

Crazy Wife 1291

Chapter 1291: The fickleness of human nature (2)

“You mean you still want to help him continue to climb up?” The great elder and the master of the ning family looked at each other and said in unison. Although the master of the ning family also wanted to get some information about the other families from Zeng Yan, neither he nor the great elder had thought of supporting Zeng Yan. After all, their status was too high. There were countless small figures like Zeng Yan in the divine world, so he was naturally not worthy of their attention. It could be said that they had never thought about this.

However, Leng ruoxue’s idea brightened their eyes. It was a great idea. In that case, wouldn’t zeng Yan have to listen to them?

“Of course we’ll help him continue to climb up. However, the premise of helping him is to see if he’s tactful and worth our help. If we help an ungrateful person, then wouldn’t our efforts be in vain?” Leng ruoxue chuckled.

“Hehe! He didn’t dare to be ungrateful. At most, he could just make him sign a blood contract! We’re not that easy to make use of.” The master of the ning family said with a wretched smile.

“Girl, your idea is good, but you’ve already chased Zeng Yan out. Will he come back?” The great elder asked worriedly. He now felt that Zeng Yan was a good chess piece.

“Don’t worry, he’ll be back. Otherwise, he wouldn’t have been able to climb from a waiter to the position of President. He knows what is the best choice for him, but he likes to play dumb. So, we might as well give him the cold shoulder for a few days, and he will naturally give in.” Leng ruoxue laughed evilly.

“Hahaha! Little girl, leave the rest to me! I’ll make that Zeng Yan suffer.” The master of the ning family also said with an evil smile.

“Alright, then I’ll be waiting to watch a good show.” Leng ruoxue understood. Her Godfather was planning to put pressure on Zeng Yan.

Sure enough, in the next few days, Zeng Yan’s tough days came. First, he was inexplicably demoted to a waiter by the Association. It was said that he had accidentally offended a Big Shot in the divine world, and the waiter of the Association took the opportunity to take his position. Now, the relationship between the two was reversed. As the saying goes, a new official takes on three fires when he takes office, and Zeng Yan naturally became the first target of the waiter who was successful.

As long as it was a tiring and complicated task, it was guaranteed that Zeng Yan would be the one to complete it. Moreover, he did not stop and did not have a moment to rest. Although Zeng Yan knew that the other party was a villain who had achieved success and wanted to take the opportunity to take revenge, he could not figure out which Big Shot from the divine realm he had offended!

Although he had thought that it could be the Chi family or Leng ruoxue, the mission Guild was under the jurisdiction of the Divine Master’s estate. They should not have such power! When he thought of this,

he immediately dispelled his suspicions of Leng ruoxue. As for whether it was the Chi clan's doing, he was not sure. Unless the Chi clan's old ancestor stepped in, the mission Association would not give any face to the Chi clan. Moreover, he did not know that the mother and daughter from the second alliance had attacked the Chi clan's courtyard. So, the Chi clan would not blame him for it!

The more he thought about it, the more he didn't know who was dealing with him.

"Al! Forget it, I won't think about it!" Zeng Yan heaved a heavy sigh and felt depressed. He really did not know when he would be able to live like this.

.....

Unknowingly, Zeng Yan had walked to the door of a restaurant. Just as he was about to enter, he was stopped by the waiter at the door.

"I'm sorry, President CEng. This little store can't afford to entertain you. Please go to another house for a meal!" The waiter stood in front of Zeng Yan and said. Then, he smiled and said apologetically, "I'm sorry. I forgot that you're not the president now, waiter Zeng."

"You ..." Hearing the waiter's condescending words, Zeng Yan was so angry that he almost vomited blood. He really didn't expect that the waiter, who used to smile at him, would turn hostile immediately after he was no longer the president. After all, he was a regular customer of this shop! He really had no human touch! He couldn't help but think to himself angrily. Just as he was about to turn around and leave, he was stopped by the waiter.

"Waiter Zeng, you should go back to your own home and cook! No restaurant in bamboo city is willing to serve you now." The waiter kindly reminded. The news that he had offended a Big Shot in the divinity had probably spread throughout the entire godly land. Under such circumstances, whoever got involved with him would be in trouble! Therefore, they were naturally afraid. They would rather not receive this old customer than let him affect the business of their store.

This situation continued for a few days. Not only the restaurants were not willing to accept him, but almost all the shops were not willing to see him. He sent people to buy things, but no one dared to sell them, afraid that his shop would be implicated by him. After knowing this situation, his heart went cold. In just a few days, he had tasted the fickleness of human nature. Although he had long known that the divine world was a terrifying place, his luck had always been good for many years. Therefore, he had never thought that such a situation would happen to him, which made him feel a little disheartened.

That night, Leng ruoxue and the demon, who felt that the time was right, came to visit personally. This time, there were only the two of them.

In the living room of the Zeng Manor.

Leng ruoxue sat on a chair and looked at the haggard and exhausted Zeng Yan. She smiled and asked, "How has President Zeng been these days?"

"I'm no longer the Guild Master of Ying city's missions Guild. Don't you know that, miss?" Zeng Yan said weakly. The events of the past few days had dealt him a huge blow.

“Of course I know. Everything about you is within my control. I also know why you were replaced.” Leng ruoxue chuckled.

“How did you know? could it be that you ...” Zeng Yan was shocked and his face was full of disbelief. Although he had once doubted the woman in front of him, he did not believe that she had such great power. One should know that even the direct descendant of the Chi family could not do such a thing, but this woman in front of him had done it. This made him deeply afraid because he knew that this was what the woman in front of him had said. She was not satisfied with his sincerity, so, She had sent him from heaven to hell. How could there be such a terrifying woman?

“Have you thought it through, President Zeng? That’s right, it was me who ordered it. However, this is only a small punishment for you. If I really wanted to kill you, it would be easier than stepping on an ant. Do you believe me?” Leng ruoxue said with a smile that was not a smile. The smile on her face grew even more radiant. Actually, this was naturally the result of Godfather’s orders.

Chapter 1292: The fickleness of human relationships (3)

“I do! I didn’t expect young lady to have such strength. It’s all this CEng’s fault for being blind, I don’t know if it’s too late for this CEng to repent now?” Zeng Yan asked expectantly. He was not a fool. In fact, he was a very smart person who could judge the situation. After hearing the other party’s words, he also knew the purpose of the other party’s visit. The other party did not want to kill him. Otherwise, he would not have come here in the middle of the night.

“That will depend on what President CEng does. If I can let you die, I can naturally let you live. I can even let you sit in a higher position and have greater power. Therefore, everything depends on President CEng’s own choice. I won’t force you, but I have to say the ugly words first. I don’t lack your little compensation. So, if you can’t satisfy me, then your days from now on will be like this.” Leng ruoxue laughed.

After he finished speaking, he stood up and continued, “President Zeng, I’ll give you three days to think it over. You know what I want! Let’s go, you demon!”

When Zeng Yan saw that the other party was about to leave, he hurriedly stood in front of the two of them. “Miss, please wait. I don’t have to think about it anymore. No matter what you want me to do, I’ll agree to it. I really don’t want to live like this anymore. I’ll go crazy.” Zeng Yan said with a long face.

In fact, he had no choice but to agree. After experiencing the past few days of suffering, he needed power and status more than ever. He didn’t want to take other people’s opinions anymore, or else he would rather die.

“Are you sure?” Leng ruoxue had a look of disbelief.

“I’m sure. If miss doesn’t believe me, I can swear!” Zeng Yan said hurriedly.

“Alright, then send me a bloodline loyalty contract! If you betray me, you’ll be reduced to ashes.” There were many types of contracts in the immortal realm, and this bloodline loyalty contract was one of the most powerful ones. It was also one that all the great clans would use when they encountered a major

event. The binding power of a bloodline was even greater than that of the bloodline contract in Haotian continent.

“Alright, may I know your name, miss?” Zeng Yan asked.

“Leng ruoxue!” Leng ruoxue said her name indifferently.

When Zeng Yan heard Leng ruoxue’s name, he was stunned. However, he quickly regained his senses. Without any hesitation, he bit his finger and used his blood to draw in the air to sign the contract. Not long after, the rules of the contract came into effect, and the contract was officially in effect.

“Master.” After the contract came into effect, Zeng Yan’s relationship with Leng ruoxue had changed from a collaborator to a master and servant. Hence, Zeng Yan naturally had to address Leng ruoxue as his master with great respect.

