

Crazy Wife 1261

Chapter 1261: The tables have turned (1)

The exhausted Men in Black struggled to climb out of the blood pool. However, Xue Ying would not give them the chance. As soon as they showed their heads, his huge feet would kick them back into the blood pool ...

The leader of the Men in Black saw this and was so angry that he almost fainted. After a while, he panted and growled, "You dare to dirty master's blood pool, master will not let you off!"

"You're wrong. You're the ones who dirtied the pool, not us!" Xue Ying laughed evilly as he stepped on the Man in Black who fell into the blood pool. He was having a lot of fun!

"You ... You're all looking for death!" The leader of the Men in Black roared in anger. He was very depressed, but he couldn't understand why this was happening. Wasn't this stinky Fox under control? Why would this secret chamber be in such a mess? Moreover, master should have known about the situation here long ago. Why hasn't he arrived after so long?

"We're not looking for death. We want you to die." Leng ruoxue said with a smile.

"You want us to die? You're dreaming! My master is incomparably powerful. You're definitely not his match!" The leader of the Men in Black said confidently.

"Oh, really? Then why hasn't your extremely powerful master arrived yet?" Leng ruoxue asked curiously.

"My master must have been delayed by something. When he comes, it will be the time of your death." The leader of the Men in Black threatened.

"I'll wait and see." Leng ruoxue smiled mysteriously. Then, she gave Xue Ying a look. Xue Ying understood and immediately broke the restraints on his body. A cold glint flashed across his sharp claws. In an instant, the necks of the Men in Black in the blood pool were all cut open, and they died instantly.

Seeing this, the leader of the Men in Black felt a splitting heartache. One had to know that these people were all his subordinates! Moreover, they were all alive and human. They were definitely not the illusionary black-robed men that had been created by the illusion. In addition, these subordinates had followed him for a long time. Therefore, when he saw them die with his own eyes, his heart was really in extreme pain.

"It's only you now! Do you have any last words?" The snow Shadow looked at the leader of the Men in Black and laughed evilly. It had not forgotten that the group of men in Black who had chased after it were with them. Therefore, out of hatred, it naturally would not let these people have an easy time. Now that the blood pool had been destroyed, they would destroy the abominable ball in a while. Even if they did not kill these lackeys, these Men in Black would not live long. Mm! It seemed like they had to do something good!

"You will regret killing us. Master will definitely avenge us." The leader of the Men in Black's eyes glowed with a fierce light, filled with hatred. He still could not understand how they had been controlled by someone else. These people were clearly their prisoners.

“Are you sure? You’re just a dog of that so-called master of yours. Do you think he’ll spare no effort to avenge you?” Xue Ying asked with a look of disbelief.

“Of course! Master won’t ignore us.” The leader of the Men in Black said with confidence.

“Oh, really? I’m afraid your master can’t even save himself now!” Leng ruoxue laughed coldly. She knew very well that the master the Man in Black was referring to was the young man. However, since they had come to the divine mainland, she had no intention of letting any of them return to the divine world alive.

“Impossible! My master is extremely powerful, you are no match for him!” The leader of the Men in Black was very certain.

“Since you don’t believe me, I can only let you see it with your own eyes!” Leng ruoxue chuckled. With a wave of her hand, a screen of light appeared in front of the leader of the Men in Black ...

In the main hall.

The young man was surrounded by the master of the ning family and the first elder of the craftsmen’s Guild.

The young man looked at the two strange old men in front of him. He was puzzled. These people only had the strength of a high level deity, but why did they give him such a strange feeling? Furthermore, after seeing them in person, this feeling became even stronger. At the same time, he was very clear that these people were in cahoots with Leng ruoxue.

However, even if they were here to save Leng ruoxue, he would not allow them to succeed. Leng ruoxue was destined to be his. He would not hand her over to someone else!

In fact, he had lived in the divine realm for many years, so it was impossible for him not to know the master of the ning family and the great elder of the craftsmen’s Guild. The reason why he didn’t recognize these two people was that they were both in disguise.

Before they came to this Mystic realm, Leng ruoxue was afraid that they would be recognized by the master of this Mystic realm just in case. Hence, she had specially made them each take a disguise pill. Now, their disguise came in handy. If not, if this young man recognized their identity, how could he have underestimated his enemy?

“I say, old man, this kid’s eyes are constantly moving around. Is he thinking of some bad idea?” The great elder looked at the indifferent young man with a smile and teased.

“That’s for sure. He must be thinking about how to escape from our encirclement.” The master of the ning family said with certainty.

“Hmph! Do I need to run away? This is my territory, but I’m curious, how did you find this place?” Although the young man had doubts in his heart, he still looked very calm on the surface.

“Do you want to know? We’re not telling you.” The first elder said with an evil smile.

“Mm, right! We won’t tell you, but we can tell you that you won’t have the chance to escape. You’re dead today!” The master of the ning family said very cooperatively. The two of them really had a tacit understanding when they played with people, and there was no need to discuss it in advance!

“Aren’t you guys a little too confident?” The young man sneered, not taking the words of the two old men to heart.

“So what if I’m confident? You’re even more confident than us! Isn’t it?” First elder quickly asked.

“Should I not be confident?” The young man retorted angrily. This was his territory! If he couldn’t even be confident in his own territory, then he might as well commit suicide.

“Of course not. You should be more humble. You shouldn’t be too arrogant. This is wrong.” The first elder said with a heavy tone.

Chapter 1262: The tables have turned (2)

“Old man, why are you talking so much nonsense with him? Hurry up and kill him! I still want to go back and eat the girl’s cooking!” The master of the ning family said impatiently.

“You all really deserve to die!” When the young man saw the two old men in front of him discussing his life and death in front of him, he was so angry that he almost vomited blood. F * ck, aren’t they bullying me? After all, he was a local tyrant. How could he be bullied by two outsiders? When he thought of this, his heart was boiling with anger and his killing intent rose!

With a wave of his hand, countless Men in Black appeared in the hall.

The master of the ning family and the first elder looked at each other and laughed! They had been waiting for these black-robed men to appear for a long time. Previously, most of the black-robed men they had killed were illusions, so killing them was not satisfying at all. Now, these were all real humans!

Looking at the happy expressions of the two extremely ugly old men in front of him, the doubts in the young man’s heart grew even greater, and he couldn’t help but secretly think to himself, ‘F * ck, could it be that these two old men have been scared silly?’ Why was he not afraid when he saw his subordinates? Instead, he was so excited.

However, he was overconfident in his own strength. Therefore, he was certain that these people who came to die were all pretending to be calm. In fact, they were all afraid in their hearts. He couldn’t help but think that he was right.

“Go! Kill these people!” The young man ordered. He had originally planned to keep these people alive to make a contribution to his master, but after being humiliated by these two damn old men, he changed his mind. None of these people in front of him should think about living. He was going to kill them now!

“Yes!” “Yes, master!” The Men in Black replied in unison, and then pounced at the master of the ning family and the first elder.

After the people of the ning family and the Man in Black fought, the master of the ning family and the great elder found an opportunity to withdraw from the battle. Then, the two of them stood in front of the young man, hehe! The only person they wanted to deal with was this man!

“You guys are not worthy of being my opponents!” The young man said arrogantly.

“The same! Both of them! We don’t think you’re qualified to be our opponent, but my subordinates are all like wolves and tigers. If I snatch your subordinates from them, they’ll be unhappy. So, I’ll have to trouble you!” The master of the ning family laughed evilly.

“Yes, you should be proud that this old thing is going to fight you. As for me, I’ll just watch the battle. Otherwise, I will be angry!” The great elder pushed the master of the ning family out to be a hatchet man. After he finished speaking, he jumped out of the range of the two people, clapping and cheering on the side. Looking at his excitement, he was just short of holding the small flag and dancing.

