

## Crazy Wife 1321

### Chapter 1321: The Yan family's enemy (2)

"Calm them down first. When father's injuries are better, I'll naturally go see them." Yan family head sighed. Out of all his sons, his second son was the Stabler one. However, his temper was too good. He could not control the old guys in the family at all. That was why he was worried!

"Alright, father. Didn't you send big brother to Yan Bei city? Then why did city Lord Yan send them here?" The Yan clan's second master voiced out his doubts. He had thought about this question for a while, but he had not been able to come up with a solution.

"They didn't reveal anything at all?" Yan family head asked with a frown.

"No, they almost left when they saw that you didn't go to see them. Fortunately, I stopped them. After that, I was worried about father's injury, so I asked the Butler to take them to the guest room." Second master Yan explained.

"Find a chance to sound them out and see what they're here for." Yan family head said after some thought.

"Alright, father! I'll be going out first." The second master of the Yan clan replied, and then turned to leave the main courtyard.

In the next few days, the Yan clan's second master kept looking for opportunities to inquire about the purpose of Zi Yu and the others' visit. However, Zi Yu always changed the topic.

Not only did the Yan clan's second master not manage to obtain any useful information from Zi Yu and the others, but he had also been tricked into saying a lot of things. This made him feel deeply depressed and helpless.

Zi Yu had learned from the second master of the Yan clan that his big brother had not returned to the Yan residence yet, so she was at ease and stayed in the Yan residence. She did not ask to see the Yan clan master again.

Half a month later.

Leng ruoxue and the rest followed the Yan clan's eldest master on a long journey and finally arrived at the city closest to Yan city.

Of course, the reason why she knew that they were about to reach the Yan residence was because she had heard it from a guard. Thinking back on her journey to the Yan residence, Leng ruoxue was speechless. She realized that the Yan residence was actually not that far from Yanbei city. If they were to take a flying beast, they would be able to reach in two days at most. Even if they were to use a beast carriage, they should have reached in at least eight to ten days. However, they had walked for more than half a month. The reason for such a long journey was definitely due to the efforts of the Yan father and daughter!

The city they were in was called Hong city, and it was owned by the Hong family.

.....

After the Yan father and daughter arrived in Hucheng, the first thing they did was to look for a hotel.

After dinner, the father and daughter went to bed early. After all, they had been on the road for more than half a month and had not rested well. They had always been pampered and spoiled, and they were so tired that they were about to vomit blood. Now that they were almost home, they naturally had to have a good night's rest.

Leng ruoxue, the evildoer, and Xue Ying were locked up in two separate guest rooms under Yan Ling 'er's orders. However, this did not affect the evildoer's free access to the rooms.

Leng ruoxue and Xue Ying smiled at each other as they looked at the demon who walked in openly.

Xue Ying couldn't help but tease him, "you seem to have entered the wrong room, right?" This is my room and Xue 'er's room. "

"You're the one who entered the wrong room, go back to your nest!" The demon said in an unpleasant tone. Yes, he was very angry! That damned woman actually dared to lock Xue 'er up with another man! This was preposterous! Oh! It should be a male beast! But no matter if it was a man or a male beast, they were all male! He would never allow that to happen!

"Freak!" Leng ruoxue called out softly. Then, with a thought, she brought the demon and Xue Ying into the bracelet to rest.

However, they were woken up by Qing Jue in the middle of the night.

"Qing Jue, what's the matter?" Leng ruoxue opened her eyes and asked in confusion.

"Sister, something has happened outside. You three prisoners should be out by now!" Qing Jue said excitedly.

"Uh! What happened?" Leng ruoxue was very curious. Could it be that Yan Ling 'er had come to check on their room? That's impossible, right? Yan Ling 'er slept like a dead pig every night, so how could she care about her! She couldn't help but make wild guesses.

"Sister, you'll know when you get out. It's very fun! Hehe!" Qing Jue smirked and disappeared.

Leng ruoxue felt helpless when she saw how mysterious green vessel was acting. However, she still obediently left the bracelet with the evildoer and Xue Ying.

As soon as she left the room, the door was kicked open. Then, a group of men in gray ran in. They were all holding weapons and had fierce looks on their faces.

After seeing these people, Leng ruoxue understood that these people were not from the Yan clan. Could it be that they had encountered the Yan clan's enemy? AI! He really didn't know if they were lucky or unlucky. However, the unlucky ones would definitely not be the three of them.

"Take the three of them as well!" The leader of the grey-robed men instructed his subordinates.

"Yes!" The subordinate replied hurriedly. After he finished speaking, he went forward to capture Leng ruoxue and the rest.

“We’ll go on our own! I don’t need you to catch me!” Leng ruoxue said indifferently. Then, she pulled the evildoer along and led Xue Ying out of the room.

The grey-robed men had never seen such a cooperative prisoner before. They were stunned for a moment before they regained their senses and followed behind Leng ruoxue and her beast.

After leaving the inn, Leng ruoxue saw the Yan family’s father and daughter being tied up. The guards of the Yan family were treated slightly better than the father and daughter. At least they weren’t tied up.

“Master Yan, miss Yan, what’s wrong with you?” Leng ruoxue chuckled and asked, pretending not to know anything.

“Hmph! Don’t play dumb, did you find these people? Our Yan clan will not let you off!” When Yan Ling ‘er saw Leng ruoxue, she roared in anger. One must know that she had never thought that she would be in such a sorry state one day. And now, the woman she wanted to get rid of had seen her in such a state. This was really intolerable!

“Miss Yan, are you out of your mind? Don’t you see that these people have also caught us? If you really want to find out who’s responsible, shouldn’t it be us who’s been implicated by you?” Leng ruoxue laughed coldly.

“That’s right. You evil people not only want to kill us, but now you’ve been caught by your enemies and you’re even dragging us down.” Xue Ying said with a look of dissatisfaction.

“Stinky Fox, what nonsense are you talking about? How could we have any enemies?” Yan Ling ‘er roared in anger.

### **Chapter 1322: The Yan family’s enemy (3)**

“If he’s not your enemy, is he ours?” Xue Ying rolled his eyes and said with a look of disdain.

“All of you shut up! Don’t quarrel!” The leader of the gray-robed men said with a headache. It seemed that the two people and one beast they had caught in the end were not in cahoots with the Yan clan! What should he do? The clan head had only ordered them to capture the Yan clan, so should they release them? He was conflicted!

“I didn’t argue with her. If you can use a rag to block this woman’s mouth, I’ll be very grateful.” Snow Shadow reminded.

“Hmm, that makes sense.” The leader of the men in gray nodded in agreement, then gave a look to his subordinate. However, the subordinate said with some difficulty, “Captain, I don’t have any rags with me!”

“You guys don’t have any either?” The leader of the men in gray asked the others, but they all shook their heads.

“Then what do we do?” The leader of the gray-clothed men was in a difficult position. Obviously, he also thought that Yan Ling ‘er was a little noisy and wanted to block her mouth!

“What’s so difficult about that? can’t you just take off one of your stinky socks and use it to stuff her mouth?” Xue Ying suggested with a smirk.

When the leader of the men in gray heard Xue Ying’s words, he didn’t have time to say anything before the angry Yan Ling ‘er spoke first, “Stinky Fox! Stupid Fox! I won’t let you off!”

“What are you arguing about? Shut up!” The leader of the grey-robed men said impatiently. Although this woman and his second young miss didn’t like each other, their temper was the same. They were both so annoying!

Then, he said to the subordinate from before, “Take off your socks and stuff her mouth!”

“Captain, my socks don’t stink!” The man said, feeling wronged.

“...” The leader of the men in gray was speechless after hearing his subordinate’s words.

.....

Xue Ying, on the other hand, laughed evilly and said, “then you can take off whatever stinky clothes you want!” As long as she can’t speak, it’s fine!”

“Then, you guys wait!” After the subordinate finished speaking, he immediately ran off. Not long after, he returned with a piece of cloth in his hand.

The subordinate took the piece of black cloth that was emitting a strange smell and stuffed it into Yan Ling ‘er’s mouth. Yan Ling ‘er struggled, trying to get rid of the nauseating cloth. Unfortunately, her whole body was tied up, and she was powerless.

