

Crazy Wife 1381

Chapter 1381: Yan Ling 'er's revenge (2)

After hearing Qing Jue's words, Leng ruoxue's forehead was filled with black lines. She could not help but say, "Qing Jue, how can this be considered good news? Yan Ling 'er has run away, and she will definitely come back to take revenge on us. So, we are in big trouble."

"Sister, you can lie to outsiders, but you want to lie to me? Hehe! Was that even possible? I know that you don't care whether Yan Ling 'er runs away or not, because you don't see her as trouble at all. That woman is a person who can't accomplish anything, but is good at ruining things." Qing Jue said with a look of disdain.

"Uh! Green vessel! Have I ever said that you're becoming more and more shrewd?" Leng ruoxue said speechlessly. In her heart, she was crying. Why couldn't she hide her thoughts from these little fellows? She was so depressed!

"Hehe! Big sister has raised you well." Qing Jue said humbly and pushed all the credit to Leng ruoxue.

"Are you complimenting your sister?" Leng ruoxue felt helpless and aggrieved. When had she ever groomed them?! They had clearly comprehended it on their own, alright?

"MMH! Big sister, you guys should hurry up and leave! That brother Yin's subordinate has lost her and he's very anxious!" Qing Jue reminded.

"Okay, then we'll go out." After Leng ruoxue finished speaking, she brought the evildoer out of the bracelet.

Just as he walked out of the tent, Yin Xiao came up to him with an ashamed expression.

"Xue 'er! I'm sorry! It's all my people's fault for not doing their job well and actually letting Yan Ling 'er run away." Yin Xiao's face was filled with guilt. He then instructed uncle Zhong to bring the two night watchmen who were tied up to Leng ruoxue and said, "Xue 'er, the two of them have failed in their duties. I'm handing them over to you now. You can do whatever you want with them."

"Big brother Yin! What are you doing? Although they are responsible for Yan Ling 'er's escape, you can't blame them completely. Uncle Zhong, let them go!" Leng ruoxue said with a smile.

"Xue 'er, this isn't just because they didn't do their job properly. It's also because they're soft-hearted. So, no matter what happens to them, they asked for it. You don't have to spare them on my account." Yin Xiao said bluntly. He was extremely angry at his subordinates' failure to live up to expectations because he realized that all the education he had given them had been in vain. He was afraid that if this happened once, there would be a second time. Those who were soft-hearted to their enemies would not live long in the divine world. Therefore, he would rather let Leng ruoxue deal with these two people. It was better than them dying in the hands of others.

"Big brother Yin, most men have tender feelings for women, so it's understandable for them to be soft-hearted towards Yan Ling 'er. However, this kind of thing really can not happen again and again. They

are all your people, so it's better for you to punish them. I believe that after this incident, they should not dare to commit the same mistake again." Leng ruoxue said indifferently.

"Alright then! Uncle Zhong! I'll remember their mistakes first, and punish them after I return to the divine world." Seeing that Leng ruoxue was unwilling to punish them, Yin Xiao had no choice but to keep the two of them in his hands.

.....

"Yes! Young master!" "Yes, master!" Uncle Zhong replied and then took the two night watchmen away.

After uncle Zhong had left with the two men, Leng ruoxue asked, "Big brother Yin, how long has Yan Ling 'er been running?"

"It's been almost an hour. I've already sent people to chase after them." Yin Xiao said, a little embarrassed.

"Big brother Yin, let your people come back! There's no need to chase." Leng ruoxue chuckled as she spoke to Yin Xiao.

"Uh! Yan Ling 'er is injured and shouldn't have run far. If we don't catch her, I'm afraid there will be endless trouble in the future." Yin Xiao said worriedly. He had just talked about Yan Ling 'er with Leng ruoxue and the others in the evening, and it had come true that night. This made him feel helpless, and he felt like he was a jinx. The good things didn't come true, and the bad things came true!

"Brother Yin, it's just Yan Ling 'er. She can't cause any big waves. Don't worry!" Leng ruoxue smiled faintly, as if she was confident.

"Alright then!" With that, Yin Xiao shot a red flare into the sky. This was used by the yin family to contact their clansmen, and only the yin family knew what this red flare represented.

Not long after, the subordinates that Yin Xiao had sent out to find Yan Ling 'er slowly returned to the group.

However, none of them were in the mood to sleep at the moment. Instead, they sat together in groups of three to five and started chatting.

"Xue 'er, where do you think Yan Ling 'er will go? I even specially sent people to chase after them on the road back to the Yan residence, but they didn't even see a shadow." Yin Xiao's face was gloomy. Seeing his subordinates return empty-handed, it was impossible for him not to be disappointed.

"She won't return to the Yan family, and the Yan family won't accept her again." Leng ruoxue said.

"Then should we send the news of Yan Ling 'er's escape back to the Yan family?" Yin Xiao asked.

"Yes, of course!" Leng ruoxue laughed evilly.

"I'll arrange for someone to deliver the letter to the Yan residence now." When Yin Xiao heard Leng ruoxue's words, he quickly replied.

"No need, big brother Yin! I've already made the arrangements. The Yan family should know about this by tomorrow morning." Leng ruoxue said with a smile.

“Uh! Xue ‘er, you’re really fast, how come I didn’t see you telling your subordinates to leave!” Yin Xiao’s handsome face was filled with question marks.

“It’s not a human who’s going to deliver the letter, it’s my Beastie.” Leng ruoxue explained with a smile. After knowing that Yan Ling ‘er had gone missing, she had arranged for a Little Phoenix to leave this place invisibly and deliver a letter to the Yan clan.

“No wonder!” “Xue ‘er, let’s leave this place tomorrow morning!” Yin Xiao said. Yan Ling ‘er has run away, so this place is no longer safe.”

“Big brother Yin, in this case, it is even more impossible for us to leave. If my guess is correct, the first thing that Yan Ling ‘er would do after escaping would definitely be to find someone to deal with us. Therefore, we only need to wait here for the rabbit. This is also the main reason why I did not allow you to continue sending people to chase after her. It is really unnecessary. She will return.” Leng ruoxue said with absolute certainty.

“Xue ‘er, since that’s the case, let’s take early precautions!” After listening to Leng ruoxue’s words, Yin Xiao understood what she meant. However, they were in the open, while Yan Ling ‘er was hiding in the dark. They didn’t know the other party’s situation, but the enemy knew their background. Therefore, the situation was not in their favor.

Chapter 1382: Yan Ling ‘er’s revenge (3)

“Good! Big brother Yin, you don’t have to be too worried. Do what you need to do and don’t take this matter to heart.” Leng ruoxue reminded.

“Yes, I’ll make them pay 120% attention and not let them make any more mistakes.” Yin Xiao promised.

“Big brother Yin, this really isn’t a big deal. All of you should go back and have a good rest! We’ll only be able to deal with the enemy better if we rest our spirits.” Leng ruoxue didn’t wish for the yin family to be restless because of this matter. That would go against her original intentions.

“Xue ‘er, you guys go rest! I’ll personally keep watch tonight.” Yin Xiao said stubbornly.

“Alright then!” Leng ruoxue knew that Yin Xiao still felt a little apologetic because of Yan Ling ‘er’s escape, so she didn’t force him. She stood up and returned to the tent with the demon.

Two days later, the Yan clan’s first elder personally led a team to meet up with Leng ruoxue and the rest.

Looking at the uninvited guests from the Yan residence, Leng ruoxue felt a headache coming on. “Great elder Yan, why have you come?”

In fact, the reason she sent someone to deliver the letter was not to let the Yan clan send someone. Who knew that it would actually be the first elder who personally brought people over.

“We’re here to help you find the fugitive!” The great elder of the Yan clan replied matter-of-factly. He had discussed with the clan head for half a day, and the final decision was to send someone to help Leng ruoxue find Yan Ling ‘er. After all, although Yan Ling ‘er had already been removed from the Yan clan and was no longer considered a member of the Yan clan, if her escape brought any unnecessary trouble

to Leng ruoxue and the others, the Yan clan might also benefit from it. This was not what they wanted. Who asked the Yan clan to be determined to be on good terms with Leng ruoxue and the others? hence, this was the best time for them to express their feelings.

