

Crazy Wife 1741

Chapter 1741: A scourge lives for a thousand years (2)

“Help? Was he not helping? Just stay here obediently! Keep your eyes wide open and don’t let those monsters get close to miss. Otherwise, if they hurt miss, leader ye will go crazy.” Feng Da said with a hint of disdain and reminded him.

“Then I’ll go and help uncle long!” Cheng Xuan mumbled in a low voice. Uncle Long’s opponent was a human, so he had no pressure dealing with him!

“If you want to go, go! No one’s stopping you.” Feng Da said with a smirk. He couldn’t help but think to himself, “why would uncle long need your help? it’s really unnecessary. Besides, he’s sure that Cheng Xuan will definitely be scolded if he goes!”

“Then I’ll go!” Cheng Xuan said quickly. He really didn’t want to be looked at with contempt by Feng Da and the others. That would make him feel like he had a mountain of pear blossoms on his back.

After saying that, Cheng Xuan ran toward uncle long as if he was running for his life. He shouted, “Uncle long! I’ll help you.”

Uncle long, who was playing with the Man in Black, immediately pulled a long face when he saw Cheng Xuan suddenly join the battle. He thought to himself unhappily, ‘why is this brat here to cause trouble instead of just watching from the side?’ However, before he could speak, the Man in Black spoke first.

“What’s wrong? Are you trying to bully me with your numbers?” The Man in Black said with slight disdain after seeing Cheng Xuan.

“Using numbers to bully the few? Do you think I need to bully you with numbers?” Uncle long couldn’t help but ask. When he was fighting with the Man in Black, he had been trying to find out more about him, so he hadn’t used his full strength. Now that Cheng Xuan had suddenly joined the battle, the Man in Black had misunderstood him as bullying him with numbers. How preposterous! Wasn’t this the case of the wicked complaining first?

“Aren’t you guys using your numbers to bully the few now?” The Man in Black told the truth.

“Oh, really? I don’t think so!” Uncle long asked in confusion.

“There are two of you, and I’m alone. How dare you say I’m not bullying you with numbers!” The Man in Black was a little angry. This middle-aged man alone was already hard enough to deal with. Now, there was another guy who was stronger than him. How could he fight?

“You’re wrong! You’re not alone, they’re all your helpers!” Uncle long looked at the man in Black, then pointed at the monsters.

“That’s right! If we’re talking about numbers, you’re the one who’s bullying us.” Cheng Xuan smiled and agreed.

“You ...” The Man in Black was speechless. He admitted that he had quite a number of monsters on his side. However, those monsters had been sent out to deal with Leng ruoxue. How would they have the chance to help him? Furthermore, those monsters had completely lost their minds. Other than knowing that Leng ruoxue was their enemy, their minds could not take in any other commands. Naturally, they would not listen to his summoning either. Who asked him to use his trump card earlier? He could only use his trump card once a day, so he no longer had the chance to make the monsters listen to his command. Thinking of this, he was filled with regret.

“What about us? Uncle long, you should rest for a while! Leave this black-clothed man to me.” Cheng Xuan said with a smile.

“You little brat! You want to snatch her from me?” Uncle long glared at him and said unhappily. He had finally met a normal human, but this Cheng family’s kid still wanted to snatch him away. He really didn’t know how to respect the elderly.

“No! I’m just afraid that you’ll be too tired.” Cheng Xuan, who felt a chill down his spine, quickly said.

“I’m not tired of dealing with such a small thief, kid! Go play in the mud, be good!” Uncle long coaxed. After that, he kicked Cheng Xuan out of the battle circle between him and the Man in Black. Then, he started to tease the Man in Black ...

Cheng Xuan, who had almost fallen to the ground, was so depressed that his facial features were twisted together after hearing uncle Long’s words. Wu ... He’s already so old, but he’s still being asked to play in the mud. This is too much! He doesn’t even know how to use a better reason to coax me!

Cheng Xuan returned to Feng DA’s side, full of dissatisfaction and grievances.

“Young master Cheng! There’s mud over there, you can go play!” Feng Da pointed to a small corner with a smile.

The crowd burst into laughter.

Cheng Xuan’s face flushed red, and he gritted his teeth as he glared at Feng Da. He didn’t dare to mess with uncle long, but did that mean he didn’t dare to mess with Feng Da?

