

Crazy Wife 1371

Chapter 1371: Scandal (2)

"We're fine. What do you guys know?" The Yan clan's first elder carefully asked, the doubt in his heart deepening.

"Great elder Yan, your Hong family's great elder's scandal is already all over the place. Don't play dumb anymore. However, don't blame me for not warning you. No matter how good your relationship is, you can't be soft on the Hong family. Otherwise, we won't let you off." Yue Qing couldn't bear to see the Yan clan's first elder stammering, and directly shouted.

"H-scandal? What kind of scandal could we have? I'm not even close to the first elder of the Hong family." Yan tribe's first elder argued, the cold sweat in his heart dripping down. F * ck! What the hell is this? Why would he have a scandal with that old thing? He really couldn't accept this!

"If we're not familiar with each other, we'll have a scandal. If we're familiar with each other, we'll definitely cause some trouble!" Yue Qing said with a look of disdain. She looked down on people like great elder Yan the most. He pretended that nothing had happened. He was really hypocritical to the extreme.

"Are we really fine? Miss Leng, please don't misunderstand me." The Yan clan's first elder said somewhat anxiously.

"Great elder Yan, what does it matter if we believe it or not? Now that this rumor is known to everyone, I'm afraid that the matter between the two of you can't be hidden anymore." Leng ruoxue reminded kindly.

"Miss Leng, I really have nothing to do with that old thing. I'll leave first to deal with this matter. Goodbye." After listening to Leng ruoxue's words, the Yan clan's first elder left liuxiang residence on his own accord without Leng ruoxue chasing him away.

After the Yan clan's head elder left, Yue Qing couldn't help but ask curiously, "Miss, do you believe that rumor?"

"It doesn't matter if we believe it or not. What's important is that this matter has been spread, and it may be made an issue by the Hong family." In reality, she suspected that the Hong family was behind all this. The Hong family's motive was to mess with the Yan family's thoughts. However, would the first elder of the Hong family joke around with his reputation? It seemed that if a person was forced into a corner, they could do anything!

"Then what should we do? Do we need to take precautions?" Yue Qing asked again.

"No need! We just have to do whatever we want." Leng ruoxue said nonchalantly. If this matter was really related to the Hong family, then their thinking was a little too simple.

The Yan clan's first elder left liuxiang residence and immediately gathered the elders he had met in the dining hall yesterday.

In the meeting hall, sitting in his seat, the Yan clan's first elder kept a straight face and silently looked at the few elders sitting opposite him.

.....

The Yan clan's elders felt their hair stand on end from the great elder's cold gaze, and they couldn't help but think to themselves, Wu ... What is the great Elder Planning to do? Did he call them over just to glare at them? Moreover, the great elder's gaze was so terrifying. It shouldn't be so frightening, okay?

After staring at them for a while, the Yan clan's first elder coldly said, ""Do you know why I called you here?"

"Great elder! If you have something to say, just say it. We really don't know why you've called us here!" An elder said in a low voice.

"Let me ask you, what did you do after you met me and the first elder of the Hong family in the dining hall yesterday?" Yan clan's first elder asked, suppressing his anger.

"We didn't do anything. Didn't we leave the dining room after that and leave it to you two?" An elder said in a soft voice. They had heard the rumors about their own great elder and that person from the Hong family today. When they heard about it, their first reaction was that things were bad! This time, the great elder was probably going to put the blame on them. As expected, the great elder quickly found them. Wu ... This really had nothing to do with them!

"You guys still dare to talk!" Yan tribe's first elder said angrily. As long as he thought of this, he would be filled with anger.

"First elder, this matter really has nothing to do with us. We don't know why such a rumor would appear either. Could it be that the Hong family intentionally spread it to disturb first elder's mood and make him unable to concentrate on the negotiations?" Another elder couldn't help but guess.

"Great elder, it's not impossible! Those despicable things from the Hong family are capable of doing anything." The elders said in unison. Although they had seen what had happened yesterday and were deeply suspicious of the relationship between their great elder and the great elder of the Hong family, they only thought about it in their hearts or gossiped in private. They absolutely did not dare to spread the matter because they were well aware of the seriousness of the matter. Naturally, they would not spread the matter about their great elder.

"The Hong family?" Yan tribe's first elder narrowed his eyes and coldly said.

"Yes, this matter is definitely the doing of the Hong clan. They're capable of anything. However, if they think that our Yan clan will let them off just because there's a scandal between their great elder and our Yan clan's great elder, then they're just daydreaming! The great elder! This time, we must make the Hong family bleed!" An elder suggested angrily.

"Right! We'll make the Hong family bleed!" The elders agreed.

"Where did this matter come from? immediately go and find out. I'll go find the Grand Elder of the Hong family." After Yan tribe's first elder finished speaking, he stood up and left the meeting room.

Taking large strides, he arrived at the guest courtyard where the Hong clan's group was staying, and the Yan clan's first elder directly walked in.

"Great elder Yan, why have you come? What's the matter?" Elder Shan, who was in the courtyard, saw the Yan clan's first elder's ugly expression and quickly came forward to greet him.

"What's wrong? Can't I come? Don't forget that your Hong family is here to negotiate with us. Today is the third day, so it's time for our two families to have a good talk." The Yan clan's first elder said unhappily. The meaning of his words was clearly saying that your Hong clan was not here to be guests at my Yan clan, and that business was more important!

"Uh! Our Grand Elder is still resting." Elder Shan said with an obsequious smile.

"It's already three poles high, why is he still resting? Quickly wake him up, I want to negotiate with your Hong family now." The Yan clan's first elder urged. That damned old thing, he had trapped him in his bed yesterday. Today, he would give him a taste of his own medicine! At the thought of this, he walked past elder Shan and headed straight for the first elder's room ...

Chapter 1372: Scandal (3)

Watching the back of the Yan clan's first elder, a Hong clan member whispered in elder Shan's ear, "Elder Shan, are we just going to let him in like this? Aren't we going to stop them?"

"What's there to stop? isn't this just the way to confirm the affair between the two of them? I want them to see for themselves how close the relationship between their Grand Elder and our Hong clan's Grand Elder is." Elder Shan said with a wicked smile.

"If first elder finds out, will he be angry?" The member of the Hong family asked fearfully.

"What are you afraid of? As long as you and I don't say anything, no one will know." Elder Shan reminded.

"Okay, then I'll get someone to go now." After the Hong family member finished speaking, he left the courtyard.

At this moment, the Yan clan's first elder directly pushed open the door to the Hong clan's first elder's room and walked in.

When he saw that the first elder of the Hong family was still lying on the bed, he went up and pushed the first elder, trying to wake him up. However, the first elder did not wake up.

"Why is this old thing sleeping so soundly?" Yan clan's first elder couldn't help but Mutter to himself. Then, he sat down on the chair beside the bed.

After a while.

The Hong clan's first elder opened his eyes in a daze. When he saw the Yan clan's first elder sitting not far away, he was shocked.

“Argh! What are you doing here?” The first elder of the Hong family said in surprise. However, his ‘ah’ was a little loud, so almost everyone in the courtyard heard it. Among them were not only people from the Hong family, but also some people from the Yan family who had been tricked by elder Shan into coming here in the name of losing something.

“Dammit! What do you think I’m doing here? Tell me, what good things have you done?” The Yan clan’s first elder was so embarrassed that he grabbed the Hong clan’s first elder’s collar tightly and questioned him angrily.

“What did I do?” The Hong family’s first elder had a face full of question marks. Last night, he didn’t sleep for almost the entire night and was thinking about the Hong family’s matters. When it was almost dawn, he finally fell asleep with great difficulty. When he woke up, he saw this unlikable fellow guarding by his bed. His mood became even more depressed. He did not want to see the Yan clan’s first elder now.

.....

“Don’t play dumb! Tell me, did you get someone to spread this?” The Yan clan’s first elder asked in a bad mood.

