“Hehe! Elder Yao Wu, why are you two quarreling?”

At this time, a teasing voice came into the ears of the fifth elder of the Yao family. He looked up and saw that it was ning Fei. His old face immediately fell and he said in a bad mood, “This is our Yao family’s matter and has nothing to do with you.”

“Of course it has nothing to do with me. However, I’m just concerned about you!” Ning Fei said with a fake smile and a face full of concern.

“Who needs your concern!” The fifth elder of the Yao family didn’t appreciate it at all.

“Al! It seems that I was wrong. I wanted to say that we have a lot of food and wanted to share it with you, but I guess you won’t want it. ” Ning Fei said with a regretful look.

For the past two days, the other forces had been trying to find Leng ruoxue and the others. They were not in the mood to hunt, so they could only eat dry food. The ning and Chi families naturally did not need to be like them. Hence, the two families had hunted quite a lot of prey together. They had fresh meat to eat every day, and they had a big meal every day. This caused many people to be envious, including the Yao family.

“Who said I don’t want it! Where was it? Give it to me!” The fifth elder of the Yao family was more shameless than ning Fei thought. Although he said he was not happy with the nings and the Chis, he didn’t hesitate when he asked for the item.

“I’m sorry, I don’t want to give it to you again. ” Ning Fei said unhappily and then turned to leave.

“You ...” The fifth elder of the Yao family was so angry that his face and neck turned red. He stammered for a long time, but he couldn’t even finish a sentence.

When ning Fei returned to his family’s base, Chi Rui immediately went up to him and asked curiously, “How is it?”

“I didn’t find out anything. I didn’t get along with that old thing, so I came back after a few words.” Ning Fei said honestly.

It turned out that sending food was just an excuse. The reason he went to find the fifth elder of the Yao family was to see what the Yao family planned. However, he couldn't hold it in anymore and came back.

"Uh! Do you want me to try?" Chi Rui asked.

"Don't go yet. I just went. If you go again, that old thing will become suspicious." Ning Fei said after thinking for a while.

"Alright then! By the way, dinner is ready." Chi Rui reminded.

"Well, let's eat!" Ning Fei said with a smile. These days, the two families often ate together, and their friendship had improved a lot.

After dinner, the ning family and Chi family returned to their tents as usual. To them, there was no danger in this forest, so they had a good rest these days.

As for the people from the other forces, when they saw that they didn't even have any night watchmen left, they were filled with envy, jealousy, and hatred! However, they couldn't afford to offend the other party, so they could only hide their anger in their hearts.

That night, the major forces were attacked by the bees again. In addition to the giant spiders, there were also some poisonous scorpions. However, although they heard the movement outside, the Chi family and the ning family had a tacit understanding and did not come out.

Chapter 1202: Tragic forces (3)

The next morning.

When the people of the ning and Chi families came out of their tents and saw the scene in front of them, they were all shocked speechless.

What ... What was going on? In front of them, there were corpses of humans, poisonous bees, poisonous scorpions, and spiders. It was obvious that the battle last night was more intense than they had imagined because some people had died, and there were many of them.

They originally thought that even if the major forces were attacked again, they would at most be poisoned like the previous two times, but their lives would not be in danger. However, they were wrong. The attack last night should have caused a lot of damage to the major forces.

After seeing the situation in front of them, the two families spontaneously searched the scene.

After some observation, the two families found that the Yao family had suffered the most losses, followed by the Wen family. Although the other forces also suffered casualties, their situation was relatively better.

"Elder Yao Wu, are you alright?" Looking at the fifth elder of the Yao family who had wounds all over his body and face, ning Fei tried to hold back the joy in his heart and asked with concern.

After last night, no one from the Yao family who came to the nightmare forest survived except for the fifth elder. He couldn't help but sigh. The poisonous insects' eyes were really sharp. They could actually

tell that the Yao family was not a good person! The others were all dead, leaving only the fifth elder behind. It could be seen that those poisonous insects were quite bad.

"I don't need your fake kindness. Of course I'm fine." The fifth elder of the Yao family said weakly. Last night, those poisonous bees, scorpions, and spiders had all attacked them as if they didn't care about their lives. He didn't know what kind of medicine they had taken. After yesterday, he was the only person from the Yao family who had come to the forest. However, he had already sent the news back to the family. It wouldn't be long before the family sent people here again. This time, his primary goal was to eliminate those damn poisonous insects!

"Master ning, elder Yao Wu must be in a bad mood right now. Let's not disturb him." Chi Rui walked over with a look of sympathy.

"You're right, let's go and see the others!" Ning Fei nodded in agreement. Then, the two of them left in front of the fifth elder.

Although they had left, the fifth elder of the Yao family kept staring at them with his venomous snake-like eyes. When he saw that they were all in high spirits and unscathed, the anger in his heart surged up. Suddenly, he felt a sweet taste in his throat, but he swallowed it.

Chi Rui and ning Fei left the Yao family's encampment, chatting as they walked back to their home.

.....

"Master ning, I'm afraid this old man from the Yao family also hates us." Chi Rui looked in the direction of the Yao family and said.

"This is very normal. The Yao family has always been narrow-minded. Even if something happens, they won't find the reason on themselves. However, I'm afraid that the other forces are also dissatisfied with us." Ning Fei said worriedly.

"You can't blame us for this. Who knew that it would be so tragic last night!" Chi Rui said disapprovingly. Since they were tied to the ning family, they didn't think that those people would dare to do anything to them even if they were dissatisfied. So, he was really not afraid. Moreover, it was not their fault that those poisonous insects refused to find them!

"I didn't expect that either." Ning Fei said with a frown.

"Master ning, since things have come to this, we shouldn't think too much. What they will do next is what we should be most concerned about." Chi Rui reminded. Before he arrived, his grandfather had reminded him to perform well and leave a good impression on Leng ruoxue and the others.

"Yes." Ning Fei nodded.

After last night's incident, the major forces suffered heavy losses. However, they all sent the news back as soon as possible. In the next few days, they quietly stayed in the nightmare forest, waiting for their families to send people to help.

During this time, Leng ruoxue and the others had already made all the necessary preparations and were just waiting for the fish to take the bait.

In contrast to the nervous mood of the people in the forest, Leng ruoxue and the others were in a relatively good mood.

Five days later.

The people from the various factions who had come to support them had finally arrived. However, they did not want these people to easily find a place to stay. Hence, Leng ruoxue had specially set up a bewildering formation in the forest.

In the forest.

After the various factions made a few rounds in the forest, they discovered that they had been wandering in the same place. This fact could not help but make them burn with anger.

“Dammit, what the hell is this place? How did this happen?” The fifth elder of the Yao family couldn’t help but curse. He had been to this place a few days ago, and it didn’t look like this. It had only been a few days, and he actually couldn’t recognize it anymore. It was really infuriating.

“Fifth brother, calm down! If I’m not wrong, we’ve entered a bewildering formation.” The Yao family’s second elder spoke. He had some knowledge of formations, but it wouldn’t be easy to break this bewildering formation.