“Then I’ll thank great elder Yan first.” Leng ruoxue said helplessly. In her heart, she was secretly resenting the little Phoenix that she had sent to deliver the letter.

After hearing Leng ruoxue’s thoughts, the little Phoenix transmitted a message in an aggrieved manner, “Master, this has nothing to do with me. I’m just a little bird that doesn’t dare to show its face. I’m helpless when they follow me! I don’t know why I just can’t get rid of them. They’re sticking to me, wuu ...”

As he said that, Little Phoenix even started to cry.

“Alright! Don’t cry, I’m not blaming you.” When Leng ruoxue saw the little Phoenix’s sparkling tears, she quickly coaxed, sigh! A child would always be a child. If it wasn’t for the fact that all the adult phoenixes were in seclusion, she wouldn’t have sent this young fellow to deliver the letter. How could this innocent little thing Be The Match of those old foxes?

.....

After comforting the crying Little Phoenix in the bracelet, Leng ruoxue smiled and said to the great elder, “Since great elder Yan is here, let’s set up camp here together!”

“Uh! Aren’t you looking for Yan Ling ‘er?” Yan tribe’s first elder said in a daze.

“Brother Yin sent people to look for her, but they couldn’t find her. That’s why we decided to set up camp here and leave after we found Yan Ling ‘er.” Leng ruoxue explained softly. Even though the Yan family’s patriarch and first elder were very friendly, she would not completely trust them, and would not reveal her entire plan to them without holding back.

“Oh! Since that’s the case, I’ll send the Yan family to look for him as well!” Yan tribe’s first elder did not doubt his words.

“Big brother Yin, since great elder Yan is willing to help, then let his people go with you to find Yan Ling ‘er!” Leng ruoxue smiled as she spoke to Yin Xiao, while secretly giving him a look.

“Alright!” Yin Xiao quickly replied. However, if so many people go out together, everyone won’t have time to rest. It’s better to divide into a few small teams and change shifts to look for Yan Ling ‘er’s whereabouts!” He suggested.

His suggestion was quickly approved by Leng ruoxue and the Yan clan’s great elder. Then, in order to facilitate their cooperation, Yin Xiao and the Yan clan’s great elder decided to split their forces into three teams and split into three groups to search for Yan Ling ‘er.

After searching for a few days, he couldn’t even find a single strand of Yan Ling ‘er’s hair.

Yin Xiao sat by the fire and chatted with the Yan clan’s great elder. Without realizing it, the topic had turned to Yan Ling ‘er. Yin Xiao smiled and asked, “Great elder Yan, could Yan Ling ‘er have already run back to the Yan clan? After all, this place isn’t too far from the Yan residence.”

“Impossible! Even if she returns to Yan city, no one would dare to take her in. She has already been kicked out of the family tree by the Yan clan. If anyone in Yan city takes her in, it would be our Yan clan’s doing. Not to mention, before I came here, I also told the city guards that if they see Yan Ling ‘er, they should immediately capture her and not let her enter the city.” The Yan clan’s great elder said very seriously, afraid that Yin Xiao would suspect that they had hidden Yan Ling ‘er.

“Hehe! I’m just asking, great elder Yan doesn’t need to be so serious.” Yin Xiao said with a satisfied smile.

“Hehe! I’m just telling the truth.” Great elder Yan also laughed, and couldn’t help but secretly think, can you not be serious! He didn’t want to be misunderstood by these people. In fact, since the day Yan Ling ‘er was expelled from the Yan family, her life and death had nothing to do with the Yan family. However, after she ran away, he also felt a headache because with Yan Ling ‘er’s character, it was very likely that she hated the Yan family. Therefore, he had brought people out to look for Yan Ling ‘er’s whereabouts.

“Are you guys talking about me?” At this time, a slightly mocking voice rang in their ears.

Yin Xiao and the Yan clan’s great elder raised their heads at the same time, just in time to see Yan Ling ‘er standing not far away from them with a smug look on her face. The two looked at each other, but neither of them spoke first.

“Are you surprised to see me? I didn’t expect you to still be here. That’s good! It saves me the trouble of looking for you guys.” Yan Ling ‘er said with a proud smile. Yin Xiao and the Yan clan’s great elder still didn’t say anything. However, the two of them were thinking to themselves that Yan Ling ‘er must have something to rely on since she was so bold to return here.

Sure enough, just as they had expected, the next second, they saw the head of the Hong family appear beside Yan Ling ‘er. The two of them even looked very intimate.

“Great elder Yan, it looks like this traitor of your family has joined the Hong family.” Yin Xiao laughed when he saw this.

“Yup! I didn’t expect that either!” Great elder Yan said, suppressing the anger in his heart.

Chapter 1383: Yan Ling ‘er’s revenge (4)

“Could it be that she brought the Hong family here to kill us?” Yin Xiao asked, feigning curiosity.

“It should be!” The Yan clan’s first elder gritted his teeth.

“Hehe! You treated Ling ‘er like this, so isn’t it only right for her to come and take revenge?” Hearing the conversation between the two of them, the master of the Hong family beside Yan Ling ‘er spoke.

“Master Hong, may I know who you are to say this?” Yin Xiao ignored the smug Yan Ling ‘er and directly asked the Hong family head.

“I am now Ling ‘er’s husband.” The head of the Hong family said with a smile.

“What’s wrong? You’re taking a step back? Haven’t you always been interested in Xue ‘er?” Yin Xiao provoked her on purpose.

“Who did you say was second?” When Yan Ling ‘er heard Yin Xiao’s words, she roared in anger. Damn it, the last thing she wanted to hear right now was that woman’s name. She hated Leng ruoxue to death. She would never forget the torture that stinky Fox and that handsome man had inflicted on her. During that period of time, she was better off dead than alive. Fortunately, she had pulled through it and now had the strength to take revenge. However, the most unfortunate thing was that she could not kill Leng ruoxue with her own hands. This would definitely be the greatest regret of her life.

“Of course it’s you.” Yin Xiao said with a smile.

Then, he couldn’t help but ask curiously, “Since master Hong is so confident in avenging miss Yan, you must have something to rely on. May I know who you have found? Why don’t you come out and broaden our horizons?” Yin Xiao’s divine sense could sense the surroundings of their campsite. Other than the head of the Hong family and Yan Ling ‘er, there were many other troops lying in ambush. Although he couldn’t tell their exact number, judging from their auras, they shouldn’t be weak. It seemed like the head of the Hong family was determined to win this battle. Otherwise, he wouldn’t have brought so many people. Furthermore, the strength of these people was obviously not from the godly continent.

“Don’t worry! I’ll let you know.” The head of the Hong family said with a smile. Then, he started to look around.

After searching for a while, he did not see the person he was looking for. He could not help but feel disappointed.

“Master Hong, are you looking for us?” Suddenly, Leng ruoxue’s voice rang in everyone’s ears. Following that, they saw a few handsome men and women walking out of the largest tent, as well as a snow-white fox.

When master Hong and Yan Ling ‘er saw Leng ruoxue and the others, their hearts were completely different. Yan Ling ‘er was filled with hatred, but master Hong was reluctant to part with them.

.....

Master Hong’s eyes were fixed on the devastatingly beautiful Leng ruoxue. He didn’t look away until Yan Ling ‘er pinched him in anger. He then regained his senses and tried his best to hide his loss of self-control. He said coldly, “Miss Leng, I didn’t expect to see you again! Let’s settle the Old and New scores together today!”

Hearing master Hong’s words, Leng ruoxue raised her eyebrows and asked curiously, “Master Hong, I know that there are old scores between us. What is this new one?”

“I’m the new one!” Yan Ling ‘er said loudly.

“You? There’s no new score between us!” Leng ruoxue laughed nonchalantly, obviously not taking their words to heart.

“Master Hong, does the first elder of the Hong family know that you’ve come to seek revenge?” Leng ruoxue asked again.

“Hmph! That old thing is old, and his mind is not clear. That’s why he gave so much compensation. He’s no longer the first elder of the Hong family.” The head of the Hong family said proudly. With the support of the people he had found, the great elder of the Hong family could do nothing to him. Not only that, he had even imprisoned the great elder. If there were no accidents, the great elder would probably have to stay in his own courtyard in the future. It would be a dream for him to come out and do anything!

“It seems like someone is supporting master Hong.” Leng ruoxue understood.

