

Crazy Wife 1581

Chapter 1581: Hierarch-level bodyguard (1)

Leng ruoxue nodded her head. Indeed, she should inform her master about this incident. However, she could not understand why the guards at the door did not report this to their master.

Actually, this was something that Leng ruoxue did not know. When they were locked up together, the elders had made it clear that as long as they were not allowed to escape, there was no need to report anything else. This was enough to prove that the head butler had been abandoned by the higher-ups of the ning family.

After Ning Yan, Leng ruoxue, and the others left the room where the head butler and his sister were locked up, they had specially found a guard to inform the second elder of this matter. Who knew that after the guard heard their orders, he actually had a difficult expression on his face, as if he was extremely unwilling.

“Young miss, young miss Leng, can you find someone else to do this?” The guard discussed pitifully. He was afraid that second elder would vent his anger on him if he went.

“Hey! Are you even a man! What was there to be afraid of? If I wasn’t a member of your ning family, I would’ve gone to tell that second elder. ” Grape, who was standing at the side, couldn’t take it anymore. She glared at him with her clear and bright eyes and roared with a look of disdain.

Grape, who was getting more and more hot-tempered, shouted directly. Lotus seed and the others looked at the timid guard with disdain, causing the guard to lower his head in shame. He was just short of finding a hole to hide in.

“You don’t need to be put in a difficult position. Just tell the second elder that something has happened to the head butler. Don’t say anything else. As for whether the second elder will come or not, that’s his business.” Leng ruoxue sighed softly and said helplessly.

“Yes!” After the guard heard this, although he was still a little hesitant, he did not reject it as much.

After the guard left, Leng ruoxue and Ning Yan immediately returned to the competition grounds.

However, before he could sit down, the second elder went to Leng ruoxue angrily.

“Dammit! What a good thing you’ve done!” The second elder’s face was ashen. His eyes were wide open as he glared at Leng ruoxue.

“What good thing did I do?” Leng ruoxue was a little surprised.

“You’re still playing dumb, aren’t you? You almost killed the head butler. ” The second elder was so angry that his chest was trembling and he was panting heavily.

“You mean the head butler? Second elder, I didn’t do anything to the head butler, so you can’t blame this on me. ” Leng ruoxue furrowed her brows and said impatiently.

“You dare to say it wasn’t you? You weren’t the one who drugged ning Lihua?” The second elder shouted at the top of his voice, not caring about his image.

“I was the one who drugged ning Lihua, but the aphrodisiac wasn’t.” Leng ruoxue was very clear why second elder had come to find her. However, she was a person who dared to admit to her actions. If she did it, she would not deny it. If she didn’t, then others could forget about pinning the blame on her.

“You said it wasn’t you, then who did it? Other than you, no one else has drugged her.” The second elder said unyieldingly. He was so angry that his face was red and his neck was thick, and the veins on his forehead were throbbing.

“It’s her, or rather, it’s them.” Leng ruoxue said calmly.

“You, you still dare to quibble!” Second elder was even angrier after hearing Leng ruoxue’s words.

At this time, the ning family’s master, elders, and others sitting there knew that something had happened to the head butler again. Then why couldn’t the head butler stop? I haven’t even been convicted of my own crimes, and I actually caused trouble again. It’s really troublesome! Everyone couldn’t help but think to themselves, and they looked at the second elder with a hint of disapproval in their eyes.

After all, from their point of view, the head Butler’s crime could not be exonerated. Furthermore, the master had confirmed Leng ruoxue’s position in the ning family. Hence, it was an extremely unwise decision for a head butler who was about to step down to go against Leng ruoxue. Hence, second elder had to fight this battle alone.

“I’m not quibbling, I’m just telling the truth. Second elder might not be able to accept it, but it’s the truth! I put a few drugs on ning Lihua’s body, but there was no Aphrodisiac in it. The purpose of the drug was only to make her suffer a little so that sister Yan could get back at her. I didn’t want to take her life, and those drugs all have a time limit. As long as she endured for a few days, she would naturally recover without any drugs. Unfortunately, she took an antidote.”

“The medicine I gave her wasn’t really poison. After she took the antidote, it just happened to react with the other medicinal properties, so it became a slow-acting aphrodisiac. However, even if it’s a slow-acting aphrodisiac, the effect isn’t very strong. As long as she has enough self-control, it’s nothing.”

“As for the head butler, I wasn’t the one who put him in the same room as ning Lihua. Even though his body isn’t as strong as ning Lihua’s, he shouldn’t have been unable to resist when faced with such a situation. How could he have been ... This is indeed interesting. Perhaps second elder can investigate this properly.” Leng ruoxue’s beautiful eyes revealed a faint smile as she suggested.

“You, you’re clearly being unreasonable!” The second elder was so angry that his entire body was trembling. He pointed at Leng ruoxue and stuttered.

“Second elder! Miss Leng has made it very clear that this matter really has nothing to do with her, so don’t hold on to her, Al! This can only be considered an accident!” At this moment, the seated third elder opened his mouth to speak. This was also considered his way of expressing his goodwill towards Leng ruoxue. After he had finished speaking, many other elders also expressed their goodwill towards Leng ruoxue and spoke up for her.

Seeing this situation, second elder was so angry that he could not say a word. Leng ruoxue's clear and beautiful eyes looked around at the elders who had spoken out for her and expressed her gratitude with her eyes.

"Second brother! The matter of the head butler ends here. You should quickly choose a new head butler. The clan's miscellaneous Affairs can not be left unattended." The master of the ning family frowned and made his decision. He was more and more disappointed with his second son, but at the same time, he was more determined to his original idea.

"But master, the head butler hasn't woken up yet. Didn't you agree to give him a chance to defend himself?" The second elder lowered his head and reminded him in a low voice.

"Forefather, second elder, these are the crimes of the head butler that I've sent people to collect. Please take a look." Ning Yuan found the right time to speak. He handed two thick piles of evidence to the ancestor and the second elder.

In fact, he had already planned to replace the head butler. Unfortunately, the head butler had the second elder's support. Therefore, he did not dare to make a move on the head butler without sufficient evidence. Now was a good opportunity, so he would not let the head butler have a chance to make a comeback no matter what.

The master of the ning family skimmed through the book and finished it in a few minutes. After reading it, he suppressed his anger and said, "Don't give him any more chances. Tomorrow, send his entire family to Biancheng. They're not allowed to leave for life."

No one dared to object to the words of the master of the ning family. After the second elder saw the evidence, he didn't dare to speak up for the head butler. There was a lot of evidence. Although the things above were not very serious in his opinion, the number of mistakes made was too large. When added together, it was enough to make the people of the ning family angry.

Chapter 1582: Hierarch-level bodyguard (2)

"As for the second elder, remove him from his position as an elder for now. From now on, he will be Xue'er's bodyguard." The master of the ning family said again. His decision was like an atomic bomb that exploded among the elders.

All the elders and Ning Yuan looked at each other. No one dared to say a word, but their sympathetic eyes followed the second elder, making his face turn darker and darker.

"Master! Why did you revoke my position as the second elder? What did I do wrong?" The second elder's face was full of disbelief, his eyes wide as he stared at the master of the ning family.

"As an elder of the family, I don't expect you to treat everything equally, but excessive selfishness and jealousy are taboo among the higher-ups. Do you think the chief butler would dare to do all these things without your support? And now that things have come to this, you still want to clear his name! Hmph! Our ning family doesn't need such a selfish elder. You should reflect on yourself for a while! From now on, you're Xue'er's bodyguard." The master of the ning family said firmly.

After the second elder heard the words of the master of the ning family, he was completely stunned.

“Godfather! I can’t afford to use the second elder.” At this moment, Leng ruoxue pouted her pink lips and spoke with slight dissatisfaction. She was extremely dissatisfied with this arrangement because she was very clear that she could not command the old fogey second elder.

