Chapter 1411: The savage master and servant (1)

“This is called spiritual mist. It’s a type of fruit that only grows on the spiritual Mist Mountain of our divine realm. The mountain is tall and steep, with a majestic aura. It’s extremely dangerous, but this spiritual mist fruit can only grow on the highest peak of the mountain. As a result, it’s extremely difficult to pick, so it’s rather expensive. Although this fruit is small, it contains an extremely abundant amount of spiritual energy, so it’s very popular.” Grape explained.

“This fruit isn’t something that ordinary deities can afford!” Leng ruoxue asked. The spiritual Qi in the spirit mist fruit was not bad. However, compared to the ones in her bracelet, it was obviously not just one grade lower. After all, according to Qing Jue, the fruit trees that master had chosen were the best in all the realms.

“Yes, other than the divine lord’s estate, our eight great divine regions, and some of the top families, it’s hard for the other small and medium-sized families to afford such expensive fruits.” Grape nodded. In fact, people who specialized in picking these fruits would send them directly to them after they picked them. However, the number of fruits they could pick every day was different. Their Yin family had once wanted to send people to the spirit Fog Mountain to pick the spirit fog fruit, but they found that the cost was too high and gave up. This was also one of the reasons why the spirit fog fruit was so expensive.

Leng ruoxue picked up a red fruit that was only the size of her fist and observed it. This fruit was truly beautiful. It was red and crystal clear, and the skin was glowing with a faint white light. The skin was very thin, and one could even see the liquid flowing inside the fruit. She opened her mouth and took a small bite. In an instant, the fragrance of the fruit filled her entire mouth. The fruit was extremely sweet, and the liquid flowed down her throat. Instantly, she felt a warm feeling in her five viscera and six bowels. That was the flow of spiritual energy in his dantian. This feeling was really good.

“Miss, this fruit is pretty good, right?” Grape watched as Leng ruoxue ate the spirit mist fruit and asked with a face full of anticipation. He even unconsciously swallowed his saliva.

“It’s passable!” Leng ruoxue said with dissatisfaction. Even though this spirit mist fruit was very sweet and the spiritual energy was considered rich, it was still a little lacking compared to the fruits in her bracelet. However, it was still considered pretty good.

Ugh! And this was just ‘passable’? Grape and lotus seed felt as if they were about to faint. One must know that the spirit mist fruit was not something that ordinary people could afford to eat. However, such a good fruit was only ‘passable’ in the eyes of this young lady. Could it be that this young lady had eaten something even better? Oh! I really don’t know who this young lady is. How can she be so arrogant? The two maidservants could not understand.

“You two eat too!” Leng ruoxue pointed at the remaining fruits.

“This ... Young miss, we are only servants. We are not qualified to eat the spirit mist fruit.” When grape and lotus seed heard Leng ruoxue’s words, their hearts were filled with joy. However, they immediately

remembered their identities. If others knew that they had eaten the spirit mist fruit, they would definitely not let them off. Hence, even though they coveted the fruit, they did not dare to touch it.

“Do these fruits belong to me?” Leng ruoxue asked with a smile.

“Of course it’s miss ‘s. The Butler specially gave it to miss.” Although grape did not understand the meaning behind Leng ruoxue’s question, she still replied hurriedly.

“Then, can I distribute what belongs to me as I wish?” Leng ruoxue asked again.

“Of course you can.” Grape nodded. She understood the young lady’s meaning. After exchanging a glance with lotus seed, the two of them excitedly picked up a spirit mist fruit each. However, neither of them was willing to eat it, and instead, they directly put it into their storage rings.

“Aren’t there four more? You guys can split it! I don’t want to eat anymore.” Leng ruoxue looked at the remaining fruits in front of her and said indifferently. Grape had brought a total of seven spirit mist fruits. After she ate one, there were still six left. Originally, it was just enough for the two of them to have three each. However, they only took one each. It seemed like the qualities of these two maidservants were not bad. At least they were not greedy, or rather, they did not dare to.

“Thank you for the reward, miss.” When grape and lotus seed heard Leng ruoxue’s words, they quickly knelt down and said.

“Get up! I’m not the master of the yin family, and I don’t like people kneeling down for no reason.” Leng ruoxue reminded him.

“Yes.” Grape and lotus seed stood up and the two of them split the remaining spirit mist fruits. Following that, they stood beside Leng ruoxue without a word, ready to receive any orders from her.

Even though they had not served Leng ruoxue for a long time, they had received special training and knew how to read people’s expressions. They knew very well that this young lady was different from the Masters of their Yin clan. This young lady seemed to like silence. When she was not speaking, it was best not to disturb her. If she had any matters, she would naturally instruct them.

Leng ruoxue looked at the two maidservants ‘performance and closed her eyes in satisfaction.

Her first day at the yin residence passed by quickly. Other than not being able to leave this courtyard, the yin residence was still treating her courteously. However, the old man had kidnapped her. When she had the time, she would settle the score with her. Hmph! Since she was treated as a Canary, wouldn’t she be letting down the other party’s good intentions if she couldn’t be a qualified Canary?

The next day, after lunch, Leng ruoxue instructed grape and lotus seed to place the reclining chair that the yin clan’s head butler had sent over the night before in the garden. She then lay down comfortably and basked in the sun.

Leng ruoxue closed her eyes as she lay on the reclining chair. She used her mind to communicate with green vessel in her bracelet.

“Sister, are you alright?” Qing Jue asked with concern. Although he really wanted to save his sister from the sea of suffering, this seemed to be the territory of a supreme divinity. He was not strong enough now, so he could only make his sister suffer.

“Good! All you do all day is eat and sleep, how could it not be good?” Leng ruoxue transmitted a message in a self-deprecating manner.

“Sister, you can actually cultivate when you have nothing to do. I feel like you’re about to break through.” Qing Jue reminded.

“Green vessel, although the spiritual energy in the divinity is much denser than in the godly mainland, it doesn’t seem to be suitable for those below the deity stage to cultivate. I’m only a mid-tier deity now. Are you trying to kill me?” Leng ruoxue pretended to be dissatisfied as she complained.

It was said that the spiritual energy in the divine world contained a brutal factor. If a deity below the deity realm were to cultivate in the divine world, they would not be able to withstand the brutal force and would die. As a mid-tier deity, she naturally could not cultivate in the divine world. However, the spiritual energy she felt in the yin family’s residence was rather calm and gentle. It must be that the old man had used some kind of divine ability or formation to achieve this. This should be a kind of benefit that he gave to his descendants.

Chapter 1412: The savage master-servant pair (2)

“Hahaha! Big sister, although the spiritual Qi in the divine world is not suitable for the cultivation of deities, you are different. This spiritual Qi will not have any effect on you, so you can cultivate without worry!” Qing Jue smiled and said.

“I don’t want to attract too much attention. It’s better to keep a low profile.” Leng ruoxue said in disagreement.

“Sister, this is the yin residence, the old man’s territory. The spiritual Qi here has actually been purified by him a long time ago. Although it’s not as good as the spiritual Qi in the Supreme God’s world, it’s definitely much gentler than the spiritual Qi outside. If you cultivate here, you shouldn’t arouse the old man’s suspicion.” Qing Jue said after thinking.

“Green vessel, this is the divine realm after all. We have to be careful. Moreover, even though the spiritual energy here is gentler than the outside world, it’s still different from the divine mainland. I’d rather be careful than take any risks.” Leng ruoxue sighed softly. The reason why the old man from the yin family had brought her to the divinity was still unknown. Hence, she had no choice but to be on high alert and deal with it carefully.

“What big sister said makes sense.” Qing Jue nodded, but he really did not want to see his sister so depressed. Sigh! His sister used to be so energetic! Now that he was trapped here, he hated the fact that his strength was too low. If he could recover his strength to its peak, it would be a piece of cake to take his sister away from here. But now, all he could do was to chat with his sister. Unfortunately, Feng Da and the others, as well as most of the beasts, were in seclusion. Otherwise, he could have thought of a good way to save his sister and leave this place.

“Mother! I’ll go out and accompany you!” At this moment, Huo’er’s tender voice rang out in Leng ruoxue’s heart.

“No! Huo’ er, this is the divine realm. You will be in danger if you are discovered.” Leng ruoxue rejected him without even thinking.

“Woman, I’ll go accompany you! If anyone dares to bully you, I’ll bite him!” Lil “fire also said.

“I wonder if your poison is effective against the people of the divine realm?” Leng ruoxue asked curiously.

Ever since they left the Haotian continent, xiaohuo had been staying in the bracelet and rarely came out. Moreover, xiaohuo didn’t need to go into seclusion. It just played with the elves every day. Now that it wanted to come out, it must be a little bored, she couldn’t help but think to herself.

“I don’t know. Why don’t we take this opportunity to try it out?” Lil “fire said somewhat excitedly. Godly man! It hadn’t bitten him yet! I’m looking forward to it!

“Alright,” he said. Leng ruoxue was very curious as well. Then, with a thought, she moved xiaohuo out of the bangle. After xiaohuo came out, it automatically wrapped itself around Leng ruoxue’s wrist and continued to act as her bangle.

