

Crazy Wife 1571

Chapter 1571: Making the decision (1)

Leng ruoxue looked at Ning Yan helplessly. She knew that Ning Yan might be known as a tigress in the divinity, but her fierceness was only for outsiders.

She could torture the woman who stole her husband, she could be ruthless to her man, but towards her own people, her heart was as soft as water. In front of her people, she was just a paper tiger. No wonder those people dared to spread rumors about her.

“Sister Yan! You treat them as your clansmen, but what about them? Have you ever thought about your identity?” Leng ruoxue sighed and reminded her. She knew that Ning Yan would not be able to make this turn in a short time. In a top family like this, everyone’s sense of honor was extremely strong. The family also forbade killing each other. However, no one knew what they would do in the dark.

“They ... Are the minority after all. Besides, they wouldn’t dare to say it in front of me.” Ning Yan said softly.

“What about the flower?” In her eyes, Ning Yan had always been a free and straightforward person. Why did she become so indecisive in front of her own clansmen? Could it be that the Ning Yan in front of him had been switched? She had always been someone who dared to think and do, so she looked down on people who were so hesitant.

However, this incident was caused by Ning Hai and his brother! If it wasn’t for them, Ning Yan wouldn’t have suffered. So, she naturally couldn’t stand by and watch Ning Yan’s matter! Who asked her to protect her?

“She ...” Ning Yan’s beautiful eyes were filled with tears, and she choked with embarrassment and anger.

“Al!” Leng ruoxue looked at Ning Yan’s tear-stained face and sighed in her heart. This Ning Yan was not the one she knew!

“Sister Yan! You’re Godfather’s daughter, and Godfather loves you. There are many people in the ning family who are jealous of you, so you really can’t be like this. Now even a servant dares to scold you to your face. If you endure this, I’m afraid you’ll become the laughing stock of the ning family. The ning family’s clansmen will also think that you’re easy to bully. It’ll be even more difficult for people to respect you in the future. Therefore, even if you want to endure it, you have to think for Godfather! As the daughter of the ning family’s master, how can she be bullied like this?” Leng ruoxue said earnestly.

“Then ... Will father feel that I’ve caused him trouble?” Ning Yan asked carefully.

“Sister Yan, to put it bluntly, haven’t you caused enough trouble for Godfather? Did Godfather say anything?” Leng ruoxue retorted angrily.

“Father scolded me.” Ning Yan said with her head lowered.

“After that, did Godfather still dote on you as usual? He didn’t despise you, did he?” Leng ruoxue chuckled as she asked.

“No, I didn’t,” Ning Yan said after some thought.

“Isn’t this good enough?” Leng ruoxue laughed.

“Little sister ruoxue, what do you think I should do? I can’t do something like killing my own clansmen.” Ning Yan was very nervous. She clutched Leng ruoxue’s sleeve tightly and her beautiful eyes were full of bullying.

“Who told you to kill them? Sister Yan, you don’t have to kill your opponents to deal with them. Killing is the simplest way to torture your opponents. Unless it’s necessary, I won’t use it.” Leng ruoxue said with slight disdain.

“Uh!” Hearing Leng ruoxue’s words, Ning Yan didn’t know what to say. However, she trusted Leng ruoxue very much. Her beautiful eyes stared at Leng ruoxue even more intently, as if she was saying, ‘think of a good way!’

“Sister Yan, take me to that flower!” At this moment, Leng ruoxue stood up and smiled.

“Alright!” Ning Yan knew that sister ruoxue wanted to back her up. Sob ... She was a god tier master! Who would have thought that she would need a mid level deity to back her up today? when she thought of this, she felt that she was really useless.

Ning Yan also stood up and brought Leng ruoxue to the head butler.

The ning family’s head butler lived in the side courtyard of the ning family’s main residence. It was also where many of the ning family’s subordinates lived. However, the courtyard where the head butler lived was definitely the best there.

Leng ruoxue and the others followed Ning Yan into the Butler’s Courtyard. They went straight to ning Lihua’s residence. Although she lived very close to the Butler, she did not live in the main courtyard. The Butler probably knew about her character, so he wanted to avoid seeing her.

Ning Lihua’s small courtyard was not big. There were only two main rooms and a small garden. Under the guidance of the maidservant, Leng ruoxue and the rest arrived at the door of ning Lihua’s room. Suddenly, they heard moans coming from the room ...

As someone’s wife, it was impossible for Ning Yan not to know what this voice meant. Her face blushed slightly, and then anger rose from her heart! That damned ning Lihua, she was really a promiscuous slut. Someone like her still wanted Ning Hai to marry her? He was really too shameless. Ning Yan felt sorry for Ning Hai. At the same time, she was even more determined to help Ning Hai get rid of ning Lihua’s entanglement.

Even though Leng ruoxue had never been married, it did not mean that she did not know what was going on inside. As for grape and the other maidservants, they had grown up in a top-class family and were no stranger to such sounds. After exchanging glances, grape kicked the door open and Leng ruoxue and the rest walked in.

In the room, there were two red people, one black and one white, entangled on the bed. When they heard the sound, they looked up in surprise. When they saw the person in front of them, they immediately separated. The dark-skinned man jumped out of the bed in a sorry state and knelt in front of Ning Yan, his voice trembling, "Young miss!"

"You know me?" Ning Yan sat down on a chair and asked indifferently.

"Yes." The man quickly said, but he couldn't help but think in his heart, in the ning family, who wouldn't recognize Ning Yan! Wasn't that nonsense?

"Where are you from?" Ning Yan asked again. At this moment, Leng ruoxue sat down as well. Grape and the rest blocked the passage to the door.

"I ... Am the head Butler's attendant." The man said honestly.

"Oh! Don't you know that rabbits don't eat the grass by their burrow? You dare to touch the chief Butler's sister, you must be tired of living." Ning Yan said angrily. The ning family had always been very strict with their guards, servants, and maidservants. Although they didn't forbid them from getting married, they would never allow such a wild couple. So, ning Lihua had finally run into her hands. Thinking of this, Ning Yan was happy.

"Eldest miss, please forgive me. It was Miss Li Hua who forced me. She said that if I didn't ... She would kick me out of the main residence." The man said, feeling wronged.

"Can your words be trusted?" Ning Yan asked lightly, clearly not believing the man's words.

"Young miss! I can swear to the heavens that every word I've said is true." The man calmed himself down and said. Even though his status in the ning family was low, he was not stupid. Not only that, he was also very clear about the dispute between the eldest miss and ning Lihua. From the looks of it, the eldest miss was definitely here to catch them in the act of adultery, and her target was ning Lihua. Therefore, in order to clear his name, he had no choice but to give up ning Lihua. After all, the eldest miss' target was not him. Furthermore, with his confession, the bub * tch could use this opportunity to deal with ning Lihua. This would not be a loss to him. After all, if a man doesn't do it for himself, the heavens will punish him! Protecting his own life was the most important thing.

Chapter 1572: Making the decision (2)

"Then make an oath!" At this moment, Leng ruoxue said with a faint smile.

"Uh! Yes!" The man wanted to cry but had no tears. In fact, he only said that to win Ning Yan's trust. He really didn't want to make any oath, but now he couldn't back down.

Following that, the man unwillingly swore an oath to the heavens. As the rules of the contract descended, his oath was officially established.

Ning Yan and Leng ruoxue looked at each other and smiled. Their beautiful eyes turned to ning Lihua, who was obviously in a daze.

When Leng ruoxue saw the pear blossoms for the first time, she almost laughed out loud. How were these refreshing pear blossoms! It was clearly a white and fat big bun!

Ning Lihua's skin was very fair, but she was also very fat. Her appearance couldn't be considered ugly, but she wasn't pretty either. As for her strength, she was only a high level deity. She was stronger than her, but ning Lihua definitely wouldn't be able to beat her. She was too fat and her reactions were slow.

