### **Chapter 1641: The orcs 'tag-team battle (3)**

However, they had only taken two steps when they felt the sky suddenly turn dark. They raised their heads in unison and saw a dark cloud blocking their heads.

“Second elder! It looks like it’s going to rain, we have to go back quickly!” An elder warned.

“En!” The second elder nodded. Suddenly, he saw a pair of green eyes from the corner of his eye. They seemed to be staring at them with ill intentions. His heart tightened and a sense of uneasiness welled up in his heart. Although he didn’t know if this thing had anything to do with those hateful guys, he still didn’t believe that those hateful guys would let them go so easily after these few days. So, they had been very vigilant these days.

“What’s that?” At this time, some elders also noticed that something was wrong.

“Be careful, everyone!” The second elder hurriedly said. Was the storm that had calmed down finally coming? He pondered in his heart. The cold wind blew at his heart, but it also made his mind unusually clear.

At the same time, the green Light in the Forest became more and more intense, followed by a wild laugh. Then, a Black Tiger with smooth and shiny fur descended from the sky and stood in front of the second elder and the others.

“You ...” The second elder’s eyes widened, and he was speechless. The Tiger looked familiar, but he wasn’t sure.

“What about me? Second elder, we’ve met before. Have you forgotten?” The dark Tiger King chuckled as he revealed a smile.

“Yes! I wonder what business you have here?” The second elder wiped the cold sweat from his forehead and thought to himself, ‘shouldn’t this Tiger be with that damned girl? Why did he come here?’

“Hehe! I’m here to assist you in your special training.” The dark Tiger King laughed smugly.

“Special training?” The second elder’s heart sank. Indeed, nothing good would come out of seeing this Tiger! He just didn’t know how the Tiger was going to give them special training.

“MMH! “Today, I’ve brought a lot of subordinates to assist you in your special training. By the way, Feng Da told me to tell you that you’re still not allowed to use divine skills or Beastie during this special training. Moreover, you’re also allowed to return to your residence together, and no one is allowed to fall behind. If anyone breaks the rules, then the number of Beastie that will come for your special training next time will be twice that of today’s, so you have to be good!” The dark Tiger King coaxed him in a frightened manner before finally speaking as if he was coaxing a child.

The second elder cursed in his heart after listening to the shadow Tiger King’s words. This was too much of a bully. They had tolerated those poisonous beasts before. After all, apart from being poisonous, those poisonous beasts weren’t very strong. However, these were all Saint divine beasts today! Wasn’t

this playing with their little lives? He really did not know what kind of enmity they had with Leng ruoxue for her to treat them this way.

“I want to know what we can use.” An elder couldn’t help but ask. At this time, other than the black Tiger, the other beasts had all appeared. Moreover, they were all large beasts. Looking at those bloody mouths, his heart had already begun to tremble, and his legs were a little weak. In fact, if he was in a normal state, he would not be afraid of these beasts. However, under the current circumstances, he could not help but be afraid.

The dark Tiger King looked at the elder in disdain before saying, “It seems like you’re afraid, haha! Isn’t this nonsense! Other than what I said you can’t use, everything else can be used.”

“Uh!” The elder who spoke was extremely embarrassed, and the resentful gazes of the other elders immediately made his old face flush red. At this time, he really wished that there was a hole in the ground to hide in, because he really couldn’t remain calm.

“Don’t worry! We’ll show mercy and spare your lives.” Seeing the silent elders, the dark Tiger King explained in an understanding manner. However, it would have been better if it had not said so. Now that it had said it so clearly, it made the elders lose face.

“Hmph! If we could fight with real weapons, we wouldn’t be afraid of you little beasts!” An elder said in an unconvinced manner.

“I know you’re depressed, but it’s useless to say anything now. The rules are set like this, and you have to follow them. You can run, jump, and use weapons, but you can’t use divine skills or Beastie! So, just accept your fate!” The dark Tiger King said with some sympathy, but he thought to himself, ‘this little girl’s thinking is really good! Today, he finally had a chance to teach these arrogant human powerhouses a lesson, hehe! Just thinking about it made it extremely excited!

Moreover, not only was the dark Tiger King excited, but the beasts that had come with it and the beasts that lived in the forest for a long time were also so excited that they could not be described with words.

Following the dark Tiger King’s order, the Beasties that appeared immediately surrounded the elders. Immediately after, a few beasties jumped out from the crowd of beasties and pounced towards the elders ...

Seeing this, the second elder and the others quickly took out their weapons to block the beasts’ attacks. At this time, they had already been separated by the beasts. Basically, there were at least three beasts fighting in front of each elder.

Because they couldn’t use divine skills, their weapons couldn’t cause any serious damage to these large beasts. At most, they could leave a shallow mark on their thick fur. These beasts seemed to be playing with them and didn’t really hurt them. But even so, after dozens of rounds, the elders were all sweating and panting, and some of them were even injured.

“Second elder! What do we do now?” An elder sent a message to the second elder.

“If you get the chance, everyone run! We’ll wait at the usual place.” The second elder replied. As he spoke, he had to continuously Dodge the attacks of the Beastie that surrounded him.

However, what made him angry was that the beasts that had surrounded him had jumped out of the battle circle after dozens of rounds of stalemate with him. Immediately after that, more beasts would jump out and continue to fight with him. Seeing this scene, the second elder was filled with hatred. This was clearly a tag-team battle! It was so unfair.

Sensing the second elder's anger, the dark Tiger King, who was watching from the side, shouted, "Everyone, don't tire yourself out! They won't be able to escape. If you're tired, you can rest and give the other Beastie a chance to fight."

The dark Tiger King's words made all the elders present deeply experience what it meant to be shameless. F \* ck! This was truly shameless! How could there be such a shameless Beastie? At this moment, they had just witnessed the birth of a group of shameless beasts. However, no matter what they were thinking, the dark Tiger King did not care.

Because it was having a lot of fun.

It stretched out its huge claws. Pa! Pa! After a series of slaps, the elders closest to it were all hit hard on the buttocks. It was so painful that they jumped three times ...

"Argh! You're too shameless!" "What's going on?" an elder exclaimed. His voice attracted the attention of some elders who were not sure what was going on.

"What's wrong?" The second elder quickly asked.

"That Tiger touched my butt!" The elder who called out said in embarrassment.

After hearing this, the second elder's forehead was filled with black lines, and he couldn't help but curse in his heart! F \* ck! He thought something big had happened! He really couldn't stay calm.

When the dark Tiger King heard the elder's words, it said with an aggrieved expression, "Don't wrong me! I have a wife, why would I touch your butt? could it be that your butt is easier to touch than my wife's? I'm very picky about buttocks."

"Hahaha!" The dark Tiger King's words caused the Beasties to burst out in laughter. The second elder and the rest wanted to find a hole to hide in because this was simply too embarrassing.

The Beasties continued to play with the second elder and the rest, while the elders panted as they defended against the damned beasts "sneak attacks, while looking for an opportunity to escape. This made them feel extremely nervous.

Suddenly, a few of the Beastie's defenses showed a gap. Seeing this, the second elder ran in that direction as fast as lightning, while shouting, "This way!"

Seeing this, the other elders did not dare to delay. They did their best to get rid of the Beastie that was pestering them and ran behind the second elder. In an instant, all the elders had broken out of the encirclement ...

"King! They've all run away!" A yellow leopard reported as it arrived in front of the dark Tiger King.

"Mm! They're running pretty fast, let's chase them!" The dark Tiger King laughed evilly and waved its huge claws before leading the way in the direction of the second elder and the others.

The second elder and the rest ran all the way until they could not run anymore. They had no choice but to stop. However, they soon realized that they were lost.

“Second elder, where is this?” An elder asked in a daze. He even turned his head back from time to time. Only when he was sure that those beasts had not chased after him did he temporarily relax.

“I don’t know, but we have to get back to our residence as soon as possible. Otherwise, if those beasts catch up to us, we’ll be played to death by them.” The second elder replied with a slight headache. The beasts would not kill them, but they would tire them to death.

The elders had no objections to the second elder’s words. After resting for a while, they continued to move forward.

### **Chapter 1642: Illusory sky (1)**

As the second elder and the others walked, the sky grew darker and darker. The dark clouds in the sky had already completely blocked the moonlight above them. Immediately after, a few bolts of lightning accompanied by dark purple lightning resounded in their ears.

“Second elder, it’s going to rain. Let’s find a place to hide from the rain!” An elder reminded.

“Let’s first find the way back to our residence!” The second elder sighed and said helplessly. Right now, all he could think about was the mission tomorrow. How could he care about taking shelter from the rain? And he didn’t know if that infuriating special training just now could be considered a pass. Sigh! When he encountered those guys who didn’t play by the rules, he clearly found that he was useless. Only the word “aggrieved” could describe his current mood.

However, as soon as the second elder finished speaking, hailstones the size of chicken eggs fell from the sky and hit them. Although they were at least divine emperors and their divine bodies were strong and tough, the hailstones were not ordinary. They felt pain when they were hit by the hailstones.

If they were not careful, there would be a few big bumps on the head of an elder, which showed the power of the hailstones.

