

Crazy Wife 1471

Chapter 1471: The crazy Philip (3)

"It's me!" Liao yang said in a low voice.

"Young master!" Fei Ye was overjoyed. The young master had really come. This was great.

Surprised, FEYE quickly got down and opened the door, not even bothering to put on her coat.

When he saw Fei Ye, who came to open the door, wearing only a translucent white inner garment, and her towering chest was faintly visible, Liao yang suddenly felt a hot stream rushing to his head. These days, he had been grounded in the courtyard by his father, the mayor. Even the beautiful maidservant beside him had been replaced by his father's attendant, which made him, who had always been a lecherous man, not eat meat for a few days. Therefore, it was easy to imagine how big the impact of Fei Ye's seduction on him was.

In fact, the main reason why Liao Hui changed all the women around him to men was that he hoped that his son could cultivate his character and not cause any unsalvageable trouble before marriage. Unfortunately, Liao yang did not understand his father's thoughts. Instead, he had long been complaining in his heart. He felt that his father was still controlling him a little too much even though he was already so old!

"Ye'er! I miss you so much!" Seeing Fei Ye, Liao yang held her tightly in his arms and moved his hands up and down.

"Young master! Don't be like this, I'm here." Fei Ye pretended to be shy and avoided Liao Yang's touch. Although she wanted Liao yang to treat her like this, she still had to pretend to be a lady when it was time. Otherwise, she would be looked down upon by Liao yang. Although she said no, her body was already hanging on Liao yang.

"It doesn't matter! I'm here to see you two sisters, I've missed you two so much." After saying that, Liao yang closed the door and carried feiye to the small bed where she was sleeping. They lay down together ...

At the same time, Leng ruoxue and the others who were hiding in a dark corner were in no mood to enjoy the live erotic scenes in the room.

Leng ruoxue smiled at Zuo Yi and said, "Do we do it now? Philip doesn't seem to have woken up yet, go and wake her up!"

"I'm not going! However, I can send a Beastie." Zuo Yi said with a look of disdain. After he finished speaking, a fist-sized bee appeared in his hand. The bee's entire body was dark gold, and its two pairs of wings were as transparent as crystal. It looked exceptionally beautiful.

Leng ruoxue had not expected Zuo Yi to have a bee as a beast. Out of curiosity, she couldn't help but exclaim in admiration at his unique preference. It seemed that this guy had a heavy taste.

“Dark! Go and wake Philip up. Her sister is enjoying herself, how can she not join in!” Zuo Yi said indignantly.

“Uh!” After listening to Zuo Yi’s words, Leng ruoxue and the other two’s foreheads were filled with black lines. They thought to themselves, ‘what is this fellow trying to do? They did not want to wake Philip up so that she could participate in this. Zuo Yi’s words further confirmed Leng ruoxue’s guess that this man had a strong taste.

“Master! When do we make our move?” A guard suddenly ran over and asked in a low voice.

“It’s not the time yet. I’ll give you the signal later.” Zuo Yi said.

“Yes.” The guard nodded in response and left silently.

“Don’t tell me you still want to enjoy the live spring?” Leng ruoxue chuckled as she teased. However, the word ‘master’ from the Guard’s mouth had caught her attention. It seemed like Zuo Yi was a rather mysterious person! She just didn’t know what his background was!

At this moment, a scream came from the Phillie sisters ‘room, followed by a man’s exclamation, and then a series of banging sounds came out ...

“Who are you? Where did you come from?” Liao Yang’s voice came from the room. When Leng ruoxue and the others heard it, they all knew that Liao yang had seen Philip. However, Philip’s current appearance did not make Liao yang feel any pity for her. Instead, it made him even more annoyed with her. It was Philip’s fault for ruining his good time! At this critical moment, any man would be angry.

“I’m your Philip! I was the one who sent someone to inform you to come and save me.” In the room, Philip said with a pained expression, his voice even a little choked.

“Ye ‘er! She’s really your sister?” Liao yang said in disbelief. Although Philip was not the most beautiful woman he had ever seen, he still could not accept the fact that this person was calling herself Philip. Moreover, he and Fei Ye were on the same level, which made him even more annoyed with this pig-faced woman.

“How could she be my sister? Young master! Don’t listen to her nonsense. It’s not like you haven’t seen my sister before.” Hearing Liao Yang’s question, Fei Ye quickly replied. She knew that she could not admit that this woman, who had long lost her human appearance, was her sister. Otherwise, not only would Liao yang not save her from her misery, but he would also leave in a fit of anger, which was not what she wanted.

For the past three days, she had tried her best to cover up the smell in the room and on her body. She was afraid that Liao yang would dislike her when he came. Originally, everything was going smoothly. However, she did not expect that her sister, who had suddenly barged in, would ruin her good plan. At this moment, she really wanted to strangle her sister who failed in her task and was good at spoiling things. It was bad enough that she was unlucky, but why did she have to involve her?

“Fei Ye! You shameless little B * tch, how dare you not acknowledge me!” Hearing Fei Ye’s words, Fury rose in Philip’s heart. At this time, she only thought that Philip didn’t admit that she was only enjoying Liao Yang’s love and wealth alone, but she had long forgotten how terrifying her current appearance was.

After cursing, she felt that it was not enough, so she rushed up to Fei Ye, wanting to hit her. However, Liao yang, who was with Fei Ye, would not give her the chance. He released a gust of wind-type divine power and sent Fei Li flying ...

Liao Yang's strength was not weak. After being hit, Fei Li fell directly to the wall, and blood flowed down from the corner of her mouth. However, after struggling to stand up, her venomous snake-like eyes stared at Fei Ye, who was trembling in Liao Yang's arms. If hatred could kill, Fei Ye would have died a thousand times over.

"Young master! Save me!" Fei Ye felt Fei Li's gaze and was so scared that she hid in Liao Yang's arms. At this time, Fei Ye's helpless and fragile appearance aroused Liao Yang's desire to protect her.

Chapter 1472: The crazy Philip (4)

"Don't be afraid! I'm here! This ugly woman won't dare to do anything to you." Liao yang quickly comforted him.

"I won't let you off!" Fei Li listened to their conversation, and she hated Liao Yang as well. After calming down, she took out a long knife from her storage ring. This knife was her family heirloom, and she rarely used it. Fei Ye's face turned even paler when she saw the knife.

She was no stranger to this knife because when she was young, this sister of hers had used this knife to scare her a lot. And that knife was indeed a treasure knife that could cut through iron as if it were mud. Just looking at the terrifying cold air emitted from the knife was enough to make one's legs go weak. Now that her sister had shown this knife, was she planning to kill her? Fei Ye thought to herself, a little scared. However, with Liao Yang by her side, she was more or less at ease.

"I advise you not to act recklessly. I'm the young master of plentiful city. It won't do you any good to provoke me." Looking at the knife, Liao yang couldn't help but remind the other party of his identity. It was a really good knife! Wasn't it a bit of a waste to leave it in the hands of this ugly woman?

"So what if you're the young master? Since you've been unkind to me, don't blame me for being unkind to you!" Fei Li said angrily. If she had been worried about Liao Yang's identity before, then after Fei Ye refused to acknowledge her and Liao yang hit her, she had nothing to worry about anymore. She knew very well that even if she did not fight to the death, Liao yang would not let her go. Since they had already fallen out, she had to find someone to die with!

At this moment, Philip was thinking, "if I die, you guys won't have an easy time either!"

After making up his mind, Philip injected his divine power into the long saber. Immediately, the long saber, which was emitting white light, flickered with red light. Then, the saber ray flew toward Fei Ye and Liao yang ...

Seeing this, Liao yang did not care about the weak beauty in his arms anymore. He quickly jumped off the bed and found a safe place to rest. Fei Ye, who was not as strong as Philip, was not so lucky. Although she wanted to Dodge, Philip's sword light was mainly aimed at the two of them. He would not give her the chance!

Even though FEYE had jumped off the bed, the red light from the blade still managed to cut her skin. The other blades did not want to leave empty-handed either. After their first attack failed, they started to search for their next target ...

Liao yang didn't expect that the blade light would attack again. Fei Li, who was not far away, kept releasing the blade light in his hand. For a moment, Fei Ye, who was covered in blood, and Liao yang, who was in an extremely sorry state, could only run around like headless flies. However, more and more blade lights refused to let them go. No matter where they hid, they would follow them like a shadow.

The room they were in was not big to begin with, so it did not take long for both of them to be covered in wounds, and Fei Ye's injuries were even more serious.

