

Crazy Wife 1481

Chapter 1481: A rainy night (3)

"I do have that idea, but I don't want to kill the guards in the residence." Liao Hui thought for a while and said. Those guards were very loyal to him and he was very sure that they would not betray the city Lord's mansion.

"The city Lord is referring to the woman in the courtyard!" Zuo Yi asked, pretending to be uncertain.

"Hmph! Yang 'er was destroyed by a woman, so I don't intend to let those women live." Although he had hesitated before, he needed a few punching bags now. Otherwise, the anger in his heart would not be appeased.

"The young master?" Zuo Yi hesitated.

"Does he care about the lives of those women now? If it wasn't for a woman, he wouldn't be like this!" Liao Hui said angrily.

"Since the city Lord has already made his decision, the left wing will support you fully. However, the fewer people who know about the matter of getting rid of those women, the better." Zuo Yi reminded.

"Yes, I plan to hand this matter over to Liao Cheng!" Liao Hui said. Liao Cheng was his distant nephew, so he was the best person to do this.

"City Lord! It's not appropriate to let Liao Cheng handle this matter." Zuo Yi said.

"Why? He's from the Liao family, isn't that just right?" Liao Hui asked in confusion.

"City Lord, don't blame me for being overly sensitive. You know about the young master's current situation. Although the city Lord only has one son, he has many nephews. Among these people, it's hard to guarantee that there won't be any disloyal thoughts. Therefore, the city Lord must be on guard." Zuo Yi said very cautiously. In fact, his words were rather implicit. Moreover, Liao Hui was an old fox and would definitely understand what he meant.

As expected, Liao Hui fell into deep thought without a word after Zuo Yi finished speaking.

After a long while, Liao Hui slowly said, "It's all thanks to your reminder. Who do you think should do this?"

"Actually, it's just getting rid of a few women. The city Lord can just send some of his confidants to do it. There's no need to get the Liao family. After all, it's a critical time now, and it's hard to guarantee that some of the Liao family won't have other ideas." Zuo Yi said after some thought.

"Yes, I know what to do." Liao Hui nodded.

"Then this subordinate will take his leave." Zuo Yi said when he saw that there was nothing else.

"Yes." Liao Hui nodded and immediately called his confidant over to give some instructions.

After Zuo Yi returned to his room, he found his trusted subordinate and ordered him to inform Leng ruoxue of this news so that she could be mentally prepared.

When Leng ruoxue heard this news, she wasn't surprised and had no intention of retreating without a fight.

However, when the woman came looking for her again with a face full of panic, Leng ruoxue knew that she had also heard the news.

"Miss Leng! The city Lord is going to kill us, what do we do now?" The woman said with a face full of fear.

"You've been discussing for two days. Haven't you come up with a good idea?" Leng ruoxue asked calmly.

"When those women heard what I said, they were scared to death. How could they think of a way? Miss Leng, we must leave this place as soon as possible. Otherwise, I'm afraid we'll die Here. " The woman warned.

"I also want to leave, but there has to be a way!" Leng ruoxue's face was filled with helplessness.

"Don't tell me we can only wait here for death?" The woman said unwillingly.

"Do you want to die?" Leng ruoxue asked with a smile.

"Of course I don't!" The woman immediately said. Who would want to die if they could live well?

"Since you don't want to die, I can only rise up and resist." Leng ruoxue reminded.

"How do we resist? Our strength isn't high, how can we be compared to the well-trained guards of the city Lord's mansion?" The woman was in a dilemma. She wanted to run, but she didn't have the confidence to do so. Otherwise, she wouldn't have needed his help and would have run away by herself.

"We can't fight them head-on, but what if we use some extreme methods? Even if you show your enthusiasm, those guards may not be able to complete their task as they wish. " Leng ruoxue said indifferently.

"Extreme methods?" The woman was confused. What kind of method was considered extraordinary?

"That's up to you guys to think about. I don't know how to use crooked ways. " Leng ruoxue said irresponsibly, and her words made grape and lotus seed laugh in their hearts.

"Thank you for your reminder. I think I know what to do." The woman stood up and immediately went back to prepare.

"Miss! You're so bad!" After the woman left, grape could not help but smile.

"How am I bad? Didn't you always say that I'm too kind?" Leng ruoxue laughed evilly.

"Uh! That's right! Miss is just too kind. " Grape quickly echoed.

"Miss! Shouldn't we also make some preparations?" Lotus seed said, eager to try.

Looking at Lotus seed's face full of anticipation, Leng ruoxue couldn't help but sigh, "Lotus seed! You've been corrupted!"

"Miss! I didn't learn anything bad!" Lotus seed looked at Leng ruoxue with a wronged expression.

"Alright! You didn't go astray, it's just that your potential has been unearthed. Is this enough?" Leng ruoxue was in a good mood as she teased, hehe! After waiting for so many days, she could finally do something big. She was also quite looking forward to those women who only knew how to be jealous. She didn't know what kind of potential those women would be able to unleash in this life-and-death situation.

"Miss is the worst." Lotus seed could hear Leng ruoxue's teasing and deliberately complained.

"Lotus seed! You can't wrong me!" Leng ruoxue pretended to be very aggrieved.

"Alright, let's stop messing around. Since they're prepared to make a move on us, let's make preparations! However, let's see how those women behave before we make a move." Following that, Leng ruoxue ordered.

"Hehe! Miss! We've been preparing and waiting for them to come." Grape said excitedly.

"Mm! Be more vigilant these few days." Leng ruoxue said worriedly. Although she wanted to use underhanded means, there was still a huge difference in strength between the two parties. Hence, they still had to be more careful.

Grape and Lotus seed nodded, then went to prepare.

That night, Zuo Yi came uninvited again.

Leng ruoxue, who was already lying on the bed, looked at the man standing in the room. Her face was filled with black lines. This guy really did not have the habit of knocking on the door! He had actually barged into his room in the middle of the night.

Chapter 1482: A rainy night (4)

"It's so late, what are you doing here?" Leng ruoxue was speechless.

"I'm here to show my concern for you and see if you're too scared to sleep." Zuo Yi said matter-of-factly with an annoying smile on his face.

"You see it now?" Leng ruoxue was helpless.

"Well, I don't understand how you can be so calm." Zuo Yi was getting more and more curious about Leng ruoxue. If other women knew that they were about to be killed, they would have been scared out of their wits. However, she was still able to fall asleep. This was out of his expectations and made him feel even more incredulous.

"What else could I have done?" Leng ruoxue asked instead of answering.

"You still don't want to leave now?" Zuo Yi asked again.

“Someone is trying to kill us. If we just leave like this, how depressing would that be? I have to leave a gift for the other party before I leave.” Leng ruoxue’s beautiful eyes flashed with a trace of coldness as she spoke coldly.

“I’ve said it before. If you want to leave, I can help you. However, if you insist on staying, I can’t guarantee your absolute safety.” Zuo Yi sighed softly. Although he had already guessed that Leng ruoxue would not back down at the last minute and ask him to send them off, he still felt a little depressed after hearing Leng ruoxue’s affirmative answer. This woman was too stubborn.