“You can continue to call me miss in the future. Also, our relationship can not be known by anyone, or you will be in trouble.” Leng ruoxue reminded.

.....

“This subordinate understands.” When Zeng Yan heard Leng ruoxue’s words, his heart warmed. Although he acknowledged her as his master for the sake of his future, at this moment, he had a new view of Leng ruoxue. At least this master still cared about her subordinates behind her back.

“It’s good that you understand. I’ll go back to the inn first. You should rest early!” Said Leng ruoxue. With that, she pulled the demon away.

The next day.

Zeng Yan would be reinstated, and the waiter would naturally go back to being his waiter.

The ups and downs of the past few days had calmed Zeng Yan’s heart a lot. His previous flashy but impractical vanity had also lightened a lot, and he seemed to have matured all of a sudden.

In the president’s office.

Zeng Yan stared at the pale-faced waiter who was trembling in front of him for a long time without saying a word.

The longer Zeng Yan looked at him, the more afraid the waiter became because he knew that he was going to die this time. The president would not let him go. He was too proud at first. He did not expect that in just a few days, he would be beaten back to his original state.

“President, I was wrong. Please forgive me this time!” The waiter begged with tears in his eyes, almost kneeling down.

“Oh! What did you do wrong?” Zeng Yan smiled faintly. At this moment, his heart was unusually calm. Even he found it a little unbelievable. If this had happened to him in the past, he would have taken revenge as soon as he had the chance. However, when he faced the waiter now, he did not even have the thought of settling the score. This was because, in his eyes, the waiter was like an ant, not worth mentioning at all.

However, such a vile person would be a scourge sooner or later if he kept her by his side. Therefore, it was better to get rid of her as soon as possible. After all, he now had a master. In this way, he naturally had to be careful with the people around him.

“I ... I shouldn’t have hit him when he’s down! The president! I was wrong, you can punish me! You can hit me or scold me, but you can’t kick me out of the Guild!” The waiters knelt on the ground and begged with tears.

“It’s a great virtue to know your mistakes and change, so I naturally won’t hold it against you. However, if I don’t punish you, I’m afraid it’ll be difficult for this President to convince the public in the future, so you’ll have to work hard in the future! We have to set an example for the others in the Guild. If they perform well, this guild leader will naturally let bygones be bygones.” Zeng Yan said with a smile. It was better to calm down before he thought of a good way to deal with such a despicable person.

“Thank you for giving me this opportunity, President. I will definitely perform well and not disappoint you again.” The waiter quickly said.

.

“Yes, but do you know what to say to the public?” Zeng Yan asked with a smile.

“This subordinate knows. This subordinate will not speak carelessly.” The waiter quickly promised.

“Alright, there’s nothing else. You may leave!” Zeng Yan ordered.

“Then this subordinate will take his leave.” The waiter heaved a sigh of relief and quickly replied.

“Yes.” Zeng Yan nodded his head. After the waiter left, he went straight to the inn to look for Leng ruoxue.

In the guest room.

Leng ruoxue looked at Zeng Yan and asked with a puzzled expression, “Zeng Yan, why have you come? Didn’t zeng Yan just get reinstated? He should be busy right now! After all, the waiter from before could not really manage the Guild’s Affairs, so he had his own things to do.

“Miss, I’ve done the slave certificate you asked me to. I’ve also arranged the time of the auction.” Zeng Yan said straightforwardly.

“Oh! I thought this matter would be delayed because you weren’t here! I didn’t expect you to be so efficient.” Leng ruoxue teased.

“Miss, please don’t make fun of me.” Zeng Yan said, slightly embarrassed. Previously, Leng ruoxue had something on him so he had no choice but to hurry up. Later on, because he was dismissed from his position, the waiter took over the matter. However, the waiter had just taken over the president’s job and was in a mess. Although the slave certificate had been issued a few days ago, the waiter had not even looked at it. Hence, he immediately sent it to his young lady after seeing it. He had also arranged the time of the special auction.

“Zeng Yan, do you want to meet the mother and daughter?” Leng ruoxue suddenly said.

“Uh! Why would I want to see them?” Zeng Yan asked dumbly with a puzzled look.

“Aren’t you two good friends? They’re going to be sold as slaves, and I’m afraid we won’t even have the chance to see them in the future.” Leng ruoxue chuckled as she reminded him.

“Miss, don’t joke around. We can’t be considered real friends.” Zeng Yan said with a lingering fear. He said that they were friends because he and Leng ruoxue were not master and servant at that time, so he naturally could not tell others about his scandal. Furthermore, he was even more afraid that she would reveal their relationship. After all, it was not a glorious thing to be associated with that kind of woman. However, he had no choice back then.

“Oh! However, I’m afraid that the Alliance master of the second alliance might not think that way!” Leng ruoxue said with a smile.

“Miss, you must help me. I really don’t want to have anything to do with that kind of woman. However, I fell into her trap by accident and I can’t get away from it.” Zeng Yan said with a bitter face. Since Leng ruoxue was already his master, there was no need to hide this kind of thing. A single misstep would result in eternal hatred!

“Hahaha! President Zeng, don’t worry! That woman won’t reveal your relationship! I’m afraid no one will believe me even if I tell them. Don’t forget, there are many men who have that kind of relationship with him, and you’re not the only one.” Feng Da said with a smile. In this world, there was a kind of woman who liked to use her body to achieve her goals. The leader of the second alliance was obviously one of them, and this President Zeng in front of him was one of the victims, hehe! He didn’t know if guild leader Zeng would be interested in buying these two slaves, and he couldn’t help but wonder in his heart.

“That’s true.” President CEng nodded awkwardly. That woman did have a lot of men, and many of them were like him, being schemed against.

“Miss, this is the list of guests I intend to invite to the auction. Please take a look.” Zeng Yan said.

“There’s no need to look over it, you can decide.” Leng ruoxue laughed.

“Then the auction will be in three days.” Zeng Yan said.

“Yes, the sooner the better. Otherwise, I don’t know how long the mother and daughter can hold on.” Leng ruoxue laughed evilly.

“Uh!” Zeng Yan’s face was filled with question marks. He clearly did not understand what Leng ruoxue meant. However, three days later, when he saw the mother and daughter with his own eyes, he finally understood the meaning of his young lady’s words.

Three days later, the auction for the mother and daughter of the two league leaders officially began.

On the eve of the auction, Leng ruoxue had specially instructed Zeng Yan to send an invitation to the Chi clan’s genius. As for whether the Chi clan’s genius would attend, it was none of her business.

On the day of the auction.

Leng ruoxue and the others rushed to the auction venue after breakfast. They had arrived early, so other than the staff, there were no other guests. When they arrived, they entered the private room that Zeng Yan had prepared for them, ready to watch the show.

As the time for the auction drew closer, the invited guests arrived one after another.

Because it was a special auction, only guests with invitation cards were allowed to enter. These people were specially selected and invited, and there were many who hated the mother and daughter to the bone.

“Waa! Miss, why are all the people who have come here close to the mother and daughter?” Feng Da looked into the venue through the crystal glass of the private room and said loudly with a surprised look.

Chapter 1293: Cannon fodder (1)

“Isn’t that normal? If it’s not related to her, who would come here!” Leng ruoxue laughed lightly and said matter-of-factly.

“Miss, are there any people who have tender feelings for women among these people? What if we sell the mother and daughter to them, and they become soft-hearted and can’t bear to torture them? wouldn’t that be a waste of our efforts?” Feng Da said, a little worried.

“See for yourself!” Leng ruoxue laughed as she spoke. With that, she passed Feng Da a name list. On it was a detailed record of the people who had come to attend the auction, as well as their history with the mother and daughter.

Feng Da was dumbfounded after reading the list. He didn’t know what to say, because everyone on the list was inextricably linked to the mother and daughter of the second league. There were many women on the list, and women’s jealousy and hatred towards women had never been justified.

“Miss, Zeng Yan is indeed the president of the mission Guild. This is the first time I’ve seen such a detailed list!” Feng Da said, speechless.

“Are you at ease now?” Leng ruoxue laughed. It was undeniable that Zeng Yan was a rather smart person. Previously, he had asked her to take a look at the list, but she had actually not looked at it. After all, if one were to use someone, one should not doubt them. If she had to do such a small thing personally, she would be exhausted to death! After that, Zeng Yan sent someone to send over a more detailed record, and what Zeng Yan did was exactly what she wanted.

