

Crazy Wife 1341

Chapter 1341: Shameless (2)

"I know you wouldn't do something so unnecessary, but you were the closest to them at that time. What happened?" Leng ruoxue asked in confusion.

"I can only say that this is purely a coincidence!" The demon said without any sympathy. Although he had seen the small sparks floating from the grilled fish, he did not pay much attention to it. After all, this kind of situation often happened when he was grilling the fish. It was not a big deal at all. Who knew that the fur on Xue Ying's body was actually flammable?

"Master Hong didn't do anything?" Leng ruoxue's face was filled with suspicion.

"If he really did something, then I can only say that his acting is too good. However, I don't think he has that kind of intelligence!" The demon said with a look of disdain.

"Mm! No matter what, Xueying has put everything on master Hong. " Leng ruoxue said helplessly. In fact, she could already foresee the tragic future of the Hong family's head.

"Hehe! Xue 'er, I'll go see Xue Ying and ask him about it!" The demon suddenly said.

"Uh! You want to see it now?" Leng ruoxue was speechless. It seemed like the evildoer had something to say to Xue Ying! Otherwise, why would he choose to go when they were all leaving?

"Yes, if I don't go, it will definitely suspect that something is related to me. I'm a righteous and upright person, so of course I have to go and talk about it." The demon laughed.

"Didn't you just say that it doesn't want to see you now?" Leng ruoxue's forehead was dripping with two drops of cold sweat. Was this a man's heart?

"Weren't you all here just now? It's just me and it, so it's convenient to talk!" The demon chuckled.

"Uh! Could it be that we can't listen to your words?" Leng ruoxue was depressed. There was actually something between the evildoer and Xue Ying that they could not listen to. Sob ... She had been excluded!

"This is a secret between men!" The demon said with a mysterious smile.

"It's a secret between men and male beasts!" Leng ruoxue was speechless.

.....

"Yes, I'm going!" After saying that, the demon turned and left the purple bamboo house.

When he arrived at the door of Xue Ying's room, the demon saw that the door was half-closed, so he directly pushed the door open and walked in.

"Still sad?" The demon looked at Snow Shadow who was lying on the bed with her head lowered and asked with a faint smile.

When Xue Ying heard his familiar voice, he casually raised his head to look at the demon. Without saying anything, he lowered his head again.

“This new fur is pretty good!” The demon saw that Xue Ying was not paying attention to him, so he walked to Xue Ying’s side and praised him.

“What do you want to do? Don’t you dare have any ideas about me!” When Xue Ying heard the demon’s words, he was so frightened that he quickly got up from the bed and looked at him with a vigilant expression.

“When did I have any ideas about you? If I really wanted your hair, I wouldn’t have let it grow back.” The demon laughed evilly.

“Then, then what happened before?” Snow Shadow looked at the demon suspiciously. In fact, it had always felt that this damn demon was the most suspicious, but unfortunately, it had no evidence!

“What happened before was just an accident.” The demon said indifferently.

“Really? Then why do you want me to eat grilled fish? If you didn’t want me to eat the grilled fish, this wouldn’t have happened.” Xue Ying spoke out his remaining suspicion as he stared into the demon’s eyes.

“In front of outsiders, of course I have to show you my concern and consideration! Otherwise, the Hong family will think that I can’t tolerate a Fox.” The demon chuckled.

“Tsk! Do you think I’ll believe you? Do you really care about what others think?” When Snow Shadow heard the demon’s words, not only did his suspicions not decrease, it became even more serious.

“It’s up to you to believe it or not! In fact, I was just playing along with your act! In the eyes of master Hong, I’m just a useless man with no power or influence!” The demon said helplessly.

“You really didn’t want to burn my fur?” Snow Shadow continued to ask.

“I’ve really thought about it, but if I do it, I don’t intend to let them grow back. Moreover, compared to burning off your hair, I’m more inclined to beat you up!” The demon said honestly. Everyone knew that Xue ‘er liked small animals, and he also knew very well that in Xue ‘er’s eyes, Xue Ying was no different from her other beasts. So, out of love for the house, he let go of the fur on Xue Ying’s body.

“Uh!” Xue Ying was speechless, and his heart was filled with depression! Boohoo ... This man was too cruel. But this was what he should do. At this moment, it completely believed that the previous incident had nothing to do with this demonic man. In fact, even if it had something to do with him, it would not dare to do anything to this demonic man, because it was not his opponent at all. If they really fought, Xue ‘er, that girl who would forget her friends for a woman, would definitely not stand on its side. So, a smart fox would not do anything stupid!

“Let’s have a fight!” The demon requested as he looked at the depressed Snow Shadow.

“I’m an injured and sick Fox. I can’t fight with you.” Snow Shadow refused. Sob ... It wasn’t that stupid, okay? I don’t want to be abused!

“Where are you hurt? Didn’t the fur regrow?” The demon pretended to be puzzled.

“Internal injuries! I’m still suffering from internal injuries!” Snow Shadow said in a hurry.

“Oh! But Xue ‘er’s pill can heal all internal and external injuries in an instant. Could it be that her medicine has expired, so you only grew hair but not your internal injuries?” The demon was suspicious.

“It’s not that I didn’t, I’m not fully recovered! I’m too seriously injured, and I won’t be able to recover in a short time. If you want to fight, you can go find someone else. The head of the Hong family is not bad, his body is very strong, he can be a meat cushion.” Snow Shadow suggested.

“He doesn’t feel as good as you.” After the demon finished speaking, he even reached out and touched the snow-white fur on Xue Ying’s body, causing Xue Ying’s little heart to tremble in fear.

“I don’t feel good with my hands. Wu ... Don’t touch it anymore. If you want to touch it, go touch Xue ‘er!” Snow Shadow’s eyes were filled with tears as it said pitifully. It was so afraid of this man! The pressure it was under was too great! How could it be like this!

“If it didn’t feel good, would Xue ‘er like to touch you so much?” The demon said with a smile that was not a smile, and the hand that was stroking the fur on Xue Ying’s body unconsciously increased its strength.

Chapter 1342: Shameless (3)

“Wuu ... It hurts! Gentle!” The fur on Xue Ying’s body was in pain from being pulled, and his heart kept on trembling. A jealous man was definitely not to be provoked. In fact, he was really innocent!

“I also like this fur! If it’s made into clothes, it’ll be very beautiful.” The demon muttered to himself.

“Don’t! I was wrong. In the future, when I see Xue ‘er, I’ll stay three meters away from him!” Xue Ying begged for mercy.

“No! People will think I’m petty.” The demon rejected.

“My Lord! What do you want me to do? “Wu ...” Xue Ying said gloomily. When Xue ‘er got close to it, the man was jealous. It said to stay three meters away from Xue ‘er, but the man didn’t agree. What, what should I do to make the man satisfied? It was really hard on the dead fox! You can’t bully a cute little animal like me like this, okay? Besides, it didn’t think that the man in front of it would care about what others thought. He clearly wanted to give it serious psychological pressure. This was his goal!

“Just keep your distance. Don’t be too deliberate. Otherwise, if Xue ‘er sees through you, I won’t let you off.” The demon thought for a while and said. Actually, he was also quite conflicted. He wanted this Fox to get as far away as possible, but he was also afraid that Xue ‘er would be unhappy. Wu ... He was also in a difficult position.

“En!” Snow Shadow nodded vigorously. Although it did not know what it meant to keep an appropriate distance, for the sake of its beautiful fur, it had to agree first!

“That’s a good girl!” The evildoer nodded his head in satisfaction and did not mention fighting with Xue Ying anymore. After he finished speaking, he stood up and left Xue Ying’s room.

After the demon left, Xue Ying heaved a long sigh of relief, and his heart slowly calmed down. Woo...What a terrifying man. In the future, he would have to stay far away from them, Xue Ying thought to himself.

