

## Crazy Wife 1661

### Chapter 1661: I don't wish to speak to you (2)

"Brothers, remember this. 19th elder won't beg us to speak again." Feng Da said to Lin Yuan and the others with a smile.

"Don't worry! Captain, we will remember this." Lin Yuan and the others were very cooperative, while Leng Qingtian and the others stood by the side and watched coldly.

Seeing that Feng Da and the others had shut their mouths, the 19th elder smiled and said to Cheng Xuan, "Young master Cheng! We want to discuss something with you."

"Hehe! If there's anything you need, just tell me. As long as it's within my capabilities, I'll do my best." Cheng Xuan said very happily, but he couldn't help but Mutter in his heart, it seems that they have a favor to ask of him! He just didn't know what it was!

"Young master Cheng! Didn't you buy a lot of pills from Leng ruoxue? We're willing to buy some of the pills from you at the original price. You know that we're short on time, if we can't pass the ten trials in half a year, we'll be punished, so please give us some of them. We don't want much, just half of them will do." The nineteenth elder pretended to be pitiful. He had carefully thought about this number, and he felt that it was within Cheng Xuan's acceptable range. After all, if he wanted too much, Cheng Xuan would definitely not agree.

"Nineteenth elder! Although I've bought a lot of pills from this great aunt, the reason why I was able to pass the seven stages was all because of those pills. Now I don't have many pills in my hand, and I still have two bottles each for the last three stages. So, I'm really sorry, I'm afraid I can't help you." Cheng Xuan said, embarrassed.

"You've actually eaten so many pills?" 19th elder had a look of disbelief on his face. He had prepared for the worst, but he didn't expect Cheng Xuan to only have two bottles left. Even if Cheng Xuan sold them to them, there wouldn't be enough for them to split! Moreover, Cheng Xuan still needed to use it for himself. Sigh! What was this good?

"Yup!" Cheng Xuan looked apologetic. Then, he pointed at Feng Da and the others and said, "Although I don't have many pills left, they should have quite a few."

In fact, Cheng Xuan did not have as few elixirs as he had said. However, he could not sell them to the nineteenth elder and the others because he was afraid that he would offend Feng Da and the others if he did so. This was something he did not want to see. In fact, compared to the nineteenth elder and the others, he wanted to be on good terms with Feng Da and the others more.

"Do you have any extra pills?" After hearing Cheng Xuan's words, the nineteenth elder asked Feng Da and the others.

However, Feng Da and the others ignored him. Seeing this, 19th elder was furious.

"Dammit! I'm asking you guys a question!" The nineteenth elder roared. But still, no one paid him any attention!

“You guys are going against me on purpose, aren’t you?” Nineteenth elder’s eyes widened in anger as he questioned.

At this time, Feng Da slowly took out a pen and paper from his storage ring, and with a ‘brush’! Shua! Whoosh! He wrote a few words on it and showed it to the 19th elder.

On the paper was written, ‘you won’t beg us to talk!’

When 19th elder saw this! He was so angry that he almost fainted! So these hateful guys were waiting for him here? He glared at Feng Da fiercely, but Feng Da was not moved at all. He even smiled at 19th elder in a friendly manner. In 19th elder’s eyes, this was a blatant provocation!

“I didn’t speak to you just now, but now I’m asking you to speak!” The nineteenth elder suppressed the anger in his heart and tried to calm himself down.

However, after Feng Da heard what he said, he still didn’t say a word and wrote another line on the paper, ‘you want us to talk, so we should talk? That would be so embarrassing!’

When 19th elder saw these words, he was so angry that he almost vomited blood! However, he could tell that these people were really doing this on purpose.

Cheng Xuan, who was standing on the side, watched the exchange between Feng Da and the 19th elder without a change in his expression. He was already laughing in his heart! Hahaha! Leng ruoxue’s subordinates were really good at angering people. However, this could only be considered 19th elder’s bad luck. He had actually offended them. It seemed like his idea of befriending Feng Da and the others was not just a wise one! He was full of admiration for himself.

At this moment, the nineteenth elder, who had calmed down for a moment, took a few deep breaths and tried his best to suppress the anger in his heart. He tried his best to speak in a friendly manner, “What do you want?” The nineteenth elder was at his wit’s end. Moreover, on account of the pills in their hands, he would not argue with them, even though he felt very aggrieved.

“We don’t want anything?” Feng Da wrote on the paper.

“Dammit! You guys better talk!” The nineteenth elder couldn’t help but shout. After shouting, he began to regret his impulsiveness. What if Feng Da and the others didn’t want to sell them the pills because of this?

“Hmph! You’re not my lady, you can’t order us around!” Feng Da didn’t give him any face and replied on the paper.

“I’m begging you, can you please speak?” 19th elder was depressed, but he couldn’t do anything to Feng Da, who was like a pain in the ass!

“Are we daydreaming?” Feng Da turned to ask Lin Yuan and the others.

“It should be!” Lin Yuan and the rest nodded in agreement.

“Oh! Then just ignore it!” Feng Da said with a smile.

“You ...” 19th elder pointed at Feng Da and the others, his body trembling.

Seeing that the incompetent and incompetent nineteenth elder had suffered a loss in silence in front of Feng Da and the others, the second elder couldn't stand it anymore. He walked over and said straightforwardly, "Do you have any extra pills? If you do, please sell us some!"

The second elder's attitude was very good, and he looked at Feng Da and the others with a hint of anticipation. However, Feng Da and the others didn't talk to him, and directly wrote on the paper, 'we have all the pills, but we don't want to sell them to you!'

"Uh!" Seeing this line of words, the second elder was extremely depressed. He couldn't help but glare at the nineteenth elder. It was all this old thing's fault. Now, he was bearing a grudge.

"Feng Da! I'm also Leng ruoxue's bodyguard now. You guys can't bear to see me trapped here forever, right? We only have three months left, you can't just leave us in the lurch!" The second elder played the emotional card.

"Don't try to get close, we're not close." Feng Da scribbled on the paper.

These words made the second elder even more depressed. Sob ... It seemed that they were really angered by the nineteenth elder. That damned troublemaker, he didn't pay attention to his words usually, and now he had angered him at a critical moment. What should they do? The more he thought about it, the more worried he became. His brows were even furrowed together.

After thinking for a long time, the second elder said, "Feng Da! Don't be like this! Even if you don't give me face, you should at least give face to our family head, right? He was Leng ruoxue's Godfather! If we're all trapped here, it'll be a huge loss for the ning family."

### **Chapter 1662: I don't wish to speak to you (3)**

"Master ning will understand." Feng Da replied indifferently on the paper.

"What do you want us to do before you speak?" The second elder sighed and said helplessly.

"I don't want to talk to you." Feng Da wrote.

"Don't be like this! You guys really can't just leave him in the lurch!" The second elder was so anxious that he almost cried. He was the most powerful among them and the one who had passed the least number of trials. Therefore, he was the most afraid and the most anxious one. However, the nineteenth elder had offended Feng Da and the others, and now they were all resenting him. This was absolutely an undeserved disaster for him!

However, the second elder's words had no effect on Feng Da and the others. They even turned their heads impatiently. When the second elder saw this, he could only put down his old face and walk to Feng DA's side. He pulled on Feng DA's sleeve and looked at Feng Da with tears in his eyes. He did not speak for a long time!

The second elder's move made Feng Da and the others 'jaws drop. F \* ck! What was the second elder trying to do? If he wanted to act pitiful, then so be it. But what was this? Was he begging them or trying to scare them? It was just that they had a strong mental capacity. Otherwise, who would be responsible if they were frightened?

However, the other elders of the ning family were truly frightened. Their faces were full of fear, looking at the second elder as if they had seen a ghost. No one had thought that the always proud second elder would go to such an extent for a few pills. Although the second elder had done this for them, it was still too scary.

“Feng Da! You talk to me!” After a long while, the second elder, who was tugging on Feng DA’s sleeve, pleaded with a slightly choked voice.

