

Crazy Wife 1241

Chapter 1241: Year (2)

After settling the matter of the man-eating vines, Leng ruoxue and the rest returned to their residence. Naturally, the mother and son soul-eating beast followed them back to their residence.

The adult soul-gnawing beast told Leng ruoxue that its name was Yue Qing. According to Yue Qing, this name was given to it by little Xiao's father, who was also the brother fan it was referring to.

As for Xiao Xiao's father, he wasn't a soul-gnawing beast, but an extremely rare plant. When the two of them met and fell in love, it caused the jealousy of the God devouring vine, which had always loved Xiao Xiao's father. The God devouring vine was cunning by nature and used Xiao Xiao's pregnant body as bait. Xiao Xiao's father was controlled by the God devouring vine, and in the end, in order to save the mother and son, he was killed by the God devouring vine and became its food.

However, even so, the mother and son still couldn't escape the God eating Vine's pursuit. After it laid an egg in advance, it hid Xiao Xiao, who was not yet born. It threw itself into the trap and became the God eating Vine's exclusive domain. It was because of this that Xiao Xiao was able to escape.

As for what happened after that, even if Yue Qing didn't explain it clearly, Leng ruoxue and the rest understood.

After that, Leng ruoxue instructed Feng Da to arrange a place for Yue Qing to stay and recuperate. As for where Yue Qing and her son wanted to go after they recovered, it was up to them. After all, she didn't think that Yue Qing and her son would want to stay in this forest. This place had bad memories for them.

Half a month later.

The moon eye's injuries had already been more or less healed, and its strength had also recovered. Its true strength was that of a class 3 sacred beast.

Leng ruoxue looked at the large and small child standing in front of her. Their snow-white and glossy fur proved that their moon eyes had fully recovered. At this moment, this mother and son were here to thank her.

"Miss Leng, thank you for saving my life. If it wasn't for you guys, I'm afraid I wouldn't have been able to see Xiaoxiao in this lifetime." Yue Qing looked at Xiaoxiao with tears in her beautiful eyes and said gently.

"You're welcome. We all like Xiaoxiao very much, and you're its mother. Saving you was as easy as lifting a finger. Moreover, this is my territory now. I won't allow dangerous plants like the man-eating vines to exist." Leng ruoxue replied honestly.

"No matter what, you guys saved my life. I should thank you." The moon eye said stubbornly. It didn't like to owe others favors, but now it seemed that it couldn't pay off the favor it owed this human. Not only did he help it take care of Xiaoxiao, but he even saved it. If it didn't repay such a great favor, it would feel guilty.

"Oh! How do you want to thank us?" Leng ruoxue chuckled as she teased.

"I'm willing to recognize you as my master and follow you forever." The moon eye thought for a moment. This was the only method it could think of at the moment. The soul-gnawing beast's talent was extremely heaven-defying, so it believed that it would be of use to Leng ruoxue.

"Are you sure? As far as I know, there aren't many soul-gnawing beasts, and they're all very proud. If you acknowledge a human as your master, how are you going to explain it to your own clan? Will they agree to it?" Leng ruoxue indifferently reminded.

"We soul-gnawing beasts know how to repay kindness. If they knew that you've done us a favor, they would agree." Yue Qing said with certainty after thinking for a moment.

"Alright then, you can recognize me as your master!" Leng ruoxue nodded. There was no reason for her to reject a precious beast that was willing to offer itself to her. Furthermore, the soul-gnawing beast was indeed very useful to them. Moreover, everyone liked Xiaoxiao, so she naturally went with the flow and agreed.

After that, Yue Qing and her son acknowledged Leng ruoxue as their master and became a part of Leng ruoxue's family.

After Zi Yu found out that Yue Qing and her son had already acknowledged her as their master, she pestered Leng ruoxue to do so. Leng ruoxue didn't know whether to laugh or cry. After all, in her heart, Zi Yu was different from Beastie. Although he was a half-orc, she had always treated Zi Yu as a human. A human wanting to sign a soul contract with her was a strange feeling. However, in the end, Zi Yu still got her way. Because Zi Yu had actually learned to act first and report later, taking the initiative to acknowledge her as her master.

In the days that followed, Leng ruoxue split Feng Da and the rest into three groups and sent them out. The purpose of sending them out was naturally to allow them to gain more experience in the God World.

As for Leng ruoxue herself, she looked at the empty house and chose to enter closed-door cultivation with the demon, leaving the house to Yue Qing and Zi Yu.

Master ning and the great elder went back to the divine world for the time being. After all, they had been out for a long time, and they couldn't stay on the divine land forever. They had to go back to the divine world to take a look. Bing Yao went with them, ready to find out where her Junior Brother was.

However, no one had expected that this farewell would actually last for three years.

Three years later.

Yue Qing and Zi Yu were sitting together in the garden, watching Xiao Xiao play happily not far away.

Although Xiao Xiao was still an infant in terms of the age of the soul-gnawing beast, it was close to maturity after consuming so many spirit fruits and elixirs from Leng ruoxue.

Xiao Xiao was tired from playing, so she laid on Yue Jing's legs to rest. However, her big, watery eyes could not help but steal glances at Leng ruoxue's tightly shut room.

“Why hasn’t big sister come out yet? I’m starting to miss her.” Xiao Xiao pouted and complained. Wu ... Other than its mother, the only one accompanying it at home was uncle Ziyu. It had been so long, but the others had not returned.

“Master is in seclusion! Xiaoxiao, be good! Otherwise, master won’t like you anymore when he comes out.” Yue Qing threatened. In the past three years, whenever Xiaoxiao was disobedient, she would use her master to scare Xiaoxiao. And it worked every time.

“I’ve always been a good girl.” Xiaoxiao said with a little grievance. Boohoo ... Mommy always bullies me and even uses big sister to threaten me. In fact, it knows very well that it’s so cute. How can big sister not like it?

At the side, Zi Yu listened to the conversation between the mother and son and couldn’t help but smile a little. However, the young miss and the others had indeed not appeared for a long time, and he was somewhat missing them.

In the past three years, the young miss and commander ye had been in seclusion. Although Feng Da and the others often sent back news, they had not returned for three years.

Chapter 1242: Year (3)

Recently, the news that Feng Da and the others sent back was getting less and less. He didn’t know the reason. When he thought about it, he couldn’t help but worry. Although the divine continent was much safer than the divine world, it was still dangerous. He hoped that he was overthinking.

“Ziyu, are you worried about Feng Da and the others?” Yue Qing looked at Zi Yu, who had suddenly become depressed, and asked.

“Yup! It’s been a month since they’ve sent back any news. This is a little abnormal.” Zi Yu expressed her concern.

In fact, even though Feng Da and the others were away from home, they would send back news every ten days. Sometimes, they would talk about their adventures, and sometimes, they would report the situation in the divine land. It was abnormal for there to be no news for a month. They had split into three teams and went in different directions! Why did they stop sending messages at the same time? He really couldn’t figure it out.

“Are you thinking too much? I think you should believe in their strength. Master will not let them be in danger.” The moon eye consoled.

“Al! I hope I’m just overthinking.” Zi Yu said with a sigh.

“What are you overthinking?” All of a sudden, a gentle female voice entered the ears of the two humans and one beast. Three pairs of eyes immediately turned towards the direction of the voice and saw Leng ruoxue and the demon looking at them from a distance with a smile.

“Miss!”

“Master!”

“Sister!”

Zi Yu, Yue Qing, and Xiao Xiao shouted in unison. Then, they saw a flash of White Lightning flying towards Leng ruoxue ...

Leng ruoxue gently caressed Xiao Xiao, who had pounced into her arms. She smiled faintly at Yue Qing and Zi Yu and said, "What happened?"

"Miss, it's like this. Feng Da and the others have not sent back any news for a month, so I'm a little worried about their safety." Zi Yu explained. He knew that this kind of thing couldn't be hidden from the young miss. Since she had already come out of seclusion, she would naturally know about this.

"Oh! Don't worry, their lives won't be in danger. Perhaps something delayed them." Leng ruoxue smiled as she consoled them. Before she sent Feng Da and the rest out, she had specially left behind their Jade slips of life. Now that the Jade slips were intact, it meant that they were still safe.

