

Crazy Wife 1351

Chapter 1351: A trap (2)

“What a good” forced “!” Leng ruoxue said indifferently.

At this moment, a member of the Hong family ran over in a panic. Before he even reached them, he shouted, “Master, it’s bad. The Yan clan has us surrounded.”

“What did you just say?” The head of the Hong family strode over to The Clansman and asked fiercely.

“Clan head, we have been surrounded by the Yan clan. The fifth elder has ordered a subordinate to inform you and ask you to return as soon as possible.” The Hong clan member said hurriedly before he could even catch his breath.

“How did the Yan clan know we were camping here?” The master of the Hong family questioned angrily.

“This subordinate is not sure, but the Yan clan has already cut off our escape route. The elders would like you to quickly return to discuss this matter.” The member of the Hong family said.

“I know.” The Hong family’s master nodded, but his heart was filled with resentment. Damn the Yan family, they really came at the wrong time!

“Miss Leng, let’s go back!” Master Hong turned to Leng ruoxue and said.

“Alright,” he said. Leng ruoxue nodded. After she finished speaking, she followed behind master Hong and slowly walked back. The guards of the Hong family followed behind her in the name of protection, but in reality, they were monitoring her.

The moment they returned to the encampment, the elders of the Hong family dragged the master of the Hong family into their tent to discuss some matters. The guards did not receive an order from the master to restrict Leng ruoxue’s freedom of movement, so they could only allow her to return to their own tent.

In the tent.

The demon and Yin Xiao were sitting inside waiting for her.

“Xue ‘er, you’re back.” When Yin Xiao saw that Leng ruoxue had returned safe and sound, his heart that had been in a state of suspense finally settled down.

.....

“En, why is big brother Yin here?” Leng ruoxue asked curiously. She didn’t expect Yin Xiao to be waiting for her with the demon.

“I’m just worried about you! That’s right, that old thing didn’t bully you, right?” Yin Xiao asked with concern.

“What did that thing say to you this time?” The demon also took the initiative to ask.

“Hehe! He said that the elder of the Hong family wanted to get rid of us and asked me to marry him so that I could keep my life!” Leng ruoxue chuckled as she explained.

As soon as she finished speaking, the evildoer crushed the cup in his hand.

“What are you doing?” Leng ruoxue’s heart ached when she saw a trace of blood flowing out from the evildoer’s fingers. She then quickly took out a pill and stuffed it into the evildoer’s mouth.

“What else did that damn thing say?” The demon continued to ask.

“He even asked you to marry his daughter ...” Leng ruoxue sighed softly. Then, she reported the entire matter to the two of them.

“That old fart! How can he be so shameless!” When Yin Xiao heard this, he immediately shouted in anger. His originally gentle and handsome face clearly had a trace of anger.

“Brother Yin, calm down! He didn’t succeed!” Leng ruoxue said disapprovingly.

“Why didn’t he succeed! If it wasn’t for the Yan clan’s sudden arrival, I’m afraid we wouldn’t have been able to see you.” Yin Xiao roared in anger.

However, after listening to Leng ruoxue’s words, the evildoer did not say a word. However, Leng ruoxue knew very well that the more the evildoer acted this way, the angrier he was. Even though the evildoer knew that master Hong’s words were nothing but a joke to them, he would not let off any man who dared to have designs on her.

“Brother Yin, even if the Yan family didn’t come, they would still be able to see me.” Two drops of cold sweat hung on Leng ruoxue’s forehead as she sighed helplessly. Why did this man who looked so gentle and warm on the outside become so exaggerated?

“You’re going to be that old fart’s exclusive property. How can we see you? Unless we charge into the Hong family and save you.” Yin Xiao said honestly.

“Uh!” Leng ruoxue was speechless. Let’s assume that Yin Xiao was telling the truth, but there was no need to exaggerate!

“Xue ‘er, you have to stay away from that old man. If he asks you out alone, you must not go out with him.” Yin Xiao reminded.

“Big brother Yin, master Hong has already made it clear. Naturally, he won’t ask me out alone. Furthermore, he won’t be able to take care of me before the Yan family’s matters are resolved.” Leng ruoxue laughed evilly. Right now, the head of the Hong family must be in a terrible fix because of the Yan family’s encirclement. How could he still care about her?

“That’s true. Xue ‘er, why don’t I take you away now?” Yin Xiao said after some thought. He had a feeling that Xue ‘er would be in danger if she stayed here, and that the old man would keep thinking about her. Thus, he wanted to take them away immediately.

“Big brother Yin, it’s rare to see two families fighting. Don’t you want to stay and watch the fun? Moreover, I have a deep relationship with the Hong and Yan families. If I leave now, I will be depressed.” Leng ruoxue said with a smile.

“Uh! Alright then!” Yin Xiao’s forehead was filled with black lines. He should have known long ago that Leng ruoxue was a woman who loved to see the world in chaos, right? However, he had been deceived by her delicate appearance and could not help but want to protect her!

However, it was fortunate that Leng ruoxue was unaware of Yin Xiao’s thoughts. If she were to find out that Yin Xiao had treated her as one of those weak women who needed someone to protect her at all times, she would be even more depressed!

Just as Leng ruoxue had expected, after the Hong family head was dragged into the tent by the Hong family elders, the elders all requested for the family head to make a decision as soon as possible. They did not want the Yan family to be too smug.

“Clan head, the Yan clan actually has the guts to besiege us. This is unforgivable!” An elder said with a face full of disdain, but he was extremely puzzled in his heart. Wasn’t there news that the Yan clan didn’t care about the Yan clan’s first master and daughter? Why did they send people to rescue him?

“Yup! Clan head, we must think of a good way to dampen the Yan clan’s spirit, and let them know that they will pay a price for besieging us.” Another elder chimed in.

At this moment, they were extremely angry because they only thought of the Yan clan coming to besiege them. They didn’t realize that if they didn’t come to find trouble with the Yan clan first, why would the Yan clan find trouble and fight back?

“Master, I don’t understand. How did the Yan clan know we were here?” Another elder asked.

Chapter 1352: A trap (3)

“That goes without saying! Someone must have leaked the news and betrayed our Hong family.” An elder replied.

“F * ck! If I find out who betrayed our Hong family, I will definitely cut him into pieces!” One of the more impulsive elders of the Hong family roared.

Listening to the elders’ discussion, the Hong family’s master was silent and deep in thought. His gloomy expression made it impossible to guess what he was thinking.

“Patriarch, say something! What should we do about this?” The elders’ faces were gloomy. Originally, they were the Oriole, but now, how did they become the cicada that was caught? Their position with the Yan family had been swapped, and this was something they absolutely could not accept.

“Family head, I feel that the most important thing now is to find the person who betrayed our Hong family. If we don’t get rid of this person, the Yan family will find out about our situation. This will be very disadvantageous to us!” An elder of the Hong family reminded. Sigh! Why had things been so rough for the Hong family these past two days? First, it was the two daughters of the master who had a fight and almost turned against each other. Then, the young miss raped a beggar, and now they were surrounded by the Yan family. Sigh! Why did all these unpleasant things come together? He couldn’t understand it no matter how he thought about it. Could it be that today was destined to be an eventful year for the Hong family?

“Mm, seventh elder’s words are reasonable.” All the elders quickly agreed.

“Master, please tell us your decision!” At this moment, the fifth elder of the Hong family, who had also not said anything, spoke.

“You think that someone betrayed the Hong family?” The head of the Hong family asked indifferently.

“Yes. Otherwise, how would the Yan clan know that we are here?” The Hong family’s elders said.

“Since that’s the case, seventh elder, I’ll leave the task of finding the person who betrayed the Hong family to you.” The head of the Hong family said after some thought.

“Master, how should we deal with the Yan clan?” The seventh elder of the Hong clan couldn’t help but ask. Although it was important to find the person who had betrayed the Hong clan, they couldn’t ignore the Yan clan that was surrounding them like a tiger watching its prey!

The encampment they had chosen was hidden on a small road not far from Yan city. Although the road led from north to south, only one side led to Yan city, and the other side led to a forest not far from Yan city. Now that the Yan clan had blocked the road to their home, although there was no other movement from the Yan clan for the time being, they were very clear that if they took another step forward, the Yan clan would definitely launch an attack. They only had two choices. They could either return to Hucheng or retreat into the forest.