“Alright! I’m scared of you!” Feng Da said as he wiped the cold sweat off his forehead.

“Then can you sell us some pills?” The second elder struck while the iron was hot, F \* ck! He had sacrificed his image in exchange for this opportunity! Therefore, he had to catch it.

“It’s not that I can’t sell you pills, but the price can’t be ten top-grade crystals.” Feng Da thought for a while and said. In fact, he was extremely depressed in his heart. They had persisted for so long and ignored these ning family elders, but they actually surrendered under the second elder’s disregard for their image. However, it seemed to be worth it to see the second elder’s shameless side.

“Hehe! I knew you’re the best!” The second elder praised him happily.

“Second elder! Watch your tone, if you continue like this, I’m going to go back on my word.” Feng DA’s hair stood on end as he shivered.

“Alright then!” The second elder knew when to stop. Then, he said in a serious tone, “How much are you planning to sell the pills you have?”

“50 top-grade crystals for a bottle!” Feng Da asked for an exorbitant price without holding back.

“What? You’re robbing me!” Before the second elder could express his opinion, the nineteenth elder immediately stomped his feet when he heard the price.

“You don’t have to buy it if you think it’s expensive. I don’t have to sell it to you!” Feng Da rolled his eyes at the 19th elder.

“Nineteenth elder! You shut up!” At this time, the second elder was a little anxious as he reprimanded him. He was very afraid that the nineteenth elder would ruin their plans. What if Feng Da and the others were angry and refused to sell it to them? what should they do?

After being lectured, nineteenth elder shut his mouth unwillingly. However, his eyes were filled with dissatisfaction at the price. However, he was being ignored by everyone.

“That ... Fifty top-grade crystals is a bit expensive, can you make it cheaper?” After reprimanding the nineteenth elder, the second elder turned to discuss with Feng Da. One must know that Leng ruoxue’s small bottle only had ten small and exquisite pills. Based on the quality of those pills, it was not a loss to sell them for ten pieces of top-grade crystals. However, the current price was four times the original price. With this, they felt a little unbalanced in their hearts.

“This price is very fair, no room for discussion!” Feng Da said with a nonchalant expression.

“Previously, Leng ruoxue sold it to us for 10 top-grade crystals per bottle. Now, you’re actually selling it for four times the price? This is a little too much!” The seventh elder said very implicitly. His words also represented the inner thoughts of all the elders present. That was, this price was too high!

“You also said that it was before. When miss wanted to sell it to you, you only bought a little. Now that it’s not enough, you want to buy it from me. I’m willing to sell it to you, but don’t forget where this place is. Other than us, is there anyone else who can sell you a pill?” Feng Da warned him very seriously and put on a disapproving attitude.

Although Feng DA’s words were unpleasant to the ears of the elders, it was the truth. Before they came in, they had the opportunity to buy more pills. However, because they could not bear to part with it and they were a little resentful, they only bought a little symbolically. Now, they really regretted it!

” 50 top-grade crystals, no bargaining, do you want it?” Feng Da couldn’t help but ask when he saw that they didn’t give any suggestions for a long time.

“Of course we want it, but we don’t have that much money with us!” The seventh elder spoke the thoughts of the other elders. This was also one of the reasons why they found it expensive.

“It doesn’t matter! You can write me an IOU, and if you can’t pay it back, I’ll go to your family’s head to pay the debt. With your ning family’s reputation, I believe you won’t renege on the debt. ” Feng Da chuckled.

F \* ck! Another IOU! Did these people have money in their eyes? Leng ruoxue had said before that if they had no money, they could write an IOU. Now that these words came out of Feng DA’s mouth, they were extremely depressed! Could it be that they were destined to live their days in debt? This fact almost made them collapse.

“Actually, you don’t have to be embarrassed. Who in this world doesn’t have a time when they’re short of money? Owing a debt wasn’t something to lose face about, haven’t you heard of the saying? The one in debt was the master! These days, the most terrifying thing is to be in debt. If you weren’t a member of the ning family, we wouldn’t have allowed you to write an IOU! “So, you don’t have to worry. As long as you pay off the money, we won’t let anyone know about this, but if someone intends to renege on the debt, then don’t blame us for being ruthless. We’ll definitely make the matter of someone renegeing on the debt public. At that time, the debtor won’t only lose his own face, but also the ning family’s face!” Feng Da warned in a half-joking manner.

His words made all the elders look at each other. Although they didn’t show it on their faces, they secretly communicated with each other through voice transmission. After a while, the elders finally came to an agreement.

“Let’s write an IOU!” The second elder sighed and said with a straight face.

“No problem!” Feng Da nodded and gave Lin Yuan and the rest a look. Lin Yuan and the rest understood and took out the prepared paper and pen from their storage rings, placing them in front of the second elder and the rest.

Seeing that Feng Da and the others seemed to be prepared, the elders were secretly upset. However, they couldn’t do anything to the other party. It was Jiang Taigong who hooked the fish, and those who

were willing to take the bait! No matter how unwilling they were in their hearts, one was willing to be hit and the other was willing to suffer!

“Write down the amount and the name of the things you want to buy. Fifty top-grade crystals per bottle. Don’t make a mistake in your calculation. It’s limited to a hundred bottles.” Feng Da reminded the second elder before they started writing.

When the elders heard Feng DA’s words, they were so angry that their eyes widened. Miscalculate? They weren’t that stupid, okay? At the thought of this, all the elders quickly wrote down the amount, name, and amount that Feng Da had requested.

Feng Da and the others saw that they had finished writing, and after checking them one by one, they took out the pills from their storage rings and handed them over.

After the elders received it, they opened the bottle cap in unison to check it. Immediately, everyone’s face revealed a happy expression. Although the price of these medicinal pills was a little expensive, with the help of these medicinal pills, they were more confident in clearing the round.

Especially the impatient second elder. After eating a divine power replenishing pill, he couldn’t wait to return to the trial space. Seeing this, the other elders also followed suit and continued to break through.

After they all left, Cheng Xuan smiled and said to Feng Da and the others, “You guys have earned a lot of money this time. Shouldn’t you treat me to a meal?”

“Young master Cheng! You’re satisfied with just one meal?” Feng Da raised his eyebrows and asked with a smile.

“Uh! I’m not asking for much! A meal is enough!” Cheng Xuan said as he secretly wiped the cold sweat off his forehead.

“Al! I didn’t expect your request to be so simple. I was going to give you a big gift! Since you only want to have a meal, then I’ll save it.” Feng Da said with a smirk.

“Uh! What gift are you giving me?” Cheng Xuan’s face was filled with curiosity.

“You don’t want it anyway, so it’s better if you don’t know!” Feng Da kept him in suspense mysteriously.

“Don’t be like this! We’re friends!” Cheng Xuan’s face was bitter as he said with hidden bitterness.

“Hehe! Even blood Brothers should settle accounts clearly!” Feng Da said stubbornly.

Wu ... Cheng Xuan was depressed. His Starry Eyes were fixed on Feng Da, but Feng Da didn’t fall for it!

“Let’s continue our training! We’ll continue later!” Feng Da ignored Cheng Xuan’s bitter expression and turned to the others.

Lin Yuan and the rest nodded in cooperation. Then, they sat cross-legged and began to cultivate ...

**Chapter 1663: Miss is here too (1)**

At this time, the second elder and the others had already begun to break through the levels. With the elixirs in their hands, they were more confident in breaking through the levels. After a month, all the elders, including the second elder, had passed the eighth level. They had also passed the ninth level several times, but they always returned without success and were stuck at the ninth level.

Every level in the trial space was formed by strong gales and lightning. In the first level, only one lightning bolt would be shot out from the lightning ball in the center of the gales, but from the second level onwards, the number of lightning bolts would increase exponentially with each level passed. Not only that, the speed of the lightning attacks would also increase, so the difficulty would also increase.

The second elder and the others had consumed countless medicinal pills to pass the eighth level in a month. However, they could not pass the ninth level no matter what. This made them feel depressed.