Grape and lotus seed, who had been standing by Leng ruoxue’s side, were startled by the sudden appearance of the little red snake. Just as they were about to make a move, they saw the little snake coiling around Leng ruoxue’s wrist in a familiar manner. It was only then that they realized that this snake must be miss Leng’s Beastie. Only then did their hearts relax. Otherwise, if miss Leng were to be bitten by a snake in front of their eyes, the family head would definitely punish them severely. They could not afford to bear such a responsibility!

Xiaohuo sensed the gazes of the two maidservants and its bright eyes looked at them with slight disdain. Then, it buried its small head under its body and went to sleep.

Ugh! The maidservant felt the little red snake’s thick disdain, and her heart was really filled with mixed feelings. The two of them couldn’t help but sigh in their hearts. As expected of miss Leng’s Beastie! Miss Leng looked down on their Yin family, and this little red snake looked down on the two of them. Sob ... They felt inferior in their hearts.

However, in order not to disturb Leng ruoxue’s rest, the two of them suppressed the inferiority in their hearts. Neither of them spoke, and the atmosphere slowly calmed down.

After an unknown period of time, Leng ruoxue, who was half-asleep, was suddenly awoken by the noise outside the courtyard. She opened her beautiful eyes with slight displeasure and looked at grape who was still guarding by her side. “What’s going on outside? why is it so noisy?”

“Miss ...” Grape wanted to say something but stopped. He seemed to have difficulty saying it.

“If you have something to say, just say it. Don’t hesitate.” Leng ruoxue ordered.

“Miss, miss LAN is here. She wants to come in, but lotus seed has already gone out to block her.” Grape replied. Although they had not known miss Leng for a long time, they all knew that Leng ruoxue did not like to be disturbed. So, as a maidservant, they naturally had to shield her from trouble. However, this miss LAN was a little troublesome, and they were afraid that lotus seed could not stop her.

“Who is miss LAN? Is she a young lady from the direct line of descent of your Yin family?” Leng ruoxue asked, puzzled. From grape’s tone, this miss LAN seemed to be in trouble!

“No, miss LAN is the niece of the First Lady of the yin family. She’s the young master’s younger cousin and often comes to our Yin family as a guest. This Mingxi garden is the best guest room in our Yin family. Miss LAN always stays here every time she comes. However, the master has now let you stay here, so miss LAN seems to be a little dissatisfied.” Grape explained softly.

“Oh!” Leng ruoxue nodded her head lightly, indicating that she understood. However, she didn’t mind. Not to mention that she wasn’t a young lady of the yin family’s direct line of descent, she wasn’t even afraid of a young lady of the yin family’s direct line of descent. It was best if those young ladies or whatever didn’t come and provoke her. Otherwise, she would definitely make that old man’s heart ache. The prerequisite was that the old man had to care about his juniors.

“You can’t go in. Miss Leng is resting!” At this time, lotus seed’s voice came from outside the courtyard, followed by a ‘Bang Bang!’. Immediately after, dozens of people escorted a country-toppling beauty into the room.

This beauty had a beautiful face and an enchanting figure. She was dressed in a fiery red dress, which made her even more beautiful and intimidating. No one dared to look at her directly. Moreover, this Beauty’s strength wasn’t low. She was a god tier master.

Needless to say, this beauty was miss LAN. However, the brutal aura on her body had destroyed her original beauty, greatly reducing her beauty.

As soon as miss LAN entered the courtyard, she saw Leng ruoxue lying on a reclining chair. Immediately, a strong wave of jealousy gushed into her heart. She had never thought that there would be such a peerless beauty hidden in Mingxi garden. The Beauty’s pure and flawless beauty made her, a woman, feel deeply threatened. So, at first sight, she could not like Leng ruoxue, not to mention that Leng ruoxue had occupied the courtyard she lived in.

Chapter 1413: The savage master and servant (3)

“This is my courtyard. Move out.” Miss LAN looked at Leng ruoxue with disdain and ordered aggressively. She even raised her chin high to show her noble birth.

“Are you giving me an order?” Leng ruoxue lifted her beautiful eyes and asked in amusement. Wasn’t this Biao young lady a little too self-righteous? What did she think this place was? Ai! She was quite a beauty, but her temper was too unlikable, and her lines seemed a little familiar.

“That’s right! Quickly move out, so you don’t have to suffer. ” Miss LAN smiled and reminded him.

“You still plan to use force?” Leng ruoxue was even happier. She was just bored! Since someone took the initiative to come to her door, then she didn’t need to be polite. This miss LAN has the strength of a god tier master. I don’t know if she can take a beating, but don’t disappoint her! Not only was she happy, even xiaohuo, who was still wrapped around her wrist, couldn’t help but secretly wagged its tail excitedly. Leng ruoxue quickly used her sleeve to shield xiaohuo.

“Hmph! If you’re tactful, I don’t want to be rough with a beauty like you.” Miss LAN said through gritted teeth.

Seeing how miss LAN was gritting her teeth, Leng ruoxue was not stupid enough to believe that this woman would not resort to violence against her. She just did not care.

“This is miss Leng’s residence. Miss LAN, please do not disturb her rest.” Lotus seed’s voice traveled into everyone’s ears. Following that, Leng ruoxue saw her stumble and run in from outside in a sorry state. Her body and face were injured. Seeing this, Leng ruoxue narrowed her beautiful eyes. Was lotus seed beaten up? To dare to hit the yin family’s maidservant in the yin family, this miss LAN was really not the typical kind of overbearing! Hehe! She was most interested in dealing with this kind of woman. However, the sense of accomplishment in dealing with this kind of woman was much lower than dealing with those women who looked weak on the outside but had a strong and vicious heart.

However, she was unfamiliar with the divine realm, so she couldn’t just randomly pick people, so she just had to make do!

“Get out! You have no right to speak here!” Miss Lan’s maidservant scolded after seeing lotus seed.

“If she doesn’t have the right to speak here, do you think you have the right to speak?” Leng ruoxue laughed. They were all maidservants, but everyone’s status was similar. Could it be that one’s status was higher than the other? Moreover, he didn’t know if this miss LAN was a young lady from one of the eight great divine regions. If she wasn’t, then what right did her maidservant have to shout here? After all, this was the yin residence.

“You dare to talk to me like this?” When the maidservant heard Leng ruoxue’s words, she roared in anger.

“You’re just a maidservant, how dare you speak to me like this?” Leng ruoxue returned the words back to her and smiled at miss LAN, “Miss Lan’s maidservant has such a good upbringing. I wonder how she was trained?”

“You shut up!” Hearing the ridicule in Leng ruoxue’s words, miss LAN said to the maidservant beside her in anger.

“Yes.” Her young miss’s reprimand made the maidservant obediently shut her mouth.

Then, miss LAN said to Leng ruoxue arrogantly, “Please move out of this place immediately. This is my place.”

“Your place? Wasn’t this the yin family’s place? How did it become your place?” Leng ruoxue’s beautiful face was filled with question marks.

“Hmph! I’m my cousin’s fiancée, and my cousin is the young master of the yin family. In the future, wouldn’t everything in the yin family be mine?” Miss LAN said proudly.

“Oh! So that’s how it is!” Leng ruoxue finally understood. No wonder this young lady Biao dared to be so overbearing in the yin family! So it was because she was older brother Yin’s fiancée! However, she didn’t think that someone as transparent as older brother Yin would marry such an unruly and overbearing

woman. Wasn't it too early for this woman to be pleased with herself? If her words were to be heard by the people in the yin family, they would probably gossip about big brother Yin's young master!

"Since you know my identity, then quickly move out of this place!" Miss LAN thought that Leng ruoxue was afraid, so she spoke frankly.

"I didn't know your identity! I only know that you're the younger cousin of the yin family's young master. However, it doesn't seem like the young master has the final say in the yin family now. What position do you want to place the yin family's young master in?" Leng ruoxue asked with a cold smile.

"You, don't slander me! If I tell uncle, he won't let you off." Leng ruoxue's words made miss LAN feel a little embarrassed and angry. She knew that what she said earlier was a little inappropriate. Furthermore, she had only said those words to scare the woman in front of her. However, who knew that not only was she not afraid, she had even used them to threaten her. This made her feel at a loss. Because if these words were to spread, it would definitely cause trouble for her cousin. Thus, she was both angry and afraid.

"Did I say anything?" Leng ruoxue found it a little funny. She had thought that this woman would continue to treat her with a tough attitude! Now it seemed that she was also afraid.

"You, you should move out of here immediately. I want to live here." Miss LAN did not want to continue the previous topic with Leng ruoxue, so she repeated.

"Alright! Grape, go and ask the master. Just tell him that there's a lady LAN who wants me to move out of here. Ask him if he's okay with it." Leng ruoxue smiled as she spoke to grape, who was so angry that his face had turned green.

"Yes! Miss, I'll go and ask now." Upon hearing Leng ruoxue's words, grape hurriedly said.

However, just as she was about to leave Leng ruoxue's side to meet the family head, she was stopped by miss LAN.

"Where are you going? No one is allowed to leave this place without my order!" Miss LAN said in an overbearing manner. The maidservants and subordinates behind her had surrounded Leng ruoxue and the other two. Each of them had a fiendish expression on their faces.

