Chapter 1271: An acquaintance at the auction (1)

“There’s no harm in being prepared! It’d be a waste not to use the labor that’s delivered to our door.” The master of the ning family said nonchalantly. Actually, he had his own reasons for making Leng ruoxue agree to that kid’s request! In his opinion, although that kid was dispensable in the Chi family, he could be a good chess piece if used well. After the secret realm incident, he had to pull a few of the Eight Families from the eight divine realms to his side, so that they wouldn’t be too passive in the future.

“That’s true. Then, Godfather will make good use of him!” Leng ruoxue said helplessly.

“I say, old thing, he’s the Chi clan’s genius, and you still want to use him.” The first elder said with an evil smile.

“So what if he’s a genius of the Chi family? Geniuses like him are aplenty in the Chi clan, so it doesn’t matter if he’s here or not!” The master of the ning family said disapprovingly.

“Tsk! Don’t think that I don’t know what you’re thinking. You’re trying to use him to drag that old thing from the Chi family down with you!” The first elder said with an understanding expression.

“Hehe! You’re right, that old thing is too cunning and timid, so I had to do this! Hmph! If he doesn’t join forces with me, I’ll have no choice but to take drastic measures!” The master of the ning family said proudly.

“Oh! Could it be that you want to use that matter to threaten that old thing from the Chi family?” The great elder asked curiously. If this matter were to spread, the Chi family would be in deep trouble. Old man ning’s plan was too vicious. He couldn’t help but think to himself. However, there was nothing he could do about it. His opponent was too strong!

“Don’t make it sound so bad! I’m afraid he’ll back down, so I have no choice!” The master of the ning family also said with a difficult expression.

“Come on! I still don’t know you.” The great elder rolled his eyes at the master of the ning family and said in disdain.

“Godfather, great elder, please stop. We should go back.” Leng ruoxue sighed softly and said helplessly. These two people treated bickering as a form of entertainment. However, as outsiders, they were shocked to see it. They were afraid that one day, they would really start a fight because of a disagreement.

“Oh! Then let’s go back!” The master of the ning family glared at the great elder.

After that, everyone returned to the inn together.

Two days later.

The slave auction had officially begun.

The slave auction was held in the largest auction house in Ying city, and this auction house was naturally owned by the Chi clan.

When Leng ruoxue and her group arrived at the auction house, they went straight to the VIP box they had reserved. Not long after, the Chi clan's genius and Chi Rui arrived as well. The genius brought along dozens of attendants, all dressed in black. After the genius and Chi Rui sat down, they stood behind them in an orderly and well-trained manner.

When Leng ruoxue and the rest saw this, they were speechless. They felt as though they were looking at someone they knew. Even the woman who claimed to be from the ascender Alliance had so many people behind her. However, they knew very well that not all powerful people liked to be smug. For example, the master of the ning family generally did not allow his subordinates to follow too close. Sometimes, he did not allow his subordinates to follow him because he was afraid of being surrounded by people. However, the face of the woman in front of them clearly said, "come and watch me!"

"Miss Leng, if there are any slaves that you fancy, remember to tell me. I'll get the mission Association to give you an internal price." Seeing that no one was paying attention to him, the Chi clan genius spoke up.

"Alright, I'll thank you in advance." Leng ruoxue said indifferently.

"There's an internal price for this slave? Could it be that there's something shady going on in this slave auction?" Feng Da asked curiously. As far as he knew, every auction should have a clear price, and there was no such thing as an internal price. Could it be that this slave auction was different?

"Of course there is. Actually, the auction is just a distraction. Many slaves already have owners. However, in order to show the fairness of the Guild, they have an auction." The Chi clan genius explained proudly. After all, this kind of inside information was not something that everyone could know.

"Then what if someone offers a higher price for a slave that has caught someone's eye?" Leng ruoxue asked in confusion.

"Usually, this kind of thing doesn't happen. After all, the participating forces all have a tacit understanding with each other. It's rare for someone to steal another person's slave." The Chi clan genius explained.

"What if there is? It can't be that all the forces have a tacit understanding!" Leng ruoxue asked with a smile.

"Uh! Such a thing has never happened before." The Chi clan genius wiped the cold sweat off his forehead and couldn't help but think to himself, 'Wu ... How can such a beautiful woman be so difficult to deal with?'

"Oh!" Leng ruoxue responded softly and did not say anything else.

"Miss Leng, these slaves aren't worth much. So, generally speaking, there are very few situations where people fight over them. After all, they aren't anything good." The Chi clan genius couldn't help but argue.

“Yes, I understand.” Leng ruoxue chuckled.

As the auction officially began, the first ten slaves were quickly won by a force. Then, more slaves were brought to the auction stage for the crowd to watch and auction.

In the eyes of the people of the divine realm, the slaves that appeared first were of the lowest quality and were also the least valuable. The later they appeared, the higher the quality and price of the slaves would be. Thus, many powers did not make any moves, only waiting to auction off the slaves that they had already taken a fancy to. Thus, this slave auction was not as enthusiastic and popular as an item auction!

The rules of the slave auction were similar to those of the item auction. The highest bidder would get the item. However, this was only for show.

There were hundreds of slaves to be auctioned in this auction. Except for a few who had been selected by the major forces, most of them were ownerless. These ownerless slaves could naturally be bid by the major forces at will.

In the VIP box.

Looking at the slave auction that was already in the middle of the auction, Feng Da and the others were full of questions. They couldn't understand why the major forces were still in the mood to buy slaves after suffering such a heavy blow. He really was heartless! At the very least, they wouldn't have the time to do so.

Chapter 1272: An acquaintance at the auction (2)

“Miss Leng, the quality of these slaves on the stage right now is still not bad. Won't you consider buying a few?” The genius from Chi clan couldn't help but ask when he saw Leng ruoxue and the rest were so bored that they were about to fall asleep.

“They're not worthy of my attention.” Leng ruoxue said indifferently. However, she couldn't help but despise the Chi family's genius in her heart. The main reason was that she despised him for being too noisy. “Just watch your auction quietly. Why are you spouting so much nonsense?” She didn't appreciate it at all.

“Oh! Don't worry, there'll be even better ones later.” The Chi clan genius laughed.

“Yes.” Leng ruoxue nodded and did not say anything else.

The Chi clan's genius saw that the other party was unwilling to pay attention to him, so he could only shut his mouth. After all, he kept feeling a sinister gaze staring at him, which made him feel oppressed. The gaze gave him too much pressure, but when he tried to find the person who had that gaze, he could not find anything.

Without the Chi family's geniuses trying to find a topic to talk about, Leng ruoxue and the rest enjoyed the peace and quiet. The atmosphere became heavy.

The slave auction was very fast. As the auction progressed, it soon came to an end. At this time, 20 slaves were on the auction stand. This was the last group of slaves to be auctioned, and also the group with the best quality.

The most unique feature of these twenty slaves was their extremely handsome appearance. The moment they appeared, everyone's eyes lit up. Many people's eyes revealed a lustful light, and some even kept swallowing their saliva.

It should be known that slaves were the private property of their Masters. They had to do whatever their Masters asked them to do. Therefore, after these slaves were auctioned off, the handsome ones had a high possibility of becoming the master's exclusive property. The Masters who would do such things were regardless of gender.

However, when Leng ruoxue and the rest saw the slaves on the stage, their pupils constricted and their faces were filled with anger. They actually saw people they knew among them, and there was more than one of them. This fact made them feel a little embarrassed and angry.