“Then what do we do?” The fifth elder of the Yao family asked gloomily. He knew nothing about formations!

“Don’t worry, let me think.” The Yao family’s second elder said with a frown.

“Second elder Yao, I’ve heard that you’re very knowledgeable in formations. We’ll be relying on you this time.” Chi Rui chuckled, his face calm.

“Young master Chi, I only have a superficial knowledge of formations. I can’t be considered to have studied them. Moreover, it’s difficult for me to get out of this maze by myself, so please don’t stand by and watch!” The second elder of the Yao family hurriedly said.

“Second elder Yao is too humble. Who doesn’t know that you’re the most proficient in arrays in the divine mainland?” Ning Fei said with a smile.

“Yup! That’s right! We all know that second elder Yao has the most knowledge in formations.” Hearing ning Fei’s words, everyone quickly agreed.

When the second elder of the Yao family heard this, his nose almost went crooked from anger. Were these people planning to be hands-off managers? This was preposterous!

“Second elder Yao, you can slowly observe this bewildering formation. We’ll go to the other side to stay so as not to disturb you.” Chi Rui said with an evil smile. Then, he pulled his family members to the other open space. Before he left, he gave ning Fei a look. Ning Fei understood and immediately followed him with the elders of his family. The others also hid to the side.

In the blink of an eye, only the Yao clan members were left in the middle of the bewildering formation.

“Second brother, should we also go over there?” The fifth elder of the Yao family probed as he wiped the cold sweat off his forehead. Other than the second elder, the rest of the Yao family didn’t know anything about formations, so they wouldn’t be of much help here! He thought to himself with some apprehension.

“I’ll break the legs of anyone who dares to leave!” The second elder of the Yao family roared with a face full of anger. With this roar, all the people of the Yao family who had wanted to slack off became obedient.

Chi Rui and ning Fei couldn’t help but laugh in their hearts when they saw the Yao family’s cautious expressions. However, they were not members of the Yao family, so the second elder would not vent his anger on them even if he was angry. That old man was much smarter than the fifth elder.

Just like that, Chi Rui and the others watched the second elder of the Yao family looking for the formation core in the maze every day while they enjoyed the good food and drinks and watched the fun. From time to time, they would also ask about the progress of the maze. However, every time they asked the second elder of the Yao family, the old man would pull a long face, obviously not liking to hear this question.

A week later.

Everyone was still trapped in the bewildering formation. Other than the Chi and Yao families, the other powers could no longer sit still. They constantly sent people to ask the second elder about the situation of the bewildering formation. In the end, they only dared to speak after being scolded by the second elder.

The second elder of the Yao family was as anxious as an ant on a hot pan. Other than pacing around, he didn’t seem to have any good ideas.

Seeing the second elder walking back and forth, Chi Rui couldn’t help but whisper to ning Fei, “Master ning, it looks like the second elder of the Yao family can’t do anything about this array! I don’t know how long we’ll have to stay here.”

“Ai! We’ll run out of food if we stay here for a few more days.” Ning Fei sighed and said helplessly. He didn’t know how long miss Leng was going to keep them here. Many of them were about to break down.

“Don’t worry, she won’t let us starve to death here.” Chi Rui said with confidence.

“Yeah, you’re right.” Ning Fei agreed.

At this moment, someone shouted, “The formation seems to have disappeared.”

After Chi Rui and ning Fei heard this, they quickly walked to the second elder of the Yao family and said with a smile, “Second elder Yao is indeed proficient in array techniques. In such a short time, you’ve solved this bewildering array. Congratulations.”

“Hehe!”

The Yao family’s second elder was rather calm when he heard their words because he knew very well that he wasn’t the one who had solved the maze. It had disappeared on its own. Although he didn’t know what had happened, he was smart enough to remain silent.

However, some people weren't as low-key as him. When the fifth elder heard their words, he raised his head proudly and said loudly, "Of course, everyone knows the second elder of our Yao family's skill in formations."

"Is that so?" At this time, a calm voice rang out in everyone's ears. Everyone turned their heads in unison and saw a devastatingly beautiful woman standing not far away from them. Instantly, everyone was stunned.

"Who are you?" The Yao family's fifth elder, who had regained his senses, asked with a stunned expression.

"Elder Yao Wu, don't you know who I am?" Leng ruoxue smiled and asked instead of answering.

"You're Leng ruoxue!" The second elder of the Yao family said with certainty.

"Hehe! Second elder Yao is the smartest!" Leng ruoxue gasped in admiration, then turned to everyone and said, "I was afraid that you would get lost in the forest, so I came to welcome you."

"Hmph! Would you be so kind?" The second elder of the Yao family said with a look of disdain. He was now very sure that the bewildering formation was set up by Leng ruoxue. Otherwise, the bewildering formation wouldn't have disappeared without a trace. Facing the enemy who had trapped them for several days, he really didn't have a good expression.

"Why not? I was afraid that you wouldn't be able to find me, so I came to you myself!" Leng ruoxue chuckled, her beautiful eyes glistening with tears. Everyone's hearts immediately softened.

Such a stunning beauty was looking at them pitifully, which man could refuse her! Furthermore, they had imagined countless scenarios where they would meet Leng ruoxue and the rest, but they had never expected that they would be so stunned by Leng ruoxue ...

Chapter 1203: Killing the chicken to warn the monkeys (1)

"Hmph! Who knows what you're up to!" The Yao family's second elder didn't appreciate it.

"Second elder Yao, how could you do this? Miss Leng came to pick us up with good intentions, and you actually doubt her intentions. You're really too much!" As soon as the second elder of the Yao family finished speaking, someone immediately voiced their dissatisfaction.

"You, don't be fooled by her beauty. She trapped us here for a few days, and now she's coming to pick us up. Anyone with a brain would know that she has bad intentions!" The Yao family's second elder roared in exasperation. However, his words attracted the unkind gazes of countless people.

"Second elder Yao, are you saying that the grapes are sour because you can't eat them? But that's normal. Men your age don't have any fantasies about women." Chi Rui laughed evilly. His words caused the crowd to burst into laughter, while the second elder of the Yao family was so angry that his face turned red.

"Second elder Yao, I know that you have misunderstood me. I don't blame you! I'm here to welcome you with sincerity, but if you don't appreciate it, then forget it." Leng ruoxue said disapprovingly.

“Miss Leng, we believe you.” Upon hearing Leng ruoxue’s words, someone immediately expressed their opinion.

“If that’s the case, then follow me up the mountain! As for those who don’t believe me, feel free to do as you please!” Leng ruoxue said with a smile. Her smile was like a Hundred Flowers blooming, and many people were instantly intoxicated by her beautiful smile.

“Alright, we’ll go up the mountain with you.” As soon as Leng ruoxue finished, Chi Rui was the first to speak.

“I’ll go too.” Ning Fei didn’t want to be left behind.

When the other forces saw that the Chi family and the ning family had made their stand, they also expressed their willingness to go up the mountain with Leng ruoxue.