“You old thing, you want to be lazy again, how hateful!” Master ning roared, but he still attacked the young man in resignation ...

The young man felt master ning’s powerful Qi and was shocked. He quickly set up a defensive barrier for himself. However, he still couldn’t resist master ning’s majestic attack and could only Dodge in all directions. Not long after, he was in a sorry state.

“Who are you?” The young man frowned and stared at the master of the ning family. He was suspicious of the identity of this ugly old man. One should know that although his strength was not the best in the divine world, he was definitely not a soft persimmon that could be easily pinched by others. However, in front of this old man, he could only block left and right in a sorry state. He had no power to fight back at all. This fact made him extremely depressed.

“I’m not telling you!” The master of the ning family said angrily. The divine skill in his hand was not idle, and he was constantly throwing it out from his hand.

“You’re also from the divine realm?” The young man said as he looked at the old man’s endless stream of godly power. Although the cultivation of those who came from the divine world to the divine mainland would be limited, and they could only display the power of a high-level deity, the godly power stored in their bodies would not be limited. The godly power that the old man was using was definitely not something that could be possessed by someone from the divine mainland.

“You’re right, but there’s no reward!” The master of the ning family said with a smirk. He glanced at his subordinates from the corner of his eye and found that they had almost eliminated the Men in Black. Then, he said to the young man with a little sympathy, “Most of your Men in Black are dead, but my men haven’t had enough yet! Why don’t you summon some more?”

When the young man heard the words of the master of the ning family, he noticed that most of his subordinates were dead. He was furious, but he couldn’t do anything to the old man in front of him. What’s more, there was another guy on the side who was eyeing him covetously. He said he was watching the battle, but who could guarantee that they wouldn’t join forces to besiege him? He couldn’t even deal with one, if there was one more, he was afraid that his little life would be lost here.

At this time, his heart was full of hatred for the master of the ning family and the great elder, because he had seen the strength of these people from the light screen. They were not at their current level at all. However, now he knew that he had been fooled by them. These guys had been wandering around in the secret realm and showed a tired look, which was clearly an act. This was really hateful!

“Old man, your identity has been exposed. Now this thing hates us.” At this time, the first elder interrupted again, unwilling to be left out.

“Damn it, you’re the thing!” The young man gritted his teeth and roared when he heard the first elder’s words.

“Oh! Then you’re not a thing?” The great elder was puzzled.

“You’re looking for death!” The young man was so angry that he almost vomited blood. He didn’t care about the master of the ning family, who was fighting with him, and directly attacked the great elder.

“Argh! Why are you coming at me! Old man! Help me!” The great elder shouted as he looked fearfully at the young man. He secretly held a black ball in his hand and threw it when the young man was only a few meters away from him. The young man was immediately caught in a black net.

The young man struggled with all his might, but who knew that the net would only get tighter and tighter. In the end, he even had some difficulty breathing. After knowing this fact, he did not dare to struggle anymore. However, his fire-breathing eyes continued to glare fiercely at the great elder.

Chapter 1263: The tables have turned (3)

“Be more honest! Good girl! Otherwise, you’ll be the one to suffer! Ai! Why didn’t you just deal with this old man? why did you have to find me? I don’t like fighting, so I can only use peaceful means to solve our dispute!” The great elder’s face was filled with regret. Of course, it was a pity that this man couldn’t see the truth in front of him. In fact, whether it was fighting with old man ning or finding him, this man would not have any advantage.

“You despicable old man, quickly let me go! Let’s have a one-on-one fight if you have the ability!” The young man who was tied up in the net roared in anger.

“How am I despicable? You’re the despicable ones! Besides, I’m not interested in a one-on-one fight with you. If you want a one-on-one fight, you can go to him!” The great elder pointed at master ning and said.

“Mm, come and find me! However, I don’t like to fight one-on-one anymore. I prefer to fight in a group!” The master of the ning family said with a smile.

When his subordinates heard their Master’s words, their foreheads were all covered with bean-sized beads of sweat, and they couldn’t help but fall over! Boohoo ... Their family head had been led astray by Leng ruoxue and the others. Even though the previous family head did not dare to say that he was a gentleman, at least he would not say that he liked to gang up on others in front of so many people. This would damage their family head’s great and wise image! Fortunately, there were no outsiders here. They could only kill him to silence him.

After the young man heard master ning's words, he felt the blood in his chest roil, and a sweet blood rushed up his throat. Then, he directly spat out a mouthful of blood and almost fainted.

"What a pity. Your master will definitely like your blood." Master ning looked at the blood on the ground and said with regret.

"My master will definitely not let you off." The young man said smugly, Hmph! These people were all dead for sure. Master would soon find out about the situation here, and at that time, none of them would be able to escape.

"Thank you for your reminder, but I'm afraid your master won't have the chance to save you, and you'll definitely die in front of us." The master of the ning family said with certainty. After he finished speaking, he even gave the great elder a look. The great elder understood and directly knocked out the young man with a punch.

"You're so rude!" The master of the ning family looked at the great elder's fist and said calmly.

"Old thing, you're the one who asked me to attack, and now you're looking down on me! How are we going to deal with this?" The great elder complained as he pointed at the young man he had knocked unconscious.

"Let's go find Xue 'er first! The black clothed people here must be exterminated. Otherwise, they will bring us trouble." The master of the ning family said after some thought.

"En, then what about the people from the other forces?" The great elder said with some difficulty. They had already been here for a few days, but they had not seen any other forces from the divine realm send people to save their own clansmen. Therefore, he was a little hesitant, wondering if he should meddle in other people's business. There were some forces that would not be in a good position even if they were to interfere! However, he was more afraid that there would be too many people and their information would be leaked. After all, their opponents were very powerful! It was so powerful that it was unimaginable!

"We'll talk about it when the time comes. We'll listen to Xue 'er." Master ning said irresponsibly. After he finished speaking, he ordered his subordinates to carry the unconscious young man to the location of the secret chamber that Leng ruoxue had told them.

When they arrived at the door of the secret room, the door had already been opened. The master of the ning family and the first elder led everyone in.

"Little girl, we're here." The first elder quickly said as soon as they entered the secret room.

Leng ruoxue nodded and looked at the young man in her Godfather's subordinate's hands. Her forehead was filled with black lines as she said, "Why did you bring him here?"

She thought that this person had already been killed by her Godfather and the others! He didn't expect him to still be alive.

The leader of the Men in Black in the secret room saw his unconscious master and quickly shouted, "Master! Master! Quickly wake up! What have you done to my master?"

Just now, this hateful woman in front of him only let him see his master being besieged. As for what happened after that, he didn't see it. However, he was very confident in his master, so he didn't completely believe what he saw with his eyes. After all, his master had many means, and there were many of them hiding in the dark. So, he was still waiting for his master to save him! However, now that he saw his master being controlled by someone else, he could not accept this fact.

"Stop shouting! He won't be able to wake up!" The great elder said unhappily. However, his words had clearly caused the leader of the Men in Black to misunderstand.

"You killed my master? How dare you kill my master! You will regret this! You will regret this!" The leader of the Men in Black laughed madly, as if he had already foreseen the death of these people.

In fact, the reason why he was so confident was because he had been with the young man for a long time. Therefore, he knew very well that his master had someone supporting him. Although he didn't know who that person was, he knew that the person who could make his powerful master bow down to him was definitely not an ordinary person.

"Why are you shouting? Your master is not dead yet!" The master of the ning family said speechlessly. This person was really too noisy. Thinking of this, he gave his subordinate a look, and the subordinate quickly went forward to block the mouth of the leader of the Men in Black.

"Oh! Oh!" The leader of the Men in Black struggled to speak, but his mouth was too tightly stuffed. He could only squeak and wuwuwu, but could not say anything.

Soon, he was ignored.