"Miss LAN, please step aside! I'm going to see the patriarch." Grape said coldly. She was also very angry about lotus seed's beating. If it had been by a young lady from the direct line of the family, she would not have said anything. However, this miss LAN was clearly an outsider, yet she was flaunting her power in the yin family. How could she swallow this insult? however, if it was not for Leng ruoxue's support, she would not have dared to be so unyielding in front of miss LAN.

"You're just a little servant girl. Do you think Grandpa master will see you?" Miss Lan's face was full of ridicule. Even she didn't have the chance to see the head of the yin family, so she didn't think that this servant girl would be able to see him. It should be known that the head of the yin family was not an ordinary family. Even her uncle, the head of the yin family's head, probably didn't have many chances to see the head of the family, let alone a servant girl.

"Whether or not we meet her is our Yin family's business. Miss LAN is not a member of the yin family, so we don't need you to worry about it." Grape said in an unpleasant tone.

“How audacious! You dare to talk to me like this, you really have no manners. Is this the maidservant you taught?” Miss LAN pointed at the grapes and questioned Leng ruoxue.

“She has nothing to do with me. She’s the yin family’s maidservant. She was trained by the yin family. I’m the same as you, just a guest of the yin family.” Leng ruoxue chuckled. She should be considered a guest, right? She would not treat herself as a prisoner of the yin family.

“If that’s the case, then all the more reason for you to move. This is my residence.” When miss LAN heard Leng ruoxue’s words, she was overjoyed. Since this woman was not a member of the yin family, she had no right to fight with her!

“I’m sorry. Master Yin arranged for me to stay here. If you want me to move out, you have to get his permission first. Without his permission, I can’t leave this courtyard at will.” Leng ruoxue said honestly.

“How is this possible? Do you think I’m that easy to fool? Don’t think that I’ll be afraid of you just because you’re using the family head to pressure me! Men! Chase the three of them out of this place!” Miss LAN ordered.

When her maidservants and subordinates heard their young lady’s orders, they naturally did their best to carry them out. However, as maidservants assigned to Leng ruoxue by the head butler, it was impossible for grape and lotus seed to watch Leng ruoxue being driven out of Mingxi garden. The two of them exchanged a look, and lotus seed quietly left the encirclement of miss Lan’s subordinates. She wanted to go and report, but she had only taken two steps when her actions were discovered by miss Lan’s maidservants.

“Catch her! Don’t let her find the messenger!” The maidservant quickly shouted.

Miss Lan’s two subordinates heard the maidservant’s words and realized lotus seed’s intention. They quickly took big steps and grabbed lotus seed back like they were holding a chicken.

“Release me! This is the yin residence, and you can’t be so presumptuous! The head of the family will not let you off!” Lotus seed’s hands were bound by miss Lan’s subordinates, so she could only use her feet to kick the two people who were holding her. However, her fancy fists and fancy kicks obviously had no effect on her tall and strong subordinates.

At this moment, Leng ruoxue slowly stood up from the reclining chair. Looking at lotus seed, whose hair was in a mess and who was in a sorry state, she said coldly, “Release her!” These people were really too bold. They dared to make a move on the yin family’s maidservants in the yin family. They were really lawless. She didn’t know how that old man allowed them to be so Savage! If it was her! He would definitely chase them all out and forbid them from coming to his house in the future.

After all, in her opinion, as a guest, she had to act like a guest. She would never allow such a thing as a guest bullying the host to happen in front of her. Moreover, these people had bullied her. If she did not react at all, it would only make them think that she was afraid. This was not her character!

“Miss, don’t worry about me! They won’t dare to do anything to me.” When lotus seed heard Leng ruoxue’s words, she was touched and hurriedly replied. She did not wish for Leng ruoxue to get into a conflict with lady LAN and the others because of her. After all, the lady’s strength was too low. Although

she was brought back by the family head, distant water could not quench present thirst. The family head was not here now, so naturally, he could not help them.

“Pa!” As soon as Lotus seed finished speaking, she was slapped on her beautiful face. Half of her face instantly swelled up. The person who slapped her was the maidservant beside Miss Lan.

Miss Lan’s maidservant looked at Lotus seed with disdain and said, “Who allowed you to speak? Shut your mouth!”

“This is the Yin residence!” Lotus seed reminded him with a cold smile.

Chapter 1414: The young lady of the Yin family (1)

“What’s wrong with the Yin clan? The Yin family will be decided by my family’s young miss sooner or later, so you’d better be tactful and not disobey my family’s young miss “words.” Miss Lan’s maidservant said, a little like a fox exploiting a Tiger’s might.

“What big words! Do you think the master of the Yin family is dead? I’m afraid your young lady is dead, but the old ancestor of the Yin family is still alive!” Leng Ruoxue teased, feeling a little amused. She didn’t know what to say about this master and servant pair’s self-confidence and arrogance. To be honest, it wasn’t that there weren’t people like them who were as self-righteous as them. However, it was quite rare to see such a top-grade one. They hadn’t even married yet! He treated this place as his own home. He really didn’t know what the Yin family would think if they knew. She was really looking forward to the Yin family’s reaction.

“You dare curse my family’s young miss to die! You’re so bold!” When the maidservant heard Leng Ruoxue say that her young miss was dead, she was immediately enraged. She did not hear anything else and immediately started shouting.

“I’m talking about you treating the Yin family’s master as a dead man? Don’t you understand human language? My words aren’t hard to understand, right?” Leng Ruoxue was extremely puzzled. Her beautiful face was still filled with question marks.

“How dare you!” The maidservant said through gritted teeth, her face completely red.

“Al! It turns out that you really don’t understand human language! I’m sorry! I can’t tell what type of Beastie you are.” Leng Ruoxue let out a soft sigh before asking curiously.

“Hahaha! Young miss, how could she be a Beastie? Is there a Beastie as stupid as her?” Upon hearing Leng Ruoxue’s words, Grape could not help but laugh. In her heart, she admired Leng Ruoxue even more. The young miss was really too powerful. With just a few words, she made this master and servant so angry that they were about to explode. However, they were alone, and if the other party became angry from embarrassment later, she must protect young miss Leng well, she decided in her heart.

“You’re right. Then what is she? Why can’t I tell?” Leng Ruoxue muttered to herself as if she was deep in thought.

“Miss, she’s worse than a beast.” The grapes agreed.

“Yes, grape, you’re smart.” Leng ruoxue nodded in appreciation. It seemed like this grape could be taught well! During her time in the yin family, she would properly cultivate the grapes!

“Hehe! Miss is too kind.” Grape was very humble.

Listening to the conversation between Leng ruoxue and grape, lady LAN and the rest were so angry that they almost vomited blood. Her maidservant even looked at her lady with an aggrieved expression and said with tears in her eyes, “Miss, they humiliated me like this. You have to stand up for me!”

“Don’t worry, I will definitely seek justice for you! I’ll tell my uncle-in-law to kick this servant girl out of the yin family. The yin family won’t want a servant girl who doesn’t know the rules and disrespects guests.” Miss LAN said very seriously.

“Many thanks, miss.” The maidservant beside miss LAN said gratefully.

Leng ruoxue almost laughed out loud when she saw the master and servant’s self-directed act. However, she still asked with a puzzled look, “You said that grapes don’t know the rules and don’t respect the guests? May I ask, how many rules do you know as a guest? do you know how to respect the host?”

This master and servant pair were really of the highest quality. They had completely different requirements for themselves and for others. They could do whatever they wanted, but if others did not suit their wishes, it would be considered as not knowing the rules and not respecting the guests. It was really too funny. I really don’t know where they came from. Did they have a special school for brain damage? Otherwise, why would she always encounter such a high-quality person? Leng ruoxue couldn’t understand why she was so fated with Supreme-grade? She didn’t even need to look for him, this kind of person would take the initiative to come to her door, sigh! I’m really helpless!

“I’m the future head lady of the yin family!” Miss LAN heard Leng ruoxue’s words and reminded.

“Alright! You’re the future head lady of the yin family.” Leng ruoxue was convinced. She couldn’t be bothered to argue with her, so she simply shut her mouth.

However, when she stopped talking, miss LAN thought that she was afraid. She heard miss Lan’s slightly proud voice again, “Since you already know, hurry up and give me this place!”

“Not to mention that you are not the lady of the yin family yet, even if you are, I will not give this place to you unless you order your subordinates to chase me out.” Leng ruoxue was helpless. It seemed like she had no choice but to ignore this woman. She felt conflicted.

“You think I don’t dare to? Men! Throw the three of them out!” After hearing Leng ruoxue’s words, miss LAN said angrily. She had thought that the other party would be afraid after knowing her identity. However, who knew that the other party was not afraid at all. This made her even more furious! One had to know, not to mention in her own family, she had always been able to get whatever she wanted. Even in the yin family, she was used to everything going smoothly. No one had ever dared to treat her like this. Even the young miss of the yin family’s direct line of descent had treated her with respect. Who knew that this woman who came out of nowhere would actually dare to not put her in her eyes? this was really preposterous!