“Hehe! I wonder who will bid for the mother and daughter.” Feng DA’s face was full of anticipation.

“You’ll know when the time comes.” Leng ruoxue smiled mysteriously. The auction this time around was very different from the rest.

“Well, then I’ll wait and see. If the person who bid for them doesn’t satisfy me, I’ll buy them.” Feng Da said with a smirk.

“Don’t worry, we will be satisfied.” Leng ruoxue said confidently.

With the start of the auction, Zeng Yan had specially sent the most eloquent person in their mission Guild to preside over the auction.

The host stood on the stage and looked at the guests below the stage and in the private rooms. He felt extremely uneasy and afraid. Why were these people staring at him like tigers? He wasn't their prey, so they didn't have to stare at him like that. He was really scared.

In fact, he was overthinking it. The person was not staring at him, but the extremely embarrassed mother and daughter behind him.

.....

"Why aren't you starting? hurry up and start! Don't dawdle, our time is precious." Seeing the host's obviously unnatural expression, someone in the audience couldn't help but shout.

"MA ... We'll start immediately." The host stammered, "woo...These people are all like wolves and tigers. What a big pear!" He sneaked a glance at the private room upstairs, but unfortunately, he was ignored by the president.

Zeng Yan was currently sitting in the private room next to Leng ruoxue 'S. He was looking at the main hall through the crystal glass window of the private room. However, he could only choose to ignore his subordinate's pleading gaze. He couldn't possibly head down and personally host the auction, right? The host of this auction had also been carefully selected by him, but he didn't expect that he would be so useless! Ai! He could not help but sigh.

After a long while, the host saw that there was no way to ask for help, so he had to force himself to start the opening speech.

However, he was interrupted by the people sitting below the stage.

"Cut the crap. It's not like we've never been to an auction before. You can just start the auction." Someone shouted impatiently.

"Uh! Alright then! The mother and daughter behind me will be sold as a package. The starting price will be one piece of low-grade crystal. Whoever offers the highest price will get it. You can start bidding now." The host wiped the cold sweat off his forehead and said speechlessly, sigh! He could be considered as someone who had seen a lot and had seen many big scenes. However, this was the first time he had seen someone who was so eager to bid.

As the depressed emcee's voice fell, the fierce bidding began.

"Two pieces!"

"Three pieces!"

"Five!"

The crowd below the stage reported their prices one by one. It was unknown if they had a tacit understanding between them. Or was it because of some other reason? all of them had bid one lower-grade crystal more than the previous bidder, and no one in the box had opened their mouth to bid yet.

Seeing this situation, the host was extremely depressed. If they kept shooting like this, they didn't know if they could sell the mother and daughter today. Sigh! Please don't let it fall into your hands! However, he was even more afraid that the mother and daughter would die in his hands.

The bidding price rose little by little. After an hour, it finally rose to one thousand low-grade crystal stones. When the host saw this, he finally let out a sigh of relief. Fortunately, the mother and daughter were finally sold for a good price. Although the price was still astonishingly low, and he had never sold them at such a low price before, it was already very good that someone wanted the mother and daughter who looked like they were on the verge of death.

At the same time, in Leng ruoxue's and the others' private room.

Feng Da looked at the lively bidding scene below and felt depressed. The price of this mother and daughter was too low. It hadn't even broken ten thousand low-grade crystal stones! Oh! It was already more than 2000 Yuan, and it seemed impossible to exceed 10000 Yuan. Fortunately, he hadn't given them any food these days. Otherwise, he would have lost a lot of money!

"Miss, based on the current situation, this mother and daughter won't be able to sell for a good price." Feng Da sighed.

"It's okay. I got it for free anyway. A little bit is a little bit." Leng ruoxue was very open-minded. After all, she did not expect to earn money from this mother and daughter. The reason she sold them was just to give them a taste of their own medicine.

"Hehe! That's true." Feng Da said with a smile.

Half a day had passed, and the price was still slowly rising. At this time, the guests in the private rooms also began to bid.

"Hehe! The guests in the private rooms were indeed different! Just look at him, he's so generous." Feng Da said with a smile.

"Big move? When was adding a hundred pieces of low-grade crystal stones considered a big deal? How come I didn't know about it?" Lin Yuan, who was sitting next to him, had a question mark on his face.

"Compared to the people below, it's not considered big?" Feng Da said confidently.

Chapter 1294: Cannon fodder (2)

"Uh! Watch me." Lin Yuan smiled mysteriously. Then, he shouted through the voice transmission device, "Fifty thousand low-grade crystal stones! If you can't afford it, then go home and hug your wives! Don't embarrass yourself here!"

Over the past few days, he had listened to Miao Ying's advice and stopped working on the case. He would choose to rest at midnight every night to conserve his energy.

However, with such an unprecedented case in front of him, how could he fall asleep easily?

11 cruel murder videos, 11 innocent girls who were killed, the cold-blooded and mysterious murderer, the seemingly foolish Video Publisher, the unidentified suspect, and the bizarre car accident in the distant West River 12 years ago all made this case full of unknown variables!

Although they were close to the truth, no one knew what unexpected things would happen tomorrow.

Of course, apart from the case, Zhao Yu had also put a lot of thought into Jecca and Juliet's case.

To be honest, Juliet's words had really shocked him. He didn't expect Juliet to be so well-informed. She actually knew about the deal that he had made with Jecca.

It seemed that Miao kun was right. These people were not easy to deal with. He had to be alert when dealing with them in the future.

They might be fighting against the same enemy on Miracle Island, but it was hard to say when it came to their own interests.

He didn't understand. Was it a trap set by Jecca, or was Juliet just jealous of Zhao Yu's deal with Jecca?

At first, Zhao Yu wanted to have a good talk with Miao kun about this, but for some reason, he called Miao kun several times in a row, but none of them answered.

He wondered if his father-in-law was ready to sell the medicine in his gourd again.

It was reasonable to say that he was the one who found Jecca, so it was impossible for Miao kun not to know about the deal between him and Jecca.

Then, why didn't he ask or hint at her?

Could it be that Miao kun had turned a blind eye to it? Was it possible that the case that Jecca asked him to investigate also had his vested interests? He also wanted to use her, so he didn't pick up her calls?

However, no matter what, Zhao Yu's biggest task was to solve the video murder case and find the real murderer!

As for the deal, he would wait until the case was solved!

So, in order to be able to face the case in a good mood the next day, Zhao Yu finally chose to use the invisible sleeping pill, so that he could finally have a good night's sleep.

.....

He didn't know if it was because of the situation or if it was the will of heaven.

The next morning, a strong gust of cold air hit Feng ping city, causing the temperature to drop. Snow fell, and in the blink of an eye, the entire city was dyed silver ...

In the Special Investigation Group's office at Feng ping police station, Zhao Yu was holding a cup of hot coffee and looking out the window at the snowy scenery.

"The weather forecast is really amazing," Ran Tao said, holding a hot spring in his arms. "It's snowing so heavily, but it can't be predicted?"

“Boss,” he stood by the window and said to Zhao Yu, “fortunately, we refunded our flight tickets yesterday. With the heavy snow, the airport should have stopped all flights already, right?”

“The plane may have stopped, but the information won’t stop!” Zhao Yu looked at his watch. It was already ten in the morning. “At this time ...” He said meaningfully, “cui, you should be able to find something, right?”

“I have confidence in the little girl,” Ran Tao said. “Don’t worry, boss. She will definitely find out. Give her more time!”

“Besides, we’ve given the Xijiang Provincial Office an ultimatum, and now all the elites in Xijiang province are helping little cui! Isn’t she fighting alone?”

“Impossible! How did this happen?” Just as Ran Tao finished speaking, Zeng ke, who was sitting at the desk next to him, suddenly stood up and said to Zhao Yu with an ugly expression, “team leader, the forensics department just received news that none of the DNA we collected from the bag was related to Li Mo!”

“That bag ... It’s not Kang Ziqing ‘s!”

“Ah?” Hearing this news, Zhao Yu was also very surprised. “Are you sure? The target we talked about yesterday with the highest concentration ...”

