### Chapter 1731: Scheme (4)

These cowards! He didn't dare to go out and court death, but he actually wanted them to go out. This was preposterous! Third elder Cao's heart was filled with hatred. At this time, he was just like Cheng Xian 'er, forgetting that he was the one who had suggested this idea. The only thing on his mind was Feng DA's evil deeds!

"Third elder Cao, I'll leave it to you." Lin Yuan looked at the uncertain expression on the CAO family's third elder's face and agreed.

"Miss Leng! What do you say?" When the CAO family's third elder heard the two of them echoing each other, he suppressed the anger in his heart and turned to ask Leng ruoxue.

"Do you want to hear the truth, third elder Cao?" Leng ruoxue asked with a smile.

"Of course!" Elder Cao San nodded.

"Then I'll say it. In fact, I also think that this idea is good. If we go out, we'll just be courting death. However, elder Cao San and the others are all extraordinary. It'll be easy for them to go out and deal with these monsters. I ... Am looking forward to it." Leng ruoxue answered honestly. She didn't feel that her words were anything to be ashamed of. Since third elder Cao wanted to get them out of here and harbored evil intentions, what was wrong with her giving him a taste of his own medicine?

Leng ruoxue's words rendered third elder Cao speechless. Could he say, 'if you guys don't go out, we won't go out either'? In reality, his main goal was to make Leng ruoxue and the others leave the house. Only then would their accompaniment be worth it. However, who knew that the other party was as timid as a mouse and would not fall for it. This made him feel a sense of defeat.

"Third elder Cao, I'll send you out! If there's any danger, I'll let you in immediately, I promise." Leng ruoxue saw that third elder Cao had not spoken for a long time, so she made a solemn vow. The expression on her face was also extremely sincere.

When the demon saw Leng ruoxue's expression, he was already laughing in his heart. Xue 'er was really cute when it came to scheming! However, he deserved it. Who asked these guys to have bad intentions? Hmph! They dared to bully Xue 'er. Even if they died, he would not let them have an easy time.

On the other side, the third elder was riding a Tiger and couldn't get off. His face was filled with embarrassment, but Cheng Xian 'er's days in the valley were also not good.

She had been captured after being discovered by the monsters in the valley. However, the monsters didn't kill her. Instead, they brought her to the hall deep in the valley.

A middle-aged man in Black sat on the throne in the hall. The man was tall and had ordinary facial features. The aura on his body was very powerful. At this moment, his expression was serious, and a trace of ruthlessness was faintly visible in his shrewd eyes. His tightly pursed lips revealed a trace of impatience.

And now, Cheng Xian 'er was trembling as she knelt in front of him. At this time, Cheng Xian' er was in an extremely sorry state. Her clothes were in tatters from the excessive struggle she had put up. Her head was lowered, and she didn't dare to look at the man on the throne.

"Who is the one kneeling?" The middle-aged man said knowingly.

Hearing this question, Cheng Xian 'er's body trembled even more. Her lips slightly moved, but she couldn't say a single word.

"His Excellency is asking you a question! Don't pretend to be mute!" At this time, a black-clothed man behind Cheng Xian 'er ruthlessly kicked her. With a ' plop 'sound, Cheng Xian' er fell to the ground in a large arc.

"You're so bold! You actually dare to treat me like this! Do you know who I am?" Cheng Xian 'er, who had been kicked to the ground, suddenly came back to her senses. The eldest miss's temper had risen again, and she had even forgotten where she was.

"Hahaha! I don't care who you are! You're our prisoner now, so we're being polite to you! In a while, when we draw out your blood and drain your divine power, we'll feed you to those monsters. Your life will be over. At that time, you can go to hell and throw your Missy temper!" The black-robed man laughed maniacally as he spoke of Cheng Xian 'er's fate.

"No, no! You can't treat me like this. I, I'm a young lady of the Cheng family, you can't treat me like this!" Cheng Xian 'er stammered incoherently after hearing the black-clothed man's words.

"A young lady of the Cheng family? What was that? In our eyes, you're just a piece of trash that can provide us with fertilizer. As for your identity, it's useless to us. " The Man in Black said sarcastically. Actually, what he wanted to say was, what was the Miss of the Cheng family? they had many humans whose status was above her.

Hearing the black-clothed man's words, the fear in Cheng Xian 'er's heart grew even deeper. This was because the other party didn't care about her identity at all. This, what was she going to do? What did they care about? She thought hard.

"Take her away!" At this moment, the middle-aged man on the throne spoke.

"Yes!" "Yes," the black-robed man replied. Then, he picked up Cheng Xian 'er from the ground and prepared to drag her out of the hall.

"Don 't! Wait a minute! I have something to say! I'm sure you'll be interested in this. " Cheng Xian 'er cried out in desperation.

"What else do you have to say?" The middle-aged man on the throne narrowed his eyes and asked. The black-robed man who was dragging Cheng Xian 'er also stopped when he heard the middle-aged man's words.

"If ... If I tell you, can you let me go?" Cheng Xian 'er mustered up her courage and began to talk about her conditions.

“You’re just a prisoner. You don’t have the right to negotiate with me.” The middle-aged man impatiently said in a cold voice. He then waved his hand, indicating for the black-clothed man to take Cheng Xian ‘er away.

“Wait! I say! I’ll say it!” Seeing this, Cheng Xian ‘er, who was prostrating on the ground, hurriedly said in fear.

“Quickly say it! Don’t play mind games with us! Otherwise, if you anger His Excellency, you will die even faster!” The Man in Black reprimanded. After he finished speaking, he kicked Cheng Xian ‘er’s body.

“I ... I know someone who has a spatial artifact that can allow people to live in it,” The terrified Cheng Xian ‘er said in a spurt of energy.

### **Chapter 1732: Hostage (1)**

When Cheng Xian ‘er had just called out about this matter, the regret in her mind had disappeared in a flash. However, she then thought about it again. The fact that Leng ruoxue had a spatial God tool that could accommodate people probably couldn’t be kept a secret. With these mysterious people around, it would be even more difficult for her to obtain that God tool. Since that was the case, why not make good use of the God tool before it was exposed? at the very least, she had to find a way out for herself. Furthermore, she had to uphold the sour grape heart that if she couldn’t obtain it, no other woman could. Hence, it was natural for her to betray Leng ruoxue.

“A spatial artifact that can accommodate people? Are you sure?” The middle-aged man on the throne asked with interest.

Spatial divine artifacts that could accommodate people were as rare as Phoenix Feathers and Qilin horns in the divine realm. Moreover, in his memory, apart from that person who could casually make them, there were not many artifact Masters in the divine realm who could make such spatial divine artifacts. However, those old guys in the artifact Masters Guild should be able to do it. It was just that the materials to make such spatial divine artifacts were not so easy to gather. Otherwise, he would have asked them to make them long ago.

“Mm! I’ve been living there before, so I’m very sure.” Cheng Xian ‘er carefully said.

“Where do you live? It seems that someone you know has it! I really didn’t think that the dignified young miss of the Cheng family would be so despicable, betraying her own friend.” The middle-aged man sneered.

“She’s not my friend.” Hearing the middle-aged man’s words, Cheng Xian ‘er roared in a slightly crazed manner.

“Whether or not he’s your friend, since you’re living there, that person must be someone you know. But now you’ve betrayed him without hesitation. If I were him, I’d be completely disappointed in you.” The middle-aged man sighed. In fact, what he hated the most was this kind of person who changed sides with the wind and betrayed others. Although he wasn’t any better than this miss Cheng, this didn’t stop him from hating her.

