Chapter 1531: Refining the antidote (2)

“You’ve sent someone to retrieve the forgotten soul?” Cheng Xuan asked curiously.

Ning haolan turned around and smiled faintly. Then, he stood up and walked towards the arena.

“Hey!” Cheng Xuan was about to call out to ning haolan, but after a second thought, he stood up and headed straight for the ring.

At this moment, third elder, who was in a dilemma and had a headache, felt his head throb when he saw ning haolan.

“Young master! What are you doing here?” The third elder asked, forcing himself to remain calm.

“Third elder, I’ve been here since the start of the competition.” Ning haolan said with a faint smile. It was hard to tell whether he was happy or angry.

After he finished speaking with third elder, he bent down to check on Ning Shan’s injuries. Then, he stood up and said, “It’s really soul-forgetting,”

“Young master! “I’ve ordered the guards to go to the storeroom ...”The third elder did not finish his sentence, but he believed that ning haolan would understand what he meant.

“Third elder, you don’t have to say anything. I didn’t send anyone to retrieve the forgotten soul.” Ning haolan went straight to the point.

Ning haolan’s words seemed to be within third elder’s expectations. He turned to the guard and asked, “What did the people in the warehouse say?”

“The people in the warehouse said that it was young master’s attendant who went to retrieve the soul.” The guard said hurriedly. After he finished speaking, he lowered his head timidly. Wu.....The young master wouldn’t hold a grudge against him, right? He was telling the truth!

“My personal attendant? Which one?” Ning haolan asked softly.

“It’s Ning Wen. ” The guard said.

“Call Ning Wen over. Tell him that I have something to ask him.” Ning haolan ordered the guard coldly.

“Yes.” The guard responded and turned to leave the arena.

“Third elder, don’t worry. We’ll know everything once we ask Ning Wen.” Ning haolan said with a faint smile. Then, he shifted his gaze to Leng ruoxue and sized her up.

It was undeniable that the woman in front of him was the most beautiful one he had ever seen. Be it her looks or temperament, she was the best. Furthermore, she had an innate pride. In fact, he couldn’t even feel the slightest sense of superiority in front of her. In short, Leng ruoxue was an outstanding woman. Other than her low cultivation, he couldn’t find any flaws.

As ning haolan sized up Leng ruoxue, she did the same to him.

She had heard the name of the ning family's young master, ning haolan, from the great elder and Godfather many times. However, this was her first time meeting ning haolan. She had not seen the genius young master of the ning family in the divine mainland.

Not only was ning haolan extremely handsome, but he also had outstanding talent. He was now a Godking and was one of the best among the younger generation of the ning family. He was also the leader of the younger generation. It was said that many of the younger members of the ning family idolized him. However, he was now involved in the 'forgotten soul' incident, so it was unknown if his prestige in the ning family would be affected.

Even though there was evidence that ning haolan had sent someone to retrieve the soul, she did not believe that he would use it in a family competition. If this was not ning haolan's order, then someone must have used his name to retrieve the soul. The reason she did not suspect that ning Duan had sent someone to retrieve the forgotten soul was because she believed that ning Duan did not have such great authority.

After waiting for a long time, the guard returned by himself.

"Young master! Ning Wen is missing." The guard reported the truth, but he was extremely depressed in his heart. Wu.....How could he have encountered such a thing? He hoped that the young master would not blame him.

"What do you mean by gone?" Ning haolan frowned and asked in confusion.

"This subordinate has searched the entire LAN garden, but there is no trace of Ning Wen." The guard said honestly.

"Young master has arranged for Ning Wen to handle some matters?" The third elder couldn't help but ask.

"No, you're still looking for it! We must find him." Ning haolan ordered the guard.

"Yes." The guard responded, but he was depressed in his heart.

After the guard turned around and left, third elder looked at Leng ruoxue and ning haolan and said,""Young lady Leng, young master, let Ning Shan and ning Duan withdraw first! Let's not delay the rest of the competition. "

"Yes." The two of them nodded. Then, ning haolan summoned two guards and carried Ning Shan away. Before the matter was cleared up, he ordered for ning Duan to be kept under guard.

After carrying Ning Shan to the guest room, Ning Hai quickly ran in and stayed by his brother's bed, not leaving.

Seeing this, Leng ruoxue's beautiful eyes turned towards ning haolan and she spoke indifferently,""How does young master ning plan to deal with this matter?"

"Naturally, I will report it to the public. Does miss Leng believe that I didn't send anyone to retrieve the forgotten soul?" Ning haolan couldn't help but ask.

“It doesn’t matter if I believe it or not. However, we can’t just let the matter of Ningshan go like this.” Leng ruoxue said coldly as a killing intent flashed across her eyes.

“I will give Ning Shan justice.” Ning haolan sighed.

“I hope so,” Leng ruoxue nodded. Actually, she did not care if ning haolan could really seek justice for Ning Shan. Even if ning haolan wanted to protect someone, she was not afraid because she had her Godfather!

“Don’t worry! Haolan is a man of his word.” At this moment, Cheng Xuan jumped out from who knows where and promised.

“I’m his good friend, Cheng Xuan.” Without waiting for Leng ruoxue to ask, he introduced himself in a familiar manner.

“Leng ruoxue.” Leng ruoxue looked at the handsome man who seemed to be very friendly with her. A few drops of cold sweat dripped down her forehead, and she was speechless. This man was exceptionally handsome, and his looks were no less than her brother’s. However, she could not quite accept his friendly personality, and he kept winking at her. If he was not ning haolan’s friend, she would not have been so kind to him.

“I know, you’re haolan’s great-aunt!” Cheng Xuan had touched a sore spot. Leng ruoxue and ning haolan were both speechless after he finished speaking.

Great aunt? “She doesn’t want to be some Grand-aunt,” Leng ruoxue could not help but Mutter to herself. She was unusually repulsed by this form of address in her heart. However, ning haolan’s mental fortitude was clearly above hers. Other than feeling a little awkward, he did not have any other thoughts.

“She’s the goddaughter of the ning family’s ancestor. Her seniority is there for all to see! So, even if you don’t want to be a great aunt, you can’t!” As if he knew what Leng ruoxue was thinking, Cheng Xuan laughed evilly.

“I only acknowledge him as my Godfather. The rest of the ning family has nothing to do with me, so there’s no need to be particular about this.” Leng ruoxue said calmly. She could tell that this Cheng Xuan was just waiting to make a fool of himself. However, how could she let him do as he wished?

At that moment, the guards who were sent to look for Ning Wen returned and diverted their attention.

“Young master! Ning Wen is not in the main residence. I heard from the guards that he left the main city late last night.” The guard reported.

Chapter 1532: Refining the antidote (3)

Ning haolan’s heart began to burn with anger at the Guard’s words. He knew that Ning Wen was most likely involved in this matter, but why would Ning Wen use his name to retrieve the soul? Could it be that someone in the clan was forcing him? And who would have the guts to force his attendant to do such a thing? He really didn’t want to live anymore!

“It seems that young master ning’s attendant has fled for fear of punishment.” After Leng ruoxue heard the Guard’s words, she spoke indifferently.

“Don’t worry, miss Leng. I’ll send someone to find Ning Wen.” Ning haolan consoled.

“What about Ning Shan? And how will ning Duan be dealt with?” Leng ruoxue did not care about Ning Wen’s whereabouts, but she could not let Ning Shan lie on the bed like this.

“Miss Leng, there’s no antidote for the soul-forgetting pill. As for ning Duan, I can only send people to keep an eye on him before the matter is investigated. However, I can’t disqualify him from the competition.” Ning haolan said with some difficulty. Ning Duan’s senior was an elder in the clan, so unless there was sufficient evidence, he could not disqualify ning Duan from the competition, nor could he punish him.

“I understand. What about Ning Shan?” Even though Leng ruoxue was a little disappointed by ning haolan’s words, she knew very well what he was thinking. He was thinking that there was not enough evidence. Hence, it would be difficult to deal with ning Duan. She could put ning Duan aside for now, but she could not do the same to Ning Shan. Therefore, she needed an explanation from ning haolan. Otherwise, she would have to look for her Godfather.

“Ning Shan ... The family will send people to take care of him in the future. With me around, I won’t let anyone bully him.” Ning haolan said after some thought. He knew that Leng ruoxue might not be satisfied with what he had said, but he had no better idea because there was no antidote for the forgotten soul.

“He has hands and feet, he doesn’t need anyone to take care of him.” Leng ruoxue said, slightly annoyed.

“Miss Leng, there is no antidote for the soul-forgetting pill. Moreover, after taking the soul-forgetting pill, it will turn a normal person into a fool. So, it will be very difficult for him to leave people’s side in the future.” Ning haolan explained patiently.

“I want the formula for soul-forgetting,” Leng ruoxue said coldly. Even though ning haolan had said that there was no antidote for the forgotten soul, she still wanted to try and see if she could concoct an antidote. She did not want Ning Shan to turn into an idiot and did not believe that there was no antidote. After all, everything had its counter. The lack of an antidote could only mean that it had not been concocted yet, but it did not mean that it did not exist.

“The formula for soul-forgetting is a secret of the ning family. We won’t give it to anyone.” Ning haolan said helplessly.

