Chapter 1401: The headache-inducing Xiao Budian (2)

Seeing the little guy's pitiful look, Leng ruoxue was a little angry. She really couldn't understand why this little guy was crying. Didn't I just beat its butt a few times before? Was there a need to scare it like this? Those who didn't know would think that they were bullying small animals!

"Don't cry! Say something!" Leng ruoxue growled softly.

"Xue 'er, it still can't speak." Yin Xiao helplessly reminded.

"Oh! Bring us there then." Leng ruoxue ordered. Following that, she placed Xiao Budian on the ground. Xiao Budian did not dare to disobey her orders. He ran unwillingly in front on his four short legs. Wu ... When the old Grand Madame transmitted her voice to him previously, she told him to follow this fierce big sister from now on. Of course, she also told him the location of the leopard clan's treasure vault. She even said that everything there was a reward for this fierce big sister. However, she could only give it to her after they had left.

Following Xiao Budian, Leng ruoxue and the others came to the open room that Mo Li had brought them to before. She thought that Xiao Budian would take them away from here, but he didn't.

Leng ruoxue saw that Xiao Budian had stopped in front of a wall and could not help but walk over to his side curiously, "Why aren't you moving?"

Xiao Budian looked at Leng ruoxue. Then, with a flash of white light, Leng ruoxue and Xiao Budian disappeared from everyone's sight.

"Xue 'er!" The demon saw that Xue 'er was being taken away by the little guy and hurriedly shouted.

"Miss!" Zi Yu and the others also cried out in alarm. Damn it, where did that little thing take the young lady? Wasn't this just making them anxious? They were all very clear that their miss and that little guy hated each other and didn't like each other. If they were to be alone now, who knew if they would start fighting! Besides feeling anxious, they seemed to have no other choice!

"Don't worry! Xue 'er will be fine." Yin Xiao said confidently. Xiao Budian was not Xue 'er's match, so he probably wouldn't dare to play any tricks on her. According to his guess, Xiao Budian must have brought Xue 'er to get their reward, so he felt that they should just wait here.

The demon nodded and didn't say anything.

Actually, the evildoer knew that nothing would happen to Xue 'er. However, Xue 'er had just disappeared from his sight, leaving his heart empty. However, he could only wait for the little thing to bring Xue 'er back.

Leng ruoxue wasn't mentally prepared when she was suddenly taken away by Xiao Budian. However, when she saw where Xiao Budian brought her to, she was momentarily dumbfounded.

.....

Oh my God! Could this be the treasure vault of the leopard cat race? The place they were in was a secret room that was extremely large. As far as the eye could see, it was filled with countless top-grade crystals of various colors. They were piled on the ground like trash. When Leng ruoxue saw these crystals, she kept them into her bracelet without a second word.

She really did not know how many years the Fox clan had saved up to be able to save up so many crystal stones. Now, she had no doubt that with these top-grade crystal stones, the Fox clan would definitely be the richest beast clan in the divine realm. She believed that even the Kings of the beast clan like the dragon and phoenix might not have as much wealth as the Fox clan.

After she kept the crystal stones on the ground, she continued to walk into the secret room. Following that, she saw countless shelves that were half the height of a person. The shelves were filled with small and exquisite boxes. Leng ruoxue opened one of the boxes and saw that it contained medicinal herbs. She had only opened one of them casually and it contained an extremely precious medicinal herb.

She casually opened a few more boxes and saw that they were still filled with well-preserved and precious medicinal herbs. Leng ruoxue could not help but feel relieved. Fortunately, the leopard clan had not piled up these medicinal herbs like the crystals. Otherwise, she would have been heartbroken to death! Who asked these medicinal herbs to be her reward now!

After putting away the box on the shelf, Leng ruoxue went to the other side of the secret chamber. At the corner of the wall on the other side, there was a pile of uncountable ores. Those ores were all messily piled together. The corner of her mouth twitched as she thought to herself, "alright then!" These weren't medicinal herbs, so she could endure it.

These ores naturally entered her bracelet without leaving a single one behind. Following that, she carefully wandered around the secret room until the little guy tugged at the bottom of her pants.

"What's wrong?" Leng ruoxue lowered her head and looked at Xiao Budian.

Xiao Budian pointed at the wall opposite them. Leng ruoxue understood that this little guy was going to take her away.

Following that, a white light flashed, and Leng ruoxue and Xiao Budian appeared in front of the demon once again.

"Xue 'er!" The demon stepped forward, his handsome face full of resentment.

"We're back!" Leng ruoxue tugged at the evildoer's arm and said in a slightly coquettish manner.

"Xue 'er! How's the harvest?" Yin Xiao asked curiously.

"Not bad, these are all medicinal herbs and ores, just what I need right now." Leng ruoxue replied simply. Even though her relationship with big brother Yin wasn't too bad, big brother Yin wasn't one of them. Hence, she didn't intend to let him know about her family background.

"Hehe! Beastie seems to like collecting herbs even more than us." Yin Xiao said with a smile.

"Yup! Their sensitivity to medicinal herbs is above us humans, so it's naturally easier for them to find precious medicinal herbs than us." Leng ruoxue agreed.

“Big brother Yin! Let this little guy take us away!” Leng ruoxue continued.

“Yes.” Yin Xiao nodded his head. Following that, without waiting for Leng ruoxue’s instructions, Xiao Budian consciously covered everyone with a white light and brought them out of this place.

After Leng ruoxue and the rest left through the wall, they returned to the maze.

After packing their things, Yin Xiao and the rest carefully followed behind Leng ruoxue and the others and left the maze.

When they returned to the main residence, Yin Xiao and the rest went back to their rooms to wash up and rest. Leng ruoxue and the demon also took the opportunity to go back to their rooms to rest.

At night, Leng ruoxue instructed Yue Qing and Xiang ‘er to prepare some food to help Brother Yin and the rest calm down. Xiao Budian, who was ignored by them when they returned to the main residence, was nowhere to be seen.

In the courtyard, Leng ruoxue saw Zi Yu and Bai Xian sitting on the stone chairs and drinking tea. She couldn’t help but ask, “Where’s the little one?” She had searched around just now and could not find the little one’s whereabouts. She had clearly warned the little guy not to run around because there were many bad people in the forest who would capture it.

Chapter 1402: The headache-inducing Xiao Budian (3)

However, the little guy obviously ignored her words. In fact, in the little guy’s heart, she was probably the worst person! Therefore, the little one had disappeared.

“Xue ‘er! It’s with me. ” At this moment, Yin Xiao’s voice rang out. Leng ruoxue raised her head and saw that the Xiao Budian she was looking for was lying in big brother Yin’s arms with a face full of fear. He was also staring at her with extreme vigilance. She couldn’t help but not know whether to laugh or cry.

“En, didn’t I say that you’re not allowed to run around? You’re actually disobedient!” Leng ruoxue put on a stern face and chided him. This little thing’s talent was too annoying, so she really couldn’t ignore it!

Hearing Leng ruoxue’s words, Xiao Budian’s body began to tremble, and his fiery red eyes began to tear up.

“Xue ‘er! I was the one who took it away. ” Seeing this, Yin Xiao hurriedly said.

“Big brother Yin! Children can’t be spoiled. I’m strict with it for its own good. Otherwise, it’ll be too late when it causes trouble for us that day. ” Leng ruoxue saw that Yin Xiao was pleading on Xiao Budian’s behalf and reminded him. Actually, she was mainly afraid that Xiao Budian’s talent would be used by others. If that happened, they would be the ones to lose. That was why she couldn’t help but want to be stricter with Xiao Budian.