However, that was just its own thoughts. Even though it was a good idea, it was extremely difficult to execute it. Unless it no longer hung out with Leng ruoxue and the others, it would not be able to get rid of them.

Late at night.

Leng ruoxue was woken up by Qing Jue.

“Qing Jue, what’s the matter now?” Leng ruoxue, who was sleeping soundly, opened her eyes unwillingly and asked. Recently, Qing Jue seemed to have developed a habit of waking her up in the middle of the night. Sob ... She really did not like this habit.

.....

“Sister, there’s a good show to watch!” Qing Jue laughed evilly. His adorable face was still filled with a wretched smile.

“What good show?” Leng ruoxue’s face was filled with question marks.

“Hehe! Big sister, just follow me!” Qing Jue smiled mysteriously, turned around, and left.

Leng ruoxue and the demon could only stand up and follow after them.

They followed Qing Jue to the light screen. At this moment, most of the beasts were in closed-door cultivation. Hence, only a small number of beasts were gathered here. Leng ruoxue’s curiosity was piqued when she saw them discussing among themselves.

She raised her head and looked into the light screen, only to see two people appear on it. One of them was a dirty man with unkempt hair and a dirty face. His clothes were torn and tattered, and his face was covered with a beard. The other was actually the eldest miss of the Hong family, Hong Lian.

Ugh! What was this situation? Could it be that Hong Lian’s brain wasn’t working well and he really liked beggars? Leng ruoxue’s heart was filled with question marks. At this moment, Hong Lian’s gentle voice entered their ears.

“Young master! From the first day I saw you, I fell in love with you! In the past, I’ve always thought that the fifth young master of the Yan family was the one in my heart. However, after seeing you, I finally know what a real man is! I was short-sighted in the past, but it’s a good thing he rejected me. Otherwise, how would I have the opportunity to meet you?” As Hong Lian spoke, his face was filled with shyness!

When Leng ruoxue, who was in the bracelet, heard Hong Lian’s words, her forehead was filled with black lines. It seemed that Hong Lian had treated that silly beggar as a demon. Seeing this situation, she guessed that Xue Ying was up to something again. However, she was very curious, where did Xue Ying find this man? She was really of the highest quality! Most importantly, this man was clearly a fool. Thus, no matter what Hong Lian said, no matter how moving or how affectionate Hong Lian’s words were, the other party was unable to respond.

At the thought of this, Leng ruoxue turned her gaze to Snow Shadow. However, she only looked at it and did not say anything.

“We brought this man back from Yan city.” Snow Shadow took the initiative to confess.

“Oh!” Leng ruoxue nodded and thought to herself, ‘this man should have been invisible when he was brought back by Xue Ying and the rest. That’s why I didn’t notice his existence. In addition, Xue Ying had an accident earlier on, so I didn’t have the chance to find out about Yan Cheng. As for why Hong Lian would treat this silly beggar as a demon, it’s probably the work of Huo!’

Right now, Huo was practically in cahoots with Xue Ying. How could he hide such a thing from her, his master? thinking about this, Leng ruoxue turned her gaze unhappily towards Huo.

“Master, I wanted to give you a surprise!” Huo sensed her master’s thoughts and immediately wrapped her wrist around her to please her.

“Oh! Is there anything else you’re not telling me? Tell me as soon as possible!” Leng ruoxue said with a straight face on purpose.

“There’s nothing else! No more!” Huo shook her little head and quickly said.

“What about you, Snow Shadow?” Leng ruoxue raised her beautiful eyes and asked.

“Hehe! Xue ‘er, didn’t you see it? When we went to Yan city, besides meeting Ziyu, we also brought back this fool. ” Xue Ying saw Leng ruoxue’s unfriendly gaze and hurriedly explained.

“Where did you find this guy?” Leng ruoxue asked again.

“It was Ziyu who helped me find the Yan clan’s prison.” Xue Ying said honestly.

“You guys are really bad.” Leng ruoxue said helplessly. Actually, she didn’t mind the people around her using such methods to deal with their enemies. However, she didn’t intend to let them know her thoughts, lest they become too arrogant and complacent!

In reality, even though Leng ruoxue pretended to be angry, Xue Ying and the other beasts knew that Leng ruoxue would not be angry over such a matter. After all, she was just an outsider, an outsider that they hated and wanted to take advantage of them!

“Hehe! Xue ‘er, we’re doing this for you!” Xue Ying said with a cheeky smile.

Chapter 1343: Shameless (4)

“Yup! Master, we’re doing this for you. That woman is too annoying, we should teach her a lesson!” Huo ye said.

“Oh my God! Not suitable for children! I didn’t see anything!” Suddenly, Qing Jue’s scream was heard and everyone’s eyes were instantly attracted to him.

At this moment, in the screen of light, the delicate and lovely Hong Lian had already taken off half of her clothes. She was hesitating and looking at the dazed man with affection. The man's eyes were in a daze. He did not have any reaction when he saw such an Active Beauty. He just stood there without moving.

When Hong Lian saw this, she was secretly angry, but she was also somewhat unwilling to let go of this opportunity that she had found with great difficulty. Thus, she directly pushed the 'evildoer' in front of her to the ground and did not hesitate to press on him ...

Leng ruoxue, the rest, and Beastie were all speechless when they saw this scene. Why was this woman so thirsty? He actually forced himself on the beggar, the tyrant! It was wrong! In Hong Lian's heart, that person was not a beggar, but the evildoer handsome man that she had been longing for. When she thought of this, Leng ruoxue and all the Beasties turned their gazes towards the evildoer. The slightly emotional beasties' eyes were filled with sympathy.

"Why are you all looking at me? I'm not that person!" The evildoer received their sympathetic gazes, and the anger in his heart surged up. F * ck! He was so angry. Why were they looking at him like that? The one who should be pitied was that foolish beggar, okay?

"Calm down, we didn't say that person was you." Leng ruoxue looked at the evildoer who was clearly showing signs of going berserk and hurriedly consoled him. However, it would have been better if she did not say anything. The moment she said that, the evildoer's heart became even more depressed!

"Xue 'er!" The demon gritted his teeth and pulled Leng ruoxue into his arms. He hugged her tightly to vent the anger in his heart! However, his eyes were glaring fiercely at Xue Ying, and his eyes that were spewing fire were burning with anger. 'This is all your fault!'

"What does it have to do with me?" Receiving the evil demon's venomous gaze, Xue Ying felt extremely aggrieved. Although it was the one who found the beggar, it did not expect Hong Lian to be so bold and dare to use force!

In fact, according to its original plan, when a certain young lady of the Hong family was confessing her feelings to the beggar, it was coincidentally discovered by the Hong family. Therefore, it was cleared of the suspicion of the evil man. Therefore, this time, it only let the bewilderment cast an illusion on the Hong sisters, while the other Hong family members were clear-headed. In this way, they had no way to frame the evil man. However, it did not expect that not only did this Hong Lian not act according to its script, but she even added more scenes without permission. How preposterous!

"Waa! This woman is too shameless. I can't stand it anymore. Isn't she bullying the helpless and vulnerable group? Sister, let's quickly go and uphold justice!" Just as Xue Ying was mumbling softly in a wronged manner, Qing Jue's exaggerated voice sounded again. Although he said that he could not watch it anymore, his eyes were still fixed on the light screen excitedly. It was obvious that he was very interested in this live version of the passionate show.

When Leng ruoxue heard Qing Jue's words, she left the evildoer's embrace and came to Qing Jue's side. She covered his eyes with her hands and said helplessly, "Who said it's not suitable for children? You're not allowed to look anymore." She did not want Qing Jue to be led astray by such improper behavior.

