

Crazy Wife 1511

Chapter 1511: The great elder is here (1)

The darktiger King stood arrogantly by Leng ruoxue's bed. Its huge, pitch-black eyes were staring at the looming black figure in front of it with disdain. After a long while, it slowly opened its mouth, "Where did this monster come from? Report your name! I don't kill nameless people."

However, its words did not receive any response. At this moment, Leng ruoxue sat up from the bed with a calm expression. Her beautiful eyes sized up the black figure not far away.

He didn't know what this black shadow was because it wasn't a real entity, but an illusion. However, the killing intent on his body was real. If it wasn't for the fact that the shadow Tiger King felt an unusual killing intent, it probably wouldn't have discovered this guy!

"Sister! Don't worry, he won't be able to kill you." At this moment, Qing Jue's comforting voice could be heard in Leng ruoxue's heart.

"Qing Jue, what is he?" Leng ruoxue could not help but ask. Qing Jue was very knowledgeable, so he should be able to recognize her, right?

"Sister! If I'm not wrong, he should have the bloodline of the night race in his body. However, it's not pure. You can also say that he's part of the half-night race." Qing Jue said after thinking.

"The half-night race?" Leng ruoxue's face was filled with question marks. Why was there another half-night race?

"Yes, his invisibility technique is not complete. Otherwise, he would not be so invisible. The reason why he is called the half-night race is because he only has half of the night race's bloodline. As for whether the other half is human or beast, I don't know." Qing Jue explained.

"In fact, the dark night race values the purity of their bloodline very much because only those with pure bloodlines can pass on their talent. Therefore, the dark night race usually doesn't marry with the outside world. However, no matter what race, there will always be a few aliens, which also led to the birth of the half-dark race. Although their birth is not as good as the dark night race, they are the best materials to be assassins." Qing Jue continued.

"You said he's a killer?" Leng ruoxue frowned.

"His killing intent is very strong, but it's hard to determine if he's an assassin or not. Because no matter if it's the dark night race or the half-dark night race, they are all born to be battle maniacs. They like to fight and are keen on fighting. Therefore, it's hard to judge their identity just from their aura." Qing Jue said helplessly.

As Qing Jue spoke, the dark Tiger King was already entangled with the illusionary black shadow. In order to not be affected by them, Leng ruoxue found a suitable opportunity to leave the room.

"Miss! Are you alright?" Grape and lotus seed, who were just about to rush into the room, saw their miss coming out of the room safe and sound, and their hanging hearts were greatly relieved.

"I'm fine. It's all thanks to the Tiger King for finding that person." Leng ruoxue explained with a smile.

"Miss! We'd better share a room with you!" Grape said worriedly. This courtyard had been built for many years, so the area of each room was not very big and the layout was not good. There was no place for her and Lotus to step. Therefore, the young lady had asked them to go to the next room to rest. If it were not for their low cultivation level, they would not have appeared after hearing the noise. Fortunately, the young lady was safe and sound, otherwise, they would have blamed themselves to death.

"Silly girl, I'm fine!" Leng ruoxue understood Grape's meaning and smiled helplessly.

"Please forgive us, Miss Leng. We're late." At this moment, another voice filled with self-blame rang in Leng ruoxue's ears.

Leng ruoxue turned around and looked at the person who spoke. However, before she could say anything, Grape spoke first.

"Why are you guys so late? If anything happens to my family's young lady, can you bear the responsibility?" Grape said angrily. Was this the Ning family's guard? They said that they were here to protect them, but they had come later than them. If they had really waited for them to come to protect them, they would have died many times over.

"Miss Leng, I'm very sorry. We were too careless." The guard Captain said with a guilty face. After all, this was the Ning family's main city, so they really didn't expect that someone would attack the Ning family's guests in the Ning family's main city.

"It's okay, I'm fine." Leng ruoxue laughed lightly and said nonchalantly.

"Hmph! My family's young miss is kind and can't bear to see you all being punished, so you all have to be more vigilant in the future. If my family's young miss is missing a single hair, your family head will not let you off." Grape warned sternly, but her words made Leng ruoxue snicker.

"Don't worry, Miss Leng. Such a thing won't happen again." The captain promised. In fact, they were also afraid. After all, before they had been sent by head butler Ning Yan to protect this young lady, the head butler had repeatedly told them to protect these people's safety. Otherwise, they would be punished by the Family Law, so they didn't dare to not do their best. However, this was the Ning family's capital city, so they didn't expect that anyone would dare to make a move under the Ning family's eyes. This made them a little angry. Wasn't this eye-piercing?

"En!" Leng ruoxue nodded. Actually, she didn't have any intention of blaming them. Who asked the enemy to be so cunning, to actually send someone who could conceal himself to kill her! And a human's sense of smell was not as sensitive as a Beastie's. In addition, she did not like strangers approaching her residence. Therefore, these guards were very far away from her residence and it was natural that they did not notice someone had intruded in time.

"Miss, let's go help the Tiger King eliminate the enemy!" Through the window, the captain of the guards saw the figures fighting in the room and said.

“No need, it can handle it on its own.” Leng ruoxue said calmly. The dark Tiger King’s strength should be on par with The Midnight Assassin. However, humans ‘endurance could not compare to orcs’. This was also one of the main reasons why she was so confident in the dark Tiger King.

“Tell me about that fifth miss of the ning family!” Leng ruoxue thought for a while and said. She had not met many people in the ning family’s main city, not including Ning Hai’s family. Other than the acting Master of the ning family and those elders, there was only the fifth young lady of the ning family, who was said to be doted on.

” Miss Leng, the fifth young lady’s name is Ning Xi’ er. Her father passed away when she was very young, but her father was the acting master’s younger brother, so the acting Master took very good care of her. Otherwise, the fifth young lady wouldn’t have been able to live a better life in the main residence than the young lady with both parents. In the hearts of many people in the ning family, the fifth young lady is cute and understanding, and the elders also love her very much. However, in private, the fifth young lady often beat and scolded the maidservants and subordinates beside her. However, due to fifth young lady’s position in the clan, those who were beaten and scolded by her did not dare to speak out. Even if someone were to complain, no one would believe it and there would not be a good end to it. So, as time passed, everyone protected silence.” When the captain of the Imperial Guards heard Leng ruoxue’s question, he hurriedly told her everything he knew. The reason why he was so detailed was because he wanted to make up for his mistake.

Chapter 1512: The great elder arrives (2)

“It seems that the fifth young lady is quite good at dealing with people.” Leng ruoxue said with a half-smile.

“Miss! You suspect that the assassin was sent by the fifth young lady?” Grape guessed.

“Grape, how can we make wild guesses without any evidence?” Leng ruoxue said with a smile.

“Miss, I was wrong.” Grape quickly said. However, in his heart, his suspicion of that fifth young lady grew even deeper.

Right at this moment, two lightning-like shadows broke out of the window one after the other ...

“Dammit! Don’t run if you have the guts! Let’s continue for another 300 rounds!” The dark Tiger King’s loud voice resounded in the pitch-black night sky. However, the only response it got was a shadow that disappeared into the night. The Tiger King was so angry that it could only stare. White smoke kept coming out from its nose. It was obvious that it was quite angry.

“Tiger King! Calm down!” Leng ruoxue asked, amused by the dark Tiger King’s angry expression.

“I can’t stay calm! This really infuriated the Tiger! How could there be such an unrefined human! I haven’t had enough yet! He actually ran away. ” The dark Tiger King said angrily. This feeling of being stuck between top and bottom was really uncomfortable!

“He couldn’t beat you, so of course he ran. Don’t tell me he’s going to stay here and wait for death?” Leng ruoxue was very open-minded.

“But I haven’t had enough. Who’s going to fight me?” The King of Darkness of night grumbled. His pitch-black eyes kept on scanning the guards, scaring them so much that they fled without even greeting Leng ruoxue.

“A bunch of cowards!” The dark Tiger King was even more furious when it saw this.

“Tiger King! Do you want me to play with you?” Leng ruoxue chuckled.

“You?” The dark night Tiger King sized up Leng ruoxue and shook his head as he said, “You’re too weak. I don’t want people to say that I’m bullying the weak.” The Tiger King’s face was filled with disdain. After he finished speaking, he turned around and returned to his room.