"Xue 'er, what should we do with these people?" The master of the ning family pointed at the people of the other forces.

"Godfather, since no one from the other forces has come, it means that they have given up on them. Their families are not willing to care about their lives, so why should we meddle in their business?" Leng ruoxue said coldly. The person behind this was too powerful. If someone among them betrayed them, it would definitely bring them danger. The best way was to let them run their own course.

Leng ruoxue had never thought that she had the magnanimity to be a Savior. In fact, she had always felt that she was a selfish person. As long as the people around her were safe and sound, what did other people's lives have to do with her?

"Xue 'er, I have no objections to letting them die on their own. However, not all of them are unconscious. If we leave them alone and they betray us, we will be in a passive position. The real mastermind is not easy to deal with." The master of the ning family said.

"Then, Godfather, are you confident that these forces will join forces with us against a common enemy?" Leng ruoxue asked, feeling a little troubled. Although she really wanted to drag these factions into this, if they knew how powerful the person behind the scenes was, they would definitely back out. Hence, she was in a dilemma.

"I'm quite confident in some forces, but I can't guarantee anything else." The master of the ning family said after some thought.

"If that's the case, then we'll take those that we can cooperate with. As for the others, we'll leave them here and let them fend for themselves." Leng ruoxue suggested.

"Hmm, that's a good idea." The master of the ning family nodded, and then gave a few instructions to his subordinates. After receiving the order, they began to search the crowd. As the targets were carried out of the secret room one by one, those who were in a semi-conscious state were a little afraid, because they were afraid that they would be left here.

"I beg you, please save me! Don't leave me here!" Someone begged. Once someone took the lead, the others would naturally follow.

"You don't need to worry. Most of the Men in Black are dead. Your family will send people to save you." Leng ruoxue consoled.

However, Leng ruoxue's words didn't make those who were still in a half-conscious state feel completely at ease. On the contrary, they became even more worried because they were very clear that they might have been abandoned by their families.

"No! No one from our family will come. Please, I beg you, save us!" Some people kept begging.

"Enough, stop quarreling! Our manpower is limited and we can't bring so many people out. So, you guys better pray for yourselves!" The great elder said unhappily. He looked down on people who had no backbone the most. They were obviously not unconscious, but they still asked for help. By right, the Men in Black were almost all dead. They could have left by themselves. Although their bodies were very weak now, it was not to the extent that they could not even move!

"Girl, let's go!" First elder turned to speak to Leng ruoxue. They had already saved most of the people they wanted to save, so there was naturally no need for them to continue staying here.

"Yes." Leng ruoxue nodded and left the secret room with the rest of the ning family. As for the young man and the leader of the Men in Black, she left them in the secret room. Of course, they were not fully conscious. As for the people from the other forces, it would not be easy for them to leave this place.

After leaving the mystic realm, Leng ruoxue found a quiet place and took out the house, placing it on the snow.

When master ning's subordinates saw this, they immediately carried the people they had rescued into the house. Before master ning and the others entered the secret chamber, Leng Qingtian and the others, who had been moved out of the bracelet by Leng ruoxue, supported each other and followed them in.

After entering the house, the group did not exchange any pleasantries and went back to their own rooms. Leng ruoxue pulled the evil demon along as they headed straight to her grandfather's residence.

In Leng Qingtian's room.

At this moment, he was resting on the bed. When he saw his precious granddaughter and grandson-in-law, he struggled to get up but was stopped by Leng ruoxue.

"Grandpa, don't move! Be good and lie down!" Leng ruoxue pressed on her grandfather's shoulder and said disapprovingly. It had been more than three years since they last met, and her grandfather had

actually lost weight. She wondered if it was because he had been tortured in the so-called secret realm. When she thought of this, the anger in her heart burned again! Hmph! Just making the young man and the leader of the Men in Black lose their minds was letting them off too easily. However, she believed that they would not have a good end.

“Xue ‘er, grandfather is fine. He’ll be fine after a few days of rest. Don’t worry.” Leng Qingtian consoled her, feeling a little embarrassed. They had made Xue ‘er worry again! As a grandfather, he really felt a little apologetic.

“Yes, Grandpa. You guys have a good rest first. We’ll talk when you’re done.” Leng ruoxue said in an understanding manner.

Chapter 1264: The conflicted Xue Ying (1)

“Alright,” he said. Leng Qingtian nodded. He could only lie down on the bed and not move.

Leng ruoxue exchanged a few words with her grandfather before leaving with the demon.

The two came to the garden and saw master ning, the first elder, and the others sitting on the stone chairs in the garden, so they went straight to them.

“Xue ‘er, is your grandfather alright?” The master of the ning family asked with concern. He should have gone to see for himself, but he was afraid of delaying the other party’s rest.

“It’s nothing serious. I just used up too much energy and need a good rest.” Leng ruoxue explained.

“Oh! That’s good to hear. ” The master of the ning family was relieved.

“Godfather, have you settled the others?” Leng ruoxue chuckled as she asked.

“Well, you don’t have to worry about the others. I’ll arrange for my subordinates to contact their families. However, you have to prepare the Chi family’s excuse!” The master of the ning family warned. He had heard from Xue ‘er that a so-called genius had come to the Chi family, and he had also heard from the ning family’s great elder about the Chi family’s genius’s behavior. Thus, he did not have a good impression of that genius.

“Alright,” he said. Leng ruoxue nodded in agreement. She would personally look for Chi Rui to discuss this matter in a few days.

“Little girl, there shouldn’t be any problem if we throw that young man and the leader of the Men in Black into that secret realm, right?” The great elder asked worriedly. He could not understand why Xue ‘er did not kill them directly. That would be permanent!

“Hehe! First elder, the Chi family’s genius I mentioned to you is in the secret realm! He had made a hard trip, so he should at least leave some souvenirs for him! Otherwise, wouldn’t he have made a wasted trip? I’ll feel bad if I do that. ” Leng ruoxue laughed evilly.

“Hehe! Xue ‘er girl, you’re really bad. ” The master of the ning family smiled approvingly. He knew very well that this girl wanted to use the hands of the Chi family’s genius to get rid of the young man and the

leader of the Men in Black. This way, the Chi family's master could forget about staying out of this world. It must be known that the old man of the Chi family was extremely cunning. If he did not make a ruthless move, it would not be easy to drag him down, so he was happy to see it happen.

"My Godfather taught me well!" Leng ruoxue said with a smile.

After hearing her words, master ning couldn't laugh anymore. Wu...When did he teach this girl? he was clearly led astray by her! Master ning felt wronged as he thought to himself. His pair of resentful eyes kept stealing glances at Leng ruoxue.

"Hehe! The girl is right, it's all because you taught her well." The first elder agreed, but he was overjoyed in his heart. He was happy to see this old thing suffer.

"You're all bullying me! My life is so bitter!" The master of the ning family pretended to cry, but it was only Thunder and no rain.

Not far away, when the ning family's subordinates saw their master and old ancestor's rascally appearance, black lines appeared on their foreheads, and they couldn't help but secretly sigh. Oh ... Their wise and great master! How did it end up like this? It was really unacceptable. At this time, they were extremely depressed and sad. It was obvious that this fact was a big blow to them.

"This is our old ancestor?" The ning family's first elder asked the elder beside him in a low voice. He even rubbed his eyes exaggeratedly with a face full of disbelief.

"That ... I think so!" An elder whispered, but his eyes involuntarily drifted to the subordinates of the ning family master. They were all the personal guards of the old ancestor, so they should know better!

"There's no need to guess, that's the master of the family, he hasn't been replaced! Hmph! None of you are allowed to tell anyone about the patriarch's current state. Otherwise, don't blame me for killing you." The leader of the guards warned.

"Uh! We won't tell anyone." The ning family's head elder quickly said. How could this kind of thing be spread out? In fact, he also felt that the old ancestor's current appearance was a little embarrassing.