“Xue ‘er! It’s still small!” Yin Xiao sighed.

“No matter if it’s a child or a small beast, education has to start from when they’re still young. It’ll be too late to educate them when they grow up.” Leng ruoxue said.

“Alright! You’re right, but the little guy just came here, so there are probably many places that he’s not used to. You should at least give him a few days!” Yin Xiao spoke up for Xiao Budian.

“Mm! I can give it a few days to get used to it, but it still can’t run around!” Leng ruoxue said very clearly.

“Don’t worry! I’ll take good care of it.” Yin Xiao promised.

Although she had Yin Xiao’s assurance, Leng ruoxue didn’t think that Yin Xiao would be able to keep an eye on that little fellow with heaven-defying talent.

The events of the next few days proved that Leng ruoxue’s worry was right.

.....

Leng ruoxue sat on a chair in the living room and looked at the Xiao Budian who was squatting in front of her, feeling aggrieved! Why couldn’t this little fellow be more reserved? It had only been here for three days, and it had almost turned her house into a mess. Lock it in the room! He knew the art of transmigration and couldn’t lock it, but he didn’t! It always scurried around as if no one was there!

Leng ruoxue did not know how to comfort Bai Xian and his wife when she saw their angry expressions! She was disturbed ... At the moment and her mood was not good. Although she wanted to teach this little fellow a good lesson to help them vent their anger, she could not hit him too hard. She could scold him! It can’t speak, and it’s still playing dumb with you. She really didn’t know what to do with it.

“Big brother Yin! I’m at my wit’s end with this little fellow.” Leng ruoxue irresponsibly pushed Xiao Budian to Yin Xiaodao.

“Uh!” Yin Xiao’s forehead was filled with black lines. In fact, the trouble that this little guy had caused these past few days had made him helpless.

The little guy was extremely curious about everything here. As a result, in the first two days he came, he would always look around here and there. Sometimes, he was afraid that the little guy would randomly barge in, so he would follow. However, in the end, he really couldn’t endure this energetic little guy, so he let him wander around by himself.

He thought that Xiao Budian was familiar with everything here, but who knew that Xiao Budian had developed the habit of entering and exiting other people’s rooms at will. He was also extremely curious and always barged in when others were not prepared. In fact, this was not the first time he had peeked in when a couple was doing business! He was deeply ashamed of this hobby of the little guy’s. After all, he had once promised Xue’er that he would take good care of it! Who knew how many days it had only been! The little guy had provoked the wrath of the heavens and the resentment of the people. Even his subordinates were dissatisfied.

Xiao Budian squatted on the floor, occasionally raising his head to sneak peeks at Leng ruoxue and then at his backer. Wu...Why didn’t his backer plead for him this time? It wasn’t like it hadn’t done such a thing before, so why were they so angry this time? It couldn’t understand.

“Xue ‘er! I’m at my wit’s end.” Yin Xiao said helplessly as he looked at Xiao Budian who refused to change.

“What are your opinions?” Leng ruoxue’s beautiful eyes swept across the crowd in the hall as she asked.

“Miss, if we really can’t do it, let this little guy live in the forest!” Zi Yu said after thinking for a while. Although he also pitied this little fellow’s clansmen, who had all died and had no one to rely on, this little thing was too good at tormenting people. If this continued for a long time, they would go crazy.

“I agree,” Bai Xian hurriedly said.

“With this little thing’s talent, there’s no place it can’t go. Even if we let it live in the forest, what if it secretly comes back? Who can stop him?” Leng ruoxue could not help but ask.

“Miss! Then what should I do? With this little one around, we won’t have any privacy at all.” The moon-eyed creature said somewhat uneasily. Its beautiful eyes glared fiercely at the little guy. Damn little pervert, he actually peeked at her bathing. Now, she can only transform back into her original form while she’s bathing. Otherwise, if this little thing barged in, it would be gone! As soon as she thought of this, she would be the first to agree to send this little thing away. However, the young miss’s words made her extremely depressed.

That’s right! This little thing was simply omnipresent. There was probably no place in this world that it couldn’t go, and they couldn’t stop it at all. Wu ... Was there no other way?

“Xue ‘er, why don’t you sign the contract immediately!” Yin Xiao suddenly recalled that Leng ruoxue had yet to sign a contract with Xiao Budian, so he quickly suggested. With the restrictions of the contract, Xue ‘er could control Xiao Budian’s actions.

“It still doesn’t know how to form a soul contract.” Leng ruoxue said helplessly. On the first day this little fellow came, she had already thought about this question. She had also asked the little guy about it, hoping that he would sign a soul contract of his own accord. After all, that would only work if the Beastie signed it on its own accord. Furthermore, she could not possibly sign a master-servant contract with the Beastie. However, who knew that the little fellow would look at her with a blank expression. At that moment, she had temporarily given up on that thought.

“Then what do we do?” Yin Xiao didn’t know what to do with the little guy. The little guy was quite obedient in the first two days he was with him. Why did he change into a different beast in just a few days? was this his true nature?

Just as everyone was unable to come to a conclusion, uncle Zhong suddenly walked into the living room and whispered something into Yin Xiao’s ear. Immediately, Yin Xiao’s expression became unnatural.

“What is he doing here? How did he know I was here? Uncle Zhong! You betrayed me?” Yin Xiao said in a low voice, slightly annoyed.

“Young master! It’s my duty to report everything about you to the head of the family. Besides, he’s your grandfather. If he wants to come here to see his grandson, do you think I can stop him?” Uncle Zhong also felt very helpless, “alas! With the temper of the family head, it would probably be lively here.

“Big brother Yin, uncle Zhong! What happened?” Leng ruoxue couldn’t help but ask when she saw the two of them whispering to each other. Yin Xiao’s expression seemed to be a little dissatisfied.

“Xue ‘er! My grandfather is here. ” Yin Xiao said, a little embarrassed. Although he didn’t know the old man’s purpose for coming here, judging from his grandfather’s temper, this place was probably going to be lively.

“Oh! Since master Yin is here, let’s go and welcome him!” Leng ruoxue was helpless as well. She had always wanted to go into closed-door cultivation, but why did things keep happening? Now that an important guest had come to the house, he was afraid that he would not be able to close up for a while.

“Yes.” Yi Xiao nodded his head. Then, everyone went down the mountain to receive the yin family’s patriarch.

At this moment, the master of the yin family had just entered the forest and was observing his surroundings. Especially after he entered the maze, he started to break the array in amazement.

He liked to study formations. Although he didn’t dare to say that he was the most proficient in formations in the immortal realm, he was definitely in the top three. Therefore, he felt that this small maze formation was not difficult for him! However, who would have thought that after staying in the bewildering array for nearly an hour, he still wasn’t able to crack this bewildering array. This also aroused his competitive spirit! This made him even more determined to not give up until he broke this bewildering formation.

When Leng ruoxue and the others found master Yin, they saw a tall man with his back facing them. He was squatting on the ground and gesturing. He was so engrossed that he didn’t even notice them when they were right beside him. Leng ruoxue couldn’t help but sigh. This master Yin really didn’t care about his own safety. His vigilance was really too low!

However, from the looks of it, he was probably trying to break the array. Hence, Leng ruoxue did not disturb him and brought her men to find a place to sit down and wait.

After a long time.

Yin Xiao couldn’t wait any longer. He came to his overly invested grandfather’s side and called out softly, “Grandpa!”

The master of the yin family, who was busy breaking the formation, ignored him.

“Grandpa!” When Yin Xiao did not get a response, he increased his volume, but he was still ignored.