“Let’s find a place to hide!” The second elder said hurriedly. He didn’t expect to encounter such a huge hailstorm in the godly land. They were so unlucky!

When the elders heard the second elder’s words, they quickly released their divine senses to investigate. Then, they said in unison, “There’s a cave less than a thousand meters from here. Let’s go there and hide!”

After saying that, the elders ran towards the cave together ...

At the entrance of the cave, the elders walked in directly. The cave they found was very large and it was very dry inside. After entering, they each found a place to sit down.

“Ai!” The elders sighed and were not in a good mood.

Suddenly, they heard a series of soft moans coming from the depths of the cave. All the elders immediately went on high alert.

“Why are there people here?” The second elder’s face was full of question marks. He had just checked and there was clearly no aura of living things here, so where did this groan come from?

“I don’t know! Second elder, let’s go in and take a look!” An elder’s curiosity was piqued, and he incited the second elder.

“Seventh elder, eleventh elder, the two of you go in first to explore the way! If there’s any danger, call us immediately.” The second elder said after some thought. He didn’t dare to let all the elders follow in. What if they were all trapped inside? Therefore, he arranged for two elders who were always cautious to go in first.

“En!” The two elders who were called out nodded their heads. Then, they looked at each other and walked into the depths of the cave one after another.

Not long after.

The two of them had returned, and their expressions were very ugly.

Seeing that the two elders had returned safe and sound, the second elder was relieved.

“Second elder! We have something to tell you.” The seventh elder looked at the second elder with a troubled expression.

“Uh! What’s the matter?” The second elder was confused.

Seeing this, the seventh elder and the eleventh elder pulled the second elder to a corner and said helplessly, “Second elder, that groan just now was made by the nineteenth elder.”

“Who did you say?” The second elder’s eyes widened as he looked at the seventh and eleventh elders in disbelief. He thought to himself, Are you sure?

“It’s the nineteenth elder! There’s another cave in the depths of this cave, and nineteenth elder is locked up there.” The seventh elder explained very carefully. Although he didn’t know why the nineteenth elder was there, the person who had locked the nineteenth elder up there could make their spiritual awareness unable to detect the situation in the cave. From this, it could be seen what kind of strength that person had. It was terrifying to think about. He really didn’t know what kind of strong enemy the nineteenth elder had provoked.

“Argh! Then why didn’t you guys save him?” The second elder was surprised.

“We didn’t dare. The nineteenth elder seems to have provoked a powerful enemy, so we came back to discuss with the second elder to see what we should do.” The seventh elder said helplessly. They were not willing to provoke such a powerful enemy. At the same time, they were also afraid of bringing endless trouble to the ning family. Therefore, they did not dare to take the liberty to bring the person back, although the nineteenth elder was not guarded.

“Don’t think about those useless things first. Let’s bring him back first!” The second elder made the final decision. In his opinion, no matter how strong the other party was, since the nineteenth elder had

already provoked them, they would not be able to avoid it. Moreover, the ning family was not afraid of trouble. Letting their own elder fall into the hands of an outsider would not be good for the reputation of the ning family. Therefore, even if it was just for the face of the ning family, he had to bring the person back. As for how to deal with the second elder at that time, it would be their internal affairs.

“En!” The seventh elder and the eleventh elder nodded. Then, they turned around and walked into the depths of the cave.

However, when they brought the nineteenth elder back, all the elders, including the second elder, were stunned in disbelief.

F \* ck! What was this thing?

The seventh elder was holding a transparent bubble the size of a watermelon in his arms, and in that bubble was the nineteenth elder of the ning family who had been missing for many days. However, this nineteenth elder’s appearance was really miserable. He was completely naked, and his body was covered with large and small blue and purple claw marks. His appearance was also particularly Haggard, and his eyes were dull. No one knew where his gaze had drifted to. His originally white and fat body had become two circles thinner, and his general belly had also shriveled. Seeing his current state, the elders could not help but suspect that nineteenth elder had been taken advantage of. Furthermore, he had been trampled on quite miserably. Suddenly, everyone did not know what to say.

All the elders looked at each other, and finally, their gazes all floated to the second elder.

The second elder felt extremely depressed when he saw the other elders’ gazes. He didn’t know what to do in this situation. At the same time, he felt a little resentful. Why didn’t the seventh elder and the eleventh elder tell him that the nineteenth elder was in this state?

What should he do now?

“Uh! Place him on that large green rock! I’ll get rid of the bubbles on his body first.” The second elder muttered to himself for a while before pointing to the huge flat bluestone beside him.

“En!” The seventh elder nodded, and then placed the bubbles in his arms on the green rock. He really didn’t know what to say about the nineteenth elder’s current situation.

“All of you, back off!” The second elder ordered. Then, a wind blade appeared in his hand. This wind blade had been created by him using wind divine power. It was extremely sharp. However, when he cut the wind blade at the bubble, the bubble, which he thought would shatter, only caved in. After a short while, it returned to normal.

### **Chapter 1643: Illusory sky (2)**

Seeing that the first attempt had failed, the second elder continued to slash at it a few more times. However, not a single mark was left on the bubble. Seeing this, the second elder was depressed.

“All of you should try too!” The second elder said, unwilling to give up.

“What the hell is this thing? it’s so elastic!” The seventh elder’s face was full of surprise. One must know that the second elder was a reverent-God! If even the second elder couldn’t break this bubble, then wouldn’t they have even less hope? However, he didn’t dare to say this out loud.

Following that, the seventh elder was the first to step forward. Bubble didn’t give him any face and didn’t even cave in.

Seeing this, the other elders had no choice but to bite the bullet and try. However, the situation was the same as the seventh elder’s.

“Second elder, we’ve tried our best,” The seventh elder said.

The second elder nodded and did not say anything else. The other elders also fell silent.

Just as all the elders were lost in their thoughts, nineteenth elder suddenly began to scream again.

“Argh! Go away! You perverts! Don’t touch me!”

The 19th elder’s scream was like a sudden clap of thunder, shaking all the elders present until they broke out in a cold sweat. They all thought in their hearts at the same time that the 19th elder had been ravaged by a bear! Al! He was really too pitiful! However, sympathy was sympathy, but there was nothing they could do!

Just like that, along with the occasional shrieks and pained moans of the nineteenth elder, they finally managed to endure until daybreak. The hailstones also slowly disappeared. However, after the hailstones, there was a continuous drizzle. However, compared to the egg-sized hailstones, they were already very satisfied.

Moreover, they had to rush back to their residence as soon as possible. Otherwise, they would not be able to complete today’s mission.

However, after leaving the cave, they still couldn’t find the way home. Even if they used their divine sense to investigate, in the end, they would still return here. This fact made them feel depressed and helpless. At the same time, they also knew that everything they had was within the other party’s control.

“Let’s go back the way we came!” The second elder said very unwillingly. At this time, he felt very helpless. He couldn’t use the divine skill, he couldn’t use the Beastie, and even his divine sense couldn’t find what they needed. How could this be? He couldn’t figure out what methods the other party had used to render them helpless. This was simply too unbelievable. It was also from this moment on that he truly valued Leng ruoxue and the others.

Although they could not find the way back to their residence, they still remembered the way to this place. However, they were also afraid of encountering those shameless Beastie when they returned, so they were on high alert.

When they returned to the special training site, they did not find any enemies as they had imagined. Feeling relieved, they ran all the way back to their residence.

As for Feng Da and the others, they were still waiting for them outside the door.

“I’m back!” Feng Da greeted the elders with a smile when he saw them in a sorry state.

“En!” The elders nodded, but no one dared to say anything.

“Hehe! Today, you can rest for a day. You don’t have to do any more missions.” Feng Da said with a smile.

“Rest? No need! We don’t need to rest.” The second elder was scared and quickly said after hearing Feng DA’s words. To be honest, he didn’t believe Feng Da and the others. He was even more afraid that after they had rested for a day, they would have unknown things waiting for them the next day. Instead of that, they might as well train every day! At least they knew what to do!

The other elders had the same thoughts as the second elder. Now that they saw Feng Da and the others, they were all a little nervous. They didn’t dare to say much, and they didn’t dare to accept the benefits offered by the other party. However, it didn’t seem good to reject it either. For a moment, the elders were in a dilemma.

When Feng Da saw the bitter faces of the elders, he laughed in his heart. Were they really that scary? These old and shrewd guys were a little too cautious!

“It was my lady’s decision to let you rest for a day. She was afraid that you wouldn’t be used to it, so she very humanely arranged for you to rest. Don’t be ungrateful!” Feng Da said with a straight face.

“Yes!” All the elders braced themselves and replied, but they were lamenting in their hearts. That wretched girl had tormented them for so many days. Did she have any humanity?

“Quickly go back to your room and rest!” Feng Da urged with a faint smile. However, just as the elders were about to return to their rooms, he suddenly said, “Seventh elder, what’s that you’re holding in your arms?”

“This is, this is …..” The seventh elder didn’t know what to say. He had deliberately used his clothes to cover the bubble, and even deliberately hid among the elders. How could he still be discovered! All He was depressed! If 19th elder’s current appearance was seen by these hateful guys, what face would 19th elder have in the future!