Seeing this familiar scene, Leng ruoxue deeply felt that she had made the right decision in abducting Xue Ying. This fellow was born to be hers! Why did he have such similar thoughts as them? Hehe!

“Captain, mission accomplished!” The subordinate said excitedly.

“Well done, but I’m curious where you found the cloth.” The leader of the men in gray asked nosily.

“I took it from a beggar.” The subordinate reported.

“Oh!” The leader of the men in gray nodded in appreciation, then ordered everyone to return home.

Under the supervision of a few men in gray, Leng ruoxue and her beast followed behind the large group of people and arrived in front of a large Manor. When she saw the two large words ‘Hong Manor’ on the plaque in front of the manor, she realized that she and her group had been captured by the Hong clan.

Al! No wonder these grey-robed men dared to capture people in great city, it turned out that this was their territory! They just didn’t know what kind of grudge the Yan clan had with the Hong clan, to the point that they were also implicated!

After they were brought to the Hong family, Leng ruoxue and the rest were locked up in a cell. However, they were locked up separately from the Yan family’s father and daughter, which was exactly what she wanted.

Leng ruoxue leaned comfortably in the arms of the evildoer! She looked at the Yan clan members in the opposite cell through the bars and felt! Deep sense of sympathy for their encounter! Poor father and daughter of the Yan family! They were all tied up like a rice dumpling, but even so, Yan Ling 'er's fierce eyes were still glaring at her!

"Xue 'er, why do you always get glared at!" Xue Ying said with a gloating smile.

"Is that even human? I didn't classify her as a human!" Leng ruoxue said with a face full of mockery. If she didn't respect others 'things, she naturally didn't deserve to be respected.

"But she can't be considered a beast!" Snow Shadow teased.

"Yup! You can categorize her as whatever you like, but just don't treat her as a human!" Leng ruoxue reminded with a faint smile. The human and beast's cooperation almost caused Yan Ling, who was in the opposite cell, to explode from anger.

"Hahaha! Well said, she really can't be considered a human in her current state!" At this time, a woman's mocking voice rang out in the prison cell.

Leng ruoxue looked in the direction of the voice and saw a young lady in green. She was standing at the entrance of the cell with a beautiful smile on her face. Her eyes were filled with provocation as she looked at Yan Ling 'er's cell.

"Wuwuwu!" When Yan Ling 'er saw who it was, she stood up from the ground excitedly. It seemed like she wanted to say something, but her body was tied up, and her mouth was gagged, so she couldn't say anything at all.

"You don't need to say anything. I won't let you out. You can just stay in the cell!" The lady in green chuckled. Then, she turned her gaze towards Leng ruoxue and the rest. Her eyes lit up when she saw the demon and Xue Ying.

"You're not from the Yan family?" The lady in green raised her beautiful eyes and looked at the demon as she asked.

"Of course we're not from the Yan family." Seeing that the demon did not reply, Leng ruoxue could only reply on his behalf.

"I'm not asking you! Who allowed you to speak out of turn!" The green-clothed woman reproached. Her beautiful face was still filled with dissatisfaction.

"Uh!" Leng ruoxue was speechless. She was being nosy, but it seemed impossible for the woman to hear anything from the demon's mouth, because she had already sensed a trace of impatience from the demon.

"Miss Lu, you're really too rude. It's good that someone is willing to answer your question. You don't know how to be grateful and even scolded him. You're really uneducated!" Xue Ying said with a look of dissatisfaction.

"Who is miss Lu?" The green-robed woman asked, suppressing her anger.

“Of course it’s you!” Xue Ying said matter-of-factly, and couldn’t help but secretly think to himself, “why is the intelligence of all the women I’ve met these days so low?” He didn’t even know who he was calling. Compared to Xue ‘er, these women were simply retards! This made it very dissatisfied.

#### **Chapter 1323: The Yan family’s enemy (4)**

“My surname is Hong, not Lu!” The green-clothed woman couldn’t bear it anymore and shouted.

“Who said your surname is Lu? I’m talking about the lady in green.” Xue Ying said innocently.

When Leng ruoxue heard Xue Ying’s reply, she could not help but chuckle softly. Xue Ying was really too bad. It was clearly calling out like that on purpose, purely to anger the woman in front of it. It was the same when it called Yan Ling ‘er last time. It seemed that Xue Ying was addicted to playing with her.

If the one in red called her Miss Red, and the one in green called her miss green, then the next time he saw a young lady in other colors, would there be more Miss Black, Miss White, and so on? Leng ruoxue couldn’t help but think to herself.

“What are you laughing at? Don’t laugh!” When miss Hong, who was dressed in green, heard Leng ruoxue’s laughter, she could not help but shout out in anger.

“Miss lü, you’re quite meddlesome. Do you even care if others laugh at you?” Leng ruoxue asked with a calm smile.

“Damn it, my surname is not Lu! You’re not allowed to call me miss Lu!” The lady in green was enraged. She pulled out the whip from her waist and lashed it at Leng ruoxue.

Why was it a whip again? Leng ruoxue felt helpless. Why was it that at least nine out of ten women she met liked to use whips to display their might? Should she also prepare a whip and be ready to use it to whip people at any time? In fact, she didn’t like weapons like whips. In fact, she hated whips to the core. Therefore, she didn’t have a good impression of women who used whips to act violently. Therefore, when the green-clothed woman attacked, she also attacked ...

A small flame jumped happily towards the woman in green. In an instant, the whip in her hand turned to ashes. Not only that, the flame also spread to her wrist, causing her to cry out in pain. Immediately after, two guards rushed in from outside. After seeing the injured young miss, they quickly helped her out.

When Yan Ling ‘er saw that Hong Xin, who was the lady in green, was injured, she was extremely pleased. However, she was still filled with killing intent towards Leng ruoxue, who had caused Hong Xin’s injury.

After the lady in green was injured and left, the demon said to Leng ruoxue with dissatisfaction, “Xue ‘er, I should be the one doing this. It’s a man’s responsibility to protect his woman.”

“But I also want to protect my man from being coveted by other women, so I have to make a move when it’s time.” Leng ruoxue chuckled.

“Yes, we’ll protect each other.” The demon said in a slightly nauseating manner, causing Xue Ying to subconsciously hide to the side, and even exaggeratedly shake his long snow-white fur.

.....

“Xue ‘er ...” Xue Ying was just about to remind Leng ruoxue that they would be in trouble soon after hurting miss lü. However, the trouble came faster than he had expected. He had only managed to say two words when he heard footsteps entering the cell.

“Who is so bold to hurt our second miss?” A middle-aged man who looked like a butler shouted.

Seeing this, Leng ruoxue and the other two didn’t say anything. However, Yan Ling ‘er obviously wouldn’t let go of such a good opportunity to get rid of Leng ruoxue. Unfortunately, her mouth was gagged and she couldn’t speak, so she could only use body language to express her thoughts.

“Miss Yan, you know?” The Butler looked at Yan Ling ‘er’s appearance and quickly asked.

His second miss had injured her hand and had fainted from the pain. They only knew that her second miss had been injured in the cell, but they didn’t know who had injured her. That was why they had come to the cell to ask.

“Yes, yes.” Yan Ling ‘er nodded vigorously, afraid that the other party would not understand her meaning.

“Since miss Yan knows, please tell me who this person is!” The Butler said indifferently.

“Yes, yes!” Yan Ling ‘er kept nodding her head, and her eyes drifted to Leng ruoxue.

Following Yan Ling ‘er’s line of sight, the steward’s eyes landed on Leng ruoxue. His eyes lit up instantly. He never thought that there would be such a stunning beauty locked up in this cell. However, if this beauty had really hurt the second young miss, she would not be able to live long.

“Was it you who injured the second young miss?” The Butler asked in a soft voice, putting away his strange thoughts.

“If I said no, would you believe me?” Leng ruoxue asked with a smile.

“There’s a witness, of course I won’t believe it!” The Butler thought for a moment and told the truth.

“If that’s the case, why are you still asking me?” Leng ruoxue retorted.

