Chapter 1721: The little scheme of the Cheng siblings (1)

The secret realm at night was quiet and peaceful. It seemed to be safer than the outside. However, no one knew what was hidden under this calm surface.

Leng ruoxue was extremely suspicious of this place. Naturally, she wouldn't believe the calm on the surface. However, she wasn't going to be on edge either. After all, no matter how dangerous it was outside, it was impossible to disturb them.

The demon pulled Leng ruoxue into his arms and smiled, "Xue'er! Don't be afraid, no matter what kind of Dragon's Den or Tiger's Den this is, I will protect you."

"Mm! With you here, I'm not afraid!" Leng ruoxue was very cooperative. Even though she believed in her ability to protect herself, she was still very happy to hear the words of the person she loved.

At this moment, there was a sudden knock on the door. Leng ruoxue and the demon looked at each other and then turned their attention to the screen.

There were several small screens on the screen, each showing a different location. One of the small screens showed the image of the door.

There was a middle-aged man at the entrance. He was tall and had a rough face. He gave off the feeling that he was a man of indomitable spirit. Furthermore, he looked like he wanted to stay overnight. Leng ruoxue and the demon looked at each other when they saw this.

"Freak! Do you want him to come in?" Leng ruoxue asked for the demon's opinion to prevent him from guzzling again.

"Aren't you afraid that he's an enemy?" The demon raised his eyebrows and smiled.

"With you here, what am I afraid of? What's more, this is my territory. If he really does anything bad after entering here, he'll be the one to suffer!" Leng ruoxue said confidently.

"Then let him in! After all, it's not easy to meet a person in this secret realm." The demon nodded. They had been searching for a whole day in the secret realm, but they had not seen a single person. Unexpectedly, at night, someone had taken the initiative to come to their door, although this person's motive was very suspicious.

"Yes." Leng ruoxue nodded. Then, with a thought, the door of the house opened.

The middle-aged man who was waiting at the entrance looked at the open door and walked in without a second thought. Leng ruoxue saw this scene through the light screen and smiled, "He's quite bold to walk in like this."

"As the saying goes, the skilled are bold. This man's strength is not ordinary!" He saw through the middle-aged man's disguise and smiled mysteriously.

“What?” Leng ruoxue looked at the demon thoughtfully. In her eyes, the middle-aged man was only at the God King level, but the demon seemed to be quite at ease with him.

At this moment, Leng ruoxue’s thoughts changed again, and the middle-aged man was moved into the garden.

When he first arrived at the garden, the middle-aged man was still in a daze. However, in the blink of an eye, he regained his senses. When he saw Leng ruoxue, he was momentarily surprised, but he quickly returned to normal.

“Little girl, I didn’t expect to meet you again so soon.” When the middle-aged man saw Leng ruoxue, the corners of his mouth curled into a smile.

“You are ... The senior who lives in the trench?” Leng ruoxue wasn’t too sure, but she could clearly remember the low voice.

“It’s this old master!” The middle-aged man nodded.

“I didn’t think we would be so fated with senior.” After confirming this, Leng ruoxue’s heart was greatly relieved. Even though she didn’t know why this senior would suddenly enter the Mystic realm, she was still very happy that the first person she met here was someone she knew.

“I didn’t expect it either. No wonder the little girl said you have a way to protect yourself, so you have such a divine tool. ” The middle-aged man exclaimed in surprise. Before he asked Leng ruoxue to stay, he had doubted the authenticity of this place. Even after he had entered, he had maintained a trace of vigilance. However, with his strength, he was confident that he could deal with anything that was amiss here. Hence, after the door opened, he walked in without hesitation. However, after seeing Leng ruoxue, he was relieved. At the same time, he was glad that he was lucky. Otherwise, he would have to sleep in the open in this unfamiliar secret realm.

“This house was given to me by the armament Guild’s great elder. Now, he and my Godfather are trapped in the secret realm so I have no choice but to enter the secret realm to find out what’s going on.” Leng ruoxue explained.

“So that’s how it is! Little girl, you’re so loyal, it’s not in vain that they dote on you. ” The middle-aged man praised. Originally, he had a very good impression of Leng ruoxue. Now that he heard of Leng ruoxue’s purpose in coming to the mystic realm, his impression of her improved even more. After all, with her strength, she dared to enter this unknown Mystic realm. Just based on this courage alone, she was worthy of others’ respect.

“Senior praises me too much. In fact, the reason I dared to come here is only because I have some means of self-protection. Otherwise, with my strength, I would undoubtedly be courting death.” Leng ruoxue replied politely.

“Hahaha! Little girl, you don’t have to be so modest. ” Seeing how polite Leng ruoxue was, the middle-aged man couldn’t help but smile.

Leng ruoxue couldn’t help but wipe away the cold sweat on her forehead. She wasn’t being humble, alright? She was clearly telling the truth. However, she would not argue with this mysterious expert over

such a small matter. Therefore, she changed the topic and said, "Senior, I'll arrange a room for you. You should rest early!"

"Good! Sorry to trouble you, little girl, but you can call me uncle long!" The middle-aged man reminded.

"Uncle long! This way, please!" After Leng ruoxue finished speaking, she brought uncle long to the guest room.

The next day.

When Feng Da and the others walked out of the room, they were surprised to find a Stranger in the House. Leng ruoxue took the initiative to introduce them to each other when she saw the surprised expressions on their faces.

"Hello, uncle long!" Feng Da and the others bowed politely.

"Hahaha! No need to be so polite!" Uncle long quickly said. Then, he turned to Leng ruoxue and said, "Little girl, your subordinates have good aptitudes and have great potential." Although Feng Da and the others' strength was not high, he was quite optimistic about these young people.

At this moment, the little dolphin ran out from the bracelet. Of course, it was the one who had strongly requested Leng ruoxue to let it out to meet this legendary figure.

Seeing a mini Dolphin circling him curiously, uncle Long's face darkened. Finally, he couldn't help but say, "Little guy, have you seen enough? Is there grass on my face? For you to look at it so carefully."

Hearing uncle Long's teasing, the little dolphin was greatly provoked!

啊啊啊啊! Was this the legendary master with a bad temper? How ... How did this happen? Was there a mistake somewhere? The elders of their families didn't describe it like that. Or was it a fake?

At this thought, the little dolphin suspiciously sized up uncle long again ...

"Little guy, if you keep looking at me like that, I won't give your master any face." Uncle long threatened. In other words, he was saying, "if you continue to size me up, I'll teach you a lesson."

Chapter 1722: The little scheme of the Cheng siblings (2)

When the little dolphin heard this, its suspended heart was slightly relieved. It looked like he was still that old ... Senior! It was just that he was giving face to his master, so he put on such an affable appearance.

After confirming, the little dolphin ran back to its master's arms, not even looking at uncle long. AI! Who asked uncle Long's reputation to be so frightening! There was no one in the entire endless sea who wasn't afraid of him.

After everyone was done looking around, uncle long turned to Leng ruoxue and said, "Little girl, where do you plan to go next?"

“We don’t have any purpose, so we just go wherever we want.” Leng ruoxue answered honestly. In reality, she really did not know where to go. Yesterday, they had been wandering around the secret realm like headless flies for an entire day. It was a pity that they had not found anything.

“In that case, let’s go together! I have a talent that can find places with people. Therefore, everyone can take fewer detours.” Uncle long explained. After all, he was very clear that Leng ruoxue and the others had come in to look for someone. That was his purpose as well.

“Really? That’s great.” When Leng ruoxue heard that uncle long had such a talent, she was overjoyed. In this secret realm, Qing Jue’s abilities could not be displayed at all. Otherwise, they would not have wandered around the place yesterday. Furthermore, if uncle Long’s talent was really that useful, it would be much easier for them to find someone.

“Hahaha! Otherwise, how do you think I found you guys yesterday?” Uncle long laughed out loud. Leng ruoxue’s shock had lifted his mood.

“Uncle long! I’ll have to trouble you to take care of her in this secret realm.” Leng ruoxue said, trying to please him. Her words had indeed pleased uncle long.

“Hahaha! Good! As long as you can get me more food.” Uncle long said with a drooling face. He hadn’t eaten human food for many years, and he was still brooding over the taste of that breakfast. He couldn’t help but drool even when he thought about it!