“Man doesn’t do it for himself, and the heavens will destroy him. I only made the right choice, what’s wrong with that?” Cheng Xian ‘er tried to argue. Actually, she wanted to say, “even if I don’t say it, you’ll find out about it sooner or later.” However, she didn’t dare to say it. Because once she said something like that, the bargaining chip in her hand would be gone. Growing up in a super family, she knew very well what was the most important to her, and Leng ruoxue was her life-saving talisman.

However, she didn’t think about whether her so-called trump card would be useful to these people. Or, if she deliberately whetted their appetite, would they fall for it? In her heart, she had already determined that the spatial divine artifact that could accommodate people had an extremely powerful attraction, and no one could resist that charm.

“That sounds reasonable.” The corners of the middle-aged man’s mouth twitched, and he continued, “Who does the divine weapon you speak of belong to?” She had made the right bet. He was indeed very interested in that divine weapon.

“The owner of the divine weapon is a woman. She’s not very strong, only at the deity level. If you can catch her, the divine weapon will naturally belong to you.” Cheng Xian ‘er suggested. In her heart, she was secretly happy with her suggestion. Hmph! Since she was caught, that damned woman wouldn’t have an easy time either. Since she was unwilling to accompany her to the bottom of the valley, she would let these people go outside the valley to deal with them. She thought to herself and felt a little smug.

If Leng ruoxue was caught by them as well, she would be able to vent her anger.

“You only need to tell me who the owner of the divine weapon is. You don’t need to command me.” The middle-aged man listened to Cheng Xian ‘er’s suggestion, but his face didn’t reveal a trace of joy. Instead, his face became stern.

The middle-aged man’s words caused Cheng Xian ‘er’s heart to skip a beat, and she immediately realized that she had made a mistake. However, she quickly adjusted her state of mind and forced herself to remain calm, “The owner of the divine weapon is called Leng Xue. She’s a rogue cultivator without any family. She’s outside the valley now.”

Actually, Cheng Xian ‘er didn’t know what Leng ruoxue’s name was. She only knew that her surname was Leng. However, Cheng Xian ‘er had heard that demonic man call her Xue ‘er, so she naturally thought that her name should be Leng Xue.

Leng Xue! She was indeed cold-blooded and disloyal. If that damned woman was willing to come down with her subordinates, she would not have been caught by these people! Right now, she had already pushed the blame of her capture onto Leng ruoxue. Hence, her hatred towards Leng ruoxue had deepened by another level.

After Cheng Xian ‘er finished speaking, the middle-aged man on the throne gave the black-robed man beside her a look. The black-robed man nodded and left the hall.

A moment later, the black-robed man returned and nodded to the middle-aged man on the throne.

At this time, Cheng Xian 'er, who was kneeling on the ground with her head lowered, had no idea that in just a short time, the other party had already gone out to verify and prove that what she said was true. However, the middle-aged man on the throne remained silent, which made her heart tremble with fear.

Cheng Xian 'er kneeled on the ground, her heart in her mouth. The cold sweat on her body had soaked her already tattered clothes. At this moment, she had never felt so nervous before. This was because a single sentence from the middle-aged man could determine her life and death. However, the other party had remained silent.

"Take her away!" After a long while, the middle-aged man slowly spoke.

"Yes!" "Yes!" The black-robed man replied. Immediately after, he grabbed Cheng Xian 'er by her collar and prepared to take her out.

"Don 't! I don't want to go out. I've already told you such an important thing, so please let me go!" Cheng Xian 'er sobbed as she tightly hugged the pillar closest to her. No matter how hard the black-clothed man tried to pull her, she refused to let go. She was afraid of death, but she didn't want to die. She knew that once she left this place, she would have no way out. So, before she got the other party's promise, she would not leave this place.

"Let go! Otherwise, I'll just cut off your hand. " The Man in Black threatened angrily. This woman actually caused him to lose face in front of the Lord. This was outrageous. He would not let her go.

"I, I told you such important information. Why won't you let me go?" Cheng Xian 'er said in disappointment.

"Did I say that I would let you go if you told us about this?" The middle-aged man's ordinary face finally revealed a smile.

"No, it shouldn't be like this," The middle-aged man's words dealt a heavy blow to Cheng Xian 'er, who muttered to herself.

"Why shouldn't it be like this? Even if you don't tell us, we'll still find out, right?" The middle-aged man was getting impatient. He said to the Man in Black as if he was shooing away a fly, "Hurry up and pull her down."

"Yes!" The black-robed man's face was gloomy. With a thought, a long blade emitting a cold aura appeared in his hand. With a Flash of the Blade, a silver light quickly chopped toward Cheng Xian 'er's wrist ...

The corner of Cheng Xian 'er's eyes felt an unusual cold light, and she instinctively retracted her hand. The black-clothed man took the opportunity to pick her up and bring her out of the hall.

## **Chapter 1733: Hostage (2)**

After they left, the middle-aged man on the throne waved his hand gently and a light screen appeared in front of him. The scene outside the valley was displayed on the light screen.

At this time, outside the valley, there was a small three-story building. From the outside, it looked very ordinary and didn't have any extraordinary features. However, the middle-aged man knew that this small building was the spatial divine artifact that Cheng Xian 'er had mentioned.

Looking at the unremarkable house, the middle-aged man's eyes revealed a trace of eagerness. In the entire divine world, there was no one who would not want to own such a house. Unfortunately, the value of this house could not be measured by money. However, he could not understand how the owner of this house could only have the strength of a God. Could it be that he was hiding his strength? After thinking of this possibility, the middle-aged man's expression became serious.

He waved his hand again, and the light screen disappeared. The middle-aged man sat on the throne for a long time, deep in thought.

A week later.

Leng ruoxue and the rest continued to stay in the house, eating and drinking as they should. The number of monsters surrounding their house increased, but they were unable to do anything to the sturdy house. They could only roar and rage outside, and use their bodies to RAM against the walls of the house ...

Even so, the house was still as stable as Mount Tai, not even shaking in the slightest.

With no other way out, the monsters went even crazier like trapped beasts. They let out deafening roars from morning to night and relentlessly hit the solid houses with their bodies ...

Feng Da and the rest, who were in the house, treated their crazy actions like a joke. They would point at the monsters from time to time. In their boredom, they even organized a monster competition to determine the strongest and most physically fit monsters for the top three. When Leng ruoxue found out about this, she was speechless.

In the garden of the house.

The elders of the CAO family looked at the crazy actions of the monsters through the light screen. They were very uneasy. They were afraid that these monsters would break through the defense of the house and rush in from the outside. The number of monsters outside was nearly three times that of the ones they had encountered.

Other than feeling uneasy, third elder Cao felt even more aggrieved. Ever since a few days ago, he had been pushed into a corner by Leng ruoxue and the rest. He had also thickened his skin and did not go out. He felt that he had lost even more of his status in the eyes of Feng Da and the rest. Not only that, but they were also looking at him with slight disdain, which made him feel as if there was a dagger on his back. It made him feel very uncomfortable. However, when he saw the Black Mass of monsters outside, he really did not have the courage to go out. Therefore, he said, He had been very quiet for the past few days.

"Miss! There are more and more monsters. It seems like we are trapped here." Feng Da looked at the screen and frowned.

"Yup! But what can we do?" There was nothing Leng ruoxue could do against these ugly monsters. She had heard about their unique characteristics from the CAO family's elder and knew that these monsters

were unkillable. Furthermore, she believed that these monsters were only the tip of the iceberg in this secret realm. If they were to leave this house, they would be drowned by the monsters in the next second.

“Young lady Leng, could it be that we are really going to be trapped in this Mystic realm?” An elder from the CAO family who heard their conversation couldn’t help but interrupt.

“Do you have any good ideas?” Leng ruoxue raised her brows and asked indifferently. When the elder of the CAO family heard her question, he was so scared that he didn’t even dare to make a sound. What happened to their third elder earlier was still fresh in their minds.

