

Crazy Wife 1211

Chapter 1211: Probing (1)

?

"I'm not your mother, go away! Get away from me!" The middle-aged man bellowed in shock, his face completely red. He used all his strength to push away the second elder, who was gripping his clothes, but he accidentally overused his strength and pushed the second elder to the ground.

However, the second elder of the Yao family was like a cockroach that couldn't be killed. After getting up from the ground, he unwillingly ran to the middle-aged man and cried out with an aggrieved face, "Mom, don't ignore me! I'm wrong!"

"I'm not your mother! Get away from me!" The middle-aged man couldn't take it anymore and shouted.

"Mother!" The second elder of the Yao family had an aggrieved look on his face. His eyes were still filled with tears as he looked pitifully at the middle-aged man. His appearance was truly as pitiful as it could be.

"Go away! You're not allowed to Call Me Mother!" The middle-aged man was furious, but he didn't dare to do anything to this 'crazy' second elder.

"But you're my mother!" The second elder of the Yao family mumbled softly, his eyes occasionally stealing glances at the middle-aged man.

The middle-aged man felt like he was about to go crazy, but he couldn't do anything about the second elder of the Yao family who had identified him as his mother. He looked at the others with pleading eyes, but no one was willing to help him out of this situation!

Actually, it wasn't that everyone didn't want to help him, but that they couldn't help him, because right now, everyone was basically struck by lightning, and the sky was rumbling with Thunder! That was the only thought in everyone's mind.

Moreover, they didn't know how to help. The second elder of the Yao family was clearly acting like a baby who hadn't been weaned yet. Judging from his behavior, he seemed to be certain that the middle-aged man was his mother. They couldn't possibly forcefully separate the mother and son, right?

"Miss, do you think he's really crazy or is he faking it?" After seeing this scene, Feng DA's forehead was full of black lines, and he couldn't help but ask.

"If you think he's really crazy, then he's really crazy. If you think he's pretending, then he's not." Leng ruoxue said in a tongue-twister-like manner.

"Uh! Miss's words are getting more and more profound!" Feng Da said as he wiped the cold sweat off his forehead.

"Hahaha! It looks like things are getting more and more lively." Leng ruoxue said with a smile. She had really underestimated the second elder of the Yao family. She didn't expect him to be able to do this.

In fact, she knew very well that the second elder of the Yao family had not gone mad at all. He had only played the fool in order to survive. Otherwise, the second elder of the Yao family was afraid that they would come up with some way to torture him. But one thing was for sure, the first thing the second elder of the Yao family would do when he returned to the Yao family was to get rid of these people from the affiliated families, and then take revenge on them. Should she really let the Tiger return to the mountain? Forget it, let's see the performance of the Yao family's second elder first! Leng ruoxue thought to herself.

"Miss, you're keeping us in suspense too." Feng Da couldn't help but complain.

"Hahaha! Then what about your own judgment?" Leng ruoxue asked with a smile.

"I think this old man is definitely pretending to be crazy. We gave him so much medicine just now, but he would rather pretend to be dead than wake up. How could he really be crazy?" Feng Da analyzed. That old man's will was firm, and he had a strong heart! It was impossible for him to go crazy over such a small blow.

"Hehe! We just need to watch the show." Leng ruoxue laughed evilly. Since this old man liked to play the fool, if she didn't cooperate with him, she would be letting down this old man's acting skills!

Thinking of this, she turned around and whispered a few words to Feng Da. After that, Feng Da turned around and left.

When Feng Da came back, there was a piece of raw meat in his hand. The meat was still dripping with blood and looked very fresh.

Feng Da walked up to the second elder of the Yao family and looked at him with a kind expression. He even patted his head as if he was petting a puppy, then said, "Little Yao Yao, don't pester your mom. Aren't you hungry? Uncle has a piece of meat here, you should eat it quickly! Don't Starve yourself, or uncle will be heartbroken."

"Uh!" When the people present heard Feng DA's words, the corners of their mouths could not help but Twitch, and black lines appeared on their foreheads. They all thought in unison, 'this guy is too bad!' He actually took a piece of raw meat covered in blood and let the second elder eat it. He even called her little Yao Yao and considered himself uncle. He was too shameless. However, they didn't dare to say this out loud and could only think about it in their hearts.

When the second elder of the Yao family, who was playing the fool, heard Feng DA's words and looked at the piece of raw meat in his hand, he resisted the urge to vomit. His brows furrowed even more imperceptibly, and his mind quickly turned. In the end, he had no choice but to reach out and take the piece of meat that was still dripping with blood.

Even though he really didn't want to take it, he was afraid that if he refused, Leng ruoxue and the others would find out that he was pretending to be crazy. This was because he was very clear that if he didn't want to die now, the other party would most likely not let him off. He still wanted to keep his life and return to the Yao family! Therefore, no matter how disgusting it was, he had no choice but to swallow this piece of meat.

That piece of meat was very fat and looked very greasy. Although the Yao family's second elder had made up his mind to eat it, he couldn't bring himself to eat it. His heart was in a dilemma.

"Little Yao Yao, why are you not eating! Weren't you hungry? Hurry up and eat! This big piece is enough for you to eat, don't be afraid! No one will fight with you for it." Feng Da smiled as he consoled her, but he almost laughed in his heart. The young miss was really too evil. She actually wanted the second elder of the Yao family to eat raw meat. Not only did the meat look bloody, but it was also very fat! Just looking at it made people feel disgusted, not to mention eating it.

After hearing Feng DA's words, the second elder steeled his heart and stuffed the bloodied meat into his mouth. The meat was smooth and greasy, and the tendrils were thick, with a faint fishy smell. In addition, his front teeth had been knocked out by Feng Da, so he could not break the meat after biting it several times. Instead, the feeling of wanting to vomit kept surging up his throat ...

"Little Yao Yao, uncle was wrong. I shouldn't have given you such a big piece of meat. You don't have teeth. Come, uncle will cut it into small pieces for you." Feng Da watched the battle between the second elder of the Yao family and the piece of meat and laughed to himself. However, he put on an expression as if he had done something wrong. Then, he snatched the piece of raw meat from the second elder's mouth and took out a knife from his storage ring. Shua! Whoosh! In a few moments, the meat was cut into small pieces. The fat and thin parts were evenly distributed. After cutting, he carried the meat on a huge leaf and returned it to the Yao family's second elder.

Chapter 1212: Test (2)

The second elder of the Yao family looked at the piece of meat in his hand and felt like crying. In order not to let Leng ruoxue and the rest notice anything amiss, he had no choice but to swallow the things he had vomited. Then, he picked up a small piece of meat and put it in his mouth. He swallowed it without even chewing ...

After a long time.

Feng Da was full of admiration when he saw that the second elder of the Yao family had finished all the meat. Then, he took out a piece of meat from his ring and cut it into small pieces. He handed it to the second elder and said with a smile, "Come, little Yao Yao, eat more! You're still growing, so Don't Starve yourself!"

"Uncle! I'm full!" The Yao family's second elder said as he tried to hold back his nausea. He really didn't want to eat anymore, and he couldn't eat anymore! Otherwise, he would be exposed. Moreover, the meat Feng Da took out this time was even fatter than the previous one. Damn it, wasn't he deliberately messing with him?

Actually, he had guessed correctly. The reason why Leng ruoxue had Feng Da do this was to prank him. She wanted to see how much this second elder of the Yao family could endure in order to play the fool. Furthermore, this was only the beginning.

"Little Yao Yao, kids can't lie! You're obviously not full, how can you lie to uncle! Don't you guys agree?" Feng Da said disapprovingly, then asked the others.

“Yup! Little Yao Yao, hurry up and eat!” Chi Rui said cooperatively, but he was already laughing in his heart. This second elder of the Yao family was truly too pitiful. Did he think that he could escape just because he was crazy? Based on his understanding of Leng ruoxue and the rest, he knew that it was impossible. They would not let him off so easily!

“Little Yao Yao, hurry up and eat! Look at how well this uncle is treating you and how much he cares about you!”

“Yup! Little Yao Yao, a child can’t disobey an adult’s words. Just eat when I tell you to!”

