

Crazy Wife 1701

Chapter 1701: Crossing swords (2)

Originally, Leng ruoxue didn't want to take out this token. However, seeing how overbearing third elder was, she couldn't be bothered to waste her breath on him. Hence, she immediately took out the token that represented her identity as the family head. If third elder still insisted on going against her, then he shouldn't blame her for pulling the Tiger's skin and raising the flag!

"This, this token, where did you get it from?" After being stunned for a while, the third elder couldn't help but ask in a trembling voice.

"Of course it's from my Godfather. Do you think I stole it? Or was it stolen?" Leng ruoxue said with a hint of mockery.

"Miss Leng really likes to joke. The old ancestor is a God venerable, no one can snatch anything from his hands." At this time, the second elder, who was also shocked, said. He had not expected that the family head would give his personal token to Leng ruoxue. It seemed like the master had a lot of trust in her! However, Leng ruoxue had never revealed this to any of them, nor had she thought of using this token to force them to submit obediently. When he thought of this, he couldn't help but have mixed feelings. If he had known that Leng ruoxue had the clan head's token, these elders would have followed her orders obediently. It was a pity that Leng ruoxue had no intention of using this token to subdue them. This fact made him think even more highly of Leng ruoxue.

This little girl was not simple! The second elder couldn't help but sigh in his heart. The opportunity was obviously extraordinary, but she had no desires or demands. If it were any one of them who had been given this token representing the identity of the family head, they would not be as calm and composed as she was. In reality, what he didn't know was that Leng ruoxue had treated this token as an ordinary token. In fact, from her point of view, this token could only be used to scare the ning family and didn't seem to be of much use to anyone else. Hence, unless it was a critical period, she wasn't willing to use it to intimidate others!

"Do any of you think that this sign is fake?" Leng ruoxue nodded her head slightly after hearing second elder's words, then asked.

Leng ruoxue's question caused the elders present to wipe the cold sweat off their foreheads. They were all thinking, who would dare to lie through their teeth? As soon as the token was shown, they could sense it. If they insisted that the token was fake, would the family head spare them if he knew?

"Third elder, do you think this token is fake?" Seeing that none of the elders answered her, Leng ruoxue had no choice but to call out names personally.

"This brand is real," The third elder suppressed his anger and cursed in his heart. What did Leng ruoxue mean by this? There were so many elders present, why did they only ask him? Did he think that he was easy to bully? The more he thought about it, the angrier he got. His expression also turned gloomier. As for the other elders, other than occasionally giving him a look of pity, they did not even dare to breathe loudly, afraid that they would attract Leng ruoxue's attention.

“Are you sure, third elder?” Leng ruoxue asked worriedly.

“I’m sure!” The third elder gritted his teeth as the veins on his forehead throbbed. This was enough to prove that he was on the verge of exploding.

The elders looked at third elder, who was suppressing his anger, then at Leng ruoxue, who was calm and composed. They kept praying in their hearts that third elder would not be provoked. Otherwise, the consequences would be unimaginable!

“Since third elder is so sure, then I can be at ease!” Leng ruoxue glanced at the elders’ expressions and laughed in her heart. She then asked, “I heard that this family head token has great power in the ning family. Seeing the token is like seeing the family head, right?”

“Do you really not know, or are you just pretending?” Hearing Leng ruoxue’s words, the third elder roared in anger. F * ck! He didn’t believe that Leng ruoxue didn’t know what this token represented. If that was the case, why would she show them this token to scare them?

“Of course I know, but I’m asking you guys now.” Leng ruoxue said in an infuriating manner.

“That’s right! Seeing the token is the same as seeing the patriarch.” The third elder’s face was as black as ink as he replied in an unpleasant tone.

“Then with this, you all have to listen to me, right?” Leng ruoxue continued to ask.

“What ... What’s with this score! After all, this is a critical period, and we have to be responsible for the ning family.” The third elder had wanted to say “of course,” but he changed his mind when he remembered that the master’s whereabouts were unknown.

“In that case, even if I have this token in my hand, it’s not of much use to you?” Leng ruoxue said with a half-smile.

“It’s not useless, but it depends on the matter. If the matter involves too many people, please forgive us for not being able to follow orders!” The third elder said in a righteous manner.

“Third elder! Do you even know what you’re saying?” Leng ruoxue asked with a cold smile.

“Of course I know.” The third elder said without fear.

“Do you all think the same as the third elder?” Leng ruoxue laughed, then looked at the other elders with her eyes half-closed.

“Miss Leng! The ning family’s rules state that seeing the master token is the same as seeing the master himself, so we’ll definitely act according to miss Leng’s instructions.” The seventh elder said after receiving the second elder’s signal.

“Seventh brother! Don’t you know what’s going on? How can we listen to an outsider when the master is not here?” The third elder roared in jealousy and anger.

“Third elder! Miss Leng is not an outsider. She is the goddaughter of our master, which means she is our sister. Moreover, her status is recognized by the old ancestor. If we don’t acknowledge it, then we are going against the master! I can’t afford to bear the consequences.” The seventh elder said fearfully. His

words received the support of many other elders. Of course, most of them were elders who had gone to the godly mainland with them and had gone through many hardships together.

“You ...” The third elder looked at the seventh elder in exasperation, while the seventh elder glared back at him fearlessly. The two of them stared at each other for a long time. In the end, it was Leng ruoxue who interrupted their affectionate gazes.

“Third elder, I know that you’re doing this for the ning family wholeheartedly. Moreover, please don’t worry. The master of the ning family is my Godfather and has always loved me. I will never do anything to harm the ning family. So, instead of having time to go against me, you might as well go back to the forbidden land and cultivate. After all, you Hierarch elders are the pillars of the ning family. Only if you live well will the future of the ning family be more promising.” Leng ruoxue chuckled. She had first praised third elder before revealing her motive. Her following words had also infuriated third elder.

F*ck! Third elder cursed in his heart again. He finally understood what Leng ruoxue was trying to say. She clearly wanted him to get lost and return to the forbidden land, and not interfere with the ning family’s Affairs. Hmph! How was this possible? Since he had already come out of seclusion, he naturally wouldn’t easily go into seclusion to cultivate again. Not to mention, the ning family’s current situation didn’t allow him to leave it alone.

“Miss Leng! Since you can come to the divine world, you must already know the ning family’s current situation. Do you think it’s appropriate for me to go into seclusion now? Or do you think that you can solve the ning family’s internal and external problems with your own strength?” The third elder sneered as he questioned, throwing the question back to Leng ruoxue.

Chapter 1702: Crossing swords (3)

“I think it’s very appropriate for you to go into seclusion right now. Besides, I’m not arrogant enough to think that I can solve the ning family’s current problem.” Leng ruoxue laughed lightly and said in a calm manner.

“Since you can’t solve it yourself, what makes you think it’s appropriate for me to go into seclusion now?” The third elder roared in anger. From his point of view, Leng ruoxue was clearly here to cause trouble. To think that Ning Yuan and ning haolan had agreed to let someone inform Leng ruoxue of this matter. Now, he was glad that he had stopped their decision. However, who knew that Ning Yan would secretly run out and bring Leng ruoxue to the divine world? however, he did not agree to this. Therefore, if something really happened to the ning family, he would not be the one to be the sinner of the ning family!

“It doesn’t matter if I can’t solve it myself. Don’t I still have the help of the second and seventh elders? They’ve been in contact with the ning family’s Affairs for so many years, so their ability to handle things must be above yours. With their help, what are you worried about?” Leng ruoxue asked indifferently.

“Second elder is no longer an elder of the ning family, so naturally, he can’t interfere with the ning family’s Affairs.” Gritting his teeth, the third elder took a few more deep breaths before replying. Right now, he could only make an issue out of the second elder.

“Oh, really? Then I’ll restore the position of second elder right now. Do you have any objections?” Leng ruoxue’s beautiful eyes swept across the elders present as she asked in an extremely cold tone.

At this moment, the second elder’s deep eyes swept across the elders, scaring them so much that no one dared to make a sound.

Actually, they were in a difficult position. If they agreed with Leng ruoxue’s words, they would definitely offend the third elder. If they disagreed with Leng ruoxue’s words, the person they would offend would be Leng ruoxue. Leng ruoxue might be a powerful Dragon, but third elder was a local tyrant! Since ancient times, it had been difficult for a powerful Dragon to suppress a local snake. Hence, it was difficult for them to answer this question. After all, it was not a wise move to offend Leng ruoxue or the third elder. Hence, they could only remain silent.

“Since no one objects, that means they agree!” Leng ruoxue nodded in satisfaction.

“Wait! They didn’t even say anything, how could they agree?” The third elder quickly stopped him.

