

Crazy Wife 1451

Chapter 1451-beating them at their own game (3)

"You ..." Philip was speechless, but she couldn't deny that what Yue Xi said was true. Everyone knew how she felt about Ning Hai, except for Ning Hai.

"Alright, stop quarreling! Since some people suspect that I'm related to Hui ao's poison, I'll clarify it!" Leng ruoxue said with a light smile.

"The evidence is irrefutable. How do you want to clear your name?" Philip asked in a sharp voice.

"Irrefutable evidence? Miss Phillie, may I ask where the evidence you mentioned is?" Leng ruoxue asked curiously.

"Hmph! Who doesn't know that Hui ao's food was prepared by you?" Philip said proudly.

"Miss Philip! We have prepared Hui ao's food well these few days, but I heard from grape that someone had sent food to Hui ao before we did. Moreover, Hui ao had eaten all the food sent by the other people. So, Hui ao should not have touched the food we sent!" Leng ruoxue said with a smile.

"How is this possible? You said that Hui ao didn't eat your food, then what about the food you brought? Where is he?" Fei Li looked around. In fact, after she delivered the food to Hui ao, she had been secretly observing Hui ao's movements. After seeing Hui ao eat her food, she was very excited! After Hui ao showed signs of being poisoned, she thought that no one knew that she had taken away her utensils. In this way, no one would know that she had sent food to Hui ao. Unfortunately, she only wanted to destroy the evidence of her crime and neglected the food that Leng ruoxue and the others had sent. Now, after Leng ruoxue's reminder, she suddenly remembered that she did not seem to have seen the food that they had brought to Hui ao.

"I'm afraid we'll have to ask Hui ao where our food is." Leng ruoxue said with a calm smile. After she finished speaking, she walked to Hui ao's side and patted his head gently. At this moment, Hui ao looked extremely disheveled. His originally smooth feathers were now in a mess and blood was flowing from the corner of his mouth. He was lying on the ground weakly. His big, wet eyes were dull and lifeless.

Leng ruoxue's heart ached when she saw Hui ao in this state. However, for the sake of her plan, she could only bear with it.

"Ruoxue! Do you have any way to cure its poison?" Ning Hai asked expectantly when he saw Leng ruoxue checking on Hui ao's condition.

"Big brother ning! Don't worry! I will find a way to cure Hui ao." Leng ruoxue promised.

"Hmph! Of course you can cure Hui ao, because you were the one who poisoned him!" Fei Li could not help but remind him. Actually, she did not believe that Leng ruoxue could cure Hui ao. After all, the poison she had given was said to be very difficult to detoxify. This poison was not fatal, other than making people feel as if they were better off dead. After all, her purpose was only to use Hui ao's accident to drive Leng ruoxue and the other two away, not to take Hui ao's life. Thus, she did not use a

heavy dose of the poison. After driving away Leng ruoxue and the others, her next target would be Hui ao.

“Miss Philip! You can eat whatever you want, but you can’t say whatever you want! I poisoned Hui ao, and now I’m helping him detoxify. May I ask what my purpose is?” Leng ruoxue said with a half-smile.

“Of course it’s to please our Captain,” Philip said matter-of-factly.

“Please big brother ning? Was there a need for that? Everyone knows how big brother ning treats me! Do you still need me to harm Hui ao to please him?” Leng ruoxue laughed coldly as she retorted.

“Ruoxue! Don’t talk nonsense with her, saving Hui ao is more important, big brother ning believes you. ” Ning Hai said impatiently.

“With brother ning’s words, I will definitely do my best. Although this poison is a little troublesome, it’s not a problem for me.” Leng ruoxue said confidently. After she finished speaking, she took out an antidote pill that gave off a faint fragrance from her bracelet. Just as she was about to put it into Hui ao’s mouth, she was stopped by Fei Li.

“Stop! What do you want to give Hui ao? Captain! I can’t let her feed Hui ao anything!” Fei Li said nervously. She had poisoned Hui ao so that she could be his Savior. Although she didn’t think that Leng ruoxue had any way to cure Hui ao’s poison, she couldn’t take any risks. Otherwise, wouldn’t everything she had done be for this annoying woman?

“This is just an antidote pill that I casually made. Why are you so nervous?” Leng ruoxue asked in amusement.

“I ... I’m afraid that you’ll give Hui ao random elixirs and make its poison worse! Besides, you’re still a suspect! Who knows what kind of intentions you have for giving Hui ao the pill!” Philip argued.

“You don’t have to worry about this. Brother ning, the master, didn’t say anything, so naturally, it’s not up to you, an outsider, to say anything.” Leng ruoxue smiled as she reminded him.

“I’m just being kind ...” Under Ning Hai’s angry glare, Philip had to take back the words he had not finished, but his beautiful eyes looked at Ning Hai with grievance.

“Big brother ning! I don’t know if this pill of mine can detoxify Hui ao, are you willing to give it a try?” Leng ruoxue asked with a smile.

“Ruoxue, I already said that I believe in you. Go ahead and try!” Ning Hai quickly urged. There was no Alchemist in their team, so it could be said that he had placed all his hopes on Leng ruoxue. Moreover, he was not someone who did not have good judgment. The pill that Leng ruoxue had taken out had a brilliant surface and was filled with spiritual Qi. With one look, he could tell that it was not an ordinary pill. How could he not be willing to let Leng ruoxue give it to Hui ao?

“Yes.” Leng ruoxue nodded slightly and brought the pill to Hui ao’s mouth. Hui ao opened his mouth and ate the pill. However, after eating the pill, he closed his eyes ...

Looking at Hui ao’s unconscious appearance, Ning Hai was a little anxious. He quickly squatted down to check on Hui ao’s condition and was surprised to find that there seemed to be something wrong with Hui ao. However, before he could voice his doubts, he heard Fei Li’s harsh voice again.

“It’s you! You’re the one who killed Hui ao! Captain! She killed your Beastie, don’t you ever let her off!” Seeing that not only was Hui ao’s poison not cured, but he was even unconscious, Philip was very proud of himself!

“Do you really want Hui ao to die that much?” Leng ruoxue asked with a smile.

“What do you mean? You were the one who killed Hui ao. You said you would detoxify it, but in the end, you killed it.” Philip said proudly. Although things didn’t go according to his plan, the effect seemed to be unexpectedly good.

“Who said it’s dead?” Leng ruoxue laughed mockingly.

“It didn’t die? Then why isn’t there any aura?” Fei Li asked in disbelief. Hui ao was clearly dead. This woman was definitely lying to her, trying to shirk her responsibility. Hmph! In his dreams! She would not let Leng ruoxue have her way.

“Would you believe me if I told you that it’s brewing and advancing?” Leng ruoxue smiled calmly. Hui ao had been stuck at the wall of advancement. Now that he had eaten the antidote that she had added, his advancement had become a matter of course.

“I don’t believe it! How is this possible?” Fei Li didn’t believe Leng ruoxue’s words at all. He had never heard of anyone who could advance after eating an antidote. If that was the case, wouldn’t everyone hope that they had been poisoned?

However, as soon as she finished speaking, she could only watch helplessly as the laws of the world descended on Hui ao’s body. After the laws of the world disappeared, Hui ao had officially become a rank 7 sacred divine beast from a rank 6 sacred divine beast. As Hui ao’s master, Ning Hai had naturally obtained a lot of benefits from his own sacred divine beast’s advancement.

“Master! I’ve finally made a breakthrough.” After Hui ao opened his eyes, he said excitedly. When the crowd saw how lively he was, they naturally knew that the poison in his body had been cured. Instantly, many people looked at Leng ruoxue with burning eyes.

“Yes, Hui ao! Congratulations,” Ning Hai saw that Hui ao’s poison was not only cured, but he had also advanced to become a level Seven sacred beast. He was happy for Hui ao from the bottom of his heart. However, the person he wanted to thank more was Leng ruoxue.

“Ruoxue! Your pills are amazing, thank you so much.” Ning Hai said to Leng ruoxue gratefully.

Meanwhile, Hui ao had also transformed into a mini Eagle and jumped into Leng ruoxue’s arms, rubbing against her affectionately.

