

Crazy Wife 1601

Chapter 1601: I'm not close to you (1)

Ning Yuan looked at ning haolan's confident appearance and felt a mix of emotions in his heart. He nodded slightly and sent a guard to call ning Duan.

After ning Duan entered the meeting hall, he looked around at the people present. His heart suddenly jumped, but he quickly calmed down because he knew why he had come.

After bowing to Ning Yuan and the elders, ning Duan stood beside Ning Wen.

"Ning Duan! At the start of the family competition, the soul of oblivion that Ning Shan was injured with was given to you by Ning Xi 'er?" Ning Yuan asked without any joy or anger.

When ning Duan heard Ning Yuan's words, he was stunned. Although many people in the clan suspected that he was the one who had poisoned Ning Shan with the forgotten soul, he had not managed to gather enough evidence since he had refused to admit it. Therefore, this matter had always been ambiguous. Other than that demon Leng ruoxue and the young master, this was the first time that someone had directly told him about this matter! He glanced imperceptibly at ning haolan, and only relaxed when he saw him giving him a look.

"Yes! When fifth miss gave me the soul forgetfulness, she told me to use it on Ning Shan and Ning Hai when I have the chance." Ning Duan said with his head lowered, not even daring to breathe.

"Why did fifth miss give Ning Shan and Ning Hai, these two collateral relatives, the wanghun?" An elder asked curiously. This was also something that they could not understand. With fifth miss's status, she had nothing to do with the two of them who were collateral relatives!

"Ning Hai and miss Leng once offended fifth miss. Therefore, the poison that was put in Ning Hai and his brother's mouths was also aimed at miss Leng." Ning Duan gave a simple explanation.

"What?" All the elders were shocked. So there was such a thing. No wonder the fifth young lady would make things difficult for Leng ruoxue at her welcome banquet! This was much easier to explain.

"Elders, there's no need to be surprised. Ning Hai and I did have some conflicts with fifth miss." Leng ruoxue said with a faint smile. Following that, she told them what had happened. When the elders heard it, they couldn't help but sigh! Wasn't miss Wu too narrow-minded? You want to kill him for such a small matter?

"You're wrong! All of you are ganging up to frame me!" All of a sudden, Ning Xi 'er's shrill voice reverberated in the meeting hall. She had just snapped back to her senses when she heard Leng ruoxue's words. However, she only heard the end of the sentence. Even so, it was enough for her to know that she had been reported again.

Hearing Ning Xi 'er's words, Leng ruoxue only smiled faintly and didn't say anything else. In front of everyone, it was impossible for Ning Yuan to exonerate his niece, so she was happy to sit by and watch.

“Xi ‘er! Impudent! Is this a place where you can make a ruckus?” Ning Yuan’s face was stern, and his tone was very displeased.

“Uncle! How could you just watch as I’m being wronged by them!” Ning Xi ‘er felt extremely wronged. Her uncle had always doted on her, but now, he was not speaking up for her.

“Xi ‘er! Ning Wen accused you of using him to steal the wanghun while ning Duan accused you of using the wanghun to harm Haishan and Ning Hai. Now that the evidence is conclusive, what else do you have to say?” Ning Yuan sighed and said in disappointment.

“Uncle! They’ve wronged me! I’ve never done such a thing!” Ning Xi ‘er’s eyes were filled with tears as she said pitifully.

“The acting patriarch! Now that the evidence is irrefutable, there’s no need to talk nonsense with fifth young lady.” The third elder couldn’t stand it anymore. He said impatiently, sigh! How could the ning family have such a young lady? The truth was right in front of her eyes, but she still refused to admit it. She really didn’t know who Ning Xi ‘er’s character was like!

“En!” Ning Yuan nodded and did not give Ning Xi ‘er any chance to deny it. He then ordered the guards to take the three of them away. The truth was already clear, so there was no need to ask further.

“Uncle! Uncle! “You can’t do this to me ...” Ning Xi ‘er’s crying voice echoed in the meeting hall. The elders only frowned when they heard this, but no one spoke first, and their eyes all turned to Ning Yuan.

“Cough, cough! Elders, let’s discuss the punishment for the three of them!” Ning Yuan coughed a few times before he said.

He was well aware that haolan must’ve had solid evidence to back up his words, so it was impossible for him to plead for mercy on behalf of Xi ‘er. Although he was very disappointed in Ning Xi’ er, he had been in love with her for so many years. He really couldn’t accept the fact that Xi ‘er had been convicted. However, as the acting family head, he knew what he could do and what he couldn’t do. Since he had been chosen by the old ancestor, he still had this bit of self-control.

“I think Ning Xi ‘er has committed a terrible crime and is not suitable to live in this world. However, she’s a woman, after all, and we should make the best use of her. So, I think we can give her some medicine, then find a family to marry her off to. It won’t be in vain that the ning family raised her.” One of the elders suggested.

The elder who had spoken was ning haolan’s trusted aide. According to the young master’s wishes, he did not want to keep Ning Xi ‘er in this world. However, he felt that rather than letting Ning Xi’ er die, it would be better to let her live. With Ning Xi ‘er’s lofty personality, this would definitely be worse than killing her.

As soon as the elder spoke, the meeting hall fell silent. It was so quiet that even the sound of a needle dropping to the ground could be heard clearly.

Ning haolan, on the other hand, pursed his lips and sipped his tea without a word.

When Leng ruoxue saw ning haolan's calm expression, she could vaguely guess that he had incited this matter. However, Ning Xi 'er was not a woman who knew her place. If she caused any trouble after marrying into someone else's family or dragged the ning family down, it would not be worth it!

After a long while.

"Does anyone else have a different opinion?" Ning Yuan asked.

All the elders were silent.

"No one else has any objections?" Ning Yuan repeated.

Silence was the only reply.

"Alright then! Just do as the tenth elder said! But we have to carefully consider the family we're marrying into!" Ning Yuan didn't comment, but as long as Ning Xi 'er could stay alive, he wouldn't have hurt her for so long in vain.

"Didn't the Yao family want to form an alliance with our ning family through marriage? Ning Xi 'er is just right to go there." Ning haolan said with a smile.

Ning Yuan looked at ning haolan with a profound look. He was secretly shocked. He didn't expect that haolan would actually want to send Ning Xi 'er to the Yao family. In that case, wouldn't Ning Xi 'er become the ning family's hostage in the Yao family? And this hostage was someone who had made a mistake, so he couldn't do anything to the ning family. If the Yao family knew that the ning family had sent such a person over, would they be angry? The answer was a definite yes.

"Young master's suggestion is really good." The tenth elder chimed in with a smile. Previously, when the Yao family had sent someone to talk to them about this matter, they had been completely unwilling to pay attention to the Yao family. However, with the presence of Ning Xi 'er, the person who had made a mistake, everything seemed to have become logical.

"MMH! This is a good idea!" Another elder chimed in.

After that, some elders began to agree with him one after another. After hearing their words, Ning Yuan knew that this matter could not be changed. However, he still wanted to remind the elders who were sitting.

Chapter 1602: I'm not close to you (2)

"Young master, miss Leng, elders, if we really marry Ning Xi 'er over, then I'm afraid Ning Xi 'er will be controlled by the Yao family. Have you thought about the consequences?" Ning Yuan asked calmly.

"Acting family head, Ning Xi 'er is a member of the family who has made a mistake. Furthermore, she framed the young master and murdered a member of the family. Even if she doesn't marry into the Yao family, I'm afraid she won't be able to survive such a serious crime. However, she must die a worthy death. It's time for her to return the favor." He had never liked Ning Xi 'er, but the young master had not allowed them to make a move, so they could only wait and see.

“Yes, yes!” As soon as the tenth elder finished speaking, all the elders nodded in unison. Seeing this, Ning Yuan knew that they had made up their minds. He heaved a long sigh of relief and did not dwell on this matter.

“How will Ning Wen and ning Duan be punished?” Ning Yuan didn’t want to ask about Ning Xi ‘er’s matter anymore, so he changed the topic.

“Although Ning Wen was threatened, a mistake is a mistake. He should be sent to Bian city! As for ning Duan, he will also be sent to Biancheng. ” Ning haolan said indifferently.

“Mm! That’s a good idea, young master!” The tenth elder immediately chimed in, and the other elders followed suit, not to be outdone. Leng ruoxue chuckled inwardly when she saw this. It seemed like ning haolan had been planning this for quite some time. Otherwise, how could it have gone so smoothly? These elders, each and every one of them actually all became echo bugs. However, this was also good. At least it saved them a lot of trouble.

“Then it’s decided! Tomorrow, send Ning Wen and ning Duan to Biancheng. As for Ning Xi ‘er, send them off as well!” As long as Ning Xi ‘er was still alive, he didn’t want to see her anymore.

The elders had no objections to this decision. After the discussion, Leng ruoxue followed ning haolan back to LAN garden.

Leng ruoxue sipped her tea calmly as she sat in the pavilion in LAN garden. She sized up ning haolan, and her gaze made him feel uneasy.

“Why are you looking at me like that?” Ning haolan could not help but ask.

“You didn’t take the chance to kill Ning Xi ‘er. I thought you hated her!” Leng ruoxue said with a smile.