As for Leng ruoxue, who remained in her original spot, she felt depressed when she heard the dark Tiger King’s words and saw the look of disdain on its face. In fact, she felt extremely depressed. So, in the eyes of the tiger King, she was weak? Was she really that weak? Could it be that the Tiger King didn’t know the saying that one can not judge a book by its cover? Judging a person based on their strength would cause them to suffer a great loss!

At the thought of this, Leng ruoxue shouted towards the Tiger king’s room, “Tiger King! Come out and let’s fight for 300 rounds.”

When grape and lotus seed heard Leng ruoxue’s words, their foreheads were filled with black lines. They thought to themselves, ‘how much of a shock did the young miss Go through?’ She actually had to fight with the Tiger King for 300 rounds. With miss’s small body, if she really fought with the Tiger King for 300 rounds, wouldn’t she be exhausted to death?

When the dark Tiger King, who was in the middle of a lovey-dovey conversation with his beloved wife, heard Leng ruoxue’s provocation, it did not take it seriously and continued to do what it was supposed to do. On the other hand, the female White Tiger, Yan ‘er, glared at her husband discreetly. She was even more dissatisfied in her heart. This husband was good in every way except that he liked to fight. However, he should not provoke his Savior! He clearly knew that the other party’s strength wasn’t high, yet he still sprinkled salt on the other party’s wound. This was really too much.

Leng ruoxue waited outside the courtyard for a while. When she saw that there wasn’t any movement from the Umbra Tiger King, the anger in her heart started to rise.

“Tiger King! You don’t dare to accept the challenge? I didn’t expect you to be so timid!” Leng ruoxue provoked him on purpose.

When the dark Tiger King heard Leng ruoxue calling it a coward again, it couldn’t stay in the room any longer. However, before it could do anything, it was subdued by Yan ‘er’s light words.

“If you go out, I’ll take the child and leave this place.” Yan ‘er said with a smile.

“Uh! Yan ‘er, that girl is provoking us outside! If I don’t go out, she’ll think that I’m afraid of her! This is a matter of your husband’s face!” The dark Tiger King pleaded, but Yan ‘er remained unmoved.

“She’s my and my child’s Savior. What if you hurt her?” Yan ‘er raised her brows and asked. This stupid Tiger had no idea how to control its strength when it fought. Even a God King would be injured by its claws, let alone a delicate little girl like Leng ruoxue.

“Uh! I won’t go out.” The dark Tiger King said helplessly. It knew that his wife’s words were not without reason. That little girl would not be able to withstand one of its claws.

“This is more like it!” Yan ‘er nodded in satisfaction.

After Leng ruoxue finished speaking, she noticed that there was still no response from the darktiger king’s room. She could not help but feel a little dejected. It seemed like the Tiger King was determined not to come out.

“Miss! The Tiger King is probably sleeping.” Grape saw that his miss’s expression was not good and quickly said.

“Well, let’s sleep too!” Leng ruoxue said helplessly.

“Miss, you can sleep in my room and lotus seed’s room! Your room is already uninhabitable.” Grape reminded.

“No need, I have a place to sleep.” After Leng ruoxue finished speaking, she took out a small and exquisite house and placed it on the empty space in the courtyard. As Leng ruoxue’s thoughts moved, the house slowly became bigger. However, the space in the courtyard was limited, so the entire house was slightly smaller than a normal house. However, it was enough for her to enter.

“Miss, what, What is this?” Grape was a little dumbfounded. The young miss actually brought a house with her. This should be a spatial divine artifact, right?

“The house! Didn’t you guys see it?” Leng ruoxue laughed evilly. This was the first time she had used this house ever since she came to the immortal realm! It wasn’t that she didn’t want to use it, but she was afraid that others would be after it. After all, she understood the principle that a man’s wealth was his own fault. However, now that they were in Godfather’s territory, she didn’t think that anyone would dare to snatch her things here.

“Miss, quickly put it away. If others see it, it will bring you trouble.” Grape quickly reminded.

She had lived in the divine realm for many years, so she had naturally heard of a kind of spatial God tool that could be used for people to live in. However, it was extremely difficult to refine such a God tool, and it was not something that an ordinary God could possess. When she saw her own young miss Take out such a spatial God tool that could be used for people to live in, she immediately felt a little dizzy.

Wu ... The stimulation that young miss had given her these few days was really too great. First, a Godfather of the ning clan’s old ancestor appeared, and now she took out a spatial divine tool that was hard to get even if one was worth a thousand gold. They really didn’t know what other secrets the young miss had that they didn’t know. Would it scare them?

“Calm down! There’s no one else here other than you guys.” Leng ruoxue gave grape and lotus seed a consoling look.

“Why not? Aren’t we the same?” At this moment, a familiar voice filled with dissatisfaction was heard.

Leng ruoxue turned her head towards the source of the voice and smiled indifferently. “You guys are really not human.”

“You brat, you’ve become bad.” The person who spoke was the dark Tiger King, who had shut himself in the room earlier. Beside it stood Yan ‘er, and the two little tigers were lying on their mother’s back with drowsy eyes, their faces filled with confusion.

Chapter 1513: The great elder arrives (3)

“I thought you guys were asleep! How could you bear to come out?” Leng ruoxue chuckled as she teased. Previously, she had called out for so long, but this Black Tiger refused to come out. Now, a house had actually drawn them out. Sigh! It seemed like this house was more attractive than her! She felt a little sour in her heart.

“You heartless girl. We only came out because we sensed the fluctuation of spiritual energy and were afraid that you would be in danger.” As the dark Tiger King spoke, its eyes were fixed on the house that had suddenly appeared in the courtyard. Its face was filled with curiosity.

“Thank you. I’ll be staying in this house tonight. It’s safe here, so you can rest assured.” Leng ruoxue said with a smile.

“Little girl, this is a spatial divine tool, right? Aren’t you going to take us in for a tour?” The dark Tiger King said, a little embarrassed.

“You want to take a look?” Leng ruoxue raised her brows and looked at the Tiger King’s family.

“Yes.” The dark Tiger King nodded, and Yan ‘er’s face was filled with anticipation.

“Then let’s go in together!” After Leng ruoxue finished speaking, she brought grape, lotus seed, and the Tiger King’s family into the house.

After they entered, Leng ruoxue told them to do as they pleased while she returned to her room to sleep.

Lying on the bed in her room, Leng ruoxue couldn’t help but sigh. The room that she had carefully decorated was still the most comfortable to sleep in! No matter how luxurious the house outside was, it wasn’t her own. Looking at everything in the house, she missed the godly mainland even more ...

The next morning.

The first thing Leng ruoxue did when she woke up was to keep the house. The Tiger King’s family did not want to leave, so she left them in the house while she came out with the grapes and lotus seeds.

Not long after breakfast, Ning Yan heard the news and rushed over. When he saw that Leng ruoxue was unscathed, he heaved a sigh of relief.

“Miss Leng, it’s a good thing you’re fine. Otherwise, I really don’t know how to explain to the family head.” Ning Yan said apologetically. He knew very well how much the master doted on his goddaughter. If anything happened to Leng ruoxue, he would not be able to bear the responsibility!

“Butler Ning Yan, don’t worry. I’ll take care of myself.” Leng ruoxue expressed her stance. She was no longer a three-year-old child, how could she be killed so easily! Moreover, she still had the cosmic bangle.

“Miss Leng, I’ve arranged for some guards to protect you. In addition, I’ve also prepared a few maidservants for you.” After Ning Yan finished speaking, he waved his hand and four maidservants walked in. The first thing they did was to bow to Leng ruoxue. They were extremely respectful and did not look down on her just because she was a mere mid-tier divine warrior.

Leng ruoxue sized up the four maidservants that Ning Yan had brought with him. Although they weren’t particularly beautiful, they were quite powerful. They were all divine Lords, and their attitudes were neither servile nor overbearing. Leng ruoxue couldn’t believe that they were actually maidservants.

“Hehe! Miss Leng, they are maidservants that our ning family has carefully trained, specially prepared for the women of the family. I was a little careless before, and didn’t expect that someone would dare to fight in the ning family’s territory, but fortunately, miss Leng was not injured.” Ning Yan said with a look of self-blame.

Hearing Ning Yan’s words, Leng ruoxue knew that if she didn’t accept these four, he wouldn’t let her go so easily. So, she could only reluctantly nod her head. However, these four women were indeed carefully cultivated by the ning family. Without her command, they were already standing in the corner like shadows. If she didn’t know that these four were here, she probably wouldn’t have even sensed their existence.