Under the pressure, everyone had no choice but to speak up to persuade him. Their words made the Yao family’s second elder secretly hate them, and he secretly memorized the people who spoke. Hmph! I’ll let you be proud for a while, but you’ll regret it later.

“Little Yao Yao, look at all the uncles and aunties who are so concerned about you. You can’t let down our good intentions!” Feng Da reminded him with a smile.

“Oh!” “Yes,” the Yao family’s second elder responded softly. He then unwillingly picked up the meat and began to stuff it into his mouth. However, when he endured the disgust and finished the meat, he realized that Feng Da had taken out another piece of meat. He did not even think and pretended to faint.

“Uh! Little Yao Yao, what’s wrong with you?” Feng Da was greatly alarmed and kicked the Yao family’s second elder with a concerned expression.

“Miss, he fainted again. Get the medicine!” Feng Da said nervously when he saw that the second elder of the Yao family had no reaction.

“The Yao family’s second elder probably fainted from hunger. You just have to feed him more.” Leng ruoxue reminded.

“Oh, right! How could I have forgotten about this?” Feng Da patted his forehead as if he had suddenly realized something. Then, he lowered his body and brought the meat to the mouth of the Yao family’s second elder, coaxing, “Little Yao Yao, uncle knows you’re hungry. Hurry up and get up to eat. If you don’t get up, uncle will throw you into the forest to feed the wolves!”

“Uh!” When everyone heard Feng DA’s words, cold sweat trickled down their foreheads and they secretly cursed him. This person was really too bad. He wanted to wake up the second elder of the Yao family to eat and even threatened him. However, they were more curious whether the second elder of the Yao family would really wake up.

After a long while, Feng Da saw that the second elder of the Yao family was still pretending to be unconscious, so he directly instructed Lin Yuan, “Lin Yuan, bring a Wolf over.”

“Alright!” Lin Yuan replied with a bitter smile. The captain asked him to lead a Wolf, but he didn’t have any wolf-type beasts, so where was he supposed to lead one? He was in a difficult position! After thinking for a while, he suddenly had an idea. He turned around and ran into the forest.

An hour later, he returned, and beside him was a pitch-black, enormous Wolf. That Wolf's eyes were deep and fierce, and with one look, one could tell that it was a very bloodthirsty beast.

"Big black, eat him!" Lin Yuan pointed at the Yao family's second elder who was still lying on the ground.

"Master! Can I really eat him?" The giant black Wolf said with uncertainty.

"Of course." Lin Yuan nodded his head.

After the giant black Wolf received an affirmative answer, it strode to the side of the Yao family's second elder and sniffed. Then, it said with a look of disgust, "Master, this person is too stinky. Can I not eat him?"

"Big black! He was a high level deity! If you eat it, you might be able to advance." Lin Yuan reminded.

"I know, but I really don't want to eat him! Although I'm a Wolf, we wolves also have taste. We don't just stuff everything into our mouths." The black wolf said seriously. To the second elder of the Yao family, who was pretending to be unconscious, its words were like sarcasm. He was worse than a Wolf, and he would put anything into his mouth.

When the people present heard the black wolf's words, they glanced at the second elder of the Yao family who was lying on the ground and didn't know what to say. As the second elder of the Yao family, he would never have thought that he would be looked down upon by a Wolf, right? Other than expressing sympathy for the second elder of the Yao family, they had no other thoughts.

"Then what should we do? We can't let it go to waste." Lin Yuan said with some difficulty.

"Master, I know a giant python in the forest. That guy is very tasteless and will eat anything. Why don't you let it eat this man?" The giant black Wolf suggested.

"Captain, what do you think?" Lin Yuan asked for Feng DA's opinion.

"That's fine too!" Feng Da frowned and laughed in his heart. The Yao family's second elder was actually despised by the wolves! He really didn't know where Lin Yuan had found this Wolf. It was quite interesting.

"Big black, then go quickly and come back quickly." Seeing that Feng Da had agreed, Lin Yuan said to the giant black Wolf.

"Yes." The black wolf nodded and disappeared like a Black Lightning.

Not long after, the giant black Wolf returned with a squirming gray Python. The Python was nearly a hundred meters long and as thick as a water tank. It had a pair of light-bulb sized gray-black eyes that were looking at the people in front of it with vigilance.

Chapter 1213: Test (3)

?

"Master, I'm back." The giant black Wolf said.

"Big black, this is your friend." Lin Yuan said in understanding.

“Yes, master can call him big gray.” The giant black Wolf grinned.

“Uh!” Lin Yuan was a little speechless. The names of these beasts were really simple enough. They actually differentiated them by color, hehe! I wonder what they’re called when they’re in the same color?

“Hello, big Black’s master.” The grey Python said politely.

“Hello, are you interested in that person?” Lin Yuan pointed at the Yao family’s second elder on the ground and asked.

After hearing Lin Yuan’s words, the gray Python slowly came to the side of the Yao family’s second elder. After carefully observing him, it finally came to an important conclusion. “This person’s body stinks! How long have you not showered?”

“I don’t know! Big gray, right? Take a look and see if this thing is edible!” Feng Da said with a smile. Since the Yao family’s second elder liked to play dead so much, then he couldn’t be blamed!

“Yes, I can eat it, but ... I hate people who are stinky.” The grey Python’s face was filled with dissatisfaction.

“There’s no other way! Just make do with it!” Feng Da said helplessly.

“Ah! Alright!” The grey Python unwillingly nodded and opened its mouth, but it did not bite down. The saliva in its mouth dripped from the corner of its mouth onto the second elder’s body. In the blink of an eye, the second elder was completely drenched.

The gray Python’s breath was extremely heavy, and it emitted a strong stench. Its saliva, in particular, smelled even worse. The second elder of the Yao family, who was pretending to be unconscious, could only hold his breath, not even daring to breathe loudly. At this moment, the Python’s thick tail swept across his body again, causing him to lose all the breath he had held in with great difficulty, and the unpleasant smell directly entered his nose ...

The stench made it impossible for him to continue pretending. However, just as he was about to get up, he found that the huge gray Python’s bloody mouth was right at his head, and its saliva happened to drip into his mouth.

“Cough cough!” The second elder of the Yao family coughed non-stop. He pushed the giant Python’s head away, flipped over, and jumped up. Then, he vomited.

“Little Yao Yao is finally awake, sigh! Uncle spent a lot of effort to wake you up!” Feng Da couldn’t help but grumble, and then he said to the gray Python in embarrassment, “Big grey, I’m sorry! I thought he was dead, so I wanted to give you food. Now that he’s awake, I can’t let you eat him!”

“It doesn’t matter! If he dies again, you can just give him to me to eat. ” The grey Python said indifferently, then obediently crawled to the side and stayed there.

“Little Yao Yao, did you hear that? If you die again, I’ll have to feed you to this Python!” Feng Da said with a smirk.

“Come! It was better to obediently eat this meat! Uncle won’t allow you to waste it.” Feng Da said.

“Uncle is the best.” The Yao family’s second elder gritted his teeth, his heart filled with hatred for Feng Da! However, he had no choice but to swallow his pride. Who asked him to pretend to be crazy! This time, he had really shot himself in the foot.

“Be good!” Feng Da personally watched as the second elder of the Yao family ate the raw meat again. Then, he took out a cup of water and passed it to him.

“Come, drink some water. Don’t swallow it.” Feng Da asked with concern.

The Yao family’s second elder took the water, raised his head, and poured it all into his mouth. However, after he swallowed it, he realized that it was not water at all, but wine, and wine with a very high alcohol content.

As soon as the wine entered his stomach, he felt as if his stomach was on fire. Furthermore, he felt like he wanted to relieve himself. What the hell was this wine for him? Wasn’t she trying to take his life? He couldn’t wait to find a place to relieve himself, but before he could do so, he was stopped by Feng Da.

“Little Yao Yao, where do you want to go? Don’t run around! There are many wild beasts in the forest, and they will eat you.” Feng Da said with a smile.

“I want to relieve myself!” The second elder of the Yao family shouted loudly. At this time, he no longer cared if they would find out that he was pretending to be crazy. He only wanted to find a place to solve his own problem.