"Sister! I was wrong! Please spare me!" Fei Ye, who was covered in blood, begged for mercy. However, Philip, who had already made up his mind to kill her, would not let her go!

"You crazy woman! Stop!" Liao yang, who was entangled by the blade light, also shouted.

"Impossible! You can't stop after using this blade technique. You can all go to hell with me! Hahaha!" Philip laughed arrogantly. His swollen face became even more distorted, and Liao yang almost vomited.

"Men! Someone come and protect me!" Seeing that the ugly woman in front of him had really gone crazy, Liao yang was a little scared. He didn't care that his sneaky escape from the city Lord's mansion had been exposed, so he shouted for help.

At this moment, Leng ruoxue, who was hiding in the dark and watching the show, raised her eyebrows slightly. She looked at Zuo Yi and asked, "As a guest elder of the city Lord's mansion, why aren't you going to save him?"

"What's the hurry? he's not dead yet, right? Just leave a breath before you go in." Zuo Yi said disapprovingly.

"Uh! Do you have some sort of deep enmity with this young master?" Leng ruoxue asked curiously.

"No, I didn't! I was invited by his father. Although he's very dissatisfied with me, he doesn't dare to offend me too much. I also don't buy it, as long as it's acceptable on the surface, so we really don't have too many disputes." Zuo Yi explained.

"Then what are you doing?" Leng ruoxue deliberately only said half a sentence. Her beautiful eyes were fixed on Zuo Yi, waiting for his answer.

Chapter 1473: People from The Alchemist Guild headquarters (1)

"He sneaked out to court death, what does it have to do with me? I don't have the obligation to save him. Besides, he asked for it. I have to teach him a lesson! But the most important thing is that this woman is too scary. I can't afford to offend her. If her blade light hits me and I'm injured, wouldn't that be an undeserved disaster?" When Zuo Yi said this, he looked at Leng ruoxue with a bitter expression, as if he was saying, 'how could you be so cruel!'

"Al! Women are Tigers!" Zuo Yi sighed when he saw that Leng ruoxue was ignoring him.

"It's the man who turned the woman into a Tiger." Leng ruoxue said with a smile.

"Miss Leng, Tigers are born. How can you blame a man?" Zuo Yi whispered disapprovingly because he would definitely have a part in the man Leng ruoxue was talking about. He could not be the scapegoat.

"Then who is to blame?" Leng ruoxue asked with a half-smile after hearing Zuo Yi's words.

At this moment, a few more shrill cries were heard from the room.

"Argh! Help me!"

"Someone come quickly! Protect me!"

The voices came from Fei Ye and Liao yang. Leng ruoxue and Zuo Yi looked at each other and smiled. However, neither of them had the intention to go in and save him.

"Someone's calling for help!" The two of them repeated in unison.

"Do you want him to die?" Zuo Yi asked with an evil smile.

"Do you want him to die?" Leng ruoxue asked in confusion after hearing Zuo Yi's words.

"I don't care! He's not anyone to me." Zuo Yi shrugged his shoulders and said.

"I don't want him to die now." Leng ruoxue said with a faint smile. She had underestimated how crazy Philip was. Her plan had basically died before it could even be carried out. This made her a little unwilling. However, there was a benefit to this. At least, the city Lord would not pin the blame on them.

"Then let them cut him a little longer. I'll order people to save him." Zuo Yi said with a smile.

"I think we can go back and sleep." Leng ruoxue said after some thought.

"That's reasonable!" Zuo Yi agreed with this idea, but action was better than action. After making the decision, Zuo Yi explained it to his confidants and they went back ...

The next morning, before Leng ruoxue had even given her instructions, grape had gone to gather information with a face full of curiosity. When she returned, she did not wait for Leng ruoxue to ask and told Leng ruoxue and Lotus about what she had gathered with a smile.

It turned out that after they left yesterday, Zuo Yi's men did not immediately go in to save the young master. When they went in, Liao yang was almost dying. As for the sisters, they had already stopped breathing. No one could save them!

Although grape felt relieved that they were killing each other, she also felt a little regretful because the plan they had arranged did not work. They had made her excited for a few days, which was really depressing.

However, after Leng ruoxue heard her words, she told her with certainty that the matter was not over yet! Liao yang was wounded to the point of death, and the main culprit had died. So, who would the depressed city Lord vent his anger on? Without a doubt, the people living in the courtyard would definitely become the scapegoats, and they would probably be the first to bear the brunt.

However, if there were any signs of trouble, the left wing would most likely inform them. Hopefully, the city Lord was a smart person and would not do anything stupid. Otherwise, she could not guarantee what she would do.

At this moment, the city Lord's residence was just as Leng ruoxue had expected. It was shrouded in dark clouds.

In Liao Yang's room, Liao Hui kept walking around with a dark face. The others in the room saw this and didn't dare to make any sound. The atmosphere was extremely tense.

At this time, Liao Yang's room door was pushed open again. Zuo Yi strode in and looked at Liao yang lying on the bed. He frowned and said, "City Lord! What's wrong with the young master? How did you get so badly injured?" His face was filled with confusion. Luckily, Leng ruoxue wasn't here. Otherwise, she would definitely say that he was acting! Continue acting!"

"Left wing! Where have you been?" After Liao Hui saw Zuo Yi, his face darkened and he asked unhappily. Something happened to his precious son. He wanted to find Zuo Yi to discuss the countermeasures, but he could not find him. This made him even more angry.

"I went to the neighboring city to do what the city Lord told me! Didn't I mention it to you before?" Zuo Yi said with a wronged expression.

"Oh!" After Zuo Yi's reminder, Liao Hui remembered that Zuo Yi had told him that he was going to the neighboring city. However, because of yang 'er, his mind was in a mess and he could not remember anything at all. He only wanted to find his favorite guest elder to discuss countermeasures, but he could not find him. This made him more and more anxious.

"City Lord, who injured the young master?" Seeing that Liao Hui did not answer his question, Zuo Yi continued to ask, hehe! He knew Liao yang too well. If he didn't ask clearly, Liao yang would definitely doubt his loyalty. Of course, he had to put on a show!

In fact, ever since he found out that the sisters had sent someone to pass a message to Liao yang, he had been preparing to find an excuse to leave the city Lord's mansion. At this time, Liao Hui had something to ask him to do. With an excuse, he naturally would not stay any longer. In just one day, he had completed the task that Liao Hui had asked him to do. Then, he returned to plentiful city without anyone knowing. All of this, except for a few of his confidants, no one else knew. He also cleared his name to avoid Liao Hui's anger.

"By two B * tches, but they're already dead." Liao Hui gritted his teeth and said. Hatred flashed in his eyes.

"How did you get hurt by two B * tches? Wasn't the young lord grounded in his room by the city Lord?" Zuo Yi asked with a puzzled expression. The expression on his face was as pure as it could get.

"Al! It's really embarrassing to say!" Liao Hui sighed and then said, "Yang 'er sneaked out of the city Lord's mansion last night to see the B * tch who was locked up in the courtyard. I really regret that I was soft-hearted at that time and didn't deal with those women. Otherwise, how could yang' er be in trouble?"

“City Lord! The women in the side courtyard have all followed young master for many years, they shouldn’t have the guts to hurt young master like this, right?” Zuo Yi frowned and pretended to be confused. In fact, he was laughing inside because Liao yang was too funny now. His whole body was wrapped in gauze and only his eyes could be seen. He did not understand how serious his injury was.

Chapter 1474: People from The Alchemist Guild headquarters (2)

“Hmph! If they didn’t have the guts, why would yang ‘er be lying in bed unconscious!” Liao Hui said with some hatred. He had told yang ‘er long ago that women were a source of trouble and asked yang ‘er to restrain himself, but his son didn’t listen. Now, something had happened!

“City Lord! Which woman was the one who hurt him?” Zuo Yi asked again.

“It’s a pair of sisters called Fey something! I heard that he didn’t follow yang ‘er for long. ” Liao Hui sighed and said. He had already ordered his subordinates to throw these two sisters into the river to feed the fish. However, he still did not feel any hatred!

“Oh! City Lord, since the two sisters are already dead, doesn’t that mean that the young master can’t avenge them?” Zuo Yi pretended to ask. In fact, he asked this because he wanted to know what Liao Hui was going to do next.

“I’ve already sent people to investigate their family’s address. I believe we’ll be able to find it very soon. Even if they’re dead, I won’t let their family off, Hmph! Their families must pay the price for their daughter hurting yang ‘er. ” Liao Hui said fiercely.