“Big brother ning is too polite. I also like little grayley, so I will do my best to save it.” Leng ruoxue said as she gently stroked Hui ao’s soft feathers.

Then, she said to Hui ao: “little Gray Gray, you are the victim. You should know best about your poisoning. Now, you tell me what exactly happened!”

“En!” Hui ao nodded and began to explain.

“Master! I was poisoned because I ate the food that Philip brought.” Hui ao said with an aggrieved expression. Tears were still rolling in his eyes. In fact, from the intimate attitude of Hui ao and Leng ruoxue after he was cleared of poison, everyone knew that Hui ao’s poisoning had nothing to do with her. In addition, Hui ao had personally said that his poisoning was related to Fei Li. The truth of the matter was suddenly clear.

“Philip! What else do you have to say?” Ning Hai asked with a face of disappointment. Originally, he thought that Philip was just a little willful and shouldn’t have any bad intentions. However, he didn’t expect that Philip would dare to poison Hui ao. This was absolutely beyond the scope of his tolerance. After all, Hui ao could be considered as his reverse scale! Therefore, he could no longer tolerate Philip.

“Captain! I’m innocent, it’s them! They’re the ones who joined forces to frame me!” Philip suppressed the anger in his heart and sobbed with tears streaming down his face.

“Master! How could I use my own poison to accuse others! If it wasn’t for her evil intentions, I wouldn’t have suffered so much pain.” Hui ao said with tears in his eyes.

“Actually, everyone knows that I’ve been eating grapes for food recently. However, Philip suddenly sent me food tonight. I naively thought that she wanted to reconcile. After all, we had some disagreements before. I didn’t want master to be put in a difficult position, so I finished the food she brought me. But I didn’t expect her heart to be so vicious that she actually drugged the food. If I had known earlier, I wouldn’t have eaten her food. Because the food she makes is really unpalatable.” After a pause, Hui ao said in a very disdainful manner.

Chapter 1452: Plentiful city (1)

Hui ao’s words and his disdainful expression made the people present quite helpless. This was because at this time, they were not sure whether they should sympathize with Hui ao who had eaten something that was difficult to swallow or sympathize with Hui ao who had been poisoned. Looking at Hui ao’s appearance, it was obvious that he was more concerned about the taste of the food.

“You’re talking nonsense! How could my food be poisoned? You’ve eaten their food, so what right do you have to say that my food poisoned you?” Fei Li shouted at the top of her lungs. She knew very well that it was useless to deny that she had given Hui ao food. Therefore, she could only bite on Leng ruoxue and the other two and not let go. Everyone knew that Leng ruoxue and the other two would prepare food for Hui ao every day! If the dead bird was poisoned after eating the food prepared by both of them, she naturally couldn’t put all the blame on her.

“Who said I ate the food they sent? After I finished eating the food you brought, you took away the utensils to destroy the evidence. Did you see any other utensils beside me?” Hui ao asked with a faint smile.

“This ...” After being questioned by Hui ao, Philip really started to think.

When the crowd saw her like this, they were even more certain. It was obvious that Fei Li wanted to frame her, so he deliberately poisoned Hui ao’s food. However, Hui ao only ate the food that Fei Li had sent. Therefore, it was impossible for Fei Li to hold on to Leng ruoxue and the others.

“Philip! What else do you have to say?” Ning Hai asked with a cold face after hearing Hui ao’s words.

“Captain! I ... It really wasn’t me! They’re the ones who have wronged me!” Philip stammered, his beautiful face full of grievance.

“Philip! The matter is already very clear, and you still want to quibble?” Ning Hai said disappointedly.

“Captain! It’s not that I want to quibble, I just want Hui ao to produce evidence. It said that it did not eat other people’s food, where is the evidence?” Philip quickly said.

“Looks like you really won’t shed a tear until you see your coffin! Proud ash! Since they don’t believe that you didn’t eat the food we prepared, then show us the evidence! You can’t wrong miss Phillie.” Leng ruoxue said with a smile.

“I won’t wrong her! We Beastie are the most righteous.” After Hui ao finished speaking, he pushed aside the dense branches of the giant tree behind him. Suddenly, a tree hole half the height of a person was revealed in front of everyone. In the tree hole, there was a basket. In the basket, there were several kinds of food with different colors, smells, and flavors. Although the food had gone cold, it still looked very pleasing to the eye.

Those who had eaten the food sent by the grapes knew at a glance that this food was dinner made of grapes and lotus seeds, because it was exactly the same as what they had eaten.

“Master! After eating Philip’s food, I’m not hungry anymore. Therefore, I didn’t eat these food; instead, I hid them here and wanted to have supper at midnight. Now that I think about it, I’m lucky that I didn’t eat them; otherwise, I would have no way to explain myself!” Hui ao said with a ‘close call’ look.

“Philip! The food was made by ruoxue’s two maidservants and many people can prove it. Furthermore, these things were indeed untouched. Do you have anything else to say?” Ning Hai said with a cold face.

“Captain! “I ...” Philip still wanted to defend herself, but when she saw Ning Hai’s cold expression, she couldn’t say anything.

“Philip! Seeing that we have been together for so long, Hui ao has also profited from this misfortune. I will not hold it against you for today’s matter. However, you are not qualified to stay in my team. You sisters can leave together!” Ning Hai thought for a while and said without any emotion.

“Captain! Don’t chase me away! I know I was wrong! Please give me another chance!” Hearing that Ning Hai really wanted to drive him away, Philip was scared and begged like a weeping beauty.

“Captain! This matter was done by big sister, and it has nothing to do with me, so why must you chase me away as well?” Fei Ye also said indignantly.

“Why would Philip do such a thing? don’t tell me you didn’t know?” Ning Hai asked in a cold voice.

“I ... I only found out after the incident.” Fei Ye knew that she could not hide it, so she lowered her head and said softly.

“I don’t care when you found out. You knew it was Philip’s doing, but you still watched her frame someone else. I can’t keep you here just because of this! In my team, you can’t be the most powerful, but a person’s basic character can’t be broken. So, my team is not suitable for you sisters. You should

pack your things and leave!” Ning Hai urged. He really didn’t want to see this pair of sisters for another moment. Their deep schemes were really too terrifying.

“Captain! I know I was wrong.” Fei Ye also begged with tears in her eyes, but Ning Hai was not moved at all. Seeing this, Fei Ye could only look at the others pitifully, hoping that someone could plead for her. However, everyone kept silent.

“Yuexi, bring some people with you to send the two sisters away!” Ning Hai ordered and then turned back to his tent.

“Hurry up and pack your things! The captain has already shown mercy.” Yue Xi said impatiently. He didn’t have a good impression of the two sisters to begin with, and now that they had done such a thing, he couldn’t wait for them to leave his team as soon as possible. However, the captain was just too kind, even asking him to bring people to send them off. Although he was a little unwilling, he couldn’t disobey the captain’s orders.

Seeing Yue Xi’s urgency and the strange looks from the others, Fei Li and Fei Ye knew that they couldn’t stay here any longer, so they packed their things and left the camp.

After watching them leave, Leng ruoxue could not help but sigh. This pair of sisters was also a big problem. She had not forgotten the resentful gazes they gave her before they left. However, it was best if they did not take the initiative to provoke her. Otherwise, they would definitely be the ones who would regret it.

After returning to his tent, grape noticed that Leng ruoxue’s mood was not quite right. He could not help but ask, “Miss! What’s wrong? Could it be that you’re afraid that the sisters will seek revenge on us?”

“No! I just think that big brother ning is too kind. People might not be grateful for his kindness.” Leng ruoxue sighed. If it was her, she would never let the two sisters leave, because she would not cause trouble for herself. However, everyone’s personality was different, and she could not expect big brother ning to be as cold-blooded as she was!

Chapter 1453: Plentiful city (2)

“Noble son ning is a good person. A woman like Philip would never be grateful to him!” Grape said in disagreement.

“It’s true that brother ning is a good person, but it’s also because of his personality that the people in the team are gathered together. Otherwise, just the two sisters would cause a ruckus in the entire team.” Leng ruoxue understood. Big brother ning was kind-hearted, and the team’s cohesion was not bad. Otherwise, this team would not have been able to last for such a long time. It was said that many of them had followed big brother ning to travel everywhere for many years.