Feeling the two gazes on her, the dazed ning Lihua suddenly came back to her senses and yelled at Ning Yan, "What are you doing here? Weren't you hiding in your room, not daring to come out?" She pointed at Ning Yan in disbelief.

Hearing this, Leng ruoxue gave grape a look. Grape understood and walked in front of ning Lihua. He raised his hand and slapped her hard. Suddenly, only 'pa pa' could be heard. The sound continued. In an instant, Five Finger marks appeared on ning Lihua's fair and chubby face. After the sound disappeared, half of her face swelled up, and a trace of blood flowed down the corner of her mouth.

Although grape's strength was not considered high, it was above ning Lihua's. Furthermore, ning Lihua's reaction was slow, and she was even more dumbfounded after being slapped. Therefore, when she was being slapped, grape did not use any strength at all. Ning Lihua, who was originally the size of a pig's head, was directly beaten into a Supreme pig's head.

Looking at grape's violence, Ning Yan's maidservant had a lingering fear and her little heart trembled. Wu ... Grape was really too scary. He usually didn't show his true strength! Why was it so terrifying when it came to fighting? Although they were a little scared, grape acted as if nothing had happened and stood to the side after beating them up.

"You, you cheap servant! You actually dare to hit me!" Ning Lihua stammered. As she spoke, her teeth flew out of her mouth. However, as the grape had only hit half of her face, only half of her teeth had fallen out. However, that only made her look even more terrifying.

"Cheap slave? I wonder how high your status can be?" "What's wrong?" grape asked back with a smile. She rolled up her sleeves and clenched her fists, as if she was ready to fight again. Her preparation made ning Lihua tremble.

However, ning Lihua, who was used to being tyrannical in the ning family, still wanted to slap her own face until it swelled up to look fat, even though she was afraid.

"My, my brother is the head butler of the ning family. He has a high status in the ning family. How can you, a little maidservant, compare to him?" Ning Lihua said as if she was a Fox exploiting the Tiger's might, but her eyes that were looking at grape seemed to be avoiding her.

"Alright! Your brother is the head butler of the ning family, I can't afford to offend him, but you are nothing! I don't feel any pressure beating you up." As soon as grape finished speaking, she started to hit the other half of ning Lihua's face ...

After a while, grape said he was tired. Then lotus seed took over her job and continued hitting.

After a long time.

Ning Lihua was seeing stars from the beating. Both sides of her face were covered in finger marks, and the degree of swelling was also quite balanced. Grape and lotus seed were satisfied and did not continue.

Ning Yan looked at ning Lihua, whose head was twice as big as before, dumbfounded. She gulped and didn't know what to say. She felt that ning Lihua was in a bad state now. Besides, no one would recognize her in this state.

She had always thought that she was fierce and powerful, but compared to grape and Lotus, she felt that she was not good enough. Look at the two maidservants, they beat people up like they were playing. Wu ... She was really useless. Ning Yan was extremely depressed.

After being hit for the second time, not only did ning Lihua feel dizzy, she was also a little dumbfounded. She was in a daze for a long while, still not saying a word.

"Miss! Weren't we a little too harsh?" Grape said worriedly. She thought to herself, "I'm done for. I've actually beaten him silly."

"No, it's just that her tolerance is too low. She'll be fine after she gets used to it." Leng ruoxue said nonchalantly. Actually, she was just trying to intimidate ning Lihua. She had not even done anything yet!

"Yes." Leng ruoxue's words put grape's heart at ease.

As expected, after waiting for a while, ning Lihua finally understood.

"You guys dare to hit me?" Ning Lihua glared at Leng ruoxue and the rest fiercely, as if she wanted to swallow them alive.

"Sister Yan! Is there any crime in the ning family's rules that goes against your superior?" Leng ruoxue glanced at ning Lihua and asked with a smile.

"There are! Those who disobey their superiors will be sent to Biancheng, and those who are more serious will be expelled from the family." Ning Yan said coldly.

"Is this the only way?" Leng ruoxue wasn't too satisfied. There wasn't any meaning to such a punishment. Furthermore, no matter which method it was, it would leave behind a root of trouble. One must know that she had always liked to cut the weeds and eliminate the roots.

"Yes." Ning Yan nodded.

"Then let's change her crime!" Leng ruoxue chuckled.

"Uh!" Cold sweat broke out on Ning Yan's forehead. She could tell that sister ruoxue was not satisfied with the ning family's rules.

"So what if you betray your master?" Leng ruoxue said after some thought. The betraying master she was referring to was betraying her master.

After Ning Yan heard this! She was a little frightened! Wouldn't that mean that ning Lihua had no way out? Little sister ruoxue ... Is so cruel! However, at this moment, she did not feel any sympathy for ning Lihua at all.

“You, you dare to frame me! The ning family won’t let you off. ” As ning Lihua listened to the conversation between the two of them, the hatred in her heart soared to the sky. She wanted nothing more than to tear these irksome people in front of her into pieces.

“When did we frame you? We’re just having a discussion, can’t we do that?” Leng ruoxue said with a half-smile.

“You ...” Ning Lihua was so angry that she couldn’t speak.

“Big steamed bun! Don’t worry! I won’t kill you, and I won’t give you the chance to be expelled from the family. I won’t even let you leave the ning family’s main residence. Moreover, I’ll slowly settle the score with you for humiliating sister Yan, so you must live well!” After Leng ruoxue finished speaking, she took out ten exquisite Jade bottles and passed them to the grapes and lotus seed.

The grape and lotus seeds opened the bottle caps, poured out one pill each, and stuffed them all into ning Lihua’s mouth. Ning Yan was surprised to see this, but she held back her curiosity and did not ask. However, her heart was like a cat’s scratch, itching badly.

Chapter 1573: Making the decision (3)

After watching ning Lihua eat the pill, Leng ruoxue stood up and said to Ning Yan calmly, “Sister Yan, we can go back now.”

“Uh! Good!” Ning Yan also stood up, still feeling a little uncertain.

Just as she was about to leave ning Lihua’s room, Leng ruoxue turned to the dark-skinned man who was kneeling on the floor. “Go back and be a good servant. If there is any movement from the chief Steward, remember to inform us. You’re eating the ning family’s food, not the chief butler’s.”

With that, Leng ruoxue and the rest left without looking back. When the man in the room saw this, he heaved a huge sigh of relief. Then, he put on his clothes and quietly slipped away.

On the way back, Ning Yan wanted to say something but stopped several times. Leng ruoxue saw her expression and laughed, “Sister Yan, don’t worry. The good show is yet to come.”

“Mm! Little sister ruoxue, what medicine did you give her?” Ning Yan asked curiously.

“Everything! She’ll probably feel terrible. ” Leng ruoxue smirked and pulled Ning Yan towards the competition grounds.

When she arrived at the competition venue, she did not return to the VIP seats. Instead, she sat in the corner of the audience with Ning Yan and the others.

However, ning haolan and Cheng Xuan, who had been staring at the entrance the entire time, noticed them immediately.

Not long after they sat down, ning haolan and Cheng Xuan sat down next to them.

Looking at the uninvited guests, Leng ruoxue pretended to be displeased and glared at them. “What are you two light bulbs doing here?”

“Light...Light bulb? We?” Ning haolan and chengxuan’s faces were filled with black lines. How did they become third wheels?

“Could there be someone else here?” Leng ruoxue retorted.

“Uh! But, it’s not appropriate for us to be the third wheel!” Cheng Xuan complained in a low voice.

“If I say you are, then you are!” Leng ruoxue was domineering, but Ning Yan could not help but laugh.

“Little sister ruoxue, stop teasing them.” Ning Yan said, holding back her laughter.