Leng ruoxue saw that the elder had fallen silent and did not say anything else. Instead, she stared at the light screen in deep thought. No one knew what she was thinking.

For a moment, everyone was silent.

Without realizing it, Leng ruoxue and the rest had been trapped in the house for almost a month. The elders of the CAO family had slowly gotten used to it, but the monsters’ tempers were getting more and more violent. Furthermore, they were becoming more and more unorganized, only knowing how to charge around.

In the hall deep in the valley, a middle-aged man sat on the throne with a frown on his face. The expression on his face was dark and gloomy. When the black-clothed man beside him saw this, cold sweat began to flow down his forehead.

Daren’s silent and gloomy appearance made him tremble with fear. The more silent this Daren was, the greater the anger in his heart. Once this Daren was in a bad mood, the unlucky ones would be his subordinates, so he was under a lot of pressure.

“Go and bring that woman from the Cheng family here.” The middle-aged man ordered after a long while.

“Yes!” The black-robed man replied, then turned around and left the hall.

A few minutes later, Cheng Xian ‘er was once again brought to the main hall.

At this moment, Cheng Xian ‘er’s face was abnormally pale, and she was walking on air. Moreover, her originally bright eyes had become abnormally dull, and there was even a trace of fear in them.

When she was still some distance away from the throne, Cheng Xian ‘er knelt on the ground in fear. Her body was trembling like a Fallen Leaf in the autumn wind, and her head was very low. At this time, she was a lot more Haggard than last time. She looked very thin and weak, and she was obviously not as lively as last time. It could be seen that she had suffered a lot during this time.

The middle-aged man looked down at Cheng Xian ‘er, who was no longer in her human form, and said indifferently, “Miss Cheng! Do you know why I called you here?”

“I, I don’t know.” Cheng Xian ‘er replied in a low voice.

“Miss Cheng, have you seen our methods during this time?” The middle-aged man asked with a faint smile.

When Cheng Xian ‘er heard this, her face turned even paler, and her body trembled even more. She had witnessed that these people were all demons. She didn’t want to recall what had happened during this period of time, but this man had to remind her. This fact made her feel sad and angry.

She hated it! He hated these guys who treated them like beasts and kept them in captivity. The last time she was taken away from here, she was brought to a basement. There, she saw many people from other families. Although she didn’t know most of them, they had a common thing to do there, which was to constantly eat blood-replenishing pills as food. After that, they were drained of their blood day and night. The blood that they shed was watered on a strange flower in a blood pool in the corner of the basement.

The flower looked like a lotus, but it was not. The flower was red and gorgeous. She had never seen such a beautiful and bright flower in her life. However, the flower sucked blood, and it was her blood. Therefore, no matter how beautiful the flower was, it made her feel a deep disgust. The flower seemed to know what she was thinking. Every time it sucked her blood, it made her feel unbearable pain. After being tortured like this for nearly a month, she became thin and weak. Her mind was constantly in a state of tension. At the same time, the hatred in her heart had accumulated to an unimaginable level. She hated these demons, hated those beautiful yet vicious flowers, and also hated Leng ruoxue.

### **Chapter 1734: Hostage (3)**

If Leng ruoxue and the rest had been willing to follow her down to this Valley, she would not have been the only one suffering. In other words, she would not have had to go through all this. After all, Leng ruoxue had such a divine weapon and would definitely be able to protect them. But now, she was the only one who was suffering all this. How could she not hate her?

Even though she hated these demonic Men in Black, she hated Leng ruoxue even more. Why was she suffering here while that woman was free? She didn’t need to think to know that they were definitely hiding in the house now! This fact caused the hatred in her heart to gnaw at her heart like a venomous snake, and it also made the hatred in her heart grow and spread like wild grass.

The middle-aged man’s words caused Cheng Xian ‘er’s mind to spin. Fear, terror, and anger intertwined with each other. These intense emotions caused her to almost collapse. Moreover, she didn’t quite understand the purpose of the black-clothed man’s words. However, her mind was still tense, and her back was already soaked. She could only force herself to kneel in front of the middle-aged man.

Looking at Cheng Xian ‘er’s pale face and her silence, the middle-aged man’s mouth twitched and he said in a soft voice, “Miss Cheng, I invited you here to ask for your help.”

“Help with what?” Hearing these words, Cheng Xian ‘er unconsciously raised her head. Her dull eyes stared at the middle-aged man, trying to see if he was telling the truth.

“You’ve been suffering for the past month, but your comrades have been hiding in their houses and refusing to come out. They’re even more unwilling to come and save you. Don’t you hate them for being so disloyal?” The middle-aged man asked with a smile.

“I hate!” Cheng Xian ‘er said in a low voice, a trace of anger flashing across her face.

“Since you hate them, do you want to take revenge?” The middle-aged man tempted.

“I want! However, I’m afraid I don’t have that ability.” Cheng Xian ‘er said in disappointment.

“What if I say I can help you? However, you have to think of a way to make them come out of the house. Otherwise, I can’t do anything to them if they keep hiding inside.” The middle-aged man said helplessly.

“I ... I don’t know how to get them out.” Cheng Xian ‘er stammered. She understood what the middle-aged man was trying to say. He wanted her to find a way to lure them out. However, she wasn’t sure if those people would walk out for her. After all, other than her brother and the CAO family, she didn’t have a good relationship with Leng ruoxue and the others. Furthermore, she wasn’t a fool. She wouldn’t give the middle-aged man random ideas. If it didn’t work, she would be the one suffering again. Most importantly, she said, She wasn’t confident that Leng ruoxue and the rest would be controlled by this middle-aged man because of her. She was well aware that she didn’t have such a high status in that detestable woman’s heart.

“What if I use you as a hostage to threaten them?” The middle-aged man said. He could tell that Cheng Xian ‘er was playing dumb, but he didn’t plan to expose her. After all, he still had a use for this woman.

“I don’t have a good relationship with them, I’m afraid they won’t be fooled.” Cheng Xian ‘er said hesitantly. Although she was also afraid that the middle-aged man would vent his anger on her, if she were to swear that Leng ruoxue and the others were not tricked out of the house in the end, she was afraid that her fate would be even worse. Therefore, she did not dare to lie. However, in the ears of the middle-aged man, her words seemed to be an excuse.

“That means you have no value at all!” The middle-aged man said angrily. Then, he turned to the black-clothed man beside him and ordered, “Take her away! From today onwards, there’s no need to give her any blood-replenishing pills.”

The meaning behind the middle-aged man’s words was very obvious. He wanted Cheng Xian ‘er’s life. Thus, when Cheng Xian ‘er heard this, she was so frightened that she hurriedly said, “Although I’m not sure if I can make them walk out of the house, I can give it a try. Please give me a chance.”

She didn’t want to die! Although she was being sucked dry every day, at least she was still alive. Moreover, during this period of time, she had seen many people’s tragic state after death. Not only were their blood and divine power all drained, but they also became food for those monsters. As long as she thought of this, the fear in her heart could not be suppressed and spread from the bottom of her heart. She was afraid of death. She did not want to end up like those who had no value. She even held a trace of expectation in her heart. Someone would come and save her.

“Since miss Cheng is so insistent, it would seem like I’m not being kind if I don’t give you a chance to perform. I’ll give you a chance, but you have to remember that a person with no value is a waste in my

eyes. This kind of person is a waste of air, and the end of a waste is usually not good, so you have to treasure this opportunity. ” The middle-aged man said seriously.

“I’ll do my best,” Cheng Xian ‘er said through gritted teeth.

“I’m looking forward to miss Cheng’s performance. Take her out of the valley. ” The middle-aged man instructed the black-clothed man beside him.

“Yes!” The Man in Black replied. Then, he picked up Cheng Xian ‘er like he was picking up a little chick and brought her out of the hall.