“Not bad! It’s because of our support that master Hong is able to show off his skills, Hmph! He was just a great elder, yet he dared to ride on the head of the family head and act like a tyrant! This is preposterous!” Suddenly, a loud and clear voice rang out. Following that, a few dozen tall and burly men walked out from the dark. The person in the lead was of unknown age. He had a full beard and his body was exceptionally tall and strong. His eyes were filled with a bright light. When he saw Leng ruoxue, he revealed a lecherous glint and could not help but praise her in his heart. What a stunning beauty! The boy from the Hong family did not lie to him.

The man’s gaze made the evildoer extremely unhappy. Killing intent rose in his heart. In his eyes, these people were already dead! No! Even if they died, he would not let go of those who dared to have designs on Xue ‘er. This also meant that these people were destined to have a tragic end ...

Chapter 1384: Ants (1)

“Who are you?” Leng ruoxue squinted her beautiful eyes and asked indifferently.

“We’re from the main Hong clan of the divine realm.” The man in the lead said with a slight smugness. In his heart, he couldn’t help but think, Hmph! Their identities would definitely give them a shock! Even though they could only use the strength of a high level deity on the divine mainland, wasn’t it as easy as killing a chicken to deal with a few people from the divine mainland?

“Oh! I didn’t think that the Hong family would be able to afford to hire you. From what I know, the Hong family probably can’t afford to pay you too well!” Leng ruoxue chuckled and said. Since these people were invited by the head of the Hong family, they must have their own motives. However, what she could not understand was what else was there in the Hong family that was worth it for these people?

“Who said that! I’m very satisfied with the reward he paid this time, haha! Because the reward he’s paying is you!” The man in the lead laughed as he stared at Leng ruoxue with a determined look in his eyes.

“It’s me? However, I don’t belong to the Hong clan. What right does he have to treat me as a reward?” When Leng ruoxue heard the man’s words, she didn’t feel angry. On the contrary, she felt that this was too funny. Someone actually wanted to use her as a reward? wasn’t this an empty promise? It wasn’t that easy to get her reward!

“Hahaha! As long as I capture you, you’ll be mine! Isn’t it obvious?” The leader said matter-of-factly, completely unaware that his words had already provoked a certain someone’s displeasure, and that a certain someone had already secretly decided that even if this man died, he would not let him off!

“You’re that confident in yourself? Do you think the people you’ve brought can deal with all of us?” Leng ruoxue was speechless. She sighed in her heart. Even if you’re from the divine realm, there’s no need to be so arrogant! One had to know that the consequences of being too proud would be very miserable, and underestimating the enemy was a fatal taboo!

“What’s wrong? Are you complaining that we have too few people? Hahaha! Brothers! All of you, come out and let this beauty see you!” As soon as the leader’s voice fell, many Men in Black swarmed out from all directions. Those men had a murderous look in their eyes as they stared at Leng ruoxue and the rest with an unfriendly expression. They tried to use their aura to suppress the other party. However, to their surprise, the other party was not affected at all! They couldn’t help but feel suspicious.

Leng ruoxue’s beautiful eyes swept across the group of men in Black. Her beautiful face revealed a satisfied smile.

There were hundreds of them, and even though most of them were at the deity level, they were more than enough to deal with the people on the godly mainland. It was no wonder that the leader was so confident. However, the subordinates he brought were able to deal with others, but it was a pity that they were facing her! That had also doomed these people to a tragedy!

“Beauty! See that? If you’re smart enough to surrender, I might spare your lives. Otherwise, don’t blame me for being impolite.” The man in the lead shouted.

“Thank you for your good intentions, but can you allow us to discuss this? After all, surrendering is a major event.” Leng ruoxue smiled and said slowly.

“No! Even if you surrender, you will still die!” At this time, Yan Ling ‘er roared in dissatisfaction. She had gone through a lot of trouble to persuade the head of the Hong family to invite people from the main family to take revenge. How could she let these people get away with it? She must kill these people!

.....

“Since when did a woman get the right to point fingers at the Hong family? Or is it that the members of the Hong family have to listen to this woman?” Leng ruoxue ignored Yan Ling ‘er’s words and spoke to the leader.

“Little Hong, make your woman shut up! I’m here and she has no right to interrupt!” After the leader heard Leng ruoxue’s words, he shouted at the Hong family’s head in dissatisfaction.

“Yes!” “Yes, master!” The master of the Hong family quickly replied. Then, he pulled Yan Ling ‘er and whispered a few words in her ear. Yan Ling ‘er was so scared that she didn’t dare to speak anymore.

“Beauty, are you satisfied now?” Seeing that his words were effective, the leader looked at Leng ruoxue and said proudly.

“Well, I didn’t expect you to have such prestige. I just don’t know what your status is in the main family?” Leng ruoxue asked with an innocent look.

“Beauty! I’m a direct descendant of the Hong family. You won’t regret following me.” The man in the lead said proudly.

“I have no problem following you. However, I only like men who are stronger than me. If you can’t defeat me, then you can only die in my hands.” Leng ruoxue said with a smile.

After hearing Leng ruoxue’s words, the leader laughed even more heartily, as if he had just heard a good joke. When he was done laughing, he spoke, “Beauty, I will let you know what the strongest Man is! Following me is your wisest choice!”

“Oh, really? However, if I follow you, what about the others? Can you not kill them?” Leng ruoxue asked with a face full of anticipation.

“Of course you can! As long as they surrender, I can spare their lives for the sake of you, beauty. However, their life or death will be entirely up to you, beauty!” The man in the lead laughed. In other words, if Leng ruoxue was willing to follow him, then the people around her would naturally not have to die. Otherwise, they would definitely die.

“Let’s discuss this! I can’t make this decision on my own.” Leng ruoxue said with a troubled expression.

“Good! Then you guys should quickly discuss it! My patience is limited.” The man in the lead warned.

Following that, Leng ruoxue pulled Yin Xiao and the Yan clan’s great elder to the side and started to chat with them through voice transmission.

“Xue ‘er, what do you plan to do? You’re not really asking us to surrender, right?” Yin Xiao said helplessly. Although the enemy was from the divine realm and seemed extremely powerful, he did not think much of them after seeing their strength. Even if the enemy’s numbers seemed to be a little large, he believed that with Xue ‘er and the others “devious ideas, they would not be taken seriously at all.

When the Yan clan’s great elder heard Yin Xiao’s words, he didn’t express any opinions. He only forced himself to remain calm as he looked at Leng ruoxue. However, his heart was still beating like a drum. However, when he thought about the strength of Leng ruoxue, Yin Xiao, and the others, his heart slowly calmed down.

“Of course I won’t!” Leng ruoxue said with a smile.

Chapter 1385: Ants (2)

“That’s good!” Yin Xiao was relieved. As a member of the yin family from one of the eight great divine regions, if he surrendered now, he wouldn’t be able to explain himself even when he returned to the divine world. His grandfather master would definitely scold him to death. Wu ... As long as he thought of that possibility, he would be afraid. Furthermore, he guessed that only Xue ‘er would be able to deal with the eccentric old man in his family.

“Miss Leng, I wonder what I can do for you?” At this time, the Yan clan’s first elder also asked via voice transmission.

“Hehe! Great elder, you can do whatever you want later, but if you can’t beat them in a one-on-one fight, then just beat them up as a group!” Leng ruoxue suggested with an evil smile.

“Uh!” Leng ruoxue’s words caused the Yan clan’s first elder to be taken aback. Immediately after, cold sweat started to flow down his face. He had not expected this young miss to actually order them to gang up on him. However, when he thought about how Leng ruoxue and the others did not play by the rules, he did not find it strange.

In fact, not only the Yan clan, but many people from the godly mainland and the entire godly realm would choose to fight one-on-one during battles. It was rare for them to fight in groups. This was not because they were noble by nature, but a habit that they had developed over the years. Therefore, when he heard Leng ruoxue’s words, he was stunned for a moment but quickly returned to normal.

Oh! The other party’s strength was above the Yan clan’s. If the Yan clan didn’t want to suffer too heavy losses, they really had to gang up on him! After thinking it through, he quickly accepted Leng ruoxue’s suggestion. From this, it could be seen that the Yan clan’s first elder was a flexible and adaptable person. This kind of person usually lived longer than those who were stubborn.