“Xue ‘er! Since he’s your bodyguard now, you can do whatever you want with him. Whether you hit him or scold him depends on your mood. I won’t interfere.” Master ning smiled and tried to please her. He knew what Xue ‘er was afraid of, but he would never give Leng ruoxue a chance to reject him!

“Godfather! This kind of thing can’t be one-sided, I don’t want a disobedient subordinate.” Leng ruoxue looked at the dark-faced second elder. No matter how she looked at him, she was not satisfied.

“Xue ‘er! Didn’t Godfather say it before? You can do whatever you want to him, be it scolding or beating.” Master ning’s voice was pleading.

At this moment, the second elder had also regained his senses. He knew that the family head’s words carried enormous weight and no one could go against them. Even though he was unhappy, he had no way of rejecting her. However, he did not expect that Leng ruoxue would not want him either. This had hurt his pride.

“You, wretched girl, you dare to despise me!” The second elder’s brows furrowed as he pointed at Leng ruoxue and roared in anger.

“Don’t you also despise me? We’re the same. Since we don’t see eye to eye, why force ourselves to be together? A melon that is forcefully twisted is not sweet, there will be no happiness if you force it.” Leng ruoxue raised her brows slightly. A smile flashed across her bright eyes, so fast that no one could catch it.

However, Leng ruoxue’s words ... Left everyone at the scene at a loss for words. There seemed to be something wrong with her words, but they could not put their finger on what it was. Furthermore, other than the family head, second elder, and Leng ruoxue, no one else dared to even breathe loudly. They were afraid that the family head would target them and throw them to Leng ruoxue to be her attendant or something. If that happened, how could they still face others?

“Uh!” Second elder was speechless. Leng ruoxue was right. He was a thousand times, ten thousand times, unwilling to be her bodyguard. However, what was the use of his unwillingness? Could he resist the master? Although he was already a reverent-God, he was as fragile as a child in front of the master. As a member of the ning family, he had a natural worship for the ning family’s ancestor. This worship came from the blood and was innate. Therefore, they were born with the mission of protecting the ning family’s honor, which had been deeply embedded in their bones. Therefore, even if he was unwilling, he could not resist the decision of the ancestor.

“Little girl! Wouldn’t it be a greater sense of accomplishment to turn an unwilling melon into a willing melon?” The master of the ning family reminded him with an evil smile, a hint of slyness quickly flashing in the depths of his dark eyes.

“Alright then!” Leng ruoxue nodded. She knew that Godfather was determined to give this inflexible second elder to her. Hence, no matter what reason she came up with to reject him, Godfather would go back on his word. Since that was the case, she would accept it reluctantly!

“Wretched girl! I’m a reverent-God!” Looking at Leng ruoxue’s reluctant expression, the anger in second elder’s heart surged to his head. This wretched girl had hurt his pride. Although he was not willing to do so, he would not allow others to despise him!

“What’s wrong, divine Lord?” Leng ruoxue did not think much of it. Even though reverent-god level cultivators were considered top-notch cultivators in the God World, even top-notch cultivators would not be able to withstand being surrounded and attacked! She had so many Beastie in her hands, and one spit from each of them would drown him.

“You ...” The second elder was so angry that he pointed at Leng ruoxue, unable to speak.

“You what? I’m your master now! You can either call me master or young lady. If you dare to call me wretched girl again, I’ll punish you!” Leng ruoxue’s clear and beautiful eyes glared angrily as she threatened him.

“You ...” The second elder stammered for a long time, but he couldn’t say a word.

“Grape! Discipline him!” Seeing that second elder was talking about her again, Leng ruoxue turned around and instructed grape without hesitation.

“Yes! May I ask miss, what kind of family discipline should we use?” Grape asked in a low voice. She had followed the young miss for so long, why didn’t she know that the young miss had family laws?

“Didn’t I give you so many pills? You can give any one of them to the second elder.” Leng ruoxue said with a smile. The smile on her face was as bright as a Hundred Flowers blooming.

“Understood!” Grape nodded. Then, he smiled at the terrified second elder, took out a pill and threw it into his mouth.

In an instant, the second elder was rendered speechless. His entire body was stiff, and he could not move at all. However, his eyes were fixed on Leng ruoxue.

Seeing this, Leng ruoxue wasn’t angry. If second elder didn’t have any reaction, then it would be quite boring!

However, when the other elders saw the second elder’s appearance, they were a little bewildered because they didn’t know what had happened to the second elder. He had only taken one pill, so why couldn’t he speak or move? This was really too strange.

Actually, the reason why second elder could not move was because Leng ruoxue had given him a drug that made his entire body stiff. After all, his opponent was a reverent-god level cultivator! With grape’s strength, there was no way she could do anything to him. After that, grape gave the second elder a pill that made him temporarily mute. Hence, the second elder ended up in this state.

The second elder stood there unmoving. Even though the crowd pitied him, no one dared to speak up for him. Leng ruoxue turned her head to the arena, not even bothering to look at him, treating him like air.

Today was the second day of the finals of the family competition. The competition was divided into two parts, and the rules were the same as the previous day.

As for Leng ruoxue, she only paid attention to the match between Ning Shan and Ning Hai.

Chapter 1583: Hierarch-level bodyguard (3)

Ning Hai's match was the same as the previous day. There was not much suspense. If his opponent admitted defeat, he would advance directly.

As for Ning Shan's match, because his opponent's strength was above his, many people thought that he would stop at the family competition, and the truth was similar to their guess. Who knew that at the last moment, Ning Shan would make a huge reversal. He burned all of his divine power as the price and finally won against his opponent and advanced. This price also caused Ning Shan to be seriously injured. His opponent could not participate in the next competition because of his severe injuries.

After Ningshan's match ended, Leng ruoxue brought the grapes and lotus seeds to the contestants' seats.

At this time, Ning Shan had already taken the healing pill given by his family and was lying on the bench. Ning Hai was guarding him at the side, and a few contestants were staring at them with unfriendly expressions.

When he saw Leng ruoxue walking over, Ning Shan struggled to get up.

"Don't move!" Leng ruoxue said with slight displeasure.

"Big sister ruoxue." Ning Shan could tell that Leng ruoxue did not seem too happy, so he did not dare to move.

"Shan 'er! Do you know what you did wrong?" Leng ruoxue checked on Ning Shan's injuries and asked with a straight face. Ning Shan's injuries were very serious, and many of his meridians were broken. Even if he had taken healing pills, it was impossible to completely heal his injuries. The main reason was that the grade of the pill was low, and his injuries were too severe. In order to completely heal his injuries, he would need a healing pill that was at least a high-grade divine pill. And those were hard to come by, so the ning family would naturally not let them use it so easily.

After all, even though they were quite talented, the ning family had no lack of young talents. Unless they were as talented as ning haolan, this family competition would most likely be their final stage.

The competition was cruel, but the competition was even crueler. This was a competition to select the elites of the ning family. Those who could survive until the end were naturally the elites among the elites, and any elite had gone through countless fights and battlefields, through the glint and flash of blades and swords. Although the ning family forbade people from killing each other, this rule was obviously not applicable in the competition, because what the ning family needed was true talent, not an embroidered pillow that only had a false appearance.

In this family competition, only the final winner would be remembered by the family. As for the losers, they naturally had their own paths to walk. However, the premise was that they still had the opportunity

to serve the family. For someone like Ning Shan, even if he won, he would probably be abandoned because of his severe injuries. His opponent's outcome would be even more miserable.

"Sister ruoxue, I know I was wrong. But I didn't think too much at that time. I just wanted to win that competition." Ning Shan understood Leng ruoxue's meaning and knew that his actions were too reckless. Furthermore, not only were his injuries too severe, but he had also caused his opponent to lose the chance to compete.