“But they didn’t object, did they? Moreover, everyone knew that silence meant consent. Did he want to treat their silence as a silent protest? If that’s the case, I’ll have to make them give me a reason!” Leng ruoxue said stubbornly.

“Elders! The third elder has an opinion, so don’t keep silent! Tell me your thoughts!” Leng ruoxue urged again.

“I don’t have any objections,” The seventh elder was the first to speak.

“I have no objections either!” The elders who had returned from the godly mainland with them all expressed their opinions. These elders made up about half of the elders present, so their words carried a lot of weight.

“What about you guys?” Leng ruoxue’s gaze then swept towards the other elders. These elders who were left behind in the ning family were basically the type who would only listen to orders. Their strength was that they were obedient! However, its biggest weakness was that it was obedient. To put it bluntly, it didn’t have its own opinions and just followed the crowd.

Hearing Leng ruoxue’s question, a few of the more timid ones immediately expressed their agreement. As for the elders who had yet to express their agreement, when they saw the situation and received the message from the second elder, Qiu Bo, they nodded their heads like pounding garlic.

When the third elder saw this, his heart was filled with hatred. However, he was even angrier that these elders were fence sitters. Under Leng ruoxue’s threats and promises, all of them had agreed. In this case, if he were to object, he would have offended the second elder badly.

Knowing the second elder’s vengeful personality, the third elder was naturally unwilling to face the second elder’s anger directly. Therefore, he had no choice but to agree, “Since all the elders have agreed, then I have no more objections.” As he said this, the third elder was so angry that he was about to vomit blood. It seemed like Leng ruoxue really lived up to her reputation! He was really a troublesome fellow.

“Second elder! All the elders present have agreed. From now on, your position as the second elder is restored.” Leng ruoxue immediately announced the moment the third elder finished speaking. She had not expected that restoring the second elder’s position would be so much easier than she had imagined. However, she was well aware that this was definitely not due to her efforts.

“Miss Leng, now that the ning family is in a critical period, I should take on the responsibility as the second elder of the ning family. However, the elders present are only a part of the ning family, after all. Some of them have not returned yet, and the master has not truly agreed to this matter. I think I’d better take over the position of the second elder for the time being and wait for the master to come back to make a decision!” The second elder thought for a moment and said. It wasn’t that he was being unreasonable and didn’t want to restore his position as an elder, but he didn’t want to leave others with a chance to gossip. Therefore, he also played hard to get!

“Second elder is really reasonable. Let’s do as second elder says! However, even though the second elder is only a temporary substitute, his power and status are still above yours. The second elder will still be in charge of the elder Council, unless the great elder returns.” Leng ruoxue chuckled as she added.

“Yes!” The elders did not have any doubts about this. In fact, they were used to being controlled by the second elder.

“Third elder! I don’t know how much you know about Godfather and the others, but you should report it to us!” After the second elder’s matter was settled easily, Leng ruoxue turned her gaze towards the depressed third elder.

“Didn’t Ning Yan already tell you?” The third elder was a little angry. F * ck! His position in the ning family, besides the master, was second only to the first elder and the second elder. This kind of small matter of reporting actually had to be done by him. Just thinking about it made him feel angry! This Leng ruoxue was clearly treating him as a Messenger!

“Ning Yan said what he said. Now, we want to hear what you have to say. You know, the same words come from different people, and they have completely different meanings. So, we want to hear your opinion.” Leng ruoxue laughed evilly.

“What’s wrong? Have you forgotten, third elder?” Leng ruoxue asked with a smile when she saw third elder not uttering a word and only frowning at her.

“I didn’t forget!” The third elder gritted his teeth in anger. This woman was really more than just detestable. He had lived for so long, but he had never been angered to the point of being speechless! Yet, Leng ruoxue had done it.

“Then tell me!” Leng ruoxue picked up the teacup on the table beside her and took a light sip.

“I’m not the first one to know about this. If you want to hear it, I’ll repeat it to you.” The third elder said. His words were said with great skill and were also very cunning. This was because he had also heard it from someone else. If Leng ruoxue wanted to find fault with him, she would naturally not be able to find him!

“If you’re just repeating it, then you’d better not say it. However, I’d like to know how third elder, who is in seclusion, found out about this?” Leng ruoxue asked curiously.

“Of course, someone informed me.” The third elder’s face turned red with anger as he huffed.

“Which one of you informed third elder?” Hearing third elder’s words, Leng ruoxue did not directly ask him who that person was. Instead, she asked the other elders present.

“Does it matter who it is?” The third elder roared in anger. He couldn’t understand what Leng ruoxue meant. He was confused.

“It’s not that important. I’m just curious.” Leng ruoxue explained indifferently. Actually, this matter could be said to be important or not important. It all depended on how she saw it. The reason why she wanted to get to the bottom of this was because she felt that third elder’s exit from his closed-door cultivation was a little strange. Among the elders who were in closed-door cultivation, only third elder had come out. No one had informed the other elders. This was a little unbelievable and illogical!

“Miss Leng! We didn’t inform third elder!” At this time, an elder spoke.

“Oh! Why didn’t you send someone to inform them?” Leng ruoxue asked in confusion. Furthermore, she was referring to them.

“Because the patriarch once said that unless it’s a matter of life and death for the family, no one is allowed to disturb the elders who are in seclusion. Although two elders have died and the patriarch’s whereabouts are unknown, the patriarch and the others have not died, so we can’t panic. More importantly, if they all come out of seclusion, it will cause panic and suspicion in the family. We can’t take that risk.” The elder explained, and at the same time, he secretly wiped the cold sweat on his forehead. It could be seen how nervous he was at this time.

“So that’s how it is! Third elder, what do you say?” After hearing the elder’s words, Leng ruoxue asked about third elder.

“I have nothing to say. They were not the ones who informed me, but I will not tell you who it was.” The third elder said directly. He finally understood Leng ruoxue’s meaning. However, he would not let her have her way.

Chapter 1703: The ning family is not safe (1)

When Leng ruoxue heard third elder’s words, she only smiled indifferently and did not say anything else. This was all within her expectations. However, even if third elder was not willing to say it personally, it did not mean that she would not know. After all, she still had Qing Jue to help her! However, it was still difficult for Qing Jue to read a reverent-God’s mind. She naturally wouldn’t let Qing Jue take the risk, so she turned her attention to the others. It didn’t matter if she couldn’t find out from the third elder, someone would eventually reveal some clues.

“Second elder! We’ve been on the road for so long and haven’t had a good rest. I think we’ll stop here for today! The meeting will continue the day after tomorrow at this time.” Leng ruoxue suddenly turned to the second elder and said. Her sudden words caused all the elders present to be stunned. They were all confused. What the hell was this eldest young miss doing? This meeting had been going on for half a day, and other than restoring the position of the second elder, it seemed that no results had been reached. Furthermore, the second elder and the others had not expressed their opinions on the matter

of going to the mystic realm. The ... The meeting ended just like that? The elders' faces were filled with disbelief. Actually, when the second elder and the others heard her words, they were also a little confused. However, out of their trust in Leng ruoxue, they did not say much.

"Mm! We do need a good rest." The second elder nodded his head in cooperation. After he finished speaking, he was the first to lead the way out of the meeting hall.

After that, Leng ruoxue also walked out.

This time, she didn't stay in the forbidden area in the back mountain, but in the ning family's best guest courtyard, ning Zhiyuan.

As its name suggested, the ningzhi garden was elegant and unique. The scenery was beautiful, and the garden was complete with mountains, rocks, and flowing water. The entire garden was very spacious, very suitable for them. And this was also specially arranged for them by the second elder and the others who understood their preferences.

After returning to ning Zhi garden, Leng ruoxue had just entered the garden when she saw an uninvited guest loitering around in the garden. To be more precise, he was loitering around the evildoer who was sitting on a stone chair in the garden. Her four maidservants were guarding the evildoer's side as if they were facing a great enemy, not willing to let the uninvited guest take even half a step closer. Seeing this scene, Leng ruoxue almost laughed out loud. Haha! Her maidservant was really too cute.

"What's up? do we have guests?" Leng ruoxue walked closer and asked knowingly.

"Miss, where did the guest come from? It's just an uninvited guest." Grape said unhappily. Her beautiful little face was puffed up with anger. When she saw Leng ruoxue, her face lit up with joy, as if she was relieved. It was a good thing that miss had returned. Otherwise, they were really afraid that they wouldn't be able to keep an eye on this thirsty woman in front of them. One had to know that if it weren't for the four of them, this woman would probably have already pounced on miss's man. Sigh! Why did young miss's man look so devilish? Isn't this luring people to commit a crime! She couldn't help but curse in her heart.

"Oh!" Leng ruoxue nodded her head lightly. At this moment, the evildoer stood up from the stone chair and walked towards her with a faint smile. He pulled her into his arms and hugged her.