“Mm! We must take revenge for the young master!” Zuo Yi said, hoping for the world to be in chaos. After all, the person the city Lord wanted to kill had nothing to do with him, so he was happy to watch a good show.

“Zuo Yi, yang ‘er is injured to this extent. I don’t intend to let the women in the courtyard off.” Liao Hui said.

“City Lord! The young master’s injury has nothing to do with the other women, but if we kill those women as well, it will affect the young master and the city Lord’s reputation if word gets out. ” Zuo Yi reminded him with a worried look.

“Hmph! I can’t care anymore, those women actually left yang ‘er in the lurch, how could I tolerate them?” Liao Hui said with some hatred.

“Leave him to die? City Lord, why do you say that?” Zuo Yi appropriately showed his confusion and asked.

“Yang ‘er was so seriously injured. He must have asked for help before he fainted. However, no one went to save him. Don’t you think they deserve to die?” Liao Hui gritted his teeth and said.

“City Lord! I can understand that you want to kill them to avenge the young master, but killing them is really not a wise move. Although those women’s families are not very powerful, and they may not have a high status in the family, but the purpose of their existence is also proof that the family behind them has a good relationship with plentiful city. If the city Lord kills them in a rage, what will those families

think? Would the young master be sad when he woke up? Besides, it rained heavily last night, so it's understandable that they didn't hear any cries for help. If it wasn't for the heavy rain, I could've rushed back to the city Lord's mansion last night." Zuo Yi advised him earnestly. As for whether Liao Hui would listen to him, it was none of his business.

"I understand what you're saying, but I'm not willing to accept this!" Liao Hui kept sighing. The reason why he didn't kill those women last time was not only because he was afraid that his son would be sad, but also because of their families. After all, most of the women had families.

"City Lord! The most important thing right now is to treat the young master's injuries. We can discuss the rest later!" Zuo Yi reminded.

"I know! I've already sent someone to The Alchemist Guild headquarters to invite an Alchemist." Liao Hui said.

"Why did you go to The Alchemist Guild headquarters to invite people? Doesn't our plentiful city also have an Alchemist Guild?" Zuo Yi asked in confusion.

"They can't cure yang 'er's injuries." Liao Hui said dejectedly.

"Is the young master's injury very serious?" Zuo Yi couldn't help but ask. Yesterday, after he left the courtyard, he had gone to find a place to sleep. When he returned to the city Lord's mansion, the housekeeper had immediately told him that something had happened to Liao yang. Therefore, he didn't have time to ask his confidant about the details of the situation and went straight to Liao Yang's residence.

"En!" Liao Hui nodded but did not elaborate.

"City Lord! The heavens will help the young master, he'll be fine, don't worry!" Zuo Yi consoled him with a concerned look.

"I hope so!" Liao Hui said with a face full of worry. In fact, he knew his own suffering.

After Zuo Yi consoled him, he stayed in Liao Yang's room for a long time before he found an excuse to go back to his room.

As soon as he returned to his room, he summoned his confidant and wanted to ask about the situation last night.

In the room on the left wing, the guard seemed to have difficulty speaking.

"Just say what you have to say. Don't act like a woman and be so coy!" Zuo Yi really wanted to kick his confidant a few times when he saw him like this.

"Master! Liao yang is dying." The guard said in a low voice.

"What do you mean? Isn't he still alive?" Zuo Yi was confused.

"He's alive, but he can't do it in that area." The guard said, blushing.

"In that aspect?" Zuo Yi didn't understand, and his face was full of question marks.

“That’s the part that men care about the most, and he’s impotent. ” The guard saw that his master still didn’t understand and could only explain.

“Uh! It’s true! Hahaha! It’s retribution!” After Zuo Yi heard the Guard’s words, he couldn’t help but laugh wildly. That woman, Philip, was really capable. She had actually made a lecherous man impotent. This was a big blow to Liao yang! This was definitely more unbearable than killing him.

“No wonder Liao Hui went to The Alchemist Guild headquarters to invite people. However, can this kind of illness be cured?” Zuo Yi mumbled to himself with a curious expression. In the immortal realm, he didn’t seem to have heard of any medicinal pill that could cure impotence, right?

“Your subordinate does not know.” The Guard’s face turned red and he didn’t know what to say. Obviously, his master’s question made him very embarrassed.

“Oh! You can leave now and keep a close eye on Liao Yang’s movements. If there’s anything, come and tell me immediately. ” Zuo Yi was speechless as he looked at his confidant’s shy expression. He didn’t ask anything he shouldn’t have, did he? Why would a man be shy! He couldn’t help but curse in his heart.

Hearing Zuo Yi’s words, the guard heaved a sigh of relief and immediately ran out of his room.

Zuo Yi was depressed as he watched his confidant run away faster than a rabbit. Was he that scary?

However, even though he was depressed, he still had to share the good news with his partner. Therefore, when he found out that Liao yang was impotent, he immediately sent an to Leng ruoxue’s residence to tell her the news.

Chapter 1475: Someone from The Alchemist Guild headquarters arrives (3)

In the courtyard.

In Leng ruoxue’s room, she looked at the uninvited little thing in front of her and a few drops of cold sweat dripped down her forehead. ‘Just come if you want to!’ What was he trying so hard to act cute for?

That fist-sized dark golden Bee was currently staring at Leng ruoxue with its large, watery eyes. It did not even blink as it stared at her. Furthermore, its face seemed to reveal a trace of shyness. However, when it saw that Leng ruoxue did not take the initiative to respond to it, its gaze turned into a hidden bitterness.

“Uh! Little dark, right? How could you abandon your master?” Leng ruoxue couldn’t stand this bee’s resentful gaze anymore. If it continued to stare at her like this, she would definitely think that she had done something to let it down. In fact, this was only their second meeting.

“I didn’t abandon my master. My master ordered me to deliver this letter to you.” It was not hard to hear a hint of resentment in its tone. However, what Leng ruoxue did not know was that it was precisely because she did not greet little an warmly that the extremely fragile little bee was sad!

“Oh! Any good news?” Leng ruoxue asked curiously.

“Master said! Liao yang is impotent and said that Liao Hui wanted to take revenge for his son by killing the woman living in the courtyard. However, he was persuaded by him for the time being.” Dark answered honestly.

“Uh! You’re infertile?” Leng ruoxue was taken aback. She never thought that Philip would do something like this. This woman was too ruthless. It seemed like she had to learn from her!

“Mm! Master told you to be careful because Liao Hui’s mental state is not normal. He might change his mind at any time and send people to kill you.” Dark warned.

“Master also said that Liao Hui went to The Alchemist Guild headquarters to invite people. I don’t know if they can cure Liao yang.” Said dark.

“Alchemist Guild headquarters? When the alchemists from The Alchemist Guild headquarters arrive, I’ll have to trouble you to inform me again, little dark.” Leng ruoxue requested with a smile. Then, she took out a red fruit filled with dense spiritual Qi from her bracelet and handed it to dark.

“Thank you!” Little dark took the fruit joyfully and took a bite. It immediately felt a warm stream of energy flowing into its body. The warm feeling was so comfortable that it almost cried out. The fruit was so delicious! It couldn’t help but sigh in its heart.

Seeing that dark was eating happily, Leng ruoxue took out a few more fruits and told it to keep them well and not let its master find out. Otherwise, it would not be able to eat them.

When an heard Leng ruoxue’s words, he was so frightened that he hurriedly kept the fruits into his spatial pocket. Leng ruoxue, on the other hand, almost laughed out loud when she saw how cute the little bee was. This little fellow was quite cute too!

After delivering the message and receiving Leng ruoxue’s gift, it flapped its little wings and flew away happily ...

After dark left, grape, who had not said a word, could not help but ask, “Miss! I didn’t expect Liao yang to be impotent. I don’t know if it’s true or not. Could it be a fake news that the city Lord’s mansion deliberately made up?” She was a little suspicious.

“I don’t think so. It’s said that Liao Yang’s wedding is near. If the city Lord’s mansion deliberately spread some false news, I think there’s no need to hold the wedding next month.” Leng ruoxue said.

“Hehe! This is karma!” Grape said with relief.

“Miss! Now that Liao yang is impotent, his wedding should be canceled, right?” Grape said nosily.

“I don’t think so. The city Lord of plentiful city won’t let this news spread. Moreover, didn’t he send someone to The Alchemist Guild headquarters to invite someone?” Leng ruoxue said with a chuckle. She wondered who the person from The Alchemist Guild headquarters would be. It would be great if it was Liuyue, she thought.

