Chapter 1521: Rumors stop with the wise (1)

“En!” Ning Shan nodded. His brother’s words made him feel more at ease.

After Ning Xi ‘er said this and saw that Leng ruoxue didn’t respond for a long time, she couldn’t help but feel a little angry. At this time, she didn’t seem to notice the strange looks from the crowd. Instead, she glared at Leng ruoxue and said, “I want to challenge you. Do you not dare to accept?”

Leng ruoxue frowned as she looked at the aggressive Ning Xi ‘er. She really didn’t know what to say. What if she didn’t accept her challenge? This woman would definitely go on and on, and she might even make up stories about him in private!

However! He was a little reluctant to accept Ning Xi ‘er’s challenge! After all, she didn’t want to reveal her trump card too early. It was really difficult!

“Miss ning, I’m only a mid level deity. Are you sure you want to challenge me?” Leng ruoxue sighed and reminded him helplessly.

“What’s wrong? Are you scared?” Ning Xi ‘er said proudly.

“I’m not afraid. It’s just that miss ning is challenging a mid level deity, it’s not a fair victory! Even if you win, there’s nothing to show off. If this gets out, many people will think that miss ning is bullying the weak, and some might even say that the ning family’s upbringing is bad. ” Leng ruoxue looked at her Godfather and smiled.

Hearing Leng ruoxue’s words, everyone in the ning family could not help but start to discuss ...

“Yup! How could the fifth young lady act so rashly! To think that she could open her mouth. ”

“It is! How can she do that!”

“Actually, this is nothing! It’s just sparring between fellow clansmen, so we can stop there!”

Very quickly, the crowd formed two distinct opinions. However, they were just here to watch the show. After all, one was the fifth young lady who was favored by the family, and the other was the goddaughter of the ancestor. How interesting was this!

“It’s only sparring. If you’re afraid, just say it. Why are you hesitating?” Ning Xi ‘er said as she listened to the discussions of her clansmen, her beautiful face full of provocation and disdain.

“You think I’m afraid?” Leng ruoxue raised her brows slightly and said, feeling a little speechless.

“If you’re not afraid, then just agree!” Ning Xi ‘er said loudly.

“What are the benefits of agreeing to it?” Leng ruoxue chuckled.

“Benefits? What do you want?” Ning Xi ‘er said, holding back her anger. Although she was very angry, her goal was to make Leng ruoxue accept her challenge. So, she had to hold back her anger, even if it was as big as the sky, so as not to waste all her previous efforts.

“There has to be some kind of reward! I don’t want to waste my time with others.” Leng ruoxue said nonchalantly, as if she was talking about someone else’s matters.

“Good! If I lose, this storage ring and everything inside it will be yours.” Ning Xi ‘er gritted her teeth and said.

Who knew that after she finished speaking, Leng ruoxue only looked at her indifferently and did not reply to her at all. This caused her anger to burst out again.

“With this storage bracelet, there should be a lot of good things in here. This should be enough, right?” Ning Xi ‘er took out a red storage bangle and said fiercely. She had really put in a lot of money, but she wasn’t worried. No matter how much she put in, it would still be hers in the end. She was sure that Leng ruoxue wouldn’t be able to take it away.

“Miss ning, let me see what’s inside! Otherwise, how would I know if it’s empty or just a pile of trash?” Leng ruoxue clearly did not believe her.

“Alright!” Ning Xi ‘er was furious.

Following that, there was a clatter as she took out everything from the storage ring and displayed it in front of everyone. When everyone saw it, they couldn’t help but gasp. Many of them were even muttering in their hearts, fifth young miss is really rich! There were quite a lot of good things.

“You’ve never seen these things before, have you? Do you want me to explain it to you?” Ning Xi ‘er smiled smugly and pointed at a pile of colorful crystals.”“These are all top-grade crystals of various attributes.”

“And this is the green Lotus fruit, one of the most expensive fruits in the immortal realm!” She said while holding a green fruit.

“This Jade bottle contains a nine revolutions soul return elixir. Even a dead person would be able to jump around immediately after eating this elixir.” Ning Xi ‘er continued.

Watching her introduce the items in the ring one by one, Leng ruoxue could not help but sneer in her heart! What an idiot! She actually didn’t understand the principle of not revealing her wealth. She had exposed all her assets without any scruples. Even if those things were still in her hands in the end, she would not be able to rest in peace, because she had already seen many greedy eyes.

After a long time.

The smile on Ning Xi ‘er’s face grew wider and wider, and the way she looked at Leng ruoxue became more and more provocative. Then, she said,”“How is it? These prizes are pretty good, aren’t they? I’m afraid you’ve never seen so many good things before!”

“I haven’t. Since miss Wu is so sincere, I’ll accept your challenge.” Leng ruoxue said with a faint smile. Although the good things in Ning Xi ‘er’s eyes were nothing in her eyes, since she had taken the initiative to come to her door, it would be a waste not to take them. Moreover, even if she didn’t want them, Ning Xi ‘er might not be able to keep them.

“Hmph! You’re tactful!” Ning Xi ‘er’s mood improved.

“Fifth young lady! I wonder how you’re going to do this challenge?” Leng ruoxue asked out of curiosity.

“Best of three!” Ning Xi ‘er said bluntly.

“Three rounds? Can I get help?” Leng ruoxue asked calmly.

“Of course you can ‘t!” Ning Xi ‘er quickly denied it, but she couldn’t help but think, if I could find someone to help me, why would I still fight you?

“Can I use Beastie?” Leng ruoxue continued to ask.

“You can ‘t!” Ning Xi ‘er couldn’t take it anymore and roared, “damn it!” Why does this woman have so many questions!

“Fifth young lady! You better tell me what I can do!” Leng ruoxue changed her question.

“It can only be the two of us!” Ning Xi ‘er said through gritted teeth.

“Oh!” Leng ruoxue pretended to understand.

“Miss Leng, I don’t know what kind of wager you can offer.” At this time, the second elder who had been silent all this time suddenly spoke.

“I’m very poor and really can’t take out a stake that’s equal to fifth miss ‘s. However, my Godfather is rich! If I lose, he’ll help me put out the prize. ” Leng ruoxue said confidently. However, her words made the second elder so angry that he could not say anything.

The second elder was infuriated. Leng ruoxue’s Godfather was the master of the ning family. The master’s money belonged to the ning family, right? Hence, Leng ruoxue had not put out any stakes at all. She had gained something for nothing.

However, he was slightly comforted by the fact that Leng ruoxue would not win. After all, her abilities were there for all to see!

With the second elder’s reminder, Ning Xi ‘er suddenly realized that Leng ruoxue had not placed a bet. Although she was sure that Leng ruoxue would not be able to take away her things, she could not let Leng ruoxue not have a single drop of blood!

Chapter 1522: A wise man stops rumors (2)

When she heard Leng ruoxue say that she was poor and didn’t have anything of value, she felt a little depressed. However, she was more pleased with herself because that was within her expectations.

However, when she heard Leng ruoxue say that her old Grand Madame would place this bet on her behalf, she could not help but feel envious. Hence, she did not even think before asking, “Old Grand Madame, is miss Leng’s wager really coming from you?”

“Mm! I’ll pay. ” The master of the ning family nodded, and then he said, “Since you’ve challenged Xue ‘er, I won’t stop you. However, it’s not satisfying to watch the two of you compete alone. Why don’t you

bring forward the family competition that's going to be held half a year later? We'll set the time for seven days later, so you should all prepare well. "

Master ning's words were like a stone that stirred up a thousand ripples, causing many of the unprepared ning family members to be dumbfounded. They had originally had half a year's time to prepare well, but who knew that because of Ning Xi'er's challenge, they had to compete in advance. This made many people resentful of Ning Xi'er, but because of Ning Xi'er's status, they only dared to be angry but did not dare to say anything.

"Master! Isn't it a little inappropriate to bring the family competition forward? Many of our clansmen are out traveling! He definitely won't be able to make it back in seven days. " The second elder could not help but remind him.

"How many of them are travelling outside?" The master of the ning family asked.

"This ..." The second elder was at a loss for words. How would he know how many of them were travelling? Those clansmen might not tell him that they had left their homes.

