Chapter 1691: You saw through me (1)

“Alright! Then please write me an IOU!” Yu Yu laughed in a very pleased manner. Immediately after, a pen and paper appeared in front of each elder. Seeing this, the elders could only suppress their anger and write down another IOU.

After writing the IOU, an elder asked impatiently, “Can we go out now?”

“Yes! Don’t worry! I’ll send you out now!” Yu Yu said with a smile, clearly quite satisfied with their cooperation.

“Wait! I want to ask you a question before I go out.” At this time, another elder spoke.

“What’s the problem?” The fish was a little curious. It thought that the elders should have finished asking all their questions!

“You asked us to pay, but did they?” The elder pointed at Feng Da and the others.

“They didn’t hand it in! What’s wrong?” Yu ‘er asked with a puzzled expression.

“Why can they not hand it over?” The elder roared with jealousy.

“Isn’t it obvious? They’re our own people, and we don’t charge our own people.” The fish said matter-of-factly, and its words also angered the elder who raised the question. If it was not for the seventh elder holding on tightly to the elder, the elder would have gone berserk.

“Yu ‘er, can you release the eleventh elder and let him come out with us?” The seventh elder wiped the cold sweat from his forehead and changed the topic.

“No! He can’t leave yet, he hasn’t passed the Nightmare Realm’s test, so he has to stay here.” The fish said, leaving no room for discussion.

“When will he come out?” After the seventh elder finished asking, he felt that he had asked a very stupid question.

“After he passes the test, he can naturally leave this place.” Although the seventh elder’s question seemed a little idiotic to the fish, it still answered very seriously with a responsible attitude for its customers.

“Alright! If there are no other questions, I will send you out now.” The fish said.

“What about the 19th elder?” The seventh elder couldn’t help but ask.

“That old man isn’t under my jurisdiction. He hasn’t even passed the trial space yet! I probably won’t be able to get out in this lifetime.” The fish said honestly.

“Then, Yu ‘er, please take care of the eleventh and nineteenth elders.” The seventh elder said helplessly.

“I’ll take care of it if I can, but I can’t possibly go easy on you.” Yu Yu said with absolute certainty.

“Then I’ll thank Yu ‘er first.” Although he didn’t get the satisfactory answer he wanted, the seventh elder didn’t dare to throw away the proper etiquette.

“Hahaha! You’re too polite, old man. However, before I leave, I still have something to tell you. You must be single-hearted, you can’t be half-hearted, you can’t be two-timing, and you can’t eat what’s in the bowl while looking at what’s in the pot. So, when you get out, you should live well with that old man! As for this one here, don’t think about it anymore.” The fish said earnestly.

Its words made the seventh elder extremely depressed. He couldn’t help but curse in his heart. Why did this fish still remember this?! Seeing that it hadn’t mentioned it for so long, he thought it had forgotten! Only now did he know that she still remembered. Sigh! He sighed heavily. In this period of time, the number of times he sighed was more than all the times he had sighed in his entire life. How did this happen? He really couldn’t understand it.

However, although Yu ‘er’s words made the seventh elder very depressed, it was like a joke to Feng Da and the others. However, they were embarrassed to laugh too obviously because of the seventh elder.

Seeing how everyone was trying to hold back their laughter, the seventh elder sighed heavily, “Ai!” His brows were so tightly knitted that they were about to come together.

“Hehe! I’ll send you guys out!” At this time, Yu Yu said with a smirk. A white light flashed in front of everyone’s eyes, and in the next second, they had already appeared outside the ning family’s main residence.

Seeing the familiar environment, the elders felt a huge weight lift off their shoulders. They thought to themselves, “that’s good!” They had not been teleported to any other place. They had finally returned.

Although they had not lived here for a long time, they felt a sense of familiarity here, especially after the torture they had experienced in the illusory sky. This place was so familiar that they almost cried. To be honest, they had never felt so deeply about the ning family’s residence!

Just as all the elders were lost in their thoughts, the Leng family’s main residence’s door suddenly opened. Leng ruoxue and the demon walked out together.

“Grandpa, brother!” Leng ruoxue said happily with a smile.

“Xue ‘er! Grandpa has missed you so much.” After Leng Qingtian finished speaking, he pulled his precious granddaughter into his arms. However, before he could get enough of her, the granddaughter in his arms was snatched away by his grandson.

“You little brat! You’re actually snatching her away from Grandpa!” Leng Qingtian glared at Leng ruohan, his face full of dissatisfaction.

“Grandpa! I also miss my little sister.” Leng ruohan laughed nonchalantly as he hugged Leng ruoxue even tighter. Although the evildoer beside him was glaring at him, he ignored him completely.

“Xue ‘er is mine!” The demon was burning with jealousy. He snatched Leng ruoxue from Leng ruohan’s arms and hugged her tightly. Seeing his nervous look, Leng Qingtian and the others could not help but laugh.

“Hahaha! She’s my granddaughter!” Leng Qingtian laughed.

“MMH! She’s my sister!” Leng ruohan added.

“So what? Xue ‘er is mine. ” The demon was like a child whose toy was about to be taken away, protecting his food.

“Freak!” When she saw the demon’s expression, Leng ruoxue actually felt embarrassed.

“Hahaha!” This time, everyone laughed even more happily.

“You guys are finally out.” Suddenly, the second elder’s voice rang in everyone’s ears. Everyone turned around in unison and saw the second elder’s excited face, his eyes burning as he looked at everyone.

Ugh! Why was this old man so excited? Feng Da and the others were very confused. It was reasonable for him to be excited when he saw the ning family elders come out of the illusory sky unscathed, but why was he excited when he saw them? This fact made them feel a little overwhelmed.

“Second elder!” When the seventh elder saw the second elder, his eyes were also filled with tears. When everyone saw him like this, they actually thought that if Yu Yu was here, they were afraid that he would misunderstand their relationship again!

“It’s good that you’re out! It’s good that you’re out!” The second elder looked at them and touched them. Seeing that they were safe and sound, he could finally put his heart at ease.

“Why hasn’t the eleventh elder come out yet?” The second elder couldn’t help but worry when he didn’t see the eleventh elder in the group of elders.

“Second elder! Before we came out, Yu ‘er told the seventh elder to live a good life with you and not to think about the eleventh elder. You can’t cross two boats with one foot. It’s wrong to eat in the bowl while looking at the pot. ” Feng Da replied with an evil smile.

Chapter 1692: You saw through me (2)

“Uh!” After hearing Feng DA’s words, the second elder’s forehead was filled with black lines. He felt even more depressed in his heart. The 11th elder was his brother.

“My condolences, elder!” Feng Da patted the second elder’s shoulder and said with sympathy.

“What’s there to mourn?” The second elder didn’t react for a moment and asked in a daze.

“Don’t keep thinking about the eleventh elder, just treat it as if he doesn’t exist. ” Feng Da explained more clearly.

“He’s my brother! He’s a member of the ning family, and he’s not dead. How can we pretend that he doesn’t exist?” The second elder was so angry that his eyes were wide open as he roared.

“But the fish has already determined that you and the seventh elder are a couple, so ...” Feng Da did not finish his sentence, but he knew that the second elder would understand!

“It can’t come out, so what’s the matter?” The second elder said disapprovingly.

“The eleventh elder can’t come out either! Don’t forget that the old man is in the hands of the fish!” Feng Da couldn’t help but remind him.

“Al!” The second elder sighed helplessly. He felt even more depressed.

“Little girl, what do you think we should do about this?” The second elder’s gaze turned towards Leng ruoxue as he asked with a face full of anticipation.

“Second elder! I can’t do anything about this. Let’s wait for the eleventh elder to come out!” Leng ruoxue said with a smile.

“Isn’t that something you refined? How can you not have a way?” The second elder asked in disbelief.

“It’s true that I made the fantasy Sky, but everything there was set in advance. As the master, I can’t change the settings for someone! If you change your mind like this, the space managers there will lose their way.” Leng ruoxue said seriously.

“Is there no other way?” The second elder said, unwilling to give up.

“Unless the 11th elder passes the test of the Nightmare Realm, there’s no other way.” Leng ruoxue understood.

“What about the nineteenth elder? What about him?” The second elder then asked about the other elder who was more unlucky.

“He’s the same! Although Xiao Bai wants to keep him inside, if the 19th elder can pass the trial space and the test of the Nightmare Realm, he can still come out. Otherwise, it’s really possible that he’ll be trapped inside for the rest of his life, just like Xiao Bai said.” Leng ruoxue said with a hint of sympathy.

“Second elder! You don’t have to worry about those two old men, they’ll only suffer a bit of torture inside, suffering a bit of physical pain, there shouldn’t be any life-threatening danger. Of course, if they can’t pass the test of the Nightmare Realm, then it’ll be another matter.” Feng Da consoled.

Then, he turned to Leng ruoxue and said, “miss!” I’m going to go into seclusion for a few days. I should be breaking through soon.”

