

Crazy Wife 1461

Chapter 1461: The guest elder of the city Lord's mansion (3)

"I don't want to be a bird in a cage. More importantly, my man can only have me as his woman." Leng ruoxue said indifferently. She had said all this to let these women understand that she was not here to snatch their man. She had no interest in that man. She just didn't know if these women would understand her meaning.

"You really said that to the young master? How was this possible? The young master won't agree to it." The leader of the women asked in surprise. She had never thought that Leng ruoxue would have such thoughts. In her shock, she also felt a little admiration for Leng ruoxue. After all, in the divine world, only a small number of women could choose a man as they pleased. Most women would only become accessories or even gifts to men, and she was such a woman.

"It's up to him whether he agrees or not. I won't fight with you for that man, so you don't have to be hostile to me. Don't disturb me unless it's important." Leng ruoxue made her words very clear. The reason why she said that was because these women were not challenging to her at all. They were already used to being kept in captivity, and the center of their lives was only that man. Leng ruoxue absolutely did not want to get involved in this kind of jealousy.

After hearing Leng ruoxue's words, the ladies felt that they had lost interest and turned to leave.

After they left, Hong Luan whispered to Leng ruoxue, "Why did you tell them this? These words will definitely reach Liao Yang's ears."

"Isn't that great! I don't want that Liao yang to think that I'm playing hard to get." Leng ruoxue laughed.

"But what if he really loses interest in you after hearing these words?" Hong Luan said worriedly. If Liao yang didn't come, their plan wouldn't be able to proceed.

"I told you that you don't understand men. In this world, there are many men who like to be cheap. Just wait and see." Leng ruoxue said with a look of disdain.

"Oh!" Hong Luan nodded her head as if she understood. After chatting with Leng ruoxue for a while, she took her leave.

Just as Leng ruoxue had said, after Liao yang angrily returned to his residence, he locked himself in his room and paced around like a trapped beast. The guards outside the door knew that their young master had been refused entry at the peony Garden and was in a bad mood, so they didn't dare to disturb him.

"Men! Go and get Zuo Yi for me." Suddenly, Liao yang, who was in the room, loudly ordered.

"Yes!" The guard outside the door replied.

Not long after, a young man pushed the door open and entered. Although he was handsome, he was still not as good looking as the handsome Liao yang. This man was Zuo Yi, who Liao yang had sent people to find.

After entering the room, the man found a chair and sat down. Then, he raised his head and looked at Liao yang, who was staring at him, and asked, "What's wrong? What's the urgent matter?"

"Give me an idea." Liao yang said anxiously. Then, he explained Leng ruoxue's situation to Zuo Yi.

Zuo Yi smiled and asked, "You want me to help you analyze the truth of that woman's words?"

"En!" Liao yang nodded because he felt that Leng ruoxue was just playing hard to get.

"If I say that what she said is true and that it was her original intention, would you believe me?" Zuo Yi asked with a smile.

"Of course I don't believe it, because that's simply impossible." Liao yang said.

"Young master! Nothing is impossible in this world. I know that there are many women who are in love with you, but that doesn't mean that there are no women who aren't interested in you." Zuo Yi said with a smile. He knew that his words might not be pleasant to Liao Yang's ears. However, good advice was unpleasant to the ear. He had said what he needed to say. As for whether Liao yang would listen and how much he would listen to, it was out of his control.

"You're saying that she's really not interested in me?" Liao yang confirmed.

"Yes! From what the young master told me, that woman wasn't playing hard to get. She really wasn't interested in the young master." Zuo Yi said honestly. As a guest elder of the city Lord's mansion, he had to say whatever he wanted. Otherwise, how could he live up to the high reward that the city Lord had given him?

"Young master! I know that the truth is often very hurtful, but you used forceful means to bring that woman to the city Lord's mansion. Her impression of you has already deteriorated by a large margin. If you force her to marry you, I'm afraid that it will be even better. So, you can't be forceful when dealing with this kind of woman. If you have patience, you should use gentle means to move her! Otherwise, just let her go!" Zuo Yi suggested fearlessly as he looked at Liao Yang's gloomy face.

"Let her go? it's impossible!" Liao yang gritted his teeth. Originally, he had only heard that Leng ruoxue was an unparalleled beauty, so he wanted to send someone to invite her to the city Lord's mansion to meet her. Who knew that they would actually reject him? he had no choice but to use extreme means because he wanted to let the other party know that there was nothing he couldn't do in plentiful city. As the young master of plentiful city, he would not allow anyone to reject him! However, after meeting Leng ruoxue and receiving her cold treatment, he was very clear that it was impossible for him to let her go. Right now, he was extremely desperate to get Leng ruoxue. He wanted to let that woman know that no woman could disobey his will.

"Young master! A forcibly twisted melon isn't sweet, and young master doesn't lack women, why should he be obsessed with a woman who's not interested in him!" Zuo Yi said disapprovingly. In his opinion, Liao Yang's method of getting Leng ruoxue here was already underhanded. If he used force to get her, wouldn't that make her hate him even more? Furthermore, even though he had never met Leng ruoxue before, he did not wish for the immortal realm to be short of a woman with such a personality. It seemed like he would have to make a trip to the peony Garden if he had the chance.

“The more I can’t get it, the more I want it! Haven’t you heard of this saying? What I can’t have is the best. I must have Leng ruoxue!” Liao yang said stubbornly.

“Since young master is so insistent, I have nothing else to say. I wish you good luck!” Zuo Yi stood up and was about to leave, but he was stopped by Liao yang.

“Wait! Who allowed you to leave?” Liao yang said unhappily when he saw Zuo Yi leaving.

“Is there anything else, young master? I thought I’d made myself clear.” Zuo Yi raised his eyebrows and said indifferently.

“Think of a way! I want to get Leng ruoxue.” Liao yang ordered.

“Young master! I don’t have a choice!” Zuo Yi’s tone was cold.

“Left wing! I’m your master, and I’m asking you to think of a way. Do you dare to refuse?” Hearing Zuo Yi’s refusal, Liao yang immediately pulled a long face and growled unhappily.

“Young master! You’re mistaken, I’m a guest of the city Lord’s mansion, not a servant of the Liao family. So, you’re not my master!” Zuo Yi reminded with a faint smile.

“Left wing! If I tell father what you said, I wonder how he would feel.” Liao yang threatened. To him, Zuo Yi was a guest of the city Lord’s mansion, so he was naturally a servant of the Liao family. Therefore, if he asked for Zuo Yi’s opinion, he couldn’t reject it. However, he didn’t expect that Zuo Yi didn’t even take him seriously. This made him feel embarrassed and angry. The anger he had suffered from Leng ruoxue previously also exploded.

“If young master feels that these words can affect my position in the city Lord’s heart, feel free to tell the city Lord.” Zuo Yi said nonchalantly. Then, he turned and left the room without even looking at Liao yang.

“Dammit!” Seeing that Zuo Yi had left without hesitation, Liao yang angrily smashed the decorations in his room. The sound alerted the guards outside the door. When they ran in, they saw that the room was in a mess.

“Young master, please calm down! Why should he be angry because of Zuo Yi? He’s not the only guest elder in our city Lord’s mansion.” The guard saw that the young master was really angry and quickly advised.

“You’re right. Go and find the other guest Masters. Tell them I have something important to discuss!” Liao yang thought for a while and said. That Zuo Yi had never known what was good for him. Sometimes, he would not even give face to his father. However, Zuo Yi was indeed the most outstanding among all the guest officials, so he had always been treated with courtesy and valued by his father. Therefore, he naturally did not take him, the young lord, seriously. After he had thought it through, he was not so angry. As for Zuo Yi, it would not be too late to deal with him after he became the city Lord of plentiful city.

“Yes.” The guard responded and went to gather the guests.

After leaving Liao Yang’s courtyard, Zuo Yi went straight to the peony Garden. Although the peony Garden was the young master’s harem, he could go there whenever he wanted as a guest official who

was only second to the city Lord. The reason why he went to the peony Garden immediately was that he was very interested in the woman the young master was talking about. If he didn't see such a woman with such a character with his own eyes, he would regret it.