“Let’s go!” Leng ruoxue looked at the second elder of the Yao family and said to the crowd.

“Alright,” he said. Chi Rui nodded.

Following that, those who were willing to believe in Leng ruoxue decided to follow her up the mountain. However, just as they were about to leave, they were stopped by the second elder of the Yao family.

.....

“None of you are allowed to leave. Have you all forgotten why we are here?” The second elder of the Yao family couldn’t help but question.

“Second elder Yao, we’ve come here to solve the problem. We’ve only been here for a few days and all the forces have already suffered heavy losses. Therefore, we really don’t want any more accidents to happen. Isn’t it better for both sides to come to an agreement than to fight and kill?” Chi Rui said with a smile, and his words made the other forces nod their heads. The things that happened in the forest these few days had indeed reduced the thoughts of the major forces to question them. Therefore, they only asked for their own interests to be guaranteed. As for whether the forest really had an owner, they no longer cared.

“Hmph! The major forces have indeed suffered heavy losses, but your Chi family and ning family have not suffered any losses! May I ask young master Chi why this is?” The second elder of the Yao family questioned coldly, his face filled with dissatisfaction.

“Second elder Yao, I’ve already answered the fifth elder’s question. You can just ask him, I won’t repeat it.” Chi Rui said calmly.

“Why should I ask him? I’m asking you!” The second elder of the Yao family was extremely angry. Hmph! A junior actually dared to be so arrogant in front of him. It was truly preposterous!

“I have no comment!” Chi Rui said indifferently.

“You ... You dare to talk to me like this?” The second elder of the Yao family roared in disbelief.

“Second elder Yao, please be clear that I am not a member of the Yao family. Whatever status you have in the Yao family has nothing to do with me, so please don’t use your status to pressure me.” Chi Rui said in a neutral tone.

“That’s right! What kind of skill is it to use your identity to suppress others!” Someone in the crowd muttered softly.

It was soft, but it was loud enough for everyone to hear.

“Hehe, second elder Yao must be tired from the past few days. Young master Chi, please forgive him!” Ning Fei smiled and tried to smooth things over.

“Well, for the sake of master ning, I won’t argue with him.” Chi Rui nodded.

The two of them echoed each other, angering the Yao family’s second elder so much that his face alternated between red and white. His entire body trembled continuously, and he was unable to speak.

However, even so, Chi Rui and ning Fei did not intend to let him go.

The two looked at each other, and then ning Fei said, “Young master Chi, it seems like second elder Yao knows he’s wrong.”

“It’s best to correct one’s mistakes. Second elder Yao, I forgive you. Don’t be so agitated, just stay calm.” Chi Rui played dumb.

“Second elder Yao is too excited. I don’t have time to deal with you now. Let’s go!” Leng ruoxue laughed evilly. Seeing the Yao family being provoked, her mood was much better.

“Yes, let’s go!” Chi Rui and ning Fei nodded. Then, the crowd left with Leng ruoxue ...

“Second elder Yao, what should we do?” A middle-aged man who had remained at the same spot could not help but ask. Most of the factions had left with Leng ruoxue. Although they wanted to leave with her, they did not dare to act rashly due to the Yao family’s presence. After all, their own families had to rely on the Yao family!

“What can we do? Of course, we’ll follow them.” Second elder Yao glared at the man who spoke and said in an unpleasant tone, Hmph! He didn’t want to go up the mountain with Leng ruoxue, but that didn’t mean that he wouldn’t follow. Furthermore, they were here to question them. If Leng ruoxue used her beauty to win over all of them, it would be a huge loss!

“Second brother, they’re going far away. Let’s go!” The fifth elder of the Yao family urged.

“Why are you so anxious? Don’t forget who you are when you see a beautiful woman. Remember the purpose of our visit.” The second elder of the Yao family reminded.

“I remember! However, if we don’t hurry up and catch up with them, we won’t be able to achieve our goal.” Said the fifth elder of the Yao family. He had originally wanted to seek revenge on those poisonous insects, but since he had met Leng ruoxue, he would settle the important matters first!

“Ai! Let’s go!” The second elder of the Yao family said helplessly. This younger brother of his was good in every way, but he was just too lecherous.

Following the Yao family's second elder's order, the rest of the people quietly followed Leng ruoxue and the rest.

However, their every move was within Leng ruoxue's expectations.

Chapter 1204: Killing the chicken to warn the monkeys (2)

Feng Da turned back as he walked. When he saw the Yao family following behind him, he whispered to Leng ruoxue, "Miss, they're following us!"

"En, ignore them. Let them follow us." Leng ruoxue said calmly. The second elder of the Yao family was a suspicious person by nature and did not believe her words at all. Hence, it was normal for him to follow behind them sneakily.

"Hehe! I can't let them follow me for free, I'll have to charge them for it." Feng Da asked with an evil smile.

"Don't worry, there will be a time for you to collect the fees. Lead them up the mountain first." Leng ruoxue whispered to Feng Da.

"Yes." Feng Da nodded and immediately led the way as if there was no one else around.

After walking for half a day and making a few turns, Leng ruoxue finally brought them to the mountain peak where they were staying. However, she would not let them stay in the main residence. She had already instructed Feng Da and the rest to build some wooden houses near the main residence. That would be their temporary resting place.

"Everyone! I'm sorry, but I'll have to trouble you to stay here. If you're not satisfied, you can set up your own tents." Leng ruoxue led them to the wooden house and said to everyone.

"Uh!" Looking at the simple wooden house in front of them and then at the tall and beautiful building not far away, everyone was a little dumbfounded. Weren't they guests? How could he let them stay here? At the thought of this, some people were dissatisfied.

"Miss Leng, aren't we your guests? How can you let us stay here?" Someone couldn't help but ask.

"Who said you're my guests? If you don't live here, where do you want to live? Oh! You can also set up your own tent." Leng ruoxue said with a smile.

"Not a guest? Don't forget, it was you who personally went into the forest to welcome us up the mountain. You should invite us into the main residence." That person said.

"I went to welcome you because you were lost, not because you are my guests. Besides, if I'm not wrong, some of you still want to give me a show of authority!" Leng ruoxue said. Although these people had gone up the mountain with her, many of them had ulterior motives. Hence, she naturally had no reason to be nice to them.

The moment Leng ruoxue's words left her mouth, everyone fell silent.

"Miss Leng, I'm very satisfied with this place. Thank you." Seeing that no one spoke for a long time, Chi Rui couldn't help but try to smooth things over.

“It’s good that young master Chi is satisfied. You can arrange your own accommodation here! I don’t think it can accommodate so many people, so we can only do it on a first come, first served basis.” Leng ruoxue reminded. With that, she turned around and left with Feng Da and the rest.

“What kind of attitude is this! This is really too much.” Looking at Leng ruoxue’s back, the person who had spoken earlier complained.

“Since you’re so unhappy, why did you come with her?” Chi Rui smiled and asked.

After that, he didn’t wait for the man’s answer, and gave ning Fei a look, then he led his clansmen into the wooden house.