When ning haolan and Cheng Xuan saw Ning Yan’s beautiful smile, they looked at each other and felt at ease. Although they did not know what Leng ruoxue had done to make Ning Yan happy, as long as she did not lock herself in her room, that was better than anything else.

“Alright! Can any of you tell me how many rounds this is?” Leng ruoxue asked in all seriousness.

“Ning Shan’s match is over, but Ning Hai’s hasn’t started yet.” Ning haolan knew what Leng ruoxue was concerned about, so he went straight to the point.

“Oh!” Leng ruoxue responded softly and did not continue to ask about the results of Ning Shan’s match. Instead, she focused her attention on the arena.

Today’s competition was divided into two parts. Although the winner would directly advance to the next round, the winner of the first part only needed to fight one round, while the second part of the competition required different number of matches.

After the first part of the competition ended, ten of the ning family members who participated in the competition would directly advance to the next round, while the other ten would have to compete for the remaining six spots. In other words, after the first day of the competition ended, four people would be eliminated.

Not long after Leng ruoxue and the rest sat down, they saw Ning Hai step onto the stage.

His opponent was only a god tier master, but Ning Hai was already a divine Lord. Therefore, in everyone’s eyes, this was a competition without any suspense. In addition, Ning Hai was also a hot favorite to win this competition. Therefore, when he went on stage, everyone’s eyes were all on him.

Although the opponent’s strength was not as good as his, Ning Hai still took it seriously.

“You first!” In the ring, Ning Hai cupped his fists at his opponent and said very politely.

His opponent understood that Ning Hai wanted him to make the first move.

It should be known that the person who made the first move would have the opportunity to seize the first opportunity. However, he was already afraid of facing Ning Hai with his own strength. In addition, he saw Ning Hai’s relaxed and calm expression, and the fear in his heart deepened.

Therefore, he did not make a move, but chose to admit defeat.

In the eyes of others, this might be a cowardly action, but for him, it was the wisest choice. Fighting with Ning Hai would not only consume his physical strength, but it might also affect the next round of the

competition. And the next round was more important to him, so he did not want to lose more than he gained.

However, his choice was a little depressing for Ning Hai, because he was the only two Sir gods among the twenty people. Unless he had the chance to fight with another Sir God, he would probably not even have the chance to practice.

Leng ruoxue looked at the scene in the arena and smiled faintly. "That person is quite smart, he knows how to preserve his strength."

"Don't you think he's a little weak?" Ning haolan probed.

"It's important to know one's own limits. It's only a man's behavior to fight head-on even though he knows he's no match for them. True experts are flexible." Leng ruoxue rolled her eyes at ning haolan. She did not believe that ning haolan did not understand this logic. However, not everyone could be flexible. After all, some people were very prideful and would not bother to take advantage of others!

With that, Leng ruoxue stood up and was about to leave.

When she returned to her own residence, Leng ruoxue went straight into her room, planning to ignore everything that was happening outside. Naturally, she would not know that the ning family had almost fallen out with each other because of what she had done today. However, even if she knew, she would not care.

In the study of master ning.

The master of the ning family sat behind the desk, looking at the junior standing in front of him with a headache, as well as the head butler who was kneeling on the ground and crying. His heart was full of frustration.

'Damn it, it's not a big deal! She had actually caused a scene in front of him.

If they couldn't even solve such a small problem, what was the use of keeping these people!

The more master ning thought about it, the angrier he became, and his expression became uglier and uglier.

Seeing this, Ning Yuan did not dare to say a word. He just lowered his head and counted the stones in front of him.

In fact, if it wasn't for the fact that the second elder insisted on coming to find the great ancestor to judge, he wouldn't have come at all. However, after coming, he didn't say a word and even pricked up his ears to listen to their reasons.

Ning haolan was even more cunning. He didn't enter the study at all, and instead stayed in the courtyard to drink tea with the first elder.

As the two of them drank tea, they perked up their ears to listen to the movements in the study. The expressions on their faces were extremely wretched.

“Little brat! What’s the situation?” The great elder asked very curiously, his face full of eagerness. If it wasn’t for the fact that this could be the ning family’s dirty laundry, he would have gone in to listen.

“The head butler is here to seek justice for his sister. Leng ruoxue, that grandaunt, seems to have drugged ning Lihua.” Ning haolan said with lingering fear. Before he came here, he had specially gone to take a look at ning Lihua. At that time, he was so frightened that he almost vomited. That was because the current ning Lihua was too horrible to look at. She did not even look human anymore.

Chapter 1574: Making the decision (4)

“Oh!” The great elder responded softly, thinking that it was indeed Xue ‘er’s masterpiece. That girl was too lazy, and liked this kind of method to save trouble. However, how did she get caught red-handed this time? This wasn’t her style at all!

“Great elder! Do you think great aunt ruoxue will be in trouble?” Ning haolan asked worriedly. He had thought that Leng ruoxue had only gone to persuade Ning Yan. He did not expect her to do such a thing! Ugh! The relationship between the head butler and second elder was extraordinary, and second elder’s status in the ning family was extremely high. Hence, he had a feeling that Leng ruoxue had gotten into big trouble this time.

“Little brat! You’re not calm at all! Xue ‘er isn’t that stupid!” The great elder said without a trace of worry. He was very clear about Xue ‘er’s character. That little girl might be young, but she had never done anything that she was not confident in. Therefore, he was not worried at all and only wanted to wait for a good show.

“Uh! That’s true!” Ning haolan said as he wiped the cold sweat off his forehead. It seemed like he knew too little about Leng ruoxue.

At this moment, Ning Yan also arrived.

Originally, when she received the news that the second elder had brought the elders and the head butler to her father’s place, she immediately went to inform ruoxue. Who knew that grape would actually tell her that ruoxue had fallen asleep and even told her to go back to sleep. God knows how she could fall asleep now!

“The Yan girl is here too.” First elder greeted Ning Yan with a smile when he saw her.

“En!” Ning Yan nodded and sat down in the empty seat next to them. She said guiltily, “Little sister ruoxue is doing this for me.”

“That girl doesn’t fight a battle she’s not confident in, so you can rest assured!” The first elder advised. Although he almost never left the house, Ning Yan’s matter these past few days could not be hidden from him. Not only that, but even old man ning knew about it. However, old man ning had no reaction because they were all waiting for Ning Yan to explode.

“Mm! I’ll go find father!” Ning Yan made up her mind and stood up.

First elder burst out laughing at her determined look, which made Ning Yan feel embarrassed.

“Gorgeous girl! Are you sure you want to go in now? They seem to be complaining inside!” The first elder said with an evil smile.

“I also want to complain!” Ning Yan said viciously. This matter started because of her, and she absolutely could not implicate her younger sister ruoxue.

At this thought, Ning Yan walked to the door of the study and pushed it open.

Everyone in the study glanced at Ning Yan, but no one spoke.

The head butler, who was in the middle of his confession, felt a little guilty after seeing Ning Yan and even forgot to continue.

“Yan ‘er is here, have a seat!” Master ning looked at Ning Yan and said.

He loved his daughter, Ning Yan, very much.

Although he had many children, those children were like mice seeing a cat when they saw him. Only Ning Yan dared to get close to him, so he gave her more love. However, it was because of this that Yan ‘er became the target of public criticism and there were many slanders. Therefore, although he loved Ning Yan, he hoped that Ning Yan could handle these things on her own. After all, he couldn’t Tie Ning Yan to his side all day long. The child had grown up. He had to be independent after all.

However, after the storm these two days, he felt that Yan ‘er seemed to be a little different.

“Thank you, Father!” Hearing master ning’s words, Ning Yan sat down on the chair closest to the desk without saying a word.