“What is it? Can’t you be more clear?” The first elder of the Hong family said impatiently.

“It’s a scandal between the two of us. The entire Yan family is spreading rumors of our ambiguous relationship.” The Yan clan’s first elder said very implicitly. He really could not say the word ‘adultery’! Just thinking about it made him feel nauseated.

“Hehe! How could there be any gossip between us! Are you still sleeping?” The first elder of the Hong family sneered.

“Of course I’ve woken up. Now, in the eyes of outsiders, the two of us are ... Are ... That! You understand!” The Yan clan’s first elder said in a depressed manner.

“I don’t understand! However, no matter what kind of scandal we have, it’s impossible. I’m not interested in an old man like you.” The first elder of the Hong family said straightforwardly.

“I’m not interested in you either, but there are rumors going around that we have a relationship. Tell me honestly, did you ask someone to spread it?” The Yan clan’s first elder said suspiciously.

“Do you think I’m stupid? What good would it do for me to order people to spread such a thing? Don’t tell me I don’t want my reputation anymore?” The first elder of the Hong family said speechlessly. He was really impressed by this guy’s imagination.

“It really wasn’t you?” Yan tribe’s first elder still did not believe it.

“If I’m the one who spread this news, I’ll die a horrible death! That’s enough!” The first elder of the Hong family said helplessly. After he finished speaking, a set of contract rules descended from the sky and enveloped the two of them. It was obvious that he had taken his words as an oath. Seeing this situation, he felt even more depressed. Wu ... He wasn’t making an oath, okay?

The Hong clan’s first elder was depressed, but the Yan clan’s first elder was happy, hehe! Since the other party had already made an oath, he would believe the first elder of the Hong family for the time being!

'However, it's best that I don't catch the person who spread the rumors. Otherwise, I won't let him off,' he thought.

"Are you satisfied now?" The first elder of the Hong family sighed and said helplessly.

"Yes." Yan tribe's first elder nodded, then said: ""Although you did not order someone to do this, this matter is definitely related to your Hong clan. Therefore, you must hand over the person who spread the rumors. Otherwise, I will not let this matter rest."

"How can you be so sure that it's our Hong family? Can't it be your Yan family that spread the news?" When the first elder of the Hong family heard this, he was instantly unhappy. Why were all the bad things done by the Hong family? In his opinion, the Yan clan was also a suspect.

"Why would our Yan family do such a thing? They're not that bored!" The Yan clan's first elder said with absolute certainty.

"You mean our Hong family is very boring? No one in our Hong family would do such a thing." The first elder of the Hong family retorted, unwilling to be outdone.

"Hmph! It's your Hong family's doing." The Yan clan's first elder roared.

"It's the Yan family who spread the news." The first elder of the Hong family shouted back.

Just like that, in order to protect their family's reputation, the two old men actually began to bicker like children. Furthermore, the more they talked, the more intense it became. In the end, the two of them even got into a fight ...

When the members of the Hong clan and Yan clan in the courtyard heard the loud noise coming from the room of the Hong clan's head elder, they were all extremely curious. When they thought of the rumor they had heard today, the fire of gossip in everyone's heart burned.

However, as the movements in the room grew louder and louder, they were all a little worried.

"Elder Shan, what are the two Grand elders doing? With such a huge commotion, could there be any deaths?" A member of the Hong family said worriedly when he heard the voice in the room.

"Second elder, what do you think?" Elder Shan did not reply to the clansmen's words. Instead, he turned his gaze to the second elder of the Yan clan, who was helping them find the lost item.

"Uh! If you're worried, you can go in and take a look!" The second elder of the Yan family hesitated. In fact, he was very afraid of seeing things that he shouldn't see inside. However, when he thought of what the great elder had said to them before, he was afraid that the two people inside would start a fight if they didn't agree! If something happened to the Hong family's first elder, he couldn't care less. However, if their own first elder suffered a loss, how depressed would they be?!

Chapter 1373: Scandal (4)

"In that case, let's go in and take a look!" Elder Shan said. He had spent so much effort, if he did not go in to take a look, wouldn't it be a waste of effort?

Thinking of this, he pulled the second elder of the Yan clan and led the clansmen of the two clans towards his great elder's room.

The door to the first elder's room was left ajar, but no one dared to push the door open immediately. Instead, they stood at the door and listened for a while. However, as the loud banging sounds in the room grew louder, they braced themselves and pushed the door open to enter.

However, after they entered, they were all stunned.

At this moment, the two first elders were entangled on the bed with their clothes in a mess. Some parts of their clothes were torn. The first elder of the Yan clan was on top of the first elder of the Hong clan, his hands firmly holding the first elder's hands. Their current appearance was as ambiguous as it could be. Anyone with a discerning eye could tell what they were planning to do with a single glance ...

Seeing this scene, everyone was speechless. Even some of the more timid ones were at a loss for what to do. Wu...Why did they have to see this? Would the two great elders kill them to silence them?

Elder Shan, who had deliberately wanted the Yan clan to see the ambiguous relationship between the two elders, was also dumbfounded when he saw this unexpected scene. He didn't expect that the actions of the two great elders in the room would be so shocking. He didn't expect that his great elder would be the bottom! This, this was really too unacceptable. No matter what, he had to suppress the Yan clan's first elder!

The people who entered the room had different thoughts at this time, but most of them were overthinking. The elders of the two families who were fighting on the bed obviously noticed that the situation was not right and quickly kept a certain distance from the other party. However, their actions made it seem like they were trying to hide something, which made people more suspicious.

"Dammit! Who let you in?" When the first elder of the Hong family saw so many people in his room, he couldn't help but roar in anger.

"Argh! The great elder! I'm sorry! We came in because we heard the noise. You've made too much noise and we were afraid that something might have happened to you." Elder Shan quickly explained when he saw the unfriendly expression on his first elder's face. His heart was trembling with fear.

"So, it's our fault?" The first elder of the Hong family said in an unpleasant tone.

"Uh! It wasn't! It wasn't! It's our fault! You guys continue." With that, elder Shan gave the people around him a look and they immediately left the first elder's room.

After they went out, the Hong family members, led by elder Shan, couldn't help but wipe the cold sweat on their foreheads. Their little hearts were also trembling non-stop. Sob ... It was really too dangerous!

.....

"Second elder Yan, uh! Thank you for helping us find the things. I think we should stop here for today! We'll look for it ourselves tomorrow, so we won't trouble you." Elder Shan looked at the second elder of the Yan clan and said.

"Okay, then we'll take our leave first." After the second elder finished speaking, he immediately took the head and left without looking back.

After the Yan family left, elder Shan said to the Hong family, "You guys can also leave!"

"Yes." The Hong family members said. Then, they scattered.

"Elder Shan, it seems that our plan is quite successful!" Seeing that there were only the two of them left, the Hong clan member softly asked.

"Shut up! You can't let anyone know about this. You have to keep it to yourself, or else the Grand Elder won't let us off." Elder Shan warned with wide eyes.

"Elder Shan, don't worry. I won't say anything." The Clansman promised and left in a hurry.

After they had left, the two great elders Hong and Yan tidied up their clothes and walked out of the room. However, their expressions were not very good.

"Let's talk in the living room!" Yan tribe's first elder suppressed his anger and cursed in his heart. Why did he start fighting with the old thing? Moreover, they were seen by so many people. Now, even if they had a mouth, they would not be able to explain themselves.

"Yes." The first elder of the Hong clan nodded and followed the first elder of the Yan clan to the living room.

After the two of them sat down, neither of them spoke first.

After a long time.

The first elder of the Hong family, who had been silent all this while, finally couldn't help but speak up. "What will it take for the Yan clan to release the Hong clan? state your conditions!"

"Hehe! When did first elder Hong become so open? It's not easy to hear such words from you!" The Yan clan's first elder said with a smile.

