Chapter 1541: The terrified ning Duan (2)

“Don’t be afraid! I have an amnesia pill. I’ll give him one before we go back to the ning family, and he’ll forget everything.” Leng ruoxue said with a smile.

“Uh! Great aunt! You’re amazing.” Although this was the first time he had heard of the memory loss pill, he could tell from the name that it was a pill that could make people lose their memories. However, if ning Duan lost all his memories and returned to the ning family, he would not be able to recognize anyone anymore. Wouldn’t ning haolan, who had ordered the guards to keep him in custody, also be implicated? As he thought of this, he could not help but glance at ning haolan.

As if she could read Cheng Xuan’s mind, Leng ruoxue smiled and explained, “The memory loss pill will only cause a person to lose part of his memory. In other words, after taking the memory loss pill, he will not remember everything we have done to him these days. Moreover, his memory will stop at the time when we brought him out of the ning family. So, you don’t have to worry.”

“There’s actually such a miraculous pill?” Cheng Xuan’s face was filled with disbelief. Even ning haolan had never heard of such a pill before.

“Of course!” Leng ruoxue chuckled and nodded. These random pills were all collected by her master over the years!

“Hehe! Then can you give me a few?” Cheng Xuan said with a flattering smile. After knowing about this pill, his heart was itching.

“No problem,” he said. Leng ruoxue was very generous. She then took out a small Jade bottle from her bracelet and said to ning haolan and Cheng Xuan, “You guys take it and split it! If you do something bad in the future, if you don’t want anyone to know, just give the other party a memory loss pill. I guarantee that he won’t remember anything.”

“Hehe!” Cheng Xuan laughed awkwardly because Leng ruoxue had spoken his mind. He had indeed thought that way and kept the pill just in case.

After the two of them had divided the bottle of memory loss pills, the howls from the cave became louder and louder. The two of them felt their blood run cold and their hearts tremble. However, they were also curious as to what the grapes and the Lotus seeds were doing. Although they really wanted to find out what was going on, neither of them had the courage to do so. However, the two of them had a tacit understanding and listed Leng ruoxue as one of the people they could not afford to offend. Sob ... This woman’s methods were too cruel. They were so scared!

After a long time.

Grape walked out of the cave and said to Leng ruoxue indignantly, “Miss! That good-for-nothing actually fainted, what should we do?”

“You’re still being stubborn?” Leng ruoxue raised her brows and asked indifferently.

“Yes, I am!” Grape nodded.

“He’s got a backbone, wake him up! Then, continue!” As Leng ruoxue spoke, she took out a bottle of pills from her bangle and passed it to grape. The pills in the bottle were for healing. She did not want ning Duan to die so easily.

“Yes!” Grape happily took the Jade bottle, turned around, and went back into the cave.

After that, the howls in the cave did not stop. Occasionally, they would stop, but they would soon start again.

Two days later, ning Duan, who couldn’t bear the torture anymore, finally decided to relent.

When Leng ruoxue heard the news, she walked into the cave with ning haolan and Cheng Xuan. When she saw ning Duan, who was covered in wounds and looked Haggard, she smiled and said, “You’re finally willing to negotiate with me? If only you were this tactful earlier!”

After hearing Leng ruoxue’s slightly grumbling words, ning haolan and Cheng Xuan could not help but feel a few black lines forming on their foreheads. ‘Aren’t you shooting at the mouth after the fact?’ they thought. They didn’t think that Leng ruoxue would be kind enough to let ning Duan off after he revealed the origin of the forgotten soul.

“After I tell you, you can just kill me! Don’t torture me!” In his eyes, Leng ruoxue and the others were the incarnations of the devil. He did not even dare to have the slightest thought of resisting. He was so regretful. How could he have provoked this devil?

“The ning family won’t let me go after I kill you.” Leng ruoxue reminded him calmly.

“Then, then what do you want?” Leng ruoxue’s words made ning Duan’s tensed heart clench again.

“First, tell me the origin of the forgotten soul. If I’m satisfied with your answer, I’ll decide what kind of treatment I’ll give you.” Leng ruoxue chuckled as she coaxed.

“Alright then!” Ning Duan could see that he was now meat on the other person’s anvil. The other person could do whatever he wanted, and he had no room to negotiate.

“It would have been better if you had been so obedient earlier. You would have suffered less pain.” Leng ruoxue sighed.

Her words made ning Duan feel a little angry. However, he did not dare to talk back to Leng ruoxue now, in case these three terrifying women did something like this again. If that happened, he would really die.

“The one who made me forget my soul was fifth miss.” After a pause, ning Duan spoke.

“Ning Xi ‘er?” Leng ruoxue’s brows twitched as she asked in a cold tone.

Ning haolan’s expression changed when he heard the name. Although he returned to normal very quickly, Leng ruoxue still caught him.

“Yes.” Ning Duan nodded.

“She gave you the soul forgetfulness so that you could give it to Ning Shan?” Leng ruoxue continued to ask.

“Yes, she said that I might not be Ning Shan’s match, so she asked me to be prepared. She also said that if I could defeat Ning Shan, she would ... She would ...” Ning Duan could not finish his sentence because the gazes of these people in front of him were too terrifying. He was so scared!

“Will you repay me with your body?” Leng ruoxue laughed coldly.

“How did you know?” Ning Duan hurriedly asked in shock.

“Of course I’m just guessing. But do you really believe her?” Leng ruoxue was a little speechless. Why couldn’t any man escape the schemes of a beauty? Furthermore, this ning Duan was really too brainless. How could Ning Xi ‘er have taken a fancy to him? That woman’s heart was big!

“I ...” Ning Duan was at a loss for words. In that situation, he had long been mesmerized by her beauty, so how could he have cared about the truth of Ning Xi ‘er’s words? He couldn’t wait to please Ning Xi ‘er! Of course, he wouldn’t have thought so much about it. However, now that he thought about it, Ning Xi ‘er’s words were very likely to be coaxing. But so what? He had already betrayed Ning Xi ‘er. If Ning Xi ‘er found out, she would definitely not be nice to him. Therefore, he was destined to never have Ning Xi ‘er.

“What else did Ning Xi ‘er say to you?” Leng ruoxue asked again.

“She ... She also told me to pay attention to Ning Hai. If Ning Hai and I had a chance to fight, she also told me to use the soul-forgetting technique.” Seeing Leng ruoxue’s unfriendly expression, ning Duan asked carefully.

“There’s still more!” Leng ruoxue suppressed the anger in her heart and said.

“No, I’m telling the truth. Y-you can let me go!” Ning Duan said pitifully. He was truly afraid.

“Let you go?” Leng ruoxue looked at ning Duan with a smile that was not a smile. Initially, she had planned to give ning Duan a memory loss pill to make him lose this part of his memory. However, she had changed her mind now. She wanted ning Duan to remember the events of the past few days forever. He would not be able to forget even if he wanted to. She wanted to let the events of the past few days become a nightmare in ning Duan’s heart. This could be considered his punishment for helping the evildoer!

Chapter 1542: The terrified ning Duan (3)

“I won’t let you off ...” Leng ruoxue’s voice was faint, but her words were like a curse to ning Duan. It made him feel fear, and his face was pale.

“Just kill me! Don’t torture me.” Ning Duan cried bitterly, his originally tall body curled up in a corner, trembling.

"I said I won't kill you, but don't think you'll have a good time." Leng ruoxue laughed coldly, her beautiful eyes glancing at ning haolan as she continued,""I want you to recognize him as your master and follow his lead from now on."

Not only was ning Duan stunned by her words, but even ning haolan found it unbelievable.

Ning haolan looked at Leng ruoxue in confusion. He could not figure out what she meant. Oh! Ning Duan should be considered her captive, right? However, she had actually asked ning Duan to let him be the master. Why did this sound so mysterious?

"I want you to acknowledge him as your master," Leng ruoxue repeated with a faint smile. Actually, she was returning the favor by doing this. After all, ning haolan had given her the green light for using ning Duan to test the medicine, and she was a person who knew how to repay kindness. Since she had no intention of killing ning Duan, why not do him a favor?

"You're not willing?" Leng ruoxue looked at the stunned ning Duan and said coldly.