However, if they were to return to Hong city like this, what face would the Hong family have in the future? Retreating into the forest was not a good choice, so they urgently needed the family head to make a decision.

.....

“The Yan clan won’t act rashly for the time being. If I’m not wrong, they’re probably just trying to force us back. Don’t forget, that old man from the Yan clan is seriously injured.” The head of the Hong family said with absolute certainty.

“So, family head, you mean that we should first find the person who betrayed the Hong family?” The fifth elder asked with certainty.

“Yes. Otherwise, our every move will be under the Hong family’s control.” The head of the Hong family said in a depressed manner.

“But who would betray our Hong family?” The seventh elder was at a loss. To be honest, he had no clue at all and didn’t know where to start.

“Who else is needed? It’s definitely Leng ruoxue and the others!” Suddenly, Hong Xin’s voice came into the tent. Then, Hong Xin walked in from the outside with an angry face. She had been eavesdropping outside, but after hearing the seventh elder’s words, she couldn’t help but speak.

“Xin ‘er! Don’t talk nonsense, she has never left our sight, how would she have the chance to betray the Hong family.” The master of the Hong family angrily rebuked his daughter.

“Father! She’s not part of the Hong family, so she’s the biggest suspect.” Hong Xin shouted.

“I’m not protecting her, I’m just judging the matter as it is. She has never left the camp, so how could she betray the Hong clan? moreover, she has a grudge against the Yan clan’s first master and his daughter. She’s not an idiot!” The head of the Hong family retorted.

“Miss Xin ‘er, we know that you’re unhappy with Leng ruoxue. However, what the family head said makes sense. She really doesn’t have the chance to betray the Hong family.” The seventh elder said.

“If it’s not her, then who is it?” Hong Xin said angrily. She couldn’t understand why these shrewd elders didn’t believe her.

“We will find out who betrayed the Hong family. Miss Xin ‘er, you don’t have to worry about such a small matter.” The seventh elder said with a faint smile.

“Hmph! If you don’t believe me, you’ll regret it. ” Hong Xin’s face was filled with anger and her heart was filled with hatred. She admitted that she had wronged Leng ruoxue on purpose, but she did not expect the elders of the Hong family to not believe her! After saying that, Hong Xin left the tent in a Huff.

“Elders, please don’t mind. Xin ‘er is still young and insensible!” After Hong Xin left, the head of the Hong family saw that the elders ‘expressions were not very good because of Hong Xin’s words, so he quickly tried to smooth things over.

“Master, these two daughters of yours are not the usual kind of willfulness! If we do not discipline them properly, I’m afraid that they will cause even greater trouble. ” The fifth elder could not help but remind him.

“Fifth elder, don’t worry! They’ve become much more restrained now. ” The head of the Hong family sighed.

Just like that, the Hong family secretly investigated the person who might have sold out the Hong family’s information. However, after a few days of investigation, they did not find any suspicious people. This made the seventh elder, who was in charge of the investigation, quite depressed.

The Yan clan was still guarding the exit of the road, blocking them, and the two sides were in a stalemate.

On an afternoon a few days later.

A guard of the Hong family came to report to the seventh elder, who was resting in his tent.

He was ordered to lead a team to monitor the Hong family and Leng ruoxue’s group. Once he found anything suspicious, he was to report to the seventh elder immediately. However, this time, after he told the seventh elder the news, the seventh elder’s face turned serious.

“Is your information true?” The seventh elder said with a frown.

Chapter 1353: A trap (4)

“Seventh elder, many of my subordinates and I saw it with our own eyes. Second miss had a conflict with that miss Leng again. After that, she ran out angrily. I was worried, so I brought some people to follow her quietly. Who knew that she would actually be in contact with the Yan family?” The guard didn’t dare to hide anything and answered truthfully.

“You have to know that Hong Xin is the daughter of the master. Without any evidence, we can’t just convict her. So, we can’t act rashly.” The seventh elder said very cautiously. After he finished speaking, he ordered the guard to leave.

He then stood up and left his tent.

At this time, Hong Xin had already returned to her tent. However, her heart was not calm at all, because as long as she thought of what the man she had met before had said to her, her heart would beat wildly like a little deer.

That man told her that he wanted to know the exact location of the Yan clan’s first master and asked her to cooperate in rescuing the Yan clan’s first master. He also promised that he would not harm anyone in the Hong clan. However, she did not dare to agree because she knew very well that such an action was no different from betraying the clan.

However, the man’s following words hit the nail on the head. That was because he knew that she hated Leng ruoxue. It was obvious that he had been observing them for a long time. This made her even more frightened. Although she was not as smart as her sister, she knew that the Hong family was already under his control. Although she did not know who the person who betrayed the Hong family was, the man’s words had moved her.

That man had said that if she helped the Yan clan accomplish this task, he was willing to cooperate with her and push the blame onto Leng ruoxue so that she could take the blame for this. She was rather interested in this man’s suggestion. Hmph! Didn’t those elders and her father not think that Leng ruoxue would betray the Hong family? Since that was the case, she would show them some evidence.

At this moment, Hong Xin’s heart was set on scheming against Leng ruoxue. She did not know that her actions had long been known by the seventh elder of the Hong family. Furthermore, he had already sent people to keep a close watch on her.

After making his decision, Hong Xin headed to the place the unfamiliar man had told him about. He left a signal for the two to meet, and then returned to the Hong family’s estate as if nothing had happened.

Originally, the man had asked her to think about it carefully and give him a reply within three days. However, she only thought about it for a while before impatiently replying to the man. The seventh elder of the Hong family had seen this scene.

The next night.

Taking advantage of the night, Hong Xin quietly left his tent and went to the place where they had agreed to meet to meet the strange man.

When they arrived, the man was already waiting for them.

.....

“Miss Hong Xin is indeed trustworthy.” The man said with a faint smile.

“I hope you can keep your promise.” Hong Xin warned.

“Don’t worry, the Yan clan’s members always keep our word. Since we’ve agreed to help you frame Leng ruoxue, we naturally won’t go back on our word.” The man promised.

“This is the key to the prison carriage that holds the Yan clan’s old master and Yan Ling ‘er. They are now being taken to the forest not far from Yan city. If you want to save them, you must not alarm the Hong clan’s guards, and you must not hurt them.” Hong Xin warned.

“Don’t worry, miss Hong, we know what to do!” The man said. He was about to take the key from Hong Xin’s hand when he was interrupted by the sudden appearance of the seventh elder of the Hong family!

“How bold! You actually dare to betray the Hong family!” The Furious seventh elder of the Hong family howled in disappointment. This howl scared Hong Xin so much that she instinctively retracted her hand. The key in her hand fell to the ground. Seeing this, the man immediately picked up the key and disappeared ...

“You guys, hurry up and chase! Don’t let that man get away!” The seventh elder of the Hong family saw that the other party had run away and quickly ordered the guards.

“Seventh elder, we can’t catch up to him. He teleported away,” The captain of the guards reminded.

“Then bring Hong Xin back and hand him over to the master.” The seventh elder of the Hong family roared in anger.

He was already very upset when he couldn’t find any traces of the traitor after a few days of investigation. However, when he found the traitor who betrayed his family, he couldn’t be happy either. He never dreamed that Hong Xin would betray his family, and to frame a woman who lived in his family. He was so disappointed.

After bringing Hong Xin back to the base, he immediately gathered all the elders and personally invited the family master over ...

Chapter 1354: Chaotic battle (1)

After the master of the Hong family and the other elders were summoned by the seventh elder, they were all a little confused. The fifth elder looked at the seventh elder and said indifferently, “Seventh elder, why did you call all of us here in the middle of the night?”

“Family head, elders, we’ve found the person who betrayed our Hong family.” The seventh elder said with a heavy heart.

“Who is it?” All the elders were shocked and quickly asked. As members of the Hong family, they didn’t want anyone to do such a thing. Now that the seventh elder told them that the person had been found, their feelings were quite complicated.

“Men! Bring the man in!” The seventh elder shouted towards the outside of the tent. Then, two guards came in one after the other, and Hong Xin was in the middle of the two guards.

The elders stretched their necks and searched around, their faces full of question marks.