"Those two slaves are not bad, I want them." Leng ruoxue pointed at the two most handsome men on the stage and said to the Chi clan's genius.

"Miss Leng has taken a fancy to those two? Wait a moment, I'll send someone to inform the people from the Guild." The Chi family genius quickly said and ordered his subordinates to handle this.

Not long after, the subordinate returned, but he had a conflicted look on his face.

The subordinate came to the Chi family genius 'side and whispered a few words before retreating to the side.

At this moment, the Chi family's genius said apologetically, "I'm sorry, miss Leng. Those two slaves have already been reserved by someone. You see if you should choose another two. The people from the mission Guild said that they can give you a 50% discount."

"Out of so many people, I only have my eyes on the two of them. Let the quest guild name a price! I'm definitely taking these two." Leng ruoxue was unmoved. The anger in her heart had already reached its peak.

"Miss Leng, do you really have to have these two?" The Chi family young master wanted to confirm.

"Of course, these two people must leave with me today." Leng ruoxue said in a serious tone.

"Young lady Leng, to tell you the truth, these two people were ordered by the ascender Alliance. Now, the ascender Alliance's influence in the divine realm is not small. Therefore, there is really no need to become hostile with them because of two slaves." The young master of the Chi family advised earnestly. In fact, he felt that it was unwise to provoke the ascender Alliance for the sake of two slaves, so he wanted to persuade them.

"Young master Chi, don't you think it's a little too late to say that?" Leng ruoxue chuckled as she teased.

"Yup! Young master Chi, you've already become enemies with the ascender Alliance, so it's no big deal to have one more, right? Could it be that the ascender Alliance is so powerful that even your Chi clan

doesn't dare to provoke it? If that's the case, then just pretend we didn't say anything!" Feng Da said with an evil smile.

"When did I become enemies with the ascender Alliance?" Although Feng DA's words made him a little unhappy, he still had to ask clearly. When did he become enemies with the ascender Alliance? why didn't he know about it?

"Do you still remember the people you had the restaurant manager throw out two days ago? They are all from the ascender Alliance and know that you are a member of the Chi family. You tell me, you have made them lose so much face, will they bear a grudge?" Feng Da reminded him with a smile, hehe! This guy wanted to be the peacemaker, but he couldn't stay out of it. No matter what, they had to muddy the water.

"Are those people from the ascender Alliance?" The Chi family's young master was shocked. He had thought that she was just a young lady from a small family! After all, many families had come to bamboo city to participate in the auction these days. He didn't expect that his casual display of power would be directed at the ascender Alliance.

"Yup! That woman claimed to be from the ascender Alliance. As for whether it's true or not, no one knows." Feng Da said irresponsibly.

"That woman is the daughter of the ascender Alliance's second alliance master." The master of the ning family said indifferently.

"Second alliance? Which second league?" The Chi family genius was shocked and asked.

"Don't worry, they're only from the divine continent. However, they also have a close relationship with the ascender Alliance's second alliance master." The master of the ning family laughed and couldn't help but sigh. Hehe! Little brat! I'll scare you first, even though I might not be afraid.

"Godfather, you've scared young master Chi so much that he doesn't even dare to speak." Leng ruoxue looked at the Chi clan's genius, who had been silent for a long time, and pretended to complain.

"Hehe! I'm so sorry, young man from the Chi family, I've been rude! Don't worry, the ascender Alliance won't do anything to you. The Chi family will definitely protect you." The master of the ning family quickly comforted him.

"I'm not afraid of the ascender Alliance, and our Chi clan is even less afraid." The Chi family genius said while holding back his anger. Damn it, these people's words were too hateful. If it wasn't for the fact that he wanted to maintain his perfect image, he really wanted to teach these people a lesson!

"That's good. Look at the two slaves that my good daughter has taken a fancy to ..." The master of the ning family asked with anticipation. He was only halfway through his sentence. The other half was naturally waiting for the Chi family's geniuses to take the bait!

Chapter 1273: An acquaintance at the auction (3)

“Leave it to me,” The Chi clan genius gritted his teeth. Although he hated these hateful fellows, he still had to maintain his reputation. Hmph! When he had the chance in the future, he would teach these people a good lesson.

“Then I’ll have to trouble young master Chi.” Leng ruoxue said with a smile.

“It’s no trouble at all.” Chi clan’s genius quickly said. He then ordered his subordinates to pass on his message to the person in charge of the missions Guild.

A moment later, the subordinate returned to the private room with a very ugly expression.

“What’s wrong?” The Chi family genius asked in confusion when he saw his subordinate’s expression.

“Young master, the people from the mission Guild said that this matter was personally instructed by the two ascendants ‘Alliance master. Their Guild Master also agreed, so they can’t make a decision.” The subordinate reported.

“Al! It seemed that young master Chi was not worthy enough! Otherwise, how could a puny second alliance leader have more influence than you? You should know that you’re a direct descendant of the Chi family!” Feng Da couldn’t help but sigh when he heard his subordinate’s words.

“I’ll go find him personally. Miss Leng, leave this matter to me.” The Chi family’s genius said angrily. Although he knew that the other party was trying to goad him, he had no choice but to fall for it!

With that, the Chi family genius stood up and walked out of the door angrily. His subordinates naturally had to follow.

Looking at the Chi family’s genius and his followers, Feng Da asked curiously, “Miss, do you think the Chi family’s genius can do this?” He was suspicious of the Chi family’s genius’s ability.

“Whether it’s successful or not, I’m taking both of them with me.” Leng ruoxue said, holding back her anger. The two people were none other than Yu Lin and LAN Ming, the master and disciple they knew. Although she didn’t know how they ended up as slaves, they were her friends. Therefore, she couldn’t just sit by and do nothing!

“Yes, but I don’t understand. How did they offend the master of the second alliance?” Feng DA’s face was full of question marks.

“There’s no need to guess. We’ll know when we ask them.” Leng ruoxue said coldly as a cold glint flashed across her eyes.

After a long time.

The Chi clan’s genius had finally returned. Apart from his subordinates, LAN Ming and Yu Lin had also returned with him.

When the two of them were brought down the stage, Leng ruoxue knew that this was a private deal. As expected, it did not take long for the two of them to be brought to their private room. Even though she did not know what methods the Chi clan’s genius had used, it had saved her a lot of effort.

When LAN Ming and Yu Lin saw Leng ruoxue and the rest, a look of surprise flashed across their eyes. But very quickly, they lowered their heads in shame, not daring to look at the crowd.

“Miss Leng, I’ve brought you the person you wanted.” The Chi clan genius said proudly.

“Thank you, young master Chi. How much would it cost to buy them?” Leng ruoxue probed.

“It’s not much money. Miss Leng, you don’t have to take it to heart. Just take these two people as my gift to you.” The Chi family genius said generously.

“Then I won’t be polite.” Leng ruoxue said gratefully.

“You don’t have to be so polite with me,” The Chi clan genius was a little too pleased with himself. However, in an instant, he felt a sharp gaze lock onto him, which made him tremble in fear.

“Young master Chi, since we’ve already bought the slaves we wanted, we won’t stay any longer. We’ll take our leave first.” Leng ruoxue stood up and said politely.

“I’ll send you back!” When young master Chi heard that Leng ruoxue was preparing to go back, he tried to please her.

“There’s no need to trouble yourself, we can go back on our own. ” Leng ruoxue rejected.

“It’s no trouble, it’s on the way. ” The Chi clan genius said.