“Not to anyone?” Leng ruoxue repeated. Then, she walked to Ning Hai’s side and whispered a few words into his ear before leaving the guest room.

After Leng ruoxue left, Cheng Xuan looked at ning haolan curiously and asked, “Guess what she said to Ning Shan’s brother?”

“Why are you so gossipy?” Ning haolan rolled his eyes at Cheng Xuan and said unhappily. Actually, he didn’t need to guess to know that Leng ruoxue had probably consoled Ning Hai and was now looking for the old ancestor.

“Hehe! I’m just curious!” Cheng Xuan didn’t think much of it and said with a smile.

“Curiosity killed the cat! Just mind your own business, the ning family’s joke isn’t that good.” Ning haolan warned.

“What, could it be that you want to silence me?” Cheng Xuan’s handsome face was full of provocation, not taking ning haolan’s words seriously at all.

“It’s hard to say,” Ning haolan left the guest room as well.

“Hey! Wait for me, please!” Seeing ning haolan leave, Cheng Xuan quickly chased after him.

On the way back to the competition grounds, Cheng Xuan pestered ning haolan again, “Something happened in the first match, how can you still be in the mood to go back and watch the game? I think you should quickly find the person who framed you and prove your innocence.”

“Didn’t I already send people to look for him? If I can’t find Ning Wen, there’s no point in me worrying. Besides, I’m not the one who asked Ning Wen to retrieve the forgotten soul.” Ning haolan’s expression was nonchalant.

“What’s the point of saying that you didn’t ask Ning Wen to get it? If someone really wants to take advantage of this matter, I’m afraid you won’t be able to explain yourself even if you have a hundred mouths. Let’s see what you can do then.” Cheng Xuan said gloomily, sigh! Was this considered as the eunuch being anxious when the Emperor was not? Compared to the person in question, he seemed a little unsettled!

“There are so many clansmen in the ning family, not all of them are blind. Besides, there’s still the old forefather! What am I afraid of! Let’s go! Let’s continue watching the match! If there’s another one who poisoned it, we’ll deal with them as well.” Ning haolan said with a smile.

“You wish. One is already enough to give you a headache. If there’s another one, the ning family will be in chaos!” Cheng Xuan said with a look of disdain. After he finished speaking, the two of them walked into the arena. Even after the competition had ended, they did not see Leng ruoxue.

LAN garden.

Late at night three days later.

Cheng Xuan sat on a stone chair in the courtyard, counting the stars in the sky out of boredom. He would sigh at the calm ning haolan from time to time, but after the nth time, the latter finally spoke up.

“You’ve been sighing the entire night. What do you want?” Ning haolan was a little speechless. Actually, he knew very well why Cheng Xuan was sighing, but he didn’t really want to respond to him, so he could only play dumb.

“Leng ruoxue is missing, the competition is suspended, and Ning Wen is still missing. Are we just going to sit here and do nothing?” Cheng Xuan said gloomily. He had thought that he would be able to watch a good show, but who knew that Leng ruoxue had not appeared again after she left that day. There was no progress in the poisoning incident either. Furthermore, the ning family’s old ancestor had ordered a temporary suspension of the competition. He really did not know what that old man was up to. He was so curious that it was as if a cat lived in his heart, scratching his heart and liver every day.

“What else do you want to do if you don’t stay?” Ning haolan asked with a faint smile. Although the old ancestor did not ask about the poisoning incident, he had ordered the competition to be suspended. The meaning behind it was self-evident. He knew very well that this was all because of Leng ruoxue. He didn’t expect her to have such a position in the old ancestor’s heart. He was a little jealous!

“Go and test your old ancestor’s words! Let’s see what he’s going to do? When will the competition resume?!” Cheng Xuan suggested, but his words caught ning haolan’s attention.

“Young master Cheng, this seems to be my family’s competition, right? We’re not in a hurry, so why are you? What was the saying again? Oh! That’s right, don’t be a busybody! Do you want to be a dog?” Ning haolan could not help but tease.

“If you’re really too bored, I can send a message to your ancestor and tell him that you’re at my house! How is it?” Ning haolan suggested.

“You dare! If you dare to betray me, I will not let you off!” Cheng Xuan’s expression changed as he glared at ning haolan.

“Then, how long do you plan to hide?” Ning haolan raised an eyebrow. The main reason why Cheng Xuan had returned to the ning family with him was to avoid the pursuit of the old ancestor of the Cheng family. That old man had nothing better to do, so he had ideas about the marriage of his junior. Cheng Xuan had been so scared that he didn’t even dare to return home.

Chapter 1533: Refining the antidote (4)

“I’ll go back when he changes his mind. You’re not allowed to sell me out!” Cheng Xuan warned.

“But I think it’s more interesting to betray you.” Ning haolan’s face was full of regret.

“You ... Have you forgotten our friendship? If you betray me, I will definitely drag you down with me. ” Cheng Xuan made up his mind and said ruthlessly.

“Are you threatening me?” Ning haolan was speechless.

“En!” Cheng Xuan nodded his head heavily, a smug smile still on his face.

“Little Lanlan, I think we’re all in the same boat. So, you can’t do anything that would harm others and not benefit yourself!” Cheng Xuan hugged ning haolan’s arm and spoke in a coquettish tone.

“I’ll consider it. ” Ning haolan said indifferently.

“There’s no need to think about it. If you dare to betray me, I’ll definitely reveal our relationship.” Cheng Xuan said with a smile.

“What’s our relationship?” Ning haolan was confused, and his handsome face was full of question marks.

“We’re very close. ” Cheng Xuan’s smile was ambiguous.

“Don’t talk nonsense!” Cheng Xuan’s words made ning haolan jump three times, and he broke out in a cold sweat.

“I’m going to see the ancestor.” Ning haolan said, then disappeared.

“Don’t forget to get some information! I’ll be waiting for you!” Cheng Xuan shouted into the air. The servant beside him looked at his young master with sympathy. Poor young master! Your love life will be very bumpy, look! He had scared young master ning away.

Ning haolan heard Cheng Xuan’s words, but he could only pretend that he didn’t hear them. After all, it wasn’t that easy to get information from the old master. If they angered the old master, the entire ning family would be in deep trouble.

After they arrived at the forbidden grounds in the back mountain, ning haolan made his way slowly to the old Grand Madame’s courtyard after reporting his arrival.

At this time, the master of the ning family and the first elder were sitting in the courtyard and drinking tea.

When he saw ning haolan, master ning’s eyes twitched and he asked indifferently, “What are you doing here? Is there something important?”

“I’m only here to see the ancestor.” Ning haolan said.

“Now that you’ve seen it, you can go back.” The master of the ning family said coldly.

“Uh!” Was he driving her away just like that? Ning haolan thought to himself gloomily. ‘The old master doesn’t want me anymore now that he has a new lover? This was a blatant case of liking the new over the old! Why was his life so bitter? He hadn’t seen the old ancestor for a few days, and he didn’t let him sit down even once before he was driven away.

“Hehe! Haolan’s here to see you, so you should at least let him sit for a while!” First elder tried to smooth things over when he saw the depressed ning haolan.

Hearing first elder speak up for him, ning haolan was so touched that he was about to cry. First elder was so understanding! Wu ... The old ancestor had a heart of stone.

“What’s there to sit on? I’m annoyed!” The master of the ning family said unhappily. He had been annoyed these days because his precious goddaughter had actually given him a hard time. Therefore, he was in a very bad mood, and these descendants of the ning family just happened to become the target of his venting.

“If old forefather has any troubles, you can tell haolan. Who knows, haolan might be able to help you.” Ning haolan said carefully. People always said that a woman’s heart was as hard as the sea. In his opinion, the old ancestor’s heart was the true Needle at the Bottom of the Sea! The low pressure in the ning family these few days had made many people breathless.

“Solve my worries? These unfilial descendants of the ning family, I’ll be lucky if they don’t anger me to death.” The master of the ning family said angrily.

“Ancestor! Anger is harmful to the body.” Ning haolan said softly. Actually, he knew that the old ancestor was angry because someone had poisoned him during the family competition. However, they had yet to find the key witness, Ning Wen, so he had no way of finding the real mastermind behind Ning Wen.

“You don’t have to tell me that. Go and do your business.” The master of the ning family urged.

“Yes, ancestor! I’ll take my leave first.” Ning haolan said helplessly, then turned to leave.

After ning haolan left, the Grand Elder looked at the head of the ning family disapprovingly, “Why are you venting your anger on that child, haolan? this matter has nothing to do with him.”

“How could it not have anything to do with him? Ning Wen is his attendant. If it wasn’t for me, those elders would have eaten him. It just so happens that some people can’t find any evidence against him!” The master of the ning family said, exasperated at Ning Wen’s failure to live up to his expectations. Although the poisoning incident had infuriated him, he was even angrier at the fact that the heir he had set his eyes on had been so careless, allowing someone to take advantage of the situation. If Ning Wen could not be found, and someone continued to press on with the matter, then Hao LAN would definitely be in a very passive position. The prestige that he had painstakingly built up among the family members would also fall. He had nurtured Hao LAN for so many years, and this was not something he wanted to see.