"I'm not a child." Qing Jue pulled Leng ruoxue's hand down and said helplessly. In reality, he had no idea how many years he had lived. Even though he looked like a child now, he was no longer one.

.....

"Then who is it?" Leng ruoxue raised her brows and asked indifferently.

"They!" Qing Jue pointed at Xiao Xiao and Yuan Yuan, who were not far away from him. Those two little fellows were the real children!

"Uh!" Leng ruoxue saw that Qing Jue's words made sense, so she walked over and picked up the two little fellows who were looking at the light screen with great interest. She handed them over to their mother and instructed Yue Qing and Xiang 'er to bring them back to their room.

"Sister! I'm not a child! I want to see it! I don't want to leave!" Xiaoxiao pleaded coyly but was ignored by Leng ruoxue.

"Bring them back to the room." Leng ruoxue ordered.

"Yes." The two of them did not dare to disobey Leng ruoxue's orders. Furthermore, they also felt that the scene playing out on the screen was not suitable for these two little fellows. Thus, they ignored the two little things 'desperate struggle and forcefully brought them back to their room.

After sending the two little fellows back, Yue Qing and Xiang 'er returned.

"Miss, what should we do now?" Yue Qing asked as she looked at the screen.

"Of course we're going out to watch a good show!" Leng ruoxue said after some thought. Right now, everything on the screen was at its most intense stage. It would be the perfect time to go out.

"Then let's go out!" Yue Jing's face was filled with excitement.

"Yes." Leng ruoxue nodded. With a thought, she brought the demon, Yue Qing, Xue Ying, and Xiang 'er out of the bracelet.

After leaving the bracelet, Leng ruoxue pretended to be very hungry and started to prepare food. When Xue Ying saw the fire, he reflexively hid far away. Leng ruoxue could not help but laugh when she saw this. It seemed that what happened last time had given it a big scare!

"Xue Ying, come over and sit! What happened before was just an accident. Besides, it doesn't matter even if your fur is burnt off. I have pills that can help you." Leng ruoxue reminded him with an evil smile.

"I don't want to! I can just sit here." Xue Ying had been burned by the fire and was now extremely afraid of fire. Although it knew that it would be completely fine as long as it ate a pill, it was not willing to be burned by fire for no reason!

"Alright then!" Seeing this, Leng ruoxue did not force him. She then focused on the food in her hands. Very quickly, the alluring aroma of the food wafted around the Hong family's campsite.

Not long after, many people from the Hong family were lured out by the fragrance. Although most of them had already fallen asleep, the fragrance that drifted into their noses made them sleep very uneasily. After waking up, they followed the smell of the fragrance and walked out of their tents.

The guards that the Hong family had arranged to keep watch at night were already drooling all over the ground.

Chapter 1344: Shameless (5)

Previously, the food that Leng ruoxue and the rest had eaten was all processed by green vessel in the bracelet. Hence, they did not realize how delicious the food was! However, in the middle of the night, in the dead of the night! How could they fall asleep when they were able to make such an alluring and fragrant food?

Even the injured master of the Hong family was attracted by the delicious food.

Seeing that almost everyone from the Hong family had come out, Leng ruoxue nodded her head in satisfaction. Then, she gave the others a look. Everyone acted as if nothing had happened and started eating as if no one was around.

“Miss Leng, why are you guys having dinner at this time?” The head of the Hong family saw that the other party didn’t notice them and could only take the initiative to speak.

“Master Hong, why did you come out? How’s your injury?” Leng ruoxue saw master Hong standing in front of her and asked with concern, as if she had just seen him.

“We were all attracted by the smell of your food. My injuries are nothing serious!” The master of the Hong family chuckled, but his eyes were fixed on the food in Leng ruoxue’s hands.

Seeing this, Leng ruoxue chuckled as she passed the food in her hands over and said, “Master Hong must be hungry! Let’s have some together!”

“Then I won’t be polite.” After the master of the Hong family finished speaking, he sat down on the empty space around them. Leng ruoxue and the rest did not prepare much food, so he naturally would not be so insensible as to ask the other members of the Hong family to try it. Thus, the Hong family members could only watch him eat.

Just as he took a bite, master Hong said in shock, “Miss Leng, how did you handle this meat? It’s also roasted meat, but why is the one you made so fragrant?” The meat really melted in his mouth, leaving an endless aftertaste!

“Master Hong, this is a secret! Please forgive me for not being able to tell you!” Leng ruoxue said apologetically.

“Hehe! I’m sorry, I shouldn’t have asked.” The head of the Hong family hurriedly said.

After that, his gaze unintentionally landed on Xue Ying, who was hiding in a corner in the distance. He saw that the White fur on Xue Ying’s body was the same as usual, and he asked curiously, “What kind of medicinal pill did young miss Leng give that Fox to eat! How come its fur is growing so fast?”

“It’s just an ordinary healing pill.” Leng ruoxue said with a smile.

.....

“How can an ordinary healing pill have such a miraculous effect?” The head of the Hong family had a look of disbelief.

“Isn’t it normal for its fur to grow so quickly with the help of ordinary pills and the Fox clan’s Secret technique?” Leng ruoxue replied calmly.

“I see!” Hearing the word “secret technique,” the head of the Hong family couldn’t help but believe it. After all, he wasn’t a Beastie, and it was impossible for him to know what kind of secret techniques Beastie had. In addition, since it was a secret technique, it was naturally impossible for him to tell anyone. Moreover, it would be useless even if he told anyone. It was impossible for humans to cultivate Beastie’s Secret technique.

Just as master Hong, Leng ruoxue, and the rest were eating and chatting, a shrill scream suddenly rang out. It was clearly a man’s scream.

When they heard this voice, Leng ruoxue and the rest looked at each other in unison. Then, she turned to look at master Hong and said, “Master Hong, what’s that sound?”

“Miss Leng, don’t be afraid. I’ll send someone to investigate.” After the master of the Hong family finished speaking, he summoned two subordinates and ordered them to go and investigate.

Not long after, the subordinates returned. However, the two of them were mumbling and did not know how to start. Even in the night, it could be seen that their faces were red as if they had been roasted by fire!

“What’s wrong? Didn’t you guys notice anything?” The head of the Hong family saw his subordinate hesitating and asked angrily. From the sound of it, it shouldn’t be far from here. Could they not even handle such a small matter?

When the two subordinates heard their family head’s words, they didn’t know how to answer. However, their behavior made the Hong family head a little unhappy. F * ck! These two subordinates had always been quite clever, so he had specially sent them to see what was going on. Who knew that these two people would not give him face, really infuriating him to death! At this moment, he still didn’t know that it wasn’t that his two subordinates didn’t want to say it, but that they didn’t dare to. After all, this would really damage the Hong family’s reputation. Moreover, there were outsiders here!

“Did you guys notice anything? Hurry up and report the truth!” Seeing that his subordinate was still silent and Leng ruoxue was looking at him expectantly, the anger in his heart slowly rose.

“Master, it’s the young lady!” The two subordinates looked at each other and said unwillingly. This was what the family head had forced them to say!

“What’s wrong, miss?” The head of the Hong family was full of question marks.

“You’ll know when you see it for yourself.” The two subordinates said in unison.

“Master Hong, since they said so, I’m afraid there’s something wrong. Why don’t we go and take a look personally?” At this moment, Leng ruoxue reminded him with a face full of concern.

“Yes.” Master Hong nodded and stood up first. He then walked towards the direction of the voice. Leng ruoxue and the rest of the Hong family followed behind him curiously.

As they walked, everyone heard a woman’s moans. The Hong family members were shocked, and a bad feeling rose in their hearts ...