However, he did not expect that he would regret it even more after meeting Leng ruoxue.

When he arrived at the peony Garden, no guard dared to stop him, who had a bad temper. Therefore, he swaggered into the peony Garden.

After asking which courtyard Leng ruoxue was in, he headed straight for his destination.

When he arrived at the entrance of the courtyard, he saw that the door was not closed, so he entered without being invited.

Grape, who was Fanning her lady, felt light footsteps behind her. She quickly turned her head and saw an unfamiliar man standing not far away from them.

"Who are you?" Grape asked loudly. Why was it so unsafe for miss to stay here! There were always strangers coming to cause trouble, and in her subconscious, she had also regarded Zuo Yi as one of them.

"I am Zuo Yi, the chief guest of the city Lord's mansion." Zuo Yi knew that his actions were a little abrupt and quickly introduced himself.

"What's wrong with the city Lord's mansion's guest? Don't tell me that a guest elder of the city Lord's mansion can casually barge into a private place?" Grape questioned unhappily. She didn't have a good impression of the people from the city Lord's mansion. After knowing Zuo Yi's identity, she naturally wouldn't give him a good look.

"Uh!" Zuo Yi didn't know what to say, because he really didn't knock when he came in. Well ... Could he say that he had always been in the city Lord's mansion as if no one was there? However, this was clearly the city lord's estate's territory. How did it become their private place in this little girl's mouth? wasn't this a bit of a reversal of roles? He couldn't help but think to himself.

Chapter 1462: The left wing's help (1)

"Grape! Don't be rude!" Leng ruoxue held back her laughter as she spoke. Following that, she lifted her beautiful eyes and glanced at the man not far away. This man might not look as handsome as Liao yang, but he had a pair of bright black eyes that were filled with wisdom. Although he always had a smile on his face, Leng ruoxue was very clear that the gentler a person looked, the harder it was to get along with him.

"Miss is too kind. She doesn't need to be nice to people who break into private houses." Grape rolled his eyes at Zuo Yi and said with a look of disdain.

"The visitor is a guest! Grapes! Serve tea to this young master." Leng ruoxue chuckled as she instructed.

"I'm from the left wing." Zuo Yi hurriedly reminded Leng ruoxue when she called him young master. However, what he didn't know was that in Leng ruoxue's eyes, a name was just a code name. It had no

meaning at all. Hence, she naturally called him whatever she wanted. This way of calling him would also highlight his identity, so why not?

"I know," Leng ruoxue replied softly.

"Uh!" Zuo Yi wiped the cold sweat off his forehead and thought, "you know my name but you still call me guest young master. Are you doing this on purpose?" Immediately, Zuo Yi concluded that this woman was not an ordinary person. It seemed like Liao yang was in big trouble this time. However, when he raised his head and saw Leng ruoxue's face clearly, he understood why Liao yang was so insistent on getting her.

The Leng ruoxue in his eyes, although she was half-sitting on the deck chair, she was as fresh as a Lily in full bloom and as noble as a peony in full bloom. In short, this woman was beautiful from head to toe, and every single one of her features could make men go crazy. Unfortunately, with his judgment of people, this woman was not easy to control. At least, the man who could match her was definitely not an ordinary man. As for Liao yang, he did not have a chance at all, unless he used some despicable means. However, such a beauty ... He was a little reluctant to be defiled by Liao yang. It seemed that he had to think of a good way to help this woman.

"I don't know why the guest young master has come?" Leng ruoxue asked innocently.

"I'm only here to see miss Leng." Zuo Yi said helplessly, tacitly acknowledging the title of guest young master. He could tell that it would be difficult to get Leng ruoxue to change the way she addressed him.

"What's there to see about me? Don't tell me you're here to be a lobbyist!" Leng ruoxue raised her brows and guessed.

"Of course not!" Zuo Yi quickly denied.

"Are you really just here to see me? I'm not some rare beast, what's there to see!" Leng ruoxue pretended to be confused as she asked. Her beautiful face was still filled with confusion.

"Miss Leng is too modest." Zuo Yi sighed and thought to himself, "you're even rarer than rare beasts." In fact, he had seen many women, but it was the first time he had seen one as difficult to deal with as Leng ruoxue.

"Since you've come to see me, there shouldn't be anything else, right?" Leng ruoxue asked in an extremely reserved manner.

"No more!" Zuo Yi said speechlessly. He could tell that the other party was asking him to leave! Al! When did he become so unpopular? This hurt his self-esteem a little.

"Then hurry up and leave! You can save us a cup of tea." Grape, who had just returned from pouring tea, happened to hear the second half of the conversation between Zuo Yi and her miss and hurriedly said.

"Uh!" Zuo Yi was stunned when he heard grape's words. He only came back to his senses after a long time. He thought to himself, what kind of people are this master and servant pair! Why was she chasing him away like he was a fly? He even wanted to save a cup of tea! Was he the only one missing? He was depressed! This was the first time in his life that he had suffered such a loss! However, since the other

party had already made it so clear, it would be even more embarrassing for him to continue lazing around. Thinking of this, he bowed slightly and then turned to leave.

After Zuo Yi left, grape looked at his back and could not help but laugh wildly, "Hahaha! This person is really obedient!"

"Are you done laughing? D * MN girl, your mouth is getting more and more sharp." Leng ruoxue couldn't hide her smile. She was so reserved when she chased him out! However, grape had said it directly and even said that she could save a cup of tea. She had seen the depressed expression on the man's face when he left!

"Miss! We don't need to be polite when dealing with the people of the city Lord's mansion!" Grape said disapprovingly.

"Zuo Yi is different from Liao yang!" Leng ruoxue said seriously.

"What's the Difference? aren't we all jackals of the same tribe?" Grape said in disdain.

"Hehe! Although Zuo Yi is a guest master of the mansion of the castellan, a guest master is not a servant. Besides, Zuo Yi is a very proud man. Liao Yang can't command someone like him." Leng ruoxue said. She had also guessed that Zuo Yi had come to the peony Garden to see her because Liao yang had looked for him. However, she was certain that Zuo Yi would not help Liao yang in his evil deeds.

"Liao yang is the young master of plentiful city, the future city Lord. How dare that Zuo Yi disobey him?" Grape asked with a look of disbelief.

"You also said that he's only a future one. It's still hard to say if he can become the city Lord!" Leng ruoxue indifferently reminded.

"Uh! That was true! However, I heard that the city Lord of plentiful city only has one son. If Liao Yang can't become the city Lord, then the current city Lord of plentiful city won't give the position of city Lord to someone else, right?" Grape asked in confusion.

"Grape! The plentiful city belongs to the God Lord's mansion, so the city Lord position doesn't necessarily have to be inherited. Liao yang may be the young master now, but it's hard to say if he'll be the city Lord." Leng ruoxue explained. The Liao family was not the true owner of plentiful city. To put it bluntly, they were just a dog of the God lord's estate. There were many dogs in the God lord's estate, so the number of dogs eyeing the position of the city Lord of plentiful city was probably not small!

"I see!" After listening to Leng ruoxue's explanation, grape finally understood. However, she really hoped that Liao yang would not become the city Lord, so that he would not be able to show off!

"Hahaha! It's good that you understand. Grape, I'm going back to my room to sleep. If anyone comes, you can just block them." Leng ruoxue instructed. With that, she returned to her room, put on her clothes, and lay on the bed. She closed her eyes and concentrated on absorbing the spiritual energy in the air.

Chapter 1463: The help of the left wing (2)

For the next few days, Leng ruoxue laid on the bed without moving. To outsiders, she looked like she was sleeping. However, grape and lotus seed knew very well that the young miss was cultivating. Hence, the two of them naturally wouldn't let any random people come and disturb the young miss.

In fact, they didn't know that their miss was cultivating at first. Later, when they felt the spiritual Qi in the air rushing towards their miss's room, they noticed their miss's abnormality and realized that she was cultivating. However, what surprised them was that their miss was cultivating even when she was sleeping. They didn't know if the spiritual Qi in the divine world could bear it. After carefully observing her for two days, they found that their miss didn't show any signs of discomfort, and they slowly relaxed.