“Miss! Didn’t you always say that since we’re here, we should take things as they come? Since Philip and the others have already left the group, don’t think about them anymore. If they really want to take revenge, we will also protect the young lady.” Lianzi, who was listening at the side, said.

“Hahaha! Alright! Then I’ll be counting on your protection. ” Leng ruoxue smiled. After Cuizhu and lü Tao went into closed-door cultivation, there was no longer a housekeeper by her side. Now that there were more grapes and lotus seeds, it was as if she had returned to the days when she was with Cuizhu and lü Tao. She just did not know how the evildoer and the others were doing. Her disappearance must have made them very anxious, right? No! She had to find a way to return to the divine mainland as soon as possible, and finding her Godfather was the fastest way to return to the divine mainland. She just didn’t know if big brother ning would believe her words.

These days, she had been thinking about how to tell brother ning about her relationship with master ning, because she knew very well that if she didn’t tell brother ning the truth and just asked brother ning to take her to the ning family, brother ning would be suspicious. So, telling brother ning the truth was the best way. However, she also had her own worries, because her relationship with master ning was probably no different from a fantasy in the eyes of ordinary people. After all, the difference in identity and status between the two was too big.

“Don’t worry, miss! We’ll definitely protect the young miss. ” Grape and lotus seed promised.

The next day.

When Ning Hai saw Leng ruoxue, he always wanted to say something but stopped himself. This made Leng ruoxue a little confused.

Before they set off, Leng ruoxue had blocked Ning Hai in the tent.

“Big brother ning! Do you have something to say?” Leng ruoxue asked directly.

“Ruoxue! Do you think I’m too soft-hearted?” Ning Hai thought for a while and asked. When he asked the sisters to leave yesterday, he saw Leng ruoxue’s disapproving look. This made him think about it for the whole night, but the more he thought about it, the more annoyed he became.

“Yes! Big brother ning! Being kind is a good thing, but it also depends on the person! Some ingrates weren’t worthy of being treated with kindness, just like the Philip sisters. They had done such a thing, and if you let them go easily, not only would they not be grateful to you, but they might even resent you for not forgiving them and not giving them a chance! When some people make a mistake, they won’t look for the reason themselves, and they just happen to be that kind of people. ” Leng ruoxue said bluntly.

“If you were me, what would you do?” Ning Hai asked curiously.

“I’ll give you a taste of your own medicine. Brother ning, I’m a vengeful person. Unless you don’t provoke me, you must be prepared for my revenge. Moreover, my revenge will be multiplied.” Leng ruoxue said with a faint smile. Seeing the surprised expression on Ning Hai’s face, she knew that Ning Hai had been frightened by her words.

“Hahaha! Big brother ning! Don’t be afraid! I’m a person who can clearly distinguish between gratitude and grudges. I won’t take the initiative to bully others, but I won’t let others bully me either. ” Leng ruoxue quickly consoled him.

“Ruoxue! Actually, I quite admire your character, but I’m afraid it’s very difficult for me to be like you.” Ning Hai smiled bitterly. It seemed that he was not as bold as a woman in some aspects! This made him quite depressed.

“Big brother ning! One’s personality is basically innate, and it can’t be changed in a day. However, we have to learn from the past and not make the same mistake again. Otherwise, how can we grow up?” Leng ruoxue chuckled.

“Yes.” Ning Hai nodded.

“Big brother ning! When do you plan to go back to the ning family?” Leng ruoxue took the opportunity to ask.

“I don’t know! Maybe after a while! It might take a long time. Why? Do you have something to do?” Ning Hai’s eyes widened as he looked at Leng ruoxue.

“Big brother ning! To tell you the truth, I actually want to go to the ning family’s main residence.” Leng ruoxue spoke the truth. Since things had come to this point, she might as well tell Ning Hai her true intentions! After all, Ning Hai’s character was not bad.

“Ruoxue! Although I don’t know what you want to do at the ning family, I can tell you that the ning family’s main residence isn’t something you can enter just because you want to! As a branch family member, if there’s nothing important, I’m not allowed to enter and leave the main residence.” Ning Hai said very seriously.

“Big brother ning, I’m going to the ning family to find Godfather. He’s a member of the ning family, so I want him to send me back to the divine mainland.” Leng ruoxue thought for a while and decided not to reveal master ning’s identity, in case she scared Ning Hai.

“Your Godfather is a direct descendant of the ning family?” Ning Hai’s eyes were still wide open as he said in disbelief. He didn’t expect ruoxue to have such a powerful background. Her Godfather was a direct descendant of the ning family. This was really beyond his expectations.

“Yes.” Leng ruoxue nodded.

“In that case, I’ll take you back to the ning family! However, I’m not sure if I can bring you into the main residence.” Ning Hai thought for a while and said.

“It doesn’t matter. Just bring me to the ning family’s main residence. After all, I’m not familiar with the divine world. It’s not easy to find the ning family’s divine territory.” Leng ruoxue said gloomily. The beasts were in closed-door cultivation, causing her to be unable to move an inch in the God World. This feeling was really uncomfortable.

“That’s not a problem,” Ning Hai nodded. After knowing that Leng ruoxue’s Godfather was from the ning family, he felt even closer to Leng ruoxue.

“Big brother ning! I was really afraid that you wouldn’t believe me!” Leng ruoxue was relieved when she saw that Ning Hai did not look like he did not believe her.

“Ruoxue! In the divine realm, he had dared to impersonate someone related to the ning family, and he was not even born yet! So, I have to believe your words even if I don’t want to. Besides, if you’re lying,

then after I bring you to the ning family, you'll end up very miserable, so I'm sure you won't lie to me. " Ning Hai said with confidence.

Chapter 1454: Plentiful city (3)

"No wonder big brother ning didn't have any suspicions." Leng ruoxue understood. It seemed that she had underestimated the status of the ning family in the divinity, as well as their confidence. However, thinking about it, Ning Hai's words made sense. After all, she had requested to go to the main residence of the ning family. If her lie was exposed after she arrived at the main residence, the ning family would definitely not tolerate her.

"Hahaha! It can't be fake! Even if it's fake, it can't be real. Based on my understanding of ruoxue, you don't seem like someone who would lie to me. " Ning Hai said with a smile.

"However, there's one thing that you've really lied to me about. Moreover, you've lied to me with Hui ao." Ning Hai suddenly said seriously.

"It seems that our little trick didn't escape big brother ning! However, it's true that Hui ao was poisoned, and the drug was indeed put in by Philip. It's just that we had noticed it in advance, so we just beat him at his own game. " Leng ruoxue explained calmly.

"Aren't you afraid that I'll blame you after I find out the truth?" Ning Hai deliberately said with a straight face.

"Although brother ning is kind, he can still distinguish between the inside and outside. What's more, everything that Philip did was the truth. We did not wrong her. We just followed the script that she had arranged in advance. If brother ning blames us for this, we can only admit our mistakes!" Leng ruoxue said with a smile.

"You guys! Don't do this again in the future. I was so worried!" Ning Hai complained.

"Brother ning doesn't blame us?" Leng ruoxue raised her brows and asked indifferently.

"What's there to blame? they were the ones who wanted to harm others, but in the end, they ended up harming themselves. Moreover, if it weren't for you, I might not have been able to make up my mind to remove the sisters from the team. Speaking of which, I should thank you!" Ning Hai said softly. In fact, he knew very well that a considerable number of people in the team were dissatisfied with Philip. It was just that the Philip sisters had not made any big mistakes, so he had no reason to kick them out of the team. This incident had given him a reasonable excuse. Therefore, if he were to think about it carefully, he had to thank Leng ruoxue and the others for their cooperation!

"When did big brother ning find out?" Leng ruoxue was very curious. She didn't expect Ning Hai to be such a meticulous person. Everything that they had planned was still discovered by him.

"When Hui ao showed us the food hidden in the tree hole, I already felt that something was wrong. Based on my understanding of Hui ao, it was impossible for that gluttonous fellow to not be tempted by the food in front of him, let alone hide it." Ning Hai said with a smile.

"I see." Leng ruoxue finally understood.

“Ruoxue! Let’s go out! Let’s get ready to set off. ” Ning Hai said proudly.