"That's good." Zi Yu nodded. He looked at his young lady's cultivation and realized that Leng ruoxue was still an advanced beginner deity. He couldn't help but feel a little strange.

Miss had been in seclusion for three years. Could it be that she still hadn't broken through? He couldn't help but guess.

"You guys wait for me, I'll advance first." Leng ruoxue, who knew what Zi Yu was thinking, laughed evilly.

After three years of closed-door cultivation, she could have advanced a long time ago. However, the spiritual energy in the bracelet was too rich, so she absorbed it a little too much and forgot herself. Moreover, after she was able to advance, she refined a lot of medicinal pills in the space. Therefore, she only came out of the bracelet today.

She had just walked into the garden with the demon when she heard Zi Yu's words. Thus, after a little comfort, she had the time to advance.

She found a place in the garden and sat down cross-legged. Leng ruoxue then took out all her spiritual beasts from her bracelet and prepared to advance.

Following the descent of the laws of heaven and earth, Leng ruoxue had also advanced from early high-rank deity to mid-rank deity. Her spirit beasts had also advanced in rank. Bai Xu, Mei, and Feng Zhan had advanced two ranks at the same time. Bai Xu had become a rank 6 sacred beast, and his strength was roughly equivalent to that of a god tier master. Mei was a rank 4 sacred beast, and Feng Zhan was a rank 5 sacred beast.

As for the old phoenixes who had become more experienced, they had all advanced a rank and became fifth level Sacred Beasts. However, they were originally the strongest, but a little white tiger like Bai Xu had caught up to them and surpassed them. This made them feel somewhat unhappy, but it also stimulated their fighting spirit, making them determined to work hard in cultivation and restore their former glory.

As for baby and the other beasts, because they usually didn't like to cultivate, their strength was still the lowest. Moreover, they had only advanced by one rank, and now they were all second class Sacred Beasts. However, they were simple-minded and didn't feel that their low strength was something to be ashamed of, because they were best at group attacks ...

As Zi Yu, Yue Qing, and Xiao Xiao had acknowledged Leng ruoxue as their master, Leng ruoxue's advancement had naturally brought them endless benefits. Even though the two of them had not been able to advance, Xiao Xiao had received the greatest benefits, because Xiao Xiao had actually become an adult.

However, the adult Xiao Xiao did not grow much. She was still small, but she looked cuter and more likable.

After Xue 'er had become an advanced mid level deity, the freak had also raised his own strength to an advanced level deity. Leng ruoxue was rather displeased with his actions.

"Evildoer, you're such a bully." Leng ruoxue pouted her pink lips and said with a hint of dissatisfaction. She had been trying her best to catch up to the evildoer, but who knew that the evildoer was still an entire level higher than her.

"Xue 'er, I can only protect you if I am stronger than you! My current strength is considered high in the divine mainland. Unless it's someone from the divine realm, I don't think anyone would dare to have any ideas about you!" The demon hugged Xue 'er in his arms and explained calmly.

"Oh! Do you think that there's still someone who would dare to have designs on me?" Leng ruoxue raised her brows slightly and asked indifferently. Three years ago, she had shown her might to the Yao family, causing many powers to fear them like a tiger. They couldn't even wait to hide, so who else would dare to court death? Therefore, she deeply believed that this was clearly the evil male chauvinist's act. In fact, she didn't mind protecting this evil man, hehe!

"Then I'm afraid that someone will have ideas about me. This should be fine, right?" The demon said helplessly.

"Yes, yes, beauty. Don't be afraid. I'll protect you." Leng ruoxue caressed her beautiful face as she ate her tofu.

"Xue 'er, is my soft tofu delicious?" The demon asked with a smile.

"It's passable!" Leng ruoxue laughed evilly.

"Just passable? That won't do, I have to make you satisfied." After the demon finished speaking, he picked up Xue 'er by the waist and went straight back to his room ...

Seeing her devilish big brother carry her big sister away, Xiaoxiao's face was full of question marks. She asked in confusion, "What's devilish big brother doing hugging big sister?"

"Uh! They've gone to play." Yue Qing said with a red face.

"Play? I want to go play too!" Xiaoxiao said immediately when she heard that there was fun.

"You can't go. It's not suitable for children." Yue Qing was very embarrassed and tried to stop him. Although Xiao Xiao was already considered an adult, it was still a child in terms of mentality. Therefore, it was not appropriate to let it know about these adult matters. She couldn't help but think to herself.

Actually, she was overthinking things. The reason why the evildoer and Leng ruoxue went back to their room was not what she had thought. At least, it was not as deep as she had thought.

In the room.

The demon sat by the bed and put Leng ruoxue down. He then carried her to sit on his lap and said teasingly, "Xue'er, they must be thinking nonsense now!"

"That's also because you gave them the chance to let their thoughts run wild." Leng ruoxue said helplessly.

"Hahaha! How could I! It's obvious that they have impure thoughts. In fact, we are very rule-abiding." The demon laughed evilly.

"Alright then! What's your purpose in carrying me into the room, you rule-abiding demon?" Leng ruoxue asked knowingly.

"I also want to take advantage of you, but I don't want to be seen by others." After the evildoer finished speaking, he immediately kissed Leng ruoxue's alluring pink lips ...

When they left the room again, it was already two hours later. Such a long time had further confirmed Yue Qing's guess, so she looked at the two of them with an ambiguous gaze.

However, Leng ruoxue and the demon didn't intend to explain anything. After all, this kind of thing would only make things worse. Hence, they remained calm and didn't bother to explain.

Sitting on a stone chair in the garden, Leng ruoxue turned to Zi Yu and Yue Qing and said, "We'll go down the mountain in a while."

"Uh!" When the two of them heard Leng ruoxue's words, they were stunned and looked at her in confusion. In the end, it was Zi Yu who could not help but ask, "Miss, where are we going?"

"Go to Yan Bei city and find Yan kun!" It had been three years since they last met, and she wondered what Yanbei city looked like now. Although the five small cities surrounding the 'nightmare forest' were not big, they could be seen as her eyes. She had previously instructed Yan kun to pay attention to the collection of information from various parties on the continent. Therefore, regarding the matter of Feng Da and the others breaking off contact, she might be able to get some clues from Yan kun.

"Miss, should we go too?" Zi Yu asked with some uncertainty.

"What's wrong? You don't want to leave the mountain?" Leng ruoxue asked with a faint smile. For the past three years, Zi Yu and Yue Qing had been taking on the role of a housekeeper. She thought that the two of them had gotten tired of it and wanted to go out for a walk! Could she have been wrong?

"I want! I mean, don't we need to leave someone to look after the house?" Zi Yu asked.

"No need, there's a defensive formation, outsiders can't get in," Leng ruoxue said confidently. If someone really barged in, they would only be met with death.

"Then let's go and pack up." Zi Yu and Yue Qing hurriedly said as they stood up and walked towards their respective rooms.

After a short while, the two of them came back with some embarrassment. They had forgotten that their things were all in their storage rings, so there was no need to pack.

“Hahaha! Let’s go!” Leng ruoxue moved all the beasts lying in the garden into her bangle and smiled at the two who were blushing in embarrassment.

After that, the four of them, along with Xiaoxiao, who was in Yue Jing’s arms, went down the mountain and out of the nightmare forest, heading straight for Yan Bei city.

Yan Bei city, which she had not been to for three years, was even more prosperous than she had imagined. The number of people on the streets was almost double that of the last time she had been here. Furthermore, every Inn was packed to the brim. Seeing the good business of each shop, Leng ruoxue felt happy for them from the bottom of her heart. After all, these people who lived here were the citizens of her territory. Therefore, she naturally hoped to see them lead a rich life. This way, their sense of belonging to Yan Bei city would be even stronger. They would also consciously protect the reputation of Northern Yan city.

After observing for a while on the streets, Leng ruoxue, the four humans, and one beast headed straight for the city Lord’s residence ...