"No, no! However, he is the young master of the ning family, so I will definitely follow his lead." Ning Duan said softly. He knew that Leng ruoxue had no intention of killing him, nor would she torture him. In fact, she even wanted him to acknowledge ning haolan as his master. After knowing this, his thoughts started to wander again, and the meaning behind his words was clear-there was no need for him to acknowledge ning haolan as his master.

"No matter if you want to follow his lead, or if you want to follow his orders on the surface, you have to acknowledge him as your master." Leng ruoxue said without any room for discussion. However, she could not help but sneer in her heart. If they didn't recognize him as their master, was that still a punishment? Did he really think that he was fine? If it were not for her Godfather, ning Duan probably would have died long ago. As a result, she would not allow ning Duan to refuse.

Ning Duan lowered his head and did not respond.

Upon seeing this, grape kicked him fiercely,""Why are you acting dumb? didn't you hear what my young miss said? Hurry up and recognize me as your master! Don't waste everyone's time!"

Ning Duan, who had been kicked, rolled on the ground twice before crawling back up in a sorry state. Although he was extremely dissatisfied, he did not dare to make a sound. He looked at ning haolan with an aggrieved expression before unwillingly kneeling in front of him, ready to acknowledge him as his master.

"Remember to take a blood oath!" Leng ruoxue reminded him impolitely.

"Yes!" Ning Duan nodded gloomily, then made a blood oath. With the rules of the contract in place, he had officially become ning haolan's servant.

"Master!" After the contract's rules disappeared, ning Duan continued to kneel with a face full of respect. His life was now in ning haolan's hands, so he did not dare to get up unless ning haolan said something.

“Get up!” Ning haolan glanced at ning Duan indifferently before turning to look at Leng ruoxue. He could not understand what Leng ruoxue was trying to do. If she wanted to punish ning Duan, she would have taken him in as her servant. However, she had pushed ning Duan to him.

“Why do you want me to take in this servant?” After some thought, ning haolan asked the question that had been on his mind.

“Because I don’t like him. However, with him in your hands, you’ll have an extra spy in the ning family. He can be considered my reward!” Leng ruoxue said with a smile. Actually, the reason why ning haolan had accepted ning Duan as his servant was partly because of her Godfather.

“Then I’ll thank you in advance.” Ning haolan said helplessly. He understood what Leng ruoxue meant.

“There’s no need to thank me, we’re both taking what we need.” Leng ruoxue did not think much of it.

“Yes, I am.” Ning haolan nodded and continued, “Let’s go back to the main house!” She couldn’t find him these few days, so who knew what had happened in the main residence!

“You have to let your servant wash up first.” Leng ruoxue looked at the disheveled ning Duan and kindly reminded him.

“Yes.” Ning haolan glanced at ning Duan and nodded in agreement. Ning Duan was currently covered in dirt and was injured, so he really could not return to the main residence like this.

Afterwards, ning haolan brought ning dan to a nearby stream and gave him a healing pill. He then ordered him to wash up and change his clothes. After everything was done, ning haolan and the others returned to the ning family’s main residence.

As soon as he entered the main residence, a guard informed ning haolan to invite him in on behalf of the master and the elders.

“Cheng Xuan, take them back to LAN garden first! I’ll be right back.” Ning haolan said.

“Then be careful.” Cheng Xuan was a little worried, because he knew that nothing good would come out of those old foxes wanting to see Hao LAN. Otherwise, they wouldn’t have sent people to wait at the door.

“I know,” Ning haolan nodded, then strode towards the meeting hall.

At this time, the meeting hall was in a mess. In the middle of the hall, a couple was crying and making a fuss. They kept howling and asking for their son to be returned.

On the other hand, the acting family head, Ning Yuan, sat in the main seat with a dark face. He stared coldly at the couple who were making a scene and felt extremely depressed. Some of the elders present did not look too good either. This was because the couple had been fighting for a few days and they could not find the culprit behind it.

Ning haolan had just walked into the meeting hall when he saw this unreasonable scene. His face immediately turned stern and he shouted, “What are you guys howling about? This is a meeting hall, not a place for you to make a scene.”

Ning haolan's loud voice caused quite a stir in the boisterous meeting hall. At the same time, it attracted everyone's attention. In an instant, everyone's eyes were focused on him.

As for the couple who were throwing a tantrum, they were first stunned when they heard his roar. When they finally came to their senses, they rushed to ning haolan's side and questioned him loudly, "Where's our son? Where did you put my Duan 'er?"

Ning haolan was the young master of the ning family and the heir handpicked by the old ancestor. He held a high position in the family, so no matter how much they were unhappy with him, they did not dare to vent their anger on him. They did not even dare to have any physical contact with him, lest they be accused of being in the wrong. In fact, they had already crossed the line by questioning him, but they did not think so in their hearts.

"He's very good! However, you can't see him yet." Ning Duan was his servant and had taken a blood oath, so he was not afraid that ning Duan would betray him. Besides, he felt that Leng ruoxue's decision was very wise. She must have expected that he would encounter such a situation!

"He's our son, why can't we see him?" Ning Duan's father asked in disbelief. He had not seen Duan 'er for many days, so he was afraid that his child was no longer in this world. He only had one son, so when he suspected this possibility, the couple had gone to find the acting patriarch and the elders without any care, asking them to make a decision.

Chapter 1543: The competition continues (1)

"Don't you know why we can't see him? He actually dared to use the forgotten soul in the family competition. Before this matter is investigated clearly, no one is allowed to see him." Ning haolan said coldly.

"There's no evidence that my son used the soul forger. Moreover, everyone knows that you were the only one who used the soul forger before the start of the competition. I want to say that you used the soul forger!" Hearing ning haolan's words, ning Duan's mother immediately yelled.

"Me? I didn't take part in the family competition this time, so what's the use of using the forgotten soul? Besides, do you think I'll need soul-forgetting with my strength? Or are you trying to say that I'm the one who got the soul forgetfulness for your son?" Ning haolan raised his eyes slightly and looked at the woman before him as he retorted indifferently.

"This ..." Ning Duan's mother was speechless.

Ning haolan looked at the couple in front of him, who were still unwilling to give up, and said in a clear voice, "Acting patriarch, elders, I know that you have a lot of questions and dissatisfaction about this matter, but everything I've done is for the clan, so I have a clear conscience. If you don't trust me, I can hand ning Duan over to you to watch over, and I can also not interfere in this matter. In addition, if you think I'm the greatest suspect, it's fine to watch me, but what I want to say is that this matter must be investigated to the core, no matter who did it. We can't tolerate this, we must punish the culprit!"

Ning haolan's words of Justice stirred up the majority of the elders present. Very quickly, an elder chimed in, "Young master is right. We must investigate this matter clearly. No matter who the culprit is, we can't let go of anyone who dares to harm innocent clansmen!"

"Right! We can't let him go!" All the elders hurriedly said.

Ning haolan looked up in satisfaction at the situation he had created and sat down in his seat. Seeing this and hearing the words of some of the elders, ning Duan's parents naturally did not dare to pester ning haolan before they caught up to him. However, they were not willing to give up on their son before they had even seen him.

Thinking up to this point, ning Duan's parents sent a pleading look to the nineteenth elder. The nineteenth elder had wanted to pretend that he did not see it, but ning Duan's mother was afraid that he would just leave it be, so she directly knelt in front of him and cried, "Old ancestor, you have to stand up for my Duan'er! It's been so many days, I don't even know if Duan'er is Dead or Alive." She cried non-stop as she spoke, causing nineteenth elder to feel extremely vexed.

Nineteenth elder, who originally wanted to ignore it, saw that the younger generation of his own line had made it so clear. If he pretended to be confused, it would not only be a problem of him letting it go, but also related to his face, which he cared about the most. Therefore, he had to take the lead.

"Substitute clan head, although the actions of these two children are a little rude, they are doing this out of their love for their son. I hope that substitute clan head and the elders can understand." The 19th elder stood up and said to Ning Yuan and the other elders helplessly. He was being polite before resorting to force. He stood up and apologized on their behalf so that the young master and the acting family head would not hold onto them for this matter.

However, no one responded after he finished speaking. Many people seemed to be waiting for him to continue. Seeing this, nineteenth elder couldn't help but curse in his heart, "what a bunch of old foxes!"

"Acting patriarch, they haven't seen Duan'er in a long time. Since Duan'er is only a suspect, can you let them see him first?" The nineteenth elder continued in a negotiating tone.