Looking at the Yan clan’s first elder’s expression, Leng ruoxue knew that the old man had thought things through. She then reminded him, “In a while, everyone should act according to the circumstances. When dealing with the enemy, we must not be soft-hearted. We must let these people know that we are not pushovers. Since we have come, we can forget about returning to the divine realm.”

“Yes, yes.” Yin Xiao and the Yan clan’s great elder nodded.

Following that, Leng ruoxue brought them to the Hong family and said with a faint smile, “If we surrender, are there any benefits?”

“There are no benefits. If you resist to the end, the only outcome is death. However, if you surrender, I can let you go.” The man in the lead said in a clear voice.

“Since there are no benefits, we choose not to surrender!” Leng ruoxue laughed evilly.

As soon as she said this, the Hong family members were all stunned. They didn’t expect that in such a situation where the strong and weak were clearly distinguished, the other party would still have the thought of resisting. This made them feel very incredulous.

At this time, they still didn’t know the true strength of the other side, and they didn’t know that there were many battle maniacs in the other side. Not knowing the true strength of the enemy had also doomed them to learn a painful lesson.

.....

“You’ve really made the right choice?” The leader was stunned for a moment before he asked in disbelief.

“I believe in my own choice.” Leng ruoxue said calmly.

“That’s good! Since this is your choice, don’t you regret it!” After the man in the lead finished speaking, he gave his subordinates a look. In an instant, the members of the Hong family surrounded Leng ruoxue

and the others. From their posture, it was obvious that they wanted to use their advantage in numbers to launch a group attack.

“Are you trying to gang up on me?” Leng ruoxue asked despite knowing the answer.

“Hahaha! Wasn’t this obvious? However, don’t worry, beauty! I’ll personally use my strength to conquer you.” The man in the lead said. It was obvious that his target was Leng ruoxue.

However, there was someone who would not let his wishful thinking come true.

“If you want to use your strength to conquer Xue ‘er, you’ll have to get past me first!” The demon laughed coldly.

“Who are you?” The man in the lead looked at the man who was as handsome as a demon and said with a face full of disdain. If he did not guess wrong, this person should be the pretty boy who lived off a woman that the Hong family’s kid had mentioned! Oh! He did have the capital to be a pretty boy, but it was a pity that he had met him. He had never liked men who could win women’s hearts with their looks alone, so this man was dead meat!

“I am Xue ‘er’s man. If you want to have Xue’ er, you must kill me first! Otherwise, you will be the one to die!” The demon said coldly.

“Hmph! A man who lives off a woman is actually so arrogant. Today, I’ll let you see what a real man is!” The man in the lead roared angrily. And when he said that he was a man who lived off a woman, Zi Yu and the others were struck by lightning.

When Zi Yu and the others heard that man’s words, they suppressed the laughter in their hearts and secretly thought to themselves, how bold must he be to dare to say that that demon is a man who lives off a woman! They could already imagine how furious the evildoer was. At the thought of this, the few of them subconsciously distanced themselves from the evildoer who was slowly emitting cold air.

Even snow Shadow did not dare to make fun of the evildoer at this moment, because it was very clear how perverted that man was. Wuu ... That was a fellow that could not be provoked, Ai! The poor Hong family! They probably didn’t know that their heads didn’t belong to them anymore.

“Are you living off a woman? I’ll let you know how powerful I am as a man who lives off a woman.” The evildoer was neither angry nor annoyed as he spoke with a smile on his face. However, Leng ruoxue, who was well aware of the evildoer’s nature, knew that this was a sign that the evildoer was about to get angry. She simply did not dare to imagine what would happen to this self-righteous man from the Hong family.

“Hmph! Then come! A beauty! Open your eyes wide and watch, I’ll let you know what a real man is!” The man in the lead said proudly. Then, he made the first move, and everyone saw a light blue divine power fly toward the demon ...

The demon looked on coldly with his arms crossed as if he was looking at a clown. He looked at the man not far away and waited for the water attribute skill to fly only a few centimeters away from him. He didn’t even Dodge, but let the skill hit him.

When Yin Xiao and the rest saw this, they couldn't help but break out in a cold sweat for the demon. However, they were also a little puzzled. Why didn't the demon avoid the divine power?

The demon who was hit by the leader's water attribute divine skill had already been enveloped by a huge water attribute divine power. The people outside did not know what was going on inside, let alone whether the demon was safe or dead.

Chapter 1386: Ants (3)

"A pretty boy is a pretty boy, he's really weak! With this little strength, you dare to snatch my woman, you really don't know your own strength!" Seeing that he had killed the man who was living off a woman with just one move, the leader felt even more pleased with himself.

However, his smugness did not last long. He saw that the huge water attribute divine power that had originally enveloped the monster's body was slowly decreasing. Then, the light blue divine power disappeared faster and faster. In a few seconds, the water attribute divine power on the monster's body disappeared.

The evildoer stretched his back lazily, as if he had eaten to his heart's content, and said indifferently, "This amount of divine power is too little, give me more!"

"Dammit! What did you just say?" The leader had a look of disbelief. F * ck! Was this still considered a human? It, it actually devoured his divine power. How was this possible? The man really couldn't believe what he was seeing, so he could only lie to himself and conclude that this devilish pretty boy wasn't human!

"I said, you have too little Shen power. I'm not full. Give me more!" The demon said with a face full of anticipation.

"You, you're not human!" The man in the lead said angrily. He was even more certain that this person who could devour Shen power was not human, because humans could not do such a heaven-defying thing.

"How can you scold people? If I'm not a human, are you?" The demon said with a face of dissatisfaction.

"Of course I'm a human!" The leading man shouted. After knowing that the evildoer in front of him could devour his Shen power, he was not so sure that he could kill him. However, he knew that he could not show even a trace of fear. Otherwise, how would he be able to convince the others in the future?

"Oh, really? Why don't I feel like you're human? However, you're definitely not a Beastie, you're worse than a beast." The demon said very seriously.

"Dammit! You're looking for death!" The leader was furious. Just as he was about to attack again, he saw the demonic man in front of him looking at him expectantly. He immediately gave up the idea of attacking again. This guy liked to devour divine power! If he was the one making a move, wouldn't that be going along with his wishes? No, I can't fall for his trick! However, this pretty boy was so difficult to deal with. If he couldn't kill him, how could he take this beauty away? At this time, he was quite conflicted in his heart.

“Why did you stop? Continue! I’ll be waiting!” The demon’s smile was pure and innocent. However, the more unthreatening his smile was, the more frightened the other party was, and the more he did not dare to attack.

After waiting for a moment, the demon saw that the other party had no intention of attacking. He was slightly dissatisfied and complained, “Since you’re not willing to make a move, I’ll have to do it myself!”

As soon as he finished speaking, he directly attacked the man in the lead. As for the moves! Naturally, it was his favorite fist. Oh! Only the feeling of punching someone with one’s fist and making loud bangs would have the atmosphere of a fight! And this had always been his favorite!

.....

With a few loud bangs, the evildoer’s fists drew beautiful arcs in the air and all his fists landed on the leading man. His fists were so fast that no one noticed that there were a few strands of black divine power thinner than hair in his fists. The divine power entered the leading man’s body through his fists and settled down happily inside ...

The man in the lead had two attributes. One was the water attribute and the other was the earth attribute, which was good at defense. The Shen power of these two attributes had originally occupied half of the man’s body and maintained a balance. However, the moment the black Shen power as thin as a hair entered their territory, the Shen power of the two attributes sensed it. Thus, in order to defend their territory, the Shen power of the water and earth attributes joined together to resist the invasion of the enemy

The black Shen power was small and flexible, like a small spirit snake wandering around. Wherever it went, no matter what attribute the Shen power was, it would quickly decrease. This caused the two Shen powers to panic, so the water and earth Shen power went berserk. However, the small black Shen power did not intend to face them head-on, so it always avoided their pursuit and slithered away happily.

The divine power of the two attributes became more and more violent, and their behavior was directly reflected in the leader’s body. At this time, the leader not only had to bear the physical pain, but he also had to bear the uncontrollable divine power in his body. Under such double pressure, he immediately spat out blood and looked at the demon in disbelief, “W-what did you do to me?”