Chapter 1243: Nian Xue mountain (1)

When they arrived at the city Lord’s mansion, the moment the housekeeper saw Leng ruoxue and the rest, he immediately invited them into the living room with great respect.

Although he had only taken up this position three years ago, he had followed the city Lord into the mountains a few times. Hence, he was very clear about the mastermind behind the scenes. Furthermore, the city Lord had repeatedly reminded him to treat Leng ruoxue and the others with a good attitude and not to show any disrespect.

“Is the city Lord in the mansion?” Leng ruoxue asked with a smile as she followed the Butler into the garden of the city Lord’s mansion.

“Yes, but the city Lord is discussing something with his aides. I’m afraid miss Leng will have to wait for a while. If miss Leng is in a hurry to see the city Lord, I’ll go and report it now.” The Butler hesitated before asking Leng ruoxue.

“I’m not in a hurry. Let him come to see me after he’s finished discussing things!” Leng ruoxue said with a smile.

“Yes, miss Leng. The city Lord has specially prepared this residence for you. Are you satisfied with it?” After the Butler brought Leng ruoxue and the rest to their residence, he asked carefully.

The city Lord had been to the mountain several times, so he paid special attention to the appearance of the Leng family’s main residence. Therefore, after he came back, he ordered the skilled craftsmen to build the fallen swallow residence according to the layout of the Leng family’s residence. Of course, there were still some differences between this place and the Leng family’s main residence, but they were generally similar.

“I’m very satisfied, your city Lord is very thoughtful. ” Leng ruoxue’s beautiful eyes casually swept across as she smiled.

"It's good that miss Leng is satisfied. If there's nothing else, I won't disturb miss Leng any further. If you have any needs, you can inform the guards outside the fallen swallow residence. They will serve you." The Butler reminded them and left the house. He knew that Leng ruoxue and the rest did not like to be disturbed, so he did not ask the servants to stay.

"Zi Yu, Yue Qing, find your own rooms!" Leng ruoxue said as she sat down on a stone chair in the courtyard.

"Yes! Miss, how many days do we plan to stay here?" Zi Yu asked curiously.

"It depends on the situation." Leng ruoxue said after some thought.

The four people and one beast then sat in the courtyard and chatted. After a while, they saw Yan kun running in from outside.

"Master, you're here!" Seeing Leng ruoxue and the rest, Yan kun was excited.

"We've finished our discussion!" Leng ruoxue chuckled as she asked.

"Yes, I didn't know that master was coming, so I was delayed by other matters. I hope master can forgive me." Yan kun said in a reverent manner.

"It's okay, Yan kun. Since you've recognized me as your master, I won't treat you as an outsider. So, in front of me, you can be as casual as Feng Da and the others." Leng ruoxue reminded him. She could see Yan kun's restraint. She had always been tolerant of her subordinates. Therefore, she naturally did not want a person who was cautious in everything in front of her.

"Yes, master," Yan kun nodded in response. Then, he asked curiously, "Hasn't master been in seclusion? May I know why you're coming down the mountain?"

"Yan kun, Feng Da and the others haven't sent back any news for a month. That's why I came to you. I want to know if there's anything important happening on the continent recently." Leng ruoxue asked directly.

"Master, Feng Da and the others haven't sent back any news for a month. They might have been delayed by something. As for the important matter, I heard that a secret realm has appeared in the ancient Snow Mountain. Many people have gone there to explore, but we can't confirm whether the news is true or not." Yan kun said after thinking for a while.

When Feng Da and the others left the nightmare forest to train, his son yan tao had also followed them. Therefore, he was very concerned about the whereabouts of Feng Da and the others. However, yan Tao's life Jade slip was still intact, so he believed that everyone should have been entangled by something.

"A secret realm has appeared in the ten thousand year Snow Mountain? When did this happen?" Leng ruoxue asked with a slight frown.

"About a month ago, the appearance of this secret realm was very sudden. It was spread from a small force. So, as soon as the news was spread, many forces rushed there, but what is it like there? No one knows if it's dangerous or not!" Yan kun told him everything he knew.

"It's been a month. No one knows what it looks like there?" Leng ruoxue asked uncertainly. This was too unbelievable! According to common sense, the news should have been sent back to the major forces after such a long time. How could no one know about the situation there?

"No one knows. According to the information I've received, none of the forces that went in to explore have come out of the secret realm so far. Therefore, there is naturally no news back." Yan kun explained.

"Master, do you think Feng Da and the others have gone to the ten thousand years old snow Mountain?" Yan kun asked after thinking for a while.

"Miss, Feng Da and the others said that they wanted to go to the snow Mountain. So, they are most likely in the secret realm." Zi Yu suddenly remembered that Feng Da had once sent back a message saying that when the weather was warmer, he wanted to go to the ten thousand years old snow Mountain to take a look. However, at that time, he had clearly told Feng Da and the others not to go there. With their strength, they wouldn't be able to last a few days there. Now that she thought about it, Feng Da and the others didn't take his words to heart at all, or they were attracted by the secret realm that had appeared out of thin air.

"Oh! Yan kun, don't the other powers have any information about that secret realm?" Leng ruoxue confirmed.

"No, the ning family and Chi family contacted me a few days ago to ask about the situation of the snowy mountain secret realm. It seems that they know nothing about it." Yan kun said.

"Did they send people to the snowy mountain secret realm?" Leng ruoxue asked again.

"Yes, ning Xiao was the one who led the group to the ning family, while Chi Rui was the one who led the group to the Chi family." Yan kun quickly said.

"Chi Rui also went? What is this Chi family head trying to do?" Leng ruoxue couldn't understand. Chi Rui was the young master of the Chi clan on the godly mainland. He was also the future clan head of the Chi clan's bloodline. The Chi clan's internal purge had stabilized his position. Now that an unknown secret realm had suddenly appeared, the Chi clan had actually sent him out. Weren't they afraid that something would happen to him in the secret realm? Or could it be that the Chi family had a new young master candidate, so Chi Rui had become a stumbling block and a dispensable abandoned child?

Chapter 1244: Nian Xue mountain (2)

"I heard that the main Chi family sent a genius to the divine mainland, so ..." Yan kun didn't finish his sentence. However, he believed that his master would understand what he meant. In fact, this kind of thing was very common in big families.

"A genius? How much of a genius is he?" Leng ruoxue asked with a sneer. Although Chi Rui wasn't considered a genius, he was still her friend. Hence, after hearing Yan kun's words, she felt a little unhappy. It seemed like her guess was correct. Chi Rui had indeed become someone's stumbling block.

"I heard that he's a direct descendant of the main family. He seems to be in his early twenties, but he's already a mid-tier deity. His potential is above young master Chi 's, and he grew up in the divine world." Yan kun said.

“You mean, that person is very favored in the main family?” Leng ruoxue said indifferently. She understood Yan kun’s meaning after hearing his words. Under normal circumstances, the divine realm was not suitable for deities below the deity realm to live in. However, there was an exception that could only be done by a Hierarch.

If a clan had a Hierarch, then under normal circumstances, the geniuses of the clan wouldn’t need to be sent to the divine mainland. They would be arranged to cultivate and live in the barrier set up by the Hierarch until they reached adulthood. This way, they would also receive better guidance from their elders. Their natural status and starting point would be much higher than the average clan’s descendants, and they would definitely be considered the core of the clan.

If the genius of the Chi family mentioned by Yan kun was also such a core member, then he would be a great threat to Chi Rui! However, she still couldn’t figure it out. Would the Chi family’s head be willing to send a core member to become the future head of the family? Or could it be that the future head of the godly mainland was just a stepping stone for the future position of the main family’s direct descendant? If that was the case, what would happen to Chi Rui?

“Master, I heard that he’s one of the juniors that the Chi family’s head likes very much.” Yan kun said.

“Oh!” Leng ruoxue replied indifferently and immediately instructed, “Yan kun, contact the ning and Chi families for me and see what’s the situation on their side.”

“Yes.” “Yes,” Yan kun replied. Then, he turned around and left.

After Yan kun left, the demon chuckled and said, “Xue ‘er, are you planning to help Chi Rui?”