“We can’t relieve ourselves here, let big grey take you somewhere else!” Feng Da gave big grey beside him a look, and big grey quickly crawled over. Then, it used its tail to wrap around the Yao family’s second elder, and with a ‘whoosh’, they disappeared.

When night fell, big grey and the Yao family’s second elder still hadn’t returned.

Everyone present couldn’t help but secretly guess that the Yao family’s second elder couldn’t have secretly sneaked away! However, just as they were letting their thoughts run wild, they noticed that the gray Python was slowly crawling back with the second elder of the Yao family wrapped in its arms.

In front of the crowd, the gray Python threw the second elder to the ground with a look of disgust. The second elder’s face was frighteningly pale and his body was extremely weak. He had been lying on the ground ever since he was thrown.

When everyone saw this situation, their gossiping hearts were all hooked. Hehe! The Yao family’s second elder looked as if he had been ravaged by some beast.

“Don’t let your thoughts run wild, I didn’t do anything to him! He was the one who pulled for too long and was exhausted.” The gray Python could not help but defend itself when it saw the strange gazes of the people in front of it.

“Uh!” Everyone didn’t expect that their thoughts would be seen through by a Beastie, and they were all a little embarrassed.

“Big grey, where did you take him? What took you so long?” Feng Da asked curiously.

"I brought him out of the forest to relieve himself outside of Linjiang City." The gray Python explained. How could it let a human relieve himself in the forest? That would be too unhygienic.

"Uh! You're really smart!" Feng Da agreed. The road outside Linjiang City was the only path the Yao family had to take. It was convenient to take the road there, and it would also give the second elder of the Yao family an unforgettable memory.

"Hehe! You're flattering me, but when he was relieving himself, he was surrounded by many people." The grey Python said.

"This is really none of my business! I didn't know that there would be so many people there today. Usually, there aren't many people walking around there." The grey Python explained with a wronged expression.

Chapter 1214: Test (4)

"It doesn't matter! It's okay, little Yao Yao won't mind and won't blame you. You're just being kind!" Feng Da saw the gray Python feeling guilty and quickly comforted it.

Don't know, my ass! The Yao family's second elder, who was lying on the ground, cursed in his heart. At this moment, another damn gray Python had appeared on his list of targets to kill. F * ck, he didn't know if this damn snake was in cahoots with Feng Da and the others. Why did they have to mess with him together? He felt extremely unbalanced.

In fact, he had really wronged the gray Python. It was purely an accident that the gray Python had taken him to the road leading to Linjiang City.

At first, the gray Python only wanted to take the second elder out of the forest. However, it remembered that the cities near the forest had already belonged to big Black's master, so it naturally couldn't let the second elder relieve himself in Linjiang City. Therefore, it walked further and further away until it was far away from Linjiang City before it let the second elder down.

At that time, the second elder of the Yao family couldn't hold it in any longer. He didn't even have time to see where he was and immediately took off his pants to relieve himself. As a result, while he was relieving himself, there were always people passing by on the road from time to time. Therefore, his indecent behavior was seen by people, and there were even people who knew him.

Oh! After all, the second elder of the Yao family was a well-known figure on the divine mainland. Now, he had lost all his face. Therefore, he hated the giant grey Python as well.

"Really?" The grey Python's eyes were filled with tears as it carefully asked.

"Yes, little Yao Yao, you won't blame it, right?" Feng Da asked as he bent down and looked at the second elder of the Yao family who was lying on the ground.

"Yes." The second elder of the Yao family suppressed his anger and unwillingly nodded.

"Little Yaoyao is so obedient!" Feng Da patted the head of the second elder of the Yao family and praised him.

The second elder of the Yao family closed his eyes in anger, not willing to speak.

At this moment, Leng ruoxue, who had seen enough of the commotion, smiled faintly at the members of the Yao family's subsidiary family and said, "Alright, since little Yao Yao has returned, you can take her away!"

"Uh!" The members of the Yao family's subsidiary families looked at each other, their eyes filled with unwillingness.

"What's wrong? Are you all afraid of a lunatic?" Leng ruoxue said with a look of disdain. After a round of probing, she was deeply impressed by the patience of the Yao family's second elder. However, this way, she wouldn't be able to let him return to the Yao family in peace. The best way was to let them fight each other. She would hand over the feigned madness of the Yao family's second elder to the other affiliated families. As for how they would treat him or how he would deal with them, that was not within her scope of concern.

"We ..." The members of the Yao family's affiliated families were hesitant. In fact, they weren't afraid, but they didn't want the second elder of the Yao family to return to the Yao family. Otherwise, they would be the first ones to suffer. However, they couldn't say this too bluntly.

Reading on Mybo xno vel. com ,Please!

"You guys what? Don't be afraid, he's just a lunatic, no one will believe his words." Leng ruoxue consoled.

"You can leave the mountain now! Remember what I said, you can come to the outer part of the forest, but you are not allowed to enter the forest and these three mountains without my permission. Otherwise, don't blame me for being ruthless!" Leng ruoxue warned again.

"Don't worry, miss Leng. We know what to do." The moment Leng ruoxue finished speaking, some forces immediately expressed their intentions to please her.

After that, the other forces also followed suit. After seeing the fate of the Yao family, they didn't dare to not cooperate.

After that, other than the ning family and Chi family's teams, all the other forces left the nightmare forest dejectedly. The second elder of the Yao family was carried away by the people of the Yao family's subsidiary families.

"Young lady Leng, aren't you afraid of bringing trouble to yourself by letting the Yao family's second elder leave like this?" Chi Rui couldn't help but ask as he watched the forces leave. In his opinion, the second elder of the Yao family shouldn't have let him go at all. Otherwise, there would be endless trouble.

"Someone will take care of him for me. Since that's the case, there's no need for me to personally take action." Leng ruoxue laughed evilly.

Leng ruoxue didn't think that the second elder of the Yao family would still be alive on his way back to the Yao family. So, even if she didn't kill him, those people who wanted to hit him when he was down wouldn't let him off. Since that was the case, why did she have to do something unnecessary?

If the second elder of the Yao family really met with an accident on the road, then all the major forces would naturally become her accomplices in dealing with the Yao family. In this way, no one would dare to disclose what had happened here, unless they didn't want to live anymore. Because the Yao family would never let go of those who betrayed them. She believed that those major forces were not fools and would know what was the best choice for them.

"Uh!" Chi Rui was speechless. It seemed like Leng ruoxue had a backup plan! No wonder he wasn't worried about letting the Tiger return to the mountain. Sigh! When would he be able to be as calm as Leng ruoxue?

"Alright, don't think so much. The second elder of the Yao family can't possibly return to the Yao family alive, and even if the Yao family wants to avenge their dead clansmen, it'll be very difficult to find an enemy." Leng ruoxue replied with absolute certainty. As for how the Yao family's subsidiary families would tell their master about this, that was not within her scope of consideration.

"Then I'm relieved." Chi Rui sighed and said helplessly. It seemed that this was the difference between people! Wuuu ...

"Hahaha! You don't have to be so sad, let's go! Come with me to take a look at our new home." Leng ruoxue looked at Chi Rui's depressed expression and couldn't help but laugh.

"Alright," he said. Chi Rui nodded. Following that, the Chi family and the ning family followed Leng ruoxue and the rest into the Leng family's main residence.

After taking a look around, ning Fei and Chi Rui were full of admiration for the layout of the house. They were even a little envious, because in their eyes, Leng ruoxue and the others really knew how to enjoy life. Not only was the spiritual Qi in the house surprisingly rich, but it was also warm in winter and cool in summer. The scenery was beautiful, which was absolutely refreshing.

Chapter 1215: Entering the inner forest (1)

"Miss Leng, why do you want to build a territory in the 'nightmare forest'?" Chi Rui asked curiously. In his opinion, this forest was full of danger and was definitely not a good place to be a territory.

"This place is not bad! With mountains and water, it'll be easy to gain experience." Leng ruoxue said with a smile.

"Uh! However, there are many poisonous bees, scorpions, and giant spiders in the forest." Chi Rui couldn't help but remind him. The poisonous insects they had encountered in the forest not long ago were still fresh in his memory. Although he didn't know where those poisonous insects suddenly appeared and then disappeared without a trace, the sense of danger in the forest had been deeply rooted in his heart. So, if it were him, he would definitely not choose this place as his territory. Otherwise, those poisonous insects would come and harass him from time to time. No one would be able to stand it.

