

Crazy Wife 1631

Chapter 1631: Reverent-God is also human (2)

Seeing their doubts, Yue Qing gave Bai Xian a look. Bai Xian understood and also picked up a saw. He poured his divine power into it. In an instant, only a flash of green light could be seen, and the huge tree that needed dozens of people to encircle it was cut in half.

Seeing this, the elders were shocked. This saw was too sharp. Moreover, with Bai Xian's demonstration, they were more confident in cutting trees. He eagerly picked up the saw and was ready to cut the tree.

Hmph! I can't let that damn little girl look down on me! This was the only thought in the minds of all the elders.

However, when they really used the saw, they found that cutting down these giant trees was not as easy as they had thought. Bai Xian seemed to cut it very easily, but when it was their turn, the trees seemed to have discussed it beforehand and refused to cut it.

An hour passed quickly, and the elders did not manage to cut down a single tree.

Seeing their unhurried appearance, Yue Qing and the others didn't rush them. Instead, they took out their lounge chairs and lay down to bask in the sun while eating food. Their eyes would occasionally stare at the elders who were cutting the trees.

The exhausted elders were so angry that they almost vomited blood when they saw them like this. However, it was a small matter to die from anger, but their face was important. Therefore, no matter how angry they were, they couldn't be looked down upon by these hateful guys. Suddenly, all kinds of divine power fell on the roots of the giant tree ...

It wasn't until night time that the elders finally had some results of their labor. Basically, everyone had a tree. However, for building a house, one tree was obviously not enough.

Bringing all the elders back to the entrance of the Leng family's main residence, Yue Qing said with an apologetic face, "It seems that the elders will have to set up their own tents tonight. It's late, have a good rest! We'll continue tomorrow morning." With that, Yue Qing, Bai Xian, and his wife entered the main residence with a smile.

Watching the backs of Yue Qing and the other two, all the elders were angry. F * ck! When had they ever been looked down upon like this? These people were really too much! Like master, like subordinate. These hateful guys are as annoying as that damn girl! This was the inner voice of many elders at this time.

However, even though they were not happy, they had no choice but to accept their fate and set up their tents. Otherwise, they would have to sleep in the wild mountains for the night.

The next morning.

Yue Qing and the other two woke up the elders who were as tired as dead dogs.

Seeing their drowsy looks, Yue Qing said with a surprised look, "You people are either divine emperors or reverent-god level cultivators. Why are you still so fond of sleeping? This won't do!"

"Reverent-God is also a human!" The second elder said unhappily. He could not understand. Wasn't he Leng ruoxue's bodyguard? Why did he have to enjoy the same treatment as these elders? Wu...That wretched girl was such a bully!

"I didn't say that you're not human!" "I mean, you guys don't need to sleep at all!" Yue Qing laughed evilly and continued.

"We also need to conserve our energy." The second elder said helplessly. Although deities above the rank of divine Emperor had very little need for food and sleep, that didn't mean that they didn't need to rest. Furthermore, to them, sleeping was also a way of cultivation. Therefore, many deities above the rank of divine Emperor still maintained the habit of sleeping every night.

"Oh! However, compared to recuperating, what you need the most now is a house. Otherwise, when the rainy season comes in a few days, you'll have to be watered." Yue Qing reminded him with a smile.

"Your mission today is to plant three trees! Don't even think about sleeping if you don't cut enough." At this moment, Xiang 'er spoke.

"What? Three trees?" The elders were dumbfounded. Why was there a number? It took them so long to cut down one tree yesterday, wouldn't it take their lives to cut down three?

"Mm! It was three trees today! If you want to build a decent house, you need at least twenty trees of yesterday's standard. However, your cutting speed is too slow, so we only arranged three trees for you today. When you are more skilled in cutting trees, it will be more than this. Also, miss said that you must cut twenty trees within five days." Yue Qing explained.

"It's already the second day!" Xiang 'er smiled as she reminded him.

"Yes! The three trees today are just the minimum requirements. If any of you can cut down more trees quickly, you can finish the task earlier so that you can build your houses." Bai Xian said.

The elders did not say a word after hearing what they had to say. At this moment, they even wanted to die. Why are you punishing us like this!

Although they complained, they had no choice but to follow the arrangements of Yue Qing and the others. Who asked the family head to send Ning Shan to supervise them! If they dared to resist, the great ancestor would definitely know at the first moment. At that time, they would definitely be even more unlucky than they were now.

Therefore, although they were dissatisfied in their hearts, they had no choice but to swallow their anger. And Yue Qing and the others knew about this, so they had no scruples to ask them to do anything. In fact, it would not take twenty trees to build one house, and they were doing it for free.

With the experience of cutting trees yesterday, the elders were much more skilled in cutting trees today. Moreover, many of the elders had cut more than three trees. The second elder had cut down the most, a total of seven trees. This result made him extremely excited. However, Bai Xian had poured cold water on his head because Bai Xian had told him to understand team spirit. He was one with the elders,

so he had to wait until all the elders had cut down twenty trees before he could teach them to build houses.

When the second elder heard this, he was dumbfounded.

On the third day.

Yue Qing and the other two had set a minimum of five trees for each of them.

The elders, who were getting more and more skilled, only used one morning to complete their task. In the afternoon, they continued to cut down five trees. Seeing them work so hard, Yue Qing and the other two were very satisfied.

Four days later, other than the sick nineteenth elder, all the elders had completed their tasks. However, when Bai Xian once again blurted out his team spirit, all the elders automatically went to help the nineteenth elder cut down the trees.

When all the elders had enough trees, Bai Xian took out a drawing and instructed them to start building houses.

During the first three days of building the house, Bai Xian had the elders lay the foundation.

The elders, who had never done such a thing before, were all flustered. However, Zi Yu and the others had no intention of helping.

With great difficulty, the foundation laid by the elders met the requirements. Then, according to Bai Xian's requirements, they cut the giant trees into the required shape and began to build the house.

However, before the house was built, there was a heavy rain. The rain lasted for several days. They could only stay in their small tents and look at the rainy weather outside. The depression in their hearts could not be described with words.

Chapter 1632: Reverent-God is also human (3)

In contrast to their gloominess, Leng ruoxue and the rest were in an extremely good mood.

However, when he saw the pitiful look on the elders' faces, Cheng Xuan felt some sympathy in his heart.

In the garden.

Leng ruoxue sat on the stone chair and sipped her tea. She observed the situation outside through the light screen.

Cheng Xuan was sitting opposite her, deep in thought.

"Great aunt! Will those elders be fine outside?" Those old fogeys were all famous deities in the divinity, yet they were being treated like this by Leng ruoxue. It was really pitiful!

"Don't worry! You won't die." Leng ruoxue said disapprovingly.

"Uh! I mean, aren't you afraid that they'll hate you?" Cheng Xuan asked curiously.

“Why do you hate me? Who asked them to be so slow? it took them three days just to build the foundation.” Leng ruoxue said with a look of disdain.

“They have never done such a thing!” Cheng Xuan said with a hint of sympathy.

“They can learn if they haven’t done it before. Didn’t I arrange for someone to teach them?” Leng ruoxue said innocently.

“Alright! They’re too stupid, but when will the rain stop?” Cheng Xuan looked up at the roof. There was a transparent film on the roof of the main house, so no matter how heavy the rain outside was, it couldn’t pour in. Otherwise, they would probably have to stay in the room.

“Don’t worry, it should stop in two days.” Leng ruoxue said calmly.

“That’s good!” Cheng Xuan said, relieved.

“I say, young master Cheng, I didn’t expect you to care about the elders of the ning family.” Leng ruoxue’s beautiful eyes sized up Cheng Xuan as she asked in surprise.

“Hehe! Our Cheng family and the ning family have been friends for generations. When I’m free, I live in the ning family, so I’m very familiar with many elders. So, seeing them so pitiful, I naturally sympathize with them.” Cheng Xuan said, a little embarrassed.

“Oh! However, they were trained by my Godfather, so I’m afraid their future days will be even more pitiful. So, you’d better put away your sympathy!” Leng ruoxue smiled as she reminded them. Actually, she had already drawn up a training plan for the elders. They could start implementing it after they finished building the house.

“Uh! Alright then!” After listening to Leng ruoxue’s words, Cheng Xuan wiped the cold sweat off his forehead in fear. He thought to himself that he could not offend this terrifying woman. Otherwise, if his treatment fell to the same level as the elders of the ning family, he would cry himself to death!

“Young master Cheng! I’ll be going into closed-door cultivation in a few days, so you can have fun by yourself!” Leng ruoxue said, satisfied.

“Don’t worry about me, I’ll take care of myself.” Cheng Xuan quickly said and let out a long sigh.