“Yes! Miss!” When the fiendish-looking subordinates heard their young miss’s orders, they immediately went forward to grab Leng ruoxue and grape. However, before they could get close to Leng ruoxue, they were attacked by a red lightning bolt that was flying towards them ...

“Argh! What is this?”

“It hurts!”

“Plop!” As the screams rang out, dozens of subordinates were attacked. Some even fell to the ground, unconscious. No one saw clearly what the red lightning that attacked them was because it was too fast.

However, when the red lightning returned to Leng ruoxue’s wrist, they could clearly see that the red lightning that had attacked them was a small red snake that was only as thick as a finger.

The little snake was extremely tiny, and its crystal-clear body was as beautiful and mesmerizing as a transparent crystal. At this time, the little snake’s head was raised high in pride, and its pair of bright eyes were looking at them disdainfully.

Most of these subordinates were god tier Masters, and some of them were also gods. Therefore, xiaohuo didn’t feel any pressure when it bit them. However, after those people were bitten by xiaohuo, their bodies showed different signs. Some of them directly fainted, some of them felt numb and lost consciousness in half of their bodies, and some of them were foaming at the mouth. However, at this time, the subordinates who were still conscious all looked at xiaohuo in horror, because they knew very well that they were poisoned.

Chapter 1415: The young lady of the yin family (2)

This little snake had actually caused them to be poisoned in an instant. Other than its speed being so fast that they were unable to react in time, its strength should not be below theirs. Therefore, they were quite afraid of xiaohuo and did not dare to provoke that little fellow. In fact, after being bitten, other than those who had directly fainted, the others did not have the ability to haggle even if they wanted to. And now, the only people who were intact among them were their young miss and the maidservant beside her.

When miss LAN saw the little red snake, she was also dumbfounded for a moment. However, after she regained her senses, she began to covet Lil “fire. This little snake was not only beautiful, but also had extraordinary strength. It was a perfect match for her. She even fantasized about how beautiful the little red snake would be if it were to coil around her wrist. Thinking of this, she wanted to get Lil” fire even more.

“Give me that little snake!” Miss LAN ordered coldly.

“Can you give me a reason?” Leng ruoxue laughed, her slender fingers caressing xiaohuo’s soft body. Xiaohuo was so comfortable that it half-closed its eyes, not even looking at miss LAN.

“It bit my subordinate.” Miss LAN reminded. In her opinion, this reason was the best. However, she did not expect that even if xiaohuo had bitten her subordinate, the other party had no reason to hand xiaohuo over to her.

“So what?” Leng ruoxue didn’t think much of it. Even if she killed all of her subordinates, she wouldn’t hand little fire over to this woman who clearly had ulterior motives towards little fire.

“It bit my subordinate, so it should pay for it with its life!” Miss LAN said after some thought.

“Your words are really funny. They only bit your subordinate and want my little fire to pay with its life. If they were bitten to death, do you want me to pay with my life?” Leng ruoxue asked with a smile.

“Isn’t this what I should do? Your cheap lives are not worth much. If this snake bites my subordinates to death, don’t even think about running away, all of you will have to pay with your lives!” Miss LAN said.

“Oh, really? I would like to know how much lady LAN and your subordinates are worth. ” Leng ruoxue was speechless when she heard miss Lan’s words.

“We’re all priceless. ” Miss LAN said arrogantly. Although she wasn’t born in the eight great divine regions, she could become the future mistress of the yin family, one of the eight great divine regions. This could be said to be the proudest thing in her life.

“Pfft!” Xiao Huo couldn’t help but laugh at miss Lan’s words. This woman was really not the typical self-righteous person! As a Beastie, although it didn’t understand human nature very well, it couldn’t stand this woman anymore. It could only imagine how outrageous this woman was!

“Dammit! What are you laughing at?” Looking at xiaohuo’s convulsing laughter, miss LAN roared in anger.

“Can’t your grandfather even smile?” Fiery couldn’t help but ask.

“Of course my grandfather can laugh.” Miss LAN quickly said.

“Yes, my good granddaughter!” Lil “fire laughed evilly.

“Who are you calling?” Miss LAN felt that something was wrong.

“Of course I’m calling you, idiot!” Xiaohuo’s face was full of contempt, and it even turned its little head very disdainfully.

“You’re looking for death!” Miss LAN flew into a rage out of humiliation. She rushed forward to grab xiaohuo, but xiaohuo was not someone she could touch. Before she could get close, it darted out like lightning and bit miss Lan’s beautiful face. Then, it flicked its tail and bit the maidservant.

After it was done, xiaohuo spat and said with a look of disgust, “So stinky! You two are so stinky, even stinky than those men. ”

After being bitten, miss LAN and her maidservant rolled their eyes and fell to the ground with a ‘plop’ before they could say anything.

Seeing that their miss had also been bitten, the subordinate of miss LAN, who still had a trace of consciousness, looked at the arrogant little fire in horror, his heart trembling.

“Don’t be afraid! I won’t bite you guys anymore. ” When fiery saw their appearance, he hurriedly consoled them out of goodwill.

“Yes, xiaohuo is very picky with his food. He only likes to take a bite of food. Don’t worry!” Leng ruoxue consoled him as well. She then smiled and said, “Do you plan to stay here forever, or do you want me to order people to throw you out?”

“We ... We’ll leave now.” The subordinates were so frightened by Leng ruoxue’s gentle gaze that they started to stutter. They scrambled to their feet and were about to run out of the courtyard when Leng ruoxue called out to them.

“Wait!” Leng ruoxue said.

“Is there anything else, miss?” A subordinate couldn’t help but ask. Wasn’t it this young lady who asked them to leave? Did she go back on her word? The subordinate was bewildered, but the fear in his heart grew deeper and deeper.

“Take the trash on the ground with you.” Leng ruoxue pointed at the unconscious people, including miss LAN.

“Yes.” The subordinates were extremely vexed. They were all poisoned and it was already good enough that they could leave on their own. They even had to bring these people along. Even though they were not very willing, they did not dare to disobey Leng ruoxue’s orders.

They dragged the people on the ground up like they were dragging gunny sacks. They had come in high spirits, but left Bright Stream garden in a sorry state. What they didn’t know was that this was the result of Leng ruoxue showing mercy. If it wasn’t for the fact that she didn’t want to reveal her strength, it was hard to say if these people would be able to leave this place alive!

After miss Lan’s subordinates left dejectedly, Leng ruoxue lay back lazily on the lounge chair. Meanwhile, grape and lotus seed looked at xiaohuo with adoration. Their hearts were filled with excitement. This was what it meant to fight without bloodshed! They didn’t even need to do anything, and this little snake had settled everything. Idol!

Feeling the fiery gazes of grape and lotus seed, Lil “fire was a little embarrassed. It said shyly,” “Don’t worship me! I’m just a legend!”

Upon hearing this, Leng ruoxue’s forehead was filled with black lines. She thought to herself, “could it be that xiaohuo has been hanging out with Bing Yao for a long time and has also learned how to be arrogant?” As far as she knew, this was Bing Yao’s favorite phrase.

When grape and lotus seed heard xiaohuo’s words, they laughed happily. The two of them even deliberately echoed, “My Lord! This servant worships you to death.”

Chapter 1416: The young lady of the yin family (3)

“I told you not to worship me.” Lil “fire said a little tsunderely, before burying his head under his own little body.

Seeing this, grape and lotus seed laughed even more happily.

After laughing enough, the two of them started to worry. After all, they knew very well that miss LAN was not to be trifled with. They also knew how the eldest branch would react after such a thing happened. The two of them exchanged glances. Grape looked at Leng ruoxue, who had closed her eyes, and turned to leave Bright Stream garden.

When she arrived at the main courtyard, grape did not see the family head. The guard sent her away after saying that the family head was in seclusion. This situation made her heart feel heavier and heavier.

Depressed, he returned to Mingxi garden. Seeing that Leng ruoxue was still sleeping, he shook his head at lotus seed. Grape then stood at the side without saying a word.

After a while, Leng ruoxue opened her beautiful eyes and looked at grape and lotus seed, who had a worried look on their faces. She smiled and said, "What's wrong? I didn't see that old man!" Her words were very certain, but grape and lotus seed, who were worried, did not hear it.

"The guard said that the clan head is in seclusion." Grape told her the truth and then consoled Leng ruoxue, "Young miss need not worry, you are the guest of the family head, I don't think the first branch would dare to do anything to you."

"They can't do anything to me, but they will take it out on you two, right?" Leng ruoxue understood. Actually, she was very clear that the yin clan might not dare to do anything to her because she was brought back by the clan head. However, these two maidservants would definitely bear the wrath of someone on her behalf. Furthermore, she did not believe that the old man would go into seclusion. If she was not wrong, the old man should be hiding to watch the show! Since that was the case, she couldn't be blamed! If she didn't turn the yin family upside down, her last name wasn't Leng!

Just as Leng ruoxue had expected, the master of the yin family was not in seclusion. At this moment, he was in the study room with a kind-looking old man, admiring every movement in Mingxi garden through the light screen!

"Hehe! I've already said that this little girl is very bold and wouldn't be afraid at all. I've guessed it!" The master of the yin family said proudly.