“Uncle long, I have a lot of food here, so you can eat as much as you want!” Leng ruoxue chuckled.

“Little girl, you said it yourself! Uncle long has a huge appetite. If I really eat too much, don’t be reluctant to part with me.” Uncle long said the ugly words first. He didn’t eat his fill in the morning!

“I won’t! You can eat as much as you want, uncle long.” Leng ruoxue promised. In reality, she didn’t think that uncle Long’s appetite would be that big. However, after interacting with him for a few days, she realized that she was wrong. It turned out that uncle Long’s appetite was ridiculously huge.

After the introductions, everyone chatted for a while more before they continued on their way.

Three days later.

Leng ruoxue and the rest still did not see a single person.

“Uncle long! It’s been three days, why haven’t I seen anyone yet?” Feng Da walked to uncle Long’s side and couldn’t help but ask. In the past three days, they had become very familiar with uncle long, so it was quite easy for him to ask such a question.

“What’s wrong? You can’t wait anymore?” Uncle long raised his eyebrows and smiled.

“A little! It’s already been three days, and we haven’t even seen a single person. There’s no way to ask anyone about the situation here, sigh!” Feng Da sighed.

“Little brat! I’ve said it before, there are people in front of us. However, you can’t teleport here, otherwise, I would’ve brought you there to find them long ago.” Uncle long explained patiently.

“Uncle long, how much longer do we have to walk?” When Lin Yuan heard this, he could not help but ask.

“Half a day more! I’ll probably see them tonight. ” Uncle long looked at the sky and estimated.

“Then let’s hurry!” Lin Yuan urged.

“Hahaha! Don’t worry! They can’t run. ” Uncle long sensed and said with great certainty. In this secret realm, both teleportation and divine sense were useless. Therefore, unless one had the same talent as him, it was almost impossible to find a person. Moreover, he could sense that the few humans ten thousand meters away were in a tense state. They had finally found a seemingly safe place and would not leave easily. Thus, he was not in a hurry at all.

However, seeing that Feng Da and the others seemed to be in a hurry, he had to speed up.

As uncle long had expected, they finally arrived at their destination in the evening.

It was a small hill that was half the height of a person. At this time, there were eight people resting there. Seven men and one woman among the eight people looked extremely miserable. After seeing them, they clenched the weapons in their hands vigilantly and stared at them with an unfriendly gaze.

“Who are you people?” The one who spoke was a young master who looked to be in his early twenties. Although he was very handsome, his disheveled appearance greatly reduced his handsomeness.

“Cheng Yi! What are you doing here?” Cheng Xuan, who was walking in the middle of Feng Da and the others, said in surprise when he saw the man who spoke.

“Young master! You’re here too?” When Cheng Yi saw Cheng Xuan, he felt a little upset. They were both geniuses of the Cheng family, but their positions were different. Cheng Xuan was the young master of the Cheng family, while he was only one of the geniuses in the younger generation of the Cheng family. With Cheng Xuan around, all his brilliance was overshadowed. Everyone only saw the dazzling young master of the Cheng family. As for him, a genius whose aptitude was no less than the young master’s, almost no one paid attention to him. Therefore, ever since he was sensible, he had been jealous of Cheng Xuan from the bottom of his heart.

Now, they were both in the secret realm. He was in a sorry state, but the clothes on Cheng Xuan’s body were not even wrinkled. What was even more unacceptable to him was that he could not see Cheng Xuan’s strength. What did this mean? He didn’t dare to think too deeply.

At this time, the woman beside him couldn’t help but speak.

“Big brother young master! I didn’t expect to see you here, Xian ‘er is so happy!” The woman named Xian ‘er said.

Cheng Xuan looked at the woman in front of him and frowned. He didn’t expect to see them here. The two people talking were brother and sister, and they were cousins who were closer to him. However, he never liked to be close to them. After seeing them here, he was more unhappy.

Did the old ancestor bring them here? That old man wouldn’t be so brainless to bring these two burdens here, right? Cheng Xuan couldn’t help but think in his heart.

However, when he saw the other people around Cheng Yi and his sister, he understood that they must have heard the news from somewhere and came here by themselves. The people around them were the elders of Cheng Yi's maternal grandfather, the CAO family.

"Young master Cheng! Long time no see." Sensing Cheng Xuan's gaze, the most powerful elder among the elders spoke.

"Third elder Cao, what are you doing here?" Cheng Xuan asked directly. Although he had already guessed the truth, he still had to pretend to be surprised.

Chapter 1723: The little scheme of the Cheng siblings (3)

"We happened to learn about the secret realm, so the clan leader sent us here to explore. But we didn't expect this place to be so dangerous." The CAO family's third elder said with a lingering fear. When he saw Cheng Xuan and the people around him, his heart that had been hanging for a long time finally relaxed a little. Although the strength of the people Cheng Xuan had brought was not very high, it was still better than their entire Army being annihilated and becoming a commander of light!

"I see." Cheng Xuan knew that the cunning old man wasn't telling the whole truth, but he didn't bother to expose him. Instead, he politely replied.

"Young master Cheng! Are they the subordinates you brought here?" The third elder of the CAO family looked at the person beside Cheng Xuan and asked curiously.

"No! They are my friends." Cheng Xuan chuckled.

"Big brother young master! You're the young master of the Cheng family, how can you make friends so casually? Besides, even if he wanted to make friends, he should at least make friends with people of similar strength and family background! These people are not worthy of being your friends!" Hearing this, Cheng Xian 'er immediately said in dissatisfaction.

"Xian er! Don't talk nonsense! It's the young master's right to make friends with whoever he wants, we have no right to ask." When Cheng Yi heard Cheng Xian 'er's words, his heart skipped a beat. He thought to himself, "it's over. Xian' er's mouth is going to ruin things!" In the current situation, what they needed the most was an Alliance, and the other side had so many people, which was exactly what he wanted. Thus, he was very afraid that Xian 'er's words would anger them, so before Cheng Xuan could respond, he rushed to scold him.

"Big brother! How can we not have the right to ask? This is related to our Cheng family's face. If young lord big brother makes some shady friends, it'll be our Cheng family that'll lose face." Cheng Xian 'er heard her own brother blaming her for an outsider, and her heart was filled with dissatisfaction.

"You have no right to ask what kind of friends I make! As for whether or not we'll lose face for the Cheng family, it's not something that can be decided with just a few words." Cheng Xuan said coldly. As he spoke, he couldn't help but steal a glance at Leng ruoxue and the others. He knew the background of these people and knew how cruel and merciless they were. However, he wasn't afraid that Leng ruoxue and the others would do anything to Cheng Xian 'er in a fit of anger. Instead, he was afraid that Leng

ruoxue and the others would blame him for this. If that happened, the heavens would take pity on him! This really had nothing to do with him! He was innocent.

After making sure that Leng ruoxue and the others weren't angry at Cheng Xian 'er's words, he finally felt at ease. However, he still felt a little guilty. After all, Cheng Xian' er was a member of the Cheng family.

Actually, it wasn't that Leng ruoxue and the rest weren't angry. It was just that they felt that there was no need to be calculative with a brain-damaged woman since they were in the mystic realm. After all, the mystic realm was the place they should be most concerned about. As for this brain-damaged woman, they would just let her run her own course. They didn't need to be too concerned.

"Young master Cheng! Xian 'er has always been direct, I hope you don't mind." The CAO family's third elder saw that Cheng Xuan's expression was a little ugly, and he secretly glared at Cheng Xian 'er, who didn't understand the situation, and tried to smooth things over.

"I know she's direct, so I can let her go no matter what she thinks. After all, we're all members of the Cheng family, how can there be overnight hatred? However, the person she mentioned just now is my friend, so I can't just ignore this." Cheng Xuan said very seriously.

Hearing Cheng Xuan's words, elder Cao San hurriedly said to Cheng Xian 'er,""Xian er! Quickly apologize to young master Cheng's friends!"

"Third Grandpa! I didn't do anything wrong, why do you want me to apologize?" Cheng Xian 'er said with an aggrieved expression.

"What you said just now was very impolite, so you must apologize." Cao Sanzhang raised his face and said in an extremely displeased manner.