“Yes, the DNA with the highest concentration has no blood relationship with Li Mo, let alone the other two!” Zeng ke replied gloomily.

“That’s weird,” Zhao Yu said, confused. “That bag, even if it wasn’t Kang Ziqing ‘s, he should have touched it before, right?” There’s even a family photo of him in there!”

Ran Tao frowned and said, “if the bag didn’t belong to Kang Ziqing, and there was no DNA on it, could it be that someone had deliberately framed him?” he asked.

“All of this was planned by someone? The ... The murderer?”

“That makes sense,” Zeng ke said. “Could there be such a situation?” The real murderer of the video murder case saw that his crime had been exposed, so he found Kang Ziqing as a scapegoat?

“He deliberately put the videotape in Kang Ziqing’s locker, and that leather bag was also the murderer ‘s? And among the other items, only that photo is Kang Ziqing ‘s?”

Hearing Zeng ke’s words, everyone’s brows furrowed, and their thoughts were in a mess. If that was the case, the case would be even more complicated.

“That ... That’s not right, is it?” Wu Xiumin recalled and said, “the welfare Institute has the patient’s inventory list. Didn’t someone already confirm that Kang Ziqing was with the bag when he was sent to the welfare Institute?”

“F * ck!” Suddenly, Zhao Yu was shocked and almost crushed the coffee cup in his hand. The coffee spilled all over the floor, even splashing on him. He shouted in excitement, “I know what’s going on!

“If the bag isn’t Kang Ziqing ‘s, then there’s only one possibility! He’s the real murderer, Zhenzhen!”

“Ah?” Everyone was shocked, and they all looked at Zhao Yu in disbelief.

“Who else is there? The president!” Zhao Yu waved his hands and shouted, “he told me that he saw the bag come with Kang Ziqing, but there was no DNA on the bag, only his ...”

“Oh ... Yes, yes, yes ...” Ran Tao said in surprise. “The director has absolute power in the welfare Institute, and he can change the list ...”

“And ... If he had hidden the video in the bag of a vegetable, that would be the perfect frame! Hahaha ... We ... We’ve finally caught him!”

“Who did you sell it to?” The Chi clan genius asked indifferently.

“Young master Chi, don’t you know? A woman bought them. As for who that woman is, young master Chi can only go to the mission Guild to find out. I’m not very sure.” Leng ruoxue rejected the invitation cleanly. Even though she did not know the motive of the Chi family’s genius, she knew that it would not be anything good.

“Miss Leng, I’ve received news that the Alliance master and her daughter have died. They were tortured to death by that woman yesterday.” The Chi clan genius frowned.

“Oh! Then they’re really too much of a pain, dying in just one day.” Leng ruoxue said disapprovingly. When she decided to sell the mother and daughter as slaves, she had already anticipated this outcome. After all, they had offended quite a number of people. From what she knew, the person who bought the mother and daughter yesterday was the daughter of a reclusive family and had a deep grudge with the mother and daughter. Otherwise, who would pay such a high price? it was not like their brains had gone haywire.

“Al! Miss Leng, we’re in big trouble now.” The Chi clan genius sighed.

“Young master Chi, if you have something to say, just say it. I don’t like to guess.” Leng ruoxue said impatiently.

“Miss Leng, to be honest, the ascender Alliance already knows about this matter. The reason why I didn’t attend the auction yesterday was because the Chi family knew that this matter was related to me. Therefore, they ordered people to ground me. I sneaked out today. As soon as I received the news this morning, I immediately thought of a way to come and inform you.” The genius from Chi family explained. In other words, he wanted Leng ruoxue to appreciate his kindness. After all, he was willing to tell her these things out of friendship.

“I don’t quite understand what you mean, young master Chi?” Leng ruoxue played dumb. However, she couldn’t help but think, so what if the ascender Alliance knew? Paper can’t cover fire, she didn’t intend to hide this matter at all. Moreover, a lot of people were invited to the auction yesterday, so it was normal for some of them to leak the news.

Chapter 1295: Cannon fodder (3)

“Miss Leng, what I mean is that the ascender Alliance will come to find trouble with you. So, you have to be careful.” Chi family young master took a deep breath.

“Oh! I understand, thank you young master Chi for your information.” Leng ruoxue said in a neutral tone.

“Be careful, I have to leave.” The Chi clan genius stood up and left.

After the Chi family’s genius left, Feng Da and the rest looked at Leng ruoxue and asked in confusion, “Miss, what did that guy mean? Was he trying to shirk his responsibility? He was the one who caught the mother and daughter, Hmph! Don’t even think about it.”

“It’s not that he wants to stay out of this matter, but that the Chi family doesn’t allow him to participate in it. I’m afraid that the ascender Alliance and the Chi family have reached some kind of agreement, and we are just their sacrifices. The ascender Alliance’s face and anger need to be avenged by us.” Leng ruoxue said with a faint smile. After listening to the Chi clan’s genius, she was clear about the attitude of the Chi clan and the ascender Alliance. However, if they wanted to use them as cannon fodder, they would have to ask for her permission first.

“Miss, what should we do now? It seems that the ascender Alliance doesn’t dare to find trouble with the quest Guild and the mysterious woman who bought the mother and daughter yesterday. The Chi family is also afraid, so they can only use us as pushovers.” Feng Da said angrily.

“What are you afraid of? Sometimes, even if you’re afraid, trouble will still come looking for you. Moreover, we seem to be a little free recently, so we can use the ascender Alliance to pass the time.” Leng ruoxue laughed coldly.

In fact, she had dared to sell the mother and daughter as slaves because she had naturally thought of this situation. However, what she had not expected was that the ascender Alliance was not willing to have any conflict with the Chi family. Instead, they had directly targeted her. The Chi family’s reaction was obviously to stay out of it. However, it was impossible to stay out of it after getting involved in her Affairs. Therefore, the Chi family was destined to pay the price for this.

“I’m sorry, Xue ‘er, it’s all our fault.” LAN Ming, who had been sitting silently at the side, spoke up in embarrassment.

“Don’t be silly. This is none of your business. We’ll have to encounter some of the divine realm’s powers sooner or later. Right now, it’s just that we’ve brought the time forward.” Leng ruoxue said disapprovingly.

“But ...” LAN Ming still wanted to say something, but he was interrupted by Leng ruoxue.

“Alright, don’t think too much. The most important thing now is to increase your strength. Otherwise, you’ll be bullied wherever you go.” Leng ruoxue tried to persuade him. Sometimes, LAN Ming just thinks too much. What a sentimental man!

“I’ll go talk to Godfather and first elder. You guys can do as you please!” Said Leng ruoxue. With that, she stood up and went to look for master ning and first elder.

When master ning and first elder heard Leng ruoxue’s words, they were so angry that they trembled. Master ning, in particular, kept cursing.

“This old bastard, if he dares to touch a single hair on my daughter, I’ll never let him off!” The master of the ning family was so angry that he jumped up three times and roared.

“Calm down. We can’t just rely on the Chi family’s one-sided words to determine what the ascender Alliance wants!” First elder warned.

“Isn’t that obvious enough? The ascender Alliance is coming to deal with my good daughter. ” The master of the ning family roared with wide eyes.

“What I mean is, we can’t just make assumptions based on hearsay. We’re not people without power in the divine realm, so why should we listen to the words of others? I’m asking you to personally send someone to investigate. If it’s true, then we won’t be polite. ” The great elder explained.

“Yes, what you said makes sense. I’ll send someone to investigate. If it’s really that old man who gave the order, don’t blame me for falling out with him.” The master of the ning family roared angrily.

After that, master ning gave some instructions to his subordinate, who then left.

Two days later, news finally came back from the divine realm. The ascender Alliance had indeed given the order to deal with Leng ruoxue. However, this order was not given by the general Alliance. It was given by the Alliance master of the second ascender Alliance, who was also the master of the second ascender Alliance’s Alliance master from the divine mainland.

After receiving this news, master ning’s anger was slightly reduced. After all, he didn’t care about the second alliance. However, if it was the old man from the general Alliance, then he would have to go to that old man and talk to him in person. How dare he bully his daughter? did he really think he didn’t exist?

“Young lady, it seems that the ascender Alliance really intends to deal with us. I’m so scared!” Feng Da said with a smile. He said he was afraid, but there was not a single trace of fear on his face!