Looking at his opponent who was lying on the ground weakly, Ning Shan felt very guilty. He had his brother to take care of him when he was injured, but his opponent was all alone. Even his family had given up on him. This made him feel that the world was cold and the human heart was cold.

Thinking of this, he felt more and more guilty and uneasy. His opponent's injuries were more serious than his, and it was likely that he would become a cripple in the future. This would also become a worry that would accompany him for the rest of his life.

Seeing that Ning Shan's expression was getting darker and darker, Leng ruoxue knew that the time was right. She then slowly opened her mouth and said, "Shan 'er, you're still young. You shouldn't place so much importance on the gains and losses of a match. Besides, it's not like you don't have a chance anymore, so there's no need to use that method of yours that would hurt both yourself and your enemy. You know, because of your competitiveness, not only did you stop in the competition, you even harmed your opponent. He's only your opponent in the competition, not your mortal enemy. You really shouldn't ..."

Leng ruoxue had only finished half of her sentence, but she knew that Shan 'er would understand what she meant. Shan 'er's opponent was not a despicable person and had always followed the rules during the competition. Furthermore, his strength was indeed above Shan 'er's. However, he probably did not expect Shan 'er to go all out and use that desperate attack. Hence, he was not mentally prepared and was injured to the point of dying.

In fact, according to her thoughts, Shan 'er's opponent wasn't without problems. At least, she didn't estimate her opponent well enough. Although this was only a family competition, any situation could happen. She even thought that there might be some contestants who had been bribed to do things that would harm others and harm themselves. These situations should have been thought of before the competition and taken precautions in advance, just in case.

However, she did not know Shan 'er's opponent, so she naturally had no obligation to teach others. She only wanted Shan 'er to understand that victory was not the only result. Most importantly, she had to know how to judge the situation. Blindly showing off her courage and ruthlessness would only lead to her losing her life early.

"Sister ruoxue, I ... I will take care of him in the future." Ning Shan lowered his head and said in embarrassment.

"Silly boy, even if you want to take care of me, I don't necessarily need you to take care of me! Come, eat this." As Leng ruoxue spoke, she took out a healing pill and passed it to Ning Shan.

Ning Shan looked at the milky-white pill that was glowing and knew that it was not an ordinary pill. Furthermore, it was of a higher grade than the one he had just eaten. Thinking of this, Ning Shan handed the pill to Ning Hai and said, "Big brother! Let him eat this pill!"

"Alright!" Ning Hai looked at his brother and was very pleased. He took the pill and walked over to Ning Shan's opponent, stuffing the pill into his mouth. This matter started because of Ning Shan, so it was understandable for Shan 'er to give the pill to his opponent. Therefore, he agreed with this.

"Sister ruoxue, you won't blame me, right?" Ning Shan said somewhat embarrassedly after presenting Buddha with borrowed flowers.

"What's the use of blaming you? you've given it all to someone else!" Leng ruoxue said with a straight face on purpose.

"Sister ruoxue!" Ning Shan could tell that Leng ruoxue was angry. He looked at Leng ruoxue with red eyes, feeling wronged. He, he did not want to live in uneasiness for the rest of his life, so he would rather his own injuries not be cured than for anything to happen to her. Otherwise, he would feel guilty for the rest of his life.

Seeing tears welling up in Ning Shan's eyes and his aggrieved look, Leng ruoxue could not help but burst out laughing. Seeing this, grape and lotus seed also laughed.

"What are you laughing at?" Ning Shan felt even more aggrieved. Boohoo ... They were really bullying him. They actually laughed at him.

"You really are a silly boy. My family's young miss is an Alchemist, and what she doesn't lack the least is medicinal pills. Why are you still acting pitiful?" Grape said with a smile.

"Argh! "Sister ruoxue, then my injury ..." Ning Shan came to his senses and looked at Leng ruoxue with anticipation. His expression was like that of a dog who wanted to please its master, his eyes sparkling.

Chapter 1584: Godly venerable rank bodyguard (4)

"Take it! You can't be so reckless in the future. Winning or losing isn't important, but even if you win, the ning family elders will think that you're headstrong and not a promising talent. So, don't lose more than you gain, because you've lost more than you can gain." Leng ruoxue warned as she passed Ning Shan the same pill.

"Mm! Big sister ruoxue, I won't be like this in the future. I will use my own strength to prove myself. I will definitely become a peerless expert." Ning Shan promised. For a moment, his aura soared, and that pair of doe-like eyes also became brighter.

"This is more like it." Leng ruoxue chuckled and patted Ning Shan's head as if she was petting a puppy.

"Miss Leng, thank you for saving my life." Suddenly, a loud male voice rang in Leng ruoxue's ears. Leng ruoxue turned around and saw a tall and boorish man standing beside her, looking a little uneasy.

The man had a square face and handsome features. He was very manly, and with his tall figure, he was definitely a man with a resolute character and a daring attitude. At this time, the injuries on his body

had all healed, but his clothes were still bloody and looked very scary. However, his figure matched his expression, which was quite interesting.

“You’re welcome, it’s just a small matter. ” Leng ruoxue said with a smile. To be honest, she did not want to take the credit. She just wanted to make fewer enemies for Ning Shan. Besides, if Ning Shan had not used such an extreme method at the end, the winner would have been this man.

“Not everyone will do that.” The man was very stubborn. He firmly believed that Leng ruoxue was his Savior.

“What if I said that if Ning Shan had not hurt you, I would not have cared about your life or death!” Leng ruoxue asked with a smile.

“This is only human nature. After all, I’m just a stranger to miss Leng.” The man replied without any hesitation. In other words, he meant that Leng ruoxue had saved him. Even if it was a simple act, she was still his benefactor. If she didn’t save him, it was only natural.

After Leng ruoxue heard the man’s words, she was speechless. Not only was this man stubborn, but he was also very open-minded. He was a talent that could be nurtured. Furthermore, from his expression, he did not seem to be dissatisfied with Ning Shan.

“Miss Leng, I’m going to prepare for the next match. If there’s a chance, I’ll definitely repay your great kindness.” After the man finished speaking, he bowed to Leng ruoxue and turned to leave.

Leng ruoxue stared at the man’s back in a daze. Could it be that she was looking for trouble for herself again? And the truth proved that she was right!

After seeing Ning Shan, Leng ruoxue did not pay any attention to the following matches. She brought her maidservant and left the competition grounds. However, after today’s competition ended, there were only 12 people left. The fewer people there were, the more intense the following matches would be.

As soon as Leng ruoxue returned to her residence, Ning Yan came.

The two of them sat on the stone chairs in the courtyard, staring at each other.

“Sister Yan, is there anything I can help you with?” Leng ruoxue could not help but ask when she saw Ning Yan sighing.

“Little sister ruoxue! Do you still have the healing pills you gave to Ning Shan and ning Bo?” Ning Yan sighed and asked.

“There are! What’s wrong?” Leng ruoxue was confused.

“If someone asks you, don’t say there’s more, understand?” Ning Yan reminded him worriedly and looked around.

“Why?” Leng ruoxue knew that someone must have had ideas about her pills. However, the ning family shouldn’t be lacking in healing pills, right?

“Someone wants to get the pill from you. However, I’m not sure if they want to buy it. Just don’t tell them you have it. I don’t think they would dare to snatch it from you.” Ning Yan said with a look of disdain. After hearing the news, she immediately came to tell ruoxue so that she could be mentally prepared.

“Why do you say no? If they want it, I can sell it to them, but I can’t give it to them for free.” Leng ruoxue chuckled. It was a waste to give her this.

“You idiot, even if they buy it, how much can they give you? not only will you not be able to sell it for a good price, but you’ll also get angry. Why do you have to do this?” Ning Yan’s beautiful face was full of disapproval, and her beautiful eyes, which were as clear as autumn water, even had a hint of threat.