Wu ... Thinking about it, he really didn’t dare to offend Feng Da because this guy was Leng ruoxue’s man. If he offended him, great aunt would definitely not let him off.

Why was he so pitiful? Not only was there no one to dote on or love him, but he was also bullied by these people everywhere. The more Cheng Xuan thought about it, the more aggrieved he felt. Slowly, his eyes actually turned red, and tears began to well up in his eyes.

Feng Da and the others were surprised to see him like this. “Young master Cheng, are you going to cry?”

“Of course not! Why do I feel like crying!” Cheng Xuan said, a little embarrassed. He had only said it on a whim. As a man, it was impossible for him to not be able to take such a small blow.

“Hehe! It’s good that you don’t want to cry. Otherwise, we’ll have to spend a lot of effort to coax you. You’re not a weak little white flower, we really don’t want to coax you.” Feng Da said with relief.

“You want to coax a weak little white flower?” Cheng Xuan rolled his eyes and said in a speechless manner.

“Of course, which man doesn’t like to have tender feelings for women?” Feng Da said matter-of-factly, not noticing that there was something wrong with Cheng Xuan’s question. After he finished speaking, he suddenly felt a cold breeze behind him, and then he heard a strange voice behind him.

“So you like to have tender and protective feelings for women? He liked weak little white flowers! I’ve known you for so long, but I only found out today.” Lu Tao’s face was black as she stood behind Feng Da and said coldly.

“Argh! Taotao! You’ve misunderstood! I don’t like little white flowers, and I don’t like to have tender feelings for women. If I have to pity someone, I’ll only pity you.” Hearing this unfriendly tone, Feng Da quickly turned around and glared at Cheng Xuan, who was laughing very happily, with hatred in his heart. That hateful guy, he actually dared to trick him and caused his Tao Tao to misunderstand! Sob ... Women are scary when they’re jealous. What should I do?

Feng Da was in a daze. He peeked at Lu Tao uneasily like a little wife. His hands kept twisting the corners of his clothes, and cold sweat kept dripping down his body. ‘Wu ... I’m dead for sure this time.’ He did not know how Taotao would punish him! He felt very uneasy.

“Don’t be talkative! Miss always said that if a man’s words could be trusted, even a sow could climb a tree! I think he was talking about you! Besides, even if you have any dirty thoughts in your hearts, can’t you see what time it is now? Miss is fighting those monsters to death for us! You guys actually still have the time to joke around here! I think you’ve really had enough of living! You should really let those monsters eat all of you men, so that you won’t harm women in the future!” In her anger, Lu Tao overturned the entire boat, including all the men. When Ning Haolan and the others, who had been shot innocently, heard Lu Tao’s words, they all looked at Feng Da with resentment. The meaning on their faces was obvious, ‘you’re the one who caused this trouble, so you have to settle it yourself!’

Chapter 1742: A scourge lives for a thousand years (3)

“Taotao!” Feng Da looked at Green Peach with a pitiful expression.

“You’re on your own!” Lu Tao didn’t give Feng Da a good look. After she finished speaking, she turned around and left.

Feng Da saw this and quickly chased after him.

“Al! Poor Captain! He’s going to have a hard time this time.” Lin Yuan looked at Feng Da’s back and said with a little sympathy. The few maidservants beside the young lady, except for Cuizhu, were more difficult to deal with than the other, especially Grape and Green Peach. They were two Tigresses and they did not dare to provoke them easily. However, the captain’s slip of the tongue had caused eternal hatred. This time, Green Peach would not know how to torture the captain! However, the main culprit seems to be someone else! At this thought, he turned his gaze to Cheng Xuan.

“W-why are you looking at me like that?” Cheng Xuan, who was being stared at until his hair stood on end, said fearfully.

“It’s nothing! I’m just thinking, if Captain is unlucky, will you have a good life? To tell you the truth, we’re all very vengeful.” Lin Yuan kindly reminded.

“Then what do we do?” Hearing this, Cheng Xuan was a little scared.

“Cold! I wish you good luck!” After Lin Yuan finished speaking, he ignored Cheng Xuan.

The poor young master of the Cheng family was frightened by Lin Yuan’s words and had been in a state of fear and trepidation. At this moment, Leng ruoxue was getting more and more comfortable dealing with the monsters.