When the people from the Hong family saw the disgusting scene, they instinctively wanted to block Leng ruoxue and the others. Unfortunately, they were a step too slow. Leng ruoxue and the others had already seen the scene not far away. At the same time, another group of people happened to walk over from the opposite direction. They also saw the unsightly scene ...

Ugh! The things in this world were really full of coincidences! Leng ruoxue was very sure that the sudden appearance of this group of people was not planned by anyone. They had really just run into each other by chance.

However, if such a scene was seen by outsiders like them, the Hong family would probably fly into a rage!

As expected, just as Leng ruoxue had this thought, an elder from the Hong family questioned her with a livid expression, "Who are you people? What's your purpose for coming here in the middle of the night?"

The leader of the group was a young man who was as gentle as Jade. Even though the young man was not wearing any luxurious clothes, he had a handsome face and an extraordinary aura. There was even a faint smile on his face. Even though he only had the strength of an early stage true God, Leng ruoxue believed that this man was definitely not as gentle as he appeared to be!

"We're a team of adventurers. We just happened to pass by. What can I do for you?" The young man said with a faint smile, but a hint of mockery flashed through his dark eyes.

"Since that's the case, then you guys can stay here!" The elder said coldly. Killing intent instantly rose in his heart. Apart from those from the Hong clan, he couldn't let anyone off today.

"Stay here? Can I treat this as an invitation?" The young man played dumb.

"Of course!" The elder sneered.

At this time, Hong Lian who was carrying out some kind of exercise gradually woke up after the matter was over. When she saw that there were many people not far away from her, she panicked and quickly found clothes to wear. However, looking around, other than people, there was no shadow of clothes at all.

"Father!" Hong Lian called out softly in fear.

Pa! Several crisp sounds rang out. The Hong family head was so angry that he directly slapped Hong Lian a few times. Immediately, Hong Lian felt dizzy and blood flowed down from the corner of her mouth.

When the various elders of the Hong family saw this, they hurriedly stepped forward to stop it. Their intention was naturally not to feel sorry for Hong Lian being beaten up. Instead, they felt that with outsiders present, it was best to handle this matter in a low profile manner. They also did not want those people to know what relationship Hong Lian had with their Hong family. Otherwise, the reputation of the Hong family would be destroyed. However, they had underestimated the anger of the Hong family head.

At this moment, the head of the Hong family's heart was filled with anger, especially when he saw that the man who was pressed down by his daughter and forced onto her was actually a beggar with

unkempt hair and a dirty face. He could not suppress the anger in his heart at all. Although he did not love his daughter as much as Xin'er, he had always thought that his daughter was sensible. Who knew that this scheming daughter would actually do such a shameless thing? at this moment ... He even had the thought of killing Hong Lian ...

Chapter 1345: The scheme of master Hong (1)

Since she was young, Hong Lian had never seen her father so angry before. Seeing her father's anger, she was a little afraid. However, she did not think that she had done anything wrong. After all, she did this for her own happiness. Although her actions would bring shame to the Hong family and disappoint her father, she did not regret it. After having an intimate relationship with the man she liked, in the future, that demon-like man could forget about getting rid of her.

At this moment, although Hong Lian was beaten, as long as she thought that she was already the woman of the man she liked, her heart would feel as sweet as honey.

"You shameless thing, I'll just beat you to death!" The head of the Hong family roared in exasperation. The slap on his hand was even louder. In just a moment, half of Hong Lian's face was swollen.

"Father! I'm doing this for my own happiness!" Hong Lian held back her tears and argued. At this moment, she was not wearing a single piece of clothing. However, no one in the Hong family was in the mood to let her put on her clothes first. Everyone in the Hong family wished that they did not know Hong Lian. Meanwhile, those anxious elders were trying their best to persuade the Hong family head.

Leng ruofa watched this scene coldly from the side and laughed to himself. Hong Lian's reputation was completely ruined now. However, who could he blame? If it wasn't for her evil intentions, how could Xue Ying have schemed against her? to put it bluntly, people couldn't have bad intentions, otherwise, the one who would suffer would only be herself.

However, she had some sympathy for the foolish beggar who was being pressed down by Hong Lian. She did not expect that Hong Lian had the ability to torture people because the beggar's body was full of scratch marks. It was obvious that this was Hong Lian's work!

The team that had suddenly descended from the sky was also watching coldly. The young man in the lead sneered as he looked at the dirty scene not far away. No wonder the other party was so angry after seeing them. It seemed that they had encountered something they shouldn't have seen and the other party wanted to kill them to silence them. However, they couldn't be blamed for this matter. How could they have known that someone would do such an unscrupulous thing in public?

To be honest, they could also be considered victims! After all, seeing such a thing would pollute their eyes. He wondered if they should charge the other party some money to calm them down. However, the other party obviously couldn't care about the existence of outsiders like them. If he didn't want to be killed, this was definitely a good opportunity to sneak away. However, he didn't want to leave just like this!

"You still have the face to say that!" Hearing Hong Lian's words, the head of the Hong family became even angrier. In his heart, he kept cursing, F * ck! If he had known that his daughter would do such a

shameful thing, he would have strangled her to death when she was young! So that she wouldn't embarrass him when she grew up! Unfortunately, it was all too late.

"Father, what's wrong with me fighting for my own happiness?" Hong Lian said again. Up until now, she did not think she was wrong. She felt that she was only good at grasping opportunities, so why did her father not understand her?

"Fight? Even if you want to fight for him, you should at least fight for a decent man! Look at what kind of man you've found yourself!" The master of the Hong family roared in anger. He was so angry that he was about to vomit blood.

"Of course he's the man I like." Hong Lian lowered his head to look at the man beneath him and said with a shy expression.

"You, the man you like is a fool? He's a foolish beggar!" The head of the Hong family choked and almost fainted from anger. He couldn't figure it out. Didn't his daughter like that evil man? Why would she fall in love with a beggar?

.....

"Father! What nonsense are you spouting! How could the man I like be a stupid beggar? He's so handsome, his looks and temperament are unparalleled. Don't you slander the man I like." Hong Lian shouted angrily. She did not expect that even in this state, her father would still despise the man she liked. Why was it that her sister would do anything for that man while she would fight for her own happiness? her father was so angry. He was too biased! She couldn't help but complain in her heart, and the hatred in her heart for her father gradually deepened!

"You, are you blind?" The head of the Hong family felt his head throb. He didn't know what to say. If the man under Hong Lian was really that evil man, he might not be so angry. However, it wasn't him. It was a dirty beggar. How could he not be angry?

"Father! I'm just in love with a man, how can you say that about me? Why can my sister like him, but I can't?" Hong Lian accused.

"Sister! No matter how much you like him, you can't do such a thing behind my back! You know that I like him too!" Hong Xin saw that his sister had dragged him into this, and couldn't help but speak with jealousy.

She had admired that god-like man for a long time, but she never had the chance to make a move. She didn't expect that her sister would beat her to it today. How could she not be angry? however, her father was furious because of her sister's matter, so even if she was very jealous now, she didn't dare to say anything. Who knew that her sister would lead the conversation to her. As a result, she couldn't keep her eyes closed anymore.

"Of course I know that you like him too, but I'm already his now, so you should give up!" Hong Lian said with a smug look. Coupled with her swollen face from being beaten by the Hong family head, her smugness at this moment appeared exceptionally sinister.

"I won't give up, and he won't want you! Don't forget, he still had a country-toppling beauty by his side! Compared to that woman, we're nothing!" Hong Xin reminded her. Her heart was filled with hatred. If

she hated Leng ruoxue out of jealousy, then she hated her own sister to the core! However, although she was not as smart as her sister, she also knew that her sister would not easily get her way. Even if she was already in an intimate relationship with that man, he might not want her!