“Sister Yan, it should be the ning family who wants the pill, right? You’re the young lady of the ning family, how can you help an outsider!” Leng ruoxue couldn’t hide her smile.

“Wretched girl, in my eyes, they are the outsiders! I’ve warned you, don’t say there is! Even if they buy it, they won’t give you much.” Ning Yan was worried and reminded him again.

“Sister Yan, if the price they offer is right, we can sell it to them, really! But I’m curious, your ning family shouldn’t be lacking in healing pills, right?” Leng ruoxue asked. One had to know that the Grand Elder of the ning family who had yet to reveal himself was an Alchemist.

“I don’t lack ordinary healing pills, but I don’t have many of the ones you gave to Ning Shan and ning Bo. It’s not that I can’t make them, but the materials are too hard to find.” Ning Yan explained.

“Hmm, that’s true!” Leng ruoxue nodded her head. The higher the grade of the healing pill, the more precious ingredients would be required. Of course, precious medicinal ingredients couldn’t be found everywhere like the huge radishes. They also didn’t have a heaven-defying space like Leng ruoxue. Hence, it was only natural that high grade healing pills were expensive and rare in quantity.

“Little sister ruoxue, I’ve said what I wanted to say. You should do as you see fit! I’ll go back first. By the way, father second elder has already sent someone to bring it to you. It should be here soon.” Ning Yan thought for a moment and then stood up and left in a hurry.

“Miss ning, why did you leave so suddenly?” Grape looked at Ning Yan’s back, puzzled.

“Hahaha! She’s always like this, but when we left, we seemed to have left second elder at the competition venue. Fortunately, Godfather sent someone to bring him to me.” Leng ruoxue laughed evilly as a glint of light flashed across her eyes.

“Miss! Are you really planning to take the second elder as your bodyguard? He won’t listen.” Grape said gloomily. The second elder had been in a high position for many years and was not easy to get along with. Therefore, she really did not wish for the second elder to become her companion. Looking at the second elder’s grim face, no one’s mood would be good.

“What else can I do? Godfather has already made up his mind. I can’t reject this hot potato.” Leng ruoxue said helplessly.

“Al!” Grape sighed, looking helpless.

However, Speak of the Devil.

Just as the two of them were sighing gloomily, the second elder, who had an esteemed status, was carried by a few guards into Leng ruoxue's courtyard. After the guards put down second elder, they were not willing to stay for even a moment longer. They saluted Leng ruoxue and ran off with their butts on fire.

Chapter 1585: Hierarch-level bodyguard (5)

Although second elder's expression was stiff and he could not move, his eyes were still wide open. The anger in his eyes was burning. If looks could kill, Leng ruoxue would have died many times over.

"Miss Leng." A person stood out from behind the second elder and greeted Leng ruoxue with a respectful expression.

"What are you doing here?" Leng ruoxue looked at the man who had suddenly appeared and found it funny. He was clearly hiding behind second elder.

"I'm ning Bo!" The man said softly. He looked ill at ease and his face was flushed red from shyness. He kept rubbing his hands, but he didn't know where to put them.

"En!" Leng ruoxue nodded. She already knew his name. What she wanted to know was his motive for coming here.

"Miss Leng! I want, I want to follow you! The head of the family has already agreed to let me come to you." Ning Bo stammered at first, but he finally managed to speak smoothly. However, he was so nervous that his heart was beating wildly. He kept his eyes fixed on the ground, not daring to look at Leng ruoxue.

"Follow me? Why?" Leng ruoxue was a little surprised. With ning Bo's talent, he had a high chance of being in the top three in this competition. Even if he didn't follow her, the ning family would focus on training him. He would have a bright future. So, she couldn't understand why ning Bo had to follow her, who was weaker than him.

"You're my Savior. Only by following you can I have a chance to repay your kindness. Miss Leng, you might think that my strength is too low, but I won't cause you any trouble. Furthermore, I will also work hard in my cultivation and I guarantee that I won't be a burden to you." As ning Bo spoke, he raised his head abruptly, his dark eyes full of expectation and uneasiness.

"Staying by my side means leaving the ning family and your own family. You have a bright future in the ning family, so why do you have to suffer by my side?" Leng ruoxue sighed and said disapprovingly.

"Miss Leng, if it wasn't for you, I don't even know how long I could have lived. Moreover, because of my injury, my family felt that I had no future and abandoned me. It was you who saved me and gave me New Hope. You are my second parent. From now on, I will definitely follow your lead. As for my family, I don't have any hope anymore, and I won't give them another chance to abandon me. It's not that I'm cold-blooded, but I've recognized the truth. Please understand, miss Leng." Ning Bo said in fear.

Although his family had looked for him after the incident, he no longer felt anything for them. In the past, his family had pampered him because of his good aptitude. However, they had abandoned him

immediately after he was injured. How could he not be disappointed? This was not something a real family member would do. Fortunately, his parents had passed away long ago. Otherwise, he would not have been able to leave so decisively!

After ning Bo finished his words, he stared at Leng ruoxue with anticipation, but more than that, he was worried that he would be rejected.

“You’ve decided?” Leng ruoxue asked after a long while.

“En!” Ning Bo nodded his head vigorously. A ray of Starlight flashed across his eyes. However, Leng ruoxue did not ask him to stay, so he did not dare to let his thoughts run wild.

“Then you can stay! However, I won’t allow any betrayal.” Leng ruoxue said indifferently.

“Don’t worry, miss Leng. Since ning Bo has decided to follow you for life, he will never betray you.” Ning Bo said with a firm look. After that, he even signed a loyalty contract with a blood oath to show his loyalty.

“Hehe! You’re one of us from now on, let’s go! I’ll arrange a room for you.” After the contract was completed, grape said enthusiastically.

“Thank you!” Ning Bo was about to leave with the grapes, but he suddenly saw the second elder’s wide-eyed eyes, so he said uneasily, “What about the second elder?”

“Don’t worry about him. He’s no longer the Honorable second elder. He’s my young lady’s bodyguard!” Grape said disapprovingly.

“Ah!” Ning Bo’s eyes widened in disbelief. When did this happen? why didn’t he hear about it?

“Don’t make a fuss, this isn’t a big deal.” Grape did not think much of it. In her opinion, this second elder was not worthy of her young miss at all. He was not worthy of being her young lady’s bodyguard. Although he had the strength of a reverent-God, a bodyguard who did not listen to her was useless. Besides, reverent-God was only so-so! Wasn’t he still unable to move because of her young miss?

“Uh!” Ning Bo was a little depressed, thinking, “is he too restless?” However, for the ning family, this kind of thing really couldn’t be kept calm.

Grape dragged ning Bo, who was not very calm, away. Leng ruoxue also patted her butt and went back to her room to sleep. For a moment, only a statue with eyes burning with anger was left in the courtyard. Unfortunately, other than sulking in the dark, he could not do anything.

The next day.

Leng ruoxue walked out of her room and first took a look at second elder, who was standing stiffly in the courtyard with a few fallen leaves hanging from his body. Then, she went to have breakfast.

Then, she left the courtyard with the grapes, lotus seeds, and ning Bo, who was going to participate in the competition, leaving the second elder, who was still glaring at her, to look after the house. As for how angry the second elder would be, it was not within her scope of concern.

When she arrived at the venue, Ning Yan immediately went to find her and mysteriously pulled her to an empty corner.

Seeing Ning Yan in this state, Leng ruoxue's beautiful face was filled with question marks. Her bright eyes could only stare at Ning Yan without blinking.

"Little sister ruoxue, don't look at me like that. It's making my heart race. I'm embarrassed." Ning Yan's beautiful face blushed as she said something shocking.

Chapter 1586: A threat (1)

Hearing Ning Yan's words, Leng ruoxue's forehead was filled with black lines. She thought to herself, 'sister Yan looks like she's in a good mood!' He actually learned how to joke. In her heart, although Ning Yan was a carefree and hot-tempered woman, she did not like to joke. Could it be something good? Her face was full of suspicion.