“This is the Chi family’s business, I won’t interfere. However, if that Chi family genius wants to hurt my friend, I won’t sit by and do nothing.” Leng ruoxue chuckled.

“Hehe, it’s chi Rui’s good fortune to know you!” The demon said.

“Miss, although the Chi clan genius that Yan kun mentioned is a direct descendant of the Chi clan and grew up in the divine realm, this doesn’t mean that he’s really doted on by the Chi clan. You should know that in the Super clans like the eight great divine regions, there are many geniuses with extremely high aptitudes. True geniuses would never be willing to come to the divine mainland to be the head of the clan. There’s no need to come to the godly mainland to fight for the position of head of the Chi family. So, I’m guessing that this isn’t the Chi family’s head’s intention.” Zi Yu thought for a while and analyzed.

.....

“En, you’re right. That so-called genius is probably trying to pull the Tiger’s skin and pull the flag. However, the Chi clan will place great importance on his identity.” Leng ruoxue understood. Otherwise, Chi Rui wouldn’t have been sent to the unknown snowy mountain secret realm.

“Then what does miss plan to do?” Zi Yu asked curiously. He had met Chi Rui a few times and had a good impression of that little fellow. So, if he could help Chi Rui, he was willing to do so.

“It’s better if we don’t interfere in other people’s Affairs. Otherwise, the head of the Chi family will blame us for being meddlesome.” Leng ruoxue smiled evilly and calmly.

“Uh!” Ziyu was speechless and couldn’t help but think to herself, ‘other people might be afraid of the master of the Chi family, but you’re not even afraid of the master of the ning family, so why would you be afraid?’

“Hahaha!” Leng ruoxue looked at Zi Yu’s expression and couldn’t help but laugh.

“Miss, I’m not going to talk to you anymore!” Seeing that she was being teased, Zi Yu pretended to be angry and said. After she finished speaking, she even turned her head.

“Demon, Ziyu said she’s ignoring me!” Leng ruoxue tugged at the evildoer’s arm and said coquettishly.

“It’s okay, I’m fine with you.” The demon said indifferently.

“You guys are so mushy.” Zi Yu couldn’t bear to listen any longer and immediately went back to her room to hide. When Yue Qing saw this, she also stood up and left. In an instant, only Leng ruoxue and the demon were left in the courtyard.

Without the third wheel, evildoer was more than happy ...

After staying in the city Lord’s mansion for a few days, the news of the ning and Chi families had also come back.

In the living room of the fallen swallow residence.

Yan kun was sitting opposite Leng ruoxue with a respectful look on his face. He was telling her about the replies from the ning and Chi families.

“Miss, I’m sure now that there’s been no news from the people the Chi and ning families sent out. Moreover, both families want to send another group of people into the snow Mountain. They wanted to ask you through me if you’re interested in going with them.” Yan kun said softly.

“Oh! Since they want to enter the snow Mountain with me, then let’s gather in ning city!” Leng ruoxue said after some thought. Peace City was the closest to the ten-thousand-year-old snow Mountain, and the two places were in the same direction. Hence, it was the most suitable place to meet.

“Then I’ll go and reply to the Chi family and the ning family now.” Yan kun left the living room after he finished speaking.

Three days later.

Leng ruoxue and the others set off for Peace City. Yan kun had wanted to follow them, but he was suddenly held back by many Affairs in Yanbei city. He was unable to split his attention.

Meanwhile, Leng ruoxue and the rest sat on the back of the little Peacock. After flying for close to ten days, they finally arrived at their destination.

The ning family had calculated the time, so when Leng ruoxue and the others arrived at the city gate, they met an elder of the ning family who had come to welcome them. They followed the elder and temporarily stayed in the ning family.

In the living room of the ning family.

Ning Fei led Leng ruoxue and the others to the main seats, while he stood in front of them respectfully, not knowing what to do.

"Master ning, what's wrong? If you have anything to say, then say it!" Leng ruoxue looked at ning Fei, who seemed to be panicking, and asked in confusion.

Chapter 1245: Nian Xue mountain (3)

"Miss Leng, three days ago, five people from our ning family died in the team that went to the ten thousand year Snow Mountain. Two of them were our ning family's elders." Ning Fei said gloomily. He had been depressed about this for a few days. However, he believed that Leng ruoxue and the others did not know about this news.

"What about the Chi clan?" Leng ruoxue asked calmly.

"The Chi family lost more people than our ning family, and I heard that all the major forces have also suffered casualties. However, no one knows how they died." Ning Fei said with a gloomy face.

"Oh! What's master ning's plan?" Leng ruoxue asked indifferently.

"I don't know. I'll listen to miss Leng's arrangements." Ning Fei said helplessly. He had planned to send another group of people to the snow Mountain, and he had already decided who to send. However, since they knew that going to the snow Mountain would be life-threatening, those people had all come up with all kinds of excuses to avoid it. Even the elder who had planned to go to the snow Mountain had started to pretend to be sick, which made him very annoyed.

"I will definitely go to the snow Mountain. If you still want to go, then come with us. If you don't want to go, I won't force you." Leng ruoxue's beautiful eyes swept across the other elders present as she spoke indifferently.

"Miss Leng, if we can't get away, can you take care of the rest of the ning family after you go to the snow Mountain?" At this time, an elder couldn't help but speak up. He was one of the elders who was supposed to go this time. However, after knowing that all the major forces had suffered losses, they didn't really want to go.

"Hmph! Do you think my master is your ning family's free bodyguard? If you want to save the ning family, you'll have to do it yourself. Otherwise, even if the ning family all die, it's not my master's business." When Yue Qing heard the elder's words, he sneered. Hmph! A human as timid as a mouse, and the ning family of the eight great divine regions! If she were master ning, she would have strangled them to death if she knew that there were such people in the ning family who were afraid of death. It was a waste of food to keep them alive!

"How can it not be your master's business? She's the goddaughter of our family's ancestor, so our ning family's matters are naturally her matters." The elder quibbled.

"Oh, really? Do you dare to say this in front of your ning family's old ancestor? If he has the same thoughts as you, then I really feel bad for my master!" Yue Qing said in disdain. Although master had recognized a Godfather, she had never thought that she would get any benefits from master ning, and master ning naturally had never thought of using her master as a fighter. Therefore, the ning family had thought too much. Master ning was master ning, and their ning family was the ning family. There was no

relationship at all. If there was really something, master could take care of it. However, if the ning family took it for granted, she would be the first one to disagree.

Hearing Yue Qing's aggressive words, the elder didn't dare to say anything more. Ning Fei also knew that his elder's words were a bit too much, so he couldn't help but apologize,"Miss Leng, I'm sorry. The eleventh elder was a little impatient, so he spoke without thinking. Please don't take it to heart. Our ning family will still send people to go with you to the snow Mountain."

"Yes, miss Leng. I'll personally lead the team for the ning family this time." The ning family's Grand Elder, who had been silent the entire time, spoke.

As soon as the first elder said that, all the nings were surprised. None of them had thought that the first elder would go there in person. It was all because of the first elder's support that ning Fei could be the master of the nings. If the first elder was in the snow Mountain ... Then the nings would be in chaos again. However, the people of the ning family only dared to think this in their hearts. No one dared to say it out loud.

.....

"Great elder, I'll go! You stay in the ning family. " Ning Fei quickly said after hearing first elder's words. First elder's prestige in the ning family was much higher than his, so he could not let first elder take the risk.

"I'm already so old, and you, a junior, still want to compete with me? Can't you let me go out and see the world? There weren't many opportunities to explore like this! You guys have to grasp this opportunity!" The great elder said to the ning family present with a smile, implying that someone would go with him.

In the end, the facts proved that the great elder was smart and insidious. The people of the ning family that he took with him to the snow Mountain all had some opinions about ning Fei, and they even didn't want him to be the master of the family. After he took these people away, even if he had an accident in the snow Mountain, these people would probably not come back alive. In this way, ning Fei's position as the master of the family was naturally stable.

After that, the Chi clan's group arrived. Unfortunately, the Chi clan's leader was the genius from the main family that Yan kun had mentioned.