The wooden house was located diagonally opposite the main residence, with a River in between. From the main residence, one could see their every move, but the other party could not see Leng ruoxue and the others.

Leng ruoxue returned to the main residence and brought Feng Da and the rest to the living room.

Master ning and the others were already waiting for them in the living room.

After Leng ruoxue and the rest entered the living room, they each found a chair and sat down. Then, they saw master ning and the rest looking at them with anticipation.

“Godfather, I’ve brought them here.” Leng ruoxue chuckled and couldn’t help but think to herself, ‘this old man is really interesting. With his cultivation level, it’s impossible for anything that happened in the forest to be hidden from him. Yet, he still has such a curious expression on his face. It’s really disdainful.’

“Hehe! What was their reaction?” Master ning asked.

“Curious, dissatisfied, but I won’t let them stay here.” Leng ruoxue said with a wicked heart. Actually, it was undeniable that she did it on purpose. She wanted to provoke those people on purpose. Otherwise, how could she continue with her act?

“Yes, yes. Don’t give them any food either. Let them go hunting by themselves.” Master ning agreed with a wicked smile.

“Don’t worry, I didn’t prepare their meal.” Leng ruoxue promised.

“Hehe! Little girl, you’re really mean, but I like it!” The first elder said with a happy face. Every day with this little girl was so interesting that he didn’t want to leave them anymore. What was he going to do?

“Xue ‘er, when do you plan to negotiate with them?” Leng ruohan asked.

“Brother, the initiative is in our hands now. There’s no hurry! When they can’t take it anymore, I’ll show up.” Leng ruoxue explained.

“Yes.” Leng ruohan nodded in understanding.

Just like that, for three consecutive days, Leng ruoxue did not pay any attention to those people. In the beginning, many people thought that they would be treated like distinguished guests. However, they did

not expect that when they went up the mountain with Leng ruoxue, she would not even bother to have a meal. This fact made them feel extremely unbalanced.

In addition, the thick-skinned Yao family members who followed along were fanning the flames, causing more and more dissatisfaction. Some people even crossed the river and started cursing in front of the Leng family's main residence. However, after cursing a few times, they were beaten up by a few people who rushed out of the main residence ...

Looking at the man's dying appearance, they were so timid that they didn't dare to make a sound.

"You guys saw it! I've already told you that Leng ruoxue has no good intentions, but you all didn't believe me!" The Yao family's second elder looked at the crowd and said with a pained expression.

"Second elder Yao, what do we do now?" Someone in the crowd could not help but ask.

"Of course we should join hands and force them to leave, Hmph! We have so many people to pressure her, I don't believe that Leng ruoxue won't be afraid!" The Yao family's second elder angrily shouted.

"Second elder Yao, we'll listen to whatever you want to do." Someone echoed.

"Yup! Second elder Yao, we'll listen to you, you make the decision!" The people present quickly changed sides and cooperated.

Not far away, Chi Rui and Ning Fei sneered at the ridiculous scene in front of them. They couldn't help but think to themselves, "these idiots. If Leng ruoxue was afraid that they would do something, would she have brought them to her own house?" And they really thought that the Yao family's old thing was doing this for their own good!

"What do you think second elder Yao wants to do?" Ning Fei asked Chi Rui curiously.

"What else can I do? He's just trying to stir up the public's dissatisfaction with Leng ruoxue and the rest. By then, the Yao family can take advantage of the situation." After being ignored by Leng ruoxue for a few days, these people's hearts had changed quite a bit. If the previous surprise had made them forget their original intentions, now they remembered it again because of anger.

"Yes, the Yao family has always been good at fishing in troubled waters. However, I'm afraid the Yao family will be disappointed this time." Ning Fei gloated. He knew very well that the ancestor of the Ning family was in the main house across the street. If these people dared to do anything, the ancestor would not let them go.

"Let's just watch the fun." Chi Rui chuckled as he looked at the impassioned crowd.

"Hehe! I love to watch the Yao family's drama." Ning Fei said with a smirk.

At this time, after the Yao family's instigation, everyone's anger had also risen. Then, led by the second elder of the Yao family, everyone crossed the river between them in an aggressive manner and directly arrived in front of the Leng family's main residence ...

Leng ruoxue and the others heard the commotion and walked out of the courtyard with smiles on their faces.

“What are you guys trying to do?” Leng ruoxue knew what the advisor was going to say. After waiting for a few days, these people finally took action. She hoped that they would not disappoint her.

“Leng ruoxue! You have to give us an explanation!” The second elder of the Yao family roared.

“What kind of explanation?” Leng ruoxue was bewildered. Could it be that this old man had gone crazy from the shock? Otherwise, how could she not understand what this old man was saying? Did she have anything to tell him?

“You invited us up the mountain and then left us hanging. What do you mean by this?” The second elder of the Yao family criticized.

“Second elder Yao, when did I invite you up the mountain? If I remember correctly, at that time, you were very firm in suspecting that I didn’t have any good intentions and didn’t come up with me at all!” Leng ruoxue reminded.

“You never had a good heart. Even if I didn’t want to go up the mountain with you, what about them? You personally invited them up, right? What’s the meaning of this? They were all people of status. If word got out that you treated them like this, how would they face others? So, you must give them an explanation.” The second elder of the Yao family said indignantly.

“Hehe! I only found out today that the Yao family has such a sense of justice.” Leng ruoxue chuckled.

“What’s the meaning of this?” The Yao family’s second elder questioned in dissatisfaction.

“If second elder Yao doesn’t understand the literal meaning, you can go back and check the ancient books. Moreover, although I invited them up the mountain, I didn’t say that they were my guests! Since they can’t even be considered guests, I naturally don’t have the need to entertain them.” Leng ruoxue said disapprovingly.

“Hmph! What a sharp-tongued little girl, you’re still quibbling!” The Yao family’s second elder had a disdainful expression.

“I’m just telling the truth.” Leng ruoxue replied calmly.

“Good! Even if you don’t treat them as guests, since you’ve invited them up the mountain, you should treat them well out of courtesy, right?” The Yao family’s second elder’s mind whirred as he spoke with a cunning expression.

“I have one! Didn’t I arrange a place for them to stay?” Leng ruoxue played dumb.

“What’s the use of just arranging accommodation? You don’t even care about their meals. You’ve really gone too far.” The Yao family’s second elder berated.

“Second elder Yao, could it be that if a stranger goes to your Yao family, you will also provide him with food? As far as I know, only beggars would receive such treatment, right?” Leng ruoxue asked with a smile. She didn’t know if the second elder of the Yao family understood the beggar’s meaning.

“You ... Impudent! How dare you compare yourself to our Yao family!” The Yao family’s second elder was so angry that he blew his beard and glared as he loudly shouted.

“Tsk, what does your Yao family have? Don’t think that the Yao family is so noble. ” At this time, Feng Da said with a look of disdain.