“Uh!” The Butler was taken aback by Leng ruoxue’s question. He had not expected her to be such a beauty! Oh! The master would probably like this type of woman! At the thought of this, he smiled at Leng ruoxue and said, “Although there are witnesses, the evidence is obviously not enough. When the young lady wakes up, I will ask her clearly. At that time, if it was really you who did it, don’t blame me.”

After saying that, the Butler led the team out of the cell.

Looking at the Hong family’s housekeeper leaving after asking a bunch of questions in a loud and loud voice, Yan Ling ‘er felt extremely depressed. She couldn’t help but curse in her heart. F \* ck, what a useless man. He couldn’t even handle such a small matter!

In her opinion, since she had already testified against her, she should have arrested that hateful woman and tortured her. She shouldn’t have just left after asking a few questions.

Looking at the depressed Yan Ling 'er, Leng ruoxue smiled and said, "It seems that miss Yan's wishful thinking will not work. However, don't blame me for not warning you! If you want to drag me down, I don't mind hitting you when you're down. We'll see who can live to the end!"

After hearing Leng ruoxue's words, Yan Ling 'er glared at her in anger. However, Leng ruoxue ignored her.

The next day.

The Hong family's butler brought Leng ruoxue to a study.

After entering the study room, Leng ruoxue found a chair and sat down as if she was in her own home. The man sitting behind the desk only smiled when he saw Leng ruoxue's actions, but he did not criticize her!

"May I know what is the relationship between miss and the Yan family?" The man was the first to ask.

"It doesn't matter!" Leng ruoxue said coldly, and casually raised her beautiful eyes to glance at the man who spoke.

This man looked to be around 40 years old. Although he wasn't very handsome, he was still considered decent. His strength was around the middle level of a supreme deity. If she guessed correctly, this person should be the current family head or the substitute family head of the Hong family.

#### **Chapter 1324: The Yan family's enemy (5)**

"Since there's no relationship, then why is young lady and the rest with the Yan clan?" The man asked in confusion. He had only sent people to catch the Yan family, but he didn't expect to catch a beautiful woman. However, if he knew that the beautiful woman in his eyes was caught willingly, he would probably be depressed.

"What are you saying? I can't be with the Yan family just because I have no relationship with them? What if I say I'm a prisoner of the Yan clan?" Leng ruoxue said calmly.

"Uh!" Hearing Leng ruoxue's words, the man didn't know what to say. It seemed like the Butler was right. Although this woman was beautiful, she was also ruthless!

"I don't know how young miss became the Yan clan's prisoner. Now that the Yan clan's eldest master is in my hands, perhaps I can help young miss get rid of her status as a prisoner." The man suggested with a smile.

"Miss Yan has taken a fancy to my man, so she wanted to kill me. However, she was frightened by my Beastie, so the father and daughter caught us and wanted to bring us back to the Yan family to be dealt with." Leng ruoxue explained simply.

"So that's how it is! Yan Ling 'er has always been overbearing, as long as she has her eyes on something, she will definitely get it. Young lady has suffered." The man said sympathetically.

"It's not your place to apologize to me!" Leng ruoxue reminded him, feeling a little amused. She did not appreciate this man's goodwill, nor did she dare to. After all, she was not related to this man in any way. This fellow probably did not have any good intentions!

"Miss must have misunderstood me. I'm only doing this out of good intentions!" The man said with a calm smile.

"Is that so?" Leng ruoxue smiled faintly and did not say anything.

After that, the man tried to start a conversation with Leng ruoxue. However, Leng ruoxue seemed to be ignoring him. When the man saw this, he could only order the Butler to send her back.

After the Hong family's butler brought Leng ruoxue out of the study, they did not return to the cell. Instead, they were brought to a side courtyard.

That side courtyard was located in the southwest of the Hong family's main residence. Although it was a certain distance away from the main courtyard, the scenery in the courtyard was very unique. There was even a small stream that ran through the entire courtyard. A few beautiful fish were happily swimming around in the stream.

Looking at the beautiful scenery and the pleasant weather, Leng ruoxue chuckled and played dumb as she asked, "Is this a prison cell? I've only been gone for a while and the prison has changed?"

.....

"Of course this isn't a prison cell. My master knows that you're not a member of the Yan family and was afraid that you'd be wronged. That's why he ordered me to arrange for you to stay here." The Butler explained, implying that Leng ruoxue should appreciate his master's kindness.

"Oh! Then what about my man and Beastie?" Leng ruoxue asked with a smile.

"Of course they don't have such treatment!" The Butler said with disdain.

"If that's the case, then please take me back to the prison! I want to be with them!" Leng ruoxue said in a serious tone.

"You, why are you so insensible?" The Butler shouted angrily. He was so excited that his entire body was trembling.

"Calm down! Old people shouldn't be so agitated, you'll die of sudden death." Leng ruoxue reminded kindly.

"You, you ..." The Butler was so angry that he could not speak. However, Leng ruoxue had no intention of letting him off just like that.

"Are you going to bring me back to the prison, or bring my man and Beastie here? make your choice!" After she finished speaking, Leng ruoxue found a random spot in the garden and sat down, waiting for the Butler, who was so angry that his face had turned green, to make a decision.

After a long while.

The Butler heaved a sigh of relief and said helplessly, "Little ancestor, I'll bring them here, alright?" He admitted defeat. The master had ordered him to satisfy all the requests of this young lady! Ai! The master really forgot his daughter when he saw a woman! He had originally promised the second miss to severely punish this young lady, but after seeing her, he changed his mind. Not only did he ask him to arrange for this young lady to stay in the side courtyard, but he also ordered him to satisfy all her requests. This subordinate is in a difficult position! If the second miss knew about this, who knew what kind of trouble she would cause!

Not long after, the Butler brought the demon and Snow Shadow over.

When Xue Ying saw their new residence, he deliberately praised, "Ai! It was good to be beautiful! There's always someone to take care of you wherever you go!"

"What did you just say?" When the demon heard Xue Ying's words, he narrowed his eyes dangerously and asked with some displeasure.

"Uh! I didn't say anything!" Xue Ying hurriedly covered her mouth, her heart trembling. Wu ... This hateful fellow, why did she get angry at such a cute little animal? If she wanted to vent her anger, she should go to a certain man who wanted to court her!

"Hmph!" The evildoer snorted coldly, but his pitch-black eyes shot towards the Hong family's steward like a sharp arrow. The steward was so frightened that his body trembled even more. He casually found an excuse and the steward fled.

"You're still the most powerful!" Xue Ying's eyes were filled with countless stars as he spoke with an expression of worship.

"Xue 'er, you've met the head of the Hong family?" The demon ignored Xue Ying's admiration and asked Leng ruoxue.

"I've seen him before! That person didn't introduce himself." Leng ruoxue said honestly.

"Oh! What is he trying to do by doing all this?" The demon frowned and said with a displeased expression.

"Isn't it obvious?" Snow Shadow interrupted.

"No one will think you're mute if you don't speak!" The demon roared angrily.

"Alright! I'll just shut up!" Xue Ying said in an extremely aggrieved manner. Wu ... As a cute fox, why did it have no status? His resentful gaze drifted over to Leng ruoxue, but was ignored by her. Seeing this, Xue Ying's heart was bleeding!

The next day.

The two humans and one beast had just finished lunch and were sitting in the garden, basking in the sun. However, they were suddenly disturbed by an uninvited guest.

These uninvited guests were two women. One of them was the green-clothed woman they had seen a few days ago. She was also the young miss Lu that Xue Ying had mentioned.

“Miss lü, have your injuries recovered? I heard that your injuries aren’t light! How did you get out of bed so quickly?” Xue Ying looked at the Furious green-clothed lady nearby and said with a regretful expression.

“Damn it, weren’t you guys in the prison? Why are you here?” Hong Xin looked at the relaxed Leng ruoxue in front of him, and the anger in his heart rose.

“The Hong family is now in the hands of miss lü?” Leng ruoxue asked with a smile.

“What do you mean by that?” Hong Xin asked in confusion.

“What I mean is, if the Hong family isn’t decided by miss lü, then you don’t need to ask where we are! In fact, I also want to know why we were moved here from the cell.” Leng ruoxue said with a light smile.

“Miss, this is our Hong family after all. Therefore, you should be more polite to the master.” At this time, the woman beside Hong Xin spoke softly.