"Sister Yan is actually embarrassed, how rare." Leng ruoxue gave it some thought and smiled.

"Wretched girl, isn't it normal to be shy?" Ning Yan glared at her with her bright eyes and growled in anger.

"MMH! It's normal!" Leng ruoxue coaxed.

"Alright! I'm not joking with you anymore, I'm telling you! This morning, the head Butler's family had already set off for Biancheng. As for the new head butler! I don't think it'll be easy to choose." Ning Yan smiled slyly.

"Why not? Didn't Godfather ask the acting patriarch and the elders to quickly choose a Chief Steward?" Leng ruoxue looked at Ning Yan in confusion, her beautiful face full of question marks.

"Little sister ruoxue! For a top-notch family like ours, it's not an easy task to choose a chief butler. Too many people are involved, and the chief butler is a lucrative job with many people eyeing it! What's more, those elders also want their confidants to become the chief butler, which is a good thing for them. So, as far as I know, they discussed it all night last night, but they didn't come to a conclusion. They finally decided on two candidates, one is our ning family's second Butler, and the other is the ning family's direct line." Ning Yan explained with a faint smile. She was a woman and it didn't matter much to her who became the head butler. However, she also hoped that the new head butler would be someone she was satisfied with. Therefore, she had been paying attention to the movements of Ning Yuan and the others.

"Whose trusted aides are these two candidates?" Leng ruoxue immediately understood after hearing Ning Yan's words. It must be because the various forces of the ning family had not come to an agreement and wanted their own people to become the head butler. The two people who won in the end should be the result of the two strongest forces of the ning family. It seemed that it wasn't good to have too many family members. There were too many small groups.

"The second housekeeper is on the side of the acting patriarch, and the other direct descendant is on the side of the third elder." Ning Yan said honestly.

“The elders who supported the second Butler and the ning family’s immediate family each accounted for half. No one was willing to take a step back, so they were in a deadlock. In the end, they decided that the two candidates would each have a trial period of one month. Whoever performed well would be the head butler.” Ning Yan added.

“So, the third elder agreed?” Leng ruoxue asked. This idea seemed good, but third elder seemed to be at a disadvantage.

“He agreed. This idea was suggested by haolan, so even if he had an opinion, he would have to bear with it. Besides, this is considered impartial. As long as that direct descendant of the ning family works hard, he might have a chance. After all, the eyes of the family are clear and father is in charge of the family. No one would dare to play too big of a trick.” Ning Yan said with a smile.

“I wonder who sister Yan wants to be the head butler?” Leng ruoxue suddenly asked.

“Of course I support the promotion of the second Steward. He’s the trusted aide of the acting patriarch, which means he’s also one of haolan’s men. When haolan becomes the patriarch in the future, it’ll save him a lot of trouble. Don’t look at how head butler is a servant of the ning family in name, but managing the food and clothing of such a top family, the profits are very big.” Ning Yan said honestly.

“That makes sense.” Leng ruoxue nodded slightly. However, she did not think that Sly Fox ning haolan would be willing to use the substitute Master’s Men. Even if the substitute master and ning haolan were on the same side, he was still a level away from the second housekeeper. It might not be easy to use him. Moreover, it was better to use his own men than to use someone else’s.

“Sister ruoxue, the trial for the two substitute butlers will begin today. The first one will be the direct descendant of the ning family. However, the second housekeeper will still have to act as his second housekeeper and assist the substitute Butler. Do you think they will start fighting if they don’t agree?” Ning Yan was very curious, and her bright eyes flashed with excitement.

Leng ruoxue was speechless after hearing what Ning Yan said. Did Ning Yan think she was too free? He actually wanted to watch them fight. However, the substitute Butler who was on probation today would definitely not be successful.

“Sister Yan, what did that direct descendant of the ning family do in the past?” Leng ruoxue could not help but ask.

“I don’t know. Although he’s a direct descendant of the ning family, he’s almost never stayed in the main residence. No one knows about his past either. He’s a rather mysterious person.” Ning Yan said after some thought.

“Uh! Why didn’t the ning family first understand the other party’s experience before choosing a head butler?” Leng ruoxue said as she wiped the cold sweat off her forehead.

“That’s the person recommended by the third elder. Ning Yuan and the others should know about him, right? Don’t worry! The third elder wouldn’t dare to joke about this.” Ning Yan said disapprovingly.

Leng ruoxue did not know what to say when she saw Ning Yan’s relaxed expression. It was fine if she was a petty person. If third elder had the intention of betraying her and arranged for someone of unknown origin to take such an important position, it would be a huge blow to the ning family. Of

course, this was just her assumption. However, if everyone in the ning family was as muddled as Ning Yan, the ning family would be swallowed up sooner or later. Sigh!

“Sister Yan, I think it should be announced first whether the acting Master and the others know or not. At least, we should let the ning family know that the head butler of the ning family is not an embroidered pillow, and he did not get his position through nepotism. This will also be beneficial for the head Butler’s future work. Otherwise, how many people will believe him?” Leng ruoxue said in a serious tone.

“Sister ruoxue, you’re so thoughtful. I’ll mention it to Ning Yuan when I have the chance.” Ning Yan said after some thought.

“Yes, sister Yan, the competition has started. Let’s go and watch the competition!” Leng ruoxue said to Ning Yan when she saw that the battle in the middle of the stage had already started.

“Alright!” Ning Yan turned around and returned to her seat.

After Leng ruoxue returned to her seat, first elder sneakily approached her.

“Little girl, what have you been doing? The competition has already started. ” The great elder’s face was filled with curiosity, and his eyes kept blinking.

“Great elder, you’re already so old, yet you’re still trying to act cute like others!” Leng ruoxue looked at first elder’s bright and watery eyes as she chuckled and teased.

“Wretched girl, you can’t bully people like this, hehe! I just want to know what you’re doing!” The great elder laughed slyly, his eyes growing brighter and brighter.

“Nothing much, I was just casually chatting with sister Yan.” Leng ruoxue laughed.

“What did you guys talk about?” The great elder asked.

“We talked about some ... Women’s secrets.” Leng ruoxue paused on purpose before continuing.

“Tsk! I thought you were discussing how to deal with the second elder!” The first elder said with some disappointment.

Chapter 1587: A threat (2)

“Grand Elder, do you have a grudge against the second elder?” Leng ruoxue was speechless.

“No, I didn’t! I’ve been a little bored recently, but girl! Now that the second elder is in your hands, you have to seize the opportunity! If you can tame that old fogley, you’ll have a powerful bodyguard. It’ll only be beneficial to you. ” The first elder reminded with a smile. Of course, it would be perfect if he could witness the process of taming the second elder.

“Great elder, I appreciate your kind intentions, but he’s a reverent-God, and his strength is much higher than mine. How can I have the ability to tame him?” Leng ruoxue’s beautiful face showed a hint of awkwardness. To be honest, she really didn’t want second elder. That fellow was definitely not someone to be worried about.

“Tsk! Girl, you’re still pretending! I’ll believe it if others say they can’t do it, but if you say you can’t, I won’t believe it even if you beat me to death.” First elder did not fall for it. Even now, he was still unsure of how many trump cards Leng ruoxue had. How could he believe that she had no way of dealing with second elder?

“Little girl! I have confidence in you! You can do it!” The great elder added.

“Great elder, we’ll talk about this later. Let’s watch the competition first!” Leng ruoxue sighed softly and said helplessly. She did not know why the first elder had so much confidence in her. She did not even have the patience to tame that old fellow.

Following that, Leng ruoxue turned her gaze towards the competition arena.