“Thank you for your kindness, but I’ll take good care of myself. If there’s nothing else, don’t come here all the time. After all, you’re now a guest of the city Lord’s mansion. Since you’ve taken someone’s money, you have to help them get rid of their disaster. It’s a taboo for an employer to betray others. Be careful not to lose your job.” Leng ruoxue chuckled.

“Since I dared to come, I naturally wouldn’t let anyone find out. However, are you sure you can protect yourself?” Zuo Yi could not help but ask.

“Yes.” Leng ruoxue nodded.

“In that case, take care.” After Zuo Yi finished speaking, his figure flashed and he disappeared.

For the next few days, the city Lord’s mansion that wanted to kill them did not make any moves. However, Leng ruoxue and the rest did not let their guard down. After the woman received Leng ruoxue’s warning, she made some preparations and even came to inform Leng ruoxue.

It was another stormy night. Leng ruoxue and the other two were not sleepy at all. They stood in front of the window and looked at the night sky that was as dark as ink and flashing with lightning. Their mood was surprisingly good.

“Miss! I wonder if the city Lord’s mansion will send someone over tonight.” Grape’s beautiful face was full of anticipation.

“Grape, after tonight, we can leave this place.” Leng ruoxue said as she caressed the little guy’s soft fur.

“Sister! I can take you away now.” The little guy quickly expressed his position.

“No rush! We have to leave a gift for the city Lord of plentiful city before we leave!” Leng ruoxue’s beautiful face was filled with an evil smile.

“A gift? Why aren’t you giving it to me?” When the little guy heard that he had to leave a present for the bad guy, he immediately said in dissatisfaction.

“Because those gifts were specially prepared by my sister for the city Lord of plentiful city,” Leng ruoxue explained with a smile.

“Sister! I also want a present!” The little guy pouted his little mouth and said in a spoiled manner.

“Hehe! Once we leave this place, big sister will prepare whatever Xiao Budian wants. However, we have to deal with the people from the city Lord’s mansion first.” A cold glint flashed across Leng ruoxue’s beautiful eyes. Just now, Qing Jue had sent her a voice transmission, saying that the people from the city Lord’s mansion had arrived.

Just as Leng ruoxue finished her sentence, the three of them heard footsteps coming from the courtyard. It seemed like there were quite a number of people.

The three of them looked at each other and laughed, but none of them left the room.

Then, a 'bang' was heard. A loud sound was heard and the door was kicked open roughly. Following that, dozens of Men in Black rushed in. Their faces were covered with veils, only revealing their eyes. However, when they saw Leng ruoxue, their eyes were filled with shock.

"Who are you people? How dare you barge into my young lady's room!" When grape saw those Men in Black, her eyes flashed and she questioned them loudly. Moreover, she despised these Men in Black in her heart. If they came to kill, so be it. But they were actually dressed in black. Tsk! Don't think that just because you're dressed in black and your faces are covered, you can't tell who sent you.

"We're here to send you on your way. Don't worry, we'll end the battle quickly. We won't let you feel any pain." A black-clothed man said. He really couldn't bear to kill such a beautiful woman. Unfortunately, they had no choice but to obey the city Lord's orders.

Chapter 1483: The fire Dragon's might (1)

"Thank you so much, you guys are really good people." Grape rolled his eyes and thought, 'you guys will end the battle quickly and won't cause us any pain. We'll be the opposite. We'll definitely make you regret taking this mission!' Hehe!

"Captain! Don't talk nonsense with them, master is still waiting for us to return and report!" Another Man in Black reminded him in a low voice.

"Mm! Brothers, let's send these three beauties on their way as soon as possible! We've done a good thing!" The leader of the black-clothed men said with a look of pity.

However, his pretentious expression caused grape and lotus seed to look down on him. As for Leng ruoxue, she couldn't even be bothered to look at them.

With the captain's approval, the dozens of Men in Black were naturally eager to make a move. However, as soon as this idea took shape in their minds, they felt their hands and feet go soft. They could not hold the swords in their hands steadily, and some of them even dropped their swords to the ground.

The leader of the Men in Black saw this and couldn't help but curse, "Useless thing, you don't even want your weapon when you see a woman! So what if you haven't seen a woman in your hundreds of lives?"

"Captain! It's none of our business!" One of the men in Black quibbled in a low voice.

"If it's not your business, then who 's? You have to learn from me, even in front of a beauty, you can't lose your weapon!" The leader of the Men in Black said confidently. However, just as he finished speaking, there was a clang and the weapon in his hand fell to the ground. Instantly, the room became silent. All the Men in Black lowered their heads in unison, and the leader's face was filled with embarrassment.

“Hahaha! You still have the face to talk about others!” Looking at the embarrassing state of the leader of the Men in Black, Grape could not help but laugh wildly. Her words also made the leader’s face burn, as if it was on fire.

“What are you guys waiting for? Hurry up and kill them!” The leader of the Men in Black was a little angry from embarrassment. F * ck, this was really embarrassing. But fortunately, these three women were about to die, and those subordinates didn’t dare to tell anyone about his embarrassing incident.

“Captain! We’ve lost all our strength. ” One of the men in Black couldn’t help but remind him.

“F * ck! There are so many of us here, and we can’t even kill three women?” The leader of the Men in Black was furious! If he wasn’t afraid of exposing his identity, he would have beaten these guys up a long time ago. They were really disappointing.

“Captain ...” A weak voice was heard, and dozens of Men in Black fell to the ground one after another.

Seeing this! The leader of the Men in Black widened his eyes in disbelief. He even rubbed his eyes. What was going on? It’s not the time to sleep! In the blink of an eye, he had actually become a loner!

“Al! How pitiful! Someone’s become a commander. ” Grape pursed his lips and laughed. In fact, they had already drugged the room, so it was normal for those Men in Black to feel weak. As for the leader of the Men in Black! Because he was stronger than the other Men in Black, the effect of the drug was much slower. However, he could not run away.

“Dammit! What did you just say?” When the leader of the Men in Black heard Grape’s words, he became even more furious.

“I said you’re the commander of the light pole. Don’t you understand human language?” Grape provoked him on purpose.

“You ... Just you wait. I won’t let you off.” The leader of the Men in Black threatened. Then, he turned around and kicked the Man in Black beside him while shouting, “Get up! Hurry up and get up!”

“Hehe! Big sister, this black fellow is so interesting! Those people are already dead, and he still wants them to get up. If they really get up, wouldn’t that be like a corpse coming back to life?” The little guy said with an evil smile.

“Mm! That guy’s been too agitated, so his mind is a little muddled. We can’t learn from him!” Leng ruoxue said in a serious tone. Their cooperation had further infuriated the leader of the Men in Black.

“What did you just say? I dare you to say that again!” The leader of the Men in Black roared in anger.

However, as soon as he finished shouting, he felt that something was wrong with his body. He immediately became vigilant. How did this happen? Could it be that they had fallen into someone else’s trap? However, other than his own subordinates, even the master did not know that he would take action tonight. The leader of the Men in Black was bewildered. He was now certain that someone had betrayed them. As for who it was, he had no idea. The anger in his heart surged up, but he didn’t dare to show it, in case the three women found out about his abnormality.