As the number of monsters around her decreased, Leng ruoxue actually felt that it wasn’t satisfying enough anymore. Furthermore, she had discovered the most energy-saving method to deal with these monsters. She would first lure these monsters together, then close the door and beat the dogs up!

After she sent a voice transmission to the demon, the demon complied with her request and chased the monsters in one direction so that it would be easier for Leng ruoxue to exterminate them. When Lin Yuan and the rest saw this, they also got to work. Not long after, most of the monsters were gathered in one place ...

Leng ruoxue took the opportunity to quickly increase the power of her meteor sword technique. At the same time, she poured even more of her Natal flames into her sword. Following that, countless burning Phoenix Feathers flew towards the monsters. The monsters that didn’t have the time to wail were turned into ashes.

After that, Leng ruoxue quickly released two fire dragons that were condensed from her divine power. The two fire dragons bared their fangs and brandished their claws as they danced in a circle in the air. The remaining monsters were all reduced to ashes.

After taking care of all the monsters, Leng ruoxue’s beautiful eyes turned towards uncle long and the Man in Black, who were still in the middle of a battle.

Uncle Long’s strength was clearly not on the same level as the black-robed man’s. Of the two people fighting, uncle long was dealing with them very easily, while the black-robed man was already panting and out of breath.

“Uncle long! Stop playing! Quickly end the battle!” Leng ruoxue urged him helplessly.

“Alright! But, little girl, do you want him to live or die?” Uncle long asked as he fought.

“Just kill them directly! I don’t need him to be alive!” Leng ruoxue said with slight disdain.

“Yes, sir!” Uncle long replied with a smile.

The Man in Black, who was busy fighting with uncle long, almost vomited blood when he heard their conversation. However, the next second, he died under uncle Long's steel fork without even having the time to leave a last word.

After killing the Man in Black, uncle long came to Leng ruoxue's side and said with a serious expression, "Little girl, I thought you would let him Live! Maybe we can get some useful information from him."

"There's no need. I already know most of what I need to know." Leng ruoxue said confidently. Ever since they left the courtyard, she had arranged for Qing Jue to read this fellow's mind. However, this fellow did not know much, so she did not get much useful information.

"Really?" When uncle long heard Leng ruoxue's words, a trace of surprise appeared on his face. It seemed like this little girl had quite a few tricks up her sleeve!

"Mm! He's just a small fry, he's not of much use." Leng ruoxue nodded.

"That's true! This black-clothed man's strength is truly too low." Uncle long said, a little unsatisfied.

"Uncle long! Do you want to go to the bottom of the valley to take a look?" Leng ruoxue chuckled as she asked.

"Alright! It's also a good opportunity to see if there are any good opponents!" Uncle long agreed.

"You guys want to go to the bottom of the valley?" At this moment, a cry of surprise rang in their ears. When Leng ruoxue and the rest heard it, they turned around.

"Third elder Cao, how's your situation?" Leng ruoxue looked at the third elder of the CAO family, who was in a sorry state, and asked with concern.

"Al! It was a long story! Of the six elders of the CAO family, four are dead and one is seriously injured." Elder Cao San said with a sorrowful expression. He hated those monsters to death!

"How did this happen?" Leng ruoxue's face was filled with confusion. The elders of the CAO family were definitely stronger than those monsters. Even if they couldn't kill those monsters, they shouldn't have been killed by them! She could not understand.

"I don't know why, but those monsters went berserk and attacked us one by one. Those elders fought against a hundred of them, but they couldn't fight them and all died." As elder Cao San spoke, tears streamed down his face and he choked on his sobs.

"Third elder Cao, my condolences!" Leng ruoxue consoled. She understood now. Those few elders were killed by the monsters after the frenzy. This could only mean that they were unlucky because at that time, most of the monsters were targeting her and the demon. She didn't expect that there would be monsters targeting the CAO family's elders.

"Al! That's right, after you killed these monsters and black-clothed men, did you save Xian 'er and Yi' er? How are they?" Elder Cao San sighed heavily and asked again. He really didn't expect that miss Leng could deal with those unkillable monsters. If he had known earlier, he would have followed her closely. It would have been better than the loss of several elders in the CAO family. He really regretted it! Those elders were equivalent to being killed by him, who asked him to have a trace of luck in his heart!

“They were killed by this Man in Black.” Leng ruoxue pointed at the Man in Black.