There were 12 participants in the competition today, and ning Bo was one of the people she needed to pay attention to. With ning Bo and Ning Hai’s strength, it shouldn’t be a big problem for them to enter tomorrow’s game. However, as Ning Shan only had the strength of a deity, it was a little uncertain whether he could advance to the next round. However, after what she had said yesterday, Ning Shan would probably not show off again.

It turned out that her words yesterday were still very effective. Ning Shan’s opponent in the first round was another Sir God besides Ning Hai. After he went on stage, Ning Shan chose to admit defeat without hesitation. There was no suspense at all. He was only one level higher than him. Perhaps he could still try. However, he had no chance at all if he was two levels higher. Choosing to admit defeat and save his strength was the right choice.

Ning Hai’s opponent was a god tier master. After he got on the ring, he fought with Ning Hai for dozens of rounds. After testing Ning Hai’s strength, he chose to surrender.

Ning Bo’s opponent was also a god tier master. Although ning Bo won in the end, it was not an easy victory. As a result, Ning Hai and ning Bo had entered the top eight.

After the first part of the competition ended, there was a short break before the next part of the competition began.

As it was a two out of six selection, the second part of the competition used a round-robin format.

This round-robin competition was very disadvantageous for Ning Shan, because he was the weakest among the six participants. Moreover, the other five people regarded him as a soft persimmon that could be easily pinched. They all wanted to get points from him, because in the eyes of the other five people, he was basically giving away points.

The final result was just as Leng ruoxue had expected. Ning Shan did not advance to the top eight. However, among the six participants, he did not lose the worst. This was because he had unexpectedly won two rounds of the competition. This result had already made him very excited. After all, he was still young and would have the chance to participate in the clan competition in the future. Hence, he was not as depressed as others had thought.

After the day’s competition ended, Leng ruoxue especially praised Ning Shan, her little tail that she was so proud of was about to rise up.

After that, Leng ruoxue brought the grapes, lotus seeds and ning Bo back to their living quarters.

As soon as they entered the courtyard, they saw the second elder lying on the ground. Seeing this, ning Bo quickly ran over with worry.

“Second elder! What’s wrong?” Ning Bo said nervously. Second elder can’t die! Otherwise, it would be a huge loss for the ning family. After all, a reverent-God wasn’t a big carrot. It wasn’t easy for the family to cultivate a reverent-God! He must not die so easily.

In fact, he was overreacting. How could a reverent-God die so easily? Compared to him, Leng ruoxue and the other two were much calmer. The three of them did not even look at second elder as they walked straight to the stone chair in front of him and sat down.

“Don’t worry, his feet are just numb from standing for too long. He won’t die. ” Grape rolled his eyes at ning Bo and said unhappily. He was a little dissatisfied with ning Bo.

This ning Bo even said that he wanted to follow his miss! However, when she saw the old man of the ning family on the ground, she immediately became nervous. This was absolutely unforgivable in her eyes!

In fact, ning Bo was nervous because he had lived in the ning family for decades. His respect for the ning family had long been deeply ingrained in his blood. The reason why he followed Leng ruoxue was also because Leng ruoxue had done him a favor. However, following Leng ruoxue did not mean that he would see the ning family as an enemy. Although his family was a little cold-blooded, he was still grateful to his family for raising him for so many years. Moreover, he had only followed Leng ruoxue for a short time. Even if he had sworn an oath, he would not be able to do so for a while. The habit of protecting the family was hard to change, so it took time. However, no matter how important the ning family was to him, he would not betray Leng ruoxue. This was for sure.

“Uh!” Ning Bo was stunned. He looked at Leng ruoxue again, feeling uneasy. “Oh ... Is miss angry with me?” he thought. This was really just a habit of his.

“You, help me up!” At this time, the second elder who was lying on the ground could finally speak. He pointed at ning Bo and said, “F * ck!” He had been lying on the ground for a long time, but he couldn’t find anyone. He finally saw her, but she was still in a daze. He was so angry!

After hearing second elder’s words, ning Bo looked at him and then at Leng ruoxue. In the end, he didn’t dare to make a move, because he could see that the young lady and the others didn’t seem to like second elder. He would be following them in the future. If he offended these three women, he might end up like second elder. Thinking of this, he couldn’t help shivering. He was scared just thinking about it.

“Second elder, you better get up on your own! He’s my subordinate, you have no right to order him around. ” Leng ruoxue said with a smile.

“You, you wretched girl, he’s a member of our ning family.” The second elder gritted his teeth as he reminded him. He was so angry that the veins on his forehead were throbbing.

“Grape! Continue to serve me with the family rules!” Leng ruoxue ignored the second elder and ordered grape.

“Yes! Miss!” Grape was overjoyed. She had already fallen in love with enforcing the family rules.

She walked in front of the second elder and used her finger to poke the second elder, whose body was a little numb and soft. Then, she threw a pill into his slightly open mouth. In the blink of an eye, the second elder, who was unable to resist, became mute again.

Chapter 1588: A threat (3)

“Argh! Ah!” Seeing the second elder’s eyes burning with rage and his hands gesturing non-stop, trying to stand up but unable to even get up, grape’s mood became even more pleasant.

Ning Bo’s eyes and mouth were wide open, not knowing what to say. It turned out that the second elder couldn’t speak because he had been punished by the Family Law! Sob ... So scary, he had better be more honest! He was very afraid that grape would use this family law on him.

“Ning Bo! Don’t think of him as the second elder anymore. He’s now our young miss’s bodyguard, and his status is the same as yours.” Looking at ning Bo who was in a daze, grape patted his shoulder and reminded him.

“Mm! I need a few days to get used to it.” Ning Bo said with some embarrassment. He had never thought that one day he could be on the same level as the second elder. This was really exciting. However, he believed that the second elder would definitely feel uncomfortable.

“You can get used to it, but you are not allowed to help him. Otherwise, you will be one more person to enjoy the family punishment.” Grape’s beautiful eyes glared angrily as she warned.

“I won’t! I won’t help him!” Grape’s threat was very effective, and ning Bo quickly promised.

“That’s a good girl! I’m going to make dinner.” Grape nodded in satisfaction. Then, he pulled lotus seed to prepare the meal.

After the dishes were ready, the four of them sat on the stone chairs in the courtyard and started eating. The second elder, who was still lying on the ground, could only smell the fragrance and watch helplessly.

After the meal, the four of them went back to their rooms to sleep.

Late at night, the second elder’s numb body finally recovered.

He stretched his arms and legs, then stomped angrily to the kitchen of the main house.

Ever since he had become a reverent-God, he had rarely eaten. However, the ning family still had the habit of preparing three meals. After all, having a high cultivation level did not mean that they did not want to eat. The purpose of eating was not because they were hungry, but to satisfy their appetite. Therefore, the food of the ning family was mainly exquisite and delicious.

Tonight, the food that the wretched girl and the other three had eaten had hooked his appetite. However, the wretched girl did not leave any food for him, so if he wanted to eat, he could only go to the main residence.

When he arrived at the kitchen of the main house, he saw that there was no one in the kitchen, so he looked around. However, to his disappointment, he only found a few vegetable leaves after looking around.

That didn't seem possible. The second elder muttered to himself. If he remembered correctly, the food of the ning family would be prepared regardless of the time. Of course, except for the higher-ups of the ning family who were elders and above, the other clansmen were not qualified to enjoy such treatment at night.

The second elder stood in the kitchen, lost in thought. Then, he turned around and left the kitchen.

The second elder was extremely depressed about not being able to eat anything. Without realizing it, he had actually walked to the ning family's vegetable garden.

In the ning family's main residence, there was a piece of land that was specially used to grow vegetables and fruits. It had to be said that the ning family was a very luxurious family. In the divine world where every inch of land was worth its weight in gold, they had actually made such a large piece of land just to satisfy their own desire for food. Needless to say, the only person who would do this kind of thing was the master of the ning family.

Entering the family's vegetable garden, the second elder's eyes brightened as he looked at the green and fresh fruits in the garden. He began to pick them in a hurry.