Leng ruoxue was also well aware that no ordinary woman had the right to use such a maidservant.

After making some arrangements for the courtyard, Ning Yan finally left the courtyard in the evening ...

Now that the four maidservants Ning Yan had arranged for her to stay, Leng ruoxue couldn’t take out her room to sleep like she did the night before. Although this was her Godfather’s territory, he had not returned yet. In her eyes, these four maidservants were outsiders. Naturally, she didn’t want outsiders to know about her trump card.

Grape and lotus seed were a little upset that they couldn’t rest in the spatial divine artifact, but they had no choice. Ning Yan had sent more people to the courtyard! Now, he could see one guard every ten meters, which was really inconvenient.

She slept for another night. The next morning, Leng ruoxue was woken up by a clamor.

“Young miss, you’re awake. There are two old men outside, and they’re clamoring to see you.” Seeing that Leng ruoxue had woken up, grape hurried over to her bedside.

“Old man?” Leng ruoxue was stunned, not knowing who grape was talking about.

However, after a simple wash up, she left the room.

“Little girl, you’re finally awake. Sob ... I missed you so much.” Leng ruoxue had just stepped out of the room when she was hugged by an old man. Looking at the old man’s bawling face, she could not help but feel her forehead fill with black lines.

“First elder, why have you come?” Leng ruoxue asked in surprise. Could it be that Liuyue had already received the letter she had asked Shen nuo to deliver? However, didn’t Shen nuo say that he still had other matters to attend to and wouldn’t be able to return to The Alchemist Guild headquarters so soon?

“What do you mean why am I here? You don’t welcome me? You’re a girl without a conscience.” The first elder of the craftsmen’s Guild headquarters looked at Leng ruoxue with a bitter expression.

“Uh! I didn’t mean it that way. I’m just curious, how did you know I was here?” Leng ruoxue asked.

“Of course I heard it from the ning family. When the ning family sent someone to deliver the letter, I was with that old thing!” The great elder said honestly.

“Oh! Where’s Godfather?” Leng ruoxue looked around, but she only saw first elder. Didn’t grape say that there were two old men? Could it be that the other one was referring to Godfather? But where was his Godfather?

“You damn thing, why are you hiding? He was still clamoring to see the girl just now! Hurry up and get out here!” The first elder’s roar echoed in the courtyard, but no one came out.

When Leng ruoxue heard first elder’s words, black lines appeared on her forehead. She thought to herself, why is Godfather still hiding? What kind of game was this!

“Hehe! Little girl, that old thing is shy.” Seeing that no one had come out after a long time, the first elder said with a smirk.

“Shy? It’s not the first time Godfather has seen me. What’s there to be shy about?” Leng ruoxue’s beautiful face was filled with question marks. To think that the great elder could say it out loud. How could Godfather be shy?

“He has to be shy. You’ll know when you see him later.” The great elder’s face was mysterious, but he did not say the reason.

Leng ruoxue didn’t expect that first elder would keep her in suspense. Helpless, she could only wait for her Godfather to jump out on his own.

When the great elder saw that the master of the ning family was too embarrassed to come out, he was overjoyed. He pulled Leng ruoxue to sit in the courtyard and began to chat about daily life, asking all sorts of questions. It was almost noon when grape came over to tell him that the food had been prepared. Only then did the great elder feel hungry. He looked at Leng ruoxue expectantly, as if asking, ‘what do you want to eat for lunch?’

Chapter 1514: I don’t have money, I only have my life (1)

Leng ruoxue could not help but laugh when she saw first elder’s expression! Godfather and this great elder were both gluttons. However, it was not an easy task to satisfy their appetite. Fortunately, she had already made arrangements for the grapes.

“Miss! Where are you having lunch?” Grape asked. Usually, they would eat with the young miss on the stone chair in the courtyard. However, the great elder in front of her was not an ordinary person, so she really did not dare to make this decision.

“Great elder is not an outsider. It’s fine as long as you act as you usually do.” Leng ruoxue said with a smile.

“Right! Right! I’m not an outsider!” The first elder said with satisfaction. Ruoxue’s words were very much to his liking. If this little girl treated him as a guest, he would be angry.

Grape nodded and left with a smile. Not long after, she and lotus seed served up a delicious dish that looked, smelled, and tasted ...

The great elder drooled as he looked at the delicious food in front of him. He was about to reach out with his chopsticks to pick up the food, but who knew that just as he lowered his head, the food in front of him disappeared without a trace ...

“Damn old thing, you dare to steal my vegetables!” The great elder looked at the figure that disappeared in a flash, and his heart was filled with anger.

However, no one responded to his anger.

When Leng ruoxue saw this, she laughed helplessly, “Godfather! What the hell are you doing?”

Although the figure just now was so fast that no one could detect it, she knew in her heart that no one could snatch food from the hands of the Emperor God except for her disrespectful Godfather.

“You piece of sh * t, return the food. Otherwise, I’ll tell everyone about what happened.” The great elder threatened the void. As soon as he finished speaking, a ‘bang!’ Was heard. An empty plate was returned to its original position. Seeing this, the great elder’s anger grew.

Did something happen to Godfather? Hearing first elder’s words, Leng ruoxue mumbled to herself. She was extremely curious about what first elder was talking about.

“Little girl, do you know why this old thing doesn’t dare to meet people?” The great elder turned around and asked angrily.

“Why?” Leng ruoxue was very cooperative.

“Old thing, if you dare to betray me, I will not let you off.” Before the first elder could speak, a threatening voice was heard by Leng ruoxue and the rest. The owner of this voice was naturally the master of the ning family who was hiding in the shadows.

“You stole my vegetables and now you’re threatening me. Do you think I’m afraid of you?” The great elder pouted and said disdainfully. He did not believe that the old thing would dare to appear in front of ruoxue.

“Godfather! Didn’t you want to see me? Why are you hiding?” Leng ruoxue asked in confusion.

“Uh! My good daughter! It’s not convenient for Godfather to see you now, please forgive me!” The depressed voice of the master of the ning family came from the void, followed by a heavy sigh.

“Ruoxue, don’t fall for his trick. How can it be inconvenient for a man? He’s clearly doing something wrong and doesn’t dare to see you.” The first elder provoked, but he was already laughing in his heart.

“Damn old man, don’t talk nonsense! When did I do anything wrong?” As soon as the first elder’s voice fell, the roar of the ning family master rang out.

Watching the two distinguished old men quarreling like children, grape and lotus seed were a little dumbfounded. Was this the legendary master of the ning family and the head elder of the craftsmen’s Guild?

How could they be like this? Could this be the so-called “meeting in person is better than hearing your name?” Listening to their conversation, grape and lotus seed’s idol dream was shattered ...

“You guys, stop arguing! Godfather! You don’t need to hide anymore, come out!” Leng ruoxue’s forehead was full of black lines. Why couldn’t these two people let him stop worrying? Although this was one of the ways they could bond, it also depended on the time!

“Girl, I said it’s not convenient for me!” The master of the ning family’s bashful voice came from the void.

“Godfather! I’ll count to three. If you don’t come out, you’ll have to bear the consequences!” Leng ruoxue was helpless and could only threaten him.

“Don’t count! I’ll come out!” “Yes, master!” Master ning said quickly, and then walked out from the back of the house unwillingly ...

Leng ruoxue looked at master ning, who was using a cloth to cover his face, and the doubt in her heart deepened. Although this old man was a little narcissistic, he wasn’t to the extent of covering his entire face, right? Could it be that he was afraid of getting tanned? If it wasn’t for the fact that she could tell from the voice and figure that this person was her Godfather, she would have thought that her Godfather had been switched. Or had her Godfather’s narcissism increased again? She was filled with question marks.

“Girl, it’s wrong to threaten others.” Master ning walked to Leng ruoxue after he came out and said with a slight grievance.

“Godfather! Is this your new image?” Leng ruoxue wiped away the cold sweat on her forehead and couldn’t help but ask.

“Hehe! Girl, you’re right! This damn old man can’t be seen in public!” The first elder said with some schadenfreude.

“What do you mean?” Leng ruoxue’s beautiful eyes kept sizing up master ning, trying to find something.