“En!” Leng ruoxue nodded.

“Miss! I’m also going into seclusion.”

“Xue ‘er! Grandfather also needs to go into seclusion.”

With Feng DA’s lead, Leng Qingtian and the others began to speak one after another. All of them had only one purpose, and that was to go into seclusion.

Their cultivation had made great progress in the illusionary sky. Although they had not really made a breakthrough, they were not far from it. Moreover, they had also touched the barrier of a breakthrough. However, they did not have the conditions to make a breakthrough in the illusionary sky, nor could they feel the laws of heaven and earth. Therefore, they had waited until they came out of there before they decided to go into seclusion and prepare for a breakthrough.

“Grandpa! Then all of you can go back to your rooms and cultivate in seclusion!” When Leng ruoxue heard this, she hurriedly urged.

“Good! Then let’s go into seclusion for a while. After we break through, we’ll have a good chat.” Leng Qingtian said impatiently. He was the first to rush into the room, followed by the others.

Seeing that her grandfather and the rest had left, Leng ruoxue smiled at the seventh elder and the rest, “All the elders must be tired, go back to your rooms and have a good rest!”

“Mm! Then we’ll go back to our room first.” The seventh elder said. They were indeed a little tired, mainly because the pressure during this period of time was too great. Now, they finally had a chance to catch their breath.

Leng ruoxue nodded and watched as the elders went into their respective houses. Only then did she pull the evildoer back into the courtyard.

However, after entering the courtyard, Leng ruoxue realized that there seemed to be someone missing. She did not seem to have seen Cheng Xuan.

“Freak! Did you see Cheng Xuan?” Leng ruoxue asked curiously.

“Mm! I saw it!” The demon nodded, but he was laughing in his heart. He liked it when Xue ‘er didn’t notice the existence of other men, hehe!

“Where is he?” Leng ruoxue asked speechlessly. Was it because Cheng Xuan was too unremarkable, or was it because she had bad eyesight? She didn’t see Cheng Xuan.

“Him! He’s hiding among Feng Da and the others.” The demon chuckled.

“Oh!” Leng ruoxue responded softly and stopped paying attention to Cheng Xuan’s whereabouts.

A month later.

Feng Da and the others all became God tier Masters as they wished.

Leng ruoxue was elated to see that their cultivation was above hers. She joked, “You can protect me when you’re stronger than me.”

“Don’t worry, miss! We’ll definitely protect you!” Feng Da was the first to express his opinion.

“MMH! It’s our responsibility to protect miss.” Lin Yuan and the rest also echoed.

“Hahaha! Then I’ll be relying on you guys in the future!” Leng ruoxue smiled and played along.

“Miss! You don’t need their protection! The four of us will be enough.” At this time, grape also said confidently. During this period of quiet cultivation, she and lotus seed had reaped great harvests. The two of them were now at the divine Lord realm. This was something they did not even dare to imagine in the past. After being together with the young lady, their cultivation speed was like a rocket, soaring rapidly!

“There’s no need to snatch. I need both.” Leng ruoxue smiled and tried to smooth things over. Seeing how Feng Da and grape were at daggers drawn, she was really afraid that they would start a fight.

“Hehe!” Feng Da and the others laughed foolishly.

“Miss! Let’s have a good celebration today!” Yue Qing said happily. The current her was already a divine Emperor. This was naturally due to her master’s previous advancement.

“Good! You guys go and prepare!” With Leng ruoxue’s order, Feng Da and the rest immediately took action.

After a while.

Everyone quickly prepared the food, and Feng Da personally went to invite the second elder and the others, planning to celebrate with them.

In the garden, Feng Da and the rest were singing and dancing happily. However, Cheng Xuan was hiding by his feet alone. When Leng ruoxue caught a glimpse of him, she pulled the evildoer along and walked towards Cheng Xuan.

“Young master Cheng! Congratulations on advancing to the divine Emperor realm.” Leng ruoxue chuckled.

“Thank you!” Cheng Xuan said indifferently, his expression extremely lonely.

Chapter 1693: You saw through me (3)

Seeing him like this, Leng ruoxue was even more puzzled. What was wrong with Cheng Xuan? Wasn’t advancing to the divine Emperor realm enough to make him happy? What happened that she didn’t know about? As far as she knew, Cheng Xuan had been staying in the Nightmare Realm with Feng Da and the others all this time. Nothing should have happened, right? Feng Da and the others would not bully him!

“Young master Cheng! Do you have something on your mind?” Leng ruoxue guessed.

“Great aunt! Thank you,” Cheng Xuan said without thinking.

“Uh! For what?” Leng ruoxue was getting more and more confused.

“Thank you for reminding me of the past. I thought I had forgotten about it.” Cheng Xuan’s handsome face had a touch of sadness, and he was surrounded by a deep sense of loneliness.

“Since it’s an unhappy matter, don’t think about it anymore.” Leng ruoxue sighed softly and consoled him. She understood what Cheng Xuan was saying. He must have recalled some bad memories when he was in the Nightmare Realm. However, the fact that he was able to wake up from those memories was enough to show that he had already let go. Otherwise, those memories would have become his inner demons.

“En!” Cheng Xuan nodded. There were some things that he didn’t need to think about, but there were some people that he didn’t want to let go of. But those people ...

“Great aunt! What would you do if someone in your family hurt the most important person to you?” Cheng Xuan couldn’t help but ask. This matter had been buried in his heart for a long time. Now that he

suddenly remembered it, he realized that he couldn't continue to be so muddled. Some things had to be solved sooner or later. However, he was very conflicted because those people were his enemies and his family.

"How important is it? What kind of family members did they have?" Leng ruoxue asked after some thought.

"Like parents!" Cheng Xuan hesitated for a moment before saying.

"If someone hurts my parents, I will not let the enemy off! No matter who he is!" Leng ruoxue replied without hesitation.

"What if the enemy is also your family? And they're very closely related?" Cheng Xuan continued to ask.

"Then we can't let him go. No matter what reason he has, he can't hurt someone else's parents, not to mention a blood relative. This kind of behavior is even more shameful." Leng ruoxue said with a look of disdain.

"If I kill my own family to avenge my parents, will I be spurned by the world?" Cheng Xuan couldn't help but ask.

"There will definitely be people who disagree. However, why should we care so much about what others think? It's enough to live freely." Leng ruoxue said disapprovingly. From her point of view, not avenging one's parents' deaths by clinging onto one's bloodline was the greatest unfilial act towards one's parents. Furthermore, not all family members were good and worthy of being treated with sincerity. To those cruel and unscrupulous relatives, they could not be measured by kinship.

"For a family like ours, I'm afraid it's very difficult to live as we please." Cheng Xuan sighed.

"Whether you can't do it or not will depend on your understanding." Leng ruoxue said with a smile.

"I know!" Cheng Xuan nodded. As the young master of the Cheng family, he had a lot of responsibilities. Hence, even though he wanted to live a carefree life like Leng ruoxue, as long as he was the young master of the Cheng family, he would not be able to do so.

"Cheng Xuan! You've all broken through, so you should celebrate. Don't think about those unhappy things from the past, go and have fun with them!" Leng ruoxue reminded him. When she said this, she felt like she was Cheng Xuan's elder. It was a weird feeling.

"Mm! Great aunt! Thank you!" In an instant, Cheng Xuan seemed to have recovered his usual personality of wanting the world to be in chaos as he spoke passionately.

"You're welcome. After all, you call me great aunt!" Leng ruoxue laughed lightly as she teased.

After hearing this, Cheng Xuan's forehead was filled with black lines, and the corner of his mouth twitched uncontrollably. Actually, the reason why he called Leng ruoxue "great aunt" was purely for fun. He didn't really want to call her that. After all, Leng ruoxue was much younger than him.

"Hahaha!" Seeing Cheng Xuan's depressed expression, Leng ruoxue laughed happily. Then, she pulled the evildoer back to her room.

The next day.

When the two of them walked out of the room, they saw that more than half of the people in the garden were drunk. Leng ruoxue's face was filled with black lines when she saw this scene.

He couldn't get drunk after drinking a little wine! Fortunately, they were at home. If they were outside, wouldn't they be in danger? At the thought of this, Leng ruoxue decided to give them a good lesson!

She pulled the evildoer to sit down on a stone chair in the courtyard. They ate snacks and drank tea while waiting for them to wake up.

It was almost evening when the drunk people slowly woke up. However, when they woke up, their minds were not very clear and their eyes were in a daze. It was only when they saw Leng ruoxue who was not far away that they suddenly woke up. They were drunk again.

"Miss!" Feng Da and the rest quickly got up from the ground and walked to Leng ruoxue like a little wife, calling out softly.

"En!" Leng ruoxue replied indifferently and did not have any other reaction after that.

"Miss! We were wrong." Feng Da and the others said pitifully.

"Eh? What did you do wrong?" Leng ruoxue asked, pretending not to know anything.