No matter what it was, he put it into his storage ring first. When he felt that it was almost full, he patted his butt and left. At this time, the vegetable garden had already been made a mess by him.

On the way back to the kitchen, he picked out another ornamental fish from a River in the main house. He caught two of the fattest and biggest ones, and then happily returned to the kitchen.

There were dishes and fish, but there was no cook!

The second elder was depressed. His hands had never touched the sun and spring water. If he wanted him to cook for himself, it would be harder than ascending to the heavens.

After thinking for a while, he decided to make a hard trip to find a Clansman who could cook.

After he found the person, he grabbed the person by the collar and brought him to the kitchen.

"Second, second elder! You want me to cook this fish for you?" The Clansman asked in a trembling voice. There had been rumors recently that the second elder's mental state was abnormal. Could it be that the second elder had really gone crazy? Those were family-raised ornamental fish! Looking at the size of the fish, it was definitely the largest in the river.

"What's wrong? I can 't?" The second elder's eyes were wide open as he spoke with a displeased expression.

"Yes, you can!" The unlucky Clansman wanted to cry but had no tears. If the second elder wanted to eat it, would he dare to say no? After this matter was exposed, no one would dare to blame the second elder. It was just two fish! What's the big deal?

“Then hurry up and do it! If it’s good, I’ll give you half!” The second elder was very generous. There were all kinds of fish in the river anyway, so he wouldn’t feel bad even if he ate one or two.

“Thank you, second elder.” The unlucky Clansman had a bitter expression on his face. Wu...Could he reject such good intentions? He really didn’t dare to eat this fish.

Looking at the clansmen he had captured as able-bodied men cooking, the second elder found a corner to rest. After standing like a statue for so long, his body was still not very comfortable! ‘That damned girl. If I get the chance, I’ll definitely take revenge for this punishment. Oh right, I’ll also take revenge for making me a mute. However, it seems that the time for me to become a mute has been shortened. Although I don’t know what happened, I can’t let that damned girl know about this.’

Not long after, the dishes were ready.

Although there were only four dishes and one soup, it was very appetizing. The second elder saw that he was very satisfied with the dishes and called for the unlucky clansmen to sit down and eat.

After the unlucky Clansman sat down, he casually took two bites and said that he was full. As for the fish, he didn’t even dare to touch his chopsticks.

Seeing this, the second elder did not force him. After eating and drinking to his heart’s content, he returned to his residence to sleep.

The next day.

When he opened his eyes and woke up, he was surprised to find that he was sleeping in the courtyard, and it was that wretched girl’s residence.

F * ck! What was going on? He clearly remembered that he had returned to his own room. Why was he in that wretched girl’s territory when he opened his eyes? was there a ghost? He didn’t believe that Leng ruoxue could kidnap him without him knowing. After all, he was a reverent-God! What was a reverent-God? That was a peak level expert of the divine realm, how could a mid level deity possibly stand against a reverent God? No matter how he thought about it, he could not figure it out. Furthermore, when he saw his current situation, he was so angry that his face turned green, the veins on his forehead popped out, and his chest trembled because he was completely naked under the blanket!

“The second elder is awake!” Grape’s voice rang in the second elder’s ears.

“Hmph!” Looking at the four people in front of him, the second elder snorted coldly and turned his head away.

“Second elder, you’re so arrogant! However, you’re no longer the second elder of the ning family, and you still dare to give my family’s young miss a hard time! He really refused a toast only to drink a forfeit! Miss! Do you want to be punished by the Family Law?” “You’re courting death!” Grape said angrily, her beautiful eyes spitting fire as she glared at the second elder.

Chapter 1589: A threat (4)

“Wretched girl, how dare you speak to me like this!” After hearing grape’s words, the second elder was so angry that he jumped up from the ground. As the blanket on his body fell off, his naked body was revealed to the four of them.

Upon seeing this, grape hurriedly took out a memory crystal and snapped a photo of second elder. Leng ruoxue and the other two turned around in unison.

“Wretched girl, what are you doing?” The second elder saw the memory crystal in grape’s hand and became even angrier. However, in his anger, he completely forgot that he was naked.

“Second elder! Although your figure isn’t that great, don’t waste it. I believe that many people will be interested in your naked body.” Grape said with a smirk.

“Dammit!” The second elder suddenly remembered that he was not wearing any clothes. He quickly picked up the blanket on the ground and wrapped himself up. Then, he stretched out his arm to grab the grapes.

Grape’s mind shifted, and he kept the memory crystal into his ring. Then, he nimbly dodged, avoiding the second elder’s demonic claws.

Seeing this, the second elder continued to reach out for the grape. However, compared to the second elder, who was wrapped in a blanket and could not move freely, the grape was much more agile. Just like that, the grape and the second elder began to chase each other in the courtyard ...

“Miss! Why don’t we help grape? the second elder is a reverent-God!” Lotus seed looked at the two people chasing each other in the courtyard and said worriedly. She was afraid that the second elder would be angry and kill the grapes.

“No need! The second elder won’t be able to catch her.” Leng ruoxue laughed evilly as a cunning glint flashed across her beautiful eyes. Then, she sat down on the stone chair again, ready to watch a good show.

The second elder chased after the grapes, but no matter how hard he tried, he could not catch the grapes that were as slippery as loaches. Furthermore, he had to pull the blanket with one hand. It was truly rather tiring. Not long after, he was drenched in sweat and panting heavily.

“What are you guys doing?” Suddenly, a deafening roar rang in Leng ruoxue’s and the others’ ears.

Leng ruoxue and the rest looked towards the direction of the voice and saw the ning family’s master and Grand Elder leading a group of people standing at the entrance of the courtyard. The ning family’s master’s face was ashen, while the Grand Elder had a gloating expression on his face. As for the others, they were all dumbfounded.

“Second brother! What are you doing?” The master of the ning family walked into the courtyard unhappily with a dark face, then sat down on an empty stone chair.

“Master! “I ...” Second elder’s heart trembled, and cold sweat immediately appeared on his forehead.

What should he say? Did he say that someone had recorded his naked body? If this matter was known to others, he would lose all his face. Wu ... This hateful woman, she was really too evil!

“You what? You’re a reverent-God after all, but you’re actually wrapped in a blanket and chasing a maidservant in the courtyard. What kind of behavior is this? If word gets out, wouldn’t my ning family’s face be completely lost by you?” The master of the ning family was furious.

“Master! I know I was wrong.” The second elder lowered his head and said gloomily. However, the resentment he felt towards Leng ruoxue and the others grew even deeper.

“Why aren’t you getting back and putting on your clothes? What a disgrace!” The master of the ning family ordered.

“Yes!” “Yes,” the second elder replied obediently and disappeared in a flash.

After the second elder left, Leng ruoxue looked at her Godfather with a faint smile, “Godfather! What are you doing here so early in the morning?”

“What, you don’t want to see your Godfather?” The master of the ning family said angrily.

“How can that be? Oh! Is Godfather here to freeload for a meal?” Leng ruoxue guessed with a smile.

“Uh!” The master of the ning family was a little embarrassed. Xue ‘er had guessed it right. He had brought so many people here to let them learn how to cook from Xue’ er. However, they seemed to have come at the wrong time.

“Xue ‘er! What the hell were you guys doing just now?” The master of the ning family changed the topic. The smile on his face was much more amiable than before, so much so that the ning family members who had come with him couldn’t help but sigh in their hearts. The master’s face changed faster than turning the pages of a book!

“Nothing much, grape and second elder were just playing around!” Leng ruoxue said perfunctorily.

“Oh!” The master of the ning family nodded, and then said, “Xue ‘er! Let these two maidservants of yours teach them how to cook!”

“Why?” Leng ruoxue was a little bewildered. From what she knew, the ning family’s chef’s dishes were not bad.