"Old man, do you want to talk or not?" The first elder of the Hong family said in an extremely depressed manner.

"Of course we have to. Furthermore, we've already prepared a list of compensation. As long as your Hong family is prepared according to the list, I can return all the Hong family members to you." The Yan clan's first elder said with a faint smile. He also guaranteed that when the Hong clan's first elder saw the list, he would definitely be so angry that he would vomit blood.

"Only this?" The Hong family's first elder asked in disbelief. This didn't seem to be what he had imagined. Why didn't the Yan clan treat their clan head's injuries as one of their conditions? This was really too unusual? Originally, he thought that he could use this condition to threaten the Yan clan to release the Hong clan members. But who knew that they didn't even mention this at all.

When he thought of this, he felt a little uneasy.

"Yes." Yan tribe's first elder nodded, but he sneered in his heart, hehe! Are you surprised by our conditions? It was simply a dream to use the family head as a hostage.

"Where's the list?" The first elder of the Hong family suppressed the shock and dissatisfaction in his heart as he extended his hand to ask for more.

“Here you go,” The Yan clan’s first elder took out two thin pieces of paper from his storage ring and handed them over.

The first elder of the Hong family took it and glanced at it. His eyes widened in disbelief, “You guys are really demanding an exorbitant price! Do you think I’ll give it to you?”

“It’s up to you whether to give it to me or not. However, if you don’t pay the compensation in full, I won’t hand the Hong family over to you either. So many Hong family members are going to die Here. Can you bear to do that?” The Yan clan’s first elder warned with extreme caution.

Chapter 1374: Scandal (5)

“Hmph! What’s there for me to be reluctant about? the Hong family doesn’t lack people.” The first elder of the Hong family pretended to be nonchalant.

“If that’s the case, then I have nothing more to say.” After saying that, the Yan clan’s first elder stood up and walked out of the hall. However, he had only taken two steps when he was stopped by the Hong clan’s first elder.

“Wait, is there no room for discussion?” The first elder of the Hong family asked helplessly. To be honest, the compensation that the Yan family wanted was beyond his expectations. He really couldn’t bear to part with it! However, the Hong family couldn’t just ignore it. After all, most of the people who came with the family head were the elites of the Hong family. It wasn’t easy to train these people! Moreover, if he really didn’t care about the Hong family members, the main family would blame him if they found out.

“First elder Hong, our Yan clan isn’t the only one who wants this compensation. Your Hong clan has also done some other things and offended others. Furthermore, these people have done a favor for our Yan clan. They want us to help them ask for compensation. We can’t just ignore it!” The Yan clan’s first elder said with a difficult expression. In other words, there was no room for discussion on this matter.

“What else did they do?” The first elder of the Hong family quickly asked after hearing this.

“You’d better go and ask your Hong family. I really can’t explain this matter clearly. How about I accompany you to the prison again?” The Yan clan’s first elder suggested. Although he said this, in his heart, he absolutely did not want this old man to go to the prison again. Yesterday, he went to the prison and wasted a day without any negotiations. Therefore, he must make this matter come true today.

“No need. You just need to tell me who the other person is.” The first elder of the Hong family sighed and said helplessly. He did not want to go to the prison again.

“I’m sorry, I can’t tell you. Elder Hong, come find me after you’ve thought it through and are willing to compensate! However, don’t make me wait too long!” After Yan clan’s first elder finished speaking, he turned and left the drawing room.

After the Yan clan’s first elder left, the Hong clan’s first elder sat alone in his chair, occasionally looking at the list in his hand, feeling pained.

During this period, he called elder Shan over and ordered him to make a trip to the prison to find out everything. After all, they were all in Hong city and did not know what had happened, let alone who they had provoked.

Just as the first elder of the Hong family was deep in thought, elder Shan, who had understood the situation, finally returned.

“Great elder, I’ve asked clearly. The clan head and the elders once wanted to kill a woman and a team that discovered Hong Lian’s scandal. It was also them who helped the Yan clan and captured our Hong clan. Otherwise, our Hong clan would not have fallen into the hands of the Yan clan.” Elder Shan revealed everything he knew in anger.

“Where are those people staying now?” The first elder of the Hong family asked after hearing what elder Wan said.

.....

“I don’t know, but I heard that there seems to be a group of people living in liuxiang residence. I don’t know if they are the people that fifth elder and the others mentioned.” Elder Shan said after some thought.

“Oh! Go and find out more.” The first elder of the Hong family instructed.

“Yes.” Elder Shan responded and turned to leave.

Not long after, elder Shan walked into the living room again and said loudly, “Great elder, I’ve asked around. The person who lives in liuxiang residence is indeed the person that the master and the elders once wanted to kill.”

“I know, you may leave!” The Hong clan’s head elder said softly, but he was extremely puzzled in his heart. Since the Hong clan wanted to kill him, why didn’t they kill him earlier? they even let him help the Yan clan. Sigh! What a bunch of useless trash! At the thought of this, he stood up and walked out.

With elder Shan in tow, the two of them arrived at liuxiang residence.

As soon as they entered the courtyard, the two saw a few men and women in their early twenties with extremely outstanding looks sitting on the stone chairs. At this time, they were gathered together and chatting. When they saw the uninvited guests, they did not show much emotion, not even the slightest surprise, as if they were just passers-by.

Seeing the other party’s calmness, the Hong family’s first elder secretly praised him. Why didn’t the Hong family have such an outstanding person! Although these people didn’t seem to be very powerful, one could tell from their appearance that they were all smart people.

“Hehe! Hello, everyone! I’m the first elder of the Hong family. Please forgive me for my presumptuous visit.” The first elder of the Hong family greeted him very politely.

“First elder Hong, what’s the matter?” Zi Yu asked with a faint smile.

“We, we are here to apologize. Before this, the Hong family has offended you many times. We hope that you will not hold it against them and forgive them this time!” The Hong family’s first elder said with an

apologetic smile. Originally, according to his character, he would never lower his voice to anyone. However, now that he had a favor to ask of someone, he could not put on airs. Hence, his attitude was extremely good.

Zi Yu and the others looked at each other and looked at the first elder of the Hong family as if they were watching a joke. Then, Zi Yu spoke on behalf of the others, "First elder Hong, as long as you pay us the compensation, we will naturally let this matter go."

"Hey! Don't refuse a toast only to drink a forfeit. You should feel honored that our great elder is willing to come and apologize in person, yet you still dare to make so many requests. You really don't know what you're talking about." Before the first elder of the Hong family could reply, elder Shan, who was beside him, jumped out and roared impatiently.

"Is this how first elder Hong apologizes?" Zi Yu rolled her eyes at elder Shan, who had just spoken, and said in a cold tone.

"Elder Shan, shut up! Don't talk nonsense!" The first elder of the Hong family reprimanded.

"Great elder! When has our Hong family ever taken other people's faces into consideration! These people clearly don't have any respect for our Hong family! Let me teach them a good lesson!" After elder Shan finished speaking, he directly released a light blue water attribute divine skill at Zi Yu and began to fight.

Seeing this, Zi Yu smiled coldly. With a slight wave of his hand, the divine power that was flying towards him in the air fell to the ground.

"How is this possible?" Elder Shan's face was filled with disbelief when he saw that his divine skill had been knocked away. The first elder of the Hong family beside him was even more furious. Who asked him to attack this incompetent and useless thing? Fortunately, he didn't hurt the other party.

However, the pressure that Zi Yu released after that made even his heart tremble. This kind of strength clearly did not belong to the divine mainland. He immediately concluded that the other party was someone from the divine world who had concealed his strength, so he was even more careful.

Then, a crisp 'pa' sound was heard. Elder Shan was slapped on the face. The force of the slap was so strong that it knocked him to the ground. Elder Shan, who was dazed, could not react at all except to sit on the ground in a daze.