"Xue 'er baby! Why did you only come back now? I've missed you so much." The demon said in a numb voice.

"Uh!" When Leng ruoxue heard the evildoer's words, she wiped the cold sweat off her forehead and thought to herself, 'what is this evildoer trying to do? Even if it was an act, there was no need to be so mushy, right? She felt goosebumps all over her body, but she still cooperated and said, ""Be good! I'm already very fast. The meeting hasn't even ended, and I've already urged them to end the meeting and ran back without stopping." The moment she finished speaking, Leng ruoxue felt the hair on her body stand on end. However, in front of outsiders, she could not let anyone see through her.

The conversation between the two of them made the uninvited guest burn with jealousy, while green peach and the other three were so shocked that their jaws almost fell off. Was this their young miss and

future son-in-law? Did these two take the wrong medicine? Otherwise, how could he say such terrifying words?

“Dammit! Let him go!” Before green peach and the other three could finish sighing in their hearts, the uninvited guest couldn’t bear it anymore and roared. Her originally beautiful face was so jealous that it was almost distorted.

“Eh? Wasn’t this the ninth young mistress of the ning family? I heard that you’ve been locked up, how come you’re out so quickly?” Seeing the uninvited guest turn around, Leng ruoxue pretended to be surprised and asked. Actually, she could tell that this person was Ning Shan ‘er from her back. However, she was too lazy to bother with her, so she pretended not to recognize her.

“Dammit! Quickly release him!” Ning Shan ‘er pointed at Leng ruoxue and roared. Her beautiful eyes were burning with jealousy, and her hatred for Leng ruoxue was even greater! That damned woman! She was really rubbing it in. She had finally been released by her great-grandfather and was not willing to think about being locked up at all. Her clansmen did not dare to mention this matter in front of her. She did not expect that this d * MN woman would uncover her scars the moment they met. This was really preposterous! If young master ye wasn’t present, she would definitely rush up and teach this annoying woman a lesson. However, in front of young master ye, no matter how angry she was, she couldn’t touch that woman. She was really aggrieved.

“Is ninth young mistress talking to me?” Leng ruoxue’s beautiful eyes widened, her face filled with disbelief.

“Nonsense! If I’m not talking to you, who else can I talk to?” Ning Shan ‘er was furious because she felt that Leng ruoxue was playing dumb.

“But he was the one who hugged me.” Leng ruoxue reminded him as if she was looking at an idiot.

“Then, you, you won’t come out of his arms!” Ning Shan ‘er was momentarily at a loss for words, but she still requested unreasonably.

“Why would I do that?” Leng ruoxue’s face was filled with question marks. She blinked her beautiful eyes and asked shamelessly.

“Because he’s mine!” Ning Shan ‘er shouted shamelessly.

“Oh, really? When did this happen? How come I didn’t know about it?” The doubt on Leng ruoxue’s face grew bigger and bigger. In the end, it all turned into conflict.

“I don’t know,” The demon also said.

Leng ruoxue and the evildoer looked at each other. Then, both of them turned to look at Ning Shan ‘er, looking at her with a puzzled expression.

“Young master ye! She’s not good enough for you, you’ll find out my good side sooner or later!” When Ning Shan ‘er saw that ye chen was not giving her any face at all, she was both angry and resentful. She was angry because ye chen did not know how to take care of a woman, and naturally, she hated Leng ruoxue!

After she finished speaking, Ning Shan ‘er left the garden angrily with her maidservant.

“Miss! I’ll go and order the guards at the door to not let this woman in again.” After Ning Shan ‘er left, grape said with a look of disdain.

“No need, if she really wants to come in, the guards at the door will not be able to stop her. I’m afraid they would not dare to stop her.” Leng ruoxue said. If she had not guessed wrongly, the one who gave the order to release Ning Shan ‘er from confinement should be third elder. With third elder backing Ning Shan’ er up, no one in the ning family would dare to offend her.

Chapter 1704: The ning family is not safe (2)

“Then what should we do? This woman is too annoying. If she comes to us every two or three days, we’ll be dead!” Grape complained.

“Isn’t Ning Shan ‘er here just to relieve our boredom! I was just afraid that you would be bored! With her here, you can do whatever you want to her, but one thing, don’t play her to death. After all, we have to give the third elder some face.” Leng ruoxue reminded with a smile. Since they dared to provoke her, they had to be prepared to pay the price. One had to know that it wasn’t that easy to steal her things.

“Hehe! With miss’s words, what do we have to be afraid of!” Hearing Leng ruoxue’s words, grape was happy. Previously, she was afraid that she would not be able to control herself and want to beat Ning Shan ‘er up, causing trouble for miss. That was why she did not want Ning Shan’ er to come here. Otherwise, what if she could not control herself and attacked one day? In the past, she was not as powerful as Ning Shan ‘er, so she might have been a little weaker. However, now that she was a monarch-God like Ning Shan’ er, what was there to be afraid of? And since miss had said so, she was even less afraid!

At this moment, grape had not realized that ever since she got together with Leng ruoxue and the others, her personality had undergone a huge change. She had become more and more courageous, and gradually, she had an aura of not being afraid of anything. All of this was a good start.

“Even if I didn’t say that, you don’t have to be afraid of her. As long as you don’t cause trouble, I’ll bear all the consequences.” Leng ruoxue said with certainty.

“Hehe! Miss is so nice.” Grape was overjoyed, and a smile appeared on her face.

“Of course she’s good to her own people.” Suddenly, a deep voice cut in between them. Leng ruoxue turned around and saw second elder and the rest standing at the entrance of the garden. They were looking at them helplessly. It was likely that these old men had heard a lot of what she had said.

“Second elder! Why are you guys here?” Leng ruoxue was a little puzzled. The meeting was over, so why did these old men come to her place instead of returning to their rooms to rest? Could it be that he’s here for dinner? Looking at the sky, it was indeed late.

“Of course we have something to talk to you about!” The second elder was a little speechless. It seemed that they were not very popular!

“Oh! What’s the matter?” Leng ruoxue was curious.

“We want to discuss the meeting the day after tomorrow. By the way, why didn’t you say your thoughts at the meeting just now?” The second elder was a little puzzled. If they had told him their plan just now, they wouldn’t have to hold the meeting the day after tomorrow!

“We have to give third elder some mental preparation! Otherwise, I’m afraid he won’t be able to take it if he’s hit by so many blows.” Leng ruoxue asked worriedly. However, her words were clearly unable to convince second elder and the others. They were all staring at her with a look of disdain. Their expressions seemed to be saying, ‘how could you be so kind?’

“Little girl, you saw the situation in the assembly hall today. I’m afraid third elder won’t agree to this.” The second elder asked worriedly. This was also the main reason why he had come to look for Leng ruoxue. He could tell from today’s meeting in the conference hall that while they were not in the ning family, the third elder had won over the hearts of many elders. Although not all of them were completely loyal to him, even if one of the elders did not agree to their plan, if something happened in the future, these things would become something that could be used against him. Therefore, he was in a dilemma.

“This matter is not up to him!” Leng ruoxue said unyieldingly. She had already thought it through. If third elder insisted on not obeying her, she would lock him up. Anyway, she was not afraid of that old man. So what if he was a reverent-god level expert? The divine Lord would also have to listen to her arrangements.

“Uh! What do you plan to do?” The second elder’s heart was palpitating. Leng ruoxue’s words had scared him. However, he was still very curious as to how Leng ruoxue would deal with the third elder if he did not approve of their plan.

“If he doesn’t listen, I’ll send him to the fantasy Sky and make him pay for your special training.” Leng ruoxue said with a smile.

“That’s a good idea.” The second elder wiped the cold sweat from his forehead. He was actually hoping that the third elder would not agree. If that was the case, they could be considered to be going through this together.

“I knew you would agree.” Leng ruoxue’s face was filled with understanding. However, her words caused second elder to blush.

Seeing this, Leng ruoxue did not tease him anymore. Instead, she directly asked him to leave, “It’s getting late, you should all go back and have a good rest! There’s going to be a ‘great battle’ the day after tomorrow.”

After she finished speaking, she pulled the demon back to her room, leaving the second elder and the others dumbfounded.

They were being chased out just like that? Leng ruoxue, that stingy servant, didn’t even give them a sip of water to drink. She’s really too much! The second elder and the others couldn’t help but grumble in their hearts.

“Second elder! Why aren’t you guys leaving? Don’t tell me you want to stay for dinner! I’m sorry! We didn’t prepare anything for you!” Seeing the second elder and the others standing there stupidly, grape could not help but ask.

“Uh! We’ll take our leave.” The second elder’s face was black as he quickly said, but his heart was constantly complaining. Really, like master, like maidservant! These maidservants were all the same as Leng ruoxue. They didn’t know how to respect the elderly at all. They had really gone too far.