The Chi family's genius was in his early twenties. He was very handsome, but the arrogance on his face was very annoying. The subordinates and beautiful maidservants that followed him around almost made Leng ruoxue and the others think that this young master was going to the snow Mountain for a holiday.

After the three teams met up, they went together to the ten-thousand-year-old snow Mountain not far from ning city.

Out of the three families, Leng ruoxue had brought the least number of people with her. As such, the subordinates and beautiful maidservants of the Chi family's genius all looked down on them, thinking that they were a subsidiary family of the ning family and were riding on the ning family's coattails. Thus, they looked at them with contempt.

The ning family knew Leng ruoxue's low-profile character well, so naturally, no one would explain for her.

Similarly, most of the Chi family members who had followed the Chi family's genius to the snowy mountain were not very clear about the identity of Leng ruoxue and the others. Hence, they were the most unremarkable and the most neglected group of people.

A day after they set off.

In the evening, everyone chose a flat area as their camp for the night.

At first, Leng ruoxue wanted to take out her house, but seeing that the Chi clan's genius was still living in a tent, she didn't want to be too ostentatious and used a tent as well. However, she wouldn't mistreat herself when it came to food. Yue Jing and Zi Yu were also fed up, and they definitely wouldn't be able to stand eating dry food.

From their storage rings, Yue Qing and Zi Yu took out several pots of different sizes. After placing them on the fire that had already been set up, they took out all kinds of ingredients. The two of them worked together, and soon, a few hot dishes with good color, fragrance, and taste were ready.

After the meal was ready, Zi Yu took out a small table that could seat about six people and placed the food on it. On the other hand, Yue Qing received Leng ruoxue's orders to invite the ning family's first elder to come and have a meal together.

After the ning family's first elder arrived and saw the steaming hot food on the table, his face bloomed with a smile, and he praised, "Hahaha! Miss Leng, thanks to you, this old man is blessed to have a good meal!"

"It's a simple meal, please do as you wish, great elder." Leng ruoxue chuckled.

"Hehe! Don't worry, I won't be polite with you." The first elder laughed.

Then, the few of them began to eat while talking and laughing. However, they were interrupted by two uninvited guests after just a few mouthfuls.

"How dare you not invite my young master to have a meal with you!" The two beautiful maidservants stood in front of Leng ruoxue and the rest and said angrily.

"Why should we invite your young master here for a meal?" Leng ruoxue was so angry that she laughed. However, she still did not raise her head and focused on eating the food on her plate. The others did the same. It was obvious that none of them cared about these two maidservants, and there was no need for them to care.

"My young master is a direct descendant of the Chi family. It's your honor to be able to invite him to have a meal with you!" The maidservant said angrily.

"Oh, really? How come I didn't know that it's my honor to treat a direct descendant of the eight divine domains to a meal? My status isn't that low, okay?" Leng ruoxue mocked. Even if the Chi family's head came personally, she didn't have to treat him to a meal, let alone a direct descendant of the eight great divine regions.

“What do you mean by this? You dare to look down on my young master? You’re really bold!” When one of the maidservants heard Leng ruoxue’s words, she was so angry that she shouted.

“That’s right, why don’t you take a look at your status? If my young master is willing to eat with you, you should be snickering, yet you still dare to despise my young master! Hmph! Our Chi clan will never let you off.” The other maidservant also roared.

“I really don’t know who I am, but I’m sure that no matter how capable and powerful your young master is, he can’t control me.” Leng ruoxue said with a smile.

“You …” The maidservant wanted to say something but was interrupted.

“How dare you! I’ve really spoiled you all. Who allowed you to be so rude to miss Leng?” At this moment, the Chi family’s genius walked over with an apologetic expression.

“Young master, we just can’t stand it! Your status and identity are the highest among all of us. How could they neglect you like this!” The maidservant said with an aggrieved expression after being lectured.

“This is a barren mountain, let’s just talk about friendship, what identity and status? Have you all forgotten what I told you before we left?” The Chi clan genius asked unhappily.

“Young master, we were wrong.” The two maidservants quickly admitted their mistake.

“Then hurry up and apologize to miss Leng and the others.” The Chi family genius ordered.

“I’m sorry!” The two maidservants said unwillingly.

“It doesn’t matter, I won’t argue with two servants.” Leng ruoxue said magnanimously. However, the word ‘servant’ from her mouth infuriated the two snobbish beautiful maidservants!

“Who are you calling a servant? We’re not servants, we’re young master’s people!” One of the beautiful maidservants shouted with some anger.

“Oh! Since you’re young master Chi’s people, then please take good care of your people! I won’t be seeing you out.” Leng ruoxue said lightly, and at the same time, asked him to leave.

“I’m sorry to disturb you.” The Chi family genius suppressed his anger and said politely. Then, he bowed slightly and left with his men.

Over the next few days, under the restraint of the genius from the Chi family, no one dared to cause trouble for Leng ruoxue and the others. However, the subordinates and beautiful maidservants of the genius would often secretly glare at Leng ruoxue and the others with hatred.

“Master, we’re being stared at again.” Yue Qing complained in a low voice.

“Oh! I thought you’d already gotten used to it!” Leng ruoxue chuckled.

“Miss, we’ve arrived at the snow Mountain.” At this moment, Zi Yu, who was sitting on the little peacock’s back, also pointed at the tall snowy mountain.

Chapter 1246: The snow fox that descended from the sky (1)

Leng ruoxue lifted her beautiful eyes and looked at the tall and majestic Snow Mountain in front of her. Her heart was filled with excitement. This Snow Mountain was simply too beautiful. As far as the eye could see, it was a vast expanse of white. Although it was extremely cold, it was also extremely clean. The air in the snow Mountain was also exceptionally fresh. Even though they were not in the snow Mountain, they could feel the refreshing aura.

After the little Peacock landed near the snow Mountain, it took the initiative to enter the bracelet. It really did not like such cold weather.

However, Xiao Xiao, who was in Yue Qing's arms, liked the snow Mountain very much. Its tiny figure could be seen running around on the snow, playing with it.

Seeing this, Leng ruoxue moved QiuQiu and the baby out as well. However, the two little fellows were extremely afraid of the cold. After they came out and saw such a cold place, they immediately burrowed into Leng ruoxue's arms and refused to come out.

"Sister, it's so cold here!" QiuQiu's small body shivered as it said, a little afraid of the cold.

"Hehe! We're already in the snow mountains, it's normal to be cold." Leng ruoxue gently stroked QiuQiu's soft fur and comforted it.

"QiuQiu, baby, you're not cold at all. Come down and play with me!" Xiaoxiao urged.

"You have thick fur, of course you don't feel cold!" Baobao rolled her eyes at Xiaoxiao and said unhappily.

"Your fur is not thin either!" Xiaoxiao grumbled in a low voice and then went back to playing.

When Leng ruoxue heard the conversation between the three little fellows, she could not help but smile. Soon after, first elder's voice rang in their ears,""Young miss Leng, your flying beast is so fast! It's been so hard on us!"

"Hahaha! Great elder, you guys aren't slow either!" Leng ruoxue replied politely. Actually, what she wanted to say was that the Chi family had not arrived yet! From the looks of it, that so-called Chi clan genius's Beastie wasn't much after all!

After the ning family landed, they met up with Leng ruoxue and the rest. It was only after they had prepared the food at the foot of the snow Mountain that the Chi family arrived.

Seeing that the two teams had already prepared hot food, the beautiful maid of the Chi clan immediately became dissatisfied.

.....

"Aren't we together? Why didn't you guys wait for us?" One of the beautiful maidservants asked with a bit of anger.

"Who told you we're together? We're just traveling together. Do you expect us to be like you and serve your young master together?" Leng ruoxue laughed mockingly. Along the way, she had not been very interested in that genius young master of the Chi family. Although that genius had always wanted to get close to them, he had been rejected by them for all sorts of reasons.

“But you can’t just ignore my young master like this!” The beautiful servant quibbled.

“Ignored? We’re not even close to him, so why should we ignore him? Could it be that in your eyes, this is disregard? Or do you think that everyone who sees your young master should curry favor with him?” Leng ruoxue chuckled as she retorted.