"We shouldn't be so drunk that we're unconscious!" Feng Da and the rest replied honestly. Looking at the expressionless Leng ruoxue, their hearts trembled.

"Since you know, why did you get drunk? This isn't the first time, right?" Leng ruoxue said with a smile.

"We were too happy, so we couldn't help but drink too much." Feng Da and the others explained.

"I can't help it! Fortunately, we're at home, so even if you're drunk, you won't be in any danger. If we're outside, and you're drunk like this, who can you cry to when you lose your little lives?" Leng ruoxue's tone changed and became stern.

"We're not outside, right?" Before Feng Da and the others dared to speak, an elder who had a good time drinking with them yesterday couldn't help but plead.

"Even if you're at home, you should have some self-discipline. Otherwise, once you're outside, it's easy to lose control of your emotions. If you cause trouble, it'll be too late for you to regret it! Besides, it's not that you're not allowed to drink, but I hope you can keep a clear head while drinking. After all, you're not ordinary people who don't cultivate. As cultivators, you can encounter danger at any time, so you must always be on guard. Even if you're at home, you shouldn't be too indulgent. You should know that not all relatives are good, there are also some who can stab you in the back." Leng ruoxue said earnestly. She was not only saying this to Feng Da and the rest, but also to Cheng Xuan and the elders of the ning family.

Her words made Feng Da and the others feel extremely ashamed, while Cheng Xuan and the elders of the ning family were deep in thought, because no one knew better than them that sometimes relatives were more shameless and vicious than outsiders.

“It’s not that I want to teach you a lesson. Other than my family, you’re the most important people to me, so I hope that you’ll be on guard at all times. After all, the divine realm is not as beautiful as we think. I really hope that one day, you’ll be able to stand at the peak of the divine realm with me. I don’t want to see any of you in danger of losing your lives.” Leng ruoxue asked seriously after seeing that they were all silent.

“Miss! We won’t leave you, we’ll always be by your side, the future of the divine realm will definitely be ours!” Feng Da and the others suddenly roared with an imposing manner. Even the ning family elders who heard this felt their aura rise. A wave of hot blood boiled in their blood. In an instant, they seemed to have become a few hundred years younger.

“Mm! Remember your words today!” Leng ruoxue nodded in satisfaction.

“Don’t worry, miss! In the future, we won’t get drunk casually, even if we’re happy. Furthermore, even if we drink too much, we must find the way back to our room. We will never sleep in the garden again.” Feng Da promised. However, his promise made Leng ruoxue laugh.

“Not to find the door to the room, but to keep a clear mind.” Leng ruoxue didn’t know whether to laugh or cry as she corrected him.

“Yes!” Feng Da and the others quickly nodded.

“Alright! Don’t stand here anymore, go back to your rooms and rest!” Leng ruoxue could not bear to see them so listless and drunk.

“Miss! Then let’s go back to our room and have a good sleep. When we’re completely awake, we’ll come to see you.” Feng Da said with a fawning smile.

“Go!” Leng ruoxue nodded.

After watching Feng Da and the rest leave, Leng ruoxue turned around and looked at the ning family elder who was still standing at the same spot. She could not help but ask curiously, “Why are you guys still here?”

“Uh! We’ll leave immediately.” The second elder said with an embarrassed look. They were lost in their thoughts and didn’t react for a moment.

After saying that, the second elder led the other elders back to their own residence.

“Xue ‘er! The second elder and the others seem to be afraid of you.” After the ning family’s elders also left, the demon laughed and teased.

“Afraid of me? I didn’t do anything to them, why would they be afraid of me?” Leng ruoxue asked with a puzzled look.

“Uh! Maybe it’s because you’re too charming!” The demon wiped the cold sweat off his forehead and thought to himself, you haven’t done anything to them yet? They’ve been tormented to death by you.

“Are you saying in your heart that I’ve tormented them a lot?” Leng ruoxue saw the expression on the demon’s face and knew what he was thinking.

“Hehe! You’ve seen through me.” The demon laughed awkwardly.

Chapter 1694: The arrival of wind and rain (1)

“Didn’t I tell you that I can read minds? However, I don’t need to read your mind to know what you were thinking.” Leng ruoxue laughed lightly as she teased.

“This only shows that our hearts are connected!” The demon said proudly.

“Look at how beautiful you are!” Leng ruoxue was speechless.

“I’m proud, I’m proud.” The demon said with a thick face.

Just as the two of them were teasing each other, there was a sudden rush of knocking on the door, followed by the sound of anxious footsteps heading towards the garden.

“Miss Leng!” A slightly hoarse voice suddenly sounded.

“Ning Yan! What are you doing here?” Leng ruoxue sized up the uninvited guest and saw that Ning Yan’s body was covered in dust and his face was Haggard. What was going on? She was filled with doubts. Cultivators usually paid a lot of attention to their appearance, and very few cultivators would be so slovenly. Her impression of Ning Yan was that he was a person who paid a lot of attention to his appearance, so she really couldn’t guess what was wrong with him.

“Miss Leng! Something has happened!” Ning Yan said anxiously. He even coughed a few times after he finished speaking.

“What happened? Don’t be anxious, speak slowly!” Leng ruoxue gestured for grape to pour a glass of water for Ning Yan.

“The master and some of our ning family’s elders have all gone missing.” Ning Yan said with a pained expression.

“Missing? How did Godfather go missing? With Godfather’s strength, there are very few people in the divine realm who can be his match.” After listening to Ning Yan’s words, Leng ruoxue still asked calmly. After all, in her impression, her Godfather was not an irresponsible person who would cause others to worry. So, she would never believe that Godfather would disappear for no reason.

“Al! I don’t want to believe that the patriarch and some of the elders have gone missing either, but we can’t contact them no matter how hard we try. Furthermore, some of the elders have already died and their Jade plates of life have been shattered. If it wasn’t for that, I’m afraid that we wouldn’t have discovered the disappearance of the patriarch and the others.” Ning Yan explained.

“Godfather wouldn’t have disappeared for no reason. Did he disappear in the ning family or go somewhere else?” Leng ruoxue asked again.

“The master took some of the ning family’s elders to a newly discovered secret realm. If I’m not mistaken, they should have disappeared there.” Ning Yan replied.

“A secret realm? What secret realm?” Leng ruoxue’s face was filled with suspicion. Whenever she heard the term ‘secret realm’, she would have a bad feeling.

“That secret realm is newly discovered. Only a few people know about it now. Only the higher-ups of the eight divine regions and the headquarters know about it. Therefore, it’s extremely confidential.” Ning Yan continued.

“Then how did you guys find out?” Leng ruoxue was very curious.

“This secret realm was first discovered by the Wen family. Then, they informed the eight divine regions and the headquarters. After that, the people from the eight divine regions and the headquarters came to an agreement to explore the secret realm together.” Ning Yan said helplessly. In fact, before they went to the mystery Land, the ning family had two opinions. One was in favor of it, and the other was naturally against it. After all, an unknown Mystery Land was very dangerous. However, after considering that they would be going with the powerhouses from the eight great divine regions, and that the two largest and most powerful headquarters in the divine realm, the craftsmen’s headquarters and the alchemist’s headquarters, would also send people, they reached a unified opinion. However, they did not expect that something would happen in the end.

“Would the Wen family be so kind?” Leng ruoxue squinted her beautiful eyes as she asked in confusion.

“Since the Wen family dared to tell this to the higher-ups of the eight great divine domains and the headquarters, they probably wouldn’t dare to lie. Otherwise, they would definitely become The Public Enemy of the divine realm and have no place to stand in the divine realm.” Ning Yan said with absolute certainty. This was also the main reason why those who knew about the secret realm dared to trust the Wen family.

“So you’re saying that the disappearance of Godfather and the ning family’s elders was an accident?” Leng ruoxue raised her brows and asked indifferently.

“It’s an undiscovered secret realm. Unless it’s someone who has been there personally, we don’t know what’s there. So, we can only regard the disappearance of the family head and the others as an accident.” Ning Yan sighed.

“Ning Yan, do you still remember the snowy mountain secret realm a few years ago? It’s also a secret realm that has never been discovered by anyone, but the accident there was man-made.” Leng ruoxue reminded.

“Miss Leng, do you mean that this accident was also man-made?” Ning Yan’s eyes were wide open, and he couldn’t believe it. A few years ago, he had stayed behind to guard the ning family’s Secret realm and didn’t participate in it personally, but he had heard about it. However, those who were tricked into the secret realm were all cultivators with low cultivation, but this time, almost all the strong cultivators in the divine world had gone, including many alchemists and alchemists from The Alchemist Guild headquarters. With such strength, it would not be easy to cause a man-made accident, right?

“I’m not sure if it’s a man-made accident, but as long as I hear the word “secret realm,” I have an uncomfortable feeling. I keep feeling that this secret realm that appeared out of nowhere is not that simple.” Most importantly, she didn’t trust the Wen family head. Perhaps Godfather and the rest thought that the Wen family head wouldn’t dare to lie to them, or perhaps they were too confident in

their own abilities and decided to explore the mystic realm with him without fear even if they were deceived. But no matter which one it was, she didn't agree with it.