“Alright then!” Leng ruoxue said helplessly. Since he had brought LAN Ming and Yu Lin to her, she would let him send them off this once!

However, Feng Da and the others couldn’t help but curse when they heard the Chi family’s genius’s words. Damn, it’s on the way, my ass. It’s clearly far away. However, since the Miss didn’t refuse, as her subordinates, they couldn’t make their own decisions!

Just like that, Leng ruoxue and the rest were accompanied by the Chi clan’s geniuses. They were about to leave the auction hall, but just as they reached the entrance, they were stopped by someone.

“Stop right there! They’re my people, who allowed you to take them away!” A woman’s shrill voice rang out from behind them.

The moment he finished speaking, Leng ruoxue and the others were surrounded.

Looking at the Men in Black who had surrounded them, then at the foolish woman who was about to yell at them, Leng ruoxue and the rest were speechless! This was really a narrow road for enemies! However, ever since they found out that LAN Ming and Yu Lin had been ordered by the two ascender alliances, they had guessed that they might meet this woman here.

However, what Leng ruoxue was currently thinking was, why did all her subordinates like to wear black?

“What do you mean by robbing? We were the ones who bought them. ” Leng ruoxue chuckled.

“Bullshit! I’ve already decided on these two people. You guys really don’t want to live anymore. You actually dare to snatch people from our ascender Alliance! Hmph! My mother won’t let you off. ” The woman shouted angrily.

“Set? Have you paid? As long as they didn’t pay, the seller had the right to sell them to others! Moreover, wasn’t the rule of the auction house that the highest price would get it? If they don’t sell it to me, there’s no justice in this world.” Leng ruoxue deliberately distorted the truth. In reality, if the buyer and seller had a mutual understanding, it would not be reasonable for her to interfere. However, she had to bring these two people away. Hence, she could only do this.

“You, you are clearly breaking the rules of the auction. Our ascender Alliance will not let you off.” The woman roared in anger.

She then ordered her subordinates, “Go! Take these people down!”

“Shua shua! We have so many people, and you want to take us down? You really think we’re pushovers?” Feng Da laughed, his face full of mockery. A woman without a brain was pathetic. She didn’t even look at how many people they had and wanted to take them down. This was really ridiculous!

Chapter 1274: An acquaintance at the auction (4)

“Don’t be too proud of yourself. They’re the elites of our second league. It’ll be easy for them to take down you pretty boys and soft-legged shrimps. Don’t even think that I’ll let you off!” The woman said confidently.

Pretty boy? Soft-legged shrimp? Was he talking about them? Feng Da and the others looked at each other in confusion when they heard the woman’s words. However, they didn’t think she was talking about them, so they turned to look at the Chi family’s genius and said in unison, “Young master Chi, this woman said you’re a pretty boy and a soft-legged shrimp.”

Hearing Feng Da and the others’ words, young master Chi almost passed out. He couldn’t help but curse in his heart. F * ck, are you saying that I’m alone? He was clearly talking about you guys, alright! He felt so wronged! However, he would put all the blame on that annoying woman in front of him. Hmph! However, she was the daughter of the godly mainland’s Alliance master. What was there to be proud of? she even dared to call him a gigolo and a soft-legged shrimp. This was even more unforgivable.

“What are you guys waiting for? he’s going to teach us a lesson, why aren’t you doing it?” The Chi clan genius said to his subordinate with a dark expression.

“Yes!” The subordinates replied. In an instant, they started to fight with the ascender Alliance. Leng ruoxue and the others were happy to watch from the sidelines.

“You guys, hurry up and teach them a good lesson!” The woman cheered from the side. She had too much confidence in her subordinates, so she had never thought that these people she had brought would be a match for the other party.

“How do you want to teach us a lesson?” Leng ruoxue asked curiously as she looked at the ladies who were cheering for her.

“Hmph! I’m going to sell you, the ugly and old ones, as slaves, and make those pretty boys my exclusive slaves.” The woman said without even thinking.

“That’s not a bad idea. Godfather, great elder, it seems like we can’t even enter this young lady’s eyes. We’re all going to be sold as slaves.” Leng ruoxue chuckled.

“Yup! I didn’t expect that I would still have the chance to be a slave at this age. I just don’t know who can afford to buy me!” The great elder said gloomily. In his heart, he wanted to cut the woman in front of him into eight pieces. F * ck! Was he considered a Fallen Tiger in the Sun? The daughter of a mere second Alliance’s master dared to ride on his head. It seemed that if he didn’t show his might, he would be treated like a sick cat!

“Well, I don’t know who can afford to use me!” The master of the ning family was also curious, and his subordinates, who were hiding in the dark, began to sweat after hearing their Master’s words. Although they really wanted to rush out and teach these blind guys a lesson, the master didn’t give them any eye! Therefore, they could only bide their time! Sob ... It’s not easy to be someone else’s subordinate!

“What are you not satisfied with? It’s better to be a slave than to be the exclusive property of this disgusting woman!” Feng Da said speechlessly. He couldn’t understand why a certain woman or female beast in the divine realm liked to treat others as their exclusive property so much. Could it be that this was a custom of the divine realm? No! He had to take good care of Lu Tao and not let her contract this illness.

“That’s right! Don’t make us your exclusive property, I’d rather be your slave.” Cheng Wu begged with a bitter face.

“Who said anything about you? You’re so ugly, how can you be my exclusive property? do I have such bad taste?” The woman shouted angrily.

“Uh! That’s good!” Cheng Wu said hurriedly. However, he was a little depressed in his heart. Was he an ugly person? Although he knew that he could not be compared to leader ye and the others, but it was not to the extent of being called an ugly monster, right?

When Feng Da and the others heard the woman’s words, they couldn’t help but burst into laughter. After comparing Cheng Wu’s appearance, they were relieved. This was because based on this woman’s judgment, they were probably also made to be sold as slaves.

“What are you laughing at? You’ll be crying later!” The woman shouted in dissatisfaction when she saw them laughing so loudly.

“I’m sorry, but that’s what I wanted to say to you.” Leng ruoxue chuckled and pointed at the Man in Black on the ground.

The woman looked in the direction that Leng ruoxue was pointing at and discovered in disbelief that all her subordinates were dead. She rubbed her eyes, not willing to believe what she had just seen. No! This couldn’t be true! Thinking of this, she quickly ran to her subordinates ‘side. She had no choice but to believe that they were really dead.

“How dare you kill the people of our ascender Alliance! We will never let you go!” After the woman said that, she teleported away in a panic.

Chapter 1275: The reason (1)

"It's such a pity that the woman managed to escape." The Chi clan genius said regretfully when he saw the woman using teleportation to escape.

"What are you afraid of? The monk can run but the temple can't. She's the daughter of the ascender Alliance's master, are you afraid you can't find her?" Feng Da reminded him with a smile.

"Uh!" The Chi clan genius was a little depressed. How could he not know this? In fact, he wanted to capture that woman and use her to threaten the Alliance master of the second alliance. However, now that she had run away, if he went to the second Alliance's territory to capture her, he was afraid that it would cause a greater conflict with the ascender Alliance. At that time, things would get out of hand.

"So what if he ran! Let's go back to the inn first!" Leng ruoxue said disapprovingly. To her, that woman didn't mean anything. The matter between LAN Ming and his disciple was the most urgent matter. They had to get to the bottom of this immediately.

"Yes." Everyone nodded and returned to the inn together.