“It’s useless to be angry now that things have come to this!” The first elder consoled him and then changed the topic, “I don’t know if Xue ‘er can refine the antidote. I’m really looking forward to it!”

At the mention of Leng ruoxue, the master of the ning family, who was burning with anger, immediately became listless. Actually, there was another reason for his anger, and it was Leng ruoxue. Although Xue ‘er had never complained to him about Ning Shan’s injury, he knew that Xue ‘er was angry. Now that Xue ‘er’s entire mind was focused on refining the antidote for the soul-forgetting pill, she had not found time to settle the score with the ning family yet!

After Leng ruoxue asked him for the formula for soul! Forgetting and some herbs, she had been hiding in her room and had not come out. He wondered how she was doing now. He was very uneasy. If Xue ‘er did not refine the antidote for soul-forgetting, some people in the ning family would be in deep trouble! Wu ... Please don’t vent your anger on him!

As master ning’s mind was running wild, Leng ruoxue had already entered the purple Bamboo Room in the bracelet and was trying to concoct the antidote for the soul-forgetting pill ...

In the alchemy room of the purple bamboo house, Leng ruoxue sat on the futon and concocted the forgotten soul according to the formula. Then, she followed the medicinal herbs on the formula and chose the herbs that were compatible with and countered each other. She then carried out countless experiments ...

There were a total of fifty-eight medicinal herbs in the formula of the forgotten soul. Except for the main herb, the forgotten soul grass, only a few of the other medicinal herbs were relatively precious. Most of them were ordinary medicinal herbs. However, even ordinary medicinal herbs had medicinal herbs that were compatible with and countered each other. Therefore, just matching these medicinal herbs took

her nearly a day's time. After she found all the medicinal herbs, she had to experiment again and again according to the proportion of medicinal herbs ...

Leng ruoxue placed piles and piles of herbs into the pill furnace seriously. She watched as they went through the process of melting, purification, pill condensation and the final tempering. Even though the first few steps were very successful, all her efforts were wasted at the last step of forming the pill. She could not help but feel a little vexed. However, she did not feel relieved because she knew very well that Ning Shan was still waiting for the antidote. Therefore, she had to make the pill.

Chapter 1534: Medicine testing (1)

There were only two reasons why the pill couldn't be formed. Either the proportion of medicinal materials was wrong, or the medicinal materials used to refine the pill were wrong, which needed to be tested slowly.

After countless trials and countless failures, Leng ruoxue finally succeeded in refining a cauldron of pills. The pills were only the size of soybeans and were light green in color. There was a layer of faint flowing light on top of them, making them look very beautiful. However, she could not be sure that this was the antidote to the soul forgetfulness. Therefore, she felt that she needed someone to test the pills. As for the person to test the pills ... She also had one in her heart. At the thought of this, she changed her mind and left the bracelet ...

The moment Leng ruoxue stepped out of the room, grape and Lotus, who were guarding the door, immediately came up to her and asked nervously, "Miss, has the antidote been made?" The two of them were also very concerned about Ning Shan's injuries. In addition, they had a good relationship with Ning Hai, so they naturally did not wish for anything to happen to Ning Shan.

"I've made one, but I don't know if it'll work. I need to find someone to test it." Leng ruoxue said straightforwardly.

"Miss! I'll try!" Grape thought for a while and said.

"You? No! I have someone else in mind." Although she did not know why grape wanted to test the medicine for Ning Shan, she could not let her maidservant do such a thing. She had already thought of a candidate in her heart.

"Argh! Who are you looking for, miss?" Grape was confused. She did not think that anyone would be willing to try this medicine. It would be a serious matter if they really became stupid.

"Ning Duan!" Leng ruoxue's Red lips parted slightly as she uttered a name.

"Uh! I don't think he's willing to be a medicine tester, right?" Grape was stunned and could not help but ask.

"This is not up to him." Leng ruoxue laughed coldly. She didn't care if ning Duan was willing or not. However, if ning Duan was really not willing, she could only use force.

"Hehe! Miss! What do you plan to do?" After hearing Leng ruoxue's words, grape's beautiful face was filled with excitement.

"If he's not willing, then we'll use force. Although he's a deity, with the two of you here, it's not like we can't deal with a ningduan!" Leng ruoxue laughed evilly.

"Don't worry, miss! It's best if he's willing, but if he's not, we'll beat him until he's willing!" Grape promised with a serious face, while lotus seed kept nodding.

"Then let's go find ning haolan first!" Leng ruoxue said with a smile.

"Why are you looking for him?" Grape was a little puzzled.

"Of course we're going to let him take us to ning Duan. Otherwise, how would we know where he is?" Leng ruoxue gave grape a 'you've become stupid' look.

"Miss! Then what are we waiting for? let's go!" Grape said, a little eager.

"En!" Leng ruoxue nodded and left the courtyard with the grapes and lotus seeds.

Although she lived in the forbidden area behind the mountain, she did not live in the same courtyard as her Godfather. Therefore, the master of the ning family and the first elder did not know that she had already left the room. Before she could prove that she had refined the antidote for the soul forgetting pill, she did not intend to tell her Godfather and the first elder about it.

When she reached the entrance of the forbidden area, Leng ruoxue met the captain of the Imperial Guards she had met when she sneaked into the forbidden area. When the captain saw her, he actually greeted her very warmly.

"Miss Leng, are you going out?" The guard Captain asked with a fawning look.

"Mm! I'm going to see your young master. Do you know where he lives?" Leng ruoxue asked after seeing the captain.

"The young master lives in the lanyuan. I'll Take You There!" The captain of the guards was very enthusiastic.

"Would it be too much trouble for you?" Leng ruoxue pretended to hesitate.

"I won't! Miss Leng, please follow me." After the captain finished speaking, he led the way while Leng ruoxue and the other two followed behind him.

After making a few turns, Leng ruoxue followed the captain's lead and arrived at a quiet courtyard. She saw the two large words 'LAN garden' on the door and knew that this should be ning haolan's residence.

"Miss Leng, this is the young master's residence. I won't be accompanying you in." The guard Captain said.

"Yes, I'll have to trouble you." After Leng ruoxue finished speaking, she took out a small Jade bottle from her bracelet and passed it to the guard leader. There were three healing pills in it, and they were of a high grade. It could be considered as her gift of thanks.

"Miss Leng is too polite. How can I take your things?" The captain of the guards said, a little embarrassed. Although he had the intention of currying favor by leading the way for Leng ruoxue, he did not expect that Leng ruoxue would reward him. This made him not know what to do.

“Take it! It’s just a few healing pills I made myself, they’re not worth much.” Leng ruoxue chuckled.

“Thank you, miss Leng.” When he heard that it was not worth much, the captain of the royal guards accepted it with a smile. He watched Leng ruoxue’s back until she could no longer be seen. After that, he opened the Jade bottle and took a look. His eyes instantly widened. Oh my God! W-what was this? Were they all refined by miss Leng herself? He was dumbfounded. Then, he quickly put the Jade bottle into his storage ring and left.

Leng ruoxue and the other two walked into LAN garden. As they walked, they looked around. LAN garden did not stand out in the Grand Leng family’s main residence. However, it was rather quiet and elegant. Furthermore, LAN garden was not very big. After walking for a while, they arrived at the main courtyard. At this time, Cheng Xuan and ning haolan were drinking under the moonlight ...

“Your great aunt is here.” Cheng Xuan looked at the depressed ning haolan and said. His seat was facing the entrance of the courtyard, so he saw Leng ruoxue and her two maidservants with a single glance.

“What great aunt?” Ning haolan was a little stunned as he asked in a daze. At this moment, his heart was already filled with depression, so he couldn’t care less about the others.

“Leng ruoxue is here.” Cheng Xuan helplessly reminded her softly. As soon as he finished speaking, Leng ruoxue had already walked in front of them.

Leng ruoxue sat down on an empty stone chair and stared at the two of them with her beautiful eyes, causing Cheng Xuan’s hair to stand on end.

“That ... Great aunt! What brings you here? I heard that you’re studying soul-forgetting?” Cheng Xuan asked with a face full of question marks.

“Mm! There’s something I’d like to ask young master ning for help with.” Leng ruoxue ignored the word ‘great aunt’ and smiled calmly.

“Great aunt, if there’s anything, just say it! Haolan will definitely do anything for you!” Cheng Xuan interrupted before ning haolan had a chance to speak.

“You can represent him?” Leng ruoxue found it a little funny. This Cheng Xuan was really not the usual kind of person who would get close to others!

“I can! He had to! Who are we to you!” Cheng Xuan said smugly.

“So he can also represent you?” Leng ruoxue was very curious.

“Hehe! We don’t distinguish between each other.” Cheng Xuan said with a smile. From his tone, he seemed to be quite self-deprecating.

Chapter 1535: Medicine testing (2)

“What’s the matter?” The depressed ning haolan asked.

“I would like to borrow ning Duan from young master ning.” Leng ruoxue laughed evilly.

“Why are you lending him?” Cheng Xuan was very curious, and he kept blinking his big black eyes to act cute.

“Medicine testing!” Leng ruoxue did not hide anything.

“Uh! He’s a direct descendant of the ning family.” Ning haolan could not help but remind her.