“Little girl, why have you come to the divine realm?” Master ning did not answer Leng ruoxue’s question and tried to change the topic. He had thought that this little girl had already become a deity, which was why she had come to the divine world. Who knew that she was still a mid-tier deity? with such strength, how dangerous would it be to come to the divine world!

“Godfather! We’ll talk about this later, let’s talk about you first. You’re covering your face so tightly, don’t tell me you’re afraid of getting tanned!” Leng ruoxue furrowed her brows and asked suspiciously.

“Girl, you’re right. I’m afraid of getting tanned!” The master of the ning family seized the opportunity.

“Godfather! Even a three-year-old kid wouldn’t believe you.” Leng ruoxue reminded.

“Hehe! That’s right! Little girl, this old thing is actually disfigured.” The great elder revealed the secret with a wretched smile.

“No one will think you’re mute if you don’t speak!” “Shut up!” The master of the ning family shouted unhappily when he saw the great elder tear down his stage. However, the great elder was all smiles and didn’t care about his anger at all.

“Disfigured?” Leng ruoxue’s beautiful eyes turned back to master ning’s face. As a reverent-God, how could her Godfather be disfigured?

“It’s not that serious. I was just bitten by a few insects on the way back.” The master of the ning family was afraid that Leng ruoxue would be worried, so he quickly explained. After he finished speaking, he even glared at first elder fiercely. ‘That damned old thing, who asked him to be so nosy!’

“Bitten by an insect? Let me see!” Leng ruoxue asked worriedly. The worms in the God World were very powerful and poisonous, so they couldn’t be careless.

“No need! It’ll be fine!” The master of the ning family refused.

“Godfather!” Leng ruoxue deliberately dragged out her voice, her beautiful eyes fixed on master ning, causing master ning’s hair to stand on end. She continued to say, “I’m fine! It’s true!”

“I’ll have to see it first, you’re the one who asked me to see it! Or do you want me to do it myself?” Leng ruoxue said with a faint smile. Although she had given a multiple choice question, the result would be the same.

Chapter 1515: I don’t have money, I only have my life (2)

“Ai! If you want to see it, then go ahead!” The master of the ning family sighed and said helplessly, “why is this girl so bad?” He even bullied his Godfather, sob ...

With master ning’s approval, Leng ruoxue rudely removed the cloth covering his face. Instantly, a face as swollen as a pig’s head was revealed to everyone ...

“Uh! Godfather! Your face is so swollen, and you still say you’re fine?” Leng ruoxue looked in disbelief at her godpa, who was originally extremely handsome, now looked like a pig’s head. The difference was too great.

“I’m really fine! I’ll be fine after a few days!” The master of the ning family said disapprovingly.

“Godfather! What kind of insect bit you?” Even though Godfather said that she was fine, Leng ruoxue was still worried.

“His face was not bitten by insects! It was stung by a bee.” First elder interjected.

“Damn old man, will you die if you don’t speak!” The master of the ning family saw that the great elder was dragging him down again, and he was very angry! He didn’t want his precious daughter to know that he had been stung by the bees because he craved honey. It was too embarrassing!

“Godfather! How could you be so careless?” Leng ruoxue shook her head in disagreement. However, she did not ask for details, lest her Godfather lose face.

“I was too careless.” The master of the ning family lowered his head in embarrassment. He was too ashamed to see anyone. With such a weakness in the hands of that stinky old man, he would definitely take it out from time to time to anger him! As soon as he thought of this, he felt extremely depressed in his heart. Why was it that when he was embarrassed, the one by his side was this old fart?

“Godfather! Just eat this!” Leng ruoxue took out an elixir from her bangle and passed it to him.

The master of the ning family quickly took it and put it into his mouth. Soon, he felt that the burning pain on his face had eased a lot, but his face still seemed swollen.

“Little girl, is my face still swollen?” The master of the ning family touched his face and asked carefully.

“Mm! Godfather! The pill I gave you can’t completely cure the bee poison, the rest will be up to you.” Leng ruoxue nodded.

After first elder heard Leng ruoxue’s words, he stood in front of master ning and observed his face carefully. He even kept making ‘tsk tsk’ sounds. He then said, “this little girl’s medicinal pill is really amazing! It actually removed more than half of the bee poison on this old thing’s face.”

When he and the master of the ning family were rushing to the main city of the ning family’s divine realm, the master of the ning family had already taken an antidote pill. However, that medicine was not very effective against the bee’s poison. Otherwise, this old thing would not be willing to run back with a pig’s face! If the younger generation of his family saw him like this, it would also damage his image as an ancestor! Therefore, they came back sneakily and directly came to this courtyard.

“You don’t need to tell me that! Don’t you know who refined this pill?” The first elder’s words made the ning family’s master so proud that his tail was about to rise. However, the first elder only glanced at him casually, then sat down and continued to eat.

Seeing this, the master of the ning family also sat down, not to be outdone. The two of them swept away everything, and not long after, the food on the table was completely wiped out.

Seeing how they ate, grape and lotus seed’s eyes widened in disbelief. Their idol dreams had already been shattered, and now there was not even a bit of residue left.

After finishing the meal on the table, the two of them looked at Leng ruoxue expectantly. Their intentions were clear.

Leng ruoxue gave grape and lotus seed a look, and the two of them retreated to get food. She then accompanied the two old men to chat.

“Godfather, great elder, how long has it been since you guys last ate?” Leng ruoxue asked speechlessly. Looking at grape and lotus seed’s expressions, they seemed to be frightened.

“Xue ‘er! Without you by our side, there’s no one to make us good food.” The great elder complained tearfully with snot and tears.

“Uh!” Leng ruoxue broke out in a cold sweat as she listened to them. She thought to herself, ‘do you guys have to act so pitiful? With your status, if you want to eat something, aren’t there a lot of people fighting to get it for you?’

“Oh right! Little girl, can you tell me why you’ve come to the divine realm now?” The master of the ning family was still thinking about this!

“I was kidnapped.” Leng ruoxue sighed.

“Who is it? Who had the guts to kidnap my goddaughter? He really didn’t know what was good for him! Don’t be afraid! With Godfather backing you up, I won’t let the people who kidnapped you have an easy time. Come! Tell Godfather, who did this?” The master of the ning family said angrily, “F * ck! He even dared to kidnap his goddaughter. Wasn’t he deliberately going against him?”

“It’s the yin clan’s old ancestor!” Leng ruoxue said lightly.

“Girl, who are you talking about?” The master of the ning family thought he had heard wrong and asked with uncertainty.

“It’s the yin family’s old ancestor.” Leng ruoxue repeated.

“Why did he kidnap you?” First elder had a puzzled look. That old fellow was not a lecherous person! Why would he kidnap Xue ‘er? This was really too strange.

“I don’t know either!” Leng ruoxue said speechlessly. She had yet to meet the yin clan’s old ancestor after she arrived in the divinity!

“Pa!” The master of the ning family slammed his chopsticks on the stone table and roared in anger, “How dare he kidnap my goddaughter! I don’t care who he is, I won’t let him off!”

“Old thing, calm down!” First elder consoled her. Then, he asked Leng ruoxue curiously, “Xue ‘er, that old man kidnapped you. How did you escape?”

“It’s all thanks to my little Beastie’s help. Otherwise, I’m afraid I would still be trapped in the yin family’s main residence!” Leng ruoxue said with a faint smile. Following that, she gave them a brief account of what had happened at the yin residence. The two of them couldn’t help but laugh out loud when they heard it.

“Hahaha! Little girl, you’re the best! He actually became an elder!” The first elder said with a face full of admiration.

“Of course, don’t you know whose goddaughter she is?” The master of the ning family was extremely proud.

“Little girl Xue ‘er, since you’ve come to the divine realm, why don’t you stay here for a few days? I can also accompany Godfather!” The master of the ning family said again after he was satisfied.

“Godfather! I’m here to ask you to send me back to the godly mainland.” Leng ruoxue said, feeling a little embarrassed. She had been brought out for so long, the demon and the rest must have been worried to death.

“Xue ‘er! It wasn’t easy for you to come to the divine realm, so no matter what Godfather says, he won’t let you leave so easily. If you’re afraid that the demonic man will be worried, at most, Godfather will ask someone from the ning family to go and inform him!” The master of the ning family said stubbornly. He had not seen his precious goddaughter for so long, how could he let her go back so quickly? Furthermore, it seemed like he had to thank that old man from the yin clan for being able to see ruoxue in the divine realm! However, he still had to settle the score with him for kidnapping his goddaughter.