The second elder and the others left resentfully. As they watched their backs, grape and the others could not help but reveal a knowing smile. They were doing it on purpose! Although second elder and the rest were very obedient now, they still had a long way to go to get their approval!

Two days later.

The elders gathered in the meeting hall again.

This time, Leng ruoxue brought the evildoer along. In the words of the evildoer, ‘Xue’ er, you have to protect me. If you’re not by my side, what if that annoying woman comes to harass me again?’

Left with no choice, Leng ruoxue could only bring along this huge burden.

When third elder walked into the meeting hall and saw Leng ruoxue, his expression immediately turned ugly. However, when he accidentally saw the handsome man who was leaning against Leng ruoxue, his face turned black.

“Leng ruoxue! Who is the man beside you?” The third elder took a few deep breaths and questioned in a cold voice.

“He’s my husband!” Leng ruoxue replied with a smile. To outsiders, she always referred to evildoers as her husband to avoid unnecessary trouble.

“This is the place where the ning family discussed matters, not a place for you and your wife to play. Why did you bring a man in?” Third elder was a little angry. At this moment, Leng ruoxue’s image in his heart had become an absurd and lecherous woman. Otherwise, why would she bring a man along to a meeting?

“I can’t not bring it in! The ning family isn’t safe. Someone will harass him.” Leng ruoxue said helplessly. Hearing her words, second elder and the rest felt extremely embarrassed. They glanced at third elder with a hint of sympathy and couldn’t help but sigh in their hearts. Why did all the elders of the ning family become so agitated after seeing Leng ruoxue? The third elder had once again bumped into the other party’s muzzle. However, sympathy was sympathy, but they didn’t dare to speak up for third elder. Who asked third elder to dig this pit himself! You can’t blame anyone else!

Chapter 1705: The ning family is not safe (3)

The elders sat in their seats calmly and drank their tea, ready to watch the show. It was not that they were disloyal and did not care about third elder’s safety. It was just that they had fought Leng ruoxue many times and had never won. Hence, they were all hoping that someone like this would appear in the

ning family to kill Leng ruoxue's spirit. However, it was unrealistic for them to place their hopes on third elder.

"The ning family is not safe? Can you repeat that?" When third elder heard Leng ruoxue's words, he squinted his eyes and said unhappily, "this damned girl actually dared to say that the impregnable ning family is not safe. How preposterous!" If even the ning family was not safe, then who else in the divine realm could be safe? The moment he heard the words 'the ning family is not safe', he was burning with rage. Hence, he did not take Leng ruoxue's words of harassment to heart.

"The ning family is not safe! Otherwise, why would my man feel so insecure and only feel at ease when he's with me?" Leng ruoxue chuckled.

"Hmph! He's too useless!" The third elder said with a look of disdain. A man who relied on a woman to protect him was a man who lived off a woman. Therefore, he looked down on the evildoer from the bottom of his heart, especially that extremely handsome face of the evildoer, which further confirmed his characteristic of living off a woman.

"Xue 'er! Who was this old man? Why are you so fierce?" The evildoer tugged at Leng ruoxue's sleeve with a face full of fear as he spoke with tears welling up in his eyes. Sparkling and translucent teardrops swirled in his ink-black eyes. His current cowardly appearance had made third elder look down on him even more.

"He's the third elder of the ning family, don't be afraid! With me around, he won't dare to bully you." Leng ruoxue could only helplessly cooperate when she saw the evildoer pretending to be weak. When second elder and the rest saw the evildoer's appearance, they were so frightened that their little hearts were trembling. If they weren't sitting down right now, they might have run away in panic. F * ck! This couple was really too despicable. They were obviously sinister and cunning, but they pretended to be pure little bunnies. Weren't they harming people? And this time, the victim would be their third elder.

However, despite their sympathy, the second elder and the others didn't dare to expose this terrifying Black-bellied man. Otherwise, they would be the unlucky ones.

"Xue 'er! The ning family is too dangerous, we'd better leave this place as soon as possible!" The demon said softly. However, his voice was so soft that all the elders present could hear him clearly.

"Dammit! How was the ning family not safe? You better explain it to me clearly." When third elder heard them say that the ning family was not safe, he was already furious. Until now, this hateful couple had not said where the ning family was not safe, so his patience had run out.

"There's a shameless woman in your ning family who's been having ideas about my man. She's been harassing him every two or three days, and he's been so annoyed. We can't hit or scold that woman, so I could only bring him here to hide. I think ... That woman wouldn't dare to come here!" Leng ruoxue said uncertainly. However, she finally told him the reason why the ning family was not safe. The moment third elder heard the reason, he was so angry that he almost fainted. So it was such an unsafe method? These two hateful guys didn't make things clear earlier, causing him to misunderstand!

But who was that woman? She had really lost all the face of the ning family! The third elder's expression changed again and again. He couldn't help but think to himself. He had never liked women who chased after men. He felt that women like that had no self-respect. He had always thought that the ning

family's upbringing was very strict, and that the daughters of the ning family were all beautiful and didn't worry about getting married. Therefore, after hearing Leng ruoxue's words, he felt his face heat up. He had never dreamed that the ning family would have such a shameless daughter who would pester a married man. If that married man was an indomitable strong man, he might not be so angry. However, that man was a pretty boy who relied on a woman to protect him and lived off a woman. This was a fact that he could not accept!

Just as he was secretly thinking about what kind of punishment he should give to the daughter of the ning family who was chasing this pretty boy, suddenly, a sweet voice rang in his ear.

"Great-grandfather!" Ning Shan 'er, who was standing at the entrance of the meeting hall, called out softly with an obedient expression.

Hearing this voice, the third elder turned around and smiled kindly, "Why did Shan 'er come? This is the meeting hall, not a place you can come to. Go back!"

Seeing third elder's friendly attitude, Leng ruoxue scoffed in her heart. This was really a difference in treatment! When this third elder was facing them earlier, he had a fiendish look on his face. Now, when he saw Ning Shan 'er, he had turned into an amiable old man. However, she was very curious. If the third elder knew that the shameless woman of the ning family who was pestering the evildoer was Ning Shan 'er, would he still treat Ning Shan 'er with such affability?

"Great-grandfather! I'm here to find someone." Ning Shan 'er said shyly. The reason why she dared to come here was because of the third elder's love.

"Looking for someone? The person you're looking for isn't here! Go back quickly!" The 3rd elder raised his face and pretended to be angry.

"Great-grandfather! I'm here to look for young master ye, please let him leave with me!" Ning Shan 'er shamelessly requested.

"Young master ye?" The third elder's face was filled with question marks. Where was this young master ye!

Just as third elder was feeling bewildered, Leng ruoxue explained.

"Ninth young mistress, you're so bold! She's chasing someone else's man all the way to the meeting hall. It looks like there's no safe place in the ning family." Leng ruoxue sighed.

"Shan 'er! You ... The young master ye you're looking for is him?" After hearing Leng ruoxue's words, even if third elder was stupid, he still understood. He pointed at the evildoer and asked with a face of disbelief.

"Yes." Ning Shan 'er's cheeks were flushed pink as she lowered her head and responded softly.

"Bastard!" After confirming it, third elder was furious. He raised his hand and immediately, a crisp 'pa' sound was heard. Ning Shan 'er's face had been firmly slapped, and half of her face immediately swelled up.

"Great-grandfather! Why did you hit me?" Ning Shan 'er stared at third elder in disbelief and asked.

“Why did I hit you? Our ning family’s face has been completely lost by you, and you still dare to ask why!” The third elder was furious. When he had just come out of his closed-door cultivation, he had heard about the matter regarding this descendant. However, after knowing that she might have been drugged, his heart ached more than he blamed her. He had repeatedly warned her to be careful in the future and not to easily form grudges with others. However, he did not expect that after the matter had finally subsided, this wretched girl would actually chase after a man again. It was a gigolo who lived off a woman. More importantly, that man was Leng ruoxue ‘s. This fact made him feel even more embarrassed. He had always been concerned about his face, but now he had lost face in front of Leng ruoxue and the others. How could he not be angry?

Moreover, he finally understood why Leng ruoxue did not explain herself earlier. She knew that Ning Shan ‘er was a descendant of his bloodline and wanted to make a fool out of him! And those elders, not a single one of them had warned him. He was filled with hatred! However, now that things had come to this, he could only brace himself and continue.

“I ...” Ning Shan ‘er wanted to explain, but after seeing the third elder’s fierce gaze, she could not say a word. The tears in her beautiful eyes rolled down silently.

“Men! Take her back to her room and look after her. Without my order, no one is allowed to let her out.” The third elder did not want to see Ning Shan ‘er now, so he shouted at the door. Then, two guards walked into the meeting hall and took away Ning Shan ‘er, who was crying like a Pear Blossom bathed in rain.