The black-robed man brought Cheng Xian ‘er and teleported out of the valley. When the monsters outside the valley saw the black-robed man, they actually made way for him. Their earth-shaking roars became even louder, as if they were complaining to their superior and venting their dissatisfaction.

The Man in Black waved his hand to comfort them, and the monsters became as obedient as babies and quieted down. Following that, the black-robed man carried Cheng Xian ‘er to the door of the house and threw her in front of him. He then loudly said, “You guys know this woman, right? If you’re still hiding in the house and not coming out, I’ll kill her!”

After he finished speaking, he kicked Cheng Xian ‘er to the ground and stepped on her.

“Save me!” Cheng Xian ‘er’s tears flowed.

The humiliated Cheng Xian ‘er’s heart was overflowing with hatred. Even though she did not dare to say that she was the most pampered young lady in the Cheng family, she had always gotten whatever she wanted since she was young. When had she ever been humiliated like this? especially in front of Leng ruoxue and the others who she looked down on. This was even more unacceptable to her.

At this moment, she secretly swore in her heart that if she could leave this place alive one day, she would not let any of these people go. She would pay them back double for today’s shame!

At this moment, Leng ruoxue and the others who were in the garden of the house had also seen everything through the light screen. However, they did not make a sound or move. When Cheng Yi saw Cheng Xian ‘er who was being stepped on by the Man in Black, his expression changed and he shouted, “Xian ‘er!”

Cheng Yi’s heart ached as he looked at Cheng Xian ‘er, who was as thin as a match and had a Haggard expression. His heart was filled with mixed feelings. He had thought that Xian ‘er had long passed away. He had not expected her to still be alive. This fact made him extremely excited. However, looking at Xian ‘er’s current appearance, she must have suffered a lot. ai! Xian ‘er had never suffered like this in her entire life! For a moment, he felt guilty in his heart.

#### **Chapter 1735: Hostage (4)**

If he had been able to stop Xian 'er back then, or persuade Leng ruoxue and the others to follow Xian' er down to the valley, would Xian 'er not have to suffer all this? He couldn't help but think to himself. Although Xian 'er was a pain in the ass at times, she was still his sister. Seeing her in such a miserable state made him feel terrible.

"Miss Leng! Please save Xian 'er!" Seeing that Leng ruoxue and the rest did not have any reaction, Cheng Yi could not help but plead.

"Lord Cheng! I'm only a deity. Do you think I can save Cheng Xian 'er from the hands of that black-clothed man?" Leng ruoxue raised her brows and questioned him unhappily.

"I believe you will have a way!" Cheng Yi had flattered Leng ruoxue. Now, other than Leng ruoxue, he really did not know who else he could ask for help from. Furthermore, subconsciously, he also felt that Leng ruoxue was the only one who could save his sister.

"I have no choice! If even Lord Cheng, a God King, can't save your sister, then I, a God, can't even hope to do so." Leng ruoxue replied emotionlessly. To be honest, she was a little angry. It was obvious that the other party was trying to lure them out, and if they went out to save her, the other party would definitely attack them without hesitation. It was impossible for Cheng Yi to not see through the current situation, but he still wanted her to save her. Was he going to throw away the lives of so many people just for Cheng Xian 'er? I'm sorry! Cheng Xian 'er wasn't that important in her heart.

It didn't matter if she was disloyal, or if she didn't want to save her, but it was simply impossible for her to risk her life for Cheng Xian 'er, who had plotted against her.

"Miss is right! Young master Cheng, please calm down!" Feng Da agreed. He didn't have any thoughts of saving Cheng Xian 'er at all. Moreover, Cheng Xian' er only had herself to blame for falling into the hands of the other party. Why should they take the risk for Cheng Xian 'er, who they weren't even related to and had a bad relationship with? They weren't that kind of Saints, were they?

"If you don't want to help, then I'll go out and save them myself!" Cheng Yi said somewhat angrily. After he finished speaking, he turned around and walked in the direction of the gate.

However, he had only taken two steps when he was knocked unconscious by Lin Yuan.

As they watched Cheng Yi being dragged back to his original position, the elders of the CAO clan twitched their lips. They thought to themselves, 'these people are really heavy-handed. The dignified Godking has actually been knocked unconscious.'

"Third elder Cao, what do you think about this?" Leng ruoxue turned her gaze towards third elder Cao and the rest, who had a grave expression on their faces, and asked.

"Miss Leng, is there really no way to save Xianer?" Elder Cao San asked.

"What do you think? This is obviously a trap. If we go out, I'm afraid we'll fall into their trap. So, I don't agree to go out." Leng ruoxue spoke the truth. Now that they were on the same boat, they naturally had to advance and retreat together. As for Cheng Xian 'er, she could only pray for her own good.

"But, Cheng Xian 'er ..." Third elder Cao hesitated. He knew very well that Leng ruoxue was right. However, if he could save Cheng Xian' er, he would still want to do so. After all, Cheng Xian 'er was of

great use to him. At the very least, she could help the CAO family form a powerful in-law. So, he felt the pain of giving up on Cheng Xian'er just like that. However, as soon as he thought of the monsters gathered outside the house, his scalp went numb. The number of monsters was beyond his imagination, and he was not confident that he could retreat in one piece.

"Third elder Cao, I also sympathize with miss Cheng, but I can't risk so many of our lives. Moreover, you've fought with those monsters before, so you naturally know how difficult they are to deal with. So, you should know what our chances of winning are against so many monsters." Leng ruoxue spoke frankly. She believed that these elders weren't stupid and would know what to do. Furthermore, as a member of a top-tier family clan, they would usually only place the family's interests above all else. As for family ties, they were nothing in their eyes. When family ties and family clan's interests clashed, they would choose to sacrifice their family ties.

Although the other elders didn't say anything, Leng ruoxue was well aware that they weren't willing to sacrifice their lives for a mere Cheng Xian'er. As cultivators, it was very normal for them to be indifferent to their blood ties. After all, with the age difference, it was almost impossible for them to value family ties like ordinary people. Moreover, Cheng Xian'er could only be considered half a member of the CAO clan.

Leng ruoxue's words caused elder Cao San to go completely silent. The number of monsters had indeed caused him to forget and back off. Even at this moment, his desire to use those monsters to obtain this house had faded by quite a bit. Let me ask you, if a person's life could not even be guaranteed, then what was the use of having so much money? If one had money but no life to spend, one would not die in peace!

Seeing that they had come to an agreement, Leng ruoxue no longer paid any attention to the Men in Black who were shouting and cursing outside the door. As usual, they stayed in the house and did what they had to do.

In the blink of an eye, another half a month had passed. The black-robed man was still shouting and provoking outside the house, and his voice was mixed with Cheng Xian'er's crying. However, Leng ruoxue and the rest still ignored them. As for Cheng Yi, ever since he had been knocked unconscious when he tried to leave the house to save Cheng Xian'er, he had become much more well-behaved, and had even stopped mentioning the matter of saving Cheng Xian'er.

On a certain night.

Cheng Yi, who was not sleepy at all, got up from the bed and tiptoed to open the door. He walked to the courtyard and looked around. Then, he opened the door and ran out without hesitation ...

### **Chapter 1736: Intense battle (1)**

The reason why he chose to go out late at night was that, after careful observation, he found that everyone was already asleep at this time, so it was the most convenient for him to leave. He ignored the

guilt that had flashed through his mind and consoled himself. He had done all this to save Xian 'er. Xian' er was his sister, and seeing her suffer these days had cut his heart like a knife.

However, he knew very well that Leng ruoxue and the others would never allow him to leave the house. Hence, he could only pretend that he did not care for the past few days and successfully made Feng Da and the others let down their guard against him. After much consideration, he chose to take action tonight. However, he didn't expect to be surrounded by the monsters guarding the gate as soon as he went out ...