"The poisonous insects in the forest will not attack people unless they are provoked." Leng ruoxue laughed evilly and added in her heart, with the exception of certain people.

“Uh! Could it be that they were attacked before because someone provoked those poisonous insects?” Chi Rui said with a puzzled expression. This matter was so strange that he couldn’t understand it no matter how much he thought about it. Why did those poisonous insects attack so many forces but not the Chi and ning families?

“It’s very possible. Oh, I’ve arranged a place for you to stay. You can stay here for a few days before going back!” Leng ruoxue changed the topic.

“Alright,” he said. Ning Fei and Chi Rui nodded in agreement.

Then, Leng ruoxue arranged for Feng Da to take them to their respective residences. However, ning Fei stayed where he was and looked at her as if he wanted to say something.

“Master ning, is there anything else you need?” Leng ruoxue pretended to be confused, but she was laughing in her heart. This ning Fei is acting reserved too, hehe! It was a weird feeling to see a grown man acting all coy in front of her.

“Miss Leng, I ... I would like to meet the old ancestor.” Ning Fei mustered up his courage and said. He knew that his request was a little abrupt. Not everyone could see the ancestor whenever they wanted to. Even in the main family, it was not easy for the younger generation to see the ancestor. However, he still wanted to try his luck, but he did not dare to have too much hope.

“Master ning, I can understand what you’re thinking, but it’s not up to me whether Godfather wants to see you or not, but I can help you pass on the message.” Leng ruoxue said softly.

“Then I’ll thank miss Leng first. I’ll take my leave first.” Ning Fei turned around and left.

Looking at ning Fei’s back, the evil man pulled Xue ‘er into his arms and teased, “Xue ‘er, you’re so bad! Letting old man ning meet a junior of the family is just a matter of a word from you, but you just have to keep us in suspense.”

“You’re right. As long as I ask, my Godfather will definitely meet ning Fei for my sake. However, that’s why I can’t ask him. If my Godfather really wants to meet the ning family, I wouldn’t have to say it!” Leng ruoxue explained indifferently. As the saying goes, one should not impose on others what one did not want others to do to them. Therefore, she would not use her Godfather’s love as some capital to show off, and she would not interfere with the ning family’s internal affairs.

“Hehe! It’s old man ning’s fortune to have you as his goddaughter.” The demon said with a doting expression.

Reading on Mybo xno vel. com ,Please!

“Evidloer, now that the major forces ‘Affairs have been basically resolved, let’s go to the inner part of the forest when we have time!” Su mo said. Leng ruoxue suggested. Due to the urgency of the situation, the various major factions responded to her call and moved. Hence, Feng Da and the rest had only swept through the outer perimeter. As for the deeper parts of the forest, they had yet to go in. Hence, she wanted to go in and take a look personally.

“Alright! But we’ll have to wait until the ning and Chi family leave!” The demon said.

“Yes, we’ll go after they leave.” Leng ruoxue nodded.

After that, the nings and the Chi family stayed in master Leng's house for almost five days. During this time, master ning even went to see ning Fei. After that, ning Fei was stunned. No one knew what master ning and ning Fei talked about, but ning Fei was more respectful to Leng ruoxue.

After sending off the people from the ning and Chi families, Leng ruoxue and the rest set off towards the depths of the forest.

As they walked into the depths of the forest, Leng ruoxue and the rest collected herbs from the side of the road. As there weren't many teams that dared to venture into the depths of the forest, there were unusually many herbs in the forest. Although many of them were ordinary herbs, the consumption of ordinary herbs was much greater than precious herbs when refining pills. Therefore, they would not let go of any herbs they saw.

Master ning frowned as he watched Leng ruoxue and the rest gather herbs as they walked. He could not help but ask, "Xue'er! If we follow this path, when can we reach the deepest part?"

He had never been to the deepest part of the nightmare forest, so he was really curious about what he would find there. Therefore, he followed them. However, according to the way these little guys were walking, it would be difficult for them to reach the depths before dark.

"Godfather, what's the hurry? We're not in a hurry." Leng ruoxue chuckled. She would feel uncomfortable if she didn't pick the herbs. Could this be the so-called occupational disease? And her subordinates were infected by her, clearly also caught this occupational disease.

"It is! You damned old man, what's the rush! How could a fellow like you, who doesn't know how to refine tools or refine pills, understand our feelings when we see the materials! Girl, ignore him, let's slowly pick and dig!" After the first elder yelled at master ning, he turned to Leng ruoxue and smiled. There were not only herbs on the way, but also a lot of ordinary ores, which were also necessary for those who wanted to refine weapons. That was why he supported Leng ruoxue and the others' actions. He even thought that as a qualified blacksmith, this was how they should be.

"Hahaha! Alright." Seeing that the two old men were about to start a fight again, Leng ruoxue chuckled and replied. These two men were just like her grandfather and the rest. They never stopped quarreling. However, the more they quarreled, the better their relationship was.

"You old thing, you only know how to bully me, Wu ..." Master ning's face was full of grievances, and his eyes were filled with tears as he pretended to be pitiful. However, his pitiful appearance was completely ignored by everyone.

Chapter 1216: Entering the inner forest (2)

Leng ruoxue and the rest glanced at him! Then bent down to continue gathering the herbs on the ground! First elder and the rest were focused on digging the ores on the ground. The subordinates of master ning looked at their master with sympathy, and couldn't help but sigh in their hearts. It seemed that the family head didn't have much status among these people! Otherwise, why would he always be bullied? If this was the ning family, who would dare to treat the master like this!

However, they only dared to think about it in their hearts. If they really felt injustice for their master and said something that they shouldn't say, the master would definitely not let them off. The clan head had a heart of being abused. After getting along for so long, they were very clear about it.

In fact, it was very difficult for them to understand the thoughts of the master of the ning family with their status! After all, no matter how high the status of the master of the ning family was, he was just a person. He also needed family love, warmth, and care, but no one in the ning family could give him that. To put it bluntly, the younger generation of the ning family could not treat him as an ordinary old man. In the eyes of the ning family, his status was unattainable and Supreme. He was the ancestor of all the ning family, so they did not dare to show any disrespect to master ning. This was also the main reason why master ning was not in a hurry to return to the ning family, and instead chose to hang out with Leng ruoxue and the rest.

"You're really too much. No one coaxed me, wuu ..." Seeing that no one was paying attention, master ning continued to complain.

"Godfather, don't pretend to be pitiful. I'll make you something delicious tonight." Leng ruoxue sighed and said helplessly.

"Yes, yes!" Master ning nodded happily, then looked at the first elder provocatively and said proudly, "Damn old man, it's my goddaughter who cares about me! Hmph! You should learn!"

"Your goddaughter is my godgranddaughter, so you're considered my junior! What's there to be proud of?" The Grand Elder retorted with disdain.

"Old man, don't lie to me. Little Xue 'er is not your God-granddaughter. Besides, I'm not afraid even if it's me. Let's talk about our own matters. In short, don't even think about taking advantage of me." Seeing that someone was quarreling with him, master ning's spirit rose again.

"Old thing, you can be proud! You'll be crying sooner or later!" The great elder rolled his eyes at master ning, and then lowered his head to dig the ore again.

Seeing that no one was paying attention to him again, master ning began to feel bored.

Seeing master ning like this, his subordinates all felt helpless, but they couldn't do anything. After all, they were not the great elder and didn't have the guts to argue with master ning.

Leng ruoxue and the rest walked as they gathered. By the time they entered the depths of the forest, it was already evening. They found a clean and spacious place and Leng ruoxue took out the house that first elder had given her. She placed it on the ground and the group entered the house.

"Hehe! Old thing, this house you made is really not bad! We've already agreed on this. I'll provide the materials, and you'll give me the essence Qi to help me refine one." Master ning, who was looking around in the courtyard, reminded him.

"You can't be left out." The first elder said helplessly. It was all his fault. Why did he have to give the girl this house in front of this old thing? Now, he had been targeted by this damn thing.