“En!” Leng ruoxue nodded. Then, the two of them left the tent and sat on Hui ao’s back. With Hui ao carrying the group, they flew towards the nearest city.

Because he was going to bring Leng ruoxue to the ning family, Ning Hai had to change his schedule at the last minute.

After flying in the air for nearly two days, they arrived at plentiful city in the evening.

Plentiful city could only be considered as a small to medium-sized city in the divine realm. The population in the city was not very large. However, plentiful city was exceptionally prosperous, and this had a lot to do with the geographical location of plentiful city.

Plentiful city ran from north to south, connecting east to west. It was a traffic Hub City. Although it was not located in the center of the divine realm, many people who wanted to go to other cities would have to pass through plentiful city. Especially for those who wanted to go to the North of the divine realm, plentiful city was the only place they had to pass.

If he wanted to go to the ning family, he had to pass by plentiful city.

As they walked on the streets of plentiful city, Leng ruoxue listened to the grapes as she explained the history of plentiful city to her. Originally, plentiful city was under the jurisdiction of the God Lord’s Manor. The current city Lord of plentiful city was stationed here by the God Lord’s Manor. A city that could catch the attention of the God Lord’s Manor must have its own special characteristics. Hence, plentiful city’s status in the divine realm was obvious.

“Ruoxue! Although plentiful city isn’t big, it has a very special status in the divine realm. Even our ning family wouldn’t easily offend the city Lord here unless we have no other choice. ” Ning Hai reminded him in a low voice.

“Don’t worry, big brother ning. If others don’t provoke me, I won’t go and find trouble with them. ” Leng ruoxue understood Ning Hai’s unspoken meaning and promised with a faint smile.

“Ruoxue! I didn’t mean it that way, I’m just afraid that your beauty will attract other people’s coveting. In a while, we’ll immediately find an inn to stay in. If there’s nothing important before we leave, try not to leave the room. ” Ning Hai reminded. In the divine world, women like Leng ruoxue, who were weak but had outstanding beauty, were the favorite targets of those who liked beauty. Moreover, this was plentiful city, so he was very afraid that he would not be able to protect Leng ruoxue. Thus, he could only prepare for the rainy day.

“I’ll listen to big brother ning. ” Leng ruoxue smiled as she nodded. As she walked on the streets, she could feel many gazes on her. Some of them were staring at her with fiery eyes. If it wasn’t for the fact that she didn’t want to cause trouble, she would definitely teach them a lesson.

“Yes.” Ning Hai nodded and looked around the street. After finding an Inn with an empty room, everyone immediately checked in.

In the room, grape looked at the depressed Leng ruoxue sitting on the bed and could not help but explain, "Miss, although noble ning's words are a little exaggerated, he is also speaking the truth. We are out and our strength is low, so it's better to be careful."

"I know!" Leng ruoxue nodded. She was just missing the demon a little. She wondered how that fellow was doing now.

"Miss! The kitchen just sent some food over, so I'll just have a bite! We'll be leaving tomorrow morning." Lotus seed said.

"Yes." Leng ruoxue nodded and had a simple meal before going to bed early.

However, not long after she fell asleep, Leng ruoxue heard a faint sound coming from the corridor outside. She opened her eyes unwillingly and looked at grape who was guarding by the bedside, "What's going on outside? What's with the noise?"

"I'm fine! Miss, go to sleep! We'll be leaving tomorrow morning." Grape said hurriedly. However, his eyes were avoiding Leng ruoxue's.

"Oh!" "Yes," Leng ruoxue replied softly, then closed her eyes again. She knew that grape was hiding something from her. However, since that girl was not willing to tell her, she could not force her.

Feeling Leng ruoxue's even breathing, grape knew that miss had fallen asleep again. After tucking her in, she turned around and left the inner room.

"Have the people outside left?" Grape couldn't help but ask lotus seed, who was guarding the outer hall.

"They've been sent away by noble son ning. However, they didn't manage to invite you, so they won't let this matter rest." Lotus seed said worriedly. The people who were making a ruckus in the corridor just now were sent by the city Lord to invite the young lady to the banquet, but they had blocked her.

"When we entered the city, it was already evening. There weren't many people in the city, so how did the city Lord's mansion know about young miss?" Grape's face was puzzled. Although many people on the street had seen the beauty of the young lady, she did not think that those people would go to the city Lord of plentiful city and tell him that there was a beautiful woman in the city. Otherwise, if this beauty was occupied by the city Lord's mansion, they would not have the opportunity to appreciate the beauty in the future!

"Stop guessing. We'll be leaving tomorrow morning anyway." Lotus seed said with a headache. Although they had booked a room for two days, they would leave the next morning. The city Lord's mansion should not find out about their thoughts.

"Mm! Don't let the young lady know about this matter, or she will be troubled." Grape reminded.

"I understand." Lotus seed nodded.

At this moment, Leng ruoxue, who was in the inner room, had heard their entire conversation through green vessel.

"Qing Jue, can you check the situation in the city Lord's mansion?" Leng ruoxue asked via voice transmission.

“Sister! I’m not strong enough right now. If I was on the godly mainland, I might be able to do it, but this is the godly realm.” Qing Jue said gloomily. In the divine world, he had almost no place to use his martial arts. After all, the experts in the divine world were as numerous as the hair on a cow. If he were to casually investigate, he would definitely be discovered by them. In that case, it would bring trouble to his sister. Therefore, he did not dare to act rashly in the divine world. This kind of restricted behavior made him quite angry, but he could do nothing about it.

“Qing Jue! It’s all big sister’s fault for being too weak.” Leng ruoxue said guiltily. The green vessel was an extremely powerful divine weapon, but in her hands, it had not been able to display its true power. This made her feel extremely guilty. Furthermore, during this trip to the divine world, she had clearly felt the gap between her and the people of the divine world. Hence, she had made up her mind to cultivate properly when she returned to the divine mainland, so that she could strive to be able to truly experience the divine world sooner.

“Sister! You’re very talented, it’s just that you haven’t been cultivating for long. However, I’m already very satisfied to be able to achieve such results in just a few years.” Qing Jue consoled.

“Qing Jue! I’ll definitely work hard on my cultivation. At that time, we’ll take revenge for master together.” Leng ruoxue promised.

“En!” Qing Jue nodded.

After conversing with Qing Jue, Leng ruoxue lay back on the bed calmly, allowing the spiritual Qi from the outside world to enter her body ...

The next morning.

Ning Hai had knocked on Leng ruoxue’s door early in the morning.

“Ruoxue! We’re not having breakfast, we’re leaving this place immediately.” Ning Hai said anxiously.

“Alright!” Leng ruoxue nodded.

After gathering the crowd, Leng ruoxue and the rest checked out of the inn and left. However, they had only taken a few steps when they were blocked by a group of people.

Looking at the fully armed group, Leng ruoxue was well aware that they should be the city Lord’s residence’s royal guards. The plentiful city was indeed worthy of being under the jurisdiction of the God Lord’s residence. The guards’ armor had actually reached the level of divine weapons. Although they were only considered primary divine weapons, such a team composition could be considered top-notch even among the eight great divine domains. She just did not know why they were stopping her and her group.

“May I ask why you are blocking our way? I’m the ning family’s Ning Hai, they’re all my team members.” Ning Hai introduced himself. He had no choice but to use his identity as a member of the ning family.

“One of our young master’s concubines is missing. Someone found a clue and said that it was you who took her away.” The leader of the guards said in a clear voice.

Chapter 1455: Hong Luan (1)

“Big brother guard! I’m afraid this is a mistake! We just entered plentiful city last night, so we don’t know any young master’s concubine. ” He knew very well that a powerful Dragon could not suppress a local snake. Even if the ning family had a high status in the divine world, they could do nothing to the city Lord of plentiful city unless the ning family wanted to fall out with the Divine Master. However, the Divine Master was the master of the divine world. If they fell out with the Divine Master, how could the ning family stand in the divine world? At that time, many families would probably take the opportunity to hit him when he was down!