“Seventh elder, who is the person who betrayed the Hong family that you mentioned?” An elder could not help but ask.

“It’s our Hong family’s second miss, Hong Xin!” The seventh elder’s words were earth-shattering and caused a huge commotion among the elders. The master of the Hong family was even more furious and in disbelief.

“Seventh elder, you can’t say such things. Xin ‘er is the second miss of our Hong family. How could she do such a thing!” The master of the Hong family said unhappily with a dark face.

“Family head, the guards and I saw this with our own eyes, and we caught the second miss who was in contact with the Yan family. As a member of our Hong family, the second Miss May not have truly betrayed the family, but she betrayed the family to frame others, and that is unforgivable! If the patriarch has any questions, you can ask the second lady yourself.” The seventh elder reminded with a faint smile.

“Xin ‘er! Did you really do this?” Master Hong’s face darkened as he questioned loudly.

“Father! I ... I didn’t do it on purpose, father! You must help me!” Hong Xin stammered in fear. Ever since she was caught red-handed by the seventh elder, she had been in a state of anxiety and fear. “How did things turn out like this? how did the seventh elder find out?” she thought she was very secretive, but she couldn’t figure it out.

“Pa!” With a crisp sound, the master of the Hong family slapped Hong Xin’s face. In an instant, half of Hong Xin’s face swelled up, showing how much strength he had used.

“You actually dared to do such a thing!” The head of the Hong family said disappointedly. Lian ‘er’s previous scandal had already shamed him, and now this daughter he doted on the most had actually betrayed the family. According to the seventh elder, it was to frame someone else. This was preposterous!

.....

Thinking up to this point, the head of the Hong family coldly asked, “Who do you want to frame?”

“I, I ...” Hong Xin stammered, not daring to speak.

“Isn’t the master an advisor? The person that second young lady wants to frame is naturally the person that she is jealous of and hates. That person is Leng ruoxue.” The seventh elder sneered. Although the Hong family was not considered a top family, it was still a disgrace for them to have such a young lady from the direct line. Therefore, the seventh elder was extremely angry.

“No wonder second young miss kept saying that Leng ruoxue betrayed the Hong family. So that’s the reason!” An elder said with a look of understanding.

“Second miss, even if you hate Leng ruoxue, you can’t sell out your family! Don’t forget, if you didn’t have your family to support you, would you be able to live so well? If our Hong family is swallowed up by the Yan family because of you, can you still be the young miss who swaggered around? Will the Yan family let you go?” All the elders chimed in, their words full of criticism.

“I, I ...” Hong wanted to defend himself, however, he couldn’t even form a complete sentence.

“Elders, please be quiet! Since the matter has come to this, blaming second young lady is of no use. It’s better to first think about how to solve this matter!” The seventh elder said loudly.

“Of course, this matter has to be resolved. However, the second miss has betrayed the family and must also be severely punished.” An elder said.

“Master! You must give the clan an explanation for this!” Another elder said.

When the head of the Hong family heard this, he didn’t say a word because he really didn’t know what to say. A few days ago, Hong Lian had done a shameful thing and the elders were already very dissatisfied with him. Now, Xin ‘er had betrayed the family. These two incompetent daughters had met with mishaps one after another. To him, it was simply adding hail to snow. If this matter were to be spread back to the main family, he would probably be done as the head of the family. Thinking of this, he really wanted to cry but had no tears!

“Patriarch, you should make the decision on this matter!” At this moment, the fifth elder of the Hong family, who rarely spoke, raised his eyes and said calmly.

“Right! Master, you’re the head of the Hong family. We believe that you’ll handle this matter fairly.” Another elder immediately agreed.

“Since the elders trust me so much, I will definitely not disappoint them.” He knew that if he didn’t express his attitude, the elders would definitely not let him off. Thus, the Hong family head could only force himself to speak. Not only that, this matter had to be handled strictly. Otherwise, his position as the family head would probably be over.

Although he doted on his two daughters, they were too disappointing. Moreover, compared to the position of the family head, these two troublesome daughters seemed insignificant.

Moreover, as long as he continued to sit in the position of the head of the family, he could get any woman he wanted! There would naturally be many children in the future, so why should he make these elders dissatisfied for his two crippled daughters? At this moment, his mind was spinning, and he quickly made a decision. That was to abandon these two daughters! Other than this, there was no other way!

“Take Hong Xin away and let the Yan family watch over him!” The head of the Hong family ordered the guard.

Then, he asked for the elders’ opinion with an apologetic expression, “Elders, we can only imprison Xin ‘er for now. How about we deal with her after we return to the Hong clan?”

“Yeah, that’s the only way.” The elders said helplessly. This was indeed not a good place to deal with Hong Xin.

“Clan head, Hong Xin has betrayed the clan. I’m sure the Yan clan knows our situation like the back of their hand. It’s not a wise decision to remain in a stalemate with the Yan clan!” The seventh elder spoke again.

Chapter 1355: Chaotic battle (2)

“Then what is seventh elder’s opinion?” The head of the Hong family asked.

“I will leave this matter to the patriarch!” The seventh elder hurriedly said, and couldn’t help but think to himself, “this is something your daughter has done, yet you don’t make a decision, and you’re actually asking me! How would I know!”

“In that case, let’s go back!” The head of the Hong family thought for a moment and said, sigh! Although it was a little embarrassing to go back like this, now that their background had been exposed and they were so close to Yan city, there was no advantage for the Hong family. Therefore, they could only return home.

“Fifth elder, what do you think?” The seventh elder asked for the fifth elder’s opinion. The fifth elder had the highest status among the elders who had come with the family head.

“Let’s do as the patriarch says!” The fifth elder helplessly sighed.

After the decision was made, the master of the Hong family personally sent someone to inform Leng ruoxue of their decision. When Leng ruoxue heard it, she couldn’t help but think to herself, ‘you guys can come as you please!’ Leave if you want to! What did he think of the Yan family’s face? If the Yan clan still wanted to preserve their dignity, they would not let the Hong clan off.

After that, Leng ruoxue sent Xue Ying to spread the news of the Hong family’s decision to return.

At this moment, in the Yan clan’s camp, after the elders of the Yan clan heard this news, they split into two groups. Some of the elders felt that since the Hong clan had retreated, then they shouldn’t be looking for trouble. Meanwhile, some of the elders felt that the arrival of the Hong clan had already caused the Yan clan to lose all face. Moreover, the Hong clan had captured their clan’s eldest master. Therefore, they definitely couldn’t let the Hong clan members go back so easily.

In reality, their encirclement of the Hong family was getting smaller and smaller. If the Hong family wanted to return, they would definitely encounter them. Therefore, they only had to wait for the Hong family to take the initiative to come to their door. At that time, it would be up to them to decide whether to release or capture them!

After a few hours of discussion, the elders of the Yan family finally reached a consensus.

That was, if the Hong family wanted to return to Hong city, they could! However, he had to return the Yan family’s father and daughter, as well as the many guards, and also compensate them. Otherwise, he would just stay here!

After coming to a consensus, the Yan clan waited for the Hong clan to pass by their camp.

At the same time, the Hong clan was almost done packing up. However, when they were on their way back, they realized that the Yan clan's troops had actually blocked their way back.

.....

The head of the Hong clan looked at the people from the Yan clan not far away, and a bad feeling suddenly welled up in his heart. Damn it, when did the Yan clan get so close to them? why didn't they receive any news at all? Previously, he said he would go back because the road back to Hucheng was not blocked! Therefore, it was easy for them to go back. However, the Yan clan's troops were guarding the only way back to Hong city. Could it be that the Hong clan was planning to fight with them? He could not help but think to himself.

"Hong family head, long time no see." The first elder of the Yan clan looked at the dark-faced master of the Hong clan and greeted him with a faint smile.

"Great elder, long time no see." The head of the Hong family also replied hypocritically, but he was cursing in his heart. F * ck, it's not like we haven't seen each other for a long time. We just met last month, okay!

"Hehe! Is master Hong planning to go back just like this?" The Yan clan's first elder said with a smile.

"Yup! I originally brought my family out to hunt, but unfortunately, there was too little prey in that forest and I didn't manage to catch much, so I could only return home." The head of the Hong family said in a hurry. In any case, he had made up his mind. He would never admit that he was here to destroy the Yan family, especially when something like this had happened to his two daughters. The Hong family's hearts were unstable, so he had to remain calm.