When Leng ruoxue noticed Cheng Yi's actions, she was in the purple bamboo house inside the bracelet with the demon. The moment she realized something was wrong, she immediately brought the demon out of the bracelet.

Although it had only been a few seconds, it was already too late when they came out.

This was because thousands of monsters had already entered the courtyard. Furthermore, there were still countless more monsters that were trying their best to charge into the courtyard. The moment Leng ruoxue and the demon appeared, they were surrounded.

Other than that, there were also monsters running toward the room ...

Leng ruoxue's heart was filled with regret when she saw this.

She shouldn't have been so careless and thought that everything was under her control. She shouldn't have let down her guard against Cheng Yi. It was her mistake, but she didn't want to hurt her grandfather and the others because of her mistake. Therefore, she blamed herself.

It seemed that she had underestimated Cheng Yi's feelings for his sister. She didn't expect that guy to be a person who valued family. The reason why Cheng Yi could open his door and walk out on his own was also because she was too lazy.

In the past, the people who lived in this house were all her own people. Therefore, in order to make it easier for them to enter and leave, she set the house so that anyone who could enter this house could enter and leave this house freely. Otherwise, they would look for her every time they entered and left this house, which would be troublesome. It was because of her laziness at that time that caused today's hidden danger. This fact made her deeply regret it.

As she looked at the ferocious monsters surrounding them, Leng ruoxue understood that a tough battle was about to be fought today. The sounds of fighting that came from nearby also let her know clearly that Feng Da and the rest had already started fighting with the monsters.

Just as he was thinking about this, uncle long ran into the yard with a steel fork in his hand and a small number of people.

"Little girl, don't be afraid! Uncle long is here." Uncle Dragon shouted. As he raised his Pitchfork, the monster closest to him was crushed to pieces. However, in the blink of an eye, the crushed monster immediately came back to life. Uncle dragon's eyes widened in disbelief. Then, he stabbed the Pitchfork at the monster again and quickly twisted his wrist. The monster was also crushed, but in the blink of an eye, the monster was back to life.

Uncle long didn't give up. After repeating this dozens of times, he was deeply depressed. These monsters were just like what the CAO family had said. They couldn't be killed at all. What should he do?

Even though he was depressed, uncle long still used his steel fork to sweep away the monsters surrounding him. While they were resurrected, he quickly led Lin Yuan and the rest into the encirclement of the monsters and gathered around Leng ruoxue and the demon.

"Little girl, are you scared by these ugly things?" After guarding Leng ruoxue's side, uncle long asked with a face full of concern. His bright eyes were staring vigilantly at the monsters that surrounded them. As long as these monsters dared to come close, he would not show any mercy with his steel fork.

"I'm fine!" Leng ruoxue looked at uncle long, then turned her beautiful eyes to Lin Yuan and said, "Is anyone hurt?" This was what she was most concerned about. If the people around her were injured because of this, she would blame herself even more.

"Miss! We're fine, but the captain and the others aren't as lucky as us. They're still fighting the monsters that broke into their rooms! We're worried about you, so we're here to help you." Lin Yuan explained.

After hearing Lin Yuan's words, Leng ruoxue was relieved. It was good that no one was injured. However, how were they going to deal with these monsters? According to green vessel's appraisal, these monsters were all made of flesh and blood. Although most of them were not very strong, just the fact that they could resurrect infinitely was enough to give people a headache.

At this time, the voice of the Man in Black came from outside the door again.

"Hahaha! Enjoy the feast I've prepared for you! I'll take care of this brother and sister for you." The Man in Black laughed proudly.

Hearing the Man in Black's words, Leng ruoxue knew that Cheng Yi had also fallen into his hands. Although she was a little angry at Cheng Yi for acting on his own initiative, she couldn't bring herself to hate that man. Although he had caused them to have to face the siege of these monsters, from Cheng Yi's point of view, he wasn't in the wrong. However, for the sake of Cheng Xian'er, he had put all of them in such a dangerous situation. This was something that she could never forgive.

At the thought of this, Leng ruoxue calmly provoked, "What kind of skill is it to send these unkillable monsters in? if you have the ability, come in yourself!"

"I'll go in by myself? This is your divine tool. If I go in, won't I fall into your trap and be forced to do whatever you want? I'm not that stupid. Besides, goading me won't work. I won't be fooled." The Man in Black said matter-of-factly. Any cultivator would know that it was quite dangerous to enter a divine weapon with an owner. The owner of the divine weapon could even manipulate them at will. So, how could he enter this house? moreover, they were enemies.

"However, if you cancel the ownership and give this house to me, I can enter without hesitation. Haha!" The Man in Black added. After he finished, he laughed wildly again.

“Did a donkey kick your head?” Leng ruoxue was rendered speechless by the Man in Black’s wild imagination. She could not help but mock him loudly. However, after she finished speaking, she suddenly recalled that there was no such animal as a donkey in the God World.

“Donkey? What’s a donkey?” As expected, the Man in Black had a look of confusion on his face. However, for these words to come out of Leng ruoxue’s mouth, he did not need to think to know that it was not anything good.

“The donkey is your ancestor!” Leng ruoxue said in an unpleasant tone.

When Lin Yuan and the rest heard their miss’s words, they couldn’t help but laugh wildly.

“Hahaha! So you’re a donkey grandson!” Lin Yuan spoke very loudly, afraid that the black-clothed man outside the door could not hear him.

“Dammit! I won’t let you off!” When the Man in Black outside the door heard this, he immediately flew into a rage out of embarrassment. However, out of caution, he still stayed outside the door. However, the number of monsters that rushed into the house increased, and the door was completely blocked. Even so, the monsters still tried their best to squeeze into the courtyard, even if the courtyard was already full of monsters.

### **Chapter 1737: Intense battle (2)**

“Don’t just talk with your mouth, come in if you have the ability!” Lin Yuan also provoked.

“Hmph! Even if I don’t go in, I’ll still be able to take care of you.” The Man in Black said confidently. After he finished speaking, he took out a silver whistle from his collar and blew it. The monsters in the courtyard started to move when they heard the whistle. After raising their heads and roaring a few times, they all started to attack Leng ruoxue and the others in excitement.

Seeing the monsters suddenly become even more excited, Leng ruoxue knew that the whistle had taken effect. In an instant, a sword as thin as a cicada’s wing and exuding a cold chill appeared in her hand. With a slight twist of her wrist, tens of thousands of fiery-red cold glints shot out in all directions. Those cold glints were like shooting stars or Phoenix Feathers, beautiful and extremely dazzling. When the cold glints hit the monsters’ bodies, many of them let out howls of pain ...

“Aowu!” With their painful roars, their bodies were set on fire. In the blink of an eye, the monsters hit by the cold light were turned into ashes.

After waiting for a few minutes, the monsters that had been turned into ashes were resurrected. However, their auras were much weaker after being resurrected, and their strength had decreased. Seeing this, uncle Dragon quickly shouted, “They’re afraid of fire. Those with fire attributes, attack them with fire. You must exterminate them!”

Lin Yuan and the others heard uncle Long’s words and personally witnessed the damage their miss’ meteor sword shower caused to the monsters. They also used all their skills and infused their own fire attribute divine power into their weapons, attacking the monsters along with the divine skill ...

In an instant, flames soared into the sky and a strong fire-attribute aura floated in the courtyard. The monsters that were attacked saw that their bodies were on fire. Other than letting out a few howls, they did not turn into ashes like when they were attacked by Leng ruoxue. Instead, they smacked out the flames on their bodies and pounced towards Lin Yuan and the rest with an angry aura ...

“Miss! Our flames are useless against them!” Lin Yuan, who nimbly dodged a monster’s attack, took advantage of the gap and said gloomily.