Ning Yuan did not agree immediately after hearing the nineteenth elder's words. Instead, he turned to look at ning haolan. It was obvious that he wanted to seek his opinion. After all, he was the one who had sent people to watch over ning Duan.

"You want to see ning Duan? I have no objections." Ning haolan picked up the cup of tea on the table and said indifferently.

"What do you think, elders?" Ning Yuan then looked at the elders present and said.

"We don't have any objections either. It's normal for parents to want to see their son. Why would we stop them?" The second elder looked around and spoke on behalf of all the elders.

Seeing that there were no more objections, ning haolan called for his personal attendant and ordered him to bring ning Duan to the meeting hall.

He originally had two attendants with him, one was the escaped Ning Wen and the other was Ning Wu. The two of them were a pair of partners and one of his confidants. Unfortunately, Ning Wen had

betrayed him, which made him a little depressed. Therefore, in recent days, he had been lukewarm to Ning Wu. Ning Wu knew that his master was taking his anger out on him, but he could do nothing about it. However, as long as his master was willing to use him, he would do his best.

As a result, even though he did not know what his master had been doing these past few days, he had been keeping an eye out for any movements in the ning family. As such, after receiving ning haolan's orders, he immediately headed to the LAN garden and brought ning Duan to the meeting hall. On the way, he had also warned ning Duan to be careful of what he said.

As soon as ning Duan stepped into the meeting hall, his parents immediately pounced on him. Ning Duan felt a little frightened by their actions, and his eyes involuntarily darted to ning haolan. However, ning haolan remained unmoved, not even lifting an eyelid. He couldn't help but cry out bitterly in his heart, afraid that he had said the wrong thing.

"Duan 'er! Mother finally sees you, are you well? Did you suffer?" Ningduan's mother sized up her precious son, her mouth constantly asking about his well-being.

"Mother! I'm fine, don't worry!" Ning duanxin's heart trembled, afraid that her parents would say something they shouldn't.

"Is it really good?" Ning Duan's father did not quite believe it, and his eyes kept sweeping over his son. He only had one son!

"Father, mother! I'm really good. Other than the lack of freedom, I eat well and sleep well!" Ning Duan was on the verge of tears. He didn't dare tell anyone that he had been mistreated. Those women were far too terrifying. Just thinking about what he had gone through in the past few days made his heart tremble and his legs go weak. What he had gone through in the past few days was like a nightmare for the rest of his life. He would never be able to get rid of it. However, he didn't dare to tell anyone. After all, ning haolan was his master now.

"That's good! That's good!" Ning Duan's parents were finally at ease.

At this moment, ning haolan had finished his tea as well. He spoke slowly, "You've seen her, so can you rest assured now?"

"Don't worry," Ning Duan's parents braced themselves and said, their hearts still beating like drums. They had made a scene earlier mainly because they wanted to see their son. Now that they had seen him, there was naturally no reason for them to make a scene. However, they were a little afraid instead, because they were afraid that ning haolan would come and settle the score.

"Since you're relieved, I'll tell you the arrangements for the future! I will definitely get to the bottom of this matter, so ning Duan can't be released yet. However, I won't lock him up again. He'll stay by my side for the time being. As for you, not only did you question my decision, but you also made a big fuss in the meeting hall. This has already violated the rules of the ning family. You'll be punished to work in Bian city for a year. Of course, if you perform well, you can also be exempted from your punishment in advance." Ning haolan stated his decision in a soft voice. As soon as he said this, ning Duan's parents immediately shriveled up like frost-beaten eggplants. Although ning Duan's heart ached for his parents, he did not have the courage to plead for mercy on their behalf. After all, he was now a scapegoat!

Chapter 1544: The competition continues (2)

“Young master! Although their actions were a little inappropriate, they were also out of love for their son. Young master, isn’t it a little too much to punish them to work in Bian city for a year?” The nineteenth elder couldn’t help but ask.

This couple were the descendants of his bloodline. As the saying goes, you have to look at the owner before you hit the dog! As such, in his opinion, ning haolan’s decision to banish his descendants to Biancheng was a slap to his face. Biancheng wasn’t a good place to live in, not to mention its remote terrain. The living conditions there were also extremely harsh. However, that was the place where the ning family exiled its clansmen for their wrongdoings. At the same time, the ning family owned two crystal mines there. So, after being sent there, they had to adapt to the climate there and work in the mines for a year. Such a punishment was already considered heavy for the direct family members.

However, he didn’t want to fall out with ning haolan over such a small matter, so even though he was displeased, he still spoke in a relatively gentle tone.

“It’s only been a year. Can’t they bear this little bit of suffering? Nineteenth elder, the family has its own rules and regulations. If they don’t work for a year in Bian city, do you have a better punishment, nineteenth elder?” Ning haolan said with a faint smile.

“Uh!” The nineteenth elder was rendered speechless. What good plan could he have come up with? ning haolan would never agree to it. However, he was not willing to watch as his junior was sent to Biancheng to suffer. At that thought, he sneaked a glance at the elders sitting in front of him, hoping that they would speak up for him. However, the elders did not even look at him. Even the elders who were on good terms with him did not want to get involved in this matter. He couldn’t help but feel a little angry, but there was nothing he could do. After all, he couldn’t possibly offend the elders present just because of two descendants.

Seeing that 19th elder had stopped speaking, Ning Yuan said firmly, “Since no one objects, we’ll do as young master says and send them to work in Biancheng for a year.”

After Ning Yuan finished speaking, he ordered the guards to take ning Duan’s parents away. When ning Duan saw his parents being taken away, he was a little sad, but he did not dare to show it.

After the farce in the meeting hall ended, ning haolan brought ning Duan back to LAN garden.

In ning haolan’s study.

He sat in his chair and looked at the panicked ning Duan. He said with a faint smile, “What, you want to plead for your parents?”

“I, I don’t dare! Master’s punishment for them is already considered light.” Ning Duan lowered his head and said softly.

“Do you really think so?” Ning haolan asked indifferently.

“Mm! I have no dissatisfaction with master’s punishment.” Ning Duan quickly expressed his position. In truth, he did not dare to show any dissatisfaction. Who asked his life to be in the hands of others?

“Ning Duan! I want you to understand that if I don’t punish your parents for offending their superiors, how will the public be convinced in the future? However, since you’re my man now, I’ll naturally take care of your parents. I’ll inform the steward in Biancheng and have them arrange some easy work for your parents. A year’s time will pass very quickly. If they perform well, I’ll also let them return to the main city earlier.” Ning haolan promised. He was giving ning Duan a sweet date after giving him a slap in the face. His main purpose was to appease ning Duan’s heart and make him loyal to him.

“Thank you for your thoughtfulness, master.” As expected, ning Duan was very happy to hear ning haolan’s words.

“Master! Why didn’t you let me tell you the truth in the meeting hall just now?” Ning Duan couldn’t help but ask after he was assured about his parents.

“It’s not the time yet,” Ning haolan sighed.

“Master! “Fifth young lady, she ...” Ning Duan had only spoken half a sentence before he immediately stopped. He had originally wanted to say that fifth young lady was master’s younger sister, so master must be in a difficult position! However, he suddenly remembered that the relationship between his master and the fifth miss was not good. To a certain extent, his master even hated this sister. Although this was not a secret in the ning family, no one dared to gossip in front of his master.

“Don’t mention her anymore. Two days later, I’ll send someone to send your parents to Biancheng. I’ll give you two days off. Go and spend some time with them!” Ning haolan said after some thought.

“Thank you, master!” When ning Duan heard that he could stay with his parents for two days, he was overjoyed. After bowing to ning haolan, he left the study.

Looking at ning Duan’s back, he couldn’t help but think of the dark Tiger King’s song that he had heard in Leng ruoxue’s house. ‘A child with a mother is like a treasure, a child without a mother is like a blade of grass’. He was deeply touched now. Perhaps ning Duan’s status was not as high as his, but ning Duan had his parents’ love, while he had been alone since he was young. If it wasn’t for his ancestor’s love, it was hard to say whether he could have grown up safely.

Putting away his sadness, ning haolan left the study and walked toward the garden.

Cheng Xuan was the only one in the garden. He sat on a stone chair, and the stone table in front of him was filled with all sorts of delicacies. He ate wildly without a care for his image, and ning haolan could not help but laugh when he saw this.