"Master Hong is in such a good mood! Why did you bring my Lord and Lady to hunt?" The Yan clan's first elder said as he looked at the father and daughter locked up in the last prison carriage of the Hong clan's group.

"The father and daughter had a conflict with me. I was going to find a suitable time to send them back to the Yan family, but there was an emergency at home that I had to go back immediately, so I had to take them back." The head of the Hong family lied through his teeth. He knew very well that the other party would not believe him, but he had to say it.

"Since that's the case, then let me take care of the father and daughter, master Hong! I'll thank master Hong on behalf of the master." Yan tribe's first elder feigned civility as he spoke.

"That won't do. I've said it before. The father and daughter duo offended me, so I have to personally hand them over to master Yan. I still have to ask master Yan to give me an explanation!" The head of the Hong family said shamelessly.

"You've captured our Lord, and you still want the master to give you an explanation?" The Yan clan's first elder laughed in anger. This Hong clan head's skin was thicker than he had imagined! And they were extremely shameless. They were clearly here to loot a burning house, yet they still said it in such a dignified manner. It was really preposterous!

"I didn't catch them. They bumped into me, so I had no choice but to lock them up." The head of the Hong family emphasized.

“Hahaha! You’re all so hypocritical. You clearly know each other’s purpose, but you’re still playing Tai Chi here.” At this moment, Yin Xiao, who couldn’t stand it anymore, said speechlessly. His words had undoubtedly pierced through the Yan and Hong clan’s last layer of shame, revealing their thoughts that they didn’t want to show in front of both parties!

In fact, according to the thoughts of the Hong family’s master, the hearts of the Hong family were not stable now. Therefore, it should be the best choice if they could avoid conflict with the Yan family.

The Yan clan’s first elder had similar thoughts. After all, the Yan clan head’s injuries had yet to fully recover. If they were to engage in a battle with the Hong clan now, it would not be beneficial to the Yan clan. Hence, both parties were well aware of the situation and were feigning civility!

However, Yin Xiao’s words made it impossible for them to continue their pretense. Thus, the two of them could not help but glare angrily at Yin Xiao who had spoken.

“Don’t stare at me like that, I’m so scared!” Yin Xiao fearfully said.

When Leng ruoxue, who was sitting in the beast-drawn carriage, heard Yin Xiao’s words, she couldn’t help but chuckle to herself. Hehe, it seemed that this Yin Xiao was also eager to see the world in chaos. Since that was the case, she would also add fuel to the fire!

Thinking of this, she whispered a few words to Xue Ying. After that, Xue Ying jumped off the beast carriage with a happy face.

Chapter 1356: Chaotic battle (3)

“Master Hong, didn’t you say you wanted to take over the Yan clan? Why aren’t you doing anything! Now, the Yan family has delivered themselves to my door.” Xue Ying said to the head of the Hong family with a smirk.

“By the way, you also said that you wanted to seek justice for your daughter. Where is your precious daughter?” Xue Ying said as he searched around.

“Damn it, when did I say those words!” When the head of the Hong family heard Xue Ying’s words, he glared fiercely and roared. The Yan family’s first elder’s expression wasn’t very good either. However, this was also within his expectations.

“Before we came here, you told us yourself that you wanted to use your daughter’s name to take over the Yan family, right? Hurry up and do it!” Xue Ying urged.

“You ...” The master of the Hong family was so angry that he couldn’t speak.

“Yan clan’s first elder, right? I’m telling you! Master Hong is very powerful, and the Yan clan won’t have a good ending if you encounter him. So, I advise you to return to Yan city before master Hong makes a move! As long as the city gate is closed, he shouldn’t be able to break in. However, if the gate of Yan city is not strong enough, even the Divine Master can’t save you!” Xue Ying said to Yan tribe’s first elder.

“There’s no need for you to worry about this.” The Yan clan’s first elder gritted his teeth, and couldn’t help but curse in his heart. F * ck, where did this hateful Fox come from? Was he here to sow discord?

“Hehe! I’m just afraid that you’ll all be annihilated, and the Yan clan will have no successor! You should know that master Hong already has no one to send him off. I don’t want you to be like that, Al! Poor thing!” Xue Ying said with a look of sympathy.

“Damn it, what nonsense are you talking about?” The master of the Hong family and the first elder of the Yan family shouted in unison. They were so angry that they almost fainted.

“I’m not talking nonsense, I’m an honest Fox, don’t slander me! However, all of you are of one mind. Could it be that there’s an affair between you two?” Xue Ying asked with great curiosity.

Master Hong and the first elder of the Yan clan turned pale with anger, while Yin Xiao and the others couldn’t help but laugh.

Yin Xiao had a look of realization on his face as he said, “No wonder you guys said so much nonsense even though you knew the other party’s purpose. So that’s why!”

“Dammit! I won’t let you off!” The head of the Hong family roared in anger. He was really about to be angered to death by these people. He really regretted not killing them earlier. These people clearly wanted to cause trouble for him!

.....

At the thought of this, the Furious master of the Hong family quickly gathered divine power in his palm and threw it in the direction of Xue Ying. However, something unexpected happened. The divine skill that was originally flying toward Xue Ying suddenly changed its direction and went straight for the Yan family’s great elder ...

Seeing this, the Yan clan’s first elder quickly dodged. However, that divine skill was a wind attribute divine skill and was extremely fast. Although he dodged it, the Yan clan’s people beside him were not spared and died directly under the divine skill of the Hong clan’s patriarch.

“Waa! Master Hong had actually killed a member of the Yan clan! You’ve got guts to make a move in public!” When Xue Ying saw this, he quickly shouted out with a face full of adoration. His words immediately caused the Yan clan to unite against a common enemy.

“Master Hong, you actually killed a member of my Yan clan!” The Yan clan’s first elder shouted angrily. A member of the Yan clan had died in front of everyone’s eyes. This was definitely more shocking and infuriating than the fact that the Hong clan had captured the first master and daughter! Because this feeling was too direct, they couldn’t ignore it even if they wanted to. Moreover, killing their own clansmen in front of them was a clear provocation to the Yan clan. If they turned a blind eye to it, it would definitely make the hearts of their clansmen cold.

“That was just an accident.” The head of the Hong family said disapprovingly. He originally wanted to kill that Fox, but who knew that his divine skill would actually miss. He was also very puzzled in his heart. However, he didn’t think that the Yan family would fall out with them just because of the death of a Clansman. After all, neither of them had any intention of immediately exchanging fire.

“What a surprise! Master Hong, you’re really good at shirking responsibility!” Xue Ying said disdainfully after hearing what the Hong family head said.

“You shut up! Otherwise, I’ll kill you right now!” The master of the Hong family gritted his teeth in anger. That damned Fox. If it was not Leng ruoxue’s beast pet, he would have killed it long ago.

“Do you want to kill the Fox? I wasn’t the only one who saw what happened just now. Everyone saw it. Do you want to kill all of us?” Xue Ying’s eyes were filled with tears as he asked timidly.

“Yup! Master Hong, we all saw it. You were the one who killed that Yan Clansman. Unless you eliminate all of us and the Yan clansmen present, this matter can not be covered up.” Yin Xiao kindly reminded.

“All of you, shut up!” The head of the Hong family was furious. He wanted nothing more than to kill Xue Ying and Yin Xiao’s team right now. Unfortunately, he couldn’t do anything in front of the Yan family. Otherwise, he would probably kill them to silence them. He was so aggrieved!

“Yan clan’s first elder, let’s all shut up! Whatever master Hong says, we’ll just listen to him!” Yin Xiao said with a smile. After he finished speaking, he didn’t say anything else.

When the great elder heard Yin Xiao’s words, his heart was filled with hatred. Although he knew that the other party was just trying to sow discord, he had no choice but to fall for it. Otherwise, how would he be able to convince the people of the Yan clan in the future?

“Clan head Hong, first you captured the Yan clan’s eldest master, young lady, and many of our guards, and now you’ve killed a member of the Yan clan in front of me. If the Yan clan doesn’t settle this score with you, I’m not worthy of being the Yan clan’s first elder!” Yan tribe’s first elder coldly said.