Leng ruoxue turned to look at the woman who had spoken. She was dressed in light purple and had an alluring figure. Her delicate face was filled with charm, and her eyes were as alluring as autumn water. Her pink lips were slightly open, but her face was a little pale. She looked extremely pitiful. A woman like this could definitely arouse a man’s strong desire to protect her.

However, it was a pity that neither the man nor the Fox in front of the lady in purple had the characteristics of being tender to a woman. Therefore, her weak appearance was a waste.

“Miss Zi, you’re so funny! We were captured by your Hong family and you expect us to be polite to you? I really don’t know if my brain is broken or if you don’t have a brain!” Leng ruoxue imitated the way Xue Ying addressed her and said with a mocking expression.

“My last name is not Zi!” The purple-clothed woman’s reaction was exactly the same as Hong Xin’s. Her beautiful face didn’t show anger from embarrassment, but an incomparable grievance. Her beautiful eyes were like autumn water, and she even secretly glanced at the demon. Unfortunately, the unromantic demon didn’t even bother to raise his head, let alone look at her.

When the purple-clothed woman saw that her charm, which had always been successful, had actually lost its effect in front of this handsome god-like man, her self-esteem could not help but take a blow. However, she, who had always been doted on by the Hong family, naturally would not easily admit defeat.

“Who cares what your last name is?” Xue Ying laughed. These self-righteous women! Did they really think that they cared about who they were? They were just too lazy to ask for their names, so they called them by the color of their clothes, hehe!

### **Chapter 1325: The decision of the master of the Hong family (1)**

“Stupid Fox! How dare you! How can you speak to my sister like that?” Hong Xin saw that his sister was being bullied by a Fox, and immediately roared in righteous anger.

“Miss lü! Calm down! You’re the daughter of a big family, this will make you worry about not being able to get married.” Xue Ying kindly reminded her. However, his words seemed to have touched the lady in green’s sore spot. After the lady in green heard his words, she actually started to roar without caring about her image ...

“Who are you saying can’t get married? Why can’t I get married? I don’t know how many people are fighting to marry me!” Hong Xin roared angrily, her beautiful face turning red.

Seeing her like this, Leng ruoxue and the rest only smiled indifferently and ignored the two women in front of them.

“Hey! I’m talking to you! Don’t pretend to be mute!” After a long while, Hong Xin saw that no one was paying attention to her and couldn’t help but ask loudly.

“Miss lü is talking to us? How come I didn’t hear that?” Leng ruoxue played dumb.

“You, you just wait. This is our Hong family. You can’t be so presumptuous!” Hong Xin was furious. Just as she was about to whip Leng ruoxue as usual to teach her a lesson, she realized that there was nothing on her waist. It was then that she suddenly remembered that her whip had been destroyed by this detestable woman in front of her. She had even been injured because of it. Hence, she was even more furious!

“Miss lü, although we are just prisoners, we also have our dignity. As the master, you don’t know how to love yourself. It’s fine if you don’t respect others, but you also don’t care about your image and come to a place where others go and shout. If word of your current appearance spreads, I’m afraid that the Hong family’s reputation will also be affected by you. At that time, not to mention you, even this gentle as water, weak and lovely sister of yours, I’m afraid no one will dare to want her.” Leng ruoxue reminded kindly.

“This young lady is right. We have been impolite. Xin ‘er, let’s leave!” After hearing Leng ruoxue’s words, the lady in purple gave a slight bow as an apology. After she finished speaking, she pulled the extremely unwilling Hong Xin and left Leng ruoxue and the others ‘residence.

Looking at the back of the two people leaving, Xue Ying was quite puzzled and asked, “Xue ‘er, why did the two of them just leave like that?”

“What else? Do you want Hong Xin to capture you and make you her Beastie?” Leng ruoxue laughed evilly as she teased Hong Xin. She could still remember the look in Hong Xin’s eyes when he first saw Xue Ying.

“I don’t want to. I’m Already Taken.” Snow Shadow looked at the evildoer provocatively as it spoke with a hint of pride. The master it was referring to was naturally Leng ruoxue. Although it had not officially recognized her as its master, in its heart, no one was more suitable than Leng ruoxue to be its master. If it really wanted to recognize a master, it would definitely be Leng ruoxue. No one else was worthy!

“Uh!” Hearing Xue Ying’s words, Leng ruoxue’s forehead was filled with black lines. Actually, she really wanted to tell Xue Ying that the words ‘a famous woman already has a master’ should not be used carelessly. However, Xue Ying was obviously doing this on purpose. Feeling the evildoer’s rising anger, Leng ruoxue tactfully pulled him into the room, in case Xue Ying was killed by him.

.....

Seeing that Leng ruoxue and the demon had left, Xue Ying pretended to be sad and said, "Al! Why am I always the lonely one?"

After mumbling to himself, Snow Shadow also disappeared ...

After Hong Xin and her sister left the side courtyard, they came to the main courtyard angrily to question their father.

Facing Hong Xin's questioning tone, the anger in the Hong family's head slowly rose. His face darkened as he said coldly, "Are you questioning me? How can you speak to your own father like that?"

"Father! You promised to help me take revenge, how can you go back on your word?" Hong Xin pouted and said in dissatisfaction.

"That woman isn't a member of the Yan clan, and I'm not sure about her background. Do you think I'll just take the risk of avenging you? If the other party is someone we can't afford to offend, it will bring disaster to our Hong family!" The man said as if he was deep in thought.

"Hmph! Looking at the girl's dress, she didn't seem to be the daughter of a big family. What are you thinking, father? Or do you like that woman?" Hong Xin obviously didn't believe his father's words, and still asked loudly.

"What nonsense are you spouting?" The man immediately felt embarrassed that his daughter had seen through his thoughts, so he loudly rebuked her.

"Hmph! Whether I'm talking nonsense or not, father knows very well in his heart. However, that woman is indeed a beauty, so it's reasonable for father to like her. Unfortunately, she's not qualified to be father's concubine. At most, she's only worthy of being a bed-warming servant girl!" Hong Xin warned.

"You, you're getting more and more out of hand!" The man suppressed his anger and growled. His daughter didn't have good taste, but that didn't mean she didn't either. How could a woman like her agree to be someone else's bed-warming servant? although he knew that his daughter said this on purpose, he didn't know why, but he felt uncomfortable in his heart.

"Xin'er! Don't talk nonsense, father will be angry." Sensing her father's displeasure, the woman in purple tugged at Hong Xin's sleeve, trying to remind her to be careful with her words and not to anger her father.

However, Hong Xin's temper was that it would be better if others didn't persuade her, but if someone did, her temper would only get worse. Therefore, not only did the purple-dressed woman's words not have a good effect, but it also made Hong Xin even angrier!

"Father! Don't forget that you promised to avenge me. Now, I want to add two more conditions. I want that man and that Fox, and you have to find a way to get them for me!" Hong Xin ordered like a queen. Her words made the man's heart skip a beat and he almost fainted.

"You, you unfilial daughter! You actually dare to order me around! Men! Lock up the second miss. Without my orders, no one is allowed to let her out!" The man angrily shouted at the guard outside the door.

The guard came in and took Hong Xin away without hesitation.

“Father! Xin ‘er is still young and insensible, please don’t hold it against her, please let her go!” When the purple-clothed woman saw that Hong Xin was taken away by the guards, she quickly pleaded for mercy. The guards in the main courtyard only listened to her father, and Xin ‘er had angered her father. This time, she was afraid that Xin ‘er would have to stay in her courtyard for a while.

“Lian ‘er, if Xin ‘er is half as sensible as you, I’ll be content!” The man sighed. In fact, he was very clear about the temperament of his two daughters. Although he seemed to dote on Hong Lian on the surface, in reality, he doted on Hong Xin more.

### **Chapter 1326: The decision of the master of the Hong family (2)**

Because although Hong Xin’s temper wasn’t good and was a little willful, but that was her true nature. As for Hong Lian, this daughter, she looked weak and fragile on the outside but her schemes were too deep and she was too good at disguising herself. If this kind of woman were to marry into another family, she would definitely be an excellent chess piece. However, in the Hong family, he had to be on guard!