Upon hearing third elder’s order, Leng ruoxue patted the demon’s arm to comfort him. She smiled in satisfaction and said, “Ning Shan ‘er has been grounded again. She’s safe now! There’s no need to be afraid.”

Although her words were meant to appease the evildoer, it was completely not the case in third elder’s ears. Third elder knew that this damned girl was mocking him and angering him! And the one who caused all this was Ning Shan ‘er! The more he doted on Ning Shan ‘er in the past, the more he loathed Ning Shan ‘er now. This had also determined that Ning Shan ‘er could not leave his residence in a short period of time.

“Hehe! Isn’t it time for a meeting?” Seeing that the atmosphere was a little oppressive, the second elder, who had been watching the fun, finally spoke. Seeing the third elder’s angry face and red neck, he was extremely happy. Even though he was rejoicing in third elder’s misfortune, he could still understand third elder’s current mood, because he had once felt the same way.

“It’s time for the meeting. We’ve already wasted a lot of time because of Ning Shan ‘er.” Leng ruoxue said with a smile.

“Since there’s a meeting, can he leave now?” The third elder glared at the demon. It was because of this pretty boy that he had lost so much face in front of Leng ruoxue. Therefore, he was a little angry.

“No! The ning family is not safe!” Leng ruoxue still said the same thing.

Chapter 1706: The endless sea (1)

Hearing this, the third elder's anger was stuck in his chest. He couldn't breathe it out or swallow it down. His heart ached, and the veins on his clenched fists were visible. One could imagine how angry he was.

"Didn't I already ground Ning Shan 'er? What's not safe?" The third elder took a few deep breaths and said while suppressing his anger.

"There are many young ladies in the ning family. Ning Shan 'er won't be the only one who has designs on my man, so it's safest for him to stay by my side." Leng ruoxue said with a smile.

"Don't worry! Our ning family's young lady wouldn't have such bad taste to take a fancy to your man!" The third elder gritted his teeth as he cursed in his heart. What did Leng ruoxue take the daughter of the ning family for? The young lady of the ning family would not be so bad at judging people. She would not give up so many outstanding men and only take a fancy to a pretty boy who lived off a woman.

"That's not for sure! Isn't Ning Shan 'er the best example?" Leng ruoxue smiled calmly. She knew that this old man was no longer calm. Her objective today was to make him lose his cool so that she could fish in troubled waters.

"She's an exception!" The third elder glared at her and roared. Ning Shan 'er was a descendant of his bloodline, yet Leng ruoxue was using her as a handle against him. This fact made him both angry and hateful! The love he had for Ning Shan 'er had also decreased.

"She has a criminal record, and she's not only wooed my man. The young master of the Cheng family was also wooed by her until he didn't even dare to return home. From this, it can be seen that the ninth miss of the ning family's skills in wooing men have reached the peak." Leng ruoxue chuckled as she teased.

Meanwhile, Cheng Xuan, who was resting at ning haolan's place, sneezed a few times. 'Who's talking bad about me?' he thought to himself. He suddenly felt a chill down his spine.

When third elder heard Leng ruoxue's words, he felt embarrassed and angry at the same time. It was as if there was a ball of fire burning in his heart, and a suffocating feeling was stuck in his chest, causing him to have no way to vent it. Although he really wanted to argue, his short interaction with Leng ruoxue made him very clear that what Leng ruoxue said was most likely the truth. Otherwise, she would not have brought this up! When he thought of this, his resentment towards Ning Shan 'er grew even deeper.

"Third elder, don't you want to express your opinion?" Seeing that third elder was silent, Leng ruoxue took the initiative to provoke him.

"I have nothing to say, let's start the meeting!" The third elder took a few deep breaths and pretended to be calm.

"Then let's start the meeting!" Seeing that the third elder was suppressing his anger and no longer mentioned the matter of letting the evildoer leave the assembly hall, Leng ruoxue decided to stop while she was ahead. After all, she couldn't push this old man into a corner, or it wouldn't do her any good.

As soon as they heard that there would be a meeting, all the elders put away their expressions of watching a good show and became serious.

“Third elder! I heard that you’re planning to bring some of the elders to the secret realm?” The second elder cleared his throat and said straightforwardly. The reason why he had come straight to the point was because he knew the third elder too well. If he beat around the bush, the third elder’s rebellious heart would only grow bigger. Therefore, he could only speak the truth.

“Yes, I am!” The third elder nodded and did not say anything else. However, he was secretly pondering the second elder’s intentions.

“Third elder! I have a different opinion on this.” The second elder glanced at the third elder and said.

“What is second elder’s opinion?” The third elder sat up straight and spoke with an expression of being taught. Although he would usually call the second elder second brother, at times like this, they would usually address each other by their identity as a sign of respect.

“I don’t agree to you going to the secret realm.” The second elder deliberately paused for a moment before expressing his thoughts. The reason why these words came out of his mouth was because of his high status and prestige in the ning family. If these words were said by Leng ruoxue, then third elder would definitely be very disgusted. Thus, he could only be the bird that stood out in the direct confrontation with third elder.

“Second elder! The whereabouts of the patriarch and the others are unknown in the secret realm, how can we just leave them be?” The third elder stood up from his seat in anger when he heard the second elder’s words. His face was ashen as he coldly said,

“How can you call this nonchalant? Although patriarch and the others have gone missing in the secret realm, not many people in the divine world know about this, so we must take precautions in advance. Our main task is to protect the clansmen of the ning family in the domain of the gods, so that people with ulterior motives don’t have an opportunity to take advantage of them. Otherwise, if something happens to these clansmen, we won’t be able to explain it to patriarch when he returns.” The second elder explained very carefully.

“Second elder, are you afraid that someone will come to the ning family to make trouble? You’re being too careful. Our ning family is the leader of the eight great divine regions. If anyone dares to come, I’ll make sure they won’t be able to return.” The third elder said confidently.

“Third elder! With so many top forces trapped in the secret realm, we have to be more vigilant! Therefore, I absolutely don’t approve of you going to the secret plane.” The second elder said worriedly.

“Second elder! You’re overfiltering it.” The third elder didn’t think much of it. He was extremely confident in the strength of his clan. He didn’t think that anyone in the divine realm would dare to come to his ning clan to cause trouble. Wasn’t that the same as courting death?

“Whether or not I’m overfiltering, I won’t allow you to go to the secret realm.” The 2nd elder said stubbornly. His words caused the 3rd elder to frown.

The third elder did not expect the second elder to be so insistent on this matter. Although he did not know why, he felt that this was not his second brother’s usual style. If it was in the past, he would probably be the first elder to suggest bringing people to the mystic realm after knowing that the family head and the others had gone missing. But now, he was strongly opposed to this matter. This was really

abnormal. No matter how he thought about it, he couldn't think of a reason. Thus, he decided to wait and see. He wanted to see how tough his second brother's attitude could be.

However, the second elder's following words were far beyond his expectations.

"However, I know that you are all worried about the master and the elders of the ning family, and I am also worried about them, but you'd better think carefully. Even with the master's strength, he was able to go missing inside. If you go, do you have the confidence to bring them out? Let's not talk about whether we can find them or not. If you're also trapped inside, then there's no one left in the ning family. If someone were to launch a sneak attack at this time, have you thought of the consequences?" The second elder said earnestly.

His words made all the elders fall into deep thought, and third elder's jaw almost dropped. F * ck! The person who was full of reason was his second brother? This was really too inconceivable. It should be known that his second brother had always given him the impression of being overbearing and impulsive. But now, he was telling them such a reason, and it was impossible for them to refute it. Was this person really their ning family's second elder? Could it have been switched?

Chapter 1707: The endless sea (2)

The third elder peeked at the second elder suspiciously, trying to find some clues. However, after observing him for a long time, he was sure that this was the second brother he had known for many years. He was the real deal. However, he couldn't figure out why his second brother would object to them going to the secret realm. After all, in his heart, his second brother was the one who should be the most approving.

"Third elder! The master is not here, so our responsibility to the clan is even greater. Therefore, we must guard the ning family well. This is the most important thing." The second elder couldn't help but remind the third elder after seeing through his thoughts.

"What about the patriarch and the others? Are we just going to ignore this?" The third elder asked.

"It's not that I don't care, I'm just waiting and watching. I keep feeling that the God World is going to be troubled. Many of the top powers are trapped in that secret realm. If this matter were to spread out, I'm afraid it would bring a shock to the divine world. Some guys who can't see the light might even take the opportunity to jump out and cause trouble." The second elder said worriedly.

"Second elder, aren't you thinking too much?" The third elder felt that the second elder's words were a little alarmist, and the purpose behind this was to prevent them from entering the secret realm.