“I told you it was an accident! What else do you want?” The head of the Hong family said impatiently.

“You want to seek justice for the dead members of our Yan tribe!” Just as Yan tribe’s first elder finished speaking, he heard someone in his team shout: “Charge! Kill this bunch of bastards from the Hong family! To avenge our dead Yan clansmen!”

Then, everyone from the Yan clan rushed out, and in an instant, the two sides were in a chaotic battle ...

When the Yan clan’s first elder saw this situation, it was already too late for him to stop it. Moreover, under these circumstances, he couldn’t stop it either. Otherwise, the clan members would definitely think that he was afraid of the Hong clan. If that happened, his prestige as the first elder would be completely gone. Therefore, he could only brace himself and keep a close eye on the Hong clan’s clan head, and pray that his clan members would be able to win in a single move. If they could really destroy the Hong clan and capture the Hong clan’s clan head, that would be a great thing for the Yan clan! The head of the family would be very happy when he found out.

The head of the Hong family looked at the two families fighting and the anger in his heart slowly rose. It seemed that this battle was inevitable. Since that was the case, then let’s fight! As he observed the battle situation, he searched for his target. However, under the close watch of the Yan clan’s first elder, it did not seem easy for him to deal with his target.

Thinking of this, he decided to bide his time and hold back the Yan clan’s first elder. After all, the two of them were the strongest among the two clans!

The two of them bided their time, and neither of them dared to make a move, lest the other party take advantage of the situation to deal with their own clansmen. Seeing this situation, Xue Ying took advantage of the chaos and began to fish in troubled waters ...

In a short while, the Hong and Yan families suffered countless casualties.

By the time master of the Hong family and the first elder of the Yan family realized the severity of the situation, more than half of the people from the two families had already died.

“Great elder Yan, do you still want to continue? Tell them to stop! If there’s anything, we can talk it out.” The head of the Hong family looked at his dead clansmen and said with heartache. One had to know that the clansmen he had brought with him were all the elites of the family! Now that he had died just like that, he was really depressed!

“Yes.” Yan clan’s first elder nodded. He also felt that they should not continue fighting, otherwise, the two clans would really have to fight to the death!

Immediately, the two of them shouted in unison, “All of you, stop!”

Unfortunately, the people of the two families, who were already in a state of frenzy, ignored the words of their family head and great elder and continued to attack each other. Suddenly, all kinds of divine power flew around in the middle of the battlefield, and screams of pain rang out continuously ...

As for Leng ruoxue, Yin Xiao, and the rest, they had already hidden to the side to watch the show after the battle, so as to avoid being affected by the divine power.

“All of you, stop!” The master of the Hong family shouted again.

However, the two sides still ignored him.

The head of the Hong clan was furious. He turned around and walked towards the prison carriage that held the Yan father and daughter. He lifted the father and daughter out of the carriage. Then, he returned to his original position and raised the Yan father and daughter up. He shouted loudly, “Yan family, stop!”

When the people from the Yan clan heard this roar, they subconsciously stopped and looked in the direction of the sound. However, the people from the Hong clan did not stop. The godly skills in their hands were still flying around. At this moment, two godly skills coincidentally flew in front of the Yan clan’s old master, and only a ‘Puchi!’ Was heard. With a sound, the divine skill entered the Yan clan’s first master’s body, and he instantly died!

Seeing this, the head of the Hong family was stunned and looked unhappily at his clansmen. Everyone from the Hong family also looked at each other because none of them knew whose godly skill had killed the Yan family’s first master. However, this scene was a great shock to the Yan family. They had stopped attacking, but they started to fight with their opponents again ...

This time, neither the Hong clan’s patriarch’s roar nor the Yan clan’s first elder’s words could stop them. This made the two of them rather depressed, but they could do nothing about it.

The master of the Hong clan looked at Yan Ling ‘er, who had already fainted from fear, and threw her on the ground in disgust. Then, his gaze turned to the first elder of the Yan clan.

“Great elder, it seems that this battle is unavoidable. In that case, let’s have a contest!” Although master Hong was seeking the opinion of the first elder of the Yan family, his tone did not allow the other party to refuse.

“Since master Hong has such an intention, then this old man will accompany you to the end.” Yan tribe’s first elder lightly sighed.

With that, the two figures began to fight ...

In an instant, the glint and Flash of the Blade and the shadow of the sword streaked across the air, leaving behind beautiful arcs.

The two of them were evenly matched. Hence, it was difficult to determine the victor in a short period of time. However, other than Leng ruoxue and the rest, the people from the two clans were not in the mood to watch the battle between them. Everyone’s eyes were red from the killing ...

After a long time.

The two families were either dead or injured.

Master Hong and the first elder of the Yan clan were also heavily injured. After countless rounds of fighting, their Shen power was almost exhausted.

Chapter 1357: Condition (1)

The patriarch of the Hong clan and the Grand Elder of the Yan clan sat on the ground, staring at each other with a hint of vigilance in their eyes. At this moment, neither of them had the strength to continue fighting. The two of them were panting, and the people of the Hong and Yan clans who were still alive were lying on the ground like corpses, not moving at all ...

At this moment, Leng ruoxue walked over and looked at master Hong and first elder Yan. She chuckled and said, “The battle between the two of you is truly wonderful. It’s a feast for our eyes.”

“Who are you? What do you want?” The Yan clan’s first elder was on high alert. However, the Hong clan’s clan master seemed to be very relaxed. In his heart, Leng ruoxue was already his.

“I don’t want to do anything, I just want to express my feelings.” Leng ruoxue said with a smile.

“Xue ‘er, why are you talking so much nonsense with them? now that they don’t have any strength left, they can only let us do whatever we want, hehe!” Xue Ying said with a smirk.

“Stupid Fox, what do you want?” When the head of the Hong family heard Xue Ying’s words, the anger in his heart surged. He was now extremely regretful. Why didn’t he kill this Fox earlier? even if he wanted to kill it now, he couldn’t!

“I don’t want anything. However, now that your two clans have suffered heavy losses, we’re perfectly fine. Do you understand what I mean?” Xue Ying deliberately didn’t make himself clear.

“What conditions do you have? as long as my Yan family can do it, just state them.” The first elder of the Yan clan quickly said. He and the head of the Hong clan were both smart people, so they naturally

understood the meaning behind this Fox's words. However, the two of them used different methods. The head of the Hong clan was angry, while he wanted to win them over because they really needed the help of these people now. With their help, the Hong clan would definitely be easily captured.

Actually, it wasn't as if the head of the Hong family didn't understand this logic. Unfortunately, his rationality had been replaced by anger. Therefore, as soon as he heard Xue Ying's words, he would reflexively shout and curse.

"Old man, you're the most sensible one!" Xue Ying said with a smile.

"What conditions do you have? as long as it's within my Yan clan's means, I will not object!" Yan tribe's first elder repeated, afraid that Xue Ying and the others would not believe him.

"The first condition! We want Yan Ling 'er!" Xue Ying said indifferently.

"Uh!" When the Yan clan's great elder heard Xue Ying's first condition, he couldn't help but wipe the cold sweat off his forehead. What did they want Yan Ling 'er for? He couldn't have taken a fancy to Yan Ling 'er's beauty, right? After taking a look at Leng ruoxue, he felt that the possibility of this was not very high. Then, what was the reason? He couldn't help but let his imagination run wild.

.....

"How is it, great elder Yan? is there a problem?" Xue Ying asked with a smile that was not a smile.

"I wonder what you guys want Yan Ling 'er for?" After thinking for a while, Yan clan's first elder asked.

"Of course it's for revenge. The Yan family's old master and his daughter wanted to kill us. Now that the old master is dead, Yan Ling 'er is the only one left, so we can only reluctantly accept him. Of course, you can also refuse, great elder! Think carefully!" Xue Ying warned him cautiously.

After the great elder heard Xue Ying's words, he fell into deep thought again.

Al! Although he didn't know why Yan Ling 'er wanted to kill them, if Yan Ling 'er fell into their hands, she would definitely not have a good ending. However, this was one of the conditions for these people to help their Yan clan. If he didn't agree, these people would definitely change their direction to help the Hong clan, or they would capture both of them in one fell swoop and benefit from the situation! These two consequences, no matter which one it was, were not something they could bear.