"You're beautiful! This little girl isn't afraid because she hasn't seen the direct descendant of the yin clan. If she sees your substitute clan head, how can she not be afraid?" The old man said with a face of disbelief. In his heart, Leng ruoxue didn't care about Xiao LAN and the others mainly because they weren't from the yin family. However, when this little girl directly confronted the direct lineage of the yin family, he didn't believe that Leng ruoxue would still be so calm and composed.

The old man who spoke was the great elder of the yin family. In the yin family, he had the highest authority other than the master. However, he was often in seclusion, so the members of the yin family rarely saw him. In fact, many of the members did not even know him! The substitute clan head he was referring to was the head of the first branch of the yin clan, which was Yin Xiao's father.

There were many people in the eight great divine regions, and their status in the divine world was quite high. The patriarchs of the eight great divine regions were the ancestors of their respective families, and these ancestors would naturally not lower their status to deal with other families. Thus, the eight great divine regions also had the position of acting patriarch.

The acting family head had great power. Except for some important matters that needed the final decision of the group of elders and the family head, the daily affairs of the family were generally handled by the acting family head. Therefore, without the intervention of the family head and the group of elders, the acting family head could be regarded as the head of the family.

“You’re underestimating that girl. She’s not even afraid of me, so why would she be afraid of our Yin clan’s acting clan head? Don’t forget, he even calls me old man. Furthermore, instead of worrying about that little girl, you should worry about our Yin family!” Master Yin reminded. He thought highly of Leng ruoxue, but he wanted to know her true abilities and trump cards. Otherwise, she wouldn’t have pushed him away for closed-door cultivation. The reason why he avoided meeting her was because he hoped that Leng ruoxue could handle this matter herself.

“You’re that confident in that little girl?” The Yin family’s first elder was surprised. He was about the same age as the family head and had known him since they were young. However, other than those few old farts, he had never seen the family head so confident in any of his juniors! Seeing him like this, he even wanted to go and meet that little girl personally.

“Of course! Just wait for a good show!” The master of the Yin family gloated.

Seeing the excitement on his master’s face, the Yin family’s first elder broke out in a cold sweat for his family’s junior. With such an ungrateful family head, the Yin family’s juniors were in for a bad time.

At this moment, Leng ruoxue, who was in Mingxi garden, was ordering grape and lotus seed to prepare dinner. However, the two of them were clearly distracted. Seeing them like this, Leng ruoxue sighed and said, “Can you two be happy? This was just a small matter! Is there a need for all of you to be so frowning?”

“Miss, Miss LAN is the niece of the first branch’s Madam. Now that something like this has happened, the first branch will definitely stand up for her. Furthermore, you may not know this, but the first master of the first branch is the acting family head of the Yin family. Now that the family head is in seclusion, the entire Yin family is dominated by him alone.” Grape explained. Actually, what she didn’t say was that if the master was not in closed-door cultivation, it would be fine. With the master’s support, even if the eldest master was the acting Master, he couldn’t do anything to Leng ruoxue. However, the key problem was that the master was in closed-door cultivation, and no one knew when he would come out. If there was no one to support Leng ruoxue, wouldn’t Leng ruoxue be at the mercy of others? This was what she was most worried about.

“Grape, don’t you think you’re worrying too much? If your acting family head wanted to support his wife’s niece, he would have long sent someone to settle the score with us. How could we still be so free and unfettered!” Leng ruoxue said with a light smile, not minding it at all.

“Miss, this matter is very serious.” Seeing how calm Leng ruoxue was, grape reminded her anxiously.

“Calm down! Hurry up and prepare dinner! I’m hungry.” Leng ruoxue urged.

“Yes.” Grape and lotus seed responded, then turned around and left worriedly.

Seeing the two maidservants leave, Leng ruoxue sighed and lay back on the deck chair. Suddenly, a clear voice rang in her ears, “Were you the one who let your snake bite Xiao LAN?”

Leng ruoxue lifted her beautiful eyes and saw that the one who spoke was a girl around fifteen or sixteen years old. Although the girl wasn't very pretty, she was extremely cute. Her round, apple-like face was flushed red, and her large eyes with distinct black and white were fluttering her long eyelashes. She was staring at Leng ruoxue without blinking, and her face was filled with curiosity. This little girl's strength wasn't very high either, only at the initial level of the deity stage.

"I didn't! It was little fire who didn't like her, so he bit her." Leng ruoxue chuckled as she tried to guess the girl's identity. She was dressed very fastidiously. Even though she was only a low level deity, she was able to live in the deity world. This was enough to prove that this girl was a direct descendant of the yin clan. Furthermore, she should be a direct descendant with very high talent.

"It's Lil "fire? She's so pretty and cute!" The little girl looked at the little red snake wrapped around Leng ruoxue's wrist. Her clear eyes were filled with countless stars as she spoke with envy.

"Little kid, you can't judge things by their appearance!" Hearing jingbae's words, Leng ruoxue's forehead broke out in a cold sweat. She thought to herself, "xiaohuo may look pretty and cute on the outside, but his temper isn't easy to get along with."

"Sister! I'm not a little kid, I'm already 16 years old." The girl protested.

"Is sixteen very old?" Leng ruoxue was in a good mood as she teased.

"Uh! I'm already an adult." In order to prove her words, jingbae even puffed out her chest to show that she was not lying.

"Alright! You're an adult now." Leng ruoxue glanced at the little girl's well-developed chest and said helplessly.

"Yes, sister! I really admire you!" Jingbae said to Leng ruoxue with stars in her eyes.

"What do you admire me for?" Leng ruoxue couldn't understand. This was her first time meeting this little girl, so what did she have to admire her for?

"You dare to let your snake bite Xiao LAN, hehe! I'm so happy." The little girl's face was filled with excitement. Leng ruoxue could also tell that this little girl's happiness was definitely from the bottom of her heart.

"Do you have a grudge against that lady LAN?" Leng ruoxue's face was filled with black lines as she asked.

"No grudges! I just don't like her. That woman is always putting on an act and using her power to intimidate others. I really hate her." The girl said with a look of disdain.

"Are you a member of the yin family?" Leng ruoxue asked with uncertainty after hearing the little girl's words.

"Hehe! Big sister, of course I'm from the yin family. Furthermore, Xiao LAN is my cousin! However, I don't like her. I'm so happy to see her get bitten by a snake today and her face is swollen like a pig's head! Sister! Please don't give her the antidote! Just let her be like this for the rest of her life, so that she won't have any ideas about my brother." The little girl reminded him with an evil smile.

“Since you’re a member of the yin family and you don’t like her, why would you allow her to flaunt her power in the yin family?” Leng ruoxue couldn’t understand. This girl’s identity and status should be higher than miss LAN ‘s, but from her tone, it seemed like she couldn’t do anything to miss LAN.

“That woman is too good at acting. She’s very obedient in front of my father, but she’s very arrogant in front of others. I can’t find anything against her, and with her father’s support, no one will believe me. They will only think that I’m jealous of my cousin’s beauty. Who would want to be jealous of her!” The little girl’s cute face was filled with disdain.

“Sister! You’re even better looking than Xiao LAN! I really like you.” Jingbae said seriously. She looked at Leng ruoxue with a perverted look in her eyes and was almost drooling.

“Uh! You’re also very cute, and I like you very much.” Leng ruoxue replied politely.

“Little Miss! What are you doing here?” Suddenly, grape’s voice rang out from behind the two.

“Miss, she is the little Miss of the yin family, Yin Xuan!” Grape then introduced to Leng ruoxue.

“Older sister, I am the youngest young lady in the yin family, so they all call me little young lady.” Yin Xuan explained, her pink apple-like face still had a bit of blush.

“Big sister, you can just call me Xuan ‘er.” Yin Xuan added.

“Yes.” Leng ruoxue nodded and continued, “Xuan ‘er, did you come here just out of curiosity?”

“Hehe! Actually, other than wanting to see big sister, I’m also here to deliver a message!” Yin Xuan’s cute little face had a slightly smug look as she said.

Chapter 1417: The cutest Xuan ‘er (1)

“Tip him off? So, you’re a little spy!” Leng ruoxue chuckled as she teased.

“Hehe! Sister, you don’t know how scary that woman looks right now. She’s wailing like a ghost and howling like a Wolf. But father and mother don’t have the time to settle scores with you right now! They’ve already found many pill refiners to come to the house to cure Xiao LAN, but those pill refiners seem to be helpless.” Yin Xuan said with a gloating smile.

“Oh.” Leng ruoxue nodded her head and did not express any opinion. She waited for Yin Xuan to continue.

“Sister! If the alchemists my father found can’t cure Xiao Lan’s poison, he’ll definitely come to find you. He’ll even threaten and bribe you. But don’t be afraid, my father is just bluffing. He won’t do anything to you.” After a pause, Yin Xuan continued.

“You’re the one who thinks he won’t do anything to me, right? I’m not a member of the yin clan. If he really wants to force me to hand over the antidote, I’m afraid it won’t be as simple as just scaring him!” Leng ruoxue was speechless. Yin Xuan’s words made several black lines appear on her forehead. She never thought that someone would say that her father was bluffing. It was likely that her father would only Bluff to scare Yin Xuan when she made a mistake! However, others might not have such treatment.