When they first entered the secret realm, they had brought no less than a hundred people with them. Although the majority of them were godkings, almost all of them had died in less than a month. This fact had given him a whole new understanding of the secret realm. As a result, he was rather excited when he saw Cheng Xuan bring so many people. What did this mean? This meant that their chances of survival had increased. In this secret realm, there was no lack of experts. However, there was a lack of cannon fodder. And now, Feng Da and the others had become excellent cannon fodder in his eyes. That was why he was so strict with Cheng Xian 'er. He didn't want them to run away in anger because of Xian' er's rudeness. It was not easy to see a person here.

"I'm telling the truth! You want me to apologize? no way!" Cheng Xian 'er's eyes were slightly red, and tears were welling up in her beautiful eyes. It was as if she would be flooded with water if third elder Cao said a word to her.

As the young miss of the Cheng family, she was now being reprimanded by an elder of her mother's family. To be honest, she felt very unbalanced in her heart. However, who asked her mother to have a low status in the family? they had to rely on the power of their mother's family to stand firm in the Cheng family! This decided that they had to look at the face of their maternal family sometimes, even if they were from the Cheng family.

As for their maternal ancestor, the CAO family, although it was not ranked among the eight great divine regions, it could still be considered a top-tier family in the divine realm. Furthermore, it had been passed down for many years. As a result, its status in the divine realm was only second to the eight great divine regions. The siblings relied on the maternal family in many ways. That was why the elders of the maternal family dared to reprimand her in front of outsiders! This fact also made her quite angry.

Seeing Cheng Xian 'er's stubbornness, third elder Cao had no choice but to send a voice transmission to Cheng Xian' er. He explained the relationship between the two parties and asked her to put the overall situation first. After Cheng Xian 'er heard third elder Cao's explanation, she unwillingly lowered her noble head.

"I'm sorry! I'm sorry for being impolite just now." Cheng Xian 'er's face was slightly red as she said in embarrassment. She was indeed a young lady from an aristocratic family. She was very flexible and could bow and stretch. When she apologized, she looked very sincere. However, the flash of resentment in her eyes was still caught by Leng ruoxue, who was watching coldly from the side.

Al! It seemed that the acting skills of the young masters and young ladies of the big families were extraordinary! It was a pity that there were no Oscar Awards in the divine realm. Otherwise, she would definitely award the Best Actor and Best Actress to them. With such acting skills, it would be a waste if they were not stars. Leng ruoxue secretly thought to herself, but her beautiful eyes were sizing up the Cheng siblings.

They had some similarities with Cheng Xuan in terms of appearance. If Cheng Yi had not been in such a sorry state, he would have been an elegant young master. As for miss Cheng, she was as beautiful as a flower and could cause the downfall of a city. Coupled with her sorry appearance, it would make men cherish her more. However, the men around her who did not know how to be tender to women were exceptions.

As she thought of this, her beautiful eyes turned to ning haolan, who was hidden among the crowd. She thought to herself, 'this guy seems to be a man who knows how to take care of women. I just don't know if this miss Cheng is his type.'

Sensing Leng ruoxue's gaze, ning haolan broke out in a cold sweat. What was this woman trying to do by sizing him up? He was so scared!

Just as ning haolan's heart was in a mess, Cheng Xian 'er saw that her apology didn't get a response from the other party, and she became even more furious. These people really didn't know what was good for them. The dignified miss Cheng apologized to them, but they completely ignored her. This made her feel like she had lost face, and the anger in her heart slowly brewed and burned.

"I'm sorry! I was being rude just now." Cheng Xian 'er suppressed her anger and repeated.

"It doesn't matter! We can understand that miss Cheng is doing this for young master Cheng's sake. After all, it's really unfair for us to befriend young master Cheng with our status." Seeing that no one wanted to pay attention to this miss Cheng, Leng ruoxue could only reply with kindness.

Leng ruoxue's words made Cheng Xuan break out in cold sweat.

When Cheng Xian 'er heard Leng ruoxue's reply, she felt a sense of relief in her heart. The woman who spoke seemed to know her place. She liked this kind of woman. However, when she saw Leng ruoxue's face, she did not like her that much.

'Damn it!' How could this woman be so beautiful? and the man beside her was simply a match made in heaven with her. The two of them stood together so well-matched and extremely eye-catching. However, looking at their clothes, she also knew that they were not from a top family. With this thought in mind, her heart felt a little more balanced. Moreover, she found another familiar face among them.

"Brother LAN! It's really you!" Cheng Xian 'er ignored Leng ruoxue's words as she looked at ning haolan in disbelief. Her beautiful cheeks were a little pink as she lowered her head shyly. In fact, she was actually comparing ning haolan to the demonic man she had seen earlier!

Brother LAN was the young master of the ning family, the future head of the family. His future was limitless, and that devilish man definitely could not compare to brother LAN in terms of status and strength. The only advantage he had over brother LAN was that beautiful face that was unforgettable. However, no matter how beautiful a man was, if he did not have the corresponding strength and status to add color, he was just a vase. And what was the use of having such a man?

Comparing the two, the scales in her heart naturally leaned towards ning haolan.

As for that woman, other than being more beautiful than her, her strength and family background were definitely not comparable to hers. After thinking about it this way, her jealousy towards Leng ruoxue faded. After all, she valued a man's strength and status more because it meant that she would have the chance to share this honor.

As she thought about it, the smile on her face became more and more charming. The way she looked at ning haolan became more and more affectionate. When Leng ruoxue saw her like this, she knew that she had fallen for ning haolan.

It was still alright! Leng ruoxue heaved a sigh of relief.

As long as he didn't have any ideas about the evildoer! As for which man Cheng Xian 'er had taken a fancy to, that was none of her business.

Chapter 1724: Greed (1)

Leng ruoxue was relieved, but ning haolan was conflicted.

He knew that his status was an irresistible attraction to some women. However, this Cheng Xian 'er's direct and unconcealed gaze on him still caused him to feel an indescribable irritation. Although there were many women who were interested in him, it was rare for her to be so direct. However, because she was a member of the Cheng family, ning haolan had to give the Cheng family some face even if he was angry.

Seeing ning haolan remain silent after hearing her words, Cheng Xian 'er felt a little upset. However, she knew that the young master of the ning family never liked to talk, so she didn't mind too much. After all, in her eyes, women should take the initiative. Wasn't there a saying that went 'take the initiative'?

There was a thin veil between a woman and a man, and since there was only one veil, she had to break it no matter what. At this thought, she walked over to ning haolan's side, her smile as bright as a spring flower, and said gently, "Brother LAN! It's so good to meet you here!" With that, she lowered her head shyly, not daring to look at ning haolan.

Seeing her like this, Cheng Xuan was full of disdain.

Stop pretending! It's not like Hao LAN didn't know what she was. In fact, the young masters of the eight great divine regions had heard about the character of the young ladies of each family. After all, one of them could become the marriage partner of the family in the future. Therefore, when they were very young, people would gradually report the situation of the young ladies of each family to them. As for those daughters from rich families, although many of them were good at acting, even good actors would reveal their flaws sometimes. Therefore, it was not easy for those young ladies to hide their true nature.

As for this Cheng Xian 'er, she was one of the most outstanding in acting. On the outside, she appeared to be a dignified and virtuous woman, well-behaved and cute, but in reality, she was quite overbearing in private. Moreover, she was a woman with a strong desire for power and a strong sense of vanity. However, she had probably suffered a great shock in the secret realm, so she had almost exposed her true nature just now. But no matter how she tried to hide it, it was useless. This was because Hao LAN would never like her.

"What a coincidence!" The corner of ning haolan's mouth twitched slightly as a form of greeting.

"Yup! Brother LAN! It's better to meet by chance than to invite you. Since we've met, it's fate. Let's go together in the future!" Cheng Xian 'er said passionately. At this moment, there was only ning haolan in her heart and in her eyes. No one else was worthy of her attention, including Cheng Xuan.

"Miss Cheng! I'm here with my friend." Ning haolan said in a soft voice. He was trying to say, "I can't leave my friend behind to be with you." However, Cheng Xian 'er wouldn't be able to read between the lines. In other words, even if she did, she would ignore it.

"It doesn't matter! Since we're fated to meet, we can travel together." Without waiting for Cheng Xian 'er to speak, the third elder of the CAO family spoke first. Furthermore, his words were a statement and not a question. It was clear that he didn't want to give Leng ruoxue and the others a chance to reject. After all, cannon fodder was hard to come by!