After that, the first elder of the Hong family said to Zi Yu and the others apologetically, "Everyone, I'm sorry. Elder Shan's mind is a bit unclear, I hope you don't take it to heart."

"First elder Hong, you first hoped that we wouldn't be calculative with the Hong family, and now you're telling us not to stoop to this elder's level. Why did you say all these things?" Yue Qing sneered and then continued, "It's fine if you don't want us to haggle over it. As long as you pay the compensation we want, the debt between us will be settled. Otherwise, I can't guarantee the fate of the Hong family members who are locked up in the prison."

"This ..." The first elder of the Hong family didn't expect that the other party would not give him any face. However, in fear of Zi Yu's pressure, he didn't dare to say anything to annoy the other party. He

only secretly hated his own family's poor judgment. Of all the people they could provoke, why did they have to provoke such a difficult enemy! Wasn't this forcing the Hong family to a dead end?

"First elder Hong, you can go back now." Zi Yu laughed and asked him to leave.

"Then we'll take our leave first." The first elder of the Hong family said helplessly after a long silence. Then, he helped elder Shan, who had been sitting on the ground in a daze, up and left liuxiang residence with a depressed heart ...

Chapter 1375: Sneak away (1)

After the Hong clan's great elder left, he locked himself in his room for a few days and did not come out. The Yan clan's great elder had sent people to invite him many times, and he had personally gone to look for him. However, he had always been blocked by the Hong clan's people, saying that the great elder was considering something. This could not help but make the Yan clan's great elder, who had returned empty-handed, feel quite depressed.

Not only that, the scandal between him and the first elder of the Hong family had been spreading more and more fiercely these few days. There were even people who said that the first elder of the Hong family was the one who suffered. Although such rumors gave him a headache, his mood was much better when he heard someone describe the old man of the Hong family as a submissive. However, it wasn't good for the old man to keep avoiding him, right? Could it be that he had to continue to provide for the Hong family in vain? Thinking of this, he sent a guard to pass on his order.

From now on, the Hong family was cut off from food. After all, the two families weren't friends now, and they had lived here for so long. Therefore, they wouldn't be entertained. If they wanted to eat, they could buy it with their own money, cook it themselves, or get the ingredients to be cooked by the kitchen.

When the Hong family members heard this news, their noses almost went crooked from anger. What the hell is this? Why were the Yan family members becoming more and more stingy? In the past, when they had a good relationship with the Yan family, they wouldn't say anything even if they stayed for a year or so. But now, they had only stayed for a few days, and they were already complaining that they were idle. This was really too much.

Following that, the Hong clan's elder Shan led the team to find the Yan clan's first elder to reason with him.

"Great elder Yan, what do you mean by this? They actually cut off our food? How could you do such a thing?" Elder Shan roared angrily.

"What's wrong? Is there a problem?" The Yan clan's first elder sat on a chair and sipped his tea, his tone extremely cold as he asked. He did not even lift his eyelids.

"Of course there's a problem. You're a guest, and the Yan clan should treat you well. How can you let us prepare our own food? Could it be that your Yan clan is so poor that you don't even have the money to prepare food for us?" Elder Shan's face was flushed red as he questioned loudly.

“Yup! You also know that our family head was injured by your great elder. In order to treat our family head’s injury, we have spent a lot of money, and you have been eating and living for so many days. We really can’t afford to feed you. However, considering the friendship between our two families, I can continue to provide you with the accommodation for free and won’t charge you money, but you have to find a way for the food yourself.” The Yan clan’s first elder said with a difficult expression.

“Yup! Elder Shan, the members of our Yan clan have been eating without a next meal, AI! We’re all waiting for your Hong family’s compensation to buy rice to cook!” An elder immediately chimed in and even exaggeratedly wiped his eyes.

In order to cooperate with his words, all the elders present sighed and looked worried.

“You ...” Seeing the Yan family’s behavior, elder Shan was so angry that he couldn’t speak.

Seeing elder Shan’s face turn from white to red, and then from red to black, Yan tribe’s first elder laughed in his heart, but he still said with a serious face: “Elder Shan, if you’re afraid of trouble, you can also pay us for your food. We’ll be able to prepare food for you every day like before.”

.....

“No need to worry! We will prepare our own food!” Elder Shan said in an unpleasant tone. After he finished speaking, he turned around and left angrily.

Looking at the back view of the Hong family, the Yan family’s first elder and the others couldn’t help but laugh.

“Second elder, send someone to keep an eye on them. Report to me immediately if there’s any sign of trouble.” The Yan clan’s first elder instructed, and after he finished speaking, he stood up and left.

Three days later.

The first elder of the Hong family, who had been hiding in his room, finally came out.

Moreover, as soon as he came out, the Yan clan’s first elder’s men immediately arrived.

Looking at the haggard face of the first elder of the Hong family, the first elder of the Yan family chuckled and said, “First elder Hong, what’s wrong? I haven’t seen you for a few days, how did you become so dispirited?”

“When did I? You’re wrong.” The first elder of the Hong family suppressed his anger and said in a low voice. Seeing this guy as soon as he left the room, his mood became even worse. Moreover, elder Shan, who originally wanted to complain to him, didn’t have the chance to speak. He could only keep winking at him.

“Hehe! That’s not important. I’m just here to ask if first elder Hong has considered it? It’s been so many days, I’m getting impatient.” The Yan clan’s first elder said with a sincere expression.

“Great elder Yan, you’ve asked for so many things at once. You should at least let me think about it!” The first elder of the Hong family, who was also a little impatient, said in a bad mood.

“First elder Hong, you have to think about it carefully. Once you’ve thought it through, you’ll have to spend time preparing these things. I want to ask, when will the compensation we want be delivered to us?” The Yan clan’s first elder frowned and asked curiously.

“We’re not in a hurry, so why are you?” Elder Shan couldn’t help but roar when he heard the Yan clan’s first elder’s words.

“You are in debt, of course you are not in a hurry! But we’re anxious! Also, don’t forget that there are still many people from your Hong family locked up in prison! Don’t they need to eat every day? The longer we delay, the more our Yan clan will have to pay. So, if you don’t pay the compensation quickly, and they starve to death in prison, don’t blame me.” The Yan clan’s first elder indifferently reminded.

“What’s the meaning of this?” The first elder of the Hong family quickly asked when he heard that something was wrong.

“What I mean is, if you don’t pay the compensation quickly, our Yan family won’t be able to afford their meals.” The Yan clan’s first elder said with an evil smile. In fact, from the day he cut off the food for elder Shan and the others, he had also ordered that the Hong clan members in the prison cell would only be given one meal a day. He felt that he had already done his best. After all, they were enemies!

“You ...” The first elder of the Hong clan, whose face was flushed red, was a little angry after hearing the first elder of the Yan clan’s words. However, he couldn’t say anything, nor was he in any position to criticize him. After all, the relationship between the two clans was no longer the same as before.

“First elder Hong, quickly make your decision! It’s not good for us to drag this on.” Yan tribe’s first elder urged.

“Good! Since you’ve said so, I have something to say as well.” The first elder of the Hong family said.

Chapter 1376: Sneak away (2)

“What do you have to say?” The Yan clan’s first elder, whose face was filled with question marks, couldn’t help but ask.

“The compensation you want is too much. I want to change it.” The first elder of the Hong family suggested.

“I’m sorry, I can’t change it! I’ve said it before, that’s not the compensation that our family is asking for.” Yan tribe’s first elder’s face was filled with stubbornness, and there was no room for discussion.

“Let me finish!” The first elder of the Hong family roared.

“Alright! Then tell me!” Yan tribe’s first elder was extremely helpless. Hmph! He wanted to see what this old thing had to say.

“I request that the compensation be reduced by half ...” The first elder of the Hong clan had just started to speak when he was interrupted by the first elder of the Yan clan.