"Then when will you make it for me?" The master of the ning family asked anxiously.

“What’s the hurry? Have you prepared the materials?” The great elder rolled his eyes at master ning.

“I’ve already sent someone to prepare it. It won’t be long before the materials are sent to me.” Master ning said quickly.

“Then we’ll talk when you bring the materials.” The head elder said unhappily. As long as he thought of the origin breath he was going to give out, his heart would ache a little. Wu ... Origin breath was extremely hard to come by!

“Yes, yes.” Master ning nodded. From the corner of his eye, he saw Leng ruoxue and the others preparing dinner at the other side of the courtyard. He could not help but ask curiously, “Girl, what are we having for dinner?”

“You’ll know when the time comes.” Leng ruoxue kept them in suspense. Actually, she didn’t know what they wanted to eat for dinner, so she prepared everything for everyone to choose. It was like a buffet.

“Oh!” Master ning looked at Leng ruoxue, feeling wronged. He complained in his heart, “wah...Bad girl. She knew that I wanted to know, but she still kept me in suspense.”

“Hehe! Godfather, great elder, it’s time to eat.” Leng ruoxue chuckled as she spoke to the two of them.

“Argh! So fast?” Master ning looked at the table in confusion. The table was empty, and there was nothing there! What were they supposed to eat? Moreover, the fish in the hands of Feng Da and the others didn’t seem to be cooked. He couldn’t be thinking of letting them eat raw fish, right?

“You two find a place to sit first, the food will be here soon.” Just as Leng ruoxue finished speaking, Feng Da and the rest served the fish that they had packed.

“Girl, do you really want us to eat raw fish? I’m not the second elder of the Yao family, I don’t eat raw food.” Master ning said with a face full of fear. As long as he thought of how the second elder of the Yao family had eaten so much raw meat, his scalp would go numb. These bad guys’ ability to trick people was really too much to catch up to!

“Master ning, don’t be afraid. This fish is different from the raw meat that the second elder of the Yao family eats. It’s called raw fish slices and very delicious. If it weren’t for you two, we wouldn’t have been willing to make it for others to eat!” Feng Da said with a smile, and his words made the two old men smile.

“Hehe! Kid, you really know how to talk!” The great elder complimented him with a smile.

“Xue ‘er! Your subordinates are all eloquent, unlike my stupid subordinates! It’s like a mouse seeing a cat when it sees me, it’s very boring.” Master ning also said with envy. However, his subordinates who were not far away heard master’s evaluation of them felt wronged in their hearts. Although they didn’t dare to be rude to master, they weren’t at the point of a mouse seeing a cat!

“Godfather, let’s eat!” Leng ruoxue sneaked a glance at the ning family’s subordinates, who had hidden bitterness in their eyes. She was so embarrassed that she didn’t know what to say, so she could only change the topic.

“Alright,” he said. Master ning and the great elder nodded, and the dishes were served one by one. The two looked at the rich variety of dishes, and without waiting for the others to serve, they began to eat first, praising as they ate.

Chapter 1217: Entering the inner forest (3)

Leng ruoxue looked at the two of them wolfing down the food and was speechless. It was just a meal. Was there a need to act as if he hadn't eaten in 800 years? If people who didn't know saw them like this, wouldn't they think that he had abused them? She didn't remember not having them eat or drink. How could it be like this?

In fact, it wasn't just her. Even master ning's subordinates felt a little embarrassed when they saw their master like this. After all, what good things didn't the ning family have? Even the head of the family had never been so gluttonous as he was here, although they had to admit that the food made by others was indeed more delicious than their own.

“Eh? Why aren't you guys eating?” After eating for a while, master ning raised his head and found that everyone was looking at them. He couldn't help but ask in confusion. He really didn't know what these people were thinking when they didn't eat such delicious food. He couldn't help sighing in his heart. At this time, he would never have thought that everyone was actually frightened by the wind and cloud remnants when he and the great elder ate.

“You guys have already finished it, what else can we eat?” Liu Feng couldn't bear it anymore and roared. These two old things were really too much. They actually ate almost all the food on the table. What interest did they have when they saw the remaining leftovers?!

“Uh! I'm sorry! We thought you guys were eating too!” Master ning and the great elder looked at the remaining dishes on the table and pretended to be embarrassed. However, they didn't stop stuffing food into their mouths. Seeing them like this, everyone was speechless.

“It doesn't matter, let's get more!” Leng ruoxue tried to smooth things over. She didn't want these people to fight over a meal. Looking at Liu Feng's angry face, she didn't doubt this possibility at all.

“Good, good! Quickly make some more, I'm not full yet!” Master ning quickly agreed upon hearing Leng ruoxue's words.

“You're not full yet? Are you a pig?” Hearing master ning's shameless words, Liu Feng couldn't help but curse.

“Brat, you dare to call me a pig? Do you really think that I won't dare to beat you up?” Master ning said angrily.

“Old man ning, he even dared to scold me, what are you?” The first elder lifted his eyelids and said calmly.

“That's because you didn't discipline him well, Hmph! There's no one in the ning family who dares to scold me!” Master ning shouted with a proud face.

“Yup! None of your descendants would dare to scold you to your face. They only do it behind your back!” The first elder said.

“You old thing, do you have to go against me?” Master ning’s eyes were wide open as he shouted.

“Al! It can’t be helped, it’s my hobby!” The first elder sighed as he helplessly said.

Leng ruoxue was speechless when she saw the two old men arguing over a meal. She gave Feng Da and the rest a look and they left the place quietly, leaving the place to these two old men who did not respect them.

Master ning and the first elder saw Leng ruoxue and the others leave from the corner of their eyes. They could not help but look at each other and smile. Then, they continued eating.

“Little fox, why did you leave that place for them? you don’t understand those two old things. They clearly quarreled on purpose. Now that their goal has been achieved, I’m afraid they’re eating happily!” Liu Feng grumbled. After knowing them for so many years, he understood the nature of those two old men too well.

In fact, he was right. Master ning and the great elder were unscrupulous in order to occupy the remaining food. Although they were leftovers in the eyes of Liu Feng and the others, the two old men would not let them go.

“It doesn’t matter. If they like it, then let them eat! Let’s go and eat something more delicious.” Leng ruoxue laughed evilly. How could she not guess what the two old men were thinking? the reason why she had brought everyone away so quickly was to let the two of them know that they would regret it so much that their intestines would turn green.

“There’s something even more delicious?” Liu Feng’s eyes widened as he asked in disbelief.

“Of course, hehe! You guys are in for a treat!” Feng Da kept him in suspense.

“What is it?” Mo Yan also asked curiously.

“You’ll know in a while.” Leng ruoxue brought them to the dining room. Then, she took out a few big fish that were still alive and kicking from her bracelet and placed them on the table.

“What fish is this? She’s pretty.” Liu Feng looked at the huge fish in front of him and asked curiously.

“This is called Silver Snow fish. It can only be found on the Haotian continent.” Leng ruoxue explained.

“Oh!” Liu Feng nodded his head, but he couldn’t help but think to himself, isn’t it just a few fish? How good could it be? However, when he ate the silver Snow fish, he realized that he had lived in vain for so many years. He didn’t know that the fish meat would be so fresh and delicious! He was so excited that he almost bit off his tongue.

After Leng ruoxue and the rest finished their dinner, master ning and the first elder came looking for them. However, when they saw the strange looks from the crowd, the two old men were puzzled.

What was going on? Liu Feng's face was actually filled with sympathy. Did they miss something? Master ning and the great elder secretly guessed.

"You little brat, what's with that look?" After a long while, master ning finally couldn't help but ask.

"Nothing. I just wanted to ask if the food was good." Liu Feng said with a light smile.

"Of course it's delicious, sigh! I'm sorry! We couldn't control it, so we didn't leave any for you." Master ning said apologetically.

"It's fine." Liu Feng said nonchalantly, hehe! If they hadn't eaten all the vegetables, he probably wouldn't have been able to eat such delicious fish! He heard from Feng Da that the little fox didn't allow them to eat that kind of fish.

"Uh! You brat, you've changed. I thought you'd continue to scold me!" Master ning said with a smile, as if he had just met Liufeng today.