“He’s dead!” After listening to Leng ruoxue’s words, elder Cao San was lost in thought for a moment. Then, he ran to Cheng Xian ‘er and Cheng Yi’s corpses and started to wail ...

“Wuwu ... Xian ‘er, Yi’ er! You all died so miserably! How am I going to explain this to the Cheng family? I can’t see them, and I’m too ashamed to face the ancestors and ancestors of the CAO family! I’m the sinner of the CAO family!” Elder Cao San cried as he shouted, causing Leng ruoxue to frown.

This old man really ... Made her speechless. She didn’t usually see him like this Cheng family brother and sister much, and even gave them a hard time. Now that he knew that they were dead, he cried so sadly. Those who didn’t know would think that the dead were his descendants! In fact, apart from having half the CAO family’s blood flowing in them, the Cheng siblings had no relationship with him at all. In that case, who was this old man showing this to? Leng ruoxue couldn’t figure it out, but they wouldn’t feel much anyway.

Chapter 1743: A scourge lives for a thousand years (4)

“Third elder Cao, the dead can not be brought back to life. My condolences to you!” Even though Leng ruoxue was disdainful of this old man’s acting, she still consoled him out of goodwill.

After Leng ruoxue finished speaking, third elder Cao choked on his sobs for a while before slowly getting up. Suddenly, he noticed that Cheng Xian ‘er’s eyelids seemed to have moved. He quickly shouted, “Wait! Xianer, Xianer didn’t die!”

“What?” When Leng ruoxue and the rest heard this, they quickly ran to Cheng Xian ‘er’s side and bent down to check.

After checking, they found that Cheng Xian ‘er was still alive. Not only her, but even Cheng Yi was still breathing. However, their injuries were not light, and they were in a state of unconsciousness.

With trembling hands, third elder Cao took out two healing pills and stuffed them into their mouths. After a while, the siblings slowly woke up.

“Big brother! Where are we now?” Cheng Xian ‘er couldn’t help but ask as she looked at her brother.

“Don’t worry! You’re still alive. ” Without waiting for Cheng Yi’s reply, Lin Yuan said in a bad mood, “this is really a disaster that lasts for a thousand years!” Cheng Xian ‘er, this hateful woman, was actually not killed. That black-clothed man was really unprofessional. He couldn’t help but feel that way in his heart. In fact, if it were anyone else in Cheng Xian ‘er’s position, he would still sympathize with them. However, the people who had escaped from a great disaster were Cheng Xian ‘er and her brother. He couldn’t sympathize with them no matter what. In addition, Cheng Yi had caused them to be besieged by the monsters. Therefore, in his eyes, this pair of brother and sister deserved to die. Unfortunately, They had actually managed to survive! Al! There was an unspeakable regret in his heart, but he would not say it out loud since she had just escaped from death. At most, he would only complain a little in his heart.

“Big brother! We actually didn’t die!” Cheng Xian ‘er said with a smile on her face. However, her eyes immediately caught sight of Leng ruoxue, who was very close to her, and the anger in her heart was immediately hooked.

“Leng Xue! You actually left us in the lurch! Our Cheng family will never let you off!” Cheng Xian ‘er said, her embarrassment turning into anger.

After hearing Cheng Xian ‘er’s words, Leng ruoxue chuckled and questioned, “Miss Cheng, when you say that you’re not going to save me, do you mean that I didn’t use this house to exchange for the lives of you and your sister?”

“Of course!” Cheng Xian ‘er nodded.

“Miss Cheng! Let’s not talk about whether the Man in Black will really let you and your sister go after I give this house to him. I just want to know, do you think that all of our lives added together are not as valuable as you and your sister?” Leng ruoxue asked curiously.

“Of course! We’re direct descendants of the Cheng family.” Cheng Xian ‘er said matter-of-factly.

“Hehe! So what if you’re a direct descendant of the Cheng family! We still have the young masters of the Cheng and ning families here! Could it be that their lives are not as valuable as yours?” After Lin Yuan heard Cheng Xian ‘er’s words, he looked at her as if she was an idiot.

“I didn’t mean it that way. What I meant was, if big brother young master and big brother LAN were both present at that time, they would definitely think of ways to save us siblings.” Cheng Xian ‘er hurriedly explained.

” Miss Cheng, where do you get your confidence from? ” Lin Yuan’s face was filled with shock.