“Let me see!” Cheng Wu walked over and lifted the seventh elder’s clothes. Then, he shouted in disbelief, “Heavens! Wasn’t this the 19th elder? How did he end up in the bubble? Where did you guys find him? Aiya! What was wrong with him? Why are there so many claw marks on his body? Who scratched this?”

Cheng Wu’s exclamations drew Feng Da and the others over. When they saw the 19th elder’s dazed look, everyone was greatly surprised.

“This bubble is so elastic.” Cheng Xuan poked the bubbles with his fingers, having a lot of fun.

At this moment, the 19th elder, who had been in a daze, suddenly screamed out loud, “Don’t! Don’t touch me! You perverts! Get away from me! Get lost! All of you get lost!”

Ugh! When Cheng Xuan and the others heard the 19th elder’s clear words, they were dumbfounded. They couldn’t help but Mutter to themselves, “it seems that the 19th elder has been bullied by the bear!” However, were the Bears too blind? or did they treat the fat nineteenth elder as one of their

own? They wanted to laugh when they thought of the bear taking advantage of the nineteenth elder! Because to them, this was a little unbelievable.

However, when they saw the darkened faces of the ning family elders, Cheng Xuan and the others tactfully expressed their sympathy, and then discussed with them how to save the nineteenth elder. After all, they couldn't let the nineteenth elder stay in bubbles forever! The naked nineteenth elder also looked quite unsightly.

But to everyone's disappointment, after a day of discussion and countless methods, they still couldn't get the nineteenth elder out of the bubble. The nineteenth elder in the bubble wasn't very clear-headed and would scream from time to time. At first, everyone pitied his encounter and tried to endure it. But slowly, everyone couldn't bear it.

A few days passed just like that. The second elder and the others were training. Although they would occasionally visit the nineteenth elder, they no longer had any hope of getting him out. Gradually, their attention on him also decreased.

### **Chapter 1644: Illusory sky (3)**

On this day, the second elder and the others ran back as usual, but suddenly saw the nineteenth elder coming out of the room. The elders were stunned for a moment, then reacted, and then they swarmed up and surrounded the nineteenth elder.

"19th elder, how did you get out?" The second elder asked curiously.

"The bubble burst, so I came out." The nineteenth elder lowered his head and was in a very low mood. After being brought back by the second elder and the others, his consciousness was gradually recovering. However, as long as he thought of his own encounters in those days, he could not feel happy.

"It's good that you've come out!" The second elder didn't know how to comfort the nineteenth elder. Now that things had come to this, it seemed unnecessary to say anything.

"Yup! The 19th elder! Now that you can come out, you can train with us!" The seventh elder said happily. After these few days of training, he could clearly feel that his physical strength had improved a lot. Moreover, it would only take two hours at most to finish running these few mountains. This was something that he would not dare to imagine in the past.

"Yes." The 19th elder nodded. He could clearly feel that these elders had changed a lot.

"Nineteenth elder! Who did you offend?" The 11th elder finally couldn't help but ask. He had wanted to ask this question for a long time, but the 19th elder's mood was sometimes good and sometimes bad, and his mind was also half-awake, so he didn't have the chance to ask.

"I don't know either!" The 19th elder said gloomily. If he knew who he had offended, he would have taken precautions long ago and would not have suffered such torture.

"Since we don't know who we've offended, let's all be more careful in the future! To avoid being schemed against behind the scenes." The second elder warned. In fact, he had once suspected that the

nineteenth elder's incident was done by those abominable guys. However, he could not find any evidence. Moreover, after they returned that day, the other party did not seem to know anything. Therefore, he had temporarily ruled out his suspicion of Feng Da and the others. However, even so, he felt that those people were the most suspicious!

"Yes, yes!" All the elders agreed with the second elder's words. Furthermore, the incident with the 19th elder had given them a warning. Hence, for a period of time after that, they were all extremely obedient and vigilant.

The next day, 19th elder also joined their training.

However, Feng Da increased the intensity of elder nineteen's training.

In Feng DA's words, the other elders had been training for the past few days. Although the nineteenth elder had his reasons, he had to make up for the delay. Otherwise, he would not be able to continue the training.

The nineteenth elder was silent for a long time after hearing this. He didn't say a word, but he did follow Feng DA's instructions obediently. The second elder and the others took the initiative to accompany him to participate in the extra training. Seeing this scene, Feng Da didn't stop them, but followed them. However, the actions of the elders touched the nineteenth elder, and he worked even harder in the training.

For a time, the elders' enthusiasm for training was unprecedented. Their active cooperation surprised Feng Da and the others, but they were happy to see this situation.

Such days continued for half a month.

Feng Da and the others felt proud when they saw the different looks on the elders' faces. Furthermore, as their training increased, Feng Da and Cheng Wu decided to give them devil training.

Of course, the so-called demonic training was many times more difficult than the previous ones. They had also participated in this demonic training before. However, at that time, they were too weak, so the demonic training couldn't reach a high level. This time, it was different as it was especially targeted at these powerhouses above immortal Emperor. Of course, it was not hard to imagine how terrifying the training would be.

On the eve of the demonic training, Feng Da went to borrow troops from the dark Tiger King. After the dark Tiger King heard Feng DA's intention, it was very enthusiastic to express that it wanted to participate in this demonic training. Who asked it to not have enough fun last time? Since the Tiger King had taken the initiative to request, Feng Da naturally had no reason to refuse. Moreover, he wanted the Tiger King to deal with the second elder! Therefore, he immediately agreed.

Then, Feng Da told the dark Tiger King about the requirements of the demonic training. After the Tiger King heard it, it was left speechless. It looked at Feng Da as if it was looking at a monster. Its face was filled with disbelief.

In the end, Feng Da was a little embarrassed by the dark Tiger King's stare, so he could only tell it, ""Don't look at me like that. This is miss's idea. I'm just carrying it out. "

The dark Tiger King nodded and replied, "That little girl is a demon! Those elders are really too pitiful to fall into your hands!"

Feng Da smiled and said calmly, "If you pity those elders, then go and keep them company."

The dark Tiger King immediately stopped talking.

After everything was ready, Feng Da and Cheng Wu gathered all the elders.

After listening to their explanation of the rules of the demonic training, the elders were silent. This so-called demonic training actually allowed them to use all kinds of methods that could be used. What did this mean? Although the elders were not willing to admit it, they knew that the devil training was not simple.

"I want to know if this devil training will put our lives in danger." The nineteenth elder suddenly asked. After the normal training, he had also experienced several special training where the use of divine skills and orcs was not allowed, but those were not life-threatening. However, this devil training was different from the past, so he naturally wanted to ask more clearly.

"There are! You will all die!" Feng Da said with a smile.

"What?" All the elders' faces changed drastically. They had never thought that they would hear such words from Feng DA's mouth. They were all divine emperors! If they were all going to die, then one could only imagine how terrifying the training would be.

Not only that, but they were also the elders of the ning family. If something happened to them, it would be a huge loss for the ning family. Therefore, Feng DA's words made them hesitate.

At this time, many elders' eyes turned to Ning Shan, wanting him to say something to stop Feng Da and the others from going crazy. However, Ning Shan turned his head to the other side and ignored their pleading eyes. Seeing this, the elders' hearts clenched!

"Are you guys scared?" Feng Da said provocatively when he saw the elders' expressions.

"We're not afraid. We just don't want to die in this hellish training! If anything happens to us, the losses to the ning family will be incalculable." The second elder's face was red as he argued.

"Hahaha! The place where you undergo the demonic training is inside a divine artifact. You will die inside, but you will still be alive after leaving that place. You will only suffer some injuries, but there will not be any real danger to your lives." Feng Da explained. However, what he didn't say was that everything inside was simulated. Injuries would hurt, and death would be the same.

"Really?" The second elder was doubtful.

"Of course, you're all the elites of the ning family. If you die, what good will it do for us? don't forget, my young lady is the goddaughter of your ancestor. We're also grasshoppers on the vine, so how can we let you die? This is just training." Feng Da promised.

Feng DA's words made the second elder nod his head in relief. Then, he asked, "Then to what extent will we be injured?" He didn't care about a small injury, but it was better to figure it out first, so as not to be plotted against by these guys.

“You will suffer the same kind of injuries as you did during the devil training. However, if you die during the devil training, your injuries will be more serious.” Feng Da said very implicitly.

“Heavy to what extent?” The second elder was shocked. He didn’t know why, but he felt uneasy.

“Hehe! At the very most, his strength will just drop!” Feng Da said with a smile.

F \* ck! After hearing Feng DA’s words, all the elders cursed in their hearts. What did he mean by ‘at most, it’s just a drop in strength’? They had cultivated for so many years, and it was not easy for them to have their cultivation today. Was it easy? If they had really been injured in actual combat, they would have accepted it. But now, they might be seriously injured in some bullsh \* t devil training. How could they accept this?

Looking at the dark and gloomy faces of the elders, Feng Da said with an understanding look, “I know you’re afraid and feel that it’s not worth it to get injured in this hellish training. However, I want to tell you that this hellish training will bring you endless benefits! As for the benefits, you’ll naturally know in the future. In addition, this devilish training was approved by your ancestors, so none of you can run away.”