The leader was in disbelief. In his opinion, his strength was clearly higher than the pretty boy in front of him, but why was it that in front of this demonic man, he did not have the slightest power to fight back? This was not normal! It was too abnormal and he couldn’t accept it. Therefore, he concluded that this man must have used improper means. Otherwise, how could he be controlled by someone else?

“Do I need to do anything to you? In my eyes, you’re just an ant. ” The demon coldly laughed. The haughtiness of looking down on the world instantly erupted from his body, causing people to not dare to look at him directly.

At this moment, not only was the leader shocked, even Yin Xiao, the Yan clan’s great elder, and the rest who had been with them for a period of time were equally shocked. This was because they had never seen such a devilishly handsome man exude such an intimidating aura. In their eyes, the man’s favorite thing to do was to follow Leng ruoxue around like a little tail. At that time, they had only thought that

this man was unbelievably handsome, even though the two of them looked quite compatible from the outside. However, they were not completely clear about the strength of a monster.

However, now that they saw how easily he had toyed with the Hong family's immortal realm's Messenger, they began to have some idea of the demon's strength. It seemed like the people around Leng ruoxue could not be underestimated! Not only were these people extremely handsome, but they also liked to play the pig to eat the Tiger, making people underestimate their strength. This kind of ending was fatal to anyone who was their enemy.

Thinking up to this point, the Yan clan's first elder deeply rejoiced at his clan's wise decision. Otherwise, the fate of these people from the Hong clan would probably be the same as theirs.

"I'm an ant?" The leader muttered to himself in shock. He had always regarded the people of the godly mainland as ants. He had never thought that there would be a day when he would be treated like an ant by someone from the godly mainland. This was a huge blow and humiliation to him, and he couldn't accept it.

"You're not just an ant, you're an ant that's about to die!" The demon laughed coldly. Then, his palm slowly moved from the man's body to his neck. Everyone heard a crisp 'ka' sound and saw the man's head tilt to the side. He was no longer breathing.

The demon threw the leader to the ground with a look of disgust. Then, he threw a ball of flame-like, extremely hot, black, translucent object onto the leader's body. In an instant, the man turned into ashes.

When everyone from the Hong family saw this scene, they felt a deep fear in their hearts. Oh my God! He had actually used his bare hands to break his own boss' neck. This was truly too inconceivable. One should know that as one's strength increased, the toughness of one's body would also become tougher. It was almost impossible to strangle a person from the divine realm to death with just a pair of hands without using any divine skills or weapons. However, what they thought was impossible had actually happened right in front of their eyes. This made it impossible for them to deceive themselves even if they wanted to. This also caused the Hong family to be deeply afraid of him.

In that instant, the members of the Hong family who were surrounding the demon all retreated secretly and tried to maintain a safe distance from him. Unfortunately, they had come here today. Leng ruoxue and the others would not let them go back alive. Hence, no matter where they hid, they would not be able to survive.

"What are you guys doing? If I don't make a move, these ants will all be mine!" The demon's Starry Eyes swept over Zi Yu and the others, but the words he said made the Hong family's people's hearts palpitate with fear, and they secretly hated him.

"Hehe! We were all stunned by your performance!" Xue Ying laughed evilly. After he finished speaking, he immediately attacked the Hong family members around him. His huge and sharp claws gently scratched the air a few times, and three Hong family members died on the spot. There were five deep claw marks on their necks without exception, and blood flowed out from the claw marks like a spring ...

Seeing this, Zi Yu and the others also attacked the Hong family members who were surrounding them. In fact, they were mainly afraid that if they were too late, their opponents would be robbed.

Seeing them fighting to be the first to attack, Yin Xiao and the others naturally wouldn't just stand by and watch. After giving his subordinates a look, Yin Xiao's side began to fight.

Right now, the only people who didn't make a move were the Yan clansmen. Seeing that the Hong clansmen had killed and injured countless people in an instant, some of the warlike Yan clansmen couldn't stand it anymore.

The short-tempered one even said directly, "Great elder, let's attack as well!"

"Don't be in a hurry to make a move. The few of you, go and capture Yan Ling 'er. The rest of you, come with me to deal with the head of the Hong clan." After the Yan clan's first elder saw the situation on the stage, he gave a very self-aware order.

Almost all of the Hong clan's people were from the firmament. With the Yan clan's current strength, it was naturally not suitable for them to fight them head-on. Moreover, he saw that Leng ruoxue and the others had no difficulty dealing with the Hong clan's people from the firmament. Hence, he gave up the plan of ganging up on them and set his sights on the master of the Hong clan and Yan Ling 'er instead. It could not be said that he was slacking off, but he felt that if the master of the Hong clan and Yan Ling 'er saw that the situation was not good, they might take advantage of the chaos and escape. It wasn't a good thing not to tell them! So this time, he naturally had to keep a close eye on those two guys who liked to cause trouble. We can't let them live!

At the same time, the Yan clan, under the lead of their first elder, went straight to the somewhat panicked Hong clan master and Yan Ling 'er, and surrounded them in the middle.

"You, what do you want to do?" The master of the Hong family, who was looking for an opportunity to escape, was furious when he saw that he was completely surrounded. However, his tone at this time was as if he was a good girl who had met a lecher, full of helplessness and timidity.

Chapter 1387: Bewildering formation (1)

"Don't you know what we want to do?" The Yan clan's first elder laughed evilly. His tone was as if he was teasing a lady from a good family. He spoke in a relaxed and casual manner. However, when the Hong clan's clan head heard it, he had mixed feelings in his heart.

He had once regarded the Yan family as a piece of fat meat that he was determined to get and had deliberately planned to Annex the Yan family. But now, he was going to become the Yan family's prisoner again. This made him feel very uncomfortable in his heart. How could this be? Why couldn't he exterminate these people even though he had invited the main family? He couldn't understand what went wrong.

"Don't act rashly. You've killed a member of the main family. The main family will never let you off." The head of the Hong family said after some thought.

"Master Hong, are you trying to use your family to threaten us? I've already killed him, so What if I don't let him go?" At this moment, Leng ruoxue walked over with a faint smile.

“That damned woman! I won’t let you off!” When Yan Ling ‘er saw Leng ruoxue, she couldn’t help but shout. She really hated this woman to the core. However, she was even angrier about that useless man from the Hong family. He couldn’t even deal with these few people. No! She didn’t want to be caught by them again. As long as she thought of the Fox and the man’s terrible means, her heart was particularly afraid!

“Great elder Yan, how do you plan to deal with this woman who has betrayed your Yan clan?” Leng ruoxue ignored Yan Ling ‘er’s words and directly asked the Yan clan’s first elder.

“I didn’t betray the Yan clan, great elder! Don’t listen to her nonsense!” After hearing Leng ruoxue’s words, Yan Ling ‘er immediately shouted. Her beautiful face was filled with anxiety.

“You colluded with the Hong clan to put us to death. Isn’t that betraying the Yan clan? Do you really have to let the Yan family die in your hands before it can be considered a betrayal?” Leng ruoxue laughed coldly and asked with a mocking expression.

“Great elder Grandpa! I only wanted to kill them, not the Yan clan! Although you’ve expelled me from the Yan clan, in my heart, I’m still a member of the Yan clan, whether alive or dead. How could I possibly betray the Yan clan? Great elder grandfather! We’re a family, don’t listen to the instigations of outsiders!” Seeing that the situation was not good, Yan Ling ‘er quickly played the emotional card. Her words still carried a trace of crying and grievance, and her beautiful eyes were filled with tears, making her look really pitiful.

However, most of the Yan clan’s people present knew Yan Ling ‘er’s temperament. Therefore, even if she pretended to be pitiful, even if she wanted to die wisely, the Yan clan’s people present did not believe her. From this, it could be seen how bad Yan Ling ‘er’s popularity was, and her act of showing weakness seemed to have been used in the wrong place.

“Great elder Grandpa! You’ve watched me grow up!” Seeing that the Yan family didn’t respond for a long time, Yan Ling ‘er said again.

“That’s right! I’ve watched you grow up. You were so pure and cute when you were young, but how did you become like this?” The Yan clan’s first elder said with a look of disappointment. He was very disappointed, especially when he saw that Yan Ling ‘er had actually colluded with the Hong family. The anger in his heart could not be described with words, and Yan Ling ‘er indeed wanted to kill them as well. Therefore, he really did not dare to keep such a venomous Yan family member in this world.