“I know!” Leng ruoxue nodded.

“Then why did you ask him to test the medicine? If the ning family’s elders find out, it will be troublesome.” Ning haolan said, feeling a little troubled. He had only kept ning Duan under guard, but he had already incurred the dissatisfaction of some of the clan members. If he handed ning Duan over to Leng ruoxue to test the medicine, he did not dare to imagine what the elders of ning Duan’s line would do.

“I’m not afraid of trouble.” Leng ruoxue did not think much of it. In any case, she had already made up her mind to use ning Duan to test the medicine. Who asked him to harm Ning Shan?! Although ning Duan was not the main culprit, his crime was unforgivable!

“Great aunt! Haolan is already under a lot of pressure from keeping ning Duan under guard. If he hands ning Duan over to you to test medicine, those elders will definitely find trouble with him.” Cheng Xuan could not help but ask. As ning haolan’s good friend and someone who lived in the garden, he knew very well what kind of pressure ning haolan was under. Although he wanted to watch a good show and did not care who Leng ruoxue used to test the medicine, he had to consider his good friend’s feelings! The people of the ning family were not easy to get along with. Those people who were envious of the noble status might stir up trouble and make a big fuss behind the scenes!

“If you don’t hand ning Duan over to me, will some people in the ning family let him go?” Leng ruoxue sneered. Then, she turned to ning haolan and said, “If I’m not wrong, the ning family hasn’t been peaceful these days, right? It was clearly your attendant who took the forgotten soul, so you should also be a suspect. However, you only keep ning Duan in custody and keep yourself out of the world. Will the people of the ning family let you go?”

“Even if you’re right, I can’t give ningduan to you to test medicine.” After all, ning Duan was a direct descendant of the ning family. Although he hated ning Duan for being so disappointing, he was not very willing to let Leng ruoxue test ning Duan’s medicine. Ning Duan was a member of the ning family after all. If he made a mistake, the ning family would naturally punish him. However, if he handed ning Duan over to Leng ruoxue, he felt that the nature of the matter would change. To put it bluntly, he still cared about his family. No matter how bad his family members were, they were still part of the family.

“You’re really pedantic! If I were you, I’d be more than happy to hand over ning Duan and take advantage of this matter to see the true colors of some people. You’re going to be the patriarch in the future, so you have to clear the obstacles in front of you yourself. Otherwise, how can you convince the masses?” Leng ruoxue tried to convince him. Ning haolan was the one chosen by her Godfather after all. He must have his own special abilities. Hence, for the sake of her Godfather, she would give him a hand. However, this would have to depend on ning haolan’s own decision. She could not possibly push the duck onto the rack.

After hearing Leng ruoxue's words, ning haolan could not help but fall into deep thought. He knew that Leng ruoxue was right. There were indeed people in the family who wanted to cause trouble for him. However, because of old ancestor's existence, those people did not dare to cause too much trouble. However, if they did this from time to time, it would be unbearable. Moreover, old ancestor might not help him solve these problems. Most of the time, he would have to rely on himself. After all, this was a good opportunity to prove his ability. The old Grand Madame would definitely be happy to see this happen. Therefore, it could not be denied that Leng ruoxue's words had moved his heart. However, if the news of ning Duan being handed over to Leng ruoxue to test the medicine were to spread out, he would definitely be made difficult by his clan. Hence, before he could think of a good countermeasure, he did not dare to let Leng ruoxue off.

"Can you tell me what medicine I'm using ningduan to test? Will his life be in danger?" Ning haolan asked after some thought.

"I'm going to use him to test the soul forgetting technique. There won't be any danger to my life!" Leng ruoxue said with a smile.

Her words caused Cheng Xuan's mouth to drop open in shock, unable to speak for a long time. Ning haolan was clearly frightened by Leng ruoxue's words as well, breaking out in a cold sweat. Of course, he knew that the soul-forgetting pill was not life-threatening, but the pill would turn people into fools. On top of that, there was no antidote, so he really could not imagine how he would explain to his clan if ning Duan became a fool.

All of a sudden, he had a flash of inspiration. He could not believe the possibility that he had just thought of. Could it be that Leng ruoxue had concocted the antidote? That's impossible, right? How many days had it only been? One had to know that back then, their ning family's Grand Elder had used several years to develop the forgotten soul! And so far, the great elder had not been able to refine the antidote for the soul forget.

"Are you trying to turn him into an idiot?" After a long time, Cheng Xuan, who had come back to his senses, could not help but ask. No wonder people often said that a woman's heart was the most poisonous! Becoming a fool was even more unbearable than killing the other party directly. After all, who would be willing to become a fool?

"No! The purpose of feeding him the soul-forgetting pill was to test if the antidote I made was effective!" Leng ruoxue said calmly.

"Argh! You've refined the antidote to the soul-forgetting pill?" Cheng Xuan's eyes widened once again, and he said in disbelief, "it's only been a few days!" She had managed to create it, how could she let him Live!

"I don't know if it's the antidote to the soul-forgetting pill. That's why I wanted to try it." Leng ruoxue didn't dare to be too confident.

"It only took three days. If you can really refine the antidote for the soul forgetting pill and let the great elder know, he will definitely be depressed." Ning haolan said, speechless.

"As I said, I don't know if the pill I made can cure the forgotten soul, but I have to try! However, even if the pill this time can't cure it, I'll still make an antidote for it." Leng ruoxue said in a serious tone.

“Since you can’t be sure that what you’ve made is the antidote to soul-forgetting, why must you use ning duanping to test it?” Ning haolan was confused.

“Young master ning, I always thought you were very smart! It seems that I was wrong. ” Leng ruoxue did not answer ning haolan’s question directly. Instead, she replied with a look of regret. Her words made ning haolan feel extremely embarrassed. Cheng Xuan, who was beside him, started to chuckle without holding back.

Ning haolan glared at Cheng Xuan, who had picked up a joke, and said seriously, “I can hand ning Duan over to you, but I want to watch the process of your medicine testing.”

“I also want to see it!” Cheng Xuan said, not willing to be outdone.

“No problem, but you’d better arrange a quiet place for me, in case his howling is too loud and it attracts people to watch.” Leng ruoxue reminded.

“Yes.” Ning haolan nodded.

“Great aunt! When do you plan to test the medicine for ningduan?” Cheng Xuan was a little excited.

“Now!” Leng ruoxue said. Time was money and couldn’t be delayed.

“Haolan! Hurry up and go take ning Duan!” Cheng Xuan urged. He was even more anxious than Leng ruoxue.

Chapter 1536: Medicine testing (3)

Ning haolan resignedly went to bring ning Duan out. He then brought Leng ruoxue and the others to a mountain on the outskirts of the ning family’s main city. The mountain was not large and one could see the end of it with a single glance. However, there was a cave at the foot of the mountain that was half the size of a room. The cave was very refreshing and well-hidden, which met Leng ruoxue’s requirements.

Standing outside the cave, Leng ruoxue nodded in satisfaction. “This place is not bad. It’s quite suitable for testing medicine.”

“Hehe! Great aunt! Haolan and I used to come here when we were young. Other than the two of us, no one else knows about this place. ” Cheng Xuan said as if he was presenting a treasure.

“Oh!” Leng ruoxue replied softly and walked into the cave.

Ning haolan and Cheng Xuan followed behind, throwing ning Duan to the ground. Ning Duan had already been knocked unconscious by ning haolan. When he slowly woke up and saw where he was, his heart skipped a beat. He stared warily at the person in front of him like a little wife, “You ... What do you want? I’m a direct descendant of the Leng family, and my great-grandfather is the 19th elder of the Leng family. Don’t act rashly. ”

Ning Duan was slightly afraid, and since he did not know what the other party would do to him, the fear in his heart deepened.

“Look at you, how can the ning family have a direct descendant like you?” Grape, who was extremely displeased with him, gave him a vicious kick and said with a look of disdain.

“You, you dare to kick me? You don’t want to live anymore!” Ning Duan had never been taught a lesson by a woman in his entire life. In addition, he was a little chauvinistic and felt that being beaten up by a woman was not something to be proud of. Therefore, grape’s kick had angered him and made him explode immediately.

“So what if I kicked you? I want to beat you up!” After grape finished speaking, she ignored ning haolan and Cheng Xuan’s presence and immediately swung her fists at ning Duan’s handsome face. At the side, lotus seed did not want to be left behind and also began to punch and kick ning Duan ...

Ugh! Ning haolan and Cheng Xuan were dumbfounded when they saw Leng ruoxue’s two maidservants transform into Tigresses. These two women were so fierce! It was truly too terrifying. However, looking at the calm Leng ruoxue, the two of them slowly calmed down. However, the action of wiping away their cold sweat revealed the nervousness in their hearts.

“Argh! You two barbarian!” Ning Duan’s cries of pain continued to ring out, but they were all ignored. After grape and Lotus had enough of beating them up, they saw ning haolan and Cheng Xuan’s expressions and began to comfort them kindly.

“Don’t be afraid! We don’t just beat people up, we’re not beating people up.” Grape said with a smile.