"Miss Leng, the master once suspected that this secret realm was not as simple as it seemed, but ..."
Before Ning Yan could finish his sentence, Leng ruoxue interrupted him.

"But he still went, right? Does Godfather think that with his strength, he's not afraid even if there's danger, and that self-protection is not a problem?" Leng ruoxue said.

"Yes." Ning Yan said in a low voice. Miss Leng had guessed it right. It seemed that miss Leng really understood the master.

"The head elder of the craftsmen's Guild also went!" Leng ruoxue asked with a smile.

"Yes! Basically, all the patriarchs of the eight great divine domains have gone. The various headquarters have also sent quite a number of people. The armament Guild is personally led by the great elder." Ning Yan said.

"In this case, Godfather is even less afraid of any conspiracies. Otherwise, he wouldn't be so at ease to follow them." Leng ruoxue sighed.

"Yes! Furthermore, the patriarch has also taken away some of the elders." Ning Yan nodded.

"You just said that some of the elders have already died?" Leng ruoxue said after some thought.

"Mm! Two of the elders have already met with mishaps." Ning Yan said with a pained expression.

"How strong are the two elders?" Leng ruoxue asked again.

"Among the elders that the patriarch brought with him, they are the weakest." Ning Yan replied honestly, even though he did not quite understand why Leng ruoxue asked him this.

"It seems that there are only two possibilities. One is that they have encountered real danger and everyone's situation is very critical. The other is that they may have encountered danger, but it is not enough to immediately kill them. They are just trapped inside. As for the elders who died, if they were not killed by the enemy, then they are trying to send you a message. But we can not rule out that this is the enemy's plot." Leng ruoxue analyzed. No matter what their goal was, the ning family already knew that someone had died. Hence, the ning family would definitely try their best to find out the truth or send people to the secret realm. If the other party wanted to use this method to attract more people to go there, it had to be said that they had achieved their goal.

Chapter 1695: The arrival of wind and rain (2)

"Miss Leng! What do we do now?" After listening to Leng ruoxue's analysis, Ning Yan was even more worried.

"What's your ning family's decision?" Leng ruoxue did not answer and asked instead. Although she was worried about her Godfather's whereabouts, he was still the ancestor of the ning family. The elders of

the ning family might not be willing to let her get involved in this matter. Who asked her to have such strength? How could the ning family trust her?

“The elders Guild has decided to send another group of people to the secret realm.” Ning Yan said honestly.

“Oh! Ning Yan, you’re the one who came to me on your own accord, aren’t you?” Leng ruoxue said.

“The young master and I both had the same idea, and the acting Master agreed. However, the other people in the ning family didn’t agree, so I sneaked out.” Ning Yan said, a little embarrassed.

“Even you have to sneak out? Who’s in charge of the ning family now?” Leng ruoxue asked in confusion. As far as she knew, although Ning Yan was the chief butler of the ning family’s forbidden area, his status in the ning family was not lower than those elders. Other than the ten great elders of the ning family, the other elders had to be polite to him. After all, he was a favorite of the old ancestor. No matter who you offended, you could never offend him.

“It’s the third elder!” Ning Yan told him the truth.

“The third elder? Wasn’t that old man always in seclusion? When did you come out?” Leng ruoxue couldn’t help but ask. The ning family had a total of ten elders with extraordinary status. The great elder often went deep into the mountains and forests, and his shadow was almost never seen in the ning family. Thus, the ning family’s Elder Council had always been dominated by the second elder. However, ever since the second elder was dismissed from his position as an elder by Godfather, The elder Council had become a group of Dragons without a leader. Godfather had also handed him, the seventh elder, and the rest to her, so the number of elders in the ning family’s Elder Council was even pitifully small. As for the other ten great elders, except for the great elder who was in some unknown corner, the others were all in seclusion in the forbidden area, including the third elder. But unexpectedly, this old man had come out of seclusion now and even took charge of the ning family’s Affairs. Even the acting Master and the young master of the ning family had been thrown aside by him. This was not a good sign!

As she had never seen third elder before, Leng ruoxue could not comment on his intentions. However, it was still a little inappropriate for the elders Guild to interfere in the daily affairs of the ning family on behalf of the acting family master and the young master. If it was used by someone with ulterior motives, it was very likely that third elder had the intention to replace them. This was very detrimental to the unity of a huge family.

“The third elder has already come out of seclusion. If I’m not wrong, someone must have informed him that something has happened to the family. Otherwise, he wouldn’t have ended his seclusion for no reason.” Ning Yan guessed.

“So he’s very much in favor of sending people to the secret realm?” Leng ruoxue asked with a smile.

“Mm! He was the one who insisted on sending more people to the secret realm. He said that we can’t let the ning family die without knowing why, and we can’t let the master go missing.” Ning Yan confessed.

“Oh! Apart from the ning family’s elders who died, did anyone else from the other families die?” Leng ruoxue asked the question she was most concerned about.

“An elder from the Cheng family died as well. As for whether the other families and the headquarters have lost anyone, I didn’t hear about it when I came to the godly mainland.” Ning Yan said.

“Oh!” Leng ruoxue nodded, then fell into deep thought. Although some people had died in the snowy mountain secret realm a few years ago, they were much weaker than this time. Among the elders who had died, the weakest was probably a divine Emperor. From this, one could imagine the danger of this secret realm.

Although she didn’t know what the third elder was thinking, if it was her, she wouldn’t have sent anyone. After all, even her Godfather was trapped in there. No matter how many people went, it would just be a meat bun hitting a dog. There would be no return! Therefore, it was not a wise decision to send more people to the secret realm. “Ning Yan, thank you for your hard work. I’ll have someone take you to your room to get some rest. We’ll discuss this later!”

“Alright!” Ning Yan nodded and left the garden with Lotus.

After Ning Yan had left, Leng ruoxue turned her gaze to the evildoer and asked, “Demon, what do you think of this?”

“Xue ‘er! Do you want to hear the truth?” The demon asked with a faint smile.

“Of course!” Leng ruoxue pretended to be unhappy as she pouted her pink lips. She was trying to keep him in suspense. She didn’t want to hear the truth, but did she want to hear lies?

“Xue ‘er! How could a Mystic realm be discovered so easily? A true secret realm is a gift from nature and is formed naturally. A secret realm can not be considered a true secret realm without hundreds of thousands of years or even longer.” The demon said softly.

“In just a few years, a secret realm was discovered on the divine continent. Now, another secret realm has appeared in the divine realm. If secret realms can be discovered so frequently, wouldn’t they become huge radishes?” The demon added.

“So you also suspect that there’s something wrong with this Mystic realm?” Leng ruoxue laughed.

“It’s not a problem, but a big problem!” The demon said with absolute certainty. Now he was a little angry with that old man from the ning family. He relied on his own strength to ignore the danger and even made Xue ‘er worry for him! This was preposterous! Hmph! When he found that old man, he had to teach him a good lesson. Otherwise, it would be hard to dispel the anger in his heart.

“Al! We know that there’s a problem, but we can’t not go! Who asked Godfather to be inside! I can’t just leave him alone!” Leng ruoxue said pitifully. Her beautiful eyes would steal glances at the evildoer from time to time, observing the expression on his face.

“Hehe! Do you really think I’ll stop you? Although I really don’t want you to take the risk, I know you well. If I don’t let you go, you might secretly run away behind my back. In that case, I might as well go with you! With me here, I can also protect you.” The demon said helplessly, his expression full of love.

He understood Xue ‘er and knew that she valued family very much. Although that old man was only a Godfather, he truly loved Xue ‘er, and Xue ‘er also treated him as a real family member. How could Xue ‘er not save her family member when she was in trouble? If Xue ‘er didn’t have the universal bracelet, he

might not be so at ease. However, with the bracelet, no matter what kind of danger she was in, Xue'er would not be in too much danger. If she really encountered a situation that she couldn't handle, she could just hide in the bracelet and no one would be able to find her.

"Freak! You're so good! You have to protect me well!" After hearing the demon's words, Leng ruoxue took the initiative to throw herself into his arms and acted coquettishly. Her initiative made the demon extremely pleased.

The demon hugged Xue'er tightly in satisfaction and couldn't help but sigh. The benefits that satisfied Xue'er were really good! Hehe! In the future, he would have to do more of these things to please Xue'er. This way, his benefits would roll in.

Chapter 1696: The arrival of wind and rain (3)

After the two of them came to an agreement, Leng ruoxue gathered everyone in the living room the next day to discuss the matter.

In the living room, the ning family's elders looked at Leng ruoxue in confusion. They did not know why she had called them over. However, if Leng ruoxue didn't speak, they wouldn't take the initiative to ask either. Hence, the atmosphere turned heavy.

After a long while.