With Ning Yan’s presence, the head butler was not so at ease, because he was afraid that Ning Yan would dig up what had happened that day. If the master found out, it was hard to say whether his sister could keep her life!

“Head butler, please continue.” The master of the ning family glanced at the head butler and ordered indifferently.

“Yes!” The chief butler replied, but he did not speak for a long time.

After waiting for a while, Ning Yan revealed a beautiful smile and said with a smile that was not a smile, “Head butler, the patriarch has ordered you to continue!” Ning Yan’s tone was quite unfriendly, and the chief butler couldn’t help but shiver. No matter how much he looked down on Ning Yan, he didn’t dare to show her any attitude in front of the master, not to mention that he was very guilty.

“Master! My sister has been drugged and is now unconscious. Please, you must help her!” The head butler said as if he was forcing a duck onto a rack. As he spoke, his face was already covered in tears, as if he had suffered a great grievance.

Although he knew very well who had drugged his sister, he didn’t dare to say it without the master asking. Besides, Ning Yan was also involved.

“May I know the identity of the head Butler’s sister? How dare you disturb the patriarch’s cultivation? let him seek justice for you. ” Ning Yan asked sarcastically.

“This ... Although my little sister doesn’t have a high status in the ning family, she’s still a part of the ning family. How can she be treated like this? The person who had drugged her must be punished! This isn’t as simple as just drugging my sister, it’s also challenging the authority of our ning family! So, master, please punish the murderer and seek justice for my sister! Otherwise, it will only cause the hearts of the clansmen to turn cold.” The head Butler’s mind was spinning. He directly raised his sister’s injury to the family’s level, because he believed that for the ning family’s honor, the master had to support his sister.

His words resonated with some of the elders present. However, many of them were still not aware that the person who had drugged ning Lihua was Leng ruoxue. Otherwise, they would not have dared to come and look for the family head even if they were given a hundred guts.

“Master! The head butler was right! Someone actually dared to drug our ning family’s clansmen in the main residence. This matter must be severely punished! Otherwise, the clansmen will be in a state of panic.” An elder chimed in. The elder who had spoken was of a lower status among the elders, and he was eager to please the smooth-talking head butler. Therefore, he was the first to speak up.

After that, a few other elders agreed with him. Moreover, their purpose was the same.

Although the head butler could only be regarded as a high-ranking servant in the ning family, he was in charge of many internal affairs of the ning family. More importantly, the head butler was a favorite of the second elder. There was no harm in having a good relationship with him.

After hearing the words of the head butler and the elders, Ning Yan cursed in her heart, idiot! Now, let them echo enough! They would be crying later. Although she wasn’t sure if her father would do as they wished and punish little sister ruoxue, she was clear that her father was protective of her.

The head butler and several elders were talking at once, but the master of the ning family sitting in the chair closed his eyes. When they were done talking and saw the master of the ning family’s appearance, he smiled bitterly in his heart. Could it be that he had overreached himself? The atmosphere turned heavy.

After a long time.

Only then did the master of the ning family slowly open his bright eyes. He looked around at the people in the study and said in a very cold tone, “Are you done? Do you have anything else to say?”

Chapter 1575: Making the decision (5)

Everyone looked at each other. No one knew what their ancestor meant, so no one dared to speak first.

“Second brother! You’re the one who brought him here, do you have anything to say?” The master of the ning family lifted his eyes and looked at the second elder.

The second elder was his second son, but he was very old-fashioned. Therefore, their father-son relationship was more like a superior-subordinate relationship. The second elder respected him very much, but he never dared to call him father.

Second was his exclusive form of address, especially when he was unhappy. Otherwise, he would still give his son some face. After all, his son was not young anymore.

Hearing the word 'second', the second elder knew that he had angered the great ancestor. He was nervous, but he still braced himself and said, "Master! There can't be peace without rules. I think we should give our clansmen an explanation for this."

"Oh, really? Then do you know who's the one who drugged you?" The master of the ning family squinted his eyes and looked at the second elder in an unfriendly tone. Although this son was a little old-fashioned, his character was still okay. It was just that sometimes he was overprotective and couldn't tell right from wrong, which was quite a headache.

Moreover, he was well aware that the second elder definitely knew who the culprit was. Otherwise, he would not have brought the person in front of him in such a grandiose manner.

"This ... I heard from the head butler that this person is Leng ruoxue." The second elder hesitated for a moment before speaking. However, he felt a little depressed. He did not know whether it was right or wrong for him to bring people to the old Grand Madame. However, since Leng ruoxue was involved in this matter, how would he dare to deal with her so casually?

When Ning Yuan and the elder who did not know the truth heard the second elder's words, they were shocked and their faces turned pale. Did second elder treat them as his mattress? He knew that Leng ruoxue was the one who did it, yet he still wanted them to embarrass themselves in front of their Grand Madame? It was a good thing they didn't say anything more outrageous. Otherwise, their ancestor would make things difficult for them!

At this moment, they didn't dare to say a word and subconsciously kept their distance from the head butler. If they did, they would be scolded by the family head.

Actually, when they found out that Leng ruoxue was the elder ancestor's goddaughter, they were clear of her position in the elder ancestor's heart. After all, with the elder ancestor's status, how could he casually take in a goddaughter? but once he did, it was enough to show how much importance the elder ancestor placed on this person. But now, the head butler actually dared to pluck a hair from the Tiger's head. Wasn't he courting death? Right now, it was no longer important who was right or wrong. What was important was the old Grand Madame's mood. If he was bent on protecting Leng ruoxue, why would he care about what others thought? They dared to use the clan to force other clansmen to commit crimes, but would they dare to force their own ancestors? That would be courting death!

In a short moment, many people saw the situation in front of them and decided to be onlookers. Their reaction naturally could not escape the eyes of the ning family master. However, the ning family master was very unhappy with their decision to go with the flow. He even made up his mind to let Xue 'er teach these old sly people a lesson. At this moment, it also decided the miserable life of their future generations.

"Do you know why Xue 'er would do this?" After a long silence, master ning spoke again.

"Of course, it's because Leng ruoxue is arrogant and domineering, using her status as the family head to oppress her clansmen." The second elder said without hesitation. Of course, most of what he knew was from the head butler. He trusted the head butler and knew that he wouldn't dare to lie to him.

His words made Ning Yan raise her eyebrows. Was this self-righteous second brother talking about little sister ruoxue? Why did she feel like they were two different people?

“Are you sure?” After a while, the master of the ning family asked in a somewhat resentful tone.

“Of course I’m sure!” The second elder was very confident.

“Did the head butler tell you this?” The master of the ning family sighed. This son of his was really too immature. He actually believed everything he heard. It was a big taboo for such a person to be in a high position in the ning family!

“Not all of them! Clan head, I’ve interacted with Leng ruoxue a few times and I know a thing or two about her personality.” The second elder could hear the displeasure in the family head’s tone and quickly explained. Actually, from the first time he saw Leng ruoxue, he did not have a good impression of her. Otherwise, why would he allow Leng ruoxue to stay in a side courtyard? However, Leng ruoxue was the adopted daughter of the master. No matter how much he disliked her, he didn’t dare to go too far. However, it was impossible for him to get close to Leng ruoxue.

Leng ruoxue had a beautiful face that could topple a city. Her personality was also extremely flamboyant, and she was born with a domineering air. In front of the family head, she could do whatever she wanted and be as flamboyant as she wanted. This was exactly what the inflexible and strict him did not like. It was also because of this that he was biased against Leng ruoxue. Hence, when the head butler had just come to him to complain and ask for his help, he had brought her to the family head without a second thought.

And the cause of all this was jealousy.

However, the second elder had no idea that his prejudice against Leng ruoxue was due to his jealousy.