When ning haolan heard this, he suppressed his displeasure and looked at Leng ruoxue and the others. When he saw Leng ruoxue nod, he said, "Alright then! Since third elder Cao has graciously invited us, we'll respectfully accept."

"However, if we find any treasures in the secret plane, how are we going to split them among so many of us?" Then, ning haolan changed the topic and revealed the fact that the third elder of the CAO family had deliberately ignored.

"Naturally, it will be distributed according to contribution." The CAO family's third elder said after thinking for a moment. The reason why he said this was because he had too few people on his side. If it was distributed according to the number of people, his side would definitely suffer a loss. If it was distributed according to the contribution, his strength was clearly above theirs. They had already agreed on the distribution method in advance, so when it was really time to distribute it, presumably they

would not be able to say anything. Therefore, the third elder of the CAO family, who thought that his plan was flawless, suggested this fair distribution method.

When Leng ruoxue heard the words of the CAO family's third elder, she chuckled and said, "This distribution method is very fair. Let's do it this way!" In fact, she didn't think that she would be able to find anything good here.

"Hehe! I still don't know young lady's name?" Seeing that Leng ruoxue had made the final decision and that no one else had objected, the CAO family's third elder was suspicious. Did this woman's words carry so much weight? He was surprised that young master ning and young master Cheng didn't have any objections.

"My surname is Leng!" Leng ruoxue said with a smile.

"Cold?" Upon hearing this surname, elder Cao San racked his brain but still could not think of any top family in the divinity with the surname Leng.

"Our Leng clan has yet to establish a clan in the divinity." Leng ruoxue explained when she saw the doubt in third elder Cao's eyes.

"Oh!" Leng ruoxue's words caused third elder Cao's enthusiasm towards her to drop. He had originally thought that since she was close to young master ning and young master Cheng, she was also a young lady from some top family! Who knew that he was actually a rogue cultivator who didn't even have a family? but this was good too. People without a family background were easy to mess with, right?

The CAO family's third elder saw that Leng ruoxue and the others were of no value to him, so he treated them coldly and turned to ning haolan instead.

He walked to ning haolan's side and started chatting with him with a smile on his face. Leng ruoxue and the others saw this and tactfully walked to a corner. They each found a seat and sat down. Grape and the others even took out some food to prepare for dinner.

"Miss! This whatever third elder Cao is really looking down on people!" Feng Da said indignantly.

"Isn't this just right! I don't intend to have any deep friendship with them." Leng ruoxue said with a smile.

"Hehe! This little girl is still the most open-minded one, kid! You haven't trained enough! One must know that no matter where one was, there would always be people with eyes on top of their heads, so it was better to stay calm! Besides, these people aren't worth your time." Uncle long said earnestly. In fact, other than being able to find out where there were people here, he was also very talented in recognizing people. Thus, he only needed a glance to know that he could only make use of these people from the CAO family.

"I'm very calm, and I don't want to make friends with them. I just think that this person is a little too realistic! Once they heard that we didn't have a family, they ignored us." Feng Da was a little

speechless. He had seen many people in his life, but this was the first time he had seen such a realistic person.

“In the divinity, family is very important. If a cultivator without any background wants to stand out, he must have someone to rely on. Otherwise, why do you think so many experts want to rely on a more powerful top force? It’s precisely because those powers can provide them with even better resources that many experts would rather be a guest minister in a top clan than wander around the divine realm alone. Furthermore, the greatest benefit of having an attachment is that it will make the enemy forget about them.” Uncle long said with a smile.

Chapter 1725: Greed (2)

“Oh! What if the enemy is so powerful that even the family they are attached to is afraid of them?” Feng Da asked curiously.

Hearing Feng DA’s question, uncle long was stunned.””Not many people would be stupid enough to make such an enemy. If he really did, it could only be considered his bad luck. Under such circumstances, the family could only choose to sacrifice him.”

“Then aren’t the people who are sacrificed very pitiful?” Feng Da said with a hint of sympathy.

“That can’t be helped! Even if the one who got into this trouble was a direct Clansman, there’s no room for discussion about the sacrifice, let alone a guest attached to his own family!” Uncle long sighed. This was the tragedy of a big family.

“If we get into big trouble, my lady will never choose to sacrifice us.” Feng Da said with certainty after hearing what uncle long said.

“How many people do you think are like this little girl in this world?” Uncle long asked, a little speechless. After interacting with them for a few days, he had a basic understanding of these people and was also very clear of Leng ruoxue’s position in the hearts of her subordinates. However, that little girl was indeed a person worthy of trust, and his impression of Leng ruoxue was also very good.

“Hehe! There were only a few. Moreover, when our forces grow stronger in the future, only Hierarch-level cultivators can be our guest elders. We don’t even want a divine Emperor!” Feng Da said happily.

“Reverent-God?” Uncle Long’s eyes widened as he laughed and scolded,”you really dare to think!” The reverent-god level cultivators in the divine world, including humans and magical beasts, are less than a hundred people. Moreover, all the major forces regard reverent-god level cultivators as their clan treasures. Do you think a reverent-god level cultivator would want to be a guest? Even in the eight great divine domains and the four great royal families of the magical beasts, Hierarch-level and Hierarch-level divine beasts are all ancestor-level divine beasts. Which family do you think would let their own ancestor be a guest minister?”

Feng DA’s whimsical thinking made uncle long feel very helpless. However, he quite admired this little guy’s courage to think like this. Thinking about things that others didn’t dare to think about was also a kind of courage!

“Are there any reverent gods in the divine realm?” Leng ruoxue suddenly asked after hearing what uncle long had to say. The so-called reclusive Hierarch was an expert who kept a low profile and was not known to the public. Even if he had broken through, he had not told the world.

“There are! There are many low-profile and mysterious forces in the divine world, and the Hierarch-gods of those forces are almost unknown to the public. Even the people of those forces are very low-profile, but their reputation is not small. And these forces, whose details are unknown, are often the ones you can’t offend the most.” Uncle long said seriously.

“Little girl! When walking in the divine world, the most important thing is to endure. Do not offend people easily. Even if you have to provoke them, do not leave behind any evidence. You must eliminate the roots, or else there will be endless trouble in the future.” Uncle long added.

“En!” Leng ruoxue nodded. At this moment, the food for the grapes was almost done. The fragrance quickly attracted the attention of the third elder and the rest.

Elder Cao San squinted his eyes as a glint flashed across them. He had not expected that these people would have such fresh food in their hands. It was really infuriating to compare!

Before they entered the secret realm, because they had fantasized too much about this place, they had not brought any other food except for some dry food. They had originally thought that if they were hungry, they could at least get some beast meat to eat. In the end, they did not even see the shadow of a beast. They had been here for almost a month, and they had eaten a lot of dry food for several days. Fortunately, with their cultivation, they would not feel hungry even if they did not eat. However, they had cultivated from ordinary people after all. Therefore, food was an indispensable thing for them. Although they did not eat it every day, they would occasionally satisfy their craving for food.

The dry rations that they had brought with them were not enough to pique their interest. However, the food that these people had prepared had attracted their cravings. The smell alone was enough to make them drool. Even if they were at home, they would not be able to make such delicious food.

At the same time, elder Cao San walked towards Leng ruoxue and the rest and sat down beside them. He then said, “What did you make? it smells so good!”

“It’s just some simple food, it’s not worth mentioning,” Leng ruoxue chuckled.

“To be able to make such simple food so delicious, his skills are not ordinary!” Elder Cao San praised, but his eyes were fixed on the pot in green Peach’s hand.

“Third elder Cao has spoken too much. Let’s use some together!” Leng ruoxue said helplessly. This old man must have been hungry for a long time. His eyes were actually green with greed when he saw food. She wondered if they would snatch it from her if she did not take the initiative to invite them to eat.

“Hehe! Then we won’t be polite.” After elder Cao San finished speaking, he actually took the initiative to pick up the bowl of green peach and filled it up for himself. When the other members of the CAO family saw this, they didn’t stand on ceremony either because the taste of the food was really too tempting.

When Lu Tao saw that they did not treat her as an outsider, her heart was burning with anger. However, when she received Leng ruoxue's comforting gaze, she forcibly suppressed it.

However, she couldn't understand why her young miss would tolerate them so much. These people clearly looked down on them and now they were here to snatch their food without caring about their face. They were really too shameless. When she thought of this, her face became serious.