Feng DA’s words shattered the last hope in the elders’ hearts. Moreover, they didn’t care much about the empty promise that Feng Da had made. The only thing they were concerned about was whether their ancestor had really agreed. Thinking of this, they once again looked at Ning Shan, who had been silent.

When they saw Ning Shan nod his head, no matter how unwilling the elders were, they could only accept their fate. Because Ning Shan was now the spokesperson of the old ancestor, Ning Shan would not dare to lie to them.

After giving the elders some time to digest this information, Feng Da took out a silver ball from his storage ring. The ball was about the size of a baby’s fist. It looked crystal clear, and there was a faint silver light flowing on it. It was beautiful.

“This is the illusory sky! All of you will be undergoing demonic training here. Other than me, the rest of them will be accompanying you.” Feng Da pointed at Cheng Wu and the rest.

### **Chapter 1645: The warlike Tiger King, breakthrough (1)**

Feng DA’s words stunned all the elders. They really didn’t understand what Feng Da meant by “accompany”. These guys always liked to play word games. Therefore, they didn’t dare to easily respond to Feng Da and the others’ words. Otherwise, they would definitely fall into their trap. This was the conclusion they had come to after suffering many losses.

Feng Da laughed happily in his heart when he saw the elders’ confused faces, but they were all holding back their emotions. These old men had learned a lot! However, this was also good. They didn’t have any sense of accomplishment in dealing with them. Now that they were like this, it only aroused their desire to challenge.

Although these old men were all top elites in the immortal realm, they were definitely no match for them in terms of trickery, backstabbing, and playing word games. Thus, during this period of time, they had always been played by them in circles. However, they also knew their limits and knew to leave some face for the young lady's Godfather. Otherwise, these old men would probably end up in an even more miserable state.

Feng Da smiled and explained, "They'll also go in to receive demonic training."

"Ah!" The second elder cried out in shock. However, his face turned red soon after. He felt that he was really too flustered. How could he make such a big fuss out of nothing! However, he really didn't expect that the wretched girl would actually let her subordinates undergo some devilish training with them. Was that girl Crazy?

Actually, what he did not know was that Leng ruoxue had always been very strict with the training of her subordinates. Hence, Feng Da and the rest had long been used to it. However, Leng ruoxue did not allow them to participate in the devil training this time. They had completely taken the initiative to participate and the reason why they did so was because they were too curious about the fantasy Sky.

"Hehe! You can go in now." Feng Da said with a smile. Then, he threw the illusionary sky into the air. In an instant, the illusionary sky turned into a ball about the height of a person and landed steadily on the open space outside the main house. Then, a door opened at the waist of the ball, and spiritual Qi leaked out from it.

The second elder and the others looked at the unfamiliar sphere and hesitated for a moment. However, they still walked in as if they were not afraid of death. Following that, Cheng Wu and the others also took large strides and disappeared through the door ...

Feng Da turned his head and looked at Cheng Xuan and Ning Shan, who were still standing beside him. He smiled and asked, "Aren't you guys going in to play?" If it wasn't for the fact that he needed someone to control the situation inside the illusionary sky, he would have gone in.

"I'll die!" Cheng Xuan said with a face full of fear.

"Young master Cheng, haven't you heard that you can't get tiger cubs without entering The Tiger's Den? The path of cultivation was extremely dangerous. If he didn't even dare to take this little test, how could he become a peerless master? Besides, didn't I say that no one will really die, just lose some cultivation? but if you stay inside for a long time, there will definitely be benefits." Feng Da coaxed.

"Can you tell me the situation inside?" Feng DA's words made Cheng Xuan's handsome face blush slightly. However, it was undeniable that he was a little tempted by Feng DA's proposal. However, he did not dare to enter rashly. After all, he was the young master of the Cheng family. His life and strength did not completely belong to him.

"Hehe! Take a look for yourself! It's really fun inside." Feng Da muttered the incantation, and the illusion that was originally as tall as a person turned into the size of an egg again, and it floated into his hand. Then, Feng Da brought Cheng Xuan and Ning Shan into the main house.

At this time, there were only the three of them in the main residence. The others were either in seclusion with the young lady or had entered the illusion heaven. Therefore, the large courtyard seemed a little deserted.

The three of them entered the garden and stopped in front of the light screen. Feng Da placed the fantasy Sky on the stone table, and then the figures of the second elder and the others appeared on the light screen.

Everyone who had entered the illusionary sky had been separated. The light screen had also been divided into ten grids, each showing a different situation.

The second elder was alone in the illusion heaven. His originally shrewd eyes were still a little confused. Looking at the strange environment in front of him, he could not remember where he was, let alone the purpose of his entry.

The second elder saw a vast expanse of white in front of him. He walked aimlessly. After walking through the thick fog, a dense forest entered his eyes. As soon as he stepped into the forest, he felt a cold wind blowing at him. Even though he was already a reverent-god level cultivator, the wind still made him feel a little cold.

Suddenly, he heard a tiger's roar! The second elder immediately became alert.

Immediately after, a huge black Tiger leaped out of the forest and pounced at him. The second elder quickly dodged and avoided the Tiger's attack.

However, when he looked at it, he realized that the black Tiger had the strength of a reverent-god level. He was so scared that he broke out in a cold sweat!

F \* ck! How did he encounter a godly venerable rank Beastie? He was extremely depressed. Although he was also a reverent-god level beast, he didn't have the confidence to win against a beast of the same level, especially the dark Tiger King, who had always been good at attacking.

The second elder wanted to cry but had no tears as he looked at the dark Tiger King, who was staring at him arrogantly. However, as a Hierarch, he did not want to run away without a fight.

It was one thing to be able to defeat them, but if they didn't even have the courage to fight and ran away, it would be too embarrassing for the Supreme God.

The dignity of a reverent-God was inviolable! Therefore, he was going all out!

More importantly, he also wanted to test the strength of the Tiger King. After all, a godly venerable rank beast was something that could only be encountered by luck. It would be a pity to give up such a great opportunity to fight. Besides, he did not think that he was much weaker than the Tiger!

After making up his mind, the second elder decided to strike first to deal with the Tiger!

With a thought, a long sword appeared in his hand. The blade of the sword was smooth and clear, and it exuded a cold chill. Immediately after, he poured his wind divine power into the sword and stabbed it at the dark Tiger King ...

In an instant, several sword radiances emitting green divine power appeared in the air. The sword radiances gathered in the air and formed the shape of a giant dragon. After drawing a beautiful arc, it flew straight toward the dark Tiger King's vital points ...

Seeing this, the darktiger King suddenly grew in size. Its body was almost ten times larger than it originally was. The giant dragon that the second elder had condensed was like a small green snake in front of the darktiger King. It was not even as thick as one of its claws.

The dark Tiger King stretched out a huge claw that was as large as a pillar and made a few gestures in the air. A few strands of Dark Divine power floated in the air. Immediately after, the huge Dragon that was like a small green snake in front of it was dispersed by its claw.

After that, the dark Tiger King smiled provocatively at the second elder. Then, it pounced on the second elder like a ferocious Tiger pouncing on its prey ...

The second elder's weapon was a sword. The dark Tiger King's most advantageous weapon was its incomparably sharp large claws. After it transformed into its true form, the might of its claws had increased by nearly ten times. If these claws were to really land on the second elder's body, even if they could not kill him, they would definitely cause him to be seriously injured. Moreover, the two of them were both reverent-god level experts.

#### **Chapter 1646: The warlike Tiger King, breakthrough (2)**

As soon as it thought of its current strength being on par with the second elder, the darkness Tiger King's heart was filled with joy. This time, it could finally satisfy its craving for battle.

Generally speaking, other than cultivation, beasts like them, who were known for their offensive strength, loved to fight the most. In battle, not only could they sharpen their fighting spirit, but they could also increase their combat experience. This was of utmost importance to any beast.

It was a beast that had merged its passion for battle into its soul. Before it had no wife and children, it had a small battle every three days and a big battle every five days. There was no time when it did not fight. However, after it got married and had children, it hid its passion for battle in order to have more time to accompany its wife and children. This opportunity was very rare and it would not make its wife worried. Therefore, it had long made up its mind to fight to its heart's content, so that it would not have come in vain. And the second elder was definitely its best opponent.

After the dark Tiger King pounced on the second elder, its two huge claws began to pincer attack from the left and right, heading straight for the second elder's head. When the second elder saw those two huge claws that were thicker than his waist, he did not dare to let his guard down in the slightest. Countless illusions appeared around his body, and after a few breaths, the second elder escaped from the Tiger's claws.

"Hehe! Old man, I didn't expect you to have some ability!" The dark Tiger King, who had never thought that the second elder would be so slippery, said with an excited expression.

"Hmph! Aren't you talking nonsense? Our ning family is the leader of the eight great divine domains. How could we not have some life-saving ultimate moves?" The movement technique he had just used

was called 'thousand shadows'. It was especially used to Dodge when facing an enemy. Although this movement technique only had one ability, it was quite useful when facing an enemy. It should be known that in a battle between experts, the outcome was often decided in the blink of an eye. Therefore, with the existence of 'Chikage', it was equivalent to them having an extra capital to save their lives. Even if they encountered an enemy whose strength was higher than theirs, as long as the difference in strength was not too great, they would be helpless.