“Great elder Yan! You can clean up your own mess! I’ll take care of the Hong family head.” Seeing through the Yan clan’s first elder’s thoughts, Leng ruoxue chuckled as she distributed the two of them.

.....

“Alright!” The Yan clan’s great elder nodded, and then gave a look to the Yan clan’s people beside him. The Yan clan’s people who received the great elder’s look immediately stepped forward and lifted Yan Ling ‘er up by her collar like a little chick.

The Hong family head didn’t dare to say a word when he saw this scene. He could already see from the corner of his eye that most of the Hong family members he had brought with him were dead. This scene made the fear in his heart slowly deepen. These people were too ruthless. They were not human! The

head of the Hong family couldn't help but shout in his heart! However, it was a pity that no one could hear his inner thoughts. Leng ruoxue, who could have let Qing Jue read her mind, was not interested in knowing what he was thinking.

"Ling 'er! You should be a good person in your next life!" After the Yan clan's great elder finished speaking, a fiery red light was released from his hand. Then, Yan Ling 'er, who had no power to resist, died. She didn't even struggle and died very peacefully.

When Leng ruoxue saw this scene, she knew that the Yan clan's first elder was still somewhat soft-hearted; otherwise, he wouldn't have allowed Yan Ling 'er to die so easily. Killing her so easily was really letting her off too easily. However, since she had said that Yan Ling' er would be dealt with by the Yan clan, she naturally wouldn't interfere with their actions.

As for this master Hong! It's not easy to die now, Hmph! Since he dared to use her as a reward, he had to be prepared for her revenge. Besides, not to mention that he would not let him die so easily, even the demon would not want him to die too easily.

"Xue 'er, leave this master Hong to me!" The demon walked over and said with a smile that was not a smile.

"No! I don't want to give it to you! Don't mess around, the Hong family won't let you off." When the master of the Hong family heard the demon's words, he was so scared that he stuttered. Wu ... This guy is really too ruthless. He actually strangled someone from the firmament to death. When he thought about the demon's terrifying methods, he felt extremely regretful! Were his eyes covered in shit? He had actually mistaken a fierce Wolf for a weak little rabbit. This was definitely his biggest miscalculation. Otherwise, how could he be so miserable?

"Don't be afraid! I'll be gentle." The evil man smiled charmingly, but the coldness on his body only increased.

Hearing the demon's words, Leng ruoxue and the others were all speechless. These words really made their imaginations run wild! However, they naturally wouldn't say it out loud at this time, in case they were also unlucky.

After the demon finished speaking, he stretched out his long arm and mimicked the way the Yan clan's people did previously. He lifted the Hong clan's clan head to his eyes like he was carrying a little chick and said with a faint smile,""Your wife has already left, don't worry! I'll let you accompany her, but we have to have a good chat before you go. "

Then, the evildoer grabbed the collar of the Hong family's master and dragged him into a tent. Not long after, painful moans and screams could be heard from the tent. Yin Xiao and the others were curious, but no matter how curious they were, they didn't dare to go in to see what was going on. They didn't want to see what they shouldn't see and be killed by the evildoer.

Chapter 1388: Bewildering formation (2)

Therefore, they could only suppress the throbbing curiosity in their hearts and vent all the pain of not being able to find out the truth on the Hong family members who were not completely dead yet ...

After a long time.

The sounds in the tent became weaker and weaker. All the Hong family members present had been killed by Yin Xiao and the rest. Then, they saw the demon dragging the Hong family head out of the tent by his collar ...

Master Hong was dragged in and out. In other words, master Hong was no longer alive. After the evildoer threw master Hong on the ground, he walked to Leng ruoxue and said, "Xue 'er, since these people are all dead, if we let them lie here and scare the passersby, we will feel guilty." In other words, he was saying that he could destroy these people's corpses and get rid of all traces. After all, they had done this kind of thing many times in the past.

"Yes." Leng ruoxue nodded. A small flame with a dark purple glow appeared on her fingertips. The temperature of the flame was extremely high. The moment it appeared, it dried up the moisture in the surrounding hundred miles. When it was thrown onto the bodies of the Hong family members, their bodies evaporated like water vapor without exception.

Seeing this, Yin Xiao and the Yan clan's great elder were both shocked. Their subordinates were also dumbfounded. What kind of flame was this? The temperature was so high that they could not stand it any longer. What they did not know was that she had even controlled the temperature of the flames on purpose, afraid that the Yin and Yan families would not be able to adapt to it. However, even Zi Yu and the rest who knew that the temperature of Leng ruoxue's flames was extremely high, they had subconsciously stayed away from the scope of the flames, especially Xue Ying. She was afraid that her beautiful long hair would be burned again, so the moment she saw the flames, she immediately hid far away.

After everything was settled, Leng ruoxue and the rest bade farewell to the Yan clan's first elder. The group headed towards the 'nightmare forest'. As the Yan clan's first elder was in a hurry to return and report everything to the clan head, he did not hold them back. He only said that he would pay a visit to the 'nightmare forest' when he had the time before leaving in a hurry.

At the same time, in the main residence of the Hong family in Hong city, the first elder of the Hong family stood in the ancestral hall with a sorrowful expression. He looked at the life command token that had already shattered in front of him, and his heart ached faintly! One had to know that he had spent a large sum of money to redeem a good portion of those who had died from the Yan family. However, because of hatred, not only had they lost their lives, but they had also caused the Hong family to suffer heavy losses. In a few hundred years, the Hong family on the godly mainland would not be able to recover!

At the thought of this, he could not help but feel resentful towards his family head, who had also died. If it wasn't for the family head not listening to his advice and insisting on dealing with Leng ruoxue and the others, even imprisoning him, how would the Hong family have lost both their wealth and manpower? Once the family head died, the Hong family would be without a leader. Therefore, the elders who were left behind by the family head to watch over him had no choice but to let him out and ask him to take care of the household.

Al! Housework? How could the Hong family still have any domestic affairs to speak of? the entire Hong family was in a state of panic because of the Death of the Family head and some elders. They were

afraid that the other party would come to the door and destroy them together. Therefore, the Hong family members at this time had no intention of staying in Hong city. Some of them had already left and some of them had hidden. The only person accompanying him in the main residence was actually that brainless elder Shan. And elder Shan was also the only one who would still visit his Hong family members when he was imprisoned by the family head.

Thinking about the fickleness of human relationships these days, the first elder of the Hong family was even more open-minded. Hatred was endless, and he couldn't even think about avenging the head of the Hong family and the others.

This was not because he was timid or not as good as others, but because he felt that as a person from the divine realm, he should be mentally prepared to die at any time. If he went to seek revenge the moment someone in his family died, how many people would die in the divine realm every day? The consequences of this endless revenge would slowly form a cycle and fall into a dead end.

"First elder, no matter what you want to do, I will support you." Standing behind the first elder of the Hong family, elder Shan, who had not spoken for a long time, said.

.....

The first elder of Hong clan turned around as he patted elder Shan's shoulder. Although he didn't express his gratitude, he looked pretty pleasant. At this moment, he had someone's support. What a nice feeling!

"Elder Shan, you've worked hard these days." After looking at elder Shan for a long while, the first elder of the Hong family finally spoke.

"It's not hard." Elder Shan said, a little flattered. Ever since the great elder found out that he had single-handedly created the scandal between him and the Yan clan's great elder, he had not brought him to see him. However, the great elder had obviously been treating him more well these days, which made him very excited.

"Great elder, there are only the two of us in the main residence now. What are your thoughts?" The first elder of the Hong family asked. He knew that after the death of the master, some people in the Hong family had the idea of splitting the family. He had not allowed this at first, but he had thought it through. Since those people wanted to split the family, then so be it! He couldn't be bothered with them anymore, but this matter shouldn't be known by the main family. Otherwise, the main family wouldn't allow it.

"First elder, we can't split! If the main clan were to find out about this, the consequences would be severe." Elder Shan frowned as he thought about it seriously. His branch of the Hong family was originally the main family's representative in the divine mainland. If their branch family didn't inform the main family and the main family found out, they would definitely be punished.