When he arrived at the inn, the genius from the Chi family thought that Leng ruoxue and the rest would at least invite him in out of courtesy! But who knew that the other party didn't even mention this at all and directly told him to go back home. This couldn't help but make him feel a little depressed in his heart, but there was nothing he could do!

In the living room.

Leng ruoxue, the demon, Wu, LAN Ming, and Yu Lin sat on their respective chairs. However, no one spoke first.

After a while, Leng ruoxue opened her mouth and said indifferently, "Don't you and your master want to tell me what's going on?" In fact, it was easy for her to find out the truth. She just had to read their minds. However, in her eyes, LAN Ming and Yu Lin were her friends and she would never read their minds. However, desperate times called for desperate measures. If they insisted on not telling her, she had no choice but to do this.

"I'm really ashamed!" Yu Lin said with a depressed look.

"Take off your clothes," Leng ruoxue suddenly said.

"Xue 'er!" The demon glared at Leng ruoxue with a hint of displeasure. It was obvious that he was dissatisfied with her for allowing another man to undress.

Upon hearing Leng ruoxue's words, large beads of sweat kept rolling down her forehead. She couldn't help but think to herself, "this girl is really too unexpected." However, it was a good thing that she had LAN Ming and Yu Lin undress in front of them. Otherwise, it would have caused a misunderstanding! Even though he did not know why Leng ruoxue was doing this, he had absolute trust in her. He believed that Xue 'er had her reasons for doing this. Hence, he would not be like a certain man who would make wild guesses and get jealous!

"I don't want to." Yu Lin clutched his collar tightly, clearly not wanting to take it off.

Leng ruoxue was speechless when she saw Yu Lin's expression as if he was about to be raped. In the end, she couldn't take it anymore and roared, "Do you want to undress yourselves, or do you want me to get someone to help you?"

"Little Xue 'er, don't force us!" Yu Lin put on a long face and said with an aggrieved expression, "sob ... They can't take off their clothes."

"You're not taking off your clothes, are you? Feng Da, you guys come in!" Leng ruoxue shouted towards the outside of the hall. She had no intention of playing hide-and-seek with this awkward pair of master and disciple.

"Miss, we're here." He had been waiting outside to eavesdrop on Feng Da and the others. When he heard his lady's call, he immediately walked in from outside the hall.

"Take off their clothes." Leng ruoxue ordered.

"Yes!" Feng Da and the others quickly replied, hehe! This was the first time they had stripped a man of his clothes!

Then, Feng Da and the others walked in front of Yu Lin and LAN Ming with covetous eyes and said with an apologetic expression, "I'm sorry! This is miss's order, we have no choice but to obey."

"Don't! I don't want to take off my clothes." Yu Lin said loudly, his hand gripping his clothes even tighter.

"Yu Lin! Don't be like this! What's the big deal about taking off your clothes and showing us? we're all men, and you're shy! We have what you have." Feng Da comforted her with a smile. To be honest, he was not willing to undress a man, but this was an order from the Miss!

"No... I don't want to! You can't do this!" Yu Lin was so anxious that she was about to cry as she said with tears in her eyes.

"Feng Da! What are you waiting for? just do it!" Leng ruoxue said impatiently.

"Xue 'er!" The demon pouted, his eyes filled with dissatisfaction.

"Be good! I naturally have my own intentions!" Leng ruoxue consoled.

"Oh!" The demon responded softly, his eyes clearly saying, 'you have to compensate me.'

Seeing this, Leng ruoxue could only nod her head helplessly. Only then would the evildoer be satisfied and let her do whatever she wanted.

On the other side, Feng Da and the others had already started to take off Yu Lin and LAN Ming's clothes. No matter how hard their Masters tried to resist, they were ignored.

At this time, the master of the ning family, the great elder! And the others were waiting outside the hall! When they heard the ghostly wails and wolf howls coming from the living room, the gossiping genes in

their hearts were completely aroused. They were really too curious, not knowing what the situation was inside right now. Was this a pack of wolves bullying the poor Little Red Riding Hood? I really want to rush in and take a look!

However, the master of the ning family and the others were also afraid that the two little slaves would be embarrassed. After all, according to Leng Qingtian, they knew each other and were friends from Haotian continent. So, they could only bear with it.

No matter how much Yu Lin and LAN Ming resisted, in the end, they couldn't resist the power of the crowd. Their clothes were quickly stripped off, and at this time, they were only wearing a pair of shorts. However, after stripping them of their clothes, Feng Da and the others were all stunned.

It wasn't because the master and disciple's figures were too good, but because their bodies were covered in wounds. It could be considered that there was no intact skin on their bodies. Although the wounds in many places had almost recovered, there were still many new wounds that had not healed. It was absolutely shocking to look at!

"Miss! This ..." Feng Da turned around and looked at Leng ruoxue hesitantly. He didn't know what to say.

"What's wrong?" Leng ruoxue was puzzled. At this moment, Yu Lin and LAN Ming were surrounded by Feng Da and the others, so she wasn't sure what they had seen.

"Miss, there are many wounds on their bodies, and many of them are new. It looks like they were caused in the past two days." Feng Da explained.

Chapter 1276: The reason (2)

"You guys move aside, let me see." Leng ruoxue suppressed her anger and said. When she saw Yu Lin and LAN Ming's faces were intact, she was a little puzzled. Logically speaking, since they had become slaves, it was impossible for them to not resist at all and obediently allow themselves to be sold. However, their faces were still as handsome as ever. Therefore, she couldn't help but be suspicious. That was why she thought of asking them to take off their clothes to confirm her guess.

"Yes." Feng Da and the others replied. After that, they made way for the Miss and Regiment commander ye to see clearly.

Leng ruoxue squinted her beautiful eyes and swept them over LAN Ming and his disciple. The more she looked, the angrier she became. After a while, she turned her beautiful eyes back to the master and disciple and said indifferently, "Now, you can slowly tell me what is going on."

"We ascended to the divine realm half a year ago. When we heard about the ascender Alliance, we immediately went there. However, we didn't expect that we, master and disciple, would be fancied by the mother and daughter of the two alliances. Master and I were naturally unwilling, so that tigress sent people to capture us and torture us in all ways. When she saw that we were still unwilling, she turned us into slaves and planned to buy us back ..." LAN Ming explained simply.

"Continue," Leng ruoxue replied calmly.

"We were brought to the auction, and then we met you." LAN Ming said.

“Where are the new injuries on your bodies? Did that woman do it?” Leng ruoxue asked indifferently, her body exuding a cold aura.

“Yes.” LAN Ming nodded.

“Is the quest Guild in cahoots with the ascender Alliance?” Leng ruoxue asked again.

“Xue ‘er! It can’t be considered a collusion. The quest guilds only recognize money and not people. As long as you give them enough money, they will help you do anything. ” At this time, Wu suppressed her anger and said.

“Including murder, arson, and robbery?” Leng ruoxue asked curiously.

“Yes, as long as you can afford it.” Wu nodded.

“Then this Guild really doesn’t have any principles! He actually accepted everything. Furthermore, he was even acknowledged by the divine realm. ” Leng ruoxue was extremely surprised. Organizations like this could be found on any continent. However, they were all dark organizations that could not be exposed to the light. It was rare to see one as brazen as the mission Guild.

“The missions Guild is under the jurisdiction of the Divine Master’s residence, so there’s nothing in this world that they don’t dare to do. Otherwise, how could a mere mission eunuch work together with the other major guilds?” Wu explained.

“The Divine Master’s estate? His backing is really strong. ” Leng ruoxue laughed evilly. She didn’t care who was backing her up after bullying her friend! Therefore, she didn’t plan on letting go of this mission, be it the Guild or the ascender Alliance.