Leng ruoxue nodded. Suddenly, a look of joy appeared on her face. Following which, she saw a few figures appear in the garden.

“Grandpa, brother!” Leng ruoxue excitedly pounced towards two of them.

“Hahaha! Xue ‘er! Grandpa has missed you so much.” Leng Qingtian said with a smile as he held his precious granddaughter in his arms. At this moment, the evildoer came to their side.

“Grandpa!” The demon secretly peeked at Leng Qingtian with a face full of hidden bitterness. He was a little dissatisfied in his heart. Woo...Grandfather was hugging his woman.

“Hahaha! Come! Let’s hug together, Grandpa!” When Leng Qingtian saw this, he stretched out his long arm and pulled the demon into his embrace. He knew all too well what this kid was thinking.

After hugging her grandfather, Leng ruoxue wanted to hug her brother. However, this time, the evildoer held her tightly in his arms and refused to let her hug him. Seeing this scene, everyone could not help but laugh while Leng ruoxue was extremely helpless.

“Miss! Guild leader ye’s jealousy seems to have gotten stronger.” Feng Da teased with a smirk.

“Al!” Leng ruoxue sighed, her beautiful eyes filled with helplessness.

“Hmph! You’ve finally come out of seclusion!” The demon glanced at Feng Da and said with a little dissatisfaction.

“Don’t worry, guild leader ye! Even if we come out of seclusion, we won’t dare to snatch the young miss from you.” Feng Da, who sensed the danger, quickly promised. His words received a look of admiration from the evildoer, as if saying, ‘at least you know your place!’

“Grandpa! You guys can all advance, right?” Leng ruoxue looked at her grandfather and the rest as she said in understanding.

“Yup!” Leng Qingtian nodded happily.

“Al! I’m feeling inferior. I’m still a mid level deity now. If you guys advance, your level will be above mine.” Leng ruoxue said with a face full of hidden bitterness. However, her words received unanimous disdain from the crowd.

“Miss! You’re a pervert, don’t compare yourself to us.” Lu Tao said, somewhat unable to stand it. Although she was a woman, she could not stand her young miss’s coquettish behavior!

“Yes, yes!” Everyone nodded in agreement, clearly in favor of green Peach’s words.

“Great aunt! “They are ...” Cheng Xuan, who had been watching the commotion, walked over and asked curiously.

“Great aunt? When did I have a grandnephew?” Leng ruohan’s face was filled with fear. ‘Is this a gift for me to come out of seclusion?’

Although Feng Da and the others didn’t say anything, they all looked at Cheng Xuan curiously with similar expressions.

“Uh! I’m not your grandnephew.” Cheng Xuan rolled his eyes and said helplessly.

“You called my family’s young miss great aunt! Young master ruohan is my young lady’s biological brother!” Cuizhu could not help but remind him.

“So what? Let’s just talk about our own matters!” Cheng Xuan quickly said. He couldn’t accept the sudden appearance of an elder.

“Grandpa, brother, he’s the young master of the Cheng clan of the immortal realm. He was just joking, and you guys actually believed him!” When Leng ruoxue saw the serious expressions on her brother and the others’ faces, she explained speechlessly. Following that, she introduced them to each other. However, when Lü Tao and Cuizhu found out that their miss had two more maidservants, they were rather upset because they felt that they were about to fall out of favor.

Seeing Lü Tao and Cuizhu's resentful expressions, Leng Ruoxue sighed softly and said, "In the future, the four of you will have to get along like real sisters. In my heart, you are all the same."

"Don't worry, miss! We will definitely take good care of Lü Tao and little sister Cuizhu." When Grape heard Leng Ruoxue's words, he quickly expressed his position. Although miss's words warmed their hearts, they also knew in their hearts that Lü Tao and Cuizhu had been with miss for a longer time than them. Their position in miss's heart must be higher than theirs. However, since they had followed miss, they naturally had to build a good relationship with the people around miss. Otherwise, wouldn't they be making things difficult for miss?

"Miss! We'll also treat Grape and sister Lotus Seed as biological sisters." Green Peach also said hurriedly. Then, the four of them looked at each other and smiled. Their feelings for each other took root and sprouted in an instant.

"En!" Leng Ruoxue nodded and said to Leng Qingtian and the rest, "Grandpa! You guys go back to your own rooms to advance! Let's have a good celebration tonight!"

"Alright!" Leng Qingtian agreed.

Then, everyone returned to their rooms.

Not long after, the laws of the world that had advanced in rank came in waves ...

The Golden Pillar of Light that represented the laws of heaven and earth enveloped most of the rooms in the main residence for a long time ...

When Leng Qingtian and the rest walked out of their rooms, most of them had already advanced to the high level divine being realm.

At night, Leng Ruoxue and the rest had a special celebration. The elders of the Ning family who had been cooped up in their tents were also invited into the main residence. Moreover, they knew that they had been invited in because of their relatives' promotion. Therefore, they were all very honest.

During the feast, everyone heard that Leng Ruoxue was also preparing to enter closed-door cultivation. Immediately, Cuizhu and the others who had not advanced to the high-ranked deity stage immediately expressed that they wanted to continue their closed-door cultivation as they were afraid that they would drag down the young miss.

Two days later.

The storm that had been going on for several days finally stopped.

Once the sky was clear, Leng Ruoxue immediately arranged for Bai Xian and the rest to supervise the elders as they continued to build the houses. Feng Da and the others were afraid that Bai Xian and the other two would be too busy, so they took the initiative to help. After they joined, the elders deeply felt that their days had become even more deep and difficult. Now, even if they wanted to find an opportunity to slack off, they couldn't find it, because the eyes of the supervisors were everywhere.

At the same time, Leng Ruoxue took this opportunity to bond with her grandfather, brother, and the others.

Half a month later.

With the combined efforts of the elders, their residence was finally built.

Looking at the exquisite three-story independent building in front of them, the elders wanted to cry but had no tears because this was not only the result of their own work, but also their residence for a period of time in the future. However, what they didn't understand was, since each house only had one elder, why did they have to build three floors? After all, in their opinion, one room was enough for them to live in. However, there were three floors now, and there were more than ten bedrooms inside. Could this ... Be used?

However, when they first started building the house, they didn't know that they were going to build a small three-story building. It was only two days before the house was completed that they were surprised to find that their residence was so large.

Even though some elders raised their doubts, in Leng ruoxue's words, their status was so distinguished, so their residence naturally had to match their status. Therefore, it was only right for it to be bigger.

After the elders were duped by Leng ruoxue, although they agreed with her, they still felt that there was something wrong with Leng ruoxue's words. However, they could not put their finger on what was wrong. Hence, they could only move into their own houses resentfully.

Leng ruoxue was extremely satisfied when she saw that the elders' residence had been settled. Moreover, the house had been built according to her strict requirements. After giving some instructions to Zi Yu and the rest, she brought the evildoer and the rest into the bracelet to cultivate in seclusion ...

Chapter 1633: The punishment for nineteenth elder (1)

After knowing that Leng ruoxue was in closed-door cultivation, second elder and the rest heaved a sigh of relief because this meant that their lives would be better. However, when they found out that Leng ruoxue had handed them over to her subordinates to manage, the anger in their hearts burned with a 'whoosh'. With second elder in the lead, the elders immediately went to find Ning Shan to uphold justice.

In Ning Shan's room.

He frowned as he looked at the ashen-faced elders. He was so depressed that he wanted to bang his head against the wall. Wu ... What task did the family head arrange for him? None of these elders were easy to deal with. However, the people on Leng ruoxue's side were even more difficult to deal with. After weighing the pros and cons, he decided to remain neutral and deal with matters in a formal manner.

"Captain ning! Master said that Leng ruoxue was going to train us, right?" The nineteenth elder was the first to question.

"The master has handed you over to miss Leng." Ning Shan said very cautiously. These elders were all old and shrewd, so he was especially careful when he spoke, so as not to be tricked by them and be unable to deal with it.

"If that's the case, why should her subordinates care about us? Leng ruoxue isn't here!" The 19th elder said angrily. He had endured it when he had asked them to cut down trees and build houses because that damned woman hadn't gone into seclusion at that time. But now? That damned woman had gone into seclusion, but she still wasn't willing to let them go. How could they tolerate this?

"That's what miss Leng told us before she went into seclusion. She drew up a training plan for all of you and let her subordinates be in charge of training all of you. Also, don't forget that the family head told you all to listen to miss Leng's arrangements." Ning Shan was very reserved, but the meaning between the lines was obvious. She wanted them to follow Leng ruoxue's arrangements.

"Captain ning! We're all elders of the ning family, people with status and reputation in the divine realm. If word gets out that we're being trained by some little guys, the ning family will lose face, right?" The nineteenth elder said with an aggrieved expression.