“Sister! You have to believe me! Father is really a paper tiger, he won’t do anything to you.” Yin Xuan promised.

“Because you’re his daughter, he’s just a paper tiger in front of you. But he’s never like this in front of others.” Leng ruoxue reminded him of their relationship.

“Is this the case?” After hearing Leng ruoxue’s words, Yin Xuan’s cute face revealed a confused expression.

“Of course, because he’s your father. Although he scolds you sometimes, he can’t bear to do anything to you. However, he doesn’t have such concerns when it comes to outsiders.” Leng ruoxue understood. As the saying goes, parents all over the world have a pitiful heart. All parents wish for their children to be well-behaved and sensible. Other than this, cultivators also wish for their children to have outstanding qualifications. Only then would they have face and their family clan would go further.

“But, why do I feel like he’s like this to other people?” Yin Xuan muttered to herself.

“The” others “you’re talking about are your own clansmen or in-laws, right?” Leng ruoxue asked with a smile.

“It seems so!” Yin Xuan thought for a moment and said with some embarrassment, but she couldn’t help but think to herself, is her father really not a paper tiger? She was still skeptical about this.

“That’s why I said that your father would never bluff in front of outsiders.” Leng ruoxue said with certainty. Yin Xuan’s father was the acting family head of one of the eight great divine regions. If he was really a paper tiger that only knew how to scare people, why would that old man from the Yin family let him be the acting family head? A clan like this would never risk their clan’s future.

“Sister! No matter how my father treats you, don’t be afraid. My mother and I will definitely help you.” Yin Xuan saw that her previous words were no longer convincing, so she had to bring up her mother again.

“Your mother? Isn’t she Miss Lan’s aunt?” Leng ruoxue asked curiously.

“Yup! In fact, my mother doesn’t like her very much either, and only maintains a superficial relationship. However, as long as I go and talk to my mother, she will definitely stand on your side.” Yin Xuan said with certainty.

“Uh!” Hearing Yin Xuan’s words, Leng ruoxue didn’t know what to say. This family was really strange. The aunt and cousin didn’t like their own niece and cousin, but the uncle seemed to love his niece a lot. What was going on? She was a little confused.

Not only was Leng ruoxue confused, even Grape, who was the maid of the Yin family, was confused by Yin Xuan’s words. She had never thought that the lady-in-charge of the first branch would not like Lady Lan. This, this was too unbelievable. However, she would not ask her own questions. After all, in a family like the Yin family, the most important thing to survive was to speak less and do more. Especially as a subordinate, it was even more forbidden to casually ask about the gossip of their master. This was a taboo in any family.

“Sister, please believe me! This time, I’m very certain.” Yin Xuan saw that Leng ruoxue didn’t say anything and thought that she didn’t believe her, so she promised her anxiously.

“It’s not that I don’t believe you!” Leng ruoxue could not help but laugh.

“Hehe! That’s good!” Yin Xuan said happily.

“Sister, what’s that smell? It smells so good!” Suddenly, a faint fragrance drifted over with the wind. Yin Xuan sniffed, took a deep breath, and asked curiously.

“It should be the fragrance of the dishes!” Leng ruoxue said with a faint smile. Lotus seed’s dishes were not bad. However, as the young lady of the yin family, she should have eaten all kinds of dishes, right? How could he be so sensitive to this smell?

“Sister! Can you treat me to a meal?” When Yin Xuan heard that it was the smell of food, she couldn’t help but ask. After she finished speaking, her face blushed with embarrassment.

“Alright!” Leng ruoxue nodded and immediately instructed grape to get lotus seed to prepare a few more dishes.

When it was time to eat, Leng ruoxue only tried every dish, but Yin Xuan was very happy. Her small mouth was filled with food, and she didn’t even have time to talk.

When Leng ruoxue saw Yin Xuan’s current state, she couldn’t help but sigh in her heart. How long had it been since this Little Miss of the yin family had eaten? why was she so hungry?

After finishing her meal, Yin Xuan saw Leng ruoxue’s confused expression and scratched her head in embarrassment, “Hehe! Big sister, this dish is really too delicious.”

“Since you like it so much, lotus seed will be very happy.” Leng ruoxue said with a smile.

“Yes, lotus seed, why didn’t I know that your cooking skills were so good?” Yin Xuan said with a face full of regret.

“I didn’t have the chance to cook before.” Lotus seed explained shyly. Ever since she and grape had started serving Leng ruoxue yesterday, miss Leng had been dissatisfied with the dishes the head butler had prepared for her. Hence, they had no choice but to personally cook according to Leng ruoxue’s request.

“That’s true! Sister, can I come here often for free meals in the future?” After hearing lotus seed’s words, Yin Xuan said to Leng ruoxue.

Chapter 1418: The cutest Xuan ‘er (2)

“Xuan ‘er, if you like it, feel free to come and eat.” Leng ruoxue said generously. It wasn’t her style to eat anyway, so she didn’t mind having another gluttonous little pig like him!

“Hehe! Sister, I won’t stand on ceremony then. It’s getting late, so I’ll go back first. I’ll come and accompany you tomorrow.” Yin Xuan stood up and left in a hurry.

Watching Yin Xuan's back as she left, Leng ruoxue asked thoughtfully, "Is Xuan 'er doted on in the yin clan?"

"Young miss, Little Miss is the yin family's most pampered young miss from the direct line. On top of that, she has a biological older brother who is the young master, so Little Miss 'status in the yin family is very high." Grape replied.

"Oh!" Leng ruoxue nodded her head slightly. She then turned to grape and Lianzi, "After you're done, you can all go rest! I don't need you to serve me anymore."

"Yes! Miss!" The two of them saluted, cleaned the table, and left the room.

The next morning, Yin Xuan came to eat. After breakfast, she came and went without a trace.

When it was time for lunch at noon and at night, she would come back on time. After lunch, she would chat with Leng ruoxue for a while before leaving.

Seeing that Yin Xuan had come to report on time, Leng ruoxue didn't know whether to laugh or cry. Did this little girl think that this was a restaurant? Moreover, it was said that he had brought her some useful information, but she didn't think it was of much use after listening to it. What's more, Yin Xuan didn't know when her father, the acting family head, would come to find her. It was said that he was busy looking for an Alchemist to refine pills for miss LAN! Hmph! Xiaohuo's poison was not something that an ordinary Alchemist could cure. Moreover, it required xiaohuo's saliva. Strange, why didn't that substitute clan head send someone to get xiaohuo's saliva?

Even though Leng ruoxue was a little bewildered, she didn't think too much about it. However, regardless of whether the substitute family head would come or not, she was already prepared.

At the same time, in another guest courtyard of the yin residence, although it was already late at night, it was still busy. Many maidservants and guards were guarding the door of the room, and from time to time, painful moans could be heard from the room.

This room was miss Lan's room. At this time, the acting patriarch of the yin family, her aunt, Yin Xuan 'er, and Xiao Lan's parents were all by her bed. Among them, Xiao Lan's parents were the most anxious, while Yin Xuan 'er looked indifferent. As for Yin Xuan 'er's mother, the acting patriarch's wife, her expression was normal, making it impossible to guess what she was thinking. Even the acting patriarch of the yin family, Yin ping, had a trace of worry on his face.

"Mother! Mother! I'm so uncomfortable! I don't want to live anymore!" Lying on the bed, Xiao Lan's hands and feet were bound by a white cloth. She was trying her best to break free from the restraints, and in an instant, deep red marks appeared on her wrists and ankles.

"LAN 'er! My good LAN 'er! Just bear with it! We've already gone to find the medicine." Madam Xiao's heart ached when she saw her precious daughter in such pain. Her hatred for Leng ruoxue, who had caused her daughter to suffer, grew even more.

After comforting her daughter, she turned to Yin ping angrily and said, "Brother-in-law! Where is the person who harmed my daughter? Give her to me, I want to deal with her myself!"

"I said that I would give you an explanation for this matter. As for that person, don't even think about it." Yin ping said coldly. To be honest, he didn't like the way his sister-in-law questioned him. However, seeing that Xiao LAN was suffering, he wouldn't argue with them. However, it was impossible for him to hand Leng ruoxue over to them. Who asked his father, the head of the household, to bring Leng ruoxue back? Hence, even though he promised them that he would give them an explanation, he would never dare to have any ideas about Leng ruoxue.

"Why? Could that person be related to brother-in-law?" Madam Xiao asked angrily.

"What do you mean by that?" Yin ping asked somewhat angrily. These words couldn't be said carelessly, otherwise, if word got out, how would he manage his clansmen!

"I don't mean anything. Brother-in-law knows it clearly." Madam Xiao said coldly. She had heard from the guards at home that the person who had injured her precious daughter was a woman, and a very beautiful woman at that. Now that that woman was being protected by her brother-in-law and refused to hand her over to them, wasn't it obvious what kind of relationship they had?

"What does he know?" At this time, Xiao Lin, who was standing next to Yin ping, asked with a slightly displeased tone.

"Sister! You have to be careful, be careful that brother-in-law will make a small one for you." Mrs. Xiao said with a gloating expression. She had already made it very clear, so she didn't believe that her sister wouldn't understand.