If the ninth level was already so difficult to pass, they did not even dare to imagine how difficult the tenth level would be. However, it was fortunate that they still had two months' time, so they still had confidence.

In the dusky space, the 2nd elder and the others were sitting cross-legged on the ground. The 19th elder was pacing back and forth, mumbling to himself as he walked. The noise made the 2nd elder open his eyes unwillingly.

"Are you done? Don't disturb us, go to the side." The second elder rolled his eyes at the 19th elder and said in an unpleasant tone.

"Second elder, I'm just feeling frustrated!" 19th elder felt extremely wronged. He was also thinking of a way!

At this moment, Feng Da and the others had gone to challenge the ninth level. They were also stuck there and had spent a month without any progress. When he thought of himself, he felt deeply touched. At this time, he seemed to have forgotten the grudges with Feng Da and the others. He just wanted to think of a way to leave this damn place as soon as possible. Fortunately, they did not lose their memories this time. Otherwise, they would have lost their memories as they did during the devil training. They would be depressed to death!

"Have you thought of any good ideas?" The second elder lifted his eyelids and said indifferently.

"Not yet!" 19th elder lowered his head in embarrassment.

"Then why don't you just stay at the side? you're making us dizzy!" The second elder roared in anger.

"Oh!" "Yes," nineteenth elder answered fearfully, then went to find a place to sit.

At this moment, Leng Qingtian, Leng ruohan, Feng Da, and Lin Yuan walked out of the trial space with joy on their faces. Seeing their expressions, the elders were bewildered. Could they have passed the ninth level?

"Qingtian, have you guys passed the ninth level?" The second elder asked in a friendly manner. He had a good relationship with Leng Qingtian and the others. However, because of his ancestor, he did not dare to act like an elder in front of them. Although he was much older than them, in terms of seniority, even their ancestor was not as high as them, let alone him. Fortunately, they were all in their own right.

“Mm! We’re pretty lucky to have passed the ninth level. However, the tenth level won’t be easy!” After Leng Qingtian’s joy faded, he felt a slight headache.

“You guys tried the last stage?” The second elder could not help but ask.

“I went to try. I was completely killed in seconds!” Leng Qingtian said with lingering fear.

“What’s the last test like?” At this time, the seventh elder couldn’t help but interrupt.

“It’s full of lightning. The smallest one is as thick as a bucket! We were instantly killed when we went in. I really don’t know how to pass this last test.” Leng Qingtian said helplessly.

“A trial space filled with lightning?” All the elders were speechless. What kind of game was this? Could it be that he wanted to keep them here forever? One had to know that they only had two months left.

“Yup! Elders, we’re going to start cultivating. Good luck!” After Leng Qingtian finished speaking, he brought Leng ruohan, Feng Da, and Lin Yuan back to their original seats to cultivate.

While they were cultivating, Cheng Xuan and the others came out of the trial space one after another. The elders also entered the trial space to pass the trials day and night without stopping. Among them, the first to pass the ninth trial was the second elder, who was the strongest. However, the last trial made the second elder frown. There was only a month left before their deadline.

At this time, most of the elders had also passed the ninth level, but the last level stumped everyone.

“Second elder! Our time limit is almost up. If we can’t get through this last obstacle, who knows what kind of punishment is waiting for us! What should we do?” The seventh elder said gloomily.

They were all frowning in the gray safe space. However, Feng Da and the others were much more relaxed in comparison. After all, they had ten years! And now, it had not even been a year. Sob ... They were so regretful! If they had known this would happen, they would have chosen the option with the longest lifespan. Unfortunately, there was no medicine for regret in this world. Leng ruoxue had not informed them of the situation here in advance, causing them to be too smart for their own good and make the wrong decision. Now that they thought about it, could they blame her? It was because they were afraid that she would have bad intentions, so they wanted to leave this place as soon as possible!

“You’re asking me, but who should I ask! I can’t even stay in this last trial space for long, let alone break through it.” The second elder said in a bad mood. At this moment, he was extremely depressed. He had gone to the last stage several times, but the longest time he stayed was only ten minutes before he was teleported out. He really didn’t know which of them would be able to pass the last test.

At the thought of this, he shifted his gaze to Leng Qingtian and the others.

“Qingtian, do you have any good ideas?” The second elder asked expectantly.

“Second elder! We can’t do anything about it. The last level is an instant kill for us.” Leng Qingtian said helplessly. They had entered the training space for the last stage countless times. Each time, they had to stand and lie down. They couldn’t even last a minute.

“Why don’t we discuss this together?” The second elder said after some thought.

“Alright!” Leng Qingtian nodded in agreement. There might be a good solution if they put their heads together.

Just like that, the two parties sat down and began to discuss.

As time went by, they came up with countless solutions and tried them out personally, but they all ended in failure.

At this moment, Leng ruoxue and the demon were also in the middle of the final stage.

Not long after Feng Da, the second elder, and the rest entered, Leng ruoxue and the demon entered the second-tier domain of the illusionary sky. However, they went to another space in the illusionary sky.

As the master of the fantasy Sky, Leng ruoxue had this special privilege. Hence, after they entered, the space manager had prepared a separate safe space for them. With the support of powerful pills, Leng ruoxue and the demon managed to clear the first nine levels in the shortest time possible. Right now, they were struggling in the last level.

### **Chapter 1664: Miss is here too (2)**

Although the two of them were in two separate training spaces, it was as if their hearts were connected and they knew everything about each other. This fact made the two of them extremely surprised.

In the ultimate trial space, Leng ruoxue was surrounded by lightning. Her body was already riddled with wounds, but she refused to give up and ‘enjoyed’ the baptism of the lightning. Thousands of dark purple lightning bolts struck her body ...

Finally, the rule of the trial space was that from the starting point of the space, walking to the other side of the space was considered a success. In other words, the person who wanted to break through the space had to withstand the attack of the lightning. This required the person to have an extremely strong defense, otherwise, he would only be killed by the lightning in seconds.

At this moment, Leng ruoxue had already relied on her insane defensive equipment and the green vessel’s defense to cover one-third of the distance with great difficulty. However, if she could not continue, then all this would have been for nothing. This was because this was not the first time she had covered this distance.

She had passed the last level dozens of times and was always sent out with her last breath. This time, she didn’t know if the result would be better.

In the ultimate space, other than the frenzied lightning, there was also a huge pressure. This pressure was also one of the reasons why it was so difficult for Leng ruoxue to walk.

However, just as Leng ruoxue was carefully walking around the trial space, a white lightning bolt that was only as thick as a pinky finger suddenly shot out from the lightning cloud and headed straight for her.

In an instant! The small white Lightning hit her body at a speed that she could not catch up with. She did not even have time to take a healing pill before she was directly transported out. Seeing this, she knew that she had failed this time.

Leng ruoxue, who had been teleported out, was immediately pulled into the demon's arms the moment she reached the safe space.

Looking at Leng ruoxue, who was covered in wounds and blood, the evildoer's heart ached.

"Xue 'er! How did you get so badly injured this time?" The demon asked unhappily. In his heart, he was cursing the space manager. That damn guy, he actually dared to be so cruel to his own master. Hmph! It would be best if he didn't have the chance to see the space spirit, otherwise, he would definitely beat him up!

Fortunately, the space manager couldn't hear his inner thoughts, otherwise, he would definitely cry out that he was wronged, because although he was the manager of this second layer domain, but the difficulty of the trial space was not controlled by him. The only thing he could do was to transfer the people who were still breathing out, and this was only for fear that they would die inside.

However, the space manager in the control room still felt a hint of danger and couldn't help but sneeze. He thought to himself, who is scolding me?

Looking at the scene on the screen, the space manager's face was full of fear. Oh ... Master is so pitiful! He was actually injured so badly? What should he do? Although it was the space manager, it could not help its master to pass the trial. Therefore, it could only watch helplessly. When it saw its master's scarred face, it was a little frightened.