“Big brother Yin! It seems that master Yin’s mind is completely focused on breaking the formation. Why don’t we come back to pick him up in a few days?” Leng ruoxue said helplessly. The maze that she had set up was not something that could be solved in a short period of time. Since this Yin family’s master was so interested in breaking arrays, it was better not to disturb him. After all, she had heard many times from big brother Yin that this grandfather of his had a weird temper.

“Alright then!” Yin Xiao sighed.

After saying that, everyone turned around and was about to leave when they heard a dissatisfied voice behind them, "Didn't you come to pick me up? How can a young man be so impatient? can't he wait any longer?"

"Grandpa! We've been waiting for you for half a day, and it's going to be dark soon." Yin Xiao turned around and reminded his grandfather, who had no sense of time.

"Uh! It's been that long!" The master of the yin family stood up and said with a normal expression. He remembered that he hadn't studied it for long! Why is it getting dark?

"Master Yin, come up the mountain with us!" Leng ruoxue chuckled as she sized up this Yin family head. She knew that this person was not the yin family head from the divine mainland. His identity and status in the divine world should be on par with his Godfather and the others.

The yin family master in front of him looked to be in his early thirties. He was handsome and had an extraordinary bearing. His strength was the same as his Godfather and the others, reverent-god level. Although he did not know the purpose of his visit, he could not neglect him even if it was not for brother Yin's face. After all, he was a reverent-god level master! In case he had some friendship with her Godfather, she had to entertain this Big Buddha well.

Chapter 1403: Master Yin's motive (1)

Just as Leng ruoxue was sizing up master Yin, master Yin was also observing her. This little girl was not only beautiful, but also bold! She actually dared to look him in the eye! It should be known that in the divine world, other than a few old geezers who had the same status as him, there was almost no one who dared to look at him so openly. Even his grandson, who he had always doted on, only dared to look at him directly when he was angry. This made him feel depressed.

Al! He couldn't understand why those people were so afraid of him. He wasn't a man-eating tiger. She had made him lose all his interest. However, this little girl in front of him was quite interesting. He hoped that this little girl would not disappoint him!

The master of the yin family looked at her from head to toe and felt that this girl was good in every way! He was very satisfied with everything. The only thing that was lacking was that his strength was too low! This can't do! Thinking of this, he was a little worried!

Leng ruoxue saw that this half-grown old man was only staring at her, frowning for a moment and sighing the next moment. She was extremely puzzled. What was the meaning of this patriarch Yin? Furthermore, he looked like he was in a dilemma. However, Leng ruoxue really could not understand why this old man was in a dilemma!

After a long while.

"Little girl, are you the master of this forest?" the master of the yin family asked.

"Yes." Leng ruoxue nodded and thought, 'isn't it obvious?'

"Then who set up this bewildering formation?" The master of the yin family asked.

“He’s my senior brother. ” An idea struck Leng ruoxue and she told him about Bing Yao. Seeing how obsessed this old man was with formations, she was really afraid that this guy would pester her. Since her senior brother was not in the divine mainland, it was impossible for this master of the yin family to find her. Furthermore, her senior brother even treated her as his Godfather, so he must not have a high status in his eyes! She couldn’t help but think to herself wickedly.

“Where is your senior brother now?” After hearing Leng ruoxue’s words, the master of the yin family’s eyes lit up and he asked eagerly.

“He went to the divine realm.” Leng ruoxue chuckled as she replied.

“Uh! What a coincidence! When will he be back?” The master of the yin family was disappointed, but he couldn’t help asking.

“I’m not sure. ” Leng ruoxue replied innocently.

.....

After hearing Leng ruoxue’s answer, master Yin almost forgot why he was here. He was actually thinking whether he should return to the God World to find this little girl’s senior brother. This bewildering formation was really too clever. If he couldn’t ask for advice from others, his heart would feel as uncomfortable as a cat scratching it. Sigh!

“Grandpa, can you leave with us now?” At this moment, Yin Xiao helplessly said, sigh! Looking at his grandfather’s expression, he knew that his grandfather’s mind was still on the maze!

“Oh! Yes! I can!” Yin Xiao’s words made the head of the yin family, who was deep in thought, immediately realize his purpose in coming to the divine mainland. How could he be so foolish! He had almost returned to the divine realm! No! He couldn’t come here for nothing. In any case, this little girl’s senior brother couldn’t run away!

“Little girl, you’re called Leng ruoxue?” The master of the yin family asked.

“Yes.” Leng ruoxue nodded her head lightly. She was not surprised that this old man knew her name.

“I want to stay here for a while. You don’t welcome me, do you?” The master of the yin family asked.

“I won’t!” Leng ruoxue said with a faint smile. No one else could invite such a Big Shot, so how could she not welcome him?

“That’s good! Oh! Please lead the way!” The master of Yin family said to uncle Zhong and the others.

“Master Yin, please!” Leng ruoxue said very courteously. Just as she was about to lead the way, she was unexpectedly stopped by the master of the yin family.

“Little girl, just let them lead the way. Keep me company and talk.” The master of the yin family said in a friendly manner.

“Uh!” Leng ruoxue was stunned. Did she hear it wrong? This old man actually wants me to talk to him? Wasn’t this something his grandson would do? Why did this old man come to find him? Immediately, she became vigilant.

“Little girl, shouldn’t you be a good host? I’m a guest!” Looking at Leng ruoxue’s confused expression, master Yin couldn’t help but complain.

“I should do my best as a host.” Leng ruoxue felt helpless. Could it be that this old man was like her Godfather, having two personalities?

“This is more like it!” Master Yin was very satisfied with Leng ruoxue’s tactfulness. After he finished speaking, he pulled Leng ruoxue to his side. The two of them walked side by side. As for his own grandson, he was disdainful of him.

Ugh! Seeing this, not only did Yin Xiao have a bad feeling, but even the demon was on guard. It seemed like this old thing was here for Xue ‘er! Hmph! She hoped that he would not have any ideas about Xue ‘er! Otherwise, she would definitely let him know how to spell the word ‘regret’!

The group of people walked slowly and arrived at master Leng’s residence. Before they could even sit down, master Yin started to grumble that he was hungry. Leng ruoxue had no choice but to ask Yue Qing to help her prepare some food.

“Grandpa! How can you be hungry?” Yi Xiao whispered speechlessly. He had never heard of a divine Lord being hungry!

“Why can’t I be hungry? I’m also a human!” The master of the yin family felt very wronged. Other than practicing formations and eating, and occasionally going into seclusion, what else did he enjoy? But now, this unfilial grandson even wanted to take away his pleasure in eating. This was preposterous! This is too much!

“...” Yin Xiao was speechless. He couldn’t win against this old fox in a verbal fight.

After a short while, Yue Qing filled the table with food that she had prepared. When master Yin saw this, he smiled so widely that his eyes could barely be seen.

“Yin family head, please enjoy! Don’t stand on ceremony.” Leng ruoxue chuckled.

“MMH! I won’t stand on ceremony with you. Little girls, aren’t you going to eat?” The master of the yin family realized that he was the only one who had sat down at the dining table. The rest of the people had all stayed far away.

“We’ve already eaten.” Just as Leng ruoxue finished speaking, a snow-white figure scuttled onto the table and started gnawing on a large chicken leg.

“Little guy! Who allowed you to come here?” Leng ruoxue looked at the snowy white little fellow on the table and said angrily. Even though they didn’t mind eating with Beastie, the guests might not mind. She didn’t want master Yin to take this little fellow’s life in a fit of anger.

Chapter 1404: Master Yin’s motive (2)

Xiao Budian, who was eating happily, heard Leng ruoxue’s words and his little body trembled. However, he still did not let go of the delicious food in his hands. He hugged the big chicken leg tightly, as if he was afraid that Leng ruoxue would snatch it away in the next second.