"Since second elder is not clear, then the family competition will be held in seven days. All clansmen who meet the conditions can participate, regardless of direct or branch family, everyone will be treated equally." The master of the ning family announced loudly.

The ning family Master's words made many of the clansmen present excited.

"Brother! I can also participate in the family competition!" Ning Shan said very excitedly, so excited that his little face was flushed red.

"Yes." Ning Hai nodded. He was happy for his brother.

However, some people were happy while others were sad. This was good news for the distant relatives, but it was not the case in the ears of the direct relatives.

"Master! Isn't this against the rules?" The second elder asked carefully. In the past family competitions, only the direct family could participate. The branch family did not have this opportunity. Moreover, many of the direct family members looked down on the branch family and even treated them like slaves. If the direct family and the branch family were to compete, wouldn't it be a mess?

"Rules are dead, but people are alive. Branch family members are also my ning family's descendants, so how is that against the rules?" The master of the ning family sneered.

"The patriarch is right. There are many elites in the branch family. We should give them a chance." An elder agreed.

"Third elder, I'll leave the matters of the clan competition to you." The master of the ning family ordered. The third elder he was talking about was the elder who had just agreed with him. However, the second elder obviously still didn't quite agree, but he could only put on a dark face and not raise any objections.

After that, the so-called welcoming banquet continued. Although it was not very harmonious, Ning Xi'er would make sarcastic remarks from time to time, but they were all ignored by Leng ruoxue. She was even more focused on eating the food in front of her, eating without saying a word.

After the torturous welcome banquet ended, Leng ruoxue immediately left and locked herself in her room, not asking about anything. Even the master of the ning family wanted to see her, but he was denied the door.

The master of the ning family, who had not seen him, was anxious and uneasy. Sob...Xue 'er couldn't be angry with him, right? Could it be that she was blaming him for not supporting her at the banquet? In fact, he had deliberately ignored Ning Xi 'er and allowed her to make a fuss. He felt that life at home was a little dull and wanted to find some fun. Moreover, he wouldn't really let anyone bully Xue' er. If Ning Xi 'er went too far, he would definitely not let her go. However, he believed that Xue' er would not suffer.

After returning to his residence, he gloomily sat down on the stone chair in the courtyard. The ning family's master didn't say a word, but when the first elder saw him like this, he couldn't help but laugh and say, "What's wrong? He didn't see Xue 'er again? She's definitely angry with you, and you're still the head of the family! You can't even manage your own descendants, you're really useless!"

"Why can't I control my own descendants?" Hearing this, the master of the ning family shouted at the top of his voice.

"Can you manage that Ning Xi 'er?" The first elder raised his brows and said with an evil smile.

"Of course I can." The master of the ning family said fiercely.

"I can. She still dares to make a scene at the banquet?" The Grand Elder asked in surprise.

"It's a different matter whether I care about it or not. I deliberately let her cause a scene at the banquet, can't I?" Master ning's eyes were wide open as he said indignantly.

"Alright! This is your ning family's territory, so you can do whatever you want, but whether or not Xue 'er will let you have your way, that's hard to say." The great elder said with a smile. In fact, he also wanted to watch the show, but he did not know if Xue 'er would give them this opportunity.

"Didn't Xue 'er accept Ning Xi' er's challenge?" The master of the ning family said.

"By the way, do you really intend to let the two of them compete? Xue 'er is the mid level deity!" The first elder said worriedly.

"This is something Xue 'er agreed to herself. It has nothing to do with me. However, since she agreed, she should be confident!" The master of the ning family was not confident either. Furthermore, he wanted to see Leng ruoxue but he could not, so he was a little frustrated.

At this moment, he was not the only one who was frustrated. After the banquet ended, Ning Xi 'er, who felt that she had made a big splash at the banquet, was called into Ning Yuan's study room and severely reprimanded. This also made Ning Xi' er's hatred for Leng ruoxue deepen.

After Ning Xi 'er returned to her room, she smashed everything in the room to pieces. The two maidservants beside her were also badly injured by her, but she still couldn't vent her hatred.

After Ning Yuan had lectured Ning Xi 'er, he had gone to the forbidden area at the back of the mountain to beg for forgiveness from the old ancestor. As for what he had discussed with the master of the ning family, no one knew. After he had left the forbidden area, he had also kept quiet.

Time passed day by day. In these few days, rumors suddenly spread throughout the ning family's main residence. These rumors were naturally related to Leng ruoxue. Some people said that Leng ruoxue was pampered and did not respect the ning family. Some people said that Leng ruoxue was brutal by nature and always abused servant girls. Some people even said that Leng ruoxue was going to replace Ning Yuan and ning haolan as the master of the ning family. The cause of all this was naturally because the master of the ning family valued Leng ruoxue.

However, the more outrageous the rumor was, the more uneasy the ning family became.

In the ning family's meeting hall, Ning Yuan and the elders gathered.

"Elders, please speak your mind!" Ning Yuan's head ached as he looked at the elders who were sitting there with unfriendly expressions. In fact, he knew what these elders wanted to say, but he had no other choice but to pretend to be confused.

Chapter 1523: A wise man stops rumors (3)

"Acting patriarch, there has been a rumor in the family recently. I wonder if you know about it?" An elder asked after a long while.

"Since it's just a rumor, it doesn't matter if it's clear or not!" Ning Yuan said calmly, obviously not taking it seriously.

"Acting patriarch, how can it not be related? Your position is about to be replaced by someone else, aren't you worried at all?" The nineteenth elder roared in disbelief.

"Nineteenth elder! Don't make things sound like they're just rumors. If your clansmen find out about this, have you thought about the consequences?" Ning Yuan's face sank and he said unhappily. No one would be willing to hear such words, but the nineteenth elder spoke as if it was the truth. How could he not be angry?

"Acting patriarch, there's no smoke without fire! I think you must be careful about this matter. How can our ning family be handed over to an outsider! What will happen to so many of our clansmen!" The nineteenth elder shouted with grief and indignation.

"Nineteenth elder! Don't talk nonsense, it's completely impossible. Watch your mouth, if I hear such words from your mouth again, don't blame me for being impolite!" Ning Yuan roared angrily.

"Acting patriarch, I'm just worried about you! It's fine if you don't appreciate it, but why are you threatening me?" 19th elder's face was full of grievance.

"Just mind your own business, I don't need you to worry about me! If the master thinks that I'm not doing my job well and wants to replace me, I have no objections!" Ning Yuan said coldly. He really hated this kind of person who claimed that he was doing it for his own good and wanted to take advantage of the chaos.

"The acting patriarch is right! If old forefather wants to replace me as the young lord, I have no objections!" At this time, a cold voice came from the door. Then, a tall and straight figure appeared in the meeting hall.

“Haolan, you’ve returned!” Ning Yuan said happily when he saw ning haolan.

“Greetings, acting clan head and elders.” Ning haolan greeted everyone with a slight bow.

“Young master! You heard the rumors?” The nineteenth elder quickly asked when he saw that the future master of the ning family had returned. Ning haolan was different from Ning Yuan. Ning Yuan was only the acting Master. Although the master had given him a lot of power, there were many things that he could not make the decisions on. On the other hand, ning haolan was the successor chosen by the master. The future of the ning family would be handed over to him. Therefore, the nineteenth elder really hoped that ning haolan would take this matter seriously.

“I heard it!” Ning haolan said simply, his expression calm.

“Young master! We must take this matter seriously. If it’s true, you and the acting family head will lose your position.” The nineteenth elder warned.

“If this is true, what does the nineteenth elder plan to do? Don’t tell me you can influence the old ancestor’s thoughts?” Ning haolan said with a faint smile.

“But we can’t just do nothing! If the master really wants to hand the ning family over to an outsider, we must unite all the clansmen to oppose this matter. The ning family can not be surnamed Leng!” The nineteenth elder roared with righteous indignation.

“So you’re saying that you’re going against our ancestor? You dare to oppose the decision of the ancestor, your courage is commendable!” Ning haolan said with a face full of admiration. He was really speechless towards this brainless nineteenth elder. This rumor was clearly meant to sow discord. If it were him, he would have just brushed it off as a joke. However, these elders who had nothing better to do were actually discussing it as if it was a serious matter. If the old ancestor were to find out about this, what good would they do?