However, it was powerless! Unless the master gave up on the challenge and came out on his own. However, only Leng ruoxue, as the host, had the right to do so. The others could only leave this place after clearing all the levels.

In the safe space.

Leng ruoxue felt the evildoer's deep concern, and her heart felt warm.

"I'm fine! Don't worry!" Leng ruoxue, who was in the arms of the evildoer, said weakly.

"You're still fine? You're already so badly injured." The demon frowned and said with a dark face.

"Just take a pill." Leng ruoxue smiled to comfort her. However, she accidentally pulled on the wounds on her body and it hurt so much that she could not help but frown.

"It hurts, right?" Seeing the slight change in Leng ruoxue's expression, the demon asked worriedly. After he finished speaking, he quickly took out a healing pill and stuffed it into Leng ruoxue's mouth.

After taking the pill, Leng ruoxue immediately wanted to challenge the next round after her injuries had healed. However, she was held back by the demon.

"You stay here obediently. You're not allowed to attempt the last stage." The demon said in a domineering manner.

“How can we get out if we don’t charge in? Don’t tell me you want to be trapped here?” Leng ruoxue chuckled.

“There’s nothing bad about staying here. At least there aren’t so many third wheels coming to snatch you away from me.” The demon didn’t fall for the trick. Instead, he was very excited. He felt that Xue ‘er’s suggestion was very good.

“Uh! But we can’t stay here forever!” Leng ruoxue said helplessly. At the same time, she was secretly thinking to herself that it was a good thing that she did not tell the demon that she could leave at any time. Otherwise, the demon might ask her to leave now.

“But there’s no rush! If we can’t get out, the others can’t either. What are you afraid of?” The demon said disapprovingly. He was not in a hurry anyway.

Even though Leng ruoxue knew that the demon’s words made sense, she couldn’t praise him. Otherwise, she believed that this fellow would definitely be so proud that he would raise his tail.

“Xue ‘er! Take a good rest before you go to the last stage! Otherwise, I won’t let you go. At most, we’ll just stay inside forever.” Seeing that Xue ‘er didn’t say anything, the demon tried to persuade her.

“Alright then! I’ll listen to you.” Leng ruoxue nodded her head and laid in the arms of the evildoer with a peace of mind.

The demon hugged Leng ruoxue tightly, his heart was so beautiful that it was about to float.

At this time, in the dusky space, the second elder and the others were still trying to break through the last stage. However, the space manager could not stand it anymore and had to show up to give them some guidance.

“You idiots! I really don’t know how you guys passed the first few stages!” The space manager’s voice rang in everyone’s ears, and suddenly, everyone’s foreheads were filled with black lines.

Were they being scolded? What right did this damn space manager have to scold them? Everyone couldn’t figure it out. If they couldn’t pass the last level, they would still be scolded. No one could stand such treatment!

“What right do you have to scold us?” The Furious nineteenth elder roared back.

“Because you’re too stupid. This last stage is different from the previous stages. The defense of this last stage is very important. Your defense is somewhat mediocre, so it’s natural that you’ll find it difficult to move an inch in this last stage!” The space manager also roared, Hmph! Who didn’t know how to compete in volume? As the manager of this space, would he be afraid of them?

“Uh! Then what should we do?” The nineteenth elder said, a little dumbfounded. In the first few levels, as long as they dodged the lightning attacks and waited for the attacks to disappear, they would be considered to have passed. However, not only did the lightning in the last level not disappear, but it was gathering more and more. They were killed in a few seconds! How were they supposed to clear the stage! At this moment, there was less than a month left until the deadline for them to complete the tenth level. When he thought of this fact, he felt as if his heart had been stabbed by a knife.

**Chapter 1665: Miss is here too (3)**

“Of course it’s to strengthen your defense. By the way, you have to walk from the starting point to the end to pass the last round! Just think about how long you’ll be in there! Hahaha!” After the space manager finished speaking, he left behind an extremely wild laugh and disappeared again.

After the second elder and the others heard the words of the space manager, they were even more depressed. F \* ck! How did this happen? Wasn’t he playing them to death? One had to know that their time limit was almost up, and if they still couldn’t pass the last level, they didn’t dare to imagine the consequences.

Seeing their worry, Leng Qingtian couldn’t help but comfort them, “Second elder! Don’t worry too much, we’ll make it through the last stage, don’t worry!”

“F \* ck! Of course you’re not in a hurry. You still have nine years to waste here! We’re not in a hurry!” Leng Qingtian’s words infuriated 19th elder even more. He was about to go crazy from the pressure.

As soon as he finished speaking, Feng Da and the others immediately glared at him. Even the second elder and the others looked at him disapprovingly. After all, he was comforting them out of good intentions. However, this nineteenth elder had actually opened his mouth and scolded them. This was a little too much.

“Dammit! Who are you scolding?” Feng Da shouted with his eyes wide open. Those who dared to scold their people really didn’t want to live! If the young miss knew about this, they would definitely suffer.

“I ...” Nineteenth elder’s face was red and he was at a loss for words. In fact, he regretted it after shouting, but he couldn’t take back the words he had said.

“Qingtian! Nineteenth elder didn’t do it on purpose, he’s just under too much pressure. Please don’t lower yourself to his level!” The second elder quickly tried to smooth things over, but in his heart, he was cursing the nineteenth elder, who only knew how to ruin things!

“Yup! I’m sorry! I was just too anxious, so I didn’t scold anyone.” The nineteenth elder received the second elder’s gaze and quickly tried to salvage the situation. However, Yiren and Feng Da didn’t give him a good look.

“I understand! However, at a time like this, it’s all the more important to remain calm. Being anxious won’t solve the problem.” Leng Qingtian said in an understanding manner. In fact, he was quite depressed. He just wanted to comfort them, but who knew that nineteenth elder would take it as sarcastic remarks. Now it seemed that he was being meddlesome. They were the elders of the ning family, why would he need to worry about them?

“En!” The second elder and the others nodded. They all understood this logic. However, if it really fell on them, they would probably not be able to calm down.

“I think your mental endurance is still too weak, and you lack training!” Feng Da said.

However, no one dared to respond to him.

Seeing that the elders had stopped talking, Feng Da was too lazy to pay attention to them. He sat down and closed his eyes to cultivate. Seeing this, the others followed suit.

For a time, the atmosphere of Feng Da and the others' cultivation was high. Compared to them, the second elder and the others' side was lifeless and depressed.

Seeing that the deadline was getting closer and closer, the hearts of the second elder and the others also became heavier.

As the days passed, they still couldn't think of a way to break through the barrier. However, this way, they were desperate. Since they couldn't succeed, they had to prepare for punishment! Besides, this was a good lesson for them. They would learn from their mistakes and pay more attention in the future.

After thinking this way, the elders all calmed down.

In fact, they had no choice but to open it! The time was getting closer and closer, but they were at their wit's end, so they could only accept their fate.

Half a year had just passed when the space manager's voice rang in everyone's ears again.

"The half-year time limit is up! You've all failed."

Hearing this voice, all the elders had bitter faces and drooped their heads listlessly. They knew that they would soon know what the punishment was.

Just as they had expected, the next second, the space manager said in a happy mood, "In view of your failure, the difficulty of the trials will be doubled. Furthermore, you will have to re-pass the first nine trials. Until you pass the tenth level! By the way, what's the deal with that 19th elder? I have high hopes for you! I hope you can stay here and accompany me forever. Otherwise, I'll be too lonely here! Although I've taken a fancy to you, I won't go easy on you!"

The space manager would not pay for it, because it really could not be merciful! Everything here had been set up in the beginning. Only its master, Leng ruoxue, had the authority to modify it. Its greatest authority was to transport the participants out of the trial space when they were on their last breath.

The space manager's words made the 19th elder's face turn black with anger, and he almost fainted. The other elders' faces were not very good either, because their failure had caused all their previous efforts to go to waste. How could they accept this? However, it was a good thing that they had not been chosen by the space manager. Otherwise, they would have been half-dead from anger like the nineteenth elder.