"I don't scold people easily." Liu Feng said indifferently.

"You little brat! What do you mean by that? What did he mean by not scolding people easily? Am I not a human?" The more master ning heard these words, the more wrong they seemed, and he couldn't help but ask.

"It doesn't mean anything! Ah! I'm so full, I'm going to sleep." Liu Feng stretched lazily, then stood up and left the dining room.

"We're going to sleep too." Leng ruoxue stood up and said.

In the blink of an eye, only the great elder and master ning were left in the dining room.

"Uh! Where are we going?" Master ning asked dumbly, thinking in his heart, these guys left too quickly! Could it be that there was something shameful going on?

"Of course I'm going to sleep. It's getting late. I still have to continue mining tomorrow!" After the great elder finished speaking, he left master ning behind and left alone.

"Mine! Mining! You only know how to mine!" Master ning complained to himself. As soon as he heard about mining, he knew that tomorrow's speed would not be fast.

Just as he had expected, after they set off the next day, Leng ruoxue and the rest placed all their attention on picking herbs again. The great elder naturally had his eyes on his ores. Only master ning had nothing to do, and could only stare at his unlikable subordinate.

He wanted to help pick herbs, but little Xue'er said that he only picked grass and asked him to help the great elder dig the ore. He went to help the great elder and the others dig the ore, but that damned old man actually said that he was clumsy and in the way. He was really angry!

Leng ruoxue could not help but find it funny when she saw master ning glaring at them from the side. Why was this old man acting like a child? he was even throwing a tantrum.

"Godfather, we're almost done digging. We can continue." Leng ruoxue chuckled.

“Then let’s go!” Master ning was a little impatient. It had been two days, and they had only walked so little. Sigh! When would they be able to enter the deepest part of the forest!

“Let’s go!” Leng ruoxue nodded and the group continued on their journey.

After walking in the forest for five days, Leng ruoxue and the rest finally arrived at the deepest part of the forest.

The depths of the forest were usually called the inner regions, and Leng ruoxue and the others were heading to the deepest part of the inner regions.

Leng ruoxue and the rest were amazed as they looked at the dense giant tree in front of them. As expected of a tree from the immortal realm, it could actually grow to such a huge size. It would probably take dozens of people to surround it.

“Go! Let’s quickly go in and take a look!” Master ning urged. After walking for five days, they had finally arrived. He was looking forward to it!

“Go in!” Leng ruoxue looked at master ning’s anxious face with amusement as she said to the crowd.

“Everyone, be careful and stay safe!” Leng ruoxue reminded.

The crowd nodded and walked in ...

In the deepest part of the inner regions, other than being covered by countless giant trees, there were also many high-level beasts. The places that Leng ruoxue and the rest passed by were filled with countless herbs and ores. The crowd was envious. Even master ning, who was not interested in herbs and ores, was shocked. However, when he thought about how these people were going to start picking herbs and mining, he felt depressed again ...

Chapter 1218: Half-orc (1)

Before master ning could put his thoughts to rest, he saw Leng ruoxue and the rest bending down and squatting on the ground to collect the herbs. The great elder took out his small shovel and started to dig around for ores.

Seeing this scene, master ning was completely helpless. Sob...This group of people has an occupational disease! Although he really wanted to help, it was a pity that these people obviously didn’t think much of him. Thinking of this, he felt even more depressed and simply found a corner to sit down.

By the time Leng ruoxue and the rest were done collecting the herbs and ores before them, it was almost night time again. They could not help but laugh out loud when they saw master ning sitting in a corner like a pitiful little boy with a bitter expression on his face.

“Hahaha! You old thing, why do you have such a dead look?” The first elder couldn’t take it anymore. Who was this damn old man acting pitiful for? He did not have any sympathy!

“Hmph!” Master ning rolled his eyes at first elder and didn’t say anything. He even turned his head to the other side.

“Yo! You’re still throwing a tantrum! Hehe! It’s so funny!” The great elder teased. He had quite a good time mining today, so he decided to just tease this old man.

“I can’t be bothered with you!” Master ning said with a look of disdain.

“Godfather, what’s wrong with you?” Leng ruoxue chuckled, knowing full well what she meant.

“All of you, go pick your herbs and dig your mines. Don’t bother with me!” Master ning said angrily.

“I really don’t want to talk to you? Ah! Alright then! Since this is Godfather’s request, we can only satisfy you.” Leng ruoxue’s face was filled with helplessness, as if she was very unwilling. However, she could not help but snicker in her heart.

When the others saw this, they secretly turned their heads and laughed. When master ning heard Leng ruoxue’s words and saw that everyone had their backs turned to them and were laughing, he felt even more depressed. He was just saying it casually and wanted to be coaxed. Should he really take it seriously? He wanted to cry but had no tears.

“Yup! Old man, we’ll satisfy your request now. Are you satisfied?” The first elder said with an evil smile.

“I’m satisfied! I’m very satisfied!” Master ning said through gritted teeth, wishing he could eat this old thing’s flesh and drink his blood!

“Hehe! Let’s stay here for the night!” Leng ruoxue laughed in her heart. She looked at the sky and decided to set up camp here.

“Yes.” Everyone nodded. Then, Leng ruoxue took out another house and everyone walked in together. This time, master ning walked behind everyone, as if he had been dealt a heavy blow.

After dinner, Leng ruoxue and the rest went back to their own rooms. No one bothered with master ning.

Seeing that they were really ignoring him, master ning’s mood became low. His subordinates who were watching from the side felt extremely sympathetic to their master. This was all the master’s own doing!

The next morning.

When Leng ruoxue and the rest left the room, they did not see master ning and his subordinates. Seeing this, they could not help but let their thoughts run wild.

“Where did Godfather go? You won’t really get angry and leave, right?” Leng ruoxue asked curiously. In her impression, her Godfather shouldn’t be such a petty person.

“I won’t! Don’t worry! Old man ning probably went into the forest. That old thing thinks we’re too slow and can’t wait any longer.” The great elder said with a look of understanding. He had known that old man for a long time. He knew what that guy wanted to do as soon as he raised his butt. Therefore, he did not believe that the old man of the ning family would just leave!

“Damn old man, you’re talking bad about me again!” As soon as the great elder finished speaking, master ning’s voice reached everyone’s ears. The great elder gave Leng ruoxue a look, as if to say, “look! I was right!”

“I didn’t say anything bad about you, don’t accuse me!” The first elder said with a smile.

“Hmph! I heard everything, and you still want to deny it!” Master ning’s eyes were wide open as he said angrily.

“Godfather! Where did you go so early in the morning?” Leng ruoxue asked curiously.

“I’m going hunting, look! I have a lot of prey!” Master ning gestured for his subordinates to bring the prey over and showed it to Leng ruoxue and the others.

“I say, you old thing, you didn’t beat up all the small animals in this forest, did you?” Looking at the frightening amount of prey in the hands of the ning family, the great elder couldn’t help but be speechless.

“Of course not. Not only that, I even picked up a little fellow!” After master ning finished speaking, he motioned for his subordinate to hand over a fluffy white beast.

The little beast looked like a puppy. It was only the size of a palm and seemed to have just been born. It looked so weak that it couldn’t even stand the wind. A pair of big, black eyes were looking at everyone timidly. That cute appearance instantly captured everyone’s hearts.

“Waa! This little thing is so cute. Is it a puppy?” Lü Tao’s eyes were shining as she looked at the little white beast in master ning’s arms.

“I’m not a dog!” Hearing Lu Tao’s words, the little white beast in master ning’s arms complained in a low voice.

“Uh! Then what are you?” Green peach asked curiously.

“I am the great soul-gnawing beast!” The little white beast said proudly.

“Pfft! A little kid like you, and you call yourself a great soul-gnawing beast? what a joke! Little kid, you’re not a good kid when you lie!” Lu Tao reminded him with a smile.

“You dare to look down on the great soul-gnawing beast, Hmph! You will regret this. ” The little white beast pouted its little mouth, and its fluffy cute face was full of dissatisfaction.