“I hope no one can save him!” Grape said through gritted teeth.

“Hahaha! It doesn’t matter if you save him, at most, you’ll make him impotent again!” Leng ruoxue teased, not taking it to heart.

“Uh! What miss said is really good!” Grape said in agreement. After that, the two of them looked at each other, the meaning in their eyes was obvious.

Because of Liao Yang’s injury, both the city Lord’s mansion and the courtyard had temporarily calmed down. However, under this calm surface, there was a bloody incident that could break out at any time. The main reason why Liao Hui was willing to endure it was that the people from The Alchemist Guild headquarters had not arrived yet.

After waiting for several days, The Alchemist from The Alchemist Guild headquarters finally arrived.

As Liao Yang’s injuries were more serious, The Alchemist Guild headquarters had specially sent a vice Guild Master over. However, this person was not Liuyue.

After Liao Hui received the report from his subordinate, he personally went to the door to welcome this important guest from The Alchemist Guild headquarters.

“President Shen, I’ve been waiting for you for a long time. I’ve been waiting for the stars and the moon. You’ve finally come.” Liao Hui said excitedly when he saw the Vice President sent by The Alchemist Guild headquarters. Of course, the reason why he acted this way was mostly an act. After all, he had to show that he valued the other party so that the other party would do his best to treat yang ‘er’s injuries.

“Hehe! Hello, city Lord!” A tall, middle-aged man said calmly and politely. He was so polite because he didn’t know how to answer Liao Hui’s words. I haven’t seen how sick your son is! If you can’t be cured, you’ll eat me up! After all, as an Alchemist, what he was most afraid of was that his family members would place all their hopes on him. This would cause them a lot of pressure. After all, alchemists were not omnipotent!

“President Shen, I’m sorry for the delay. Please come in quickly!” Liao Hui pretended to be calm and said.

This vice president’s name was Shen nuo, and she was an Alchemist Imperial master. This was an existence that was only second to an alchemy God! And the only alchemy God in the divine realm was that President who had always appeared and disappeared like a ghost. However, the president of The Alchemist Guild headquarters was too mysterious, and no one knew his whereabouts. Thus, the people who usually took charge of The Alchemist Guild headquarters were the three vice presidents. The three vice presidents each carried out their own duties and managed The Alchemist Guild headquarters in an orderly manner, so the entire Alchemist Guild could be considered harmonious.

“City Lord Liao, please take me to see young lord Liao’s injuries first!” Shen nuo said as she walked. From Liao Hui’s words, it was clear that he wanted to treat him Well first. However, he didn’t come here to enjoy himself. As an Alchemist, he had a heavy sense of responsibility. If he didn’t see the patient’s condition, how could he be in the mood for anything else?

” President Shen has specially come for my son. I originally wanted to let you rest for a while, but since President Shen wants to see my son’s injury first, then I can only respectfully comply. ” Actually, when he first saw Shen nuo, he wanted to drag her to treat his son’s injuries. However, Shen nuo’s identity was extraordinary. Even if he was anxious, he did not dare to rush her too much. After all, she was not his subordinate. If he were to calculate carefully, Shen nuo’s status in the divine world was much higher

than his. Not to mention that he did not dare to easily offend Shen nuo, even the Divine Master's estate would not easily provoke these Alchemist and Weapon Master with extraordinary status.

"City Lord Liao! You don't have to be so polite with me. Young lord Liao's injury is the most important." Shen nuo said disapprovingly. In fact, the reason why he came here without stopping was mainly because he didn't want to stay in plentiful city for too long. Although there was a considerable distance between The Alchemist Guild headquarters and plentiful city, he didn't mind. After seeing Liao Yang's injury, he would treat it if he could, and if he couldn't, he would leave immediately. Who asked him to come here, and not willingly!

After Liao Hui sent someone to The Alchemist Guild headquarters to ask an Alchemist to treat Liao Yang's injury, the three vice guild leaders had a discussion and wanted to send a Saint Alchemist to convey the message. After all, they were well aware of Liao Yang's reputation and the reason for Liao Yang's injury, which made their impression of him even worse. The three of them were not stupid and did not think that an Alchemist should have the heart to save all living beings. However, plentiful city belonged to the God lord's estate, so, For the sake of the God lord's estate, they had to send an outstanding Alchemist to treat Liao Yang's injuries.

However, who knew that the person who came was too ambitious. He was not satisfied with the alchemists they sent and wanted the three of them to personally treat him. He even said that if they did not personally treat their young master's injuries, they would be looking down on the divine lord's estate.

When the three of them heard the man's unreasonable words, they were furious. However, they did not want to fall out with the God lord's estate. Therefore, they had no choice but to send an unlucky person to meet Liao yang. It was his fault for losing the bet!

"I'll thank President Shen first." Liao Hui said with a smile.

After that, Liao Hui took his time to bring Shen nuo to Liao Yang's room.

When they arrived at Liao Yang's room, Shen nuo carefully checked on Liao Yang's injuries, but she did not say a word. When she saw that he had become silent, Liao Hui's heart instantly jumped into his throat. Damn it, can he be saved or not, you should just tell me! He couldn't help but curse in his heart.

At this time, Liao Yang's injuries had almost recovered after the treatment of the elixir. The only thing that had not recovered, and what they were most concerned about, was Liao Yang's impotence.

Liao yang was Liao Hui's only son. If he was really impotent, wouldn't the Liao family have no descendants? This was absolutely unacceptable to Liao Hui, and even more so to Liao yang.

However, Shen nuo did not say anything for a long time, so even if Liao Hui was anxious, he could only endure it.

"Can my injuries be cured?" Liao Hui could bear it, but Liao yang couldn't.

"Please forgive me for not being able to help you with young lord Liao's injuries," Upon hearing Liao Yang's question, Shen nuo helplessly replied. His injury there was too serious, and even the best healing medicinal pill could not heal the injury there. Moreover, the veins and arteries there were all shattered.

“Aren’t you an Alchemist from The Alchemist Guild headquarters? Why can’t you cure my injuries? with your strength, what qualifications do you have to stay in The Alchemist Guild headquarters! I’m going to file a complaint to The Alchemist Guild headquarters and have them expel you.” When Liao yang heard that the man in front of him said that he couldn’t cure him, he was instantly enraged and shouted without a care. When Liao Hui heard Liao Yang’s words, his expression changed drastically, and he quickly gave his son a look, telling him not to say anything. Although he was very disappointed when he heard that Shen nuo couldn’t cure Liao yang, Shen nuo’s status was obvious! He wasn’t someone that this prodigal could insult as he pleased.

However, Liao yang, who was in a rage, obviously did not notice his father’s gaze. At this time, his heart was filled with anger and despair ...

Chapter 1476: Meeting Shen nuo (1)

“Whether I have the qualifications to stay in The Alchemist Guild headquarters is not something a young brat like you can decide. If you want to complain, go ahead. However, I can tell you bluntly that if I can’t cure an injury, no one in The Alchemist Guild headquarters can cure it!” Shen nuo said coldly. After he finished speaking to Liao yang, he stood up and said to Liao Hui, “City Lord Liao, I can’t do anything about your son’s injuries. Please find someone else! Goodbye!”

“Your Excellency Shen nuo! Please wait!” After Shen nuo finished speaking to them, she left without even turning her head back. However, Liao Hui could not let Shen nuo leave like this. Otherwise, it would be difficult for him to ask for help from The Alchemist Guild headquarters in the future. After all, no one in the divine realm was willing to offend an Alchemist. At that time, the God lord’s estate would also blame him. Compared to his son’s injury, this consequence was even more unbearable for him.

However, with Shen nuo’s God King level cultivation, if she really wanted to leave, how could Liao Hui catch up to her? he had just chased her out of the room, and Shen nuo was already gone. This made him both angry and annoyed.

In Liao Yang’s room, Zuo Yi looked at Liao yang with a smile and slowly said, “Young master is really too impulsive. Even if he can’t cure your injury, you can’t be angry at an Alchemist!”

“What does it have to do with you? If he can’t even treat such a small injury, it’s clear that his skills are inferior!” Liao yang was already in a fit of anger, and when he heard Zuo Yi’s words, he became even angrier.

“This small injury? Young master! Your injury may not be big, but it’s very troublesome. I’ve never heard of any Alchemist in the divine world who can cure the injury there!” Zuo Yi reminded with a faint smile. In fact, he was gloating.