"Nineteenth elder! Congratulations! I didn't expect you to have the Fortune to be able to stay here forever!" After hearing what the space manager said, Feng Da held back his laughter and said, haha! This was karma! Now that the nineteenth elder was so smug, the space manager had his eyes on him, right?

"Who wants to stay here all the time!" The nineteenth elder roared in anger. He was so depressed that he almost vomited blood. However, he was even angrier at Feng DA's act of adding insult to injury. He was clearly waiting to see them make a fool of themselves! This was really too much.

"I know you all want to go out, but you can't! My family's young miss often says, since you're here, you should take things as they come. So, you should all perform well here! I'll be released from prison one day!" Feng Da said with a smile.

The 19th elder was rendered speechless by Feng DA's words, while the 2nd elder said gloomily, "We'll work hard. I'm going to break through the barrier!"

After saying that, the second elder turned around and entered the door of the trial space ...

"I'm going too." The seventh elder looked at the elders present and sighed. After working hard for more than half a year, they were back to square one. They had to start all over again. They had to hurry.

After the seventh elder, the other elders also walked in with bitter faces.

After a short while, other than Feng Da and the others, only the 19th elder, who was so angry that his face was livid, did not move.

"19th elder, why aren't you going to challenge the trial? Do you really want to stay here and accompany that space manager? You don't even know if that guy is a human or a beast, how dangerous is that!" Feng Da reminded him with a smile.

"What does it have to do with you?" 19th elder said unhappily. After he finished speaking, he also turned around and walked into the door of the trial space in a Huff.

### **Chapter 1666: One-on-one fight (1)**

After the elders left, Cheng Xuan looked at Feng Da with admiration and said with a fiery gaze, "Feng Da! You're really amazing! With just a few words, he had angered the 19th elder half to death! I'm impressed!"

"Don't worship me! I'm just a legend!" Feng Da said arrogantly. In fact, he was angry with the 19th elder because he wanted to avenge Grandpa Leng! Grandpa Leng might not stoop to the level of 19th elder, but they couldn't just let it go!

"A legend! That's even more admirable." Cheng Xuan said exaggeratedly.

"Hehe! Young master Cheng! Learn! Words are a sharp weapon that can kill people!" Feng Da said seriously.

However, just as he finished speaking, Leng Qingtian hit him on the head.

"You little brat! I'll give you a good look, why aren't you quickly challenging the levels!" Leng Qingtian laughed as he scolded.

"Grandpa Leng! I can't make it now! Moreover, every stage here is based on our strength. If we keep cultivating here, I'm afraid the difficulty will be even greater!" Feng Da said with a troubled expression.

They were in conflict now.

Feng DA's words made everyone think deeply. However, a voice rang out and woke them up.

"Idiot! I've said it before, the last stage is different from the previous nine stages. The last stage is mainly about defense. Of course, strength is also very important. After all, the higher the strength, the stronger the defense!" The space manager said with some disappointment.

“Uh! Isn’t the last test supposed to be more difficult the more powerful you are?” Feng Da asked in a daze. The others were also confused. Could it be that they had fallen into a misunderstanding?

“Not exactly, understand? With high strength, the difficulty will naturally be appropriately increased. However, if your strength is too low, it will definitely not be easy to pass. In any case, your final deadline is ten years, so take your time to cultivate!” After the space manager finished speaking, he laughed out loud.

“By the way, my master, your young lady is also in the middle of the last stage! Moreover, she has already passed more than half of the test!” The space manager added, and then disappeared again.

“Young lady is here too?” Feng Da and the others were surprised. No one had expected that the young lady would also come to join in the fun. Moreover, she was seriously challenging the levels. In comparison, they felt inferior.

After hearing this news, Feng Da and the others were greatly encouraged, and they became even more motivated to cultivate. When the second elder and the others came out of the trial space again, they were greatly surprised to see their changes.

Did something happen when they went to challenge the trial? This was because Feng Da and the others ‘fighting spirit had become even higher, which made them puzzled.

Seeing the second elder and the others ‘surprised gazes, Feng Da said in an understanding manner, “We have to work hard in our cultivation and try to pass the last stage as soon as possible.”

“You’re working hard on your cultivation. Could it be that you’re still hoping to advance to reverent-god level here?” The 19th elder scoffed at Feng DA’s words and was extremely disdainful.

“Nineteenth elder! You’re really not the average kind of annoying person! Did I say that I wanted to advance to reverent-god level here? You’re not even a reverent-God yet! If I were to become a reverent-God here, wouldn’t you be so ashamed that you’d buy a piece of tofu and commit suicide?” In fact, he quite liked to bicker with the nineteenth elder. Otherwise, he would be depressed to death in this boring place.

“You, you really have no upbringing. Don’t you know how to respect the elderly?” The nineteenth elder was so angry that he was speechless. It took him a long time to force out this sentence.

“Nineteenth elder! Where did you get the idea that I’m uneducated? Moreover, respecting the elderly also depended on the person! In front of my family’s young miss, you’re still a junior! When have you ever respected her? Hehe! We naturally don’t need to treat people who don’t respect our family’s young miss as humans.” Feng Da said venomously. His words angered 19th elder so much that he blew his beard and glared at him. However, he had nothing to say because what Feng Da said was the truth. He did not take Leng ruoxue too seriously.

“That’s right! Anyone who disrespects my family’s young miss is our enemy!” Lin Yuan said as he shared a common enemy.

When Cheng Xuan saw Feng Da and the others were so United, he could not help but laugh secretly. This 19th elder really had a bad memory! Every time, he was the one who jumped out to find fault first,

and then he was humiliated by others until he had no place to hide. If he was the 19th elder, he would definitely want to buy a piece of tofu to commit suicide as Feng Da had said.

“Nineteenth elder! You should come over and rest! We’ll have to continue in a while.” The second elder couldn’t stand it anymore and couldn’t help but say. This nineteenth elder was really getting more and more unimproving. He couldn’t take advantage of Feng Da and the others every time he confronted them, but he still liked to provoke them. Sigh! She really didn’t know what he was thinking. Wasn’t this looking for abuse?

When 19th elder heard second elder’s words, he glared at Feng Da fiercely. Then, he walked resentfully to second elder’s side and sat down cross-legged. He really needed a good rest. He was almost exhausted from the previous challenge.

“Second elder! How many levels have you guys passed?” “Second elder?” Feng Da turned to look at the second elder and asked curiously.

“The second stage!” The second elder’s face was slightly red as he spoke in embarrassment.

“No way! You’ve been in there for so long and you’ve only made it to the second stage?” Feng Hai’s face was filled with disbelief. It seemed like the punishment for failing to pass the stage was quite serious. They had to work hard. Otherwise, if they had to start from the beginning, he would be depressed to death.

“Yup!” The second elder said, somewhat speechless. This fact made him quite depressed. Moreover, it wasn’t because they wanted to slack off that they only made it to the second stage. It was because every stage was too abnormal. The difficulty of the second stage was now nearly five times higher than the previous one. Moreover, this was only the beginning. If this continued, he really couldn’t imagine how long they would have to pass the next stage.

“Uh! The second elder! All the best, you guys!” Feng Da said with a look of sympathy.

“Ah! He had no choice but to do his best! I can’t stay here forever!” The second elder kept sighing gloomily. His mood could be said to be extremely low right now, but at the same time, the second domain of the illusory sky had also aroused his fighting spirit.

“Good luck, but with the exception of the nineteenth elder.” Feng Da said in an infuriating manner.

“Dammit! “You ...” Feng DA’s words made 19th elder want to jump up and down again. However, he had just shouted two words when he was stopped by second elder.

“Nineteenth elder! You better rest well!” “Shut up!” The second elder shouted angrily. The nineteenth elder was so scared that he became as obedient as a little rabbit.

Seeing that someone was taking care of the nineteenth elder! Feng Da secretly laughed in his heart! He was doing this on purpose. He wanted to anger the 19th elder. Who asked him to be so annoying?