“Yup! Let’s just stay in this bamboo city and wait for our deaths!” Leng ruoxue pretended to be helpless. Actually, she wanted to go to the Chi clan’s God domain in the God World and wait for her death. Unfortunately, she was not strong enough and could not go, so she could only stay here and cause trouble for the Chi clan. However, she had already informed Chi Rui about this. He must have made arrangements to minimize their losses.

“Miss, why don’t we just go to the second alliance and wait for our deaths! We’ll also take over the second Alliance’s territory. Although the second Alliance’s territory can’t compare to the eight God domains, it’s still pretty good on the divine continent. ” Lin Yuan suggested with an evil smile.

“I’m too tired,” Leng ruoxue spat out these two words softly. This was one of the reasons why she didn’t want to directly attack the two alliances. As for the other reason, it was naturally because of the Chi family! Hmph! Didn’t Chi clan want to stay out of this? Of course, she couldn’t let them have their way. Otherwise, she wouldn’t be Leng ruoxue.

“Uh! Little girl, you’re really lazy, but I like it! We just need to stay here, there’s no need to travel all the way to the second alliance. But, isn’t the second Alliance’s leader dead? Now that they are like a group of Dragons without a leader, can they still care about the orders of the divine realm’s two ascender alliances?” The great elder asked curiously.

“The two alliances will send people here. How can they let those guys be without a leader?” The master of the ning family said.

“It’s no use sending people! He can’t display his true strength in the divine mainland. If he meets our girl, I’m afraid he won’t be able to return.” The great elder laughed evilly, as if he could already foresee the other party’s tragic state.

“Yes, we’re still here! You want to bully my good daughter? don’t even think about it!” Master ning also said excitedly, hehe! It seemed like there was more fun coming to his door!

Chapter 1296: Cannon fodder (4)

“Godfather, you and Grand Elder shouldn’t interfere in this matter. We can handle it.” Leng ruoxue smiled as she reminded.

“Uh! Girl, are you trying to take all the food for yourself? This can’t do! We old arms and legs also want to move!” First elder immediately objected.

“Yup! Little Xue ‘er, you have to give me a chance to show off as your father!” The master of the ning family also begged with a bitter face.

“Godfather, great elder, there’s no need for you guys to take action for a few insignificant characters. Even if the divine realm’s second Alliance’s master were to personally come, he would still not be worthy of fighting with you guys.” Leng ruoxue put on a high hat, and the two old men immediately broke into smiles.

“Hehe! The girl’s words are also reasonable. Old man ning, since this is the case, let’s not make a move. If they can’t deal with it, it won’t be too late for us to make a move.” The great elder said to the master of the ning family with a smile.

“Alright then!” The master of the ning family unwillingly replied.

After a simple discussion on the countermeasures, Leng ruoxue and the others settled down in the inn with a peace of mind. However, they had been waiting for almost half a month and had yet to see any sign of the ascender Alliance. This made them feel deeply puzzled.

“Young miss, the people of the ascender Alliance are too unprofessional. Haven’t the divine realm’s orders been issued long ago? Why aren’t they here yet? the news of US being in bamboo city has been out for a long time, they should be here by now!” In the garden of the house, Feng Da kept on complaining to Leng ruoxue.

Leng ruoxue furrowed her brows. She was speechless and helpless. These days, her combative subordinates had complained to her almost every day, so much so that her ears had grown calluses. Therefore, when she heard Feng DA’s complaints again, she could not help but complain about the ascender Alliance in her heart.

These guys ‘efficiency was really too low. Everything they did was delayed. Fortunately, he was not their master. Otherwise, he would have been angered to death.

Just as Leng ruoxue was thinking about this, she suddenly saw Godfather's subordinate running into the garden with an excited look on his face. He was even shouting non-stop, "They're here! They're here! They're here to cause us trouble!"

When Feng Da and the others heard this, their spirits were immediately lifted. They quickly tidied up their clothes and rushed out of the inn.

At this time, they were the only ones living in the inn. The other guests and the inn manager had all disappeared after knowing that someone would come here to seek revenge. However, before the inn manager left, he still asked them worriedly who would be responsible for the losses of his Inn. After getting their affirmative answer, the manager left reluctantly because their answer was that the losses would be borne by the ascender Alliance, but they would claim the losses on his behalf.

Seeing that Feng Da and the rest had disappeared in the blink of an eye, Leng ruoxue could not help but feel a few black lines sliding down her forehead. Then, she followed her Godfather and the rest out of the inn.

At this moment, the entrance of the inn was surrounded by people from the ascender Alliance. Looking at the dense crowd in front of them, Feng Da and the others laughed.

"I say, what's the meaning of this?" Feng Da asked with a smile. There were so many people! Hehe! It was just what he wanted.

"Hmph! Did you sell our 2nd Alliance's Alliance master and her daughter as slaves?" The leader of the ascender Alliance said.

This time, he was under the orders of the Alliance master of the two alliances in the divinity to seek revenge on these people. He was very clear that this was definitely the best opportunity for him to perform. If he could do things to the satisfaction of the Alliance master, the Alliance master might be happy and even let him be the Deputy Alliance master! One had to know that he had always been thinking about the empty position of Deputy Alliance leader! Therefore, his attitude towards this matter was extremely positive.

Originally, when he came to the divine mainland, he wanted the other alliances to help the two alliances. After all, they were all part of the ascender Alliance. Although this incident had happened to someone from the two alliances, it was not good for everyone's face. So, when he confidently sent people to look for the other alliances, they had all rejected him. This made him a little embarrassed and angry.

However, even though he was angry, he could not care about the other alliances. Hence, after waiting for a few days, he could only bring his subordinates from the God World and the people from the two alliances to Ying city. They had surrounded the inn where Leng ruoxue and the others were staying without anyone knowing ...

Chapter 1297: What a tough cannon fodder (1)

Actually, his so-called 'no one knows' and 'no one knows' were just his assumptions. His every move had long been under the strict surveillance of Leng ruoxue and the others. Yet, he was still so pleased with himself that he thought that his actions were flawless and no one had noticed.

"So what if I am? We're also following orders from the Chi family's direct line of descent, we're working for him." Feng Da laughed evilly and said, Hmph! Didn't these two forces want to use them as cannon fodder? Good! Then he would drag that Chi clan genius down with him and see how his Chi clan would stay out of this.

"Impudent! The Chi family is one of the eight great divine regions. How could they do such a thing? this is clearly a frame-up!" The leader of the ascender Alliance said loudly. Before he came, the Alliance master had specifically instructed him that if the other party continued to hold onto the Chi clan, he must exonerate the Chi clan. In short, the Alliance master had already reached a consensus with the Chi clan, so he must not spoil the Alliance master's plans.

"Hehe! Look at what you're saying, it's as if you were there at the time. Whether we're talking nonsense or not, that direct descendant of the Chi family knows it clearly, you don't need to cover for him! As a man, if you dare to do it, you must admit it. What kind of ability is it to be a coward?" Feng Da said with a mocking expression.

"W-who are you calling a coward?" The leader of the ascender Alliance roared in anger after hearing these words.

"Calm down! I'm not talking about you! Don't take it to heart." Feng Da smiled as he looked at the agitated leader of the ascender Alliance. He was puzzled. He didn't say anything about this fellow. Why was this fellow so agitated?

"Hmph! Only women and villains are difficult to raise!" The leader of the ascender Alliance glared at Feng Da for a long time before he finally managed to say a complete sentence.

"Vile person? Are you talking about me? Alright! Since you think so highly of me, why should I be polite? Brothers! Go, teach this 'Lord' a good lesson." Feng Da turned his head and said to Lin Yuan and the others with a smile.

"Alright!" Lin Yuan and the rest rubbed their fists and wiped their palms, eager to try. There was a trace of excitement on their faces. I wonder if these guys from the ascender Alliance can take a beating? It would be meaningless if it shattered with a touch.

"Wait! What do you want to do? I'm not done yet!" The leader of the ascender Alliance quickly stopped them when he saw that the other party was about to start a war. According to his idea, as long as he revealed his identity as an ascender Alliance, he should be able to deter these guys. But who knew that they didn't take him seriously at all and even wanted to fight when they didn't get along. What a bunch of uncultured barbarians! He couldn't help but complain in his heart that the other party didn't follow his script.