However, if he handed Yan Ling 'er over to them and let the clan head know, he didn't know if he would be dissatisfied. After all, Yan Ling 'er was his biological granddaughter. If he didn't hand her over, he was afraid that they would have to die Here. For a time, the Yan clan's first elder was in a dilemma ...

After waiting for a while, Xue Ying saw that the Yan clan's great elder was still thinking, and couldn't help but ask, "Great elder, have you not decided yet? You're not efficient enough!"

I can give Yan Ling 'er to you, but you have to guarantee the safety of our Yan family." The Yan clan's great elder finally spoke. In fact, this was just a temporary measure. His plan was to agree to it first, and then make plans after returning to the Yan clan. At most, he would compensate them with some other things. After all, whether he would really hand Yan Ling 'er over to them or not, he had to get the approval of the clan head!

“Don’t believe his words. He’s lying to you. He would never hand Yan Ling ‘er over to you. However, if you’re willing to help our Hong clan, I’m willing to hand Yan Ling’ er over to you to deal with.” At this moment, the head of the Hong family, who saw that they were about to reach an agreement, was truly anxious!

“You have to believe in the Yan clan’s sincerity. We won’t lie to you.” Yan tribe’s first elder quickly said.

“Hehe! Master Hong, we’re not fools. We have our own judgment, so there’s no need for you to worry.” Xue Ying said, unappreciative.

“Right! Right! You have to believe in your own judgment. The Yan family’s reputation has always been better than the Hong family ‘s!” Yan tribe’s first elder echoed.

“However! There’s no proof, so it’s better for great elder Yan to make an oath. ” Xue Ying changed the topic.

“Uh!” The Yan clan’s first elder was dumbfounded. He didn’t think that the other party would actually want him to swear an oath. Wu ... Could an oath be casually made? If he couldn’t do it after he sent it, he would end up very miserable!

“I’ll swear on the bloodline of your Yan clan!” Snow Shadow added, and with this addition, the Yan clan’s first elder even had the thought of killing himself. F * ck! What a cunning Fox, making him swear on his family’s bloodline. In this way, it was impossible for him to go back on his words, because if he did, he would not be the only one in trouble, but the entire Yan family! This was no small matter! If he really agreed, even if the family head wanted to object, it would be useless. But if he didn’t agree, these people would not help him at all! Wu...What should he do? Yan tribe’s first elder was extremely depressed.

And when Xue Ying saw Yan tribe’s first elder’s expression, he could not help but laugh to himself, hehe! Old fox, let’s see what you’re going to do now. Don’t think that Beastie can be easily deceived! The consequences of lying to Beastie were very serious! At the thought of this, Xue Ying decided to double the compensation that they had originally set. Hmph! Who asked the Yan clan’s first elder to deceive them?

Chapter 1358: Condition (2)

“Great elder Yan, are you afraid? Aren’t you taking too long to think about this? Our patience is limited.” Seeing that Yan tribe’s first elder did not speak for a long time, Xue Ying’s patience gradually ran out.

“I’ll agree to it!” The Yan clan’s great elder helplessly sighed. For the sake of the entire Yan clan, what was the big deal in sacrificing Yan Ling ‘er? “I’m sure the family head would have made the same decision if he knew about it.” He could not help but comfort himself in his heart. The reason why he thought this way was because the family head had once said that he would give up on the father and daughter!

Although they didn’t dare to take his words seriously, at this time, he could only firmly insist on the patriarch’s words. Otherwise, none of them would be able to return to the Yan clan. At this time, the Yan clan’s great elder had made it very clear.

“Since that’s the case, then Yan clan’s first elder can make a blood oath!” Xue Ying said with a smile.

“Other than handing over Yan Ling ‘er to you, what other conditions do you have?” Before making the blood oath, the Yan clan’s first elder asked worriedly. He didn’t forget that this was only the first condition that this Fox had raised, and just the first condition made him so conflicted. The other conditions also made him afraid. What if these guys wanted to take the clan head’s life? Could it be that they would also give it to him?

“Don’t worry, we only have two conditions. The first is to have Yan Ling ‘er. Yan Ling ‘er and her father have caused a serious trauma to our hearts. Therefore, your Yan family must compensate us. As for the compensation! We’ll draw up a list, and you just need to compensate us according to the list.” Xue Ying explained in an understanding manner.

“Oh!” After hearing Xue Ying’s words, Yan tribe’s first elder’s heart relaxed quite a bit. However, he still couldn’t help but sigh in his heart. Which part of you looks like you’ve been hurt? In his opinion, it was more like the father and daughter had suffered a psychological trauma! However, he didn’t dare to say this out loud. After all, he really needed her help now.

“Great elder Yan, you can swear now.” Xue Ying said.

“Alright,” he said. Yan tribe’s first elder nodded, then started to read the contract ...

With the descent of a contract rule, the Yan clan first elder’s bloodline oath was officially established.

“Now, you can fulfill your promise, right?” Yan tribe’s first elder said.

“Of course! Don’t worry, great elder Yan. If we don’t fulfill our promise, your oath won’t come into effect, so there’s no need to worry.” Snow Shadow consoled.

How could he not be anxious? The Yan clan’s first elder thought to himself. However, he was the one who had a favor to ask, so he did not dare to push the other party too much. If he were to make the other party anxious and turn around to help the Hong clan, the loss would outweigh the gain!

.....

“Xue ‘er! The deal has been made.” Xue Ying turned to Leng ruoxue and said.

“Mm! Big brother Yin, I’ll have to trouble you.” Leng ruoxue looked at Yin Xiao and asked. She had mentioned to Yin Xiao before that she wanted to borrow his men. Yin Xiao had a good impression of Leng ruoxue and the others, so he naturally had no reason to reject her.

“It’s just a matter of raising one’s hand.” Yi Xiao laughed. He liked to rub salt into the Hong family’s wounds. After all, they were also the target of the Hong family!

Then, he gave a look to his subordinates. Yin Xiao’s subordinates immediately gathered the injured members of the Hong family together. This naturally included the Hong sisters, Hong Lian and Hong Xin.

When the master of the Hong family saw this, he roared in disbelief, “What do you want? Our Hong family is not to be trifled with, don’t stand on the wrong side!”

“Master Hong, you don’t need to remind us. We know what we are doing!” Yin Xiao said with a smile. He had a deep understanding of how thick-skinned the head of the Hong family could be. He was clearly someone who wanted to kill them, but now he was willing to rope them in to survive. These words didn’t sound right no matter how one heard it! It seemed to be more of a threat.

“Don’t regret it. You’ll end up in a miserable state for offending our Hong family.” The head of the Hong family said.

“Even if I didn’t offend you, you would still want to kill us, right? Since that’s the case, what do we have to be afraid of?” Yin Xiao laughed and said disapprovingly.

“If you don’t help the Yan clan, I’m willing to let you go.” The head of the Hong family sighed.

“Master Hong, it’s too late to say anything now. Besides, it’s not about you letting me go, but whether we will let you go!” Yin Xiao reminded him speechlessly. Such a supercilious and self-righteous person was actually the head of a family. This was simply too unbelievable.

“Big brother Yin, don’t waste your breath on him. He won’t understand.” Leng ruoxue said impatiently.

“Leng ruoxue, don’t forget that you’re my woman!” The master of the Hong family shouted angrily when he heard Leng ruoxue’s words.

“Master Hong, do you have dementia? When did I become your woman? how come I didn’t know?” Leng ruoxue said helplessly. At the same time, she thought to herself, this master of the Hong family is really delusional! He actually said that she was his woman, sigh! Since he wanted to court death, then he couldn’t blame her!

As expected, the moment Leng ruoxue’s words left her mouth, the infuriated evildoer threw a punch at master Hong’s body.

Bang! Bang!’ With the sound of fists hitting flesh, the master of the Hong family’s body was soon covered in wounds. It was a terrible sight. In addition, master Hong’s physical strength was almost exhausted and he had no strength to fight back. Therefore, he could only let the evildoer do whatever he wanted!

Ugh! When the Yan clan’s first elder saw the Hong clan’s clan master’s miserable state, he couldn’t help but turn his head and think to himself, F * ck! This man’s attack was really too heavy. Poor master Hong! He didn’t even dare to look at her now!