During this period, everyone who came to look for their miss was turned away by the two of them. Even Hong Luan was not able to see her. However, what puzzled the two was that Liao yang did not come.

At this moment, Liao yang was like a trapped beast, discussing with the guest elders in the residence on how to make Leng ruoxue willingly throw herself into his arms. Initially, he did not mind using some extreme means, but who knew that most of the guest elders would oppose it, saying that it was the most despicable method and not something a man should do. Upon seeing this, Liao yang could only give up on his original idea. However, after discussing for a few days, these guest elders still could not come up with a method that would satisfy him. Fortunately, the men he sent to the peony Garden reported that Leng ruoxue had not left her room for the past few days. This made him feel slightly more at ease. After all, he did not wish for his backyard to catch on fire while he was discussing matters.

In Liao Yang's study room, the guest officials were arguing with each other, their faces red and not giving in to each other. Seeing this, Liao yang growled in annoyance, "Stop arguing! One by one."

"Young master! "You can easily capture an ordinary woman with some tricks. However, this kind of woman is usually not challenging. I heard from young master that Leng ruoxue is a woman with a very unique personality. Usually, to subdue a woman like this, other than spending a lot of time, you need to have patience. So, I suggest that young master should use the method of pestering. After all, a fierce woman is afraid of pestering men! As long as the young master appears in front of her every day and treats her with all sorts of gentleness, I believe that even if she's a woman with a heart of stone, she'll be melted by the young master sooner or later." A middle-aged guest elder stood up and suggested.

"That's absolutely not allowed! The young master's identity was so noble, how could he bow and bend his knees for a woman! Young master! That's absolutely not allowed!" As soon as the guest elder finished speaking, someone immediately objected.

Liao yang looked at the two of them with a headache. Now he was a little suspicious about whether it was the right choice to ask them to help him come up with an idea, because these people's opinions were always not unified. Now, if he asked them to say it one by one, they would still quarrel. It could be imagined how big the disagreement between them was.

Just as Liao yang was having a headache, a guard suddenly came to report, "Young master! The city Lord would like you to go to his study immediately."

"What is it?" Liao yang frowned and asked angrily. He was very annoyed now. Why did his father have to see him now?

“This subordinate does not know!” The guard said with his head lowered.

“You guys can continue discussing! I’m going to the study to see father.” Liao yang stood up unwillingly and said to the guest warrior in the study.

With big steps, Liao yang came to the study of his father, the city Lord. Before he knocked on the door, he heard a soft voice coming from inside. He was hesitating whether to go in or not, when his father’s voice came from inside, “Is it yang ‘er? Come in!”

“Yes! Father!” Liao yang gently pushed the door of the study and walked in.

In the study room, other than his father, the other person was Zuo Yi. Liao yang glared at Zuo Yi and found a chair to sit down.

“Father! Is there anything I can help you with?” Liao yang asked carefully.

“What’s wrong? Can’t I see you for no reason?” The city Lord of plentiful city was named Liao Hui. Although he only had the cultivation of a Sir God, he was very alert, smart, and astute. His mind was also extremely deep. Otherwise, he could not have become the city Lord.

“Father! I didn’t mean it that way.” Liao yang could hear the displeasure in his father’s words, so he quickly explained.

“Then what do you mean? I heard you brought another woman in?” Liao Hui went straight to the point.

“Yes! Your son wants to marry her as an equal wife!” Liao yang replied honestly. Although he had this idea for a long time, he had never dared to mention it to his father. Previously, when he said that he had already reported it to his father in front of Leng ruoxue, it was just an empty promise. After all, he said so many things that he would not take it seriously. However, now that he was in front of his father and with Zuo Yi by his side, he had no choice but to bring it up with great caution.

“Nonsense! I’ve already arranged your marriage, so you can’t have a wife of equal status! Yang ‘er! No matter how many women you have in private, you can only have one wife on the surface! This is something that no one can change.” Liao Hui said very seriously.

“Why? Father! I really like her!” Liao yang said loudly. He had not gone to see Leng ruoxue for the past few days, so he was very clear about how much he missed that hateful woman. He did not know why, but the colder that woman treated him, the more he missed her.

“Yang ‘er! The wife I’ve chosen for you will be very helpful for your future, and I’ve already promised you that you can only have one wife. So, you can’t have an equal wife, or else, how will I explain it to the other party?” Liao Hui reminded him.

“However, if you really like this woman, it’s fine to let her be a concubine in the future. As for a wife, she can forget about it.” Liao Hui said.

“City Lord! I’ve seen that woman once, and according to the young master, that woman told him that his man can only have one woman.” Zuo Yi, who had been silent all this time, suddenly spoke. Before he could finish his words, Liao yang shot daggers at him. If looks could kill, he would have been killed countless times by Liao yang. However, he didn’t care.

“So she wants to be the first wife? Hmph! She’s quite ambitious!” Liao Hui said angrily.

Chapter 1464: The help of the left wing (3)

“City Lord! That woman’s meaning is that she doesn’t want to marry the young lord.” Zuo Yi said very implicitly. He felt very helpless about Liao Hui’s arrogance and couldn’t help but mutter in his heart, do you really think that your son is a hot cake? Every woman wanted to marry him!

“You don’t want to marry yang ‘er? Are you sure? Was she playing hard to get? I’ve seen many women like her.” Liao Hui said in disbelief.

“City Lord! You should trust my eyes, that woman really doesn’t want to marry the young master.” Zuo Yi promised.

“Then I’m relieved.” Liao Hui said with a sigh of relief. Then, he turned to Liao Yang and said, “Since that woman doesn’t have any feelings for you, you shouldn’t interfere with her. Next month, father will hold your wedding, so you better get your heart together in advance! As for the women in the peony Garden, I will take care of them for you.” Liao Hui said very seriously. From his words, it was not difficult to see that he attached great importance to Liao Yang’s marriage.

“Father! What do you want to do with them?” Liao Yang’s heart sank. Although all men had the habit of liking the new and loathing the old, when he first took those women into the mansion, he also liked them. Now, listening to his father’s meaning, the woman he was about to marry would not be able to accommodate them. What should he do? For a moment, his bad habit of being tender to women reappeared.

“That’s none of your business. In short, you have to take back your heart before the wedding. You can’t keep a single woman in the peony Garden. As for the future, you can have as many women as you want, but not now!” Liao Hui said loudly.

“Yes! Father!” Liao Yang lowered his head and didn’t dare to say anything. However, he was thinking about how he could bring Leng Ruoxue out of the peony Garden without anyone knowing. He was very clear about his father’s methods. He was afraid that the woman in the peony Garden couldn’t be kept, but he had to get Leng Ruoxue out.

Thinking of this, he spoke again, “Father! If there’s nothing else, I’ll be taking my leave.”

“Yes.” Liao Hui looked at Liao Yang without changing his expression and nodded.

After Liao Yang left, Liao Hui instructed Zuo Yi, “Zuo Yi, send some people to guard the entrance of the peony Garden. Not even a fly is allowed to fly out.”

“City Lord! Are you planning to get rid of the women in the peony Garden?” Zuo Yi asked curiously. Others might not dare to ask this question, but he did.

“Mm! They can’t stay now. That family knows of their existence, and this is one of their demands.” Liao Hui said helplessly. Although he was a little annoyed at that family’s overbearing behavior, that old thing’s position in the Divine Master’s estate was higher than his! And that old man loved his precious

daughter the most. Naturally, he couldn't just watch his daughter fight for love with other women before they were married.

"If we get rid of them, I'm afraid that young master will be reluctant to do so. Moreover, it's easy for young master to have a bad impression of the city Lord. So, those women can't be killed." Zuo Yi said after some thought.

"I can't kill him? But that family can't accommodate them." Liao Hui said in distress. Of course, he knew that Zuo Yi's words made sense. However, he had no choice. He was the one who proposed this marriage! That family was willing to marry their daughter over, which was a great honor. Therefore, there must be no mistakes in this marriage.