Only then did Leng ruoxue slowly open her mouth. Actually, she had not said anything all this while because she did not know how to tell them about this.

"Something has happened to the ning family." Leng ruoxue said softly. After she finished speaking, her beautiful eyes were fixed on the elders present, observing their reactions.

"What?"

"Can you repeat that?"

The elders' expressions changed drastically, thinking that they had heard wrong.

"The ning family is in trouble! The whereabouts of Godfather and the others are unknown, and the ning family has lost two elders." Leng ruoxue repeated. This time, she was even more clear.

"This is impossible! The old ancestor rarely had any opponents in the immortal realm, so it was absolutely impossible for him to go missing! Don't tease us! How can you joke about this?" The second elder roared in anger. He was so agitated that his face was flushed red. However, he would not believe Leng ruoxue's words!

"I'm not joking. It's true. Ning Yan said it himself, unless you doubt his words." Leng ruoxue pulled a long face and said unhappily. It wasn't April Fool's Day today, so why did she have the mood to make fun of these old men?

"Miss Leng is not joking." At this moment, Ning Yan walked in and heard their conversation. He quickly said,

“Ning Yan! What are you doing here? “You ...” The second elder became even more excited when he saw Ning Yan. However, he didn’t dare to ask any more questions, because he was afraid that he would hear bad news from Ning Yan’s mouth. This could be considered a lie to himself!

“Second elder, something big has happened in the ning family. The master and the others have gone missing, and two elders have died. I’ve come to inform you of this news.” Ning Yan explained, his face still looking Haggard.

“So, this matter is true? How did this happen?” The second elder’s face turned pale after hearing this. Seeing this, Ning Yan repeated what he had said to Leng ruoxue the day before to the other elders.

After the elders heard this, they were silent for a long time.

After a long time, the second elder spoke with a trembling voice, “Master! No! The head of the family and the elders will be fine.”

“Right! With the master around, they would be fine! Isn’t the Jade plate of life of the master still in good condition? They’ll be safe and sound.” Some of the elders who had also suffered a blow quickly echoed after hearing the second elder’s words.

“Master! You can’t let anything happen to you!” All of a sudden, an elder started wailing. The other elders who were holding on had their eyes reddened as well. Tears were already welling up in their eyes.

“All of you, calm down! Now that Godfather is only missing, who are you trying to show by looking like you’ve just fainted?” Leng ruoxue couldn’t stand it any longer and shouted angrily. Nothing had really happened to Godfather yet, and they were already like a group of Dragons without a leader. This was really infuriating! Moreover, she had asked them to come here to discuss some matters, not to see them cry and shout.

Leng ruoxue’s words made many elders so ashamed that they wished they could find a hole to hide in. Even though they wanted to calm down and not embarrass themselves, this was because the family head meant a lot to them! Aside from being the ancestor of the ning family, the master of the ning family was also the pillar and backbone of the ning family. They simply couldn’t imagine what the ning family would be like without their ancestor. Therefore, when they first heard that their ancestor had gone missing, the only feeling they had was fear.

“I called you here to discuss how to deal with this matter! Now, the third elder of the ning family is in charge, and he has already decided to send people to explore the secret realm. I want to hear your opinions.” When Leng ruoxue saw that they were slowly calming down, she finally revealed her main motive.

“Go! We also want to go to the secret realm! We must save the patriarch and the other elders!” The moment Leng ruoxue finished speaking, an elder immediately spoke up.

“Save Godfather? Can you guys do it?” Leng ruoxue said with a face full of disdain. The moment she heard this, she knew that this was someone who didn’t have his own opinions. His mind wasn’t clear enough either. To put it bluntly, this was someone who liked to cause a ruckus and follow the crowd.

“Why not us? Even the weakest among us is a divine Emperor. If even we can’t save the patriarch, the others won’t stand a chance.” That person said, extremely unconvinced.

“But, Godfather’s strength is above all of you. He also went missing in the secret realm. If you go, won’t you also be sending yourselves to your deaths?” Leng ruoxue’s beautiful face was filled with mockery.

“If you’re all trapped inside, then the ning family really has no hope. Is this the result you want to see? Or is it not enough that you’ve seen Godfather go missing, and you want to anger him to death?” Leng ruoxue added without holding back.

“Then what do you suggest we do?” The elder who spoke was a little angry. F * ck! He couldn’t go, and he couldn’t not go either. Wouldn’t this put him in a difficult position?

“Little girl, do you have any good ideas?” The second elder asked as he looked at Leng ruoxue expectantly.

“Second elder! Do you also have the same thoughts as the third elder and want to personally explore the secret realm?” Leng ruoxue retorted.

“This ... I do have that idea, but, as you said, our strength is not as strong as the patriarch’s, and he has gone missing in there. If we go in too, it will be the same as giving it to him for free! That’s why I can’t make a decision now.” The second elder said honestly.

“Second elder! Since you want to hear my suggestion, then I’ll tell you. My opinion is that none of you should go there!” Leng ruoxue suggested. As for whether these people would accept her suggestion or not, it was not up to her to decide.

“Not going? Then what can we do? We can’t just stand by and watch our clansmen get into trouble, can we?” The second elder said worriedly.

“No one knows what happened to the secret realm. No one knows whether the elder who died committed suicide or was killed. However, no matter what the reason is, the ning family can’t panic. So, at this time, you should stay in the family to prevent the enemy from taking advantage of the situation.” Leng ruoxue said calmly.

“You mean, this could be a conspiracy?” The second elder immediately understood what was going on after hearing Leng ruoxue’s words. However, if what Leng ruoxue said was true and this was a plot against the ning family or all the top forces in the divinity, then the person who planned this must be very ambitious!

“I can’t be sure if it’s a conspiracy, but I wonder if second elder still remembers the snowy mountain secret realm from a few years ago. Back then, many families and forces on the godly mainland were involved. It was a conspiracy.” Leng ruoxue reminded.

“I’ve heard about that too, but we still haven’t found the mastermind, right? Could the person behind these two secret realms be the same person?” He remembered clearly that the master had attached great importance to that matter. Even after returning to the ning family, his face was very ugly. Although they really wanted to know what had happened to make the master lose his composure, no one dared to ask.

“I’m just suspecting, I’m not sure.” Leng ruoxue sighed softly. If the person behind these two Mystic realms was really the same person, then what was his objective?

“Second elder! If the person behind these two secret realms is really the same person, then all the more you can’t go there. Think about it, even Godfather can’t do anything about that secret realm, what’s the use of you going there? To put it bluntly, if Godfather can protect himself, you guys will only drag him down if you go.” After some thought, Leng ruoxue said in an impolite manner.

“But if we don’t do anything and just wait at home, we’ll go crazy from worry.” The second elder said with a conflicted expression.

“You’re not just waiting at home, you’re guarding the ning family’s base, understand?” Leng ruoxue corrected him.

“I understand! However, they still had to send some people to explore the mystic realm, right? Otherwise, we won’t be able to rest easy.” The second elder said softly. When he said this, it was obvious that he did not have much confidence.

“Second elder! If news could be transmitted in the secret realm, Godfather and the others wouldn’t have disappeared for no reason. So, I think it’s useless even if you send people there. On the contrary, it will cause more ning family members to be trapped inside. Thus, the best way is for you to be patient and plan before you act.” Leng ruoxue said with a hint of disappointment.

“Moreover, it’s not like no one has gone to the secret realm to explore it.” Leng ruoxue laughed.

“Uh! Didn’t you say that we’re not allowed to go?” The second elder was confused.

Chapter 1697: The third elder (1)

“I don’t want you guys to go, but I didn’t say I wasn’t going!” Leng ruoxue said with a smile.

After hearing Leng ruoxue’s words, all the elders’ expressions turned ugly. There were even some elders who couldn’t help but curse in their hearts. You don’t want us to go, but you want to go by yourself. Do you think that your abilities are above us? However, even though they were slightly dissatisfied, no one would suspect that Leng ruoxue wanted to keep the secret of the mystic realm for herself, which was why she didn’t allow them to go. This was because they knew very well that Leng ruoxue was not that kind of person. Even though they had not known each other for long, just based on the fact that Leng ruoxue was able to create such a ... Miraculous item like the fantasy Sky, she was not a simple character. Furthermore, she was richer than any of the elders present. Oh ... They still owed Leng ruoxue a huge debt!

“Little girl! “It’s not that I’m looking down on you, but if you go to the mystic realm with your strength, then you won’t be able to, you won’t be able to ...” The second elder said, a little embarrassed. In fact, what he wanted to say was, wasn’t that the same as throwing your life away! However, after stammering for a long time, he couldn’t bring himself to say the words “go and die.”

“Second elder! My strength may not be as good as yours, but I have a way to save my life and I can guarantee that I can retreat safely in the secret realm. Do you dare to say that?” Leng ruoxue asked with a smile.