“You’re not feeling well, right?” Grape ignored the Man in Black’s anger and asked with a faint smile.

“You, how did you know?” Upon hearing grape’s question, the Man in Black’s heart tightened. Oh no! Could it be that they had discovered him?

“Do you know why they went limp and fainted?” Grape asked with a smile.

“W-what do you want to say?” The leader of the Men in Black suddenly felt a surge of fear in his heart, and he stuttered a little.

“In fact, long before you came, we had already drugged this room. The drug was supposed to repel insects, but you caught it. You guys are really unlucky!” Grape chuckled and spoke the truth. The unspoken meaning of her words was nothing more than, “you are the insects we want to drive away.”

“You ... You’re despicable!” When the leader of the Men in Black heard grape’s words, he said in anger and hatred. If looks could kill, Leng ruoxue and the other two would have died a thousand times over.

“Eh? You dare to say we’re despicable? This was the biggest joke in the world! So many of you came to kill three weak women, and you still say we’re despicable! Alright! Since you think so highly of us, then we won’t be polite. We’re despicable. If you have the ability, kill us now!” Grape said provocatively.

“You think I can’t kill you?” The leader of the black-robed men roared in anger. He raised the sword in his hand and was about to swing it at Leng ruoxue and the other two. However, with a clang, his sword fell to the ground once again, and his arm drooped down.

“Hahaha! Is this what you meant by you can kill us?” Seeing this, grape was extremely happy

Chapter 1484: The fire Dragon’s might (2)

“Grape! Don’t talk nonsense with him, let’s just kill him!” Lotus seed said anxiously.

“Yes.” Grape nodded and exchanged a look with lotus seed. Then, the two of them attacked the leader of the Men in Black together ...

Although the two of them were not as strong as the leader of the Men in Black, he was poisoned and could not display his true strength. Therefore, it was quite easy for the two of them to deal with him together.

‘Whoosh! Buzzzzzz! Whoosh!’ The two of them continued to release divine power from their hands, which flew towards the leader of the black-robed men. Seeing this, the leader of the black-robed men wanted to Dodge in a hurry. However, he felt that his body was not as agile as before. He hesitated for a moment, and his body was injured. Soon, his clothes were torn into strips of cloth, and everything that should and should not be exposed could be vaguely seen.

“Dammit!” The leader of the Men in Black gritted his teeth. He was extremely ashamed and resentful, but his body was getting weaker and weaker, and he could not hold on any longer.

Looking at the leader of the Men in Black who was on the verge of collapse, the grapes and the Lotus seeds continued to exert their strength, releasing their divine power. Furthermore, the two of them deliberately kept on eating pills to replenish their divine power in front of the leader of the Men in Black. The leader was so angry that he almost vomited blood!

F * ck! They were really bullying him! The leader of the Men in Black couldn't help but curse in his heart. The water and fire divine power Flying towards him was too much for him to handle. Right now, he absolutely had no power.

"Take my fire God's cut!" "Fire!" Grape shouted and a huge fireball flew towards the Man in Black. Both the captain and the unconscious man on the ground were her targets.

"My water tornado is still the best!" Lotus seed was not to be outdone either. A waterfall-like water belt also flew straight towards the Men in Black.

Seeing how serious the two of them were, Leng ruoxue was speechless. She thought to herself, 'so what if one of you is planning to start a fire while the other is going to put out the fire?' Or did they want to be in perfect harmony? However, no matter which one it was, these Men in Black probably wouldn't be able to withstand it.

Bang! Bang!' After two loud bangs, the Men in Black were set ablaze, and the waterfall that followed immediately extinguished the fire on their bodies. Seeing this, grape was naturally unwilling to give up. She released a few more fire god slashes in succession, hitting black clothes 'body ...

Then, lotus seed did the same.

"Stinky Lotus! Are you going against me?" Grape asked, a little annoyed.

"Of course not! I'm putting out a fire! The room is so small, what if we get involved? Even if you want to set a fire, you have to wait until we're out!" Lotus seed said very seriously.

"Uh! That makes sense! I was too excited!" A good child who knows his mistakes and can change for the better. Hearing lotus seed's words, grape immediately admitted his mistake.

At this moment, the leader of the Men in Black, who was already covered in injuries and had experienced both fire and water, was so angry that he wanted to faint like the others. Was this considered being bullied by a dog? In plentiful city, he could be considered as a person who could get whatever he wanted, when had he ever suffered such vexing anger! However, even if he wanted to faint, he couldn't. Furthermore, his body wasn't listening to him.

He could only watch as Leng ruoxue and the other two walked past him and swaggered out. He couldn't catch his breath and his eyes rolled back. Finally, he collapsed. Of course, he was definitely angry.

"He finally fainted as he wished. It really wasn't easy." Grape sighed. As he spoke, Leng ruoxue and the other two had already walked out of the room.

Standing in the courtyard, the three of them looked at each other. Grape then began to carry out her plan of setting the house on fire. This was not her home anyway, so even if it was all burned down, she would not feel any heartache.

The Vulcan's blade in her hand was released continuously and soon, the room they were staying in was set on fire. Leng ruoxue smiled as she looked at the soaring flames, ""We can leave this place now."

"En!" Grape and lotus seed nodded, and the three of them walked out of the courtyard.

As they walked, they did not see a single person. At this time, the guards in the courtyard had all disappeared. Suddenly, the sound of killing entered the ears of the three people. The three of them curiously followed the direction of the sound and just happened to see the woman who wanted to cooperate with them. She was leading a group of women to fight with the Men in Black ...

“Miss! Should we help?” Grape asked in a low voice. In fact, she was very afraid that she would be bitten back after helping. One must know that the scariest thing in this world was an ungrateful Wolf.

“Go and help them!” Leng ruoxue nodded. Seeing that these women were all covered in wounds, it was clear that they had a strong will to live. In fact, if these women had given up on themselves, she would not have meddled in their business. However, it was obvious that these women wanted to live.

“En!” Grape and lotus seed were extremely excited. The young miss’s medicine was too effective, so when they were dealing with those Men in Black before, it didn’t take much effort. But now, it was different! These Men in Black were much more difficult to deal with than the previous ones.

At the thought of this, the two of them could not wait any longer and rushed into the battle ...

Their participation in the battle had helped to relieve the pressure on the women who were exhausted from the battle. Leng ruoxue then threw them some pills that could replenish their divine power. The women swallowed them without thinking and instantly felt the divine power in their bodies being replenished. At that moment, the women’s auras soared!

“Thank you!” The woman said gratefully.

“Focus! Let’s take care of these people!” Leng ruoxue reminded.

“Alright!” The ladies who had their spirits lifted were all rubbing their fists and wiping their palms as they looked for their opponents. Leng ruoxue, on the other hand, was leisurely observing the battle. After all, her strength was the lowest among these ladies. Even if she were to slack off, no one would have any objections. Furthermore, she had just helped them.

However, even though Leng ruoxue wanted to watch the battle, someone did not allow her to do so. Perhaps they thought she was a pushover. At the same time, three Men in Black had her surrounded.

“What are you guys doing?” Leng ruoxue gently stroked Xiao Budian’s soft fur as she asked indifferently.