"Nineteenth elder, I can understand how you feel, but this is the patriarch's decision. Unless the patriarch comes in person, no one can change it. So, I think you'd better receive their training! If you resist the training, it will be very difficult for me, because I have to report the results of your training to the patriarch truthfully." Ning Shan said, pretending to be helpless.

"Captain ning! Are you really not willing to help us? We're family, you can't help outsiders!" The nineteenth elder couldn't help but remind him.

"Nineteenth elder! It's not that I don't want to help you, but I'm powerless." Ning Shan said in a very troubled manner. Then, he said, "Of course, if you really don't want to accept their training, I can't force you, but I won't hide it for you. I will report the truth to the family head. At that time, what punishment the family head will give you will not be up to me to decide."

"Isn't there a saying that goes, 'those who understand practice are wise'?" Seeing that we're all part of the ning family, I advise you to accept their training obediently! There's no good for you to cause trouble, and you might even get into trouble. Moreover, if this matter is known by the patriarch, I'm afraid you'll be even more unlucky." Ning Shan added in a serious tone.

"Don't tell me we can only accept our fate?" One of the elders said, unwilling to give up.

However, no elder responded to him, and Ning Shan only looked at him with a little sympathy, and also did not say anything.

The atmosphere instantly fell silent.

After a long while.

The second elder unwillingly opened his mouth and said, "If that's the case, then let's accept their training! The sooner we can satisfy master, the sooner we can return to the ning family."

"Second elder, you're an understanding person!" Ning Shan praised.

"Ai!" All the elders sighed with a face full of worry, and then walked out of Ning Shan's room dejectedly. At this point, all the elders understood that there was no point in saying more. Ning Shan could not help them at all.

The elders had just left when Feng Da and Cheng Wu walked in from outside.

“Hehe! These elders had come in high spirits, but left in low spirits! They must be very disappointed!” Feng Daxing said with a gloating smile.

“Yup! I can’t help them at all!” Ning Shan said honestly.

“No one can help them. Unless your master personally brings them back, they can forget about escaping from our hands.” Feng Da laughed evilly. He had been in seclusion all this time, and now that he finally had something fun to do, he had to make good use of it.

“As long as they are still breathing, the master will not care about their lives.” Ning Shan said with a smile, giving them a heads up.

“Hehe! With your words, we’re at ease and can play to our heart’s content.” Feng Da said with a smile.

“Uh!” When Ning Shan heard Feng DA’s words, black lines immediately appeared on her forehead. What did he say? He wouldn’t harm these elders, right? Although the master was a little angry with them, they were the elites of the ning family, after all. It was better not to be played to death by them!

When he saw Ning Shan’s suddenly worried expression, Feng Da patted Ning Shan’s shoulder like a brother and said, “Brother! Don’t be afraid, I won’t play them to death.” Feng Da understood.

“That’s good!” Ning Shan nodded in relief, but he was thinking to himself, ‘the Emperor God will probably ban this game, right?’

“Hehe! Don’t think about those elders anymore, good brother, let’s go! Let’s go for a drink!” Feng Da put his arm around Ning Shan’s shoulder and said very enthusiastically.

Then, Feng Da and Cheng Wu pulled Ning Shan’s arms and went to bond with him.

Early the next morning, Feng Da Beat the gongs and drums to wake up the elders who were still in their dreams.

The elders came out of the room and saw Feng Da and the others standing outside their house. Their faces immediately fell. What are these people doing so early in the morning?

Feng DA’s eyes were like torches as he looked around at the elders present. After counting the number of people, he realized that one elder was missing.

“Where’s the 19th elder?” Feng Da asked loudly.

“He’s probably still sleeping, I’ll go get him!” Cheng Wu said resentfully.

Then, Cheng Wu turned around and entered the 19th elder’s house.

After a while, an earth-shattering cry came from nineteenth elder’s house, “Argh! Who let you in!”

Then, everyone heard a ‘bang’! A piece of trash flew out of the window ...

“Aiyo! Are you trying to murder me?!” The trash that flew out of the window leaped up and roared in anger.

This ‘trash’ who was shouting in anger was the late nineteenth elder.

At this moment, Cheng Wu stuck his head out of the window and chuckled, "19th elder, you're late. I'm helping you! How can you learn from that guy and not recognize a good person's heart!"

Chapter 1634: The punishment for nineteenth elder (2)

"Are you a good person? None of you are good people!" 19th elder glared at Cheng Wu who was looking down on him and shouted angrily.

"Stop arguing! Nineteenth elder, quickly return to the team!" Feng Da didn't give Cheng Wu a chance to speak as he shouted at the 19th elder in a bad mood.

"Return to the team? Which team?" When 19th elder heard this unfamiliar word, he didn't even care about quarreling with Cheng Wu and asked Feng Da stupidly.

"See for yourself." Feng Da pointed at the elders who were already standing in two rows.

"Uh!" 19th elder looked in the direction Feng Da was pointing at and saw that the other elders were standing in an orderly manner. He was the only one who stood out from the rest.

"19th elder, hurry up and stand in your position." Feng Da ordered.

"My position? Where is he?" The nineteenth elder had come too late and was unable to figure out the situation.

"The second row, behind the second elder." Feng Da reminded.

"Oh!" 19th elder stood up unwillingly.

Seeing that all the elders were present, Feng Da cleared his throat and said very cautiously, "Since today is the first day of training, we won't pursue your lack of discipline. From tomorrow onwards, as long as you hear the whistle or Gong, you must dress up and line up at this position. If you are late again, you will be punished tomorrow. Moreover, the punishment will not only be for the latecomer, but the entire team will be punished as well."

"What do you mean by an entire team?" The second elder asked shamelessly. He had heard a few new terms today, but he didn't quite understand them.

"We've already divided you into two groups. The first row's elders are one group, the second elder is the leader, and the nineteenth elder of the second row is the leader. In the future, if anyone in your two groups breaks the rules or can't complete the task we've assigned, your entire group will be punished. Do you understand?" Feng Da asked loudly.

"Oh!" All the elders nodded. Although they did not fully understand the situation, they would not admit it as they were concerned about their reputation.

"From today onwards, we'll be conducting military management on all of you. Therefore, all of you must absolutely obey our orders. From now on, we'll be your instructors, and all of you must respect us and not disobey our orders. Otherwise, you'll be punished by military law." Feng Da said.

“That ... What is military management?” 19th elder asked in confusion. For some reason, these words made him feel very uneasy.

“It means to strictly manage you.” Feng Da explained simply.

“Oh!” The nineteenth elder replied softly.

“I know that all of you elders are people with status and position in the divine realm. Therefore, for the sake of your face, shouldn't you all also perform well?” Feng Da said with a smile.

“Naturally!” The nineteenth elder said arrogantly. Those who could become elders in the ning family were all old foxes who had gone through hundreds of battles and countless tests. Therefore, they did not take the militarized management that Feng Da spoke of seriously at all.

“Hehe! It's good that the elders are confident! Now, we'll begin your first training. This is also your daily routine, and you must complete it no matter what! That was long-distance running! Do you see these mountains? From today onwards, you will have to run around these mountains once every day. You can only run with your legs, and you are not allowed to use divine skills or use flying beasts to slack off. You'll be punished!” Feng Da said with a smirk.

In his heart, he really admired his young miss's idea because this idea was really too good. These elders were used to being pampered, and no matter where they went, they would have beasts as a means of transportation. It was likely that it had been many years since they had used their two legs to walk so much. After running down these few mountains, they would definitely be half dead from exhaustion! Hehe! He was very much looking forward to the tragic state of these elders!

Sure enough, when the elders heard Feng DA's words, their faces all turned black. Because they never dreamed that the first training that the wretched girl arranged for them was actually running. This, this was really too much, they were gods! How could he let them run like ordinary people?

“My young miss said that running is to train your physical fitness and also to help you lose weight. Look at some of you, all of you are so fat. You're so embarrassing.” Feng Da, who could tell what they were thinking, said with a look of disdain.

However, when they heard Feng Da say the words 'fat head and big ears', many of the elders subconsciously looked at the nineteenth elder. The nineteenth elder's face turned red and he was embarrassed by their stares.

“Dammit! Why are you all looking at me?” The nineteenth elder said angrily.

None of the elders replied, only thinking in their hearts, because you're the fattest one among us, we've all been implicated by you.

“Nineteenth elder, you are the fattest of all the elders, and you also need to lose weight the most.” Feng Da said what the other elders didn't say, and his mood was very good.

“You ...” 19th elder was speechless. His chest heaved up and down.