“If your admirers see their idol eating in such a manner, I wonder if they’ll regret it.” Ning haolan teased before taking a seat across from Cheng Xuan.

“Who has the time to care about what they think!” Cheng Xuan said nonchalantly as he gnawed on a large chicken leg in his hand.

“Where are Leng ruoxue and the rest?” Ning haolan couldn’t help but ask when he saw that chengxuan was alone.

“They’ve gone back,” Cheng Xuan said as he ate.

“Oh!” Ning haolan nodded. He did not know why, but he felt a little disappointed when Leng ruoxue was not around.

“Are you done with your things?” “What’s wrong?” Cheng Xuan asked again, not sensing anything unusual about ning haolan.

“Yes, I’m fine now.” Ning haolan nodded.

“Oh right, what do you plan to do with your troublesome sister?” Cheng Xuan asked curiously.

“What else can we do? of course, we’ll deal with him according to the clan rules.” Ning haolan replied honestly.

“What I mean is that if you want to deal with Ning Xi ‘er, I’m afraid you’ll face some resistance.” Cheng Xuan said. He was a bystander, and he was a good friend of ning haolan ‘s, so he naturally had to think a little more on his behalf.

“You mean uncle?” Ning haolan’s head was throbbing. It was indeed difficult to deal with eldest uncle. If it weren’t for him doting on Ning Xi ‘er all these years, how could a mere concubine’s daughter like her be able to strut around in the ning family’s main residence?

“He can be considered one of them! However, if he knew about Ning Xi ‘er’s past actions, I’m afraid he’d be extremely disappointed. The resistance I’m referring to is mainly those old fogeys in your ning family. They probably won’t let go of such a good chess piece like Ning Xi’ er. ” Cheng Xuan said. In a family like theirs, unless it was a woman with extremely high talent, women were just pawns for marriage alliances. Furthermore, Ning Xi ‘er was extremely beautiful. Even if she made a mistake, in the eyes of some people, she would not be easily dealt with. However, he knew very well that haolan was determined to kill Ning Xi’ er, not just because she had done something wrong.

Chapter 1545: The competition continues (3)

“Thank you for the reminder, but this time, I won’t let Ning Xi ‘er have a chance to make a comeback.” Ning haolan said coldly. He had been waiting for this day for a long time. How could he let go of such a good opportunity?

“If she has Leng ruoxue’s help, Ning Xi ‘er will definitely not be able to escape.” Cheng Xuan said with a smirk.

“I understand! She probably won’t let Ning Xi ‘er off either. ” Ning haolan nodded.

Then, the two of them smiled at each other with a tacit understanding.

After Leng ruoxue left LAN garden, she did not return to her own residence. Instead, she went straight to Ning Shan’s guest room. However, she saw an unexpected person in the guest room, Ning Yan.

However, Ning Yan was not surprised to see Leng ruoxue. The two of them nodded lightly. Then, Leng ruoxue took out a black elixir and handed it to Ning Hai, who was by the bed.

Ning Hai took the pill and stuffed it into Ning Shan's mouth without thinking. Then, his Tiger-like eyes stared at Ning Shan on the bed. He did not ask what pill ruoxue had given him because he believed that ruoxue would not harm Ning Shan.

Ning Shan's situation was also a little different from Ning Duan's. This was because Ning Shan had always been very quiet. Every day, other than eating and sleeping, he did not make any noise or drool. He also rarely spoke. However, from his clear eyes, one could see that something was not right, because Ning Shan was always very lost.

"You've refined the antidote to the soul-forgetting pill?" Ning Yan came to Leng ruoxue's side and asked softly.

"Yes." Leng ruoxue nodded, then looked up at Ning Yan.

Ning Yan was a famous tigress in the divine realm. She looked like she was in her early thirties. She was very beautiful and had a hot and sexy body. She was now a god tier master. She had seen Ning Yan once on the divine mainland, but she did not get a good look at her. At that time, she had heard a lot about Ning Yan's reputation. Later, she heard that Ning Yan had caused her husband's death through domestic violence. She really knew nothing about this Ning Yan.

However, a daughter who could get her Godfather's love must have something extraordinary. As for Ning Yan's reputation, she didn't comment. After all, if she took it too seriously, she would be no different from a fool. Some things had to be seen with one's own eyes.

"Little sister is really amazing. I often hear father mention you. The number of times he talks about you in my ear makes me a little jealous!" Ning Yan complimented her and said half-jokingly.

"Godfather's love is ruoxue's good fortune." Leng ruoxue said very politely. She was still not sure of Ning Yan's intentions, so she did not have any way to deal with it. She could only deal with it as it came.

"Younger sister is indeed likable. It is normal for father to like you." Ning Yan said with a smile.

Leng ruoxue did not know how to reply to her. Coincidentally, Ning Shan had woken up and helped Leng ruoxue out of her predicament.

"Brother! Big sister ruoxue, what's wrong with me? Where was this place? I'm in the middle of a competition, right?" Ning Shan looked at the unfamiliar environment he was in and was still a little lost.

"Shan'er! You're injured, so we're still in the main residence." Ning Hai explained with a smile.

"What about the competition? Do I still have a chance?" Ning Shan had no memory of what had happened after he was injured, so he was a little anxious.

"Don't worry! The competition has been suspended." Ning Yan said.

"Young, young miss! What are you doing here?" Seeing Ning Yan, Ning Shan could not help but feel a little terrified.

"If little sister ruoxue can be here, why can't I be here?" Leng Yan said angrily.

“Uh!” Ning Shan was in a difficult position. Could he say that he was close to sister ruoxue but not to Ning Yan? Furthermore, Ning Yan was the eldest daughter of the ning family. In his heart, she had always been a high and mighty figure. Although sister ruoxue was also the goddaughter of the old ancestor, he still felt very close to her.

“Shan ‘er! You’ve just recovered from your injury, so don’t think too much. You still have a chance in the game.” Leng ruoxue could see Ning Shan’s awkwardness and helped him to change the topic.

“Mm! I won’t be careless anymore.” Ning Shan said, a little embarrassed.

“Don’t think about that. Your task now is to rest.” Leng ruoxue gave a half-command, then gave Ning Shan a few more instructions before she got up and left. Ning Yan left with her.

Leng ruoxue brought the grapes and Lotus out of the courtyard and was about to part ways with Ning Yan. Who knew that before she could speak, Ning Yan would say, “I’m going to see father, so I’ll go with you!”

Hearing Ning Yan’s words, Leng ruoxue couldn’t refuse and could only nod. However, she was a little depressed because she didn’t understand what this eldest miss of the ning family wanted to do. Why did she have to cling onto her? However, she could tell that Ning Yan had no ill intentions towards her, so she naturally didn’t think of using her mind-reading ability to read Ning Yan’s mind.

The two of them walked side by side at the front. Ning Yan kept trying to find a topic to talk about while Leng ruoxue answered her questions. If Ning Yan did not ask, Leng ruoxue would not take the initiative to speak. Just like that, they slowly walked to the forbidden area at the back of the mountain.

When they arrived at master ning’s courtyard, Leng ruoxue had no intention of going in with Ning Yan. However, Ning Yan seemed to have read her mind and took the initiative to invite her. “Little sister ruoxue, come with me to see father! If he knows that you’ve refined the antidote to the soul-forgetting pill, he’ll definitely be very happy.”

“Yes.” Leng ruoxue nodded unwillingly. Then, Ning Yan held her arm and pulled her into master ning’s courtyard.

As soon as they reached the garden, they saw master ning and the first elder playing chess on the stone chairs in the garden. Ning Yan quickly called out, “Father! We’re here to see you.”

Master ning looked up when he heard Ning Yan’s voice. However, when he saw Leng ruoxue beside her, he immediately smiled! “Xue ‘er, you’re finally out. How’s the production of the antidote for the soul-forgetting pill?”

“Father! Don’t you see my existence? Don’t be so fickle in love with the new!” Ning Yan saw that she was being ignored by her own father and she was angry and amused at the same time. Of course, she was also a little jealous.

“I see it! How can I not see Yan ‘er!” The master of the ning family said awkwardly. In fact, his attention was all on Xue ‘er.

Leng ruoxue, who was listening to the conversation between the father and daughter, tried her best to reduce her presence. She did not want to be jealous of Ning Yan and treat herself as an imaginary enemy. After all, women's jealousy was unreasonable.