“You, you dare to look down on our Yao family? you really don’t know what’s good for you!” The Yao family’s second elder was so angry that his entire body trembled as he pointed at Feng Da with a trembling finger and said fiercely.

“Second elder Yao, are you threatening me?” Feng DA’s face was full of grievance. He kept looking at Leng ruoxue with a resentful gaze, as if he was saying, “I didn’t say anything wrong!” Why would he be threatened?

“I’m just reminding you that our Yao family is not to be trifled with. ” The Yao family’s second elder shouted at the top of his voice, not caring about his image.

“Oh, really? What will happen if we offend them?” Leng ruoxue asked with a face full of curiosity. Actually, she didn’t intend to treat the Yao family like chickens. However, the Yao family kept sending gifts to her. If she didn’t express anything, wouldn’t she be letting down their provocation and instigation?

Therefore, she changed her mind at the last minute and decided to use the Yao family as an example. Her previous target, a family affiliated with the Yao family, naturally escaped the disaster.

“You’ll definitely regret provoking our Yao family. Our Yao family’s revenge will be carried out until death!” The second elder of the Yao family said with a proud smile.

“Oh! Then I’d really like to see how your Yao clan will be executed!” Leng ruoxue asked with great interest.

After she finished speaking, she gave Feng Da and the others a look. Feng Da and the others understood her meaning and surrounded the Yao family in the blink of an eye.

Looking at Feng Da and the others who had surrounded them, the second elder of the Yao family’s eyes glowed with a cold light. Then, he said with a slight regret, “I originally wanted to let you live, but since you’re looking for death, then don’t blame me for being impolite. Let them know that our Yao family’s dignity can not be violated by anyone!” The second elder of the Yao family said loudly.

“Yes!” “Yes, master!” The Yao family members quickly responded. Then, the two sides began to fight. The people from the other forces were afraid of being affected by their Shen power, so they all hid to the side and watched the battle.

However, no one had thought that this would be a one-sided battle. Feng Da and the others were fast, ruthless, accurate, and merciless. Compared to them, the Yao family seemed so fragile, and their momentum was not as good.

In just a few breaths, half of the Yao family had been killed or injured.

“Damn girls, you’re too immoral! You actually ganged up on me! Fight me one-on-one if you have the guts!” The Yao family’s second elder, who was being held back by several people at the same time, roared in anger. The anger in his heart grew even more when he saw that the other forces were just watching.

“F * ck, these unruly B * stars. I stood up for them, but these people actually hid to the side to watch the show when they saw them getting beaten up. I really can’t bear it.” The second elder couldn’t help but curse in his heart.

“Second elder Yao, we only care about the outcome of the battle. Who cares what methods they use! Besides, you can also gang up on us! I don’t want you to feel unfair, but it seems like no one is going to help you! You can’t blame me for this.” Leng ruoxue suggested innocently.

“Whoever wants to help the Yao family, come at me together!” Leng ruoxue thought for a moment and then said to the forces who were hiding at the side.

However, all the major forces ignored her words and pretended to be stupid. Many people even thought in their hearts, attack together? After witnessing the other party’s brutal means, how could they still dare?

In their hearts, Feng Da and the others were like the incarnations of the devil. They couldn’t wait to hide, so they didn’t dare to take the initiative to come to their door!

“Second elder Yao, I’ve asked around for you, but unfortunately, your Yao family’s relationship with you is too bad. No one is willing to help you, and even your affiliated families don’t want to work for you. I really feel bad for you!” Leng ruoxue incited. Her words angered the Yao family’s subsidiary families, but no one dared to act rashly.

“Second elder, don’t believe her. This woman is too evil. She actually wants to sow discord between us.” Someone from the affiliated family shouted. However, as soon as he finished speaking, the people from the affiliated family of the Yao family glared at him. He was so scared that he shrank his neck and didn’t dare to say anything.

The Yao family’s second elder was busy and didn’t have time to deal with him.

Not long after, all the members of the Yao family were dead, except for the second and fifth elders.

The second elder, who was surrounded by Feng Da and the rest, glared at Leng ruoxue and said fiercely, “How dare you order people to kill the members of our Yao family? our Yao family won’t let you off! You’re all dead!”

“Second elder Yao, you can’t even protect yourself, yet you still dare to threaten us. Your courage is truly commendable!” Feng Da said with a smile.

“You guys wouldn’t dare to kill me.” Although the second elder of the Yao family was in a sorry state, he still spoke with confidence.

“Oh, really? I wonder why we don’t dare to kill you?” Leng ruoxue asked out of curiosity. This second elder’s ego was way too high!

“I am the second elder of the Yao family. If you dare to kill me, our Yao family will avenge me.” The second elder of the Yao family said matter-of-factly.

“So you’re saying that the Yao family doesn’t care about the others we’ve killed? AI! The big families are really heartless. They only want to avenge their elders and don’t care about the lives of their clansmen!” Leng ruoxue sighed. Her beautiful face was filled with sympathy. Of course, she was pitying the abandoned members of the Yao family.

“Of course not! Our Yao family won’t ignore the life and death of our clansmen!” The second elder of the Yao family was stunned for a moment before he quibbled. He hated Leng ruoxue even more in his heart. That damned woman. How detestable! She had deliberately distorted his words!

“Oh! Since your Yao family has come to seek revenge on behalf of your clansmen, then killing your two elders isn’t a big deal. It doesn’t make a difference to me whether I kill you or not!” Leng ruoxue chuckled calmly and said in an infuriating manner.

As soon as she finished speaking, everyone saw a cold light flash from the saber in Feng DA’s hand. Then, the fifth elder of the Yao family, who was covered in injuries, fell to the ground and died.

Seeing this, everyone present could not help but gasp. They immediately became nervous. If this person dared to kill the Yao family elder, then wouldn’t he have even less of a concern when killing them? At the thought of this, many people were afraid. However, they regretted even more that they had been incited by the second elder of the Yao family to cause trouble for Leng ruoxue and the others. Now that it had become a huge problem, they did not know if the second elder would hold a grudge. Sob ... At this moment, most of them were filled with regret.

“Fifth brother!” The second elder of the Yao family was in extreme grief. That was his own younger brother! But now, she had died in front of his eyes. This caused his hatred towards Leng ruoxue to deepen.

?

“I won’t let you off! You’re all dead!” The second elder of the Yao family said with hatred.

“I’ve heard many people say this before. However, those people all died in my hands in the end.” Leng ruoxue said nonchalantly. In her opinion, the threat from the Yao family’s second elder was of no use to her. In any case, she had already decided to use the Yao family as a warning to others. Naturally, she wouldn’t care about the threat from the Yao family’s second elder.

“What an arrogant little girl. You’ll definitely regret this!” The eyes of the second elder of the Yao family were filled with anger and hatred as he glared at Leng ruoxue.

“Oh, really? I’ll wait and see.” Leng ruoxue laughed nonchalantly, not taking the second elder’s threat to heart.