“That’s right! Do you think your young master is a top-grade crystal? Everyone has to like him and cling to him?” Yue Qing also laughed and agreed.

“You, you will regret this. If it wasn’t for my young master’s protection in this Snow Mountain, none of you would be safe and sound!” The beautiful servant reminded.

“Are you threatening us? Or does your young master want to kill us in this Snow Mountain?” Leng ruoxue laughed evilly.

“What are you talking about? My young master is not that kind of person. I mean, in this Snow Mountain, only my young master can protect you, so you’d better be sensible!” The beautiful servant said proudly.

“I’m sorry, but we can protect ourselves here. So, you can go back now.” Leng ruoxue asked him to leave indifferently.

“You will regret this!” The beautiful maid said angrily. After she finished speaking, she turned around and returned to her team.

After returning, the beautiful servant angrily complained to the Chi clan genius.

“Young master, those people are too much. They actually look down on you. If there is any danger in the snow Mountain, you must not be kind enough to care for them. They will not appreciate it.” The beautiful servant suggested.

“Shut up! I told you not to provoke them, did you just ignore my words?” The Chi family’s genius growled when he heard the maidservant’s words. However, his eyes could not help but stare in the direction of Leng ruoxue and the others. In his entire life, this was the first time he had been completely ignored by someone! Especially when it was a woman. When he was facing Leng ruoxue, he realized that the methods he used to deal with women were all useless. This was because that woman was unmoved by force or persuasion. More importantly, there was an even more irksome man by her side, and this also aroused his competitive spirit.

Moreover, he was a person who liked to seize opportunities. That was why he had been quietly observing Leng ruoxue and the others. Now was not the time for him to make a move, so he would not go and ask for a rebuff. However, these two foolish maidservants were always ruining his plans. Sigh! A woman’s jealousy was truly terrifying.

“Young master!” The maidservant’s beautiful eyes were filled with tears as she looked at her young master with an aggrieved expression. As her young master’s personal maidservant, she knew very well what her young master liked. It was because of this that she felt a sense of crisis and wanted to show that she was different in front of her young master. At the same time, she also knew very well that this would anger her young master. However, she knew very well that her young master would be tender

and protective towards women. Therefore, she believed that as long as she cried a few times, her young master would not hold it against her.

Unfortunately, she had guessed wrong this time. The Chi clan genius did not feel any heartache when he saw the maidservant's tear-stained face. In fact, he was even a little upset. He waved his hand and growled as if he was chasing away a fly, "Get lost! Get out of my sight, I don't want to see you now."

"Young master!" The beautiful maidservant's face was filled with disbelief. However, when she saw her young master's serious expression, she did not dare to not turn around and leave.

Yue Qing, who was not far away, saw the Chi clan's group and laughed softly at Leng ruoxue, "Miss, is this considered coaxing by the Chi family?"

"Of course not, it's not a big deal! That young master Chi knows how to treat women tenderly, he might go and coax them later." Leng ruoxue understood. In her previous life, she had seen many men like this. Hence, she was very clear about young master Chi's personality.

Chapter 1247: The snow fox that descended from the sky (2)

Just as she had expected, when they saw the maidservant the next day, the maidservant's face was filled with shyness and she even glared at them with a slight provocation. Unfortunately, no one would take the provocation of a maidservant seriously.

After a night's rest at the foot of the mountain, the three teams entered the mountain the next morning.

Originally, the three teams had been living in peace. However, after they encountered two forks, they split up.

"Miss Leng, there are two roads here. Why don't we take the right one?" The Chi family genius suggested.

"Young master Chi is interested in the right path, but I want to take the left path. We can't agree on this, what should we do?" Leng ruoxue pretended to be in a difficult position.

"Of course I'll listen to my young master." Before the Chi clan genius could speak, the beautiful maid beside him spoke first.

"Why should I?" Leng ruoxue raised her brows and asked with a faint smile.

"With my young master's identity and status, you all should listen to him." The beautiful servant said with a matter-of-fact expression, her proud tail almost raised.

"It's a pity that this isn't the Chi family, so your young master's identity and status are useless to me." Leng ruoxue scoffed.

"Don't regret it if you don't listen to my master." The beautiful maidservant warned. In fact, she couldn't wait for Leng ruoxue and the others to part ways with them! He didn't want to be scolded by young master.

“Young master Chi, in that case, let’s part ways here! I wish you all good luck.” Leng ruoxue ignored the servant girl and spoke to the Chi clan’s genius.

“Miss Leng, don’t be so impulsive. Let’s go together! It’ll be dangerous for you to go alone.” The Chi clan genius urged.

“It’s okay, we’re not afraid of danger.” Leng ruoxue said disapprovingly.

.....

“Hahaha! Don’t worry, young master Chi, miss Leng will not be in danger. Our ning family will go with them.” At this time, the first elder who had been silent the whole time finally spoke.

“You guys want to go with them? Do you want to die too?” When the maidservant heard the ning family’s first elder’s words, she said in disbelief. He didn’t listen to her young master and instead wanted to go with a woman with no status or position. In her eyes, this was simply inconceivable. It should be known that her young master had a secret weapon and knew where the safest place to go was. Therefore, when she heard the ning family’s first elder’s words, her reaction was so big.

“Little girl, we didn’t come to the snow Mountain to play, so it’s normal for there to be danger. How can you say that we’re courting death? No one would want to die if they could live.” In fact, he didn’t really like the way young master Chi did things. Moreover, along the way, he had seen the hostility these two beautiful maidservants had towards Leng ruoxue. Moreover, Leng ruoxue had a special relationship with the ning family, so he naturally had no reason to help an outsider.

“Only by going with my family’s young master will the danger be the least. If your ning family goes with them, if something unexpected happens, don’t regret it!” The beautiful servant said with some schadenfreude.

“What are you saying, little girl? Are you cursing us?” Before the great elder could speak, an elder of the ning family who could not stand it spoke first.

“I’m just reminding you out of good intentions, but you don’t appreciate it. Young master, let’s go quickly! Once we’ve figured out the truth, we can report to the main family as soon as possible.” The beautiful maid turned her head and said to her young master.

The Chi clan genius pondered for a moment before nodding. It was indeed very important for him to figure out the truth. After all, this was related to his future and status in the clan. Therefore, he could not take it lightly.

“Miss Leng, first elder ning, since you’ve made up your mind, I won’t force you. Let’s part ways here! We’ll meet again.” Chi clan’s genius bowed slightly and led the Chi clan members to the right ...

First elder looked at the Chi family’s back view and smiled at Leng ruoxue, “Miss Leng, shall we set off?”

“Let’s go!” Leng ruoxue nodded and led the group to the left.

Along the way, Leng ruoxue and the rest discovered many herbs suitable for growing in the snow. These herbs were what she urgently needed at the moment. Hence, when she saw the herbs, Leng ruoxue bent down and picked them without hesitation.

Seeing this, Zi Yu and Yue Qing also quickly lowered their bodies and helped to pick.

When the ning family's first elder saw this situation! He also ordered everyone in the ning family to help. He could tell that Leng ruoxue would not continue on her journey until she finished gathering all the herbs she came across.

Just like that, after parting ways with the Chi clan, they spent the first day picking herbs.

At night, when the ning family's first elder and the others were preparing to set up their tents, they saw Leng ruoxue take out an exquisite and small house and place it on the snow. The ning family watched as the house grew in size in an instant, and they were all stunned.

"This ..." Everyone from the ning family was shocked. Although they had never seen such a spatial divine weapon before, they had seen it before. Hence, they would not be so ignorant as to think that Leng ruoxue had only taken out a toy.

"Miss Leng, I didn't expect you to have such a divine weapon!" The great elder said with an envious expression. Not everyone could possess such a divine tool. Even if one had money, one might not be able to buy it.

"This is a gift from the armament Guild headquarters" great elder. Everyone can stay here tonight!" Leng ruoxue said with a smile.

"Hehe! That's great. I thought we'd have to spend the night in this world of Ice and snow! I really didn't think that I would have the chance to stay in this rare divine artifact!" The first elder said happily.