"City Lord! Don't you have a courtyard in the suburbs? That place is relatively remote and unnoticeable, so it's better to leave those women there for the time being!" Zuo Yi suggested after some thought.

"Mm! Zuo Yi, I'll leave this matter to you. You can't let anything get out of this." Liao Hui reminded.

"Don't worry, city Lord! I know what to do, but it's best to let the young master know about this first, so as not to be misunderstood by him." Zuo Yi said.

"Good! I'll talk to him about this." Liao Hui nodded.

"Zuo Yi will take his leave." After Zuo Yi finished speaking, he gave a slight bow and turned to leave Liao Hui's study.

After Zuo Yi left, he found his trusted aide and asked him to stand guard at the entrance of the peony Garden, not allowing anyone to enter or leave. He then went to the residence of Leng ruoxue and the others.

"Young master, why are you here again?" Grape looked at Zuo Yi, who was standing outside the door and about to knock on it, and asked with a faint smile.

"Uh! I have something to discuss with your young lady." Zuo Yi said helplessly. Leng ruoxue was difficult to deal with, and so was her maidservant. It was true that the master had the same kind of subordinates!

"I'm sorry! The young lady is sleeping and doesn't want to see anyone!" Grape said straightforwardly. The reason why she was guarding the door was that she was afraid that someone would come in uninvited and disturb the young lady.

"I really have something important to do. Can you wake her up?" Zuo Yi said anxiously.

"Of course not! Miss hates to be disturbed when she's sleeping. Furthermore, miss's mood when she wakes up is especially heavy! I don't want to be punished." Grape refused without any room for discussion.

"Grape! The young lady is awake. Please invite the young master in." At this time, lotus seed walked out of the room and said with a smile, deliberately emphasizing the words "guest master."

Looking at lotus seed's obviously teasing expression, Zuo Yi's gloominess was indescribable. Sob ... Leng ruoxue and her two maidservants were so evil. How could they bully an honest man like him?

He followed lotus seed into the living room and sat down. After waiting for a while, Leng ruoxue came out from the inner room.

“Why is guest young master so free today?” Leng ruoxue sat down on the main seat and smiled.

“I have something to discuss with miss Leng.” Zuo Yi went straight to the point.

“What is it?” Leng ruoxue was curious.

“The young master is getting married next month.” Zuo Yi said. After he finished speaking, he was still observing Leng ruoxue’s reaction.

“What does this have to do with me?” Leng ruoxue was confused.

“He’s going to marry the daughter of that family. That young lady is extremely jealous and can’t tolerate your existence, so ...” Zuo Yi deliberately stopped at the first half of his sentence. His bright black eyes were fixed on Leng ruoxue.

“Could it be that they want to kill us?” Leng ruoxue guessed calmly. She did not know what background that young lady had to be so overbearing to want to get rid of them all.

Chapter 1465: The help of the left wing (4)

“That was the city Lord’s original intention, but after I persuaded him, he changed his mind and decided to send all of you to the side courtyard.” Zuo Yi explained. He was deeply depressed that he had failed to scare Leng ruoxue.

“So you’re here to claim credit. However, you’ve found the wrong person. The other girls in the peony Garden will be more grateful to you.” Leng ruoxue chuckled as she reminded him.

“I didn’t come to you just for this. I want to ask you if you want to leave plentiful city.” Zuo Yi asked cautiously. In reality, the earlier part was just a test. This was the real reason why he had come to look for Leng ruoxue. He, who had always been cold-blooded, could not bear to see such an extraordinary woman trapped in the back residence of the city Lord’s residence. Leng ruoxue should have a wider world to live in.

“I ... Don’t want to leave plentiful city.” Leng ruoxue paused on purpose before continuing.

“What?” Zuo Yi thought he had heard wrong. After a moment of shock, he saw Leng ruoxue’s serious expression and realized that she was speaking the truth. How could this be? Could he have guessed wrong?

“Thank you for your kindness, but I don’t intend to leave plentiful city now.” Leng ruoxue saw the confusion on the other party’s face and could only make her words more clear.

“What do you want to do? I advise you not to act rashly, you’re no match for the city Lord’s mansion.” Zuo Yi’s mind whirred. He seemed to have understood Leng ruoxue’s meaning.

“I’m not trying to do anything. Don’t be so nervous, I just feel that the food here is good and I can’t bear to leave for a while.” Leng ruoxue smiled faintly.

However, Zuo Yi did not believe her. In his eyes, Leng ruoxue was already on the same level as the Fox.

“Guest master, you’re the guest master of the city Lord’s mansion. If you let us go, I’m afraid you’ll also be in trouble, so please keep your good intentions! Don’t do this kind of double-crossing thing, this is a big taboo for employers!” Leng ruoxue reminded.

“You really don’t plan on leaving?” Zuo Yi sighed softly. He was obviously at his wit’s end with Leng ruoxue. However, he still did not believe Leng ruoxue’s words.

“Yes.” Leng ruoxue nodded.

“Then I can only follow the city Lord’s orders and send you to the courtyard.” Zuo Yi said helplessly.

“Young master, since you have the heart to help me, why don’t you give this favor to someone else?” Leng ruoxue recalled Hong Yuan’s words. If they were sent to a side courtyard, it would be even more difficult to save the green wolf. However, if Zuo Yi was willing to help, things would be much easier.

“Who do you want me to help?” Zuo Yi asked in surprise. Leng ruoxue didn’t want to leave, but from her words, she wanted him to help someone else.

“A woman named Hong Luan and her fiancé.” Leng ruoxue said softly.

“She’s also from the peony Garden?” Zuo Yi asked curiously.

“Yes, her fiancé is locked up in the city Lord’s mansion’s prison. If you want to help, then help them! I’ll owe you a favor.” Leng ruoxue said with a faint smile. If they were all sent to a side courtyard, then the plan that she had discussed with Hong Luan would naturally not be carried out. However, with Zuo Yi, this guest elder, taking the initiative to offer help, when else could they wait?

“Why did you help them?” Zuo Yi couldn’t understand. This Leng ruoxue didn’t seem like a warm-hearted person! He actually meddled in other people’s business! This was truly unbelievable.

“Isn’t it good to be together? Don’t tell me you like to see people die?” Leng ruoxue smiled and asked in return. Actually, the reason why she wanted to help Hong Yuan was also out of love for Beastie. After all, in her eyes, Beastie was much cuter than humans. In addition, their love was cross-species, which made it even more difficult. Furthermore, she did not want to see Hong Yuan’s long face. Flowers should be happy, shouldn’t they?

“Wait for my news,” Zuo Yi thought for a moment before saying. He then turned and left.

Three days later, Zuo Yi used a substitute to smuggle Qing lang out of the prison. Following that, he sent his trusted subordinates to escort the two out of plentiful city. Before they left, Hong Luan wanted to see Leng ruoxue but was rejected by Zuo Yi. In Zuo Yi’s words, it was not easy to send them out. If they returned to the peony Garden and were discovered by Liao Yang’s men, they would not be able to leave even if they wanted to. He also told them not to disappoint Leng ruoxue’s kind intentions. Only then did he turn around and leave unwillingly ...

Chapter 1466: I don’t beat people up for no reason (1)

After sending off Hong Luan, Zuo Yi reported to Liao Hui and secretly moved the women in the peony Garden, including Leng ruoxue and the other two, to a side courtyard on the outskirts of the city. After Liao yang received news from his father, he knew that his father wouldn't kill the women in the peony Garden and was completely at ease. However, from then on, in order to make him change his mind, Liao Hui locked him in the city Lord's mansion. Moreover, he didn't plan to let him out of the mansion before marriage to cause trouble.

However, Leng ruoxue found two familiar faces in a courtyard on the outskirts of the city. These two were the sisters, Philip and feiye. When she saw them, Leng ruoxue couldn't help but chuckle in her heart. Did this mean that they had arrived without any effort? They didn't expect Liao yang to hide them in the courtyard. However, looking at their resentful expressions, it was likely that Liao yang had long forgotten about the existence of the sisters!

"Miss! These two B * tches are really here!" Grape said angrily when he saw Philip and Fayle. If it weren't for these two damned women, they wouldn't have been brought to the city Lord's mansion.