Chapter 1516: I don’t have money, I only have my life (3)

“Alright then!” Leng ruoxue nodded in agreement. In reality, she had no choice but to agree. Whether she could return to the godly mainland or not, she still needed the help of her Godfather! Who asked him to not have enough strength right now!

Seeing that Leng ruoxue had agreed to stay for a few days, master ning and Grand Elder immediately beamed with joy. The grapes and lotus seeds that were served to them were all finished by them. After that, master ning brought Leng ruoxue and the rest to his residence.

“Godfather! Isn’t it inappropriate for us to live in the forbidden area?” Leng ruoxue asked hesitantly as she stood at the entrance of the forbidden area.

“What’s inappropriate about it? I have the final say in this family.” The master of the ning family said in an overbearing manner. Then, he instructed Ning Yan, who had come out to welcome them, to arrange accommodation for Leng ruoxue and the others.

“Don’t worry, patriarch. I’ve already arranged a place for you to stay.” Ning Yan said hurriedly, his eyes constantly glancing at his master’s slightly swollen face, but he did not dare to make it too obvious.

“Little girl, you go with Ning Yan first! Godfather, I’ll go get rid of the remaining poison.” After master ning finished speaking, he disappeared with a whoosh.

“Miss Leng, please follow me!” Ning Yan said respectfully. The first thing the master had done after returning was to visit Leng ruoxue. This showed how important miss Leng was to the master.

“I’ll have to trouble you again, Butler Ning Yan.” Leng ruoxue said with an apologetic smile.

“No trouble at all! This is what I should do.” Ning Yan quickly said.

“Miss Leng, this way please!” Ning Yan continued.

After leading Leng ruoxue and the others to their assigned rooms, Ning Yan took his leave.

Then, Ning Yan went to the door of the master’s room, waiting for the master’s summon.

Not long after, a low voice came from the room, “Ning Yan! Come in!”

When Ning Yan heard this, he pushed the door open and entered. He bowed very respectfully and said, "Patriarch, this subordinate is guilty!"

"Oh? What crime are you guilty of?" The master of the ning family, who was sitting on the chair, said faintly.

"I didn't protect miss Leng well and caused her to be frightened. I deserve to die!" Ning Yan reproached himself.

"Who let that little girl Xue 'er stay in the courtyard? Don't tell me it was your idea?" The master of the ning family glanced at Ning Yan and said in a cold tone.

"It's the second elder. I originally wanted to arrange for miss Leng to stay in the forbidden area, but the second elder said that miss Leng is an outsider and it's not convenient for her to stay in the forbidden area." Ning Yan quickly explained.

"Could it be that there's no place for Xue 'er in the main residence?" Master ning's face was dark as he said coldly.

"The few days that miss Leng arrived just happened to be the birthday of the substitute master. There were more guests in the main residence, so the rooms in the guest courtyard were a little tight. Therefore, the second elder asked me to arrange for miss Leng to stay in the side courtyard. Originally, I wanted to arrange for miss Leng to stay in the guest house, but miss Leng was unwilling. She said that she liked peace and quiet, so the side courtyard was just right." Ning Yan continued.

"That girl really doesn't like to be disturbed." The master of the ning family nodded. Although he was not happy that the second elder had let Xue 'er stay in another courtyard, he also knew that the girl probably wanted others to arrange it this way!

"What do you mean by" frightened "?" The master of the ning family asked.

"Two nights ago, someone sneaked into miss Leng's room and wanted to kill her. Fortunately, her Beastie found out, so miss Leng was safe and sound." Ning Yan wiped the cold sweat from his forehead and carefully replied. Although he had been by the master's side for many years, the master's fickleness was still very frightening. Therefore, he was very afraid that the master would vent his anger on him because of this matter.

"Who ordered it? How dare you kill my goddaughter in our ning family's territory? you really don't want to live." Master ning narrowed his eyes, and a bloodthirsty light flashed through them.

"This subordinate is currently sending people to investigate, but so far, fifth miss is the most suspicious!" Ning Yan said bluntly.

"Fifth young lady? Which fifth young lady?" The master of the ning family was confused.

"Fifth miss's name is Ning Xi 'er. She's the niece of the acting Master and one of your descendants." Ning Yan reminded.

"Oh! I don't have any impression." The master of the ning family said without even thinking.

“Why did she find someone to kill Xue ‘er?” The master of the ning family couldn’t help but ask. Xue ‘er had only been in the ning family for a few days, so how had she provoked their fifth miss?

When Ning Yan heard this, he quickly explained the whole story to his ancestor, including the relationship between Leng ruoxue and Ning Hai. After all, he had a good impression of Ning Hai. If he could get the master’s favor because of this, it would be a great opportunity for the little guy.

“Tell Ning Hai to come see me tomorrow. I want to see this little guy.” After thinking for a while, the master of the ning family said, “since Xue ‘er and the girl address each other as brother and sister, then as The Godfather, he should at least meet his own junior and thank him for taking care of Xue’ er along the way.”

“Yes!” Ning Yan replied, but he did not leave immediately.

“Why haven’t you left yet?” When he raised his head, the master of the ning family saw that Ning Yan was still standing in the same place, and he was a little displeased.

“Master, you haven’t announced the punishment for your subordinate yet!” Ning Yan whispered.

“Take good care of Xue ‘er and investigate the matter of Xue’ er’s attack. Consider it as atonement for your mistake.” The master of the ning family didn’t know whether to laugh or cry. Was he such an unreasonable person? If he wanted to punish someone, he should punish the culprit. How could he really punish his own subordinates?

“Don’t worry, master. I will do my best to find out the truth!” Ning Yan promised, and then left the room.

After Ning Yan left, the master of the ning family took out a voice transmission Jade plate and shouted, “You old thing, get the hell out here!”

After a long while, the Jade token finally responded.

“What’s the matter?” A lazy voice came from the Jade token. The owner of this voice was none other than the yin clan’s old ancestor who had kidnapped Leng ruoxue.

“You old geezer, how dare you kidnap my goddaughter? I think you don’t want to live anymore.” The master of the ning family roared angrily.

“When did I kidnap your goddaughter? don’t ruin my reputation!” The master of the yin family quickly said.

“Hmph! You’re still playing dumb, you didn’t kidnap my Xue ‘er?” Lord ning of the ning family reminded him angrily.

“Xue ‘er? Could it be Leng ruoxue?” The master of the yin family was a little shocked. How did that little girl get involved with that old thing from the ning family? she had just sent away a difficult one yesterday, and now this old thing was here again. This old man was much more difficult to deal with than the little guy yesterday!

“It’s her! How dare you kidnap my goddaughter? Hmph! What do you think we should do about this?” The master of the ning family roared aggressively.

“I didn’t even know that little girl was your goddaughter.” Master Yin said gloomily, “Wu ... That girl is already difficult enough to deal with, and now there’s another unreasonable one a few days ago. Today, this old fellow came to our door again. If I knew that Leng ruoxue was so troublesome, I wouldn’t have brought her to the divinity!” Now, he had not achieved his goal and was in trouble!

Chapter 1517: I don’t have money, I only have my life (4)

“Do you think you’ll be fine just because you don’t know?” The master of the ning family sneered.

“What else do you want? That little girl has already left our Yin clan and even kidnapped two of our Yin clan’s maidservants. A few days ago, a stinky brat came to our door and caused a huge ruckus. It wasn’t easy for me to get rid of him. For the sake of our many years of friendship, please spare me! Alright?” The master of the yin family pretended to be pitiful.

“Spare you? No way! You kidnapped my goddaughter and caused her to be frightened. You have to compensate her for the emotional damage.” The master of the ning family said, unwilling to let it go. Hmph! If he let go of such a good opportunity to rip someone off, his surname wouldn’t be ning! Furthermore, this old man from the yin family was known for being stingy. If he could get a piece of this old man’s fur, how glorious would that be? Therefore, this old man was destined to bleed a lot, he thought happily.

“I don’t have any money, but I’m dead!” The master of the yin family made up his mind. That brat had already taken a lot from him. If he was robbed by this old thing from the ning family again, he might as well kill himself.

“Uh!” Master Yin’s words stunned master ning. He immediately reacted and scolded, “You disrespecting old man, look at you, does your Yin family lack that little bit of money? Let me tell you! Don’t even think about being lazy when it comes to compensating my goddaughter!”