“So what? Now that I’m his woman, how can he not be responsible for me?” Hong Lian said disapprovingly. In her heart, becoming the woman of the man she fancied was already set in stone. Therefore, her mood also relaxed a lot! Although her actions made her father very angry, what could her father do even if he was angry? I can’t kill her! Moreover, what she had done was good for her father. Therefore, she was very confident that her father was only angry because he was embarrassed!

Chapter 1346: The scheme of master Hong (2)

“You, you’re really too shameless!” Hong Xin was so angry that he was trembling and stammering.

“Little sister! Why do you have to say that about me? If you were me, you would definitely do the same.” Hong Lian laughed as he understood.

“I, I ...” Hong Xin couldn’t say a complete sentence because she was very clear that what her sister said was the truth, yes! If she had the chance, she would also offer herself without hesitation like her sister. Unfortunately, she didn’t get such an opportunity.

“All of you, shut up!” The master of the Hong family heard the conversation between his two daughters, and the anger in his heart rose. Never in his dreams did he expect that these two daughters would actually quarrel so much over a beggar that their faces and ears turned red. This, what kind of situation was this! Could it be that they had lost their minds because they couldn’t get that devilish man?

At this moment, he was completely unaware that his two daughters had planted an illusion technique, which was why they had thought that the beggar was the man they liked. In fact, he could not be blamed for this, because things like illusions were extremely rare in the divine realm. They were almost something that only existed in legends.

“Father! You have to stand up for me! I was the one who fell in love with him first, but he was snatched away by my sister!” Hong Xin cried like a Pear Blossom bathed in rain, his face full of grievance.

“Shut up! Take a good look at who the man underground is!” The head of the Hong family said angrily. It was one thing for a daughter to like a beggar, but why were two daughters interested in the same beggar? this was too strange!

“The man we like, of course!” Hong Lian and Hong Xin said in unison. Then, they glared at each other.

When Leng ruoxue saw this, she gently touched the little snake that was wrapped around her wrist. Understanding the situation, she dispelled the illusion on the two sisters without a sound.

“Open your eyes wide and see clearly!” The head of the Hong family roared furiously.

When Hong Lian and Hong Xin heard the thunderous roar of the Hong family’s master, they were both shocked and subconsciously looked down at the ground. Although the night was hazy and the face of the man on the ground was not very clear, anyone with eyes could tell that the man on the ground was definitely not a normal man. At this moment, the moonlight suddenly hit the man’s face and the face of

the man on the ground became extremely clear. When the two saw it, they were instantly shocked, Hong Lian couldn't stand this stimulation and directly fainted ...

Seeing Hong Xin's pale face and Hong Lian fainting, the head of the Hong family said with disappointment, "Is this the man you like? Even if you can't get the man you want, you can't just find a beggar! Our Hong family's face has been completely thrown away by you!"

"Father! This ... This has nothing to do with me! I thought, I thought ..." Hong's heart trembled, he didn't know what to say, did his sister really give up on herself? However, she felt that it was more likely that her sister had mistaken him for someone else. After all, with her sister's pride, she would never fall in love with a beggar.

.....

"Patriarch, please calm your anger!" At this moment, an elder of the Hong family gathered his courage and walked up to persuade him. At the same time, he secretly gave a look to the Hong family to have someone take away the unconscious Hong Lian.

"Can I rest?" The head of the Hong family glared angrily at the elder who had advised him. He even had the thought of killing Hong Lian now, so how could he calm his anger?

"Master, there are outsiders here!" The elder reminded in a soft voice. Although they wanted to do their best to cover up this scandal of the Hong family, it was obvious that they could no longer hide it. The family head's Fury earlier had already let those uninvited guests know the truth of the matter. This was really terrible! The master was really not calm!

In the elder's heart, he felt that if the family head didn't make a move just now, or even pretended not to know this daughter, or directly cut off this daughter who had tarnished the reputation of the Hong family, it would be better than the current outcome. Therefore, he also blamed the family head for being reckless and not considering the big picture. However, things had already come to this point. Even if they were depressed, it had already become a reality. Therefore, the only thing they could do now was to control the situation to the smallest extent, which was to not let this matter spread out. And the best way was to kill everyone present who knew the truth. Of course, this was only limited to people outside the Hong family.

Hearing the elder's words, the master of the Hong family subconsciously turned towards Leng ruoxue and the rest. Then, he looked at the group that had suddenly descended from the sky. His heart was in turmoil. He understood the elder's intention and knew that killing them was the best way to prevent this matter from being spread. However, to be honest, he was very reluctant to kill Leng ruoxue. Therefore, the best way was to make Leng ruoxue a member of the Hong family. She naturally wouldn't reveal her family's dirty secrets to anyone. As for the others, it didn't matter if she killed them! At the thought of this, he made up his mind!

"Miss, the Hong family wouldn't be thinking of killing us, right?" Yue Qing whispered as she felt the Hong family head's dark gaze.

"They do have that idea, but they won't do anything to us for the time being. After all, their target is the Yan clan. Compared to the Yan clan, we are nothing!" Leng ruoxue said. If the Hong family wanted to

silence them, they would have done so by now. However, the fact that they didn't make a move meant that they still had their reservations. Or rather, the Hong family didn't even take them seriously.

At the thought of this, Leng ruoxue's beautiful eyes turned towards the young man's direction. Coincidentally, the young man was also looking in their direction. It was obvious that they had seen through the Hong family's thoughts.

The young man sized Leng ruoxue up, and a look of surprise flashed across his eyes. Following that, he looked at the man beside Leng ruoxue and praised him in his heart. What a handsome man! Originally, he was still very confident in his own appearance. However, the man not far away made him feel a deep sense of inferiority. In front of that man, he actually felt so small. This was really too unbelievable.

Moreover, if he didn't guess wrong, the man that the sisters liked should be him, right? He was really a Toad lusting after a Swan's flesh! How could such a man take a fancy to that pair of sisters? he and the woman beside him were a perfect match!

Chapter 1347: Master Hong's scheme (3)

At this moment, the master of the Hong family walked in front of Leng ruoxue and the rest and said, "Miss Leng, I'm sorry that such a thing happened. It's getting late, you should rest early!" The head of the Hong family was very considerate.

An elder from the Hong family walked up to the young man and said with a kind expression, "This young master, it's already very late, and it's not safe to walk on the road at night. Why don't we set up camp here? There's more than enough space for you guys."

Although the Hong family elder spoke in a negotiating tone, the meaning behind his words did not allow anyone to refuse. The young man was well aware of this. If he refused the other party's good intentions, the other party would probably attack them now.

"Thank you for your kind offer. We'll accept your invitation then." The young man chuckled. His understanding and understanding performance made the Hong family elder extremely satisfied.

Following that, Leng ruoxue's group, the people from the Hong family, and the team led by the young man returned to the Hong family's encampment.

As for the beggar who was not in his right mind, he was naturally brought back by the Hong family. They would definitely not let this foolish man go.

After returning to the Hong family's encampment, the young man ordered his subordinates to set up the tent. However, they did not rest immediately. Instead, they gathered around the fire and started to prepare food.

"Young master, they're clearly up to no good by leaving us here!" A middle-aged man beside the young man said in a low voice.

"I know," The young man nodded and said indifferently. In fact, the reason why he was willing to stay was only because he wanted to join in the fun. After all, the recent days were quite boring. It was rare for fun to take the initiative to come to his door, so it would be a waste not to take it!

“Young master, what do you think is going on? Why would the two young ladies of their family be jealous of a beggar? It’s so embarrassing!” The middle-aged man asked in disbelief.

“Uncle Zhong, how come you’re so gossipy?” The young man laughed. Although he didn’t know why the sisters mistook him for someone else, since it had already happened, there was no need to get to the bottom of it. After all, this kind of thing could not be explained.