“Yes, it is indeed very big.” Wu said gloomily, Al! The ascender Alliance was still fine. After all, with the ning family master on their side, even the ascender general Alliance couldn’t do anything to them. However, once it involved the mission Guild, it was a bit difficult to deal with. Unless they ignored the role of the mission Guild in this, otherwise, they couldn’t do anything to the mission Guild, Al! Who asked him to have such a strong backing!

“However, it’s useless no matter how powerful the background of the quest Guild is. As the accomplice of the ascender Alliance’s two masters, we naturally can’t let him off.” Leng ruoxue laughed coldly.

“En, Xue ‘er, don’t let them off. Don’t be afraid, I’ll support you if anything happens.” The demon said with a smile.

“Yes, I have you! Of course I’m not afraid. ” Leng ruoxue said cooperatively.

“Xue ‘er, let’s forget it! Don’t make such a powerful enemy for our sake, aren’t we fine now?” After being on the godly continent for half a year, he was well aware of the strength of the ascender Alliance and the mission Guild. Since Leng ruoxue had saved them, it was equivalent to provoking the ascender Alliance. Therefore, the most important thing now was to leave this place. As long as they were not found by the ascender Alliance, they would be safe. After all, the godly continent was not small, and it was not easy to find them.

“It’s too late. We’ve already provoked them. Besides, Xiao lan lan, you should know my temper. Since we’ve provoked an enemy, we naturally have to take the initiative to attack. It’s not my character to be beaten up passively.” Leng ruoxue said calmly. She did not care about the ascender Alliance, but the quest Guild! She wouldn’t move yet, but it was inevitable that she would ask for some compensation.

“Xue ‘er is right, we should take the initiative to attack the enemy and surprise them, hehe! Let’s go to the ascender Alliance tomorrow!” At this time, the ning family’s master and the others, who were blatantly eavesdropping on their conversation, no longer sneaked in, but strode straight in.

After LAN Ming and Yu Lin saw them, they quickly picked up their clothes from the ground in embarrassment and covered half of their bodies, their faces completely red.

“What are you blocking! Don’t block it, it’s not like we haven’t seen it before.” The master of the ning family mimicked Feng DA’s tone and teased.

“That’s right, we have what you have.” First elder also cooperated.

“Uh!” LAN Ming and Yu Lin looked at each other and were both depressed. No wonder these people could hang out with Xue ‘er. They were all people who wished for the world to be in chaos. Moreover, the tone of their words was exactly the same. Sigh! Forget it, anyway, they had already lost all their face, so it didn’t matter if they waited a little longer. After thinking it through, the master and disciple pair put on their clothes in front of everyone.

Leng ruoxue then gave each of them a pill. Almost instantly, the injuries on their bodies were all healed. Even the scars from their old injuries had disappeared. Feeling that their bodies had recovered to their original state, the two of them were so excited that they almost burst into tears.

“Little Xue ‘er, we master and disciple will follow you from now on.” Yu Lin’s eyes were filled with tears as he said pitifully.

“You two idiots. Since you’ve come to the divine world, why didn’t you come to find us earlier? why did you go to the ascender Alliance? do you really think that place is a good place?” Wu looked at Yu Lin and LAN Ming, his face full of disappointment.

“The divine mainland is so big, we need a place to look! Furthermore, we don’t dare to reveal that we’re ascenders.” Yu Lin said in an extremely aggrieved manner.

Chapter 1277: The reason (3)

When they had first arrived at the divine mainland, they were clueless. Hence, they were often hunted down because of their identities. Later on, they became more cautious, and their days became slightly better. Furthermore, they had also inquired about Leng ruoxue and the others, but they had found nothing. Later on, they heard that the ascender Alliance had specially taken in ascenders, so they went there. Who knew that their true disaster would begin when they reached there? they had even become slaves.

“Hehe! It’s fine for young people to suffer a little, but now that you’ve met my goddaughter, you’ve finally come back to life.” The master of the ning family tried to smooth things over. As a person from

the divine world, no one knew the cruelty of the divine world better than he did. Therefore, he sympathized with the encounter of these two young people, but this was also because they were friends of his goddaughter. If they were strangers, he naturally would not have so much sympathy. After all, there were many people in the divine world who had a hard time. It was impossible to sympathize with them all!

"Yes, yes." Yu Lin hurriedly nodded. It was great to be able to meet someone he knew in the immortal realm!

"Yu Lin, LAN Ming, you two go and rest first!" Leng ruoxue said softly. She knew that during this period of time, this master and disciple pair's days would not be easy. Naturally, they would not be able to have a good rest.

"Yes." The two of them nodded. Then, Feng Da took them to their residence and arranged rooms for them before returning to the living room.

"Miss, are we going to the ascender Alliance tomorrow?" After returning to the living room, Feng Da couldn't help but ask.

"Go! He had to go! However, we have to get that genius from the Chi family to join us. We still have to make a trip to the missions Guild first." The master of the ning family said, as if he wished for the world to be in chaos.

"En, then I'll send someone to contact that Chi family genius in a while! However, he may not necessarily go to the ascender alliance with us!" Leng ruoxue said. As a disciple of the Chi clan, she had more things to worry about than them. Therefore, the Chi clan's genius was probably not willing to provoke the ascender Alliance.

"Can he not go? The ascender Alliance's people were all killed by his men. Could it be that the Alliance master of the ascender Alliance will let him off?" The master of the ning family laughed evilly.

"Hehe! If he doesn't go, we'll just wait here for the second Alliance's master to come!" The great elder suggested. The woman had suffered such a great loss. After returning to the ascender Alliance, she was bound to complain to her mother. It seemed unlikely that the second Alliance's master would swallow his anger. Therefore, he felt that they should just wait for the rabbit. Why would they waste their manpower and money to go to the second alliance?

"We'll talk about it if he doesn't go. If he comes with us, we'll destroy the base of the ascender Alliance and sell the mother and daughter as slaves." Leng ruoxue replied without any emotion. Since they dared to sell her friend, then she would let the mother and daughter have a taste of being slaves. Who asked her to always pursue a taste of their own medicine!

"Hahaha! Miss, this is a good idea. Let them be slaves and never have freedom for the rest of their lives." Feng Da and the others agreed with a smirk.

"Girl, although it's worse than death to let them be slaves, I think it's better to kill them directly. Otherwise, if they're alive and saved by others, I'm afraid we'll be in trouble in the future!" The first elder said worriedly.

If it was really as Xue 'er had said, then the ascender Alliance of the divine realm would definitely not sit by and do nothing. It was not because of the importance of the mother and daughter, but because the ascender Alliance could not afford to lose face. Moreover, this would easily deepen the hatred with the ascender Alliance. Although with them around, the ascender Alliance would not dare to do anything to Xue' er and the others, but as long as he thought of their enemy, he felt that it was not wise to form an enmity with the ascender Alliance.

"Are you worried about the one in the general Alliance? Don't worry, he won't care about such a small matter. Moreover, how do you know that he doesn't want to clear out some of the ascender Alliance's insects?" The master of the ning family said confidently. He had some friendship with the old man, so he was very sure that the old man would not fall out with him over such a small matter. However, the great elder's concerns were not wrong. After all, the current situation was not clear, so it was better to be careful. However, since this was his good daughter's suggestion, he naturally had no reason to disagree.

"You're right, I'm thinking too much." Seeing that the master of the ning family was so confident, the great elder did not object anymore.