He was jealous that Leng ruoxue could live freely in front of the master and do whatever she wanted. He was jealous that she could live so freely and was even more jealous of the master’s unreasonable indulgence of her. Even Ning Yan would not be able to enjoy such treatment. However, the master had given all of this to someone who had no blood relationship with him.

Of course, this jealousy was hidden in the depths of his heart, and he had not noticed it at this moment. Hence, finding Leng ruoxue’s fault was the reason he naturally thought of the clan, even if this reason could not stand up to scrutiny ...

Chapter 1576: The sharp eldest miss ning (1)

After the second elder finished speaking, the master of the ning family looked at him for a long time without saying anything.

Master ning’s gaze made the second elder’s heart tighten, and then, his heart thumped! He jumped up and down. To be honest, he was very afraid of the family head’s current state. However, he answered every question the family head asked, so he didn’t feel that he had said anything wrong.

“Who else has anything to say?” After a long while, the ning family’s master asked with a frown. His eyes were deep and dark, causing the hearts of all the elders present to be in turmoil.

However, after everyone looked at each other, no one was willing to take over the ning family master’s problem.

Seeing this, the master of the ning family could only call out names.

“Ning Yuan! You tell me!” The master of the ning family said unexpectedly.

“Uh! What ... Did the patriarch say?” Ning Yuan laughed bitterly in his heart. He had dealt with Leng ruoxue before and knew that she was not to be trifled with. Moreover, they were in front of the old ancestor. Hence, he was extremely unwilling to get involved in this matter.

However, his silence did not mean that he could escape.

“What are you guys doing here?” The master of the ning family lifted his eyelids slightly, his eyes sweeping over Ning Yuan twice as he said indifferently.

“We were all called here by the second elder. He said that there was an important matter that needed the patriarch to make a decision, so we followed him here.” Ning Yuan racked his brains and finally came up with an excuse that he didn’t think was offensive. Little did he know that second elder was still very angry.

“Yes! It was the second elder who informed us to come. ” As soon as Ning Yuan’s words fell, some elders immediately echoed.

“Hehe! I didn’t know that you, a substitute master and so many elders, needed me to make decisions for such a small matter. Then what did the ning family raise you for?” The master of the ning family narrowed his eyes and said unhappily.

“Master! Because this matter involves your goddaughter, we can’t make a decision. ” The second elder said with a slight grievance.

“Oh, really? Head butler, how many years have you been the head butler of the ning family?” The master of the ning family turned his eyes to the head butler who was half-kneeling in front of him.

“It ‘s, it’s been thirty years!” When the head butler heard the master’s question, he didn’t dare to waste even half a second and quickly replied. He was very nervous because he, who thought that he could figure out the master’s intentions, actually couldn’t tell what the master meant. Also, when the master heard that the person who harmed his sister was Leng ruoxue, he didn’t have much of a reaction. Therefore, he was at a loss and his little heart was extremely uneasy.

“After thirty years, how do you feel about your performance?” Master ning asked again. After he finished, he picked up the teacup on the table and took a sip of tea, and his tone sounded more like he was having a casual chat.

“This subordinate believes that I have always been diligent, and my loyalty to the ning family can be seen by the sun and moon.” The head butler thought for a moment and said. He was being reserved. He did not praise himself too much, nor did he undervalue himself.

“All of you, how did the head butler perform? Tell me one by one, don’t make me name you. ” The master of the ning family asked the other people present. He was speaking here and there without playing by the rules, which made the people present a little confused. He was too honest! They were afraid of offending people, but if they were too fake, they were afraid of offending the old ancestor. They were very conflicted. More importantly, they still didn’t understand what the family head meant.

“Let’s start with Ning Yuan!” The master of the ning family added, and then said no more.

“Uh! You’ve been loyal to the family for so many years, but you’ve made mistakes.” Ning Yuan braced himself and said. After he finished speaking, he could not help but wipe the cold sweat on his forehead. To be honest, he really did not know how to say it. In fact, the head butler had a lot of problems, but he had never made a big mistake. In addition, the head butler was promoted by the second elder. Therefore, as long as he did not make a big mistake, he would give the second elder face.

“The head butler is absolutely loyal to the family, and he doesn’t shun his relatives when selecting talents.” With Ning Yuan’s lead, the other elders also knew what to say. Therefore, as soon as Ning Yuan finished speaking, an elder beside him rushed to say, afraid that someone else would say what he wanted to say.

In less than an hour, almost everyone present had given the head butler an evaluation. However, some of their evaluations were obviously just for show and did not contain any real content.

After hearing this, master ning turned his eyes to Ning Yan without a change in expression and said, “Yan ‘er, you tell me too!”

“Since father wants me to say it, then I won’t be polite.” Ning Yan stood up and said with a smile. Then, she changed the topic and talked about the Butler’s past.

“When the head butler first took over the position of head butler, he was indeed diligent and hardworking. However, after he got the hang of his work and got to know the relationships between all parties, he slacked off.” Ning Yan said calmly.

Who knew that just as she finished speaking, the head butler cried out, “Young miss! How could you say that about me? I’ve been the head butler for so many years, and everyone knows what kind of person I am. You can’t slander me.”

“Slander you?” “Do I need to slander you?” Ning Yan laughed coldly. Ning Yan smiled faintly. Although she rarely meddled in the clan’s Affairs, she knew a thing or two about the head butler. The head butler was a typical bully who feared the strong. If he could speak to her in such a tone in front of the master, he might even flaunt his power in front of the other clan members!

“Uh!” The chief butler was at a loss for words and felt a little anxious. Looking at Ning Yan’s unkind expression, his heart thumped and he recalled what had happened two days ago. Although he wanted to shut Ning Yan up, he didn’t dare to do anything in front of the master. Moreover, if he really did that, he was afraid that it would only confirm his guilty conscience. At this thought, he smiled awkwardly and shut his mouth.

Seeing that the head butler had stopped talking, Ning Yan continued, “I won’t mention the previous matter. Let’s talk about the recent years! The head butler is becoming more and more fond of bullying the weak and fearing the strong. Not only that, he’s also nepotism. Many of the important positions in the family are occupied by his people.”

Ning Yan’s words were like a bomb thrown into the crowd.

After hearing her words, the head Butler's face turned even paler and he trembled in fear. Although Ning Yan didn't say much, every word was piercing. Not only that, but Ning Yuan and the other elders also looked at him with a very thought-provoking gaze.

However, this was not the end.

"A few days ago, he took a fancy to the two brothers, Ning Hai and Ning Shan, and wanted them to marry his sister and daughter. The two brothers were unwilling, so he sent his confidant to threaten them. He even said that if they didn't do as he said, brother Ning Hai would never be able to make a name for himself in the ning family."

"The acting family head and all the elders should know what kind of woman ning Lihua is, right? Everyone hasn't forgotten brother Ning Hai's performance in the family competition, right? In the ning family, such a pair of brothers with a bright future were actually forced to marry. Wasn't this ridiculous? I'd like to know, what gave you the courage to do that?"

Chapter 1577: The sharp eldest miss ning (2)

"After that, I went to look for the head butler to settle this matter, but who knew that ning Lihua would actually dare to scold me in my face! She even said that I'm promiscuous and wanted to snatch her man! I'm sure everyone has heard the rumors from the past two days, it was all spread by ning Lihua." Ning Yan finished in one breath and felt a little thirsty. She picked up the tea on the table and took a sip. Just as she was about to continue, she was interrupted by the Butler, who had a livid face.

"Young miss! You don't have any evidence. How can you say it out loud?" The head butler was covered in cold sweat. His back was already wet, but he still wanted to deny it with a trace of hope in his heart.

That day, when the Miss and Li Hua had an argument, only the three of them were present, so he felt that as long as he didn't admit it, Ning Yan couldn't do anything to him. After all, even if the master wanted to punish them, he had to look at the evidence, and now Ning Yan just happened to have no evidence.