“No! Not a single cent less.” The Yan clan’s first elder didn’t give first elder Hong a chance to continue speaking and said straightforwardly. What a joke, not all of those things were what the Yan clan wanted. If he reduced it by half, wouldn’t the Yan clan have to bleed a lot again? According to his original intention, he wanted the Hong family to help them share the burden of the compensation! Hence, the Hong family had to pay the full amount.

“Let me finish!” The first elder of the Hong family couldn’t take it anymore and shouted at the top of his voice. Then, he continued, “What I mean is, we’ll only pay half of the compensation. In addition, I’ll be responsible for treating your family head’s injuries. That should be fine, right?” This was a compromise that he had thought about for a few days. He knew that if he only said that he would cure master Yan’s injury and did not mention any compensation, the Yan family would definitely not agree. Therefore, they would have to pay the blood, and now it was only a matter of how much.

“First elder Hong, the compensation we ask for can not be any less.” Yan clan’s first elder said with a faint smile, Hmph! Sure enough, as he thought, this old thing actually used the family head’s illness as a threat. If the family head’s injury had not been cured long ago, he would have agreed to the Hong family’s request even if he was not willing.

“You ... You don’t want to treat your master’s injuries?” After hearing the Yan clan’s first elder’s words, the Hong clan’s first elder’s face was filled with disbelief. According to the news he had received, the Yan clan had put in a lot of effort and racked their brains for the sake of their clan head’s injuries. Now that he had taken the initiative to offer treatment, they would rather compensate him than accept his conditions. This made him a little at a loss.

He had thought about it for a few days before coming up with this compromise. He thought it was almost certain, but he didn’t expect the other party to reject it. This made him a little confused and didn’t know what to do.

Seeing the stunned look on the Hong clan’s first elder’s face, the Yan clan’s first elder felt extremely happy, hehe! The feeling of not being threatened by others was really good because their Yan clan had suffered quite a bit from the Hong clan recently. Therefore, seeing the Hong clan’s first elder being suppressed, he felt extremely pleased in his heart.

“First elder Hong, I actually wanted to say that we will think of a way to treat our patriarch’s injuries ourselves, so there’s no need for first elder to worry. You just need to prepare the compensation we need. You can’t miss a single thing! Of course, you can also choose to give up on these elites of the Hong family.” Yan tribe’s first elder deliberately provoked.

.....

From the Hong family’s hesitant attitude, he knew that the Hong family had no intention of giving up on these people. It wasn’t hard to understand. Eight percent of the people that the Hong family’s head had brought were elites. If the Hong family decided to give up on these people, the Hong family would never be able to stand on the godly mainland. This was not a blow that the Hong family could take.

“Great elder Yan, I know that our Hong family has offended you many times recently, but our two families have been friends for so many years. Can’t you be magnanimous and let us off?” The first elder of the Hong family played the emotional card again.

“First elder Hong, did your Hong family not consider the many years of friendship between our two families when you were doing these things? Do you think it’s useful to say this now?” The Yan clan’s first elder said with a look of disdain. Hmph! This was the way the Hong family dealt with people. They had two completely different attitudes towards others and themselves. If others did not do what they liked, it was the other person’s fault. However, even if they did something that everyone pointed fingers at, they would still think that they could be forgiven. How could there be such a good thing in the world! It was simply nonsense!

“This ... Isn’t it all because of the marriage of the next generation! The children are insensible, do we really have to argue with them?” The Hong clan’s first elder’s face was completely red as he stammered. Of course, he knew that his clan was in the wrong. However, at this moment, he would rather die than admit it. Otherwise, their Hong clan would forever be controlled by the Yan clan.

“Are kids that easy to use as excuses? If a child of the Yan clan were to kill the head of your Hong clan, can we also say that the child is insensible and ask you to not hold it against him?” Yan tribe’s first elder raised his eyes and asked indifferently.

“Uh!” The first elder of the Hong family did not expect the other party to use his own words to shut him up. He was at a loss for words.

“First elder Hong, we’re not fools. It’s better to be straightforward. Don’t use this to bully others.” The Yan clan’s first elder warned very seriously.

“You’re really not willing to let our Hong family off the hook?” The first elder of the Hong family asked, unwilling to give up.

“First elder Hong, let me put it this way! Even if we agree, I won’t be able to explain it to the others. Moreover, they’ve done a favor for our Yan clan. I can’t possibly be ungrateful!” The Yan clan first elder tactfully refused.

“Hmph! A favor? What favor? I only helped you when our two families were killing each other. Besides, as far as I know, you should have some enmity with each other! Isn’t your Ling ‘er still in their hands? Since you can bury the hatchet, why can’t our two families do the same?” The Hong clan’s first elder gritted his teeth. The reason why he said this was to remind the Yan clan’s first elder that the other party was not friends with them.

“First elder Hong, this is different. Our Yan family was in the wrong first. If he is willing to forgive us, we have no reason not to agree. As for Ling ‘er, she only has herself to blame. Even if she dies in the hands of the other party, she can’t blame anyone else. Moreover, you have also seen the other party’s strength!” The Yan clan’s first elder nonchalantly said.

Chapter 1377: Sneak away (3)

“Could it be that you’re afraid of the other party’s strength?” The first elder of the Hong clan was surprised. Although the other party was most likely from the divine realm, it was not as if the two clans did not have any backers in the divine realm. He could not understand why the Yan clan would be afraid of the other party’s strength.

“Of course not. I’ve said it before. We owe them a debt of gratitude.” The Yan clan’s first elder said in a light voice.

“What kind of favor?” The first elder of the Hong family asked, unwilling to give up.

“Please forgive me for not being able to comment. First elder Hong, we only need to talk about the compensation. You don’t need to worry about anything else.” The Yan clan’s first elder did not want to talk about this issue anymore, so he directly said.

“As for compensation ...” The first elder of the Hong family had only said a few words before he was interrupted again.

“Not a single cent less.” The Yan clan’s first elder reminded with a smile. He was in a good mood.

“Great elder Yan, don’t push me too far. If you push me too far, I’ll invite the people from the main family of the divine world. Let’s see what you’ll do then.” Seeing that the soft approach didn’t work, the Hong family’s first elder could only use the hard approach.

“Hehe! Is first elder Hong threatening me? I’m so scared!” Yan tribe’s first elder pretended to be afraid and then snorted, “Hmph! You know to ask the main family to support you, but do you think I don’t know? Originally, I didn’t want to alarm the main family, but if you want the main family to know that we’ve caused such a ruckus, then you can go ahead and invite them. ”

Although the Yan clan had a main family in the divine world, the main family was still the main family. Other than the fact that they had to hand over a certain amount of items to the main family every hundred years in exchange for resources that were not available on the divine continent, they were basically self-sufficient. If they provoked a strong enemy, not only would the main family not stand up for them, but they might even abandon them. This was one of the main reasons why they were kind to others and were unwilling to make enemies.

Although the great elder of the Hong family had used the main family in the divine realm to threaten them, he believed that the Hong family in the divine realm would not easily meddle in the affairs of their branches. Unless there were enough benefits, the people of the main family might still be willing to stand up for them. However, the appetites of the people of the main family would definitely not be less than them. Therefore, he believed that as long as the great elder of the Hong family was not stupid, he would not be willing to disturb the main family.

The truth was just as the Yan clan’s first elder had expected. The Hong clan’s first elder was indeed unwilling to alert the main clan because of this matter. The reason he had brought the main clan out was just to scare the other party. However, the Yan clan’s first elder did not fall for it! This made him extremely depressed.

Seeing that the Hong clan’s first elder was silent for a long time, the Yan clan’s first elder slowly opened his mouth and said, “First elder Hong, I know that you feel that we’re asking for too much and that your heart is aching! However, you didn’t even think about it. If we take these things away, the debt between us will be settled. In the future, as long as your Hong clan doesn’t take the initiative to provoke us, our Yan clan will naturally not provoke you. ”

“But if you let the main family know about this, the benefits of them standing up for you will not be less than the compensation we want. Moreover, can you guarantee that they will be satisfied just once?”