“Isn’t this what I should do? ” Cheng Xian’ er said in a self-righteous manner.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

” Miss Cheng, nothing is necessary. Since you were born in a super family, you should know the meaning of the words ‘take the big picture into consideration’. You know very well what the situation was at that time. If you think that I didn’t use the house to exchange for your lives, I don’t mind leaving you to die. However, what I want to say is that in my opinion, the lives of you two siblings are far less important than the lives of so many of us. If I had to do it again, I would still do the same. Of course, if your young master big brother and big brother LAN want to save you, I won’t stop them, but I also won’t care about their life or death. Also, I want to tell you that even if I hand this house over to the black clothed man, he won’t let you off. At that time, I’m afraid even we won’t be able to escape from disaster, and this might be what you want.” Leng ruoxue said emotionlessly.

She could be said to be cold-blooded and not help, but she had never been a Saint. She was selfish. In her heart, it was enough as long as the people she valued were good. As for other irrelevant people, they were not within the scope of her concern.

“How do you know that he won’t let us go? are you guys on the same side? Besides, don’t wrong me, I don’t want you guys to die with me!” Cheng Xian ‘er furiously roared, her originally pale face turning red from anger.

“Miss Cheng, did I wrong you or did you wrong me?” Leng ruoxue was speechless. To think that Cheng Xian ‘er could think of something like this. She actually said that she was in cahoots with the Men in Black. If they were really in cahoots, she would definitely make Cheng Xian ‘er her first target.

“Xian er! Don’t talk nonsense!” Sensing the hostility in Leng ruoxue’s tone, third elder Cao immediately chided her. At this moment, no matter who was in the right or wrong, they could not afford to offend Leng ruoxue. Otherwise, if she chased them out of the house, they would really have no way out.

After reprimanding Cheng Xian ‘er, third elder Cao turned to look at Leng ruoxue and said, “Miss Leng, Xian ‘er is still young and insensible. Please don’t take it to heart! I’ll apologize to you on her behalf, I’m sorry!” Third elder Cao said with great sincerity. As he spoke, he even bowed to Leng ruoxue.

Cheng Xian ‘er, who was at the side, saw how third elder Cao was bowing and scraping to Leng ruoxue. Her heart was instantly filled with anger. However, after receiving third elder Cao’s warning gaze, she tactfully shut her mouth. After all, she still needed this old man’s protection. Otherwise, it would not be easy for her to leave this Mystic realm alive. Hence, she tactfully chose to swallow her anger ...

Chapter 1744: You’ve become smarter (1)

“Young and insensible? Old man, miss Cheng might be young, but she’s almost a hundred years old, right? Most of us aren’t even half her age! Moreover, according to her age, she’s her grandmother. You really have the nerve to talk about her age!” Lin Yuan sneered as he glanced at elder Cao San, not giving him any face at all.

“That’s right! Moreover, even if she was really young, she shouldn’t be spouting nonsense! Although we are not as strong as you, we are not to be slandered by others.” Grape, who was standing beside Leng ruoxue, said angrily.

“Who dares to slander us?” At this time, Feng Da and Lu Tao walked out of the courtyard together. After hearing grape’s words, they immediately became angry and questioned her.

“Who else could it be? Of course, it’s miss Cheng Xian ‘er!” Grape said in an unpleasant tone.

“Cheng Xian ‘er? Isn’t she dead?” Feng DA’s face was full of question marks when he heard this.

“You’re the one who’s dead!” Feng DA’s words made Cheng Xian ‘er extremely angry, and she retorted without even thinking.

“F * ck! Are you a human or a ghost!” Looking at Cheng Xian ‘er, Feng DA’s face was filled with fear. When the others heard Feng DA’s words, they couldn’t help but laugh.

“You’re the ghost! Of course I’m a human!” Cheng Xian ‘er became even angrier as she heard the laughter.

“But, weren’t you killed by the Men in Black? Why did he come back to life again? Oh my God! This was really too terrifying, Taotao! I’m scared! Protect me!” Feng Da said exaggeratedly. After he finished speaking, he even hid behind green peach to seek protection with a face full of fear.

“A scourge lives for a thousand years. What are you afraid of?” Lu Tao glared at Feng Da and said with double meaning.