"Third elder! We don't want to think about this now. If something really happens, we'll regret it! Therefore, we must prepare for a rainy day and make full preparations in advance so that we won't be flustered when the time comes." The second elder warned.

"How about this! I don't want people to say that I'm too overbearing, so let's not argue about going to the secret plane or not. Let's just vote. Miss Leng, please be a witness." The second elder added.

"Good! I'm honored!" Leng ruoxue nodded.

“Third elder, what do you think of this idea?” The 2nd elder asked the 3rd elder with a smile. They had known each other for many years and understood each other very well. They knew that if they didn’t make a decision, the stalemate would continue. Thus, they had to cut the Gordian knot quickly. Voting seemed to be the fairest and just method. As for the results of the voting, no one would have any doubts.

“Good! Let’s just vote.” The 3rd elder agreed. Although many of the elders present were on the 2nd elder’s side, there were also many elders who were on good terms with him. Therefore, he was not afraid of losing the vote.

“Third elder, you don’t have any objections to me being the witness, right?” Leng ruoxue asked.

“I have no objections!” The third elder nodded. Although the votes were anonymous, the results were public and couldn’t be faked. Therefore, he really didn’t care who was the witness.

“Then let’s start the voting!” Just as Leng ruoxue finished her sentence, grape and lotus seed entered the room. When they saw the two uninvited young ladies, third elder and the rest were stunned. What was going on? They recognized these two ladies and knew that they were Leng ruoxue’s maidservants. However, what were they doing here at this time?

Grape and lotus seed handed the papers in their hands to the elders who were sitting. Then, grape took out a small box that he had prepared earlier from his storage ring and placed it on the table.

“What is the meaning of this?” An elder asked out of curiosity.

“Elders, after you’ve finished writing, put the paper into this box.” Grape explained.

“Oh!” The elder who spoke nodded. They had never seen this before. Although the ning family had also voted before, they had always written the results directly to the family master or the acting family master, and then they would announce it. This method was unprecedented for them.

“Is there something fishy about this box?” At this moment, third elder asked worriedly. When he saw the box, the anger in his heart rose again. He even suspected that Leng ruoxue and the rest had prepared this beforehand. Otherwise, why would her maidservant have prepared everything the moment they decided to vote?

“If third elder is worried, feel free to come forward and check. Other elders who are worried can also go and check, in case you say that I’m manipulating things behind the scenes.” Leng ruoxue said in an understanding manner. The moment she finished speaking, third elder was the first to rush forward without hesitation.

The third elder picked up the small box and looked inside and out, but he still couldn’t find anything. He suddenly felt a little depressed. It looked like he was being petty, and the other party didn’t want to use any means at all. As for the other elders who came forward to check, after carefully examining it, they did not find any flaws and directly returned to their seats.

“Third elder and the other elders can now rest assured! You guys can start voting!” Leng ruoxue replied calmly. However, she could not help but laugh in her heart. Did third elder really think that she would tamper with the box? In fact, among the elders present, the second elder had looked for most of them

in advance and fiercely explained to them. He had also asked them to carefully think about it and made his position clear, reminding them not to be the ning family's eternal sinners.

As soon as he said this, the elders' minds were in turmoil. Although the second elder did not explicitly ask them to agree with his opinion, his words revealed the same message, which was that whoever agreed to go would be going against him. As such, the elders did not dare to be careless.

After close to a day of thinking, Leng ruoxue was clear that these elders already had a conclusion in their hearts. And now, it was time to test second elder's strength.

After a while.

All the elders had cast their votes and returned to their seats.

Seeing this, Leng ruoxue walked to the voting box.

"Elders, it's time to announce the results." Leng ruoxue said with a smile.

Then, she took out the votes from the voting box one by one. After all the votes were announced, the final results of the voting were out.

There were close to a hundred elders present, but the voting results were almost one-sided. Only less than ten elders were in favor of going to the mystic realm, while the other elders had all voted against it. This result made Leng ruoxue extremely satisfied.

"This is impossible!" The third elder's face darkened when he heard the result. He glared at the elders beside him with his fiery eyes. However, those elders all lowered their heads and didn't look at him. He understood what was going on.

To die! No one wanted to go, especially to an unknown place where their lives could be in danger. These elders who were usually high and mighty, pampered, and pampered, were not really willing to go with him. Previously, they had been pressured by him and had no choice but to go along with him. Now that the second elder had said that they were not allowed to go to the mystic realm, it was exactly what they wanted. Therefore, the final voting result was like this. Although he was angry, he knew that this was human nature. Why would he want to die? However, if he didn't figure out what happened in the secret realm and didn't contact the family master and the others, if the news of the family master and the others' disappearance were to spread, people would look down on the ning family. He insisted on going for the sake of the ning family's reputation.

Chapter 1708: The endless sea (3)

"Third elder! This result was fair, just, and open! Even if it doesn't match your expectations, I hope that you can accept this fact. After all, this is the result of the vote of all the elders present. Do you want to overturn this result by your own strength? Or are you doubting my character?" Leng ruoxue said calmly.

"If they don't want to go, I can go by myself!" The third elder said in a somewhat angry and embarrassed manner.

“You’ll go by yourself? Are you going to die?” Leng ruoxue scoffed. It was not that she looked down on third elder, but with his impulsiveness, he would only be there to make up the numbers. Perhaps, the other party would be more than happy to have another reverent God!

“You ...” Third elder’s face turned ashen from Leng ruoxue’s words. “I’m a reverent-God!”

“What’s wrong with reverent-god level? Godfather is also a Hierarch, and one of the top Hierarch experts. However, he’s still trapped in the secret realm. Do you think you can escape unscathed?” Leng ruoxue asked with a faint smile. Even though what she said was the truth, it was rather piercing to third elder’s ears. This was because Leng ruoxue was clearly looking down on him. This fact made him feel a little embarrassed and angry!

“We won’t know if we don’t try!” The third elder roared in anger. The veins on his forehead were faintly visible. He was already in a state of extreme anger.

The 2nd elder saw that the 3rd elder’s emotions were a little too agitated and quickly tried to smooth things over. “Third brother! We really can’t go to that secret realm. We have to guard the ning family well. Otherwise, if something happens to the ning family, we won’t be able to explain it to the master.”

“Second elder! It’s enough to have you guarding the ning family. I must go to the secret realm!” The third elder said angrily. After he finished speaking, he turned around and left.

Looking at the third elder’s back, the second elder sighed, his face full of helplessness. Then, he turned to the other elders and said, “Since the matter has already been decided, then let’s not mention the secret realm again. The most important thing for us now is to guard the ning family well, so that people with ill intentions won’t have an opportunity to take advantage of us.”

“Then what about the third elder?” The seventh elder said worriedly.

“Let him be!” The second elder said helplessly. The third elder’s personality was very similar to his. It was very difficult to change the things that they had decided on. Therefore, even if they stopped the third elder from going to the secret realm, they would not be able to stop him.

“Let’s send someone to keep an eye on him!” The seventh elder said in a low voice.

“I can’t even keep an eye on him! There’s no need to send anyone.” The second elder thought for a moment and said. Then, he looked at the elders present and said, “There’s nothing else, let’s end the meeting!”

As soon as he finished speaking, all the elders stood up and walked out. Just as Leng ruoxue was about to leave as well, she was stopped by the second elder.

“Little girl!” The second elder said softly.

“Second elder, what’s the matter?” Leng ruoxue asked, puzzled. Why did this old man stop her?

“I would like to ask when miss Leng plans to leave?” The second elder said, somewhat embarrassed.

“Three days later! There are some things I need to prepare.” Leng ruoxue said after some thought.

“Oh! Then if there’s anything you need my help with, don’t hesitate to ask, miss Leng.” The second elder said with great enthusiasm.

“Don’t worry! I won’t be polite with second elder.” Leng ruoxue promised. Then, she left the meeting hall with the demon.

The next day.

As expected, Leng ruoxue had sent Feng Da to deliver the list of items that second elder needed his help to prepare. Most of them were medicinal herbs, but there were also a few smithing materials. However, when second elder saw the number of medicinal herbs on the list, cold sweat started to drip down his forehead.

He regretted it! Why did he say that he would help her yesterday? now, she had asked him to take out so many medicinal herbs in one go. This time, the ning family’s medicinal herbs warehouse would probably be emptied out by her. However, it was fortunate that Leng ruoxue only wanted some ordinary medicinal herbs. Otherwise, he would be so depressed that he would buy a piece of tofu and commit suicide. However, even if they were just ordinary medicinal ingredients, the amount was still rather shocking!