"I have to wait until you're done talking?" Feng Da asked, feeling a little funny. This was the first time he had seen such a person in his life! Didn't they come here to get back their face? Why was he complaining that they had acted too quickly now? You still have to say some more nonsense before you can make a move, hehe! It was truly laughable!

“Of course! I haven’t finished my words! All of you better behave yourselves!” The ascender Alliance’s leader roared in an overbearing manner. He had not even used the opening speech he had thought of! How could they start fighting? one had to know that in order to come up with those words that could intimidate the other party, he had thought about it for several days and nights. Therefore, he had to say it out loud. Otherwise, wouldn’t his efforts be in vain? This was definitely not allowed.

“Uh! Please speak!” Feng Da was speechless, and he couldn’t help but wonder to himself, why did the ascender Alliance send an idiot here? He was sure that this guy was definitely not mentally sound. After all, how could a normal person have such thoughts? However, he wanted to hear what else this guy had to say!

“Hmph! You’re tactful! All of you, listen up! You’re so bold, actually daring to sell our second ascender Alliance’s Alliance master. Do you want to die? Do you know that your actions have infuriated the higher-ups of our ascender Alliance? therefore, they have sent me to deal with you. I advise you to surrender obediently! There is no benefit for you to become enemies with our ascender Alliance! You should surrender!” The leader of the ascender Alliance said in a serious tone. After he finished speaking, he looked at Feng Da and the others with a pained expression.

“Uh! Are you done?” After a moment of silence, Feng Da asked calmly. Now, he was even more certain that the guy sent by the ascender Alliance was definitely mentally unstable. He was a retard. Otherwise, how could a normal person say such words?

“I’m done. You should surrender!” The leader of the ascender Alliance urged. He said the opening words that he had been thinking about for several days and nights. He felt much more comfortable in his heart. Moreover, he was very wishful in thinking that as long as he said these words, the other party would definitely surrender obediently.

“Then isn’t it our turn to say it now?” Feng Da asked. He was worried about the future of the ascender Alliance. If all the ascenders in the ascender Alliance were so stupid, it would not take long for the ascender Alliance to become a third-rate force!

“Do you guys have anything else to say?” The leader of the ascender Alliance asked in disbelief. He really couldn’t understand what these prisoners had to say. Wouldn’t it be better to just surrender? How troublesome!

“You’ve already said it, so why can’t we say anything!” Feng Da said with a hint of mockery.

“Alright then, speak! Even though you are my prisoners, I still have human rights. ” The ascender Alliance’s leader’s words were shocking! However, Feng Da and the others chose to ignore his words.

“Isn’t the Alliance master of your two alliances in the divine realm? How did you get sold?” Feng Da asked curiously.

“What are you talking about? Our two alliances “leaders are so powerful, how could they be sold!” When the ascender Alliance’s leader heard this, he was instantly enraged!

“How am I talking nonsense? You’re the one who said it. ” Feng Da pretended to be confused. Although he knew who the Alliance master of the second alliance was, he still had to play dumb to the end. Hehe!

“When did I say that? Don’t wrong me!” The leader of the ascender Alliance was extremely angry. If these words were to be spread back to the divine realm, then he could forget about having a good life. It should be known that the Alliance master of the second alliance was extremely petty and held grudges.

Chapter 1298: What a tough cannon fodder (2)

“Weren’t you the one who said that we sold out the Alliance master of the second alliance?” Feng Da asked.

“That’s right! Isn’t that the case?” The leader of the ascender Alliance asked in a daze. He didn’t quite understand what the other party was saying.

“But the Alliance master of your second alliance is clearly in the divine realm. Even if we wanted to sell it, we wouldn’t be able to! Unless you cooperate with us to trick him here, we might still have a chance. How about it? Do you want to cooperate with us? we’ll give you a bonus when the time comes. He should be able to sell it for a good price!” Feng Da said with a serious face.

“You ... You want to sell our second Alliance’s Alliance master! You really don’t want to live anymore!” The leader of the ascender Alliance stammered. It was unknown whether he was angry or scared, but his whole body was trembling.

“Even if I wanted to sell it, I would need your cooperation! This business is very cost-effective, and you’ll definitely get a lot of dividends. ” Feng Da reminded.

“You, what do you want me to cooperate with?” The leader of the ascender Alliance finally found his voice and couldn’t help but roar. He cursed in his heart. These people were really too bad. It was fine if they wanted to sell it, but why did they have to drag him down with them? One had to know that many of the people he had brought with him were from the immortal realm. If anyone were to leak the news, the Alliance master would definitely not let him off. Wu ... This group of bad guys!

“Of course it’s to help us trick the two alliances” leader into coming here! Hehe! He’ll definitely be able to sell it for a good price!” Feng Da said with a smile.

“You ... Don’t even think about it! I won’t cooperate with you in doing such a thing. ” The ascender Alliance’s leader’s mind finally cleared up, and he rejected decisively. Previously, he was a little scared silly, so he did not directly refuse. My fiery heart is on your side, so you must believe me!

“You’re really not going to cooperate?” Feng Da squinted his eyes and asked in an unfriendly tone.

“I’m determined not to cooperate!” The leader of the ascender Alliance said with a firm will.

“That’s good! Since that’s the case, let’s not waste any more time and start the war!” Feng Da said coldly.

“Hmph! You’ll regret this. Our ascender Alliance is not to be trifled with. ” The leader of the ascender Alliance threatened.

“Likewise! We’re not to be trifled with. ” Feng Da said with a light smile. Then, he gave Lin Yuan and the others a look. The crowd swarmed forward ...

Although the ascender Alliance had a large number of people, they had always lived a comfortable life in the territory of the ascenders. They were used to it and had not seen these fierce opponents for a long time. Therefore, they could not adapt to it at all. In just a moment, nearly one-third of the ascender Alliance's people had died. As Feng Da and the others raised their hands and swung their swords, a life would almost be sent out of this world in an instant.

Instant kill! It was an instant kill!

Seeing this situation, the people of the ascender Alliance were a little afraid. F * ck! How was this a soft persimmon! This was clearly a group of bloodthirsty wolves! They were no match for these people.

When they thought of this, many people felt fear and secretly fled when Feng Da and the others were not paying attention.

"Come back! Damn it, all of you, come back! No one is allowed to run!" When the leader of the ascender Alliance saw that his subordinates had actually abandoned him, he was furious! However, Feng Da and Cheng Wu were keeping him busy, so he couldn't do anything at the same time. In fact, he wanted to run away, but ... These two guys didn't give him the chance! It was really too detestable!

Now, he had seen it clearly. These people were not the so-called cannon fodder at all. Wu ... How could there be such hard cannon fodder in the world! Not only would he not be able to bite through it, he might even lose his life! He regretted coming to the godly continent because he might not be able to go back. He regretted it so much that his intestines turned green.

However, it was useless for him to regret it, because Feng Da and the others had made up their minds to make him stay. As for those people from the ascender Alliance who had escaped, they would naturally not have a good end, hehe! At this time, those people had probably been killed by Song di and the others who were lying in ambush outside the city, and they would not have been killed by mistake. After all, they were all dressed in the same clothes! It was impossible not to recognize him even if he wanted to!

After a long while.

Of the ascender Alliance's members who were still alive, only the somewhat out of line leader was left.

"Little brat! How about us cannon fodder!" Feng Da held the dagger in his hand, and the cold light reflected on the face of the ascender Alliance's leader. He was so scared that he trembled even more. He was afraid that the other party would accidentally scratch his face. Wu ... Why did he have to scare him like this?

"I'm asking you a question!" Seeing that the other party didn't respond for a long time, Feng Da couldn't help but say impatiently.

"I ... I ..." The leader of the ascender Alliance stammered, unable to say a complete sentence.

"Feng Da, keep the dagger away from him. He'll be scared." Cheng Wu looked at the leader of the ascender Alliance, who was as timid as a mouse, and said with a look of disdain.

"Oh! That's true." Feng Da put away the dagger obediently and said to the leader, "You can answer me now!"

"Answer, answer you what?" The leader of the ascender Alliance was still trembling.

“What about us cannon fodder? F * ck! If you’re still playing dumb, don’t blame me for being impolite.” Feng Da brandished his dagger and threatened.

“Argh! Don ‘t! Don ‘t! I say! You cannon fodder are the toughest cannon fodder I’ve ever seen. Sob ... Actually, I’m very useless. I’m not even a fart in the two alliances. I can only show off in the godly mainland. So, even if you kill me, the Alliance master won’t feel bad.” The leader said with a sad face, not caring about his image.