"Old man! Continue to receive my attacks!" The dark Tiger King said excitedly. Following that, it extended its four claws and charged towards the second elder. Then, one of its claws attacked the second elder's head while the other claw struck his lower body. Its thick and long tail also swept towards the second elder's body ...

"You despicable Tiger!" Seeing this, the second elder hurriedly used the Chikage movement technique. However, one of his legs was still entangled by the shadow Tiger King's tail. In the spur of the moment, he wielded his long sword and slashed at the tail.

A 'bang' was heard. A crisp sound rang out, and not a single mark was left on the dark Tiger King's tail. Seeing this, the dark Tiger King laughed."Old man, your sword is not sharp enough! Let's try my claws!"

After saying that, the dark Tiger King's Claw clawed at the second elder's chest. Instantly, five bloody claw marks appeared on his chest. The second elder was furious as he felt the pain. Once again, he wielded his longsword and slashed at the dark Tiger King's tail. Right now, he hated the tail of this damned Tiger to the bone. If it wasn't for that tail, he wouldn't have been injured. He was scratched by the dark Tiger King's claws, which were comparable to a divine weapon. His body was burning with pain!

This time, the second elder injected double the amount of divine power into the long sword.

"Aowu!" Following an earth-shattering howl, a huge bloody gash appeared on the dark Tiger King's tail. It was so painful that it quickly retracted its tail. The next second, the second elder regained his freedom.

The second elder, who had regained his freedom, did not continue to attack. Instead, he said provocatively,""Damn Tiger, just you wait! I'll come back for you. " With a flash, he teleported away from this place.

The second elder, who was unfamiliar with this place, didn't dare to continue fighting. In addition, his wound was in great pain, so he was very afraid that their battle would attract other beasts. At that time, it would be difficult for him to escape.

As the dark Tiger King watched the second elder's back, it did not give chase. Instead, it took out a pill from its storage space and threw it into its mouth. It had obtained this pill from the little girl. Normally, it would not bear to use it. However, the old man had used too much force this time, and its tail had almost been cut in half. It had no choice but to use it. If its wife found out about this, she would be heartbroken to death.

Cheng Xuan and Ning Shan, who were in the garden, widened their eyes in shock and disbelief when they saw the battle between the second elder and the dark Tiger King on the screen.

“Feng Da, does that shadow Tiger King have the strength of a reverent-god level?” Cheng Xuan was a little speechless. This demonic training was too scary! He really didn’t know where they had found a Hierarch-level Tiger.

“Hahaha! In the illusion heaven, I found the Umbra Tiger King to go through the devil training with them. It belongs to the instructor’s side, so the illusion heaven will automatically adjust its strength to match the opponent’s. In reality, the Tiger King only has the strength of a Godking.” Feng Da explained with a smile.

“This illusion sky is truly too miraculous. By the way, where did you get this Fantasy Sky? Why have I never heard of such a divine weapon in the divine realm?” Cheng Xuan asked like a curious baby.

“Just because you haven’t heard of it doesn’t mean it doesn’t exist. Moreover, even if someone else had such a divine weapon, how many of them would openly say it out?” Feng Da looked at Cheng Xuan with disdain. This young master of the Cheng family could be quite naive sometimes.

“Hehe! That’s true! That ... You still haven’t told me where you got this thing? Don’t tell me you have to keep it a secret! We’re already so familiar with each other.” Cheng Xuan asked shamelessly.

“This Fantasy Sky was made by my young lady, specifically for devil training. It was originally prepared for us, but now it’s been taken advantage of by the elders of the ning family.” Feng Da said with a little dissatisfaction. Many of them had never been to the illusory sky, but the old men of the ning family were the first to try. What was more infuriating was that those old men didn’t appreciate it. They always felt that they were trying to harm them. Sigh! Really, good intentions don’t get rewarded!

“In addition, this illusory sky is divided into three realms. What you see now is only the first realm, which is also the easiest one. Moreover, the longer you stay in it, the more benefits you will get. How about it? do you want to go in and try?” Feng Da added.

“I want to go in and try, but what are the other two domains?” Cheng Xuan was extremely curious. In his opinion, this first layer domain could only increase the strength of Beastie, which was used to assist in training, to the same level as the opponent. It was a little strange, but there was nothing else. After all, any top family could afford to build such a training ground. Therefore, he really wanted to know what kind of training content the other two domains had.

“Hahaha! I don’t know what the other two domains are! However, miss said it would be very difficult! And I can only master the first level.” Feng Da chuckled.

“Oh! Then let me go in and try!” Although Cheng Xuan was a little disappointed, he also wanted to know what was going on in the first realm.

### **Chapter 1647: The warlike Tiger King, breakthrough (3)**

“I’ll go in too.” At this moment, Ning Shan also said.

“Alright!” Feng Da placed the illusory sky in an open space in the garden. After watching Cheng Xuan and Ning Shan walk in, he changed the illusory sky to the size of an egg, then called out softly, “Green vessel!”

Then, he was kept into the bracelet by Qing Jue.

Lying on the recliner in his bracelet, eating delicious food while watching every move on the screen, Feng Da suddenly realized that such a life seemed pretty good.

He was becoming more and more like a supervisor, hehe!

At this moment, the illusionary sky was bustling with activity.

The people who had entered the fantasy Sky together had basically split up. The dark Tiger King and the other beasties were having a lot of fun.

After the dark Tiger King had sneaked up on several elders in succession, it had turned its attention to Bai Xian.

On a high cliff, a black and a white, a man and a Tiger, stood looking at each other. These two guys were the dark Tiger King and Bai Xian.

The dark Tiger King blinked its large, watery eyes and looked at Bai Xian provocatively. Bai Xian's face was filled with a headache. He really didn't want to meet this troublesome Tiger.

Although he had only met the Tiger once, he did not know why the Tiger was so hostile to him. He did not seem to have provoked it.

In fact, Bai Xian had never provoked the dark Tiger King before, and he did not know this fellow. After all, there were many members of The White Tiger clan. It was impossible for them to know every Tiger. However, the Umbra Tiger King was petty. As a member of the Umbra Tiger clan, he was hostile to The White Tiger clan. However, the Umbra Tiger King was different. He liked to challenge impossible tasks. Otherwise, he would not have spent hundreds of years pursuing a White Tiger. While he was pursuing his beloved wife, he had received many contemptuous looks from The White Tiger clan. He was even besieged by The White Tiger clan's annoying people many times. However, he persevered with his tenacious willpower and successfully returned with a beautiful Tiger. This was definitely a major event that was worth showing off in his life.

However, from then on, it had also developed a habit of looking for trouble with The White Tiger clan. As long as it saw a fellow from The White Tiger clan, it would want to challenge them. Thus, Bai Xian became the unlucky fellow of The White Tiger clan and was caught red-handed by the dark Tiger King.

As they were beasts that assisted in training, they were given the ability to grasp the location of their opponents here by the illusion sky. Although the range of their control was only 10000 meters, it was enough to find a certain opponent.

"Little guy, let's get intimate!" Looking at The White Tiger clan's opponent in front of him, the darkness Tiger King's heart bloomed with joy. This was really great. It had not met a fellow from The White Tiger clan for a long time.

Upon hearing the dark Tiger King's words, Bai Xian's forehead dripped with cold sweat. Little fellow? Was he very small? Let's get intimate? Those who didn't know would think that they had some kind of unspeakable relationship! He thought to himself, but he did not say a word as he looked at the dark Tiger King.

“Little brat! Don’t be afraid! For the sake of that little girl, I won’t be too harsh.” The dark Tiger King promised with a smile.

“But I don’t want to fight you.” Bai Xian frowned slightly, his handsome face a little conflicted.

“No! If I catch you, you must fight me! Otherwise, I’ll keep bothering you!” The dark Tiger King said shamelessly.

“A! Alright then!” Bai Xian sighed helplessly. It seemed that he could not escape.

“Hehe! This is more like it! Take my move!” The dark Tiger King leaped into the air, raising its huge claws and pouncing toward Bai Xian ...

Bai Xian dodged nimbly, avoiding the dark Tiger King’s sharp claws. However, he did not make a move. Instead, he continued to Dodge the dark Tiger King’s attacks.

Seeing this, the dark Tiger King was enraged and roared loudly, “Aowu! You detestable little fellow, you dare to look down on me!”

Immediately after, the dark Tiger King’s claws rapidly pounced towards Bai Xian, leaving claw marks in the air. When they were almost at Bai Xian’s chest, the dark Tiger King’s claws suddenly clawed at Bai Xian’s lower body ...

The claws grazed Bai Xian’s pants and left a few claw marks. Bai Xian was so scared that he broke out in a cold sweat. He couldn’t help but curse in his heart. How could this gangster tiger attack him there? If he was really injured there, wouldn’t he lose his sexual happiness for the rest of his life? after all, that position might not be cured even if he used the best healing pills.

Seeing Bai Xian’s pale face, the dark Tiger King revealed a wretched smile and pounced several times, clawing at Bai Xian’s important parts. Immediately, Bai Xian’s anger was aroused.