Hearing grape's words, Leng ruoxue smiled without saying a word. Zuo Yi, who was beside her, asked curiously, "You know each other?" If he remembered correctly, these two women should be one of Liao Yang's women. However, they weren't content with their place. They only stayed in the city Lord's mansion for a few days before they caused a huge ruckus, forcing Liao yang to find another place to settle them down. He didn't expect Leng ruoxue to know them. This was truly too much of a coincidence.

"We can be considered acquaintances! It's all thanks to them that we were brought into the city Lord's mansion by Liao yang. Don't you think I should thank them properly?" Leng ruoxue asked with a smile.

"Of course I should! Although as the saying goes, words can't express my gratitude for a great favor! However, it's not good to be ungrateful. Since they've done you a favor, you should repay them well!" Zuo Yi said with a smile. He could tell from Leng ruoxue's words that she wanted to teach these two women a lesson. Since she had such an idea and liked him, who craved for the world to be in chaos, he would naturally cooperate fully. These two were not his women anyway. Even if they were injured, he would not feel any heartache!

"In that case, I'll have to trouble you to arrange for us to be with them!" Leng ruoxue chuckled.

"A small matter!" Zuo Yi nodded and summoned his confidant. After whispering a few words to him, he walked to the sisters and brought them over.

"From today onwards! The two of you will be this young lady's maidservants." Zuo Yi glanced at the two sisters and said in an extremely cold tone.

"On what basis?" When Fei Li heard Zuo Yi's words, she was immediately enraged. She had entered the city Lord's mansion to enjoy glory and wealth, but now she was being made a servant girl. How could she accept this? furthermore, she was being Leng ruoxue's servant girl. This was even more unacceptable.

Fei Ye, who was standing beside her, did not say anything. However, her eyes were also burning with anger as she glared at Leng ruoxue.

“Not based on what? Do you think you’re here to enjoy life? You’re not the young master’s concubines, nor are you the guests of the city Lord’s mansion. That’s why you can’t live in the city Lord’s mansion for free. You should know that the city Lord’s mansion doesn’t feed idle people. However, you don’t look rich. In that case, you might as well be the city Lord’s maidservants! It’s better than kicking you out!” Zuo Yi said kindly.

However, his words had also infuriated the sisters. They had lived in the city Lord’s mansion for a few days and were well aware of Zuo Yi’s position in the city Lord’s mansion. Therefore, they could only swallow their anger, unless they were really willing to leave the city Lord’s mansion.

Although the two sisters did not have any status in the city Lord’s mansion, their food and clothing were better than when they were at home. Therefore, they were naturally reluctant to leave.

But why should they serve Leng ruoxue? Didn’t Leng ruoxue have no status in the city Lord’s residence? Why could she be a young lady, but they were servant girls? Such an outcome made the two of them even more resentful towards Leng ruoxue. Zuo Yi, who was eager to see the world in chaos, was very happy to see the tension between the two of them. However, how could Leng ruoxue’s good show be so easily shown to others?

A small, fair hand reached out to Zuo Yi. He was stunned for a moment before he said, “Your hands are beautiful.”

When Leng ruoxue heard Zuo Yi’s words, she wiped away the cold sweat on her forehead and thought to herself, ‘is this man acting dumb?’ Could it be that she had extended her hand in front of him just to make him say that it was beautiful?

At the thought of this, Leng ruoxue said indifferently, “Guest young master, if you want to watch a good show, I’ll have to pay a fee.”

“Uh! Can you not be so money-crazy?” Zuo Yi said helplessly. What else does this little girl care about other than money? Why didn’t he realize that she liked money so much in the peony Garden?

“Humans die for wealth, birds die for food. What’s wrong with being a money-grubber, as long as it’s obtained in the right way.” Leng ruoxue said disapprovingly.

“Don’t forget, you still owe me a favor!” Zuo Yi sighed and reminded him.

“So you’re planning to use my favor to exchange for a good show?” Leng ruoxue’s beautiful eyes flashed with a trace of calculation. The expression on her face was like a big Bad Wolf trying to abduct Little Red Riding Hood.

“You wish! How can there be such a good thing!” Zuo Yi rolled his eyes at Leng ruoxue and spoke carefully. From his cautious expression, it was as if he was afraid of falling into Leng ruoxue’s trap.

“Then pay up! It’s not that easy to see my good show.” Leng ruoxue extended her hand. However, Zuo Yi’s expression made her feel a little depressed. She had never schemed against him before, had she? Why was he being so cautious?

"I won't! Your show hasn't even started yet!" Zuo Yi was not stupid. He did not see anything! She wanted him to pay? how was that possible? Moreover, even if he saw it, he had to see if the show was exciting before he could decide whether to pay the money.

"Grape! Let the guest young master try it." Leng ruoxue turned around and instructed grape.

Grape understood what he meant and walked directly to Philip, raising his hand. Dozens of slaps landed on Philip's face, instantly stunning him to the point that he even forgot to resist.

After the grapes were finished, he even said in disdain,""His skin is really thick. My hand is hurting from the beating." In fact, she had wanted to do this for a long time, but because of Ning Hai's face, she was too embarrassed to do it. Now that Ning Hai was not here, when would she do it if not now?

Chapter 1467: I don't beat people up for no reason (2)

How ruthless! Zuo Yi broke out in a cold sweat as he looked at Philip's swollen face. This girl was not holding back at all! After more than a dozen slaps, Philip was struck silly. Fortunately, these slaps did not land on him. Otherwise, he would not have been able to take it! He couldn't help but think.

"Don't be afraid! I don't just beat people up." Seeing Zuo Yi's expression, grape laughed evilly and even winked at him.

"Little sister grape is indeed a heroine." Zuo Yi said hurriedly, black lines all over his forehead. This little girl actually called herself big sister? No matter whose sister she was, she was definitely not his. Besides, he would never admit that he had such a violent sister.

Hearing grape's words, she glanced at Zuo Yi. Leng ruoxue laughed in her heart. 'Zuo Yi probably won't want to watch a good show anymore!' However, she had clearly underestimated the left wing's desire to see the world in chaos.

Zuo Yi smiled calmly and said,""Alright! I've barely passed this scene, but you can't charge me too much. I'm very poor. "

How could the chief guest of the city Lord's mansion be poor? Leng ruoxue wouldn't believe this even if she was beaten to death. However, since he was poor, she had to give him some face!

"Don't be afraid! I won't ask you for money, as long as you agree to one condition for every show you watch." Leng ruoxue smiled faintly.

"What condition?" Zuo Yi immediately became alert after hearing Leng ruoxue's words. This was a little fox! Hopefully, there were no traps!

"I haven't thought about it yet. You can owe me first. I'll naturally come to you when I think of it." Leng ruoxue laughed.

"What if I can't do what you ask?" Zuo Yi asked worriedly. Leng ruoxue was too cunning. He didn't dare to agree to such a condition.

"Don't worry! You're definitely capable of fulfilling my conditions." Leng ruoxue consoled.

“Alright then!” In order to enjoy a good show, Zuo Yi had no choice but to agree. Little did he know that once he agreed, he would never be able to get rid of Leng ruoxue.

After Zuo Yi was settled, Leng ruoxue instructed grape to bring the sisters to the courtyard that Zuo Yi had arranged for them.

In the courtyard, Leng ruoxue took out a reclining chair from her bracelet and found a spacious place to put it down. She laid down on it and looked at grapes as she began to preach to the Philip sisters. The Philip sisters, who had long been scared silly by grape’s fierceness, did not dare to make a sound.

Zuo Yi saw this and couldn’t help but chuckle. “Hehe!”

When Leng ruoxue heard the laughter, she turned to Zuo Yi and said, “What are you laughing at? Grape was training them! Looking at their appearance, they don’t know how to serve people. If they don’t do it well, there will be no food.”

“Uh!” After hearing Leng ruoxue’s words, Zuo Yi wiped the cold sweat off his forehead and thought to himself, ‘do you have to be so serious!’ They were just two enemies! He had already handed her over to her, and she couldn’t deal with her however she wanted. Why did she have to lecture him? could it be that Leng ruoxue wanted to train two more maidservants?