“Of course I hate her, but uncle has always doted on her. Uncle doesn’t want her to die, so I have to give him some face. As for how long she can live, it’s not up to me to decide. However, she will definitely be drugged before she gets married. There’s no doubt about that.” Ning haolan said with confidence.

“What medicine?” Leng ruoxue was very curious.

“Soul-forgetting!” Ning haolan uttered the word softly.

“Does this count as karma?” Leng ruoxue laughed coldly. Ning Xi ‘er would never have thought that she would become a fool one day. She had ordered people to cast soul forget on Ning Shan and Ning Hai, but in the end, she couldn’t escape from the soul forget. However, she felt that it was a little too little to only cast soul forget on her! She had yet to take revenge for Ning Shan!

“From the day she was born, her fate was already decided.” Ning haolan said coldly.

Leng ruoxue and ning haolan chatted for a while before heading back to the residence.

After returning to her own residence, she handed the little one over to grape and gave her some instructions before going to sleep. When she came out of the room, it was night.

Just as she reached the courtyard, she saw second elder sweeping the courtyard with a broom. Leng ruoxue could not help but laugh when she saw this. “Hahaha!”

The way the second elder was holding a broom was too funny. He didn't expect him to use a broom to sweep the yard. Didn't he know that using skills would be faster?

Among the skills that she had learned, there was a very useless spirit skill called the cleaning skill. Moreover, this cleaning skill was a spirit skill that was used by all elements. Not to mention that it was a low level skill, it didn't have much use. However, it was not bad to use it to wash things and sweep the yard. However, her intuition told her that second elder was a person of high status and had a short memory. He would not have thought of such a low-level spirit skill.

The truth was similar to Leng ruoxue's guess. Second elder, who had been depressed and working the entire day, only wanted to finish his work as soon as possible. How could he have thought of so much! What's more, over the years, there were only a few godly skills that he had used. As for spirit skills, he had long forgotten them. With his current state of mind, he could not remember them. Besides, grape had given him the broom, so he subconsciously decided that he had to use a broom to sweep the yard. He could only blame himself for not paying attention to such trivial matters. Otherwise, he would not have been trapped by a broom.

The second elder scanned the room from time to time. When he saw Leng ruoxue, he turned his head away and avoided her gaze arrogantly. He could clearly feel that Leng ruoxue was mocking him.

"Second elder, how much work do you have to finish?" Leng ruoxue smiled as she sat on the stone chair and asked.

The second elder left her with his back.

At this moment, the grapes and lotus seeds happened to be serving the dishes that had just been prepared. The fragrance of the dishes drifted into the second elder's nose, immediately attracting his appetite.

"Let's eat!" Leng ruoxue laughed evilly.

"Good! Miss, I'll go get ning Bo. " After saying that, grape left. After a while, she and ning Bo came back together. The four of them sat on chairs. The second elder, who was sweeping the courtyard, saw this scene and stood in the courtyard with a broom, staring helplessly!

These people were really too much. It was fine if they didn't let him eat, but they still wanted to eat it in front of him. Weren't they craving him? This was preposterous!

"Second elder! You can leave first! We'll continue to sweep the yard after we're done eating. " Grape said.

"Oh!" The second elder acknowledged softly and walked to a corner with his head drooped. However, his resentful eyes were still fixed on Leng ruoxue and the other three.

The Restless ning Bo peeked at the second elder from the corner of his eyes. He felt weak and whispered to Leng ruoxue, "Miss! Are we just going to let the second elder watch us eat?"

"What's wrong?" Leng ruoxue raised her eyebrows.

"Aren't we going a little too far?" Ning Bo asked shamelessly.

"I won't. It's not the first time he's seen it, he'll get used to it." Leng ruoxue did not agree, but ning Bo broke out in a cold sweat.

And their soft conversation naturally couldn't win against the reverent-God second elder.

The second elder's face was flushed red. He was so angry that his cheeks were puffed up. With a flick of his sleeves, he left Leng ruoxue's courtyard in a Huff.

The second elder didn't come back until late at night.

The next day.

When grape saw the second elder, she told him very directly, "Second elder, you didn't finish your work yesterday, so you won't have any food today."

The second elder looked up at grape and went to work without saying anything.

Chapter 1603: I'm not close to you (3)

Seeing the second elder's diligent appearance, grape was a little uncomfortable? Was this the second elder? It couldn't have been switched by someone, right?

The second elder worked very hard in the morning. When it was close to noon, he went to line up again to get vegetables. This time, when everyone present saw him, they all took the initiative to give up their positions to him. Unfortunately, he did not appreciate it at all and even scolded those people who flattered him. After that, those people all went to their respective Masters to cry and complain, and the impression of the second elder's bad temper was rooted in their hearts.

At the same time, the ning family sent Ning Wen, ning Duan, and Ning Xi'er away. However, only Ning Xi'er had been fed with the soul forgetfulness. When Leng ruoxue saw Ning Xi'er, Ning Xi'er was still smiling at her foolishly. After that, she followed ning haolan's men without making any noise.

The culprit, Ning Xi'er, was definitely not coming back. As for ning Duan and Ning Wen, it would all be up to ning haolan. Although one of them had helped Ning Xi'er steal the medicine, and the other had helped Ning Xi'er drug her, they were just two small fries in her eyes. They were not worth her effort at all. Besides, ning haolan was still around. How could he let off people who had betrayed him so easily? No matter how many difficulties that person had, it was not a reason for betrayal.

After Ning Xi'er's matter was settled, Leng ruoxue returned to her own residence. When ning haolan and Cheng Xuan went to look for her, they happened to see her lying listlessly on a recliner, sunbathing.

In the garden.

Ning haolan and Cheng Xuan sat opposite Leng ruoxue.

"Great aunt! You really know how to enjoy yourself." Cheng Xuan said with an envious look.

Leng ruoxue rolled her eyes at Cheng Xuan, but she did not say anything.

“Great aunt, what’s wrong with you? why are you so listless? Who made you angry? tell me and I’ll help you deal with him!” Cheng Xuan said, taking on all the responsibility.

“I was thinking about the challenge Ning Xi ‘er gave me!” Leng ruoxue sighed.

“Uh! Didn’t she leave the ning family for the Yao family’s domain?” Cheng Xuan asked in a daze.

“Yup! Our challenge has a stake, Ai! What a pity. ” Leng ruoxue’s face was filled with regret.

“Great aunt! You’re not as strong as her, so even if you put a bet, you might not be able to win. So, you should be glad that you kept your bet. ” Cheng Xuan said as he wiped the cold sweat off his forehead. He never thought that Leng ruoxue would be depressed because of those prizes. One should know that she might not be able to obtain those things!

“Little Xuan, how can you boost other people’s morale and destroy my prestige?” Leng ruoxue was a little unhappy and did not show Cheng Xuan a good face.

“Great aunt! I’m doing this for your own good! You have to understand my heart. ” Cheng Xuan’s handsome face was full of grievances.

Leng ruoxue rolled her eyes at him again and did not comment on Cheng Xuan’s words.

At this moment, grape came to report.

“Miss! Young masters, the master of the ning family has invited you. ” Grape smiled and said very politely.

Leng ruoxue and the other two looked at each other, then headed to master ning’s residence together.

As soon as they entered master ning’s courtyard, they heard a burst of hearty laughter. Leng ruoxue had never heard this before. However, when Cheng Xuan heard this voice, he turned around and wanted to leave.

“Damn brat! Where do you think you’re going?” Suddenly, a deafening roar reverberated in the ears of the three of them. Immediately after, a tall middle-aged man descended from the sky and blocked Cheng Xuan’s path.

The man was in his early forties. He had handsome facial features and sharp eyes. He had a reserved temperament and was extraordinary in strength. According to Leng ruoxue’s observation, this half-grown old man’s strength was above the great elder’s and was also a reverent-god level expert. Moreover, he seemed to have a close relationship with Cheng Xuan.

“Ancestor!” Cheng Xuan called out unwillingly, but his eyes drifted over to ning haolan, his gaze asking, ‘how did the old ancestor know I was here?’ Ning haolan returned his gaze with an innocent look, with the words ‘I don’t know either’ written in the depths of his eyes.

“You little brat! You still remember me, your ancestor!” The middle-aged man, who was also the head of the Cheng clan, said unhappily. In his heart, he was cursing Cheng Xuan with dog blood. That damned brat, he actually ran away from home like others! Hmph! Did you really think I couldn’t find you?

"I can forget anyone, but I don't dare to forget our ancestor!" Cheng Xuan smiled and tried to please him.

"Oh, really? However, I heard that you were having so much fun that you didn't even want to go home! What's more, you even created a scandal for me. You've completely disgraced our Cheng family!" The head of the Cheng family shouted at the top of his lungs.

Leng ruoxue looked at his energetic appearance and could not help but sigh. As expected of a reverent-God! His aura was strong, but what was the scandal he was talking about? Her curiosity was piqued.

"What scandal?" Cheng Xuan's face was also full of question marks. He blinked his bright black eyes and asked shamelessly.

"Of course it's yours and haolan 's." The head of the Cheng clan gritted his teeth and roared in exasperation.

"Argh! It can't be!" Cheng Xuan's expression changed drastically while ning haolan's face darkened. Leng ruoxue's eyes were sparkling with anticipation. There's gossip!