"That's good. Also, you guys need to calm down. Don't make such a big fuss if you encounter such things in the future." The leader of the guards warned.

"Yes." "Yes!" The ning family elders replied. The other party's identity and status were above them, so they could only listen to what the other party said!

Their little tricks naturally could not be hidden from the master of the ning family and the first elder.

First elder looked at master ning's depressed face and laughed in his heart. This time, old man ning's face was thrown to his grandmother's house. Originally, he wanted to act coquettishly with his goddaughter, but who knew that he would be misunderstood by his own juniors and subordinates.

Leng ruoxue glanced at her Godfather and the great elder. She was smart enough to leave so that her Godfather would not feel awkward.

After returning to the room with the demon, the two of them entered the bracelet.

“Sister!” Qing Jue appeared in front of the two of them with an excited look on his face.

“Qing Jue, what made you so happy?” Leng ruoxue asked curiously.

“Hehe! Big sister, come with me and you’ll know.” After Qing Jue finished speaking, he pulled Leng ruoxue and the demon away.

The two of them followed Qing Jue to a light screen. At this time, the light screen was showing the situation in the mystic realm. Her beasts were all sprawled in front of the light screen in high spirits and focused on watching every move inside. They even commented from time to time.

What appeared on the screen, other than the situation in the secret room, was more about the Chi family genius.

The Chi clan genius led his subordinates around the secret realm. Their originally bright and beautiful clothes had long since become tattered. Everyone’s faces were pale and they looked extremely tired. Their mental state was extremely tense, making them even more suspicious.

When Leng ruoxue saw their expressions, she knew that they had been tormented by this so-called secret realm for the past few days. The effects of the illusionary realm on them were beyond doubt. If their minds were not firm enough, there was a high possibility that some of them would lose their lives in the secret realm.

However, she didn’t care whether they lived or died. What she was more concerned about was whether the Chi family’s genius would follow her script. Should he help them?

Chapter 1265: Xue Ying’s dilemma (2)

Now that the entire secret realm was under Qing Jue’s surveillance, it would be a piece of cake for her to help them. However, she did not want them to find the secret room so easily, hehe! She wanted them to suffer a little.

Thinking of this, she gave up the idea of helping them and decided to watch the show first. Of course, she would not watch them all die. Although the young man and the leader of the Men in Black were a little delirious, the secret realm was still operating normally. Therefore, it would take them a long time to find the secret room and find out the truth about the secret realm. She would let them stay in the secret realm for a few more days. With their abilities and the fact that no one was controlling the secret realm, she decided to let them stay in the secret realm. There might be some trouble, but not all of them would be fatal!

Just like that, Leng ruoxue and the rest settled down in the snow Mountain temporarily. On one hand, it was to help grandfather and the rest recuperate, and on the other hand, it was for the herbs in the snow Mountain.

As for Leng ruoxue, the demon, and Beastie, they would gather in front of the light screen when they had nothing to do. They would watch the Chi clan’s genius walk around the mystic realm, constantly finding himself in trouble. This seemed to have become a part of their leisure life.

In the garden.

The first elder of the ning family had just returned from hunting with the other elders of the family, and they seemed to have gained a lot. They were holding up the prey in their hands and showing it to everyone.

“Old ancestor, we’ve hunted a lot of your favorite snow rabbits. You can eat your fill today.” The ning family’s first elder said with a fawning expression.

“Who said that I like to eat snow rabbits?” Master ning’s face darkened, and he said unhappily. It was okay to eat that thing occasionally, but who could stand eating it every day! And these juniors who made him deeply speechless, after seeing that he was very interested in the snow Rabbit, actually went out every day to hunt for snow rabbits, causing him to eat them for several days. Now, as long as he thought of snow rabbits, he felt like vomiting. It was really infuriating.

“Uh!” The ning family’s first elder was stunned, and his forehead couldn’t help but be full of cold sweat. He thought to himself, did they see wrong? Did the old ancestor’s taste change again? Wu ... One must know that they, the younger generation, had really put in a lot of effort in order to please their ancestor every day! However, he did not expect that the old ancestor’s taste would change so quickly.

Leng ruoxue, who was walking into the garden, saw this scene and laughed in her heart. Godfather finally couldn’t take it anymore!

In fact, when she saw her Godfather eating snow rabbits so happily every day, and the ning family’s first elder and the others constantly going to the snow mountains to catch snow rabbits to show respect to her ancestor, she knew that such a day would come.

“Xue ‘er, get them to take the rabbits away. I don’t want to see those rabbits again.” The master of the ning family saw that his goddaughter had arrived and spoke as if he had found a Savior.

“Godfather, this is a token of appreciation from the younger generation of the ning family. How can I disappoint them?” Leng ruoxue pretended to be in a difficult position.

“Yup! Old man ning, these children know that you like to eat rabbits, so they specially go out to call you every day. How can you do this!” The first elder said with an evil smile.

“Here you go, you can eat all these damn rabbits!” The master of the ning family shouted angrily.

“Don ‘t! How can I accept the kind intentions of your family’s junior!” The great elder quickly refused. In fact, he had been eating rabbits with old man ning for a few days and had had enough. However, as long as there was an opportunity to anger old man ning, he would not let it go.

“It’s okay, they won’t mind. ” The master of the ning family said generously.

“But I mind. I’m not as thick-skinned as you.” The great elder teased, but his words angered the master of the ning family.

“Damn old man, how am I thick-skinned? If you don’t make it clear today, I’m not done with you!” The master of the ning family shouted at the top of his voice.

“What’s wrong? You want a one-on-one fight? Hmph! Even though you’re stronger than me, I’m not afraid of you!” The first elder said, unwilling to be outdone.

“One-on-one! You said it yourself! Let’s go! Let’s find a place to have a one-on-one!” After master ning finished speaking, he dragged the great elder and left the garden without looking back.

The ning family’s first elder and the others who were left in the garden were all dumbfounded. However, they were more worried because they were afraid that their ancestor would really be angry. They had also eaten rabbit meat for several days, so why didn’t they understand their ancestor’s feelings? How could the old ancestor be an exception to the things that they were sick of eating?

However, they were only focused on pleasing their ancestor and did not think so much.

The ning family’s first elder and the rest looked at Leng ruoxue with uneasy hearts. They could not help but ask, “Miss Leng, what do you think we should do about this? We thought that our ancestor liked to eat, so we didn’t think so much!”

“It’s fine. Godfather understands your feelings. He won’t be angry.” Leng ruoxue smiled as she consoled her. She was secretly impressed by her Godfather’s quick-witted thinking. Actually, he didn’t go to fight with the great elder! The two old men had obviously found an excuse to slip away in order to get rid of the rabbit meat.

“Really?” The ning family’s Grand Elder asked, somewhat worried.

“Yes.” Leng ruoxue nodded helplessly. Perhaps she could not understand how the ning family’s first elder and the rest felt when they faced their Godfather! She always felt that they were being too careful. In fact, the old man definitely didn’t like them doing this, but even if he said it, these people probably wouldn’t believe it. This should be how big families get along!

“Then we can rest assured. But what about the rabbit meat?” An elder of the ning family said worriedly. In order to satisfy the old ancestor’s desire for food, they had hunted a lot of snow rabbits! It wouldn’t be a problem to eat it for a month.

“Uh! You can bring it back for ning Fei and the others to try.” Leng ruoxue suggested.

“Alright then! Then let’s bring them back!” The ning family’s first elder thought for a while and said, Al! He didn’t know what the old ancestor liked, and why was it so difficult to please him!

In the following days, everyone in the ning family racked their brains to think of all kinds of ways to please the master of the ning family, but the effect was minimal. The master of the ning family was pestered by them to hide everywhere, and he was in a very embarrassing situation.