“Alright! Everyone, don't waste any more time. Today, Big Brother Cheng will be leading the team, and tomorrow, the second elder and the nineteenth elder will be leading the team. So, you'd better

memorize the route. If you get lost, we won't come to find you! By the way, if any of your elders were to get lost, I'm sure that the thirsty female beasts in the forest would be very happy." Feng Da laughed.

A thirsty mother beast? When the elders heard these words, their expressions changed drastically, and they all looked at Feng Da in unison, their eyes red as they asked, 'what do you mean?'

"Hahaha! Let's go!" Feng Da laughed and changed the topic. This matter could only be understood and not described!

"Let's go!" The leader of the group, Cheng Wu, gave the order and left with the elders.

At noon, Cheng Wu and the rest had not returned. However, Feng Da and the rest were not worried at all because they had been observing the elders 'every move through the light screen.

Feng Da and the others were all gathered in front of the light curtain in the garden.

Cheng Xuan's eyes widened as he looked in disbelief at the elders on the screen, who were as tired as dead dogs. He said with a little sympathy, "This is their daily routine? Can they even finish?" In fact, what he wanted to ask was if they had any other tasks other than running around a few mountains.

"They have to do it even if they can't finish it. Besides, this is the easiest task among all their missions!" Feng Da said honestly.

"Uh! What else is there?" Cheng Xuan was curious.

"The secrets of heaven must not be divulged!" Feng Da kept him in suspense.

"Don't be like this! We're friends!" Cheng Xuan begged pitifully.

"I'm sorry! This is a trade secret, I can't tell you even if you're my friend." Feng Da remained unmoved.

Chapter 1635: The punishment for nineteenth elder (3)

"Uh! Alright then!" Cheng Xuan gave up on trying to gather information. He would find out sooner or later anyway.

Then, he turned his eyes to the screen.

At this moment, the elders in the forest were already drenched in sweat and sighing. Some of them had even sat down on the ground to rest while Cheng Wu was reprimanding them at the side.

"Your physical fitness is really bad. How far have you run? You're all so tired?" Cheng Wu was furious. He even regretted leading the way for them. Based on their running speed, it would be good if they could reach home by night.

When the elders heard Cheng Wu's words, although they wanted to retort, their bodies were sore all over and they were too lazy to speak.

When Cheng Wu saw their half-dead appearance, the anger in his heart grew even greater.

“Dammit! All of you, stand up!” Cheng Wu shouted. However, his words did not receive any response from the elders.

“Let us rest for a while! We’re really tired.” The second elder said weakly. He had never thought that he would one day be able to run so far on his legs. It was truly unbelievable.

“It’s already noon, how long do you guys want to rest?” Cheng Wu asked with his eyes wide open. He was hungry.

“Let’s rest for a while more!” The second elder pleaded.

“Then you guys should rest first! I’ll come back for lunch, so stay here. I hope you’ll have recovered by the time I come back in the afternoon.” After Cheng Wu finished speaking, he summoned his flying beast and left without looking back.

As they watched Cheng Wu’s back view, the elders were dumbfounded. Following that, anger surged within them and they all felt indignant.

“Second elder! What’s the point of leaving us here? He’s really too much!” The nineteenth elder was the first to shout. He was also the first elder to collapse from exhaustion.

“What else do you want? Do you expect him to stay here and accompany us?” The second elder was helpless, because he had already seen the situation in front of him. He had no choice but to lower his head!

“But he can’t just leave on his own flying beast! Why don’t ... We also take the flying beast back!” The nineteenth elder suggested.

“You want to be punished?” The second elder raised his brows. Based on his understanding of Leng ruoxue, he had no doubt that Leng ruoxue’s subordinates would treat that wretched girl’s words as an imperial edict and would not give them any face. After all, those people were Leng ruoxue’s subordinates.

“We’re the ning family’s elders. I don’t believe they’ll really dare to punish us!” The nineteenth elder disapprovingly said.

“If you don’t believe me, you can try. I won’t stop you.” The second elder said. He didn’t dare to take this risk, but he didn’t mind having an elder test it out himself and be the first to eat the crab.

“Second elder! Don’t you regret it!” The 19th elder couldn’t help but remind them. Then, he looked at the other elders and said, “Do any of you want to go back with me on a flying beast?”

All the elders looked at each other when they heard this. However, no one dared to respond to the nineteenth elder’s words. In their eyes, even the cautious second elder did not have such an opportunistic idea, so they naturally did not dare to have it.

“Tsk! You bunch of cowards, since you don’t want to go back with me on the flying beast, then you can slowly wait here!” After the nineteenth elder finished speaking, he summoned his flying beast and sat on it, then flew directly back to his residence.

In the afternoon.

When Cheng Wu arrived, he merely glanced indifferently at the elders present before leading them on their way. When the elders saw that Cheng Wu did not seem to have noticed that they were missing a person, they suddenly felt a little regretful. If they had known that this would happen, they would have returned with the nineteenth elder.

It was only in the evening that Cheng Wu brought the elders, who were so exhausted that they were beyond recognition, back to their residence.

After that, he arranged for them to go back to their rooms to rest.

After bringing the elders back, Cheng Wu returned to his room as well. This made Cheng Xuan, who was extremely curious about the punishment the 19th elder would receive, feel as if a cat was scratching his heart anxiously. However, seeing that Cheng Wu and the others were fine, he could not calm down no matter what. His eyes were fixed on their every move.

“Young master Cheng! It’s time to sleep.” After dinner, Cheng Wu looked at Cheng Xuan, who wanted to say something but was hesitating, and said with a smile.

“Uh! Did you guys forget to do something?” Cheng Xuan said very implicitly.

“What is it? I only know that we should go to bed, we have to wake up early tomorrow.” Cheng Wu played dumb and entered his room after he finished speaking.

Seeing this, Cheng Xuan had to turn his eyes to Feng Da. Who knew that Feng Da just yawned and then went to sleep in his room.

“Rest early!” Zi Yu patted Cheng Xuan’s shoulder sympathetically, and then left.

Seeing that everyone in front of him had left one by one, Cheng Xuan, who felt that it was uninteresting, could only return to his room sulkily. However, there was a trace of regret left in his heart.

Late at night.

The moon hung high in the sky, and a dark cloud was slowly floating over from the distance.

At this moment, a black figure flashed into the room of the nineteenth elder.

After the tall figure entered the room, he stood by the bed and looked at the sleeping nineteenth elder. A wicked smile appeared on his charming face. Then, he said softly, “Grey Eagle! Come out!”

As soon as he finished speaking, a quivering Grey Eagle appeared in front of the man.

“We pay our respects to the Lord!” The Grey Eagle said in a low voice. Its huge body was trembling, and its head was lowered. It did not dare to look up at the person in front of it.

“Do you know why I called you out?” The black figure, who was mo you, asked with a faint smile.

“I don’t know. Please give me your orders, my Lord!” The giant Grey Eagle wanted to cry but had no tears. “Hmph ... This Lord is giving it a lot of pressure.” Although it did not know what this Lord’s true form was, it could feel that the Lord’s bloodline pressure was definitely something that only the top beasts would have. Therefore, it did not dare to resist mo you’s words.

“You did something wrong today, do you know that?” Mo you suddenly said with a straight face.

“Argh! Little Beastie ... Little Beastie didn’t do anything?” The grey giant Eagle’s heart trembled as a trace of fear spontaneously arose from the bottom of its heart.

“You still dare to say you didn’t do anything? You flew back with this guy this afternoon, right?” Mo you pointed at the nineteenth elder who was lying on the bed.

“Y-yes! He’s my master, I don’t dare to disobey his orders. ” The giant Grey Eagle said in an extremely aggrieved manner. ‘Woo...That’s master’s request. How can I refuse?’

“Since that’s the case, you can accept the punishment with him!” Mo you said without any emotion.

“Don ‘t! My Lord! Spare me!” When the Grey Eagle heard that it was going to be punished, it was so scared that it quickly begged for mercy. Its teary eyes made it look as pitiful as it could be.

“Spare you? Hmph! Do you know that because you listened to your Master’s words, you caused him to go against the rules set by my mistress? therefore, he must be punished!” Mo you said with a cold smile.

“And you won’t be able to escape!” Mo you added.

“My Lord! I know I’m wrong, but he’s my master. I have to do whatever he asks me to do. I, I’m also in a difficult position. ” The giant Grey Eagle wept.

“As a Beastie, how can I not understand your difficulties? however, as Beastie, we can’t blindly be blindly loyal. If we know it’s wrong and still help master, then we’re not doing it for master’s good, but harming master! Do you understand?” Mo you lectured.

“Yes! My Lord! I wonder what you want this little Beastie to do?” The Grey Eagle asked.”Master, you can’t refuse him. I can’t afford to offend this man. What should I do?” At this moment, it really wanted to shout, ‘why make things difficult for Beastie!’ However, it did not dare to!