"Old ancestor Cheng, did you misunderstand? how could there be a scandal between me and Cheng Xuan?" Ning haolan was utterly confused.

"Ancestor, this, this is impossible!" Cheng Xuan was dumbfounded.

"Do you think I would lie to you two juniors?" The master of the Cheng family scowled. It was very depressing to be doubted by others!

Ning haolan and Cheng Xuan looked at each other, speechless. Of course, they did not doubt that the divine reverent would lie to them about such a thing, but this was too suspicious!

"Little girl, tell me! Do you think I would lie to them?" Seeing that his two grandsons did not believe him, the master of the Cheng clan shifted the topic to Leng ruoxue. This girl must be old man ning's goddaughter! "She's indeed an absolute beauty. Her face and temperament are all top-notch. It's just that her cultivation is a little low. However, cultivation can be cultivated, so this isn't a big problem," the head of the Cheng clan thought to himself after sizing up Leng ruoxue from head to toe.

"This ..." Leng ruoxue hesitated. How was she supposed to say this? She wasn't familiar with this half-grown old man.

"Little girl, I heard from old man ning that you're a straightforward person, why are you hemming and hawing?" The head of the Cheng clan said with some dissatisfaction.

"I don't know you well! That's why I can't answer your question." Leng ruoxue thought for a while and said helplessly.

"Uh!" The head of the Cheng clan looked at Leng ruoxue, dumbfounded. He thought to himself, isn't this girl a little too honest? If it was someone else, they would have stuck to him if they had the opportunity to echo him. Why would they be like her? For a time, a strong sense of defeat emerged in his heart.

"Hahaha!"

“Hahaha!”

Following that, two laughter rang out, and two more figures appeared in front of them.

“Old man Cheng, I’ve told you that your identity is useless to Xue ‘er!” The master of the ning family laughed arrogantly and proudly.

“Hmph! You’re beautiful, my ass!” The head of the Cheng family was burning with anger as he roared in a bad mood, his face completely red.

“I have the capital to be beautiful. You can’t be jealous.” The master of the ning family said with a smile, his expression becoming more and more smug, making the master of the Cheng family so angry that he blew at his beard and glared, stomping his feet.

“Godfather! Great elder!” At this moment, Leng ruoxue called out sweetly.

“Be good! Xue ‘er! This old man is the ancestor of the Cheng family, quickly ask for a meeting gift from him, he has a lot of good things!” The master of the ning family started to Rob them rudely, and he kept giving Leng ruoxue meaningful looks.

“Greetings, patriarch Cheng!” Leng ruoxue understood and greeted him with a smile.

“Damn old man! Just you wait.” Master Cheng glared at master ning, then painfully handed Leng ruoxue a dark red storage ring and said, “Little girl, I’ll give you all the things inside.”

Ugh! Leng ruoxue did not expect the Cheng clan’s head to be so generous. She took the ring and used her divine sense to take a look. It was only then that she realized that it was filled with medicinal herbs, and many of them were extremely precious. She immediately understood that the Cheng clan’s head had clearly made preparations! He even pretended to be very unwilling. What a hypocrite.

Leng ruoxue defined master Cheng as a hypocrite. However, she had really wronged old man Cheng. Although this meeting gift had been prepared by old man Cheng a long time ago and was rather sincere, it was two different things for her to give it to him first and old man ning. That was why he did not give master ning a good look. In addition, he acted like he was in pain to leave a deep impression on Leng ruoxue. Who asked him to know that Leng ruoxue was an Alchemist? She was also the goddaughter of old man ning, so the head elder of the craftsmen’s Guild headquarters also valued her. In this way, Leng ruoxue’s value would increase by many times, and he had no choice but to value her.

“Thank you, Cheng clan head.” Leng ruoxue replied courteously. Her beautiful face didn’t have an overjoyed expression.

Upon seeing this, the Cheng clan’s patriarch silently praised her in his heart. He didn’t expect this little girl to be so calm. This was truly rare. If it was anyone else who received such a gift, they definitely wouldn’t be as calm as her. It was as if they had received an ordinary item. Furthermore, from Leng ruoxue’s expression, it didn’t seem like she was pretending to be calm.

In fact, the value of his meeting gift was not low. Many of the precious herbs in it were hard to buy even with a thousand gold, and he gave this generous gift not only because of the relationship between the master of the ning family and the head elder of the craftsmen’s Guild, but also to test the waters ...

Chapter 1604: The jealous master ning (1)

He and old man ning had a mutual understanding and had always planned to marry each other. However, their standards were too high, and there had never been anyone among their juniors that the other party was satisfied with. As a result, the two old men had been picking and choosing, and ning haolan and Cheng Xuan's marriage had been delayed.

He had heard from home that old man ning had acknowledged a goddaughter and doted on her greatly. In addition, that brat Cheng Xuan had run to the ning family to avoid his marriage, so he had come to visit the ning family. He had killed two birds with one stone while he was at it, seeing old man ning's goddaughter and his unfilial grandson.

After seeing Leng ruoxue, he was extremely satisfied. He didn't expect old man ning to have such good taste. However, this little girl didn't seem easy to deal with. Thinking of this, he sneaked a glance at Cheng Xuan. When he saw Cheng Xuan's careful and vigilant look, he suddenly felt irritated.

This brat only knew how to make him angry all day long. However, he had a weakness, and that was that he did not like to get married. As long as someone in the family suggested for him to get married and have children, it was like taking his life. In his words, it was good to be free and unfettered, and he did not want to find a burden.

As his chosen successor, not only did he have high hopes for Cheng Xuan, but he also doted on him. If Cheng Xuan really did not want to get married, he would not force him. However, this brat liked to make him angry too much. As long as he was angry, he would make a fuss about his marriage. Once he did so, Cheng Xuan would run away from home. Over time, the two of them had a tacit understanding.

He could tolerate Cheng Xuan being surrounded by flowers without a single leaf touching him, and he could tolerate him not wanting to get married, but he couldn't tolerate Cheng Xuan creating a gay scandal for him. So, as soon as he heard the news, he rushed over without stopping, afraid that it would come true. What was even more infuriating was that when he very seriously told the news to old man ning and the chief elder of the craftsmen's Guild headquarters, the two of them almost laughed out loud. He was really angry.

However, now that he had seen Leng ruoxue, he had other thoughts.

The head of the Cheng family dragged Cheng Xuan with one hand and Leng ruoxue with the other. They walked straight into the garden of the main courtyard.

Behind him, master ning and the great elder looked at each other, smiled, and walked in together.

After sitting down in the pavilion in the garden, master Cheng sized Leng ruoxue up. After a long while, like a big Bad Wolf who had kidnapped a little white rabbit, he said with a kind face, "Little girl, I like you very much. How about I bring you to our Cheng family to play when we have time?"

"Thank you for your kind intentions, Cheng family head. I'll definitely go as long as I have time." Leng ruoxue glanced at her Godfather. Even though she didn't know what this old man was up to, since the Cheng family head was Godfather's friend, he had to give him some face.

"Then why don't you come with me today?" The Cheng clan's patriarch said happily.

“Uh!” Leng ruoxue was a little dumbfounded. What was going on? the head of the Cheng family was a man of action. It was rare for him to be so anxious to invite someone to his house as a guest. However, she could not go now.

“Old man Cheng, are you here to steal my woman?” When master ning heard master Cheng’s words, his face darkened with anger and he said unhappily.

“How can I? I’m really sincere in wanting to entertain your precious goddaughter, you have to understand my painstaking efforts!” The head of the Cheng clan felt very wronged and even kicked Cheng Xuan in the dark. However, Cheng Xuan did not understand his ancestor’s meaning, so he did not go along with his words.

Seeing this, the head of the Cheng family was even angrier. He kept cursing in his heart. This little brat, how could he be so blind?

“Thank you, master Cheng, but I can’t go to the Cheng family right now. I’ve already decided to return to the godly mainland after the ning family’s competition.” Leng ruoxue said with a faint smile. However, her words were like a bomb, blasting master ning’s mind into a blank.

The master of the ning family was like an abandoned wife. He looked at Leng ruoxue with extreme resentment and said in a choked voice, “Xue ‘er is going to abandon her Godfather. Wu.....Why is my life so hard!”

“Ai! Xue ‘er! I wonder when I’ll see you again after you return to the divine mainland. ” The first elder also had a sad look on his face, and tears could be seen in his shrewd eyes.

When Leng ruoxue saw how well they sang, her forehead was filled with black lines. She thought to herself, ‘Godfather, first elder, do you guys have to be so exaggerated?’ It wasn’t like she was going to leave and never come back, so why did it seem like they were going to part forever? those who didn’t know would think that something big had happened!

“Wuwu ...” Seeing that Leng ruoxue didn’t have much of a reaction, master ning and first elder actually hugged each other and cried. Everyone was dumbfounded.

Among them, the Cheng clan head felt the most guilty. If he had not suggested for Leng ruoxue to visit his clan, she would not have said that she wanted to return to the divine mainland. How could this be good?

“Godfather, great elder! Don’t be so exaggerated!” Leng ruoxue said helplessly. To Godfather and great elder, traveling between the divine world and the divine continent was a small matter. Now, these two people had to do this. What was their purpose?