“Father, Xin er is still young! When she’s older, she’ll be more sensible. ” Hong Lian consoled.

“I hope so! Lian ‘er, your body hasn’t fully recovered yet. Why did you come out? Quickly go back to your room and rest! I’ll come to see you when I’m done. ” The man said with a concerned look.

“Father, I’ve been weak and sickly since I was young. I’ve gotten used to it after so many years, so you don’t have to worry about me. If it wasn’t for my health, the relationship between our Hong family and the Yan family wouldn’t be like this. I’ve let you down, father. I’ve let the Hong family down!” Hong Lian’s beautiful eyes were filled with tears.

“Lian ‘er, how can you be blamed for this? Don’t think too much about it. ” The man consoled.

“But I ...” Hong Lian seemed to want to say something, but he didn’t say it.

“Lian ‘er, you don’t have to say anything. Father understands! Quickly go back to your room and rest!” The man hurriedly said.

“Mm! Father! Then I’ll go back to my room first. ” After Hong Lian finished speaking, he gave a bow and left.

The moment Hong Lian left, the Butler walked in.

“Patriarch, what do you think we should do about this?” The Butler asked carefully. He knew that the master was not in a good mood, but the master had to give him instructions so that he could carry out the next step. After all, he did not dare to make decisions on his own!

“Did you send someone to inform the Yan clan?” The man asked coldly.

“I’ve already sent people over. Don’t worry, patriarch! However, what about the other three?” The Butler looked conflicted.

“What do you mean? Didn’t you already arrange for them to stay in the side courtyard?” The man asked in confusion.

.....

“Master, what I mean is that second miss and them are like fire and water, and you’re treating them so well. I’m afraid it will affect the relationship between you and your daughter. So, I hope master will think twice.” The Butler reminded him in a low voice.

“You don’t need to worry about this matter. I know what I’m doing. You can leave!” The man said in a somewhat upset manner.

“Yes.” The Butler replied and turned to leave.

At night.

When Leng ruoxue and the demon walked out of the room, they saw Xue Ying sitting in the garden. The stone table in front of him was filled with all sorts of delicacies and Xue Ying was eating with great joy!

Looking at Xue Ying whose face was covered in oil, Leng ruoxue shook her head helplessly and said, “Xue Ying, pay attention to your image. It’s a pity that you have such beautiful long fur.”

“Xue ‘er, I know you’ve been drooling over my fur for a long time. Wait until I’m done eating, then I’ll wash it and let you touch it all you want!” Xue Ying laughed evilly. These things were all sent over by the attentive housekeeper, saying that it was for them to eat. However, Xue Ying was well aware that if it wasn’t for Leng ruoxue, they wouldn’t have been able to enjoy such good treatment! Even though the food was not as delicious as the one Xue ‘er made, it was still acceptable.

“You’re looking for death!” The moment the demon heard Snow Shadow’s words, his anger immediately surged up. He raised his leg and kicked in Snow Shadow’s direction. However, Snow Shadow dodged it nimbly.

“What a petty man, you’re so easily embarrassed and angry, Wu.....Xue ‘er! He’s bullying small animals!” Xue Ying ran to Leng ruoxue’s side to seek protection.

A small animal? Leng ruoxue looked at Xue Ying, who had called himself a small animal, and could not help but laugh in her heart. To be honest, she had never seen such a huge small animal! If it became a small animal, then what would those smaller than it be called? A small animal?

“Xue ‘er! You have to protect me!” Xue Ying tugged at Leng ruoxue’s clothes fearfully.

“Don’t play around anymore. Be careful or he’ll really get angry. I won’t help you then!” Leng ruoxue helplessly reminded.

“You’re a woman who values her lover over her friends. I’ve misjudged you. ” When Xue Ying heard this, he immediately pouted and said in a very dissatisfied manner.

“Then I’ll value my lover over my friends, how’s that?” Leng ruoxue said disapprovingly. There shouldn’t be anything wrong with helping her man, right?

“What can I do? Don’t be so fierce!” Xue Ying’s little heart trembled in fear.

“You’re tactful!” Leng ruoxue chuckled.

“Xue ‘er, I won’t tease you anymore. By the way, I went out for a walk this afternoon. Guess what I found out?” Xue Ying said with a mysterious expression.

“Go out for a walk? With your giant fox appearance? No one wants to capture you as a Beastie?” Leng ruoxue sized up Xue Ying and asked curiously, “Oh! A fourth ranked sacred beast or higher seemed to be worth a lot of money, especially such a beautiful big fox. Presumably, many women would like it and want to keep it for themselves.

“Tsk, who dares to capture me? I can’t bite him to death!” Xue Ying said arrogantly.

“Xue ‘er, do you want to know what I’ve found out?” Snow Shadow continued to ask.

“If you want to say it, then say it. If you don’t want to say it, then don’t say it.” Leng ruoxue acted as if she didn’t care.

“Can’t you just cooperate?” Xue Ying said gloomily. Wu ... Even Xue ‘er was bullying him!

“Alright! Xueying, what did you find out?” Leng ruoxue asked, pretending to be curious.

“I’ll tell you if you want to know. ” Xue Ying said with a hint of pride, his proud tail almost raised up.

“If you want to say it, say it quickly! I’ll roast you and eat you if you continue to talk nonsense!” When the demon saw Xue Ying’s smug look, he was so angry that he directly threatened him.

“Wuwu ... Xue ‘er, he’s going to eat me!” When Xue Ying heard this, he looked at Leng ruoxue with tears in his eyes, seeking protection. However, he was completely ignored by Leng ruoxue.

“Then don’t keep us in suspense. There’s a limit to the patience of a demon!” Leng ruoxue reminded.

“Alright then!” Xue Ying cleared his throat and began to speak.

“I’ve heard that the Hong clan and the Yan clan were originally on good terms. However, the reason why they fell out with each other was because of the eldest miss of the Hong clan, the lady in purple, Hong Lian, whom we met this afternoon.”

“The head of the Hong clan had the intention to be in-laws with the Yan clan, and Hong Lian happened to have taken a fancy to the fifth young master of the Yan clan. However, the fifth young master of the Yan clan did not like her and rejected the marriage on the spot. Hong Lian was so angry that his old illness relapsed, and the head of the Hong clan also deeply felt that he had hurt the face of the Hong clan. Hence, from then on, he continuously caused trouble for the Yan clan. The robbery of the Yan clan’s first master this time was also because of this matter.” Snow Shadow explained with a smile. Of course, it had heard these words from the streets, and it had not verified whether they were true or false.

### **Chapter 1327: The decision of the master of the Hong family (3)**

“Could it be that the old master of the Yan clan doesn’t know that his clan has already fallen out with the Hong clan? Why did you come to Hong city to settle down?” Leng ruoxue asked in confusion.

According to common sense, if two clans had fallen out, normal people would not come to the other's territory to avoid being caught and used to threaten their own clans. However, this eldest master of the Yan clan did not take the usual route. He insisted on passing through the enemy's territory to return to his own clan. Wasn't he seeking his own death?

"It shouldn't be that he doesn't know. He just doesn't care. I didn't expect the Hong family to not let him off either." The demon said.

"I wonder if the Yan clan will send people to save their master if they find out that he has fallen into the hands of the Hong clan?" Leng ruoxue was extremely curious.

"If I don't want to save them, I'll just let them die on their own." The demon said coldly.

"It's a pity we're not from the Yan family." Leng ruoxue laughed. Actually, her thoughts were similar to that of a demon's. For people like the Yan family's eldest master and daughter, living was a waste of food. It was better to die early and reincarnate!

"Xue'er, we just need to watch the drama between their two families. As for the debt of them' kidnapping us, we will slowly settle it with them after the matter between them is resolved." The demon suggested.

"Mm, that's what I want!" Leng ruoxue nodded in agreement.

"You guys are so bad, but I like it!" Xue Ying said with a smile.

The two men and one beast looked at each other and laughed. They discussed their countermeasures and then went back to their own rooms.

At the same time, the Yan clan had also received news from the Hong clan.

The Yan clan's first master and the others were in their hands!