"You shut up! Is this something you can say?" Xiao Lin growled angrily. She never liked her sister-in-law and would never try to get close to her. However, she never thought that her sister-in-law would say something like that. It touched her bottom line.

"I ..." Seeing Xiao Lin's anger, Mrs. Xiao stammered. She was about to say something, but her husband pulled her arm, so she had to shut her mouth.

"Sister, she's talking nonsense because she's too worried about LAN 'er's health. Please don't mind her. We all know that brother-in-law isn't that kind of person." Xiao Lan's father, Xiao Hua, said apologetically. It might have been better if he didn't say it, but after he said it, Xiao Lin became even angrier.

You don't mind? Could it be that just because his daughter was injured, he could spout nonsense and slander others? That man was her brother-in-law! Did they ever think about their sister's feelings when they said that?

Al! It was all her husband's fault for loving the house too much. Otherwise, he wouldn't have spoiled her own family. Her heart felt heavy when she thought about this. In fact, she really didn't need her husband to take care of these insensible family members for her. However, every time she said this, brother ping would think that she didn't want to put him in a difficult position and would do her best instead. Later on, she didn't say these words as long as these people didn't go too far and cross her bottom line. She could only turn a blind eye to it.

But now, they had clearly crossed her bottom line, and this was something she absolutely could not tolerate.

Seeing that Xiao Lin's expression was very ugly, Xiao Hua quickly helped her out of Xiao Lan's room. He coaxed her as they walked, but no matter how much he tried to coax her, he could not make Xiao Lin smile. Seeing that his sister was really angry, Xiao Hua was a little flustered. It must be known that he could call the wind and rain in the Xiao family all because of his sister!

Chapter 1419: The most adorable Xuan 'er (3)

Although Xiao Lin was not his biological sister, she was raised by his parents since she was young. The relationship between the two had always been very good. After Xiao Lin married into the yin family, Yin ping, his brother-in-law, took good care of them. So, over time, they became used to it, especially his wife and daughter. They simply regarded the yin family as their own home. Because he also hoped from the bottom of his heart that his wife and daughter could be closer to this sister, he was naturally happy to see it happen. He also knew that his wife sometimes said things that were unpleasant to the ears. However, his sister had never minded it. However, this time, she was really angry. This made him feel a little uneasy.

"Sister! You also know that Ru Ping can't speak, don't take it to heart!" Before sending Xiao Lin to her room, Xiao Hua still felt a little worried.

"Go back and look after LAN 'er! You don't need to worry about me." Xiao Lin sighed. She still loved her brother, but she couldn't like her sister-in-law and niece.

"Sister! Have a good rest, I'll go look after LAN 'er." After Xiao Hua finished speaking, he turned and left.

As soon as Shao Hua left, Yin Xuan jumped out of nowhere.

"Mother! Are you alright?" Yin Xuan said worriedly. Just now in Xiao Lan's room, she had the impulse to beat someone up, but in the end, she restrained herself. After all, she didn't want to put her mother in a difficult position.

"I'm fine! Xuan 'er, why did you leave as well?" Xiao Lin asked curiously. Didn't Xuan 'er say she wanted to gather information? He had actually left Xiao Lan's room.

"I'm just worried about mother!" Yin Xuan coyly held Xiao Lin's arm and said. In fact, she had seen enough of Xiao Lan's face. Now Xiao Lan's face could not be seen by anyone at all. Her whole face was swollen like a pig's head, and there were even signs of festering. She was terrified just by looking at it, so she didn't want to stay there any longer! So, after her mother left, she also found an excuse to come out.

"It's still Xuan 'er who cares about mother the most." Xiao Lin said with a little resentment. From her tone, Yin Xuan knew that her mother was blaming her father for not comforting her.

"Mother! Father is also very concerned about you, but you also know how tolerant father is to Xiao LAN and the others. So, don't blame him!" Yin Xuan consoled.

"Mother was just casually saying." Xiao Lin said and then changed the topic,""Oh right, how's Leng ruoxue doing these past two days?"

"Very good! I ate well and slept well." Yin Xuan said with a smile.

“Isn’t she worried that we’ll blame her?” Hearing Yin Xuan’s words, Xiao Lin was curious about Leng ruoxue. Logically speaking, Leng ruoxue should be a little scared when she let her beast bite LAN ‘er, right? However, from Xuan ‘er’s words, it seemed as though the other party was treating it as though nothing had happened. This was really too strange. However, she then recalled that Leng ruoxue had been brought back by her father-in-law. Even if her husband wanted to touch Leng ruoxue, he would not dare to do so easily. Could this be the other party’s trump card?

“Sister really doesn’t seem to be worried.” Yin Xuan said after some thought. Even though she had told Leng ruoxue more than once that she didn’t need to worry about her father and that she would help her, she really didn’t see a single trace of worry on Leng ruoxue’s face.

“Xuan ‘er, bring me to meet that Leng ruoxue tomorrow.” Xiao Lin said after thinking for a while.

“Mother! If you want to stand up for Xiao LAN, then I advise you not to go. I really like that sister.” Yin Xuan reminded.

“Yo! It’s rare for my daughter to fall in love with an outsider, and you don’t even like Xiao LAN.” Hearing Yin Xuan’s words, Xiao Lin chuckled and teased her.

“I’ve never liked her since I was young! Mother, it’s not like you don’t know!” Yin Xuan was very disapproving of her mother’s teasing.

“I know. Xuan ‘er has good taste, unlike your muddleheaded father.” Xiao Lin sighed and said helplessly. The main reason why her husband loved Xiao LAN was that Xiao LAN resembled her when she was young. That was why he loved her even more. When she found out about this, she didn’t know whether to laugh or cry. She couldn’t see how Xiao LAN looked like her.

“Father was just deceived by that woman. Who asked that woman to be so good at acting?” Yin Xuan spoke up for her father.

“Xuan ‘er, remember to bring mother to see that Leng ruoxue tomorrow.” Xiao Lin reminded.

“Alright, mother! Have an early rest, I’ll come to find you tomorrow.” After Yin Xuan finished speaking, she left with a happy face.

The next morning, Yin Xuan took Xiao Lin to Mingxi garden.

Looking at the beautiful woman in her early thirties, Leng ruoxue understood that this person should be Yin Xuan’s mother.

However, the mother and daughter really didn’t have any similarities. Yin Xuan’s mother was very beautiful, and Yin Xuan was cute.

After Xiao Lin saw Leng ruoxue, her beautiful eyes kept sizing her up. She was full of admiration in her heart. What a devastatingly beautiful woman! When she saw Leng ruoxue, it was not hard for her to imagine why her niece would have a conflict with her.

“Hello! I’m Xuan ‘er’s mother, Xiao Lin.” Xiao Lin introduced herself.

“Leng ruoxue.” Leng ruoxue said softly.

"I've always heard Xuan 'er talk about you. I finally have the chance to meet you today." Xiao Lin said with a smile.

"I also often hear Xuan 'er mention her mother. Madam Yin, did you come here today just to see me?" Leng ruoxue chuckled and asked directly.

"Yup!" Xiao Lin replied with a smile. She did not expect Leng ruoxue to be so direct. However, it was not hard to understand. Based on her relationship with Xiao LAN, it was no wonder that others would misunderstand.

"I thought that Madam Yin would come and question me!" Leng ruoxue said with a smile.

"I don't care about her." Xiao Lin said directly.

"That's good! I like Xuan 'er a lot, and I'm friends with big brother Yin. I also have a good impression of you, so I really don't want anything to happen between us just because of miss LAN." Leng ruoxue confessed.

"You know Xiao' er?" Xiao Lin didn't expect Leng ruoxue to recognize her son. She was shocked, but she admired Leng ruoxue's honesty. This was how a person should be! What's the point of wearing a mask all day?

"Yes, I met brother Yi on the godly mainland." Leng ruoxue explained simply.

"I see." Looking at Leng ruoxue's strength, Xiao Lin understood that she must have come from the godly mainland. However, why did her master bring such a beautiful woman to the godly realm? She couldn't quite guess her master's motive.

"Sister! I didn't expect you to know my brother. You and our Yin family are really fated! I wonder when big brother will come back. I'm starting to miss him!" When Yin Xuan heard Leng ruoxue's words, she was extremely excited.

"Big brother Yin should be back soon!" Leng ruoxue guessed. If brother Yin knew that she had been taken away by his grandfather, he would definitely return.

"No! Brother can't come back now." Suddenly, Yin Xuan seemed to have thought of something and quickly said.

"Why?" Leng ruoxue and Xiao Lin said in unison. After hearing Yin Xuan's words, both of them were puzzled.

"Xiao LAN is here! If big brother returns, they will definitely take the opportunity to make big brother marry her." Yin Xuan's face was full of worry. She didn't want that woman to become her sister-in-law. If that happened, she would be depressed to death.

"You underestimate brother Yin. Although brother Yin looks gentle, no one can force him to do anything he doesn't want to do." Leng ruoxue replied calmly. Even though she had not spent much time with Yin Xiao, she could tell that big brother Yin was not an easy person to get along with. Even though he always had a smile on his face, people like that would find it hard to accept others.