“You’re quite sensible. In that case, I’ll point you in the right direction. From today onwards, you can’t agree to anything your master wants you to do for training. Otherwise, don’t blame me for being impolite. ” Mo you said straightforwardly.

“Yes!” The Grey Eagle quickly nodded.

“As for today’s matter ...” Mo you did not finish his sentence. However, the giant Grey Eagle’s heart was in its throat.

“This King won’t hold you responsible for today’s matter. After all, you were following orders. However, your master must be punished, and you are not allowed to interfere. ” Mo you paused on purpose before continuing. Among the old man’s beasts, this Grey Eagle was the highest level, a level 8 saint God beast. The other beasts basically followed this Grey Eagle’s lead. Therefore, as long as he warned this Grey Eagle, it was equivalent to intimidating all of the old man’s beasts. Otherwise, he would not have called this Grey Eagle out alone.

“Yes!” The Grey Eagle had no choice but to lower its head under mo you’s pressure.

“Let’s return! Don’t come out when there’s nothing important. ” Mo you ordered domineeringly.

“My Lord! Little Beastie will take my leave.” The Grey Eagle lowered its head and returned to the Beastie dimension. With this Lord here, it would not dare to come out even if it was beaten to death.

After the Grey Eagle disappeared, mo you looked at the nineteenth elder who was lying on the bed. A profound smile appeared on his lips as he muttered to himself, “Honorable nineteenth elder, it’s your turn!”

After saying that, a transparent bubble appeared in mo you’s hand. He placed the bubble on the nineteenth elder’s body. In the blink of an eye, the nineteenth elder fell asleep in the bubble. Then, mo you disappeared from the room ...

After a short while, mo you arrived outside a cave in the forest.

The cave was unusually large, and the entrance of the cave was nearly two meters wide. As soon as mo you released his aura, he heard the sound of running, which was as loud as Thunder, coming from the cave ...

Then, a few huge yellow bears appeared in front of mo you.

“My Lord!” The giant bears bowed to mo you respectfully, then knelt in front of mo you like a well-behaved wife.

“I’m going to give him some punishment. You guys have fun! Just leave some breath.” Mo you passed the bubbles in his hand over and instructed.

Chapter 1636: Special training (1)

“Yes!” The leading giant bear carefully took the bubble and said with a trembling voice.

After that, mo you disappeared in front of the huge yellow bears.

Looking at the bubble in the giant bear’s paw, the leader of the Bears frowned with a troubled expression. He did not know what to do with the bubble. The other bears were also staring at bubbles in confusion ...

This bubble was very transparent and looked very thin. He didn’t know if he would be accidentally broken by them! And the man who was still sound asleep in the bubble, he looked so small!

A curious Little Bear reached out its paw and poked at the bubble. The leading bear was unable to stop it in time and its face turned pale with fright. However, the bubble did not burst miraculously. Instead, it was very elastic and caved in along the little bear’s paw. The little bear laughed happily when it saw this.

“Grandma! This is so interesting!” Little Bear said with a smile.

“My child! Be careful, don’t break the bubbles. Otherwise, that Lord will blame us.” The leader, grandma Xiong, said with a worried look.

“Grandma! What was there to be afraid of? Didn’t that Lord tell us to have fun? We’ll just leave this human with one breath.” Little Bear said disapprovingly. It was at the age where it was fun and active.

There was usually no entertainment at home, so now that a toy had suddenly appeared, of course it was not willing to let it go.

“But ...” Grandma Xiong was still a little worried.

“Grandma! If we don’t do what that Lord said and teach this human a lesson, he might blame us!” Little Bear said.

“Al! Alright then! However, don’t be too heavy-handed, in case this human is really toyed to death, we won’t be able to explain it to that Lord.” Grandma Xiong warned.

“Don’t worry, grandma! We know our limits.” Little Bear promised.

“Mm! That’s good!” After grandma Xiong finished speaking, she brought her children back to the cave.

After entering the cave, it placed the bubble on an open space, then closed its eyes and went to sleep.

Little Bear, on the other hand, brought along a few smaller bears and circled around bubbles curiously.

“Sister, is this a human?” The smallest bear blinked its clear eyes and asked with great interest.

“Yup!” Little Bear nodded.

“Is he a female like us?” The smallest bear asked again.

“This ... I don’t know!” Little Bear scratched his head and said, a little embarrassed.

“Silly child! This human is a male!” A female bear heard her children’s discussion and walked over with a smile. This female bear was their mother.

“Argh! Really?” Little Bear was very surprised. She stuck two fingers into the bubble and lifted the blanket covering the nineteenth elder.

Little Bear looked around with curiosity and then pulled up elder nineteen’s clothes.

Although they were separated by the bubble, when Little Bear pulled on it lightly, a ‘pop’ could be heard. The nineteenth elder’s clothes were torn in half, and the nineteenth elder’s body was exposed, with more than half of his chest exposed.

“Eh? It’s really a male!” Looking at the 19th elder’s flat chest, Little Bear said with certainty after confirming.

“Hahaha! Silly child, Didn’t I tell you?” The mother bear laughed happily when she saw her child’s silly look.

“Hehe!” Little Bear smiled a little embarrassedly. Who asked it to be more curious?

“Sister! It’s a male without breasts? Then am I also a male?” The smallest bear said.

Little Bear listened to his sister’s words and felt that they made sense. In order to further verify nineteenth elder’s gender, he directly used his two claws to pinch nineteenth elder’s pants and pulled them down, exposing nineteenth elder in front of the Bears.

The little bears immediately widened their eyes and observed carefully. They looked at the obvious characteristics of nineteenth elder and then looked at their own. Finally, they confirmed that nineteenth elder was indeed a male! It was different from them.

When the female bear saw 19th elder's naked body, she smiled shyly. She couldn't help but think to herself, "although this human's body isn't very good, and he's not as strong as my husband, he's still a man. Seeing him reminded me of my missing husband. Wu...Why is my life so hard?" The female bear reproached herself and looked at the 19th elder with a resentful gaze.

At this moment, the 19th elder, who was in a daze from sleep, felt a cold sensation on his body and woke up with a start.

When he opened his dazed eyes and saw a few giant bears in front of him! He was so shocked that he suddenly woke up completely. Where was this place? Wasn't he sleeping in his own room? 19th elder felt that something was wrong. He looked around and suddenly realized that he was not in his room, but in a cave.

Not only that, but he was also covered in a bubble. F * ck! Who did this? The nineteenth elder was furious. A light blue divine power escaped from his fingertips and flew towards the bubble like lightning. However, the bubble did not shatter as he had expected. The nineteenth elder was dumbfounded.

F * ck! What the hell is this? His Shen power couldn't break it? He was a divine Emperor! This hurt his self-esteem too much!

Just as the nineteenth elder was sulking, he suddenly felt an unusual gaze. He looked up at the owner of the gaze and found that it was a female bear, and the female bear was looking at him affectionately. Instantly, Feng DA's words came to his mind. 'The hungry female beasts in the forest will be very happy'. Suddenly, his face turned pale with fright and he jumped up in shock. He wanted to find a place to hide, but he clearly found that ... The Bears 'gazes on him seemed to become deeper. Not only that, but they all seemed to be staring at the same body part ...

19th elder lowered his head subconsciously, but he felt the world spinning. Then, an earth-shattering scream came out of 19th elder's mouth.

"Argh! You bunch of lecherous bears!" The nineteenth elder was both embarrassed and angry. Her voice was so loud that it scared away countless birds and beasts. Even the sleeping grandma Xiong was awoken.

"What are you arguing about? You dare to disturb my sleep, human! Are you tired of living?" Grandma Xiong opened her large eyes and scanned elder nineteen's body in an extremely calm manner. She was used to this.

"You, How dare you! You actually dared to capture me and bring me here! Do you know who I am?" The nineteenth elder was so angry that his entire body was trembling. He trembled as he picked up the torn cloth on the ground and covered his important parts. He roared in anger.

Chapter 1637: Special training (2)

“Who has the time to care about your identity? besides, we didn’t capture you.” Grandma Xiong said indifferently as she lifted her eyelids slightly. In her heart, she was full of contempt for nineteenth elder’s actions. Hmph! What’s there to cover? her figure isn’t that great! Who wants to see it?

“If you guys didn’t catch me, did I come here by myself?” 19th elder was furious. At this time, he held the torn cloth in front of him, looking like a poor little thing who had been ravaged. Unfortunately, these bears did not know how to show mercy to women.

“It really is! I’ve heard that humans have a term called sleepwalking. I guess you’re suffering from this illness.” Grandma Xiong said with a serious face. She was an old fox, so she naturally didn’t dare to betray that Lord, so she could only fool this human!