“Young master! You can’t wrong me! How would I dare to go against the ancestor! I just don’t want the ning family to be an outsider! I’m the most loyal to the ning family!” Nineteenth elder expressed his feelings.

“You treat a rumor like this, and you still dare to say that you’re not trying to go against our ancestor?” Haven’t you heard of the saying ‘rumors stop at the wise’? Are you all a bunch of pig-heads?” Ning haolan looked around at the crowd and scolded them rudely.

“Young master! How can you say that about us? Which one of us here isn’t your elder?” The second elder was displeased by ning haolan.

“Second elder! As an elder, he should set an example. Such a groundless matter and you elders were so concerned about it. If this were to spread, what would the ordinary clansmen think? Don’t tell me you want to see our ning family’s hearts fall apart?” Ning haolan asked impolitely.

“Young master, you’ve misunderstood. We didn’t take the rumor seriously. We were just discussing how to stop it from spreading.” The second elder chuckled.

“In that case, did I mishear the nineteenth elder’s words?” Ning Haoran laughed coldly, his Starry Eyes staring at the nineteenth elder.

"It's ... It's a misunderstanding, young master." Under ning haolan and the second elder's glares, the 19th elder changed his words without any backbone. "Wuwu ... Everyone clearly thinks the same as me, but no one dares to echo my words now. I've become the bird that stands out. What the hell is this!" He felt so wronged!

"Since I've misunderstood, I hope that no one will mention this matter again. Otherwise, if this reaches the ears of the ancestor, no one will have a good ending." Ning haolan warned.

"The young master is right, this matter is nothing! Rumors are just rumors. If we don't pay attention to them, they'll naturally fade away." Ning Yuan said.

"Everyone, disperse!" Ning haolan suggested.

"En!" The sitting elder nodded, then stood up and left the meeting hall. Ning Yuan went up to ning haolan and sized him up before saying, "Haolan, you're back for the family competition, right?"

"Yes! The old ancestor said he wanted me to be a judge." Ning haolan said with a smile.

"Did you know that our ancestor has adopted a goddaughter?" Ning Yuan asked again.

"I know! The old ancestor told me about it." Ning haolan replied honestly.

"Oh! That girl is very beautiful." Ning Yuan tried to start a conversation.

"I've heard from the ancestor. Uncle, what do you want to tell me? don't beat around the bush." Ning haolan chuckled.

"You should go and see Xi 'er! She's your sister, after all." Actually, there was something else that he did not say. He could not predict what would happen to Ning Xi 'er after this competition, so he was very uneasy! After all, Ning Xi 'er was the child he had doted on for so many years. He really didn't want to see her go down the wrong path.

"Uncle! You're wrong! My mother only gave birth to me, and I don't have a sister!" Ning haolan said coldly before turning around and leaving the meeting room.

Chapter 1524: Instigating (1)

Ning Yuan looked at ning haolan's back, his heart filled with mixed feelings. Al! He didn't know who his nephew had inherited his personality from. Not only was he stubborn and cold, but he also never got too close to his own clan. He didn't even like his only sister. Although this sister was his sister from a different mother, she was still his sister. He still hoped that the siblings could support each other, but unfortunately, this could only become his extravagant hope.

In truth, the reason why he had been able to become the acting family head, and why his branch had been able to stand out from the rest of the family, was all because ning haolan had received special treatment from the old ancestor. As the acting family head, he had done it to protect and protect haolan. As such, he had hoped that his branch of family members would be United, or at least not drag haolan down. After a few years, their branch had also produced many more elites. He was rather pleased with this. However, he still could not let go of the relationship between the haolan siblings.

However, he knew very well that this kind of thing could not be rushed. After all, this was a terrible debt from the previous generation. It was not very possible to settle it.

After ning haolan left the meeting hall, he immediately returned to his own residence, LAN garden.

As he walked into the courtyard, he saw a handsome young master dressed in snow-white clothes. He was sitting under the moon and drinking tea with a carefree expression. An attendant was standing respectfully not far away.

“You are quite carefree.” Ning haolan smiled and sat down across from the young man in white.

“What else?” The white-robed man, who was floating like a deity, raised his sword-like eyebrows and smiled evily.

“Cheng Xuan, has anyone ever told you not to smile so casually? you look like you’re asking for a beating.” Ning haolan rolled his eyes at the man in white and said seriously. ‘This guy is really a source of trouble!’ From time to time, he would smile like that. Which woman could stand it? Fortunately, he was not a woman. Otherwise, she would have long given up on him.

“No, I didn’t!” The white-robed man, who was also the Cheng Xuan ning haolan was referring to, laughed even more heartily. Not only that, but he also kept throwing seductive glances at ning haolan, causing the latter to shiver and his hair to stand on end.

“You’re smiling at me, so I’m going to beat you up. ” Ning haolan couldn’t take it anymore. He once again doubted whether it was the right decision to bring this dissolute fellow back. If he was trying to seduce them, wouldn’t the women in his clan suffer?

“Beat me up ... Can you bear to?” Cheng Xuan deliberately paused before smiling.

“Why don’t you try it?” Ning haolan gritted his teeth at Cheng Xuan’s words. ‘This guy’s too despicable. He’s even taking liberties with me!’

“I don’t need to try to know that you can’t bear to beat me up.” Cheng Xuan said a little narcissistically, his handsome face still a little red. He lowered his eyes and peeked at ning haolan from time to time, perfectly acting like a shy admirer.

However, the way he acted as if he had just seen his sweetheart disgusted ning haolan so much that he wanted to puke. Although he was not interested in women, he was not interested in men either. What was even more infuriating was that he knew that this guy was just pretending to disgust him, but he couldn’t do anything to Cheng Xuan, because Cheng Xuan was cunning! He wouldn’t just stand there and let him beat him up like an idiot. In addition, there was no difference in strength between the two of them, so even if he beat Cheng Xuan up, he wouldn’t be able to get anything out of it.

Since that was the case, he naturally would not waste his energy. However, he became angry again when he saw Cheng Xuan. He glared at Cheng Xuan for a long time before he stood up and walked back to his room without looking back. No matter how Cheng Xuan called him from behind, he pretended not to hear him.

Cheng Xuan watched ning haolan’s back as he left, deep in thought. This guy couldn’t be really angry, right? He wasn’t such a petty person. However, no matter what, she still had to coax him tomorrow!

After all, she still had to stay with the ning family for a while, and she couldn't afford to offend ning haolan.

With this plan in mind, Cheng Xuan knocked on ning haolan's door the next day at first light.

Ning haolan was just about to wash up when he saw that it was chengxuan who had knocked on the door. He was taken aback for a moment before he spoke up, "What are you doing here?" His face was full of suspicion. Why did this guy wake up so early? It's definitely not good!

"I missed you, so I came to see you." Cheng Xuan said with a smile.

"Uh!" Cheng Xuan's words caused ning haolan to shiver unconsciously, goosebumps rising all over his body. All the hair on his body stood on end as he glared at Cheng Xuan warily, "What the hell are you doing?"

"I'm not playing any tricks!" Cheng Xuan looked aggrieved. He blinked his beautiful eyes and his long eyelashes drooped, making him look unlovable.

"Then what are you doing in my room so early in the morning?" Ning haolan asked helplessly. If it weren't for the fact that the two of them had known each other since they were young, and that he knew Cheng Xuan was a real man, he would have suspected that Cheng Xuan was a woman in disguise.

"Didn't I say I missed you?" Cheng Xuan's eyes were wide open as he stared at ning haolan in disbelief. His focused expression made ning haolan's hair stand on end.

"Why did you miss me?" Ning haolan gritted his teeth and asked hatefully, 'F * ck! Don't be so flirtatious. I'm really not interested in men.

"Of course I like you. Have you ever seen anyone think of someone they don't like?" Cheng Xuan said with a fawning expression.

"I don't like you, so don't miss me!" Ning haolan could not take it any longer. He felt like this guy was driving him crazy. It was a good Morning, and he was here to talk crazy things to him. This guy must be crazy too.