However, master ning obviously did not plan to let her go. After dealing with Ning Yan, he looked at Leng ruoxue expectantly, "Xue 'er! You haven't answered me yet!"

"Godfather! I've already made the antidote for the soul-forgetting pill and fed it to Ning Shan." Leng ruoxue replied helplessly.

Chapter 1546: The beautiful Dolphin Man that was caught (1)

"Really? Xue 'er! You're not coaxing me, are you? It's only been a few days and you've already made it?" Master ning said in disbelief, and the great elder's face was also full of disbelief.

"Yes." Leng ruoxue nodded and passed master ning a bottle of the soul-forgetting antidote that she had concocted herself.

"Godfather! You can find someone to try it on. I'll go back and rest first." After Leng ruoxue finished speaking, she turned around and left.

When the master of the ning family heard her words, he hurriedly called Ning Yan over and ordered him to go to the prison and bring out a prisoner who had taken the soul-forgetting pill. After trying it out, the master of the ning family was overjoyed. The great elder had been developing the antidote for the soul-forgetting pill for a long time, but there had been no progress. Now that his goddaughter had made it, he was honored!

After seeing the effects, he immediately went to look for Leng ruoxue.

Leng ruoxue did not expect her Godfather to come looking for her so quickly. She was helpless.

"Xue 'er! Can you give me a portion of the soulless antidote's formula?" The master of the ning family said, a little embarrassed.

"Godfather! Doesn't your ning family often use this 'forget soul' on members who make mistakes? What does it matter if we have the antidote or not?" Leng ruoxue was confused.

"That's true, but since we've refined the antidote to the soul-forgetting pill, our ning family naturally has to keep a portion of it." Master ning explained.

"Oh!" Leng ruoxue finally understood. So, Godfather wanted to save it! Knowing her Godfather's intentions, Leng ruoxue took out the prescription of the soul-forgetting antidote and handed it to master ning.

The master of the ning family glanced at the formula in his hand and put it into his storage ring. Then, he said, "Xue 'er, since Ning Shan is fine, the clan competition will continue in three days."

"But we haven't found out about the poisoning yet." Leng ruoxue reminded.

“It’s okay. The competition can go on as usual. We’ll continue to investigate the poisoning incident. There’s no delay in either.” The master of the ning family said disapprovingly.

“Yes.” Leng ruoxue nodded. Although she did not know if ning haolan had mentioned ning Duan’s confession to her Godfather, since Ning Shan’s injuries had been cured and ning haolan was investigating the poisoning incident, she naturally did not need to worry.

For the next three days, Leng ruoxue didn’t step out of the house at all. However, Ning Yan became her regular customer. Ning Yan would report to her every afternoon and chat with her about everything. She even said that she wanted to be her guide and take her around the ning family’s divine territory.

Leng ruoxue found it hard to reject him and could only stall for time.

Ning Yan seemed to be very serious. She even said that she would take her to the ning family’s divine realm after the clan competition.

Three days later.

The clan competition that had been paused for a period of time started again as scheduled.

Because of the accident in Ning Shan’s and ning Duan’s last match, the acting clan head and clan elders decided to redo their matches after a discussion, while the others “matches would be normal.

When grape and lotus seed learned of this news, they were very indignant because they felt that this was unfair to Ning Shan. And that ning Duan, he had clearly done something wrong. It was fine if he was not punished by the family, but they actually wanted him to compete again. It was really preposterous! They felt aggrieved for Ning Shan and also regretted that they had not taught ning Duan enough in the cave.

Sitting in the audience seats of the third arena, Leng ruoxue looked at the grapes and lotus seeds that were pouting. She could not help but laugh, “What, are you guys still angry?”

“Mm! Miss! I don’t know what’s wrong with the young master of the ning family. He clearly knew that ning Duan was the one who poisoned him, but he still allowed him to participate in the competition. This is outrageous.” Grape said angrily.

“It’s just that there’s not enough evidence! If we don’t let him participate in the competition, the nineteenth elder won’t let this matter rest.” Actually, from her point of view, it was not important whether ning Duan participated in this internal competition or not. After all, ning Duan’s strength was not even ranked in the ning family. After Ning Shan’s poison was cured, it was no longer within her concern when ning Duan and Ning Xi ‘er would be punished by the family. Moreover, they had already punished ning Duan. As for Ning Xi ‘er, it was only a matter of time.

“The nineteenth elder is really unreasonable! You’re like a fly.” Lianzi Xin said, feeling touched. In the past few days when she had been living in the ning family, she had heard the name of the nineteenth elder a lot. Moreover, when the young lady had been brought into the main residence for questioning, the nineteenth elder seemed to have caused trouble for her.

“Miss! “I heard that Ning Xi ‘er is young master ning’s sister. Do you think he ...” Grape said worriedly. Although she did not finish her sentence, Leng ruoxue immediately understood what she meant.

Seeing grape and lotus seed speaking one after another, Leng ruoxue was at a loss whether to laugh or cry. "Who did you hear this from?"

"A guard of the ning family told me. Miss, the young master of the ning family actually hid this from us. What do you think he wants to do?" Grape's face was full of doubt.

"Grape, don't doubt the person you use, and don't use the person you doubt. Ning haolan didn't tell us about this probably because he didn't think it was necessary. In other words, Ning Xi'er is nothing in his eyes, so let's not make wild guesses. Besides, if he really dares to protect Ning Xi'er, I won't let him off either." Leng ruoxue gave it some thought and smiled.

"Mm! Then let's see how he performs!" Grape nodded seriously. Her serious expression made Leng ruoxue laugh.

"Hahaha! Grapes! You're getting more and more adorable." Leng ruoxue stretched out her snow-white hand and touched her beautiful face as she teased.

"Miss! You're teasing me!" Grape's face was flushed red as he said angrily.

"Hehe!" Leng ruoxue laughed evilly. At this moment, the competition that had been paused for a while had officially started.

Just as Leng ruoxue had expected, this time, Ning Shan won without any suspense and entered the next round of the competition very smoothly. When the ning family saw that Ning Shan was unscathed, they were also deeply surprised. This was because they had all known that Ning Shan had been affected by the soul forgetting spell. However, looking at how energetic he was now, they knew that he was fine.

Only a small number of people in the ning family knew that Leng ruoxue had refined the soul-forgetting antidote. Hence, when they saw Ning Shan, they could not help but whisper to each other.

However, no matter how they reacted, they were not within Leng ruoxue's scope of observation. As time passed, the preliminary round ended very quickly.

After the preliminaries ended, a total of 500 clansmen of the ning family entered the next stage of the competition. From the middle to the end of the competition, all the competitions would be held in the main arena.

The strength of the participants in the preliminaries was quite different, so there was not much suspense. However, from the middle of the competition, there would be a real competition. Moreover, all the teams would not be divided according to age, but by drawing lots.

Chapter 1547: The beautiful Dolphin Man caught (2)

After a three-day break, the mid-stage of the competition officially began in the main arena.

Leng ruoxue sat on the VIP seats on the main stage, her beautiful eyes looking around. There were more people from the ning family coming to watch the competition today than before. The entire competition ground was almost full of people. Moreover, the people who were participating in the competition were in high spirits, and it seemed like they were determined to win.

Before the competition, she had specially gone to see brother ning and Ning Shan. Although brother ning had kept his emotions in check, she could see that brother ning was also holding back a breath in his heart. In addition to Ning Shan's accident, this competition was very important to brother ning.

As for Ning Shan, he was still young, so his emotions could be seen on his face. However, he was quite confident. Seeing him like this, Leng ruoxue was also relieved.

"Miss Leng is really amazing! You can actually make the antidote for the soul-forgetting pill. Our ning family's great elder has been researching for so long and still couldn't make it, but you've made it in just a few days." At this moment, an enigmatic voice rang in Leng ruoxue's ears.

When Leng ruoxue heard this, she lifted her beautiful eyes and looked at the owner of the voice.

"Isn't this the 19th elder? Long time no see." Leng ruoxue greeted with a smile. As for what elder nineteen had said, she completely ignored it.

"Yup! Young miss Leng is really amazing. Something that even our Grand Elder couldn't refine, you actually refined it in just a few days." 19th elder could not help but ask when he saw Leng ruoxue avoiding the important points and avoiding the trivial ones.