“So you’re cannon fodder like us!” Feng Da laughed.

” Yes, yes. At first, the Alliance master didn’t want to send me here because he knew I couldn’t do anything. However, those guys in the Alliance all found all kinds of excuses, so the Alliance master had no choice but to send me here. In order to make me feel at ease, he even hinted to me that if this matter was handled well, he would let me be the Deputy Alliance master. Sob ... Now I’ve finally thought it through. He was just playing with me. He had no intention of making me the Deputy Alliance master. I’m just cannon fodder.” The leader of the ascender Alliance immediately took advantage of the situation and continued Feng DA’s words.

Chapter 1299: What a tough cannon fodder (3)

“Since you can see it so clearly, are you willing to cooperate with us?” Feng Da asked again.

“Cooperate with you on what?” The leader of the ascender Alliance did not react for a while and asked in confusion.

“Of course it’s to cooperate with us and bring the leader of the second league of the divine realm here! Didn’t I tell you before? Since they’re so unkind, why should you be righteous? So, why don’t we just go all out and get him here? we’ll sell him and give you a share of the profits, how about it?” Feng Da tempted.

“Uh! Are you really going to sell the Alliance master?” The leader of the ascender Alliance wiped the cold sweat on his forehead and asked carefully.

“Do you think I’m joking? We’ve been tight on cash recently, and he wants to deal with us, so we might as well strike first. Oh, you can also bring your opponents from the two alliances to the divine mainland. Then, we’ll sell them all. In that case, the two alliances will be yours. Even if you want to be the alliance leader, it’ll be a piece of cake, let alone a Deputy!” Feng Da reminded him with an evil smile.

“Uh! Let me think.” After hearing Feng DA’s words, the leader of the ascender Alliance thought about it seriously. He couldn’t deny that Feng DA’s words had moved him, but he didn’t dare to do that. He was afraid that the general Alliance would not let him go after knowing about this. After all, such an action was no different from betrayal.

“You’re afraid of the general Union, right? What if I promise you that the general Union won’t be angry about this?” Seeing his hesitation, Feng Da threw out an even bigger bait. He did not believe that this guy would not take the bait.

“Really? What can you use to guarantee that?” The leader of the ascender Alliance asked suspiciously. To be honest, he didn’t believe the other party’s words at all. If all the higher-ups of the two alliances were sold out, how could the general Alliance not be angry? In this way, how could the general Alliance still have the face to stand in the divine realm!

“I’ll show you something good.” Feng Da said with a mysterious smile. After he finished speaking, he took out a thin piece of paper from his storage ring and handed it to the leader of the ascender Alliance.

The ascender Alliance’s leader took it and looked at it. His expression suddenly changed, because the paper recorded the shameful things that these high-level people had done behind the scenes, including his own. However, compared with the others, his things were obviously like a small house meeting a big house. It was not worth mentioning at all.

“How is it? With this thing, you’re still afraid that the general Alliance will blame you? It’s so easy to find an excuse! You’re clearing out the parasites for the ascender Alliance and returning the Alliance to its Pure Land.” Feng Da said it in a grand manner, but the other party took it to heart.

“That’s right, I want to clear the bugs for the Alliance and return them a piece of Pure Land! However, I’ve also done some unspeakable things. If the general Alliance knew about it, they wouldn’t let me be the second Alliance’s leader.” The leader of the ascendance Alliance said with a face full of distress. If he had known that there would be such a good opportunity, he would have kept his chastity no matter what! How could he be easily dragged down by them!

“That will depend on your ability! We can provide you with evidence of their crimes, but we can’t influence the choice of the Alliance master. So, whether you can become the Alliance master or not will be up to you.” Feng Da said helplessly. In fact, what did it have to do with them whether the other party could become the alliance leader or not? They only wanted to use this guy to lure those people from the second alliance over and give him some benefits at the same time. As for whether he could grasp it or not, that was his own problem. However, it was estimated that the ascender general Alliance would not let such a fool become the second Alliance’s leader.

“Yes, I must be the leader of the second alliance.” The ascender Alliance’s leader said confidently. With this evidence, he could make a good move and the second Alliance’s master would definitely fall into his hands. After making up his mind, he decided to cooperate with the other party.

“What do you want me to do?” The leader of the ascender Alliance asked. He was no longer so afraid of Feng Da and the others, because in his heart, they were already considered allies. Since they were the leader of the Alliance, they would definitely not harm his life!

“First of all, of course, you have to suffer some physical pain. However, this is something that can not be helped. It’ll be good for you to return to the two alliances. I hope you can understand.” Feng Da said courteously.

“I understand.” The leader of the ascender Alliance nodded. The people he had brought with him were all dead. It would be unreasonable if he was still alive and kicking.

“What should I do after I return to the second alliance?” The leader of the Ascension capital Alliance asked shamelessly, like an obedient child.

“When you return, you will naturally tell the Alliance master of the second alliance about this with additional details! Oh right, don’t forget to mention the Chi family. Then, find the right time to persuade the two Alliance Masters to come here. You can think of the details yourself.” Feng Da said irresponsibly. In fact, he felt that he had said enough, but it was a pity that the guy they found was too stupid. He really didn’t know if he could trick the people from the second alliance.

“Oh!” The leader of the ascender Alliance nodded.

“Right, let me ask you, what kind of agreement did your Alliance head reach with Chi clan?” Feng Da suddenly asked.

“I’m not too sure about that. I’m not the Alliance master’s confidant. There are many things he won’t tell me.” The leader of the ascender Alliance said with a depressed look.

“Then go back to the divine realm and find out about this matter for me. Remember to tell me the next time you come.” Feng Da ordered.

“Alright,” he said. The leader of the ascender Alliance replied carefully.

“Let’s start now!” Feng Da said with a smirk.

“Uh! Start what?” The ascender Alliance’s leader asked in puzzlement.

“Of course it’s to create a ruse of self-injury! Endure it!” After Feng Da finished speaking, he took the lead and punched the other party’s face. Then, Lin Yuan and the others swarmed forward and began to punch and kick the leader ...

Not long after, the ascender Alliance’s leader’s body was a bloody mess, and it was a tragic sight.

When Leng ruoxue saw this, she felt a deep sense of sympathy for the half-dead fellow on the ground. However, it was only for a moment.

“Did you guys kill him?” The great elder couldn’t help but ask after circling the ascender Alliance’s leader who was lying on the ground.

“Don’t worry! Although this person’s strength isn’t very high, he’s still from the divine realm after all. His skin is tough and his flesh is thick, so he won’t die so easily!” Feng Da said with certainty. They had a sense of propriety. Although the injuries on this guy’s body looked scary, they were only flesh wounds.

“That’s good.” The great elder was relieved. After all, this guy was the chess piece they had chosen. It would be a pity if he died before they even used him!

After the ruse of self-injury was completed, Feng Da followed his original plan and threw the leader of the ascender Alliance at the only way to the second alliance. There were many people on the road, so the bloodied guy would soon be saved. All they had to do was wait.

For a period of time after that, Leng ruoxue and the rest continued to live in bamboo city, peacefully living their cannon fodder dreams. Unfortunately, their opponents were too useless. Thus, even though they only came once, they were eaten up by the cannon fodder.

In the garden of the house.

Feng Da and the others were so bored that they were in a daze. Some of them even counted the days with their fingers.

“Captain, that guy has been back for almost a month, right? Why is there no movement? Did their alliance master kill them?” Someone couldn’t help but ask in a low voice.

“I don’t think so, but according to brother ning, his injuries aren’t light and he’s still recuperating in the second league! He’s been eating and drinking well every day, so he’s probably too happy to even think about home.” Feng Da said with an evil smile. The Big Brother ning he was talking about was naturally one of the subordinates of the ning family’s master. He was also in charge of sending messages to the divine world.

“Looks like we’ve fulfilled his wish. If I had known earlier, I would’ve beaten him up harder.” Lin Yuan chuckled.

“Come on! If you beat him a little harder, he would really be dead.” Two drops of cold sweat dripped from Feng DA’s forehead as he thought to himself, ‘Lin Yuan is even more ruthless than me!’