“Hmph! That guy just now couldn’t do it, but that doesn’t mean others can’t. If The Alchemist Guild’s three vice guild leaders are willing to help treat me, I will definitely be able to recover.” Liao yang shouted with confidence.

“Young master! That esteemed one just now isn’t an ordinary Alchemist, he’s one of the three great vice guild leaders of The Alchemist Guild headquarters, Shen nuo. Now that he said he can’t cure you, do you

think there's anyone else who can cure your injuries?" Zuo Yi said helplessly. However, in his heart, he looked down on Liao Yang's arrogance. Not to mention that Liao Yang's injury could not be cured, even if it could be cured, after offending Shen nuo, he did not think that The Alchemist Guild headquarters would still send people to treat Liao yang.

"What?" Hearing Zuo Yi's words, Liao Yang's face turned pale. He was obviously frightened by the identity of The Alchemist just now.

"You're lying to me, I don't believe you!" After a long while, Liao yang shouted again.

"What do you not believe?" Liao Hui, who just returned to his room, asked coldly.

"Father! He actually told me that the person just now was the Vice President of The Alchemist Guild headquarters. Quickly tell me this isn't true!" Liao yang ignored his father's ugly expression and shouted in disbelief.

"This is real!" Liao Hui said, somewhat resentful that he had failed to live up to his expectations. Did this thing that was incompetent and good at causing trouble not know that they had a request from The Alchemist Guild headquarters? He actually spoke to him like that. If it was an ordinary Alchemist, he could have sent someone to apologize, but he just had to be The Alchemist Guild's Supreme Vice President. This wasn't something that could be coaxed with a simple apology!

"Father! He, he's really Shen nuo?" Hearing his father's words, Liao yang was truly afraid. He could choose not to believe Zuo Yi's words, but he had no choice but to believe his own father's words. Wu...What should he do?

"Could it be that there's someone else who would dare to impersonate him?" Liao Hui shouted angrily. After he chased out of the room, he did not find any traces of Shen nuo. This made him extremely angry. If the person who angered Shen nuo and drove her away was not his only son, he would definitely strangle that bastard to death!

"Father! What should I do? You have to help me! I don't want to be a cripple!" Liao yang said with a long face.

"You're asking me, but who should I ask? Weren't you very powerful just now? I gave you a look to tell you to shut up, but you didn't listen. Now you want to ask me?" Liao Hui was very angry.

"Father! I was wrong! I only lost my composure when I heard that my injuries could not be treated, and I did not know his identity. I, I am willing to apologize to him." Liao yang said with a face full of fear. He also knew that The Alchemist Guild headquarters could not be offended, because if they really angered The Alchemist Guild headquarters, it would be difficult for them to ask for help from The Alchemist Guild headquarters if someone from their side was injured in the future.

"Guilty? Do you think that you'll be fine just by apologizing? He's the Vice President, even your father doesn't dare to speak to him like that. You're so good, you actually dare to question his status as an Alchemist." Liao Hui suppressed his anger and said.

"Father! I really know I was wrong." Liao Yang's eyes were filled with tears as he said pitifully.

“City Lord! The matter just now couldn’t be completely blamed on young master. Moreover, what was the use of saying all this now! We should think of how to appease Sir Shen nuo’s anger.” Zuo Yi said.

“I also want to! However, Sir Shen nuo has already left the city Lord’s mansion in a fit of anger. However, I’ve already sent people to look for him.” Liao Hui sighed and glared at Liao yang before saying helplessly.

“Zuo Yi, you have to help me think of a good idea. I don’t want Sir Shen nuo to leave in a Huff.” Liao Hui said.

“City Lord! The young master will definitely have to pay for the crime himself. As for the rest, let me think about it.” Zuo Yi said after some thought.

“Good! Then you should quickly think of a countermeasure!” Liao Hui urged.

“Okay, I’ll take my leave first.” Zuo Yi gave a slight bow and left Liao Yang’s room.

After Zuo Yi left, Liao yang was a little dissatisfied.””Father! Why did you ask him to leave so quickly? I’m sick now, shouldn’t he be serving me?”

“Serve you, my ass! He’s a guest, not your servant, so don’t put on the airs of a young master in front of him. If I hear such words again, don’t blame me for being cruel!” Liao Hui was so angry that he shouted at the top of his lungs. This prodigal! He had just driven Shen nuo away, and now he wanted to find trouble with Zuo Yi. Unfortunately, these two people were not to be trifled with. It was a pity that this blind son of his could not see through it. Sigh! If she had known that he would become like this, she would have just strangled him.

After he finished speaking angrily, Liao Hui slammed the door and left Liao Yang’s room. After being scolded again, Liao yang blamed all his hatred on Zuo Yi. He didn’t dare to offend Shen nuo, but would he be afraid of a small guest elder? From the beginning to the end, he had never taken Zuo Yi seriously. No matter how many times his father had told him, in his eyes, Zuo Yi was only a subordinate of the city Lord’s mansion. Since he was a subordinate, there was no reason for him to not listen to him!

Chapter 1477: Meeting Shen nuo (2)

Zuo Yi left Liao Yang’s room and returned to his study.

At this moment, one of his trusted aides was already waiting for him in the study.

“Master!” Seeing Zuo Yi walk in, the guard hurriedly saluted.

“Yes, what’s the news?” Zuo Yi asked indifferently.

“Master! Sir Shen nuo has moved into the city’s full moon restaurant, and I have already sent people to keep an eye on her.” The guard reported.

“Moon Pavilion? Why didn’t he leave plentiful city?” Zuo Yi muttered to himself with a face full of regret. His words made the guard break out in cold sweat.

“This subordinate does not know!” The guard hurriedly said, and couldn’t help but secretly think, master! You’re now a guest elder of the city Lord’s mansion! Even if he didn’t do his best for the city Lord’s mansion, there was no need to drag them down! Those who didn’t know would definitely think that there was a deep hatred between their master and the city Lord’s mansion! In fact, he was well aware that his master was bored.

“You may leave!” Zuo Yi sighed.

“Yes!” The guard replied and left the study.

After the guard left, Zuo Yi summoned dark and said, “Go and tell Leng ruoxue! Just say that the people from The Alchemist Guild headquarters have arrived and are now living in the full moon restaurant.”

“Yes! Master!” When dark heard that it had to report the situation, it was overjoyed. This way, it could eat delicious fruits again. It had already destroyed all the fruits that Leng ruoxue had given it the last time.

Little dark flapped its wings and flew out of Zuo Yi’s study room happily. It went straight to Leng ruoxue’s residence.

In the courtyard, Leng ruoxue was lying in the garden, basking in the sun. When she saw the little bee that had suddenly appeared in front of her, she knew that there was new news.

“Dark! You’re here.” Leng ruoxue stretched out her hand and held an in her arms.

“Master told me to tell you that the people from The Alchemist Guild headquarters have arrived and are now living in the Moonview restaurant.” “Let’s go,” dark said straightforwardly. Then, he looked at Leng ruoxue expectantly.

Leng ruoxue chuckled when she saw the expression on dark’s face. She then took out a few more fruits and handed them to him. The moment dark saw the delicious fruits, its eyes lit up and it immediately kept them into its spatial pocket. It then looked at Leng ruoxue with a satisfied and grateful expression.

What an easily satisfied little fellow. Just a few fruits were enough to make it so happy. Leng ruoxue couldn’t help but think to herself, ‘beasts are easier to satisfy than humans.’

After delivering the message and getting the fruit that it liked, it flew away with satisfaction.

“Miss! Why do you want to see someone from The Alchemist Guild headquarters?” Grape asked after dark left.

“I want him to help me deliver a message.” Leng ruoxue said with a faint smile. Although she didn’t know who the person from The Alchemist Guild headquarters was, she was sure that Liuyue wouldn’t reject her if she asked him to bring a message to her.

“Does young lady have an acquaintance in The Alchemist Guild?” Grape’s face was full of surprise. He thought to himself, “miss is really too amazing. She’s in the divine mainland, and yet she still knows people in The Alchemist Guild. One should know that even people in the divine world might not be able to get to know an Alchemist. Moreover, alchemists who can enter The Alchemist Guild’s headquarters are all symbols of status and status!” Ordinary alchemists couldn’t even enter the headquarters.

“Yes.” Leng ruoxue nodded.

“Miss! Doesn’t that mean we’ll have to go out later?” Grape asked.