"I was just lucky." Leng ruoxue said indifferently, ignoring the implied meaning behind 19th elder's words.

"Yup! Our great elder doesn't have your luck, AI! It's really infuriating to compare!" The 19th elder sighed, his face full of regret.

"Nineteenth elder, are you feeling indignant for the great elder?" Hearing his words, the head elder of the craftsmen's Guild headquarters lifted his eyelids and said with a faint smile.

"I didn't expect the nineteenth elder to have such a good relationship with your ning family's first elder. However, your family's first elder isn't here, so isn't your flattery a little redundant?" Leng ruoxue also laughed with a hint of mockery.

"You ..." 19th elder was so angry that he couldn't speak. Yes! He had wanted to sow discord between Leng ruoxue and the Grand Elder. Furthermore, he had initially thought that after he had said those words, many elders would agree with him. Who knew that no one would pay any attention to his words. Not only that, the person from the armament Guild headquarters was even on the same side as Leng ruoxue. He was really infuriated.

"I what? AI! Why is there always such a person in this world? it's fine if he's not liked, but he always wants to jump out and isolate others. What if he meets someone with a bad temper one day and gets killed?" Leng ruoxue mumbled to herself.

"Miss! This kind of person deserves to be killed!" Grape, who was standing at the side, quickly said.

"Young miss Leng, your maidservant really doesn't know the rules. We are talking here, how can a maidservant have the right to interrupt?" Leng ruoxue and grape's cooperation had infuriated 19th elder. However, old Grand Madame was still here, so even if he was dissatisfied with Leng ruoxue, he did not dare to criticize her. He could only vent his anger on grape. However, grape listened to his words and only glanced at him disdainfully and did not look at him again. This made him extremely angry!

“Freedom of speech! Besides, I’m a very Democratic master. Although grape is just a maidservant, she has the right to speak.” Leng ruoxue said disapprovingly.

Her words made grape even more proud. She looked at the nineteenth elder provocatively, not even bothering to hide the disdain in her eyes.

“A servant is a servant! How can young lady Leng not distinguish between master and servant!” The nineteenth elder suppressed the anger in his heart and said disapprovingly.

“Then, elder nineteen, please teach me. What is the difference between master and servant? Is it only by beating and scolding your subordinates all day long that you can show your dignity as a master?” Leng ruoxue said with a smile.

“Uh! At least as a servant, you have to have the rules of a servant. Someone like her, who casually interjects when the master is talking, is absolutely not allowed!” 19th elder thought for a moment and pointed at the grapes.

“Nineteenth elder! She’s my maidservant, so I’m the one who decides whether she’s good or not. If others can’t stand it, then it’s like a dog taking a mouse to meddle in other people’s business! Oh! Are you very free?” Leng ruoxue pointed at the Mulberry and scolded the locust.

“How can I be free? I’m very busy!” 19th elder gritted his teeth as he cursed in his heart. That damned Leng ruoxue, she actually called him a dog! However, if he knew that in Leng ruoxue’s heart, he was not even comparable to a dog, he would probably be even angrier.

“Then you should go back to your work! Don’t waste your time here.” Leng ruoxue urged.

Her words made Grape Burst out in laughter, while 19th elder’s old face flushed red.

“Uh! The clan competition is of utmost importance to the ning clan. How can I leave at will?” 19th elder’s forehead broke out in cold sweat as he tried to find an excuse for himself. However, the ning family master’s next words made him sink even deeper into darkness.

“It’s fine. If nineteenth elder has more important matters to deal with, I’ll allow you to leave.” “I’m sorry,” the master of the ning family said indifferently. Although his words touched Leng ruoxue’s heart, nineteenth elder felt very upset when he heard it. “Old Grand Madame is helping an outsider to bully me, but I dare not say anything. Of course, I don’t plan to leave just like that. Otherwise, I’ll lose all my face.”

“Nineteenth elder! I’ve already agreed for you to leave and attend to your own important matters, so why are you still sitting here?” Leng ruoxue reminded him kindly when she saw that 19th elder had not moved for a long time.

“Uh! Nothing is more important than the clan competition.” The nineteenth elder forced a smile and looked at the other elders with grievance. Unfortunately, no one was willing to speak up for him. In fact, the other elders all felt that the nineteenth elder had brought this upon himself. The ancestor was still here! Why would he find trouble with Leng ruoxue? Wasn’t that a case of having nothing better to do!

“Then you can stay here obediently!” The master of the ning family glanced at the nineteenth elder and said. He really didn’t like the nineteenth elder no matter how he looked at him now. How could the ning family have such a junior! He had no eyesight at all.

“Yes!” The 19th elder replied in a low voice. The old ancestor had spoken, so how could he dare to disobey? Initially, he wanted to make Leng ruoxue feel uncomfortable. Who knew that not only did he not get any advantage, he was even despised by the old Grand Madame. He was so depressed! As for the other elders who had the same thoughts as him, they naturally did not dare to speak up when they saw that 19th elder did not manage to gain any benefits from Leng ruoxue.

Without the annoying flies, Leng ruoxue’s ears quieted down and she could finally focus on the competition.

Chapter 1548: The dolphin beauty who was caught (3)

At this moment, there were a total of five fighting rings in the main arena, and each ring was filled with pairs of people fighting each other. The level of the competition was obviously much higher than the preliminaries. However, Leng ruoxue didn’t know many people in the ning family, so their competition didn’t attract much interest from her.

The middle stage of the competition was divided into five days, with 100 participants each day. The competition of Ning Shan and Ning Hai was on the third and last day, respectively. Therefore, other than these two days, Leng ruoxue was basically just a bystander. In fact, if it wasn’t for her Godfather, she would have gone back to her room to sleep.

As if knowing that she was not in a good mood, Ning Yan came to her not long after the competition started.

“Little sister ruoxue! Let’s go outside for a walk!” Ning Yan suggested softly in Leng ruoxue’s ear.

Leng ruoxue looked at Ning Yan and thought to herself, “this lady of the ning family is really willful and reckless!” At first, she was too embarrassed to leave, but since miss ning didn’t care, why should she care? Glancing at the master of the ning family, she nodded slightly. Then, Ning Yan led her out of the ning family’s main residence.

“Where do you want to take me?” Walking on the main city’s streets, Leng ruoxue was rather curious.

“I’ll take you to catch some fish.” Ning Yan said with a smile, her face full of pride.

“Uh!” Leng ruoxue wiped the cold sweat from her forehead, speechless. Ning Yan had brought her out of the ning family just to catch fish? Why did this matter sound so unreliable? Even grape and lotus seed, who were standing beside her, had a look of disbelief on their faces.

“This isn’t an ordinary fish, but it’s not easy to catch either,” Ning Yan’s beautiful face was full of yearning. In fact, she was a little annoyed by Ning Xi ‘er’s constant nagging of Leng ruoxue, so she had pulled Leng ruoxue out.

“Where is this fish?” Leng ruoxue’s curiosity was piqued. However, seeing that they were about to leave the city, she really had no idea where Ning Yan was taking her.

“There’s a cold pond not far from the ning family’s main city. The fish are in there.” Ning Yan said with a smile.

The ‘not far’ she was referring to was the distance from the ning family’s main city to there. It would take about half an hour to fly there. For the people of the divine realm, this was indeed not a long distance.

Once they were out of the ning family’s main city, Ning Yan summoned her flying beast and gestured for Leng ruoxue and the others to get on.

Her flying beast was a beautiful white Crane with no stray hair. It was a seventh level sacred beast and looked a little arrogant. It even ignored Ning Yan, its master.

When Leng ruoxue saw this, she could not help but tease, “”This Beastie of yours seems to be a little narcissistic!”

“Mm! It’s not satisfied with me as its master. ” Ning Yan said helplessly. As a master who was despised by Beastie, she felt very aggrieved.

When they sat on the back of the red-crowned crane, as if to verify Ning Yan’s words, it flew into the sky in a slightly rude manner. It even swayed a few times from time to time. However, the mischievous glint in its eyes did not escape Leng ruoxue’s eyes.

“This bird’s feathers are not bad. They’re quite soft, and should be enough to make a blanket.” Leng ruoxue’s soft and boneless little hand gently stroked the red-crowned crane’s fur.