“The main family’s appetites are much bigger than ours. This time, in order to treat the family head’s injury, I don’t know how many good things I’ve sent to the main family. Until now, there has been no news from the main family. If I’m not wrong, I’m afraid that all the things I’ve sent have gone to waste. Do you want to be like me?”

.....

“I think it’s better for us to solve this matter ourselves. Our Yan family spent a lot of money to treat master’s injury, and you were the one who caused it, so you can’t deny the compensation. If you think that it’s not a loss to invite the main family to deal with us, then I have nothing to say. Goodbye! If you’ve made up your mind, then come and find me!” The Yan clan’s first elder said earnestly, and then left without looking back.

Looking at Yan clan’s first elder’s back, and then at the silent first elder, elder Shan couldn’t help but say, “First elder, what do we do now?”

“Elder Shan, what’s your opinion?” The first elder of the Hong family had no one to discuss with, so he asked elder Shan.

Elder Shan was extremely excited when he heard first elder’s question. The great elder actually asked for his opinion. This was really like the sun rising from the West. One should know that in the eyes of the Hong family’s master and the elders, he was a brainless person. Therefore, they would not discuss anything important with him. However, he did not expect that the great elder, who had always looked down on him, would actually ask for his opinion. He was so excited that he was speechless.

“Elder Shan, what’s your opinion?” Seeing that elder Shan’s face had turned red and he did not speak for a long time, the great elder could not help but repeat loudly. In his heart, he was scolding him. What a shameful thing. He asked him for his opinion but he could not say a word for a long time. He was very angry, so he naturally did not think that elder Shan was so excited that he could not speak.

“Argh! The great elder! You should ask for my opinion!” Elder Shan, who had finally reacted, said in a daze.

“Nonsense, I’m asking you, of course!” The first elder of the Hong family said in an unpleasant tone.

“Great elder! I feel that the old man from the Yan clan’s words aren’t without reason. The main clan is indeed a bottomless hole that can’t be filled. Unless you decide not to care about the life and death of the clan head and the others, we can’t not pay this compensation! First elder, money is just a worldly possession. As long as the family head and the others are safe and sound, what’s the big deal with losing some money? After a hundred years or so, our Hong family will be able to recover its strength. However, if we really invite the main family, I really don’t dare to imagine what kind of consequences that would be. Of course, if you are like the family head and have the intention of destroying the Yan family, then please ask the main family to send someone over!” Elder Shan thought for a moment before speaking in a very serious manner.

His words made the first elder of Hong family, who had always looked down on him, cast a sidelong glance at him. Suddenly, the first elder looked at elder Shan in a different way, because he had never dreamed that elder Shan could say such philosophical words. It was really beyond his expectation.

Seeing that the great elder had not spoken for a long time and only stared at him, elder Shan was a little afraid. Did he say something wrong, so the great elder was a little angry? Sob ... He was just spouting nonsense.

At the thought of this, elder Shan pulled a long face and said with some fear, "Great elder, don't be angry. I'm just talking nonsense. Just treat it as my words are farts."

Chapter 1378: Sneak away (4)

"Nonsense? How could this be considered nonsense? Elder Shan! You're right, Ai! If the head of the family could think like you, our relationship with the Hong family wouldn't be in this state!" The first elder of the Hong family sighed. However, his praise was like a bolt of lightning to elder Shan, who was struck dumb.

Seeing that elder Shan had once again fallen into a daze, the first elder of the Hong family helplessly shook his head and turned to leave. Elder Shan remained standing in his original spot in a daze, muttering to himself, "First elder actually praised me. Wu...I'm so happy!"

At this moment, the Yan family's first elder, who had left the guest courtyard where the Hong family lived, came to liuxiang residence with a pounding heart.

The moment he entered the courtyard, he saw Leng ruoxue and the rest sitting there. When she saw him, Leng ruoxue smiled and asked, "Why is Yan tribe's first elder here?"

"Miss Leng, I have something to discuss with you." The Yan clan's first elder said with some difficulty. Then, he repeated the conversation he had with the Hong clan's first elder to Leng ruoxue and the rest.

Leng ruoxue was silent for a moment before she slowly opened her mouth, "What is the status of the Hong clan in the divine realm?"

"Although the Hong clan can not be considered as a top-notch clan in the divine realm, it is still a first-rate clan. Its strength is slightly stronger than the main clan of our Yan clan." The Yan clan's first elder explained.

"Isn't the Yan clan a dark clan? The strength on the surface might not be comparable to the Hong family, but if you add the strength in the dark, it should not be inferior to the Hong family!" Leng ruoxue asked with a smile.

"Uh! How does miss Leng know that our Yan clan is a dark clan?" The Yan clan's first elder's face was filled with surprise. It seemed that this person already knew the Yan clan's background like the back of his hand!

In reality, he was overthinking things. Other than knowing that the Yan family was a dark family, Leng ruoxue didn't know much about the Yan family's situation. However, Leng ruoxue naturally wouldn't tell him the truth. She only smiled and said, "I naturally have my own channels."

“Uh!” The Yan clan’s first elder understood that Leng ruoxue had no intention of telling him. Hence, he tactfully did not pursue the matter.

“Young lady Leng, if the Hong family really found someone from the main family, how should we deal with them?” The Yan clan’s first elder added. Instead of seeking help from the main clan, he would rather seek help from Leng ruoxue and the others. From his point of view, Leng ruoxue was much easier to talk to than the main clan. Furthermore, they were allies on the same vine.

“We’ll deal with whatever comes our way. Even if the Hong family managed to get the help of the main family, the main family might not send too many experts. Furthermore, the people from the divine world can only display the strength of a high level deity on the divine mainland. What are you afraid of?” Leng ruoxue said disapprovingly.

.....

“Uh! That may be the case, but even if the people of the divine realm can only display the strength of a high level deity, they are still not someone we can deal with. They don’t even need to make a move, just a pressure from them is enough to make us unable to withstand it. ” The Yan clan’s first elder couldn’t help but ask.

“First elder Hong won’t ask their main family to do it, so you can rest assured!” After Leng ruoxue heard the Yan clan’s first elder’s words, she laughed indifferently. That old man was quite shrewd! If he knew what was best for him, why would he do such a stupid thing?

“Uh! Since miss Leng is so confident, then I can rest assured. ” Yan clan’s first elder said. After he finished speaking, he exchanged pleasantries with Leng ruoxue and the rest for a while before he stood up and bade farewell.

After the Yan clan’s first elder left, Yue Qing looked at Leng ruoxue and asked curiously, “Miss, the Hong family really won’t ask their main family to make a move?”

“The first elder of the Hong clan will definitely not be invited. As for the others, it’s hard to say. However, after the Hong clan has compensated the Yan clan with the items they requested, I’m afraid that the Hong clan won’t have the chance to ask the main clan for help.” Leng ruoxue said. During the few days she had stayed at the Hong family, she had basically asked green vessel to find out what good things the Hong family had. Otherwise, she would not have written such a list. It was obvious that she wanted to extort the Hong family.

“Oh! Hehe! Even if the Hong family has invited the main family, we’re not afraid. It’s a good opportunity to exercise. ” Yue Qing said with a smirk.

“Mm! We just need to wait and see. ” Leng ruoxue nodded.

The next day.

The Hong clan’s first elder personally went to find the Yan clan’s first elder and said that he was willing to compensate according to the list. However, it would take a few days before the items could be delivered to the Yan clan.

The first elder of the Yan family expressed his understanding after hearing this. However, he also made it clear that the Hong family would return to the Zhao family in one piece when the Hong family had prepared everything.

Three days later.

The Hong family had finally prepared all the things they wanted to compensate.

In the living room of the Yan residence.