"Haha, miss Leng, we'll have to rely on you today. If the Chi family knows that we actually have a house to live in, I wonder if they'll regret it to death." An elder of the ning family said with excitement.

"That young master Chi will have a way. We don't need to worry about the Chi family, let's go in quickly! The snow Mountain at night is very cold." Leng ruoxue reminded.

Chapter 1248: The snow fox that descended from the sky (3)

"Right! Right! Hurry up and go into the room, it's freezing outside." Everyone from the ning family quickly said.

Then, everyone entered the house together.

The snowy mountain was covered in ice and snow, and it was extremely cold. However, it was a different scene inside the house.

Everyone in the ning family was like a grandmother in a Grand View Garden, looking around curiously, and constantly praising, "This place is really too beautiful. The Four Seasons are like spring, and the spiritual Qi is rich, hehe! If I can stay here for a lifetime, I'll die without any regrets."

"Look at you, you should be thinking that if I can also have such a divine artifact, then I can die without any regrets!" Someone immediately said in disdain.

“Your way of thinking is daydreaming! Can money buy such a divine weapon?” The person who was lamenting earlier immediately retorted sarcastically. The two of them actually started arguing in front of Leng ruoxue and the others, not caring about their image.

“All of you shut up. The ning family’s face has been completely lost by you.” Hearing their words, the ning family’s first elder’s face darkened, and he couldn’t help but shout.

When the two people who were arguing saw the great elder’s might, they quickly shut their mouths and didn’t dare to make a sound.

Then, the ning family’s first elder said to Leng ruoxue awkwardly, “I’m sorry, I’ve embarrassed myself in front of miss Leng, hehe!”

“It doesn’t matter, you guys can do as you please.” Leng ruoxue laughed lightly. With her Godfather’s reputation, she would naturally not exclude the ning family completely. The reason she took out this house was so that everyone could live here, even though their reaction was a little unexpected.

“Hehe! Then we won’t be polite.” The ning family’s first elder said with a smile.

“You’re welcome,” Leng ruoxue said, then instructed Zi Yu to arrange rooms for the ning family.

After dinner, the ning family’s first elder specially came to look for Leng ruoxue and the others. He sat down in the garden and started chatting with them.

.....

“Young lady Leng, that young master Chi wanted us to go with him. He probably has some sort of confidence that that path would be relatively safer. The reason you chose the opposite path, is it because you don’t want to go with them?” The ning family’s first elder leisurely sipped the tea in his hand and asked with a gossipy expression.

“Of course not. Great elder should have heard of the saying ‘wealth is found in danger’! The path I’ve chosen seems dangerous, but it’s not dangerous. The path young master Chi has chosen, although it looks calm on the surface, who knows the hidden dangers? I might as well tell you clearly that the snow Mountain secret realm is at the end of that road.” Leng ruoxue said with a smile.

“Argh! Then why don’t we take that path? Aren’t we going to the snowy mountain secret realm?” The first elder had a face full of question marks. However, he wouldn’t ask Leng ruoxue why she was so certain. After all, who in this world didn’t have their own secrets and methods? Hence, he only had to follow the footsteps of Leng ruoxue and the rest.

“Because I want a snow fox, and I’m also picking some snow lotuses from the snow Mountain.” Leng ruoxue chuckled.

“Uh! Miss Leng, I’m not that gullible, am I? You must have your reasons for doing this, I understand.” The great elder said with a look of understanding.

“Uh! Great elder, I’m telling the truth.” Leng ruoxue’s forehead was filled with black lines. She really did not know why the first elder trusted her so much. Was he not afraid that she would sell out the ning family?

“Oh! Since miss Leng wants a snow fox and can pick some snow lotuses at the same time, then with our help, it will definitely be a piece of cake.” First elder followed Leng ruoxue’s lead and cleverly did not continue asking.

After a brief chat, the great elder stood up and returned to his room.

The next morning, when Leng ruoxue and the rest walked out of their rooms, they realized that it was snowing outside. The White snow had covered the roof of their house.

Moreover, through the window of the house, they could clearly see the falling snowflakes, which were the size of a baby’s fist. For a moment, everyone was a little dumbfounded.

Although they had lived in the divine realm for many years, none of them had ever seen such heavy snow!

“Is that snow outside?” One of the ning family members asked in disbelief.

“What else could it be if not snow?” Someone replied. After that, the person even deliberately left the house. However, he was frozen back in the next second.

“It’s so cold outside!” After returning, that person hurriedly said, and he secretly sighed with lingering fear. If it wasn’t for this house, they would have been frozen into ice sculptures if they had lived in tents.

Furthermore, the snow had been falling for several days. Even though Leng ruoxue and the rest were trapped in the house, they were not dejected. Instead, they enjoyed the magnificent snow scene.

After nearly ten days, the snow finally stopped.

Leng ruoxue and the rest then left the house and tried their best to clear the snow around the house. The snow was so thick that it could almost bury them.

The ning family had been living in the house for a few days now and they were much calmer. They even felt a sense of relaxation that they had never felt before. After all, they did not have to worry about the family’s Affairs for so many days. This was an experience that they had never experienced before. Furthermore, when they were free, the ning family’s first elder would even talk to them. Hence, when the snow stopped, Leng ruoxue could feel that the ning family was different. They were much more United.

Of course, the first elder of the ning family was the happiest. The ning family would only prosper if the people of the ning family were united.

“Miss Leng, now that the snow has stopped, shall we continue on our way?” The ning family’s first elder said to Leng ruoxue as he looked at the snow.

“Let’s wait a few more days! The snow has just stopped, so I’m afraid the road won’t be easy to walk on!” Leng ruoxue said after some thought.

“That’s good.” The first elder of the ning family nodded slightly. Then, everyone stayed in the same place for a few days. However, after the snow stopped, some of the ning family members couldn’t stay idle and went hunting together.

However, they didn't dare to go too far. Furthermore, Leng ruoxue was afraid that they would encounter some unknown danger, so she had specially instructed Zi Yu to go with them.

After they came back from hunting, each of them was carrying two fat snow rabbits in their hands. It could be seen that they had a good harvest.

Chapter 1249: The snow fox that descended from the sky (4)

"Miss, this is for you." Zi Yu walked in front of Leng ruoxue and took out a few palm-sized rabbits from her bosom. Those little rabbits were pink and tender. Some of their eyes had not opened yet, and at this moment, their small bodies were all curled up. It was unknown whether it was because of the cold or because they were scared.

"Uh!" Leng ruoxue looked at the little rabbit that Zi Yu handed over, and her forehead was filled with black lines. She couldn't help but secretly sigh. What was the meaning of this? Did he want her to raise them to eat meat, or did he want her to treat these rabbits as pets? However, she really did not have any interest in raising rabbits. Furthermore, she absolutely believed that her beasts would definitely treat these rabbits as food. It was absolutely impossible for them to get along with rabbits in peace. After all, food was food.

"Doesn't miss like furry little animals? These little bunnies are all very cute." Looking at Leng ruoxue's puzzled expression, Zi Yu said with some embarrassment.

"No matter how cute they are, they aren't as cute as me. Big sister doesn't need these rabbits, you should take care of them! When they grow up, we'll eat them as food." The baby lying in Leng ruoxue's arms snorted arrogantly. A few rabbits actually wanted to compete with it for favor, they were simply dreaming!

"That's right, they're food." QiuQiu echoed.

"Uh!" Looking at the two little fellows, QiuQiu and Baobao, who were eager to get rid of these rabbits, Zi Yu was really speechless. The young miss's beasts were too good at fighting for her favor! He didn't even let the rabbits go.

"Miss, I'll take care of these rabbits!" After a long while, Zi Yu said helplessly.

"Yes, yes. Fatten them up. We want to eat." Baobao glared fiercely at Zi Yu. It could read people's minds and see through their souls, so naturally, Zi Yu's thoughts couldn't be hidden from it.

"You guys hunted so many rabbits, are you planning to eat them tonight?" Leng ruoxue was a little speechless. Could it be that these people had raided the rabbit's nest?