“Yup! Besides, you’re already God kings. Even if we, two puny gods, wanted to beat you up, we couldn’t! So, we can only bully people like him.” Lotus seed said with some regret. Her words made Cheng Xuan roll his eyes continuously, and he couldn’t help but think in his heart, “these two women have violent tendencies!” If he could beat them up, what was wrong with beating them up as well? The more he thought about it, the more he felt that it was possible. Therefore, he subconsciously moved away from the grapes and lotus seed, keeping a certain distance from them before he felt relieved.

“Quickly test the medicine for him!” Ning haolan sighed as he spoke to Leng ruoxue. He chose to ignore the two maidservants because he did not know how to answer them.

Leng ruoxue suppressed the laughter in her heart and nodded. Then, she took out the forgotten soul and handed it to the grapes, signaling for her to serve it to ning.

“You ... What did you feed me? I don’t want to eat it!” Ning Duan, who was covered in wounds from the beating, was being held by grape like a little chick. When he saw the pill in grape’s hand, a thread of fear rose from the bottom of his heart, and his resistance grew even stronger.

“You better behave yourself!” Seeing that ning Duan was struggling, grape angrily punched him on the head. Ning Duan immediately felt dizzy, but he still struggled. Seeing this, lotus seed stepped forward and held ning Duan firmly in her hands. This way, grape’s hands were free.

She roughly pinched ning Duan’s chin and pried his mouth open. She then threw the pill that Leng ruoxue had given her into his mouth and dusted her hands before standing to the side.

Seeing that the grapes had been taken care of, lotus seed released ning Duan’s grip and stood to the side. As soon as ning Duan regained his freedom, he reached his hand into his throat and tried to pull

the pill out. However, the pill melted as soon as it reached his mouth. Other than vomiting a few mouthfuls of saliva, there was no trace of the pill.

“That damned woman! What did you give me to eat?” Ning Duan was very afraid, but he, who had always been arrogant, still couldn’t help but shout.

“What you ate was soul forgetfulness.” Leng ruoxue chuckled.

“Soul-forgetting? This ... This was impossible! You’re lying to me!” Ning Duan did not believe Leng ruoxue’s words. It was not like he had not seen the forgotten soul before. It was in powder form and was colorless and transparent. However, what he had just eaten was clearly a pill. Thus, he was certain that Leng ruoxue was lying to him.

“What do you have that’s worth me lying to you about?” Leng ruoxue said, amused.

“I, I’m a direct descendant of the ning family.” Ning Duan stuttered.

“So what? I know why you don’t believe that it’s soul-forgetting, it’s because it’s different from what you’ve seen! In fact, I made it myself according to your ning family’s recipe.” Leng ruoxue explained with a faint smile. Her beautiful eyes were carefully observing ning Duan’s reaction. Right now, his forgotten soul had not acted up yet. Otherwise, how could his mind be so clear?

“You, you vicious woman, you actually fed me the forgotten soul. Our ning family will never let you off.” The annoyed and angry ning Duan said viciously. However, he soon lost the chance to make a fuss because the soul forgetfulness poison had acted up ...

“Argh! It hurts!” Ning Duan lay on the ground in pain, rolling around. His face was like a color palette, alternating between blue and black, constantly changing. The blood in his body flowed in reverse, and the veins in his body swelled up, making him look extremely horrifying ...

Leng ruoxue looked coldly at ning Duan, who was rolling around on the ground in pain. She did not feel any sympathy for him because he had brought this upon himself. However, his current appearance was much scarier than Ning Shan’s back then.

At this time, the blood in his body was constantly flowing everywhere, but there was no channel to vent it. Therefore, the pain he suffered was definitely much greater than Ning Shan’s. At that time, Ning Shan’s eyes were injured, and the poisonous blood in his body flowed out through his eyes. In addition, she had given Ning Shan a healing pill, so the pain Ning Shan suffered was actually not much.

However, even so, she didn’t plan on immediately giving ning Duan the antidote. She wanted ning Duan to be in pain for a while, or it would be difficult to dispel the hatred in her heart. Ning Shan was such a cute child! Now that he had caused her to become an idiot, how could she possibly let ning Duan live well?

After instructing grape and lotus seed to keep an eye on ning Duan, she led ning haolan and Cheng Xuan around the mountain. The mountain was small, and there wasn’t much prey on it. After more than an hour, they only managed to hunt two rabbits. After that, the three of them returned to the cave.

At this moment, the grapes had already started a fire. When they saw Leng ruoxue and the other two return, they went up to them and took the initiative to clean up the rabbit.

"I don't think two rabbits are enough, right?" Sitting by the fire, Cheng Xuan looked at the fat Rabbit that had been cleaned up.

"Don't tell me you guys didn't eat dinner!" Leng ruoxue raised her beautiful eyes and said, a little speechless.

"I did, but I'm hungry again after walking so far." Cheng Xuan said matter-of-factly, his handsome face not showing the slightest bit of embarrassment.

"You'll get fat if you eat too much." Leng ruoxue rolled her eyes at Cheng Xuan before she replied indifferently.

"I'm still growing, so I'm not afraid of getting fat." Cheng Xuan didn't think so.

"You're not young anymore, are you? I'll look down on you for pretending to be young." Leng ruoxue said honestly.

"Who said that? I'm still very young, okay?" Cheng Xuan said with an aggrieved expression. Then, he could not help but ask curiously, "Did ningduan faint? Why did you stop?"

"No, I didn't! I blocked his mouth, it's too noisy!" Grape said with a smirk.

"When do you plan to give him the antidote?" Hearing grape's words, ning haolan broke out in cold sweat as he asked Leng ruoxue.

"Eat something and take a nap before we talk." Leng ruoxue said lightly.

"Uh!" Leng ruoxue's words filled ning haolan and Cheng Xuan's hearts with sympathy for ning Duan. At the same time, they also made up their minds not to offend women in the future, or else they would end up in a terrible state.

"Miss! Here, eat this. It's done." Grape handed over a rabbit leg.

Leng ruoxue took it and ate it slowly. After she was done, she took out her house and placed it on the empty ground. Ning haolan and Cheng Xuan were stunned for a moment when they saw the house in front of them, and it took them a long time to regain their senses.

"Great aunt! "This house ..." Cheng Xuan was so excited that he didn't know what to say. He was so jealous! Who would have thought that Leng ruoxue would actually have such a spatial God tool? this was truly a case of comparing one with another, and it was truly infuriating! One had to know that even his ancestors did not have such a thing.

"It's a gift from the armament Guild headquarters "Grand Elder." Leng ruoxue explained calmly.

"Since you have such a divine weapon, why do you still want me to find a place for you to test the medicine? Can't you just bring ning Duan into your house?" Ning haolan asked in confusion.

"My house isn't a place that just anyone can enter." Leng ruoxue said softly.

"Great aunt! Bring me in for a tour!" Cheng Xuan said with an ingratiating expression, his clear eyes filled with anticipation.

“Alright,” he said. Leng ruoxue nodded and brought him and ning haolan into the house.

After entering, Cheng Xuan was like a grandmother in the Grand View Garden. He looked around and touched everything, his eyes filled with curiosity. Ning haolan was also surprised, but he was much calmer than Cheng Xuan.

“You guys do as you please, I’m going to sleep.” After Leng ruoxue finished speaking, she left the two of them behind and returned to her room.

Chapter 1537: Little brother, you’re too unfriendly (1)

After Leng ruoxue left, Cheng Xuan still could not hide the excitement on his face. Just as he was about to continue with the tour, he suddenly heard a slightly mocking voice.

“Country bumpkin, you really have not seen the world.”

Cheng Xuan was taken aback when he heard this. He turned to the source of the voice, a little annoyed. The voice was clearly directed at him, and ning haolan had heard it as well. However, he appeared extremely calm. After all, the other party had not specifically mentioned him. If he were to get angry over this, wouldn’t it be as if he was trying to cover up his own tracks? Therefore, he naturally wouldn’t touch this topic and continued to look around.

At this moment, Cheng Xuan’s eyes had already caught sight of a huge black Tiger, who was looking at him with a haughty expression and a pair of big eyes. The look in his eyes was full of contempt, which made him even more furious.

“Who are you talking about?” Cheng Xuan asked coldly.

“Whoever pays attention to me is the one I’m talking about!” The dark Tiger King said in an extremely infuriating manner. Its tail was still wagging non-stop, and it seemed to be having a lot of fun.

“You ...” Cheng Xuan was so angry that he couldn’t say anything. He couldn’t help but turn to look at ning haolan, who had nothing to do with the situation. He suddenly felt that he was a little silly. No wonder that Sly Fox ning haolan didn’t react at all. It seemed like he had long since guessed that he would encounter this situation. Sigh! How could he be so brainless! At the thought of this, he was prepared to ignore the big black Tiger. For it to be able to live here, it must be related to Leng ruoxue. It might even be her Beastie. He would give Leng ruoxue face and not be calculative with this damn Tiger!

However, even if he wanted to let it go, the dark Tiger King had no intention of letting him go. This was because it was a little bored staying here. It was not easy for two strangers to come in, and their strength was comparable to its own. It had to play with them! It was because no one in this house was willing to fight with it! The dark Tiger King was deliberately looking for trouble, so it naturally wouldn’t let Cheng Xuan off so easily.