This had also become something Leng ruoxue and the rest enjoyed every day. Every time they saw the ning family’s master fleeing in a sorry state, they would be very happy, especially the first elder.

Chapter 1266: The conflicted Xue Ying (3)

After a short rest, Leng Qingtian and the others ‘injuries had almost recovered.

After that, they told Leng ruoxue and the rest of their reason for coming to the snow Mountain.

It turned out that they had also heard that a secret realm had appeared in the myriad mountain snow Mountain, so they had come here. When they first saw the secret realm, they had doubts in their hearts and did not intend to enter it. However, they were accidentally sucked in by the sudden light in the secret realm. Therefore, they had to brace themselves and explore the secret realm.

At that time, they had also killed many Men in Black and dark creatures in the mystic realm. With Leng ruoxue's pills, they could survive much longer in the mystic realm than the others. In addition to their strong will, the illusion did not affect them too much.

However, due to their physical fatigue, they had still fallen into the hands of the Man in Black and the young man. They had also lost a lot of their divine power and blood. If it was not for Leng ruoxue's timely appearance, they might have lost their lives in the secret realm. Hence, their hatred for the secret realm could be said to be extremely great.

When Leng ruoxue heard their words, black lines appeared on her forehead. She was deeply speechless. Could it be that the mystic realm had no choice but to suck them in personally after seeing that no one had entered?

She knew it! How could his subordinate and grandfather be so careless! So there was such a thing! However, she felt some sympathy for the young man. It seemed that it was not easy to be the spirit of the pseudo-secret realm! Not only did they have to ensure the number of people entering the mystic realm, but they also had to filter out the outstanding people or beasts so that they could make use of them. Once this matter was messed up, they would probably be reprimanded by their Masters. No matter how they looked at it, it was a tragic character!

"Xue Ying, were you all sucked in by the secret realm?" Leng ruoxue lifted her beautiful eyes and smiled as she looked at Xue Ying who was not far away.

"No, after we discovered the secret realm, the beasts who lived in the snow Mountain all year round were very excited and didn't think too much about it. So, we went in directly. After we went in, we found out that it wasn't the real secret realm." Xue Ying explained gloomily. This time, many of the beasts that he knew had died in the secret room. This made him feel quite upset, even though many of them were not his friends, but enemies.

"We entered by ourselves." Before Leng ruoxue could ask, Chi Rui had already confessed.

"I know," Leng ruoxue said, amused.

"Uh!" Chi Rui's face turned red in embarrassment.

"Chi Rui, do you know what to say when we return to the Chi family?" Leng ruoxue asked again. Although she had briefly mentioned this matter to Chi Rui, she did not know if Chi Rui would understand her meaning or follow her instructions.

"Yes, I know." Chi Rui nodded. He knew that Leng ruoxue didn't want him to reveal that she was the one who had saved the Chi family. Since her Savior had such a request, he would naturally comply.

"The Chi clan's genius is still trapped in the secret realm. However, it won't take them a few days to find the secret room where you were locked up. They naturally won't be able to find you there, so you have to think of a good reason." Leng ruoxue reminded.

“Yes.” Chi Rui nodded. He had thought about this matter and naturally knew what to say when he returned home. He had also given instructions to the Chi family members who were still alive.

“That’s good. The other teams have gone back. When do you plan to leave?” Leng ruoxue asked.

“We don’t plan to go back.” Chi Rui said calmly.

“Not going back? So you’re going to stay in this Snow Mountain?” Leng ruoxue asked in surprise.

“Yes, we’re seriously injured. It wasn’t easy for us to escape from the secret realm. Naturally, we can’t go back on our own.” Chi Rui said matter-of-factly.

“By doing this, you’re giving all the credit to that genius of the Chi family!” Leng ruoxue reminded him. She had not expected Chi Rui to be so evil and come up with such an idea. However, this way, the explanation of how they could leave the secret realm was much more perfect. It was just that the credit would fall on the head of the genius from the Chi clan.

“If he’s thick-skinned enough, he can naturally say that he saved us. As for whether or not people will believe him, that’s not for me to decide.” Chi Rui laughed evilly. The Chi family’s genius had stayed in the secret realm for quite a few days, and most of his subordinates must have been lost. If he insisted that he was the one who rescued them, no one would believe him.

“Since you’re so confident, then find a good time. I’ll send you to the path he must pass. At that time, you can leave with them with a justified reason.” Leng ruoxue thought for a while. If Chi Rui’s idea had her cooperation, it would have been even more perfect. So, how could she not help?

“Then I’ll thank miss Leng first.” Chi Rui said happily. In fact, he had been waiting for this sentence.

After briefly understanding the situation and discussing the Chi clan, Leng ruoxue left with the evildoer.

After returning to the bangle, Leng ruoxue ran straight towards the screen. The screen was still displaying the Chi clan genius’ every move. However, after staying in the secret realm for so many days, they had been attacked by the Men in Black and the dark creatures. Hence, the Chi clan genius had very few subordinates left. As for the two beautiful maidservants, they had long become the dark creatures’ food.

Leng ruoxue instructed Qing Jue to inform her when the Chi family genius only had one guard by his side.

With Leng ruoxue’s instructions, Qing Jue naturally did his best to guide the Chi family’s genius and the rest to the area where the dark creatures were concentrated. In less than two days, the Chi family’s genius only had a pathetic-looking guard by his side. The Chi family’s genius’ body was also covered in injuries.

Afterward, Qing Jue led the Chi family’s geniuses to the secret chamber and found the young man and the leader of the Men in Black who had lost their minds, as well as the people from the other forces who were still in the secret chamber.

Many of the people from the other forces who had not completely escaped from danger treated the Chi clan genius as a Savior and almost beat him up. The Chi clan genius, who had been coaxed to the point

of being smug, even promised to take them out of the mystic realm. At the same time, in a fit of anger, he killed the leader of the Men in Black and the young man, who had lost their minds.

Chapter 1267: Xue Ying's dilemma (4)

However, the Chi family's geniuses also asked some people who were still in the secret realm why so many Men in Black had died, but no one could answer. They seemed to have forgotten something and could not answer all their questions.

Seeing this, the Chi clan's genius could only give up on the idea of finding out the secret of the secret realm from them and led everyone out of the secret realm ...

Not long after they left, there was a huge explosion in the secret room in the secret realm. Everything disappeared with the explosion ...

After the secret room exploded, somewhere far away in the immortal realm, someone was furious ...

After making arrangements for Chi Rui and the rest, Leng ruoxue led the group and continued to wander around the snowy mountain. The first elder of the ning family took his men and bade farewell. Before they left, their resentful eyes followed their own ancestor with pitiful expressions.

Leng ruoxue and the rest stayed in the snow Mountain for a few more days. After their harvest was bountiful, they decided to return to their residence.

Before they descended from the snowy mountain, Leng ruoxue looked at Xue Ying's reluctant and hesitant expression. She said directly, "Xue Ying, do you want to come with us?"

Hearing Leng ruoxue's words, master ning and first elder's faces were filled with black lines. They couldn't help but think to themselves, 'is this girl planning to kidnap Beastie again?' However, this Snow Shadow was an adult snow fox. He didn't know if it would be fooled! The two of them were looking forward to it.

For a long while, Xue Ying did not say anything. He only looked at Leng ruoxue quietly, as if he had a thousand words to say.

Seeing Xue Ying like this, the master of the ning family and the great elder were a little worried, and they couldn't help but whisper to each other.

"Old thing, do you think this little fox has taken a fancy to me, her goddaughter? Ai! If the child is too outstanding, it will be troublesome." The master of the ning family asked worriedly. Although the love between man and beast was not forbidden in the divine realm, it was definitely not something that everyone could accept. And their descendants would be like Zi Yu, full of danger everywhere, and could only live a life of hiding everywhere. Therefore, he really did not want his godgrandson to be a half-beast in the future.