“Xue ‘er, have you really decided to go back after the competition?” The master of the ning family couldn’t help but ask, but in his heart, he was thinking, should we postpone the family competition indefinitely?

“Yes, Godfather! After I return to the divine mainland, I can cultivate in peace and try to meet up with you guys in the divine world as soon as possible. ” Leng ruoxue consoled. Actually, she could already feel the barrier to breaking through. However, this was the God World, after all. She was afraid of causing too much of a commotion and things would get out of hand. She also didn’t want to reveal her trump

card too early, so returning to the God continent to break through was the safest option. However, with her Godfather's stubbornness, he probably wouldn't let her leave so easily. Thus, she had already prepared herself for a long battle.

When master ning heard Leng ruoxue's words, he knew that she had already made up her mind. However, he just couldn't bear to part with her. He had been cultivating for no years. If Xue 'er really went into seclusion, he didn't know when she would come out. What if he missed her?

Seeing her Godfather's conflicted look, Leng ruoxue knew that she couldn't push him too far. Hence, she changed the topic.

"Godfather! Shouldn't we properly receive the Cheng clan head's esteemed guest?" Leng ruoxue suggested with a smile.

"Right! Right! You should treat me well." The head of the Cheng family was overjoyed to hear this. Woah ... He was finally valued. It really wasn't easy! Daughters were still the best! A daughter was a father's intimate little cotton jacket! At this moment, his gaze towards Leng ruoxue was even more fiery!

What was the reason? Because he had come to the ning family many times, but he had never been given any attention. Every time the old man of the ning family saw him, he looked as if he was not welcome, as if he was a poor relative who came to ask for money. Sigh! As long as he thought of this, his face would be covered in tears. It was so miserable. Even so, the treatment he received from old man ning was considered good. At least every time he came, although old man ning had a straight face and did not give him any special treatment, at least he did not have to worry about food and drink. Compared to that old thing of the Yao family, he was content. It should be known that if it was that old man of the Yao family who came to visit, he would have to pay for his food and drink.

Chapter 1605: The jealous master ning (2)

"Entertain my ass! Xue 'er, you don't know how expensive rice is! Our ning family is almost out of food, how can we have the money to entertain him? we'll just eat whatever we have!" Seeing the anticipation on the Cheng family's old man's face, master ning poured a bucket of cold water directly on the Cheng family's head, drenching the Cheng family's master's heart.

Ugh! Her Godfather's words made Leng ruoxue break out in a cold sweat. She couldn't help but wipe the cold sweat off her forehead. She thought to herself, 'Godfather and clan head Cheng don't look like they have any enmity!' How could she treat him like this? She was extremely puzzled.

As if he could read Leng ruoxue's mind, first elder secretly transmitted a message to Leng ruoxue, "Xue 'er! "Old man ning is famous for being stingy among us old friends. Except for my treatment, the others" treatment ... Sigh! You'll find out soon enough. By the way, when the head of the Yao family comes to visit the ning family, he'll pay for his own food and lodging. The Wen family is even worse off. Don't be fooled by their in-laws with the ning family. If they stay in the ning family, it'll be more expensive than the most expensive suite in the best Inn."

"I see!" Leng ruoxue understood, but she was more speechless than ever. However, since her Godfather had such a characteristic, as his goddaughter, it wouldn't be good for her to undermine him. So, she pretended to be deaf and dumb. In any case, the head of the Cheng clan should be used to it.

Leng ruoxue stopped talking. She sipped her tea while looking into the distance, making it impossible for others to know what she was thinking.

Seeing this, the master of the ning family was also quite upset. He knew that Xue 'er was homesick.

"Old man ning, can't you be generous for once?" Seeing that the atmosphere was a little gloomy, the head of the Cheng family said angrily.

"Sure! However, you have to pay for half of the meal." Master ning thought he was very generous.

"You ..." The head of the Cheng family was so angry that he stopped. "I'll go hunting on my own in the mountains!"

"Which mountain do you want to go hunting on? The mountains in the ning family's Divine Domain all belong to the ning family, and the prey there is no exception." The master of the ning family said angrily.

"You ... You want me to pay for the hunting?" The head of the Cheng clan was so angry that his chest was heaving up and down, and his old face was flushed red.

"That's right! You're very smart." The ning family's master said happily. Bickering with the Cheng family's old man had greatly reduced his sadness from Xue 'er's departure, so of course, he would not let this old man go.

"The one surnamed ning! I've finally seen through you today!" The head of the Cheng family was burning with anger.

"You've only seen me clearly today! I thought you'd already seen through me! However, it's not too late now!" The master of the ning family grumbled.

Listening to their conversation, ning haolan and Cheng Xuan's foreheads involuntarily rolled with black lines. The two of them had the same thought in their hearts-these two old men were too embarrassing.

However, from their conversation, Leng ruoxue recalled her future.

Although she was ready to return to the divine mainland, she wouldn't be able to stay there for long. One day, she would come to the divine world to live, but she didn't have a place to live in the divine world! She couldn't wait until the day she came and still live in the ning family's divine realm! Now that she was living here without any burden, the ning family didn't dare to say anything because in the eyes of many of the ning family, she was just a guest who would leave one day. So, even if they were dissatisfied, they didn't dare to show her any attitude.

However, once she became a deity, she would be able to live in the divine realm. If she came to the ning family at that time, not to mention whether the ning family would welcome her, she would inevitably feel like she was living under someone else's roof. Therefore, unless she had no other choice, she was not willing to live in someone else's house. Therefore, finding a fixed territory had become her top

priority, which could be put on the agenda. However, the matter of finding a territory could not be rushed.

Although the divine realm was huge, there were many clans in the divine realm. Many decent places were almost all occupied, while the ownerless lands were either remote or dangerous. None of them could be considered an ideal place.

Not only that, if she wanted to find territory, she could only start from ownerless land. Because in the immortal realm, relying on strength to snatch other people's territory would be seen as a Public Enemy. Of course, if other people were willing to submit, it would be a different matter.

A land without an owner in the divine realm? Which one should I choose?

Leng ruoxue's thoughts slowly drifted. She only came back to her senses when she felt someone gently pushing her. The person who pushed her was the first elder.

"Xue 'er, what are you thinking? You're so lost in your thoughts." The Grand Elder asked worriedly.

"I'm thinking about the territory." Leng ruoxue said with an embarrassed smile.

"Territory? MMH! It's time to think about the territory." The great elder nodded. With Xue 'er's level of freakishness, she would probably come to the immortal realm soon. If she didn't have a place to stay at that time, it would be quite a waste.

"What's there to think about territory, just come and live here!" Master ning glared at Leng ruoxue.

"Godfather! I have quite a few subordinates, and I can't possibly have all of them come to the ning residence!" Leng ruoxue could not help but ask.

"What's wrong? The ning family's territory is huge, your people are nothing!" The master of the ning family said disapprovingly.

"Godfather! My subordinates are used to being wild, I'm afraid it's not convenient to live here." Leng ruoxue said, feeling a little troubled. If they really stayed here, her subordinates could only stay in their own courtyard forever if they did not want to have any conflicts with the ning family. But, was that possible?

"Why would it be inconvenient? Xue 'er, don't worry. With me around, no one will dare to show them any disrespect." The master of the ning family knew Leng ruoxue's personality, so he promised.

"Godfather! I appreciate your kindness, but as the saying goes, a golden or silver nest is not as good as one's own doghouse. So, in order to let my grandpas live happily and my subordinates live carefreely, I think I should have a territory. Besides, I also have several families attached to me in Haotian continent. When they come to the divine realm, they can't live in the ning family together, can they?" And our Leng family has many clansmen on the Haotian continent." Leng ruoxue said in a reserved manner.

When master ning heard Leng ruoxue's words, he frowned and fell into deep thought. Although he knew that what Xue 'er said made sense, he just couldn't get over it, so he kept a straight face and didn't say anything.

“Old man ning! I understand how you feel, but Xue ‘er is right. It’s not convenient to live in the ning family’s main residence, so don’t force me.” First elder advised.

“It is! It’s not like Xue ‘er doesn’t have a family, how can she live with your ning family! Those who didn’t know would think that Xue ‘er’s family was a subsidiary family of your ning family! Thus, how could they possibly have a high status in the divine realm?” The master of the Cheng clan also advised. If it wasn’t for the fact that his clan’s strength was too weak, it was likely that no clan would be willing to become another clan’s subsidiary clan. Because in the divine realm, the subsidiary clan was equivalent to a servant in the eyes of the master clan. Even if they were servants, how could they receive the respect of others? therefore, he didn’t believe that old man ning would bear to let his precious goddaughter be ill!

Chapter 1606: The jealous master ning (3)

“Are you the only ones who know how to be good people? I’ve become the one making things difficult! Hmph!” Hearing the words of the great elder and the master of the Cheng family, the master of the ning family was even more furious. After being criticized by these two old men, he became the bad guy instead. Just thinking about it made him angry. After he finished speaking, he flicked his sleeves and turned to leave angrily.

“Godfather!” Seeing that her Godfather had left in a fit of anger, Leng ruoxue was both angry and amused.