The Yan clan's first elder was extremely pleased to see the Hong clan's first elder hand over the storage ring to him with a pained expression. However, as the saying goes, "Blood Brothers settle accounts clearly". Therefore, he still had to compare the contents of the list one by one.

Seeing that the first elder of the Yan clan was actually checking them one by one, the mouths of the Hong clan members twitched. Many of them were cursing in their hearts. Was there a need to check so carefully? Could it be that their Hong family would lack something from them?

After a long time.

The Yan clan's first elder finally finished his inspection, and he beamed at the Hong clan's first elder. "Yes, yes, everything is not missing."

"Since there's nothing wrong with the item, then let him go!" The first elder of the Hong family twitched his mouth and said helplessly.

"Second elder, go to the prison and get him!" The Yan clan's first elder nodded and instructed the second elder sitting beside him.

"Alright," he said. The second elder of the Yan clan nodded and then left the living room.

Not long after, the second elder of the Yan clan brought in the locked-up master of the Hong clan and the others.

Everyone from the Hong family was excited when they saw their first elder. The master of the Hong family was about to say something to the first elder, but the first elder didn't even look at him. He stood up and ordered elder Shan to take the master and the others away.

However, before he could leave, he was stopped by the Yan clan's first elder.

"What else do you have to say?" The first elder of the Hong family said in an unpleasant tone.

"First elder Hong, calm down! I know you're not in a good mood, but there's something I think you should know." The Yan clan's first elder said indifferently.

Chapter 1379: Sneak away (5)

"What is it?" The first elder of the Hong family was puzzled. Hadn't he already paid the compensation? What else is there?

"It's about the scandal between the two of us." The Yan clan's first elder calmly said.

“Didn’t I say that this has nothing to do with me?” The first elder of the Hong family roared in anger. F * ck, why did he want to blame everything on him?

“It’s not related to you, but it’s related to your Hong family. ” The Yan clan’s first elder said with a smile that was not a smile. His gaze then drifted over to elder Shan, who was standing beside the Hong clan’s first elder.

Originally, when he heard the Yan clan’s first elder’s words, elder Shan’s heart was already beating with fear. Now that he received the other party’s gaze, his heart began to beat irregularly and madly. Wuu ... Wasn’t the matter already resolved? The Yan clan had also gotten what they wanted, so why did they still mention this matter? He did it on purpose! That old man from the Yan clan was definitely doing this on purpose! He couldn’t help but curse in his heart, and subconsciously lowered his head.

“Who is it related to?” The first elder of the Hong family said angrily. He dared to say that he was the submissive, he really didn’t want to live. If he knew who this person was, he would definitely skin him alive! He thought to himself with hatred.

“This person is far away but right in front of you. He’s elder Shan, who’s beside you,” The Yan clan’s first elder said with a kind smile.

“It’s you!” After hearing the Yan clan’s first elder’s words, the Hong clan’s first elder turned to glare at elder Shan and questioned angrily,”F * ck!” He did not expect that the person who claimed to be the receiver would be elder Shan. Initially, he had a slight change of opinion of elder Shan. However, because of this, elder Shan’s opinion of him had returned to its original state.

“Great elder, I ... I’m innocent.” Elder Shan said with a pitiful and bitter face.

“First elder Hong, you only need to ask elder Shan’s trusted aide and you’ll know if he’s innocent or not.” Yan tribe’s first elder suggested, and his words made elder Shan gnash his teeth in hatred.

“Hmph! I’ll settle the score with you when we get back!” The first elder of the Hong clan angrily said. After he finished speaking, he left the Yan residence’s living room without looking back and directly walked out of the courtyard ...

“First elder, listen to me!” Elder Shan chased after him with a look of fear.

Seeing this! The other members of the Hong family quickly followed! They didn’t want to come to the Yan residence anymore.

.....

After the Hong family left, the second elder of the Yan family looked at his first elder with a puzzled expression and said,””First elder, elder Shan ordered people to spread those rumors, why did you let him off just like that?”

“What else can I do? The Hong family just bled a lot, do you think you can still squeeze any profit out of them? Moreover, that old thing from the Hong family won’t let him off easily. ” The Yan clan’s first elder said in understanding. Although he was rumored to have an affair with the Hong clan’s first elder, fortunately, he was not said to be the submissive. Otherwise, he would definitely not let elder Shan off. Now, he would leave elder Shan to first elder Hong to deal with!

“Uh! That’s true!” The second elder of Yan tribe nodded.

Then, the Yan clan’s first elder stood up and walked towards the main courtyard where the clan head was. After finding the clan head, the two of them went to liuxiang residence where Leng ruoxue and the others were.

As she looked at the two middle-aged men walking in hand in hand, Leng ruoxue was very clear that the one she had not seen before was the patriarch of the Yan clan.

“Miss Leng, this is our master.” The great elder explained. After a few days of closed-door cultivation, the patriarch had made a breakthrough. His strength was now at the advanced level of the advanced deity stage, which was considered one of the top in the divine mainland. Therefore, the Yan clan naturally had no need to fear the great elder’s strength.

“Congratulations to Yan family head for recovering from your injuries and even achieving a breakthrough.” Leng ruoxue said courteously.

“Hehe! This was all thanks to miss Leng’s cold frost pill. Otherwise, I would still be lying in bed now! Our Yan clan has been too slow in this period of time. ” The Yan clan head said apologetically after expressing his gratitude.

When he saw Leng ruoxue and the rest, he finally understood what it meant by “hearing is false, seeing is believing”. It was true that one’s reputation was not as good as seeing in person! His second son and great elder’s descriptions simply couldn’t express the shock he felt when he first met these people. How could his blind eldest son and granddaughter provoke such people? Fortunately, their Yan family was tactful and didn’t reject the other party’s conditions. Otherwise, the consequences would really be unimaginable! Thinking of this, he couldn’t help but break out in a cold sweat.

“Yan family head is too polite. Although our fate originated from hatred, now we are all happy. Your Yan family knows how to conduct itself, so I naturally won’t take out my anger on you for Yan Ling ‘er’s matter.” Leng ruoxue promised. As for whether or not the Yan clan would have any enmity with her, that was not within her jurisdiction. However, she believed that as long as the Yan clan wasn’t stupid, they wouldn’t hold a grudge against her just because of Yan Ling ‘er. If that was the case, they wouldn’t be willing to sacrifice Yan Ling’ er in order to have a good relationship with them.

“Hehe! I know that miss Leng is a forthright person, and Ling ‘er can be considered to have brought this upon herself, so she can’t blame anyone else. I really hope to be friends with miss Leng. ” The Yan clan head immediately expressed his attitude. At the same time, he took the initiative to hand over the compensation that Leng ruoxue had requested.

“Miss Leng, the compensation you want is all inside. Please take a look!” The patriarch of the Yan clan said.

“I trust the Yan clan’s credibility,” Leng ruoxue received the storage ring from the Yan clan’s clan head. Without even looking at it, she passed it to Zi Yu for safekeeping.

“Miss Leng, Yan kun, the city Lord of Yanbei city, and I are considered good friends despite our age difference. I wonder who you are with him ...” The Yan family head asked curiously. However, he did not finish his sentence and looked at Leng ruoxue with anticipation.

“We are neighbors.” Leng ruoxue said indifferently. She didn’t really want others to know about her relationship with Yan kun. Therefore, even though her words weren’t completely true, they could still be considered true. After all, nightmare forest and Northern Yan city were indeed neighbors.

“Then may I know which city young miss is from?” The Yan clan head asked again. He knew that there were four small cities closest to Northern Yan city. Since this miss Leng said that she was a neighbor of Northern Yan city, then the city she lived in should be one of the four cities! He secretly guessed.

“I live in the ‘nightmare forest’,” Leng ruoxue said with a smile.