“Your city Lord’s mansion doesn’t keep idle people, and I won’t keep them for free either. So, they still have to know the rules and the things they should do.” Leng ruoxue said with a smile.

“Although I’ve given them to you, it seems that they’re still being raised by the city Lord’s mansion.” Zuo Yi rolled his eyes and couldn’t help reminding him.

“That’s why I should make them worth it! Otherwise, the city Lord’s mansion will blame me for wasting food.” Leng ruoxue said with a serious face. Her confident expression made Zuo Yi speechless.

“Then you can slowly train them! When there’s a good show, send the Butler to inform me. I’ve already informed the Butler, and he’ll give you the green light.” Zuo Yi said considerately.

“Thank you, young master. I won’t see you out.” Leng ruoxue said with a smile.

“There’s no need to send me off,” Zuo Yi understood. In fact, he had never expected Leng ruoxue to send him off.

After Zuo Yi left, grape and lotus seed began their training for the sisters. The training method for the two sisters could be considered demonic because it was based on the training of the yin clan’s maidservants and subordinates, and was modified by Leng ruoxue. When grape and lotus seed saw it for the first time, they were so scared that their hearts trembled. At the same time, their admiration for Leng ruoxue was endless like the waves of the river.

However, they didn’t know at that time that Leng ruoxue had asked them for the yin clan’s training method. After she had modified it herself, she was waiting for the Feili sisters to use it. Now, towards the young miss’s foresight, the two of them were even more impressed.

After being trained by grape and lotus seed for two days, the fear in Philip and Philip’s hearts grew. In fact, Philip was also a priest, but for some reason, under the glare of the maidservant, grape, her legs felt weak, and Philip trembled like a leaf in the wind, almost falling to the ground.

“You two B * tches! Of all people to provoke, you actually came to provoke my family’s young miss, Hmph! Even if my family’s young miss is kind enough to let you off, we won’t let you off. And everything you’re going through now is just the beginning. ” In the courtyard, grape stood up straight and scolded the two pitiful-looking women with a stern face.

The Philip sisters were so frightened by grape’s roar that they could not speak. Furthermore, Philip had not forgotten the violent act that grape had done to her a few days ago. As there were no medicinal pills to heal her injuries, her face was still swollen! She couldn’t help but feel resentful, but she didn’t dare to speak out in anger.

“Grape! Let them rest! I don’t think they’ll be able to learn anything in their current state. ” Leng ruoxue chuckled as she pleaded.

“Miss! You can’t be so kind. They caused us to become Canarys and be trapped in the city Lord’s mansion. If we don’t teach them a lesson, how can we vent our hatred?” Grape said disapprovingly. However, when the Philip sisters heard her words, they could not help but curse in their hearts. How was Leng ruoxue kind? if she was really that kind, would she have just watched her maidservant torment them like this?

“Alright! I’ve said it before, they’re all up to you. However, you’ll be tired in such a hot day, so you’d better rest!” Leng ruoxue continued.

Chapter 1468: I don’t beat people up for no reason (3)

“Alright then! I’ll give miss some face. You two go back to your rooms and stay there. I won’t train you today and will continue tomorrow morning. ” Grape’s words were like a decree of pardon, causing Philip and Philip’s hearts to lighten. Wuu ... The feeling of being released was so good!

After the two sisters returned to their rooms, they looked at the slightly empty room and felt extremely upset. Although their lives in the courtyard were not as good as their lives in the city Lord’s mansion, the place they were living in was a hundred times better than the one they were living in now. Look at the place that the damn maidservant had let them live in now. This was clearly a storage room. How could it be for people to live in? the more they thought about it, the angrier they became.

“Sister! We can’t go on like this. Otherwise, we’ll die in their hands sooner or later!” Fei Ye said fearfully.

“Then what can we do? Damn it, why are they here?” Fei Li said with a depressed look. After she was sent to the courtyard by Liao yang, although she was depressed for a few days, she later found out that other than the place where they lived was not as luxurious as the city Lord’s mansion, there was not much difference in other aspects. Thus, she settled down with peace of mind. After all, they did not have any status now and it was inappropriate for them to stay in the city Lord’s mansion for a long time. However, she did not expect that the two sisters had only spent a few days as young ladies here when Leng ruoxue and the others came. Zuo Yi had even arranged for them to be Leng ruoxue’s maidservants. That damned Zuo Yi, he didn’t even give face to Liao yang. This made them hate Zuo Yi as well.

“Sister! Why don’t we send a letter to the young master and ask him to save us! I’m going to go crazy if this continues. ” Fei Ye said with a sad face.

“You think I don’t want to? However, almost everyone here is from the left wing, and even the steward is not being polite to us anymore. How can we deliver the letter to Liao yang?” Philip said with a headache.

“Sister! As long as we pay enough, I don’t believe that no one will be willing to help us with this.” Fei Ye suggested.

“Alright then! I’ll try to find someone, but they’re so strict with us and torture us every day. How can I find them?” When Fei Li thought of her current situation, she felt extremely depressed. She had come to the city Lord’s mansion to enjoy life, but now, she had fallen into Leng ruoxue’s hands. How could she not feel depressed?

“Sister! Why don’t you pretend to be sick! They can’t possibly force you to continue training when you’re sick!” Fei Ye said after thinking for a while.

“Pretending to be sick? Would they believe it? Moreover, with our relationship, even if I’m really sick, I’m afraid they won’t let me go.” Philip said worriedly.

“Sister! You won’t know if you don’t try.” Fei Ye encouraged.

“Alright then! I’ll pretend to be sick tomorrow, and then take the opportunity to go out and find her. But you have to cooperate with me! I can’t let anyone discover my whereabouts.” Philip reminded her. Although this sister of his was not very successful, they were both on the same boat now. She did not believe that this sister of his would still be a burden to her.

“Sister, don’t worry! I’ll definitely think of a way to stall the three of them tomorrow. At that time, you just need to go out and find them.” Fei Ye promised. This was a matter of her freedom. Even if it was not for her sister, she did not want to be tortured by Leng ruoxue and the others.

“Alright,” he said. After the two sisters reached an agreement, they directly fell on the hard bed and fell asleep without realizing it.

The next morning.

Leng ruoxue and the other two had just woken up when they saw Fei Ye running into their room with red eyes. When she saw them, she immediately cried out, “waa!” , He started to cry loudly ...

“What are you crying for? We’ve seen you crying so early in the morning, do you want us to be depressed for the whole day?” When grape saw Fei Ye’s tear-stained face, not only did she not have any pity for her, but she also roared in annoyance.

“Sister! Sister is sick!” Fei Ye sobbed, but her heart was pounding. These people were really too rough and unsympathetic. It was fine if they didn’t comfort her when she was crying like this, but they treated her like a fiend, just like two days ago! This was really infuriating!

While she was thinking about this, she couldn’t think about why he was treating her like this. If it wasn’t for the fact that the two sisters had done something that no one could tolerate, they wouldn’t have been treated like this.

“He’s sick? That means he’s not dead yet! If you’re not dead, why are you wailing! Don’t tell me you can’t wait for your sister to die?” Grape said with a look of understanding. She knew that FEYE did not like her sister, so she naturally spared no effort to add oil to the fire.

“She’s my sister! Why would I want her to die? I just want to beg you to save her! She’s really seriously ill.” Fei Ye said with red eyes.

“Grape! Since Philip is really sick, you should go and ask him for my help!” At this moment, Leng ruoxue finally spoke.

“Many thanks, miss!” Fei Ye quickly replied after hearing Leng ruoxue’s words. However, she kept calculating in her heart. When they went to her sister’s room, they would know that her sister was really sick. Also, according to her sister, the poison she had poisoned herself could not be cured by anyone other than herself.

Following that, grape and lotus seed accompanied Fei Ye to the room to visit Philip. When they returned, they reported to Leng ruoxue with exaggerated details.

“Miss! You don’t know how much money Philip spent to feign illness.” Grape said with a speechless expression. She really did not expect that Philip would hurt her unscrupulously just to ask for help. That woman was cruel to others, but she was even more cruel to herself. It was really too terrifying.