However, he was very happy in his heart. Who asked the first elder of the Hong family to injure their patriarch? They had always wanted to take revenge, but they had never had the chance to do so. In addition, the first elder of the Hong family was extremely powerful. There was really no one in the Yan family who could deal with the first elder. The only person who had the same strength as the first elder was the family head, who had been injured by the first elder. Therefore, they had been holding back their anger. Now that they saw the family head of the Hong family being beaten up, they felt very relieved.

However, the evildoer ‘s’ performance ‘was not something that just anyone could watch. After beating the Hong clan head into a pulp, the evildoer strode over to the Yan clan’s first elder and stared unblinkingly at him, causing the Yan clan’s first elder’s heart to race like a little deer. Wuu ... What was

this terrifying man staring at him for? He didn't offend this scary man, did he? His little heart was palpitating!

Chapter 1359: Condition (3)

"Yan clan's first elder, right? Was my performance good?" The demon asked with a smile that was not a smile.

"Uh! It's good! It's nice!" The Yan clan's first elder hurriedly said with a look of fear. Wu ... What did this man mean? Did he want to beat him up?

"Since it's so good, pay up!" The demon extended his hand in front of the Yan clan's first elder.

"Uh!" Because of the evildoer's words, Yan tribe's first elder's forehead was full of black lines. He thought to himself, what kind of situation is this? He had only taken a few glances at the Grand scene of master Hong being beaten up, why did he have to collect money from him?

The Yan clan's first elder had lived for so long, but he had never encountered such a thing. Thus, he did not react for a moment and only looked at the evildoer in a daze.

"First elder of the Yan clan, pay up! It's useless to act dumb." The demon said patiently.

"Brother ye, I think this first elder of the Yan clan is probably scared out of his wits. Why don't you write down this debt first and when you go to the Yan clan head, I think the Yan clan won't go back on their word." Yin Xiao suggested, suppressing his laughter. Xue 'er and the others were really too interesting, how did they come up with so many wicked ideas! This time, not only was the Hong family in trouble, even the Yan family was dumbfounded.

"It's not that I can't write it down, but I'll calculate the interest. I'm afraid that great elder Yan won't be able to afford it even if he sells himself." The demon reminded him with a troubled expression.

"Uh! How much do you want?" Upon hearing the words "selling himself," the Yan clan's first elder suddenly came back to his senses and hurriedly asked. He even secretly wiped the cold sweat off his forehead and thought, that was close! He could tell that these people were all ruthless people.

"Not much! One hundred top-grade crystals it is!" The demon lightly said.

100 top-grade crystals is not a lot? Yan tribe's first elder almost vomited blood after hearing the demon's words. This was really a lion's mouth! He had only watched the show for a while, so why did he have to pay the price of a hundred top-grade crystals? Even if he owned a crystal mine, he would not be able to afford such an expensive price! At the thought of this, he couldn't help but worry about the compensation these people were asking for.

"Great elder Yan can't even pay 100 top-grade crystals?" The demon said with an expression of disbelief. In other words, he was saying that the Yan clan was a little too poor!

"It doesn't matter if you can't pay. I'll keep the accounts for you and calculate the interest. You can work for me. When you pay off your debt to me, we'll be even. By the way, the money you owe me will be compounded with interest!" The demon added.

.....

"I, I can afford it!" The Yan clan's great elder's face was filled with pain. Even as the great elder of the Yan clan, it would take him a long time to save up 100 pieces of top-grade crystals. However, just because he had watched the show for a while, those 100 pieces of top-grade crystals had left him just like that. Wu ... He was really depressed. Although he had thought of reneging on the debt for a moment, once he thought of the other party's terrifying means that made his heart tremble, he decided to spend money to avoid disaster. After all, he did not want to be like the Hong clan's head. He had been beaten up so badly! Moreover, he still had a favor to ask of him!

"Hand it over!" The demon said impolitely.

The Yan clan's first elder unwillingly took out a hundred top-grade crystals from his storage ring and handed them to the demon with a pained expression. The demon naturally accepted them without any hesitation.

Then, his gaze turned to the other members of the Yan family. Although they were all injured, their eyes were not injured! Therefore, they were also part of the crowd!

Everyone from the Yan clan subconsciously lowered their heads when they saw the evildoer's probing gaze. They did not dare to look at him, afraid that they would also become the target of slaughter. However, regardless of whether they looked at the evildoer or not, the result was destined.

"Now it's your turn. The elders of the Yan family and the great elder have the same price, one hundred top-grade crystals. As for the ordinary clansmen! The price was halved! If anyone says they don't have money, they can also choose to work for me and slowly pay me back!" The demon laughed evilly.

The evildoer's words made the Yan clansmen, who had their heads lowered and did not dare to look at him, lower their heads even more. However, if they thought that they could renege on their debt by lowering their heads, then they had made a mistake. This was because Xue Ying had already walked to their side and was collecting money from everyone ...

Looking at their great elder, the Yan clansmen unwillingly took out the crystals they had been saving up for a long time. Their hearts were bleeding, but with the great elder as a precedent, they did not dare to not pay the money. Oh ... What a demon! Their hard-earned money! It was gone just like that! At this moment, the Yan family members were furious but didn't dare to speak up!

After collecting the money, Snow Shadow took the initiative to pass the crystal stones to Leng ruoxue. It then stood obediently by Leng ruoxue's side, acting as a qualified beast pet.

"Brother ye's money-making methods are truly superb, Yin Xiao admires you!" Yin Xiao said enviously. He also wanted to be like this demonic man and Rob others, but he couldn't do such a thing.

"I have no choice! I have to feed my family! Everyone in the family is waiting for Jingshi to be put into the pot!" The demon pretended to be pitiful.

"Hehe! Brother ye's family must have many people, are these Jingshi enough?" Yin Xiao asked curiously. In other words, he was asking if he still wanted to continue robbing.

“Of course it’s not enough, this amount of Jingshi is not even enough to fill the gaps between my teeth!” The demon said gloomily. After he finished speaking, he even deliberately sighed.

When everyone from the Yan clan heard the demon’s words, they all fainted at the same time. They didn’t want to face this vampire anymore! This demon!

“Yan clan’s first elder, your clansmen have all fainted, what do you do? We can’t bring them back to the Yan residence. We were only willing to help them because we thought they could go back on their own, but now ... Why don’t we just leave them here! It’s also a contribution to the beasts in the small forest. Who asked you to be neighbors for so many years!” The demon paused for a moment before continuing.

As soon as the evildoer finished speaking, the people from the Yan family who had fainted woke up one by one. This showed the power of the evildoer’s words.

When Leng ruoxue and the rest saw this, they couldn’t help but laugh to themselves. These people from the Yan clan were really funny.

Seeing this, the demon smiled and said, “Great elder Yan, since your clansmen have woken up, let’s go! Stop wasting time.”

His so-called journey naturally meant that they had to go to the Yan residence, and the Yan clan’s great elder understood what he meant. However, ever since he saw this evil-looking man as a demon in his heart, he didn’t really want them to go. However, he didn’t dare to say this out loud. Otherwise, he was afraid that this man would beat him up like how he beat up the Hong clan head! It was too terrifying!

Then, the evildoer ordered the awakened members of the Yan clan to escort the members of the Hong clan towards Yan city ...

Upon entering Yan city, the Yan clan’s Grand Elder invited Leng ruoxue and her group into the main residence. He did not dare to show any neglect and went to report to the clan head.

In reality, they had gone to intercept the Hong family’s team without telling the family head. After all, the family head was injured and it was not appropriate for him to worry about these facts. Although the Yan family had suffered quite a lot of losses this time, they were lucky to have caught the Hong family’s team. This could be considered as an explanation to the family head. However, when he thought of the conditions that Leng ruoxue and the others had proposed, he could not feel happy at all.

When he arrived at the master’s courtyard, he carefully reported the matter to the master. Then, like a child who had done something wrong, he stood uneasily by the master’s bed, his head lowered in silence.

“Those people want Ling ‘er?” The patriarch of the Yan clan asked after a long while.

“Yes, I had no choice but to agree. Otherwise, they would have definitely changed sides and helped the Hong family deal with us.” The Yan clan’s first elder explained.