“Xue ‘er, you don’t need to bother with him! That old man just needs a beating, just leave him hanging for a few days.” The head of the Cheng clan said with a smile.

“Mm! He’s shy.” The first elder agreed with master Cheng, so he didn’t feel much about master ning’s departure.

“Xue ‘er, I heard that your cooking skills are not bad. I’ll have to rely on you to satisfy my craving tonight.” The head of the Cheng clan said with a face full of anticipation. Now, he discovered that it was very good that old man ning wasn’t here to cause trouble, hehe! ‘I hope that old man won’t be so thick-skinned as to come back by himself,’ he thought to himself wickedly.

“Good! I definitely won’t let clan head Cheng down.” Leng ruoxue nodded.

“Hehe! Little girl Xue ‘er, you see, we’re already so familiar with each other, and I’m also calling you little girl Xue’ er. Why are you still calling me family head Cheng!” The Cheng clan’s clan head said with some dissatisfaction and spared no effort to get closer to Leng ruoxue.

“Uh! Then what should I call you?” Leng ruoxue asked helplessly. She thought to herself, ‘we’re not that close, right? It was all because this old man was very familiar with her. Moreover, she was also in a difficult position. This old man and Godfather were of the same generation, so she couldn’t simply call him that.

“Hehe! Just call me uncle, I’m younger than old man ning.” The head of the Cheng clan said with a smile. He was very satisfied with Leng ruoxue’s understanding.

“Then I’ll call you uncle Cheng!” Leng ruoxue said. Since they had already said so much, she had to give face to the Cheng clan head.

“MMH! Good girl!” The head of the Cheng family was overjoyed, but he couldn’t help but think that he would call him uncle for the time being and change it in the future.

Seeing how warm and friendly his old Grand Madame was towards Leng ruoxue, Cheng Xuan was dumbfounded. Uncle? Did he have an elder now? Previously, he had called Leng ruoxue ‘great aunt’ for fun. But now? What should he call Leng ruoxue?

“Uncle Cheng! I’ll go back and prepare something. I’ll send someone to invite you to dinner.” Leng ruoxue was very polite. After she finished speaking, she bowed to the Cheng clan head and first elder before turning to leave.

Looking at Leng ruoxue’s back, the head of the Cheng clan couldn’t help but sigh, “Ai! It’s good to have a daughter!”

The great elder looked at the patriarch of the Cheng clan as if he were a monster and calmly reminded him, “Old man Cheng, your daughters are no less than old man ning ‘s.”

“What’s the use of having more? None of them were considerate! He was always scheming to get more benefits, and this stinky brat was also troublesome! You only know how to make me angry every day!” The head of the Cheng clan glared at Cheng Xuan and roared in anger.

“Ancestor!” Cheng Xuan felt very wronged. Sob ... He had been shot while lying down! He had suffered an undeserved disaster for no reason, all because of the jealousy of the old ancestor.

“You’re wronged, my ass!” Patting Cheng Xuan’s head, the head of the Cheng family also left in a Huff, leaving the three dumbfounded people behind.

After Leng ruoxue returned to her residence, she instructed grape and lotus seed to prepare dinner. She even gave them a menu for dinner and asked them to cook according to the dishes on it.

Looking at the menu in their hands, large beads of sweat dripped from the foreheads of the grapes and lotus seeds. Oh my God! Why are there so many? Can you eat it?

“Miss! Are you eating these tonight?” Grape could not help but ask.

“Mm! I’ll treat uncle Cheng to dinner tonight, so I have to make more.” Leng ruoxue said with a smile.

“Uncle Cheng? What uncle Cheng?” Grape’s eyes widened, and her beautiful little face was full of question marks. She and lotus seed had not followed master ning to his residence, so they did not know who the uncle Cheng their miss was talking about was.

“The clan head of the Cheng clan.” Leng ruoxue said lightly.

“Argh! The head of the Cheng family? The Cheng clan’s old ancestor?” Grape confirmed.

“Are there many heads of the Cheng family?” Leng ruoxue was puzzled.

“Not much! Not much! It’s just that the acting clan heads of the great clans are sometimes addressed as clan heads.” Grape quickly said.

“Oh!” Leng ruoxue nodded.

“Miss! It’s very difficult to serve the Cheng family’s ancestor. We don’t know his taste, and if he’s not satisfied with the dishes, won’t we annoy him?” Grape was very worried, her palm-sized face was scrunched up.

In fact, she had never cooked for her ancestors before, so she was very nervous. She was afraid that her provocative ancestors would not like the dishes she made and affect her miss.

“I won’t! Don’t worry, just cook according to your usual standards. Besides, there are so many dishes that the two of you won’t be able to finish. I’ll cook with you.” Leng ruoxue laughed evilly.

“Argh! That’s good!” Hearing that Leng ruoxue would also cook, grape was relieved. However, on second thought, she pouted her little mouth again, “Miss! You’re so bad, why didn’t you tell us before? we were worried for nothing.”

“Hahaha! If I had told you earlier, I wouldn’t have been able to see your conflicted expressions!” Leng ruoxue replied matter-of-factly, but she did it on purpose.

“Miss!” Grape’s resentful eyes floated over, feeling wronged.

“Grape! Go to the kitchen and prepare the dishes first. Oh right, ask the second elder to take some food. Just say that we don’t have enough food to entertain the head of the Cheng family tonight.” Leng ruoxue ignored grape’s resentful gaze and ordered calmly.

“En!” Grape nodded and left with Lotus.

After they left, Leng ruoxue gave it some thought and got Qing Jue to prepare some dishes that were not available in the God World. She also caught a few Silver Snow fish and stored them all in an empty storage ring. Following that, she walked towards the kitchen.

Leng ruoxue, grape, lotus seed, and ning Bo, who had rushed over to help, were busy for the entire afternoon. When the dishes were almost ready, Leng ruoxue instructed the second elder to invite someone over.

As soon as master Cheng, Grand Elder, and master ning, who still had a dark expression, entered the courtyard, they smelled the aroma of food.

“It smells so good! I’m in for a treat.” The head of the Cheng clan was so happy that his face was almost blooming with a smile. At their age and cultivation, there were fewer and fewer things to pursue. The only thing that could move them was food.

“Hmph!” The master of the ning family snorted, flicked his sleeves, and walked straight to the dining room alone.

“Hehe! This old thing is still angry!” The head of the Cheng clan said with a happy smile.

“Cheng clan head, second elder, please come in!” The second elder, who was accompanying them, wiped the cold sweat from his forehead. His heart was pounding! She was jumping around, her heart was extremely nervous, but she still had to smile.

Sob ... Why is the master angry? He was very sure that he had not provoked the master these few days, but the master had also given him a bad look. This was taking his anger out on them! Definitely! He wanted to cry but had no tears. Who was he taking the blame for?

In fact, what he didn't know was that the master of the ning family was indeed angry, and he was angry for the whole afternoon. However, this anger was more of jealousy! He was jealous of the Cheng family's old man who was warmly received by Xue 'er. If he had known this would happen, he would not have let that damned old man enter his ning family. After walking for a while, the master of the ning family was also exhausted. Originally, when the second elder invited him, he didn't want to come in a fit of anger, but he didn't want to let that damn old man of the Cheng family benefit, so he came! Hmph! As long as he was here, that old man would not be able to enjoy this meal!

After entering the dining room and sitting in the main seat, master ning was still indignantly thinking that he must make this old thing from the Cheng family come in high spirits and leave in disappointment.

When he saw the dishes being served one by one, the master of the ning family didn't give way to anyone. He directly gobbled up the food. Seeing his appearance, the great elder didn't hold back. As the two of them ate the wind and cloud remnants, the master of the Cheng family, who was familiar with their habits, also began to gobble up the food.

The three old men were extremely protective of their food. Furthermore, while they were eating, they looked at the food on the plate. The three of them formed their own territory, filled with the dishes that they had snatched from them. They ate with their mouths, but their eyes were still fixed on the food, afraid that it would be snatched away.

When Cheng Xuan and ning haolan arrived to freeload, this was the scene they saw. Their eyes widened and their mouths were half-open, their faces filled with disbelief. The way they ate and the way they did it was too unsightly. Don't tell them that you know these three people! Two of them were their ancestors. Now, they were very glad that they were at home. If they were to eat this way outside, they were afraid that the ning family, Cheng family, and the armament Guild headquarters would lose all their face.

Leng ruoxue, grape, and lotus seed carried the last dish into the dining room and similarly saw the mess on the dining table. There were three half-grown old men who did not care about their image and were gobbling down the food. Black lines immediately rolled down from their foreheads.

Ugh! This, this way of eating, those who didn't know would definitely think that they had been hungry for hundreds of years! Did it have to be so exaggerated! Leng ruoxue was having a headache ...

Chapter 1607: The ninth young mistress (1)

At this time, the master of the ning family suddenly raised his head and saw grape and Lotus who were carrying a dish. In a flash, he snatched the dish from grape's hand, and the other dish in Lotus's hand was snatched away by the great elder ...

Not being able to snatch it, the Cheng clan head peeked at Leng ruoxue with an aggrieved expression. Seeing this, Leng ruoxue could only look up at the roof and ignore the Cheng clan head's gaze.

"Little girl Xue 'er ..." Seeing that Leng ruoxue had treated him like air, the master of the Cheng family was full of remorse.