"Looks like I'll have to think of a way where no one would dare to save them." Leng ruoxue frowned as she pondered.

"Hehe! Young miss, this is easy, just give them some medicine and let them live for the time being. When they have suffered enough, then let them die!" Feng Da said with a smirk.

"That's reasonable." Leng ruoxue's forehead was full of black lines. Feng DA's idea was so ruthless! However, she liked it.

When the master of the ning family, the great elder, and the others heard Feng DA's words, they couldn't help wiping the sweat from their foreheads and secretly sighing to themselves. Fortunately, they were not their enemies. Otherwise, they would have been angered to death.

After deciding on the fate of the two ascender Alliance's Alliance master and daughter, Leng ruoxue sent people to look for the Chi family's geniuses.

Just as she had expected, the Chi clan's genius had rejected her. Furthermore, the excuse he had given was that she was about to return to the divine realm and would not have the time to go to the ascender alliance with them.

After receiving such an answer, Leng ruoxue couldn't help but sneer in her heart. She secretly decided to do as the first elder had said and wait for them here. Hmph! It was impossible for the Chi family genius to stay out of it.

The next day.

Leng ruoxue and the rest made another trip to the quest Guild located in Ying city.

They were stopped by a waiter as soon as they entered the door of the Guild.

The waiter looked at them with a smile and asked politely, "Is there anything you need to entrust? Our Guild of missions offers fair prices. Furthermore, no matter what you're entrusting us with, we have the ability to accomplish it."

"Anything?" Leng ruoxue lifted her beautiful eyes and asked with a faint smile.

"Of course, but you have to be able to afford it." The waiter said.

"Money is not a problem. However, I would like to meet your President. I have some requests that I need to discuss with him personally." Leng ruoxue requested. According to what she knew, the president of this Mission Association was an accomplice in colluding with the ascender Alliance's leaders. However, what she couldn't understand was why the ascender Alliance's leaders would come to Ying city to entrust this matter to them. One must know that quest guilds were spread throughout the entire divine realm. If she was afraid of being discovered for her ugly acts, she could have just found a quest Guild in a small city. Why did she have to come to Ying city?

"Uh! In our Guild, only A-rank commissions are qualified to meet the guild leader in person. I handle all other commissions." The waiter asked. In other words, he wanted to know what Leng ruoxue and the rest had entrusted to him. However, Leng ruoxue would naturally not tell a mere waiter.

"Although I don't know if the thing I'm going to Commission can reach your so-called 'A' class, I can pay 'A' class money." Leng ruoxue said indifferently.

"Alright then!" The waiter was helpless. After asking them to wait for a moment, he personally went to ask the President.

Not long after, the waiter returned and brought Leng ruoxue and the others to the president's office upstairs.

After entering, Leng ruoxue and the rest noticed that the Guild Master of the Guild for missions looked to be in his fifties. He was slightly chubby and was bald. This surprised them greatly.

It should be known that it was impossible for a cultivator to have such a situation. However, there was a living example in front of them. This made them sigh. Cultivators also had troubles.

After they were invited to take a seat, the president of the missions Guild looked at Leng ruoxue and the others. After sizing them up, he said, "I wonder what you want to entrust me with?"

He had heard from the waiter that they could pay for an A-rank Commission. This had piqued his curiosity. After all, A-rank commissions were extremely rare these days. Hence, it was extremely rare to encounter an A-rank Commission. If he could handle the matter well and satisfy the client, he would also be able to reap great benefits! Therefore, after hearing the waiter's words, he immediately took it seriously. And now, he naturally did not know that this was the beginning of his difficult days.

Just as the Guild Master of the missions Guild was sizing them up, Leng ruoxue had already instructed green vessel to read his mind. Naturally, she knew what he was thinking, and she would definitely fulfill his wish.

"President, what's your name?" Leng ruoxue chuckled as she asked.

"My surname is Zeng, Zeng Yan. How should I address you, miss?" Zeng Yan asked.

"I thought you guys don't know how to ask for the name of the client? President Zeng, you're breaking the rules!" Leng ruoxue reminded him with an evil smile.

"Uh! I've been impolite, please don't blame me, miss." Zeng Yan said quickly. However, he was a little unhappy in his heart. Although the mission Guild had this rule, it had been in vain for many years. Once they asked for each other's names, no one would not tell them. Therefore, he had asked casually.

"It's fine. I'm here to cooperate with President Zeng, so I naturally won't blame you for your rudeness." Leng ruoxue said magnanimously. However, her words did not sound right to Zeng Yan's ears.

"In that case, miss, please tell me what you want to entrust me with!" Zeng Yan suppressed his anger and said, Hmph! If it wasn't for the reward, he wouldn't have been so humble.

"Alright, it's like this. I bought a few slaves yesterday, and I wish to release them from their restraints. I wonder if President Zeng can do it?" Leng ruoxue asked with a smile. She knew that there were restrictions placed on the slaves, and those restrictions were specially made by the city Lord's Manor. Unless the master agreed, no one would be able to break it. She had also asked her Godfather and the great elder about this matter, but they couldn't do anything about it. Therefore, she could only look for the president. Of course, this was only one of the things she had to do.

"Miss wants to untie her slave? Why? No master would do that. Slaves are the private property of the master." Zeng Yan asked curiously. He couldn't understand how such a silly woman could exist. Although slaves were not expensive, they were bought with money. If their restrictions were removed, it meant that the master would lose his ownership of them.

"I am very confident in myself. I believe that even without that restrictive spell, they will still be loyal to me. In that case, why don't I make them owe me a favor?" Leng ruoxue chuckled as she explained.

Chapter 1278: Busy Guild quest (1)

"Miss's words are reasonable. Since that's the case, I will help you settle this matter. As for the price ..." Zeng Yan stopped speaking halfway. He looked at Leng ruoxue with anticipation, waiting for her to continue.

"President Zeng, this is only one of the things I have to do. You can't possibly think that I'll pay the reward for an A-rank mission for such a small matter, right?" Leng ruoxue said with a smile that was not a smile. Her beautiful face was filled with mockery. I'll let you be happy for a while, then you'll Cry Later.

"Hehe! Miss has misunderstood my meaning. I mean, what else do you need my help with?" Zeng Yan quickly changed his words.

"President Zeng, this is just the first mission that I'm asking your mission Guild to do for me. When this matter is completed, I'll tell you what the next mission is. I'll pay the deposit first according to the rules of your mission Guild. When the matter is over, I'll pay you the remaining amount." Leng ruoxue chuckled.

After she finished speaking, she took out two top-grade fire attribute crystals from her bracelet. She knew that these top-grade fire attribute crystals were very rare and their value was far higher than

other top-grade crystals. This was not because there was anything special about these top-grade fire attribute crystals, but because there were too many fire attribute cultivators in the divine world. Therefore, these top-grade fire attribute crystals were the most popular crystals.

She had deliberately taken out these two top-grade fire attribute crystals to lure Zeng Yan into the trap, because Zeng Yan was a fire attribute cultivator.

Just as Leng ruoxue had expected, the moment Zeng Yan saw the two top-grade fire attribute crystals, his eyes were fixed on them. His eyes immediately shot out a fiery glow, and he couldn't wait to immediately claim the two fire attribute crystals as his own. One must know that the exchange rate of fire attribute crystals had always been slightly higher than the crystals of other attributes. Hence, it would be strange if he wasn't envious!

That dense fire attribute was so alluring! He couldn't help but take a deep breath, and the thick breath of the fire attribute seemed to drift around his nose.