“Country bumpkin! You’ve never seen such a divine weapon before, have you?” The dark Tiger King laughed evilly, his large eyes filled with provocation.

Cheng Xuan looked up at the sky after hearing the dark Tiger King’s words. He held himself back and ignored it. However, ning haolan spoke up.

"It's getting late, I'll go find a room to rest for a while." With that, ning haolan dusted off his butt and walked towards the side courtyard.

Moreover, his speed was extremely fast. Before Cheng Xuan and the dark Tiger King could react, he had already disappeared.

Seeing that ning haolan had left, Cheng Xuan was about to leave as well. However, this time, the dark Tiger King reacted quickly and blocked his way. It looked at him with a faint smile and said, "Little country bumpkin, you still haven't answered my question!" The dark Tiger King had an unforgiving look on its face, and its heart was beating even faster. Since he had let that guy go, he would not let this kid go no matter what.

"I'm not familiar with you." Cheng Xuan gritted his teeth and said hatefully, "what I'm trying to say is that I have nothing to say to you. If I can't tell that this Black Tiger is looking for trouble, then I've been eating for nothing all these years." Therefore, he decided to learn from Hao LAN and ignore this Tiger who was looking for trouble.

"We'll be familiar after a chat! Now that the moon is dark and there's no one around, it's a good time to chat. Chat with this brother for a while!" The dark Tiger King grinned.

"I'm going to sleep. I don't have time to chat with you." Cheng Xuan had a headache. This damn Tiger had just called him a baboon from a foreign land, and now it wanted to get close to him and chat with him. How could there be such a wonderful thing! If they were not in Leng ruoxue's house, he would definitely have given this stinky Tiger a good beating.

"You're already a Godking, so why are you sleeping!" The dark Tiger King's face was filled with disdain.

"I'll sleep on my own, what does it have to do with you? Besides, so what if you're a god King? who said that God kings can't sleep?" Cheng Xuan was a little angry. He felt that he was talking to Niu tanqin. No! He was talking to a Tiger. Moreover, he was a bored Tiger who was looking for trouble and was unreasonable.

"Little brother! You're so unfriendly." The dark Tiger King was extremely aggrieved. It was as if Cheng Xuan had said something he shouldn't have. Its large Tiger Eyes were actually staring at Cheng Xuan with tears in them.

Little brother? Hearing these three words, Cheng Xuan almost jumped up in shock. Why did these three words sound so unpleasant to the ear? It would make him think of something, and these three words also provoked him.

"Damn it, don't call me little brother!" Cheng Xuan couldn't take it anymore and roared.

"Then what should I call you? A little sister?" The dark Tiger King's face was filled with confusion. Its large eyes scanned Cheng Xuan's body like a Searchlight, as if it was saying, "are you not a man?"

The dark Tiger King's probing gaze made Cheng Xuan feel uncomfortable. However, after thinking about it, he decided to bear with it. A strong Dragon could not suppress a snake in its own territory. For Leng ruoxue's sake, he did not want to be calculative with this damned Tiger that he hated so much.

Cheng Xuan took advantage of this opening and strode over the shadow Tiger King's massive body, heading in the direction ning haolan had just taken. Seeing this, the shadow Tiger King naturally followed unwillingly ...

Cheng Xuan found an empty guest room. After entering, he immediately closed the door to avoid being disturbed by uninvited guests while he was sleeping soundly.

Before going to bed, Cheng Xuan suddenly thought of that detestable Tiger again. He thought to himself, 'who says that a Divine King doesn't need to sleep? although the higher one's cultivation level, the lower one's need for food and sleep, that doesn't mean that they don't have it. Moreover, even cultivators like them are no different from ordinary people at the beginning of cultivation. They need to eat and sleep. Once their cultivation level is high, this habit can't be forgotten easily. For example, their family's ancestor, he's already a divine venerable, but didn't he still eat and sleep?' He thought about it for a while and soon fell asleep ...

However, in his half-awake state, a demonic voice suddenly drifted into his ears.

"There's a girl called little Yan. Her fur is smooth and beautiful, her eyes are bright and watery, and her mouth is pink and attractive. Yan 'er! I love you! Yan 'er! I'm so, so patient with you! "Little Yan ..." The dark Tiger King was lying outside Cheng Xuan's room, humming non-stop. Although it was tone-deaf, it was still singing about its love for its wife, which was quite touching. Unfortunately, when it reached Cheng Xuan's ears, it was not the same.

If you want to express your love for the person you like, you should sing it to the person you like. What's with singing a love song to a man who's sleeping soundly?

Cheng Xuan, who was on the bed, could only cover his ears with the blanket and ignore the demonic sound. He knew very well that this damn Tiger was doing it on purpose, and once he responded, this Tiger would probably go on and on. So, he could only swallow his anger.

The dark Tiger King, who had been humming outside Cheng Xuan's room for the entire night, stared at Cheng Xuan's room door with a dejected expression. This brat had learned his lesson. He had actually held himself back from coming out. This made the dark Tiger King feel a little dejected. The depressed dark Tiger King thought about its miserable state of mind and started to sing again ...

Chapter 1538: Little brother, you're too unfriendly (2)

"A child with a mother is a treasure, but a child without a mother is a blade of grass ..."

At this moment, Leng ruoxue, who had just walked out of her room, heard the tone-deaf singing coming from afar. A few black lines could not help but slide down her forehead. She thought to herself, who is singing? And he even sang it so pitifully? Following the direction of the singing, Leng ruoxue was surprised to find out that it was the dark Tiger King.

She didn't know what to say as she looked at the dark Tiger King that was howling at the top of its lungs early in the morning.

When the dark Tiger King saw that Leng ruoxue had arrived, it actually became embarrassed for once. However, it was fortunate that its fur was black, so it would not be easily discovered by others.

“Tiger King! What the hell are you doing?” Leng ruoxue’s beautiful face was filled with question marks.

“I ‘m, I’m fine! I’m just practicing my Gu.” The dark Tiger King quickly said.

“Practice your ass! It’s been howling the whole night, and it doesn’t want us to sleep well.” Suddenly, the door to the room was opened. Cheng Xuan, who obviously hadn’t slept well, walked out of the room with a wave of resentment.

“Uh!” After hearing Cheng Xuan’s words, Leng ruoxue could not help but size up the darkness Tiger King. Could it be that the Tiger King had been provoked by something? Otherwise, why would he lie in front of someone else’s room and howl for an entire night? Quarreling with Yan ‘er? She made wild guesses.

“I’m just reminiscing about the past!” The dark Tiger King said in a soft voice. It was obviously embarrassed. Back then, when it was pursuing Yan ‘er, they were also in the same room, so it couldn’t help but sing. Yan ‘er also ignored it for the entire night, just like last night.

“I’m not Yan ‘er, why would you fall in love with me?” Cheng Xuan roared in anger. At this moment, he had changed his usual elegant and Noble image and directly shouted at the top of his voice.

“Little girl, he’s so fierce!” Hearing Cheng Xuan’s roar, the dark Tiger King acted like an aggrieved little wife and spoke to Leng ruoxue pitifully.

Leng ruoxue looked at the man and the Tiger, then wiped the cold sweat off her forehead. She decided to stay out of this world and not care about the dispute between the two of them.

“Uh! Let’s talk it out. I’m going out.” With that, Leng ruoxue turned around and left irresponsibly.

“Wait for me!” Seeing this, Cheng Xuan quickly caught up to avoid being entangled by the Tiger.

Seeing Cheng Xuan’s expression of lingering fear, Leng ruoxue could not help but burst out laughing. Her laughter caused Cheng Xuan’s face to darken.

“You still dare to laugh! You don’t even care about your own Beastie and let it bully the guest.” Cheng Xuan complained with a wronged expression.

“Hehe! All it did was sing outside your room! This is considered bullying you?” Leng ruoxue feigned ignorance.

“It even called me a country bumpkin!” Cheng Xuan said through gritted teeth.

“Is he referring to your name?” Leng ruoxue asked.

“No, I didn ‘t,” Cheng Xuan said gloomily.

“Then I’m not calling you, but if you want to make the connection, I can’t do anything about it.” Leng ruoxue laughed evilly.

“Alright! I’m just unlucky. Why would I fight with a Tiger for no reason?” Cheng Xuan said unhappily.

"It's good that you know. It's just bored, so it wanted to have some fun." Leng ruoxue understood. These days, the dark Tiger King and the other beasts had been staying in the house. Although the spiritual energy here was not bad, they would get bored after staying for a long time.

"So you came to me for fun?" Cheng Xuan was furious.

"Mm, looks like you're not as smart as ning haolan!" Leng ruoxue said with some sympathy.

"He's an old fox." Cheng Xuan said through gritted teeth.

The two of them talked as they walked. Not long after, they arrived at the garden where ning haolan was waiting for them. However, Cheng Xuan did not give him a good look when he saw him. After bidding Leng ruoxue farewell, he left the house.

"Uh! What was wrong with him? Did I provoke him?" Ning haolan's handsome face was filled with question marks when he saw Cheng Xuan's expression.