“Taotao!” Hearing Lu Tao’s tone, Feng Da knew that his dear was still angry. He immediately lowered his head, but in his heart, he kept thinking of ways to appease Lu Tao.

“I told you, you’re not allowed to call me Taotao.” Lu Tao said fiercely. Every time Feng Da called her Tao Tao, she would think of that monkey in Yu Lin. She had to take advantage of this opportunity to correct this matter because she had said it many times in the past, but Feng Da had always turned a blind eye to it.

“Tao ...” Feng Da just said one word, and under the glare of green peach, he swallowed the words he had yet to finish speaking. Then, he peeked at green peach with the eyes of a little wife.

“I didn’t die, and I didn’t come back to life!” Cheng Xian ‘er, who had been completely ignored, couldn’t help but grit her teeth and say this.

“Oh!” When Feng Da heard this, he deliberately dragged out his voice, as if he was somewhat regretful.

“Damn it, what kind of attitude is that?” Feng DA’s tone made Cheng Xian ‘er go crazy.

“What’s my attitude? Didn’t I just say “Oh”?” He didn’t say anything?” Feng Da felt a little wronged. Why did all these women like to bully him? He didn’t have a face that was easy to bully. Besides, other than his miss and his Taotao, no other woman could bully him.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

“You ...” Cheng Xian ‘er was so angry that she glared at him. Who asked her to say “Oh”? it was more annoying than anything else! Unfortunately, Feng Da and the others did not care about her feelings at all.

“It’s really lively! Hahaha!” Suddenly, a loud laugh rang out in everyone’s ears. Everyone quickly turned around and saw a middle-aged man in Black standing at the exit of the valley. Beside him were at least hundreds of black-robed men and countless monsters.

When everyone saw this, their hearts instantly sank to the bottom. F * ck! How could there still be so many? Did they just poke into the monster’s nest?

“If I’m not wrong, you must be the leader of these minions and monsters.” Leng ruoxue said with a smile. The middle-aged man in front of her had unfathomable strength. There was also a hint of killing intent on his body. The feeling he gave off ... Was quite out of place and uncomfortable.

“Leader? I’m their King!” The middle-aged man clearly didn’t like being called “head” and corrected him.

“There’s no difference in my eyes. ” Leng ruoxue said disapprovingly.

“Oh, really? Little girl, you’re very courageous. Unfortunately, such people usually don’t live long.” The middle-aged man reminded with a faint smile. His deep eyes seemed to sweep over Cheng Xian ‘er, who was sitting on the ground. Cheng Xian’ er’s heart palpitated with fear and she felt extremely guilty.

Cheng Xian ‘er was a little scared when she saw the middle-aged man. What if, what if this middle-aged man told her what she had promised him? then Leng ruoxue and the others would definitely not be able to tolerate her anymore. What should she do? Her mind spun quickly as she thought of a countermeasure.

Right! She would say that this man forced her to do this, or else he would have killed her! Right! Just say it like this! Cheng Xian ‘er, who was staring at the middle-aged man warily, quickly came up with a reason for her actions. At the same time, she also felt relieved.

“That’s because you haven’t seen people with long lives.” After a long while, Leng ruoxue’s beautiful eyes lightly swept over the guilty-looking Cheng Xian ‘er as she calmly smiled.

“You really have a sharp tongue, but I like to deal with smart people. How about we make a deal?” The middle-aged man did not get angry at Leng ruoxue’s words. Instead, he spoke in an extremely friendly manner.

“What kind of deal?” Leng ruoxue was a little curious. Actually, she knew that this middle-aged man had been here for a while. However, he did not intend to act rashly, and she naturally did not want to alert him. Hence, she had been pretending not to know anything. Now, it seemed that this middle-aged man had a request, which was why he did not make a move immediately.

“I’m quite interested in your house. Give it to me and I’ll let you live. How about it?” The middle-aged man said. In fact, he had thought about killing these people and taking the house as his own. However, after seeing their combat power, he changed his mind. After all, he had already lost many monsters. If he used force to force them, he was afraid that both sides would be injured. This little girl’s flame was too terrifying. And that uncle long was probably as strong as him. As for the others ... He hadn’t found anything special so far, but he didn’t dare to take any more risks. Otherwise, he wouldn’t be able to bear the blame of his Lord.

“Quickly agree to his request and give him the house. Let him send us out of here.” Without waiting for Leng ruoxue’s reply, Cheng Xian ‘er impatiently shouted.