“You ... Good! Even if I sleepwalked here, what’s with my clothes and this bubble? Don’t tell me that I made this myself.” Nineteenth elder was so angry that he was incoherent, and his face was flushed red.

“There were already bubbles when you came.” Grandma Xiong said, avoiding the main point.

“Mm! You tore your own clothes.” Little Bear added. It didn’t dare to let this human know that it was it who had ruined its clothes, so it could only push the blame to this unlucky human.

“You guys are really going too far!” The 19th elder was so angry that his anger rushed to his head and he roared.

“We don’t bully people. It’s the humans who bully us!” Grandma Xiong said with an aggrieved expression. Then, she said earnestly, “Al! Human! I’ve heard that the person involved doesn’t know what he or she has done when he or she is sleepwalking. So, I can understand if you don’t want to admit what you have done, but you can’t blame us for what you have done, right? We’re very aggrieved!”

“It is! No wonder some beasts always say that humans are the worst. They want to find someone to take the blame for their own actions.” Little bear’s face was full of disdain. Unexpectedly, it stretched out its huge bear Paw and slapped 19th elder’s white and fat butt. A ‘pa!’ Sound was heard. With a crisp sound, a few Red Claw marks were left on the nineteenth elder’s snow-white buttocks. At the same time, the nineteenth elder’s scream resounded through the clouds ...

“Argh! You lecherous bear!” The 19th elder was both embarrassed and angry. He wanted to show off his might as a divine Emperor, but he was blocked by that damn bubble that came out of nowhere. Why were the Bears able to reach their paws into the bubble, but his hand couldn’t? Moreover, when his Shen power met this annoying bubble, it was like hitting cotton, making him feel powerless.

“Old man, how am I lecherous? I only hit your butt! Why are you making such a fuss?” Little Bear said, feeling wronged.

“Human! You’re too restless. To be honest, we Beastie don’t like your figure! So don’t worry, my granddaughter will never have any improper thoughts about you.” Grandma Xiong said with certainty.

However, grandma Xiong’s words deeply provoked the nineteenth elder. F * ck! He said that he was not calm! How could he be calm?

If he could, he really wanted to rush in front of that old bear and ask him what was wrong with his body. What’s wrong? No matter what, he was still a deity Emperor. However, he was now being looked down

upon by a few small beasts. This had dealt a huge blow to his self-esteem. If he wasn't trapped by this damned bubble, he would definitely not hesitate to teach these bears a lesson. Unfortunately, judging from the current situation, he didn't seem to have the chance. This made him feel deeply depressed.

Seeing that nineteenth elder did not respond for a long time, grandma Xiong thought that he was reflecting on his actions. She nodded in satisfaction and closed her eyes again.

Little Bear saw that grandma had fallen asleep again and was afraid of waking it up, so he carried bubbles out of the cave they usually slept in and went to another connected cave.

"Hehe! You can stay here! However, remember to keep it down and don't wake my grandmother up. Otherwise, I'm afraid your big ass will be beaten again." Little Bear reminded him with a smile.

Little bear's words made the dejected 19th elder suddenly raise his head. Looking at the dark cave in front of him, he suddenly felt afraid and uneasy. Woo...It's so dark here!

"Where is this place? I don't want to stay here!" The nineteenth elder shouted. He clenched his fists and kept hitting the bubble, trying to get out. Unfortunately, the bubble was very elastic and he couldn't break it at all.

"This is also my home, so you should stay here obediently! I'll come to see you tomorrow!" Little Bear said very kindly.

"No! I don't want to stay here!" The nineteenth elder shouted at the top of his voice.

"You're too noisy!" Little Bear said impatiently. Then, he stretched out his fist and ruthlessly punched 19th elder's head. The next second, 19th elder fell limply into the bubble.

"You really can't take a beating!" Little Bear couldn't help but sigh as he looked at the unconscious 19th elder. After muttering to himself, Little Bear patted his butt and left.

After a long time.

The unconscious nineteenth elder slowly regained consciousness. However, when he woke up, he could clearly feel a pair of huge furry claws stroking his naked body. They didn't even let off the important parts. Immediately, his hair stood on end, his eyes rolled back, and he fainted again ...

The next morning.

Feng Da and the others gathered in a group. After counting the number of people, they pretended to be surprised to find that one person was missing.

"Nineteenth elder, you're late again?" Feng Da Xi said angrily.

"Second elder! I'll have to trouble you to call for the nineteenth elder!" Looking at the confused expressions of the elders, Cheng Wu instructed.

"En!" The second elder unwillingly nodded and turned to head to the nineteenth elder's house. Not long after, he came out alone.

"The nineteenth elder is not here!" The second elder reported.

“Not here? Could he have escaped?” Feng Da guessed.

“I don’t think so! I’m afraid he has something urgent to attend to, so he went out.” The second elder said quickly. Although he didn’t know where the nineteenth elder had gone, he was sure that the nineteenth elder wouldn’t dare to run away. Unless the nineteenth elder was confident that he could withstand the patriarch’s anger, he wouldn’t dare to run away even if he was given a hundred guts.

“Since the nineteenth elder isn’t here, we won’t wait for him. The second elder will be leading the team today, so you can set off.” Under Feng DA’s command, the second elder led the other elders and ran out according to the route they took yesterday.

After the elders left, Feng Da and the others gathered in front of the light screen and monitored the elders ‘every move.

In the garden.

Cheng Xuan sat on the stone chair thoughtfully, frowning and sighing at times, making everyone laugh.

“I say, young master Cheng! What are you doing?” Feng Da couldn’t take it anymore. He didn’t think Cheng Xuan was a sentimental person!

Chapter 1638: Special training (3)

“I’m thinking!” Cheng Xuan said softly, then continued to be at a loss.

“Oh! What are you thinking about?” Feng Da was very curious.

“I’m thinking, where did the 19th elder go?” Cheng Xuan said honestly. Then, he had a flash of inspiration and looked at Feng Da and Cheng Wu.”Could it be that you’re behind the disappearance of the 19th elder?” Although he had some doubts, the more he thought about it, the more he felt that it was possible. After all, he had not forgotten that nineteenth elder had violated the rules and had to be punished. Could it be that the old man was being punished?

“We’re not that kind of people!” After hearing Cheng Xuan’s words, Feng Da felt very aggrieved, and his eyes were full of resentment, because this really had nothing to do with them! They weren’t the ones who did it.

“Young master Cheng! You can’t wrong us.” Cheng Wu said, his eyes glistening with tears.

“Uh!” Seeing Feng Da and Cheng Wu’s reaction, Cheng Xuan was not so sure anymore. Could it be that he had guessed wrong? He immediately felt guilty.

Suddenly, Zi Yu’s voice rang in their ears.

“It seems that there are a lot of fouls today!” Zi Yu said with a faint smile. His words immediately attracted everyone’s attention. For a moment, everyone’s eyes turned to the light screen.

At this time, on the light screen, at least one-third of the elders had left on their flying beasts after running for a while. Among the elders who were left, some were hesitant, some were timid, and did not dare to take advantage of the situation.

It was almost evening when they returned to the finish line.

Looking at the elders who had returned with them, Feng Da and Cheng Wu sneered in their hearts, Hmph! Did those elders who had returned on flying beasts think that they wouldn't find out if they waited for the others to return to the finish line?

"The elders have worked hard. However, I'm afraid you won't have time to rest today." Feng Da said emotionlessly with a faint smile.

"Argh! Why?" The second elder was a little puzzled, but he felt even more indignant.

"Because an elder has broken the rules, all of you must be punished together." Feng Da said with a smile.

"What evidence do you have to prove that someone of us has broken the rules?" An elder who had returned on a flying beast asked guiltily. He was very sure that their actions were very secretive and no one would discover them.

"Haven't you heard of a saying that goes, 'if you don't want people to know, then don't do it'?" However, in order to convince you, I'll still take you to see something!" After Feng Da finished speaking, he brought all the elders to the garden.

"Look at this!" Feng Da pointed to a screen. At this time, the screen was replaying the scene of them riding on the flying beast. Suddenly, the elders' faces changed. They never dreamed that their every move was being watched by others. How, how could this be? Who could be so generous as to be able to monitor the entire forest? even the top families might not have such a screen, but it had appeared on the godly mainland.

Seeing the disbelieving expressions on the elders' faces, Feng Da revealed a smug smile and said with a smile, "Are you convinced now? Your every move can't be hidden from us."

"I'm not convinced! Even if there are elders who have violated your rules, you can't let us elders who haven't violated any rules be punished with them! This is not fair to us!" An elder, who had honestly finished the entire journey and was still panting from exhaustion, said with a red face, extremely unconvinced.