“Uh!” The Yan clan master and the great elder let out a cry of surprise at the same time. They all thought to themselves, did they hear wrong? Miss Leng said that she was living in the nightmare forest? Wasn’t that place occupied by someone a few years ago?

It was said that the person who claimed that place was very powerful, and even the ning family, the leader of the eight great divine regions, recognized their status. From this, it could be seen how difficult it was to provoke the new master of the nightmare forest. However, the Yan family had always liked to keep a low profile, so they did not go there with the other forces at that time. Naturally, they did not know what had happened there and why many forces had kept quiet about it since then. However, the new master of the forest was not easy to provoke. Words like these were still widely spread across the divine continent.

“Miss Leng, is that your territory?” The Yan clan head asked.

“Yes, I am.” Leng ruoxue nodded her head, not denying it.

“This old master truly admires you for daring to set up your own territory there.” The Yan clan’s first elder’s eyes lit up as if he had just seen his idol. One must know that not just anyone could occupy that place. For so many years, many forces had coveted that place. However, no one had managed to occupy it. As for Leng ruoxue, she was able to gain the recognition of all the forces. From this, it could be seen that her methods were not ordinary. Fortunately, he did not vent his anger on the entire Yan family because of Ling ‘er and her father. Otherwise, the Yan family would not be able to withstand his anger.

After knowing the identities of Leng ruoxue and the others, the Yan clan head and first elder were even more determined to befriend them. Hence, they were even more concerned about their well-being.

Leng ruoxue and the others, who had planned to leave, had no choice but to stay in the Yan residence for a few more days at the warm invitation of the Yan family head. However, they could not stand the excessive hospitality and enthusiasm of the Yan family head and great elder, so they took advantage of the night and quietly left ...

Chapter 1380: Yan Ling ‘er’s revenge (1)

After Leng ruoxue and the rest left the Yan residence, they traveled through the night and only found an empty spot in the outskirts to rest the next evening.

After setting up the tent, Yin Xiao, who had left with them, walked over to Leng ruoxue and the demon and sat down beside them. He could not help but ask curiously, “Xue ‘er, where are you planning to go?”

“Let’s go home.” Leng ruoxue said with a faint smile. They had come down the mountain to say hello to Yan kun before going into closed-door cultivation. Who knew that it would involve so many things? now that she thought about it, she felt that it was a little unbelievable.

“Big brother Yin, where do you plan to go?” Leng ruoxue asked after she finished speaking.

“We’re free to do as we please. We’re here to gain experience anyway. Of course, we’ll go wherever it’s fun or dangerous.” Yin Xiao said with a smile.

“Oh! Why don’t you come to our house for a few days, big brother Yin? We’re staying in the nightmare forest. It can definitely satisfy all of brother Yin’s requests.” Leng ruoxue invited with a smile.

“Alright! Xue ‘er, since you’ve invited me so sincerely, I won’t be polite.” Yin Xiao said happily, hehe! He was just thinking about how to spend more time with them! Now that he was given this opportunity, he naturally wouldn’t let it go.

“You should be more polite! Actually, Xue ‘er was just casually asking.” He couldn’t bear to see Yin Xiao’s proud evildoer and spoke with a straight face.

“Hahaha! You’re not cute at all. I think no woman in this world would like you except for Xue ‘er.” Yin Xiao laughed.

“Other than Xue ‘er, I don’t need any other woman to like me.” The demon said disapprovingly.

“Young master! You’re wrong!” After hearing their talk, uncle Zhong corrected them seriously.

“That’s not right?” Yin Xiao’s handsome face was filled with confusion.

“There are many women who like young master ye! Aren’t the daughters of the Yan and Hong families the same!” Uncle Zhong said.

.....

“Hehe, uncle Zhong is right. However, those women only like him because of his looks. If they know that he’s not attractive, they will definitely not like him.” Yin Xiao looked at the demon and said.

“I’ll still say the same thing. Other than Xue ‘er, I don’t need anyone to like me.” The demon said coldly. Although he was a little angry that the master and servant made fun of him, he was not completely angry.

“Hahaha! It’s done! I’ll stop joking. Let me ask you, how are you going to deal with that Yan Ling ‘er?” Yin Xiao knew when to stop. Hence, he did not continue the conversation before the demon was completely angry. This was also one of the reasons why he could not make Leng ruoxue and the rest hate him.

“Does big brother Yin have any good ideas?” Leng ruoxue asked with a faint smile. When they left the Yan residence, they had also taken Yan Ling ‘er with them. Although she had been tortured by Bai Xian and Xue Ying for many days, Yan Ling’ er was still alive.

“This woman will be a disaster sooner or later. Why don’t we just ...” Yin Xiao looked at Yan Ling ‘er, who was tied up like a dumpling, and made a’ Kacha ‘gesture.

"I've already handed her over to Bai Xian and Xue Ying to deal with. When they're done playing, they'll probably get rid of her." Leng ruoxue said indifferently.

"Xue 'er, this kind of thing should be done sooner rather than later. Otherwise, if she escapes, I'm afraid there will be endless trouble." Seeing the hatred in Yan Ling 'er's eyes, Yin Xiao was a little worried.

"Big brother Yin, don't worry! She won't be able to escape." Leng ruoxue chuckled as she promised. Actually, even if Yan Ling 'er ran away, she wasn't afraid, because even if that woman ran away, she wouldn't live for long! They wouldn't be able to cause any waves.

"That's good! However, it's better to send more people to watch her." Yin Xiao said, a little worried.

"Big brother Yin, it's just a woman. You really don't have to take it to heart." Leng ruoxue consoled.

"I know, but I have a bad feeling. I feel that this woman will bring us trouble." Yin Xiao said uneasily. Ever since he was young, his intuition had been very accurate, so he didn't have a good impression of Yan Ling 'er the first time he saw her.

"Big brother Yin, if there's trouble, let's just solve it. Besides, sometimes even if we don't take the initiative to cause trouble, trouble will come to us." Leng ruoxue gave Yin Xiao a reassuring look.

"In short, we'd better be careful since we're bringing such trouble with us." Yin Xiao reminded.

"Mm, don't worry, big brother Yin! She won't be able to escape." Leng ruoxue promised once again.

After dinner, everyone returned to their tents to rest.

Midnight.

Leng ruoxue was woken up by Qing Jue.

Unwillingly opening her eyes, Leng ruoxue looked at Qing Jue and said, "Qing Jue, what happened again?"

"Sister! I have good news and bad news, which one do you want to hear first?" Qing Jue said with a smile.

"As you wish." Leng ruoxue did not think much of it. To think that the stinky green vessel would do this too. 'I really don't know who he learned it from,' she thought helplessly.

"Then I'll tell you the bad news first!" Qing Jue laughed evilly. Then, he cleared his throat on purpose before he slowly said, "Sister! Yan Ling 'er ran away."

"Oh!" Leng ruoxue responded softly, obviously not too concerned about this matter.

"Sister, don't you want to know how she got away?" When Qing Jue saw how calm Leng ruoxue's reaction was, he could not help but ask, "Oh ...". His sister's reaction made him unable to continue.

"You say it! I'm listening!" Leng ruoxue chuckled as she looked at Qing Jue's pouting lips and dissatisfaction.

“That woman is really cunning. She said that she needed to go to the toilet and lied to the night watchman arranged by the yin family. In the end, she left and never returned.” Qing Jue said with a faint smile.

“Oh! Brother Yin and the rest must be very anxious! Stinky Qing Jue, why did you only wake me up now?” Leng ruoxue pretended to be unhappy.

“Sister! How can you blame me for this? You’re the one who didn’t wake me up!” Qing Jue felt very wronged, and there were tears in his black and bright eyes.

“Stinky Qing Jue, stop acting. Tell me the good news!” Leng ruoxue said.

“Hehe! Sister! The good news is that Yan Ling ‘er, that annoying woman, has run away. We’ve finally gotten rid of her.” Qing Jue said excitedly.