"Haolan! How could you do this to me!" Cheng Xuan looked at ning haolan with a bitter expression, his clear eyes glistening with tears.

"I'm going to meet the ancestor. " Ning haolan took a deep breath when he saw Cheng Xuan's reaction. He kept telling himself to stay calm and not to be affected by this mentally unstable guy, because he was afraid that he would lose control and beat Cheng Xuan up.

After he finished speaking, he ignored Cheng Xuan and left the room.

Seeing his young master standing in the room in a daze, Cheng Xuan's attendant couldn't help but advise him, "Young master! One day, young master ning will understand your feelings. " Although he didn't approve of same-sex love, as long as young master liked it, he would support it to the end.

"En!" Cheng Xuan nodded.

Cheng Xuan had thought that his servant was only saying that ning haolan would understand that he was just trying to coax him, but who knew that they were just talking nonsense? they were not talking about the same thing at all. However, what he did not expect even more was that not long after that, rumors about him and ning haolan had started to spread ...

After ning haolan went to the forbidden area in the back mountain, he didn't see the old ancestor who was in a bad mood, so he could only return to the LAN garden in a daze. In less than two days, the ning family's family competition had officially begun.

On the day of the competition, grape followed Leng ruoxue's instructions and knocked on her door.

"Miss! The ning family's competition has begun." Grape said softly after entering the room.

Chapter 1525: Instigating (2)

"Yes." Leng ruoxue, who was sitting on a chair, nodded in response. She then stood up and left the room with grape.

"Miss! The master of the ning family has been wanting to see you for the past few days." Grape said as she walked. Although miss didn't tell her what she was doing in the room these few days, she knew very well that miss was not angry. Miss was so busy, how could she have the time to sulk!

"Then what did you say?" Leng ruoxue asked with a smile.

"Tell me the truth! Miss has ordered that no one is allowed to disturb us, so we don't dare to disobey. However, master ning thinks that you're angry with him, so he has been very uneasy these days." At the end of the story, grape couldn't help but laugh, because he suddenly remembered master ning's uneasy look. It was too funny.

Leng ruoxue's mood brightened when she heard grape's description. In fact, she had been sharpening her spear in the last few days. She did not tell grape what she was doing because she wanted to teach her Godfather a little lesson. It was her Godfather's fault for wanting to watch a good show. How could he not pay the price?

After walking for a while, the three of them arrived at master ning's residence. At this time, master ning was like an ant on a hot pan, constantly pacing in circles in the courtyard.

"Godfather!" Leng ruoxue chuckled when she saw master ning's expression.

"Xue 'er, you bad girl!" When master ning heard Leng ruoxue's voice, he quickly turned around and looked at her with a face full of resentment.

"Xue 'er! What have you been doing these past few days?" The first elder next to master ning couldn't help but ask.

"I'm cultivating." Leng ruoxue said with a smile.

"Bad girl, you didn't even tell us about your cultivation. You made us so worried." The master of the ning family complained.

“Hehe! Godfather! Actually, I came up with this idea at the last minute. Even grape and lotus seed didn’t know about it.” Leng ruoxue said with a smile.

“Little girl! How’s your cultivation these few days? There’s no problem, right?” The first elder asked with concern. The spiritual energy in the divinity was not that easy to absorb. However, this little freak could not be treated with common sense. Hence, he was not surprised that Leng ruoxue was cultivating in the divinity.

“It’s alright, no problem.” Leng ruoxue chuckled.

“Bad girl, your current strength is too low. It’s better for you to absorb less spiritual energy from the divine realm.” The master of the ning family warned. Even though the spiritual energy in the main residence and the forbidden area had been purified, it was not as gentle as the spiritual energy in the godly mainland. Hence, he was afraid that Leng ruoxue would feel the slightest bit of discomfort. After all, they could not watch her when she was cultivating. If something really happened, he was afraid that it would be too late.

“Well, actually, I was cultivating in the house that the great elder gave me. So, you can be 120% at ease!” Leng ruoxue consoled.

“That’s good!” The master of the ning family and the great elder said in relief.

“Godfather! When are we going to the competition venue?” Leng ruoxue asked eagerly. There were many geniuses in the ning family, and it seemed like she would be able to feast her eyes this time.

“Let’s go now!” Seeing how anxious Leng ruoxue was, master ning’s mood also became joyful.

Just as everyone was about to head to the competition grounds, a soft and sweet voice suddenly rang out in Leng ruoxue’s heart, “Sister! I want to see it too!”

This sound came from the little white tiger in the house. Although they were in the house, they were aware of everything that was happening in the outside world. Hearing that there was a competition, the young white Tiger was curious.

“I also want to see it.” Another child-like voice was heard.

“Good! All of you, take a look.” Leng ruoxue said helplessly. She really had no way to reject the request of these two adorable little things. With a change of thought, she moved them out of the house.

Seeing the black and white furballs that had suddenly appeared in Leng ruoxue’s arms, master ning and Grand Elder were stunned, but they did not show much surprise. They had already heard that there was a Tiger couple who had come with Leng ruoxue this time, and they even brought two children.

The two little furballs in Leng ruoxue’s arms were not even the size of a palm. They were chubby and silly, looking very cute. The two old men’s hearts were itching as they looked at them.

“Little girl, let me hug you.” Without waiting for the master of the ning family to speak, the first elder spoke first. The longer they lived, the more they liked these young and simple children, so these two newborn little tigers immediately aroused their love. Moreover, the two also knew that they almost died back then, so they had more tender love for these two cute little guys.

“Alright!” Leng ruoxue handed the little furball in her arms to the great elder. She knew that the great elder liked children. If it wasn’t for the fact that baby and QiuQiu were in closed-door cultivation, she would probably be in their arms again.

“Hehe! What an adorable little fellow.” The great elder held the two little round furballs in his arms. He touched one and looked at the other, and his heart melted into a pool of water. The two little guys were not shy with strangers, rolling around happily in the great elder’s arms, constantly acting cute.

The master of the ning family was envious. Without a word, he directly took the little black Tiger into his arms and spoke to the little guy very kindly.

“Xue ‘er, don’t these two little fellows have names?” The master of the ning family thought for a while before asking.

“Name? I really don’t have any.” Leng ruoxue thought for a moment and felt a little embarrassed. It had been so long since these two little fellows were born, but they had actually forgotten to give them names.

“Hehe! Since you don’t have a name, Grandpa will give you one. Let’s just call him little black.” After master ning finished speaking, he raised his head and looked at first elder and Leng ruoxue proudly.

“Then you shall be called little white!” The great elder was not to be outdone. He thought to himself, “you name me little black, and I’ll name myself little white. It’ll save us all the trouble!”

“Uh!” When Leng ruoxue heard the names that the two of them had come up with, she could not help but feel a few dark streaks rolling down her forehead. She thought to herself, ‘Godfather and great elder are really lazy.’ She had thought that they would give these two little fellows a nice name! Who knew that she would call them according to their colors? this was her usual method, okay? This was blatant infringement of copyright!

In fact, what she didn’t know was that the reason why the master of the ning family had such a simple name was because he had too many descendants. In the beginning, he would seriously think of names, but as he had more children, he became numb to it, so much so that the names of his descendants were all randomly chosen. As for the great elder, he was a lazy person who did things as he pleased. It was harder than ascending to heaven for him to seriously think of a name! In the words of the great elder, a name was just a code name, and it didn’t matter what it was called.

“Godfather, great elder! Little black and little white are both calling out like beasts.” Leng ruoxue sighed softly and reminded him unwillingly.

“I see! Then let’s call this little fellow Xiao-xiaohei. This way, we’ll know who we’re referring to.” The master of the ning family thought for a second before saying.

Chapter 1526: Instigating (3)

“Then you shall be called Xiao-Xiaobai!” The first elder chuckled.

Just like that, the names of the two little tigers were confirmed. Leng ruoxue did not want to argue with them anymore. Let's just call it that! A name was just a code name, she couldn't help but comfort herself.

After giving the two little fellows their names, Leng ruoxue and the rest made their way to the competition grounds.