“Why are there soul-gnawing beasts here? Where did you kidnap this old thing from?” The great elder asked in surprise. Soul-gnawing beasts were good stuff! Just from its name, one could tell that this beast should be extremely powerful and impossible to guard against. However, there would definitely not be more than ten beasts with such heaven-defying talent in the divine realm. He did not expect that he would actually encounter one here. It really made people envious, jealous, and hateful! Ai! How could he have such good luck? This was really infuriating!

“What do you mean kidnapped? Do you know how to speak? this little Beastie is lost and wants to find its mother, so I brought it back. ” Master ning quickly explained.

“Another one looking for mommy?” The great elder said with a strange expression. As far as he knew, it was not easy for soul-gnawing beasts to give birth, and they were rare in number. Therefore, every baby soul-gnawing beast would be guarded very strictly by its parents. A lost little soul-gnawing beast like this was simply too inconceivable. Could it be that its parents had met with an accident? He couldn’t help but let his thoughts run wild.

Chapter 1219: Half-orc (2)

“Pfft!” Feng Da couldn’t help but laugh when he heard the great elder’s words. He knew that the great elder must have thought of the second elder of the Yao family. However, the second elder of the Yao family was different from this little Beastie!

“What’s so funny? of course, children need to find their mothers.” Master ning rolled his eyes at the crowd.

“Yup! Are you his nanny now?” The first elder laughed and teased.

“Of course I don’t count, this is what I want to give to Xue ‘er.” Master ning’s eyes were spitting fire as he roared. After he finished speaking, he threw the little beast in his arms to Leng ruoxue and said to the little beast, “Little guy, you will follow her from now on. She will dote on you.”

“Really?” The little Beastie’s face was filled with disbelief. Ever since it opened its eyes, it had never seen its parents. The other Beastie in the forest hated it, ostracized it, and always wanted to bully it. If it wasn’t for its terrifying talent, it would have died long ago. Therefore, it found it hard to believe that someone would be willing to take it in.

“It’s true.” Leng ruoxue replied helplessly. It was hard for her to reject such a young man.

When the little Beastie heard Leng ruoxue’s words, its dark and clear eyes flickered with tears. Its little nose sniffled, and it was so touched that it was about to cry.

“Little guy, since your mother is missing, you can stay with us for the time being!” Leng ruoxue looked at little Beastie’s pitiful state and coaxed it with heartache.

“Yes.” The little Beastie nodded its little head, and a little smile appeared on its little face.

After everyone had their breakfast, they continued on their way. However, with the presence of the soul-gnawing beast, a small native, Leng ruoxue and the rest had taken fewer detours in the forest. Furthermore, the little beast knew where the best herbs and ores were.

Leng ruoxue and the others had returned with a full load after spending a few days in the deepest part of the forest. However, master ning did not look too happy because he realized that he had made a mistake. He had given the little beast to little Xue ‘er, but it seemed to have fulfilled their wishes. They had done nothing else other than picking herbs and mining for the past few days. When he thought of this, he felt depressed!

“Godfather, don’t be depressed. Tomorrow, let Xiaoxiao take us to the most dangerous place here.” Leng ruoxue looked at master ning’s bitter expression and said helplessly. Xiaoxiao was the name she

had given to the soul-gnawing beast because even if it was an adult, it would not be much bigger than it was now.

“Girl, ignore him. He’s just bored. He’ll get better if no one cares about him.” First elder said in understanding. Tsk, don’t think that he didn’t know what this old thing was thinking. Didn’t he just feel that he had been given the cold shoulder these days?

“You’re the one who’s bored to death, old man!” Master ning shouted angrily.

“Who said that? I’m so busy!” The first elder said with a smile.

Reading on Mybo xno vel. com ,Please!

“Look at how smug you are.” Master ning was very angry. He couldn’t bear to see this old thing’s smug look. What should he do?

“Alright, stop quarreling. Let’s get ready to eat.” Leng ruoxue laughed helplessly. These two old foodies would only quieten down when they heard that it was time to eat. However, they would also quarrel as they ate.

“Eat! I want to eat!” Before master ning and first elder could say anything, Xiaoxiao, who was lying on Leng ruoxue’s shoulder, rushed to say. She even looked at Leng ruoxue with a drooling face, almost drooling.

Al! Another little glutton. Leng ruoxue sighed helplessly. This little thing might look small, but its appetite was surprisingly big. As long as it saw food, it would obediently do whatever it was told to do. With regards to this, she was extremely speechless. It was fortunate that this little fellow was with them now. Otherwise, if it had fallen into someone else’s hands, wouldn’t it be in trouble?

“Why do you only know how to eat?” Master ning said unhappily. This little guy was now everyone’s new pet, and it always fought with him for food, so he now regretted bringing it back. Wu...If he had known, he would have left it outside and let it die on its own. He couldn’t help but think with a bad heart.

“I’m hungry! I’ve never had a full meal since I was born!” Xiao Xiao said with tears in her eyes. Her pitiful appearance immediately caused everyone to feel sorry for her.

“It doesn’t matter. Xiaoxiao, if you like it, just eat it! We can afford it!” Green peach was the first to console him.

“Yup! That’s right! It doesn’t matter how much Xiaoxiao wants to eat. There are so many of us here, we can’t afford to feed a little baby like you!” Cuizhu also said.

“You guys just spoil it! Hmph!” Master ning was furious when he saw everyone comforting that evil, cunning little thing! However, he would not admit that he was jealous of that little fellow.

“It’s still small! Children should be in pain.” Lu Tao could not help but ask.

“Hmph!” Master ning was so angry that he stopped talking.

“Alright, let’s go and prepare the meal!” Leng ruoxue looked at master ning, who was throwing a childish tantrum, and chuckled.

After dinner, Leng ruoxue asked Xiaoxiao about the forest.

“Xiaoxiao, how many places here are dangerous for you?” Leng ruoxue asked curiously. The day this little fellow came, it had told her that there were a few places here that were very dangerous and it did not dare to go. Thus, it had brought them to places that it thought were very safe.

“There are three!” Xiao Xiao frowned as she thought.

“What kind of place is it? tell us!” The great elder urged impatiently.

“I don’t know. I’ve never been there before, but my gut tells me that it’s very dangerous, so I always go around it.” Xiaoxiao said, a little embarrassed.

“Uh!” Everyone was speechless. This little guy had never been there before!

“Beasts are born with an innate ability to sense danger. Otherwise, they wouldn’t have been able to grow up safely. Since Xiaoxiao doesn’t know the situation there, let’s go and see for ourselves tomorrow!” Leng ruoxue chuckled. Many beasts did not have their parents by their side to protect them when they were born. Hence, this required them to have some special instincts. Otherwise, they would have long become food for other beasts.

“Yes.” Everyone nodded and went to rest.

The next day, they followed Xiaoxiao’s guidance and arrived at one of the dangerous places that Xiaoxiao had mentioned.

Chapter 1220: Half-orc (3)

That place was located in the North of the deepest part of the forest. The trees outside were dense, and the road was blocked. They spent a lot of effort and finally cleared a path that could only be used by one person at a time.

After everyone went in, they discovered that this was actually a Valley. The air in the valley was fresh and the scenery was pleasant. No matter how they looked at it, it didn’t look like the dangerous place that Xiao Xiao had said.

“Xiaoxiao, are you sure it’s dangerous here?” he asked. Feng DA’s face was full of question marks. This was also what the others were thinking. No one could imagine how dangerous a place with such beautiful scenery could be.

“Yes, yes.” Xiao Xiao nodded vigorously.

“But I really can’t see how dangerous this place is.” Feng Da was very puzzled.

“Won’t you know once we go in and take a look? Let’s go!” Master ning’s face was full of anxiety. As soon as he finished speaking, he strode forward.

“Let’s go!” Leng ruoxue looked at her Godfather’s impatient look and said helplessly.

Then, the crowd followed master ning and walked forward.

After walking around for half a day, they discovered nothing other than a few scattered beasts.

Everyone found a small stream and started a fire on the shore to make something to eat. After dividing the work, the food was quickly prepared. However, they had just eaten a few mouthfuls when they found that the stream water seemed to be boiling. Seeing this situation, everyone immediately raised their vigilance.