“Of course I’m going to kill you! Can’t you tell?” One of the men in Black shouted angrily.

“Oh! Kill if you want to! Why are you so fierce? I’m not scared.” Leng ruoxue complained on purpose.

Chapter 1485: The fire Dragon’s might (3)

“Don’t talk nonsense with her, kill her first!” The other man in Black said impatiently. There were so many of them, but they had not even killed a single woman! He couldn’t help but feel depressed.

“I’m so scared!” Leng ruoxue said with a face full of fear. However, she could not help but laugh in her heart. Could strength really represent everything? Although the three Men in Black were all god tier

Masters, they were overconfident if they wanted to kill her! She might not be as strong as the three of them, but who said that they had to fight with real weapons!

“Hmph! It’s too late to be afraid now. None of you will be able to live today!” The black-clothed man who spoke first said.

“Al! Since that’s the case, I can’t just let myself be slaughtered like that. All of you, come at me together!” Leng ruoxue said with a faint smile. Her words caused the hearts of all the women in the battle to tremble. A sense of shame welled up in their hearts. Leng ruoxue was only a mid-stage deity, and yet she didn’t even put these Men in Black in her eyes. There was naturally no need for them to be afraid. When they thought of this, their confidence exploded. A powerful aura burst out from their bodies, and their movements became even more ferocious. In an instant, the Men in Black who were fighting with them, They were all suspicious, but no one dared to let their guard down.

As for Leng ruoxue, she had never expected that a simple sentence of hers would have such a huge effect. However, she was not in the mood to think about such things. Her attention was completely focused on the three Men in Black in front of her.

Hearing Leng ruoxue’s words, the three Men in Black could not help but laugh, “Hahaha! A beauty! We won’t show any mercy to a woman, so you’re dead!”

“I don’t need you to be tender to me! Don’t talk nonsense, just do it!” Leng ruoxue urged, her beautiful face still showing an impatient expression.

“Hmph! You’re rushing to your death!” After one of the men in Black finished speaking, he could not wait any longer and attacked Leng ruoxue.

“Sister! I’ll help you!” Xiao Budian, who was in Leng ruoxue’s arms, saw this and immediately went up to meet him. His little claws were moving left and right, drawing a beautiful cold light in the air. In the blink of an eye, the black-clothed man’s body was covered with claw marks, and blood was seeping out from the claw marks.

“How pitiful! You can’t even defeat a small beast that hasn’t even reached adulthood.” Leng ruoxue couldn’t help but exclaim loudly. At this moment, the black-robed man who was entangled by Xiao Budian had no way to fight back other than to Dodge. If his movements were too slow, he would be caught by Xiao Budian’s sharp claws.

“Dammit! You shut up!” The black-clothed man who was fighting with the little guy roared out in anger.

“If I can’t win, I can’t win! And you don’t allow others to say it! You’re really too stingy!” Leng ruoxue was very dissatisfied. The consequences were equally serious, and the other two men in Black had become her punching bags. However, before she made her move, she waved her fair and tender little hand in the air, and a powder that was almost invisible to the naked eye was sprinkled directly on the two men in Black ...

In an instant, the two men in Black felt an extremely itchy sensation on their bodies, as if thousands of insects were gnawing at them. The painful and itchy feeling made them feel extremely uncomfortable.

The itchiness on their bodies caused the two of them to reach out their hands to scratch the itchy spots. Leng ruoxue took the opportunity to make her move ...

A huge fire Dragon soared into the sky, its huge eyes staring fiercely at the two ugly Men in Black. Then, with lightning speed, it charged towards the two men aggressively ...

This fire Dragon was condensed by Leng ruoxue using her divine power. The flames on the fire Dragon were her Natal flames. Even the tiniest bit of it would turn it into ashes. Leng ruoxue's motive for adding her Natal flames into the fire Dragon was naturally to kill it in one strike. After all, she did not have the upper hand in terms of strength!

The fire Dragon was extremely fast, and before the two black-clothed men could react, it had already wrapped them up tightly. They didn't even have the chance to cry out before they were directly reduced to a part of the air, disappearing from the world.

Leng ruoxue was stunned when she saw this! The power of his flames was so great! I just don't know if it can burn a reverent-God, hehe! She couldn't help but let her imagination run wild.

As for the black-clothed man who was currently entangled by the little guy, after seeing his companion disappear just like that from the corner of his eye, his heart trembled. His footsteps became somewhat disorderly, and even the gaze he used to look at the little guy revealed a trace of fear. That Dragon was really too powerful. How could it let people live!

Moreover, after the Dragon had eliminated the two men in Black, not only did it not disappear, but it was even staring at him like a tiger watching its prey. How could this not make him scared? At this moment, he really wanted to run away. However, the little guy would not give him the chance to do so. Taking advantage of the time when he was still in the middle of his spell, he grabbed a few more streaks from his body. When he felt a little tired, he jumped back into Leng ruoxue's arms and handed the black-robed man, who was covered in wounds, to the fire Dragon that Leng ruoxue had conjured.

"You, what are you doing? Don't mess around!" Looking at the proud Fire Dragon, the Man in Black was so scared that he was incoherent. The expression on his face was like a wronged wife. Wu ... He was wrong. He shouldn't have thought that this woman was the weakest and wanted to deal with her. This woman was clearly a pig to eat the Tiger. Her strength was the highest among these women. Damn it! She had actually hidden her strength and caused him to misunderstand.

Fortunately, Leng ruoxue did not know the thoughts of this black-robed man. Otherwise, she would definitely cry out in grievance because she was only a mid level deity. It was just that her flames were a little abnormal.

As if it understood the Man in Black's words, the fire Dragon in the air stared at the Man in Black for a long time with a conflicted expression. Finally, it slowly flew towards the Man in Black. At this time, the Man in Black was so scared that his legs were weak, and he couldn't run even if he wanted to.

In an instant, the fire Dragon pounced at the Man in Black again ...

After eliminating the three Men in Black, the fire Dragon, who was unwilling to be left out, began to attack the other Men in Black. However, at this time, the Men in Black were fighting with the women, so it was not easy for it to make a move. Therefore, it just wandered around in the air. Once it encountered a Man in Black who was alone, it would be its!

Chapter 1486: The fire Dragon's might (4)

As the number of men in Black inexplicably decreased, the women who were focused on fighting the Men in Black also felt that something was wrong. Moreover, the temperature around them seemed to have suddenly risen. At this time, someone realized that a fire Dragon had appeared beside him.

Seeing that it had attracted everyone's attention, the fire Dragon let out a few long roars towards the sky in satisfaction. It then continued to shake its head and tail at Leng ruoxue.

Seeing this, Leng ruoxue could only helplessly say, "All of you, move aside. Leave those people to my Fire Dragon."

As the master of her own life flame, she was very clear about the fire Dragon's thoughts. She also knew that the fire Dragon she had mimicked had consciousness. Who asked her flame to be different!

When the women heard Leng ruoxue's words, they were a little skeptical. However, they still tactfully made way for her. After they retreated to a safe place, the black-robed man with the bruises on his body was instantly exposed.

When the fire Dragon saw this, it was extremely excited! Sob ... It seemed that the bad master had not let it out for a long time. Today, it had to do something big!