“Those sisters must have lost their minds. Otherwise, how could they mistake the man they like?” At this moment, someone beside him spoke.

“What crazy? I think it’s better to settle for the second best. If you can’t get the best, then you’ll find the worst. That’s definitely the case!” Another person analyzed, and his remarks made the young man and the others not know whether to laugh or cry.

.....

The young man and the rest sat by the fire, eating and chatting. At this moment, Leng ruoxue and the rest had already returned to the bracelet.

When Qing Jue saw them, he immediately ran over and said with a gossipy look, “Sister, where did the other team come from?”

“I don’t know either!” Leng ruoxue said helplessly.

“Oh! Big sister, you guys have to be careful! The Hong family already has the intention to kill you all! However, the person that the head of the Hong family wants to kill is obviously not you!” Qing Jue laughed evilly.

“Are you trying to say that the person he wants to kill is me?” The demon raised his eyes and asked after hearing Qing Jue’s words.

“Hehe! He won’t kill you, he’s still counting on you to be his son-in-law!” Qing Jue laughed out loud.

“Oh, really? It seems that I have to kill him first!” The demon said coldly. If he wanted him to be his son-in-law, it meant that the old man wanted Xue ‘er. Since that was the case, he would definitely not let that old thing off.

“It won’t be fun if I kill him.” Qing Jue reminded.

“Then let’s keep him for now. He can’t escape from my hands anyway.” The demon understood what Qing Jue meant and said.

“Yes, but I’m afraid he doesn’t have the mood to find trouble with the Yan family now.” Qing Jue said with a frown.

His own daughter had done such a thing. At this time, the head of the Hong family must be very upset. After all, if this matter was not handled well, the reputation of the Hong family would be destroyed overnight. However, wouldn’t this be advantageous to the Yan family? He had not forgotten how the father and daughter of the Yan family had treated his sister.

“Then let the Yan clan come and find trouble with them.” Leng ruoxue laughed evilly. With such a scandal happening to the daughter of the Hong family, the head of the Hong family would definitely be depressed to death and would not have the time to care about anything else. If the Yan family were to add fuel to the fire, wouldn’t things be even more interesting?

At the thought of this, she gave a few instructions to Xue Ying. After Xue Ying heard it, a wretched smile appeared on his face and he kept nodding his head. Following that, Leng ruoxue gave the bracelet away. Xue Ying’s destination was naturally the Yan residence in Yan city.

Zi Yu, who was at the Yan residence, was shocked to see a big snow-white fox suddenly appear in his room in the middle of the night. However, he quickly regained his senses.

“Can you not suddenly appear like this? you’ll scare me to death!” Zi Yu patted her chest exaggeratedly.

“Tsk! You’re not that timid! You’re a divine Emperor!” Xue Ying rolled his eyes at Zi Yu, his face full of disdain.

“Can’t you be afraid, divine Emperor?” Zi Yu said, a little speechless. Actually, he couldn’t say that he was afraid. It was just that this Fox had appeared too suddenly, so he wasn’t mentally prepared.

“Speak! What’s the matter?” Zi Yu calmed her heart and said.

“Hehe!” Xue Ying laughed evilly and told him about what happened that night. Then, he told him about Leng ruoxue’s new plan.

After Zi Yu heard Xue Ying’s words, she was filled with regret. Oh ... Such a fun thing, why wasn’t he there?

“You don’t have to look like this! The Hong family won’t let us who know the truth get away with it. So, you still have a good show to watch. ” Seeing Zi Yu’s depressed expression, Xue Ying comforted her.

“Yes, that makes sense. Leave the Yan family to me.” Zi Yu said with a nod. It seemed that he had to urge the Yan clan to act quickly. Otherwise, who knew when he would have to wait for the Hong clan to come knocking on his door? He was bored to death after staying at the Yan residence for the past few days.

“Hehe! Then I’ll be leaving first. ” After saying that, Snow Shadow disappeared.

The next morning.

Leng ruoxue and the rest had just left the tent when the young man walked over and invited them warmly, “I’ve ordered people to prepare some food, let’s eat together!”

Chapter 1348: The scheme of master Hong (4)

“Thank you,” Leng ruoxue didn’t reject him and smiled. She was very interested in this man. After all, they were now grasshoppers on the same vine. Therefore, she also wanted to know more about the other Grasshopper’s background!

After she finished speaking, she, the demon, Yue Qing and Xiang 'er followed the young man to their camp.

After they sat down, the man's subordinates very enthusiastically served them food.

Looking at the food that had all the colors, smells, and flavors, and was even emitting heat, Leng ruoxue muttered to herself, 'it seems like this man is also a person who is very particular about his food!' Otherwise, he would not have been able to cook so many different kinds of food in the wild.

Actually, Leng ruoxue's guess wasn't entirely accurate. Usually, in the wild, the young man and his group wouldn't eat so luxuriously. It was only because they wanted to entertain Leng ruoxue and the others today that the food was much more sumptuous than usual.

"Miss, you're welcome. Please enjoy!" The young man said enthusiastically, but not solicitously.

"Thank you! I won't be polite." Leng ruoxue chuckled, but she did not touch her chopsticks.

"May I know your name, miss?" The middle-aged man beside the young man asked curiously.

"Leng ruoxue!" Leng ruoxue said softly.

"Oh! I wonder what's miss Leng's relationship with them?" The middle-aged man asked curiously. Yesterday, the young master said that this woman had nothing to do with the Hong family. However, he didn't believe it. So, it was better to ask clearly to avoid hurting the innocent.

"We don't have any relationship. If you really want to count, I should be their Hong family's prisoner!" The moment Leng ruoxue's words left her mouth, the young man and the rest were stunned. None of them had expected to hear such words. How could there be such a free prisoner? They could not believe it.

"Do you see the father and daughter in the prison carriage?" Leng ruoxue knew that her words were not very credible in the eyes of outsiders. However, she didn't take it to heart. She then pointed to the prison carriage not far away.

"Uh! I saw it." The middle-aged man replied in a daze.

.....

"I was originally the prisoner of the father and daughter in the prison carriage. They wanted to kill me, but on the way home, I was caught by my enemies. Therefore, I was also implicated by them and became a prisoner of the Hong family. The master of the Hong family knew that I had nothing to do with the father and daughter of the Yan family in the prison carriage, so he released me from the prison. Therefore, I can move freely. However, if I want to leave the Hong family, I'm afraid it won't be easy." Leng ruoxue explained indifferently. Most of her words were the truth, with only a little bit of exaggeration regarding whether or not she could leave the Hong family. However, this would not affect the overall situation.

"Uh!" After the young man and the rest heard Leng ruoxue's explanation, they did not know what to say. This matter seemed to be more complicated than they had imagined.

"Does miss Leng wish to leave?" The young man asked with a faint smile.

“Of course I want to.” Leng ruoxue chuckled.

“Then why don’t you leave with us, miss Leng?” The middle-aged man suddenly said.

“I can’t leave with you. Besides, I’m afraid you won’t be able to leave so easily.” Leng ruoxue understood. If the Hong family wanted to silence them, then the team led by this young man would be the first to bear the brunt.

“Hehe! Miss Leng doesn’t need to worry about us. Since we dare to stay here, we naturally aren’t afraid of their tricks. Moreover, he will definitely regret provoking me.” The young man chuckled, his handsome face full of confidence.

“Some people won’t learn without being taught a lesson, don’t you think so?” Leng ruoxue said indifferently.

“Miss Leng is right. Some people just don’t have a good eye. They don’t know who they can provoke and who they can’t. And such people with no eye for things are a waste of food and spiritual energy to live in this world!” The young man said in disdain.

“Hehe, I don’t seem to know young master’s name!” Leng ruoxue nodded her head slightly and asked with a smile.