“I don’t have any money, believe it or not!” Master Yin also roared, and master ning’s eardrums hurt.

However, what made the master of the ning family even more incredulous was what had happened to the old man of the yin family? Wasn’t she just asking for some compensation? Why was he so angry? Or did he suffer some kind of shock?

“I say, old man Yin, don’t be poor in front of me! You don’t have money?” The master of the ning family clearly didn’t believe him. In the eight great divine domains, although the yin family wasn’t the richest, they definitely didn’t lack money. Now this old thing was actually pretending to be poor? This can’t do! He still wanted to make a fortune for his precious goddaughter!

“I really don’t have any money! All my money was taken away by a damn brat yesterday! If you want compensation, go get it from him!” The master of the yin family said dejectedly. From his tone, one could hear that he was not just depressed.

“What little brat?” The master of the ning family asked curiously.

“That little brat beside that girl is really ruthless! “Not only did he Rob me to the point of bankruptcy, he also ...” The master of the yin family stopped halfway. He really couldn’t say this out loud. Moreover, he

had promised that guy that he wouldn't tell anyone about the agreement between them. Sigh! This time, he had boarded a pirate ship, and a pirate ship that could not be disembarked!

"Return what?" The master of the ning family asked.

"Don't ask. In short, I've suffered a double loss!" The master of the yin clan was extremely depressed.

"Although I sympathize with you, you still have to compensate for my good daughter's emotional damage. I can't let you kidnap her for nothing!" After a moment of silence, master ning spoke again.

"Dammit! I've already compensated you, and you're still asking for more?" The master of the yin family said angrily.

"When did you compensate? Why didn't I receive it?" The master of the ning family pretended to be confused.

"I've already compensated that stinky brat." The master of the yin family reminded.

"Old man Yin! These are two different things. If he wants it, it won't have anything to do with me! You kidnapped my goddaughter, so I have to get back at Xue 'er, right? Otherwise, wouldn't I become a mere decoration? So, you can't run away from this compensation." The ning family's master chuckled, and his words, unsurprisingly, made the yin family's master jump.

"Damned old thing! You're clearly looting a burning house! I'll still say the same thing, I don't have money, but I'll take my life! You do as you see fit!" The master of the yin family said without fear.

"Then you can write an IOU! When you have it, give it to me." The master of the ning family said disapprovingly.

"I-an IOU?" When the master of the yin family heard this, he was so angry that he almost vomited blood. He couldn't help but curse in his heart. F * ck! What kind of people were these? One of them made him bankrupt, and the other wanted him to write an IOU. Did they even have any humanity left? They really went too far! Did they think he was easy to bully? He was filled with hatred!

"MMH! Write me an IOU and compensate my daughter when you have the money. You won't die so soon anyway, and we're not in a hurry to get the money." The master of the ning family laughed evilly. In fact, his ability to collect debts had been learned from that girl Xue 'er. Today, he had tried it out, and it was really satisfying!

"What if I die?" The master of the yin family asked, suppressing his anger.

"If you die, you'll still have your son and grandson! You have so many descendants, you'll definitely be able to collect the compensation." Master ning said with a smile.

"You, you ..." Master Yin was so angry that he couldn't speak.

"Old man Yin, for the sake of our friendship, send me the IOU within a month! Otherwise, I and the Grand Elder of the craftsmen's Guild will have to personally go and get it." Master ning said with a smile.

“The head elder of the craftsmen’s Guild? What does this have to do with him?” The master of the yin family asked in confusion.

“That old man has always wanted to acknowledge Xue ‘er as his granddaughter. Now that the granddaughter he has his eyes on has been bullied by you, do you think it has anything to do with him?” The master of the ning family raised his eyebrows and asked calmly.

“Uh!” When the master of the yin family heard this, he couldn’t help but wipe the cold sweat on his forehead and secretly thought, what exactly is that girl’s background? Why were they all targeting her? Actually, the reason why he had sent Leng ruoxue to the God World was because he had a high opinion of that lass. Who knew that she would actually cause him such a huge problem! Ai! Now, he was filled with regret. If he could turn back time, he would not have shamelessly kidnapped Leng ruoxue and brought her to the divinity. However, it seemed like it was too late to say anything now. It was already hard enough to deal with a little brat. Now, there was also the master of the ning family and the great elder of the craftsmen’s Guild. They were all people he did not want to provoke. Sob ... What should he do now?

“That, the reason why I brought that girl back to the divine realm was also because I like her. I don’t have any ill intentions. At the yin family, I treated her well. She made a mess of my Yin family, but I didn’t hide it from her. So, on account of our many years of friendship, don’t hold it against me! I really didn’t know that she was your goddaughter. If I had known that you two had such a relationship, I wouldn’t have kidnapped her no matter what!” After some thought, master Yin softened his tone.

“You like her? Don’t you know how old you are? aren’t you ashamed?” When master ning heard old man Yin say that he liked Leng ruoxue, he immediately exploded!

“Uh! You’ve misunderstood! “I don’t like her. I like her as a person ...” Master Yin said incoherently, but before he could finish, he was interrupted by master ning.

Chapter 1518: An uneasy reception (1)

“Isn’t that the same? Don’t tell me tongue twisters, you’re already so old, you can’t even be my goddaughter!” The master of the ning family roared in anger. It was fortunate that the old man of the yin family was not in front of him. Otherwise, he would have beaten him up! Old fart, he actually dared to have designs on that little girl Xue ‘er, he really didn’t want to live!

“When did I say I wanted to be your god-son-in-law? Will you listen to me properly?” The master of the yin family roared back. F * ck! He had been stunned by this old thing. If it wasn’t for the fact that the words “God-in-law” had stimulated him, he probably wouldn’t have reacted yet!

“Good! You tell me!” The master of the ning family took a deep breath and said, Hmph! “Old thing, if you don’t explain yourself, I’ll go to the yin family’s God Realm with the great elder tomorrow to settle the score with you,” he muttered in his heart.

“I really like that little girl, but not the kind of like you think. I brought her to the immortal realm because I wanted her to be my granddaughter-in-law.” The master of the yin family explained in a low voice.

“Granddaughter-in-law? Are you daydreaming? My Xue ‘er already has a fiancé! Don’t even think about her!” The master of the ning family shouted at the top of his voice again. He had taken a fancy to Xue ‘er for a long time. If he didn’t know that Xue ‘er wouldn’t marry unless she was that demon, he would have introduced Xue ‘er to his Junior A long time ago. As the saying goes, ‘don’t let your fertile water flow into others ‘fields’! How could it be outsiders ‘turn to remember!

“I’m not interested in her anymore. ” Master Yin said without confidence. With a man like that watching over Leng ruoxue like a tiger watching its prey, how would he dare to have any ideas?

“You’re tactful!” The master of the ning family said with satisfaction.

“Then don’t bother with me. I’m already miserable enough. You can’t add fuel to the fire.” The master of the yin family pretended to be pitiful.

“These are two different things! As Xue ‘er’s Godfather, how can I not stand up for my own goddaughter when she is being bullied?” The master of the ning family said stubbornly.

“I’m already very miserable, what else do you want?” The master of the yin family had a headache. When did the old man from the ning family become so stubborn? it was really infuriating!

“I don’t care if you’re miserable or not. You can’t lose a single cent!” The master of the ning family said without any sympathy. After that, he recited the items that the other party needed to compensate him. At the same time, he kindly told the master of the yin family that if he really couldn’t take them out, he had to write an IOU and send it to him within a month. Otherwise, he would bear the consequences.

Then, he cut off the voice transmission Jade plate and pretended not to hear the other party’s calls.

The next morning.

With a nervous heart, Ning Hai came to the forbidden area in the back mountain of the ning family. Because he was summoned by the old ancestor, he did not encounter any obstacles when he came to the forbidden area.

“Please inform Butler Ning Yan that Ning Hai is here!” Ning Hai said to the guard of the forbidden area very respectfully.

“Wait a moment.” The guard responded and went to inform Ning Yan.

After a while, Ning Yan came out and looked at Ning Hai.””Follow me!”

“Yes!” Following behind Ning Yan, Ning Hai came to a unique courtyard. Ning Hai knew that this should be the old ancestor’s residence.