“Uh!” The second elder wiped the cold sweat off his forehead. They really did not dare to say that. However, he was still a little worried. He was very clear about Leng ruoxue’s position in the family head’s heart. If something happened to Leng ruoxue because she went to the mystic realm, wouldn’t the family head swallow them alive when he came back and found out? In addition, they had so many deity emperors and reverent-gods, yet they allowed a little girl with deity strength to take such a risk. If word of this got out, where would they put their faces?

“Second elder, no one is more suitable than me to go to that secret realm.” Leng ruoxue took one look at the expressions on the elders’ faces and knew what they were thinking. However, this was only human nature. After all, she was weak! It was only natural that they didn’t believe him.

“Little girl, we don’t know how dangerous that secret realm is. If something happens to you in there, how are we going to explain it to the family head?” The second elder said, still worried.

“I don’t need you to explain. Godfather knows me better than you.” Leng ruoxue said with confidence.

“Then, what do we need to do?” The second elder could tell that Leng ruoxue had made up her mind. Furthermore, after being with her for so long, he was very clear that Leng ruoxue was a person of her word. Since she had already decided on something, she wouldn’t change her mind easily. Since that was the case, he and the rest of them would help her do something! At the very least, they would feel better.

“I do need your help with something.” Leng ruoxue said with satisfaction. This old man, second elder, was so understanding. She should reward him.

“If you need any help, little girl, just tell us. We will do our best.” The second elder quickly said.

“Second elder’s words represent all the elders present?” Leng ruoxue wanted to confirm.

“En!” The second elder’s sharp gaze swept across the elders present, then he nodded and said.

“Very good! In fact, what I want you to do is very simple, that is to object to the third elder sending people to explore the mystery realm again. No matter what method you use, you must stop him! Don’t let him add to my troubles!” Leng ruoxue said very seriously. Her serious and cautious tone caused the elders’ hearts to shiver. This time, they were all clear that Leng ruoxue wasn’t joking. She really didn’t want the ning family to send anyone.

“Since the little girl has said so, then I will do everything I can to stop him. Don’t worry!” The second elder promised.

“Then I’ll leave it to you guys.” Leng ruoxue nodded.

“Mm! Little girl, when are we going back to the divine realm?” The second elder asked again.

“Tomorrow!” Leng ruoxue said after some thought.

“Good! I’ll take them back to their rooms to discuss a strategy. We’ll meet at the door tomorrow morning.” The second elder said. After he finished speaking, he left the hall with the other elders.

The next morning, Leng ruoxue and the rest were ready to set off when the sun had just risen.

They sat on the flying beast and soon arrived at the teleportation array to the divine realm. After paying the teleportation fee, they were standing on the land of the divine realm in a short time.

It was the first time Leng Qingtian and the others had come to the divine world, so they were very curious about it. However, everywhere they looked was a vast expanse of white, and their interest was immediately reduced.

“Hahaha! The morning fog of the divine realm has yet to disperse. Thus, you guys are still unable to see much of the scenery.” Seeing Leng Qingtian and the others’ troubled and depressed expressions, the second elder knew what they were thinking and could not help but laugh.

“The morning mist?” Leng Qingtian and the others had question marks on their faces.

“Yup! The mornings in the divine realm are always like this. It’ll be fine in a while.” The second elder explained with a smile.

“Oh!” Leng Qingtian and the others nodded in understanding. However, they didn’t expect that the so-called “a while” would actually take them until noon. Because of the Hierarch’s lead, they would have already arrived at the ning family’s divine territory by then.

Although they didn’t see the beautiful scenery, they continued on their way without stopping due to the urgency of the matter. The second elder brought them along with a teleportation. After a few hours, they arrived at the ning family’s God domain.

“Waa! A reverent-God’s speed was indeed different! If we were to fly, it would probably take at least three to five days.” Feng Da’s eyes were shining as he stood outside the ning family’s Divine domain’s city gates. He looked at the second elder with envy.

However, the second elder was already so tired that he was out of breath. He didn’t have the mood to care about Feng Da. If he wasn’t afraid that he wouldn’t be able to stop the third elder and the others from going to the secret realm in time, he wouldn’t have made such a sacrifice. It should be known that such a long journey of teleportation consumed a lot of divine power and physical strength.

Leng ruoxue rolled her eyes at Feng Da, then looked at the second elder, who was sitting cross-legged on the ground, panting heavily and regulating his breathing. She took out a bottle of divine power replenishing pills and passed it to the second elder. However, the second elder was very careful and did not dare to reach out to take it.

“That ... I don’t have any money!” The second elder swallowed his saliva with envy and said in embarrassment.

“This is for you.” When Leng ruoxue heard second elder’s words, she wiped away the cold sweat on her forehead and said in a speechless manner.

“For me? Hehe! How can I accept that!” The second elder beamed with joy. He snatched the bottle of pills from Leng ruoxue’s hand and kept it in his storage ring.

“I say, old man! You should eat one! You’re so weak right now, you don’t want us to carry you, do you?” Feng Da couldn’t help but ask when he saw the second elder’s miser-like appearance.

"I don't need you to carry me! I'll be fine after resting for a while, so I don't need to take any pills." The second elder said hurriedly. There were no enemies now, so how could he casually eat medicinal pills! Furthermore, the pills that Leng ruoxue had taken out were all good stuff! Even when compared to elixirs of the same grade, the quality was obviously much higher. Hence, he was naturally reluctant to eat it. Furthermore, when he held the bottle of elixirs in his hand, he could feel the surging spiritual energy. From that, he concluded that the bottle of elixirs Leng ruoxue gave him was of a higher quality than the elixirs she had sold them. It would be strange if he was willing to eat it.

Chapter 1698: The third elder (2)

"Second elder! Why did I only realize today that you're a miser!" Feng Da spoke his mind, and the second elder's face immediately turned red.

"Hehe! I'm being thrifty! You guys have to learn from me!" The second elder said shamelessly.

"Mm! What the second elder said makes sense. Since we're advocating for a contract, then we won't eat pills as food anymore." Feng Da nodded in agreement.

"What? Taking medicinal pills for food? You bunch of wastrels!" Hearing this, the second elder was so angry that he immediately jumped up from the ground and chased after Feng Da, wanting to beat him up. However, Feng Da was as agile as a Loach, and the second elder could not catch him at all.

"Miss! Look at second elder's lively appearance now, I think he should have rested enough. We can continue on our way." Feng Da ran to Leng ruoxue's back and spoke loudly to her in a voice that everyone could hear.

"Uh!" Feng DA's words made the second elder stop in his tracks involuntarily. Had he fallen for this kid's trick? However, he was indeed tired. This was not an act. When he thought of this, he could not help but look at Leng ruoxue pitifully. That pitiful expression seemed to be saying, "I'm really tired!" He wasn't pretending!

"Second elder! If we've rested enough, let's continue our journey!" Leng ruoxue held back her laughter and ignored second elder's aggrieved gaze as she spoke in a serious tone.

"Oh! Then let's go!" The second elder was too embarrassed to say it, so he let himself rest for a while. Sob ... It was all his fault for being too lively just now. If he said he was tired again, no one would believe him.

"Then let's go!" Leng ruoxue didn't stand on ceremony. Who asked her to rush to the ning family as soon as possible? Therefore, he had no choice but to let the second elder suffer!

"En!" The second elder nodded gloomily. Then, he led the group into the ning family's divine territory.

After a few more teleportations in the ning family's divine territory, Leng ruoxue and the rest arrived at the ning family's main city in the evening. However, they did not enter the main residence directly. Instead, they went to look for Ning Hai.

When Ning Hai saw Leng ruoxue and the others, he was pleasantly surprised. However, when he saw the ning family elders behind Leng ruoxue, he immediately became restrained. After all, these elders of the

ning family were second only to the family head in terms of seniority. They were also considered old ancestor level.

“Little brat! This is differential treatment! You’re so enthusiastic when you see this little girl, but you immediately change your attitude when you see us. So what if you don’t welcome us?” Seeing Ning Hai’s reaction, the second elder started to argue with him.

“How would I dare to not welcome the elders! I was just too surprised.” Ning Hai wiped the cold sweat from his forehead and quickly explained. However, he couldn’t help but feel worried. What was wrong with the second elder? Had he been replaced? One had to know that the second elder in his heart was not someone who would say such words!

“What are you surprised about? Don’t think I don’t know what you’re thinking. You just think we’re troublesome and want to shut us out, don’t you?” The second elder cursed and did not let him off. Now, he looked like a little kid who could not get candy. Not only was Ning Hai speechless, but even the elders behind him were shocked and sweating.

“Uh! The second elder! You’re mistaken! How could I have such an idea? I’m really too surprised. I didn’t expect that all the elders would come to my house.” Ning Hai continued to explain with a bitter smile. At the same time, he cast a pleading look at Leng ruoxue.

“What’s with the “uh”? If you’re still there, I’ll throw you into the river to feed the fish!” The second elder suddenly exploded in anger. However, when he said this, he felt particularly good in his heart. Hehe!