“My surname is Yin, and my first name is Xiao.” The young man introduced himself.

“Yin? Could big brother Yi be from the yin family of the eight great divine domains?” Leng ruoxue probed. The yin clan was also one of the eight great divine regions. However, the yin clan was relatively low-profile and mysterious among the eight great divine regions. However, for the yin clan to be able to become one of the eight great divine regions, they must have their own outstanding qualities.

“Yes.” Yin Xiao nodded his head slightly. He was very pleased with Leng ruoxue’s address of ‘big brother Yin’. Furthermore, he had an extremely good impression of Leng ruoxue. After all, it was rare for a woman to not drool at him during their first meeting! After this woman had guessed his identity, she did not seem particularly surprised. He immediately concluded that Leng ruoxue must be a woman who had seen the world and could even be from a powerful clan. However, the Leng clan did not seem to be among the top clans in the divine world. Hence, he did not dare to make wild guesses about Leng ruoxue’s identity.

“It seems like the Hong family has kicked an iron plate this time.” Leng ruoxue said with a hint of sympathy.

“Our Yin family has always kept a low profile and doesn’t like to get involved in any disputes. Originally, we could have ignored the Hong family’s scandal, but they just wanted to drag us in. I can’t do anything about it!” Yin Xiao said with a face of speechlessness, as if he was extremely unwilling.

When Leng ruoxue saw Yin Xiao’s aggrieved expression, she was speechless! Was this considered taking advantage of her? From his point of view, Yin Xiao and the others were not easy to deal with. Otherwise, which normal group would choose to travel in the middle of the night?

The two of them were chatting happily and laughter could be heard from time to time. However, when the laughter reached the ears of the Hong family, it was so harsh. Some of the Hong family members

even thought that they were gathered to discuss what had happened last night. And what had happened last night was a great humiliation to the Hong family!

After the beggar was brought back by the Hong family, the family head and the elders had secretly dealt with him. However, the family head and elders did not act rashly when Leng ruoxue and the young man were in the team! This made everyone from the Hong family extremely puzzled.

Today, he saw the two of them gathered together again, so the anger in his heart naturally surged up.

In the next moment, an impulsive member of the Hong family walked in front of Leng ruoxue and Yin Xiao with a heart full of anger. He questioned loudly, "Who allowed you two to be together? You still dare to talk about our Hong family, you really don't want to live!"

Chapter 1349: The scheme of master Hong (5)

When Leng ruoxue, Yin Xiao, and the rest heard what this person from the Hong family said, they raised their brows in unison.

After a long while.

"Can't we have a chat together?" Yin Xiaocai asked, speechless.

"Of course not!" The Hong clan's people furiously roared.

"Hehe! You're quite a busybody. You even care about our conversation!" Yin Xiao chuckled in a calm manner.

"Chat? Hmph! Don't think that I don't know that you're clearly mocking our Hong family in private. " The person from the Hong clan said angrily. Although he didn't hear what they were talking about, it couldn't be anything good. Otherwise, why would they be laughing so happily? He thought to himself, feeling a little nervous.

"What do you have for us to laugh at? Not everyone is interested in that kind of scandal. If you have the time to argue with us, why don't you think about how to implement your plan? Don't forget the main purpose of your trip. " Leng ruoxue reminded them with a smile. It seemed like the incident last night had driven the Hong family crazy. Otherwise, they wouldn't have forgotten their purpose and only wanted to cover up their family's scandal.

"You, you all better be careful. If I hear a single word from your mouth that is disadvantageous to the Hong family, you will all be dead." The person from the Hong clan threatened. After he finished speaking, he turned around and left with his tail between his legs.

"Big brother Yin, it looks like we've been threatened." Leng ruoxue shrugged her shoulders helplessly as she looked at the back of the Hong family member.

"Yup! I'm really scared, this Hong family is so powerful!" Yin Xiao said exaggeratedly.

After saying this, the two of them looked at each other and smiled. Clearly, neither of them took the words of the person from the Hong clan to heart.

After breakfast, Leng ruoxue and the rest had a simple chat with Yin Xiao before they bade their farewells and returned to the tent.

In the afternoon, the master of the Hong family found Leng ruoxue and wanted to talk to her in private.

.....

Leng ruoxue glanced at the evildoer and nodded with a smile when she heard master Hong's request.

Following that, Leng ruoxue followed master Hong to an empty corner.

Looking at their backs, Yin Xiao walked over worriedly and asked, "Why did Xue 'er leave with that guy? What if that guy doesn't have good intentions?"

In the short time they had spent together in the morning, he had a good chat with Leng ruoxue and the rest. The way he addressed Leng ruoxue had changed from miss Leng to Xue 'er. He had also treated Leng ruoxue as a younger sister. Hence, when he saw Leng ruoxue being taken away by that old fart from the Hong family, he was extremely displeased.

"Xue 'er will be fine." The demon said indifferently and didn't say anything else.

At this moment, Leng ruoxue followed the flustered master of the Hong family to the place they had been to last time. Seeing this, she was speechless. "It seems like master Hong has a special liking for this place!"

"Miss Leng really likes to joke." The master of the Hong family looked at the familiar place and felt helpless. In reality, he did not bring Leng ruoxue here on purpose. They had unknowingly walked here.

"I don't like to joke, master Hong! If there's anything you want to say, just say it!" Leng ruoxue suppressed the impatience in her heart and said.

"Young lady Leng, the elders in our clan are very angry about what happened last night." The master of the Hong family was silent for a while before he spoke.

"Yes, it's normal for them to be angry. After all, this is not something to be proud of." Leng ruoxue said in an understanding manner.

"It's good that miss Leng understands. " The head of the Hong family seized the opportunity and said with a face full of joy.

"What do I not understand? this is your Hong family's matter, it has nothing to do with me." Leng ruoxue played dumb.

"Miss Leng, you personally witnessed my daughter's scandal yesterday. Do you think the elders of our Hong family will let you off? For the sake of the Hong family's reputation, they will only get rid of you!" The master of the Hong family saw that Leng ruoxue did not understand the true meaning of his words, so he could only make his words more clear.

"Master Hong, I'm not the one who ruined the Hong family's reputation. Why do you need to get rid of me? If you are really thinking about the reputation of the Hong family, getting rid of Hong Lian is the top priority. " Leng ruoxue chuckled as she reminded him. Then, as if she had a sudden realization, she

continued, "I'm sorry, master Hong! I forgot that Hong Lian is your daughter, so of course you can't bear to get rid of her. However, if you don't get rid of her, the main culprit, it's useless to get rid of me!"

"Miss Leng, why don't you understand what I mean?" The head of the Hong family was a little angry. Damn it, was this woman really that stupid or was she just pretending?

"Master Hong, I really don't understand, and I don't understand why your family elders want to get rid of me. I'm not the one who fell in love with a beggar, and even if it was me, they don't have the right to deal with me! I don't have any relationship with your Hong family!" Leng ruoxue asked with a face full of question marks, vowing to play dumb to the end.

"You have nothing to do with the Hong family, but you saw my daughter's scandal. The elders of the Hong family are afraid that the scandal will be leaked, so they want to get rid of you no matter what." The head of the Hong family explained. Hmph! His words were clear enough now! If Leng ruoxue still didn't understand, then she was really acting dumb.

"The elders of the Hong family want to get rid of me, and you're here to tip me off, master Hong. Are you planning to betray the family?" Leng ruoxue said in realization.

Her words caused the head of the Hong family, who was just about to express his gratitude, to choke and almost pass out. After calming down, the head of the Hong family gritted his teeth and said, "Young lady Leng, how could I betray my family? I came to find you to save you. I don't want you to die at such a young age."

"Oh! I wonder how you plan to save me?" Leng ruoxue asked curiously.