“Since that’s the case, don’t let her down. It’s not easy for them.” Leng ruoxue chuckled.

“Hehe! Miss! I’m a kind and good person! In order to help her act more thoroughly, I also gave her some medicine to make sure that her acting will be more realistic.” Grape said with a mysterious smile.

“Argh! Did you drug her too?” Hearing grape’s words, lotus seed could not help but exclaim.

“You’re going offline too?” Grape’s eyes widened, and she looked at lotus seed in disbelief. She never thought that lotus seed, who had always been kind in her eyes, would actually do such a thing. Did this count as the young miss’s guidance?

“Mm! What did you put in?” Lotus seed asked curiously. She and grape had a lot of medicine on them, some for saving lives and some for killing. These medicines were all given to them by miss for self-defense, so they carried them with them. Some were not even kept in their storage rings, which made it more convenient to use.

“I gave her some itching powder.” Grape said proudly.

“I gave her stinky eggs.” Lotus seed said.

“At least you guys are of one mind, there’s no next move.” Leng ruoxue’s forehead was dripping with cold sweat. She wasn’t surprised that grapes would drug Philip because that girl had a fiery temper. After following her, she wasn’t bound by the yin family’s rules, so naturally, she was like a wild horse that had broken free from its reins. However, lotus seed, who had always been calm and steady, had actually drugged Philip. This made her sigh. The power of a role model was strong. Of course, she didn’t think that lotus seed had drugged Philip because of her. So, This grape must be the scapegoat.

“Hehe! Miss! How should we deal with Philip?” Grape asked with a face full of schadenfreude. This time, that guy was probably going to go for wool and come home shorn.

“Don’t worry about her! Just focus on training FEYE today.” Leng ruoxue replied calmly.

“Yes!” “Yes,” grape and Lotus replied. After that, they turned around and left Leng ruoxue’s room excitedly.

Fei Ye stood in the courtyard, her eyes fixed on Leng ruoxue and the other two. She was afraid that they would go and see her sister again on a whim. She was afraid that her sister was no longer in the room, and she must not let them find out about this.

Poor Fei Ye was still daydreaming, but in reality, the plan that the two sisters had agreed upon was already known by Leng ruoxue. The reason why Leng ruoxue was willing to cooperate was because she wanted to kill two birds with one stone. As for the two birds, they were not within the scope of her concern.

On the other side, after Philip sneaked out of Leng ruoxue’s courtyard, he found a guard who seemed to be easy to talk to. He begged him to pass a message to the young master, saying that he was waiting for him to save her. When the guard heard Philip’s words, he was shocked at first. Then, he saw the injuries on Philip’s face and immediately felt sympathetic towards him. He promised that he would help her pass on the message.

Upon seeing this, Philip immediately thanked the guard profusely. He even took out a piece of high-grade crystal as a thank you gift. The guard was initially unwilling to accept it, but Philip forced the crystal into the Guard’s hands. After that, he told the guard where he was staying and quickly ran back to his simple room. He did not want Leng ruoxue and the others to become suspicious. If that happened, she would have wasted her time.

The guard watched Philip’s back as he left, a meaningful smile on his lips. Then, he teleported and left the courtyard.

Philip returned to his room and immediately lay on the bed. She had already taken the antidote for the poison she had given her, but for some reason, her body still felt as if there were tens of thousands of ants gnawing on it all day long, causing her to itch! She couldn’t take it anymore, so she scratched herself with her hands. Wherever her hands could touch, she would leave a trail of blood. If she couldn’t touch it, she couldn’t help but rub it on the bed to relieve the itchiness and pain on her body.

When Fei Ye walked into their room like a dead dog, she saw Philip rubbing against the bed. His clothes were untidy as if he had been ... But she knew that was impossible.

“Sister! What are you doing?” Philip’s strange behavior even made her ignore the stench that she had smelled when she entered the room.

“Fei Ye! Why are you only back now? my back is so itchy, help me scratch it.” Philip quickly ordered when he saw that FEYE had returned.

“Sister! Look at what you look like now. If the young master comes and sees you like this, how can he save us?” Seeing that Philip did not realize that his actions were inappropriate, she could not help but admonish him. After all, this was related to her fate, so she would not allow Philip to make any mistakes.

“He won’t be able to come so quickly. Hurry up and help me scratch. Don’t waste any more time. Otherwise, I won’t be able to leave this place, and I won’t let you leave either.” Philip could not help but warn.

Chapter 1469: The crazy Philip (1)

FEYE was extremely displeased by her sister’s threat, but she knew her selfish sister well enough to know that she would definitely do something like that. So, she reached out and scratched her unwillingly ...

With Faye’s help, the itchiness and pain on Philip’s body eased a lot. However, the stench on her body became stronger and stronger, so strong that Faye was about to vomit.

“Sister! Why is your body so smelly?” FEYE covered her nose and asked unhappily.

“Stinky? What nonsense are you spouting! Why is there a stench coming from my body?” Philip immediately shouted in dissatisfaction after hearing what Faye said.

“Sister! It’s really coming from you. Can’t you smell it?” Fei Ye said in disbelief. How could Philip not smell such a strong scent? It was too strange.

“No, I didn’t! Fei Ye! You’re wrong, how could I have a smell!” Fei Ye said unhappily with a straight face. In fact, she really couldn’t smell the smell from her body. This was the advantage of Leng ruoxue’s elixir. The person involved couldn’t smell her elixir, but others couldn’t stand it. Not only that, if someone stayed by her side for a long time, they would also smell. Even if she took a hundred baths, she wouldn’t be able to get rid of this smell. Although this smell wouldn’t stay with her for the rest of her life, she still had to take a bath. However, it was impossible to remove it in a short period of time.

“Is there really a mistake?” Seeing that her sister was so certain, Fei Ye was a little uncertain.

“You must have made a mistake. I shower every day. You know that.” Philip said with dissatisfaction.

“Then where did this stench come from?” Fei Ye asked with a puzzled look.

“Could it be that you brought it in from the outside? How come I can’t smell anything?” Philip’s face was also filled with confusion.

Hearing Philip’s words, FEYE sniffed her own body and was shocked to find that she was also stinky. She was shocked. This can’t do! She couldn’t bring the stench to the young master. Thinking of this, she said to Philip, “It really seems like it’s from outside. Sister, I’m going to take a shower.” After she finished speaking, she ran out of the room in a hurry.

Her current identity was that of a maidservant, so she could only take a bath in the maidservant’s bathroom. When she entered, there was no one there, so she sneaked in like a thief and quickly took a bath before returning to the room.

As soon as she entered the room, before she could even sit down properly, grape sent someone to pass on a message, saying that she should take good care of Philip for the next few days. When Philip

recovered, they would train the two sisters together. When she heard this, for a moment, she actually hoped that her sister's illness would never recover.

At the same time, the guard who had passed on the message for Philip returned to the city Lord's mansion without a sound. He did not go to Liao yang directly, but went to see Zuo Yi.

Zuo Yi's residence.

Zuo Yi! Who was sitting in the study! Heard the Guard's report and a faint smile appeared on his handsome face! It had only been two days, and a good show was about to start? Oh! He really did not know how Leng ruoxue would treat the two women who had betrayed her. He was really looking forward to it!

"Master! This message must be passed on to the young master, understand?" The guard asked respectfully. Zuo Yi was his real master, but they all called him Lord Zuo on the surface. They were the guards of the city Lord's mansion now.

"Of course! Otherwise, wouldn't we be letting down that woman's good intentions? by the way, the wound on that woman's face hasn't healed yet, has it?" Zuo Yi could not help but ask.

"Not good! It seems to be even more swollen. I was almost scared today." The guard said honestly with a look of disdain.

"Hahaha! That little maidservant was really fierce! But I like it." Zuo Yi laughed heartily.

"Uh!" After hearing Zuo Yi's words, the Guard's face darkened. He thought to himself, master's preferences are so different! Other people liked docile little sheep, but he liked Tigresses. However, to have a shrewish maidservant, this master was probably a real tigress.