“Hehe! Don’t worry, this little guy is probably hungry.” Master Yin saw this and quickly tried to smooth things over. After he finished speaking, he picked up another chicken leg and started to gnaw on it.

“Master Yin, please enjoy your meal. I’ll go arrange a place for you to stay.” Leng ruoxue saw that the person in question did not care about Beastie sharing a table with him, so there was no need for her to interfere. After all, in her heart, humans and Beastie had always been equal.

With that, Leng ruoxue left with the evildoer and the rest.

The yin family’s head and Xiao Budian, a man and a beast, ate very happily. Their relationship was also established during this meal. In the next few days, the man and beast actually became inseparable.

Sitting on the stone chair in the garden, Leng ruoxue watched as master Yin and Xiao Budian left one after another. She was extremely puzzled. He really didn’t think that this old man and this little one would actually like each other. No matter where they went, they would always be together. This was really too strange. This old man ignored his grandson, and didn’t pester her either. What was his goal in hanging out with the little guy all day?

However, the trouble that the little one caused these few days seemed to have decreased, and he had become more sensible. He was very polite when he saw her, and he was not as afraid of her as before. This made her a little uncomfortable, but the vigilance in her heart had never decreased.

At the residence of the yin family’s master.

Yin Xiao sat on a chair in the room and watched as his grandfather played with the little one. He was extremely puzzled. What was his grandfather trying to do? This old man simply wasn’t someone who had the patience to take care of a child. Now that he was actually inseparable from Xiao Budian all day long, this made him very uneasy in his heart, especially since Xiao Budian had that kind of talent.

“Grandpa! What the hell are you doing?” Yin Xiao finally couldn’t help but ask. However, his words immediately attracted the yin family’s master’s angry glare.

“You little brat! What do you mean by playing tricks? I’m just helping you solve your problem!” The master of the yin family said angrily. Although he had only stayed here for a few days, he had heard of this little guy’s great achievements. Therefore, he was quite interested in this little thing.

“Grandpa! The little guy is Xue ‘er’s Beastie, so don’t you dare have any ideas about him!” Yin Xiao reminded. When Xiao Budian grew up, he would recognize Xue ‘er as his master. This was also the last words of the Fox clan’s ancestor, so he did not want his grandfather to have any bad thoughts because of Xiao Budian’s envious talent. Thus, he had to give him a warning in advance.

“You little brat! Am I that kind of person? I’m helping you to keep an eye on this little fellow, in case it causes any more trouble.” Yin Xiao’s words made the yin family head so angry that he almost vomited blood. If it was an outsider who misunderstood him, he could ignore it. However, the person who had such thoughts was his most valued grandson. How could he not be furious?

“Really?” Yin Xiao still couldn’t completely believe his grandfather’s words. After all, from what he knew, his grandfather wasn’t someone who would do such a thing!

“Of course! If it wasn’t for me, would Xiao Budian be so obedient these few days?” The master of the yin family was so angry that his eyes were spewing fire as he roared loudly.

“Grandpa, then tell me, what are you doing here?” Yin Xiao asked seriously. He still had doubts about his grandfather’s purpose for coming here.

“I miss my grandson. Can’t I come to see my grandson?” The yin clan’s patriarch said unhappily as he cursed Yin Xiao in his heart. Little brat! Little rascal! What a heartless kid! Would I have come here if not for you? He felt very wronged in his heart. It was fine if this kid didn’t appreciate it, but why did he put on a suspicious face for him to see? This was really too much.

“Grandpa, you really miss me? But, Grandpa has been here for a few days, and it seems like we haven’t even exchanged a few words!” Yin Xiao reminded. He wasn’t that easy to fool and could be dismissed with a few words.

“I see you every day, don’t I? That’s good enough, what’s the point of talking!” The master of the yin family said disapprovingly.

“Uh!” Yin Xiao didn’t know what to say after hearing his grandfather’s words. He sighed and stood up. “Since Grandpa is satisfied to see me, I won’t disturb you any longer.”

With that, Yin Xiao turned and left.

After Yin Xiao left, the head of the yin family lifted Xiao Budian up in front of him and said, “Little guy, we’re comrades now! You have to be a good match for me.”

Xiao Budian nodded his head as if he understood. His fiery red eyes were focused on the yin family’s master.

“Take me out of here now!” The master of the yin family ordered.

After the little guy finished listening to master Yin’s words, a white light covered master Yin’s body. In an instant, master Yin was moved from his room to the outside of the main residence.

“Then bring me back!” The master of the yin family said.

The little guy nodded his head, and a similar white light enveloped the yin family’s patriarch’s body. In the blink of an eye, they were back in the yin family’s patriarch’s room.

“Hehe! Little guy! You’re really amazing! It was fun just now, right?” The yin family head said happily. This little guy was an unexpected gain for him!

“Yes, yes.” The little guy furiously nodded his head. He liked to wear things like this, and the request of this old man in front of him just happened to satisfy his interest.

“What a good child. Let’s play again if we have the chance.” After master Yin finished speaking, he hugged Xiao Budian’s undergarments and laid down on the bed to take a nap. In reality, he was thinking about his own plan in his heart.

After living in the Leng family’s main residence for almost half a month, master Yin would carry Xiao Budian and stroll around every day. He had practically walked around the main residence once. After

that, he had Xiao Budian bring him to walk around the forest a few times. The man and beast left early in the morning and returned late at night every day. There was almost no sign of them. If it wasn't for the fact that she knew that master Yin had not left, Leng ruoxue would definitely have thought that he had kidnapped Xiao Budian and escaped.

However, she did not deliberately stare at where the master of the yin family went. According to Qing Jue, besides wandering in the forest, the master of the yin family spent more time in the maze.

Chapter 1405: Master Yin's motive (3)

"We're back." Master Yin carried Xiao Budian into the garden and saw Leng ruoxue and the rest sitting on the stone chairs. He greeted them warmly.

"Master Yin is back early today!" Leng ruoxue chuckled.

"Mm! Xiao Budian and I were a little tired today, so we came back early. We'll go back to our room first!" After master Yin finished speaking, he carried Xiao Budian and left.

Leng ruoxue watched master Yin's back as he left. She then turned to Yin Xiao and said, "Big brother Yin, did your grandfather really come because he missed you?"

Leng ruoxue was very suspicious. If they were really here for Yin Xiao, why would they ignore her grandson and hang out with a little beast all day?

"He said yes!" Yin Xiao spoke the truth as he looked at uncle Zhong nearby. Uncle Zhong, who received Yin Xiao's gaze, turned his head away. No one knew what he was thinking.

"Oh!" Leng ruoxue nodded and did not comment. No matter how she looked at him, she felt that Xiao Budian was more like the grandson of master Yin.

However, to Leng ruoxue and the others, this was just a small interlude. None of them took it to heart. Moreover, with the company of the yin family's master, the trouble that Xiao Budian caused was obviously less. This outcome was not bad.

As the days passed, the relationship between Yin family head and Xiao Budian grew by leaps and bounds. Compared to the past few days, when the man and beast left early and returned late, they rarely went out these few days.

"Girl, I heard that you know how to play chess. Come play a few games with me!" The master of the yin family went to look for Leng ruoxue early in the morning, his face full of anticipation.

"Alright!" "Yes," Leng ruoxue replied. Then, the two of them set up a chessboard in the living room. When the others saw this, they gathered around to watch the battle.