Suddenly, a tiger’s roar resounded through the sky, and Bai Xian transformed into his true form.

A beautiful and majestic white Tiger descended from the sky and pounced on the shadow Tiger King in an extremely graceful manner.

In an instant, the black and white Tiger silhouettes were entangled together!

The tiger’s roar sounded in succession.

“Aowu!”

The deafening roar of a Tiger was accompanied by the image of a huge Tiger. It was like lightning and a blade of light. It shuttled up and down, pouncing left and right, leaving huge claw marks in the void ...

Feng Da lay on the recliner, his eyes filled with the close-up of the two huge Tigers fighting each other without caring about their image! Suddenly, he widened his eyes in disbelief. Was that White Tiger the elegant Bai Xian he knew? From the looks of it, he was really provoked by the dark Tiger King.

However, this shadow Tiger King was indeed wretched. However, he liked it! Hehe! When dealing with the enemy, one had to use all means possible, as long as the result was satisfactory.

After a long time.

On the screen, the dark Tiger King and Bai Xian were tired from fighting. The two tigers who had yet to determine a winner each occupied a piece of territory to regulate their breathing.

After staring at the light screen for a long time, Feng Da also wanted to rest. However, at this moment, he suddenly felt a strange movement in the space. He saw countless spiritual Qi crazily rushing toward the purple bamboo house where the young lady was in seclusion ...

Feng DA's face was instantly filled with surprise because he knew that this meant that his mistress was about to break through.

Just as Feng Da had expected, Leng ruoxue, who was in closed-door cultivation in the purple bamboo house, was indeed at the critical moment of her breakthrough. The demon, who had been quietly absorbing the spiritual energy in the space, had opened his eyes and was planning to protect Xue 'er.

This time, Xue 'er's 'heaven-defying art' should be about to break through. This was the main cultivation technique that Xue 'er cultivated. Moreover, this breakthrough would be different from the past. The amount of spiritual Qi that Xue 'er needed would be unimaginable. Therefore, during this period of time, while he was in seclusion to absorb spiritual Qi, he had deliberately left a trace of his divine sense outside to observe Xue 'er's every move. He had already made preparations to support Xue 'er at any time.

At this moment, Leng ruoxue's entire body was emitting a faint golden light. Within her dantian, there were countless strands of white spiritual energy that were thinner than a strand of hair. As it slowly circulated along his meridians, the light emitted by the pale white spiritual energy illuminated his entire dantian ...

After the tens of thousands of spiritual Qi threads had circulated for three hundred and sixty cycles, they were all converted into divine power and stored in her dantian. Then, countless spiritual Qi was absorbed into her body, circulating and transforming again. At this moment, her body was like a bottomless abyss, crazily absorbing the spiritual Qi in the space, causing the spiritual Qi in the space to be lost at a speed visible to the naked eye ...

After a long time.

The divine power in Leng ruoxue's body finally showed signs of saturation. It gathered into a huge ball of spiritual energy and circulated in her dantian. Then, in one go, she began to break through the barrier of her rank-advancement.

After a long time, as the ball of spiritual energy in her body dissipated, Leng ruoxue's beautiful face showed a hint of pain. The demon saw this and quickly placed his palms on Leng ruoxue's back. At the same time, he continuously transferred the surging divine power in his body into Leng ruoxue's body.

Leng ruoxue, who had received the support of a great amount of divine power, was like a small tree that had finally received rain after a long drought. She absorbed the delicious food to her heart's content and immediately launched a fierce attack on the barrier with all her might ...

Bang!” With a crisp sound, the divine power in her body was rapidly drained. Leng ruoxue had also broken through to the seventh level of the heaven-defying art. Following that, the divine power in her body was squeezed out of her.

After breaking through, Leng ruoxue started to absorb the spiritual energy in the medium day and night to replenish the spiritual energy in her body. On the other hand, the evildoer was smiling as he stood guard at the side.

A few days later.

Leng ruoxue opened her beautiful eyes. The first thing that entered her vision was the evildoer’s flawless face. Feeling the focus of his gaze, she did not hesitate to reach out her Wolf claws and caress his smooth and tender face.

Her face was more beautiful than a woman’s, and her skin was better than many women’s. It really made people envious, jealous, and hateful! The feeling was also good beyond words! Leng ruoxue muttered to herself in satisfaction.

However, what she was most satisfied with was that this man belonged to her!

#### **Chapter 1648: A Beastie without an owner is a blade of grass (1)**

“Xue ‘er!” Feeling Xue ‘er’s movements, the evil demon laughed even more heartily. What could make him happier than the woman he liked being interested in him?

“Demon, let’s go out!” Leng ruoxue said after she had touched him enough.

“Alright!” The demon nodded. Then, the two of them left the purple bamboo house hand in hand.

As usual, Qing Jue was waiting outside the house. His black and bright eyes revealed a trace of anticipation. When he saw Leng ruoxue coming out, he immediately threw himself into her arms and hugged her thigh tightly.

“Sister! I’ve missed you so much!” Qing Jue said enthusiastically.

However, his words made the evildoer unhappy. He picked up green vessel by the collar and said with a straight face and a slight displeasure, “Why do you want my woman?” The threat in his tone was obvious, but green vessel was not afraid of him.

“Your woman is my sister!” Qing Jue reminded him nonchalantly. He knew that as long as his sister was backing him up, this man would not be able to do anything to him. Who asked him to be so young! Hehe! He now deeply realized that being a child was not bad.

“But you can’t just hug her!” The demon gritted his teeth. Damn it, none of the people around Xue ‘er were real children! Even though some of them looked like children on the outside, they were actually old men who had lived for who knew how many years. Now, they actually wanted to snatch his woman just because they were small. No way! It was wrong! Not even a window!

“Sister!” Qing Jue, who was suspended in mid-air by the demon, cried out pitifully as his black and bright eyes were filled with tears.

“Qing Jue! I’m going to undo the seal for you. ” Leng ruoxue looked at the evildoer helplessly and changed the topic.

With that, she ran to the seal as if she was running for her life. She then formed a seal with both her hands and performed all sorts of hand seals. As the space trembled, the spiritual Qi in the space started to thin out. Following that, the spiritual Qi in the space suddenly became dense again. The space also slowly stabilized. Leng ruoxue knew that this was the evolution of the space after it was unsealed.

At this moment, Qing Jue’s favorite plot of land had expanded by almost five times. Qing Jue was so happy that he could not be bothered to fight for the demon’s favor anymore. He struggled to escape from his grasp. Meanwhile, the little black dog that had appeared out of nowhere was also bouncing around Leng ruoxue’s feet.

When Leng ruoxue saw how happy Qing Jue was, she quickly grabbed him and asked, “Qing Jue, you haven’t told me what new ability you have!”

“Sister! The ability I obtained this time is bewitchment! Hehe! You’ll have to experience it for yourself. ” After Qing Jue finished speaking, he disappeared without a trace.

Ugh! Leng ruoxue was stunned when she heard Qing Jue’s words. Bewitched?

She focused her attention and quietly experienced it, only to suddenly discover that this bewitching heart could actually make people reveal the truth. To put it bluntly, it could make people tell the truth, hehe! She realized that this mind-reading seemed to be easier than mind-reading! Sometimes, reading one’s mind might not be useful to one. However, once this bewitching spell was used, one could ask whatever one wanted. Furthermore, the other party would not be able to lie.

This was a great tool for interrogating prisoners! Leng ruoxue was very satisfied with this ability and could not help but reveal a charming smile.

When the demon saw Leng ruoxue’s smile, he could not help but break out in a cold sweat. However, he could not help but ask, “Xue ‘er, why are you smiling so evilly? did you find something interesting?”

“Hehe! Green vessel’s new ability was bewitchment, which meant that it could make people tell the truth. Let’s see which one of you still dares to lie to me. ” Leng ruoxue said on purpose.

“Uh! Xue ‘er! We wouldn’t dare to lie to you. ” The demon hurriedly said, and quietly wiped the cold sweat on his forehead. Wu ... As expected, nothing good happened! No wonder he felt uneasy. However, he really did not lie to Xue ‘er. It was just that ... There were some things that he could not tell Xue ‘er now. That ... Xue ‘er would not use bewitchment to deal with him, right? It was scary just thinking about it!

“Don’t worry! I won’t use bewitching heart on my own people. ” Leng ruoxue promised with a smirk. She wasn’t so arrogant as to not allow others to keep their secrets. Besides, this was also the greatest respect for others. Of course, enemies were an exception!

“Hehe!” The demon laughed foolishly and thought to himself, that’s good! Hearing Xue ‘er’s words, he could finally heave a sigh of relief.

Leng ruoxue laughed to herself when she saw the rare silly look on the demon’s face. Suddenly, she noticed that there was someone else beside her from the corner of her eyes. She widened her eyes and asked,“Feng Da, when did you arrive?”

“Miss! Am I invisible? Aren’t you ignoring my existence too much?” When Feng Da heard Leng ruoxue’s words, he widened his eyes in disbelief and said with a wronged and resentful expression,“Wu ... Young miss is really too much. How could she do this?”

“Uh!” Leng ruoxue was a little embarrassed. She really didn’t notice Feng DA’s presence.