“We do have to go out. Grape, go find Wang Tong and ask him to help us arrange it.” Leng ruoxue thought for a moment and ordered. Wang Tong was one of Zuo Yi’s confidants. Besides, Zuo Yi had told her clearly that if she had anything to do, she could just look for Wang Tong.

“Yes.” “Yes, sir!” Grape nodded and left.

After the arrangements were made, Leng ruoxue and the other two left the courtyard quietly.

The three people walking on the street were all dressed in men’s clothing. This was a decision Leng ruoxue had made after the incident with Liao yang. After all, her current strength was too low. If she was constantly targeted by others, it would bring her trouble. However, even though she was dressed in men’s clothing, she was still so handsome that no one dared to look at her directly.

“Miss! I heard that the full moon restaurant is the best Inn in plentiful city, but it’s not located on the most prosperous Street in the city. ” Grape told Leng ruoxue the news he had just heard.

“Well, since we know the address, let’s go there directly!” Leng ruoxue said with a smile.

“Miss, over there.” Grape pointed to a road on the left.

After the three of them found the Moonview restaurant, Zuo Yi’s confidant, who was hiding in the dark, immediately recognized her.

“Miss Leng!” After the guard appeared, he greeted her softly.

“You’ve got the wrong person, I’m master Leng. ” Leng ruoxue chuckled.

“Uh! Master Leng!” The guard wiped the cold sweat from his forehead and quickly changed his words.

“Be good! Are you all here to protect that Alchemist from The Alchemist Guild headquarters?” Leng ruoxue raised her head and asked with a smile.

“No!” The guard sighed lightly, his face was full of helplessness. Actually, his heart was clear, this young lady who disguised herself as master Leng, what she wanted to say was obviously to monitor.

“You guys should know which room he’s staying in, right?” Leng ruoxue held back her laughter and asked.

“He’s staying in vip Room No. 1 on the third floor. ” The guard said in a low voice.

“Thank you, I’ll go find him.” Leng ruoxue asked the alchemist’s room and brought the grapes and lotus seeds into the full moon restaurant.

“Do you guys want to eat or stay?” When the waiter saw Leng ruoxue and the other two, he immediately came forward to welcome them. With a single glance, he was even more shocked! The young master in the lead was really beautiful! Although the word ‘beautiful’ should not be used to describe a man, he really could not find any other words.

“Let’s eat!” Leng ruoxue said directly.

“The three of you, please follow me to the second floor!” The waiter smiled and brought Leng ruoxue to the dining room on the second floor. After Leng ruoxue had ordered her food, he immediately turned around and went to prepare.

As it wasn't mealtime, there weren't many people in the restaurant. There were only two or three tables scattered around, so the restaurant could be said to be very quiet.

“Miss! Aren't we here to see that pill master? Why are you eating here?” Grape asked with a face full of question marks

Chapter 1478: Meeting Shen nuo (3)

“Yes.” Leng ruoxue nodded. She was not in a hurry to answer grape's question.

“Miss! Why are we eating here?” Seeing that she did not get the answer she wanted, grape asked again, unwilling to give up.

“Hehe! If we don't eat something first, the waiter will stop us if we go up to look for him. After all, this is the best Inn in plentiful city, so how can we let our guests be disturbed? moreover, that Alchemist was here to treat Liao yang, but he didn't stay in the city Lord's mansion. Doesn't this show that there's a problem?” Leng ruoxue said with a smile.

Although Zuo Yi didn't explain to her why The Alchemist would stay in the full moon restaurant, it wasn't hard to guess the reason why The Alchemist from The Alchemist Guild would stay in the full moon restaurant. It must be because The Alchemist couldn't cure Liao Yang's injury, so he had a conflict with the Liao family. Otherwise, the Liao family would treat The Alchemist as an important guest.

Just as Leng ruoxue finished speaking, the dishes that she had ordered earlier were served.

“You guys are pretty fast.” Leng ruoxue praised.

“Hehe, this is a must. How can I let the guest wait for long!” The waiter said embarrassedly under Leng ruoxue's praise.

“Please enjoy your meal.” After the waiter finished speaking, he bowed slightly and turned to leave.

Leng ruoxue and the other two casually ordered some food, then stood up and left the restaurant, heading straight up to the third floor.

This full moon restaurant had a total of three floors. The first floor was the main hall, the second floor had a large dining hall in addition to the guest rooms, and the third floor included ordinary guest rooms and VIP rooms. However, there were only three VIP rooms, and all of them were sky-high prices. They were definitely not something that ordinary people could afford.

Leng ruoxue and the other two found the first vip room. Grape came forward and knocked on the door. A deep male voice was heard from the room.

“The door isn't locked, come in directly!” Shen nuo, who was in the room, said.

Upon hearing the words of the room's owner, Leng ruoxue and the other two immediately pushed the door open and walked in.

"Who are you?" Shen nuo, who was sitting in the living room, looked at Leng ruoxue and the other two who were not too far away and asked curiously. These three people were obviously not the waiters who had come to deliver the dishes to him. Previously, he had ordered a few dishes and had the waiters bring them to his room. However, he had not expected that the people who had entered would be strangers. If he had known that this would happen, he would not have let them in so easily. When he thought of this, he could not help but feel a little regretful. How did he treat this place as Muyan city!

"I'm Leng ruohan. I heard that an Alchemist from The Alchemist Guild's main branch lives in the full moon Pavilion, so I've come to seek an audience." Leng ruoxue replied very courteously. As for using her brother's name, she had done so with a clear conscience.

"You guys want to refine pills?" Shen nuo asked, a little puzzled. There was also an Alchemist branch in plentiful city. Other than the extremely difficult medicinal pills, they basically had all the commonly used ones. Why did this young lady who was disguised as a young master need to go through so much trouble to come and find him? moreover, how did she know that she was here? Could it be that this young lady is from the city Lord's mansion?

Actually, the reason why he could see through Leng ruoxue's female identity was because of his special cultivation technique. Hence, even if Leng ruoxue's disguise was very good, she would not be able to hide it from him. However, he had no intention of exposing Leng ruoxue, and naturally, Leng ruoxue would not know that her gender had already been exposed.

"We're not here to ask for medicinal pills." Leng ruoxue said with a faint smile. Her beautiful eyes were secretly sizing up the man in front of her. This man looked to be around forty years old. He had an extraordinary bearing and had the aura of a superior. His appearance was also very handsome. If this was in her previous life, he would definitely be considered a diamond-ranked man! Besides, didn't people say that a man was a flower in his forties? Then this man was definitely a flower in full bloom. In addition to his identity as an Alchemist, he would definitely attract many bees, butterflies, and so on.

"Then why did you come to find me?" Shen nuo did not want to beat around the bush and test each other, so she said directly.

"I would like to ask Your Excellency to help me deliver a letter." Leng ruoxue looked at the middle-aged man and revealed her motive.

"Are you treating me as a Messenger?" Shen nuo asked, feeling a little amused. This little girl was really bold. She did not even know who he was, and yet she dared to ask him to be her Messenger.

"It can be considered so! I have no choice!" Leng ruoxue pretended to be pitiful as she spoke. Actually, the reason why she wanted this person to help her deliver the message was because she wanted to use various methods to tell those people she knew that she had come to the God World.

"How can you not have a way?" Shen nuo asked curiously.

"I don't know where The Alchemist Guild headquarters is!" Although grape and lotus seed knew that The Alchemist Guild headquarters was in Muyan city, they had never been there before. She also didn't

expect to meet someone from The Alchemist Guild headquarters in plentiful city. In addition, she had made an appointment with big brother ning to go to the ning residence, so she naturally couldn't go to Muyan city with this Alchemist. Moreover, he might not be willing to bring them along.

In fact, before Liao Yang's incident, she had wholeheartedly wanted to go to the ning family to find her Godfather. However, with Liao Yang's example, she felt that it was better for more people to know that she was now in the divine realm. In this way, her safety factor would also increase greatly. After all, she did not want the same thing to happen again.

"The person you want to bring the letter to is in The Alchemist Guild headquarters?" After hearing Leng ruoxue's words, Shen nuo raised her eyebrows and asked.

"Yes." Leng ruoxue nodded.

"What is it called?" Shen nuo asked again. Although he might not know all the alchemists in The Alchemist Guild headquarters, he still had to ask what he needed to ask.

"Liuyue!" Leng ruoxue spat out the two words softly.

"Which Liuyue?" Shen nuo was stunned, and she muttered in her heart. The person this little girl was talking about, was it the one she knew?