"It's not fair for you to be punished, but do you know what team spirit is? "You must know that you're a team. Naturally, you'll have to share your blessings and difficulties together. So, if someone breaks the rules, you'll all be punished with them. Only then will you understand the importance of a team. In a team, individual honor is nothing. The honor of the whole team is what you work hard for."

"Originally, I had divided you into two teams. If only one team breaks the rules, the other team will not be punished together. However, because of the disappearance of the nineteenth elder, the two teams will be United. So, no matter who makes a mistake, all of you will be punished together. This is the rule that you must abide by!" Feng Da explained.

After listening to Feng DA's words, all the elders were silent because they were very clear that even if they opposed it, they would not be able to win. As long as the other party brought up their ancestors, they had to accept it obediently. However, at the same time, they could not help but secretly blame Feng Da and the others for their treachery. If they had known earlier that the other party could monitor

their every move, they would not have let those opportunistic elders implicate them! Unfortunately, it was too late to say anything.

After the elders received their punishment and ran again, the sky was almost bright.

After a short rest, they gathered again and began a new day's task. This time, no elders dared to take advantage of the situation, because the elders who followed the rules were all staring at some people with wide eyes!

Just like that, five days passed by quickly. The elders originally needed a day to complete the journey, but now they only needed half a day to complete the round trip. Moreover, many of the elders could clearly feel that their physical strength had improved a lot. With such a feeling, they had fewer complaints.

In the past few days, the missing nineteenth elder had yet to return. However, the elders were not too worried. After all, the nineteenth elder was a deity Emperor. Even though he could only display the strength of a high level deity here, this was the divine mainland! It would not be easy to hurt the 19th elder.

It was precisely because no one was worried about the safety of the nineteenth elder that the poor nineteenth elder had been living in an abyss of suffering. Every day, in addition to being endlessly threatened, he was also madly taken advantage of ...

After the elders' long-distance running had some improvement, Feng Da and the others gave them new tasks.

From the sixth day onwards, they finished running a few mountains in the morning and were pulled into the forest by Feng Da and the others for special training in the afternoon. The purpose of the special training was naturally to cultivate their team ability and team spirit.

In the forest, all the elders felt their scalps go numb as they looked at the beastmen who had surrounded them and were glaring at them like tigers watching their prey. They wanted to cry but had no tears!

What the hell was this? The beasts that surrounded them were either poisonous insects or snakes. Even if there were a few large beasts, they were all extremely ugly giant lizards. Just looking at them made people feel unhappy. Feng Da and the others had actually told them not to hurt these beasts. To put it bluntly, they were not allowed to use divine skills. At the same time, they had to ensure that every elder could return to their residence. No one could fall behind. As long as they thought of what Feng Da and the others had said to them, they felt depressed. Wu...This ... Wasn't this a little too difficult?

You're not allowed to use divine skills! He also had to ensure that the elders returned to their residences together. This was simply making things difficult for him! One had to know that the things they were facing now were all poisonous. Not only that, but their medicinal pills had also been confiscated. Wasn't this playing with their little lives?

Although the elders were depressed, they had no choice but to be on high alert. After looking at each other with a tacit understanding, they stood back to back and stared at the beasts in front of them, who were eyeing them covetously.

Most of these beasts were poisonous snakes, followed by poisonous scorpions. The one in charge of commanding them was actually a white scorpion lying on the head of a big snake. That white scorpion was very different from the rest. Its entire body was pure white, and its abdomen was transparent. One could clearly see the blood vessels inside. It had a pair of bright red eyes, like two crystal rubies, inlaid in its head. It was very beautiful.

The elders and the orcs stared at each other for a while. Then, they heard the White scorpion screech twice. In an instant, the Horde of poisonous snakes and scorpions began to move ...

“Second elder! What do we do?” Looking at the poisonous beasts that were rapidly attacking them, some of the elders’ legs had already begun to tremble. Wu ... Why were they not allowed to use divine skills! If he could use divine skills, what would these little bugs be?

“What else can we do? Of course, it was to attack! Find a chance and run!” The second elder said, somewhat exasperated that they had failed to live up to his expectations. A few poisonous beasts had scared them? He was really useless.

“Second elder! Those hateful guys won’t allow us to use divine skills. They’ll be monitoring us.” An elder warned.

“You’re not allowed to use divine skills, it’s not like you’re not allowed to use weapons!” The second elder said unhappily. Although they couldn’t use divine skills and the power of their weapons would be greatly reduced, it wasn’t a problem to stay alive.

“Don’t just stand there, attack!” Seeing that the venomous beasts were already within reach, the second elder hurriedly urged them on, and the long sword in his hand was already swinging towards the venomous beasts.

When the other elders saw this, they also followed suit and slashed at the poisonous beasts with their weapons. They had been cultivating for many years, so their weapons naturally had a trace of ruthlessness. When the ruthlessness hit the thick-skinned poisonous beasts, many of them died instantly, but more and more poisonous beasts rushed forward.

Countless poisonous beasts had died, but the elders had also paid a heavy price.

After being bitten by the poisonous beast, many elders showed signs of poisoning to varying degrees. Some of the elders with weaker resistance even fainted directly. Seeing this, the second elder who was in charge of leading the team immediately became anxious ...

Chapter 1639: The orcs ‘tag-team battle (1)

“Second elder! Some of the elders have already fainted.” An elder reminded.

“Why are you still standing there? hurry up and carry the unconscious elders and help the poisoned elders to retreat.” The 2nd elder was sweating profusely. To be honest, since he was born, he had never encountered such an urgent situation. The reason for this situation was not because they were weak, but because some damned guy had imposed restrictions on them. If they violated the rules again, then

what kind of punishment would await them? Therefore, no matter how urgent the situation was, he could only do things step by step. He did not even dare to think about taking advantage of the situation.

“Good! However, with so many poisonous beasts here, I’m afraid it won’t be easy for us to leave safely.” The elder said. As he spoke, he carried the elder who was the closest to him and had passed out.

“You guys go first, I’ll think of a way to stall these beasts.” The second elder said without even thinking.

“Second elder, please be careful. We’ll come back for you after we’ve sent them to a safe place.” After the elder finished speaking, he gave the other elders a look and took advantage of the gap to rush out like an arrow. The other elders saw this and followed suit. In the blink of an eye, most of the elders had already rushed out of the circle of poisonous beasts.

After the White scorpion on the snake’s head realized the elders’ intentions, it immediately let out a few long screeches. Then, a portion of the poisonous beasts chased after the elder who had escaped ...

“You little bastards, come at me! Come and bite me!” Suddenly, the second elder’s loud and provocative voice rang out as he waved his sword at the White scorpion from time to time. Just as he had expected, his actions had attracted the attention of all the poisonous beasts, especially the small white scorpion.

Most of the poisonous beasts that were attacking them were not very intelligent. Many of them did not even have spiritual intelligence. They only relied on their instincts to follow the orders of the White scorpion. Therefore, the second elder was trying so hard to attract the attention of the White scorpion. His main purpose was to anger the White scorpion so that it would focus all its attention on him. This way, he could buy time for the other elders. Moreover, he could see that, This little white scorpion’s intelligence wasn’t very high, so he didn’t believe that he, a human who had lived for so many years, would be played in the hands of a little scorpion.

Just as the second elder had expected, after the White scorpion was provoked, it ordered all the poisonous beasts to attack the second elder. When the other elders came back to help the second elder, they saw the second elder holding a long sword and slashing at the poisonous beasts. In an instant, the elders’ momentum was greatly boosted. They also picked up their weapons and slashed a bloody path through the poisonous beasts, making a peace with the second elder.

“Second elder! You’ve worked hard!” All the elders were extremely excited.

“Why are you back so soon? Are the other elders safe?” The second elder asked worriedly.

“Second elder, don’t worry! They are very safe now.” An elder hurriedly said.

“Good! We’ll find a good opportunity to leave this place immediately. We’ll be at a disadvantage if we fight these little beasts.” The second elder sighed. These poisonous beasts seemed to be increasing in number, and this was not good. If the battle continued, the longer it dragged on, the more disadvantageous it would be for them.

“En!” The elders nodded. Then, a few of them attacked the poisonous beasts in one direction. They looked at each other, and the weapons in their hands blocked and slashed left and right. They did their best to break out of the encirclement ...

Without the injured elder dragging them down, their running speed increased a lot. More importantly, after the little white scorpion saw them run away, it did not order the poisonous beasts to chase after them. Instead, it softly cried twice and disappeared into the forest with the poisonous beasts. However, the second elder and the others did not know about this.

After the second elder and the others rushed to the place where the injured elders were hiding, they supported them on their backs and brought them back to their residence.