After finishing their dinner with an unpleasant expression, Lu Tao and the rest were preparing to set up their tents to rest. However, they saw Leng ruoxue taking out a house and placing it on the empty ground. Instantly, everyone became nervous.

What's wrong with miss? Why did he take out the house when there were outsiders? Feng Da and the others were dumbfounded. Why was the young miss so high-profile? This wasn't like the young miss! At this moment, everyone's hearts were in turmoil. However, uncle long was very calm. When he saw Leng ruoxue take out the house, he smiled in admiration and walked straight in.

Elder Cao San and the others were equally dumbfounded. As soon as the house appeared, they were all stunned.

Their mouths were half-open, and they didn't react for a long time. When they came back to their senses, they all rubbed their eyes in unison, afraid that everything in front of them was an illusion. However, after confirming it, they believed that the house in front of them was real.

After confirming the authenticity of the house, the experienced and knowledgeable elder Cao San suddenly recalled that there seemed to be a kind of legendary spatial divine artifact that could allow people to live in the shape of a house. However, it was said that the materials used to refine this divine artifact were extremely difficult to find. Moreover, in this world, the craftsmen who could refine spatial divine artifacts that could allow people to live in were as rare as Phoenix Feathers and Qilin horns. So, who had refined this house? His heart was filled with question marks.

For a moment, the CAO family's third elder's heart was filled with all sorts of feelings! The sourness in his heart rose uncontrollably from the bottom of his heart. He was jealous! Moreover, he was extremely jealous! A little girl without any status or status like her actually possessed a spatial type divine artifact that could make people in the divine realm go crazy for. This, this was truly too inconceivable! What right did she have?

Chapter 1726: Greed (3)

The more he thought about it, the angrier he became. The third elder of the CAO family was so jealous that he was about to go crazy. If this divine tool was owned by the young master of the Cheng family or the young master of the ning family, perhaps he would feel more balanced in his heart. After all, their status was there! It wasn't strange to have something good.

However, such a divine weapon had actually fallen into the hands of a little girl with low strength, no status, and no status. This made him feel extremely unbalanced in his heart. In fact, from his point of view, if this divine weapon could be owned by him, the effect it could display would definitely be much greater than if it was in Leng ruoxue's hands. Furthermore, if their Cao family had this spatial-type divine

weapon, their status in the divinity would probably be even higher. It was not impossible for them to become the ninth great divine realm, even in this secret realm. If they had that divine artifact in their hands, they would be like tigers that had grown wings, and their chances of survival in the secret realm would also greatly increase. The many benefits made third elder Cao's heart move. Thinking of this, his heart was filled with greed.

"Young lady Leng, if I'm not wrong, this house should be the legendary spatial type divine artifact, right?" The CAO family's third elder deliberately put on a surprised expression and asked very cautiously.

"Third elder Cao has a good eye, not bad! This is the legendary spatial artifact that can allow people to live in it." Leng ruoxue replied with a smile. Her words caused the few people from the CAO family who had just reacted to the situation to widen their eyes in shock. After all, if it wasn't for the fact that the third elder had told them the truth, they wouldn't have dared to think in that direction.

"May I ask miss Leng, how did you get this divine artifact?" Elder Cao San asked curiously. Even though he knew that his question was a little abrupt, he could not help but ask.

"I spent a large amount of money to ask the craftsmen from the craftsmen's Guild to help me refine it. For this divine artifact, I went bankrupt." Leng ruoxue complained.

"If I can get such a divine weapon by going bankrupt, it's worth it." Third elder Cao said enviously. Even if the CAO family were to go bankrupt, they would not be able to obtain all the materials needed to refine this divine weapon. When he thought of this, he became even more jealous of Leng ruoxue. Why was her luck so good? However, her good luck is also coming to an end, elder Cao San thought to himself hatefully.

"Third elder Cao, we plan to sleep inside today. As for you, if you are interested, you can also come in and sleep." Leng ruoxue invited him enthusiastically.

"Then I'll have to thank miss Leng." Elder Cao San thought for a moment and agreed. Even though there was a certain risk in entering an owned divine weapon, they had been on high alert for a while. Everyone was on edge and their minds were in a state of tension. This was extremely disadvantageous to them who were in the secret realm. Hence, they really needed a good rest. Moreover, with Cheng Xuan around, he believed that Leng ruoxue would not dare to harm them even if she gave Cheng Xuan face.

"Please! Feng Da, arrange rooms for elder Cao San and the others." Leng ruoxue ordered.

"Yes!" Feng Da replied unwillingly. Then, he said to elder Cao San and the others, "Third elder Cao! I'll take you to the guest room."

"Thank you for your trouble." Elder Cao San cupped his hands in a slight bow.

As she watched the CAO family and the Cheng family siblings leave, Lu Tao pouted and asked in confusion, "Miss! Why did you take out the house and let them move in? I think that whatever third elder clearly doesn't have good intentions! When he sees this house, he might even be tempted by the money!" She was very worried.

“What are you afraid of? I’m the owner of this house, and since they’ve moved in, they naturally have to listen to my arrangements.” Leng ruoxue said disapprovingly.

“Go and rest! The most important thing is to take care of your spirit.” Leng ruoxue continued.

After she finished speaking, she pulled the evildoer back to her room.

In the room, the evildoer hugged Leng ruoxue and chuckled, “Xue ‘er, aren’t you afraid that they’ll have bad intentions and want to take this house for themselves?”

“Even if they have the intention, they have to have the ability!” Leng ruoxue said with confidence.

Actually, she was willing to let those people stay here not because she was kind, but because she felt that it was not easy to meet someone in this Mystic realm. Moreover, she had yet to figure out the true appearance of this Mystic realm, and she had not found her Godfather and the rest. Hence, if she could get along with these people, it was not impossible to temporarily work together with them. Now, it all depended on whether these people could withstand her test.

While Leng ruoxue and the demon were chatting, Cheng Xian ‘er, who was in the guest room, could not calm down.

After Cheng Xian ‘er had washed up, she started pacing back and forth in the guest room. Her heart couldn’t calm down no matter what, and her jealousy towards Leng ruoxue had been reignited.

What right did that woman have to possess such a divine weapon?

Looking at the decorations in the guest room, all of them were carefully selected. The decorations inside were not inferior to those in her boudoir. Just the guest room alone was so exquisite, one could imagine how luxurious the master room would be. The more she thought about it, the more she couldn’t control the jealousy in her heart.

Actually, she was wrong. The decorations in Leng ruoxue’s master’s room were not as good as the guest room. Leng ruoxue had always liked a simple and clear style. Hence, the decorations in her room were pitifully few. It was just that they were more exquisite in comparison.

However, one’s jealousy could not be controlled. At this moment, Cheng Xian ‘er’s heart was being devoured by the poison known as jealousy. No matter how she thought about it, she felt that Leng ruoxue, that lowly woman, was not worthy of possessing this divine weapon. Only she, a direct descendant of the Cheng family, had the right to possess such a divine weapon!

Although she and the third elder of the CAO family had not discussed it, the two of them had coveted this house at the same time, and her desire seemed to be stronger.

Thinking of this, she turned around and left the room, pushing open the door next door.

The person in the room next door was her brother. Seeing Cheng Xian ‘er enter uninvited, Cheng Yi, who was currently wearing his clothes and had his upper body bare, revealed an uncomfortable expression.

“Xian er! Why didn’t you knock before you came in!” Cheng Yi hastily put on his clothes and said unhappily.

“Big brother! I’m your little sister, what are you being shy about!” Cheng Xian ‘er looked at her brother’s expression and said disapprovingly.

“Then you should knock!” Cheng Yi said, leaving no room for discussion.

“Alright! Big brother, I was wrong!” Cheng Xian ‘er didn’t want to anger her brother over such a small matter, so she hurriedly apologized. Following that, she very seriously said, “I have something important to discuss with you!”

“What is it?” Seeing Cheng Xian ‘er’s serious expression, Cheng Yi asked in confusion.

“Big brother! What do you think of this divine artifact?” Cheng Xian ‘er was afraid that the walls had ears, so she directly transmitted her voice.

“Of course it’s good! This is a legendary spatial divine weapon. Not everyone can possess it.” Cheng Yi replied.