As the saying goes, the Natal flame would be nurtured by the owner. Although the consciousness of the flame was not complete, it had already taken shape and was connected to Leng ruoxue's mind. Therefore, its actions could also be considered as Leng ruoxue's subconscious thoughts.

At the same time, the fire Dragon suddenly expanded its body. It was now more than twice as big as before, and the flames on its body burned even more fiercely. In the next second, it covered all the dumbfounded Men in Black in its flames ...

In just a few seconds, the Man in Black disappeared without a trace, not even leaving a strand of hair behind.

All the women, including grape and lotus seed, widened their eyes in disbelief and were speechless for a long time!

Half a moment! The crowd finally regained their senses. The lady walked to Leng ruoxue's side and said with a fearful expression, "I didn't expect you to have such a powerful Beastie." Al! It seemed that the other party had indeed shown mercy to them. Otherwise, they would not be a match for this beast.

Because the fire Dragon that Leng ruoxue had conjured had a physical body and even its eyes were alive, they had mistaken it for a Beastie. However, Leng ruoxue had no intention of explaining it to them. She only smiled faintly and said, "It's my trump card. I won't use it easily, because once I use it, it will sleep for a long time."

"So that's how it is! That's right! In order to avoid any more trouble, let's quickly leave this place!" The woman suggested. This time, they had escaped from death, so all the women wanted to leave as soon as possible.

"Mm! Do you have any plans for the future?" Leng ruoxue asked with a smile.

“This ... We haven’t decided yet!” The woman said, a little embarrassed. Before this, they had been thinking about how to escape. As for what would happen in the future, they really had not thought about it.

“Actually, what I want to say is that women don’t necessarily have to rely on men to live. If you want, you can also make your own world.” Leng ruoxue half reminded and half encouraged him.

“Can we?” All the women said in unison. Although some of them were obtained by Liao yang through extraordinary means, over time, they had become accustomed to it. As for the other women, some of them were willing to follow Liao yang, and some were sent here by their families. The one thing they had in common was that they had all accepted their fate! This was because unless the women in the divine realm were especially doted on by their families, they could only be reduced to the chess pieces of their families. This profound thought that had been ingrained in them for a long time had caused them to lose their sense of self! He didn’t even think about his future.

However, Leng ruoxue’s words had touched them greatly! They couldn’t help but think about it seriously, but they didn’t have much confidence.

“Why can’t I? As long as you want to, you can do it! Of course, if you want to continue with your previous life, that’s your choice. But what I want to say is that a woman who depends on a man’s life will never be truly respected by others.” Leng ruoxue said calmly.

“Let’s quickly leave this place!” Leng ruoxue spoke again as she looked at the confused expressions on the ladies’ faces. She knew that even though her thoughts had shaken these ladies, it would still take time for them to accept it.

Chapter 1487: Good character (1)

“En!” The women nodded and walked towards the door together. However, they were all preoccupied with their own thoughts and did not notice that the fire Dragon had disappeared.

Not long after they walked out of the courtyard, a huge fire started burning ...

At this moment, Zuo Yi, who was not far away from the courtyard, saw the fire Dragon and sighed in his heart. He could offend anyone but a woman! Look at how ruthless these women are, just let them go! Before he left, he had to set fire to the courtyard! He really didn’t cherish his property! However, when he saw that Leng ruoxue and the other two were safe and sound, he turned around and left.

After Leng ruoxue and the rest left the courtyard, they separated from the other ladies. In her words, it was too dangerous for everyone to walk together and it would not be easy for them to leave the city, so it was better for them to split up. The other ladies heard her words and felt that it was very reasonable. However, they had received Leng ruoxue’s help before and she had touched them greatly. Hence, they were all a little reluctant to part with her. Seeing their expressions, Leng ruoxue felt helpless. However, he still had to split up with them.

After the crowd dispersed, Leng ruoxue and the other two did not leave plentiful city immediately.

“Miss! Aren’t we leaving?” Grape looked at Leng ruoxue, his face full of curiosity.

“Go! However, not now.” Leng ruoxue said with a smile.

“When will it be?” Grape and lotus seed asked in confusion.

“We have to go to the city Lord’s mansion.” Leng ruoxue laughed evilly.

“Uh! Miss! We’ve just escaped from there, are we going to be sheep in a Tiger’s Den?” Grape’s face was full of question marks. She believed that the young lady would not want to go to the city Lord’s mansion for no reason. Moreover, she would not go there to see Liao yang. So, what exactly did the young lady want to do? She was really curious.

“Then you want to leave just like this? Liao yang caused us to suffer quite a bit of shock, so we should at least collect some interest!” Leng ruoxue replied matter-of-factly.

“What miss said makes sense!” When grape and lotus seed heard Leng ruoxue’s words, they immediately nodded in agreement.

“Little guy! It’s all up to you now. Take us to the Liao family’s treasure vault!” Leng ruoxue chuckled as she instructed.

Hearing Leng ruoxue’s instructions, grape and Lianzi could not help but feel a few black lines sliding down their foreheads. They thought to themselves, “young miss is too ruthless. She actually wants to go to the Liao family’s treasure room for a tour. However, with Xiao Budian’s presence, there’s really no place young miss can’t go.”

“Yes, yes!” The little guy happily nodded his head. This was something he loved to do the most.

Following a flash of white light, when Leng ruoxue and the others opened their eyes again, they had already entered a secret chamber.

“Waa! Is this the Liao family’s treasure room?” Grape looked around excitedly. This secret room was not very big, but there were many things inside. There were all kinds of rare treasures. Although she came from the yin family of the eight great divine regions, she still couldn’t help but drool when she saw the good things in this secret room.

“En!” The little guy proudly nodded his head.

“Little guy! You’re really amazing, you actually found this place!” Grape’s face was full of admiration. At this moment, the little guy had simply become her idol.

“Hehe! It’s just average.” The little guy was very modest. In fact, he wasn’t the one who found this place! It was his sister who told him, so grape’s words made him a little embarrassed.

“Don’t just stand there, we’re going to take everything away from here, leaving nothing for them.” Leng ruoxue said calmly.

“Mm! Miss! I’ll go over there.” Grape pointed to the left side of the secret room.

“Miss! Then I’ll go to the left!” Lotus seed said.

“Alright!” Leng ruoxue nodded. The three of them split up and worked together, each collecting the items from a position.

The three of them did not even look at the things they saw and kept them into their storage equipment. Not long after, the large secret chamber was empty.

Leng ruoxue and the rest looked at each other and smiled when they saw the three of them. Then, Leng ruoxue ordered Xiao Budian to move them out of the city gate. At this moment, the city Lord's mansion had also discovered that the courtyard was on fire. However, when Liao Hui and his men arrived, the entire courtyard had already been burned to ashes.

Looking at the destroyed courtyard in front of him, Liao Hui's heart ached. One must know that he had spent a lot of money to build this courtyard! At this time, he had long forgotten about the woman living in the courtyard. All he thought about was his loss. However, at this moment, he didn't know that his treasure house had also been robbed. Otherwise, he would have vomited blood in anger.