"Miss Leng, we didn't want to only hunt rabbits, but it has been snowing for so many days. Besides rabbits, we can't see any other animals, so we can only make do with it." The ning family members who went hunting couldn't help but complain.

"Then let's eat rabbit today!" Leng ruoxue said helplessly.

Not only that, for the next few days, the food for Leng ruoxue and the rest was mainly rabbits. After eating for a few days, no one wanted to eat rabbits anymore.

On the fifth day after the snow had stopped, the snow in the snow Mountain had become much more solid. After Leng ruoxue and the demon child went out for a walk, they decided to set off immediately.

.....

The herbs in the snow Mountain that liked the cold seemed to have grown stronger after the snow. Furthermore, with QiuQiu leading the way, they easily gathered a few snow lotuses that were not too old. Leng ruoxue also promised that after they were refined into pills, she would give each of them a few.

QiuQiu led Leng ruoxue and the rest towards the area where the medicinal herbs were abundant. After the ning family members received Leng ruoxue's promise, their interest in picking the medicinal herbs grew even higher.

"Aiyo! Who hit me?" Suddenly, an elder of the ning family who was squatting down and concentrating on picking herbs shouted.

"Why are you acting so surprised? No one would hit you!" The ning family's first elder lifted his eyelids and said indifferently.

"Someone really hit me!" The ning clan elder said with a wronged expression.

Just as he finished speaking, something fell from the sky and hit him on the head, knocking him out and pressing him down ...

"Uh!" When Leng ruoxue and the rest saw this, they were speechless. They felt pity for him. What a poor guy. He was so unlucky. However, they were more interested in the giant that had knocked out this elder of the ning family.

The huge creature was like a small mountain, its whole body was snow-white. However, at this time, its snow-white fur was stained with blood and full of wounds, which made people tremble with fear. It was obvious that this was a snow fox that had been seriously injured. After the Fox fell from the sky, it was already in a state of unconsciousness. If it had not been for the elder of the ning family acting as a cushion for it, it would probably have died!

"Miss Leng, didn't you want a snow fox? Here, I've brought it to you." Seeing this situation, the ning family's first elder couldn't help but laugh. Although their ning family's elder had been knocked unconscious, this fact was too funny, and he couldn't control himself.

"Yes." Leng ruoxue nodded helplessly as she watched the ning family's first elder laugh wildly without any reservations.

Then, she took out a white pill from her bracelet and stuffed it into the mouth of the giant snow fox ...

Chapter 1250: The truth about the secret realm (1)

Not long after, the huge snow fox opened its eyes and looked at the people in front of it with vigilance. It knew that the people in front of it had saved it. However, the things that had happened in the past few days had made it wary of everything.

When Leng ruoxue saw that the huge snow fox had woken up, she knew that its injuries were almost healed. However, when she saw that the snow fox was pretending to be mute without saying a word, she couldn't help but smile and say, "We saved you, and you haven't thanked us yet!"

"Thank you for saving me." The huge snow fox was a little speechless. However, it could not help but sigh in its heart. Who would take the initiative to ask others to thank them? although it indeed should thank them properly, it felt a little strange that such a request came from the mouth of its Savior.

"You're welcome, little fox. Shouldn't you get up first? Otherwise, our ning family's elder will be crushed to death by you." Leng ruoxue looked at the huge snow fox that was still sitting on the ground without moving and was in a daze. She chuckled and teased it.

This snow Fox's body was as tall as a small mountain, and it was also a fourth ranked sacred beast. He didn't know if the ning clan elder would lose his little life after being pressed down by it. What an unlucky fellow!

"I'm sorry, I didn't do it on purpose." Upon hearing Leng ruoxue's words, the huge snow fox hurriedly stood up from the ground. It, who was almost two meters tall, lowered its head and said in embarrassment.

"It's okay, I forgive you." Leng ruoxue replied nonchalantly, "She wasn't the one being used as a meat cushion anyway."

"Little fox, I saved your life, so you must remember to repay me!" Leng ruoxue continued.

"How do you want me to repay you?" The huge snow fox asked with a puzzled look. It could not help but wonder in its heart, 'this human woman actually called it a little fox. How is it small?' It's obviously huge, okay? However, even though it was slightly dissatisfied with the way Leng ruoxue had addressed it, it still tacitly agreed to it. After all, she was its Savior! At this moment, the man and the Fox both threw the elder of the ning family, who had become a meat cushion, to the back of their minds.

"We're not familiar with the snow Mountain. Why don't you be our guide for the time being? Of course, I won't mistreat you." Leng ruoxue pondered for a moment before speaking. Actually, her main purpose was not to have the snow fox act as their guide. It was just that the snow fox had just been severely injured and was at its most vigilant state. Hence, she had no choice but to use this plan.

"It's very cold in the snow Mountain. You should go back early!" When the gigantic snow fox heard Leng ruoxue's words, it neither agreed nor rejected her. Instead, it spoke softly as if the matter was none of its business.

"It's okay. We're not afraid of the cold. We came to the snow Mountain to pick herbs. How can we go back before we've picked all the herbs?" Leng ruoxue said stubbornly.

"You should know where to find herbs, right?" Leng ruoxue added after seeing the expression on the giant snow Fox's face.

.....

"I know a little." The gigantic snow fox said indifferently. If they really only wanted to collect some medicinal herbs, it could satisfy them and even guarantee their safety. However, if they had other thoughts, then it would be helpless.

"Then take us there! However, it's a little late today. Let's rest for the night, and you'll take us there tomorrow morning." Leng ruoxue said after some thought.

"Yes." The huge snow fox nodded and turned to leave. However, it had only taken two steps when it realized that Leng ruoxue and the rest did not move. They were only staring at it intently. It could not help but feel suspicious.

"Why aren't you guys leaving? Weren't they looking for a place to spend the night? I know a place that's very safe. Come with me." The gigantic snow fox turned around and said.

"No, this place is fine." After Leng ruoxue finished speaking, she took out the house and placed it on an empty space.

The snow fox looked at the house that had suddenly become bigger and was stunned for a moment. However, it quickly reacted and circled around the house. It was amazed. It really did not expect that this human would have such a good thing. With this house, they would be much safer in the snow Mountain. It seemed that it did not have to worry about where they would stay at night.

Not far away, the ning family's Grand Elder looked at the huge snow Fox's calm appearance and sighed in admiration. It seemed that the ning family could not even compare to a Fox in some matters! Look at him, so calm and composed! Looking back at the ning family's reaction when they first saw the house, he felt a little embarrassed thinking about it now. However, that should be the normal reaction of humans! The great elder consoled himself.

"Everyone, come in! We won't pick them today, let's eat something delicious tonight. Eat the rabbit meat!" Leng ruoxue laughed evilly as she spoke to everyone.

At first, when the ning family heard that they were going to eat delicious food tonight, they were all very excited. However, when they heard that the delicious food was rabbit meat, they all became a little listless. They really didn't want to eat rabbit meat anymore.

"That miss Leng! Let's not eat rabbit meat tonight, okay? If we eat any more, we're going to vomit." An elder of the ning family carefully discussed.

"The rabbit meat was all hunted by you. How proud it is to eat the fruits of your labor! You should be happy." Leng ruoxue said with a smile.

"Uh! But we really don't want to eat anymore." Someone complained in a low voice.

However, Leng ruoxue ignored everyone's reaction and calmly asked, "Aren't you guys coming in?"

When the ning family heard this, they quickly entered the house, but the big snow fox did not move.

"Why don't you come in?" Leng ruoxue stood at the door of the house and asked with a light smile.

When the snow fox heard Leng ruoxue's words, it wanted to say something but stopped. Then, it walked into the house with elegant steps.

After entering the house, Leng ruoxue instructed Zi Yu to arrange a room for the giant snow fox. Then, she personally supervised the ning family's preparation of dinner. There was rabbit meat for dinner, but of course, there were other dishes.

When it was time for dinner, the snow fox walked out of its room. The blood on its body had already been washed away. Its snow-white and soft fur looked extremely fluffy and soft. Coupled with a pair of light blue, clear eyes, it looked cute and adorable. Of course, this was only in Leng ruoxue's eyes.