Before they entered, Ning Yan looked at Ning Hai and reminded him,””Ning Hai! It’s been a long time since the ancestor has summoned the clansmen, so you must cherish this opportunity. ”

“Don’t worry, Butler Ning Yan. I will. ” Ning Hai said gratefully.

“Go in! The old ancestor is waiting for you. ” After Ning Yan finished speaking, he turned around and left. His intention was clear-he wanted Ning Hai to go in by himself.

After hesitating for a while, Ning Hai gathered his courage and walked into the courtyard.

The old ancestor's residence was not as gorgeous as outsiders had imagined. Instead, it was very simple and plain. Ning Hai walked into the courtyard and saw his old ancestor sitting on the stone chair. He quickly bowed and said, "Ning Hai greets old forefather!"

As he said this, his heart was beating like thunder. He was extremely nervous. This was the first time he had seen the old ancestor up close. In fact, even those of the direct line did not have many opportunities to be met by the old ancestor alone. Therefore, he was very clear that this was definitely a great opportunity for him.

"Sit down!" After observing Ning Hai for a while, the head of the ning family slowly spoke. He had a good impression of Ning Hai. He was a simple and honest child.

"Thank you, ancestor!" Although Ning Hai's heart was a little nervous, he tried to make himself look neither humble nor arrogant. He was a man with a backbone, and he didn't want people to say that he was favored by his ancestor because of nepotism.

"Thank you for taking care of Xue 'er along the way." The master of the ning family said directly.

"This is what I should do. I treat ruoxue like a younger sister." Ning Hai said carefully. Although ruoxue was the elder ancestor's goddaughter and was above him in both status and generation, his heart for ruoxue was still the same as before. It would not change even if ruoxue's status changed. In his eyes, ruoxue was still that kind and understanding sister.

"I can grant you one request." The master of the ning family heard Ning Hai's words and said lightly.

"Thank you, ancestor, but I don't need it." Ning Hai refused. Although this opportunity was hard to come by, he didn't want this request to be exchanged for his relationship with ruoxue.

"You don't need it? Do you know how hard it is to get my promise? If it were any other Clansman, I'm afraid they'd have already fainted from joy." The master of the ning family said angrily.

"Ancestor! I know that you're willing to agree to one of my requests because of ruoxue, but I'm not worthy of it!" Ning Hai said with a face full of shame. Then, he reported everything that had happened along the way to the head of the ning family. After that, he lowered his head and kept silent.

"Brat, you think I don't know about this? In fact, you can't be blamed for this. Who asked you to be so weak! But you've finally brought Xue 'er to the ning family. I should reward you for this!" The master of the ning family said calmly.

"But I didn't bring ruoxue to the ning family for the reward." Ning Hai explained.

"I know! That's why I'm rewarding you. If you had a motive, do you think I'd see you?" The master of the ning family smiled, understanding.

"Thank you for the reward, but I really don't have any requests." Ning Hai thought for a while and said.

"No requirements? Don't you want to improve your strength or come to the forbidden area to cultivate? And your family, if you really don't have any requests, you can also make one for them." The master of the ning family reminded.

"I ..." Ning Hai hesitated. He knew very well that this opportunity was very rare, but the promise of the ancestor was also very hot. If the other clan members knew about it, he would be in endless trouble.

"You can think about it. If you've made up your mind, go to Ning Yan. He'll bring you to see me." The master of the ning family was very understanding. Then, he let Ning Hai go.

Chapter 1519: An uneasy reception (2)

After Ning Hai returned home, he was still thinking about the old ancestor's words. It even made him feel that it was unreal. As soon as he entered the door, Ning Shan told him that there was a gathering in the clan at night, and all the clansmen had to attend.

"We're going too?" Ning Hai was very surprised. They were not directly related to the ning family.

"Mm! The Butler said that it was the ancestor's order. Furthermore, mother has also gone to the main residence to prepare for the gathering tonight." Ning Shan said with an excited smile. The housekeeper he was referring to was not Ning Yan, but the housekeeper of the ning family's main residence.

"Brother! Have you seen the old ancestor?" Ning Shan asked again.

"I've seen him," Ning Hai was a man of few words and didn't want to say another word.

"How's our ancestor now? Was he handsome? What did he say to you?" Ning Shan asked with excitement.

"He didn't say anything! We were just casually chatting." Ning Hai didn't want to say more.

"Brother! What a great opportunity this was! I'm afraid that many of our clansmen will never have the chance to see our ancestor in their entire lives. I'm so envious of you." Ning Shan said.

"What's there to be envious about? maybe you'll be able to see the ancestor tonight." Ning Hai patted his brother's head and said.

"Really?" Ning Shan's face was filled with anticipation.

"Yes." Ning Hai nodded.

In the evening, Ning Hai and his sons walked to the main house. When they arrived, they found that the main house was already full of people. Not only were the direct descendants of the ning family present, but even the branch families living in the city were all present.

This time, the gathering was arranged at the largest training ground in the main residence. Ning Hai brought his father and brother to the seats arranged for them. Ning Shan, who rarely had the opportunity to come to the main residence, looked around curiously.

"Shan 'er! Don't look around." Ning Hai reminded him in a low voice.

"I know, brother!" "Yes," Ning Shan replied, but his eyes were still rolling around uncontrollably. This training ground was not only the largest in the ning family's main residence, but also the best. The ning family members who could train here were almost all direct descendants. Branch family members like

them, unless they had extremely high qualifications, were not qualified to train here. This was also the place he yearned for the most.

With the passage of time, the elders of the ning family also arrived one by one, but the main seat and its two sides were still empty.

Just as everyone was discussing in low voices, the ning family's Supreme old ancestor finally arrived.

After seeing the old ancestor, all the people of the ning family present bowed very respectfully.

"Alright! It's only a family banquet today, so let's forget about all these superficial gifts!" The ning family's old ancestor spoke and sat on the main seat. On the seats to his left and right, one was for Leng ruoxue, while the other was reserved for the first elder.

"Yes! Old ancestor!" Everyone stood up. Then, they realized that there was a woman beside their old Grand Madame. Most of them were unfamiliar with this woman.

"Brother! Isn't that sister ruoxue? Why is she sitting with the old forefather?" Ning Shan whispered in surprise. He was excited and surprised to see the old Grand Madame, but he was shocked to see Leng ruoxue.

"She's the elder ancestor's goddaughter." Ning Hai said with a sigh. Seeing old Grand Madame's attitude towards ruoxue, he knew that old Grand Madame loved ruoxue very much. Otherwise, she wouldn't have let her sit beside him. However, at the same time, he was a little worried because ruoxue would be remembered by many people. Sigh! Old Grand Madame was putting ruoxue on fire!

"This ... This is too surprising." Ning Shan stuttered. He was so shocked that he did not know what to say.

Ning Yuan and the other elders were equally surprised. They didn't expect that the woman who had been invited to the main residence a few days ago would be related to the ancestor. What should they do? To be able to sit beside the old ancestor, that identity was definitely not ordinary! At the thought of this, some of the elders felt guilty.

"She's Leng ruoxue, my goddaughter," After taking in the expressions of everyone present, the master of the ning family gave a simple introduction.

His words were like a bomb that exploded in everyone's hearts ...

At this moment, the clansmen who did not know the relationship between Leng ruoxue and the old ancestor were all clear about it. However, their hearts were filled with jealousy. There were so many clansmen in the ning family, but only a few of them were able to receive the old ancestor's favor. Now, an outsider had taken advantage of them. How could their proud hearts accept this?

"Old man, what are you trying to do?" Looking at the different expressions of the ning family members, the great elder asked in a low voice with a little dissatisfaction. This old thing introduced the little girl to his family in such a high profile way, he was afraid that it would have the opposite effect!

"Nothing! Xue 'er is my goddaughter and can be considered their elder. I have to let these juniors get to know each other!" Master ning said matter-of-factly.

“Is there a need for that?” The great elder frowned, feeling that this was purely old man ning’s wishful thinking.

“Of course there is! Why else do you think I’ve gathered so many people together?” The master of the ning family raised his eyebrows.

“Tsk! Don’t think that I don’t know what you’re thinking. You’re just afraid that some of the younger generation in your family will be so blind as to provoke that little girl Xue ‘er.” First elder understood. However, he was not optimistic about master ning’s thoughts. Instead, he felt that he was putting Leng ruoxue in the limelight by doing this. Now, it would be impossible for Xue ‘er not to attract attention.