“Who’s dead?” Leng ruoxue and the demon walked into the garden and happened to hear the last sentence. She could not help but ask curiously.

“Miss, we are talking about the leader of the ascender Alliance.” Feng Da quickly explained.

“Oh! Let me tell you some good news. They’ve arrived at the godly mainland, and the Alliance master of the second alliance is personally leading them.” Leng ruoxue had just heard the news from her Godfather and immediately came to inform her subordinates so that they could make preparations. In fact, they should have been prepared long ago. It was just that they had been waiting for a long time, so they were all bored.

“Really? Hahaha! That’s great! Those bastards are finally here, Hmph! How dare they make me wait for so long? I won’t let them go! But, miss, do you really plan to sell them all?” The excited Feng Da couldn’t help but ask. When the Miss had told them about this, his first reaction was that the Miss was in need of money, and she was in extreme need of money! Otherwise, why would he think of selling everyone from the two alliances? They weren’t the two alliances of the godly continent! However, he saw that his young miss’s expression was very serious, so he could only carry out her words.

“What’s wrong? Are you scared?” Leng ruoxue chuckled as she asked.

“Why would I be afraid? I’m just curious, miss, are you short of money?” Feng Da finally asked what he was thinking. He couldn’t help it!

“Who said I can only sell them if I’m short of money?” Leng ruoxue asked with a smile.

“Uh! If you don’t lack money, why would you want to sell people to the divine realm?” Feng Da was very puzzled. The ascender Alliance’s power was second only to the eight great divine regions. To the current them, it was definitely a Colossus-like existence. Once they sold out the higher-ups of the two alliances, the ascender Alliance of the divine realm would most likely view them as their mortal enemy. At that time, the five alliances would come together and wouldn’t they be entangled tightly? then, how would they be able to go out and travel?

“Since they have the guts to scheme against me, they naturally have to bear the consequences. If they want us to be cannon fodder, how can they not pay a price? Moreover, you can be at ease. Even if we sell out the higher-ups of the two alliances, the ascender’s general Alliance won’t do anything to us. This is because Godfather has already reached an agreement with them and the great elder.” Leng ruoxue said calmly.

“Oh! Hehe! With that, I can play as much as I want.” Feng Da said with a smirk.

Chapter 1300: An unexpected gain (1)

“It’s fine to play. However, to be able to become the leader of the divine realm’s ascender Alliance’s two alliances, he’s definitely not an ordinary person. Thus, you all must be careful.” Leng ruoxue reminded. Even though she trusted her subordinate’s abilities, she still had to remind him of what she needed to.

“Hehe! Don’t worry, miss, we will be careful.” Feng Da promised with a smile.

In the next few days, Feng Da and the rest gathered together and discussed something in a sneaky manner. When they saw Leng ruoxue and master ning, they deliberately avoided them and acted mysteriously.

Seeing the actions of Feng Da and the others, the master of the ning family was puzzled and couldn’t help but ask, “Xue ‘er, what are those kids doing? You’ve made it so mysterious.”

“He’s probably planning on how to scheme against the two alliances “master! Godfather, let them worry about these small things. We don’t need to care about them.” Leng ruoxue laughed. She had always adopted a free-range policy towards her subordinates. As long as they took care of themselves, that was enough. This was also the only request she had for her subordinates.

“Hehe, these kids are all ruthless. The Alliance master of the second alliance is going to be in big trouble.” The first elder chuckled.

“Of course we can’t be soft-hearted towards our enemies. Otherwise, we’ll be the ones to suffer.” Leng ruoxue laughed.

“Mm, that’s true! Little girl, should we also do some preparation work?” The great elder asked again.

“No need, great elder and Godfather will just watch the show.” Leng ruoxue chuckled.

“Uh! Are you letting us watch a good show again?” Master ning’s face darkened as he spoke unhappily.

“Godfather, there’s no need to use an ox’s blade to kill a chicken. It’s enough for us to deal with these small characters. You’re all people with high positions and authority. If you were to deal with these small fries like the ascender Alliance’s chief, you’ll become a laughingstock.” Leng ruoxue said with an expression that said, “I’m doing this for your own good.”

“Uh! Alright then!” The master of the ning family and the great elder replied helplessly, but they were a little depressed in their hearts. Wu...They were actually being despised because of their status. What the hell was this! However, in the entire immortal realm, it was likely that only this girl would not allow

them to appear because of their identities. If it were anyone else, they would have long clung onto someone's thigh, regardless of who they were!

Three days later.

Leng ruoxue and the others had been waiting for the Alliance master of the second alliance for a long time. He finally brought a large group of people to Ying city. However, they did not surround the inn like the leader who had gone off the rails earlier. Instead, they found a house and started to renovate it.

The reason why they were looking for private residences was mainly because all the Inns in the city had closed their doors and refused to have any customers. Although they didn't know why, they had rushed all the way here from the divine realm. They had to take a rest first. Who asked their opponent to be so cunning!

At this moment, Leng ruoxue and the rest had received news that the Alliance master of the second alliance had entered the city. However, she did not expect the Alliance master of the second alliance to be a woman as well. It was just that she was much older than the one on the divine continent. Furthermore, this Alliance master of the second alliance was also surrounded by beautiful men.

After hearing this news, she was very speechless. She couldn't help but think to herself, "could this be the legendary 'a Crooked Stick will have a crooked shadow'?" As the leaders of the two alliances, they could definitely be considered to be of the same lineage. Even their preferences were the same. However, it was said that the men beside the leaders of the two alliances followed her willingly and not by force!

After Feng Da and the others knew that the Alliance master of the second alliance had entered the city, they had borrowed Ling from her and never returned.

However, Leng ruoxue knew that they were up to no good. With Ling by their side, she naturally didn't have to worry about their safety.

Feng Da and the rest went out in the morning, and by the time they returned, it was already night time. Seeing the joy on their faces, Leng ruoxue did not ask any further. After they finished eating, she pulled the evildoer along and went back to her room.

Looking at Leng ruoxue's back view, Feng Da and the rest were dumbfounded.

"Miss, why don't you ask us what we've been up to all day?" Lin Yuan asked, puzzled.

"You're asking me? Who am I supposed to ask? Don't guess what the young lady is thinking." Feng Da said helplessly, sigh! Their miss had never played by the rules. The more they hoped for her to ask, the more she did not ask.

"Are we still going tomorrow?" Lin Yuan asked carefully.

"Of course I'm going! If I don't go, all my previous efforts will be in vain." Feng Da said. To be honest, he hadn't had enough after playing for a day! Therefore, he would continue to go there tomorrow until he had had enough fun.

The next day.

Feng Da and the others went out early again.

The master of the ning family looked at the empty courtyard and said with some discomfort, "Girl, are you really not curious about what those brats are doing?"

It was originally quite lively with so many people, but these little brats had not been home for the past two days, and he did not see them play around, so he was really not used to it.

"Godfather, what could they have done? It's nothing more than causing trouble at the residence of the second alliance. They've done this a lot in the past." Leng ruoxue understood. She didn't need to guess or Feng Da and the others to tell her. She could figure it out.

"Uh! Then the second Alliance's Alliance master and the others are in trouble!" The master of the ning family said sympathetically. He had a deep understanding of how good those brats were at pranking people, so he really sympathized with that old woman from the second alliance. He was already so old, what would he do if he got scared again!

At this time, the residence of the second alliance was just as the master of the ning family and the others had thought. It was in deep water and fire, and the most unfortunate one was the master of the second alliance.

Although this Alliance master of the second alliance had many beautiful men by her side, this was not because she was a lecherous person, but because of her cultivation needs.

The cultivation method she cultivated was a kind of top-grade dual cultivation method. It had to be cultivated by both a man and a woman at the same time. Moreover, both men and women would obtain endless benefits. Thus, this cultivation method was very famous in the divine realm. However, this cultivation method had very high requirements on the cultivator's body, and there were very few people who could cultivate it. And this Alliance master of the second alliance just happened to be able to cultivate it. Thus, many men willingly followed her in order to obtain a top-grade cultivation method.

Dual cultivation was allowed in the divine realm. However, there were many dual cultivation techniques that couldn't be acknowledged by others. This was because many dual cultivation techniques were only beneficial to one party while the other party was completely in the role of contributing. In the end, they might even die an unnatural death. Thus, many deities didn't like dual cultivation with others, for fear of falling into the other party's trap.