"Uncle Cheng, you guys eat slowly. We won't disturb your three old friends' reunion." Leng ruoxue said with a smile. After she finished speaking, she gave grape and Lotus a look, and the three of them quickly left the dining room. Ning haolan and Cheng Xuan looked at each other, then followed. These three old men were too embarrassing, it was better to keep out of sight.

Seeing that no one was paying attention to him, the head of the Cheng family had no choice but to snatch the great elder's food himself. Who asked the great elder's strength to be inferior to his! He had the will but not the strength to deal with old man ning! He couldn't even snatch it.

Not long after Leng ruoxue and the rest walked out of the dining hall, they did not hear first elder's angry roar.

"The one surnamed Cheng! You dare to snatch my vegetables! I'm not done with you!"

Leng ruoxue shook her head helplessly. Then, she sat down on a stone chair in the courtyard.

"Great aunt! We haven't eaten it yet!" Cheng Xuan walked over pitifully, a cunning glint flashing across his clear, watery eyes.

"There's no more food." Grape, who was beside him, said.

"Then what do we do?" Cheng Xuan's face was bitter.

"Then I won't eat it!" Leng ruoxue tried to hold back her laughter.

"Isn't this a Sharkman!" Cheng Xuan complained.

"What can we do? we've done so much, but it's all eaten up by those three old men. Unless you go to the Tiger's mouth and snatch the food." Leng ruoxue said helplessly.

"I don't have the guts to do that. My family's old ancestor would be willing to sell me for delicious food." Cheng Xuan said with a face full of fear.

"It turns out that the young master of the Cheng family is so worthless!" Leng ruoxue sighed.

"Who said it wasn't! AI!" Cheng Xuan felt very wronged and even sighed heavily.

Leng ruoxue smiled and looked at Cheng Xuan sympathetically. She did not express any opinion, but took out a map of the God World to take a look.

Seeing this, grape and lotus seed were puzzled. Why did the young miss take a fancy to the map?

"Your lady wants to choose a territory." Ning haolan said.

"Argh! It's true! That's great." Grape was overjoyed.

“Don’t be happy too early, things haven’t even started!” Leng ruoxue poured cold water over the grapes.

“Hehe! There’ll be one!” Grape said with a happy face.

“Miss! All the decent places in the divine realm already have owners. As for those ownerless lands, many of them are not suitable to be territories.” Lotus seed was a little worried. It wasn’t easy to find this territory! It was inconvenient to find a remote place, but it was dangerous to find a remote place.

“Mm! We’ll look for one slowly, and there’ll be someone suitable.” Leng ruoxue said with a faint smile. Although the matter of the territory had been brought up to the agenda, it was not possible to find a suitable place in a day. Therefore, he couldn’t be anxious.

“I think we can consider this.” Cheng Xuan pointed at a red area and suggested.

“What?” Leng ruoxue looked at the area that Cheng Xuan was pointing at. It was marked in red on the map, indicating that it was a land without an owner. However, the map did not have the name of the place. She was a little puzzled. Was Cheng Xuan trying to play with her?

“This place is surrounded by mountains on three sides and the sea on one side. In the middle is a huge deep valley, warm in winter and cool in summer. More importantly, it’s a land without an owner. The terrain here is steep, easy to defend and hard to attack. It’s the most suitable place for territory.” Cheng Xuan explained with a smile.

“I’m afraid this place is also very dangerous, right? If you want to make this your territory, do you need to do a lot of preparation work?” Leng ruoxue understood.

“That’s for sure. However, we can’t build a city here. We can only use it as a residence.” Cheng Xuan reminded him. Then, he added, “If you want to build a city, you can’t choose this place. Actually, it’s not that easy to build a city in the divine realm. Therefore, I personally suggest that you find a place to live.”

“If you don’t build a city, it’ll be very difficult for you to have a high status in the divine realm.” Ning haolan said disapprovingly, then rolled his eyes at Cheng Xuan. Based on how much his old Grand Madame doted on Leng ruoxue, he did not think that she would allow Leng ruoxue to choose this place!

“Great aunt, it’s very troublesome to build a city,” Cheng Xuan said.

“Miss! If we want the family to develop in the long run, we have to build a city no matter how troublesome it is, even if it’s just a small city.” Grape quickly said.

“Build a city?” Leng ruoxue mumbled to herself. Speaking of building a city, she couldn’t help but think of the Wanshan city on the Haotian continent. That city was built in the mountains. However, she didn’t have such a big plan. The immortal realm wasn’t the Haotian continent either. She was having a headache. It seemed like things were more troublesome than she had imagined.

“Mm! We have to build a city.” Grape said with certainty.

“We’ll talk about the city construction later!” Leng ruoxue decided to put aside the matter of building the city first. After all, she had yet to settle on a territory!

“Oh right, where did the second elder go?” Leng ruoxue suddenly asked.

"I don't know!" The few of them looked at each other and shook their heads at the same time.

"Miss! Don't worry about him, he won't be lost." Grape said disapprovingly.

"You guys go find him! I have something to tell him." Leng ruoxue ordered.

"En!" Grape and lotus seed nodded, then walked out of the courtyard.

Not long after, lotus seed ran back in a panic.

"Miss! Bad news, grape has been caught and thrown into prison." Lotus seed was panting from running, and she shouted anxiously.

"What did you just say?" Leng ruoxue stood up and said with uncertainty, "Oh! She didn't hear it wrong, did she?"

"Miss! Grape has been caught and thrown into jail." Lotus seed calmed down a little and said with certainty.

"Explain the matter clearly." Leng ruoxue's eyes were half-squinted, and a cold glint was released from her eyes.

"Miss! After we left, we went to find the second elder separately. Later, I saw grape being escorted by the guards and locked in a cell. I wanted to ask about the situation, but those ning family people obviously didn't want to tell me the truth. They stammered and saw that I couldn't find anything useful, so I had to come back to report to young miss." Lotus seed explained.

"Young master ning! I'll have to trouble you to take me to the ning family's prison." Leng ruoxue said coldly.

"Alright!" Ning haolan's head hurt. 'Who's the blind one this time?' he thought to himself. To dare to provoke this great aunt, wasn't he tired of living?

Then, ning haolan did not dare to waste any more time, afraid that something would happen. He immediately brought Leng ruoxue and the rest to the ning family's prison.

Chapter 1608: The ninth young mistress (2)

After entering the cell, the guards immediately brought Leng ruoxue and the others to the cell where grape was kept.

Leng ruoxue focused her eyes and saw grape sitting leisurely on the stone bed in the cell. There was not a single trace of fear on his beautiful face. Seeing this, she couldn't help but burst out laughing and said helplessly, "Wretched girl, you're so relaxed!"

"Miss!" Grape's face was full of surprise. He didn't think that miss would come to save her so quickly, hehe!

"Open the cell!" Leng ruoxue gave grape a consoling look and said to the guards in the prison.

"This, this ..." The guard stammered, standing still and not daring to move.

“What’s wrong? Do you need me to invite your family head here before you can take her away?” Leng ruoxue replied indifferently. She then looked at ning haolan, her eyes clearly saying, ‘you’re not strong enough as a young master! The guards didn’t even give you face.’ ”

Ning haolan smiled wryly, then ordered the guard, “”Didn’t you hear what miss Leng said? Hurry up and open the cell door!”

“Young master! “It was the ninth miss who ordered her to be locked in here. I ... I ...” The guard was in a difficult position. He couldn’t afford to offend the young master, but he couldn’t afford to offend the ninth miss even more. This didn’t mean that the ninth miss ‘status in the ning family was higher than the young master’ s, but that the ninth miss was too vicious. If she knew that he had let go of the criminal who had offended the ninth miss, the ninth miss would not let him go.

“You’re afraid of the ninth young mistress, but aren’t you afraid of the young master?” Cheng Xuan narrowed his eyes and smiled.

“Afraid! Even I’m afraid! “Woo ...” The guard said with an aggrieved expression.

“Hurry up and open the cell. Otherwise, if miss Leng comes to find your family’s old ancestor, you won’t even know how you died.” Cheng Xuan threatened.

“Yes ...” The guard wanted to cry but had no tears. Why was it that the people he had met today were all more difficult to deal with than the other, and each had a stronger background than the other!

The Guard’s hands trembled and his face was ashen. He took out the key and opened the cell door with trembling hands. Seeing this, grape swaggered out from inside.

“Miss!” Grape called out softly.

Leng ruoxue looked grape up and down. After confirming that she wasn’t injured, she finally felt at ease.

“What’s going on?” Leng ruoxue asked indifferently.

“Miss! Don’t even mention it, I’m really unlucky to have met a crazy woman while walking. ” Grape’s face was gloomy as he explained, “”I was walking fine, but I met a woman on the way. That woman said that I was disrespectful to her and bumped into her. Her maidservant wanted to attack me, but I beat her down. After that, I was captured by the guards she called and put in prison.”

“That woman is the ninth young lady of the ning family?” Leng ruoxue raised her brows and asked with a smile that was not a smile.

“Mm! That woman was even more annoying than Ning Xi ‘er. At least in front of outsiders, Ning Xi’ er would still pretend to be obedient. However, that woman was cruel and cold-blooded. Her maidservant couldn’t beat me, so she abandoned her. She even said that she wouldn’t let me go. This is really an unexpected disaster!” Grape said gloomily.