The game they played was similar to go. It was also divided into black and white pieces. However, the way they played it was slightly different. Moreover, go contained spiritual Qi. Playing chess was the best way to test whether a person's mind was stable or not. This was because usually, a game would take a long time. If it was someone with the same strength, it was possible to play a game for days and nights. The chess field was like a battlefield! It was also full of mutual deception.

Leng ruoxue chose the white stone, and master Yin chose the black stone. After making their choices, master Yin said, "Little girl, you're the junior, so you should make the first move!"

"Alright," he said. Leng ruoxue didn't stand on ceremony either. She randomly picked a spot and placed the chess piece down.

"Little girl, how about we have a little wager?" The master of the yin family suggested as he held the chess piece in his hand for a long time.

"Alright! I wonder what kind of wager master Yin has come up with?" Leng ruoxue asked with a faint smile. Even though she didn't know what this old man was up to, she wasn't afraid no matter what his motive was.

"If you lose, you have to do one thing for me! If I lose, I can agree to one request of yours! How is it?" The master of the yin family said after some thought.

"Good! I'm fine with it." Leng ruoxue nodded in agreement.

"Then it's decided." After master Yin finished speaking, he put down the chess piece in his hand.

Then, the two of them exchanged hundreds of rounds, but there was still no clear winner.

Master Yin looked at Leng ruoxue, who was as calm as ever, and felt more and more satisfied. What a steady little girl! He was so young, but his heart was so firm. It was really rare! Oh! Although this little girl's current strength was a little low, she would definitely become a great person in the future.

At the thought of this, master Yin treated Leng ruoxue even more seriously.

After playing for a few days, the two still couldn't determine a winner. Master Yin held the chess piece in his hand and pondered for a long time before he said, "Girl, how about we call this a draw?"

"I don't have any objections," Leng ruoxue went along with the flow when she heard master Yin's words. Actually, she had wanted to say this for a long time, but she was too embarrassed to say it.

"Girl, we haven't decided who's going to win. Why don't we play something else?" The master of the yin family said.

"Master Yin, we've been playing chess for so many days. I'm a little tired, so I won't be accompanying you." Leng ruoxue said helplessly. After she finished speaking, she stood up and prepared to leave. However, she was stopped by the yin family's master.

"Girl, if you don't keep me company, then no one will." The yin family's master said pitifully, his face full of hidden bitterness.

When Leng ruoxue heard master Yin's words, she couldn't help but roll her eyes. She thought to herself, 'you're getting drowsy after playing a game of chess, and you've chased away all the spectators. It'd be a wonder if anyone would be willing to accompany you!'

Master Yin's chess playing speed was unusually slow. Usually, after she placed a piece, he would have to think for a long time before he would place his piece on the board, causing her to almost go crazy. However, out of courtesy, she held back. The evildoer and the others who were originally watching the

game could not stand the speed of this old man's chess playing and all abandoned her. Therefore, there were only the two of them in the originally lively Hall. Oh right, there was also a little beast sleeping very soundly in master Yin's arms.

"Master Yin, I'm really tired." Leng ruoxue said weakly on purpose. She really didn't want to play chess with this old man anymore. Otherwise, who knew how many days this game would take.

"Then what should we do?" The master of the yin family frowned and said gloomily.

"I'm going back to my room to rest. You can play by yourself!" After Leng ruoxue finished speaking, she was about to leave. However, before she could take two steps, she felt a numbing sensation on her shoulder. Then, she lost consciousness. The moment she fell, master Yin quickly caught her and placed her on the chair.

"Little guy, take us out of here!" The yin family head woke Xiao Budian.

The little guy rubbed his eyes and looked at master Yin. He then looked at big sister Xiong who was sleeping on the chair. He was very puzzled. Why didn't the old man go out alone today? Why did he bring this fierce big sister along? However, every time this grandfather went out, he would make good food for it and play with it. Therefore, it didn't think much about it and directly enveloped the two of them in white light, taking them out of the Leng family's main house.

At this time, the evildoer who felt flustered in his room sensed that something was wrong and immediately ran out of his room and went straight to the living room.

However, when he appeared in the living room, there was no one there. Seeing this, the demon was furious! He punched the table, and the table was crushed into powder in an instant.

Chapter 1406: Master Yin's motive (4)

When Zi Yu and the others heard the commotion, they came to the living room and saw the evildoer standing alone in the living room with a gloomy face. No one knew what he was thinking.

"Where's miss?" Zi Yu couldn't help but ask. Could it be that guild leader ye and miss had quarreled? Otherwise, why would leader ye's expression be so ugly?

"He was taken away by that old thing." The demon said coldly. After he finished speaking, he strode out of the living room. Seeing this, Zi Yu and the others quickly followed.

When they arrived at the yin family's residence, Zi Yu knocked on Yin Xiao's door.

"Why are you guys here?" After opening the door, Yin Xiao's face was filled with question marks. These people didn't seem to have good intentions! Did he do something he shouldn't have? He thought to himself.

"Where's your grandfather?" Before Zi Yu could open her mouth, the demon impatiently asked.

"Isn't he playing chess with Xue 'er?" Yin Xiao replied with a question mark on his face. He didn't understand why the demonic man would ask him such a question.

“He took Xue ‘er away.” The demon said coldly.

“What do you mean? Did they go out together?” Yin Xiao asked in a daze.

“It’s to take him away! Don’t you understand?” The demon questioned impatiently, Hmph! He dared to touch his woman, he must be tired of living!

“Uh! I don’t understand!” Yin Xiao said honestly. This man’s temper was really big! Who had provoked him? He still wasn’t very clear where this devilish man’s resentment came from.

“Your grandfather kidnapped Xue ‘er! I’m sure you understand now!” The evildoer gritted his teeth. He had never seen such a stupid man. Yin family’s young master?! He really didn’t know what kind of insight that old man had! He couldn’t help but curse in his heart.

“That’s impossible, right? Why did my grandfather kidnap Xue ‘er? There’s no reason for that!” Yin Xiao said in disbelief. His grandfather wouldn’t do such a thing! This man was too suspicious! Xue ‘er was so smart, how could she let others take her away so easily! If she didn’t do it willingly, they would notice even if she made the slightest movement. Moreover, this was Xue ‘er’s home! It would be very difficult for outsiders to make a move!

“You’ll have to ask your grandfather then. Anyway, Xue ‘er is in his hands now. Contact him immediately and see what he wants.” The demon ordered.

“Alright then!” Yin Xiao nodded helplessly. Although he didn’t believe that his grandfather would do such a thing, he still had to find a way to prove his grandfather’s innocence since he was his grandson. He didn’t want his grandfather’s brilliance to be destroyed in a day. After all, their Yin family’s reputation in the divine realm was extremely good.

Thinking of this, he tried to contact his grandfather. However, his grandfather did not give him any response, which made him feel bad.

“You didn’t reply?” The demon looked at Yin Xiao’s expression and said indifferently.

“Yes.” “Grandpa is probably busy. He might reply in a while,” Yin Xiao said.

“Don’t lie to yourself. That old man took Xue ‘er and ran away.” The demon said coldly.

“Uh!” Seeing how certain the demon was, Yin Xiao didn’t know what to say. He didn’t dare to argue with him in case he made him even angrier.

“Guild leader ye, why don’t we give chase immediately!” Yue Qing suggested.

“There’s no need to chase. We can’t catch up with the Supreme divinity’s speed. If I’m not wrong, he should have taken Xue ‘er to the divinity.” The demon said with a gloomy face.

“Then what do we do?” Yue Qing said anxiously.

“I’ll go to the divine realm to find Xue ‘er.” The demon said without any hesitation. Initially, he wanted to wait for Xue ‘er to break through to the high level deity stage before going to the divine world together. However, it seemed like they would have to go ahead of time.