"Miss, is your balance also paid with this top quality fire attribute crystal?" Zeng Yan suppressed the excitement in his heart and asked calmly. However, only he knew that he was definitely not calm.

"Of course, I only have fire attribute crystals. After all, I'm also a fire attribute cultivator. If President CEng wants me to pay with other attribute crystals, I can't afford it. However, if President CEng doesn't like fire attribute crystals, I can exchange them for the attribute you like." Leng ruoxue laughed.

"No need! No need! This will do, there's no need to go through so much trouble." Zeng Yan quickly said after hearing this.

"If that's the case, I wonder when President Zeng will be able to fulfill my request. I'm in a hurry." Leng ruoxue asked with a smile.

"It will be done in two days. I will personally send someone to deliver it to you." Zeng Yan said with a smile.

"That's too long, can you hurry up? Maybe I'll leave this place tomorrow." Leng ruoxue furrowed her brows and said with a troubled expression.

"I see! I'll try!" Zeng Yan looked a little embarrassed, but he didn't want to let go of this big fish. It should be known that it was a top-grade fire attribute crystal. If he could complete this young lady's task, he would definitely be able to make a big profit. He couldn't help but think to himself.

"Then I'll have to trouble you, President Zeng. I'll be waiting for your good news." Leng ruoxue said, satisfied. After telling Zeng Yan where they were staying, the group returned to the inn.

The next day.

Zeng Yan sent someone to deliver the method of removing the restrictions. After Leng ruoxue received it, she immediately removed the restrictions on LAN Ming and Yu Lin. At the same time, she handed a letter to the person and asked him to pass it to Zeng Yan. Needless to say, the letter contained what she would need Zeng Yan to do next.

After the person left, Feng Da looked at Leng ruoxue curiously and asked, "Young miss, did you say that you would betray the Alliance head of the 2nd ascender Alliance?"

"I'm not asking him to betray the second Alliance's master! I only asked him to help us investigate the glorious deeds of the second Alliance's leader, and this is also part of my mission. If he doesn't do as I say, he can forget about getting the rest of the crystals. In Zeng Yan's eyes, which is more important, the crystals or the woman?" Leng ruoxue asked with a smile.

"Of course it's the crystal stones that are important. Yesterday, when he saw the two top grade fire attribute crystal stones, his eyes were green with envy." Feng Da laughed.

"Don't worry, he'll obediently send me the information about the second Alliance's master. Don't forget, the mission Guild only recognizes money, not people!" Leng ruoxue said with absolute certainty. This was only a part of her plan, so it would be hard for Zeng Yan not to fall for it.

"Hehe! Next, we'll let them have a dog-eat-dog fight." Feng Da laughed evilly. He loved doing bad things.

"Yes. However, they have a very deep friendship, so we can't rush this. We can only do it step by step." Leng ruoxue continued.

"Don't worry, miss. After this, I thought of many missions for their Guild to do, but they had no choice but to do them." Feng Da laughed evilly.

"Alright, when the mission Guild sends the information on the second Alliance's leader, I'll leave the rest to you. I'll just pay for it." Leng ruoxue had made up her mind to be a hands-off shopkeeper because she was very confident in her subordinates. With them around, she had once said that they would definitely play with half her life.

"Hehe! Miss, don't worry! Leave this matter to us and we'll be absolutely safe." Feng Da patted his chest and promised.

"Well, then I won't show up for the next few days." Leng ruoxue nodded. With that, she pulled the demon back to her bracelet to cultivate.

The next day.

Sure enough, the mission Guild had sent over the information on the ascendants of the two alliances. The information was extremely detailed, and it seemed that they had already known about it. In order to get those top-grade crystals as soon as possible, they had even included the number of men the two Alliance's ascendants had. Of course, he was not included in the information.

Looking at the information, Feng DA's lips slowly curled up. He was obviously very satisfied with the information. However, what made him speechless was that the Alliance master of the second alliance was too powerful. He had no idea how many men she had taken over the years, and some of her methods were extremely vile.

Chapter 1279: Busy Guild quest (2)

According to the records, the leader of the second alliance had once taken a fancy to a married man. In order to win him over, she had plotted an accident for his wife. Not only did she use the accident to threaten his wife, but she also had a legitimate reason to have the man, causing his family to be destroyed. Of course, this was only one of her great achievements. In the experience of the leader of the second alliance, there were too many things like this to count.

Seeing Feng Da quickly browse through the information he had brought without saying a word, the waiter sent by the mission Guild couldn't help but be anxious. One must know that he had been ordered to come here. In addition to handing over the task that the guest had asked them to do, another important thing was to collect the remaining crystals. Before he came, the president had repeatedly told him to bring the remaining crystals back. But now, looking at the other party, it seemed that he had no intention of paying! What should he do? The waiter was in a dilemma.

"Are you satisfied with the efficiency of our Guild?" The waiter asked in a reserved manner.

"I'm satisfied! We're very satisfied, otherwise, we wouldn't have paid you so much. However, we're not done with what we have to do, so you have to continue to work hard." Feng Da said with a smile, his attitude very friendly.

"There are more?" The waiter was very depressed and couldn't help but think to himself, 'Oh ... It looks like they don't intend to pay. How are we going to explain this to the president when we go back?'

"Of course, you can't possibly think that you can get the money for an A-rank mission with such a simple mission, right? I really don't know if I'm the one who's stupid or if you guys are." Feng Da said with a mocking expression.

"Uh! That's not what I meant. May I know what kind of mission you're entrusting me with next?" The waiter asked with a smile.

"My lady's pet went missing yesterday. Please help her find it!" Feng Da said directly.

"Argh! Pet? What pet? Why would I lose it?" The waiter was puzzled, because he didn't know what the man in front of him meant by 'pet'. Logically speaking, beasts should have signed a contract with their Masters, so it was unlikely that they would lose them!

"My family's young miss" pet is a Fox. Because it was jealous of a woman, it ran away from home in a fit of anger. So, I'll have to trouble you to help me find it! We definitely won't mistreat your mission Guild. If you accept our mission, your mission Guild's performance will definitely be the best among all the mission guilds." Feng DA's face was full of certainty and anticipation.

"Alright, please tell us what the fox looks like and where it might go! We'll send people to look for him." The waiter said helplessly, sigh! It seemed that it would not be easy to earn their money!

"En, this is the information on that Fox. You must remember that Fox has a bad temper, so you must go along with it and think of a way to coax it back. If it loses even a single hair, not only will you not get the remaining crystals, you will also have to compensate us for our losses." Feng Da warned.

"Don't worry, we understand." The waiter said hurriedly. At this moment, he was even more certain that their money was not easy to earn. Thinking of this, he turned around and left with the information Feng Da gave him.

After the waiter left, a snow-white little fox walked out of the inner room with an unhappy expression.

“Who said I have a bad temper?” Xue Ying said gloomily, “Wu ... This detestable Feng Da, not only did he want it to play the role of Leng ruoxue’s beloved pet that went missing because of jealousy, he even slandered it. He’s really too much.”

Visit Myb0x.novel.com to read, pls!

“Hehe! How could you have a bad temper? That was for outsiders to hear. I’m afraid they’ll be too rough to you, so I’m giving you a heads up.” Feng Da said with a smile.

“Hmph! Anyway, don’t slander me.” Xue Ying said with wide eyes.

“Alright, alright. Then, as the miss’s missing pet, when do you plan to let them find you?” Feng Da asked with a smile, which meant, “when do you plan to leave the inn?”