Actually, master ning was overthinking. It was a good thing that Leng ruoxue didn't know about her Godfather's wild thoughts. Otherwise, she would be depressed.

“Look at how happy you are. Do you think that little fox is a match for that evil man?” The first elder, who clearly understood the ning family master’s thoughts, said somewhat speechlessly.

“That’s true, it’s still alright! My adopted grandson is safe. ” The master of the ning family muttered to himself.

“Bah! Other than you, no one would think of such things. ” The great elder was helpless. This old thing was probably too free, or he was too annoyed by the younger generation of his family, so he was thinking about it.

It was a good thing that no one cared about their actions now. Otherwise, how embarrassing would it be for them! The great elder looked at the crowd carefully and found that their thoughts were all on the little fox. His heart was slightly relieved.

At this moment, Xue Ying, who had been silent for a long time, finally spoke.

“I’m sorry, I can’t leave with you. I have something important to do!” The snow Shadow said with some reluctance. Although it really wanted to leave with them, it had its own mission.

“Something important? Can you do it yourself? Don’t you need any help?” Leng ruoxue understood. She knew that this Fox had something on its mind because it was not the first time she had seen it in a daze. Especially when it saw the three Beastie, it seemed to be troubled and at a loss.

“I can ... Do it on my own.” Xue Ying paused for a moment before continuing.

“Oh! Then say goodbye to the succubus and the rest!” Leng ruoxue looked at Xue Ying, who was clearly in a dilemma, and smiled. After she finished speaking, she took out the charm, baby, and the Chi from the bracelet.

After the three little beasts came out, they immediately jumped onto Xue Ying’s body and rubbed against him affectionately. Xue Ying was also very reluctant to part with them.

“Xue Ying, you should leave with us! You don’t have any family in the snow Mountain, how lonely you are! You won’t be bored if you’re with us. ” Baby raised his head, his silver eyes were sparkling with Starlight, and he said in an extremely cute manner.

“Yup! Let’s go together! Master will treat you very well. ” The referee also advised.

The Mei did not say anything, but her face was filled with anticipation.

“I ...” Snow Shadow was very conflicted. After hearing the words of these three little fellows, it did not know what to do.

Chapter 1268: The slave auction (1)

The days it spent with Leng ruoxue and the others were the happiest it had ever been. However, the moment it thought of its mission, Xue Ying could not relax. Furthermore, it did not want to implicate the three adorable little fellows. Hence, it was extremely conflicted.

When Leng ruoxue saw Xue Ying's conflicted expression, she chuckled and said, "Xueying, although I don't know what you want, can you really do it by yourself? If you become one of us, then your business will naturally be our business. With our help, your business will be easier to handle!"

"I don't want to implicate you. This matter is not easy to handle." Xue Ying spoke the truth. Since Leng ruoxue had already said so much, it would be a little too much if he were to continue being pretentious. Hence, he could only tell her the truth.

"No matter how difficult your matter is, it's not as difficult as mine!" Leng ruoxue said with a smile. Even though she didn't tell many people about the master of the secret realm, she knew that Xue Ying's matter wouldn't be as troublesome as hers.

"This ..." Xue Ying was speechless. He knew that Leng ruoxue was referring to the person behind the mystic realm. However, he had to admit that she was right. A single Mystic realm was enough to trap all of them. One could only imagine how powerful the person behind the mystic realm was.

"If you're afraid of being implicated by us, you don't have to come with us." Leng ruoxue laughed evilly.

"I'll go with you." Xue Ying sighed softly and said with a face full of helplessness. In order to convince it, Leng ruoxue had even goaded it into doing so. How could it still not know what was good for it? Moreover, she really liked being with them. It felt like home.

"Then let's go!" Leng ruoxue said with a smile. She was extremely satisfied. How could she not have a big fox who yearned for warmth?

"Exactly! Big sister is not an ordinary person." At this moment, baby's voice rang out in Leng ruoxue's heart. Instantly, her forehead was filled with black lines.

Sob ... She was too pleased with herself. How could she have forgotten that there was a group of Peeping Tom in her heart! These little things 'greatest joy was to peek at her inner thoughts.

Poor Leng ruoxue, not a single one of the Beasties was willing to tell her. Actually, her inner thoughts could be blocked! Because this was their greatest hobby, and it couldn't be taken away.

After they turned into Snow Shadow, Leng ruoxue and her group left the snowy mountain in a grand manner ...

To make it easier for them to travel, Xue Ying had transformed into a Mini Fox. Although it had never liked to be so small, as it looked very unassuming, not only that, after it had shrunk, Leng ruoxue even hugged it in her arms like she was holding a pet. This made it even more uncomfortable. After all, it was an adult Fox that was not young and had never acknowledged a master, let alone being hugged by a human. However, this human was a woman, which made it even more uncomfortable.

However, it felt even more embarrassed because there was a pair of angry and covetous eyes staring at it. This made it feel very aggrieved. Sob ... It wasn't like it wanted to be carried by Leng ruoxue. Why did she have to put the blame on it? it felt very wronged, okay? Xue Ying couldn't help but think to himself.

As he walked, he glared at the uncomfortable Fox. The evil demon's heart was about to spit fire, and the air pressure on his body was extremely low. He wanted to glare at the evil Fox to death. The cold current

on his body made Feng Da and the others hide far away, not daring to take half a step closer to him, lest they become the scapegoats.

It was not as if Leng ruoxue was completely unaware of the undercurrents around her. However, she chose to ignore them. After all, in her eyes, there was no difference between Xue Ying and the succubus. They were all very cute little beasts. Unless she was carrying a demon, the demon would not be happy no matter who she was carrying. However, demons could not be mimicked, so ...

After the group left the snow Mountain, they didn't go back to the mountain. Instead, they started exploring the godly land.

During this period, they had visited many cities. In addition to understanding the local customs of each city, they had also evaluated each city. Soon, a month had passed.

As for Leng ruoxue and the rest, they had unknowingly arrived at a city in the Chi family's God domain.

This city was called bamboo city. It could only be considered a medium-sized city in the Chi family's Divine Domain, but it was extremely prosperous. It was not inferior to Chi city, the main city of the Chi family's Divine Domain.

Leng ruoxue and the others walked on the streets and realized that there were many people on the streets. After asking around, they found out that there would be a slave auction three days later. Hence, there were many factions that came to participate.

It wasn't easy for them to find an inn to stay in temporarily. However, there was only one guest room left in the inn. Leng ruoxue and the rest didn't mind.

When the manager of the inn saw that they had agreed to share a room with so many people, he was deeply surprised. However, he did not dare to ask. After all, the people of the divine world could not just look at their appearance. Moreover, as the owners of the inn, they could not offend their customers at will.

After booking the rooms, Leng ruoxue and the rest were about to head upstairs when someone suddenly called out to them.

The person who called out to them was a man in his thirties. The man was tall and had a pretty face. However, the way he looked at Leng ruoxue made her extremely unhappy.

"What's the matter?" Leng ruoxue asked indifferently.

"Miss, can you give us the room? I'm willing to pay double the price. Moreover, there are so many of you in one room, I don't think it can fit so many people!" The man said with a smile.

"It's our business whether you can stay or not. Since we've already booked the room, there's no reason for us to give it up. It's to avoid sleeping on the streets at night." Feng Da couldn't help but ask.

"I said I'm willing to pay double the price." The man said with a good temper. He was not angry at Feng DA's words.

"Even if you pay ten times the price, we won't let you have this room." Cheng Wu also spoke.

“There are so many of you, one room simply can’t accommodate all of you. Since that’s the case, why don’t you do us a favor? We’re from the ascender Alliance. With our favor, you can do whatever you want on the godly mainland. So, you’d better consider it carefully!” The man said with pride.