“Guild leader ye, I’ll go with you.” Zi Yu said after hesitating for a moment.

“We’ll go too.” Bai Xian and his wife said in unison.

“I, I’ll go too.” Yue Qing said after some thought. She knew that she was weak and would be a burden to them if she went to the divine world. However, she wanted to find her master.

“All of you stay here to look after the house, I’ll bring the yin family over!” The demon looked at Yin Xiao and said.

“Young master Yin won’t refuse, right?” The demon asked again.

“I won’t. I was just about to go back to the yin residence to take a look.” Yin Xiao’s face was filled with helplessness as he thought to himself, “would there be any use in refusing?” Moreover, if Xue ‘er was really taken away by his grandfather, he really had to go back and get Xue ‘er out.

“If that’s the case, then young master Yin, please immediately call the yin family. We will set off immediately.” The demon said hurriedly.

Chapter 1407: First time at the yin residence (1)

“Alright!” Yin Xiao replied and immediately went to gather the yin family in the courtyard.

When the yin family heard that their young master wanted to return to the divinity, they were all shocked. Uncle Zhong couldn’t help but ask, “Young master! Are we going back to the divine realm now?” He couldn’t understand why the young master wanted to leave just like that.

“En!” Yin Xiao nodded, but he did not explain to uncle Zhong and the others that it was because his grandfather had kidnapped Xue ‘er that they had no choice but to return to the divine realm.

“Ye Chen! Can we set off now?” Yin Xiao turned his head and asked the demon.

“Wait! I’m going to break through first.” After the evildoer finished speaking, he went straight into Yin Xiao’s room and closed the door. Zi Yu and the rest stood guard outside the door to prevent him from being disturbed.

“Uh!” Yin Xiao blinked his eyes and thought to himself, “how could this person advance just like that?!” In fact, the demon had no choice but to advance his cultivation base in advance because he was going to the divine world. Otherwise, with his strength as a high level deity, he would only be abused when he reached the divine world.

Not long after the demon entered the room, a law of heaven and earth descended. When he walked out of the room, he was already a God. This was the minimum requirement to go to the divine world from the divine mainland.

There were six levels above the advanced divine being, namely the divine being, the Divine Master, the divine monarch, the divine King, the divine Emperor, and the divine reverent. Although the demon was only a divine being, he was not an ordinary divine being. Therefore, breaking through the boundary between the divine being and the God was like adding wings to a Tiger, like a fish in water.

The divine realm! I’m coming! Xue ‘er! I’m coming!

Although Xue 'er was also taken away by someone this time, compared to the time in the Haotian continent, the demon was much more relaxed. The last time, the strength of his enemy was much weaker. Besides being angry, he was more upset with himself for not being able to protect Xue' er. This time, he had the ability to kill his way to the divine world. Besides, the people who took Xue 'er this time were different from the last time, so he was not very worried about Xue' er's safety. He would also have to pay the price for taking Xue 'er away.

"Let's go!" After the demon finished speaking, he walked straight to the front. Yin Xiao and the others quickly followed.

In order to go to the divine realm through the divine land, they had to go through a teleport portal, which was located at the southernmost part of the divine land. It would take them about three days to get there from the nightmare forest.

After leaving the nightmare forest, Yin Xiao took out his flying beast. The demon didn't stand on ceremony and sat on it.

Yin Xiao's flying beast was a huge white Eagle. This Eagle was a class 7 sacred beast, which was considered to be one of the strongest flying beasts. Moreover, this White Eagle was proud by nature. It usually wouldn't carry anyone other than the people of the yin family. However, when the demon sat on it today, the White Eagle didn't even dare to object. This couldn't help but cause the yin family to be surprised.

Following that, Yin Xiao and the rest also sat on it. Without waiting for his instructions, the White Eagle soared into the sky and flew towards the teleportation array to the divine realm.

Three days later, the demon and the rest arrived at the teleportation array.

After paying the teleportation fee, everyone walked into the teleportation formation. As a white light flashed, they arrived in the divine realm in an instant.

The divine world was a legendary place that many people had yearned for. However, the divine world was not as beautiful as people had imagined. The cruelty of the divine world was even greater than that of the divine mainland. After all, a family that could survive and even occupy a place in the divine world was definitely not something that an ordinary family could compare to. Such a family usually had countless years of inheritance before they could attain their current status. Of course, the competition within such a family was also extremely intense. However, at the same time ... This kind of competition had also nurtured countless clan elites. Whether it was the eight great divine domains or the various top clans, this was how they had selected talents for countless years.

The evildoer's cold black eyes stared at the divine world he was in without saying a word. Yin Xiao and the others did not dare to disturb him when they saw him like this because they could feel that the evildoer was different from before he had advanced.

In the past, the evildoer seemed very weak. Most of the time, he was standing behind Leng ruoxue. With his peerlessly handsome face, many people thought that he was a pretty boy with no power. However, the evildoer now gave people the feeling that he was a sharp blade that could take lives at any time. Thus, when Yin Xiao and the others saw his current appearance, especially when he was deep in thought, they did not dare to disturb him.

“Let’s go to the yin clan’s divine realm!” After a long time, the evildoer finally spoke.

“Alright,” he said. Yin Xiao nodded and took out his White Eagle. Everyone sat on it and without waiting for its master’s instructions, the White Eagle flew towards the yin residence ...

The divine realm was extremely large, and the yin clan was located at the northernmost part of the divine realm. Even if the White Eagle flew day and night, it would still take about a month to reach the yin clan. This month would be the most difficult month of the White Eagle’s life.

At this moment, Leng ruoxue had already been brought to the yin family’s God domain by the master of the yin family.

When she opened her eyes and realized that she was in an unfamiliar place, she understood. It seemed that she had been kidnapped by the master of the yin family and was an accomplice! Needless to say, Xiao Budian definitely had a share. Otherwise, it would be very difficult for the master of the yin family to leave the defensive formation that she had set up. When Leng ruoxue thought of this, she really wanted to grab that little thing and give it a good spanking. This little thing that was a traitor. She had raised it well, but it actually joined forces with outsiders to betray her!

“Miss, you’re awake.” Not long after Leng ruoxue opened her eyes, a beautiful servant girl came forward and greeted her respectfully.

“Where is this?” Leng ruoxue knew the advisor’s intentions. She didn’t need to guess to know that this was the yin residence. However, she didn’t know if she was in the godly mainland or if she had already left.

“This is the yin family’s master’s house,” The maidservant respectfully replied.

The yin family’s head? Then wouldn’t this place be the God World! “I can’t believe that old man actually brought me away from the godly mainland. How despicable!” Leng ruoxue thought to herself angrily. “Evildoer and the others must be worried about me.”

Chapter 1408: First time at the yin residence (2)

However, she didn’t show the slightest dissatisfaction on her face. She even raised her beautiful eyes to look around the room she was in.

This room could only be described in two words, and that was luxurious! The decorations in the room were all precious and exquisite. Even a small piece of decoration was so exquisite that no one could find fault with it. The spiritual Qi in the room was also very dense. Leng ruoxue was very sure that there was a spirit gathering array in the small room.

Even if a spirit gathering array had to be set up, most of them would be set up in the courtyard. Perhaps only the eight great divine regions “long-established families would be able to set up a spirit gathering array in a room, because it was simply too extravagant.

Leng ruoxue got down from the bed and walked to the window. Looking at the beautiful flowers in the courtyard, her depressed mood was lifted by quite a bit. It seemed that the old man had taken good

care of her. Even though he had kidnapped her, he had arranged a place for her to stay, and she was very satisfied with it.