“What’s the hurry? Let them look for a few days first, money is not that easy to earn.” Xue Ying’s face was filled with disapproval.

Three days later.

Only then did Xue Ying quietly leave bamboo city and head to the places they might be looking for.

After another two days, Snow Shadow was finally found by the people from the quest Guild. After finding snow Shadow, they immediately sent this little devil back to the inn.

Feng Da looked at the scratch marks on the waiter’s face and laughed in his heart. It looked like snow Shadow had made them suffer quite a bit! Look at all of them, there’s no one on their bodies or faces that isn’t injured. Very good! Xue Ying had been with them for a long time, and he was becoming more and more like them.

“What’s wrong with you guys? Was he beaten up by a crowd?” Feng Da asked, pretending to be confused.

“No! I accidentally fell.” The waiter’s face was gloomy. He really couldn’t say it. They were all played by this cute little fox. Wu ... It was too embarrassing. There were so many of them, but they couldn’t even handle a little fox.

“Then you guys were too careless.” Feng Da said with a look of sympathy, but he was already laughing in his heart. He looked at Xue Ying, who was squatting on top of the waiter’s head, and was clearly very satisfied with his masterpiece.

Xue Ying’s tail kept wagging on the waiter’s face, making the waiter dizzy. Not only that, but he also felt like sneezing. However, just as he could not control himself, Xue Ying jumped away from the top of his head to avoid being affected by the man’s saliva.

When Feng Da and the others saw Xue Ying’s actions, they also took a few steps back in tacit understanding. As a result, the waiter’s saliva all landed on the companions closest to him.

“You!” The waiter’s companions were a little angry. Damn it, their reactions were too slow, so they suffered directly.

"I didn't do it on purpose," The waiter said gloomily. It was all that damn Fox's fault. Why did he sweep his face with his tail for no reason? he couldn't help but want to sneeze.

"Yes, he didn't do it on purpose, so don't blame him. We're very satisfied that he was able to find my lady's pet. However, we still have other tasks for you to complete, so we can't pay you the rest of the money now." Feng Da said with a smile on his face. As soon as he said this, the waiter and the others from the mission Guild almost fainted.

Chapter 1280: Busy Guild quest (3)

F * ck! Are they done yet? Although these missions were not big, they came one after another. When would they end? Why was it so difficult to earn their money? The waiter and the others couldn't help but complain in their hearts, but they still had to put on a happy expression.

"I wonder what other requests you have?" The waiter asked with a forced smile.

"This is a part of what we have to do. After you've done this, I'll give you the rest." Feng Da handed over a thick stack of paper. The waiter took it and almost fainted after taking a look at it. The paper was full of tasks, and the stack of paper was an inch thick. Moreover, this was not the end, because the waiter had said that he would assign other tasks after these things were done.

F * ck! Did these people treat them as their servants? He had been in the Guild of missions for many years, but he had never seen such a troublesome client. They really went too far! They didn't show their might! Did they think that the quest Guild was a pushover? The waiter cursed in his heart. However, he only dared to curse in his heart. He didn't have the guts to offend the client. Moreover, the president attached great importance to the client.

"If there's nothing else, you can leave now." Then, Feng Da asked the waiter to leave. The waiter and the others had to swallow their anger and leave the inn.

After the waiter and the others left, Xue Ying looked at Feng Da and said with a smirk, "You guys are really bad. You actually thought of so many missions for them to do."

"Hehe! Both of them! Both of them! You're not bad either! It actually caused those people to be covered in injuries." Feng Da laughed.

"Those are just superficial wounds. They'll be fine after eating a pill. The reason why they came back with injuries was just to show their President. They're all smart people!" Xue Ying said with a look of disdain.

"However, you've given them so many missions, will they complete them honestly? Wouldn't it take a long time to finish all this?" Xue Ying asked with a puzzled expression.

"It's up to them whether they want to do it or not. If they don't do it, they won't be able to get the rest of the crystals. The young miss 'bait has already been set, and that President Zeng has no choice but to take the bait. And once they fail to complete our Commission, we'll have a reason to Rob them." Feng Da chuckled. He was in a very good mood.

"Yeah, you're right." Snow Shadow nodded.

In the next few days, the mission Guild was as Feng Da had expected. They were busy with the missions he assigned. Although the missions he gave were not very big, there were a lot of them, and they were very complicated. However, for the sake of those top quality fire attribute crystals, they had to send people to complete those missions.

This had also diverted the attention of the mission Guild. Therefore, the arrival of the ascender Alliance's two Alliance Masters did not attract Zeng Yan's attention.

In an unremarkable Inn in Ying city.

A beautiful woman who looked to be in her thirties was lazily lying on a deck chair. Beside her were two handsome men who were serving her. This man was the leader of the ascender Alliance.

"Mother! When are we going to settle the score with them?" Suddenly, the door was pushed open and a young woman ran in.

"What's the hurry? We have to understand the opponent's situation. If we go rashly, what if we suffer a loss?" The woman who was addressed as mother frowned slightly and spoke indifferently. She had said that her only daughter was impetuous before. However, she had said it many times but she was still unrepentant. Now, she was too lazy to say it again.

"Mother! Don't let them go, some of them are the kind of pretty boys mother likes. When the time comes, we must torture them with all our might to avenge the deaths of our two alliances." The young woman said fiercely.

"You don't need to say this, mother knows it in her heart. These few days, you'd better stay in the inn and not run around, do you hear me?" The leader of the second alliance warned.

"Yes." "Yes," the young woman replied obediently. However, she was a little dissatisfied in her heart. Ever since she had escaped back to the second alliance, her mother had been much stricter with her, causing her to be unable to run around like she used to.

"If there's nothing else, you can go back to your room! I'll send someone to keep an eye on you." The leader of the second alliance said.

"Yes." Although the young woman was very unwilling, she did not dare to disobey her mother's words. After all, her mother was her biggest backer.

The young lady then returned to her room, while the Alliance master of the second alliance sighed as he watched his only daughter's back.

"Alliance master, the young miss is still young. When she is older, she will naturally understand." A man beside him advised.

"I hope so! However, with that personality of hers, it's really easy for her to cause trouble!" The Alliance master of the second alliance was depressed.

At this moment, there was a knock on the door, and a man quickly went to open it.

“Alliance master, I’m back.” A middle-aged man walked in from the outside and bowed respectfully.

“How is it? What did Zeng Yan say?” The leader of the second alliance asked.

“Alliance master, I didn’t see President Zeng. Not only that, I didn’t see anyone from the missions Guild. The main door of the missions Guild was locked.” The middle-aged man replied.

“How is this possible?” The Alliance master of the second alliance narrowed his eyes and said in disbelief. He had once said that it was impossible for him to leave his own lair. This was too unbelievable.

“Alliance master, I’ve asked around. It seems that the mission Guild has accepted a mission, so all of their people have gone to run that mission.” The middle-aged man said gloomily.

“What kind of mission could make them come out in full force? I’m really curious!” The Alliance master of the second alliance said indifferently.

“I didn’t manage to find out, but I did manage to find out the true identity of the person who killed our two alliances.” The middle-aged man said.

“Is that person really from the Chi clan?” The leader of the second alliance asked.

“Yes, and he’s a direct descendant of the Chi clan, from the divine realm.” The middle-aged man said. However, what he did not know was that Leng ruoxue had intentionally sent someone to leak this information. Her motive was to drag the Chi clan’s genius down with her.