As the saying went, “a tall tree attracts the wind.” The ning family’s position in the divine world was very eye-catching. If they became the Divine Master’s enemy, the ning family would not be able to live in peace. Therefore, the ning family had always avoided the dogs of the Divine Master’s estate as much as possible. They would not confront them directly. However, the current situation was obviously unavoidable. Moreover, he knew that the other party was coming for ruoxue. Putting aside the fact that ruoxue’s Godfather was not a member of the ning family, even if ruoxue had no relationship with the ning family, the ning family would not be able to deal with them. He couldn’t just watch ruoxue fall into the Tiger’s mouth. Sigh! What should he do?

“Do you doubt our ability? We’re the guards of the city Lord’s mansion, how could we be mistaken? she’s the concubine that our young lord lost. ” The leader of the guards pointed at Leng ruoxue and shouted.

“What are you talking about? How could my family’s young miss be your young master’s concubine!” Upon hearing the guard leader’s words, grape was immediately enraged! This was truly a case of a Tiger not showing its might, but treating it as a sick cat! This young master of plentiful city was really too much. He couldn’t do anything on the surface, so he wanted to do it in the dark. If the people of plentiful city knew that their young lady was the lost concubine of the city Lord, they could forget about leaving the city.

“Hahaha! It’s useless to deny it. Not only did my young master lose a concubine, but two maidservants also ran away from our city Lord’s mansion. This is the official reward notice issued by our city Lord’s mansion, and everyone in plentiful city knows about it. ” The guard leader laughed maniacally. After he finished speaking, he took out a yellow notice from his storage ring. The words written on it were just as the guard leader had said, and the date was actually half a month ago. In addition, the notice also had the portraits of Leng ruoxue and the other two.

The other party’s deliberate framing made grape even angrier. The young master of plentiful city was more like a bandit than a Bandit. She and lotus seed were born as members of the yin family. Now, just because of a notice, their ancestors were replaced. If the family head knew about this, he would be furious!

Looking at the announcement, Leng ruoxue smiled and said slowly, “Since I’m your young master’s lost concubine, I’ll go back with you!”

“Ruoxue!”

“Miss!”

Ning Hai and grape exclaimed at the same time, their faces full of disbelief.

“Big brother ning! The other party came prepared, we can’t leave. You still have so many brothers, don’t drag you down because of us.” Leng ruoxue chuckled as she reminded him.

“Ruoxue! How can I just walk away like this! What kind of person do you think big brother ning is!”
When Ning Hai heard Leng ruoxue’s words, he said unhappily. However, he immediately changed his mind and said, “Ruoxue, since they’ve found you, you should go back with them! We’ll be leaving first.”

Ning Hai’s words made grape and many of his brothers a little confused. Although the backing of the city Lord of plentiful city was not small, they were not people who were afraid of death. How could they let three weak women fall into the Tiger’s mouth? After all, as long as one wasn’t a fool, they could tell that the official document was fake.

“Let’s leave! Big brother guard! I’ll leave the three of them to you.” Ning Hai slightly cupped his hands and said. Then, he left plentiful city with his brothers without looking back.

“Hmph! You’re tactful!” The leader of the guards looked at the back of Ning Hai and the others and said proudly, Hmph! So what if they were from the ning family? Didn’t the ning family have to look at their faces in this plentiful city?

After feeling pleased with himself, the leader of the guards ordered his subordinates to bring Leng ruoxue and the other two back to the city Lord’s mansion.

After returning to the city Lord’s mansion, the guard leader sent the three of them to the peony Garden.

This Peony Garden was an extremely luxurious courtyard in the city Lord’s mansion. It was divided into several independent small courtyards. However, although it was called Peony Garden, there were no various kinds of precious peonies planted in it. There were some extremely beautiful women living in it. In other words, this should be the harem of the young master of plentiful city.

In the living room where Leng ruoxue and the rest were staying.

Grape looked at the calm and easy-going miss, and she was full of admiration. However, she didn’t understand why Ning Hai suddenly changed his mind and left. She couldn’t help but ask, “Miss! Why did young noble ning suddenly decide to leave?”

“I told them to leave. I told him to take the team and leave first. I have my own way to deal with this young master of plentiful city. They will only restrain me here, so he agreed to take the team and leave.” Leng ruoxue explained with a smile.

“Uh! That noble son ning must be very depressed!” Grape said with a face full of sympathy. Noble son ning was still a divine Lord! He was actually despised by the young miss, Al! This was a huge blow to him!

“There’s no other way! Brother ning is an upright person. If he sees me using some abnormal means, it will affect my image in his heart! Therefore, we can’t let them stay here. Besides, I don’t want to implicate them.” Leng ruoxue said with a smile.

“Miss! What abnormal means do you intend to use?” Grape’s face was full of curiosity, and a trace of excitement could be seen on her beautiful face.

“You’ll know when the time comes. Anyone who provokes me will regret it.” Leng ruoxue laughed coldly. The cold glint in her beautiful eyes disappeared in a flash.

“Miss! I don’t understand, how did the young master of plentiful city know about us? He even drew our faces.” Grape said gloomily. If the other party only knew the young lady’s appearance, it would still be considered normal. However, he even knew her and lotus seed’s appearance. Wasn’t this too strange?

“Of course, someone betrayed us.” Leng ruoxue said indifferently.

“You betrayed us? However, we haven’t been away from the yin family for long, so how could we have the opportunity to offend anyone?” Grape frowned as he thought, but he could not understand.

Chapter 1456: Hong Luan (2)

“Of course we have the chance to offend others.” Leng ruoxue laughed coldly and said expressionlessly.

“Argh! Could it be Philip and the others?” Upon hearing Leng ruoxue’s reminder, grape suddenly thought of them. It seemed that during the time when they were away from the yin family, they had not provoked anyone other than the two sisters.

“Miss! If they really did betray us, I will not let them off.” Lotus seed, who had been silent all this time, suddenly interrupted.

“Mm! Don’t let them off!” Grape also echoed.

“Calm down! We’ll find out what’s going on very soon.” Leng ruoxue consoled.

The arrival of Leng ruoxue and the other two was like a bomb that exploded in the peony Garden. This was because the courtyard that the three of them were staying in was the best in the peony Garden. It was also something that many women in the peony Garden wanted. Now that it was easily owned by a new woman, there were immediately people who felt that it was unfair.

Hence, not long after Leng ruoxue and the other two arrived, someone came to pay them a visit.

Leng ruoxue sat on the main seat in the living room and looked at the ladies sitting below her. Many of these ladies had unfriendly expressions on their faces, and it was obvious that they were here to pick a fight. There were also some ladies who had probing and curiosity on their faces, but there were very few of them. However, what made her curious was that even though there was a lady who had come with them, that lady did not have any expression on her face. She even seemed to have heaved a sigh of relief after seeing Leng ruoxue. This made Leng ruoxue curious about her. Not only that, but the woman was also the most beautiful one among them. She was also a god tier master.

“You’re new here?” After sizing each other up for a long time, one of the women spoke indifferently. Moreover, her arrogant tone made people feel extremely uncomfortable.

“What do you mean by new?” Leng ruoxue asked indifferently.

“You came later than us, so we’ll call you the newcomer.” The woman explained.

“Oh! Then I’ll be considered a newcomer!” Leng ruoxue said helplessly, even though she did not like the word ‘newcomer’.

“Since you’re new, you should understand the rules of our Peony Garden. I’m the boss of Peony Garden, so you have to listen to me in the future.” The woman shouted.

“You’re the boss here?” Leng ruoxue’s beautiful eyes sized up the woman who had spoken. This woman could be considered a beauty, but she was covered in jewels and pearls, making her look even more vulgar.

“Of course! I’m the most favored concubine of the young master! The young master has ordered me to manage you well, so you must all listen to me.” The woman said proudly as if she was of a higher status than others.

When Leng ruoxue heard her words, she was speechless. From her perspective, no matter how much she doted on her concubine, she was still just a concubine. Since she was just a concubine, what was there to be proud of? She felt that this woman had lost her sense of self. It could even be said that she was used to being kept in captivity.

“You are your young master’s concubine, but I am not! So, you only need to manage them well. As for me, you don’t need to worry about me.” Leng ruoxue replied emotionlessly. She knew that the status of a woman in the firmament was not as high as a man’s. However, it was rare to see such self-deprecating behavior, right?