“What compensation do they want?” The patriarch asked again.

“Patriarch, I’m not sure about this. They said that after they come up with the list, we only need to compensate them according to the requirements. However, I think they will definitely ask for an exorbitant price, so we’d better be prepared.” Yan tribe’s first elder warned.

“How exactly did they become a match for Ling ‘er and her father?” The Yan clan leader asked again. These things were just worldly possessions. As long as they could protect the Yan clan’s Foundation, he didn’t care about losing some worldly possessions. However, he was more concerned about how those people would form a grudge with the Yan clan.

He had always been very strict with his clansmen and had often warned them not to cause trouble outside. If this brought disaster to the family, they could not blame the family for being merciless. However, who knew that after he was injured, some people thought that he would not live long and no longer took his words to heart. His eldest son was one of them.

This son of his had never let him be free of worry since he was young. In the past, with his restraints, he did not dare to do as he pleased. However, ever since he was injured, he became more and more uncontrollable. In addition, Ling ‘er had been spoiled since she was young. He did not believe that the father and daughter together would not cause trouble.

In fact, he had sent them to Northern Yan city because there was no one else in his family to send. Yan kun, the city Lord of Northern Yan city, not only shared the same surname as him, but also had a deep friendship with him. Therefore, as long as his son did not make any big mistakes, Yan kun would not be too calculative for his sake. Therefore, he was at ease to let them go. However, he did not expect that his son would still cause trouble.

Suddenly, he thought of the people sent by Yan kun, and his mind became clear. It seemed that those people had come to inform him of this matter. However, he had been injured and could not meet with guests. Therefore, he only knew that his eldest son and granddaughter had caused trouble at this moment!

Yan kun must have caused a lot of trouble for his troublesome son and granddaughter to send people here. Now that his son was dead, and his granddaughter was targeted by others, and the great elder had been forced to swear an oath on his bloodline, he couldn’t refuse even if he wanted to. After all, the Yan clan was indeed indebted to them. Otherwise, if the other party had changed his direction and helped the Hong clan deal with the great elder and the others, he would probably not be able to see them at this moment. If that really happened, it would be a fatal blow to the Yan clan!

Chapter 1360: Cold frost pill (1)

The head of the Yan clan was a very rational and wise person. He wouldn’t blindly cover up his shortcomings and be unable to distinguish right from wrong. Therefore, he couldn’t say anything about the other party’s actions. Moreover, everyone’s standpoint and perspective were different. Therefore, although he was dissatisfied, he could still look at these problems very rationally. After all, the other party didn’t have the obligation to think for the Yan clan in all aspects, and he couldn’t ask them to take it for granted.

It was precisely because he had such thoughts that he did not fly into a rage out of humiliation after listening to the great elder's report. Instead, he was more used to looking for problems from his own side, which was why he was able to protect the Yan clan.

A few years later, when Leng ruoxue had already reached a height that no one could reach, he could not help but secretly rejoice. Fortunately, he had been wise enough back then and had not chosen to make an enemy out of her. Otherwise, the Yan clan would not have existed.

After sorting out his thoughts, the Yan clan master called his second son over and ordered him to go to the guest courtyard to see Zi Yu and the others. Now, he was almost certain that the other party must have some kind of connection with the person the great elder had mentioned.

After second master Yan received his father's order, he went straight to the guest courtyard.

When he arrived at the guest house, he found two people he had never seen before and a huge white fox. He immediately understood that these should be the people his father and the great elder had mentioned.

At this moment, Leng ruoxue, the demon, and Xue Ying were sitting in the garden, chatting with Zi Yu and the others. When they saw second master Yan, they stopped and stared at him. Under their gazes, second master Yan's heart was beating rapidly. Wu...Why did these people give him so much pressure? He really wanted to cry!

"Second master Yan, why are you here?" Zi Yu chuckled, asking despite knowing the answer.

"I'm here to see everyone. Who are these?" Second master Yan's gaze swept across Leng ruoxue and the rest. The more he looked, the more shocked he became. He had thought that Zi Yu and the rest were already the most beautiful he had ever seen. However, after seeing this pair of peerless beauties, he finally understood that there was always someone better!

He had lived for more than forty years and had seen many outstanding people, but this was the first time he had seen someone who could make people not dare to look at him directly just by looking at his appearance. He really didn't know how his big brother and his incompetent niece had provoked such a person. If this matter was not resolved properly, it would definitely be a great disaster for the Yan clan!

"This is my family's young lady! This is young master ye, young lady's husband. That Fox is my young lady's beast pet." Zi Yu gave a simple introduction. In the divine realm, for the sake of convenience, they would tell the outside world that ye chen was the young miss 'husband, in case there were blind people who wanted to hit on the young miss.

"May I know how to address you, miss?" The second master of the Yan clan was secretly surprised. He didn't expect that a god-like figure like Zi Yu would actually have a master! This was simply too unbelievable! Never in his dreams would he have thought that they would have such a relationship.

"My master's surname is Leng!" Xue Ying spoke on behalf of Leng ruoxue.

.....

"Hello, miss Leng! I'm very polite." The Yan clan's second master very courteously saluted.

“Second master Yan, you don’t have to be so polite. I can’t accept it!” Leng ruoxue said with a faint smile. She was thinking to herself, ‘even if you’re so respectful, don’t think I’ll let Yan Ling’ er off!’

“Miss Leng, I know that big brother and Ling ‘er have offended you, but now that big brother is dead, we are willing to hand Ling’ er over to you to deal with and compensate for the harm you have suffered. So, I hope that miss Leng will not take their rudeness to heart.” The second master of the Yan clan said straightforwardly. His words had also expressed the Yan clan’s attitude. They would do everything according to the conditions laid out by Leng ruoxue and the others. Their only request was for the other party to not haggle over this matter.

Even though they were still unclear of Leng ruoxue’s identity, but for Yan kun, the city Lord of Yan Bei city, to value her so much, her identity must not be ordinary! Therefore, they took the initiative to express their goodwill. After all, their father’s principle in dealing with people had always been to not look down on anyone, even if they were temporarily in dire straits! It was precisely because of his father’s humble attitude towards others that his father had a wide range of friends. At the same time, it also allowed the Yan family’s business to be successful.

“It’s good that the Yan clan has thought of it. With Yan Ling ‘er and a little compensation, you want me to let go of the fact that they wanted to kill me?” Leng ruoxue laughed coldly.

“If miss Leng has any other requests, please state them. As long as it’s within our Yan clan’s capabilities, we’re willing to do our best to satisfy them!” The Yan clan’s second master continued as he wiped the cold sweat off his forehead.

“I haven’t thought of it yet. I’ll tell you when I think of it.” Leng ruoxue said indifferently and did not say anything else.

“Uh!” Looking at Leng ruoxue’s expression, second master Yan knew that she was still in a fit of anger and did not intend to have a good talk with him. He sighed helplessly, and then casually chatted with Zi Yu and the others for a while, before he got up and left the guest courtyard.

Originally, he wanted to ask the other party how his big brother and Ling ‘er had offended them, and also to test the other party’s thoughts. Unfortunately, the other party did not give him any chance at all!

After leaving the guest courtyard, he went to report to his father about the gains of the guest courtyard. Then, he went to find the subordinates who followed his big brother to understand the situation.

As she watched second master Yan’s back, Zi Yu smiled and said, “Miss, hasn’t the list of compensation already been drawn up? Why don’t you just give it to him?”

“No rush! If he comes to you again to ask about the situation, you should reveal a little.” Leng ruoxue ordered. Actually, she did not hand the list of compensation to the other party immediately because she wanted to keep him in suspense. Otherwise, she was sure that the other party would not be as calm as he was now when he saw the list of compensation. Thus, she was waiting for the best opportunity to demand an exorbitant price. She wanted to make the Yan clan anxious and angry, but at the same time, there was nothing she could do. When that time came, no matter what conditions she offered, the other party would not reject her. He didn’t dare to have any other thoughts.

“Good! Young lady, how should we deal with Yan Ling ‘er?” Zi Yu asked again.

“Didn’t the Yan family not send Yan Ling ‘er over yet? After they bring Yan Ling ‘er here, we’ll let Bai Xu handle her.” Leng ruoxue said after some thought.