Chapter 1727: Greed (4)

“What if ... This divine artifact can belong to us?” Cheng Xian ‘er carefully probed. She didn’t know if her brother would agree with her idea, but she knew that very few people could resist the temptation of such a divine weapon.

“You want to buy it from miss Leng?” Cheng Yi looked at his sister and asked. This was something that she had to go bankrupt to get. He didn’t think that she would sell it.

“Buy? I’m afraid we can’t afford it.” Cheng Xian ‘er laughed evilly. She thought to herself, “this brother of mine is really honest at times. He actually thought of buying it. Even if he wanted to buy it, where would they find so much money?”

“Then how do you want to get it?” Cheng Yi’s face was full of question marks.

“As long as that woman surnamed Leng dies, her divine weapon will become ownerless. At that time, won’t it belong to us?” Cheng Xian ‘er said.

“You, you think too easily. She has so many people around her, do you think you can kill her?” Cheng Xian ‘er’s words made Cheng Yi speechless. Although he was also somewhat envious of that divine tool, he knew his own limits and would not delude himself for such a ridiculous thing. In addition, he had always been a cautious person, so although he was envious of that divine tool, he had never thought of taking it for himself. Thus, his little sister’s thoughts made him feel quite uneasy.

“The people around her aren’t very strong, so it’s easy to deal with them. However, I’ve never thought of killing her personally.” Cheng Xian ‘er laughed evilly. With brother LAN here, how could she possibly let him see her dark side? In front of brother LAN, she would always be the well-behaved and cute Xian ‘er.

“Then what do you want?” Cheng Yi was shocked and asked nervously.

“The monsters in this secret realm should like them a lot!” Cheng Xian ‘er laughed evilly as she spoke her thoughts.

“You, you’re crazy! If we really attract those monsters here, we’ll lose our lives!” Cheng Xian ‘er’s crazy thoughts caused Cheng Yi’s heart to beat wildly, and his face turned as black as ink. Even now, he still had a lingering fear of those monsters. He couldn’t even hide from them! His little sister actually wanted to use them to kill Leng ruoxue and the rest. H-how was this possible? How could those mindless monsters that only knew how to kill listen to his sister? this was simply wishful thinking!

“We won ‘t! As long as those monsters kill Leng ruoxue first, this house will belong to me. Once it recognizes its master, we’ll be safe hiding inside.” Cheng Xian ‘er said confidently.

“Can you guarantee that the monsters will kill them first?” Cheng Yi suppressed his anger and asked. His sister’s idea was too stupid. He would never agree to it no matter what. After all, they had already experienced the dangers of this mystery realm. Therefore, what they needed the most now was allies, and not greed at the sight of wealth. If they could not even keep their lives, what was the use of obtaining many treasures? Only a fool would do something like that!

“Although I’m not 100% sure, we can think of a way.” Cheng Xian ‘er said.

“Xian er! I won’t allow you to have any ideas about this divine weapon. In this secret realm, the first thing we have to do is to ensure our survival. Therefore, we must get along well with them. Only then will our chances of survival increase greatly.” After listening to Cheng Xian ‘er’s words, Cheng Yi sternly warned her. Scheming against an ally and scheming at the sight of wealth was an extremely unwise move in this dangerous secret realm, so he would not allow Cheng Xian’ er to have such thoughts.

“Alright! I’ll just give up.” Seeing that her brother did not agree, and his attitude was very unyielding, she could only go along with it.

“Xian er! It’s also a good thing for us that miss Leng has this divine weapon. At least, we don’t have to be so afraid when we’re with them, and our chances of survival have increased. Therefore, we must treat them as allies and work together in this secret realm. Only in this way can we leave this place alive.” Cheng Yi was afraid that his sister was still thinking about other people’s divine artifacts, so he had to make his words more clear.

“I know,” Cheng Xian ‘er nodded her head. Of course she understood this logic. However, in her heart, she felt that if the divine weapon was in her hands, their chances of survival would be higher.

However, since her brother did not support her idea, she could only bury this idea in her heart for the time being. However, it was absolutely impossible for her to give up.

Both parties seemed to be living in harmony for a few days. Leng ruoxue had a better understanding of the mystic realm. However, she had yet to see a single one of the monsters that the other party was talking about.

During the day, they searched for clues in the secret realm, and at night, they all went into their rooms to recuperate. Just like that, half a month's time passed quickly.

Although third elder Cao had only lived in the house for half a month, the more he knew about the house, the deeper his desire for it grew. However, he did not dare to show it or reveal his thoughts to anyone. However, his attitude towards Feng Da and the others was much friendlier.

Every day, he would go to Feng Da and the others and chat with them enthusiastically. He would inquire about the other party's news without batting an eyelid. But after a few days, he was disappointed to find out that he didn't get any useful information. On the contrary, he let the other party get a lot of information. Moreover, in order to win their trust, he almost told them about the CAO family's background. This fact made him extremely depressed, but at the same time, he became more courageous.

Feng Da and the others enjoyed elder Cao's enthusiasm. They answered all his questions, but unfortunately, they did not answer his questions.

As the two sides continued to play the game of Taichi, they were getting closer and closer to a Valley ...

Chapter 1728: Scheme (1)

It was a Valley in the shape of a "." On all four sides, there were small mountains that were half the height of a person. In the middle, there was a flat and deep valley that was about two meters deep. The valley was full of unknown flowers and plants, and the scenery was particularly beautiful. Feng Da and the others were amazed, but no one planned to go into the valley first. However, Cheng Xian 'er and the others were somewhat eager to try.

"Let's go down and take a look!" Cheng Xian 'er said impatiently.

"Miss Cheng, we don't even know if this Valley is safe, and you dare to go down?" Feng Da glanced at Cheng Xian 'er from the corner of his eyes as he spoke with a hint of ridicule.

"There's no one around this Valley. What's the point of going down to take a look?" Cheng Xian 'er said in a somewhat unconvinced manner. On the way here, these damned guys had always looked at her as if she was an idiot. Now, they were even directly mocking her. This was truly preposterous! Hmph! If it wasn't for that divine artifact, would she, a young lady of the Cheng family's direct line, need to put up with their attitude? She thought indignantly in her heart, and the anger in her heart grew.

"If you want to go down, then go down!" Feng Da said lightly. He had no intention of stopping her.

"You guys aren't going down?" Cheng Xian 'er narrowed her eyes and asked in a slightly displeased tone.

"We didn't say we were going down!" Feng Da said matter-of-factly.

"I didn't expect you to be so timid!" Cheng Xian 'er roared in anger. These people didn't want to go down, but they were encouraging her to go down. What was the meaning of this? Did he want her to be cannon fodder? She hated it in her heart. At this time, she had long forgotten that she was the one who wanted to go down and pushed all the blame on Feng Da.

“No choice! Who asked us to be weak!” Feng Da said disapprovingly.

“You bunch of cowards!” Cheng Xian ‘er was so angry that she clenched her teeth. In her eyes, this Feng Da guy was just a piece of meat with no end in sight. Although she hated him to death, she couldn’t do anything to him. This fact made her quite depressed.

“Hehe! It’s human nature to be afraid of death, and we’re no exception!” At this moment, Lin Yuan also said.

“Miss Cheng, if you want to go down, then hurry up! It’s a good opportunity for us to explore the way.” Lin Yuan glanced at Cheng Xian ‘er, whose expression was somewhat unkind from anger, and urged her to add fuel to the fire.

“You guys ...” Cheng Xian ‘er was so angry that her face turned from white to red, then from red to black. The color kept changing like a palette. She took a few deep breaths and turned her gaze to Leng ruoxue. “Young miss Leng, your subordinates are really useless. They’re actually so timid. What’s the use of having them!”

Cheng Xian ‘er’s words definitely had the suspicion of sowing discord. However, Leng ruoxue only smiled faintly after hearing this and said, “Then what about what miss Cheng said? What should I do with them?”

“Hmph! If they were my subordinates, I would’ve abandoned them long ago. Such timid people who don’t listen to orders don’t deserve to stay by my side.” Cheng Xian ‘er said with a face full of pride. Her head was held high like an arrogant Peacock, so insufferably arrogant.

“I admit that they’re timid, but I can’t agree with you if you say that they don’t listen to orders. When have they ever disobeyed orders?” Leng ruoxue’s beautiful face was filled with question marks.