The competition venue was arranged in the training ground of the ning family's main residence. There were five training grounds in the ning family's main residence. Originally, one training ground was enough for the competition. However, because of the ning family's master's golden permission, all the members of the ning family who met the conditions could participate in the family competition, regardless of whether they were direct or collateral relatives. In this way, one training ground was obviously not enough for the competition.

The third elder in charge of the family competition, after communicating with the master of the ning family, arranged a main venue and four secondary venues. The main venue was naturally set in the largest training ground of the ning family.

In addition, the ning family's five training grounds were not very far away, so the main stage was set up in the main venue, and the Deputy venue only had three judges and some audience seats. However, because the initial stage was only the preliminary stage, the five venues were held at the same time, and in the middle and late stages of the competition, all the games were held in the main venue.

Leng ruoxue followed the ning family head to the VIP seats in the main arena. The audience seats were already full. As it was an internal competition, almost all the people who came to watch were from the ning family. Many of them also wanted to compete, but it was not their turn yet. Although they were family members, they had to know each other. After all, this kind of competition would directly determine their future. So, not only the direct family members, but even the ning family members from the collateral branch ... They were also holding back their energy, wanting to show off in the competition. It must be known that such an opportunity was too rare for them.

"Xue 'er! Do you want to go and compete?" Looking at the energetic and high-spirited descendants, master ning was very pleased. He then thought of Leng ruoxue. In fact, he did this to see the difference between his descendants and Leng ruoxue. After all, in his eyes, other than Xue 'er's strength, she was better than his descendants in all aspects.

"Godfather! I've already accepted miss Wu's challenge." Leng ruoxue reminded him with a faint smile. The meaning between the lines was clear, but master ning pretended to be stupid.

"These are two different things! It won't hinder you." Master ning said with a smile.

"Godfather! I'm only a mid level deity, so I know my own limits." Leng ruoxue continued.

Al! This little girl was too cunning. However, seeing that she really didn't want to participate, the master of the ning family didn't continue to force her. In fact, he knew very well that once this girl had decided on something, no one could force her. She wasn't someone who would easily change her mind, so he could only place his hopes on her and Ning Xi' er's competition. However, he had arranged for that competition to be at the end. Sob ... There was still a long time to wait.

Not long after, the competition officially began. Because it was only the preliminary stage, there were not many highlights of the competition. Those who were slightly stronger basically won in one move, and those who were equally strong did not fight more than a hundred moves. After all, the ning family's competition was never determined by one move, so there was no need for them to continue fighting. However, because the first stage of the competition was relatively easy, those who were slightly relaxed had the opportunity to gossip.

The main stage was divided into two parts. One part was for the honored guests. Those who were qualified to sit here were basically elders and above. Leng ruoxue, who was sitting in the middle, was definitely an exception because she was only a mid-stage deity. However, it was the master of the ning family who brought her here, so even if others had any opinions, they could only keep them in their hearts and not dare to speak out.

The other part of the rostrum was located opposite the VIP seats. This South and North were the best seats in the main venue. However, not just any ning family member was qualified to sit here. Those who could sit here had a certain status in the ning family, and were even more favored.

The fifth daughter of the ning family, Ning Xi 'er, who had challenged Leng ruoxue, was also arranged to sit here. However, she was seated in the middle of all the daughters of the ning family, and she was rather restless.

"Why was aunt Yan arranged to sit here? I thought you'd be sitting with the ancestor!" Ning Xi 'er said sarcastically as she stared at Leng ruoxue with jealousy. However, Ning Yan did not respond to her.

"Aunt Yan is old forefather's favorite daughter. How can old forefather treat aunt Yan like this?" Ning Xi 'er said indignantly.

"What are you trying to say?" Ning Yan lifted her eyelids and asked indifferently. Although she was less than a hundred years old, she had a very high seniority. All the maidservants in the family, regardless of their seniority, called her aunt. In fact, this was what she had asked them to call her. After all, she did not want to be called old.

"Aunt Yan! The ancestor has acknowledged a goddaughter and doted on her a lot, so many people in the clan are saying that you have lost favor. Now that you are sitting here, I'm afraid that the rumor is about to come true." Ning Xi 'er asked with concern.

"Do you all think so too?" Ning Yan narrowed her eyes and asked the other girls.

However, none of the girls dared to answer her because they knew Ning Yan's temper too well and were all afraid of her. They could say this in private, but they didn't dare to say it in front of Ning Yan.

"Xi 'er, it seems like you're the only one who thinks this way!" Ning Yan said with a faint smile.

"Aunt Yan! Many people think so, but they don't dare to say it out loud. However, I can't bear to see aunt Yan being deceived, so I have to say it." Ning Xi 'er said with a 'I'm doing this for your own good' expression.

"It seems that I have to thank Xi 'er! I'm really touched that you're so considerate of me." Ning Yan sneered. She knew what Ning Xi 'er was thinking. Actually, it was not up to them to decide who her father wanted to love. Besides, she was her father's biological daughter. Even if her father loved Leng

ruoxue, how could he not care about her life? Therefore, she had already accepted everything, so why would she fight for this little bit of love? however, Ning Xi 'er, a little girl, actually dared to play such a trick on her. Did she really think she was a soft persimmon?

She knew that she had been keeping a low profile recently, and even her father had not shown much concern for her. As a result, some snobbish clan members thought that she had fallen out of favor. Now, a little girl even dared to scheme against her. If she did not teach Ning Xi 'er a lesson, would she still be considered the eldest miss of the ning family in the eyes of outsiders?

"It's Xi 'er's duty to care for aunt." Ning Xi 'er, who didn't notice anything strange, tried to hide the pride in her heart.

Chapter 1527: The wicked filed a lawsuit (1)

"Aunt will remember Xi 'er's good deeds." Ning Yan then focused on the match.

After Ning Xi 'er had incited a fight, she realized that Ning Yan seemed to have ignored her words. She was annoyed, but she couldn't urge Ning Yan to find trouble with Leng ruoxue, so she could only reluctantly suppress her dissatisfaction and watch the competition absent-mindedly, glaring at Leng ruoxue from time to time.

Leng ruoxue, who was sitting in the VIP area, felt a faint resentful gaze. She raised her beautiful eyes to look at the rostrum opposite her and revealed a faint smile.

"Godfather! I'm going to see brother Ning Hai." Leng ruoxue whispered to master ning.

"Yes, he should be in the third arena!" The master of the ning family said. After he finished speaking, he gave Ning Yan a look. Ning Yan understood and brought Leng ruoxue to the third arena.

When they arrived at the third arena, Leng ruoxue found Ning Hai's seat and sat down beside him.

"Ruoxue, you're here!" Ning Hai said happily when he saw Leng ruoxue.

"Mm! Big brother ning, when are you going to fight?" Leng ruoxue asked curiously.

"I have to wait until the afternoon! However, Ning Shan's match is coming soon." Ning Hai said a little excitedly. The competition this time was divided according to age, and Ning Shan was young, so the competition was naturally ahead of the others.

"How's his fighting spirit?" Leng ruoxue asked with a chuckle. Ever since she had moved to the forbidden area with her Godfather, she had had fewer chances to see Ning Shan. Furthermore, the two of them did not have the chance to speak at the banquet the last time. Hence, she did not know how the little fellow was doing.

"Very high fighting spirit! However, I've also told him not to underestimate the enemy. Although it's only a competition within the family, there may be accidents." Ning Hai said worriedly.

"This is only the first stage of the competition. There shouldn't be any problems." Leng ruoxue consoled him. She knew what Ning Hai was worried about. Although she didn't dare to say that Ning Hai was

oversensitive, it would be too uncouth if he used underhanded means on the first day of the competition.

"I hope so!" Ning Hai nodded. Actually, it wasn't that he was worried for nothing. He was more aware than Leng ruoxue how intense the competition within the great clans was. Many people would do anything to stand out. However, he couldn't say this out loud. After all, this was an internal competition of the ning family. If he really said it, wouldn't he be a joke?

As Leng ruoxue and Ning Hai chatted, they observed the situation on the stage. Not long after, it was finally Ning Shan's turn to compete ...