When the Yan family head received this news, he was so angry that he spat out a mouthful of blood. When the Yan family members saw this, they couldn't help but turn pale with fright. After all, the family head was the backbone of their Yan family. They couldn't allow any mishaps! Therefore, at that moment, no one was in the mood to discuss how to save the father and daughter. They only wanted to comfort the master.

Looking at the half-unconscious master, everyone in the Yan family was extremely worried. They all stayed by the master's bedside, not daring to leave. After all, this was the best time for them to show their loyalty to the Master, so of course, they would not let it go.

.....

After a long while.

Only then did the patriarch of the Yan clan open his eyes and look at the people of the Yan clan gathered around his bed. Not only did he not feel relieved, but he felt even more upset.

Al! Why didn't any of the Yan family's descendants make him worry?

“Master! You have to be careful of your health! You’re the pillar of support for the Yan clan. For the sake of the Yan clan, you have to take care of your body!” An elder from the Yan clan spoke first.

“Each and every one of them doesn’t give me peace of mind. I’m so angry at these unfilial descendants that I’m about to die.” The patriarch of the Yan clan said with a look of disappointment.

“Master, you don’t have to worry about the eldest master’s matter, just leave it to me!” The elder said.

“Forget it, there’s no need to care about his life or death. He clearly knows that our Yan family and the Hong family are like fire and water, yet he still came to the Hong family’s territory. Even if something were to happen to him, he can’t blame anyone else. I’ll just treat it as if I never had this son!” Although the head of the Yan clan was in a daze due to his illness, he had also thought it through very clearly. The reason why the Hong clan had captured his eldest son was nothing more than to blackmail him. Therefore, he could not destroy the Yan clan’s many years of Foundation just because of a useless son. If that happened, he would be too embarrassed to go to the divine world and Meet the Ancestors of the clan.

“Father! Are you really not going to care about big brother and Ling ‘er?” Second master Yan couldn’t help but ask.

“I don’t care. Life and death are up to fate. It’s all up to his own good fortune!” The Yan clan master said ruthlessly.

“Master, have a good rest! Don’t worry about these small things. ” The elder said.

“Yes.” The Yan family head nodded and indicated that they could leave.

After everyone had left the patriarch’s room, the Yan clan’s second master quickly called out to a few of the elders and said with an anxious expression, “Elders, father is speaking in a fit of anger. You can’t ignore big brother’s life!”

“Second master! The patriarch’s words just now were very clear, he told us not to care about the life and death of the first master. If we disobey the patriarch’s orders and bring disaster to the family, we can’t afford to take responsibility for it. ” One of the elders said helplessly.

“Yup! Second master, the clan is currently in troubled times. We have to think for the clan. As for first master, we can only count on his luck. ” Another elder said sympathetically. However, it was obvious that they were powerless to do anything about this.

With that, the elders left hand in hand, leaving the Yan clan’s second master standing alone in a daze.

After a long time.

Only then did second master Yan react.

He had originally planned to return to his own residence, but as he walked, he came to the guest courtyard where Zi Yu and the others were staying.

When he realized that he had gone to the wrong place, Zi Yu and the others also happened to discover him.

Zi Yu and the others were sitting in the garden drinking tea and chatting. When they saw the somewhat absent-minded second master of the Yan clan, they were all puzzled. What was wrong with this second master?

The second master of the Yan clan had often come to keep them company during the past few days they had been staying at the Yan residence. Therefore, they were considered familiar with the second master of the Yan clan. However, they had never seen this expression on the second master's face. Did something happen to the Yan family again? The four of them secretly guessed.

"Second master, please sit!" Zi Yu invited with a smile.

"Thank you!" The second master of the Yan clan sat down, but he did not say a word.

"Second master, is there something that's troubling you? Why don't you tell us? maybe we can give you some advice." Zi Yu smiled faintly and said softly.

"Al! It's a long story!" The Yan clan's second master heavily sighed.

"It's okay, we have time to listen to you." Yue Jing said.

"You guys should know my big brother, right? He was sent to Northern Yan city by father a while ago, but he has yet to return!" Second master Yan said.

"I've heard of him. It's said that he has left Northern Yan city for a long time. Why hasn't he returned yet?" Zi Yu probed.

"He was captured by the Hong family. They're using him as a hostage." The Yan clan's second master said helplessly.

"What's going on with the Hong family?" Zi Yu and the other three were a little dumbfounded. The Yan clan aside, why was there a Hong clan now? Where is the young miss now?

#### **Chapter 1328: The decision of the master of the Hong family (4)**

"The Hong family and our Yan family were old friends. However, because of the falling out with the next generation's marriage, the Hong family now sees us as enemies. As long as they see the Yan family, they won't let them off." The Yan clan's second master said helplessly.

"Isn't it just a marriage? You're making a mountain out of a molehill by turning hostile over such a small matter!" Bai Xian said, somewhat speechless.

"That marriage is just an excuse for the Hong family to fall out with us. In fact, the real reason is that the Hong family wants to swallow us up. Therefore, even without that marriage as the fire lock, they would still find other excuses to fall out with us." The second master of the Yan clan understood. Outsiders only thought that the Hong and Yan clans had fallen out because of the unsuccessful marriage, but that was not the case. The matter was not as simple as they thought. The head of the Hong clan was extremely ambitious. Otherwise, why would he take the opportunity to make trouble over a small marriage? His father had been seriously injured because of this and had yet to recover!

“So that’s how it is. I wonder what the Yan clan’s plans are?” Zi Yu asked indifferently.

“The Yan family is planning to leave my big brother to his own devices.” The Yan clan’s second master said with some difficulty.

“Oh! The Yan clan’s decision is right. Just let that old master of yours live and die on his own.” Yue Qing said with a gloating expression. Haha! The Yan family’s decision really won her heart!

After listening to Yue Qing’s words, the Yan clan’s second master’s head was full of black lines. He really didn’t know what his big brother had done this time. He actually let Yue Qing know that his big brother had been captured, and the Yan clan didn’t plan to save him, and yet he was so happy?

“Hehe! Second master Yan, the moon eye didn’t mean it. Don’t take it to heart.” Zi Yu gave Yue Qing a look, asking her to restrain herself, and said to the Yan clan’s second master with an apologetic face.

“I won’t! That big brother of mine is indeed not very likable!” The second master of the Yan clan said awkwardly.

“It seems that you’re quite clear about this!” Yue Qing said with a smile.

“Uh!” Second master Yan didn’t know what to say anymore. He could already confirm that his eldest brother had indeed done something they didn’t know about. Otherwise, he wouldn’t have such an attitude. He probably wouldn’t come looking for him!

The extremely embarrassed second master Yan, after understanding the intentions of Zi Yu and the others, could not stay any longer. Not long after, he stood up and took his leave.

Watching the Yan clan’s second master’s back as he left, Yue Qing disdainfully pouted. She then turned to look at Zi Yu and said, “Zi Yu, not only did that Yan clan’s first master not bring the young miss back, he even implicated the young miss and got her captured by the Hong clan. Let’s go to the Hong clan!”

.....

“Let’s just wait and see! No matter if the young lady is in the hands of the Yan clan’s first master or in the Hong clan, she won’t be in any danger.” Zi Yu said, feeling assured.

“But, it’s been so long. I can’t wait any longer. Why don’t I go to the Hong residence myself, and you guys wait for me and miss at the Yan residence?” Yue Qing suggested.

“Mm, that’s good! Then you should make a trip to the Hong family!” Zi Yu looked at Yue Qing’s eager appearance and said helplessly.

“Yue Qing, I’ll go with you!” Xiang ‘er received Zi Yu’s hint and quickly said.

“Then let’s go!” The moon eye said happily, hehe! She was really afraid that Zi Yu would object just now!

With Yue Qing’s impetuous nature, the two of them left Yan city in the next moment. Only after leaving Yan city did the two of them realize that they actually didn’t know where the Hong family was. What should he do? If he went back to ask around, he would be laughed at by Zi Yu! Therefore, the two of them could only bite the bullet and ask around to find their target.

Fortunately, Hong city wasn't far from Yan city and the people in the vicinity knew the location. Otherwise, they would have to take many unnecessary steps. However, after arriving at Hong city, they weren't too sure if their young lady was really here until they contacted Leng ruoxue.