At this moment, Leng ruoxue and the other two had already left plentiful city with Xiao Budian's help. Looking at the city gates, Leng ruoxue smiled at grape and Lianzi and said, "Let's go!"

"En!" Grape and lotus seed nodded. However, grape still had a big question. Did they just leave like that? Wasn't Liao yang still alive and well?

"Miss! Why didn't you get rid of Liao yang? I thought you would be so angry that you would kill him!" Grape shamelessly asked.

"Grape, do you know what men care about the most besides power and status? Don't you think that his current state is better than being dead?" Leng ruoxue asked with a smile.

"Uh! That's true!" Grape nodded. It was indeed a very painful thing for a lecherous man to lose his ability in that area.

"So, it's more painful to let him live than to die. And Liao Hui, we robbed him of his many years of savings. Don't you think that's more depressing than killing them?" Leng ruoxue asked with a smile. Actually, it wasn't that she didn't want to kill the father and son of the Liao family, but she was too weak now. On top of that, the father and son of the Liao family had the God lord's estate as their backing. Therefore, she didn't want to get into a conflict with the God lord's estate too soon. After all, one had to look at the owner before they beat a dog!

"Yes." Grape and lotus seed nodded at the same time. The three of them chatted as they walked, and soon, they were out of the sight of plentiful city.

Before they reached the meeting point with Ning Hai and the rest, Leng ruoxue and the other two saw a tall figure walking towards them.

"Ruoxue! You guys are finally out! I'm so worried. If you guys didn't come out, I would have to return to plentiful city to save you." Ning Hai said impatiently before they even got close.

"I'm sorry to have made brother ning worry." Leng ruoxue's beautiful face was apologetic.

"It doesn't matter! It's good that you're safe! Ruoxue, let's quickly get on our way to avoid any more trouble!" Ning Hai urged. He was afraid that the people from the city Lord's mansion would chase after Leng ruoxue and the other two when they realized that they had disappeared.

“Yes.” Leng ruoxue nodded. At this moment, a huge Grey Eagle flew over and pounced at Leng ruoxue. However, Leng ruoxue managed to Dodge it.

Chapter 1488: Good character (2)

“Wu ... Xue ‘er! It’s only been a few days and you’re already despising me!” Hui ao said with an aggrieved expression. There were even tears glistening in his eyes.

“I’m not despising you! You’re so big, if you pounce on me, I’ll be injured. ” Leng ruoxue said speechlessly. She couldn’t help but sigh in her heart. Even if you want to act coquettishly, you have to do it after the mimicry! Anyone would be scared if you pounced on them like this.

“Oh!” When Hui ao heard Leng ruoxue’s words, he quickly transformed into his mimicry appearance and pounced into Leng ruoxue’s arms.

“Hehe! Xue ‘er! I miss you so much!” Hui ao said shyly as he rubbed his head against Leng ruoxue’s chest.

Seeing his beloved pet like this, Ning Hai hid far away, with the words ‘I don’t know it’ written on his face.

“Xue ‘er! Let’s go!” Ning Hai started to urge him again.

“Let’s go!” Leng ruoxue smiled helplessly.

After regrouping with the crowd, Leng ruoxue and the rest were prepared to set off towards the ning residence. However, when they saw the others, Leng ruoxue accidentally discovered Hong Luan among them. There was a tall and handsome man standing beside her, guarding Hong Luan like a guardian angel.

“Ruoxue! It’s a good thing you’re fine!” When Hong Luan saw Leng ruoxue, she was extremely excited.

“Hong Luan? Didn’t you guys leave? Why is he with big brother ning and the others?” Leng ruoxue asked curiously.

“I was worried about you, so I didn’t leave plentiful city too far. I happened to meet brother ning and accidentally found out about your relationship with them, so we stayed here to wait for you.” Hong Ling explained with a smile.

“Thank you for saving me.” Qing Yun, the man beside Hong Ling, also said.

“The one who saved you wasn’t me, you’re welcome.” Leng ruoxue said indifferently.

“I know, but if it wasn’t for you, that person wouldn’t have saved me.” Qing Yun understood. The other party was willing to save him because of Leng ruoxue. Hence, he owed Leng ruoxue a favor, and he would definitely return this favor when he had the chance. Beastie was a person who knew how to repay kindness.

“Oh right! We’re about to leave this place, where are you guys planning to go?” Leng ruoxue knew that Beastie was a stubborn person, so she could only change the topic.

“We have nowhere to go. Can we go with you?” Hong Luan said, a little embarrassed. Actually, this was something she had discussed with brother Qing. The two of them wanted to stay by Leng ruoxue’s side to see if there was a chance to repay her kindness. Otherwise, they would feel uneasy. However, they did not have any good reason to stay by her side, so they could only find the worst excuse, which was that they did not know if she would take them in. Thinking of this, she looked at Leng ruoxue with a pitiful gaze, then turned to Ning Hai and the others ...

The charm of a beautiful woman was indeed invincible. Before Leng ruoxue and Ning Hai could speak, someone impatiently said, “Captain, let them stay! They’re pretty strong, and our team just so happens to be lacking people.”

After hearing his team member’s words, Ning Hai was a little embarrassed. In fact, he knew very well that they didn’t want to join their team at all. They just wanted to find an opportunity to repay ruoxue. However, looking at ruoxue’s appearance, she didn’t seem to want to be their benefactor. If he took in these two people and made ruoxue unhappy, that wouldn’t be the result he wanted. So, for a moment, he really didn’t dare to make this decision.

At the thought of this, Ning Hai’s gaze turned towards Leng ruoxue, using his eyes to ask for her opinion. Leng ruoxue had no choice but to say, “Big brother ning! Since they have no home to return to, you should take them in!”

“En, you guys come with us!” Ning Hai nodded and said to Hong Luan and Qing Yun, but he couldn’t help but think in his heart, “it’s not that she wants to follow me, okay?” However, since this was ruoxue’s idea, he had to obey it. Who asked him to not help ruoxue in plentiful city, and he had always felt guilty!

After the discussion, Hong Luan and Leng ruoxue set off with Leng ruoxue and the others ...

On the way, when they passed the first city, Ning Hai was afraid that what happened in plentiful city would happen again. He did not tell Hui ao to stop at the city gate. Instead, he set up a tent outside the city and planned to leave the city immediately after entering the city the next morning. This was because, according to the regulations of the divine realm, when passing by other people’s cities, they were not allowed to fly directly, otherwise, they would be severely punished.

When Leng ruoxue saw Ning Hai’s quivering, she could only helplessly put on her men’s clothes again. This time, there wouldn’t be any men who would have any ideas about her!

Initially, Qing Jue wanted to use the universal bracelet to change Leng ruoxue’s gender. That way, no one would suspect Leng ruoxue’s gender. However, Leng ruoxue was not willing to do so. After changing her gender, she could not immediately return to her original gender. All she wanted to do was to return to the godly mainland as soon as possible. Hence, she was not willing to let Qing Jue change her gender! But in this way, she would have to work harder.

However, in order to reduce the trouble, it was worth the hard work.

After half a month’s long journey, they were also getting closer and closer to the ning family’s divine realm.