Leng ruoxue looked at Ning Shan, who was full of fighting spirit, and a faint smile appeared on her lips. Although Ning Shan usually looked like a child, he seemed to be a completely different person when he was on the stage. Furthermore, from what she knew, Ning Shan grew up in the divinity. He was only in his early twenties, but his cultivation had already reached the level of a deity. From this, it could be seen that his aptitude was not ordinary. She knew very well that if Ning Shan's aptitude was ordinary, it would be very difficult for him to stay in the divinity to cultivate.

Ning Shan, who was on the arena, was indeed as high-spirited as Leng ruoxue had said. Furthermore, his opponent was also a deity. However, his abilities were not as strong as his. Hence, he was confident that he could easily win the first match. The opportunity this time was given to them by their old ancestor, so he had to seize it.

There were many branch family members in the ning family. In the past, if the branch family members wanted to have a place in the family, it was difficult to stand out unless they made a great contribution. However, even if they made a great contribution, it was hard to say whether it would fall on their heads. Now, the ancestor had given them a rare opportunity. Therefore, almost all the branch family members were rubbing their fists and wiping their palms, wanting to get a good result in this competition. After all, Such an opportunity was too rare for them.

Ning Shan was full of confidence. The fire attribute divine power in his hand danced in the air like a dazzling Fire Dragon. The repeated attacks quickly forced his opponent to have nowhere to hide. When his opponent saw that he was losing, his opponent, who thought that he was unaware and did not notice, raised his hand and a light blue divine power floated towards Ning Shan. In the next second, Ning Shan covered his eyes and fell to the ground ...

"Argh! My eyes hurt!" Ning Shan, who had fallen to the ground, could not help but cry out in pain, while his opponent stood on the ring proudly, as if it was none of his business.

"Shan 'er!" Seeing Ning Shan's appearance, Ning Hai, who was sitting in the audience, stood up immediately and was about to rush to the ring.

"Big brother ning! You can't go up." Leng ruoxue, who had also stood up, pulled back the impulsive Ning Hai. If big brother ning rushed up to the ring now, people might make a fuss about it. She didn't want big brother ning to lose this rare opportunity to show his face.

"Ruoxue! "Shan 'er, he ..." Ning Hai's heart was burning with anxiety as he tried to break free from Leng ruoxue's grasp and rush up to the arena.

“I’ll go see him, don’t worry! With me around, he won’t be in any trouble.” Leng ruoxue consoled.

After hearing Leng ruoxue’s words, the anxious Ning Hai miraculously calmed down. He had complete trust in Leng ruoxue and nodded at her. Then, he watched as Leng ruoxue walked up the stage.

In the competition arena, the other matches were still ongoing. Furthermore, this was only the first match. Hence, there were not many people watching. Hence, many people did not notice the small incident that happened on Ning Shan’s challenge ring. It was only when Leng ruoxue walked up the challenge ring calmly that everyone’s attention was drawn over.

Although many people had only met this adopted daughter of the ancestor once, for the ning family, the nouveau riche by the ancestor’s side was something they could not ignore.

However, at this moment, most of the people did not know why Leng ruoxue had walked onto the stage. It was because the competition had yet to end, and this was against the rules.

After Leng ruoxue walked up to the stage, she first checked on Ning Shan’s injuries. At this moment, Ning Shan’s face was already covered in blood and he looked like he was drenched in blood. Furthermore, fresh blood was flowing out from his eyes continuously. Ning Shan, who was rolling on the ground in pain, felt someone approaching him and instinctively grabbed onto Leng ruoxue’s sleeve. He kept on shouting, “It hurts! It hurts!”

“Shan ‘er! Don’t be afraid! With me here, you’ll be fine!” Leng ruoxue held Ning Shan’s hand and consoled him.

“Sister ... Ruoxue! I’m in pain! Am I blind?” Ning Shan said fearfully.

“Don’t be silly. I won’t let anything happen to you.” Leng ruoxue promised. With that, she took out an elixir and stuffed it into Ning Shan’s mouth. This elixir was used to treat internal injuries. After Ning Shan ate the elixir, his injuries would not hurt as much. However, from the outside, his injuries were still shocking. Blood was also flowing out from his eyes.

Then, Leng ruoxue turned her gaze to Ning Shan’s opponent.

Ning Shan’s opponent was a young man who looked to be in his early twenties. He was quite handsome, but the arrogant expression on his face made it impossible for people to have a good impression of him. Not only that, but he was also looking at Ning Shan with disdain. His gaze towards Leng ruoxue was not very friendly either.

Chapter 1528: The wicked filed a lawsuit (2)

“Judge, can you announce the result now?” The young man looked away and turned to the judge.

The judge looked at Leng ruoxue, his innocent eyes filled with embarrassment. He really wanted to announce the results of the competition, but he was afraid that Leng ruoxue would have an opinion. Hence, it was not appropriate for him to announce the results immediately. After all, he had not figured out Leng ruoxue’s motive for coming up. Furthermore, this woman was someone he could not afford to offend. Hence, he remained silent.

The person who was competing with Ning Shan was a direct descendant of the ning family. His elder held a high position in the ning family. He was not someone that a small judge like him could afford to offend. Furthermore, Leng ruoxue was old Grand Madame's goddaughter. He could not afford to offend her. Wu...What should he do?

Originally, Ning Shan was from a branch family and did not have any strong backing. If nothing went wrong, he could have directly decided the outcome of the competition. However, an accident happened. Leng ruoxue's interference made him not know what to do!

"Has the competition ended?" Leng ruoxue asked with a smile.

"Of course it's over." Before the judge could answer, the young man spoke first.

"You're the judge?" Leng ruoxue's beautiful face was filled with confusion.

"Of course I'm not!" The young man said through gritted teeth. He knew that nothing good would come from this woman's visit, and he, who did not want to cause any more trouble, had met with an accident. What he did not expect even more was that Ning Shan, who he thought did not have any background, would actually have Leng ruoxue as a backer. However, so what if she was the elder ancestor's goddaughter? she was still an outsider. How could she reach her hand into the ning family's head? Moreover, it wasn't as if he didn't have any backing. When he thought of this, he didn't take Leng ruoxue too seriously.

"Since you're not the judge, how can you say that the game is over?" Leng ruoxue said with a hint of mockery. As it was only the preliminary round, the ning family had only arranged for one judge to decide the outcome. In reality, the so-called judge was just for show. After all, it was easy to determine the outcome of this kind of internal competition. The purpose of setting up the judge was to be a witness and to prevent any disputes between the two sides.

It was rare for a fight to the death to happen in a family competition. Many people would take the initiative to follow the rules of the competition. However, it did not rule out the possibility that there would be a small number of people who would ignore the rules. Hence, the role of the judges would be revealed at this time. What Leng ruoxue said was just to highlight the position of the judges.

"Even if it's a family competition, there's a time limit. He's already been on the ground for more than 15 minutes, so the competition is naturally over." The young man said matter-of-factly.

"Is that so?" Leng ruoxue laughed coldly as her beautiful eyes swept across the young man. Her gaze caused the young man's heart to tremble as an ominous feeling slowly rose in his heart.

He did not know what Leng ruoxue was up to. That collateral relative had been lying on the ground for more than fifteen minutes, and everyone's eyes were bright. At this moment, it was reasonable for the judge to announce Ning Shan's loss. Even if Leng ruoxue wanted to stand up for Ning Shan, it was unlikely that she could turn the tables. However, for some reason, he had a bad feeling in his heart, which made him feel very uneasy.

"Of course!" The young man held on. At this moment, his heart was already drenched in cold sweat. He had not expected Leng ruoxue to give him so much pressure. This was too abnormal.

“In that case, I’d like to ask the judge, did the rules of the competition say that we’re not allowed to win by using improper means?” When Leng ruoxue heard the young man’s words, she turned her head to the judge at the side.

“There are!” The judge wiped the cold sweat from his forehead and spoke the truth. Although there was such a rule in the competition, whether or not it could be followed depended on the person. In addition, if someone violated the rules of the competition, there must be sufficient evidence. Otherwise, everything would be empty talk.