“By the way, Feng Da, how’s the training of the second elder and the others?” Leng ruoxue quickly changed the topic.

“They’re all in the illusory sky now. Second elder and the others have been tortured badly.” Feng Da said gloomily,“how could miss ignore my existence? I’m still feeling wronged!”

“Oh! Let’s go take a look at the situation!” Leng ruoxue said to the demon. Without waiting for the demon’s agreement, she pulled him along and ran away, leaving behind a dejected Feng Da.

In front of the light screen in the spatial dimension, Leng ruoxue and the demon stared at the situation inside without blinking. At this moment, the depressed Feng Da had also walked over quietly and was intentionally swaying in front of Leng ruoxue.

“Feng Da, you’re blocking my view.” Leng ruoxue said as she suppressed her laughter.

“Miss! I’m taller than Qing Jue! However, you’ve ignored it.” Feng Da complained.

“Idiot! It’s because I’m young that I can throw myself into my sister’s arms. Can you do it? Do you dare?” Before Leng ruoxue could reply, Qing Jue’s voice rang in their ears.

Ugh! He really couldn’t, and he didn’t dare to! Feng Da said. However, this was too much of a bully. Did being tall mean that he would be completely ignored? The facts proved that it was true.

“You’re not allowed to throw yourself into Xue ‘er’s arms in the future.” At this moment, the demon’s voice rang out with a look of warning.

“Your ... Sister, he’s bullying me!” Qing Jue did not want to go head to head with the evildoer, so he could only turn to Leng ruoxue for help.

“Qing Jue, I’ll have to trouble you to wake up the people and beasts who are in closed-door cultivation! I’m going out to advance.” Leng ruoxue did not want to get involved in their jealousy, so she gave green vessel something else to do.

“Alright!” Qing Jue glared at the demon and then disappeared from the spot.

“Miss! Let Cuizhu and the rest come out of seclusion?” Feng Da asked curiously. Although Cuizhu and the others weren’t able to break through to the high deity realm, they were on the verge of breaking

through again. However, they shouldn't be able to break through to the next realm after such a short period of seclusion.

### **Chapter 1649: A Beastie without an owner is a blade of grass (2)**

"Mm! I'm going to arrange for them to undergo demonic training in the illusionary sky." Leng ruoxue said with a smile.

"Miss! I also want to go in." Feng Da said hurriedly. Every day, he watched Cheng Wu and the others fight to their heart's content while he could only watch from the side. His hands were really itchy.

"Good! All of you, go in." Leng ruoxue nodded.

"Sister!"

"Master!"

At this moment, several cheerful voices rang in Leng ruoxue's ears. Following that, dozens of small, exquisite, and adorable mimicry beasts hung on her body.

It had been a long time since the little beasts had seen her. They all fought to be the first to burrow into her arms. Those little beasts that did not manage to occupy an advantageous position looked at her pitifully with faces full of anticipation. Their eyes were still rippling with tears, causing Leng ruoxue's heart to ache.

"Mei, baby ... I missed you guys so much." Leng ruoxue happily touched and hugged this and that. She simply couldn't bear to part with her adorable little fellows. Her Beastie was really too adorable.

"Lovely master, we missed you too." The baby said with tears in its eyes. Originally, they could have advanced a long time ago, but no one was in a hurry to come out of seclusion. Instead, they were still working hard to absorb the spiritual Qi in the space because they all wanted to improve their strength as soon as possible. No one wanted to drag their master down. Moreover, according to its conservative estimate, the spiritual Qi absorbed by them during this seclusion should not be a problem for them to advance two levels.

"Master!" The Mei also cried out with tears in her eyes.

"En!" Leng ruoxue hugged the Mei tightly. In her heart, the Mei had always been the most considerate and sensible Beastie. Although its strength was not the highest among all the Beastie, the Mei's prestige among them was very high. This was something that she was happy to see.

"Let's go out and advance first!" Leng ruoxue spoke again after being close to the beasts for a while.

"Yes, yes!" The beasts nodded in unison. Then, Leng ruoxue brought them along with the demon to the garden in the main residence.

As soon as they arrived at the garden of the main residence, the laws of heaven and earth for advancement descended. Leng ruoxue took a closer look and saw that the Mei had advanced first. The

other beasts were not to be outdone either. They each found their own place and waited for their advancement.

When Leng ruoxue saw this, she quickly found a place to sit down cross-legged and activated all the divine power in her body, officially beginning her advancement.

Not long after, dazzling laws of the world descended one after another. There were so many that it was impossible to tell who they belonged to, and this state lasted for a long time ...

Before the first wave of laws of heaven and earth disappeared, another wave of laws of heaven and earth descended. Leng ruoxue and the beasts shared the benefits of advancing to the next realm, and they enjoyed the massive amount of energy that was bestowed upon them by their advancement.

Originally, the spiritual energy within Leng ruoxue's body was only enough for her to advance to the advanced-level deity realm. However, with the spiritual energy from the spiritual beasts, Leng ruoxue had actually advanced to the deity realm. This result made her extremely happy.

The beastmen's gains were also not small. Feng Zhan and Bai Xu had each advanced three ranks. Bai Xu had advanced to become a class 9 sacred beast, and his strength was equivalent to a divine Emperor. Feng Zhan had advanced to Class 8, and Mei had advanced four ranks, becoming a class 8 sacred beast.

As for the old phoenixes who had been working hard at cultivating, they had all become Class 8 Sacred Beasts. Although they were still some distance away from their peak strength, they were already very satisfied to be able to recover to this level in such a short time.

On the other hand, baby and the other magical beasts gave Leng ruoxue the biggest surprise. This was because they had actually advanced five ranks in a row, all of them becoming Class 7 Sacred Beasts. Although their strength was not the highest among the magical beasts, the fact that they had made such a huge improvement this time around made Leng ruoxue the happiest.

After the incident, baby and the other beasts all proudly raised their little tails. Even their small steps were full of vigor. Leng ruoxue laughed happily when she saw their smug expressions. Her own beasts were cute no matter how she looked at them.

"My lovely master! We won't drag you down." Baby said with satisfaction. This time, they could finally hold their heads high. All along, their strength had been the lowest among the beasts. Although they still looked happy on the surface, in reality, they were not feeling good either. Otherwise, they would not have made up their minds to cultivate. Now, it seemed that their decision was wise. Although their strength was still at the bottom among the beasts, they could at least help their master.

"Silly girl, you guys have never dragged me down." Leng ruoxue said with a smile.

"Hehe!" Baby and the other beasts laughed foolishly. With these words from their lovely master, their boring cultivation was worth it.

"Just look at how you're doing. If it wasn't for master's spiritual energy, which is beyond our imagination, would you have advanced five levels in a row? Stop dreaming!" Feng Zhan couldn't bear to see his precious and the other Beastie's smugness and poured a bucket of cold water on them without giving them face. It was very jealous! Originally, baby and the other beasts were much weaker than it, but this time, they were only one rank lower than it. How could its proud heart accept this! However,

what made it even angrier was that Bai Xu, that stupid cat, had actually advanced to become a ninth level sacred beast. This was something that it could not accept. As a result, after the advancement, it became depressed and anxious.

“You d \* MN bird, you’re clearly envious, jealous, and hateful!” Baby said through gritted teeth. It was angry, and the consequences were very serious. If it didn’t teach this damn bird a lesson today, this bird would probably not know why the flowers were so red!

After giving the other beasties a look, the Beasties with baby in the lead immediately pounced on the unhappy Feng Zhan ...

In an instant, the garden was in chaos!

Feng Zhan, who was fighting alone, was being chased around by the treasure and the other beasts. He was still shouting, “Master! Help me!”

However, their actions made Leng ruoxue and the other beasts who had not joined the battle laugh happily.

“Xue ‘er! With them around, it’s really lively.” The demon hugged Leng ruoxue in his arms and smiled. It had been a long time since the house was so lively.

“En!” Leng ruoxue smiled and nodded. Such days were not bad.

After a long time.

After baby and the other beasts had enough fun with Feng Zhan, they ran into Leng ruoxue’s arms to rest. This angered the demon so much that he glared at them. However, baby and the other beasts were not afraid of him at all because someone would support them.

These hateful little things! The demon cursed in his heart, but he said, “Xue ‘er, your Beastie is getting more and more adorable.”

“Of course,” Leng ruoxue nodded her head in agreement. However, the demon’s words put the Beasties on guard.

“Xue ‘er! Aren’t they supposed to enter the illusory sky?” The demon reminded.

“En!” With a thought, Leng ruoxue moved Huan Tian, Feng Da, and the rest out of the bracelet.

### **Chapter 1650: A Beastie without an owner is a blade of grass (3)**

“All of you can go in!” Leng ruoxue laughed as she spoke. After she finished speaking, the illusion heaven released a strong light and sucked Feng Da, the rest, and all the beasts into it.

Seeing that all the light bulbs had disappeared, the evil demon felt smug. However, his smugness did not last long as he heard Leng ruoxue say, “Evildoer, let’s go in and have some fun!”

“Uh! Xue ‘er! We’ve finally lost the third wheel, do we still have to go in?” The demon was a little unwilling.