"No evidence? Seriously, there were only the three of us at the scene. You can't possibly be my witness and sell out your own sister, right? However, when I went to ning Lihua's place with little sister ruoxue today, guess what we saw?" Ning Yan asked with a smile, neither angry nor annoyed.

"What did you guys see?" The head Butler's heart clenched as an ominous premonition shrouded his heart.

"We saw ning Lihua having an affair with someone." Ning Yan didn't want the head butler to guess wrongly, so she gave him the answer directly.

"This, this is impossible!" The head butler quickly denied it, his heart so nervous that it was about to jump out of his throat.

"Is it impossible, or is the head butler trying to deceive himself? I wasn't the only one who saw it!" Seeing the chief Butler's mouth open and tongue tied, Ning Yan's mood suddenly improved.

Plop! The head butler directly knelt in front of the master of the ning family and said with a sad face, "Master! Li Hua wouldn't do such a thing, she wouldn't dare!"

When the head butler said this, he didn't have much confidence because he knew his sister's character very well. However, it was because he knew it that he couldn't admit it. After all, today was the final round of the family competition! If it was confirmed that his good-for-nothing sister had done something ridiculous, not only would his sister be driven out of the main house, but even he would be implicated.

He could not let that happen!

However, when the master of the ning family heard the head Butler's words, he did not even lift his eyes. Instead, he calmly drank his tea. However, he was quite happy in his heart because Yan 'er had never said such sharp words in the past. If Yan' er had said this earlier, the people in the family would not have dared to disobey her!

"Head butler, I have irrefutable evidence on this matter!" Ning Yan said with a smile, her heart filled with joy.

At this moment, not only was the head Butler's face ashen, but even the second elder's face was dark. The others' expressions were not any better.

In the past, Ning Yan had always kept a low profile and had never complained to anyone. Over time, some people in the clan thought that Ning Yan was easy to bully, including some elders, who looked down on her and were absolutely not afraid of her.

But today, Ning Yan had exposed the head Butler's actions in front of so many people. For a moment, everyone's feelings became complicated.

"Then, then please show us the evidence, young miss!" The chief butler struggled desperately.

"Head butler, I originally wanted to save you some face, but who knew that you would insist on me bringing out evidence. Sigh!" Ning Yan sighed and continued, "however, the evidence can't enter the forbidden area in the back mountain, so if you want to see the evidence, you can only go to the main residence."

Ning Yan turned to look at master ning.

"Yan 'er! Ask Ning Yan to bring the evidence to the forbidden area!" At the master of the ning family's command, Ning Yan happily went to give Ning Yan instructions.

Not long after, Ning Yan brought a dark-skinned attendant to the master's study.

The moment the attendant entered the study, he immediately knelt on the ground.

Seeing that Ning Yan had actually brought her personal attendant, the chief butler was stunned, not knowing what she was up to.

"Head butler, do you recognize this person?" Ning Yan pointed at the dark-skinned man.

"I recognize it! He's my attendant." The head butler didn't dare to deny it, and he couldn't deny it either. This was a well-known fact!

"He was the one with ning Lihua in the room today ..." Ning Yan stopped mid-sentence, but she believed that everyone present understood.

"Dammit! You'd better be honest with me, is what the young miss said true?" The head butler said viciously. He could not contain his anger and kicked the servant again. The servant rolled twice on the ground and then obediently got up. There was a trace of blood at the corner of his mouth, which was very obvious.

"Head butler, are you planning to silence me?" Ning Yan asked with a cold smile.

"How, how dare this subordinate!" The chief butler felt guilty. His eyes darted around quickly, trying to find a good solution.

"Hmph! It would be strange if he didn't dare! Don't be afraid, just tell me the truth! The head butler wouldn't dare to do anything to you." Ning Yan consoled.

"Yes! Young miss." The servant nodded gratefully and repeated what he had told Leng ruoxue and the others. After he finished, Ning Yuan and most of the elders could not help but look at the head butler with a strange gaze, which made the head butler feel uncomfortable.

This, this is not the first time Miss Li Hua has threatened me. Not only that, she has also threatened others." The servant added. He seemed to be cutting off all means of retreat. In fact, he had to tell the truth because he had to choose between the head butler and the eldest miss. He had made an oath before, so he chose Ning Yan without hesitation. He had already offended the head butler anyway. As the head Butler's personal servant, he naturally did not mind telling more.

"He also said bad things about the elders." The servant threw another bomb. Instantly, the elders went into a frenzy and glared at the head butler in unison. Then, they turned their eyes to the servant.

"Don't talk nonsense! I've been so good to you, how could you frame me? Who told you to do this?" The anxious head butler shouted. This time, he was really anxious. He almost reached out to cover the servant's mouth. F * ck! This servant knew a lot about him. If he were to reveal everything, would he still have a way out?

"Head butler! You shut up!" Suddenly, someone among the elders shouted. Then, that elder said to the servant, ""You continue!"

The servant nodded and continued, "Once, when the head butler was drunk, he told me ..." The attendant looked at the elders and deliberately paused.

An anxious elder saw this and quickly urged, ""Hurry up and tell me, don't dilly dally."

Chapter 1578: The sharp eldest miss ning (3)

"Yes! "That time, after the chief Steward got drunk, he told me that there were many fools among the elders of the ning family who were coaxed by him and even had to please him. He also said that in the

ning family, besides the master, the chief elder, and the second elder, he was the most glorious. Moreover, the position of the steward was also full of benefits. If the clansmen want a good future, they have to please him." The attendant said in one breath, and his words made the head butler so angry that he almost fainted.

Seeing the head butler faint, the elders present did not have any sympathy at all. Many of them even said in unison,""Patriarch, please seek justice for us."

"Don't you have any human feelings? The head butler has fainted from anger, and you're still hitting him when he's down?" The second elder growled angrily when he saw the reactions of some of the elders. However, he did not condescend to help the head butler up.

"And you! How could you betray your own master? You said this when the head butler was drunk. Can you take what he said when he was drunk seriously? Who can prove this?" The second elder glared at the servant with fire in his eyes.

Although he knew that the head butler had a lot of shortcomings and was greedy for small gains, he had always thought that the head butler would not dare to make any big mistakes because he was timid.

"Second elder! This subordinate's words are all true. If second elder suspects that this subordinate's words are false, this subordinate is willing to swear. " After the servant finished speaking, he did not wait for the second elder's consent and immediately swore an oath. After the rules of the contract were established, the hearts of the elders were even more inclined to the servant. Because if the servant had lied, he would have been killed by the rules of the contract long ago. How could he still appear in front of them in one piece? As for the unconscious head butler, there was no need to mention him!

The second elder saw that the servant had made an oath and was not punished by the rules of the contract, so he did not say anything more with complicated feelings. Usually, when there was a need for a confrontation, they liked to let the other party produce evidence. The oath would not be used unless it was absolutely necessary, because once the oath was made, even if there was the slightest bit of fraud, it would be erased by the rules of the contract. Therefore, few people would not take the oath seriously in order to win the trust of others.

"Second elder! The head butler also said that you're stupid. " Seeing that the second elder had stopped speaking, the servant shrunk his neck and whispered.

"What did you just say?" The second elder squinted his eyes, a cold glint in them.

"It's true! He said that you've been led by the nose by him and that you believed everything he said. He even said that it was all thanks to you for supporting him all these years. Otherwise, how could he have gotten so much profit?" The attendant hurriedly said.

"If second elder doesn't believe me, I can also swear on my own words." The servant added, but his words made Ning Yan and the others feel embarrassed. It seemed that they had met a servant who liked to make oaths. Wasn't he afraid that he would die if he made a casual oath? Even if they didn't have evidence, they wouldn't swear casually. Otherwise, the consequences would be unimaginable.