However, if anyone wanted to use improper means in the competition, how could they be easily discovered? Hence, this rule was practically non-existent. However, since Leng ruoxue had asked, he had no choice but to answer.

“If someone is found to be using improper means, how will they be dealt with?” Leng ruoxue continued to ask.

“The person involved will be disqualified from the competition. Furthermore, the family will also punish him.” The judge whispered in fear.

“Then please disqualify this person from the competition!” Leng ruoxue said coldly. The cold glint in her beautiful eyes was like a blade as it shot towards the young man.

“Don’t you dare!” The young man roared in anger as he glared at Leng ruoxue.

“Isn’t that the rule of the competition? You have to be a good child who follows the rules. Otherwise, you’ll be unlucky.” Leng ruoxue said with a smile.

“What right do you have to make him cancel my match? You said I broke the rules, where’s the evidence?” The young man said, unwilling to give up.

“You’re wrong. I didn’t ask him to cancel your competition. It’s because you violated the rules of the competition. As for the evidence, if you want it, I’ll give it to you.” Leng ruoxue laughed lightly, but in her heart, she despised this man. This guy really wouldn’t give up until he reached the Yellow River! Did he really think that he could not find any evidence?

The judge on the side listened to the two people’s verbal battle and wanted to cry but had no tears. How could he be so unlucky to meet these two people! Why was it that everyone else’s arena was safe and sound, but something had happened to his own? moreover, these two parties were people he could not afford to offend. Sigh! What should he do? He was at a loss!

“Then show me the evidence! Otherwise, I’ll Sue you for false accusation. Even if you have the ancestor’s support, I’ll still beg the ancestor to give me an explanation!” The young man said hatefully, but he wasn’t worried at all. He was certain that Leng ruoxue wouldn’t be able to find any evidence.

“Miss Leng, please show us the evidence! Otherwise, I can only conclude that ning Duan has won.” At this time, the conflicted judge also spoke.

At this moment, everyone’s eyes were fixed on Leng ruoxue, but most of them were waiting to watch a good show.

At the same time, in an unremarkable corner of the audience, two extremely handsome men were also observing the situation on Leng ruoxue's arena.

"Hey! What do you think is going on? Did that ning Duan really use improper methods?" Cheng Xuan asked with a face full of curiosity. He looked at Leng ruoxue with eyes full of interest.

"Isn't that normal? Don't tell me that your Cheng family doesn't have these messy things." Ning haolan, who was standing beside him, asked in disbelief.

"Hehe! There's no need to say it out loud." Cheng Xuan said a little awkwardly. Living in a big family, who didn't have some tricks up their sleeves? If he had been so honest, he probably wouldn't have survived.

"However, I'm very curious if that beauty can find any evidence. Since that ning Duan used some sort of method, it won't be so easy to find him." Cheng Xuan said.

"Just keep watching and you'll know." Ning haolan said with a smile.

Chapter 1529: The wicked filed a lawsuit (3)

"By the way, who's that beauty? How come I didn't know that your ning family had such a stunning beauty!" Cheng Xuan asked with great interest.

"If I'm not wrong, she should be the goddaughter acknowledged by the ancestor." Ning haolan said after some thought.

"Argh! Then wouldn't you have to call her great aunt? That woman looks very young!" Cheng Xuan was surprised, but at the same time, he was also gloating.

"You have to call her great aunt too." Ning haolan rolled his eyes at Cheng Xuan and reminded him.

"Tsk! She's not even a member of my Cheng family, why should I call her great aunt?" Cheng Xuan felt a chill run down his spine. He couldn't let ning haolan get in his way at this point, or he'd be the one to die!

"Because she's the goddaughter of my family's ancestor. She's very senior." Ning haolan laughed evilly. He didn't mind having another woman like her, but he knew that Cheng Xuan wouldn't be happy about it, so he tried his best to use this to hurt him.

"That's none of my business, right?" Cheng Xuan was a little speechless. He thought to himself, "what does your ancestor's goddaughter have to do with me, a member of the Cheng family? It wasn't like the Cheng family's ancestor acknowledged him.

"What if your ancestor introduces her to your ancestor?" Ning haolan said with a smile.

"Uh!" Cheng Xuan didn't know what to say, because he knew that it wasn't impossible.

"Let's see how your ancestor's goddaughter will solve this problem!" Cheng Xuan didn't want to discuss Leng ruoxue's seniority anymore, so he changed the topic to the arena.

“Alright!” Ning haolan smiled. Actually, he was quite interested in Leng ruoxue.

On the stage, Leng ruoxue did not directly produce any evidence. Instead, her beautiful eyes were fixed on ning Duan, making him feel uncomfortable.

“Hurry up and show us the evidence. Don’t delay other people’s matches.” Ning Duan felt his hair stand on end and couldn’t help but roar.

“What’s the rush? are you feeling guilty?” The smile on Leng ruoxue’s lips bloomed, instantly captivating the eyes of countless people. Ning Duan, who was the closest to her, also had a dazed look on his face, unable to regain his senses for a long time.

By the time he came back to his senses, he realized that he had been mesmerized by Leng ruoxue’s smile. The anger in his heart surged up in an instant, and he could not accept the fact that Leng ruoxue was in a daze. Who asked him to already have someone he liked? And Leng ruoxue happened to be the person that person hated the most.

“Hurry up and show us the evidence!” Ning Duan urged in annoyance.

“Since you’re so eager, I’ll fulfill your wish!” Leng ruoxue smiled and walked to Ning Shan’s side. She helped him up and said to everyone, “Everyone, I believe that everyone’s eyes are clear. The previous situation was very favorable to Ning Shan, and he was sure to win. However, he suddenly fell to the ground. This is not because young master ning Duan suddenly showed his power, but because he used an improper method, because he poisoned Ning Shan.”

“Don’t you slander me with your nonsense. Do you have evidence?” Ning Duan roared, his face filled with grievance.

“Everyone, you’ll know if you look at Ning Shan’s eyes. His eyes have been injured by poison, and the blood flowing out now is black.” As Leng ruoxue spoke, she raised Ning Shan’s head. Instantly, the black blood on Ning Shan’s face was revealed to everyone. Furthermore, the blood on Ning Shan’s face was a mix of red and black, making him look even more horrifying.

“Ah!” The people who saw this couldn’t help but suck in a breath of cold air. Ning Hai was even more patient and didn’t rush up to the ring directly because he believed in ruoxue. He believed that she wouldn’t let her brother suffer. Sigh! As an elder brother, he was really too useless. Just because he didn’t like some people in the family, he had left home for many years. Until now, he had achieved nothing. He couldn’t give his parents and younger brother a support. When he thought of this, his heart ached as if it was being cut by a knife. However, at this moment, he was determined to have his own place in the family. This family competition was his greatest opportunity, so he must grasp it well.

“This can’t prove that I was the one who poisoned her!” Ning Duan said unhurriedly when he saw this. Moreover, there was no panic on his face at all.

“Why can’t I? You’re the one who injured him.” Leng ruoxue indifferently reminded.

“Isn’t it normal to get injured in battle? What’s the big deal?” Ning Duan’s face was full of disapproval. His words clearly meant that Leng ruoxue was making a mountain out of a molehill.

“Not only is Ning Shan injured, but he’s also poisoned. Otherwise, it’s hard to say who would win this game!” Leng ruoxue said calmly.

“I admit that I injured him by accident, but his poisoning has nothing to do with me.” Ning Duan said, trying to deny himself.

“Then who is it related to?” Leng ruoxue asked with a half-smile.

“How would I know? besides, who can prove that he was poisoned when he was fighting with me? Didn’t you give him a pill? I was going to say that you were the one who poisoned me, and that you came here to frame me!” Ning Duan said with a hint of provocation as he looked at Leng ruoxue with a smug look. It was a good thing he did not panic, or else he would have fallen into this woman’s trap.

As soon as he finished speaking, the crowd in the audience could not help but start to discuss softly. In fact, quite a number of people even felt that what ning Duan said made sense, and the way they looked at Leng ruoxue also became subtle.