After the two of them confirmed Leng ruoxue's location, they went straight to the Hong family's main residence.

However, before the two of them could enter, they were stopped by the guards at the door.

"We're looking for someone!" Yue Qing said with some displeasure.

"Looking for who? Do you have a letter of visit?" The guard asked loudly.

"No, I didn't! We're looking for my young miss, but she was captured by you along with the Yan clan." Xiang'er explained in a soft voice. Originally, she wanted to ask a guard to inform them. However, Yue Qing said that the young lady had been captured and wasn't here as a guest. How could the guards of the Hong family inform them? After hearing this, Xiang'er felt that it was reasonable and agreed with Yue Qing's idea of barging in. Perhaps the Hong family would be angry and lock them up with the young lady!

With this thought in mind, the two of them swaggered past the guards at the door and wanted to walk in directly. However, they could ignore the guards, but the guards could not ignore them. Therefore, they were stopped as they wished.

"Wait a moment, I have to report this." When the guard heard Xiang'er's words, he hurriedly said.

"Uh!" Seeing the Guard's reaction, the two of them were dumbfounded. What was going on? Their attitudes were equivalent to smashing the place, so why did the guard still have to go in and report?

Just as the two of them were confused and confused, the Butler of the Hong family walked out.

"You want to see the young lady who was with the Yan family?" The steward's shrewd eyes swept over Yue Qing and Xiang'er. When he discovered that the two of them only had the strength of an initial stage deity, he didn't pay too much attention to them and asked indifferently.

"Yes, I am." Xiang'er nodded.

"Follow me!" The Butler saw that the two of them were not very powerful and they were both women. He did not ask any questions and brought them into the Hong residence. Then, he brought them all the way to the side courtyard where Leng ruoxue and the others were staying.

Yue Qing and Xiang'er followed behind the Hong family's butler, and the two of them were still communicating with each other through voice transmission.

"Xiang'er, what do you think is going on with the Hong family? Is he trying to trick us into coming here and then get rid of us?" Seeing the Hong family's reaction, Yue Qing was a little worried.

"Uh! I don't think so!" Xiang'er was also a little confused, not knowing what the Hong family was up to.

However, when they saw Leng ruoxue, everything became clear.

As they followed the Butler to the side courtyard, the two of them saw Leng ruoxue sitting in the garden.

### **Chapter 1329: The decision of the head of the Hong family (5)**

“Miss!” The two of them could not care less about the presence of the Hong family’s butler. They immediately pounced towards Leng ruoxue.

Seeing this, the demon quickly pulled Xue ‘er into his arms, causing Yue Qing and Xiang’ er to miss.

“Miss!” The two of them looked at Leng ruoxue with hidden bitterness, as if they were complaining.

“Young miss Leng, these two people said that they are your maidservants. I wonder if you know them?” The Butler asked calmly. The truth was already in front of him, but he still had to ask.

“I do, they are my people!” Leng ruoxue nodded.

“Oh! Then I won’t care about their matters anymore. Miss Leng, you can make your own arrangements!” The Butler said. After he finished speaking, he bowed and turned to leave.

“Miss, what’s going on? Weren’t you captured by the Hong family?” Yue Qing asked in puzzlement. The Hong clan’s attitude towards their young miss was really too strange. This courtyard didn’t seem like it was meant to be used as a prison.

“That’s right, we were captured by the Hong family. ” Leng ruoxue was extremely calm.

“Uh! Does the Hong family treat their prisoners so well?” Xiang ‘er’s face was also filled with curiosity.

“Xue ‘er is not an ordinary prisoner.” Xue Ying laughed evilly.

“Uh! Could it be that the old fart from the Hong family has designs on our young miss?” Yue Jing was a little angry when she heard this.

“Calm down! Xue ‘er isn’t that easy to get your hands on. But, why are you here?” Xue Ying asked curiously.

“We were originally at the Yan residence, but we heard that the young lady and the Yan clan’s old master were captured by the Hong clan. The Yan clan had no intention of saving the old master, so we came over. Ziyu and Bai Xian are still at the Yan residence!” Yue Qing explained.

.....

“Oh! You’re saying that the Yan clan doesn’t intend to save their Lord?” Leng ruoxue asked in shock. It seemed like the Yan clan was quite decisive in their actions. That old master of the Yan clan was indeed not worth saving.

“Yes, the second master of the Yan family said it himself.” Yue Jing said.

“Xue ‘er, since the Yan family has decided to give up on their master, do you think we should tell this news to master Hong? They’ve treated us with good food and drinks, so we should return the favor, right?” Xue Ying said with a smile as he thought of an evil idea.

“If the Hong family finds out about this, the father and daughter will definitely not have a good life.” Leng ruoxue smiled as she reminded him.

“This has nothing to do with us. Isn’t it good for them to fight each other? At that time, we’ll be like the Mantis stalking the cicada, unaware of the Oriole behind, and wipe out both of them!” Snow Shadow suggested.

“No, the Yan clan is a dark clan. If we offend them, we will be in deep trouble.” Jiang Chen said. Xiang ‘er stopped him.

“What are you afraid of? Isn’t it just a dark clan? There are so many of us here, do we need to be afraid of them?” Yue Qing said disapprovingly.

“Dark clan? What is this?” Leng ruoxue was bewildered. She only knew that there were eight God domains in the God World, and that they were the top forces in the God World. As for the Dark Clan, this was the first time she had heard of it.

“The Dark Clan in the divine world refers to the clans that keep a low profile, but their methods are quite ruthless. Their identity and actions are extremely mysterious, and they are not exposed to the public like the eight great divine domains or the beast clans. In other words, they are people who walk in the dark World, but they also have businesses on the surface, hidden among many forces. If they don’t say it themselves, no one will know that they are a member of the Dark Clan!” Xiang ‘er explained.

“Oh!” Leng ruoxue nodded her head. It seemed like the Yan clan was part of the underworld! However, no matter how terrifying the Yan family’s underhanded methods were, it was impossible for those who provoked her not to pay the price.

“Young lady, the people of the divine world won’t easily offend the people of the Dark Clan, because once they do, it means that they will have to suffer their endless revenge.” Xiang ‘er couldn’t help but add.

“If the Yan clan is a dark clan, and the Dark Clan is as powerful as you said, why doesn’t the Yan clan have much of a reaction when the Hong clan is bullying them?” Leng ruoxue could not understand.

“This ... I’m not sure.” Xiang ‘er said gloomily.

“Isn’t it obvious? The Hong clan and the Yan clan are evenly matched, perhaps even stronger. Otherwise, why would the Yan clan swallow their anger?” The demon said with an understanding look.

“It’s also possible that the Hong family is one of the dark families.” Leng ruoxue chuckled as she added.

“Yes.” The demon nodded in agreement.

“Miss, what should we do now?” Yue Qing couldn’t help but ask.

“Find a suitable opportunity to leak the news that the Yan clan is planning to give up on the Yan clan’s eldest master. At that time, we can just sit on the mountain and watch the Tigers fight.” Leng ruoxue said after some thought.

“Hehe! Leave this matter to me!” Snow Shadow said with a smile. Just as he finished speaking, he disappeared with a whoosh.

“Uh! This guy is really fast!” Xiang ‘er wiped the cold sweat off her forehead.

“It’s been holding back for a while, so it naturally has to make good use of such an opportunity.” Leng ruoxue said with a smile.

The next day.

Rumors spread in Hong city, and naturally, some people in the Hong family heard it.

In master Hong’s study, a man sat behind the desk with a heavy expression as he listened to the Butler’s report. After a long while, he asked, “Is this news true?”

“Family head, the people we sent to Yan city have yet to return. This news came from Yan city, so in my opinion, it’s most likely true.” The Butler thought for a moment before he spoke in a very cautious manner.

“Butler, what do you think I should do?” The man asked after thinking for a while.

“Master, I’m just a Butler. You have to make the decision for such a big matter.” The Butler said with fear and trepidation.

“I’m not asking you to make any decisions for me, I’m just asking you to share your thoughts.” The man helplessly reminded.