As soon as he finished speaking, the elders behind him broke out in cold sweat. Now they could all see that the second elder had been possessed by the fish. Otherwise, he would not have said such words. However, Ning Hai did not know about this origin, so the second elder’s words made him unable to come back to his senses.

When he came back to his senses, he felt extremely aggrieved. He didn’t do anything! Why did she have to feed him to the fish?

When Leng ruoxue heard their conversation, she was already laughing in her heart. It seems like the 2nd elder had suffered quite a bit in the Nightmare Realm! Now, she had actually discovered this evil fire on big brother ning’s body. However, seeing the second elder’s appearance, she felt that it was quite interesting. This kind of second elder looked much more amiable.

“Big brother ning! How’s the ning family now?” Leng ruoxue changed the topic and asked, helping the depressed Ning Hai out of his predicament.

“The ning family? Nothing happened? Everything is normal!” Although Ning Hai didn’t understand why Leng ruoxue would ask this, he still answered truthfully.

“Oh!” Leng ruoxue nodded and thought to herself, “most likely, apart from the higher-ups of the ning family, no one else knows about Godfather and the others. But this is good, at least they won’t be worried. In fact, she asked this question because she wanted to know if the news had spread. Now it seems that the ning family has done a good job of keeping it a secret. Otherwise, Ning Yan wouldn’t have needed to sneak out of the ning family to look for me.”

“Ruoxue! Did something happen?” Ning Hai still asked worriedly.

“It’s nothing! It’s just that I haven’t been to the ning family for too long, so I wanted to see if you had any small tricks here, so that I can be mentally prepared.” Leng ruoxue said with a smile.

“Oh!” Ning Hai nodded. Although he was a little suspicious of Leng ruoxue’s words, he could not find any loopholes in her words, so he could only believe her.

“Big brother ning! We’d like to stay the night at your house and go to the main house tomorrow morning. You won’t not welcome us, will you?” Leng ruoxue asked with a smile.

“Hehe! I can’t ask for more, how can I not welcome you?” Ning Hai quickly said and looked at Leng ruoxue with some hidden resentment. This little girl was actually treating him like an outsider.

“That’s good!” Leng ruoxue said, pretending to be at ease.

Then, Ning Hai arranged rooms for everyone, but he was called by the second elder. Until the next morning, when they left, Ning Hai did not appear.

“Second elder, what did you do to Ning Hai?” Leng ruoxue asked curiously as they were walking on the streets of the ning family’s main city.

“Damn girl, what do you mean by what did I do to Ning Hai? Do you think I’m going to eat him? I only told him to cultivate properly and gave him a mission to not leave the room until he reaches the Godking level.” The second elder said disapprovingly.

“You let big brother ning cultivate in his room?” Leng ruoxue’s beautiful eyes widened as she asked in disbelief.

“What’s going on in the room? The spiritual energy in our ning clan’s capital is incomparable to the outside world. Even if he only cultivates in his room, it’s a matter of twice the effort with half the results. Moreover, he’ll reach Godking very soon. Once he becomes a Godking, I’ll naturally think of a way to arrange for him to enter seclusion in the forbidden area, but now is not the time!” The second elder said honestly.

Chapter 1699: The third elder (3)

“Arrange for him to enter the forbidden area? Second elder, you’re no longer an elder of the ning family. Do you still have this right?” Leng ruoxue asked curiously with a smirk on her face.

“Wretched girl! You’re trying to anger me, right?” When second elder heard Leng ruoxue’s words, he was so angry that he glared and gritted his teeth.

“What do you think?” Leng ruoxue pretended to be mysterious. That’s right, she was doing it on purpose to anger him!

“Do I need to say it? You’re clearly trying to anger me!” The second elder roared in anger. Actually, he did not think that he was a hot-tempered person. However, every time he faced Leng ruoxue, he would

be angered to the point of stomping his feet. Who asked Leng ruoxue to have the ability to anger people to death?

“However, even if I’m not an elder of the ning family, I’m still one of the few reverent-god level cultivators in the ning family. No one dares to look down on me!” The second elder added in anger.

“I can see that.” Leng ruoxue agreed. If this old man wasn’t a reverent-God, he wouldn’t have been removed from his position as an elder. Those elders would still treat him as the second elder. Of course, this was with the exception of some short-sighted servants in the ning family.

“Then you don’t have any doubts about my words, right?” The second elder said proudly.

“I didn’t doubt your words at first!” Leng ruoxue blinked her beautiful eyes and said with an innocent look.

“You ...” Second elder was so angry at Leng ruoxue that he could not speak. He could only open his large eyes and glare at her fiercely.

“Second elder, do you want to restore your position?” At this moment, Leng ruoxue released another bait and whispered.

“Of course I want to! But the master isn’t here, and it’s not even certain if he’ll restore my position!” The second elder said unconfidently. He had experienced the so-called fickleness of human relationships in the first few days after he was dismissed. However, it had been so long, so he was much calmer.

“Have you forgotten? Godfather once said that what I say is equivalent to what he says.” Leng ruoxue reminded.

“You’re saying ... You’re going to restore my position?” After second elder heard Leng ruoxue’s words, he was extremely agitated and grabbed Leng ruoxue’s wrist tightly. However, when he felt an icy cold gaze shooting towards him, he let go of his hand in embarrassment.

“I didn’t do it on purpose. I was just a little excited.” The second elder explained in embarrassment.

“Hehe! I do have that idea, but I’m afraid that some of the elders will oppose it. Of course, I’m not against you, but I’m afraid that my words won’t have that much of an effect on some of the elders.” Leng ruoxue said calmly. She was giving second elder a heads-up in advance. After all, with the current situation in the ning family, she really needed someone with weight to stand on her side. Even though they didn’t have to listen to her every word, they couldn’t go against her and drag her down.

“That’s a big problem.” The second elder said with a frown. The ning family had been passed down for a long time, and there were naturally many elders. Furthermore, they were involved in many interests, and not all of the elders were of one mind. Thus, it was easy to imagine how much weight Leng ruoxue’s words held in the hearts of those elders. If the family head was here, some of the elders might not dare to oppose Leng ruoxue’s words too obviously. Unfortunately, the family head’s whereabouts were unknown. However, this matter concerned his position in the ning family. Therefore, he would never allow anyone to secretly sabotage him!

“Second elder! As for how to communicate with those stubborn elders, that’s your problem. Moreover, I’m not afraid to tell you clearly that after you’re restored to your position, you must be in agreement

with me on this matter. Other than that, you can do whatever you want. ” Leng ruoxue thought about it and decided to say the ugly words first. This would be good for both parties.

“I understand! I’ll definitely listen to you. ” Second elder promised. Although he didn’t dare to say that he completely trusted Leng ruoxue, at least he wouldn’t deliberately go against her. In other words, Leng ruoxue was slowly subduing him. It was just that he hadn’t realized this yet.

“Then you should settle them first!” Leng ruoxue used her eyes to signal to the elders who were not far away.

“They don’t need to be settled!” The second elder wiped the cold sweat from his forehead and thought to himself, “you’ve already dealt with those old fogeys, so why would I need to go out?” He believed that out of all the elders by Leng ruoxue’s side, none of them would dare to oppose her words directly!

“Since you’re so confident, let’s go back to the main residence quickly! When the time comes, we’ll wait and see. ” Leng ruoxue said softly.

“En!” The second elder nodded. Then, everyone quickened their pace and walked in the direction of the ning family’s main residence.

As soon as they arrived at the door of the main house, third elder came out with some of the ning family members to welcome them.

“Second brother! Long time no see. ” The grey-robed third elder said coldly.

“Third brother! I didn’t expect you to come out of seclusion. ” The second elder said, pretending to be surprised.

“Yup!” The third elder nodded and turned to look at Ning Yan. He glanced at him coldly and then turned to look at Leng ruoxue.

Was this little girl the adopted daughter of the master? She was indeed a rare beauty. However, she was too weak. He couldn’t understand why the master would acknowledge such a weak goddaughter and give her such a high status. This fact made him extremely jealous. After all, he was the master’s son! However, in the family head’s heart, he definitely could not compare to this girl who had no blood relations with the family head. At the thought of this, his gaze towards Leng ruoxue became colder and colder. There was even a hint of hostility in it.

While third elder was sizing up Leng ruoxue without any restraint, Leng ruoxue was also sizing him up without restraint.

This old man was also a Hierarch, but his aura was obviously weaker than the second elder’s. As for now, his strength was even less comparable to the second elder’s. However, his shrewd eyes were very similar to her Godfather’s, but when her Godfather looked at her, his eyes were gentle, while this third elder’s eyes were quite unfriendly. Had she offended him before? Leng ruoxue’s heart was filled with doubt.

“Little girl! Ning Shan ’er is his descendant, and he dotes on her a lot. So, be careful when you’re alone. ” The second elder suddenly sent a voice transmission to Leng ruoxue.