“What else can you do besides making oaths?” The second elder was a little angry. When he saw the attendant’s charming smile, the anger in his heart couldn’t be suppressed. Moreover, this attendant had clearly confessed the truth that he had overlooked all this time. This also put him in a difficult position!

“My mother told me that if you want others to believe you, but you can’t produce any evidence, swearing is the best solution. I can’t produce any evidence of what the head butler said, so I can only swear to prove my innocence.” The attendant said in all seriousness.

“You’re kind.” Ning Yan smiled happily and stepped on the head Butler’s hand without a sound, because she had accidentally seen the head Butler’s hand move while the old man was still lying on the ground pretending to be dead!

No! To be exact, the head Butler’s fainting was probably an act. Otherwise, his hand would not have moved uncontrollably when he heard the servant about to swear. He was obviously angry.

The head butler, whose hand was under Ning Yan’s foot, almost screamed in pain. However, in order to show that he had really fainted, he could only bear with it. Ning Yan would even kick him with her heel from time to time, so he could only clench his teeth and swallow the blood!

That damned Ning Yan! The head butler couldn’t help cursing in his heart. He knew that Ning Yan had definitely done it on purpose. Unfortunately, things had come to this. If he jumped up now, he would definitely be severely punished. So, he could only continue to pretend to faint. Fortunately, no one exposed him.

“This is what I should do.” The attendant tried to please her. Now that he had betrayed the head butler, he could only ask for the young miss’s protection.

“Father! I’ve already said what I need to say, so I won’t participate in this matter.” Ning Yan said, retreating in order to advance. Then, she sat back on the chair, ready to watch the show.

“Then, can someone tell me why Xue ‘er drugged ning Lihua?” The master of the ning family blinked, asking despite knowing the answer.

“Father! Little sister ruoxue is taking revenge for me.” Ning Yan did not give the other elders a chance to speak and rushed to speak.

“So that’s how it is! The head butler and ning Lihua actually dared to offend their superiors, this is an unforgivable crime. You guys discuss his crimes and deal with him as you like. We can not allow such a parasite in the family to be allowed to live!” Seeing that the matter was almost clear, the master of the ning family once again became a hands-off shopkeeper.

“Don’t worry, forefather! We’ll have a good discussion and give the head butler a reasonable punishment.” Ning Yuan quickly expressed his position.

“En!” The master of the ning family nodded in satisfaction.

“Master! Now that the head butler has fainted, should we wait for him to wake up and give him a chance to explain himself, in case he is not convinced!” The second elder said.

“Second elder, the matter is clear.” Ning Yuan frowned and reminded him. Was the second elder still not giving up? Hadn’t the old ancestor already decided on this? He couldn’t understand why the second elder would give the head butler a chance.

“Gossip is a fearful thing. I just don’t want any bad rumors to spread after dealing with the head butler. Not to mention, the head butler has fainted again. If we don’t give him a chance to explain himself, it will disappoint the clan.” The second elder said earnestly.

After listening to the second elder’s words, Ning Yuan’s mind turned quickly. In fact, it was not impossible to give the head butler a chance to explain, but he was afraid that the longer the delay, the more problems would arise.

At the thought of this, he turned his gaze to his ancestor.

The master of the ning family smiled and said, “Since second elder wants to give the head butler a chance, then let’s wait for him to wake up and let him explain himself!”

“Master! How should we deal with Leng ruoxue?” The second elder asked again, unafraid of death.

“You still want to deal with Xue ‘er?” The master of the ning family’s voice was filled with coldness, causing everyone’s heart to tremble. No one dared to agree with the second elder.

Chapter 1579: The sharp eldest miss ning (4)

“She drugged our ning family. She should be punished. Otherwise, we can’t explain it to our family.” The second elder said stubbornly.

“Didn’t you hear what Yan ‘er said? Xue’ er is taking revenge for her?” The master of the ning family asked coldly.

“Master! Ning Lihua will be punished according to the clan rules if she disobeys her superior, how can you use private punishment? if it was in our ning family, if we used such a method to resolve conflicts between clansmen, then wouldn’t the ning family be in a mess long ago?” The 2nd elder’s words were righteous, and even some of the more inflexible elders nodded their heads, but no one dared to speak out their thoughts.

“Second brother! Have you gone senile? Your little sister was bullied. As an elder brother, it’s fine if you don’t say that you’ll avenge me, but you actually want to cause trouble for little sister ruoxue. Hmph! Let me tell you, as long as I’m here, don’t even think about touching a single hair on sister ruoxue!” Hearing second elder’s words, Ning Yan angrily stood up from her chair and roared, and her beautiful eyes met second elder’s without any politeness.

“Yan ‘er! My words are still the same, if a Clansman makes a mistake, he will be punished according to the clan rules, and can not be punished by lynching. ” The second elder emphasized with a red face.

“Second brother! Although little sister ruoxue is father’s goddaughter, she is not part of the ning family. Therefore, the ning family’s rules can not restrict her!” Ning Yan reminded her, which meant that she should not use the clan rules to restrict Leng ruoxue.

“Since she’s not a member of the ning family, then how do we settle the score of her hurting a member of my ning family?” The second elder asked coldly.

“Second brother! You want to deal with sister ruoxue for the sake of ning Lihua, the sinner of the ning family? Hmph! Who was ning Lihua? She was just a servant of the ning family. If she didn’t have a big brother who was the head butler, how could she live like a direct young lady? Speaking of which, this was all thanks to second brother! Otherwise, they wouldn’t have had the chance to rise up the ranks!” Ning Yan laughed coldly.

“The head butler and his sister are your people. If you want to stand up for them, just say it. Don’t say it in such a grand manner, disgusting! However, I’ll also say this today. If sister ruoxue loses a single hair, I won’t play with you!” Ning Yan threatened again.

“Y-you’re really unreasonable!” The second elder trembled in anger, but he couldn’t do anything about Ning Yan. After all, she was the master’s most beloved daughter!

As for the elders present, they really didn’t know what to say when they saw the second elder and the eldest young miss brother and sister actually start quarreling without caring about their image. However, they still blamed the second elder for finding trouble for no reason. She was the ancestor’s goddaughter, so why was the second elder biting her and not letting her go! Was it worth it just for the sake of the head butler and ning Lihua?

All the elders who had seen it clearly chose to protect themselves in the face of the dispute between the second elder and the eldest young miss. Moreover, in order not to be pulled into the cannon fodder by the second elder, everyone turned their heads in unison and did not look at them, but their ears were perked up the whole time.

“All of you, shut up!” Suddenly, a loud shout rang in everyone’s ears, and this voice was not unfamiliar to them. Immediately, everyone’s hearts trembled. The old ancestor was angry.

“Father!” Ning Yan looked at her father pitifully, tears welling up in her beautiful eyes.

“Stop arguing! Second! Xue ‘er, don’t you dare touch her, I was the one who allowed her to drug ning Lihua, Hmph! She dared to humiliate my daughter. She’s lucky that I’m still letting her live.” The master of the ning family said in an extremely displeased tone, exuding a cold aura. His eyes were filled with disappointment as he looked at the second elder.

“Yes! Master!” The second elder answered unwillingly. He knew that with the family head’s protection, he could not convict Leng ruoxue of her crime.

“From now on, Xue ‘er’s words and actions in the ning family will be on my behalf. None of you are allowed to criticize her. If I need your cooperation, you are not allowed to refuse. I won’t let you off!” The master of the ning family said again. After he finished speaking, he ordered the guests to leave, not caring about how ugly the faces of the people present were.

However, after the ning family master said this, they finally saw the truth. That was, old Grand Madame really doted on this goddaughter. Otherwise, she would not have said such words. After today, they had to reevaluate Leng ruoxue’s position in the ning family.