“Ruoxue! After passing through Firefly city and a forest, we will be in the ning family’s divine territory. Once we reach the ning family’s divine territory, we will be truly safe.” Ning Hai pointed at the city in

front of him and said with a relaxed expression. It should be known that for the past half a month, he had been on tenterhooks almost every day, afraid that something would go wrong. Fortunately, he had arrived at Firefly city safely. Although this was not a city that belonged to the ning family, it was close to the ning family's divine realm. Therefore, the relationship between the city Lord of Firefly city and the ning family had always been close. It could be said that they were dependent on the ning family's divine realm to survive.

"Firefly city? The name of this city is quite special." Leng ruoxue looked at the three words above the city gate and chuckled.

"Hahaha! Ruoxue! You don't know, there is a reason why this place is called Firefly city. Every summer, countless fireflies will gather here, and the scene is really spectacular! Moreover, even if there is no lighting equipment, the Firefly city is still brightly lit at night. Therefore, some people also call this the nightless city. However, it only has such a Grand occasion in summer." Ning Hai explained with a smile.

"Xia Tian? Isn't that the case now?" Leng ruoxue asked suspiciously. According to what big brother ning said, wouldn't they be able to see thousands of fireflies tonight?

"Yes! That's why we came at the wrong time, but luckily, we're only staying for one night." Ning Hai said gloomily.

"Uh!" Hearing Ning Hai's words and seeing his depressed expression, Leng ruoxue was in a dilemma. What did big brother ning mean by this? Weren't you very happy when you talked about the Firefly Festival? Why did he become depressed again after such a short while? Could it be that men could change their faces like flipping through a book? Al! A man's heart was truly like a Needle at the Bottom of the Sea!

Chapter 1489: Good character (3)

"Ruoxue! The Grand occasion was quite attractive, but it was not a good thing for the people who were staying here. Sigh! You'll know when you experience it for yourself tonight." Ning Hai sighed.

After that, Ning Hai led the group into Firefly city.

In Firefly city, there were not many people on the streets. Leng ruoxue and the others walked on the streets, but not only did they not see many people, other than the Inns, almost all the shops had closed their doors. Seeing this, Leng ruoxue was very puzzled.

"Big brother ning! Is today a special day? Why are all the shops in the city closed?" Leng ruoxue asked curiously.

"Ruoxue! You'll know tonight." Ning Hai smiled but didn't answer. It was obvious that he wanted to maintain a sense of mystery.

Ning Hai led the group to a familiar Inn. Before they entered the room, Ning Hai told Leng ruoxue that they could go to sleep.

After hearing Ning Hai's words, Leng ruoxue's forehead was dripping with cold sweat. Although it was close to evening, there was still at least two to four hours before the sky turned dark! Besides, they

hadn't even had dinner yet. Wasn't it a little too early for them to sleep the first thing they did after entering the room?

"Miss! It's not wrong for us to listen to big brother ning." Grape also said with a mysterious look.

"Grape! You're keeping me in suspense too?" Leng ruoxue said gloomily. She felt even more aggrieved in her heart. Sob ... You guys are such bullies! Knowing that it was her first time in the divine realm, they had actually colluded to hide it from her! This was really too much!

"Miss! You'll know at night. Now go to sleep!" Grape urged with a smile.

"Then sleep! However, the grapes! You're not allowed to call me young miss anymore, I'm young master now." Leng ruoxue reminded helplessly. It seemed like they were planning to keep her in suspense until late at night. Why was she so pitiful!

"I know, miss! I will remember to call you young master in front of others." Grape promised.

"Yes." Leng ruoxue nodded.

After lying on the bed, Leng ruoxue became more and more depressed as she thought about it. Unknowingly, she slowly entered Dreamland.

Late at night.

Leng ruoxue was awoken by the buzzing sound in her ears. She opened her eyes impatiently and realized that it was already morning. No, it wasn't daybreak. The sky outside was filled with countless fireflies. Through the window, he could see the fireflies. They were fist-sized, round, and looked very cute. A pair of transparent wings kept flapping, and the light source at the end of the wings was shining with a dazzling white light, illuminating the dark night sky as if it was daytime.

However, these fireflies were a little too loud. It was so noisy that she couldn't fall asleep at all. At the same time, Leng ruoxue finally understood why big brother ning and grape wanted her to sleep. It was because of this.

"Miss! You're awake!" At this moment, grape walked into the inner room from the outside.

"Mm! Do the people here sleep during the day?" Leng ruoxue said. No wonder so many shops were closed when they entered the city in the afternoon.

"I heard so. This is my first time here too, miss! The scene outside is really spectacular. Let's go outside and enjoy it!" Grape said eagerly, her beautiful face full of anticipation.

"Let's go!" Leng ruoxue washed up and walked out of the room with the grapes. At the door of the room, she met Ning Hai who wanted to come downstairs to have dinner with her. The few of them went to the dining room.

Sitting in the dining room, after ordering the dishes, Leng ruoxue's gaze turned to the window. Seeing this, Ning Hai smiled and asked, "How is it? Isn't it spectacular?"

"Mm! However, these bugs are a little noisy!" Leng ruoxue said.

“Hehe! Without the existence of these insects, Firefly city would have already become the possession of some powerful force.” Ning Hai explained. Firefly city was owned by a small family. Although it was very close to the ning family’s divine territory, the ning family did not plan to take it under their control, and these bugs were a big reason.

Not only that, but many forces also lost interest in Firefly city because of the existence of these fireflies. Although these fireflies brought a spectacular scene, they also ate a lot. To keep these fireflies alive, they would lose a lot of money. And these fireflies could not bring too much benefit to the city. Except for attracting some outsiders to come and admire them every summer, there were not many benefits. However, these fireflies were like a guardian angel to the city Lord and the people of Firefly city.

Therefore, they very much welcomed these fireflies to come and live for free every year, and these fireflies also knew how to repay kindness. If anyone had any ideas about Firefly city, they would definitely be attacked by them. After many years of living together, Firefly city and those fireflies who treated this place as their home had long formed a wonderful symbiotic relationship, and they had always lived in peace.

“Mm! It seems that these fireflies are getting along well with the people in the city.” Leng ruoxue said.

“Yup! The people of Firefly city regard them as their guardian deities. It is said that a long time ago, these fireflies once saved the lives of their entire city, so they treat these insects very well, especially when summer comes, the people in the city will consciously change their rest time for them. Moreover, these insects are also very intelligent, although their strength is not high.” Ning Hai said with a smile.

“They’ve already formed a symbiotic relationship. This is quite good. At least, I don’t have to worry about being bullied by others.” Leng ruoxue chuckled.

“Ruoxue! Do you know how much it costs to feed these bugs? There are so many of them, it’s not easy to keep them alive!” Ning Hai was speechless.

“Since they’ve already formed a wonderful symbiotic relationship, it’s easy to keep them alive!” Leng ruoxue replied calmly.

“Uh! There are so many of them, how are we going to feed them?” Ning Hai’s face was full of question marks.

“If I were the city Lord, I would let them find their own food.” Leng ruoxue said calmly.