Feng Da and the others were already waiting for them outside the door.

Looking at the embarrassing state of the elders, Feng Da and the others laughed and said, "Your performance in today's special training was not too bad, just a little slow."

The elders, who were half-dead from exhaustion and still had the stench of the poisonous beasts on their bodies, almost fainted from anger when they heard this. What kind of person was this? How could there be such a detestable person in this world? The elders couldn't help but think in their hearts, but no one opened their mouths to speak.

Seeing that they didn't react, Feng Da smiled and said, "However, you guys are really stupid. Why don't you know how to use your own Beastie!"

Ugh! Feng Da's words immediately made the elders dumbfounded. They could use beasties? This, this, they didn't expect! They only knew not to let them use their godly skills, but they had completely forgotten to use their beasts. Woo ... What a bunch of hateful guys. They had finally returned, and now they remembered to remind them.

The elders were indignant. After glaring at Feng Da and the others, they returned to their own houses.

Looking at the closed door, Feng Da felt wronged and couldn't help but say, "I haven't finished yet! I was going to ask them if they needed the antidote, sigh!"

"Pfft!" Hearing what Feng Da seemed to be talking to himself, Cheng Xuan, who was standing on the side watching the show, couldn't help but laugh. Now he was really in awe of Feng Da and the others! How could there be such a person with such a bad taste! Fortunately, he wasn't an elder of the ning family. Otherwise, he would probably be angered to death. It seemed that these elders of the ning family had a good mental quality. At least, they hadn't been angered to death so far. It was just that he didn't know how long they could hold on.

Feng Da rolled his eyes at Cheng Xuan and was about to lead everyone back to the main residence when the door to the second elder's room suddenly opened. The second elder and a few other elders walked out and stood in front of Feng Da. The second elder extended his hand and said, "Give me the antidote."

"Take it!" Feng Da said as he held back his laughter. He took out a small white jade bottle from his storage ring and handed it to the second elder.

The second elder took the Jade bottle and turned to leave without even saying a word of thanks.

Seeing this, Feng Da was very disapproving and entered the main house with the people around him.

The next day.

After the second elder led the other elders to finish their routine long run, they were brought to the forest for special training. This time, Feng Da clearly told them that the rules were the same as yesterday, and they were not allowed to use their own beasts.

After hearing Feng DA's words, none of the elders spoke. However, compared to yesterday, they were much calmer. It was obvious that they were mentally prepared.

Looking at the silent elders, Feng DA's mood was also good. He smiled and said, "Elders, have fun in the forest! By the way, don't go to the North of the forest! There's an illusionary realm there. If you're trapped inside, no one can take you out except my young lady."

Chapter 1640: The orcs 'tag-team battle (2)

After that, Feng Da patted his butt and left.

After Feng Da left, all the elders stared at each other as they waited for the poisonous beasts from yesterday to appear. However, they did not see a single poisonous beast until dark, which made them feel at a loss.

F * ck! The sky was already dark. What was going on? Some of the more irascible elders had already become impatient and couldn't help but curse in their hearts.

"Second elder! It's already dark. The special training hasn't started yet?" An elder asked in a soft voice.

"Let's wait!" The second elder felt helpless too, but the special training Feng Da had mentioned had yet to happen, so he didn't dare to take them back without permission. Otherwise, it would be an excuse for the other party to punish them! He was very cautious now.

"Second elder, how long do we have to wait?" Another elder asked. After yesterday's incident, the second elder's status in their hearts had risen a lot. In the past, they respected the second elder because of his status, but now, they respected him from the bottom of their hearts.

"I don't know! Although I don't know what the special training today is about, we can't just go back like this. Otherwise, if the other party says that we didn't complete the task, we will be punished again." The second elder warned him.

"Mm! The second elder's words make sense." All the elders nodded in agreement.

Just like that, the second elder and the others who didn't dare to go back waited at the same place until dawn. They didn't see the shadow of the ghost special training. When the elders saw this, they had no choice but to go back. Who asked them to run in the morning? if that routine mission was delayed, they would also be punished.

After returning to his residence, Feng Da and the others waited outside the main residence.

Seeing the elders, Feng Da held back his laughter and said, "Why did you guys only come back now?"

"What was the special training mission yesterday?" The second elder asked instead of answering.

"It's to train your determination and patience." Feng Da answered honestly.

“How do we train?” The second elder asked again, the anger in his heart already showing a faint trend of rising.

“Don’t you guys already know?” Feng Da smiled faintly. However, the smile on his face was extremely annoying in the eyes of the elders.

“Yes! We already know.” The second elder gritted his teeth and said, F * ck! He really wanted to curse. So the so-called training of their fortitude and patience was to let them stay in the forest like fools with nothing to do. What kind of bullsh * t training was this? It was more like he was pranking him!

“Actually, you guys could have come back last night, but you guys stayed until this morning. Not bad.” Feng Da complimented without fear of death.

“You ... We’re going for a run.” The second elder was furious, but he suppressed his anger. He didn’t want to see Feng Da and the others right now. Otherwise, he couldn’t guarantee that he wouldn’t want to strangle them to death.

After saying that, the second elder left with the other elders who were also red-faced.

When they came back from their routine run, Feng Da ordered the second elder to bring the other elders to the same position as yesterday and continue the special training.

But this time, the second elder had learned his lesson. In the evening, he brought the elders back to their residence.

A week later.

The elders were already used to this kind of training. Therefore, after running a few mountains, the second elder would bring the other elders to the location of their special training without Feng DA’s instructions. The reason why he took the initiative was not only because he did not want to give the other party an excuse to punish them, but also because he did not want to see Feng Da and the others, because those people were too despicable!

In the garden of the main residence.

Through the screen, Cheng Xuan saw that the elders had arrived at their destination and each found a place to sit down. However, what made him feel strange was that the situation had been like this for the past few days. Did Feng Da and the others plan to let them continue like this? To be honest, based on his understanding of Feng Da and the others, he would not think that things would be so simple even if he was beaten to death.

“Do you guys have any backup plans?” Cheng Xuan couldn’t suppress his curiosity and asked.

“What do you think?” Feng Da asked with a faint smile.

“Definitely! Can you tell me what it is?” Cheng Xuan said with a fawning expression.

“Of course not, but you’ll find out soon enough.” Feng Da said with a mysterious look. After that, he turned around and left the garden.

Feng Da left the garden and went straight out of the main residence. He went around to the back of the main residence and took out a small house from his storage ring and placed it on the open space. This house was lent to him before the Miss went into seclusion. The tenants inside were the dark Tiger King's family and its subordinates, who had been sticking to the Miss. Now, Feng Da intended to borrow them.

Feng Da walked into the house and saw the Tiger King's family lying in the garden, basking in the sun. From time to time, painful screams could be heard from one of the rooms. Suddenly, Feng DA's forehead was full of black lines.

"Tiger King!" Feng Da greeted him with a smile.

"You're here!" The dark Tiger King lifted his eyelids and said indifferently.

"Yes, I am. The Tiger King! I'm here to borrow your subordinates!" Feng Da said directly.

"You're only borrowing them? You're not going to lend it to me?" The dark Tiger King said with a hint of resentment. Its large face revealed an expression of being wronged.

"Uh! I'm going to lend them to the ning family's elders for special training." Feng Da said as he wiped the cold sweat off his forehead. Of course, he also wanted to borrow the Tiger King. However, he was afraid that the Tiger King would not agree, so he did not ask.

"They're a little weak. Will the ning family's elders be afraid?" The dark Tiger King warned as it glared with its large eyes.

"Miss has set a rule for them. They are not allowed to use divine skills and beasts." Feng Da said with a smirk.

"I see! Actually, I can also help them with their special training. I'm a little free recently." The dark Tiger King Mao long recommended himself.

"That's great! In fact, I've also gathered a lot of beasts in the forest, but some of them can't be put on the table, so I wanted to use the Tiger King's subordinates to raise my level. Now that the Tiger King is willing to help, the ning family elders will definitely be grateful to tears." Feng Da said happily. He was more than happy that this Tiger was willing to interfere in this matter! In fact, if it wasn't for the fact that their beasts were all cultivating, he wouldn't have had any ideas about the Tiger King and the other beasts.

"Hehe! My subordinates will be very happy as well, but you have to tell me the rules of this special training." The dark Tiger King laughed as it patted Feng DA's shoulder with its huge claws, as if they were good Brothers.

"En!" Feng Da nodded. Then, he told the dark Tiger King about the rules set by his young lady in detail. After he finished speaking, he led the dark Tiger King and its subordinates out of the house before turning around and returning to the main residence.

As the sky gradually darkened, the elders who had been waiting for half a day saw that their task for the day had been completed and were ready to return to their residences.