“It seems that she hasn’t had the time to attack you yet.” Cheng Xuan teased with a smirk.

“Mm! That woman seemed to have something urgent to attend to, so I’m safe for now. ” Grape nodded.

Hearing grape's words, Leng ruoxue's beautiful eyes turned to ning haolan. She asked with a faint smile, "Who is the ninth young lady of the ning family? How come I've never heard of it?"

"The ninth young mistress 'name is Ning Shan' er. In recent years, she's been out training and rarely comes back to the ning family. However, she's very talented, so she's very doted on by the ning family. She almost became Cheng Xuan's fiancée." Ning haolan explained, then pulled out another gossip.

"Dammit! Just say what you want to say to her, why drag me into this?" Cheng Xuan gritted his teeth, his face full of displeasure.

"I'm just telling the truth!" Ning haolan replied innocently. Then, as if he suddenly recalled something, he said, "Argh! She didn't come back because she knew you were in the ning family, right?"

"Impossible! Don't spout nonsense!" Cheng Xuan's face drained of all color as cold sweat began to drip down his forehead. 'Wu...I don't want to see that lunatic. Besides, if haolan didn't mention it, I'd have almost forgotten that woman had once pursued me like a madman.' He glared at ning haolan with hatred at the thought.

"Hahaha! Don't be afraid, she's not as strong as you, so she can't use force on you. " Ning haolan said with a smirk.

"Dammit! You're still talking?" Cheng Xuan was burning with anger.

"Alright! I'm not going to joke with you anymore. " It's good that ning haolan is happy.

"Great aunt! That woman is very scary and possessive, so if you see her, it's best to stay as far away as possible. It's even better if you don't see her face, otherwise, you may not be able to keep your beautiful little face. " Cheng Xuan said with a worried expression.

"What's the meaning of this?" Leng ruoxue squinted her eyes and asked in confusion.

"That woman is overbearing, selfish, vicious, and cruel. She can't stand anyone being stronger than her. She also claims to be the most beautiful woman in the world. Tell me, if such an unreasonable woman sees you, will she let you go?" Cheng Xuan asked.

"Xuan's right. Ning Shan 'er is indeed a flamboyant, overbearing, and vicious woman. Even Ning Xi' er is submissive in front of her. Other than aunt Yan, she should be the highest-ranking young lady in the ning family. It's only when she's not in the ning family that Ning Xi 'er can flaunt her power. Also, she's a legitimate child." Ning haolan added.

"So that's how it is. However, it's a little too late for you to ask me to stay away from her now, because even if I don't provoke her, she will still come to find trouble with me. " Leng ruoxue understood. She could already foresee how furious this pampered first wife would be when she found out about someone like her. If that woman was really like what Cheng Xuan and ning haolan had said, she would definitely go crazy.

"Miss! I will protect you!" Grape patted his chest and promised.

"Silly girl, I'll be at ease if you can protect yourself." Leng ruoxue chuckled.

“Great aunt! I’ll protect you too, but now’s not the time to talk about this. Let’s get out of this cell quickly! Otherwise, if that poison Scorpion comes, no one will be able to leave easily.” Cheng Xuan said with a face full of fear.

“En!” Leng ruoxue nodded.

Everyone left the cell and returned to their respective residences.

Cheng Xuan returned to LAN garden with ning haolan in fear. Just as he was about to pack his things and leave, ning haolan pulled him back.

“What’s wrong? Are you trying to sneak away?” Ning haolan said with a smirk.

“If I don’t cower now, when will I? I can’t afford to offend that woman, so I’ll just hide, alright?” Cheng Xuan said unhappily.

“You’re not going to protect Leng ruoxue anymore?” Ning haolan raised an eyebrow.

“Protect! Why don’t I escape with her? That crazy woman definitely won’t let the three of them go. If there’s really a conflict, then your ning family will also be in trouble. It’s better for me to leave.” The more Cheng Xuan spoke, the more he felt that his words made sense.

Chapter 1609: The ninth young mistress (3)

“Can’t you be a little more promising? He’s the young master of the Cheng family, yet he’s afraid of a woman to this extent.” Ning haolan’s face was full of disdain.

“You think I’m afraid of her? If she wasn’t a member of the ning family, would I have to do this? I can’t hit him, I can’t scold him, what can I do? If it was someone else, they would have just snapped, but could she? Even if you don’t come to me for revenge, will her ancestors let me off? Unless I can also advance to reverent-god level! Otherwise, I can only hide.” Cheng Xuan said helplessly.

Ning haolan knew that Cheng Xuan was right. There were eight Supreme gods in the ning family. Excluding the ancestors, only the first and second elders were involved in the family’s Affairs. As for the other Supreme gods, they were all in seclusion in the depths of the forbidden land. They would not come out unless there was an important matter or the family’s survival was at stake. Among these Supreme gods, one of them happened to be a direct elder of Ning Shan ‘er’s line. The nings were protective of their own. It was even more vividly reflected in that person. Therefore, if something really happened to Ning Shan ‘er, that person would definitely not stand by and watch.

“But, you’re always hiding like this. It won’t solve anything!” Ning haolan reminded him, feeling a headache coming on. A man who had always enjoyed playing the game was actually scared off by a woman to the point of hiding everywhere. If word of this got out, he would be a laughing stock.

“It’s better than being pestered by her. Unless she has taken a fancy to another man, I can only avoid her every time I see her.” Cheng Xuan said in a very useless manner.

At this moment, Ning Wu, who had been sent to find out news about Ning Shan ‘er, returned.

He bowed to ning haolan and Cheng Xuan, then slowly said, "Young master! The ninth young mistress is not in the main residence right now."

"Where did he go?" Ning haolan was a little surprised. His ninth sister should have just returned, right?

"I don't know the exact location, but I heard from the people in the ninth young lady's courtyard that ninth young lady came back to wash up and then dressed up to go out. It seems that she went to meet her sweetheart." Ning Wu reported.

"Argh! Beloved? Are you sure?" Cheng Xuan's eyes widened in disbelief.

"I'm not very sure, but there is an 80 – 90% chance that the maidservants and guards in the ninth young lady's courtyard all said that her heart is budding with love." Ning Wu said, a little embarrassed. He had wanted to ask about the ninth young lady's situation, but who knew that the maidservants and guards in the ninth young lady's courtyard would gossip about this to him when they saw him. After he heard it, he felt embarrassed.

"Argh! Haha.....I'm safe!" "Hahahahaha!" Cheng Xuan exclaimed, and then burst out laughing without caring about his image.

Ning haolan's face was filled with helplessness.

"Then, are you still afraid?" Ning haolan could not help but ask.

"Tsk! She already has someone she likes who won't pester me anymore, so why should I be afraid!" Cheng Xuan rolled his eyes at ning haolan.

"But, this is just a rumor. You can't believe it." Ning haolan reminded him on purpose.

"There's no smoke without fire!" Cheng Xuan didn't mind.

"Good luck then!" Ning haolan had nothing more to say.

"Haolan, why don't you come with me to visit Ning Shan 'er when she returns and confirm her suspicions?" Cheng Xuan suggested after some thought.

"Good! Then I'll risk my life to accompany you." Ning haolan nodded.

"Ning Wu, send someone to keep an eye on her. If the ninth young mistress comes back, immediately send someone to inform me." Ning haolan turned around and instructed Ning Wu.

"Yes!" Ning Wu nodded and turned to leave.

Cheng Xuan was in a great mood, and he pulled ning haolan to the garden to have tea and chat.

It was late at night.

When the two of them were about to go back to their rooms to rest, Ning Wu hurriedly came to report.

"Young master! Oh no, the ninth young mistress has gone to the forbidden area in the back mountain." Ning Wu said loudly.

"When did she come back?" Ning haolan quickly asked.

“She came back less than half an hour ago. However, I heard from the guards that she went to the prison cell first before going to the forbidden area in the back mountain.” Ning Wu said.

“Could she have gone to find trouble with me?” Cheng Xuan said worriedly, sigh! He knew that woman was not easy to deal with. She had been out for the whole night and had just returned, and she was already restless.

“Let’s go take a look.” Ning haolan was worried as well. Ning Shan ‘er and Ning Xi’ er were different. If possible, he did not wish for Ning Shan ‘er and Leng ruoxue to have any conflict.

After that, the two of them looked at each other and went straight to the forbidden area in the back mountain.

As they approached, Cheng Xuan and ning haolan heard a loud slap in the middle of the quiet night. The two of them quickly walked over.

“Shan ‘er!” Ning haolan said. At the same time, he turned to look at the Guard’s face, only to see that it was red and swollen, with a few black and blue scratch marks on it. These were clearly signs of poisoning.

“So it’s young master big brother! It’s so late, why aren’t you resting?” Ning Shan ‘er asked with a proud expression.

“Shan ‘er! Where’s the antidote? Give it to me!” Ning haolan did not beat around the bush and went straight to the point. However, he was extremely annoyed with this clan sister of his. If he could, he really did not want to have any dealings with Ning Shan ‘er, especially when she had to wear a fake smile on her face.