“Silly, the fantasy Sky is so big. It’s not easy to meet them.” Leng ruoxue laughed as she coaxed.

“Alright then!” The demon nodded and held Leng ruoxue’s hand, afraid that she would leave him behind.

The fantasy Sky was a divine tool that Leng ruoxue had painstakingly refined. Although it was only a high-grade divine tool now, as its master’s abilities increased, the fantasy Sky could also advance. As the master of the fantasy Sky, Leng ruoxue naturally did not need to be like Feng Da, who could only monitor the situation inside the fantasy Sky from the outside. In reality, she only needed to use her heart to sense and she would know what the people inside were doing.

After entering the fantasy Sky, Leng ruoxue first brought the evildoer around to take a look.

In the illusion heaven, the second elder and the others were still fighting.

The dark Tiger King and Bai Xian were also in a confrontation. However, when Bai Xian’s body was enveloped by the laws of the world that had advanced, the dark Tiger King’s eyes widened in disbelief. However, what surprised it even more was that after the laws of the world had disappeared, Bai Xian had actually advanced to become a ninth level sacred beast. This had almost made its jaw drop.

F \* ck! What kind of person was this! It was wrong! What kind of beast is it! How did he suddenly advance? Moreover, his strength was suddenly higher than its own. How, how could it continue to fight? The dark Tiger King was depressed.

However, Bai Xian was equally baffled, his face full of confusion.

When Leng ruoxue and the demon appeared, they saw that the dark Tiger King’s face was filled with confusion while Bai Xian’s face was filled with confusion. The two Beastie were staring at each other.

“Hahaha!” Leng ruoxue couldn’t help but laugh out loud when she saw their cute and comical appearance.

“Master!” At this moment, Bai Xian finally returned to his senses. When he saw Leng ruoxue’s cultivation, he immediately understood. No wonder he had advanced in rank for no reason! It turned out that the young miss had come out of seclusion. However, this advancement had given it too much of a shock. It had actually become a ninth level sacred beast. This, this was far beyond its expectations! If it wasn’t for its strong heart, it wouldn’t have been able to withstand this stimulation!

“Little girl, you’ve become a deity!” The dark Tiger King also reacted, but its eyes were filled with resentment. Wu ... This was really too much. It had cultivated for so long, but it had not been able to advance to become a ninth level sacred beast. However, the damned Tiger in front of it had actually easily become the ninth level sacred beast it had dreamed of. Could this be the difference between having a master and not having one? Could it be that a Beastie without an owner was a blade of grass?

The dark Tiger King was extremely aggrieved. It was extremely jealous of Bai Xian’s free gains. If Bai Xian’s strength wasn’t higher than its own, it would definitely bite The White Tiger a few times without any hesitation. F \* ck! They were really bullying beasts! The more it thought about it, the angrier it got. In the end, its resentful eyes actually welled up with tears.

Immediately after, the dark Tiger King let out an “wow!” It cried out loud, and as it cried, it used its big claws to hit the ground, crying like a Pear Blossom in the rain, very pitiful.

The dark Tiger King’s unbothered appearance as it cried bitterly made the two humans and one beast present at the scene have black lines all over their foreheads. What was this situation? Why did she suddenly start crying? The two humans and one beast were all confused.

“Tiger King! What the hell are you doing?” Leng ruoxue asked helplessly, her hand silently wiping away the cold sweat on her forehead.

“I ... I ...” The dark Tiger King raised its huge head and looked at Leng ruoxue with tears in its eyes. It was so choked up that it could not complete its sentence.

“What’s wrong with you?” Leng ruoxue asked carefully. The dark Tiger King’s Way of thinking was strange to put it nicely, but to put it bluntly, it was like a spirit. Thus, she really could not guess what was wrong with it.

“I’m sad!” The dark Tiger King continued to sob.

“Are you missing your wife and children?” Leng ruoxue guessed.

“No!” The dark Tiger King was still sobbing.

“Uh! Then why are you crying?” Leng ruoxue didn’t understand. In her eyes, the dark Tiger King only cared about its wife and child. Since it wasn’t crying for them, then what was it crying for? Did Bai Xian bully it? That shouldn’t be the case! Bai Xian was not that kind of beast!

Leng ruoxue’s mind started to run wild.

“I want to advance, I want to become a ninth level sacred beast!” The shadow Tiger King cried out. After it finished speaking, it fell to the ground and started crying again, causing Leng ruoxue and the other two to be dumbfounded.

“As long as you work hard in your cultivation, you’ll be able to reach the ninth level of the sacred beast Realm sooner or later.” Leng ruoxue smiled as she consoled him.

“I know! I’ve always been working hard on my cultivation, but I don’t understand why some beasts can be harvested without any work. Could it be that a beast without a master is a blade of grass?” The dark Tiger King roared in jealousy. At the same time, it glared at Bai Xian with wide eyes.

Ugh! Bai Xian felt wronged after finding out the reason behind the dark Tiger King’s cries. This ... This can’t be blamed on it, right? Who asked it to have a genius master? It couldn’t stop its master from advancing, could it? Moreover, since its master had advanced, wasn’t it only natural that the Beastie that was contracted to the master would benefit? Although it had gained a lot of benefits this time, which made it very overjoyed, this was really not something it could decide. Therefore, it felt that the black Tiger’s jealousy was inexplicable.

However, as a fellow Tiger, it would not show off in front of the dark Tiger King just because it had advanced to become a ninth level sacred beast. It was just that it did not know if the black Tiger would appreciate it.

Reality had proven that the dark Tiger King hated The White Tiger clan. Even though Bai Xian had already hidden behind Leng ruoxue and tried his best to reduce his presence, the dark Tiger King was still dissatisfied and wanted to find fault with them.

“Why are you hiding? Now that you’re stronger than me, you’re still hiding!” The dark Tiger King angrily roared. The relationship between the dark Tiger Tribe and The White Tiger clan was not shallow. They all had the same ancestor. However, because they had undergone some kind of mutation, some of the self-proclaimed Orthodox members of the Tiger clan looked down on them and even chased them out of the Tiger clan’s territory. This had always been a pain in the hearts of the dark Tiger Tribe. As a result, whenever it saw a White Tiger, it wanted to cause trouble, especially when this hateful White Tiger had advanced to Class 9 saint God beast in front of it. The fire of anger in its heart was naturally even stronger.

However, although the dark Tiger King was very angry with Bai Xian, Bai Xian did not want to become enemies with this Black Tiger. After all, they were all Tigers. Even if they could not love each other, they should not kill each other! As such, it hid behind Leng ruoxue with a peace of mind. No matter how much the dark Tiger King clamored, it was as steady as Mount Tai and ignored it.

“You cowardly Tiger, come out!” Seeing that Bai Xian wasn’t moving, the dark Tiger King’s anger grew.

“Tiger King! Calm down!” Leng ruoxue looked at the agitated dark Tiger King and reached out to Pat its head, consoling it.

Little girl, this is my grudge with The White Tiger clan. Don’t interfere!” The dark Tiger King ignored Leng ruoxue’s hand that was placed on its head and roared.

“Hehe! However, it is my Beastie!” Leng ruoxue chuckled as she reminded him.

“It doesn’t matter! I just want to fight it, I won’t hurt it. ” The dark Tiger King promised.

“We’ve already fought many times. ” Bai Xian muttered softly.

“So what? Didn’t you advance now? Let’s fight again, let me see your ninth level sacred beast Strength!” The dark Tiger King was furious.

“Al! I really don’t want to continue fighting with you. However, if you also want to advance to the 9th class, I can give you a good idea. ” Bai Xian said in understanding, sighing in his heart. It was all because of his advancement! It really didn’t want to be entangled with this stubborn Tiger.

“What idea?” The dark Tiger King was stunned and asked in a silly manner. It really wanted to advance to the ninth level of the sacred beast Realm. Moreover, it believed that no other beast would not want to do so.

“Just find a master. My master is not bad.” Bai Xian suggested.

After hearing Bai Xian’s words, the dark Tiger King began to think seriously. Leng ruoxue glared at Bai Xian, not knowing whether to laugh or cry. This fellow had actually betrayed her in order to avoid being pestered by the dark Tiger King!

The dark Tiger King pondered for a long time, occasionally raising its head to look at Leng ruoxue. It had spent quite some time with Leng ruoxue, and Leng ruoxue had done its wife and child a favor. If she

recognized her as its master, it wouldn't reject her. However, it had always treated Leng ruoxue as a junior and always called her a little girl. Now that it suddenly wanted to recognize her as its master, it felt a little weird!

However, it was also very clear that it would be very difficult to find another human as pleasing to its eyes as Leng ruoxue. Furthermore, it felt that it had gotten along quite well with Leng ruoxue's subordinates. So, even though it was still a little conflicted about the change in its relationship with Leng ruoxue, it was still happy to do so.

After thinking it through, the dark Tiger King said directly, "Little girl, I've decided to acknowledge you as my master. You can't refuse! Otherwise, I'll be angry!"

Its words were as domineering as ever, just like its personality, proud and full of confidence. However, there was a trace of nervousness in its bright eyes, which revealed its uneasiness at the moment ...