“Clan head, this subordinate feels that since the Yan clan has decided to give up on the Yan clan’s eldest master, then we don’t have to be polite to the father and daughter. Or, we might as well directly attack the Yan clan. Last time, clan head Yan was injured by the great elder, and I’m sure your injuries have not yet recovered!” The Butler thought for a moment and said.

“I also want to kill my way into the Yan family, but the great elder might not agree! If I wasn’t in danger last time, that old thing wouldn’t have made a move.” Although he was the head of the Hong family, the great elder’s status in the family was higher than his. This had always made him feel uncomfortable. However, the great elder’s strength was above his, so even if he wanted to use his strength to force the great elder to lower his head, it was impossible.

“I think we can keep it a secret from the great elder. The patriarch of the Yan family is currently injured and definitely isn’t his match. If we miss this rare opportunity, it will be difficult to deal with the Yan clan once they recover.” The Butler reminded.

“That’s good! Go and find the other elders now. Remember! Don’t alert the great elder!” The man thought for a moment and cautiously reminded.

“This subordinate understands.” The Butler nodded carefully and left the study.

After the elders of the Hong family were secretly invited, they had no choice but to agree to the Master’s plan under the coercion and temptation of the master of the Hong family. After that, the master of the Hong family sent someone to invite Leng ruoxue and the others ...

On the way to Yan city, master Hong was afraid that Leng ruoxue would not be used to riding beasts, so he specially found a luxurious beast carriage for her to sit in. Yue Qing and Xiang ‘er were her

maidservants, so they naturally accompanied her. As for the demon and Xue Ying, they did not receive such treatment.

“Miss, what is this master of the Hong family doing?” Xiang ‘er’s face was filled with confusion. If their Hong family wanted to go to the Yan family to find trouble, why did they have to drag them along? They didn’t say they were going!

“He’s not playing tricks, he’s looking for death!” Yue Qing said with some schadenfreude. She could feel the cold air behind the car that made people shiver. She didn’t believe that the Hong family head wouldn’t notice it at all.

“Yes, that’s right! You’re looking for death!” Xiang ‘er agreed with Yue Qing’s words.

“Al!” Leng ruoxue looked at the two excited beauties in front of her and felt helpless. She really did not know what the two of them were excited about!

### **Chapter 1330: Being framed (1)**

Actually, according to Leng ruoxue’s original intention, she didn’t want to sit in the beast-drawn carriage. However, the demon was afraid that she would tire herself out, so he forcefully pushed her in. He then followed behind the carriage and sulked, causing her to feel as though she was sitting on pins and needles. Sob ... She wasn’t that delicate!

The beast-drawn carriage was moving very slowly and steadily. The demon and Xue Ying followed behind the carriage and walked slowly as well. However, Xue Ying did not dare to get within three feet of the demon because the demon’s entire body was emitting a cold air that made one’s heart palpitate, causing one to shiver!

“Why are you so far away from me?” His devilish black eyes glanced at the snow figure not far away and said with slight displeasure.

“I’m cold!” Xue Ying shook the long fur on his body and said with a face full of fear.

“Cold? Come over! I’ll help you warm up!” The demon said ambiguously.

“Uh! No need!” When Snow Shadow heard the demon’s words, he was so scared that he hid even further away.

“Are you coming over?” The demon saw that Xue Ying wasn’t cooperating and asked indifferently with his half-squinted eyes.

“Wuu ... Don’t scare me! I’ll go over!” Xue Ying said shamelessly. He kept consoling himself in his heart. You can’t blame me for this! This man was giving it too much pressure! It’s all that damned head of the Hong family’s fault, why did you have to be so attentive for no reason! He had also implicated it!

After saying that, Xue Ying slowly walked to the side of the demon with small steps.

The demon hugged Snow Shadow’s huge body and deliberately said, “You’re not cold anymore, are you?”

"I'm not cold! That ... If you want to vent your anger, go and kill that master of the Hong family. Every injustice has its perpetrator, and every debt has its debtor. You must not vent your anger on me!" Xue Ying said carefully.

"Don't worry! I won't vent my anger on you!" The demon gritted his teeth and subconsciously clenched the soft long hair on Snow Shadow's body.

Then what are you doing now? Wu...Its fur! Xue Ying was wailing in his heart, and he kept complaining. However, he didn't dare to say these words out loud. He could only grit his teeth and bear with it, because a jealous man was unreasonable.

.....

And at this moment, that woman who didn't know what was good for her came over to court death.

Looking at the Hong sisters who were slowly approaching, Xue Ying was gloating in his heart, because he was very clear that the people this evil-looking man didn't want to see the most were probably the Hong family members, but these two sisters didn't seem to notice at all. Wu! It could also be said that she was completely infatuated with the handsome man, so she automatically ignored this kind of disgust.

After the two shy sisters arrived in front of the evildoer, their charming faces were dyed with a layer of red. When Xue Ying saw this, he felt his hair stand on end and goosebumps appear on his body.

Oh my God! Did these two women have to be so exaggerated? Was there a need to blush? It's not like she's never seen a man before? It should be known that the thing it couldn't stand the most was women who blushed at the sight of men, as if they were innocent and shy. In fact, many of these women were deliberately acting. Unfortunately, some men liked this. However, it was very sure that the man in front of it definitely did not like it, so their efforts were in vain.

Furthermore, wasn't it said that eldest miss Hong liked fifth young master Yan? Since that's the case, why are you so embarrassed when you see other men? She was really a woman who looked pure on the outside but was promiscuous on the inside! Xue Ying thought to himself in disdain.

"Young master, we're preparing to rest and make lunch. What do you want to eat for lunch?" Hong Lian asked softly, her voice was so gentle that it seemed like water could drip out.

Young master? Hearing these two words, Xue Ying laughed wildly in his heart. The current scene seemed to be a maidservant asking her young master what he was going to eat for lunch! Hehe! In fact, the Hong sisters did not know the name of the devilish man beside it, so they could only address him as young master. However, such a form of address, coupled with the Hong sisters' shyness and attentiveness, made them look like maidservants!

"My young master can eat anything he wants. However, he really wants to know how long it will take to reach the destination at this speed." Seeing that the evildoer had no intention of paying attention to the Hong sisters, Xue Ying took the initiative to reply on his behalf.

"I think we'll be there in two days." Hong Lian chuckled and replied.

“Oh! But I heard that Yan city is less than two days away from Hong city! Why are you guys so slow?” Xue Ying glanced at the head of the Hong family, who had already gotten down from his Mount, and asked, pretending to be puzzled.

From its point of view, the Hong family wasn't planning on challenging the dojo at all. It was more like they were going on an outing! Otherwise, why would he bring his family along to cause trouble? it would be fine if the family was strong, but one of them was weak and sickly, as if he would fall with a gust of wind, and the other was also a big-breasted, brainless idiot who only had men in his eyes. Bringing these two women along with him would only be a waste of time!

“We have more people, so of course we have to walk slower. Moreover, we have to take care of you people who don't have mounts, so we naturally can't walk faster.” Hong Xin said matter-of-factly. In fact, she did not hear the sarcasm in Xue Ying's words. Otherwise, she would have been depressed.

“Oh! Then we have to thank you for your care!” Xue Ying said with a faint smile.

“There's no need for a verbal thanks. If you really want to thank me, then be my contracted beast!” Hong Xin shamelessly requested.

“I have a master.” Xue Ying wiped the cold sweat off his forehead and said in a speechless manner. This miss Hong was really not an ordinary brainless person, was she? This kind of request was actually said so naturally! Could it be that she really thought that she was in high demand, that just because she was a Beastie, she wanted to be her contracted beast?

“You can take the initiative to cancel the master-slave contract! This way, we can change owners!” Hong thought, Hmph! How could she not know that this Fox had a master? If she didn't know that it had an owner, she would have ordered people to capture it and force it to sign a contract. Unfortunately, there was no way to use force on a Beastie that had an owner!

“Beastie can take the initiative to break the master-slave contract? How come I didn't know about it?” Snow Shadow's face was full of surprise and puzzlement. He had lived for so long, but he had never heard of a master-slave contract being terminated by a Beastie. If that was the case, would it still be called a forced contract?

“You can ask your master to remove it!” Hong Xin warned.

“If master listens to everything I say, would you still be called master?” Snow Shadow asked with a smile.