Before leaving the study, the elders carried away the unconscious head butler. At this time, one of the head Butler's hands was swollen like a pig's trotter, blue and purple.

After the crowd left, Ning Yan stayed behind and looked at her father worriedly.

"Father! Your words just now will bring trouble to little sister ruoxue." After a moment of silence, Ning Yan finally couldn't help but ask.

"That girl isn't afraid at all. If someone really dares to cause trouble for her, then the unlucky one will definitely be someone else! Yan 'er, Xue' er's methods are much more powerful than yours. Furthermore, she's hard-hearted when it comes to dealing with enemies. I'm worried that many of those clansmen who don't have eyes will be played to death by her." The master of the ning family touched his chin and pretended to worry.

When Ning Yan heard his words, she burst into laughter! He laughed.

"Then why do you still give sister ruoxue such great authority? Aren't you afraid that she'll accidentally kill all of your juniors?" Ning Yan was speechless. She really didn't know what her father was thinking. Before those elders left, she saw many jealous gazes.

"A big tree needs to branch, but the rotten leaves on the tree also need to be cleaned. Otherwise, it will only affect the tree's roots." The master of the ning family sighed.

"Father, are you treating little sister ruoxue as a gardener?" Ning Yan was helpless and didn't know what to say.

"There's no other gardener more qualified than her." The master of the ning family laughed evilly.

"Father! You actually schemed against little sister ruoxue. If she finds out, you will be in trouble." Ning Yan couldn't help but remind her. After being with ruoxue for so long, she more or less understood ruoxue's character. Sister ruoxue would definitely not be willing to be schemed against by her father! When she thought of this, she actually felt a trace of anticipation in her heart.

"You silly girl. If only you were half as smart as Xue 'er. Do you think she doesn't know what I'm thinking?" The master of the ning family sighed.

"Argh! Little sister ruoxue knows?" Ning Yan was confused.

"Of course! We have a tacit understanding." The head of the ning family was a little smug. In fact, from the moment he knew that his daughter had been humiliated but did not do anything, that girl probably knew that he wanted to use her to do something. Coupled with the fact that it was because of Ning Hai and his brother, she had taken the initiative to help Yan 'er deal with ning Lihua. All of this could not escape his eyes.

"Tsk!" Ning Yan rolled her eyes at her father, then pulled master ning out of the study.

First elder and ning haolan were waiting for them in the courtyard.

The father and daughter sat down in the empty seats beside the great elder, but neither of them spoke first.

“You let the head butler go so easily?” The first elder asked in disbelief.

Chapter 1580: The sharp eldest miss ning (5)

“Didn’t he faint? I promised second that I would give him a chance to defend himself, in case he is not convinced!” The master of the ning family said helplessly, but there was a cunning look in his eyes.

“Don’t give me that. That guy was obviously pretending to faint. Don’t tell me you didn’t see it.” The great elder said in a bad mood. This old thing was clearly trying to whet his appetite! This was preposterous!

“So what if you can see it? Since he liked to act and pretend to faint, then let him act as much as he wanted. How could Yan ‘er stomp on his hand until it became a pig’s trotter!” The master of the ning family teased in a good mood.

“Uh!” Master ning’s words made Ning Yan’s cheeks flush red in embarrassment. She felt even more depressed. Boohoo ... She was caught doing something bad.

After chatting with them for a while, Ning Yan left in a hurry.

The next day.

When Leng ruoxue walked out of her room, she felt refreshed and in a good mood.

Grape and lotus seed’s mood also became better when they saw their miss’s appearance.

“Miss! I heard from eldest miss ning that yesterday, second elder brought the head butler to ask the head of the ning family to make a decision.” Grape said with a gossipy look.

“Oh! And then?” Leng ruoxue asked indifferently, obviously distracted.

“The head butler was carried out, I’m not sure about the rest.” Grape felt a little regretful. Sigh! It was their fault that they couldn’t enter master ning’s courtyard at will!

“Carried out? I’m so happy that I can sneak away now.” Leng ruoxue said with a hint of envy.

“Uh!” When grape and lotus seed heard Leng ruoxue’s words, their foreheads were full of cold sweat. They thought to themselves, “young miss ‘way of thinking is really different!” They went in standing and carried him out. They knew without thinking that the head butler must have suffered a huge blow. However, the young miss seemed to be a little envious.

Leng ruoxue could tell what the two maidservants were thinking. She chuckled and did not say anything. Actually, she had already expected what had happened yesterday. She had also thought of the consequences. Hence, she had returned to her room early.

After breakfast, Leng ruoxue headed to her Godfather’s courtyard, preparing to head to the competition grounds with them.

After entering the arena, before she could even sit in the VIP area, she felt a few intriguing gazes on her. However, she didn’t take it seriously and ignored them.

Before the competition even started, she was dragged away by Ning Yan.

“Sister Yan, where do you want to take me?” Leng ruoxue asked in confusion.

“To see the head butler and ning Lihua.” Ning Yan said mysteriously.

“Why are you looking at them?” Leng ruoxue looked at Ning Yan as if she was a monster. She thought to herself, “did Ning Yan take the wrong medicine?” He actually dragged her to look at those two things.

“Of course it’s to let you see their end, hehe!” Ning Yan laughed evilly and was extremely happy.

Leng ruoxue and Ning Yan chatted as they walked. Not long after, they arrived at the main Butler’s Courtyard.

At that moment, the head butler and ning Lihua were placed in a room. Furthermore, there were guards at the door. However, just as they reached the door, they heard soft moans coming from inside ...

Leng ruoxue’s face was filled with question marks. She looked at Ning Yan and asked, “This is ning Lihua and the head Butler’s room?”

“Mm! Ning Lihua’s illness always acted up, and the head butler was still unconscious, so the elders decided to put them in the same room, so that they could save one room!” Ning Yan blinked and smiled. Then, she told Leng ruoxue and the others about what happened in the study room yesterday.

After everyone heard this, their faces were filled with excitement.

Then, Ning Yan pushed the door open.

Even though they were mentally prepared, Leng ruoxue and the rest were still shocked. That was because at that moment, ning Lihua was actually sitting on the head butler. Furthermore, both of them were completely naked ...

Ning Lihua’s eyes appeared to be in a daze and her body was covered in bloody scratch marks. Some of them had already formed blood clots. However, at this moment, she was clearly very excited. Her chubby body kept on wriggling, making everyone feel nauseated. As for the head butler, his face had turned black and blue since he was not very strong to begin with. It was obvious that he had been unconscious for a long time. Moreover, this time, he had really fainted, or he had fainted because of something.

“Miss! How did ning Lihua know?” Grape could not help but ask.

“If I’m not wrong, she should have taken an antidote pill. Unfortunately, there is more than one poison in her body, and that antidote pill has reacted with a certain poison, thus forming a slow-acting aphrodisiac. However, according to my estimation, the effect of this aphrodisiac should not be too strong. She can only blame herself for not having enough self-control.” Leng ruoxue was speechless.

“This should be called” evil has its retribution “! If she knew her place, she wouldn’t have ended up like this today. As for the head butler, if she continues to torment him like this, he’ll definitely die of exhaustion!” Ning Yan sighed.

“What’s wrong? Sister ning’s heart has softened?” Leng ruoxue chuckled.

“Tsk! I won’t be soft-hearted! The head butler pretended to faint and was raped by his own sister. This has nothing to do with me! Besides, even if the head butler wakes up one day, I’m afraid he won’t have the face to see anyone. So, let him remain unconscious!” Ning Yan said very kindly.

“That makes sense. I think we should just go back and watch the game!” Leng ruoxue said with a smile.

“MMH! However, let’s do a good deed and inform the second elder! After all, the head butler is a trusted aide he has always relied on. ” Ning Yan was very understanding.