"I know." Replied Leng ruoxue. Then, she turned to look at third elder. Could it be that this old man had only listened to Ning Shan 'er's one-sided story and had already blacklisted her? If that was the case, she could only say that the third elder was an elder who liked to act on his emotions. One had to know that there were different things to protect one's shortcomings. Blindly protecting one's shortcomings would only pamper arrogant and domineering descendants. As time passed, this family would not be far from destruction.

"You're Leng ruoxue?" Third elder said to Leng ruoxue after examining her.

"Yes, I am!" Leng ruoxue nodded and did not continue.

"I heard that you're quite capable to be able to coax the master to listen to your every word." The third elder said with jealousy.

"Who did third elder hear this from? How come I didn't know that Godfather always listens to me?" Leng ruoxue's beautiful face was filled with astonishment. Her beautiful eyes widened as she asked in disbelief.

"Isn't this something that all the ning family members know?" The third elder's mouth twitched as he spoke in an unfriendly manner.

"Second elder! Did you guys hear that too?" When Leng ruoxue heard third elder's words, she turned to ask second elder and the rest.

"I've never heard of it." The second elder said very seriously.

"We've never heard of it either." The other elders hurriedly echoed and looked at the third elder with a hint of resentment. They thought in their hearts, "isn't the third elder trying to harm us?" This wretched girl was very vengeful. If they didn't stand on her side, who knew what she would do to them after this! Sob ... They were afraid!

"Have you all been bribed by her? What benefits did she give you to make you speak up for her?" When third elder saw second elder and the rest speaking up for Leng ruoxue, he could not help but roar in anger.

"Third elder! We're telling the truth! When we left the ning family, we really didn't hear of such a thing." The seventh elder said with an aggrieved expression. Even though it was true that the family head was biased towards Leng ruoxue, it was not to the point where he would listen to her every word, right? Moreover, based on his understanding of Leng ruoxue, he knew that this girl wasn't someone who didn't know her limits. It was impossible for her to make unreasonable requests of the family head. More importantly, the family head wasn't a fool. How could he allow others to manipulate him?

"You didn't hear it, but that doesn't mean you didn't hear it!" The third elder gritted his teeth in anger. Then, he continued, "You've come back just in time. The ning family needs you now."

After that, he turned around and walked into the main residence.

Seeing this, the second elder and the others sighed and followed him into the main residence.

After some slight adjustments, the elders gathered in the meeting hall.

However, when third elder walked into the meeting hall and saw Leng ruoxue, his stern face revealed a trace of dissatisfaction.

“Our ning family’s elders have important matters to discuss, what is she joining in the fun for?” The third elder pointed at Leng ruoxue and said impolitely.

Chapter 1700: Crossing swords (1)

The moment the third elder said this, the elders who had been whispering to each other all fell silent and looked at Leng ruoxue cautiously. This was especially so for the seventh elder and the others who were familiar with Leng ruoxue. The more timid ones had already turned pale from fear.

The entire meeting hall fell into a dead silence.

“Can’t I come?” After a long while, Leng ruoxue finally spoke with a smile that was not a smile. She couldn’t help but think to herself, ‘it seems like third elder is trying to pick a fight with me. This is the first time I’ve met third elder, so I really don’t know how I’ve offended him.’ If he really did not like her because of Ning Shan ‘er, then she would be disappointed in third elder and nothing else.

“Of course not! Only the acting Master, young master, and elders of the ning family can attend this meeting. No one else is qualified.” The third elder said very seriously.

“Second elder! Am I really not qualified to attend this meeting?” Leng ruoxue ignored third elder’s words and turned to ask second elder, who was not too far away from her.

“Miss Leng has special privileges in the ning family, so she can naturally attend this meeting.” The second elder glanced at the third elder as he spoke indifferently.

“Second brother! “You ...” The third elder looked at the second elder in dissatisfaction, but he was interrupted before he could finish.

“Third brother! The master said that miss Leng’s words and actions in the ning family represent him, so if miss Leng is interested, you can also participate in the ning family’s elders meeting. All the elders here know this.” The second elder said helplessly. However, anyone with eyes could tell that his words sounded like a reminder, but they were actually a warning.

“Second brother! I don’t know what the patriarch meant when he said those words, but I heard that you’ve been stripped of your position as an elder by the patriarch. Is that true?” The 3rd elder changed the topic to the 2nd elder. The 2nd elder’s face darkened.

“Not bad! The patriarch dismissed me from my position as an elder.” The 2nd elder said with an ashen face. He didn’t expect that after so long, the first one to mention this matter would be the 3rd elder. This made him somewhat disappointed. After all, the elders ranked in the top 10 were all brothers who were closer to him by blood. The 3rd elder’s words clearly meant that he was not qualified to participate in the family’s elder conference. How could he not be angry?

“Since that’s the case, third brother and miss Leng, please leave the meeting hall together!” The third elder’s facial features were serious, and his expression did not change.

“Third brother! Don’t forget, I’m still the reverent God of the ning family.” The second elder couldn’t help but remind him, his face turning from green to black.

“Second brother! You’re one of the only eight Hierarch in the ning family, so we’ll naturally treat you as well as we did before. However, you’re not qualified to participate in this elder’s meeting. After all, you’re no longer an elder of the ning family. If you participate in the elder’s meeting, it’ll definitely make the clan dissatisfied.” The third elder said with a worried look. Actually, he did not want to treat the second elder this way. However, the second elder was on Leng ruoxue’s side. Since that was the case, then the second elder could not be blamed for not considering their Brotherhood.

“Is there anyone who’s unhappy with me joining the elders Guild?” After hearing the third elder’s words, the second elder glared at the other elders and asked coldly.

When the elders heard the second elder’s question, they all looked at each other, but no one dared to speak. F * ck! Who would dare to say that they were dissatisfied? With the second elder’s temper, whoever said that would die! At this moment, even the elders who were under the 3rd elder didn’t dare to say a word, afraid that they would become a tool for the 2nd elder to vent his anger. The second elder might still care about the third elder’s friendship, but he would not show any mercy to them. Therefore, no matter how the third elder winked at them, asking them to be cannon fodder, they all lowered their heads and pretended not to see it.

Seeing this, the third elder was so angry that his heart was burning with anger. The second elder was obviously much calmer, and he leisurely drank the tea in his hand.

“It seems like no one is unhappy with second elder’s attendance at the elder Council.” After a long while, Leng ruoxue said with a faint smile. At this moment, the entire Assembly Hall was so quiet that one could even hear a pin drop on the ground. When they heard her say this, the entire Assembly Hall was even more silent.

“Who says no one is dissatisfied? They’re just not in a good position to say it out of respect for the second elder.” The third elder said through gritted teeth.

“Oh! The other elders are too embarrassed to say it in front of the second elder, but the third elder doesn’t seem to have this Gu che. Look at how you’re jumping up and down, so happily!” Leng ruoxue said with a smile.

“You ...” Third elder was so infuriated by Leng ruoxue’s words that his face turned white. His entire body trembled as he pointed at Leng ruoxue, unable to complete his sentence even after a long time.

Upon seeing this, many of the elders could not help but look at Leng ruoxue with admiration. This was their idol! Of the three great elders of the ning family, other than the great elder who had yet to return, the other two could be considered to have fought with Leng ruoxue. The second elder had suffered a crushing defeat and had become Leng ruoxue’s bodyguard. As for the third elder, he probably would not have a good ending either. Leng ruoxue had the ability to anger people to death! The seventh elder and the rest agreed with this point. Hence, no matter what they thought of Leng ruoxue, they would stand firmly on her side. After all, it was very important to choose a side!

“I what? Third elder, although I’m not a true member of the ning family, many of the ning family’s clansmen know that Godfather has given me certain privileges in the ning family. So, as long as I want to

participate in this elder's meeting, no one can stop me." Leng ruoxue laughed coldly as she pointed out the truth once again.

"Words are not proof! I wasn't there at the time, so who knows what the master meant? maybe you misunderstood!" After calming down, the third elder retorted.

"Third elder's words make sense! However, take a look at what this is." After Leng ruoxue finished speaking, she took out a token from her bracelet. The moment the token appeared, all the elders in the meeting hall could not help but stand up and bow respectfully to Leng ruoxue. Their expressions became nervous.

This token was the identity token of the ning family's master. Although she had used it for a while, she had returned it to her Godfather later. The reason why this token had returned to her hands this time was because Godfather was afraid that someone in the ning family would cause trouble for her, so he had lent it to her again.

Seeing the token was akin to seeing the family head. Hence, all the elders had to bow to Leng ruoxue after seeing the token. Even the third elder, who was unwilling, did the same. Otherwise, it would be considered disrespectful to the family head. No Clansman could tolerate disrespect to the master. After all, the master of the ning family was the ancestor and the backbone of the ning family! At the same time, he was also the idol of the ning family's thousands of clansmen. No Clansman would allow their idol to be blasphemed, or they would be the sinners of the ning family.