“Second elder! We’ll continue cultivating.” After Feng Da finished speaking, he closed his eyes and continued to regulate his breathing.

**Chapter 1667: One-on-one fight (2)**

Seeing him like this, 19th elder couldn't help but Mutter, "No matter how hard you train, you won't be able to pass the last stage."

Although his voice was soft, second elder and the others beside him could still hear him clearly. Second elder glared at 19th elder unhappily, and 19th elder obediently shut his mouth.

However, Feng Da, who was resting with his eyes closed, opened his eyes and looked at the nineteenth elder with a faint smile. He said calmly, "Nineteenth elder! We don't need you to worry about whether we can pass the last stage, you should worry about yourself! It's hard to say if you can get out!"

"You ..." Nineteenth elder was so angry at Feng Da that he couldn't speak. This fact made him extremely depressed. He had always thought that he was good with words. How did his mouth become stupid when he met Feng Da and the others? This was truly too inconceivable. This result made him somewhat unable to accept.

"What about me? Be prepared to stay here and accompany that space manager! However, we'll come in to see you often." Feng Da said with a smirk.

"Hehe! I like this suggestion!" Suddenly, the space manager's voice rang in everyone's ears again.

"I don't want to stay here!" "What's wrong?" 19th elder asked reflexively.

"This is not up to you!" The space manager laughed wretchedly, his voice making one's hair stand on end and horrified!

"I'll definitely pass these ten stages." The nineteenth elder gritted his teeth and said with certainty. His face was livid with anger.

"I don't have high hopes for you!" The space manager laughed evilly, his voice reverberating in the grey space.

Seeing this, Feng Da and the others couldn't help but laugh in their hearts. It seemed that this space manager had his eyes on the nineteenth elder. Poor guy, he was so annoying that even God and man hated him.

"You, you detestable fellow! Don't hide your head and show your tail, if you have the guts, come out and fight me one-on-one!" Hearing the words of the space manager, the 19th elder was furious and roared, losing his mind.

Instantly, Feng Da and the others were speechless as they thought, is the 19th elder crazy? He actually wanted the space manager to come out and have a one-on-one fight. Let's not talk about whether he could come out or not. To fight with the master in someone else's territory, was this something that a person with a brain would do?

The second elder and the others had the same thought. At this moment, they all turned their heads in unison, their faces red with the words 'I don't know him!'

After the space manager heard the 19th elder's provocation, he laughed happily, "Interesting! How interesting! Are you sure you want to fight me one-on-one? The territory you're in right now is mine. Do you have the confidence to beat me here?"

"You're definitely not my opponent, but I don't think you have the guts to come out and fight me one-on-one!" 19th elder braced himself and said. In fact, he was a little impulsive when he said he wanted to fight one-on-one, but for the sake of his face, he could only puff himself up at his own cost. Otherwise, what face would he have in front of Feng Da and the other despicable guys in the future? Now, he was betting that the space manager would not appear.

"Oh, really? The 19th elder! You're too confident!" The space manager said with a smile.

"This is the truth! You wouldn't dare to come out." Nineteenth elder said stubbornly, but he kept praying in his heart that he would not be able to come out! He couldn't get out!

"Tsk! Don't look down on me! I'll come out and fight you one-on-one now! Just wait for me!" The space manager couldn't help but say angrily.

When 19th elder heard this, he was shocked and thought to himself, oh no! If this space manager really appeared, what would he do? Do you want to fight him? Wouldn't it be even more embarrassing if he couldn't win?

Just as the 19th elder was feeling depressed and conflicted, a white light flashed in front of everyone's eyes. A small, exquisite, pure white, fluffy little animal appeared in front of everyone. When they saw this little thing that was only the size of an adult's fist, their jaws almost dropped.

The little thing in front of them turned out to be a pocket-sized White Rabbit. It was fat and fluffy, and its eyes were more beautiful than rubies. It was looking at the nineteenth elder with disdain. When they saw this little guy and thought of the voice that often talked to them, Feng Da and the others felt an unspeakable disappointment in their hearts. This, this gap was too big, right? This image was completely different from what they had in mind!

When 19th elder saw the little thing, his eyes widened in disbelief. F \* ck! What was this? This tiny little thing that wasn't even enough to fill the gaps between his teeth was that detestable space manager who had called out to him? If he really fought this little thing one-on-one, wouldn't he be laughed at? Right now, 19th elder's intestines were green with regret. However, seeing that his opponent was so petite, his heart was also greatly relieved!

"You're the manager of this space?" The 19th elder asked uncertainly.

"Nonsense! What's there to be suspicious about?" The little white rabbit's tone was very aggressive, and everyone could tell that it was telling the truth!

"Uh! I think we should cancel our 1v1!" The nineteenth elder hesitated for a moment before speaking.

"Why did you cancel it? Are you looking down on me?" The little white rabbit glared at him and roared.

"No! You're too young!" 19th elder was at a loss. When the others heard what he said, they laughed in a low voice, making him even redder.

“Old man! Don’t you know that underestimating the enemy is a great taboo in the military? Judging a person by their appearance is a very serious mistake, and a smart person would not make such a mistake.” The little white rabbit said with a serious expression. In other words, she was saying that the nineteenth elder was not a smart person.

The nineteenth elder naturally understood what the White Rabbit was implying. However, since things had already come to this, he could only play dumb.

“I have no choice! If I really fight you one-on-one, people will laugh at me for bullying small animals!” Nineteenth elder’s face was filled with difficulty.

“Who would laugh at you? Are they?” The White Rabbit’s Ruby-like eyes rolled slyly, and then it turned to Feng Da and the others, and said, “If he were to fight me one-on-one, would you all laugh at him?” As she said this, the White Rabbit’s face was filled with anticipation, and her fiery red eyes were filled with tears.

“I won’t! You guys have a one-on-one fight!” Feng Da and the others quickly said. However, their support made the nineteenth elder so angry that he was burning with anger!

“Hehe! I knew you were all good people!” The little white rabbit was very happy.

Then, it turned its gaze back to the nineteenth elder and said with an expectant look, “Old man, you were the one who said you wanted to fight me one-on-one. Now that I’ve come out, you won’t go back on your word, right?”

“I’m not going back on my word. It’s just that I really can’t have a one-on-one fight with you.” The nineteenth elder sighed and said speechlessly. Why did this little thing have its eyes on him? It really made him depressed!

### **Chapter 1668: One-on-one fight (3)**

“Give me a reasonable reason! Otherwise, you’ll regret it!” The White Rabbit narrowed its Ruby-like eyes, clearly a little angry.

At this moment, the seventh elder, who was standing beside the nineteenth elder, tugged on his sleeve and whispered, “Nineteenth elder! You’d better deal with it! It’s the manager of this space, if you offend it, I’m afraid it will make things difficult for you, and at that time, the loss will outweigh the gain.”

The nineteenth elder didn’t understand the logic behind the seventh elder’s words. Therefore, he nodded his head slightly and said to the White Rabbit, “That ... Little thing, I don’t mean to look down on you. It’s just that you’re too young, so I don’t have the heart to do it. Otherwise, if I accidentally hit you too hard, you’ll lose your little life.”

“Old man! You don’t have to worry about me, you should worry about yourself! If you let me beat you into a pulp and lose too badly, you’ll be the one to be laughed at!” The little white rabbit kindly reminded.

Its kind reminder made Feng Da and the others very happy. However, the nineteenth elder's face was very ugly. He shouted with a livid face, "I will lose to a little rabbit like you? You must be joking!"

"Hehe! You'll know how strong I am after we spar." The little white rabbit said slyly.

"Hmph! Let's compete! Who's afraid of who!" The nineteenth elder was furious. Since the words had already come to this point, if he continued to make excuses, wouldn't he be looked down upon?

"Then come!" The little white rabbit laughed.

"You're so young, I'll let you make the first move!" The nineteenth elder said helplessly.