"As long as you become a member of the Hong family, the elders of the Hong family will naturally not think of killing you." The master of the Hong family deliberately paused for a moment before speaking.

"Become a member of the Hong family? I wonder how I can become a member of the Hong family?" Leng ruoxue's beautiful face was filled with confusion. Her beautiful eyes stared unblinkingly at the master of the Hong family.

Master Hong's heart thumped like a little deer when he saw Leng ruoxue's limpid and moving eyes. Who knew that Leng ruoxue's next words would make his excited heart instantly turn cold ...

"Master Hong, do you want to acknowledge me as your goddaughter?" Leng ruoxue blinked her beautiful eyes and asked with an innocent look.

"But I already have a Godfather. If he finds out that I've found another Godfather, he will definitely not let you off. He's very fierce!" Leng ruoxue mumbled to herself, her beautiful face was filled with confusion.

"I don't want to acknowledge you as my goddaughter!" The head of the Hong family, who was so angry that he couldn't say anything for a long time, finally roared after a long silence. F * ck, he was really about to be angered to death by this woman. Even a fool could tell what he thought of her, but this woman just didn't understand!

"Is she going to be your daughter-in-law? I already have a husband, and I've never thought of getting married again!" Leng ruoxue said with determination.

"I don't have a son!" The head of the Hong family suppressed his anger and said, "F * ck, this woman is really detestable!" First, she said that she would be his goddaughter, then she said that she would be his daughter-in-law. Why didn't she think of marrying him?

"You're already so old, how can you not have a son? Could it be that he was already dying? If you don't have a son, won't your position as the head of the family be passed on to someone else's son? It's such a pity." Leng ruoxue said with a look of sympathy.

"You, you ..." The head of the Hong family was so angry that he couldn't speak. Damn it, he actually said that he couldn't make it. Hmph! When you marry me, I'll let you know if I can or can't do it!

"Master Hong, I know it's hard to say this, but don't be too sad. After all, age doesn't let you off! I understand!" Leng ruoxue saw that master Hong was so angry that he couldn't speak, so she consoled him considerately.

Chapter 1350: A trap (1)

"You, as long as you marry me and give birth to a son for me, I will pass the position of the head of the family to him!" After a long time, the head of the Hong family finally spoke his thoughts while suppressing his anger.

"Master Hong, I didn't hear wrong, right? You want me to marry you?" Leng ruoxue asked in shock, as if she couldn't believe master Hong's words.

"What's wrong? Don't tell me that I, as the head of the family, am not worthy of you?" The master of the Hong family could hear the disbelief in Leng ruoxue's voice and said unhappily.

"You're ... Really not worthy of her." Leng ruoxue deliberately paused for a moment before continuing.

"How am I not good enough for you?" The head of the Hong family forced himself to maintain a good demeanor as he asked.

"You're too old and can't do it in a certain aspect. You can't have a son. But that's secondary. The most important thing is that I already have a husband and I don't plan to marry another man in this life." Leng ruoxue said with a calm smile.

"You, that man, other than having a pretty face, what can he give you? Besides, who told you that I can't have a son?" The head of the Hong family roared in anger. Damn it, with his power and status, how could he not compare to a pretty boy? why couldn't this hateful woman see the situation clearly? And she always said that he couldn't make it, it really made him angry!

"When you marry me, I'll let you know if I can or can't do it!" The head of the Hong family angrily added.

"Master Hong! I'm sorry, but I won't marry you. So, it doesn't matter to me whether you can or can't." Leng ruoxue said with a smile.

"Do you want to die? If you don't marry me, you'll only die. The elders of the Hong family won't let you off. And that pretty boy, he'll die without a doubt! Are you willing to let him die?" The head of the Hong

family started to threaten Leng ruoxue. Since she didn't want to marry him because of that pretty boy, then she couldn't blame him for using that pretty boy to threaten her!

"Master Hong, life and death are up to fate. If you want to kill him, I'm afraid I can't save him even if I marry you. In that case, I'd rather die with him than marry you. So, you should give up!" Leng ruoxue chuckled.

"You have to think this through. As long as you marry me, I can guarantee that he will live well. Moreover, only I can save him!" The head of the Hong family reminded.

"If the Hong family's elder is bent on killing him, how can you guarantee that?" Leng ruoxue asked with a smile.

.....

"He can marry my daughter. As long as he becomes the son-in-law of the Hong family, the elders of the Hong family will naturally not make things difficult for him." The head of the Hong family said matter-of-factly. He had already made plans. In this case, wouldn't his and his daughter's wishes be fulfilled? However, Leng ruoxue and that man would never have the chance to meet again in the future because he would never allow them to meet again!

"It seems that master Hong has everything planned out. Can I say no?" Leng ruoxue asked with a half-smile.

"Of course not, because this is your only choice." The master of the Hong family said confidently.

"Master Hong, you're wrong! This isn't my only choice, and even if it is, I won't choose it." Leng ruoxue said very clearly.

"Are you not afraid of death? Could it be that you're willing to let that pretty boy die?" The head of the Hong family continued to ask.

"Master Hong, I've said it before. I'd rather die with him than agree to marry you. He will definitely not marry your daughter, because he's my man in life and my ghost in death!" Leng ruoxue sneered at master Hong. The overbearing tone in her voice made master Hong tremble!

"Miss Leng, you'd better think this through!" The head of the Hong family advised. He couldn't easily give up on such a beautiful woman who he could only look at from afar but couldn't get.

"I've thought about it very clearly." Leng ruoxue said with certainty.

"Young miss Leng, since you're so stubborn, then don't blame me for not knowing how to be tender to a woman." The head of the Hong family was a little angry from embarrassment. He didn't expect that after he said this much, this woman still wouldn't agree no matter what. She even said that she wanted to die with that man! Hmph! In his dreams. He would definitely not let them die together. Furthermore, he would not let Leng ruoxue die. As for whether that man would be able to live, it would depend on whether he knew what was good for him.

"What does master Hong want to do?" Leng ruoxue's face was filled with curiosity when she heard master Hong's words. However, her expression remained extremely calm. In master Hong's eyes, he thought that she was just putting on an act. Who asked Leng ruoxue to be a weak woman in his eyes?

“Since you don’t want to marry me, then you can be my exclusive property.” The master of the Hong family laughed complacently. After he finished speaking, he made a hand gesture behind him. In the blink of an eye, Leng ruoxue was surrounded by the Hong family’s guards.

“Master Hong is trying to use force!” Leng ruoxue smiled and continued, “No wonder Hong Lian knew that the Overlord forced himself on the beggar. It turns out that he benefited from the true inheritance of the Hong family head!”

“Hmph! I originally wanted to give you a chance to live, but you didn’t know how to cherish it. Since that’s the case, you can’t blame me. As for that man of yours, if he’s tactful, I can consider letting him be Xin ‘er’s boy toy. ” The head of the Hong family shamelessly stated his other plan.

“Al! Master Hong has planned everything out and secretly brought so many people to force me to submit. It seems that I have no choice but to obey! But, I’m not willing to accept this!” Leng ruoxue sighed softly and said gloomily.

“Miss Leng, a wise man is a man of practice. If you hadn’t kept rejecting me, I wouldn’t have used this last resort. I was forced to do this.” Seeing that Leng ruoxue had given in, the master of the Hong family’s tone became gentle.

In fact, he had never been so concerned about a woman before. If it were any other woman, they would have thrown themselves into his arms long ago. However, this hateful woman just had to turn a blind eye to him. In her eyes and heart, there was only that pretty boy. How could he not be angry? Hence, before he had asked Leng ruoxue out alone, he had already made all sorts of plans. His current plan was undoubtedly the worst one, and also the one he did not want to use the most. However, it was the most effective one.