"Now that the Hong family isn't United, it's not a bad idea to move out. Those who still have feelings for the main residence can continue to live there. After all, this is the main residence of the Hong family in the godly land. As for those who have other plans, give them some money and let them leave Hong city! This way, we'll still be the main family of the Hong family on the divine continent, and we won't go

against the purpose of the main family in the divine world. ” The first elder of the Hong family revealed his thoughts.

“Great elder, you mean that we’re still us, but some of our clansmen have gone out to live alone?” Elder Shan understood the great elder’s meaning and confirmed.

“Yes, other than the clansmen who have left to live alone, we won’t let outsiders know that our Hong family has already split.” The first elder of the Hong family said.

Chapter 1389: Bewildering formation (3)

“Great elder, since you’ve already decided, we’ll do as you say! I have no objections. ” Elder Shan said.

“Elder Shan, I’ll have to trouble you to handle this matter. It’s not convenient for me to speak up about the separation of the family. I can only pretend that I don’t know about it. Moreover, you must be very careful and tell them not to tell anyone that the Hong family has already separated. Otherwise, they will bear the consequences!” The first elder of the Hong family reminded.

“Don’t worry, Grand Elder. I know what to do. ” After elder Shan finished speaking, he gave a slight bow to the first elder of the Hong family and left the ancestral hall.

The Hong family was secretly splitting up. At this time, Leng ruoxue and the others had arrived at Yan Bei city. They went to the city Lord’s mansion to greet Yan kun and told him what had happened during this period of time. After that, she brought Yin Xiao and the others into the nightmare forest.

Walking in the nightmare forest and breathing in the fresh air, Yin Xiao felt a sense of relaxation and peace that he had never felt before.

As Leng ruoxue and the rest arrived at the main residence that they had settled down on a mountain, Yin Xiao and the rest stayed there temporarily.

The evildoer felt extremely uncomfortable seeing people sticking themselves in between his Xue ‘er and acting as a thousand-watt light bulb. However, Xue’ er was the one who invited them and he couldn’t chase them away, so he was extremely depressed. Yin Xiao seemed to know the evildoer’s thoughts and appeared in front of them more frequently.

Everyone had agreed to go hunting together. Yin Xiao and the rest, who were already prepared, followed Leng ruoxue and the others into the forest. However, as they walked, they realized that they had lost their way. At this moment, Leng ruoxue and the others had disappeared too. What was going on? Could it be that the rabbits they encountered just now were the bait they set up to abandon them here? Yin Xiao couldn’t help but let his thoughts run wild.

In fact, he had guessed correctly. The evildoer thought that he was too much of an eyesore, so he used the group of rabbits that ran into their sight to lure the Tiger away from the mountain!

Originally, they had wanted to chase after the group of rabbits together. However, the evildoer who was walking at the back had pulled Leng ruoxue away when no one was paying attention. As for Zi Yu and the rest, they had lived in the forest for a long time, so they were naturally not trapped by the maze in the forest. However, Yin Xiao and the rest were different. It was their first time here and they were too

focused on chasing after the rabbits. As a result, they were accidentally separated from Zi Yu and the rest. Yin Xiao and the rest, who were not very familiar with the forest, naturally lost their way.

“Young master! We’re lost. There seems to be a maze formation here.” After observing it carefully, uncle Zhong came to an important conclusion.

“A bewildering formation? Could it be that Xue ‘er and the others set it up?” Yin Xiao’s face was filled with curiosity. He wasn’t dejected because he knew that Xue ‘er would definitely send someone to find them, so he wasn’t worried at all.

“I don’t know about that. However, we can’t leave now. We can only wait for miss Leng and the others to come and find us.” Uncle Zhong said calmly.

.....

“Well, since we’re here, let’s take things as they are. In that case, let’s take a good look around here! I feel that this bewildering formation seems to be quite large.” Yin Xiao said with a face full of anticipation. The so-called bewildering formation was similar to a maze. They both had to find the exit. Otherwise, they would be trapped in the bewildering formation forever.

“Young master! Be careful, although there are formations here, they are all based on the actual situation of the place where the formation is set up. Thus, other than not being able to leave, everything here is real and there is a considerable amount of danger, so we must be on high alert.” Uncle Zhong, who had a slight understanding of formations, recalled the characteristics of a bewildering formation and warned him very cautiously.

“Yes.” Yin Xiao and the others nodded, and everyone carefully strolled through the maze.

There was no lack of food in the maze because there were many small animals trapped in the maze. However, the small animals were quite adaptable and did not panic because they could not get out. After seeing Yin Xiao and the others, they continued to eat their food unhurriedly, while some were sleeping in their caves.

As it was late autumn, the weather was rather cold. As a result, some of the beasts that were afraid of the cold had already chosen to sleep in their own caves. As for those beasts that were loitering outside, they did not have much intelligence and had a lower sense of danger. These beasts were also their best food choices.

After wandering around the maze for a while, Yin Xiao and the rest sat on the ground. After starting a fire, they placed the rabbit and Turkey meat that had been cleaned long ago on the fire to roast. Although the temperature inside the maze was not much different from the outside, the beasts living inside were obviously more comfortable. They had few natural enemies and would probably only eat and sleep every day. Therefore, these low level beasts were all fat and strong. They were roasted on the fire for a while. The oil began to sizzle and drip onto the fire, creating small sparks. Yin Xiao’s heart was filled with satisfaction as he smelled the meat’s fragrance.

“Young master! If young lady Leng can’t find us tonight, we can only spend the night here.” After supper, uncle Zhong warned Zhang tie as he watched the gradually darkening sky.

“Hmm, uncle Zhong, tell them to set up the tents! I guess we’ll have to spend the night here.” Yin Xiao said. That jealous man would not let Xue ‘er find them so easily! Therefore, he resigned himself to his fate!

“Alright,” he said. “Yes, sir!” Uncle Zhong replied and then went to instruct his subordinates.

Yin Xiao looked at the sky that was slowly turning dark and sat by the fire in a daze.

From afar, uncle Zhong saw his young master’s condition and tactfully did not disturb him. Instead, he casually found a place to sit down and carefully observed Yin Xiao’s reaction in secret.

Yin Xiao, who was lost in his own thoughts, felt a bright gaze on him. He felt helpless and couldn’t help but say, “Uncle Zhong, why do you keep your eyes on me?” In fact, there was one more thing that he didn’t say in his heart, and that was ‘uncle Zhong, your gaze makes my pear grow big’!

“Young master! You’re not young anymore, it’s time for you to start a family.” Uncle Zhong thought that his young master felt lonely after seeing them in pairs. Therefore, he couldn’t help but put it in a serious way.

“Family? Forget it! Uncle Zhong, you know that I’m used to being free. Besides, I don’t like those women who are as delicate as flowers. I don’t have the time to coax them.” Yin Xiao said with a headache.

“Then what kind of girl do you like? Tell uncle Zhong! Uncle Zhong will keep an eye out for you.” Uncle Zhong asked with an expectant look. Although he had watched the young master grow up, he didn’t know what the young master was thinking about because the young master always greeted people with a smile and buried all his thoughts in his heart!

“Hehe! If you can find me someone like Xue ‘er, I might consider it.” Yin Xiao made it difficult for him. He knew that uncle Zhong must have been incited by his grandfather to tell him this. Otherwise, uncle Zhong wouldn’t say this for no reason.

“Uh! Young master wanted to find someone as beautiful as miss Leng? Or strength?” Uncle Zhong said with a troubled expression. He had lived in the firmament for many years and had a very high status in the yin clan. He was also the most trusted person by the clan head’s side. Hence, he had seen many young ladies from the direct line of descent from the top clans. However, no matter how much he thought about it, he had never thought that they would be on par with Leng ruoxue. Those ladies seemed a little childish in front of Leng ruoxue.

“Appearance, strength, and temperament must all be the same. If uncle Zhong can find them, I’ll marry and have a family as you wish.” Yin Xiao promised, feeling proud of his own intelligence. He had arranged a ‘task’ for uncle Zhong, so uncle Zhong didn’t have time to target him!

Actually, the reason why he wanted his future wife to be like Leng ruoxue was just to find an excuse. He didn’t want uncle Zhong to be entrusted by others to nag about his marriage. He knew very well that it was impossible for uncle Zhong to find a woman like Leng ruoxue. After all, a woman like Leng ruoxue was definitely one of a kind in this world. His request would definitely reach his grandfather’s ears. He had no choice but to give up.