"Alright!" The White Rabbit was very generous. Immediately after, a white figure as fast as lightning pounced toward the nineteenth elder. Feng Da and the others consciously made way for them so that they could not display their full strength.

At first, the nineteenth elder did not think much of the light. After all, in his mind, this little rabbit could not possibly have any great abilities. However, when the white light was very close to him, he realized that he had really underestimated the enemy. This was because the little rabbit's strength was the same as his, a divine Emperor! This fact made him even more depressed.

F\*ck! He had never heard of a rabbit being able to advance to the divine Emperor realm.

Bloodline was extremely important in the beast clan. A weak beast like a rabbit could not possibly have too high of a strength. Usually, they could only be considered as food for humans and other beasts. However, this little rabbit had surprised everyone. They really did not know how it had cultivated to the divine Emperor realm. It was too surprising.

19th elder had also made a huge embarrassing mistake because he had underestimated his opponent. In the time it took for him to be lost in thought, the White Rabbit's legs had already landed on his face. With a light kick, it left a few deep purple claw marks on his face. After the attack, the White Rabbit immediately jumped away and hid in a safe place.

The White Rabbit was extremely pleased with itself after its first attack! Although it didn't have any real strength, it was good that it was agile! What's more, it was the manager of this space. It could easily get its strength to the same level as the nineteenth elder. However, now that the old man was mentally prepared, it would not be easy to succeed!

The little white rabbit had a very good attitude and knew when to stop. So, after the opponent had finished his attack, it was ready to stop the battle. Hehe!

When 19th elder saw the smug look on the White Rabbit's face, he was filled with hatred. What a cunning little fox, she had actually deceived everyone. Since this little thing's strength was equal to his, he naturally would not be modest. Winning against that hateful fellow was the absolute truth. Otherwise, if he really lost, he would also be laughed at to death!

At this thought, the nineteenth elder immediately made his move. The light blue divine power he released condensed into the shape of a Giant Eagle, and it pounced at the White Rabbit like a tiger pouncing on its prey. When the White Rabbit saw this, it calmly looked at the Eagle. In its memory, the

Eagle seemed to like eating rabbits! However, this rabbit wasn't an ordinary rabbit. It wasn't clear who would eat who! Hehe!

In an instant, the White Rabbit also pounced towards the giant Eagle. The white and blue shadows intertwined. Everyone was shocked to see this. They couldn't understand why the White Rabbit would give up on defense and turn to attack. Although it was said that the best defense was to attack, it depended on the person! This little rabbit wasn't an attack type Beastie. However, at this moment, they had clearly underestimated the uniqueness of the White little rabbit. They had forgotten that this little rabbit wasn't a real Beastie, so they couldn't view it with common sense.

After a while, the giant Eagle disappeared, and the White Rabbit burped proudly. "That Eagle tastes pretty good, give me another one! I haven't had enough yet!"

Originally, it had planned to stop the battle. However, when the nineteenth elder's Giant Eagle with divine power appeared, it felt a call from the bottom of its heart. A voice was constantly urging it to eat the Eagle! Hurry up and eat it! Therefore, it rushed forward without a care and ate it. As expected, its appetite was greatly boosted, making it extremely satisfied.

"You, you're a rabbit!" When nineteenth elder saw this, he reminded her angrily.

"What's wrong with rabbits? Was there a rule that a rabbit could not eat an Eagle? Don't you know how to pretend to be a pig to eat a Tiger? Even a pig can eat a Tiger, so why can't I eat an Eagle?" The little white rabbit said in an unconvinced manner. Other than its master, it wasn't afraid of anyone else. Therefore, it didn't even take the old man in front of it seriously.

"Do you think I'm right?" After saying those words, the White Rabbit turned around and asked Feng Da and the others.

"You're right!" Feng Da said with a look of agreement. This little white rabbit was becoming more and more pleasing to the eye. It was indeed worthy of being his own person refined by the young miss! It was really to his liking no matter how he looked at it!

With Feng DA's agreement, the White Rabbit became more and more proud. Then, it took the initiative to express its goodwill, "You guys are so considerate. I've decided to help you guys as much as I can."

"Thank you!" A few drops of cold sweat rolled down Feng DA's forehead. He didn't think that this xiaotu would really be able to help them. Even if he wanted to, he was afraid that the young miss would not agree.

"You ... You are taking bribes!" 19th elder heard their conversation and was furious.

"Do we? Don't you wrong us!" The little white rabbit blinked innocently and said in an aggrieved tone.

"Hmph! You said you would help them! We all heard it!" The nineteenth elder said angrily.

"I only said that I will help them within my ability. What's wrong with that? I can 't?" The little white rabbit rolled her eyes.

"Of course not! If you go easy on them, it would be very unfair to us." The nineteenth elder said in anger.

## Chapter 1669: One-on-one fight (4)

“But, I didn’t say I’d let them go easy!” The White Rabbit’s eyes widened in disbelief, as if the nineteenth elder had just made a joke.

“You said you would help them.” 19th elder couldn’t help but remind him, but he was cursing in his heart. What’s wrong with this damn rabbit having amnesia? Had he forgotten everything he had just said in the blink of an eye?

“Mm! I did say that, but I won’t go easy on them. ” The White Rabbit said with a ‘don’t worry’ expression.

“How do you want to help them?” The 19th elder asked in a daze.

“I won’t tell you. This kind of thing can only be understood, not told.” The little white rabbit said mysteriously, causing Feng Da and the others to giggle in a low voice. They realized that this little rabbit was too good at pranking people. It was indeed worthy of being one of them! He just had the ability to anger people to death!

“If you don’t tell me, then there must be something between you two! Hmph! I’m going to complain to Leng ruoxue, saying that you guys cheated!” The 19th elder was furious and threatened.

“As you wish! Since I dared to help them, it was naturally within my master’s permission. Therefore, she would not blame me! You, on the other hand, actually dared to threaten me, Hmph! I’m going to punish you. You can forget about leaving this place for the rest of your life!” The little white rabbit said fiercely. Although it could not lower the difficulty of the trial, it could still increase the difficulty! And since they dared to threaten it, the nineteenth Elder Council was doomed to be unlucky!

“You ... You’re threatening me?” 19th elder was so angry that he almost vomited blood. Damn it, this rabbit didn’t want him to go out as a threat, and he couldn’t do anything about it. This really made him feel helpless.

“Did I threaten him?” The little white rabbit turned around and asked Feng Da and the others.

“No, I didn’t!” Feng Da and the others quickly shook their heads.

“Hehe! Old man, did you hear that? There’s someone who can prove that I’m not threatening you. ” The little white rabbit was very pleased with itself, and it kept provoking the nineteenth elder with its eyes.

“You’re all on the same side, so of course they’ll side with you. ” The nineteenth elder said.

“Then tell me, did I threaten him?” Seeing this, the White Rabbit could only ask the second elder and the others. It couldn’t be wronged, so it had to get to the bottom of this.

“No, I didn’t!” The second elder and the others looked at the nineteenth elder apologetically and said in unison. They had no choice. Sacrificing him alone was better than all of them being trapped here, right? Moreover, this was trouble that nineteenth elder had caused himself, so they could only apologize. They didn’t want this rabbit to hate them too because of a nineteenth elder who had nothing better to do. If that happened, they wouldn’t be able to leave this place either.

The second elder and the others would never have imagined that they would be spared from the inexplicable punishment brought by the nineteenth elder just because they stood on the White Rabbit's side.

"Hehe! Did you hear that? They're your own people." The little white rabbit said happily. These people were very understanding, and it was very satisfied. Moreover, since they were so good at causing trouble, it naturally had to give them some face and not punish them as well. Otherwise, it had no intention of letting these people off.

"You ..." The second elder, who had been deserted by his friends and relatives, was so angry that he almost vomited blood. He couldn't help but curse in his heart. These guys were really disloyal. To think that they were all members of the ning family. They actually hit someone when they were down! Sob ... This is too hateful.

"Nineteenth elder! You should stop talking!" The seventh elder could not help but advise helplessly.