“Looking for food? If they knew how to find their own food, they wouldn’t have come here to live in the first place.” Ning Hai couldn’t help but remind her. He felt that Leng ruoxue’s idea was clearly whimsical! The intelligence of these fireflies was not very high. How to communicate with them was a big problem. If these fireflies were really so obedient, this place would probably have changed owners long ago.

“Big brother ning! These fireflies have been here for many years, right? Have you ever thought that they only appear in the summer, so where do they go in the winter?” Leng ruoxue asked with a smile.

“They should be hibernating in winter!” Ning Hai thought for a while and said.

“Even if you want to hibernate, there should be a place! Besides, we’re not from here, so how can we be so sure that the city Lord here has no way of communicating with these fireflies?” Leng ruoxue continued.

Chapter 1490: Good character (4)

“Uh! Alright! You’ve convinced me.” Ning Hai was helpless. What Leng ruoxue said did make sense. He was not from Firefly city after all!

“Hahaha! Big brother ning! Let’s eat! Let’s go for a walk on the streets later!” Leng ruoxue couldn’t help but laugh when she saw Ning Hai’s resigned expression.

“En!” Ning Hai nodded. After the meal, Ning Hai brought Leng ruoxue and the other two to the streets.

At this moment, the pedestrians on the streets were like a sea of people, and the streets were bustling with life. Furthermore, every shop was open for business. Leng ruoxue was amazed by their unique business model. It seemed like no matter where one was, one would be able to find a way to survive!

On the street, it felt more real than observing the fireflies through the window in the room. Furthermore, some of the fireflies did not seem to be afraid of strangers. Two of them actually flew down from the sky and landed on Leng ruoxue’s shoulders.

Leng ruoxue lifted her beautiful eyes and looked at the two little things on her shoulders who were slightly shy. Her forehead was filled with black lines. She couldn’t help but grumble, “you two are just two little bugs, what are you so shy about?” Oh! Could it be that these two little fellows were female? She let her thoughts run wild.

These two little guys were very beautiful. Their bodies were golden and translucent, looking like two exquisite crafts. They were very likable.

“Young master! Not only do you attract beasts, but you also attract insects!” Grape sighed. However, the moment her words left her mouth, it attracted the angry glare of the two little worms on Leng ruoxue’s shoulders. Seeing this, she could not help but laugh.

“Hahaha! They’re still staring at me!” Grape laughed wildly.

“Grape! We’re on the streets, so be careful of your image.” Leng ruoxue couldn’t help but remind her maidservant when she saw her maidservant laughing without any regard for her image.

“Miss! These two little things are quite interesting. But why didn’t any insects land on me?” Grape saw a Firefly on Lotus seed’s shoulder, and his heart suddenly felt unbalanced.

“Al! His character!” Lotus seed said deliberately, obviously trying to anger grape, as if to verify her words. At this time, a Firefly also fell from Ning Hai’s shoulder.

Seeing this situation, grape became even more depressed. Her mind began to run wild. Could it be that she was really a bad person?

“Hahaha!” Leng ruoxue and the others laughed happily when they saw grape’s troubled and depressed look.

“Miss! You guys ganged up to bully me!” Grape’s eyes were filled with tears as he said in an extremely aggrieved manner.

“Someone even colluded to hide it from me before!” Leng ruoxue kindly reminded grape when she heard her words.

“Miss!” Grape looked at Leng ruoxue pitifully and called out pitifully.

“It’s useless to act pitiful!” Leng ruoxue said without giving him any face. After she finished speaking, she even deliberately teased the two fireflies on her shoulders.

Al! Seeing Leng ruoxue’s expression, grape was completely depressed. Boohoo ... The young miss was taking revenge. And obviously, the others had all wisely chosen to stand on the young miss ‘side. Why was she so pitiful! It was fine if those little bugs didn’t like her, but they were also bullied.

“Miss! Let’s go over there and take a look! There are so many people there, I wonder what they are doing?” At this time, lotus seed saw a lot of people gathered not far from them from the corner of his eye. He couldn’t help but feel curious.

“You can let big brother ning accompany you! I’m tired, I’ll rest here and wait for you.” Leng ruoxue said after some thought. She had never liked crowded places. In addition, Firefly city was a little noisy at night, so she had enough of walking around after a while.

“Miss! If you’re tired, let’s go back to the inn!” Upon hearing Leng ruoxue’s words, lotus seed hurriedly replied.

“It doesn’t matter! You guys don’t need to worry about me, go and play on your own!” Leng ruoxue laughed.

“How can this be!” Lotus seed didn’t agree.

“What’s wrong? You won’t listen to me?” Leng ruoxue deliberately put on a straight face and said in a slightly displeased tone.

“Miss! We’ll go play by ourselves, but you just wait for us here and don’t run around!” Grape reminded him with a serious face.

“Mm! I won’t run around, I’ll just sit here and wait for you, okay?” Leng ruoxue could not help but laugh. These two maidservants were treating her like a child. Could she have lost it?

“Ruoxue! Then I’ll stay here to accompany you!” Ning Hai said worriedly. Ruoxue’s strength was too low. He was not at ease to let her stay here alone, even though he did not think that there would be any danger in Firefly city.

“Big brother ning! Don’t worry about me! I’ll have to trouble you to look after the grapes and lotus seeds for me.” Leng ruoxue chuckled. She had many ways to save her life, but she was worried about the grapes and the Lotus seed.

“Alright then! Ruoxue! Wait for us here!” Ning Hai warned, as if he was afraid that he would not be able to see Leng ruoxue when he returned.

“En!” Leng ruoxue nodded towards the housekeeper and the housekeeper. Then, she found an inconspicuous corner and sat down.

After watching Ning Hai and the other two leave, Leng ruoxue was certain that they would not return so early, so she walked around the area casually. Then, she returned to the place where they had agreed to meet and waited for them.

Not long after, Ning Hai came back with grapes and lotus seeds. Along with him was a strange man and woman. They looked to be in their early twenties and were very beautiful. The man was a god tier master, while the woman was only a god tier. From their expressions, they seemed to be arguing about something.

“Young master! Let’s go back to the inn!” When he reached Leng ruoxue’s side, grape pulled on her arm unhappily and left.

“Wait!” Suddenly, they heard a loud shout.

Leng ruoxue was confused, while Ning Hai and the other two were impatient.

“You’re their master?” At this moment, the woman walked in front of Leng ruoxue and questioned her loudly. However, when she saw Leng ruoxue’s incomparably handsome face, she immediately turned into a lovestruck girl. Her beautiful face was dyed with a touch of red, and her beautiful eyes flickered with countless carefulness.

“En!” Leng ruoxue, who did not know what was going on, nodded her head. Countless question marks appeared in her mind.

“I’ll buy these two maidservants, state your price!” The woman said shyly. However, it was hard to change her nature.

“Miss, did you make a mistake? I didn’t say I was going to sell my own maidservant!” Leng ruoxue was a little speechless. Seeing that both of them were dressed very luxuriously, their background should not be ordinary. However, even if they were born into a noble family, they couldn’t possibly force them to buy, right?

“Big brother! Just sell them to me! It’s rare for my fiancé to take a fancy to these two girls and follow my fiancé. That’s their good fortune that they’ve cultivated for several generations!” The woman said pitifully as tears appeared in her eyes.