“Young master! Aren’t you making things difficult for your subordinates? I’m afraid that you might not be able to find someone with young lady Leng’s appearance and temperament even if you search the

entire divine realm. As for someone with a similar strength to young lady Leng, it would be easier. ” As uncle Zhong was valued by his master, he was naturally very smart. How could he not hear the young master’s intention to shirk responsibility?

“Uncle Zhong, do you know Xue ‘er’s real battle strength? Do you really think they are as good as their appearance?” Yin Xiao raised his brows and asked.

“Uh!” Uncle Zhong became dumbfounded, “yup!” How could he forget that those people liked to pretend to be pigs to eat Tigers? it seemed that even if he wanted to find someone with the same strength as miss Leng, there would be no chance. Sigh! He was a little dejected.

“Uncle Zhong, don’t worry about my marriage, alas! I can only blame myself for knowing Xue ‘er for such a short time, we’re not fated to be together!” Yin Xiao pretended to be sad as he spoke.

In fact, although he admired Xue ‘er, it was more of admiration because he knew that an outstanding woman like Xue’ er was not someone ordinary men could control. Moreover, she already had someone she liked, so naturally, he would not do anything to snatch her away.

More importantly, he could not take her away. That evil man was like a beast protecting its food, guarding Xue ‘er’s side every day. Which man could get close to Xue’ er? in addition, he had personally witnessed the evil man’s murderous aura and shocking aura. He had no other thoughts. Now, he was already very satisfied that Xue ‘er could call him big brother Yin. He did not dare to expect too much because his mother had once said that one should know how to be content with what they have. Don’t covet things that don’t belong to you. That is the beginning of destruction. He had always kept his mother’s wise words in mind.

“Al! Young master! Although miss Leng is very outstanding, she really doesn’t suit you. ” Uncle Zhong comforted his young master at once when he saw his young master was a bit sad.

“Uncle Zhong, don’t urge me to get married in the future. I don’t have that intention for the time being.” Yin Xiao’s face was filled with worry as he spoke.

Chapter 1390: The mysterious Valley (1)

“Good! Good! This subordinate will not mention it again! Young master, don’t worry!” Uncle Zhong hurriedly promised as he felt pretty guilty inside. He had accidentally touched on the young master’s sad matter.

Seeing that he had achieved his goal, Yin Xiao was secretly overjoyed! Now, uncle Zhong would not keep nagging him. He could finally have some peace.

Actually, his words were half true and half false. It was true that he admired Xue ‘er and was a bit sad; however, it was not as serious as what uncle Zhong imagined. After all, he had long adjusted his mentality and recognized the relationship between him and Xue’ er. Therefore, of course, he would not seek for trouble and bring trouble to others. Perhaps, this was the difference between men and women in Love. Of course, not all men could be so rational. Not all women would be as demanding as the Hong sisters and Yan Ling ‘er.

Following that, uncle Zhong changed the topic and talked about the situation of the divine realm. However, he kept mentioning a name, which made Yin Xiao a little uncomfortable.

Yin Xiao furrowed his brows helplessly. He felt extremely helpless. Wu ... Uncle Zhong must have done it on purpose. He was using that person's name to disgust him!

Uncle Zhong, who had been talking nonstop, saw Yin Xiao's expression and laughed in his heart. He did it on purpose. Who asked the young master to deliberately make things difficult for him!

"Uncle Zhong! It's getting late, I'm going to sleep." Yin Xiao said hurriedly before running into his tent as if he was fleeing for his life.

"Is miss LAN that scary? She's your cousin!" Uncle Zhong couldn't help but mutter to himself as he watched Yin Xiao's back.

In reality, the people of the firmament had very low requirements for sleep. Even though they would feel tired, they did not need to sleep every day. However, after spending time with Leng ruoxue and the others, they seemed to have been infected by it and had developed the habit of sleeping every day.

After leaving the two Guardians of the Night, uncle Zhong also entered the tent.

At the same time, Leng ruoxue had also noticed that brother Yin and the rest had fallen into a maze. Initially, she wanted to bring them out immediately. However, when she saw the demon acting pitiful again, her heart softened and she allowed him to do as he wished. After that, the demon's eyes were all smiles.

"Xue 'er, they're all from the divine world. You don't have to worry about their safety. You should know that uncle Zhong has hidden his true strength," In the room of the two, the demon said disapprovingly. Don't look at uncle Zhong beside Yin Xiao. He always looked silly and honest, but in fact, he was a real old fox!

"Yes, evildoers. Let's go and pick them up tomorrow morning!" Leng ruoxue tried to negotiate. After all, brother Yin was a guest that she had invited. It didn't seem too good to trap a guest in a maze.

.....

"Xue 'er, let's keep observing! Maybe he's having fun!" The demon laughed evilly. He knew that apart from training, Yin Xiao and the rest had come to the divine mainland to explore. Therefore, the forest was definitely one of their favorite places.

"Being trapped in a bewildering formation and unable to walk out, how can I enjoy it? The maze isn't very big, we'll reach the end in two days at most." Leng ruoxue said helplessly. She didn't think that big brother Yin and the others would be enjoying themselves!

"Then we should at least let them stay in the bewildering array for two days! Otherwise, they won't be able to finish their tour." The demon suggested.

"Uh!" After hearing the demon's words, Leng ruoxue's face was filled with black lines. Tour? Who would be in the mood to explore when trapped in a bewildering formation?

“Xue ‘er, let’s not talk about that guy anymore. It’s getting late.” The demon said seriously, determined to defend his rights.

“Okay, then go to sleep!” Leng ruoxue sighed.

The next morning, after Yin Xiao and the others had their breakfast, they wandered around the maze. According to uncle Zhong’s suggestion, it was best for them to wait at a fixed place for miss Leng and the others to come and rescue them, in case they couldn’t find them. However, Yin Xiao wanted to take a good look around the maze. After all, this was the first time he had seen the maze in his life!

Along the way, Yin Xiao and the others left marks wherever they went. This was also to prevent them from not being able to return to the place where they had set up camp last night. After all, their tents were still there.

“Young master! From the looks of it, this maze formation wasn’t small! We definitely won’t be able to finish it in a day.” Uncle Zhong sighed. It wasn’t that he had never seen a bewildering formation before, but it was the first time he had seen such a large one. He really didn’t know who had set up this bewildering formation. To be able to set up a bewildering formation of this size, the person’s attainments in formation techniques were absolutely top-notch.

“It’s fine. Didn’t we leave a mark? If we can’t finish today, we’ll continue tomorrow.” Yin Xiao couldn’t help but say.

“Yes, young master! Then I’ll go back today! Looking at the weather, it might rain soon.” Uncle Zhong warned Zhang tie as he watched the gloomy weather.

“Then let’s go back!” This time, Yin Xiao did not object.

Yin Xiao and the others followed the markings they left behind and just as they walked back to the campsite, heavy rain poured down from the sky. Everyone quickly hid in their tents.

Through the skylight of the tent, he could see the huge raindrops that were bubbling outside! Yin Xiao’s mood was extremely relaxed.

Drinking hot tea and listening to the sound of the rain outside, this kind of life was quite pleasant. However, he didn’t want to be trapped in the maze for too long, because that could kill him! However, he had also guessed that the devilish man wouldn’t ask Xue ‘er to find him so quickly, so he was very calm.

“Young master! It’s a good thing we came back in time.” Uncle Zhong said.

“Hmm, uncle Zhong, I heard that it feels very good to sleep on rainy days. How about going to bed too?” Yin Xiao suggested.

“Uh! Young master! It’s broad daylight now.” Uncle Zhong helplessly said with black lines on his forehead.

“But it’s raining outside now. What else can I do if not sleep?” Yin Xiao’s face was filled with question marks.

Uncle Zhong didn't know how to answer Zhang tie's question. In the bewildering array and in the rain, what else could he do if not sleep?

"Young master! Then go to sleep!" Uncle Zhong said in a soft voice, feeling helpless.

After hearing uncle Zhong's words, Yin Xiao immediately lay down.

He had never slept in the rain before! He could finally experience it today.