"Are there many people called Liuyue in The Alchemist Guild?" Leng ruoxue asked, feeling a little puzzled.

"There's only one," Shen nuo said with a smile.

"He's the one I'm looking for!" Leng ruoxue nodded.

"You really know him? Do you know his identity?" Shen nuo still didn't quite believe Leng ruoxue's words, so she asked again.

"Yes, I know his identity." Leng ruoxue said helplessly.

Hearing Leng ruoxue's affirmative answer, Shen nuo started to size her up seriously. This little girl was truly a rare beauty. At least, he had not seen anyone more beautiful than her in the many years he had been in the immortal realm. And when she was dressed in men's clothes, she had a different style. Could this girl be Liuyue's little lover? He couldn't help but let his thoughts run wild.

However, he had known Liuyue for many years, but he had never heard of Liuyue having a woman!

"Since you know his identity, why don't you let me take you to The Alchemist Guild headquarters to meet him?" After sizing her up for a long time, Shen nuo asked curiously.

"I've made an appointment with someone to go to another place. Otherwise, I'll go to The Alchemist Guild headquarters with you. However, are you really willing to take me there?" Leng ruoxue explained, but at the same time, she raised her own doubts.

"Hahaha! I definitely can't take you there now, because I have to go somewhere else." Shen nuo said with a smile.

I knew it! Leng ruoxue lamented in her heart before she continued, "Then can you help me bring a letter?"

"It's no problem to bring you a message, but I won't be returning to The Alchemist Guild headquarters for the time being." Shen nuo said on account of Liuyue. He did not lose anything by bringing a letter. Moreover, it was for Liuyue. However, he could not return to The Alchemist Guild headquarters for the time being, so he had to make things clear with this little girl.

"It doesn't matter, as long as the letter is delivered." Leng ruoxue said nonchalantly. She was also going to the ning family to look for her Godfather. The main reason she asked him to bring a letter to Liuyue was to prevent herself from running into some ignorant people.

"I can guarantee that I'll bring the letter to you." Shen nuo said with a smile. He had a pretty good impression of this little girl. Moreover, bringing a letter was as easy as lifting a finger.

Right at this moment, a knock sounded on the door again. This time, Shen nuo did not directly let the other party in, but asked for the other party's identity.

"Who is it!" Shen nuo asked.

"Sir Shen nuo, I'm Liao Hui." The voice outside the door was extremely humble.

"City Lord Liao! What's the matter?" Shen nuo's tone was extremely cold. He had never thought of hiding the fact that he was staying here from the city Lord's Manor. After all, they were the local tyrant here. However, he did not expect that Liao Hui's efficiency would be so low. He was not even comparable to a little girl. One must know that this little girl came to see him first.

Leng ruoxue did not expect the person who knocked on the door to be the city Lord of plentiful city. In addition to Shen nuo's cold tone, she was even more certain that there was some unhappiness between the two of them.

"Sir Shen nuo, I've specially come to apologize to you." Liao Hui said helplessly from the other side of the door. Although it was quite embarrassing to be blocked outside the door, the other party's identity and status were above his. Therefore, even if he lost all his face, he had to accept it. Who asked him to not offend The Alchemist Guild headquarters?

"City Lord Liao, you're being too serious. I, Shen nuo, am not a petty person. You don't have to apologize to me. Furthermore, I really can't do anything about your young master's injuries." Shen nuo told him the truth.

"Then, I wonder if Sir Shen nuo can provide me with some clues. Who in the immortal realm can treat yang 'er's injuries?" Liao Hui begged in a low voice.

"City Lord Liao! I've said it before, your son's injuries can't be treated." Shen nuo reminded.

"If we can find the president of The Alchemist Guild headquarters, will yang 'er's injuries have a chance?" Liao Hui didn't give up and asked. Although this son wasn't successful, he was his only son. Therefore, he couldn't just leave him.

"You can try, but no one knows where the president is now." Shen nuo did not break Liao Hui's hope and told him the truth.

“Thank you, sir Shen nuo, for your guidance. If there’s a chance, I’ll personally pay a visit to The Alchemist Guild headquarters to apologize. Goodbye.” After Liao Hui finished speaking, he also got the answer he wanted and turned to leave. Since Shen nuo was unable to treat yang ‘er’s injuries and said that he did not need to be punished, then there was naturally no need for him to shamelessly stay here and invite humiliation for himself. However, if there was a chance, he would still personally go to The Alchemist Guild headquarters.

After Liao Hui left, Leng ruoxue casually chatted with Shen nuo for a while and passed the letter that she had prepared to Shen nuo. Then, she left the full moon restaurant with grape and lotus seed. However, on the way back to the courtyard, grape and lotus seed looked at Leng ruoxue as if they wanted to say something but hesitated. However, neither of them spoke.

When they arrived at the courtyard, Leng ruoxue returned to her temporary residence. She smiled as she looked at the grapes and lotus seed. “Do you guys have something to say?”

“Miss! The one called Shen nuo just now, he, he seems to be The Alchemist Guild’s vice Guild Master. ” Grape whispered.

Chapter 1479: A rainy night (1)

“Oh!” Leng ruoxue replied indifferently. However, she did not have much of a reaction. This was something that grape and lotus seed could not believe.

“Miss! He’s the Vice President of The Alchemist Guild headquarters!” Grape reminded. Although she had never seen Shen nuo before, Shen nuo’s name was definitely not unfamiliar to anyone in the firmament. Moreover, the Liu Yue that the young miss had mentioned was also one of the Vice guild leaders of The Alchemist Guild headquarters. She really did not expect that the person the young miss wanted to bring the message to would actually be Liu Yue.

“Hehe! So what if he was the president of The Alchemist Guild headquarters? Grapes! Calm down!” Leng ruoxue laughed.

“Miss! The three vice guild leaders of The Alchemist Guild headquarters are of high status and authority. Their status in the divine realm is transcendent. Furthermore, they are the idols of all alchemists. Not only that, even those of us who are not alchemists greatly admire them. ” Grape said with a face full of yearning.

“Oh!” Leng ruoxue’s reaction was still very calm. However, seeing her reaction, grape actually felt a little depressed. Wasn’t the young miss acting a little too calm?

“Grape! I’m hungry!” Leng ruoxue looked at the depressed grape and chuckled.

“I’ll go get some food for miss. ” Grape said resentfully. After he finished, he turned and left.

After a short while, a few dishes that looked, smelled, and tasted good were served to Leng ruoxue.

After finishing her meal, Leng ruoxue received an uninvited guest. This person was none other than the person who had led the way to make things difficult for her when she had just arrived at the city Lord’s residence.

Leng ruoxue did not speak first as she looked at the woman who appeared slightly ill at ease. The woman sat on the chair uneasily for a long time before she finally spoke, "I, I know you don't want to see me, but I have something to ask of you." The woman's face turned red after she finished speaking.

"If you have anything to say, just say it! I don't like to beat around the bush." Leng ruoxue said directly.

"Young master, you should know about young master's injury, right?" The woman said carefully. As she spoke, she used her eyes to secretly observe Leng ruoxue's reaction.

"Yes." Leng ruoxue nodded and waited for her to continue.

"You've only been here for a short time, so you don't understand the city Lord and the young master's character. The city Lord won't let us off for the young master's injury." The woman said with some fear.

"What does this have to do with us? We're not the ones who injured Liao yang." Leng ruoxue pretended to be confused and asked.

"Even if it had nothing to do with us, the city Lord would still place the blame on us, especially since the Phillis sisters are dead. Furthermore, according to what I know, the city Lord had once sent people to the Phillis sisters' family to seek revenge for the young lord. Unfortunately, their family had long since declined and no one knew where they went. Thus, we naturally became the target of the city Lord's anger and took the blame for the sisters." After the woman finished speaking, a trace of sadness appeared on her face.

"How do you know all this?" Leng ruoxue asked curiously. It seemed like this lady was not simple! She had never heard Zuo Yi mention these things before!

"I have a clan brother working as a guard in the city Lord's mansion. He's also one of the guards who's going on a mission this time. He told me this in secret." The woman said honestly.

"Oh! And then?" Leng ruoxue continued to play dumb. Actually, she didn't completely believe this woman's words, so she naturally wouldn't take the initiative to reply.

"I want you to cooperate with me. Let's escape this place together." Under Leng ruoxue's half-smiling gaze, the woman finally mustered up the courage to reveal her plan.

"You actually want to escape? Didn't you always want to be the young Madam?" Leng ruoxue asked in surprise. This woman had been with Liao yang for so long, when did she change her personality?