“Hahaha! You’ll definitely regret this!” After he finished speaking, the second elder of the Yao family decided to commit suicide so that Leng ruoxue would be the one to blame for his death. After all, he knew very well that if only one elder died, the family might not do their best to avenge his brother. However, if an elder like him, who was proficient in formations, died as well, the nature of the matter would be completely different. His status in the family was extraordinary, so the family would definitely avenge him, even if it was only for the family’s face and honor.

However, before he could execute his plan, Leng ruoxue saw through his plan. Just as he was about to kill himself, a white light knocked the blade away from his hand. In the next moment, he was subdued by Feng Da.

“Why is second elder Yao taking things so hard? Haven’t you heard of the saying, ‘better to live than to die’? Don’t be afraid, I won’t kill you.” Leng ruoxue consoled, but she could not help but laugh in her heart. If you want to die, I won’t let you die. Since this old man wanted to use death to frame them, then she naturally couldn’t let him do as he wished.

Thinking of this, she took out a black pill from her ring and handed it to Feng Da. Feng Da understood and opened the mouth of the Yao family’s second elder and threw the pill in. Then, he released his arm and threw the Yao family’s second elder on the ground like a piece of trash.

“Cough, cough! ‘Damn it!’ What did you make me eat?” The second elder of the Yao family roared in shame and anger. Why did he feel so weak that he couldn’t even stand up, let alone commit suicide? how could this be?

“It’s nothing. Didn’t second elder Yao want to commit suicide? I won’t let you die. If you die, the Yao family will hunt me down until I die! I’m so scared.” Leng ruoxue said fearfully. However, there was not a single trace of fear on her face.

“Hmph! It’s good that you know!” The Yao family’s second elder had a smug look on his face. At this moment, he had even forgotten his current situation.

Seeing the Yao family’s second elder’s smug expression, Leng ruoxue smiled but did not say anything.

“Second elder Yao, there are too many people here. Even if you want to commit suicide, don’t do it in front of our house! Go back to your Yao family and commit suicide!” Feng Da laughed evilly as he spoke. He couldn’t bear to see the Yao family’s second elder’s smug expression.

“You ... You want me to die, but I won’t!” The Yao family’s second elder said angrily.

“Not dead? Even if you want to die now, can you? I’m afraid that you can’t even pick up a saber now!” Feng Da said. He had never doubted the effects of the young lady’s pills, so he exposed the Yao family’s second elder’s words without any hesitation.

“Who said that!” The second elder of the Yao family said stubbornly.

“Isn’t it? Then pick up the knife and let me see.” Feng Da looked at the Yao family’s second elder provocatively.

“Just you wait!” The Yao family’s second elder said with a fierce look in his eyes. He would never admit defeat in front of these young brats. However, when he used all his strength to pick up the knife on the ground, he found that he couldn’t even lift it. It seemed that the effect of the medicine was more powerful than he had imagined. He couldn’t even lift the knife.

“Hehe! Second elder Yao, I’m waiting!” Feng Da looked at the depressed expression on the Yao family’s second elder’s face, and his heart was filled with joy.

“You, you can kill me!” The second elder of the Yao family said dejectedly.

“If you want me to kill, then I’ll kill! Then I’ll lose face.” Feng Da said with a smile, Hmph! This old man wanted to frame them for his death just now. He would not be fooled! This old thing wanted to die, but he wouldn’t let him!

“You ...” The Yao family’s second elder was so angry that he couldn’t speak. Unable to catch his breath, he actually fainted from anger.

The crowd didn’t know what to feel when they saw the scene of the Yao family’s second elder not only failing to commit suicide, but also fainting from anger. This was simply too unbelievable. None of them had expected that the second elder of the Yao family would want to be killed after failing to commit suicide, and yet the other party would refuse to do so. What the hell is this!

However, after seeing the fate of the Yao family, many forces began to think of retreating. Some of them were still hesitating, and their thoughts of punishing the Yao family had to be dispelled because of the tragic situation.

“The Yao family’s second elder has fainted, so I’ll give you a chance now. If you have any ideas, you can all share them!” Leng ruoxue’s beautiful eyes surveyed the crowd as she smiled calmly. However, no one responded to her for a long time.

“Don’t you have anything to say? I’m giving you a chance.” Leng ruoxue continued to ask.

“Hehe! Miss Leng, we’re here to congratulate you, don’t you think so?” Ning Fei said with a smile.

“Yup! Our Chi clan has also specially come to congratulate miss Leng.” Chi Rui agreed.

As soon as the two of them finished speaking, many people couldn’t help but despise them in their hearts. Hmph! People from the eight great divine regions? This ability to change sides with the wind was really extraordinary!

However, no one cared about what they thought. The ning clan and Chi clan were not here to cause trouble for Leng ruoxue and the rest. Leng ruoxue and the rest were well aware of what they were thinking.

“What about you guys?” Leng ruoxue smiled as she asked the others.

“We’re also here to congratulate you.” The Cheng family’s elder leader said. To be honest, he was shocked by Leng ruoxue and the rest’s thunderous methods. One should know that the Yao family was

ranked second in the eight great divine domains, but they had annihilated them without a second thought. Hence, he, who had been observing the situation, could only express his position in advance. Furthermore, he also remembered what the eldest miss had told him before he came. Leng ruoxue could only be friends, not enemies!

Chapter 1208: She's gone crazy (2)

"Elder Cheng is indeed a wise man. What about the rest of you?" Leng ruoxue nodded her head in satisfaction and continued to ask.

"We are too!" Immediately after, another force echoed. The Yao clan was only left with an unconscious commander, and the Cheng clan had also gone with the flow, so what were they still hesitating for?

"Yup! That's right! We're all here to offer our congratulations. " Seeing that someone had taken the lead, more and more forces began to give in.

"Very good," he said. Leng ruoxue was very satisfied with their tactfulness. She then turned her gaze to the few affiliated families of the Yao family who had not spoken. She said in an understanding manner, "I know your relationship with the Yao family, so I won't make things difficult for you. You just have to tell me whether you want to live or die!"

Even though Leng ruoxue had a smile on her face when she said this, anyone who wasn't an idiot could tell that she was threatening them. The few families under the Yao family were no exception.

"We ..." The few families were still a little hesitant. After looking at each other, they made up their minds and said in unison, "Of course we want to live! We didn't want to be enemies with young lady Leng, but the Yao family's second elder forced us to. "

Taking advantage of the fact that the second elder of the Yao family had fainted, the other families pushed the blame onto the second elder. After all, the other party had even dared to kill the Yao family, so why would he care about these small fries? They didn't want to die Here, but their words were heard by the second elder, who had just woken up.

"How dare you all betray the Yao family!" The Yao family's second elder roared furiously, his entire body trembling in anger.

"Second elder, we didn't betray the Yao family. Please don't misunderstand us!" The leaders of several families said hurriedly. Their hearts were beating nervously. Why did this old thing wake up and hear what they said just now? what should they do now? For a moment, they were all a little afraid, but after a moment of fear, they saw the tragic state of the Yao family's second elder and felt relieved. Now that the second elder was in a difficult situation, he would probably not have the chance to blame them.