"You don't know your brother as well as Xue 'er!" Xiao Lin chuckled as she looked at Leng ruoxue. Her gaze became gentler and gentler, and she even addressed her as Xue 'er. Furthermore, the more she looked at Leng ruoxue, the more satisfied she was with her. She just did not know why the master of the family had brought Leng ruoxue back to the yin family.

"Mother! I'm just afraid that big brother will be soft-hearted! Didn't you say that men like to have tender feelings for women?" Yin Xuan said with an aggrieved expression.

"Xuan 'er, men have to be considerate of women according to their partners. If you treat every woman with tenderness, you can't have this kind of man!" Leng ruoxue reminded him with an evil smile.

"Xue 'er is right." Xiao Lin nodded in agreement.

"Yes." Yin Xuan nodded her head heavily and continued, "Mother! Did Xiao Lan's injured father say anything again?"

"Xue 'er, can you let me take a look at your snake?" Xiao Lin suddenly said after hearing Yin Xuan's words.

"Little fire, Madam Yin wants to see you." Leng ruoxue rolled up her sleeves, revealing fiery, who was wrapped around her wrist.

"Is this the snake that bit LAN 'er? I really couldn't tell that such a small snake's poison was so powerful." Xiao Lin said in shock. She had never thought that Xiao LAN and the others would be bitten by such a small snake. It should be known that there were many kinds of snakes in the divine realm, and some of them were poisonous. However, those poisons could be detoxified with just one antidote pill. For those more poisonous ones, they would usually be fine after taking a good antidote pill. However, Xiao Lan's poison was getting worse the more she took the antidote pill. When she went to see Xiao LAN this morning, she found that her face had begun to fester. She was shocked at the time.

"Xiaohuo's poison can't be cured by an ordinary antidote pill." Leng ruoxue chuckled. The other party did not come to ask for xiaohuo's saliva, so it was almost impossible to cure Xiao LAN and the others.

"Really? Then how can we get rid of the poison in Xiao LAN and the others "bodies?" Yin Xuan asked curiously.

"We need to use xiaohuo's saliva." Leng ruoxue explained calmly.

"Sister! Then you have to keep a close eye on Lil "fire, I'm afraid they'll come to steal the snake." Upon hearing Leng ruoxue's words, Yin Xuan quickly reminded her.

"Xue 'er, do we really need this little snake's saliva to cure the poison in LAN' er's body?" Xiao Lin asked thoughtfully.

"Yes! Could it be that Madam Yin wants me to give them Lil "fire's saliva!" Leng ruoxue said.

"I'm just annoyed that they're crying and making a fuss all day. But this snake is yours, and the one they've provoked is you. If you want to give it to me, it's fine. If you don't want to, it's fine. You don't have to give me face." Xiao Lin was afraid that Leng ruoxue would misunderstand, so she quickly explained.

Chapter 1420: A bet (1)

“Actually, it’s not impossible to give them xiaohuo’s saliva. However, you can’t give it to them easily.” Leng ruoxue said with a faint smile. She had agreed to give xiaohuo’s saliva to the other party because of the yin family. However, since the other party’s biological aunt had already made it clear and didn’t care whether she gave it to them or not, why should she give this free favor?

Furthermore, with miss Lan’s personality, if you were to give it to her so easily, not only would she not be grateful to you, but she would also hate you even more for making her suffer. Therefore, Leng ruoxue would never do something that would take a long time and not give you any benefits! If you want Lil “fire’s saliva, sure! But he had to pay a corresponding price.

“Right! We can’t give it to them so easily. We have to make them bleed a lot and let Xiao LAN suffer for a few more days.” Yin Xuan suggested after hearing Leng ruoxue’s words.

“Hehe!” Hearing Yin Xuan’s indignant words, Leng ruoxue couldn’t help but chuckle. Just how much did Yin Xuan hate that miss LAN? After all, she was her cousin, but she was so hated by her. Miss LAN was also quite a failure in life. She probably only cared about pleasing the elders and ignored the existence of Yin Xuan! She guessed in her heart.

“Sister! Don’t laugh! I’m telling the truth.” Yin Xuan said, somewhat annoyed.

“I know you’re telling the truth, okay?” Leng ruoxue coaxed.

“Sister!” Yin Xuan acted coquettishly as she tugged at Leng ruoxue’s sleeve and said with a hint of resentment.

“Alright! I won’t tease you anymore, don’t worry! Didn’t I say that I wouldn’t easily hand over Lil “fire’s saliva to them!” Leng ruoxue promised.

“That’s good! Sister! Lil “fire’s poison is so powerful! Do you know? Xiao Lan’s face has started to fester today. It’s so scary and disgusting.” Yin Xuan said with a face full of fear.

“That’s normal. If she had received treatment a few days later, she probably wouldn’t have been able to keep her face.” Leng ruoxue said indifferently.

“Argh! It’s true!” Yin Xuan was shocked. Xiao LAN cared about her face the most. If she really couldn’t keep it, Xiao LAN would probably go crazy.

“Xue ‘er! Are you telling the truth?” Xiao Lin quickly asked. She was thinking about the consequences if Xiao Lan’s face was destroyed.

“Yes, if they can’t get xiaohuo’s saliva and refine it into a pill within three days, then xiaohuo’s saliva will be useless, and her poison will never be cured, and it will often relapse.” Leng ruoxue explained with a smile. Xiaohuo’s poison would be completely cured after three days even without the antidote. However, this recovery was just an illusion. After a few days, it would still relapse, and the frequency of relapses would increase. The pain would be ten times or even a hundred times more than now. This was also the strong point of xiaohuo’s poison.

“What will happen if it reoccurs?” Yin Xuan asked curiously.

“It will be at least ten times more painful than now.” Leng ruoxue chuckled.

“Argh! Wouldn’t that be killing her? Now, she’s on the verge of death.” Yin Xuan was left speechless. She really didn’t expect that the little snake’s poison was so powerful.

“I won’t take her life, because it’s not easy for her to even want to die.” Leng ruoxue corrected, implying that the poison would make miss Lan’s life a living hell.

“Uh! Lil ‘fire is really amazing.” Yin Xuan ‘er said as she looked at the little flame on Leng ruoxue’s wrist with both love and fear.

“Little girl, don’t be afraid! I don’t bite people randomly.” Feeling Yin Xuan’s gaze, little fire raised its little head and comforted her.

“Oh! Can you not call me little girl?” Yin Xuan discussed.

“Then what should I call you? A woman? But I can’t see how you look like a woman!” Lil ‘fire said honestly.

“Which part of me doesn’t look like a woman?” Yin Xuan said, somewhat hurt by her self-esteem, and even deliberately puffed out her towering peaks. Wu ... This little snake actually said that she didn’t look like a woman. He really had no taste.

“It doesn’t look like anything.” Lil ‘fire said in disdain.

“You! Sister! Lil ‘fire is bullying me.” Yin Xuan realized that she couldn’t win against little fire, so she turned to Leng ruoxue for help.

“Hehe! Little fire is just teasing you!” Leng ruoxue smiled as she tried to smooth things over.

“Women! I’m going to sleep.” Lil ‘fire yawned and lazily closed its eyes.

“Uh! You’re sleeping so early in the morning?” Seeing that Lil ‘fire ignored everyone’s existence and really closed his eyes, Yin Xuan said in surprise.

“Little fire likes to sleep.” Leng ruoxue said hurriedly.

“Xuan ‘er, you silly girl! Beastie’s sleep is also a form of cultivation.” Xiao Lin laughed as she watched her precious daughter interact with Lil ‘fire. She found it amusing no matter how she looked at it. This little red snake was too cute.

“Oh!” Yin Xuan nodded, not fully understanding.

“Xue ‘er! You wouldn’t mind if I told my brother about the news you just told me, right?” At this moment, Xiao Lin asked Leng ruoxue. Although she didn’t like Xiao LAN, she couldn’t just watch a girl disfigure her face. She knew how important looks were to a woman in the divinity.

“I don’t mind. I just want you to tell them.” Leng ruoxue laughed.

“That’s good.” “Xue ‘er, tell me what conditions you have!” Xiao Lin said, relieved. I’ll tell them.”

"I only have three conditions. First, Xiao LAN has to personally apologize to me, grape, and lotus seed. Second, of course, she has to compensate us for the mental damage we have suffered. Naturally, it's to pay for Lil "fire's saliva." Leng ruoxue stated the three conditions nonchalantly, and these three conditions were not something that she came up with on the spot.

"Good! No problem," Xiao Lin nodded. Leng ruoxue's three conditions were reasonable. After all, it was Xiao LAN and the others who were the unreasonable ones.

Seeing how confident Xiao Lin was, Leng ruoxue didn't think she would agree to her conditions so easily. However, that wasn't something she should be concerned about, and she didn't mean to make things difficult for her.

After Xiao Lin chatted with Leng ruoxue for a while more at Mingxi garden, she left with Yin Xuan. After they left, grape couldn't help but ask,""Miss, the Xiao family will definitely not agree to the three conditions you mentioned." Although she was a maidservant, she knew the three people from the Xiao family very well. They were not the kind of people who would pluck hair from their own bodies. Asking them to compensate was no different from asking for their lives.