“The food they make is always lacking in taste. It’s not as good as the food your two maidservants make.” The master of the ning family said with a look of disdain.

“Alright then!” Leng ruoxue nodded. This wasn’t a big deal.

Following that, grape and lotus seed brought the group of people that master ning had brought to the kitchen to observe. After they had breakfast at Leng ruoxue’s place, they went to the competition grounds together.

As soon as he sat down in the guest’s seat, Ning Yuan came to the master of the ning family with a dark face and reported in a low voice, “Old ancestor, there was a thief in our house last night.”

“Who would be so bold as to steal from the ning family? Didn’t the guards who were patrolling last night notice?” The master of the ning family raised his eyebrows slightly and said in disbelief. He thought that

the ning family's defense was already one of the best in the divine world. If a thief really dared to come, he would not be able to leave alive.

"Old ancestor, it should be the work of a traitor." Ning Yuan continued.

"A traitor? What did you lose? Investigate thoroughly! Hmph! After the investigation, you must be severely punished!" The master of the ning family was very angry, and the consequences were very serious. If it was an outsider, he might not be so angry, but not only could he not let this traitor go, but he also had to kill a hundred of them! After all, there was a good saying, "it's hard to guard against a thief in the house if you're on guard day and night!"

"We lost some fruits and vegetables, as well as two ornamental fish. We also found some fish bones in the kitchen." Ning Yuan said helplessly. To be honest, the old ancestor's words made him feel a little embarrassed. He did not lose anything valuable, so he did not know if he should follow the old ancestor's instructions!

"Uh! What kind of person was so wicked! You even stole these things!" The master of the ning family was speechless. Although these things were limited every day, if the clansmen in the main house wanted to eat, they only needed to inform the second housekeeper to record the bill. Why did they have to steal it in the middle of the night? This person was too lacking in class!

"This ... We're still investigating!" Ning Yuan was very depressed.

"Investigate! If you find out, just give them a warning!" The master of the ning family sighed. He didn't know whether to laugh or cry. It seemed that nothing like this had ever happened in the ning family for so many years!

"Yes!" Ning Yuan nodded and returned to his seat without a sound.

When Leng ruoxue heard the conversation between her Godfather and Ning Yuan, she was already laughing in her heart. She knew who the vegetable thief was, but she could only pretend that she didn't know because of the second elder. After all, the second elder was her man now!

Following that, Leng ruoxue turned her gaze towards the competition arena.

Chapter 1590: A threat (5)

There were only eight contestants left in today's competition.

At this time, the eight contestants were already standing on the Rings with high fighting spirit. The eight of them were fighting against each other, and the four rings would also compete at the same time. This was also to show the fairness of the competition and to prevent people from secretly playing tricks. The winner of the first round would advance directly. The other four contestants would go through a round-robin competition like yesterday's competition, and only one person would enter the final.

With the referee's whistle, the matches on the four rings officially began.

Ning Hai's opponent was the Sir God who was at the same level as him.

After the two of them drew a group, the other participants heaved a sigh of relief. Ning Hai and the monarch-God had long wanted to fight each other. Therefore, both of them held back their energy. Their group's competition was also treated as a preview for the battle for the championship by the audience.

On the arena.

Ning haixiao looked at his opponent with a confident smile.

"I've long heard about you!" Ning Hai cupped his fists slightly.

"Thanks for letting me win!" Ning Hai's opponent also saluted back. Because the order of fighting was decided by drawing lots, he was the first one to fight in this match.

Ning Hai nodded and stared at his opponent with his bright eyes.

In an instant! The opponent made his move. An aqua blue Dragon soared into the sky and pounced at Ning Hai. Seeing this, Ning Hai condensed a seven-colored Phoenix with his earth-type divine power and met the Aqua blue Dragon fearlessly ...

In an instant, the dragon and phoenix were entangled together, causing dazzling sparks to fly!

After the next attack, it was time to compete in speed.

Ning Hai's speed was obviously faster than his opponent 's. Before his opponent could make another move, he also used his water divine power to condense a light blue Phoenix.

The Phoenix was semi-transparent, its long tail feathers floating in the air. Its lively eyes were fixed on its opponent, and suddenly, a loud Phoenix cry resounded through the sky. Immediately after, the beautiful Phoenix gracefully flew towards its opponent ...

Seeing this, Ning Hai's opponent used his divine power to form a giant Blue Dragon.

A Dragon and a Phoenix met in mid-air! A collision!

A 'bang' was heard. With a loud sound, a dazzling light shot into the sky ...

Then, the two dragons and two phoenixes dancing in the air were in a stalemate.

This kind of competition was not only a competition of levels, but also the storage of Shen power in the body.

Under normal circumstances, the higher the level of a deity, the more divine energy would be stored in their body. However, there would always be one or two abnormal beings who were different from the rest. For example, Leng ruoxue. Although her strength was only at the mid-level deity level, the abnormal amount of divine energy in her body was so much that it was almost in a liquid state. Hence, level did not determine one's strength. However, it was fortunate that there were not many abnormal beings in the divine realm, and one like Leng ruoxue was definitely one of a kind. Otherwise, how could the others live?

Leng ruoxue, who was sitting on the stage, had been watching Ning Hai's match. However, when she saw the two of them in a stalemate, she knew clearly that whoever had more divine power would be the final winner.

Just as Leng ruoxue had expected, after the two of them had been in a stalemate for a while, Ning Hai's opponent's physical strength was gradually running out, and his divine power was almost exhausted. The divine power on the two dragons that he had conjured with his divine power was slowly dissipating and becoming more and more transparent. After a while, Ning Hai's opponent wisely chose to admit defeat. This way, Ning Hai successfully entered the final round of the competition. However, after the end of this match, his physical strength and divine power were also close to being exhausted.

Before the end of Ning Hai's match, the other three matches had already ended, and ning Bo had successfully entered the final.

After the end of this match, they would have three days of rest.

After watching Ning Hai's match, Leng ruoxue brought the grapes and lotus seed back to her residence.

When they returned, Leng ruoxue did not see the second elder, so she ordered the guards to bring him over.

In the garden.

Looking at the second elder's extremely unwilling expression, Leng ruoxue could not help but laugh in her heart. Initially, the guard was afraid that the second elder would not be willing to come with them, and they were not second elder's match. It was only after Leng ruoxue handed the guard a memory crystal and said that as long as they had this, the second elder would definitely come with them. Only then did the guard feel at ease, even though they did not know what was recorded inside.

When the second elder saw the memory crystal, he immediately snatched it over and followed them to Leng ruoxue's residence with a dark expression.

Seeing that the mission was completed, the guard immediately disappeared.

The second elder glared at Leng ruoxue, his eyes spitting fire as he roared, "Dammit! Give me the memory crystal!"

The second elder was very angry. This hateful woman actually used his naked photo to threaten him. Wu ... This is too much! And he couldn't hit her, otherwise, he would be the one in trouble! Because he knew that once he made a move and called the family head over, the family head would not let him off!

"I won 't! That's the evidence. How am I going to threaten you after I give it to you? however, as long as you're obedient, I promise that no one in the divinity will see your naked body. You know what I mean!" Leng ruoxue laughed evilly. A cold glint flashed across the depths of her beautiful eyes. She knew that the second elder was very angry at this moment. So, while she was angry at him, she also had to guard against the second elder's desperation.

"You, you ..." Second elder's chest heaved up and down as he pointed at Leng ruoxue. His body began to tremble again. However, no matter how angry he was, Leng ruoxue treated him like air and ignored him completely.

“Second elder, I was actually forced to do this! I know you’re not willing to be my bodyguard, and I’m not willing to either. But what’s the use of being unwilling now? Neither of us can change this fact, and your strength is so high. If I don’t have something against you in my hands, I’ll be bullied to death by you.” Leng ruoxue said with an aggrieved expression.