"Hmph! I heard it with my own ears, how could it be fake?" The second elder of the Yao family snorted coldly. He would deal with these despicable people when he returned to the Yao family. He couldn't fall out with them now, as he still needed them! However, as the saying goes, "when a Tiger Falls into the sun, it will be bullied by dogs." At this moment, in the eyes of the affiliated families, the second elder of the Yao family, who had a rather high status and identity, was a Tiger that had fallen into the sun. As a result, they were no longer afraid of the second elder's cold words.

“Second elder, you’ve misheard.” The leaders of the affiliated families looked at each other with tacit understanding in their eyes. They knew that as long as they didn’t admit it, the second elder of the Yao family wouldn’t be able to do anything! Thus, they became fearless.

“How audacious! Now, you even dare to fool me. I think you’re tired of living!” When the second elder of the Yao family heard their words, he was so angry that he shouted at the top of his lungs.

“Second elder Yao is really full of himself! You can still shout so loudly now. ” Leng ruoxue chuckled and teased them as she looked at the dog-eat-dog fight.

“Hehe! You don’t have to be afraid of second elder Yao now. Even if he wants to kill you, he can’t do it. ” Feng Da also reminded him with an evil smile.

“Yes, there are so many of you. There’s no need to be afraid of him.” Leng ruoxue said with a smile.

Initially, Leng ruoxue didn’t want to interrupt them when she saw them coaxing each other. However, she felt that these people were too hypocritical. They had argued for a long time, but they didn’t get to the point! That was why she wanted to add fuel to the fire. Otherwise, when would they be able to turn against each other? She was still waiting to watch the show, and at this time, she estimated that the medicinal pill that the Yao family’s second elder had just taken should be almost finished.

As she thought about it, she saw the second elder of the Yao family stand up from the ground and charge straight at the leader of the subsidiary families closest to him ...

In an instant, the leader’s head fell to the ground and he died.

Leng ruoxue couldn’t help but clap her hands as she smiled,“”The second elder of the Yao family is indeed extraordinary. He’s able to face so many people as if no one was there. I really admire him!”

“Hmph! Leng ruoxue, our Yao family will never let you off. ” After killing one person, the second elder of the Yao family was in a good mood. He didn’t plan to continue killing. After all, with the death of a leader, the other affiliated families were on guard. It wouldn’t be so easy for him to attack again.

“Second elder Yao, I’ve heard these words of yours many times. Change it to something new!” Leng ruoxue was extremely calm and did not take the threat from the Yao family’s second elder to heart. After all, she had grown up in fear!

“You will regret killing my Yao family’s member today!” The second elder of the Yao family said.

“Isn’t that the same?” Leng ruoxue was still not satisfied.

“You ...” The Yao family’s second elder was so angry that he was at a loss for words. He couldn’t help but curse in his heart. Why is this damned woman so difficult to serve?! However, he no longer wanted to die Here. He had thought it through. If he really died and the Yao family did not do their best to avenge him, then wouldn’t his death be in vain? hence, he had to think of a way to return to the Yao family. However, he was very clear that Leng ruoxue would not let him leave this place easily. Hence, he had to think of a good plan. When he thought of this, his eyes rolled back and he fainted again. Of course, he was pretending this time.

“Why did the old man faint again?” Leng ruoxue mumbled to herself as she pretended to be confused. However, she was laughing to death in her heart. Haha, did the second elder of the Yao family change his strategy? He even pretended to faint! She had to cooperate, or else wouldn't it be a waste of the Yao family's second elder's hard work in acting?

“Young miss, second elder Yao should be old, that's why he faints so easily.” Feng Da said very cooperatively.

“Feng Da, I have a pill here, quickly give it to second elder Yao! He can't die Here, the second elder has a high status in the Yao family!” Leng ruoxue laughed evilly as she took out a grey pill from her bracelet and passed it to Feng Dadao.

“Alright!” Feng Da took the pill and pried open the Yao family's second elder's mouth in the same way he did before throwing the pill in.

Chapter 1209: She's gone crazy (3)

The pill was extremely bitter and it melted in his mouth. The moment it entered his mouth, the second elder of the Yao family almost jumped up. However, in order not to let Leng ruoxue and the others see through him, he suppressed the bitterness in his mouth and laid on the ground, not moving at all.

After waiting for a while, Feng Da saw that the second elder of the Yao family showed no signs of waking up, so he said with a bitter face, “Miss, is the Yao family's second elder about to die from anger? Why hasn't there been any reaction after so long?”

“It's okay. I still have a lot of pills here. Give him all of them to try. He'll wake up eventually.” Leng ruoxue laughed. She then took out a white jade bottle from her bracelet and passed it to Feng Da.

“Yes, yes.” Feng Da happily took the pill and pried open the mouth of the Yao family's second elder again. However, the second elder, who didn't want to eat any more of their pills, kept his mouth tightly shut. Seeing this, Feng Da could only punch at the second elder's mouth. Immediately, blood flowed out of the second elder's mouth, and a few of his teeth fell out. This time, even if he didn't want to open his mouth, Feng Da had a way to make him eat the pill.

The second elder of the Yao family, who had been ruthlessly punched, had an extremely strong will. Even though he had lost a few teeth, he still lay on the ground and pretended to be dead.

After everyone saw Feng DA's rough methods, they couldn't help but feel embarrassed. F * ck, he's really too barbaric. Poor second elder of the Yao family! He couldn't escape this even if he fainted, he was really too unlucky.

The more observant ones among them could naturally tell that the second elder of the Yao family had not truly fainted. However, it was also because of this that they admired the second elder's flexible character.

Feng Da threw a few pills into the gap between the teeth of the Yao family's second elder, while carefully observing his reaction. When he saw that the Yao family's second elder still didn't move, he kept throwing the pills into the Yao family's second elder's mouth ...

Those pills were of different colors. Although Feng Da didn't know all of their medicinal properties, he was very clear that the pills given to him by the young lady would definitely not make the second elder of the Yao family feel comfortable. Hehe! They just didn't know if the second elder could bear with their experiments!

After waiting for a while, he noticed a pained expression on the second elder's face. Although it was very subtle, he still noticed it with his sharp eyes. Seeing this, he continued to throw the pills in the small porcelain bottle into the second elder's mouth.

When the pill entered the mouth of the second elder, he couldn't spit it out even if he wanted to. Furthermore, there were all kinds of feelings in his mouth. At first, it was extremely bitter, then it was extremely sour, then it was so spicy that he almost bit off his tongue. Finally, it was extremely smelly. However, he could only endure it. Otherwise, all his previous efforts would have been in vain.

However, what made him even angrier was that when the other party saw that he was unwilling to wake up, he actually threw a large number of medicinal pills into his mouth, causing his mouth to taste bitter, sour, spicy, and stinky. All the tastes were mixed together in the end. It was so painful that he almost cried, but he could only endure it.

"Miss, do you have any more medicine?" Feng Da asked again when he saw that the medicine in the porcelain bottle his young lady had given him was empty.