“Miss Cheng! This isn’t your house, so it’s up to me to decide if you want to give it to me.” Leng ruoxue reminded him with a cold smile.

“Then what are you waiting for? If we give him a house, he will let us live and we can leave this place. Moreover, this time it’s not just for me. If you don’t hand over the house to him, we will all lose our lives.” Cheng Xian ‘er said fearfully. The moment she thought of death, her face would turn deathly pale. Furthermore, her words were also somewhat instigating. Didn’t Leng ruoxue previously say that for the sake of everyone’s lives, she wouldn’t use the house in exchange for her? Now, she was using the house to exchange for everyone’s lives. She wanted to see if this woman would still be as cold-blooded to everyone as she was to her.

Chapter 1745: You’ve become smarter (2)

“Miss Leng ...” Third elder Cao called out softly. He wanted to say something but stopped himself. In fact, he had the same thoughts as Cheng Xian ‘er. Since he was destined not to get this house, it would be good to exchange it for their lives. However, he didn’t dare to say this out loud. He wasn’t as blind as Cheng Xian ‘er. He was very clear that in front of Leng ruoxue and the others, he was the weaker party. In fact, the two remaining elders of the CAO family still had to rely on her to take care of them! Hence, at this moment, he was extremely unwilling to make Leng ruoxue unhappy.

“Do you really think he’ll let us go if we give him a house?” Leng ruoxue asked with a smile that was not a smile. Why did these two people look down on the house that she owned? Did they have to force her to give up the house so that they would feel better? She was helpless.

“Miss Leng! My words carry enormous weight. ” The middle-aged man interrupted.

“I didn’t ask you.” Leng ruoxue said without giving him any face.

Leng ruoxue’s words caused the middle-aged man to be angered. However, in order to obtain this house of his dreams, he had to endure. Hmph! He would deal with them properly after he got the house.

“Didn’t he say it? As long as you give him the house, he’ll definitely let us go. ” Cheng Xian ‘er followed the middle-aged man’s words and hurriedly said.

“It looks like miss Cheng really believes in him! However, I don’t believe him. ” Leng ruoxue laughed lightly and expressed her thoughts.

“You, you tricked me!” After hearing Leng ruoxue’s words, Cheng Xian ‘er’s embarrassment turned into anger.

“How am I playing with you? I just said that I don’t trust him, so I naturally won’t hand the house over to him. ” Leng ruoxue said honestly.

“Don’t tell me ... Don’t tell me you want to disregard the lives of so many of us? You ... You’re really not just cold-blooded!” Cheng Xian ‘er’s face was filled with disappointment. Following that, she turned to Feng Da and the others with a pained expression,“Is this the master you acknowledged? She doesn’t care about your lives at all. Do you still want to be loyal to her?”

“Miss Cheng! We will definitely obey miss’s decision. So, since miss doesn’t believe him, we naturally won’t believe him either. Moreover, this house belongs to miss. She can give it to us if she wants to or not. Outsiders have no right to judge her. Therefore, please shut your mouth!” Grape said in an unpleasant tone.

“You, you’re just a maidservant. What right do you have to represent everyone? Can you represent it?” Seeing that even a lowly servant girl dared to criticize her, Cheng Xian ‘er’s chest felt like it was blocked by a large stone, and she was extremely depressed.

“It doesn’t mean that. You didn’t say it. You have to ask them.” Grape pointed at Feng Da and the others disapprovingly.

“Grape’s words are exactly what we want to say. Miss Cheng Xian ‘er, please shut your mouth. Otherwise, we don’t mind leaving you to your own devices.” Feng Da said, supporting grape. After hearing this, grape also gave Feng Da an appreciative look.

“She, she’s just a maidservant, and you all actually listen to her!” Cheng Xian ‘er’s pale face was filled with disbelief.

“She is young miss’s maidservant, and we are also young miss’s subordinates. Our status and identity are the same, and there is no distinction between high and low. More importantly, what she says is what we want to say, not what you think we will listen to her.” Feng Da said.

“Are you not afraid of death? If your master doesn’t hand this house over to them, they will kill us.” Cheng Xian ‘er’s face was deathly pale as she warned.