“Hmph! Once you enter the peony Garden, you will become the young master’s concubine sooner or later. Don’t think that you can ride on my head just because you’re pretty, let me tell you! No way.” When the woman heard Leng ruoxue’s words, she retorted angrily. She had brought her men here to give Leng ruoxue a taste of her might, but who knew that not only was she not afraid, she even looked down on her. This made her feel that her position had been seriously challenged, so she was furious.

“Who told you that entering this Peony Garden would definitely make you the concubine of plentiful city’s young master? I’m here to look around, can’t I?” Leng ruoxue said in an infuriating manner.

“Tour? What kind of place do you think the city Lord’s mansion is? Do you think you can come and go as you please? Once you’ve entered the city Lord’s mansion, I’m afraid you won’t be able to escape even if you have wings.” The woman reminded him proudly.

“Those who walk different paths can’t make plans together. If there’s nothing important, please leave! I won’t be sending you off.” Leng ruoxue immediately gave the order to leave. After she finished speaking, she did not even look at the ladies present before turning around and returning to her room.

“Everyone, please leave! My family’s young miss is going to rest.” Grape sneered and drove him away.

All the women looked at each other and felt embarrassed. They stood up and left reluctantly. However, one woman did not leave with the others.

“Why are you still here?” Grape looked at the woman who was still sitting on the chair and asked in confusion.

“I would like to meet your young lady alone.” The woman said.

“My young miss is going to rest. She doesn’t have time to see you now.” Grape said unhappily. She had never had a good impression of these women who were willing to be concubines and even jealous of the same man.

“I really have something important to do. Let me see her!” The woman begged.

“Alright then! You can go into the inner room to see miss!” Grape agreed. The reason why she allowed this woman to enter the inner chamber was because the young lady had just sent her a voice transmission, saying that she wanted this woman to enter.

The woman walked into the inner room and looked at Leng ruoxue, who was sitting on the chair. She felt a little uneasy.

“Please take a seat!” Leng ruoxue looked at the woman indifferently.

“Thank you!” The woman randomly found a chair and sat down.

“If you have something to say, just say it! I don’t like to beat around the bush.” Leng ruoxue smiled as she reminded him.

“I know you’re like me, captured by the young master of plentiful city.” After a long time, the woman finally spoke.

“So what?” Leng ruoxue replied nonchalantly as she waited for the woman to continue. She believed that this woman would not say such things for no reason. Since this woman was willing to say these things to her, she must have a request! She didn’t think that she was the Savior of the world, so she wouldn’t share the same hatred with this woman after hearing that she had suffered the same fate.

“I ... I mean we can work together to escape from here.” The woman saw that Leng ruoxue did not go along with what she had said, so she could only state her intention.

“Escape from this place? Do you think that you, a god tier master, and I, a mid level deity, can leave the city Lord’s mansion that is heavily guarded? I’m afraid that before we can leave plentiful city, we will be caught and brought back.” Leng ruoxue reminded.

Chapter 1457: Hong Luan (3)

“I know, but I really need an ally. I don’t want to stay here anymore. I don’t want to be someone else’s toy.” The woman had tears in her eyes. If it were any man, they would have shown her a pitiful expression. However, it was a pity that she was facing Leng ruoxue. Leng ruoxue would naturally not show her any pity.

“I can understand your feelings, but with just the two of us weak women, how can we leave this place!” Leng ruoxue sighed softly and said helplessly.

“My fiancé is locked up in the city Lord’s mansion’s prison by Liao yang. He has the strength of a monarch-God, so as long as you help me save him, he will definitely be able to take us out of plentiful city.” The woman hurriedly said.

“Are you kidding me? Even as a divine Lord, he was locked up in a cell and unable to escape. If he were to bring along a few women who are holding him back, are you sure he would be able to escape?” Leng ruoxue asked in disbelief.

“Mm! Liao yang is the young master of plentiful city. He is a very lecherous man and likes beautiful women the most. Once, he met me on the street and sent people to capture me and bring me into the city Lord Mansion. My fiancé fell into the trap because he wanted to save me.” The woman said with a sad expression.

“I’m sorry! I can’t help you.” After hearing the woman’s explanation, Leng ruoxue still refused. This was because there was no way she would believe this woman’s words.

“If, if I tell you who we are, will you be willing to help me?” The woman hesitated for a moment before she raised her head and stared at Leng ruoxue.

“I don’t know. It depends on whether your identity can move me.” Leng ruoxue said indifferently.

“Yes.” The woman nodded and slowly said, “Actually, my fiancé and I are not humans. My name is Hong Luan, a plant-type red iris flower. My fiancé is a Green Wolf that is good at burrowing underground. We originally lived in the forest without any worries. If it wasn’t for the perfect wedding for me, we wouldn’t have left the forest and come to the human world. However, we didn’t expect to bring ourselves such an unexpected disaster.”

“You’re Hua?” After hearing Hong Luan’s words, Leng ruoxue asked in surprise. She couldn’t tell at all that this beautiful and elegant lady in front of her wasn’t a human. However, she seemed to have seen a pair of love between a plant and an animal-type beast before. They were her parents, but their ending wasn’t satisfactory.

“Yes.” Hong Yuan nodded. In order to gain Leng ruoxue’s trust, she had even transformed back into her original form.

Looking at the huge red-colored violet-Milvus bloom in front of her, Leng ruoxue completely believed Hong Luan’s words. However, it was one thing for her to not discover the woman’s true identity, but why did Qing Jue not discover it as well? This made her a little confused.

“Sister! The innate ability of the violet meteorite clan is to hide their own attributes, because the violet meteorite is not an extremely powerful plant type beast, but their pollen can cause people to hallucinate, and is the main material for making hallucinatory pills. In order to protect themselves, they usually use their innate ability to hide their plant characteristics, this way, even a Supreme God will not be able to detect it, and will only think that they are human.” Sensing Leng ruoxue’s thoughts, Qing Jue hurriedly explained.

“Oh!” Leng ruoxue nodded her head slightly. At this moment, Hong Luan had transformed back into her human form.

“You ... Can you help me?” Hong Luan asked expectantly.

“I’m only a mid level deity, do you think I can help you?” Leng ruoxue asked instead of answering.

“Yes, Liao yang is very perverted. As long as you are willing to sacrifice your body, we will definitely succeed.” Hong Ling couldn’t help but remind him.

After hearing Hong Luan’s words, Leng ruoxue’s forehead was filled with black lines. She had always thought that beasts were pure, and plant-type beasts were as pure as a piece of white paper. However, this little flower in front of her actually incited her to sacrifice her body. What was this?

“You have a pretty face too, why don’t you sacrifice yourself?” Leng ruoxue could not help but ask.

“I can’t do it alone, I need someone to cooperate! What I mean is, you think of a way to seduce him, and then I’ll drug him. We’ll cooperate from the inside and rescue brother Qing, and then let brother Qing take us out of here. What do you think?” Hong Ling asked expectantly.

“Uh! Not much?” Leng ruoxue looked at Hong Luan, who was as pure as water, and could not help but sigh in her heart. That young master of plentiful city was really nothing! She had actually forced a little flower into a poisonous flower that was the most vicious of all.

“What’s not good? You can tell us and we’ll change it.” Hong Luan hurriedly said. After all, it wasn’t easy to find an ally here, so she really didn’t want to lose Leng ruoxue, a rare ally.

“I want to know, what kind of drug do you want to drug the young city Lord?” Leng ruoxue asked curiously.

“Actually, it’s not really medicine. It’s my pollen. It can make him hallucinate and think that he has an intimate relationship with us. However, Liao yang is a person who likes the new and abandons the old. He has come to find me several times, and I have naturally drugged him several times. Therefore, he has lost interest in me, but I have never been able to get him.” Hong Ling said with some regret.

“Why did you not succeed? The effect is too short?” Leng ruoxue asked again.

“No! There are many people protecting Liao yang, so even if I steal his token, it will be difficult for me to leave the room. Once he wakes up, I won’t be able to take his token to the prison to rescue brother Qing, so I need someone to cooperate with me.” Hong Luan explained.

“What you mean is, I seduced the young city Lord in the room, stole his token, and then you took the token to the prison to save people?” Leng ruoxue confirmed.