“They don’t even dare to go to the bottom of the valley. Aren’t they disobeying orders?” Leng ruoxue’s words stunned Cheng Xian ‘er, and she couldn’t help but ask.

you are reading on our content copy site. Please copy and search this link " <https://tinyurl.com/39hpcn6j> " to support us

“But I didn’t plan to let them go down!” Leng ruoxue said with a faint smile. She was thinking in her heart, ‘you’re the one who wants them to go down, but you’re not anyone to them. Why should they listen to your arrangements?’

“Uh!” Cheng Xian ‘er was ruthlessly choked by Leng ruoxue’s words. After a long while, she finally recovered and said, “We’re already here. How can we not go down and take a look? what if there’s a fortuitous encounter?” In fact, when she said this, she was not very confident, but she would not give up if she did not go down to take a look. What if something good really happened? Wouldn’t it be a pity to miss it?

“Miss Cheng! We’re not here to sightsee, nor for any strange encounters, so if you’re interested in this Valley, feel free to go down. We won’t go down, we’ll wait for you here.” Leng ruoxue said calmly, not at all moved by Cheng Xian ‘er’s words.

In fact, she didn't want to go down for a reason. Uncle Long had told her that there were people in the valley, but there were two different auras. One was human, and Uncle Long wasn't sure about the other. The other aura was intermittent and very strange. According to their guesses, it should be the monster that Cheng Xian'er and the others were talking about. Therefore, she didn't want to take risks. After all, the terrain of the valley was very unfavorable to them. If this was the nest of those monsters, they would be walking right into a trap! Thus, she had decided to wait and see. However, Cheng Xian'er had spared no effort in wanting to go down and take a look. This made her suspicious of Cheng Xian'er's motives.

"MMH! We'll be waiting for you here." After Feng Da and the rest heard Leng Ruoxue's words, they quickly chimed in.

"You, you bunch of cowards, if I find anything good after I go down, don't you dare fight with me for it!" Cheng Xian'er's pretty face was red with anger as she spoke with a look of disdain.

"Don't worry, Miss Cheng. Even if you find something good, we won't fight for it. I promise you on my honor. But if you're in danger, don't expect us to go down and save you." Leng Ruoxue said very seriously. She was used to saying the ugly words first.

"Alright!" Cheng Xian'er nodded. Just as she was about to go down, she was stopped by Cheng Yi.

"Xian'er! Don't be willful! You're also not allowed to go down!" Cheng Yi's face darkened as he spoke in an obviously unhappy tone. There were so many of them. If they all went down together, it would be fine. At least, they could look out for each other. However, Leng Ruoxue and the others had no intention of going down to the bottom. In that case, even if they all went down with Xian'er, there would only be eight of them. If there were monsters in the valley, the eight of them would not even be enough to fill the gaps between their teeth. Besides, Third Grandpa had not said anything, so his meaning was very clear. He could not let Xian'er take the risk.

"Big brother! Don't stop me, or you'll go down with me!" Cheng Xian'er requested.

"Xian'er! I won't go down, and I won't allow you to go down." Cheng Yi said stubbornly.

"I must go down!" Cheng Xian'er's stubbornness was starting to show. She turned her head and saw Ning Haolan in the crowd. With a face full of anticipation, she asked, "Brother LAN! Are you willing to go down with me to take a look?" As she spoke, she stared unblinkingly at Ning Haolan. Her beautiful eyes sparkled with excitement and other complicated emotions.

Cheng Xian'er stared unblinkingly at Ning Haolan. At the same time, Feng Da and the others turned to look at him in unison, waiting for his reply.

"Miss Cheng! I'm not interested in the situation in this Valley. I'm sorry, I can't go down with you." Ning Haolan said with a smile.

Chapter 1729: Scheme (2)

"Brother LAN! Even you don't want to accompany me?" Cheng Xian'er's face was filled with resentment and disappointment. Her sparkling eyes immediately lost their luster and became dull.

Leng ruoxue was speechless at Cheng Xian 'er's words. She thought to herself, "young master ning has never accompanied you, okay?" Moreover, from the way she spoke, it seemed like ning haolan was a heartless man. If it wasn't for the fact that they knew Cheng Xian 'er was the one who was in love with him, those who didn't know the truth would have misunderstood ning haolan.

In truth, just from the way they addressed each other, one could already tell something was wrong. However, most people would always have preconceived notions, pity for the fairer sex, and sympathize with the weak. As such, if this was outside, the one who would suffer in silence would definitely be ning haolan. Hence, at this moment, Leng ruoxue felt a little sympathetic towards him. Weakness was a woman's most terrifying weapon, even if this woman was completely pretending.

"Miss Cheng! Your words are so ambiguous! It will cause a misunderstanding." Feng Da, who couldn't stand it, said indignantly.

"What does it have to do with you?" Feng DA's words caused Cheng Xian 'er's reaction to be extremely intense. Her face turned green and black, and her angry face was somewhat distorted. Her heart was filled with hatred! It must be because these people were not willing to go down, so brother LAN was not willing to go down! Otherwise, why would brother LAN not accompany her! At the thought of this, she directed all her anger towards Leng ruoxue and the rest. Her jealousy and hatred towards Leng ruoxue grew.

Jealousy was like a venomous snake, devouring the darkness in her heart. Cheng Xian 'er sneered as she looked at Leng ruoxue. A deep hatred flashed in her eyes, and then she jumped into the valley without any hesitation.

Seeing Cheng Xian 'er leave, the worried Cheng Yi also wanted to follow, but he backed out because of a single sentence from Cheng Xuan.

"What a deep sibling love! Are you sure you want to go down?" Cheng Xuan's words caused Cheng Yi, who was about to descend into the valley, to stop in his tracks. Of course, he did not want to go down, but how could he not care about Xian 'er? When he thought of the countless reminders and instructions his mother, who loved Xian 'er dearly, had given him, he could not completely harden his heart, even though he sometimes hated this little sister who liked to cause trouble.

Unable to make up his mind, Cheng Yi turned to look at third elder Cao, only to see the look of disapproval on his face. He was shocked. He knew that third elder Cao did not agree with his idea. In an instant, his thoughts of going to the bottom of the valley disappeared. It wasn't that he didn't care about Xian 'er's life, but rather, he needed the CAO family to stand behind him more. Therefore, he couldn't make third Grandpa unhappy. After all, third Grandpa had a very high status in the CAO family!

"What do we do now?" Cheng Yi, who had calmed down, said shyly.

"Of course we're waiting for Xian 'er to come up. Are we supposed to go down and invite her?" Cheng Xuan said with a smile.

However, as soon as he finished speaking, everyone heard an ear-piercing scream from the valley. It was Cheng Xian 'er's voice.

"Argh! Help me!" The voice was very loud and trembling, making everyone's hair stand on end.

“Something happened to Xian er!” Cheng Yi’s expression changed and he said nervously.

However, Leng ruoxue and the rest did not respond to his words. Most of them had turned their heads to the other side, while some looked up at the sky, not looking at him.

“Something happened to Xian er!” Cheng Yi said again, feeling even more anxious. After all, she was his sister. Even though he did not go down with her, it was impossible for him not to be worried. However, Leng ruoxue and the rest did not make any further moves. Hearing the shrieking, he did not dare to go down alone. Hence, he could only stare at Leng ruoxue and the rest anxiously.

After a moment of silence, Leng ruoxue slowly opened her mouth.

“Third elder Cao, what are your plans?” Leng ruoxue asked in a carefree manner.

“Does young lady Leng have any good ideas?” Elder Cao San asked instead of answering.

“If you don’t go down to save her, I can guarantee your safety. But if you care about your family and insist on going down, then I can’t do anything.” Leng ruoxue said honestly.

“Miss Leng and the others don’t plan to go down?” Elder Cao San, who understood Leng ruoxue’s meaning, asked unhappily.

“The situation in the valley is unclear, and our strength is low. Even if we go down, we’ll only be courting death. So, I can’t let my subordinates suffer any harm because of an insensible Cheng Xian ‘er. After all, it was Cheng Xian ‘er who didn’t listen to our kind advice and insisted on going down to the valley to find some fortuitous encounter. If she really did have a fortuitous encounter, we wouldn’t be jealous, but if she were to encounter danger, we would be powerless. I can only say that this is the path she chose, so she has to bear the consequences herself.” Leng ruoxue said coldly. Actually, it wasn’t that she didn’t want to save them, it was that she didn’t believe Cheng Xian ‘er who was bent on scheming against her. If the noise just now was Cheng Xian’ er’s intention to lure them down, they would have fallen for it.