“Little girl! It seems like only your flames can harm them. ” Uncle long was dumbfounded by the scene. Then, he sent a message to Leng ruoxue,“”Little girl, let’s keep those monsters busy and distract them. Quickly use your fire attribute skills to destroy them. If it doesn’t work, burn them a few more times. We can’t let them resurrect again, or else we’ll die of exhaustion from just fighting them!”

“En!” Leng ruoxue nodded her head without a change in her expression. In her heart, she was quickly communicating with Qing Jue.

“Sister! Just use your Natal divine flame! I don’t believe that they’ll be able to come back to life after being burned by your Natal divine flame. ” Qing Jue did not believe this. Although his sister’s life flame had not completely evolved into the chaos flame, the power of that flame was already not to be underestimated. It should be known that the chaos flame was the top flame that could purify all evil in the world. Under the burning of the chaos flame, no living creature could survive. He believed that no matter how mysterious these monsters were, they would not be able to escape the chaos flame, even if his sister’s flame had not truly evolved into the chaos flame.

“Alright!” Leng ruoxue nodded her head. Previously, she had not added her own flames into meteor sword technique. Now, she would be able to test the might of the meteor sword technique that had been infused with her flames!

Although she hadn’t used the meteor sword technique for a long time, she liked it very much. The main reason was that when she used it, it was unbelievably beautiful. The meteors were like stars in the sky, and the brilliant brilliance was even more difficult to guard against. In her opinion, the meteor sword technique was more suitable for group attacks, especially when the enemy was these monsters. She didn’t have to worry about hurting the innocent. Therefore, she didn’t feel any pressure when she used it.

As he waved his meteor sword technique, which was infused with his Natal flame, a more dazzling flame than before leaped into the air. The flame was red with a hint of purple, and it contained a trace of heart-palpitating pressure. When uncle long saw the scorching flame for the first time, his expression froze as if he had thought of something, but he returned to normal immediately.

After the flames appeared, the monsters couldn’t help but feel a trace of instinctive fear deep in their hearts. This fear even made them have the urge to escape. However, before they could move, thousands of dazzling meteors arrived in front of them. The extremely high temperature directly scorched the monsters ‘hair. Then, the meteor flames hit them. In the next second, the monsters that were affected by the meteor were all reduced to ashes. This time ... They didn’t even have time to let out a howl.

After waiting for a while, they did not resurrect again. This fact made uncle long and the others heave a sigh of relief.

The monsters that were still alive looked at Leng ruoxue with fear in their eyes. Then, they covered their heads and fled like rats. Instantly, the courtyard was in chaos. Lin Yuan and the rest naturally would not let go of this opportunity to beat the dog while it was down. They waved their weapons and killed the monsters that ran to their side one by one. They resurrected and killed them again. In short, they could not let them run away. At the same time, Leng ruoxue took this opportunity to take care of most of the monsters that ran into the courtyard.

As the number of monsters in the courtyard decreased, some of them managed to escape. Leng ruoxue's beautiful eyes scanned the courtyard and said to uncle long and the others, "Uncle long, please take them to meet Feng Da and the others. I'll go to the door to take a look."

With that, Leng ruoxue and the demon walked towards the door.

At this moment, the monsters at the gate were panicking and fighting to be the first to run out of the gate. The Men in Black, who did not know what was going on, had big question marks on their faces.

"What are you guys doing? 'Damn it!' Who told you to run out like stray dogs? Go back and kill them!" The Man in Black ordered, but at this moment, the monsters, who were still in fear, did not listen to him at all. Moreover, as the monsters secretly communicated with each other, the many monsters who accompanied the Man in Black outside the door also knew that there was a terrifying woman in the house who could take their lives. In an instant, the monsters were all in a panic.

Looking at the monsters' reactions, the Man in Black was confused. Even he could not control these monsters that were panicking like headless flies. Damn it! What was going on?

It was only when he saw an outstanding couple walking out of the house that he realized. So they were the ones behind this.

"What did you do?" The Man in Black was hot-headed as he questioned her. At this moment, he had even forgotten about his enmity with Leng ruoxue. He had never thought that these two people would be able to escape from the monsters' encirclement so easily and even come to him. Now, he just wanted to know what the monsters' reaction was.

"I should be the one asking that!" Leng ruoxue said with a smile.

### **Chapter 1738: Intense battle (3)**

That beautiful smile dazzled the eyes of the black-robed man in front of him, causing him to be in a trance for a moment. Seeing this, the demon was not happy. Without moving his expression, a black divine force as thin as a hair flowed out from his finger and went straight towards the black-robed man.

The Man in Black didn't notice it at all. He only stared at Leng ruoxue in a daze. It was only when he felt a pain in his waist and abdomen that he suddenly came back to his senses.

'Damn it!' How could he be distracted at this time! The Man in Black was extremely annoyed. Then, he looked at Leng ruoxue and the demon with extreme vigilance.

After he came back to his senses, he clearly saw the fear of the monsters around him toward the two people. Only then did he realize how the two of them had escaped from the heavy siege of the monsters. This was truly too inconceivable. Could it be that they had some extraordinary means? At the thought of this, he grabbed Cheng Yi and his sister into his hands and was prepared to use them as bargaining chips to threaten Leng ruoxue and the rest.

"Save me! Hurry and save us!" Cheng Xian'er, who was being held hostage, saw that Leng ruoxue was completely unscathed, and the flames of jealousy in her heart burned even more fiercely. However, she still needed Leng ruoxue to save her life, so she could only hide her jealousy in the bottom of her heart.

When Cheng Yi saw Leng ruoxue, he lowered his head in shame. He was too embarrassed to ask for help. If it wasn't for him, Leng ruoxue and the others wouldn't have been surrounded by the monsters. If it wasn't for him making the decision on his own, he wouldn't have fallen into the hands of the Man in Black and become a hostage.

He wasn't sure what was going on in the house, but the thought of someone dying because of his selfishness made him feel guilty.

Leng ruoxue observed the siblings' completely different reactions without batting an eyelid. She laughed disdainfully in her heart. Cheng Xian'er's reaction was within her expectations, but Cheng Yi? What's the use of putting on a guilty look?

If her flame had not become the nemesis of those monsters, she was afraid that they would have ended up like the Cheng siblings and become the prisoners of the black-clothed man. Therefore, although she did not hate Cheng Yi, it was impossible for her to forgive him and even pretend that nothing had happened! However, she would spare his life for the sake of the Cheng family's head.

"Let them go and I'll let you live." After a long time, Leng ruoxue finally spoke.

However, her words were like a joke to the Man in Black.

"Hahaha! I didn't hear wrong, did I? You actually want to give me a way out? don't you forget whose territory you're standing on right now?" The Man in Black laughed maniacally, then mimicked Leng ruoxue's tone, "Hand over this house and I'll let you live."

"We don't need you to give us a way out," Leng ruoxue said with a smile that was not a smile. Now that she knew that her flames could kill these monsters and even prevent them from being revived, these monsters naturally posed no threat to them, let alone this Man in Black who only had the strength of a God King.

"You, you better not regret this!" Leng ruoxue's answer almost caused the Man in Black to lose his focus again. He subconsciously tightened his grip on the Cheng siblings in his hands.

"Don't worry! I won't regret this." Leng ruoxue chuckled.

"Oh, really? What about the two people in my hands?" The Man in Black said proudly. It was great to have a hostage now!

“What happened to them?” Leng ruoxue played dumb. She couldn’t help but sneer in her heart. Did this Man in Black think that she would compromise with these two as hostages? This pair of brother and sister didn’t have that much weight in her heart.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

“As long as you hand over the house, I’ll let them go. Otherwise, they can only die!” The Man in Black threatened.