“Yes, we need someone to cooperate with us. We have to do it at the same time. We can’t be discovered.” Hong Ling reminded.

“It’s not that I can’t cooperate with you, but what if you run away after saving them and leave me here?” Leng ruoxue asked, pretending to be worried.

“I won’t! We Beastie always keep our word, we won’t be as untrustworthy as humans.” Hong Yuan promised with a Huff.

Chapter 1458: Hong Luan (4)

“Alright then! I’ll believe you this once. If you dare to go back on your word, I’ll set fire to all the violet-Milvus bloom in the divine realm.” Leng ruoxue warned.

“I won’t leave you behind, trust me.” Hong Ling helplessly promised.

Following that, Hong Ling introduced Leng ruoxue to Liao Yang’s nature and some of his habits before leaving Leng ruoxue and the others’ residence with a relaxed expression.

After Hong Luan left, Grape asked worriedly, “Miss, is that Hong Luan reliable?” Previously, she had been standing guard outside Leng ruoxue’s door, so the conversation between Leng ruoxue and Hong Ling could not be hidden from her. However, she did not really trust Hong Ling.

“What does it matter if he’s reliable? Even if we don’t rely on her and that Green Wolf, we can still leave this place in a few days. However, before we leave, I have to leave a big gift for the city Lord of plentiful city, right? I’m not someone who can be snatched away by just anyone.” Leng ruoxue laughed coldly.

“That’s true.” Grape nodded. She knew that the “we can leave this place” young miss was referring to was the little guy. After a few days, that little guy should be able to wake up. At that time, if they wanted to leave, no one would be able to stop them.

At the same time, in the courtyard of a gorgeous courtyard in the city Lord’s mansion, a handsome young man sat. The man was dressed in white and looked like an immortal. However, the slightly gloomy eyes on his face destroyed his overall temperament, causing the original otherworldly temperament to be covered with a layer of dust.

“Young master! This subordinate has already arranged for that woman to stay in the peony Garden.” The leader of the guards who had brought Leng ruoxue to the city Lord’s residence was reporting to her with a respectful expression.

“Did she cry?” Liao yang asked curiously.

“No, I didn’t! That woman was very calm from the beginning to the end.” The leader of the guards said after some thought.

“Really?” Liao yang laughed and said in disbelief. It seemed that Leng ruoxue was a special woman!

“Yes.” The leader of the guards nodded.

“How is she compared to the women in the peony Garden?” Liao yang asked again. He had spent a lot of effort to find the women in the peony Garden from the divine world. The beauties in the peony Garden were all extremely beautiful and could cause the downfall of a country. Therefore, he was quite proud.

“Compared to her, the women in the peony Garden are like dust on the ground and the clouds in the sky. There’s no way to compare! You’ll know when you see her, young master.” The leader of the guards lowered his head and said. He had seen many beautiful women following the young master, but it was the first time he had seen someone as beautiful as Leng ruoxue, who was so soul-stirring and soul-stirring.

“Oh! From what you’ve said, I really have to go and see her!” Liao Yang’s curiosity was piqued. However, he, who boasted that he understood women very well, would not go to see Leng ruoxue immediately.

After all, the beauties he had snatched would all have a temper, so he would have to wait for a few days.

“Keep an eye on the movements of the peony Garden at all times and inform me if anything happens.” Liao yang thought for a while and then ordered.

“Yes!” The leader of the guards replied, then turned and left.

In the next few days, the guard leader would report every detail to Liao yang, including who Leng ruoxue had met. During his detailed report, Liao yang, who had always wanted to ignore Leng ruoxue for a few days, could no longer suppress his anxiety. He urged him to meet Leng ruoxue as quickly as possible.

In the peony Garden, in Leng ruoxue’s courtyard.

At this moment, Leng ruoxue took out her own reclining chair and was lying comfortably on it. From time to time, grape would feed her a fruit.

“Miss! It’s been a few days, why hasn’t the young master shown himself yet?” Grape asked in a low voice, puzzled. In the past few days, there had been women who came to provoke her, but they were all rejected by the young lady. Liao yang, who should have appeared a long time ago, had not appeared, which made her feel a little strange.

“He’s waiting.” Leng ruoxue said.

“Wait? What was he waiting for? This is his home, what’s there to wait for? didn’t he already snatch the young miss?” Grape said in disdain.

“He’s waiting for the right opportunity to appear by my side as a protector. In this way, I’ll naturally be grateful to him. This is the most common way for men to conquer women. Although it’s a bit old-fashioned, it’s very effective for some women. However, he’s destined to be disappointed in me.” Leng ruoxue said with a smile.

Chapter 1459: The guest elder of the city Lord’s mansion (1)

Leng ruoxue was right. Liao yang was indeed waiting. He was waiting for Leng ruoxue to be like the other women and come crying to him after being bullied. However, after ignoring Leng ruoxue for a few days, he was surprised to find out that Leng ruoxue didn’t do what he wanted her to do. This made him feel defeated, but it also proved that Leng ruoxue was different from the rest. At the same time, it also aroused his strong desire to conquer her.

After receiving the leader’s daily report, Liao yang had been thinking about how to appear in front of Leng ruoxue without being too abrupt. After all, Leng ruoxue was a special woman, and usually, one could not play their cards according to the rules when dealing with this kind of woman. All the tricks that he had used in the past seemed to be useless in front of Leng ruoxue. However, he, who had always been successful when it came to women, could not think of a better way to get close to Leng ruoxue. This made him quite conflicted.

Therefore, after thinking about it for two days, he decided to attack directly. After thinking about it, he headed to the peony Garden without any hurry.

After entering the peony Garden, he went straight to the courtyard where Leng ruoxue lived. After observing through the courtyard door for a while, he pushed the door open and walked in.

At this moment, Leng ruoxue was still lying on the deck chair, basking in the sun. When she heard the sound of footsteps, she did not get up. Instead, she turned her head to look, but she quickly turned her head away.

Liao yang, who felt ignored by Hong Guoguo, suddenly felt depressed when he saw the master and servant's behavior. He was a handsome and rich man, and there were as many women who liked him as there were carps in the river. Why was it that in the eyes of this master and servant, he was as small as dust? He really couldn't understand it.

However, being thick-skinned was the true nature of a man. After adjusting himself, Liao yang walked to Leng ruoxue and said softly, "Has young miss Leng gotten used to living here these days?"

As he spoke, Liao yang also raised his gloomy eyes and sized Leng ruoxue up. With a single glance, he was even more shocked! This woman was really too beautiful! Especially when she was lazily lying there at this time, that lazy cat-like appearance made people couldn't help but want to protect her. Although he had seen many beautiful women, but compared to the woman in front of him, they all became ordinary.

He tried his best to hide his inner desire and his heart that was beating like a deer in his arms. He took another step forward and asked again, "Has young miss Leng gotten used to living here these days?"

Who knew that even after he asked twice, Leng ruoxue didn't answer him. She didn't even look at him in the eye. This made him feel depressed. Could it be that his charm had decreased? He couldn't help but let his thoughts run wild.

"Who are you?" Leng ruoxue was extremely annoyed. She knew that if she ignored him, this man would not leave.

"I'm the young master of plentiful city, Liao yang." When Liao yang saw that Leng ruoxue was finally looking at him, he finally regained some confidence. He didn't know that Leng ruoxue just wanted to get rid of him quickly and didn't intend to talk to him at all.

"I've long heard of your great name." Leng ruoxue said indifferently. Then, she lifted her eyes and glanced at Liao yang, who was standing not far away. This Liao yang had good looks, but it was a pity that he was a man who didn't mean what he said. Furthermore, he had deceived many women with his looks. Of course, this was what Hong Luan had told her.

"Hehe! Is miss Leng angry with me? I had no choice but to invite you here in such a way!" Liao yang could hear the displeasure in Leng ruoxue's words, so he explained with a faint smile.

"Why should I be angry with someone who doesn't matter?" Leng ruoxue replied indifferently, "yes!" She wasn't angry, because there was nothing to be angry about. To her, Liao yang was just a passerby. Who would bother with a passerby?