“Hehe!” Master ning smiled. He did not deny that he had such thoughts. However, more importantly, he wanted to let the clan members get to know Leng ruoxue. After all, Xue ‘er was his goddaughter!

After Leng ruoxue was dragged out by master ning to show off, she was extremely depressed. Could she leave now? She had already felt many envious and even thought-provoking gazes. Some were envious, some were probing, and some were curious. There were even a few eyes that were especially heated.

“Ancestor! I’d like to know, what right does this woman have to be your goddaughter?” Suddenly, a crisp voice rang out, instantly drawing everyone’s attention. The speaker was a red-robed woman.

When Leng ruoxue saw this lady, she squinted her beautiful eyes and laughed in her heart. Wasn’t this the fifth young lady of the ning family? He was really bold to actually make trouble in public. Moreover, the person who questioned him was the Supreme old ancestor of the ning family. This time, she wanted to see how Godfather would deal with his junior.

The great elder was also in the mood to watch a good show. He looked at the master of the ning family provocatively, then lowered his head and said nothing.

The master of the ning family raised his eyes slightly and looked at Ning Xi ‘er, who had just spoken, and said indifferently, “Are you questioning me? Don’t tell me that I need your permission to accept anyone as my goddaughter?”

“Ancestor! I ... I didn’t mean it that way! I just want to know what qualifications she has to be your goddaughter.” Ning Xi ‘er listened to her ancestor’s cold words and quickly explained with a stutter.

Chapter 1520: An uneasy reception (3)

“What right does she have to be related to you?” The master of the ning family asked with a cold smile.

“The old ancestor belongs to our ning family. She’s just an outsider. What right does she have to be the old ancestor’s goddaughter?” Ning Xi ‘er said unhappily.

At this time, Ning Yuan, who was sitting at the main table, felt like dying after hearing Ning Xi ‘er’s words. However, he hated his niece even more for not knowing what was good for her. She actually dared to question the old ancestor in public. Wasn’t she looking for trouble for herself? If she were to anger the old ancestor because of this, even he would not be able to save her!

“Whether I have the right or not is up to me, not you!” The master of the ning family suppressed the anger in his heart and said, “Was this brainless descendant really from the ning family? The ning family’s face had been completely lost by her. Great, now the great elder had another excuse to laugh at him.

“Forefather, I’m also doing this for the good of the family. Our ning family is one of the eight great divine regions. Not just any Tom, Dick, or Harry can be associated with our ning family.” Ning Xi ‘er said very seriously.

“Well said! The ning family is amazing to have a descendant like you! You’re even interfering with your own ancestor.” At this moment, the first elder said with a smile.

“Who are you? Our ning family’s matters don’t need an outsider like you to interfere.” Ning Xi ‘er glared at the first elder, her beautiful face full of displeasure.

“Alright! I’m an outsider! I’ll shut up!” The great elder said helplessly. However, he was in a good mood. He also wanted to see how old man ning planned to deal with this meddlesome descendant.

“Forefather, isn’t there a family gathering today? Why are these random people here?” Ning Xi ‘er continued to question the first elder when she saw that he had stopped talking.

“Great elder, we seem to have come to the wrong place.” After hearing Ning Xi ‘er’s words, Leng ruoxue chuckled as she spoke to the first elder.

“Mm! Why don’t we leave this place?” First elder suggested with a smile.

“None of you are allowed to leave!” Hearing the conversation between the two, the master of the ning family couldn’t bear it anymore and roared.

“Godfather! Calm down, the great elder and I just didn’t want to make things difficult for you.” Leng ruoxue consoled him with a smile.

“MMH! We don’t want to make things difficult for you!” The great elder nodded in agreement.

Rolling his eyes at the gloating first elder, the master of the ning family turned to Ning Xi ‘er. “I’ll give you two choices. Either you sit down obediently, or you leave this place immediately!”

“Xi ‘er! Hurry up and sit down!” When Ning Yuan heard the old ancestor’s words, he quickly growled in a low voice. At the same time, he wiped the cold sweat on his forehead and thought to himself, ‘fortunately, the old ancestor did not blame Xi ‘er!’ Otherwise, the consequences would be hard to deal with.

Now, he only hoped that Xi ‘er would be more sensible and not offend the old ancestor.

Actually, it wasn’t that the master of the ning family didn’t blame Ning Xi ‘er, but with his status, he couldn’t be bothered to argue with a junior. Thus, he left this opportunity to Leng ruoxue. However, up until now, Leng ruoxue had no intention of making a move.

Ning Xi ‘er had to listen to Ning Yuan’s words. In fact, she didn’t mean to annoy the old ancestor. It was just that when she saw the old ancestor introduce the woman she hated to the clan so seriously, she was madly jealous. That was why she had lost her composure in front of the old ancestor.

Seeing that Ning Xi 'er had sat down obediently, the first elder smiled and said in surprise, "It seems that the substitute Master's words are more effective than yours!"

When Ning Yuan heard this, he was so scared that he knelt on the ground and said, "Old ancestor, Xi 'er has always been very obedient. She, she didn't mean it. Please forgive her this time!"

"Hmph!" The master of the ning family snorted and ignored Ning Yuan.

"Acting clan head! If Godfather wanted to argue with miss Wu, would he still give her two choices? Right! Godfather!" Leng ruoxue raised her head and asked with an innocent look.

"Xue 'er! This banquet was specially organized for you, so we'll ignore those irrelevant people for now. If there's anything else, we'll talk after the banquet." The master of the ning family said indifferently. From the meaning of his words, it seemed that he still wanted to settle the accounts after autumn.

When Leng ruoxue heard this, she laughed nonchalantly, "Godfather! Fifth miss is also doing this for the good of the ning family, please don't be angry with her!"

Hearing Leng ruoxue plead for fifth miss, master ning smiled indifferently. However, before he could speak, fifth miss ning could not help but shout, "Who needs your fake kindness!"

As soon as she said this, Ning Yuan felt cold sweat dripping down his body. He secretly raised his eyes and looked at his old ancestor, but he did not dare to say a word.

No one could figure out his ancestor's temper until now. Logically speaking, if it were another family's ancestor, they would have already punished Xi 'er with the Family Law for what he had done. However, his ancestor did not have much of a reaction and allowed Xi' er to cause trouble. Moreover, the ancestor did not say anything, and he did not dare to be presumptuous in front of the ancestor. Therefore, he could only be anxious.

Unfortunately, no matter how many looks he gave Xi 'er, his niece was unmoved. Although he was angry, there was nothing he could do. Although he was the acting head of the family, with the old ancestor around, there was no room for him to speak.

"Little girl! I don't appreciate it!" The master of the ning family didn't say anything, but the great elder spoke up, hoping that the world would be in chaos.

Ning Yuan was extremely depressed when he heard the first elder's words. However, he did not dare to reprimand the old man. After all, the old man's seniority and status were above his!

"It doesn't matter!" Leng ruoxue said nonchalantly, her beautiful eyes looking at Ning Xi 'er with a faint smile.

Ning Xi 'er was flustered by Leng ruoxue's stare. In a moment of desperation, she shouted, "I want to challenge you!"

As soon as she said this, everyone was stunned, and they looked at Ning Xi 'er in disbelief.

Ugh! Did they hear wrong? How did it become a challenge? However, many people still thought that Ning Xi 'er had gone mad. Otherwise, why would she challenge Leng ruoxue?

“Big brother! Fifth young lady wants to challenge big sister ruoxue. What should we do?” Ning Shan, who was sitting in an inconspicuous position, asked softly with a worried look. According to the rules of the ning family, everyone had the right to challenge and also the right to reject. However, if one rejected someone’s challenge, it would be regarded as a sign of cowardice and would be looked down upon. Although he had not known Leng ruoxue for long, he did not want her to be looked down upon.

“Don’t worry, our ancestor is still here!” Ning Hai replied with a smile. He wasn’t worried about the fifth young lady’s challenge at all because her strength wasn’t on the same level as ruoxue’s. If the weaker party challenged the stronger party and the stronger party didn’t agree, they would definitely be looked down upon. However, the current situation was the exact opposite. The fifth young lady was a deity while ruoxue was only a mid-stage deity. Even if ruoxue refused, no one could say anything. Not to mention, she still had the old ancestor’s support!