“You think they’re worth the price of my house? Let me tell you the truth! I’m not related to them. Do you think I’d trade this priceless house for them for two strangers? I won’t pay for their mistakes. So, if you really want to threaten me, you’d better think of a better reason and get a hostage with some weight. Otherwise, it’ll be a waste of time.” Leng ruoxue suggested out of the kindness of her heart, and her words caused Cheng Xian ‘er to fly into a rage out of humiliation.

“Leave him to die? Why should I save you? I didn’t agree to go down to the valley back then, but who was the one who insisted on going down despite the obstruction? And who opened the door and let those monsters in? What did a certain someone say when he reached the bottom of the valley? If I get something good, don’t fight with me! What did I say back then? Miss Cheng, do you still remember? I said, if you get something good, we won’t fight with you, but if you encounter danger, don’t expect us to save you. I was right, wasn’t I?”

“Leng Xue! How can you be so heartless? we’re acquaintances after all, how can you leave us in the lurch?” After hearing Leng ruoxue’s words, Cheng Xian ‘er questioned her with a face full of grief and anger.

On the other hand, the black-robed man who was holding her revealed a trace of pride on his face, and secretly thought, “as expected of the daughter of a large family. Look at this eloquent and inexplicably disappointed little face, those who don’t know would think that she is really miserable!” In reality, he agreed with Leng ruoxue’s words.

“Leave him to die? Why should I save you? I didn’t agree to go down to the valley back then, but who was the one who insisted on going down despite the obstruction? And who opened the door and let those monsters in? What did a certain someone say when he reached the bottom of the valley? If I get something good, don’t fight with me! What did I say back then? Miss Cheng, do you still remember? I said, if you get something good, we won’t fight with you, but if you encounter danger, don’t expect us to save you. I was right, wasn’t I?” Leng ruoxue said with a smile.

“Now that miss Cheng is in trouble, if we don’t save her, we’ll be leaving her in the lurch. But what if you find the treasure? Will you share it with us? And Cheng Yi, did you think about our safety before you went out? Don’t tell me you’re trying to save your sister! Hmph! I don’t blame you for wanting to save my sister, but the price you paid for saving my sister was almost causing us to lose our lives. Now you think we still have an obligation to save you? I’m not a saint. It’s already good enough that I didn’t take revenge on you, and you still want me to save you? And you want me to use this house to exchange for you? This is simply a fool’s dream!” Leng ruoxue continued.

Her words made Cheng Yi feel even more ashamed. He really did not have the face to ask them to save him, because when he opened the door of the house and left, he did not think about what they would do. He only wanted to save Xian 'er, so he had no right to ask her to do anything for him!

Although Cheng Yi thought this way, Cheng Xian 'er's thoughts were the complete opposite.

In Cheng Xian 'er's heart, she was in trouble. No matter what the reason was, the other party should save her. If he didn't save her, then it would be his fault. She wouldn't think about the cause of the incident. She only knew that it was natural for the other party to save her. After all, she was a direct young lady of the Cheng family. It could be said that Cheng Xian 'er's thoughts were not only self-righteous, but also quite arrogant. Of course, this was largely determined by her personality.

Personality determined one's fate. This saying was indeed true.

After Leng ruoxue's words, Cheng Xian 'er shamelessly quibbled, "That was then and this is now. I did say those words, but I didn't expect to be caught back then, so those words can't be counted on! Moreover, we are from the Cheng family, saving us will only be good for you, no harm! You must know that many people would love to curry favor with us, so you must cherish this opportunity!"

#### **Chapter 1739: Intense battle (4)**

Cheng Xian 'er's words were Grand and majestic. Leng ruoxue should have been angry after hearing them, but instead, it made her laugh.

"Hahaha! Miss Cheng is indeed a young lady of a big family, you're so good at shamelessly saying such things. This little girl is really in awe!" Leng ruoxue sighed. Actually, after knowing that those monsters were afraid of her flames, it wasn't difficult for her to save Cheng Xian 'er. However, Cheng Xian 'er's words and actions were simply too infuriating, causing her to lose all intention of saving her. Furthermore, she was afraid that even if she saved her, she wouldn't be able to do well. In fact, Cheng Xian 'er might even think that it was only natural for her to do so, and that she was the one who wanted to curry favor with the Cheng clan's young miss. Thinking of this, Leng ruoxue felt a little conflicted.

This Cheng Xian 'er wasn't her friend, and she was so annoying. If she really saved Cheng Xian 'er, she was afraid that her heart would be filled with panic. However, she wouldn't deliberately try to kill Cheng Xian 'er. Forget it, let's just leave it to fate!

She wouldn't take the initiative to save Cheng Xian 'er. If Cheng Xian 'er's life was strong enough to last until they exterminated all these enemies, then she wouldn't die. Thus, they could only count on Cheng Xian 'er and her sister's luck.

"I'm telling the truth!" Cheng Xian 'er roared in anger.

"I'm not interested in whether it's true or not." Leng ruoxue said coldly. Following that, she turned her gaze to the Man in Black and said, "You've seen miss Cheng's performance. Do you still think that I'll use this house to exchange for the siblings?"

“You’re really not afraid that I’ll kill them?” The Man in Black asked, unwilling to give up. However, he was thinking to himself that it would be useless to threaten the other party with these worthless siblings! How did this happen? He was extremely disappointed.

“Whatever you want! I’m not a member of the Cheng family, so I naturally don’t care about their lives!” Leng ruoxue said heartlessly.

“If that’s the case, I’ll kill them now!” The Man in Black shouted fiercely. However, after he finished speaking, he saw that Leng ruoxue didn’t even bat an eye. Seeing this, he was even more disappointed. With a thought, a long knife appeared in his hand. The cold blade was already close to Cheng Xian ‘er’s tender neck in the next second. He’d make his first move on this woman. It’s all this woman’s fault!

“Don’t! Don’t kill me! Young master big brother, save me!” The cold blade pressed against the skin of her neck, and the fear of death crept into Cheng Xian ‘er’s heart. She immediately screamed out in fear, but this time, she called out ‘ young master big brother ‘.

Leng ruoxue was not willing to save her, but big brother young master would definitely save her. After all, they were all blood-related members of the Cheng family. Big brother young master would definitely not leave her in the lurch. After thinking about this, she cried out even louder.

“Big brother young master! Quickly come and save me!” Cheng Xian ‘er’s hoarse voice was in stark contrast to her pale and weak face.

“Don’t quarrel!” The Man in Black roared impatiently. He pushed the blade in slightly, and in the blink of an eye, a stream of red blood flowed down the blade ...

“Argh! Don’t kill me! I don’t want to die! Young master big brother, save me!” Cheng Xian ‘er screamed in fear. She knew that if this black-robed man said he would kill her, he would definitely kill her. This was because this black-robed man had long disliked her. However, she didn’t want to die! At the thought of this, she struggled violently. However, the more she struggled, the deeper the blade went into her tender neck, and more red blood flowed out from her pale neck.

“F \* ck! I said not to argue!” The black-robed man’s patience was exhausted. He pulled back the knife in his hand and directly stabbed it into Cheng Xian ‘er’s abdomen. In an instant, Cheng Xian ‘er didn’t even have time to cry out before her body softly fell to the ground.

“Xian ‘er!” Seeing this, Cheng Yi’s bloodshot eyes looked like they were about to crack as he screamed in pain.

“You siblings can reunite in hell!” The Man in Black said angrily. People who had no value were not worthy of living in this world. So, he sent the siblings on their way.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

After saying that, the black-robed man sent a palm strike towards Cheng Yi’s dantian, shattering all of his internal organs. Cheng Yi’s eyes widened in disbelief, and he fell to the ground beside Cheng Xian ‘er.