"To miss Leng, I may be an insignificant person now, but I won't be one very soon." Upon hearing Leng ruoxue's words, Liao yang replied in a calm manner. There was even a trace of a proud smile on his handsome face. He liked women with such character. After seeing so many women who would submit

to adversity, he suddenly felt that Leng ruoxue's style had a different flavor. This could also stimulate his intense desire to challenge.

"Are you sure?" Leng ruoxue's face was filled with disbelief. Wasn't this man a little too confident? She really didn't know where this guy got his confidence from.

"Of course! I've already told father that I'm willing to take you as my equal wife!" Liao yang said confidently. He believed that no woman could resist such temptation.

"Equal wife? I don't care! My man can only have me as his woman." Leng ruoxue laughed.

"How is this possible? With my status, I can't just have one woman!" Liao yang said in disbelief. He never thought that Leng ruoxue would be so ambitious. She wanted to be his only woman. How could that be possible? Not to mention whether his city Lord father would agree or not, even he couldn't possibly live with only one woman for the rest of his life!

Actually, he was just thinking too much because Leng ruoxue had never said that she wanted to be his only woman. However, Liao yang, who had always felt good about himself, naturally didn't notice the hidden meaning in Leng ruoxue's words.

"Since we don't agree, then there's nothing to talk about. Master Liao, please go!" Leng ruoxue asked him to leave.

Feeling Leng ruoxue's cold attitude, Liao yang felt that he had lost face. Just as he was about to leave, he suddenly remembered that this was his home. Why should she ask him to leave?

"Miss Leng! Don't you forget that this is my home?" Liao yang reminded him angrily. He had never been so embarrassed by a woman before! Yet, towards this Leng ruoxue, he couldn't bear to hit her, and even more so, couldn't bear to scold her! Therefore, he could only sulk alone!

"So what? I'm the one living here now, so I'm the one who calls the shots." Leng ruoxue said nonchalantly.

"Miss Leng, please consider my words carefully! Give me an answer after you've considered it!" Liao yang suppressed the anger in his heart and turned to leave. However, he was stopped by Leng ruoxue after he took two steps.

"Wait! Young master Liao, I don't need to think about it. I still have the same words, my man can only have me as his woman." Leng ruoxue said to Liao Yang's back. When she said this, she could even feel Liao Yang's shoulders trembling.

Chapter 1460: The guest elder of the city Lord's mansion (2)

When Liao yang heard Leng ruoxue's words, he walked out of the courtyard without even turning his head.

"Miss, he's leaving just like that?" Grape looked at Liao Yang's back and said in disbelief. She did not expect Liao yang to give up so easily. This made her a little disappointed in him. After all, she had high hopes for the young master who had used extreme means to invite them to the city Lord's mansion!

“What, are you disappointed?” These few days, grape and lotus seed had been so eager to watch a good show that they were about to go crazy. However, Liao yang was not someone who would give up so easily. However, he did not expect her to be so stubborn. He must have gone back to think of a solution.

“A little!” Grape told the truth, his face still full of regret.

“Don’t worry! He’ll come again. He’s determined to get me.” Leng ruoxue said.

“Oh! That’s good! Otherwise, there won’t be a good show to watch.” Grape said with relief.

“Miss! Hong Luan is here.” At this moment, lotus seed’s voice was heard by both of them. Following that, Leng ruoxue saw a fiery red figure rushing to her side.

“How is it? What did Liao yang say?” Hong Yuan asked impatiently.

“He said I can be his equal wife, but I told him that my man can only have one woman.” Leng ruoxue said calmly.

“Is this considered a rejection?” “What’s wrong?” Hong Yuan was stunned and asked. She did not really understand the language games of humans. However, she could tell from Leng ruoxue’s words that she did not seem to agree.

“Yes.” Leng ruoxue nodded.

“You, how could you reject him? Have you forgotten our plan?” When Hong Luan heard Leng ruoxue’s affirmative reply, she couldn’t help but ask anxiously.

“Hong Luan! You don’t understand men at all. To some men, what they can’t get is always the best. Moreover, the more they can’t get it, the more challenging it is and it can stimulate their fighting spirit. So, although my rejection will make him angry, it will also stimulate his strong desire to conquer. So, he will come again! Don’t worry!” Leng ruoxue promised.

“Really?” Hong Luan was skeptical because she really didn’t understand complicated creatures like humans. Beasts like them were very simple. If they liked it, they liked it. If they didn’t like it, they didn’t like it. How could there be so many twists and turns? Ah! Human life is really tiring! She couldn’t help but sigh in her heart.

“Mm! By the way, how did you know that Liao yang was here?” Leng ruoxue asked out of curiosity. Could it be that that fellow had been beating the drums and gongs when he came, so everyone knew about it?

“It’s no secret that Liao yang comes to the peony Garden every time. After all, there are many people who want him to come every day. So, we naturally know about it.” Hong Ling said disapprovingly.

“Then the others also know that he came to my place, right?” Leng ruoxue asked indifferently.

“That’s for sure. There are many women who have their eyes on you. As soon as Liao yang entered your courtyard, they immediately knew. And if I’m not wrong, there will be women coming to find trouble with you soon.” Hong Luan kindly reminded.

“You said it’s too late. They’re already here.” Hearing the footsteps, Leng ruoxue chuckled. She really felt sad for these women. They were actually jealous of a scumbag.

“Leng ruoxue! Don’t think that just because the young master is in your courtyard, you can climb over my head.” The woman in the lead shouted in an aggressive manner. She was one of the women who had followed the young master since the beginning and had the highest status in the peony Garden. However, Leng ruoxue did not take her seriously. This made her feel as if her status was being challenged.

“Please get this straight. I’ve never thought of climbing over anyone’s head, so don’t come and provoke me. Otherwise, you’ll regret it.” Leng ruoxue laughed coldly as she warned. This woman really didn’t remember how to beat her! He had already suffered a few losses at her place, yet he still dared to come. She really didn’t understand. Was that man’s charm that great? Or was he the only man in the world?

“You ... You dare to threaten me?” The woman in the lead forced herself to remain calm. Actually, she was a little afraid of Leng ruoxue. Who asked Leng ruoxue to have two violent maidservants by her side? Last time, it was because of this woman’s words that the two maidservants didn’t say anything and rushed up to beat her up. One must know that it was a real beating! After the incident, she lay in bed for two whole days. Even after taking healing pills, her wound still ached faintly. Thinking about it now, she was still a little scared!

Initially, she did not want to find trouble with Leng ruoxue. However, she could not stand the other women’s instigations and took the lead again. Now that she heard Leng ruoxue’s warning, she really wanted to back off, but she felt that it would be too embarrassing. Furthermore, if she backed off this time, these women would probably not follow her lead anymore. Hence, for the sake of her status, she could not back off.

“So what if I did? However, I’m in a good mood today, so I won’t be calculative with you. I’ll give you a chance now to explain your purpose in coming here. After that, you can get lost.” Leng ruoxue’s tone was cold.

“We want to know, what did you and the young master talk about?” The leading woman gathered her courage and asked.

“I didn’t say anything to him, nor did I complain about you. You can rest assured. However, he did tell me some things.” Leng ruoxue smiled faintly.

“What did the young master say to you?” The leading woman asked.

“Do you want to know?” Leng ruoxue asked with an evil smile.

“Yes.” All the women nodded in unison.

“He said he wanted me to be his equal wife!” Leng ruoxue said calmly. The moment she finished speaking, a huge wave was stirred up. Most of the women were dumbfounded, especially the woman in the lead. She looked as if she had just suffered a huge blow.

“You ... You’re telling the truth?” After a long while, the woman in the lead recovered from her shock and asked with disbelief.

“Do I need to make such a joke? However, I didn’t agree to it. ” Leng ruoxue continued.

“You ... You didn’t agree? Why didn’t you agree to young master’s request?” When the woman in the lead heard Leng ruoxue’s words, she was dumbfounded. It had been her dream to become the young master’s wife for many years, but the young master had never taken a proper wife. Hence, she had temporarily given up on this thought. She had originally thought that the young master would one day realize her good points and give her a title. However, she never expected that the young master would give this promise to a new woman today. This was a huge blow to her. Now, she heard Leng ruoxue reject her. She was at a loss. Why did other women reject her dream so easily?