Chapter 1269: The slave auction (2)

“Is the ascender Alliance that great? Why didn’t I know that I could do whatever I want on the godly mainland if I owed the ascender Alliance a favor? Then what do you think the eight great divine domains are?” Leng ruoxue asked with a calm smile.

She did not have a good impression of the ascender Alliance. Moreover, she would not have any hostility towards the indigenous people just because she was an ascender. In her heart, friends were not distinguished by status and race, as long as they could enter her eyes. However, the self-righteous behavior of the ascender Alliance obviously did not win her heart. Therefore, she naturally did not need to be polite, and there was no need for the ascender Alliance to owe her any empty favors.

“How audacious! You dare to look down on our ascender Alliance? I think you’re tired of living!” Suddenly, a sharp female voice interrupted.

The crowd turned around and saw a woman in her early twenties glaring at Leng ruoxue. Her beautiful face was clearly filled with anger. No one knew if she was angry because Leng ruoxue looked down on the ascender Alliance or because she was jealous because Leng ruoxue’s face was more beautiful than hers.

“Did I say that I look down on the ascender Alliance? What I mean is that your ascender Alliance should know your own limitations. In the divine realm, you are not the only power. Therefore, when it’s time to exercise restraint, don’t be so smug.” Leng ruoxue chuckled.

“You, you can stop quibbling. I’m not a fool. Don’t tell me I can’t understand the meaning in your words? In short, you look down on our ascender Alliance. We will never let you go.” The woman said angrily.

“Since you’re certain that I look down on the ascender Alliance, then do as you please! Let’s go!” After Leng ruoxue finished speaking, she led the group upstairs without turning back.

Their room was located on the fourth floor. It was a top-grade suite with a total of five rooms. The facilities inside were also rather luxurious. After entering the room, Leng ruoxue took out her own room and placed it in the room.

The advantage of her house was that it could adjust its size according to the size of the storage area. Therefore, it was fine as long as people could enter it normally. After all, the interior of the house was a space of its own, so the size of the house was irrelevant.

After entering the room, Leng ruoxue and the rest went back to their own rooms to rest. However, master ning summoned his personal guard and gave some instructions. Then, one of the guards left the room.

At night, Leng ruoxue and the demon walked out of their room and into the garden. To their surprise, dinner was already prepared.

“Godfather, did you ask your people to prepare all this food?” Leng ruoxue said.

“Hehe! That’s right! Even though the food here is not as delicious as yours, it is still considered top-grade in the divine realm. I had to send someone to Chi city to specially buy these. You can’t buy them in Hui city at all.” Master ning said proudly.

“Tsk! Look at how beautiful you are.” The great elder at the side said sarcastically. He couldn’t bear to see this old fellow being smug. What should he do?

“What’s wrong? Bite me!” The master of the ning family shouted with his hands on his hips. When his subordinates saw their master’s state, they all turned their heads to the other side.

“Godfather, can we eat now? I’m hungry.” Leng ruoxue saw that they were about to quarrel again and quickly changed the topic. Otherwise, if they really started quarreling, this meal would probably be ruined again.

“Since your goddaughter is hungry, then hurry up and eat! Don’t Starve yourself and lose weight.” The master of the ning family quickly said.

“Yup! Since her God-granddaughter was hungry, she should hurry up and eat! You’ve lost weight.” The Grand Elder said.

Leng ruoxue was speechless when she heard the words of these two! These two old men liked to disagree with each other and were fiercer than their grandpas when they quarreled! But their relationship was surprisingly good! At least when they saw someone bullying the other party, they would definitely not sit by and do nothing. What a strange way of getting along!

“Eat!” Leng ruoxue said helplessly.

“Yes.” Everyone nodded and found a place to sit down.

After the meal, the great elder started to chat about the slave auction.

“Godfather, what’s going on with this slave auction?” Leng ruoxue asked with a puzzled look. She never thought that there would be a special slave auction in the God World. However, those slaves must be having a hard time. After all, the God World was a cruel place where people ate people.

“It’s a long story!” The master of the ning family sighed.

“Can’t you make it short?” The great elder rolled his eyes at the master of the ning family and said unhappily. He didn’t like this stinky old man to keep them in suspense. Other than Xue ‘er and the others, who here didn’t know what kind of auction it was?

“What does it have to do with you? The goddaughter is asking me!” The master of the ning family couldn’t help but shout.

“I’m just feeling indignant! If you want to say it, then say it quickly. If you’re keeping me in suspense, I’ll say it for you!” The first elder said with an evil smile.

“Don’t meddle! Do you know as much as I do?” Master ning’s face darkened as he shouted unhappily. However, when he saw Leng ruoxue, he immediately put on a smile and said in an affable manner, “My

good daughter! Since you've asked, I'll tell you! You also know that the strong are respected in the divine realm, and strength is Supreme, right? As for these slaves, they are the lowest class of people in the divine realm. Their status in the divine realm is not even comparable to that of a beast. One can only imagine how difficult their lives are!"

"Slaves, on the other hand, have no self-respect and no sense of self. Their lives belong to their Masters. If their Masters ask them to die, they have to die. They have to obey whatever their Masters ask them to do. Otherwise, the overbearing slave contract will not let them go." The master of the ning family paused before continuing.

"How did those people become slaves? You can't be born a slave, right?" Leng ruoxue asked curiously.

"Unless they are the offspring of a slave, of course, no one is born a slave. There are many reasons for becoming a slave, but the most common one is the extermination of a family. When a family is exterminated, the people who are still alive will become slaves even if they are alive. So, in my opinion, they might as well be dead." The master of the ning family sighed.

"Little girl, in the divine realm, the sale of slaves is legal, and becoming a slave, other than being born with it, is more likely to be caused by human factors. If I have an enemy and I don't want him to die too easily, I'll turn him into a slave. Once he becomes a slave, he can't resist even if he wants to, because the slaves are all bound by some kind of restriction. Once they resist, they'll be greeted with a fate worse than death." The great elder sighed. This kind of slavery system could be said to be very cruel and inhumane. He had always disapproved of it, but it was allowed by the divine lord's estate.

Chapter 1270: The slave auction (3)

"How can you turn your enemy into a slave?" After being in the immortal world for so long, this was the first time Leng ruoxue had heard of the ability to turn one's enemies into slaves. This was because her enemies were all dealt with by herself.

"You just need to report to the God Lord's Manor. Isn't there a Guild for quests in the divine realm? As long as you go to the mission Guild and pay enough Jingshi, someone will naturally do this for you, and you don't have to worry at all." The great elder explained.

"Oh!" Leng ruoxue finally understood.

"My dear daughter, are you interested in the slave auction? If there is, we can stay here for a few days and take a look at the slave auction. However, the standard of the slaves in the slave auction on the godly mainland is not very high." The master of the ning family said.

"Yes, I want to go and take a look." Leng ruoxue nodded. She had never seen a slave auction before! Naturally, she wanted to experience it.

"Then I'll send someone to make a reservation. You're only responsible for going." Master ning said with a smile.

"Alright," he said. Leng ruoxue nodded.

The next day.

The master of the ning family sent someone to book a private room at the slave auction while Leng ruoxue and the rest went out for a stroll on the streets.

When they found a restaurant to eat, they actually met the woman from yesterday again. She was followed by ten or so followers. After she swaggered into the restaurant, she was just about to find a place to sit down when she saw Leng ruoxue and her group. Instantly, she was filled with anger and came to Leng ruoxue and her group angrily.

“Why are you guys here? This is not a place for people like you.” The woman said with a look of disdain.

“Can’t we be here? Oh! Are you saying that this restaurant’s grade is too low, so we shouldn’t come here?” Leng ruoxue asked with an evil smile. She had heard that this restaurant was the largest and best in Ye City, so they had come to try the food here. Who would have thought that they would meet that woman here again? she wondered if this could be considered as enemies meeting on a narrow road!