“This time, your great aunt is in trouble. Not only did she not seek justice for that little guy, but she also became a suspect. Poor thing!” Cheng Xuan, who was sitting in the corner, said on purpose. His handsome face was full of sympathy.

“Put away your fake kindness! She doesn’t need your sympathy. ” Ning haolan replied calmly. Actually, he was more curious about how Leng ruoxue was going to turn the situation around. It was obvious to all that she had fed Ning Shan a pill, and she could not deny it. With this ‘handle’, ning Duan would definitely not let it go. Hence, he wanted to know how Leng ruoxue was going to deal with it. However, the great ancestor would not take in a brainless goddaughter, so he still had some confidence in Leng ruoxue.

“I’m really kind and I really pity her! The current situation seemed to be very disadvantageous to her! If ning Duan really wanted to put a basin of sh * t on her head, who do you think your ning clansmen would believe?” Now, not only did Leng ruoxue have to prove that the little guy’s poison was poisoned by ning, but she also had to prove her innocence. Otherwise, just the crime of framing a direct descendant of the ning family was enough to make her suffer. When that time came, even the ning family’s old ancestor would not be able to protect her!

“Won’t you know if you keep watching?” Ning haolan said. He still believed that Leng ruoxue would have a solution.

After ning haolan finished speaking, the two of them stopped talking. Instead, they turned their attention back to the arena, continuing to observe the development of the situation.

“That sounds reasonable. However, I can’t get my hands on the medicine.” At this moment, Leng ruoxue, who was on the stage, was still very calm.

Chapter 1530: Making the antidote (1)

After the judge heard Leng ruoxue's words, he looked at the poison that Ning Shan had been poisoned. He then turned around and left the arena. He was very clear that this was not something he could handle.

Not long after, the third elder arrived at the arena with the judge.

"What's going on?" The third elder asked, feigning ignorance. On the way here, the judge had already briefly reported the situation to him. This matter had given him quite a headache. Furthermore, he did not dare to let the old Grand Madame know about this. After all, it involved Leng ruoxue, and he was afraid that the old Grand Madame would be angry. Hence, according to his original intention, he wanted to minimize the matter.

"Third Grandpa! She poisoned a member of the ning family and wanted to push the blame to me." Without waiting for Leng ruoxue to speak, ning Duan accused her.

The third elder frowned at ning Duan's words, clearly somewhat displeased.

"What does young lady Leng have to say?" Third elder ignored ning Duan and asked Leng ruoxue instead.

"Ning Duan used abnormal methods in the competition in an attempt to win. I hope that third elder can handle this fairly and disqualify him." Leng ruoxue's tone was cold. She did not mention anything about Ning Shan being poisoned at all because she believed that this old man would know about it.

"What evidence do you have? You poisoned this guy and then wrongly accused me! Hmph! Don't think I don't know what you're thinking. You just want to help him, don't you? If you're not as good as him, you've lost. You can't even afford to lose. Our ning family doesn't have such a Clansman!" Ning Duan yelled at the top of his lungs, his voice even choked up as if he had truly suffered a great grievance.

Leng ruoxue looked at his dramatic performance without saying a word. However, a cold smile surfaced in her heart. Could it be that this fellow thought that by pretending to be wronged, this matter would be over? Hmph! In your dreams!

As the third elder listened to ning Duan's seemingly aggrieved words, he gradually began to feel irritated. What the hell is this? Why did he have to do it? Although he really didn't want to get involved in this matter, he couldn't just leave it be. After all, the adopted daughter of the ancestor was also involved!

"Ning Duan! Don't speak first, I want to hear what miss Leng has to say." The third elder sighed and slowly said.

"Miss Leng, what is your explanation for ningduan's words?" The third elder asked again.

"Third elder, first take a look at what poison Ning Shan has been poisoned with!" Leng ruoxue suggested.

"Alright!" The third elder nodded, then bent down to examine Ning Shan carefully. After a long time, he stood up with a serious face. "It's the soul forgetfulness!"

"Third elder, do you know where this poison is from?" Leng ruoxue asked again.

“This ... Soul-forgetting is the unique poison of our ning family.” The third elder replied honestly.

The so-called “forget the soul” naturally meant to forget everything. To put it bluntly, this poison was not fatal, but it would turn people into fools. And this medicine, in the divine world, no one except the ning family could concoct it. Therefore, it was not an exaggeration to say that it was the unique medicine of the ning family.

However, the forgotten soul had always been used by the ning family to punish people who had committed a serious crime. Not to mention the collateral branch, even the direct line could not have it casually. Moreover, the ning family had always been very strict with the management of the forgotten soul, so it was not easy to withdraw it. Therefore, the third elder could not understand how the forgotten soul could appear in the ning family’s family competition.

When the crowd heard that Ning Shan had been poisoned with soul loss, they knew that it was impossible for Leng ruoxue to be the one who poisoned him. However, someone did not think so.

“You ... You actually used Soul-forgetting on a member of the ning family! You’re so bold!” When ning Duan heard that the poison was soul-forgetting, he was also a little dumbfounded. However, after he regained his senses, he was very clear that he had to let Leng ruoxue take the blame now. Otherwise, the ning family would not let him off. Therefore, he had no intention of letting Leng ruoxue go.

“Soul-forgetting is your ning family’s unique poison. Where Can I Get it?” Leng ruoxue looked at ning Duan with a mocking expression.

“You, you are the goddaughter of our ancestor. If you want to get wanghun, do you think you can’t get it?” Ning Duan questioned loudly. His words caused everyone to become suspicious of Leng ruoxue again because what ning Duan said was right. Old Grand Madame loved this goddaughter so much. If she wanted to obtain the ning family’s forgotten soul, it would not be difficult.

“So, you’re suspecting that my Godfather is a traitor?” Leng ruoxue looked at ning Duan and asked with a cold gaze.

“I, I didn’t mean that. What I meant was that you can get the forgotten soul.” Ning Duan was shocked and hurriedly explained.

“Alright! Let’s assume that I can get the soul-forgetting item, but what about you? As a direct descendant of the ning family and having lived there for so many years, wouldn’t it be easier for you to succeed than me, who has only been here for a few days?” Leng ruoxue’s beautiful eyes scanned the surroundings before finally settling on ning Duan.

“You ... Don’t you accuse me! How could I get the forgotten soul! Third elder, you can’t just stand by and watch this woman malign me. You have to speak for me.” Ning Duan stammered as he looked at the third elder with an aggrieved expression.

“Miss Leng, ning Duan, you don’t need to argue. The forgotten soul is a unique poison of our ning family. The control is very strict, and ordinary clansmen can’t get it. Moreover, there is a record of anyone who has taken the forgotten soul. I will send someone to investigate and find out who took it.” The third elder said helplessly.

“Good! Third elder, please send someone to investigate!” Leng ruoxue agreed.

“Third elder, you have to prove my innocence!” Ning Duan also said. When he heard that the third elder was going to send someone to the warehouse to check the records, his heart actually relaxed. Because he had not sent anyone to retrieve the medicine, he naturally did not worry that he would be blamed.

The third elder nodded, then sent a guard to the warehouse to check and retrieve the records.

Not long after, the guard returned.

Looking at the third elder, the Guard’s face turned awkward, not knowing how to start.

Seeing the guard hesitating to speak, the third elder anxiously said, “Did you find out? Who has used the forgotten soul recently?”

The guard nodded and had no choice but to speak under the watchful eyes of the crowd, “I’ve found it,”

“Who is it?” The third elder asked anxiously. He was worried to death when he saw the guard hesitating.

“Yesterday, the young master sent someone to the warehouse to retrieve the forgotten soul.” The guard said carefully.

The Guard’s words made the third elder dumbfounded. W-why did the young master get involved? F * ck! It wasn’t enough to get Leng ruoxue involved, but now they had to drag their young master into this as well. What the hell was this! In fact, not only was he surprised, but many of the ning family members present were also surprised because this result was really beyond their expectations. However, before the truth was revealed, they still planned to be patient and continue watching.

As for ning haolan, who was sitting in the corner, his expression turned unfathomable when he heard the Guard’s words. He pursed his lips tightly and a dark light flashed in his eyes, making it impossible for anyone to tell what he was thinking.