“Young lord big brother, it’s just a small poison, there’s no need to use an antidote!” Ning Shan ‘er smiled sweetly and said nonchalantly.

“Cut the crap and give me the antidote!” Ning haolan suppressed his anger. A little poison? Half of the Guard’s face darkened. Was this still a little poison?

“There’s no antidote!” Ning Shan ‘er said coldly.

“No antidote? Then how dare you poison your clansmen!” Ning haolan was a little angry now, and the gentle smile on his face was replaced by a hint of anger.

“He was the one who offended me first. I only gave him a small lesson.” Ning Shan ‘er did not feel that she was in the wrong. She was a young lady of the ning family’s direct line, and a legitimate child at that. On the other hand, the other party was only a guard. No matter if it was identity or status, they could not compare to her.

“Did you offend the ninth young mistress?” Hearing Ning Shan ‘er’s words, ning haolan turned to look at the guard.

“Ninth young mistress wants to enter the forbidden area. I don’t dare to let her in.” The guard said bluntly. His words were also very clear. He had been beaten and poisoned by the ninth young mistress because he had done his duty. The poison might not have killed him, but half of his face had lost feeling.

“Shan ‘er! Don’t you know what kind of place the forbidden area is? How can we force our way in?” Ning haolan asked unhappily with a straight face. The ning family’s forbidden area was off limits to anyone, not even the acting Master, unless they had the permission of the old ancestor, let alone Ning Shan ‘er.

“I know! However, since even an outsider can live in the forbidden area, why can’t I, as a direct descendant of the ning family, go in?” Ning Shan ‘er roared in jealousy. Her beautiful face was red from anger, and her beautiful eyes were even more dazzling in the night.

“Is the outsider that ninth young mistress is referring to the first elder of the craftsmen’s Guild?” Suddenly, Cheng Xuan said with a faint smile.

Chapter 1610: So it’s her (1)

“What are you doing here?” When she saw Cheng Xuan, Ning Shan ‘er’s anger flared up.

“I’ve always been here! It’s just that ninth young mistress’s eyesight isn’t good and didn’t see me. ” Cheng Xuan teased, but in his heart, he was thinking, ‘it looks like Ning Shan really isn’t interested in me anymore. If this was in the past, she would have already pounced on me, hehe!’ That’s great, he thought to himself.

“Your eyes are the one with bad eyesight! You’re clearly too small. ” Ning Shan ‘er retorted sarcastically, unwilling to be outdone. In any case, she would definitely not be at a disadvantage.

“Alright! I’m too insignificant to enter your eyes, ninth young lady. ” Cheng Xuan admitted.

“Hmph! It’s good that you know! I was really blind in the past, how could I have taken a fancy to you! Now I know that there’s always someone better than you. ” Ning Shan ‘er said with a look of disdain and regret.

After hearing her words, Cheng Xuan was even more certain that Ning Shan ‘er had a new target. Otherwise, she would not belittle herself like that. However, this was really good news for him! However, he did not know which unlucky man had caught Ning Shan ‘er’s eye. He felt a little sympathetic for that unknown man.

“Congratulations, ninth young mistress, for coming back from the wrong path. However, you haven’t answered my question yet!” Cheng Xuan said with a smile. He was in a good mood.

“What’s the problem?” Ning Shan ‘er was confused.

“The outsiders you said live in the forbidden area, are you referring to the armament Guild’s Grand Elder?” Cheng Xuan repeated, his heart filled with regret. What a pity! The ninth daughter of the ning family had amnesia at such a young age.

“Of course not! I’m talking about the ancestor’s goddaughter! What right does she have to live in the forbidden area?” Ning Shan ‘er said with a face full of jealousy. As the saying goes, the same sex repels the other, while the opposite sex attracts the other. Therefore, after knowing that there was such a woman, she instinctively hated Leng ruoxue.

“Just because she’s the goddaughter of your ancestor! Your family’s old ancestor let her stay, who would dare to object?” Cheng Xuan laughed as he cursed in his heart, idiot! If you want to find trouble with Leng ruoxue, you should first see if you are qualified.

“This is against the rules!” Ning Shan ‘er said angrily, her heart filled with jealousy. In their generation, other than the young master who had been given special permission by the old ancestor to enter and leave the forbidden area as he pleased, no one else had the right. They couldn’t even enter, let alone live in the entrance area. What a great honor that was! Yet, she yearned for it, but it was not within her reach, and a woman who had no relationship with the ning family could live there. How could she, who had always been proud, accept this?

“Ninth young mistress, the words of your old ancestor are the rules of the ning family.” Cheng Xuan sighed and helplessly reminded him.

“Even so, we can’t let an outsider live here.” Ning Shan ‘er quibbled.

“It seems like you’re doubting your ancestor’s decision!” Cheng Xuan asked with an evil smile.

“How could I doubt the decision of our ancestor? don’t wrong me. I just feel that I can’t explain it to the ning family if I let an outsider live in the forbidden area.” Ning Shan ‘er found herself a Grand reason.

“Your ancestor doesn’t need to explain to anyone, understand?” Cheng Xuan was speechless.

Ning haolan also looked at Ning Shan ‘er helplessly. The ninth young mistress of the ning family had long been spoiled to the point where she even dared to criticize the old ancestor. Who was the old ancestor? He was the inheritor with the highest status in the ning family. The decision of the old ancestor was the decision of the ning family. Who dared to question it?

“Then the old ancestor can’t ignore the feelings of our ning family!” Ning Shan ‘er quibbled.

“Hahaha! Miss Jiu’s words were really interesting. Does the old ancestor have to consider the feelings of all your clansmen? All my life, I’ve only known that our clansmen have to listen to our ancestors and do whatever they’re told to do. This is the first time I’ve heard you say something like this!” Cheng Xuan sneered. The ninth young mistress was so arrogant that she was beyond saving.

“Shan ‘er! Mind your words!” Ning haolan’s face was full of disapproval.

“Big brother young master, please take me with you!” Ning Shan ‘er’s beautiful eyes turned as she suddenly begged.

Ning haolan narrowed his bright black eyes and stared unblinkingly at Ning Shan ‘er, causing her hair to stand on end. After a long while, he finally spoke indifferently, “Shan ‘er, you know the importance of this forbidden area. Without the permission of the ancestor, I can’t bring you in.”

Actually, even though ning haolan’s words were obviously trying to avoid the matter, it was the truth. He knew very well what Ning Shan ‘er wanted to do in the forbidden area, so he naturally could not bring her in. Otherwise, if Leng ruoxue were to lose even a hair on her head, the old Grand Madame would not let him off.

“Then, young master big brother should go and beg the ancestor!” Ning Shan ‘er said coyly.

“It’s so late, and you want me to go and beg the ancestor?” Ning haolan squinted his eyes as he sized up Ning Shan ‘er. He wanted to see what this beautiful little head of hers was thinking.

“Big brother young master! It’s not too late yet, the old ancestor must not have rested yet! If you’re willing to help me beg the old forefather, I’ll remember the good in big brother young master.” Ning Shan ‘er’s eyes flickered as she pleaded.

“Shan ‘er, you’re already so big, you should be more sensible.” Ning haolan’s handsome face was filled with disappointment.

“Young lord big brother, I beg you! I’ll remember your good deeds.” Ning Shan ‘er continued to plead.

However, ning haolan remained unmoved. Gradually, the anger in Ning Shan ‘er’s heart began to surge towards her head, and she began to Mutter disdainfully in her heart, Hmph! He was just an orphan whose parents had died early. If he had not entered the eyes of the old ancestor, how could he have been the young master?

Because she had failed to get what she wanted, ning haolan was an eyesore to her. She even thought that if her own brother became the young master, he definitely wouldn’t be like this.

“Shan ‘er, it’s getting late. Go back and rest!” Ning haolan reminded him with a faint smile. Then, he gave Cheng Xuan a look and warned him before he left, “You should know the consequences of barging into the forbidden area, so don’t do anything stupid!”

As she watched ning haolan and Cheng Xuan leave, Ning Shan ‘er’s heart was filled with hatred. She then looked at the guards who refused to make an exception, and in a fit of anger, Ning Shan’ er left.

After Ning Shan ‘er left, she did not return to her own residence immediately. Instead, she went to look for her own brother.

Her brother was called ning Haojie and he was one of the best among the younger generation of the ning family. In her heart, her brother’s potential was not any worse than ning haolan ‘s. It was a pity that he was not as well-liked by the old ancestor as ning haolan. However, from her perspective, whether ning haolan could become the master of the ning family and whether he could sit firmly on the position was still an unknown. After all, there were too many people in the ning family who wanted to replace him and many people were waiting for ning haolan to make a mistake!

Furthermore, her brother’s advantage over ning haolan was that his parents were still alive. Her mother’s clan might not be as powerful as a top-tier clan like the ning clan, but it was still one of the top clans outside of the eight great divine domains.

His father held a high position in the ning family as well. He was the Lord of a city in the ning family’s divine realm. He managed Sea city, the second largest city after the main city. Ning haolan only had a Big Uncle who was of similar blood to him as the substitute Lord of the ning family. However, an uncle was not his father. No matter how close they were, it could not be compared to the relationship between a father and a son. Thus, these were all the advantages of his brother.