“Be careful, everyone!” Leng ruoxue warned. Her beautiful eyes stared unblinkingly at the surface of the water. She did not know what was inside, but she hoped that it would not take the initiative to provoke them. Otherwise, she would not let it off!

“Miss, what is that thing! He actually caused such a huge commotion.” Lu Tao couldn’t help but click her tongue. This stream didn’t look very big, and the water wasn’t deep, so how could there suddenly be so much water? This was really too strange.

“Don’t worry, it’ll come out. We’ll know in a while.” Leng ruoxue consoled him. Actually, she also wanted to know what was in the stream. Just now, Qing Jue had sent her a voice transmission saying that there was a huge creature in the stream. However, he kept her in suspense and did not tell her what it was. This had also aroused her curiosity. However, Qing Jue had said that the thing was not bad. If she could subdue it, it would be a great help in the future. Hence, she was not too worried about the danger of the unknown thing.

Just as Leng ruoxue’s voice fell, a head popped out from the water and stared at them warily.

“Uh!” Everyone was stunned. Why was it a person? The head above the water was a beautiful face with a pair of clear blue eyes. They were so transparent that they could almost be seen. However, the person’s face was very vigilant, as if he was very dissatisfied with them. It was obvious that it was a man, a beautiful man with the strength of a divine Emperor.

“Who are you? Why are you trespassing on my territory?” The man said unhappily. Not only that, but she had also disturbed his rest and used such an alluring smell to seduce him. This was preposterous and too much! Sob ... He hadn’t eaten for a long time. He really wanted to eat.

“Uh! We didn’t know this was your territory, we just wanted to come in and take a look.” Feng DA’s forehead was full of black lines. He thought to himself, “why does this man change his face faster than turning a page in a book? he was very unhappy just now, but in the blink of an eye, he’s acting cute again. However, it’s undeniable that such a pretty boy’s appearance will definitely make all women’s maternal love overflow. Oh!” This probably didn’t include the three beside him!

Wrong, it was two! Because Cuizhu was already staring at him with a love-struck look. Sigh! It was really embarrassing! Many of them were not any worse than this pretty boy.

“Waa! Is this the legendary little bottom?” Cuizhu’s face was full of surprise.

Little bottom! When everyone present heard these two words, large beads of sweat kept dripping down from their foreheads. They couldn't help but sigh in their hearts. Cuizhu had learned her lesson. She had actually learned from others and liked the bottom.

"How do you know I'm little Beastie?" The man asked, confused. He thought that these people would treat him as a human. He didn't expect them to be able to tell that he wasn't a pure human at a glance! His eyes were really sharp! The man could not help but think to himself. However, he did not know that the little bottom that Cuizhu was talking about was not the same one he knew!

"Uh!" Hearing the man's question, everyone was speechless. They didn't know what to say. How could there be such a simple Beastie? No wonder Cuizhu called him little Shou, he really looked like it.

"You look like him!" Cuizhu said with a smile, her face full of infatuation.

"I don't care how you found out my identity. You trespassed on my territory and must compensate me. Otherwise, I won't let you off!" The man said in a shocking manner.

His words had also struck Leng ruoxue and the rest like lightning. This was because his words were all too familiar, especially the word 'compensation'. It made them feel even closer to him. Hehe! It seemed like they were kindred spirits! Things would be much easier this way.

"How do you want us to compensate you?" Leng ruoxue said with a faint smile. Didn't green vessel say that he wanted to subdue him? Initially, she wasn't very interested in this little thing. However, after hearing that he wanted compensation, she became interested. Hehe! This little fellow was clearly one of them! Look at the tone of his voice, it's so similar to theirs!

"Give me your food!" The man said after some thought. He had not eaten for a long time and had almost forgotten the taste of food. Therefore, the first thing he thought of was to ask for food.

"Just food?" Leng ruoxue asked in exasperation. She was really a little thing who had never seen the world! How could he only ask for food? One had to know that this was such a good opportunity! She actually didn't want to take advantage of the situation. As for whether she would give it to him or not, that was her problem.

"Yes." The man nodded. What he wanted the most now was human food. After all, he had once been a human.

"Alright, the food is here. Come up and get it yourself!" Leng ruoxue pointed at the food in front of them and tried to tempt them.

The man hesitated and looked at the food not far away. In the end, he couldn't resist the temptation of the food and climbed out of the water. The reason he said he climbed was because he had a fish tail. The tail was light blue and it glowed with a faint Halo. It was unusually beautiful.

When Leng ruoxue and the rest saw his tail, they were stunned and did not come back to their senses for a long time.

Ugh! I've never heard of mermaids in this world. Leng ruoxue was flabbergasted. However, that tail was extremely beautiful. When matched with that man's beautiful face, it was a natural work of art.

"Sister, he's not the mermaid you're thinking of." At this moment, Qing Jue transmitted his voice again.

“Oh! Then what was he? Fish-type Beastie?” Leng ruoxue transmitted her voice over curiously.

“Sister, how should I put this? He should be considered half-human, half-fish! Some of his ancestors must’ve combined with beasts. In his generation, the bloodline of beasts is obviously very weak, and he’s showing signs of atavism. However, it’s obvious that he’s not welcomed by his own family, otherwise, he wouldn’t be staying here alone.” Qing Jue explained with an understanding look.

In the eyes of pure humans, the offspring of humans and beasts were not pure and were despised by others. In fact, in his opinion, it was clearly an excuse for humans to be jealous. This was because the offspring of humans and beasts would combine the common advantages of humans and beasts, and their qualifications were not something that pure humans could compare with. Therefore, once some humans found this kind of half-human, half-beast, they would almost not hesitate to kill it, not allowing it to live in the world at all. This half-human, half-beast must be the reason why it was able to become a divine Emperor!

“Oh!” After hearing Qing Jue’s explanation, Leng ruoxue finally understood. However, she was quite interested in this mermaid. She just did not know if this little fellow was easy to trick.

As for the man who had already climbed up to the shore, after seeing their expressions, he instinctively wanted to retreat back into the water because he really didn’t want to see other people’s strange gazes anymore. It had been so long, but he still couldn’t forget the pain he had once suffered.

“Wait, don’t go! The food is here! You don’t want it anymore?” Leng ruoxue hurriedly shouted when she saw that her prey was about to escape.

“I ...” The man only said the word “I” and did not continue. However, that pair of light blue beautiful eyes flickered with tears, and he looked very aggrieved.

“Here you go! Take it and eat it!” Cuizhu saw that the man was a little shy, so she picked up the food in front of her and ran to the man. She stuffed everything into his hands and then ran back to the crowd with a blush.

The man looked at the food in his hand and whispered in embarrassment, “Thank you,” he said.

“Come over and eat with us!” Leng ruoxue called out.

“I-I can?” The man asked carefully. He didn’t forget the reaction of these people when they saw his tail.

“Of course you can.” Leng ruoxue said with a smile, and the others hurriedly nodded their heads. However, Xiaoxiao, who was lying on Leng ruoxue’s shoulder, didn’t seem to like him.

“Thank you! I’m Zi Yu.” The man introduced himself, then found a seat beside Leng ruoxue and the rest.

“I’m Leng ruoxue, and these are my family and subordinates. We’ll be staying here for a few days, so you can slowly get to know them!” Leng ruoxue laughed.

“Yes.” Zi Yu nodded, then picked up the food in her hand and began to eat very elegantly.

“Zi Yu, you’re a human, right?” Leng ruoxue sized up Zi Yu for a while before she spoke with certainty.

“I used to be. However, my bloodline has returned to its ancestor, so I’m no longer a human. I’m a small beast.” Zi Yu said with some sadness. If not for this, he would not have stayed here all alone.

“There’s nothing bad about little Beastie! There is no distinction between noble and lowly in life, the key is what you think.” Leng ruoxue said indifferently.

“I know, but, people like me, not only will humans hate me, even beasts don’t like me. The soul-gnawing beast on your shoulder is the same. If it wasn’t for the fact that it’s still underage, it would definitely want to eat me.” Zi Yu said with a bitter smile. This was the sorrow of the half-orcs. Their status in the divine realm was not recognized by any human or beast. Therefore, almost all half-orcs could not live long. If they wanted to live long, they had to find a place where they would not be discovered by others, such as him.