“Miss Leng, I know that Xian ‘er’s words were a little inappropriate, but she is a girl after all. We can’t just leave her to die!” Elder Cao san’s eyes flickered as he advised with heartfelt words.

“Third elder Cao! Cheng Xian ‘er won’t even share any of the benefits she gets with us, so why should we go and save her when she’s in danger? Is this fair to us?” At this time, Feng Da said with a smile. In his heart, he despised third elder Cao’s words and deeds even more. What kind of person is this? He didn’t use his own divine Emperor, but asked them, these weak deities, to help him save people. He really took them for fools!

“Now is not the time to talk about fairness. After all, Xian ‘er is one of us. If something really happens to her and we leave her in the lurch, it will only disappoint everyone. If this matter spreads, it will also damage our reputation. So, we didn’t save her just because of her.” Elder Cao san’s mind quickly turned, and after a moment of silence, he persuaded.

“Third elder Cao, look at our strength. Most of us are only at the God Realm. Do you think we have the ability to go down and save them? If we can’t save them and lose our lives instead, it’s not worth it. Do you think we’re stupid?” Feng Da laughed and said.

“Doesn’t young miss Leng have a spatial God tool? If there’s really danger, it’ll be fine if we all go inside.” Elder Cao San said, unwilling to give up. In truth, he didn’t really want to save Cheng Xian ‘er. He only felt that this opportunity was too good, and it would be a pity if he didn’t make use of it. After all, he still had his eyes on the divine tool! If these people listened to him and went to the bottom, they would definitely die. In that case, wouldn’t the divine artifact be at his fingertips?

Even though his idea was good, how could Leng ruoxue and the others let him have his way?

“Third elder Cao, the situation at the bottom of the valley is unclear. If it’s really as you said, there are thousands of monsters, I’m afraid we will be surrounded in the blink of an eye. Do you think we have a chance to enter the house?” Leng ruoxue smiled faintly, her beautiful face full of questions.

Chapter 1730: Scheme (3)

“This ... We won’t know if we don’t try.” Elder Cao San said in embarrassment.

“If third elder Cao wants to try, then go ahead. I won’t risk my life.” Leng ruoxue said impolitely. After she finished speaking, she took out her house and placed it outside the valley. She then walked straight in, while Feng Da and the rest followed closely behind.

“Third elder, what should we do?” An elder from the CAO family said with a pale face when he saw Leng ruoxue and the rest enter the house. He had already heard the sound of chaotic footsteps in the valley. Those monsters were probably going to leave the valley soon.

“Let’s go in too!” The third elder thought for a moment before speaking helplessly. He did not expect Leng ruoxue and the rest to be so cold-blooded. Even Cheng Xuan did not say that he would go to the bottom of the valley to save Xian ‘er. This fact made him extremely disappointed. However, he could not force them to do something they did not want to do. When he thought of this, he felt depressed again.

After the elders of the CAO family and Cheng Yi entered the house together, the door of the house was closed.

In the garden, the CAO family’s elders were uncomfortably in a corner, but their eyes were fixed on the screen in the garden.

Through the light screen, they saw the monsters at the bottom of the valley climb out and surround the house. The densely packed monsters that were like small mountains made their scalps numb and their hair stand on end.

Was this the monster in the secret realm? Leng ruoxue also saw the true appearance of the ‘legendary’ monster through the light screen.

These monsters were neither human, ghost, nor beast. Their bodies were covered in fur and their mouths were wide open. Saliva was flowing out of their mouths. It was impossible to tell what they

were from their appearance. Leng ruoxue could only describe them with one word-ugly. If she had to use two words to describe them, it would be disgusting.

“Oh my God! Why do these things look like this?” Feng Da looked at the screen and said in disbelief.

“If the monster doesn’t look like this, what does it look like?” Leng ruoxue chuckled as she teased. Even though there were many of these monsters, they didn’t seem to be very powerful. Most of them were at the God monarch realm while a portion of them were between God tier and God tier. However, just the number of these monsters alone was enough to make one flinch.

“Hehe! That’s true. ” Feng Da scratched his head and said in embarrassment.

Their expressions were extremely relaxed, but the third elder of the CAO family and the others were somewhat upset. They simply couldn’t be so calm and composed. They had personally experienced the horror of these monsters. Although these monsters didn’t seem to be very strong, they were very difficult to deal with. Moreover, there were many of them. However, this wasn’t the most terrifying thing. The most terrifying thing was that these monsters could not be killed and could resurrect infinitely. This was also the most terrifying thing.

No matter how powerful the cultivators were, their Shen power was not endless. Their Shen power would be consumed and there would be times when it would be exhausted. However, these monsters died and came back to life repeatedly. Who could bear it? Therefore, Feng Da and the others ‘relaxed attitude was an eyesore in their eyes.

Al! If they had such a divine weapon in their hands, the CAO family would not have fallen so easily. Many of the CAO family members who had fallen ... Had been exhausted to death by those monsters. This fact made them extremely depressed, and it also made the CAO family’s desire for this house even deeper.

With this house, those monsters would not be able to enter at all. They would have more capital to protect their lives. At the same time, their opportunities in the secret realm would also be greater. With so many benefits, third elder Cao’s heart burned with passion and excitement. His gaze towards Leng ruoxue became even more passionate.

No! He had to think of a good way to make these people go out on their own. Otherwise, if he missed such a good opportunity, he would regret it for the rest of his life.

At the thought of this, third elder Cao took the initiative to walk to the side of Leng ruoxue and the rest. He said with a heavy expression,“”Miss Leng, although it is safe to stay in the house, in the long run, our food will also be exhausted. So, we have to find a way to get rid of those monsters as soon as possible!”

“Third elder Cao, even the weakest among you is a Godking. Is there a need for you to care so much about food?” Feng Da asked with a puzzled look after hearing elder Cao’s words. His meaning was obvious-you won’t be hungry even if you don’t eat, so why are you worrying about food?

"I'm just worried about you guys!" Third elder Cao cursed in his heart, but his words were very understanding. He knew that these people's three meals a day were very timely. It was impossible to make them eat less. Therefore, he felt that this was the best excuse.

"Many thanks for third elder Cao's consideration. You don't need to worry about our Affairs. Special times call for special treatment. It's no big deal to skip a meal." Feng Da said with a smile.

"Even if you don't care about food, it's not a good idea to hide in the house all the time! We can't just stay in the secret plane and not go out, right?" Elder Cao san's mind raced as he thought of another reason that he thought was the best.

"What do you think, third elder Cao?" At this moment, Leng ruoxue asked as the third elder of the CAO family wished.

Elder Cao San was secretly happy, but his face remained calm,""Miss Leng, let's fight these monsters to the death!" The reason why he made such a suggestion was because he was too confident in his own abilities. He believed that he would definitely be able to survive under the siege of those monsters. Once Leng ruoxue and the others died, this divine weapon would belong to the CAO family.

"Third elder Cao, what's the difference between fighting them and us going down to the bottom of the valley?" Leng ruoxue looked at the third elder of the CAO family with a puzzled expression. Her beautiful eyes were filled with anticipation, hoping that he would clear her doubts.

"Miss, of course there's a difference. The only difference is that we won't have to reach the bottom of the valley to be killed by them. " Feng Da sighed as he looked at the third elder of the CAO family with resentment.

"I won't! If your lives are in danger, you can just enter the house. Furthermore, we will do our best to protect you. " Elder Cao San hurriedly said.

Do your best to protect them? When Feng Da heard this, he wanted to laugh in his heart. Wasn't this statement a little too watered down? He said that he would do his best to protect them, but if they didn't do their best and killed them, would they become ghosts and come to the CAO family to settle the score?

Thinking of this, Feng DA's mouth twitched slightly, revealing a somewhat timid smile,""Third elder Cao, although you have the intention, we can't hold you back. So, there's no need to protect us. Why don't you go out and kill them yourself? With your strength, isn't this a simple matter?" After he finished speaking, he looked at third elder Cao eagerly with an extremely expectant gaze, making the fire in third elder Cao's heart rise.