When he handed the list to the seventh elder and asked him to prepare it! The seventh elder’s hands were trembling. Feng Da, who was present, saw their uncollected expressions and despised them in his heart. This was just how far away! The leader of the eight great divine regions?! How could such a small amount of medicinal herbs take their old lives? to be honest, if it wasn’t for the young miss wanting to prepare more medicinal pills in case of an emergency, they wouldn’t have needed to ask the ning family for this! This was an urgent need! Moreover, it was for the ning family. How could these old things not understand?

The more Feng Da thought about it, the angrier he got. In the end, he didn’t have a good expression and said coldly, “If the two elders are reluctant to part with these medicinal herbs, I think we should forget about it! We can buy it outside.”

“No! It wasn’t! You’ve misunderstood! It’s just that the amount of these herbs is a little too much, so we have to prepare them now!” When the second elder heard Feng DA’s words, he was so scared that he quickly said, “how can I let them go out and buy medicinal herbs? what face will the ning family have in front of them in the future?” What’s more, he was doing it for the ning family, so even if he was reluctant, he had to pay the price! Otherwise, wouldn’t their ning family be ridiculed to death by these people in the future?

“If that’s the case, then quickly go and prepare! My lady needs it urgently!” Feng Da urged, then turned and left.

At this moment, Leng ruoxue was refining elixirs in the purple bamboo house in her bracelet.

Basically, as long as she wanted to get the medicinal pills, she would refine a thousand bottles. These thousand bottles were not the small bottles she had sold to second elder and the others. This bottle contained at least a thousand medicinal pills. Moreover, she had to prepare some medicinal herbs, especially ordinary medicinal herbs, because the amount of ordinary medicinal herbs was generally

large. Almost every kind of medicinal pill required a lot of ordinary medicinal herbs as ingredients, so it was really impossible to not have them!

When the seventh elder had gathered all the herbs on Leng ruoxue's list and sent them to her, Leng ruoxue had just come out of the bracelet.

"Miss Leng! These are the herbs you wanted!" The moment the seventh elder saw Leng ruoxue, he immediately passed her the storage ring.

"I'll have to trouble you, seventh elder." Leng ruoxue nodded to express her gratitude.

"It's no trouble, miss Leng! You'll have to make more preparations for this trip to the secret realm. If you have any other needs, just let us know and we'll do our best to find them for you." The seventh elder promised.

"I also need a map to the secret plane!" With the seventh elder's reminder, Leng ruoxue finally recalled that they didn't seem to know the location of the mystic realm yet!

"Uh! I'll go get it for miss Leng." The seventh elder was dumbfounded and wiped the cold sweat from his forehead. In fact, he had also overlooked this matter. Moreover, this was a very important matter.

Not long after, the seventh elder returned and passed the map to Leng ruoxue.

Leng ruoxue unhurriedly opened the map. There wasn't even a single word on the map. However, there was an extremely eye-catching red dot in the middle of the map. That was the location of the mystic realm that had been marked out.

"Where is this place?" Leng ruoxue, who didn't know much about the God World, pointed at the area around the little red dot.

"This should be the endless sea. Could it be that the secret realm is on the sea?" The seventh elder said in surprise. It was the first time he had seen the map of the secret realm since he came back. Looking at the shape of the red dot, it looked like the endless sea.

"This map is too simple. Do you have a more detailed one?" Looking at the map, Leng ruoxue felt a slight headache. She was not familiar with the immortal realm to begin with, and now she was given a map that did not even have any key points. Wasn't this making things difficult for her?

"Uh! There's only one type of map to the secret Region. However, I can give you a map of the divine realm. The markings on it are more striking." Looking at Leng ruoxue's conflicted expression, the seventh elder hurriedly said.

"I'll have to trouble you, seventh elder." Leng ruoxue said listlessly.

"It's no trouble at all!" The seventh elder said with a smile. He had a map of the God World in his storage ring. After he took it out, he gave it to Leng ruoxue.

Leng ruoxue compared the two maps and finally understood the area around the red dot.

Most of the area around the small red dot belonged to the endless sea, and according to her guess, the small red dot should be either on the beach or on the sea, and it had not appeared for a long time. Otherwise, it would not have not been marked on the map.

However, according to what she knew, the endless ocean was not a bustling place. There had always been few people there. It would not be easy to discover this secret realm that had suddenly appeared. Thinking about this, Leng ruoxue's suspicions grew.

That's right, didn't the dolphin she took in come from the endless sea? According to the dolphin, it was also an Overlord of the endless sea and had many subordinates. Perhaps she should ask the local snake of the endless sea.

Thinking of this, she found an excuse to go back to her room and then directly entered the bracelet.

At this moment, the dolphin she was looking for was playing happily under the waterfall behind the purple bamboo house! Moreover, at this moment, it was also in a mimicry state. It looked small and very mini and cute.

"Master! You're here." The moment Leng ruoxue walked into the waterfall, a small head popped out of the water. The big, watery eyes stared at her without blinking. There was even a trace of shyness and timidity in the eyes.

"Little dolphin, I have something to ask you." Leng ruoxue went straight to the point.

"Master! What's the matter?" As the little dolphin spoke, it kept splashing water with its tail, having a lot of fun.

"I want to ask you about the endless sea." Leng ruoxue said as she stroked the little Dolphin's smooth forehead.

"Hehe! Master! You've found the right person to ask me about the endless sea. I was born and raised there, and no one knows that place better than me." The little dolphin said a little smugly, and its watery eyes even revealed a trace of pride.

"Then do you know that there is a secret realm in the endless sea?" Leng ruoxue asked curiously.

"A secret realm? There's no secret realm in the endless sea, right?" The little Dolphin's face was filled with confusion.

"Are you sure?" Leng ruoxue said with uncertainty.

"Master! I've been away from the endless sea for several years. When I was there, I was very sure that there was no secret realm there, but I'm not too sure about the situation there now. If master wants to know, I can go back and investigate. No one is more familiar with the situation there than me." The little dolphin said confidently.

"There's no hurry. We're going to the endless sea anyway." Leng ruoxue said after some thought.

“Argh! Master is going to the endless sea? Just for the secret realm?” The little Dolphin’s eyes widened as it asked in surprise.

“Mm! Is there a problem?” Leng ruoxue couldn’t help but ask when she saw the little Dolphin’s shocked expression.

“Of course there’s a problem. Master! The endless sea is very far from here. Moreover, even if there is a secret realm there, by the time we get there, I’m afraid that the good things will have been taken away. So, we’d better not go. The journey is too far and not worth it.” The little dolphin suggested. No one knew better than it how greedy the beasts of the endless sea were. Even if it was a weed, as long as it grew on their territory, it would belong to them. No one was allowed to touch it, so it was not optimistic about the so-called secret realm.

“Little dolphin! I must go there! Moreover, I’m not going there for the treasures in the secret realm. There’s no news of Godfather after he went there, so I must go and take a look.” Leng ruoxue asked worriedly.

“Oh! I’ll go with master. With me around, the beasts there will have to give me some face. They won’t dare to bully their master.” The little dolphin promised.

“Good! Then we’ll set off tomorrow.” Leng ruoxue nodded.

“MMH! Hehe! I can go home and take a look. I still have a lot of treasures at home! I left in a hurry last time and didn’t have time to bring them. This time, I’ll take them all out.” The little dolphin chuckled.

“Don’t you Beastie always carry your treasures with you? Why did you leave it at home?” Leng ruoxue asked in confusion after hearing the little Dolphin’s words. As far as she knew, beasts were born with their own storage space. The good things they found would basically be stored inside. As long as they didn’t say anything, no one would know what was inside. Therefore, this was the first time she heard that a beast would hide things in his house.

“Master! You don’t know, although our storage space is innate, but the area is not big, so if we have too many things, it’s safer to hide them at home. But if our home is occupied by other beasts, then it’s hard to say.” The little dolphin explained with a smile.

“So that’s how it is! Little dolphin, let’s go to your house when we reach the endless sea!” Leng ruoxue chuckled.

“Thank you, master! Master! I still have a lot of underlings in the endless sea! Can you bring them here to cultivate?” The little dolphin looked up and asked softly.

“They’re all beasts of the sea, will they adapt here? As you know, there’s not much water here, and it’s not as spacious as the sea.” Leng ruoxue reminded.

“It doesn’t matter! Compared to water, we need spiritual energy more. Therefore, this place is perfect for them.” The little dolphin said with certainty.

“If they are willing to follow you, then let them come! However, since you’re here, you have to follow the rules and not make trouble!” Leng ruoxue said the ugly words first, in case something unpleasant happened when the little Dolphin’s underlings came.

“Don’t worry, master! I’ll keep an eye on them.” The little dolphin quickly said. As the saying goes, “share good fortune with others.” Now that it could cultivate in such a good place, it naturally wanted to give its little brothers a good opportunity to cultivate.

“That’s good!” Leng ruoxue nodded, then stood up and left.

The next day.

Leng ruoxue and the rest had already made their preparations and were ready to set off early in the morning.