Just as she was about to push open the door and leave, she was stopped by another maidservant, "I'm sorry! Miss! Without the permission of the master, you can not leave the room." The maidservant said in fear and trepidation. The family head had instructed them to treat this young lady well and give her whatever she wanted, but she was not allowed to leave the room. Therefore, they absolutely did not dare to disobey the family head's words.

"Can't I just bask in the sun in the courtyard?" Leng ruoxue raised her brows and asked indifferently. She didn't expect that old man to restrict her movements. What did he mean by this? He had kidnapped her, arranged such a good place for her to stay, and even forbade her from going out! Oh! Could it be that the old man wanted to learn from other people and hide his mistress in a Golden House? Thinking of this, she couldn't help but feel a chill.

"This ... This has to be approved by the master." The maidservant said carefully.

"Then you should go ask him now! I'm going out to get some sun." Leng ruoxue casually found a chair and sat down as she spoke.

"Master, master is busy now. No one is allowed to disturb him." The maidservant said softly, afraid that Leng ruoxue would blame her.

Is there something? That's strange. Why did he not ask about her after kidnapping her? Although this room was very luxurious, he didn't want to be a Canary in a cage. Naturally, he didn't want to stay in the room all the time. Oh right, where did the little one go? Since the little guy was able to bring her out of the main residence, he should have also come to the divine realm with that old man, right?

If only the little one was here, then she could go wherever she wanted. However, that old man probably wouldn't return the little one to her. It seemed like she had to think of a good way to get the little one back from the old man's hands. After all, he was her Beastie. As for the punishment for the little one, she could only talk about it in the future.

"Where's my Beastie?" Thinking of Xiao Budian, Leng ruoxue asked with a smile.

"What Beastie?" The maidservants were a little puzzled. They didn't see this young lady bring any beast!

"A little white fox came with me. You don't know, but your master should know, so you should go ask him! I want my Beastie." Leng ruoxue smiled as she reminded him.

When the two maidservants heard Leng ruoxue's words, they looked at each other. Then, one of them turned around and left the room.

When Leng ruoxue saw that the maidservant had left, she couldn't help but sigh in her heart. Hmph! She even lied to her that the family head had something to do. Just now she said she wanted to bask in the sun, why didn't she go and ask? now that she heard that she wanted her own Beastie, she thought of going. Did she think she was an idiot?

Actually, she had wronged the maidservant a little. Before the master of the yin family left, he had instructed that Leng ruoxue could have anything she wanted, other than leaving the room. If she wanted

her own magical beast, it was also within the scope of what she wanted. The maidservant had never seen any magical beast and Leng ruoxue had said it so firmly. Thus, the maidservant had no choice but to go and ask the master for an explanation.

The maidservant came to the main courtyard where the family head was. After reporting, she entered the family head's study room with some fear and stood in front of the desk.

"What's up? Didn't I tell you not to disturb me if there's nothing important?" The master of the yin family looked up at the frightened servant girl and said coldly.

"Master, it's about the young lady you brought back." The maidservant said in a low voice.

"What is it?" The master of the yin family narrowed his eyes and thought to himself, it seems that the little girl has woken up. However, the little girl is quite restless. She actually asked the maidservant to come and find him as soon as she woke up. Sigh! That little fellow must be very angry!

"That young lady said that she wanted her own Beastie." The maidservant quickly said.

"Beastie?" The master of the yin family frowned and didn't react for a moment.

"It's a little white fox." The maidservant said.

"Oh!" Master Yin finally understood. So that little girl was talking about Xiao Budian! However, he really couldn't give Xiao Budian to her. What if she used Xiao Budian to leave this place? then wouldn't his efforts be in vain? thinking of this, he said to the maidservant, "Go back and tell that young lady that I didn't see any white fox." He didn't see the Fox! He only had one fox here.

"Yes." The maidservant immediately turned around and left when she heard the patriarch's words.

However, when the maidservant went back to relay the master's words, Leng ruoxue's reaction was rather calm. This was because she had already expected that the old man would not return Xiao Budian to her. The main reason was that he was afraid that she would use Xiao Budian to leave this place.

"Didn't you ask your family head to tell him that I want to go to the courtyard to bask in the sun?" Leng ruoxue looked at the maidservant in front of her and asked indifferently.

"This, this ..." The maidservant was at a loss for words. She had never thought of asking about this matter. In front of the family head, she was extremely nervous and her mind was blank.

"I'll have to trouble you to make another trip! Ask that old man, I want to go out and bask in the sun." Leng ruoxue requested. She really wasn't trying to make things difficult for this maidservant. She was simply dazed in her room.

"Alright then!" This time, the maidservant didn't use the family head's matters as an excuse. Instead, she responded directly and then turned to leave.

When the master of the yin family saw the servant girl in front of him again, he sighed and asked helplessly, "What is it now?"

"Master, that young lady wants to go to the courtyard to bask in the sun." The maidservant said in a very soft voice.

Chapter 1409: First time at the yin residence (3)

“Just this?” The master of the yin family asked, raising his eyebrows.

“Yes.” The maidservant nodded.

“Then let her go! However, you’re not allowed to leave the courtyard.” The master of the yin family thought for a moment. It seemed that it was impossible for him to make the little girl stay in the room obediently.

“Yes.” After obtaining the approval of the patriarch, the servant girl immediately bowed and left.

When they returned to Leng ruoxue’s courtyard, the maidservant told her the news. Leng ruoxue immediately left her room and walked around the courtyard. After breathing in some fresh air, she was in a good mood. However, when she wanted to lie down in the courtyard to bask in the sun, she realized that there was no place to lie down.

“Go and get me a recliner.” Leng ruoxue instructed her maidservant.

“A deck chair? Miss, we don’t have a recliner.” A maidservant said. Although they had heard of deckchairs, no one in the divine realm would use such a thing. That was because many gods did not need to rest. Even if they wanted to sleep, they would do so in their rooms. No one would want to get a chair and lie outside.

“You don’t even have a recliner?” Leng ruoxue asked in disbelief. Her beautiful eyes revealed a trace of disdain. The people of the divine realm really don’t know how to enjoy life. I really don’t know what they do every day. Don’t tell me they cultivate all day? Oh! Seeing that the strength of these two maidservants was above her, it was very possible.

“Uh!” When the two maidservants received Leng ruoxue’s gaze, they actually felt inferior for a moment. They did not know what was wrong with them. It shouldn’t be embarrassing to not prepare a recliner, right? However, when they saw this young lady’s gaze, they felt as if they had done something shameful. This was really too strange.

“Go find your master and get me a chair.” Leng ruoxue ordered without any reservations.

“Yes.” The maidservant was very helpless. She wanted to cry but had no tears. Wu ... This young lady really knew how to torment people. In just a short while, she had run to see the family head twice. Including this time, it was the third time. She didn’t know if the family head would be angry when he saw her again.

With a nervous heart, the maidservant walked to the main courtyard with small steps. When the guards on duty in the courtyard saw her, their expressions were very strange, but they still dutifully went to report on her behalf.

Looking at the servant girl who was standing in front of him once again, master Yin miraculously wasn’t angry. Based on his understanding of Leng ruoxue, if that little girl didn’t find trouble for him, she wouldn’t be her. This was also within his expectations! That was why he had instructed the maidservant not to disturb him unless it was something important!

“What is it now?” The master of the yin family asked.

“Master, that young lady wants a chair.” The maidservant said, choking with sobs. Facing the family head’s gaze, she felt her legs tremble.