"It is! Old man, we're done fighting while you're talking! You really know how to waste time. No wonder you can't complete the task." The little white rabbit touched on a sore spot and deliberately poured salt on the 19th elder's wound.

However, its words made nineteenth elder extremely depressed.

He wasn't the only one who didn't complete the mission, so why did he have to be the one to do it? However, he only dared to think about it in his heart. If he really said it out loud, he would probably offend everyone. The 19th elder, who was already feeling miserable, naturally didn't want to do anything stupid!

"Old man! Let's continue! The victor hasn't been decided yet!" Seeing that 19th elder had stopped talking, the White Rabbit continued.

"Why isn't the winner decided? You swallowed the 19th elder's Giant Eagle and left a mark on his face. You're the winner!" Feng Da said with a smirk.

"But this old man isn't seriously injured, so it's not considered a win!" The little white rabbit said stubbornly. It was not full yet, so how could it let this old man go?

"That makes sense!" Seeing that the little rabbit still wanted to fight, Feng Da could only helplessly agree, but in his heart, he thought, could it be that this little rabbit is addicted to eating Eagles?

"Old man! Hurry up and make your move! I'll let you go first this time." The little white rabbit gave Feng Da a look of admiration before speaking to the 19th elder. However, the 19th elder did not make a move.

After waiting for a while, the nineteenth elder still didn't make a move, and the White Rabbit was instantly enraged ...

### **Chapter 1670: The shadowless claw (1)**

The little rabbit was angry, and the consequences were very serious!

A bolt of White Lightning shot towards the nineteenth elder at an incredible speed. Before the nineteenth elder could even react, the White Rabbit had already reached out with all four of its claws ...

“Watch my shadowless claw!” The little white rabbit shouted.

‘Whoosh! Buzzzzzz! Whoosh!’ A few flashes of light and shadows appeared, and several claw marks were left on nineteenth elder’s face. The little rabbit’s claws were extremely sharp, and nineteenth elder immediately cried out in pain, “Argh! You detestable little thing!”

After the White Rabbit was done scratching, it quickly ran to a relatively safe distance and looked at the nineteenth elder with a provocative look. Damn old man, I’m going to fight you!

“You detestable little thing! I won’t let you off!” 19th elder was furious. He was already unhappy to begin with, and now he was even more furious.

However, Feng Da and the others could not help but laugh when they saw the claw marks on the 19th elder’s face.

“Hahaha! The 19th elder! Now you’ve got a big painted face.” Feng Da said with a gloating expression.

“Dammit!” The 19th elder glared at Feng Da, then took out a pill from his storage ring and ate it.

After taking the pill, the injury on the nineteenth elder’s face no longer hurt, but the claw mark on his face had been left, and it had turned black. This result made Feng Da and the others laugh even more heartily. Even the other elders present could not help but turn their heads and laugh secretly.

“Are you guys done laughing?” The nineteenth elder roared angrily. However, he was not clear about the situation on his face. He was only angry because he saw them laughing at him.

“Don’t blame us, you’re just too funny! Nineteenth elder, I reckon that you’ll have to wear this disfigured face in front of people in the future.” Feng Da kindly reminded him.

“What did you just say? I dare you to say that again!” 19th elder flew into a rage out of humiliation. Damn it, was he cursing him?

“See for yourself!” Feng Da took out a mirror and threw it to the 19th elder.

19th elder looked at the mirror doubtfully, and his expression changed. F \* ck! What was going on? Who could tell him? He had clearly taken a healing pill, so how could there be a scar? How was he going to face others in the future with the black marks on his face? Now, he finally found the reason for their laughter. However, these people were too unsympathetic. He was already in this state, but these damn guys could still laugh! It really didn’t make sense!

“Nineteenth elder! What are you going to do in the future?” Feng Da said with a look of sympathy.

“This is my business! You don’t need to care!” The nineteenth elder said in an unpleasant tone.

“I don’t want to care about you. I’m just a little worried about you. But you’re a man, after all. You don’t need to use your beauty to attract women. So, it’s no big deal even if you’re disfigured.” Feng Da consoled. However, his words didn’t sound like it to the nineteenth elder at all. In his opinion, these people were clearly trying to make a fool of him.

The nineteenth elder was furious, but he was afraid that he couldn't win against Feng Da, so he could only vent his anger on the little white rabbit.

"Damn rabbit! It's all your fault!" 19th elder glared at the White Rabbit that was provoking him and roared fiercely.

"Hehe! Old man, I forgot to tell you that I haven't washed my claws for a long time, so there's some mud on your face. It's not easy to get rid of it!" The little white rabbit said, unafraid of death.

"You, you ..." Nineteenth elder was so angry that he couldn't speak. Feng Da and the others looked at the White Rabbit with admiration, and the White Rabbit's proud tail was about to stand up.

"I'm laughing smugly, I'm laughing smugly ..." The little white rabbit hummed as it jumped up and down. It was so happy that it was bubbling in its heart.

When Feng Da and the others heard its song, they couldn't help but think of the dark Tiger King, who also liked to sing. This was because when they went to see the dark Tiger King sometimes, they would hear it howling at the moon. However, its song was too unpleasant to listen to, and they didn't even know where the tune had gone. This little rabbit was not much inferior to the dark Tiger King! The singing of the two beasts was so unpleasant that it was hard to hear, but they both liked to sing!

Hehe! In the future, if the dark Tiger King had the chance to enter, it might as well sing a duet with this little white rabbit. The effect would definitely be shocking! Feng Da and the others couldn't help but wonder.

"F \* ck! Don't sing anymore!" The 19th elder was about to go crazy. He had lived for so long, but he had never seen such an infuriating little beast. Did it have a master? This fellow was definitely Leng ruoxue's subordinate. They were exactly the same! They were all infuriating.

"If I don't sing just because you don't want me to, wouldn't I lose face?" The little white rabbit's face turned serious, and it said unhappily. Was this old man challenging its authority? This was its territory, so it naturally had the final say.

"Don't you guys agree?" Then, the White Rabbit turned to look at Feng Da and the others with an innocent face.

"That's right! This is your home. As the master, you naturally have the final say." Feng Da and the others tactfully agreed. This little rabbit was one of their own, so of course they couldn't help an outsider.

"Hehe! I knew you guys were the best!" The little white rabbit said, very satisfied.

"That's right! Who are we!" Feng Da and the others were very cooperative.

"Hmph! You're all jackals of the same tribe!" When 19th elder heard their conversation, he was so angry that he almost vomited blood.

"Old man! Don't be jealous, you're also mine!" The little white rabbit said in a double-meaning manner.

"Dammit! When did I become yours?" The 19th elder stomped his feet in anger.

“You will stay here to accompany me, so of course you are my person.” The little white rabbit said matter-of-factly, and then it added, “Whoever dares to snatch you from me, I’ll exterminate him!”

His words were full of momentum, and Feng Da and the others quickly expressed their opinions, “Don’t worry, we won’t fight with you for him!”

“Mm! You guys are good!” The White Rabbit nodded and turned to the second elder and the others. “You guys won’t fight with me for him, right?”

“I won’t! I won’t!” The second elder and the others said repeatedly. As they spoke, they wiped the cold sweat from their foreheads. They couldn’t help but sigh in their hearts. They were now living under someone else’s roof, so how could they dare to snatch her away from their master? Moreover, what was the point of robbing the nineteenth elder? It can’t be sold for much!

“That’s good!” The White Rabbit seemed to be relieved. It looked at the nineteenth elder with a smile and said, “Old man, no one would dare to snatch you from me!”

“You ...” The 19th elder trembled in anger at the little white rabbit’s teasing. Then, his eyes rolled back and he fainted.

“Ya! Why did he faint? Wuwu...Old man, wake up! I can’t live without you!” Seeing this, the little white rabbit began to howl at the top of its lungs. Hearing this, everyone’s foreheads were full of black lines. They thought to themselves, this little rabbit is too good at acting, right? It’s as if it’s real!