“Uh!” Ning Yan heard Leng ruoxue’s words, and black lines appeared on her forehead. What did Leng ruoxue mean? Could it be that he wanted to use he ‘er’s feathers as a blanket? This can’t do! How could she bear to?

That red-crowned crane was called he ‘er. Leng ruoxue’s words were very loud, so it naturally heard them. However, it did not take it to heart because it was very clear that its master would not allow that weak woman to treat it this way!

Upon hearing Leng ruoxue’s thoughts, grape and lotus seed, the two maidservants, immediately agreed, “”Miss’s idea is great. The blanket made from the feathers of this red-crowned crane will definitely be warm and soft.”

“Mm! Didn’t sister Yan want to give me a present? I don’t want anything else, just give me some feathers from this bird!” As Leng ruoxue spoke, she reached out to the thickest feathers on Crane’s back. The feathers there were dense and soft, and felt extremely good to the touch.

“Little sister ruoxue! “This ...” Ning Yan was put in a difficult position. She did say that she wanted to give Leng ruoxue a gift, but she had no intention of giving Crane’s feathers. One should know that Crane’s most precious thing was its snow-white and beautiful feathers. If she gave away Crane’s feathers, he would hate her to death! However, Leng ruoxue seemed to be very serious. So, for a moment, she did not know what to say.

“Sister Yan! It’s settled then.” Leng ruoxue did not allow her to reject her and smiled. Following that, she turned to grape and Lianzi and said, “What are you waiting for? hurry up and help me pluck my fur.” With that, she grabbed a bunch of Crane’s thick feathers and pulled them out by the roots ...

In an instant, an earth-shattering shriek filled the air ...

“Ah!”

Crane, whose feathers had been plucked, was trembling in pain. While it was still in the air, its huge body began to shake uncontrollably. Leng ruoxue and the others could only hold on to its feathers tightly and pull them out as they did so, which made Ning Yan’s heart ache.

Crane’s heart was filled with anger. It endured the pain in its body and descended. The moment it landed, it wanted to throw Leng ruoxue and the others off its body. However, Leng ruoxue and the others were already prepared and would not give it the chance. Instead, they seized the time and continued plucking its feathers.

Seeing this, Ning Yan quickly pleaded for he ‘er, “Little sister ruoxue, don’t pull it out. It hurts.”

“Sister Yan! Don’t worry! When I’ve pulled enough, I naturally won’t pull anymore.” Leng ruoxue chuckled and gave Ning Yan a look, telling her to stay out of it.

Ning Yan could tell that Leng ruoxue was taking revenge for her! Even though her heart felt warm, the thought of he ‘er going to suffer still made her heart ache. However, she also wanted to see how Leng ruoxue would discipline he ‘er, so she could only walk to the other side and stay there. Otherwise, she would definitely stop her.

Seeing that Ning Yan had left, Leng ruoxue and the other two picked up Crane’s feathers even more unscrupulously. Although crane wanted to resist, it could not shake off the three women on its back. This made it extremely angry.

Crane could be seen flying up and down in the air, trying to get Leng ruoxue and the other two off its back. With them around, it couldn’t transform even if it wanted to. Furthermore, its back hurt so much that it was on the verge of tears. What was even more infuriating was that after Leng ruoxue had pulled out enough feathers from its back, she had her eyes on the feathers on its neck.

The feathers there were softer, but it was also more painful to pull them out. Having its feathers pulled out, he ‘er felt like dying. At the same time, he felt even more depressed. He was a dignified seventh level sacred beast, why couldn’t he do anything to three humans who were weaker than him! It could not understand.

Chapter 1549: The beautiful Dolphin Man caught (4)

The feathers on Leng ruoxue, grape, and lotus seed’s hands flew up and down, floating in the air. Their movements were extremely fast. In the blink of an eye, a piece of feather on he ‘er’s body had been cut off. However, the three of them had no intention of stopping, because he ‘er was not begging for mercy.

After an unknown period of time, the exhausted crane finally broke down. It cried and begged, “Wuu ... Don’t pluck my fur anymore! I was wrong!” It was truly afraid. A dignified seventh ranked Saint divine

beast was actually unable to do anything to three weak humans. If this were to spread out, no one would believe it. However, no matter how hard it tried, it still couldn't shake them off. So, it could only give in.

"Wrong? Where did you go wrong?" Leng ruoxue lifted her beautiful eyes and smiled faintly. However, her hands did not stop moving. In fact, wherever she went, the feathers on Crane's body would leave.

"I ... I shouldn't have looked down on you!" Crane 'er said softly. Tears were welling up in its black eyes, but it did not dare to cry. Its aggrieved look made one's heart ache. Unfortunately, other than its master, Leng ruoxue and the other two did not care at all. Furthermore, its master was not in front of it.

"There's still more!" Leng ruoxue continued to ask. Her actions of plucking the feathers were as smooth as flowing water.

"I shouldn't have given master such a bad attitude, Wu...I won't dare to do it again." Crane wasn't stupid. It was very clear why Leng ruoxue would treat it like this. The reason why it didn't treat its master seriously, other than because of its master's low strength, was also because of its master's pampering. Unfortunately, even its master wasn't helping it anymore. Therefore, it could only lower its head to this demon. After all, this demon wouldn't care about it.

"It seems that you understand! Hmph! As a Beastie, you actually dare to show your master attitude, you really don't take your job well. Only sister Yan indulges you, if it were me, I would have beaten you up long ago." Leng ruoxue reprimanded.

Hearing what she said, although he 'er didn't say a word, he couldn't help but think in his heart, other than plucking hair, do you know anything else? Do you think you can beat it into submission with your strength? It had lived for so long, but it had never heard of a puny middle-stage divine being being able to beat a seventh-grade sacred beast into submission. However, it definitely did not dare to say this out loud. Furthermore, it had to put on an expression of humility as it was afraid that Leng ruoxue would continue to pluck its feathers. It had embarrassed the sacred Beasts and the crane Clan. It no longer had the face to meet its own kind! It was remorseful in its heart.

"You better behave yourself in the future. Otherwise, I'll pull you out every time I see you. I'll pull out all the hair on your body and see if you still dare to be smug." Seeing that crane remained silent, Leng ruoxue continued to warn him.

"I really don't dare to do it again." He 'er said hurriedly, tears streaming down her face. Right now, in her eyes, Leng ruoxue was the incarnation of a demon. How could she dare to provoke her?

"Then I'll give you a chance. I'll let you go this time." Leng ruoxue was a magnanimous person, and crane, who had its feathers plucked, was still grateful to her.

"Thank you for your generosity!" He 'er said like a little wife.

"Miss! I'm afraid these feathers aren't enough to make a blanket. Why don't we pluck some more?" Seeing that crane had given in, Leng ruoxue still suggested with an evil smile.

Her words scared crane so much that its little heart was trembling, and it couldn't help but curse in its heart. Bad person! Bad guy! These women were really too evil! Sob ... Master, quickly come and save me from the devil's claws!

“It’s okay. I’ll pull it out again next time.” Leng ruoxue looked at crane, who was trembling all over, and very kindly did not agree. One should always stop while they were ahead! Then, she called Ning Yan back and prepared to continue their journey.

When Ning Yan returned, she saw Crane’s uneven feathers of different lengths and felt a deep sense of sympathy. When crane saw her, it was extremely affectionate and threw its head into her arms with tears in its eyes. Ning Yan was stunned for a moment before she came back to her senses. She smiled and patted Crane’s head to comfort it. However, she could not help but think that sister ruoxue was so capable! He ‘er had never been so close to her!

After consoling them for a while, they continued on their journey. This time, crane was clearly much more obedient.

Not long after, they finally arrived at their destination.

Leng ruoxue jumped off Crane’s back and looked at the cold pond that Ning Yan had mentioned.

The area of this cold pool was not very large, only about ten square meters in size. The water was very deep. Although she could see white fish swimming around, the pool was so deep that she could not see the bottom. Not only that, this cold pool was also unusually cold. She could feel the cold air from some distance away from the cold pool.

The surrounding scenery was like a painting, and the climate was warm and pleasant. However, there was a cold pool that did not match the surrounding scenery. This was really too strange.

Even though Leng ruoxue had her doubts, she did not think too much about it. This was because it seemed like this cold pond had been here for a long time.