“You’re looking for me for such a small matter? You can go directly to the Butler.” The master of the yin family suppressed his anger and said. F * ck, he thought it was something difficult to do! This was just a small matter! He had already ordered that no matter what that girl wanted, he would give it to her! Why was he still asking him? This made him seriously doubt the ability of his family members.

“It was that young lady who told me to come and find the family head.” The maidservant said in a low voice.

“If she wants you to look for her, then look for her! Do you have a brain? in the future, if there’s such a thing, just look for the Butler and don’t bother me!” Master Yin couldn’t take it anymore. He had asked the Butler to arrange for two smart servant girls to serve Leng ruoxue, but who knew that they were the ones the Butler had chosen for him? how useless!

“Yes.” The maidservant was even more afraid after being yelled at by the family head. After bowing with a trembling body, she ran out of the family head’s study room.

Looking at the back of the maidservant, the guards in the courtyard thought that she had been scolded by the master. However, this was also normal. Who asked this maidservant to come three times in such a short time! If he was the head of the family, he would also go crazy.

The maidservant left the main courtyard, calmed her mind, and went to find the yin family’s head butler. After the head butler heard the maidservant’s words, he frowned with some embarrassment. Things like a reclining chair were very common. A family like theirs would not have it prepared at all. How could he find it in such a short time?

“Go and tell that lady that we didn’t prepare a recliner. I’ll get it for her tomorrow.” The yin clan’s head butler said after some thought. The clan head had instructed that they were not to neglect this young lady who lived in bright Creek garden. Therefore, he could not ignore Leng ruoxue’s request.

“Head butler, I’ll have to trouble you to get it for miss right now! She’s very anxious.” The maidservant begged. In fact, she was too embarrassed to say it. If they couldn’t get the reclining chair back, people would despise their Yin family even more. Wu ... Although the young lady didn’t say this clearly, as long as one wasn’t a fool, they could see that the young lady was dissatisfied with their family’s lack of a reclining chair.

“Alright then! I’ll think of a way.” The yin family’s head butler was helpless. Where was he supposed to find a recliner at this time? Why did that young lady have to ask for such a simple thing? To be honest, there were pitifully few deckchairs in the divine realm.

With the head Butler’s promise, the maidservant felt at ease and returned to Leng ruoxue’s residence, Mingxi garden.

When they arrived at Mingxi garden, the maidservant realized that Leng ruoxue had actually gotten a net-like bed from God knows where and tied it to the middle of two giant trees. She was lying on the bed while the other maidservant was constantly attending to her by the side.

Looking at Leng ruoxue's current state, the maidservant could not help but sigh in her heart. This young lady really knew how to enjoy life.

"Miss, I'm back." The maidservant respectfully walked to Leng ruoxue's side.

"Yes, didn't you get my recliner?" Leng ruoxue looked at the maidservant's expression and said.

"Miss, the Butler has already gone to get it. It will probably take a while before he can get it." The maidservant said honestly.

"Ah! I can't believe the yin family of the eight divine domains doesn't even have a chair." Leng ruoxue couldn't help but sigh. Her face was still filled with sympathy.

When the two maidservants beside Leng ruoxue heard her words, they could not help but break out in cold sweat. They could not help but shiver. It was not just their Yin clan that would not have it, the other clans would not have it either, alright?

Chapter 1410: First time at the yin residence (4)

"I don't think I should make things difficult for you. Just make do with this hammock!" Leng ruoxue mumbled to herself. Actually, she had a reclining chair in her bracelet. However, she would not take it out to use it. Who asked her to deliberately torment them! Hehe! She felt that she was really bad.

"Uh!" Leng ruoxue's words made the two maidservants feel extremely depressed. However, they did not dare to argue with her. Hence, they could only stand beside Leng ruoxue without saying a word, acting as wooden stakes.

After a long time.

The two maidservants did not say another word. When Leng ruoxue saw this, her mind kept spinning. Then, she calmly ordered, "What kind of delicious fruits do you have in the divine realm? go and get some for me."

When the two maidservants heard Leng ruoxue's request, they looked at each other with a troubled expression. Then, one of the maidservants said, "Miss, the fruits in the God World are very expensive, so ..." Before the maidservant could finish her sentence, Leng ruoxue interrupted her.

"So, you can't afford it?" Leng ruoxue smiled faintly, but the expression on her face was still one of disdain.

"No! It's not that we can't afford it, but there's a limit to the amount we can eat every day." The maidservant said hurriedly. The number of fruits bought by the clan every day was limited, and only those directly related to the clan were qualified to eat those fruits. If others wanted to taste them, unless there was an important clan event, they could only buy them with their own money.

Although the fruits in the divine realm also contained a lot of divine power, not many people were willing to spend an expensive price to buy those fruits. They would rather save the money to buy more pills for self-defense.

“Oh! What’s the limit for me?” Leng ruoxue asked indifferently. It seemed like it wasn’t good to have too many people from a big family clan. There was a limit to the amount of fruits she could eat. Luckily, she wasn’t born into such a big family clan. Otherwise, she would have been suffocated to death.

“This ... Only the direct descendants of the family are entitled to eat fresh fruits every day.” The maidservant said in a small voice, somewhat embarrassed.

“Didn’t your clan head say that I can have whatever I want? Is it because I’m not a member of the yin family that I can’t eat fruits?” Leng ruoxue put on a straight face and pretended to be displeased.

“I’ll go get some fruit from the Butler. Miss, please wait a moment.” When the servant girl who had been running errands heard Leng ruoxue’s words, she quickly replied, “that’s right! How could they have forgotten about this? the family head had indeed said that they could give this young lady whatever she wanted and that they must satisfy her requests. Since the family head had said it first, then what this young lady wanted was reasonable.

After the maidservant left, Leng ruoxue looked at the maidservant who had stayed by her side and asked with a faint smile, “Did I make things difficult for you?”

“No, I didn’t,” Even if Leng ruoxue had really made things difficult for them, they wouldn’t dare to say anything. Moreover, compared to the other young ladies from the direct line of descent, this young lady was much easier to serve. Although this young lady had a lot of requests, at least she didn’t beat or scold them. As for the maidservants who served these young ladies from the direct line, it was common for them to be their master’s punching bags.

“What are your names?” Leng ruoxue asked softly.

“This servant’s name is lotus seed, and the other one is grape.” The maidservant quickly replied when she heard Leng ruoxue’s words.

“Oh!” When Leng ruoxue heard the names of the two maidservants, two drops of cold sweat rolled down her forehead. She couldn’t help but wonder in her heart, who came up with such creative names! Why did it have to do with food? he was lazier than her! Oh! Could this be the masterpiece of the yin family’s master?

“Are the maids of the yin clan all named after food and fruits?” Leng ruoxue asked curiously.

“How did miss know?” Lotus seed was surprised.

“I was just randomly guessing.” Leng ruoxue chuckled. She didn’t think that it would really be like this!

When the maidservant heard that Leng ruoxue had only made a casual guess, she thought to herself, “this young lady is really too smart to be able to guess this.”

Fortunately, Leng ruoxue didn’t know lotus seed’s inner thoughts, let alone know that lotus seed was complimenting her intelligence in her heart. Otherwise, she would have been depressed. This was simply too simple. Anyone could guess what was going on with just a little Association.

Just as Leng ruoxue and lotus seed were chatting, grape came back.

The grape bowed to Leng ruoxue and then took out a few beautiful red fruits from her storage ring. The fruits were oval in shape and emitted an alluring fragrance. Just by looking at them, one could tell that they were delicious. Leng ruoxue did not have such fruits in her bracelet.

“What kind of fruit is this?” Leng ruoxue asked curiously.