However, before they could leave, the second elder and the others came to ning Zhiyuan to see them off.

“Little girls, I wish you all the best.” The second elder said with a worried look. Leng ruoxue had brought her family and subordinates to the mystic realm this time, and he was really worried. However, he could not follow because someone had to hold the fort in the ning family. Furthermore, other than the elders who had returned from the godly mainland with Leng ruoxue, the other elders were not aware of this. The reason why he did not tell them was to ensure the safety of Leng ruoxue and the others.

“Mm! You guys have to be careful too.” Leng ruoxue reminded.

“We will! “Little girl, there’s something ...” The second elder wanted to say something but stopped halfway. He looked at Leng ruoxue carefully.

Seeing the second elder’s expression, Leng ruoxue laughed to herself, “Second elder, if you have anything to say, say it! Why are you hemming and hawing?”

“Miss Leng! Third elder left home last night.” The second elder said after hesitating for a moment.

“Oh!” Leng ruoxue replied indifferently and did not have any other reaction.

That’s it? The second elder looked at Leng ruoxue’s calm reaction and stared at her in disbelief. He thought to himself, “this little girl is too calm. She didn’t even ask me where the third elder is going?”

In reality, he did not know what Leng ruoxue was thinking.

In Leng ruoxue’s heart, third elder had nothing to do with her, so she could go wherever she wanted! What did it have to do with her? She wouldn’t ask about unimportant people and things, so her reaction was so calm.

“Little girl, if you see him, please take care of him.” Although he was surprised, the second elder was stunned for a moment before he spoke his true thoughts.

“Second elder! The third elder was a reverent-God! You’re asking a puny deity like me to take care of a reverent-God? if this gets out, where would the third elder put his face?” Leng ruoxue reminded him with a smile.

“Hehe! Isn’t it normal to take care of each other when we’re outside?” The second elder said disapprovingly, but he couldn’t help but feel disgusted in his heart. ‘You’re indeed a puny deity, but which deity has as many tricks as you? Which deity would dare to look down on a reverent-God? Even

though Leng ruoxue's abilities weren't high, she was able to create something as abnormal as the fantasy Sky and was determined to go to the mystic realm to investigate. He guessed that Leng ruoxue must have a way to save her life. Otherwise, with this little girl's slyness, how could she be so overconfident?

Chapter 1710: The mysterious shadow (2)

"Alright then! Since this is second elder's request, then I'll do second elder a favor. As long as I meet him, I'll definitely take care of him. However, if he doesn't appreciate it, then don't blame me!" Leng ruoxue said the ugly words first to avoid any hidden complaints later on.

"En!" The second elder nodded helplessly. He was very clear about the third elder's temper. Hence, he also knew that Leng ruoxue's words were not alarmist talk. The third elder might really not appreciate it. The only thing he could do now was to hope that third elder would not be so stubborn and not have too much prejudice against Leng ruoxue.

"Second elder, if there's nothing else, we'll be leaving." Leng ruoxue chuckled. Then, she could not help but remind him, "You have to be careful in the ning family!"

"Little girl, don't worry! We'll be careful." The second elder promised. Then, he led the other elders to personally send Leng ruoxue to the main residence and watched them leave.

Initially, he had wanted to send a few members of the ning family to be Leng ruoxue's guides. However, Leng ruoxue had rejected his offer. In her words, she only needed the map and did not need any guides.

Actually, the reason why Leng ruoxue rejected the offer was that it was not convenient to bring the ning family along. After all, if there were outsiders around, they would not be able to enter and exit the bracelet as they pleased.

Half a month later.

Leng ruoxue and the rest flew non-stop day and night. Finally, they arrived at the city closest to the endless ocean, ten thousand Maple City.

The reason why this place was called ten thousand Maple City was said to be because there was a large number of maple leaves here, hence the name.

Along the way, in order to get to the endless sea as soon as possible, they ate and slept in the open, day and night in the city. Finally, they arrived at the only way to the endless sea, ten thousand Maple City.

Ten thousand Maple City wasn't big, and there weren't many people inside. They randomly found a hotel and prepared to rest for a while before continuing their journey.

The journey from ten thousand Maple City to the endless sea was less than two days. Therefore, they decided to rest here for two days before heading to the endless sea.

However, on the second day of their arrival at thousand Maple City, they ran into ning haolan and Cheng Xuan, who were following closely behind them. Leng ruoxue's head started to hurt when she saw them.

Why are these two here? Weren't they supposed to be in their respective families? After all, as the young masters of the family, it was time for them to perform well! However, these two people had followed them and also arrived at ten thousand Maple City. She didn't need to ask to know that these two people definitely wanted to go to the endless sea.

Looking at Leng ruoxue's furrowed brows, Cheng Xuan didn't need to guess to know that the two of them, uninvited guests, had been despised.

"Great aunt!" Cheng Xuan's handsome face was bitter, and he said in a soft voice with a slight grievance.

"What are you doing here instead of staying at home?" Leng ruoxue gritted her teeth.

"We're here to help." Cheng Xuan said, a little embarrassed.

"Help? What can you do to help?" Leng ruoxue raised her brows and asked, but she couldn't help but feel disgusted in her heart. Could he be here to make things worse? She really didn't have high hopes for these two guys! In fact, the reason why she hadn't caught up with Ning Yan and the others on this trip to the ning residence was not only because she was pressed for time, but also because she was afraid that someone would insist on following her when she left. As a result, she had simply shut herself in and refused to see anyone. She didn't even let Cheng Xuan, who had returned with her from the godly mainland, live in ning Zhiyuan. Instead, she had driven him to the old place where he had come to the ning residence, which was ning haolan's residence. However, she was now a little skeptical about her decision back then.

"There are many things we can help with, great aunt! Please don't look down on us, okay?" Cheng Xuan said, feeling wronged.

"Oh, really? Then can I ask if you can wash clothes or cook?" Leng ruoxue asked with a smile.

When grape heard her young miss 'question, she couldn't help but burst out laughing. She thought to herself, "young miss is too cute. How could these two young masters do such a thing?" Oh! No, he should know how to cook. Otherwise, if he didn't even know how to cook, he would starve to death when he went out for experience.

Ignoring grape's laughter, Cheng Xuan and ning haolan's eyes widened in disbelief when they heard Leng ruoxue's words. Could it be that in Leng ruoxue's heart, they could only do laundry and cook? Did they not have any other use? This fact hurt the pride of the two prideful children.

"Well ... We know how to cook." Cheng Xuan said, unconvinced. However, his voice was pitifully soft when he said this, and it was obvious that he was feeling guilty.

"Oh! Then, is the food that you guys make good?" Leng ruoxue continued to ask.

"I won't starve to death." Cheng Xuan said. The food they made was definitely not as good as Leng ruoxue 's. In short, it would fill their stomachs.

"You won't starve to death? Are your requirements for food so low? How can you abuse yourself when you're outside?" Leng ruoxue criticized in dissatisfaction.

"We didn't want to do that either, but we're all alone out there, so we can't have such high expectations. So, we'll be satisfied as long as we Don't Starve to death." Cheng Xuan quickly said. In fact,

he rarely ate when he went out. If he was really hungry, he would just find a city nearby and eat to his heart's content.

"Such low requirements! You don't meet my standards, so you should go home!" Leng ruoxue chased him away impolitely.

"Great aunt! We're already here, don't be like this!" Seeing that he was about to be driven away, Cheng Xuan could not help but plead pitifully. He never dreamed that such an excuse could be used to drive people away. This was too far-fetched!

"I didn't ask you to come. Go home." Leng ruoxue waved her hand impatiently on purpose. She did not want these two guys to follow her into the mystic realm. Otherwise, if something were to happen, wouldn't the ning and Cheng family be in even more chaos?

"Great aunt! We won't go back. If you don't let us follow you, then we'll go by ourselves." Cheng Xuan said disapprovingly.

"Are you threatening me?" Leng ruoxue squinted her beautiful eyes and glared at Cheng Xuan with slight displeasure. It seemed like this fellow had really gotten close to her! He even dared to threaten her.

"This isn't a threat, it's a fact! We were originally going to the endless sea, and now that we've met, and we're acquaintances, we naturally have to go together. However, if you don't welcome us, then we'll just go on our own." Cheng Xuan smiled calmly. However, the smug expression on his face made Leng ruoxue feel like she was asking for a beating.

"Forget it! You guys should come with us!" Leng ruoxue thought for a moment and said helplessly. She could tell that this fellow had her in the palm of his hand. He knew that she wouldn't ignore them. This was the truth. She would only be more at ease if she kept these two fellows by her side. Otherwise, if something happened to them in the mystic realm, she wouldn't be able to explain it to her Godfather and the Cheng clan head. She would also feel guilty.