“What are you talking about? This restaurant is owned by the Chi family, yet you dare to insult the Chi family like this. I think you’re tired of living!” The woman shouted loudly, as if she was afraid that no one could hear her.

The manager of the restaurant, who had rushed over after hearing their voices, looked at the young woman with a headache, not knowing what to do.

Al! He was not a fool. He could naturally see that this woman was deliberately looking for trouble. However, she was a guest. It was not good for the guest to be here. Before they figured out the identity of the guest, they could not drive her away. Otherwise, if they offended all the guests, who would patronize them in the future? Therefore, the shopkeeper was very conflicted.

“Hehe! Everyone should know him! Since everyone is an old acquaintance, it’s fine to simply reminisce about the past. Don’t let your emotions get the better of you! After all, we’re all here for a meal, and being angry won’t help with digestion!” The shopkeeper tried to smooth things over, and his words were also very subtle. Originally, he thought that the best result would be to keep things peaceful. After leaving this restaurant, you can fight as you like. Even if someone dies, it’s none of his business. However, you can’t make a scene here.

However, his good intentions were not fully appreciated.

Leng ruoxue and the rest only laughed when they heard the manager’s words. They did not have much of a reaction.

However, the woman immediately exploded when she heard the manager’s words.

“Are you a member of the Chi family? she’s humiliating your family. How can you be so indifferent?” The woman shouted with a face of disappointment. However, she was more angry that the manager of this restaurant was not of the same mind as her! From a young age, she had always gotten whatever she wanted and very few people dared to disobey her. Therefore, she had developed an extremely overbearing character, so the shopkeeper’s words were not to her liking!

“Who dares to humiliate our Chi clan?” Before the innkeeper could answer, a male voice suddenly interrupted.

Leng ruoxue and the others looked in the direction of the voice and realized that they recognized the person. It was none other than the Chi clan genius who had gone to the snow Mountain with them. Chi Rui stood beside the Chi clan genius and secretly winked at them.

However, the Chi clan's genius was still in tatters and looked extremely Haggard. On the contrary, Chi Rui's complexion was quite good, even though his clothes were a little disheveled.

Leng ruoxue and the rest were confused when they saw their reaction. What was going on? Judging from the time, the Chi family should have returned to Chi city by now. Why would they appear here in such a state?

The restaurant manager only frowned at the Chi family's genius's words. However, he did not say anything. Although he did not know the person who spoke, he recognized the person standing beside him. That person was the young master of the Chi family. After receiving the young master's gaze, he was smart enough not to say anything.

"It's them!" When the woman heard the voice, she quickly turned her head in excitement. However, when she saw the person who spoke was dressed in rags, her excitement immediately disappeared. She even looked at the other party with disdain and said in an extremely displeased tone, "Where did you come from, beggar? you have no right to speak here, so stop interrupting! Get out! You're not welcome here!"

Hearing the woman's words as if she was shooing a fly, the Chi family genius was furious and couldn't help but curse in his heart. She had never seen such a snob. Wasn't it just his clothes that were a little torn? Even an outsider was looking down on him! This was the Chi family's territory. If he was really kicked out by an outsider, what face would he have in the future? Thinking of this, the Chi family genius directly instructed the shopkeeper, "Shopkeeper, chase this uncultured woman out. She's not welcome in any of our Chi family's shops in the future!"

When the shopkeeper heard the Chi family's genius's words, he didn't immediately do as he was told. Instead, he sneaked a glance at Chi Rui. After receiving his signal, he didn't have the time to speak before someone else spoke first.

"You dare? Who Do You Think You Are, to actually dare to chase me away! Do you know who I am?" The woman roared in anger. She was so angry that smoke came out of her seven orifices and she almost fainted!

"I don't care who you are. You're not welcome in our Chi clan's territory. You can get out of here yourself, or I'll send someone to throw you out. It's your choice!" The Chi family's genius said unhappily. He had been arrogant since he was young, so he naturally had no reason to be looked down upon by a woman. Moreover, there was another more detestable woman watching the show, so he couldn't embarrass himself.

"What are you still doing? Hurry up and do it!" The Chi family genius glared at the manager and roared.

"Men! Please escort this young lady out." The shopkeeper hurriedly shouted towards the inner hall. Immediately, a group of tall and burly waiters rushed out from inside and threw the young woman and her group out as if they were carrying little chicks. Then, the waiters disappeared from the dining hall in a well-practiced manner.

Not long after, curses could be heard from outside the restaurant, but no one paid any attention to them.

Leng ruoxue and the rest looked at this dramatic scene with amusement. They were speechless. This was really a myriad of changes in an instant! In the blink of an eye, those who had wanted to join forces with the Chi clan to deal with them were thrown out of the restaurant in an extremely embarrassing way.

“Miss Leng, I didn’t expect to see you here.” At this moment, the Chi family’s genius walked up and greeted him.

“What a coincidence. Young master Chi, what’s wrong with you? Could it be that you were robbed in the snow Mountain?” Leng ruoxue asked with a puzzled look. Her beautiful face was still filled with question marks.

“No, we found the secret realm and rescued the people trapped there. I killed the mastermind behind the secret realm, but I was seriously injured and many of my subordinates died! Ai! When we return to the Chi family, I’ll ask for a reward for them.” The Chi clan genius said with a pained expression.

“I see. Young master Chi, if you don’t explain, I’ll think that you’ve been raped by a female beast!” Feng Da laughed and teased,” The female beasts in the forest would probably like this kind of pretty boy!

“You ...” The Chi family’s genius was so angered by Feng Da that he couldn’t speak. However, Leng ruoxue and the others couldn’t hide the smile on their faces. Cheng Wu and the others even laughed exaggeratedly. This made the Chi family’s genius even more furious.

“I’m sorry, young master Chi. My subordinate likes to joke around, please don’t mind him.” Leng ruoxue tried her best to hold back her laughter.

“I don’t mind.” Chi clan’s genius suppressed his anger. Then, he turned to Leng ruoxue and said,”Miss Leng, why are you here in Ying city?”

“We heard that there’s a slave auction here, so we came to take a look.” Leng ruoxue said indifferently.

“Oh! Does miss Leng also want to buy a few slaves? Why don’t you let me do my best as the host!” The Chi family young master said enthusiastically.

“That’s too much trouble, young master Chi. There’s no need for that.” Leng ruoxue rejected softly, but the Chi family’s young master clearly did not give up.

“It’s no trouble at all. We will stay in Ying city until the end of the slave auction. After all, this is the territory of our Chi clan. With me here, the people from the mission Guild will give our Chi clan some face. So, you don’t have to worry about the Commission.” The Chi clan genius said confidently.

After hearing what the Chi family’s genius said, the master of the ning family nodded slightly at Leng ruoxue. Leng ruoxue understood and replied,”“Alright then! Then I will have to trouble young master Chi to take care of it!”

“It’s my honor, miss Leng doesn’t need to take it to heart.” The Chi family’s young master said with grace. He was very satisfied with Leng ruoxue’s tactfulness. However, when he thought of his own sorry

state, he apologized, ""Miss Leng, I'm sorry. I'll go back to wash up and change my clothes first. I'll see you at the auction then."

"Alright," he said. Leng ruoxue nodded, then watched as the Chi family's genius and Chi Rui left. After that, she couldn't help but look at her Godfather and asked in confusion, ""Godfather, why did you let him follow us?"

"The Commission for a slave from the Guild of missions is very expensive. Since he is willing to do us a favor, then it would be a waste if we don't take it." The master of the ning family said disapprovingly.

Godfather, I don't intend to buy slaves." Leng ruoxue was a little speechless. She really didn't know what her Godfather was thinking. Just to save a few commissions, he actually let someone they didn't really like follow by his side. Wasn't this price a little too high?