"I'm fine! Let's go out too!" Leng ruoxue chuckled. It had been an entire night, and she wondered if ning Duan had died from the pain.

"Yes." Ning haolan nodded, and the two of them walked out of the house together.

At this moment, the grapes and lotus seeds had already prepared breakfast, and Cheng Xuan had already started eating without any reservations.

"Miss! Let's eat!" Grape beckoned.

"Alright!" Leng ruoxue nodded and sat down.

After breakfast, the group walked into the cave to see ning Duan.

"Miss! Is he an idiot?" Grape looked at ning Duan and asked. At this moment, ning Duan's eyes were unfocused, and his mouth was half-open, drooling from the corner of his mouth. When he saw them, he could only smile foolishly. His clothes were wrinkled, and the blood stains on them had dried up. It looked like he had suffered a lot last night. However, he deserved it.

"He's indeed silly." Leng ruoxue said after observing for a while. It seemed like the soul-forget had completely taken effect. At this thought, she took out a light green pill the size of a soybean from her bracelet and passed it to grape. After grape received it, he pried open ning Duan's mouth and threw the pill in.

"How long will this antidote take effect?" Ning haolan could not help but ask when he saw ning Duan eat the pill. He was not concerned about when ning Duan would wake up, but whether the pill could cure the amnesia. If Leng ruoxue could really refine the antidote for the amnesia, it would be a great contribution to the ning family. He just did not know if Leng ruoxue would be willing to give the prescription to the ning family.

"About a day. We'll know if it's effective at this time tomorrow." Leng ruoxue said calmly.

"Then I'll go back to the ning family to take a look. If someone wants to see ning Duan, I'll be able to block them." Ning haolan said after some thought.

“En, you can go back first!” Leng ruoxue nodded.

“I’ll come back tonight. Chengxuan, are you going back with me?” Ning haolan turned to look at chengxuan.

“I’ll stay here.” Cheng Xuan said after some hesitation.

“Alright, I’ll go back and take a look myself.” Ning haolan turned around and left.

After ning haolan left, Leng ruoxue and the others took turns to stay in the cave to observe ning Duan’s reaction. After taking the pill, ning Duan fell asleep very quietly and did not wake up until night fell.

“Miss! Will there be any problems if he keeps sleeping like this?” Grape asked worriedly. If ning Duan fell into a deep sleep, wouldn’t their efforts be in vain?

“I’m fine! I don’t think he’ll be able to wake up for a while.” Leng ruoxue understood. As she had expected, ning Duan had slept for an entire day.

However, when ning Duan woke up the next day, he still had a silly look on his face. Leng ruoxue saw this and knew that she had failed to refine the antidote.

Chapter 1539: Little brother, you’re too unfriendly (3)

“You guys look after him. I’ll continue my research on the soul forgetfulness.” After Leng ruoxue finished speaking, she walked straight into the house.

After returning to her room, Leng ruoxue immediately flashed into the purple bamboo house in her bangle.

In the alchemy room of the purple bamboo house, she adjusted the proportion of the medicinal materials that she had refined last time and added a few new medicinal herbs. After repeated experiments, she finally refined another kind of medicinal pill.

The pill this time was slightly bigger than the previous one. The color of the pill was also slightly darker and it did not look as pretty as the previous one. Therefore, Leng ruoxue was not sure if the pill this time could cure the soul-forgetting poison. However, she had to give it a try.

Leng ruoxue took the newly refined pills and left the house.

After entering the cave, he saw that grape and the others were there. When they saw Leng ruoxue, they were a little surprised.

“Miss, it hasn’t even been a day and you’ve already made it?” Grape could not help but ask.

“En, I’ve refined another one. Let him try it!” Leng ruoxue said with a faint smile. However, she couldn’t help but sigh in her heart. She didn’t use less than a day! It might not have been a day outside, but time was accelerated in the bracelet, so she had spent quite a long time refining this.

Grape took the pill from Leng ruoxue's hands and excitedly grabbed ning Duan, who was crawling on the ground. He roughly pried open his mouth and threw the pill in. Following that, the eyes of the five people were fixed on ning Duan.

This time, ning Duan did not fall asleep. He continued to crawl around like a headless fly. After a long while, he began to roll around on the ground, his hands constantly scratching his body. When he could not reach it, he began to rub it against the ground. Then, he began to tear at his clothes. In the blink of an eye, his already tattered clothes were all torn off, and he was completely naked.

Ning haolan and Cheng Xuan couldn't help but turn their heads away when they saw his ruddy appearance. However, Leng ruoxue, grape, and lotus seed were much more generous than them. It was as if they hadn't seen ning Duan's ruddy appearance. Their six eyes were still fixed on him, staring fixedly. In truth, they were afraid that ning Duan would run away.

Sensing the calmness of Leng ruoxue and the other two, ning haolan and Cheng Xuan looked at each other with a bitter smile. A sense of powerlessness that they had never felt before slowly rose in their hearts. They also felt that their actions were a little embarrassing. The three women did not even think that they should be impolite, so why should they care?

After ning Duan consumed the pill, Leng ruoxue also observed him for a day. After a day, seeing that ning Duan was still acting crazy, she returned to the purple bamboo house to study the forgotten soul.

A week later.

Leng ruoxue had yet to come out of her room and ning haolan was getting anxious from the wait.

"Why don't I bring ning Duan back first?" Ning haolan said helplessly as he looked at the grapes and lotus seeds in the cave. In the past few days, ning Duan's elders had been clamoring to see him, but he had stopped them all. He could stop them for now, but he could not stop them forever. There were already people in the clan who were beginning to suspect ning Duan's whereabouts, so he wanted to take ning Duan back to buy some time.

"Young master ning, it's not that I don't want you to bring ning Duan back, but you've seen how that fellow is right now. Do you think that if he returns and the elders of his lineage see him like this, they'll be able to act as if nothing happened?" She did not approve of ning haolan bringing ning Duan back, but if he insisted, she would not be able to stop him. Still, she had to say what she needed to say.

"Haolan, grape's words are very reasonable. With ning Duan's current condition, there's no point in bringing him back. On the contrary, it'll be easier for you to attract gossip." Cheng Xuan agreed.

"Then what do you guys think we should do? The 19th elder has been asking me for her!" Ning haolan said, his head aching.

"He wants his! If you don't give it to him, will he eat you?" Grape said disapprovingly.

"I'm just afraid that he'll make a big deal out of it, and it won't be easy to end it." Ning haolan said. This was what he was most worried about. In fact, if the nineteenth elder really went to the forefather, he would not be afraid. He was afraid that the old man would be restless and try to incite the clansmen who did not know what was going on. At that time, even the forefather would have a headache.

“With your family’s old ancestor here, he shouldn’t dare to make a scene, right?” Cheng Xuan said with uncertainty.

“That old man has always found me an eyesore. If I don’t take the opportunity to find trouble, I won’t be him.” Ning haolan sighed.

Hearing ning haolan’s words, grape, lotus seed, and Cheng Xuan looked at each other, no one saying a word. The atmosphere suddenly became heavy. In truth, they didn’t have any good ideas, but they knew very well that bringing the now-dumbfounded ning Duan back to the ning family was not a wise move.

“What happened?” Suddenly, Leng ruoxue’s voice rang out from within the cave. Upon hearing it, grape and the rest ran out in a hurry.

“Miss! You’ve finally come out. ” Grape ran in front of Leng ruoxue and said with a sigh of relief. Seeing her own young miss, her heart also settled down, as if she had found her backbone.

“Great aunt! You’ve finally come out. ” Cheng Xuan said in surprise.

“What’s wrong? are you anxious from waiting?” Leng ruoxue chuckled as she teased. Following that, she took out an elixir and passed it to grape. This elixir was different from the previous two. It was pure black and the size of a longan. There was no light flowing on it, and it looked extremely ordinary and unremarkable.

After grape received the pill, he grabbed the sleeping ning Duan, pried open his mouth, and stuffed it in. Then, with a bang, he threw ning Duan to the ground.

Ning Duan, who was in a daze from his sleep, was awakened by the pain. He looked at grape and the others with eyes full of fear and shrank into a corner, not even daring to raise his head.

Ignoring ning Duan’s expression, Leng ruoxue turned to ning haolan and said, “Did the ning family give you trouble?”

“Not really. It’s just that the elders of ning Duan’s bloodline have always wanted to see him, but I stopped them. They’re already beginning to suspect that something has happened to ning Duan.” Ning haolan replied honestly.

“It’s been hard on you. ” Leng ruoxue said apologetically.

“I wanted to bring him back first, but he really can’t meet anyone like this.” Ning haolan said, his head aching.

“Don’t worry, I’m very confident this time. ” Leng ruoxue said calmly.

“Really?” Ning haolan was pleasantly surprised as he looked at Leng ruoxue in disbelief.

“We’ll know in a while. ” Leng ruoxue smiled but did not say anything. She spoke in a mysterious manner.

Not long after, ning Duan, who was in the corner, suddenly stood up and glared at Leng ruoxue and the rest. He roared in anger, “Dammit, how dare you treat me like this? I won’t let you off!”

Not only did ning Duan's threat not anger Leng ruoxue and the others, it made them exceptionally happy. This meant that ning Duan had returned to normal, and that Leng ruoxue's pill was effective.