“Little sister ruoxue! I’m telling you! The fish here are very delicious, and I drool just thinking about it. However, those fish are too cunning, so they are very difficult to catch.” Ning Yan was very excited at first, but the thought of not being able to eat delicious food made her depressed again.

“Sister Yan! This cold pond should be quite old, right?” Leng ruoxue asked with a smile.

“Mm! Even though this cold pond is not big, it is still quite famous in the divine realm. Especially the fish here, I guarantee that you will want to eat more after you have tried it.” Ning Yan said, drooling.

“Then how can I catch the fish here?” Leng ruoxue walked to the side of the pond and looked at the fish swimming happily.

The temperature of the water was too low, so it was unrealistic to go into the pool to catch fish.

“Hehe! I’ve already made preparations.” Ning Yan took out four fishing rods from her storage bangle and handed them to Leng ruoxue, grape, and lotus seed.

Leng ruoxue looked at the fishing rod in her hand and was speechless. So Ning Yan had brought her here to fish. But what did the fish here eat?

As she was thinking, she saw Ning Yan walk to the side of the pool and pull up a few luxuriant waterweeds. The waterweeds were silver in color and there seemed to be ice beads hanging on them. The leaves were semi-circular and very thick, but the temperature of the waterweeds was very low.

“This is bait?” Leng ruoxue asked Ning Yan as she held the grass in her hand.

“Mm! Only by using this kind of water grass can you have a chance to catch the fish in the cold pond. However, it also depends on luck, because the fish here are very cunning.” Ning Yan explained. Then, she hung a leaf on the hook and threw the line into the cold pool. She took out a small stool and sat by the pool.

Looking at Ning Yan’s actions, Leng ruoxue did not know what to say. It turned out that the fish here were vegetarian.

However, even though she thought about it, she still put the grass on the hook and started to fish by the pond.

Not long after she placed the hook into the water, Leng ruoxue’s fishing rod reacted. With a gentle pull, a white fish the size of a palm was pulled ashore.

“Little sister ruoxue, your luck is too good.” Ning Yan’s face was full of envy, jealousy, and hatred. She was the one who hit the fishing rod first, but her fishing rod didn’t move at all. This was too much of a bully.

Following that, Leng ruoxue’s fishing rod caught more fish one after another. Even grapes and lotus seed caught two fish each. However, Ning Yan’s fishing rod did not react at all. This made her even more depressed.

“You guys are such bullies!” Ning Yan couldn’t help but complain.

“We were just lucky. However, the fish we caught weren’t big. The big fish here were all saved for sister Yan!” Leng ruoxue smiled as she consoled him.

“At least you know how to talk!” Hearing Leng ruoxue’s words, Ning Yan’s heart burst with joy and she continued to focus on fishing. She had to catch a big fish.

However, Ning Yan’s fishing rod didn’t move until the grapes and lotus seeds were done roasting the fish.

Ning Yan felt indignant as she ate the grilled fish in her hand. Her resentful eyes would drift towards Leng ruoxue from time to time. Sob ... Why was she so unlucky?

Seeing Ning Yan’s childish behavior, Leng ruoxue could not help but laugh. She then handed her a fresh and juicy fish. The fish in the cold pond tasted really good. It was comparable to the one in her bracelet.

Ning Yan took the fish and gnawed on it with gritted teeth, as if she wanted to vent all her anger on the grilled fish. Suddenly, she saw the fishing rod she had placed on the shore move and quickly ran over to pull it back from the pool.

“Argh! Little sister ruoxue! It’s a big fish, come and help me!” Ning Yan held the fishing rod tightly, but the fish she had caught was not small. It was struggling hard in the water, trying to keep a distance from her.

The water in the pool splashed and the water kept rising ...

“They’re here!” Seeing this, Leng ruoxue, grape, and Lotus quickly ran to Ning Yan’s side to help her hold on to the fishing rod. This time, the fish that Ning Yan had caught was indeed not small, and the four of them almost could not hold it.

They were in a deadlock with the big fish underwater. Leng ruoxue saw that she didn’t know how long it would take for them to reach the end, so she moved the dark Tiger King and his wife out of the house.

The moment the dark Tiger King came out, it smiled at Leng ruoxue and said, “Little girl, did you miss us? You’re finally willing to let us out for some fresh air.”

“Don’t talk nonsense, hurry up and help!” Leng ruoxue said in an unpleasant tone when she saw the Tiger King acting all smug the moment he appeared.

“Alright! Watch me.” The shadow Tiger King’s huge body stood beside Leng ruoxue. Its huge claws grabbed onto the fishing rod. With a light lift and a pull, it easily pulled the big fish out of the water.

Everyone was dumbfounded.

Ugh! Was this a fish? Leng ruoxue was speechless as she looked at the huge creature that was being dragged onto the shore. It was obviously a ... Dolphin. This Dolphin was almost two meters long and its body was like a small mountain. Its entire body was light blue and its skin was glowing with a faint light. Its pair of watery black eyes were glaring at them with extreme anger.

Leng ruoxue couldn’t understand why there would be dolphins in the cold pond. Dolphins were obviously creatures of the sea. This was too unbelievable.

Moreover, it seemed that this Dolphin’s strength wasn’t low. It had reached the strength of an eighth ranked sacred beast. It should be comparable to the dark Tiger King! However, when the Beastie in the water came to land, it would only be looking for abuse. Hence, even if this Dolphin’s strength was not low, Leng ruoxue did not think highly of it. Moreover, she did not know what had happened to this Dolphin, but its body was actually entangled by the fishing line. No wonder it was caught.

Leng ruoxue pitied the dolphin when she saw its sorry state.

“I want to catch fish.” Ning Yan mumbled softly, as if she despised the dolphin. In fact, she was not to be blamed. After all, humans lived on land, so only the beasts on land were most suitable for them. As for the beasts in the water, they were useless in the eyes of humans, and few people would contract with the beasts in the water.

Hearing Ning Yan’s words, the dolphin was so angry that it kept blowing bubbles from its nostrils. However, because of the dark Tiger King couple’s presence, it was still a little afraid. However, it did not want to be outdone and roared at Ning Yan, “Then why did you fish me up? I’m not a fish!”

The dolphin was furious, but it did not dare to offend Leng ruoxue and the others. It was all alone now! If it was in the water, it wouldn’t need to be afraid of these humans!

“I said I wanted to fish! What are you shouting for?” Hearing the dolphin roar at her, Ning Yan’s temper flared up!

“All of you shut up! You’re not allowed to argue!” Leng ruoxue felt a headache coming on when she saw that the human and the dolphin were about to fight.

Her words were quite effective. After Ning Yan and the dolphin glared at each other, they really stopped. However, Ning Yan was giving Leng ruoxue face, while the dolphin was giving face to the Tiger King couple beside Leng ruoxue.

“How did you appear in the cold pond?” Leng ruoxue turned her gaze towards the dolphin and asked. Even if you beat her to death, she would never believe that there would be a Dolphin living in the cold pond. Hence, she had to clarify things first.

“I come from the endless sea. There is an Eye of the Sea that leads to here, so I naturally ran here! Who knew that I would be so unlucky to be caught by you guys?” The dolphin was rather depressed. After it finished speaking, it lowered its head and did not say anything else.

“From the endless sea? Why didn’t you stay in the sea? what are you doing in this cold pond?” Ning Yan was a little angry. This stinky Dolphin, not only did it delay her fishing, but it also wronged her first. How preposterous!

Moreover, the endless ocean was quite far from the ning family’s divine territory. This Dolphin wouldn’t be able to reach here even if it took a stroll!

“You think I wanted to come? I was forced to do so.” The dolphin was so aggrieved that it was about to cry, and its big eyes became even more watery.

“Could it be that you can’t stay in the endless ocean any longer, so you want to change places?” Leng ruoxue made a guess when she heard the Dolphin’s words. Although she did not know where the endless sea was, since it was a sea, it should be quite big. Even if it was to fight for territory, it shouldn’t have forced an eighth ranked sacred beast into the cold pond, right?

“No, someone wanted to capture me as a contracted beast! I was unwilling, so of course I could only run.” Dolphin said honestly.

“Who would be so blind as to find a dolphin as their contracted beast! You guys aren’t of much use on land.” Ning Yan said with a look of disdain.

“Don’t look down on me. Although I can’t fully display my strength on land, I don’t have many opponents in the sea!” Dolphin was a little unconvinced.