“It’s your turn next. ” After killing the Cheng siblings, the Man in Black shifted his gaze to Leng ruoxue and the evil demon.

“Is that so?” Leng ruoxue laughed coldly as if she had heard a great joke.

“I’ll let you know what we can do.” The Man in Black said confidently. Then, he gave an order to the monsters, “Kill them! Don’t leave a single one of them alive!”

However, after he said that, the monsters only looked at each other. No one dared to move, and the fear in their turbid eyes became more and more obvious.

“Dammit! Do you dare to disobey my orders?” The Man in Black was furious. These monsters had always been very obedient, but now they didn’t respond to his words. It was preposterous! He didn’t understand the logic behind it, but in front of Leng ruoxue and the others, these monsters ignored his orders. This made him lose a lot of face, and it also caused the anger in his heart to burst out.

The Man in Black realized that direct orders were useless against these monsters, so he had no choice but to take out his trump card, which was The Silver Whistle. This was the best weapon to control them.

After the whistle was blown, the monsters on the scene instinctively started to roar at the sky again. They were ready to move, but the fear in their hearts could not make them charge around like before. However, with the whistle, they could not fight back.

“Tutu! Whoosh!” Seeing that the monsters were not so obedient, the Man in Black blew the whistle again ...

This time, the whistle was loud and sharp, completely different from the previous ones. When the monsters heard the whistle, they immediately went crazy. Their eyes turned blood red and a ruthless aura exploded from their eyes. They looked at Leng ruoxue and the evildoer with a murderous look. In the next second, the monsters surrounded them ...

Leng ruoxue’s eyes flashed with understanding as she looked at the monsters surrounding them. She knew that the whistle had caused these monsters to lose their minds. They had gone mad and were now a group of fighting machines that were not afraid of death. Their target was her and the demon.

“Xue ‘er! Be careful!” The demon reminded them softly, his eyes that were as bright as the stars were vigilantly staring at the monsters that surrounded them.

“Mm! Evildoer, there are so many monsters here. I wonder if the two of us can handle them.” Leng ruoxue’s beautiful eyes revealed a trace of worry as she pretended to be afraid.

“Hahaha! You’re all going to die today!” Hearing Leng ruoxue’s words, the Man in Black rushed to reply. The expression on his face became more and more smug.

“Is that so?” Leng ruoxue smiled faintly. What an arrogant fellow! However, this was good. She liked stupid opponents like this. It didn’t take too much effort to deal with them.

“Of course!” The Man in Black was extremely pleased with himself. He looked at Leng ruoxue with a pitiful gaze and said, “If you surrender and hand over the house, I might let you live. Otherwise, you’re dead.”

“Really?” Leng ruoxue asked with a look of disbelief.

“Of course, as long as you surrender.” The Man in Black nodded.

“But I don’t believe you. What should I do? Furthermore, I have no intention of surrendering.” Leng ruoxue pretended to be in a difficult position.

“You ... You dare to play with me?” The Man in Black was furious. This damn woman actually played him like a monkey, how preposterous, Hmph! Since there was a way to heaven, but you didn’t take it, and there was no Door to Hell, but you insisted on coming in, then don’t blame him for not knowing how to be tender to women.

After the Man in Black had made up his mind, he blew the attack whistle again. Instantly, the monsters that had surrounded Leng ruoxue and the evildoer began their ferocious attack ...

These monsters had completely lost their rationality. Pain and fear had long since left them. Even though the flames on Leng ruoxue’s hands would still cause them irreparable damage, they no longer had any fear in their hearts. The only thought in their minds was to attack! He had to exterminate these humans! Because that was the most important mission in their lives.

These monsters that did not care about pain and had no fear in their hearts gave Leng ruoxue and the demon a headache. The two of them stood back to back and used their divine skills to attack the monsters in front of them. At the same time, they also had to split a part of their attention to pay attention to the black-robed man’s every move.

When the black-robed man saw the red and purple flames from Leng ruoxue’s hands, his eyes narrowed. He understood what was going on. No wonder those monsters were so afraid. The flames in this woman’s hands were so powerful. What kind of flames were those? His curiosity was piqued.

Those monsters were immortal monsters created by his Lord. They could resurrect infinitely. However, after being attacked by the woman, they could no longer survive. This fact made him extremely frightened. As he watched the monsters decrease little by little, he had a bad feeling in his heart. If this continued, these monsters would be killed by this woman! What was this good? The Man in Black was getting anxious. While Leng ruoxue and the demon were busy dealing with the monster, he quickly shot a ray of black divine power at Leng ruoxue ...

“Little girl, be careful!” Uncle long, who was rushing towards the door, immediately warned the Man in Black when he saw the sneak attack. He then increased his speed and ran towards Leng ruoxue.

However, before uncle long could get close, the demon quickly released his divine power. The two black divine powers instantly entangled with each other. Then, the demon turned his gaze towards the black-robed man.

“Little brat! Leave this guy to me.” Uncle long, who had rushed to the side of the two, half-squinted his eyes and said with a smile that was not a smile. He actually sneak attacked the little girl, how preposterous!

After saying that, uncle long held the steel fork and stabbed it at the Man in Black ...

Seeing this, the demon continued to fight the monsters beside him.

Not long after, Feng Da and the others also ran out of the yard and fought with the monsters. Although they couldn't kill the monsters, they could distract them and reduce the pressure on the Miss.

With Feng Da and the rest holding the monsters back, Leng ruoxue was able to use her meteor sword technique more efficiently. She injected even more of her Natal flames into her sword. In an instant, a burning cloud of fire floated in the air. The scorching temperature made everyone feel as if they were in a furnace. Following that, they smelled a burning smell. Then, thousands of fiery meteors rained down on the monsters from all directions ...

Wherever the fire meteor shower went, a sea of fire would be set ablaze. Although Feng Da and the others were still some distance away from the sea of fire, they could not withstand the scorching temperature. They immediately gave up on fighting the monsters and jumped out of the battle.

"This great aunt's fire is really powerful." Cheng Xuan, who was drenched in sweat, wiped the sweat off his forehead and said, unable to take it anymore.

"If I'm not strong, how can I kill these monsters?" Feng Da rolled his eyes at Cheng Xuan and said angrily. In fact, he was purely venting his anger. After all, Cheng Yi, who caused them to fight these monsters, was also a member of the Cheng family! If Cheng Yi had not opened the door, they would not have had to face these monsters head-on, so he put all the blame on Cheng Xuan.

"Uh!" Cheng Xuan didn't know what to say. Feng Da seemed to have something against him! Poor him, he still didn't know that he was someone else's scapegoat!

"What's with the 'uh'? If you do, I'll throw you into the river to feed the fish!" Feng Da glared at Cheng Xuan.

"..." Hearing these familiar words, Cheng Xuan wiped the cold sweat from his forehead and thought to himself, "you and that fish are really a family. You learn really fast!" Although he knew that Feng Da wouldn't really throw him into the river to feed the fish, he didn't know why Feng Da was in a bad mood, so he decided not to provoke them at this time. Otherwise, he would be the one in trouble. He was the disadvantaged group! He was living under someone else's roof again.

"That ... I'm fighting those monsters alone. Isn't it bad for us to watch from the side?" Cheng Xuan thought for a moment and changed the topic.

"Who said that miss is alone? don't you see that leader ye is also killing those monsters?" When Lin Yuan heard this, he could not help but ask.

"What I mean is, should we go and help?" Cheng Xuan sighed and said helplessly. Who said that he didn't see it? however, that evil man wasn't really fighting the monsters, but he was preventing them from disturbing his great aunt, just like what they had done before. However, they couldn't stand the high temperature of the flames, so they had to leave the battlefield. Thinking of this, he was so impressed by the evil man that he could actually stand such a hot temperature!