"Go and tell this message to Liao yang! By the way, tell me about the plight of those two women. Remember to make it sound miserable, or else he won't go." Zuo Yi reminded with a faint smile.

"Yes! "Master, the wound on Philip's face ..." The guard only managed to finish his sentence, but he knew that his master would understand.

"Of course I can't tell you! You have to pick a good one to say." Zuo Yi reminded.

"This subordinate understands." With that, the guard turned around and left.

Zuo Yi sat in his chair, thinking about what was about to happen. He couldn't help but laugh. He could imagine how shocked Liao yang would be when he saw that pig-like face. It seemed that he was really too free recently, even wanting to get involved in this kind of thing.

However, after the guard informed Liao yang of the situation, he didn't have much of a reaction. On Leng ruoxue's side, things gradually calmed down, but Feili's injuries had yet to recover.

In Leng ruoxue's room.

The grapes kept walking back and forth, making Leng ruoxue feel dizzy.

“Grape! Can you stop walking around? I’m going to get dizzy from all the spinning. ” Leng ruoxue reminded her in amusement. What trouble had this lass encountered again? Was it because he didn’t let her torture the sisters these two days?

“Miss! It’s been three days, why hasn’t there been any movement from the city Lord’s mansion?” Grape pouted her lips in dissatisfaction. The city Lord’s mansion was too inefficient. And that Liao yang, didn’t he know how to take care of women? Why didn’t they come to see the Philip sisters?

In fact, the sisters “little plan had always been in their hands. They also knew that Philip had asked someone to send a message to Liao yang in the city Lord’s mansion. However, after waiting excitedly for three days, there was no movement from the city Lord’s mansion, which made her a little annoyed.

“What’s the hurry? Zuo Yi is watching over there. If Liao yang comes, Zuo Yi will come and tell us. ” Leng ruoxue smiled calmly. Previously, Zuo Yi had sent someone to inform her. Philip had sent a message to the city Lord’s mansion, so he would naturally inform her of any movements there. Since someone was willing to be her spy, why not?

“Grape! Have you prepared the things I asked you to?” Leng ruoxue thought for a moment before asking.

“Don’t worry, miss! We’re all ready! We’re just waiting for the fish to take the bait. ” Grape promised with an evil smile.

“Yes.” Leng ruoxue nodded and did not say anything else.

That night, the weather in plentiful city changed, and it started to rain heavily.

Leng ruoxue stood in front of the window and stared at the bean-sized raindrops outside. She was in an extremely good mood. Today’s weather was really good! Oh! To be precise, today was a good day to do shameful things. She couldn’t help but think of the past. Every time she and the demon wanted to do something bad, they would choose a dark and windy time with bad weather.

“Miss! The wind is strong in front of the window, don’t catch a cold. ” Grape saw Leng ruoxue standing in front of the window and taking in the cold wind. He couldn’t help but remind her. Although they were all cultivators, before they cultivated to a certain realm, they could also fall sick. If cultivators fell sick, it wasn’t something that could be cured by taking some small medicine!

“It doesn’t matter! Grape, if I’m not wrong, there should be some movement today. ” Leng ruoxue chuckled.

“No way? It’s raining so heavily outside, why would Liao yang come?” Grape said in disbelief.

“Why wouldn’t I? He’s been grounded. If he didn’t take advantage of this weather, how could he have come out?” Leng ruoxue understood. Liao yang hadn’t shown any reaction these few days not because he didn’t want to come, but because he didn’t have the chance. Now, it was a good chance.

“Uh! That’s true!” Grape thought for a while and said.

“Hahaha! Miss Leng is really smart!” As soon as the two of them finished speaking, a figure suddenly appeared in front of the window.

“Are you trying to scare me to death? How can you come uninvited? You don’t even know how to knock!” Seeing that the person who appeared was Zuo Yi, grape could not help but shout.

“It’s raining so heavily outside. If I knock on the door, not only will you not hear me, but I’ll also have to trouble you to open the door for me. Besides, why are you so timid? Look at how calm your young miss is! You have to learn!” Zuo Yi said with a smile. The implication of his words was that he did not knock on the door because he was thinking for them.

“You ...” Grape was so angry that he couldn’t speak. His pair of beautiful eyes could only glare fiercely at the annoying man in front of him.

“Honoured guest, did you come here just to anger my maidservant?” Hearing Zuo Yi’s words, Leng ruoxue laughed lightly and teased.

“Of course not! I’m here to watch a good show. Liao yang has already set off from the city Lord’s mansion.” Zuo Yi laughed evilly.

“You’re already here, why isn’t he here yet?” Leng ruoxue asked in confusion. She had asked Qing Jue to keep an eye on Philip!

“He’s the young master. Although he sneaked out, he still has to put on airs! Unlike me! I’m all alone, so I can go wherever I want!” Zuo Yi said with a self-deprecating tone.

“Moreover, my cultivation is above his. It’s normal for me to be faster than him.” Zuo Yi added.

“So, he’ll have to wait a while before he arrives?” Leng ruoxue said.

“Mm! If there’s anything you want to do, you can tell me and I’ll find someone to help you.” Zuo Yi said with a smile.

“Have you always been a traitor?” Leng ruoxue was a little speechless. This person was still a guest elder of the city Lord’s residence! He actually wanted to help her deal with Liao yang. Although there was someone who came to her door, it would be a waste not to use him. However, she had to ask clearly to avoid causing trouble for herself.

“How can this be considered a traitor? I’m helping the city Lord’s son and watching a good show at the same time. Besides, I’m not a servant of the city Lord’s mansion. It’s the city Lord who invited me here, not his son, so don’t you accuse me!” Zuo Yi said with a wronged expression.

“Alright then!” Leng ruoxue nodded. She had accepted Zuo Yi’s explanation.

Then, she told part of the plan to the left wing. Originally, she wanted to let grape and lotus seed do this, but for such matters, the more manpower the better. With the participation of the left wing, the plan would be more smooth.

However, after Zuo Yi heard Leng ruoxue’s instructions, black lines appeared on his forehead. He didn’t dare to say how high the cultivation of his confidants was, but wasn’t it overkill to ask them to do such a thing?

“What’s wrong? Are you looking down on such a small matter?” Leng ruoxue looked at Zuo Yi’s expression and knew what he was thinking.

“No! I just feel that this is a bit of a waste of talent for them?” Zuo Yi spoke the truth. His trusted subordinates had followed him for many years and had fought their way through all sorts of battles.

“It doesn’t matter how big or small it is! Besides, you’re the one who said you wanted to help. Otherwise, I would have asked grape and lotus seed to do it.” Leng ruoxue said indifferently.

“Alright then!” Zuo Yi understood the underlying meaning of Leng ruoxue’s words. “If I can be my maidservant, why can’t you be your confidant?”

“Guest master, although you agreed reluctantly, believe me, when you see it with your own eyes, you will definitely be satisfied.” Leng ruoxue reminded him with an evil smile.

“I’ll wait and see.” Zuo Yi said expectantly.

After communicating with Leng ruoxue, Zuo Yi sent a message to his confidants and explained the situation to them. Then, the few of them waited patiently.

As midnight approached, a sneaky figure sneaked into Leng ruoxue’s courtyard. Needless to say, this person was Liao yang, who had been waiting for Leng ruoxue and the others for a long time.

The reason why he had sneaked in was because he didn’t want his father to find out and he also didn’t want Leng ruoxue to see him. After all, he wasn’t here to see that hateful woman. The moment he thought of that woman who didn’t know what was good for her, his heart would be filled with anger. However, at the same time, he couldn’t let her go.

He was quite familiar with the courtyard, so it didn’t take much effort for him to sneak into Leng ruoxue’s residence. He also found the room that Philip mentioned easily.

He gently knocked on the door twice, and Fei Ye, who had been sleeping soundly, was woken up. For the past few days, she had been thinking about when the young master would come, so she had not been able to sleep well. Even a small sound would wake her up.

“Who is it!” Philip asked in a low voice. She did not dare to make a loud noise in the middle of the night, for fear of alarming others.