"There are a lot of them." Leng ruoxue chuckled and took out a few porcelain bottles from her bracelet, handing them all to Feng Da.

"Hehe! My goal is to wake up the Yao second elder, and I will not stop until I achieve my goal!" Feng DA's will was also very firm.

Reading on Myb o xno vel. com ,Please!

"Captain, let me help you! So many pills, when can you finish feeding them!" Lin Yuan chuckled as he walked to Feng DA's side and said.

"Yes, let's feed him together." Feng Da nodded. He opened the bottle and poured the pill into the second elder's mouth.

Lin Yuan, who was at the side, followed Feng DA's example. He opened the bottle cap roughly and poured all the pills in. Fortunately, the pills melted as soon as they entered his mouth. Otherwise, the Yao family's second elder's mouth would be stuffed. At that time, he would not be able to play dead even if he wanted to.

After each of them finished a bottle, the two of them continued to pour the other pills into the mouth of the Yao family's second elder.

This scene made everyone's heart tremble in fear. F * ck! He didn't know what kind of pills they were, but wouldn't it kill him if he ate them like this? At this moment, they were full of sympathy for the Yao family's second elder, but no one spoke up to plead for him.

The Yao family's second elder, who had been lying on the ground and feigning death, couldn't hold it in any longer after being forced to drink several bottles of flavorful pills!

He jumped up from the ground with a 'shua', then bent down and kept retching. Although he couldn't vomit anything out, the strange and mixed taste in his mouth stayed in his mouth and didn't dissipate for a long time.

"Miss, your medicine is really effective. The second elder of the Yao family has woken up." Feng Da said happily.

"Yes, my pill will save him even if he's half dead." Leng ruoxue teased calmly.

"You ..." The second elder of the Yao family, who had vomited for a long time, pointed a trembling finger at Leng ruoxue. However, he could not complete a single sentence. There was even a metallic taste in his throat. The next second, he fainted again. This time, he was definitely not pretending.

"Miss, he fainted again!" Feng Da reminded everyone of the facts they had seen and even kicked the second elder of the Yao family a few times.

"This old man's physical fitness is too poor. He's really wasting my young miss's medicine." Lin Yuan said with slight dissatisfaction, and also took the opportunity to kick the Yao family's second elder a few times.

"Al! So what if he fainted! In a moment, hand him over to the Yao family's subsidiary families and have them bring second elder Yao back to the Yao family!" Leng ruoxue said helplessly, hehe! She decided to let the Tiger return to the mountain.

"En, that's all we can do. We can't take him in." Feng Da agreed.

Then, Feng Da said to the members of the Yao family's affiliated families, "When you leave, don't forget to bring this second elder of the Yao family back to the Yao family,"

"Yes! Yes!" When the people from the Yao family's affiliated families heard this, they hurriedly nodded, and their hanging hearts were greatly relieved. That was close! They knew very well that the other party was probably planning to let them go by saying this. Therefore, they had to perform well and fight to go back alive.

Chapter 1210: She's gone crazy (4)

"Anyone else who has any objections to my choice of the nightmare forest as my territory can speak now. If you don't speak now and I hear it behind my back, you will end up like the Yao family." Leng ruoxue said emotionlessly.

"We have no objections." The people from the various forces hurriedly said. F * ck, these people were all like fiends. Who would dare to have any objections? Could it be that their power was greater than the Yao family? They even dared to kill the Yao family, which was ranked second among the eight great divine regions, not to mention them. Besides, this forest didn't belong to any family. Since no one else said anything, naturally no one would be willing to be the bird that would stand out to find trouble.

Leng ruoxue saw that no one objected and could not help but nod her head in satisfaction. She then chuckled, "Actually, there is no need for all of you to come here and question me. Although I have taken this 'nightmare forest' as my territory, you can still come to the outer regions of the forest to train. As

for the three mountains in the deeper regions of the forest, none of you are allowed to take even half a step into them without my permission. Otherwise, I will not be responsible if any accidents happen.”

When the factions heard that they could come back to the forest, for some reason, they didn't feel happy at all. Instead, they suddenly thought of the poisonous scorpions, poisonous bees, and giant spiders they had encountered a few days ago.

Now that the forest had a terrifying and cruel master, their desire to train here had waned. Furthermore, this forest wasn't the only forest on the godly mainland. They could go somewhere else if they didn't come here. Therefore, many people had already made up their minds that they wouldn't come here again even if they were beaten to death.

However, most of the people who came here were smart people. Naturally, they would not reveal anything on their faces. Not only that, they even had to hypocritically echo Leng ruoxue's words.

“Miss Leng is really a reasonable person! This one is impressed!” Someone in the crowd said.

“Yup! If we had known that miss Leng was so reasonable, why would we have come here to find trouble? It's all the Yao family's fifth elder's fault, he was the one who wore the armor. ” Someone had directly betrayed the fifth elder of the Yao family. Since the fifth elder was already dead, he couldn't climb out of the ground to settle the score with them even if the dirty water was poured on him.

“That's right, it was the Yao family who incited us. We didn't intend to come here to find trouble with you, miss Leng. ” There were people constantly adding insult to injury. The Yao family's people were almost completely annihilated, and the only one alive even fainted from anger, so they had nothing to fear.

“I know. However, the Yao family has suffered heavy losses this time. If the Yao family finds out that you've just stood by and watched, I'm afraid ...” Leng ruoxue wanted to say something but stopped halfway.

“Don't worry, miss Leng. We all know that the Yao family was killed by poisonous bees and scorpions. It has nothing to do with you. ” The moment Leng ruoxue finished her sentence, someone in the crowd started to cooperate.

Even though this person's words made everyone present look down on him, they had no choice but to cooperate. Leng ruoxue was right. The Yao clan would definitely blame this on them. After all, the Yao clan had all died. Even if they said that it had nothing to do with him, with the extreme character of the Yao family, no one would believe them.

Leng ruoxue was extremely satisfied with this person's understanding of the ways of the world.

“Miss Leng, this second elder Yao is still alive. Will he betray us?” At this time, someone could not help but ask.

“Do you think anyone would believe his words with his current state?” Leng ruoxue looked at the Yao family's second elder, who had just woken up.

“Uh!” The person who asked was speechless. The Yao family’s second elder’s current appearance was quite miserable. He was in a sorry state from head to toe and even lost a few teeth. Moreover, the second elder, who had just woken up, was looking at the crowd with a dazed expression, saliva flowing down from the corner of his mouth.

“Hehe! Mother! I’m hungry!” The second elder of the Yao family shouted at a slightly chubby middle-aged man.

“.....”

Everyone fell silent. They looked at the Yao family’s second elder as if he was a monster. There was only one thought in their minds. Had the second elder of the Yao family gone mad?

“Mother! I’m hungry!” Seeing that he didn’t get a response, the second elder of the Yao family didn’t give up and continued to call out. He even ran in front of the person and clutched at his clothes like a spoiled child, putting on a pitiful and aggrieved expression.