At this moment, ning Duan's eyes revealed a fierce glint, as if he wanted to tear Leng ruoxue and the others into pieces. When Cheng Xuan saw this, he smiled faintly and said, "It seems that he has really returned to normal. However, it seems that he is too normal. He even dares to threaten us. I really want to know why you won't let us go." Cheng Xuan provoked.

During this period of time, he had been rather aggrieved because that damned Tiger kept coming to his side for no reason. It would either use its demonic voice to sing to him or provoke him. On account of Leng ruoxue, he couldn't do anything to that damned Tiger, so he could only sulk alone. He tried to avoid that stinky Tiger as much as possible. However, he couldn't get rid of the sulkiness in his heart. As such, he decided to use ning Duan as a scapegoat today to vent his anger.

"I, I'm a direct descendant of the ning family. If you treat me like this, the ning family won't let you off." Ning Duan spoke incoherently. In truth, his threat was merely words spoken out of anger. The two maidservants would be able to take care of the few people here without anyone else doing anything. Therefore, even though his words were harsh, his heart was trembling.

"Aiyo! Was a direct descendant of the ning family very impressive? Which of us here doesn't have a higher status than you! You still dare to use your identity to threaten us? I think you're really tired of living." Cheng Xuan said with a calm smile.

"Young master! You, you actually joined forces with outsiders to bully your own family. If the patriarch and the elders find out about this, they won't let you off." Seeing that he could not threaten Cheng Xuan, ning Duan could only turn his attention to ning haolan. In his opinion, as the young master of the ning family, ning haolan should at least care about his face!

However, he was wrong because ning haolan did not take him seriously at all. Ning haolan laughed before he slowly spoke, "Who are you talking about?" As he spoke, ning haolan's eyes were on Cheng Xuan.

"It's her! They're outsiders!" After a long while, ning Duan pointed at Leng ruoxue and said.

Not only was ning haolan stunned by his words, but even Cheng Xuan, who had already mentally prepared himself, was also stunned. He had thought that ning Duan would say that the outsider was him! Who knew that he would actually bite Leng ruoxue? could it be that Leng ruoxue's strength was too low? However, she was still the goddaughter of the ning family's ancestor. Compared to him, she was not an outsider, right?

Chapter 1540: The terrified ning Duan (1)

"I'm really an outsider." Leng ruoxue's beautiful eyes looked at ning Duan as she spoke with a smile that was not a smile. However, her smile was like a flower, causing ning Duan's heart to race wildly and his heart to tremble with fear. His heart was beating extremely fast, but it was also filled with fear. He could not even speak.

At this moment, Leng ruoxue took out a black whip from her bangle. The whip was as thick as a baby's arm, and it was covered with tiny spikes. Occasionally, a cold light would flash across the whip. After she took out the whip, she flicked it into the air a few times. The crisp 'pa pa' sound broke through the air, causing the already trembling ning Duan to feel even more terrified.

"You, what do you want to do? Don't mess around!" Ning Duan stammered as he looked at the black whip. In addition, no matter how he looked at it, he felt that the whip was very familiar, as if he had seen it before.

"I won't mess around. Besides, I've always done whatever I want!" Leng ruoxue laughed evilly as her beautiful eyes glimmered. She glanced at ning Duan and said, "I guess this whip was picked up by me!" This was because the whip belonged to Ning Xi 'er. Although she didn't like women who used whips to hit people, she wanted to try it out today, and ning Duan was her test subject.

Speaking of which, ning Duan was quite unlucky. Previously, she had used him to test the soul-forgetting technique, and now, she was using him to test the whip. However, he only had himself to blame. Who asked him to provoke her for no reason? At the thought of this, Leng ruoxue raised the long whip in her hand and drew a beautiful arc in the air, striking straight towards ning Duan's body.

"Owuuu! "Ah!" Help me!" The whip lashed out, causing ning Duan, who had been tormented for the past few days, to wail in pain. The sound was so miserable that anyone who heard it would feel sad and those who saw it would shed tears. Unfortunately, the people in front of him had Hearts of Stone. No one would plead for him, much less cry.

"I've only whipped you once and you're already howling? Are you still a man?" Leng ruoxue said with a look of disdain. The whip in her hand made a 'pa pa' sound as it struck ning Duan's body without any restraint ...

"Argh! You vicious woman, I won't let you off!" Ning Duan, who had nowhere to hide, forcefully endured the pain in his body and roared. At this moment, the wounds on his body were even more shocking, and blood was flowing down from the whip marks.

"You said I'm vicious? Then I'll show you how vicious I am." Leng ruoxue said coldly. Other than lashing the whip at ning Duan, she took out a small Jade bottle from her bracelet. The Jade bottle was filled with itching powder. After opening the bottle, Leng ruoxue poured half of the bottle of itching powder onto ning Duan without hesitation.

When grape and lotus seed saw Leng ruoxue's actions, their hearts were filled with sympathy for ning Duan! What a pitiful guy! You're going to suffer this time. You can provoke anyone, but why did you have to provoke her young miss! Don't look at how her young miss's strength was low, but she had many ruthless methods of torturing people.

Ning haolan and Cheng Xuan, who had also seen what Leng ruoxue had done, did not know what she had thrown at her. However, they were well aware that it was definitely not something fun.

In just a few seconds, ning Duan's pain was replaced by an itch. The itch came so quickly that he had no time to react. His body started to twist and turn. The whip in Leng ruoxue's hand landed on his body like raindrops. However, the itch and pain on his body had been reduced by a little.

“Argh! So comfortable! Again! Again! Use more strength!” Ning Duan wriggled his body as he shouted. Compared to the pain, the itch was even more unbearable. Thus, Leng ruoxue’s whip had instead become the best help to alleviate the itch on his body. However, after hearing his words, Leng ruoxue lost the mood to hit him.

She put away the whip in her hand and crossed her arms over her chest. She looked down at ning Duan from above, clearly not planning to fight anymore.

“Hit me! Quickly hit me!” When ning Duan saw that Leng ruoxue didn’t move for a long time, he couldn’t help but start to plead. His submissive manner also made everyone look at him.

Cheng Xuan and the others looked at ning Duan with dumbfounded expressions and were speechless. What was he trying to do? He had completely disgraced the ning family. If the ning family found out about this, ning Duan would be spurned by his clansmen! However, Leng ruoxue, who had beaten him up, would probably become the target of public criticism!

“You’re really cheap!” Leng ruoxue’s beautiful face was filled with disdain. Suddenly, an idea flashed through her mind, and she spoke again, “If you tell me who gave you the soul-crushing grasp, I’ll continue to hit you. How about it?”

Leng ruoxue and ning Duan discussed their conditions. At the same time, she felt a little depressed. Why didn’t she think of using this method earlier? In fact, she couldn’t be blamed for this. After all, she was living in the ning family, and her Godfather was the ning family’s ancestor. Therefore, she naturally didn’t think of using extreme means to achieve her goal. As for now, it was just a passing thought.

“I, I don’t know what you’re talking about!” Ning Duan played dumb. Although his body was in pain and itching, his mind was still clear. Hence, when he heard Leng ruoxue’s question, he subconsciously avoided it.

“You don’t know? Grape, lotus seed, I’m tired. I’ll leave him to you.” With that, Leng ruoxue turned around and left the cave without hesitation. Ning haolan and Cheng Xuan quickly followed after her.

After they left the cave, ning haolan hesitated for a moment, but he still couldn’t help but ask, “Do you want to extort a confession from Xing Xun?” He was a little worried. If the ning clan knew that ning Duan was treated like this, Leng ruoxue would be in trouble. Even if old Grand Madame was protecting her, she could not disappoint the clan.

“Did I? I’m just negotiating with him.” Leng ruoxue chuckled and agreed. He was negotiating terms with ning Duan. Ning Duan wanted her to hit him, and she wanted ning Duan to tell her where the forgotten soul came from. How could this be a confession? This was clearly a matter of mutual consent. If ning Duan did not want to say it, she would naturally not force him.

“Uh!” Ning haolan was stunned after hearing Leng ruoxue’s words. He laughed bitterly in his heart. She was right. This was not a confession because Leng ruoxue did not force ning Duan to tell her where the forgotten soul came from. However, if ning Duan did not tell her, Leng ruoxue probably would not have hit him anymore. She would have used other methods to torture him, and he believed that those methods would be more unbearable than physical pain.

“Don’t worry, he won’t die. I’ll keep him alive.” Leng ruoxue glanced at ning haolan and said indifferently.

“That’s good!” Ning haolan nodded helplessly. He did not want to comment on this matter because Leng ruoxue would not listen to him.

“Great aunt! You’ve tortured ning Duan to this state. If he returns to the ning family and betrays you, you’ll be in great trouble.” Cheng Xuan couldn’t help but remind her. His face was still filled with caution. To be honest, he was a little frightened because Leng ruoxue’s methods were simply unheard of to him. Although he had lived in the Cheng family, one of the eight great divine regions, since he was a child, if someone in the family made a mistake, they would be punished directly. Even when dealing with the enemy, there was no such torture. After seeing the scene just now, his little heart was still trembling non-stop!