"You still have to be alive to be one! They're coming to kill us, I don't want to stay here and let them slaughter me." The woman said angrily.

"That's just one aspect! Do you also know that Liao yang is impotent and that there's no future with him? That's why you want to leave." Leng ruoxue said.

"You're right. I know that. However, in my heart, wealth and glory are important, but my life is more important." The woman did not deny Leng ruoxue's words.

"That makes sense. No matter how much money you have, it's useless even if you don't live to enjoy it." Leng ruoxue agreed. Even though she didn't like this woman, she was a practical and smart woman.

“Then, are you willing to cooperate with me?” The woman asked with uncertainty, her beautiful face still full of anticipation.

“Tell me your plans first. What are your arrangements?” Leng ruoxue avoided the question and did not answer it directly.

“I’ve already asked my clan brother to keep an eye on the situation in the city Lord’s mansion. Once there’s any news, inform me immediately. However, I’ll have to rely on you to guard the courtyard.” The woman said.

“Rely on me? You want me to deal with those guards? You’re thinking too highly of me! I’m only a mid level deity.” Leng ruoxue laughed at herself. However, she was mumbling in her heart. Could it be that this woman knew that those guards were from the left wing? If that was the case, then this woman’s background was very suspicious. Because in the past few days, she had almost never left the house and had never had any contact with the guards.

“Strength is not important! I know you’re very smart, otherwise, you wouldn’t have been able to make us so obedient. So, I believe you have a way to deal with those guards.” The lady said confidently. Looking at her, Leng ruoxue had no idea where her confidence came from. Could it be that she had been beaten silly by the grapes and lotus seed?

“But I really have no choice.” Leng ruoxue said helplessly.

“How is that possible? Don’t tell me you want to stay here and wait for death?” The woman’s face was filled with disbelief and disappointment. She never thought that Leng ruoxue would be so cowardly. However, she could not die with them! However, without anyone’s cooperation, she couldn’t leave the courtyard alone.

“Of course I don’t want to wait for death, but I really can’t deal with those guards. Why don’t you find someone else to try?” Leng ruoxue suggested.

“If someone else could do this well, I wouldn’t have come to you first.” The woman was extremely disappointed. Even though she was a little embarrassed when she came, she believed that as long as she told Leng ruoxue her thoughts, she would definitely agree. Who knew that she would actually say that there was no other way? what should she do? She didn’t want to stay here and wait for death! But now, she had a favor to ask of him, so she had to bear with her dissatisfaction.

Chapter 1480: A rainy night (2)

“Miss Leng, you should have more confidence in yourself. I believe that you will definitely be able to think of a good way.” The woman persuaded, unwilling to give up.

“You really think too highly of me. If I really had a way, why would I be trapped here for so long? In fact, I think you can gather all the women you’re close to and come up with a good plan. One person is short, three people are long. There are so many of you, you can always come up with a solution.” Leng ruoxue advised. In reality, it wasn’t difficult for her to leave. It was just that she didn’t trust this woman, so she naturally wouldn’t blindly join her.

“Those women only know how to be jealous and scheme against each other all day long. How could they have any good ideas?” The woman said with a look of disdain.

“You can’t say that. Besides, that was in the past. Now that we’re at the juncture of life and death, as long as they don’t want to die, they’ll naturally try their best to think of a way. Don’t underestimate the potential of human survival!” Leng ruoxue said with a smile.

“But I’m afraid that someone will be afraid of death and betray us.” The woman voiced out her worry. In reality, this was what she was most worried about. She understood those women too well. Otherwise, they wouldn’t have gone to look for Leng ruoxue.

“You’ve been in the city Lord’s mansion for a long time, so you should know who would do such a thing, right? At the same time, you should know very well in your heart who will follow your lead and obey your orders. Do you still need me to teach you how to do it?” Leng ruoxue said calmly.

“Alright! Then I’ll try! However, I still hope to be able to work with you.” The woman refused to give up. She didn’t know why, but she had high hopes for Leng ruoxue.

“If you can come up with a good plan, I can cooperate with you.” Leng ruoxue promised. The meaning behind her words was, “don’t let me make the decision.”

“Good! When we’re done discussing, I’ll come and find you.” After the woman finished speaking, she stood up and left.

After the woman left, grape said with a look of disdain, “She really knows how to use others as her gun and leave when she wants to! You even want us to cooperate, Hmph! Who does she think she is!”

“Hehe! If she doesn’t need our help, it’s fine to cooperate with her.” Leng ruoxue said with a smile.

“Miss! Don’t be so kind, who knows what she’s up to! She doesn’t trust those women, but we don’t trust her!” Grape reminded him cautiously.

“I know, my little housekeeper. I didn’t agree to her request, did I?” Leng ruoxue could not help but laugh. Did she look like such a kind person?

Two days after this interlude, Leng ruoxue finally received some good news. Xiao Budian had completed his cultivation. With that, she could leave whenever she wanted to. The woman who wanted to cooperate with her had also received no news. Not only that, there was no important news from Zuo Yi either. For a moment, everything seemed to be calm again.

At this moment, in the city Lord’s mansion, Liao Hui was sitting in his study room with a sad face. His son’s injuries had no hope of being treated, and according to his subordinate’s report, Shen nuo had already left plentiful city. As for Philip’s family, they were nowhere to be found. Therefore, his current mood could be said to be extremely vexed.

“City Lord! The young master is throwing a tantrum again.” Suddenly, the Guard’s voice rang out from outside the door.

Hearing the Guard’s words, Liao Hui was even more annoyed.

“What does he want? Go and tell him! I won’t stop him if he wants to die!” Liao Hui shouted angrily. He was extremely disappointed with this useless son of his. If he didn’t sneak out of the courtyard to meet the two B * tches in private, this wouldn’t happen!

Although the news of Liao Yang’s impotence had not been spread out yet, paper can not cover fire. It was hard to guarantee that this matter would not be leaked. Therefore, he had been thinking about how to deal with those who knew about it. However, there were many people who knew about this matter, and he could not kill everyone. Alas! He was in a dilemma.

Moreover, if that family found out about this, Liao Yang’s marriage might not be able to happen.

“Men! Get Zuo Yi to come see me.” Liao Hui frowned and ordered the guards outside the door.

“Yes!” The guard responded, and not long after, the left wing was invited.

Zuo Yi pushed the door open and saw Liao Hui walking around in the study room like a trapped beast.

“City Lord! I wonder why you’ve called me here?” Zuo Yi asked. In fact, he had been waiting for Liao Hui’s summon these two days. However, he knew that Liao Hui was in a bad mood, so he naturally wouldn’t take the initiative to come to his door and meet him.

“Zuo Yi, I need you to help me think of a way. Yang ‘er can’t be humane, you can’t leak this.” Liao Hui said seriously.

“City Lord, are you afraid that family will find out?” Zuo Yi asked.

“Yes, I’ve spent a lot of effort to facilitate this marriage, so there can’t be any mistakes.” Liao Hui said very seriously.

“City Lord! There’s something I don’t know if I should say.” Zuo Yi said hesitantly.

“If you have something to say, just say it. You also know that in the entire city Lord’s mansion, the person I trust the most and rely on the most is you!” Liao Hui quickly said.

“City Lord! The young master’s wedding is getting closer and closer, do you think this matter can be kept a secret?” Zuo Yi asked.

“Even if you can’t hide it, you have to. This marriage is very important to yang ‘er.” Liao Hui said helplessly.

“However, if that family finds out about young master’s condition, I’m afraid they will ...” Zuo Yi only finished half of his sentence, but he believed that Liao Hui would understand what he meant.

“As long as they get married, it’s useless even if they know. Can they still break the marriage? Unless they don’t care about their reputation anymore.” Liao Hui said disapprovingly. Since he had decided to hide it, he was naturally confident in his heart. Therefore, the key problem now was that this matter could not be leaked out. In other words, that family could not know.

“What the city Lord said makes sense!” Zuo Yi flattered on purpose, but he despised Liao Hui’s way of doing things in his heart. However, that family wasn’t a good one, so he naturally didn’t feel sorry for that lady.

“Left wing! What do you think we should do to prevent this matter from being leaked?” Liao Hui asked. This was what he was most worried about.

“City Lord, you want to kill everyone who knows about this?” Zuo Yi understood. It seemed that Liao Hui didn’t find Philip’s clansmen and wanted to take his anger out on them. Silencing them was just an excuse. After all, as the city Lord, he had to have a reason to kill people!