“Do you think he can kill us just because he wants to? Miss Cheng, how can you boost other people’s morale and diminish your own? You must know that it’s a great taboo to be afraid before a battle. However, you’ve been pampered since young, so it’s no wonder you’re afraid of death! Hehe! We’re different, we’re used to death, so we’re not afraid of death!” Feng Da said happily.

Feng DA’s words caused Cheng Xian ‘er to be half-dead! F * ck! What do you mean by “dead habit”? Could it be that they had died many times? Or could it be that hell was opened by their own family, and dying was like going home?

Cheng Xian ‘er’s expression flickered, and her mind whirred. Then, she fixed her gaze on Cheng Xuan.

“Big brother young master! “You’re our Cheng family’s young master ...” Cheng Xian ‘er was racking her brains to persuade Cheng Xuan to stand on her side, but before she could finish, she was interrupted by Cheng Xuan.

“Xian er! That house belongs to them, and we have no right to ask what they want to do with it.” Cheng Xuan said hurriedly. He peeked at Leng ruoxue from the corner of his eyes and prayed in his heart, great aunt! Don’t be angry with him! He and Cheng Xian ‘er were not on the same side.

Ning haolan lowered his head and chuckled when he saw Cheng Xuan’s cautious expression. However, his action attracted Cheng Xian ‘er’s attention.

“Brother LAN!” Cheng Xian ‘er called out in a soft voice.

“Miss Cheng! I’m just living under someone else’s roof.” Ning haolan reminded him, implying that he could not do anything about this matter.

“You ... Are you not afraid of death? One of you is the young master of the Cheng family, and the other is the young master of the ning family. If something were to happen to you, what would the Cheng and ning families do?” Cheng Xian ‘er shouted in disappointment when she saw the two of them shirking.

“Without them, there will be someone else from the Cheng and ning families to be the young master. Maybe it’s just nice to make room for someone else.” Feng Da said with a smile.

“Are you hoping that they’ll die?” Cheng Xian ‘er angrily glared at Feng Da.

“I’m just telling the truth! How could he hope that they would die? Miss Cheng, there’s something wrong with your comprehension!” Feng Da felt wronged. His words might not be pleasant to hear, but they were the truth.

“Alright! “Stop arguing, miss Cheng. The majority of us have the same opinion. The minority is subordinate to the majority. I won’t give them this house. If you’re really so afraid of death, then just leave. I don’t think they’ll make things difficult for a woman like you.” Leng ruoxue suggested disapprovingly.

“How do you know they won’t make things difficult for me? They almost killed me!” Cheng Xian ‘er roared madly as the fury in her eyes shot towards Leng ruoxue. If looks could kill, Leng ruoxue would have died a million times over.

“But they didn’t kill him, did they?” Leng ruoxue asked doubtfully.

“That’s because I’m useful.” Cheng Xian ‘er roared. After shouting, she suddenly realized that she had misspoken. She immediately regretted it so much that she wanted to bite off her own tongue.

“Value? I wonder what kind of value miss Cheng has, I’m really curious!” Leng ruoxue said with a smile.

“Miss Cheng, can you dispel my doubts?” Then, Leng ruoxue looked at Cheng Xian ‘er and requested.

“I ... I ...” Cheng Xian ‘er stammered, and a trace of panic flashed through her beautiful eyes.

“I’ll tell you!” At this time, the middle-aged man who had been watching the show for a long time could not help but speak again.

Chapter 1746: You’ve become smarter (3)

“You shut up!” Hearing the middle-aged man’s words, Cheng Xian ‘er immediately roared.

“How dare you? You actually dare to shout at me! Don’t tell me you’ve forgotten how you knelt before me and begged me not to kill you? Did you forget that you were the one who volunteered to be a hostage to lure your brother into opening the door and letting those monsters in? Don’t tell me you’ve forgotten that it was you who told me that this little girl has a spatial divine artifact that can allow people to live in, and that she wanted to use it to exchange for her life? “Don’t tell me you’ve forgotten ...”The middle-aged man calmly explained everything. With every point he said, Cheng Xian ‘er’s face became paler and paler, and the faces of everyone else present also became uglier. However, this was the result he wanted.

After the middle-aged man finished speaking, Feng Da and the rest’s faces turned black. Feng Da shot forward and grabbed Cheng Xian ‘er in his hands, “What a good miss Cheng! In order to survive, you betrayed us. Unfortunately, your wishful thinking is wrong. All of us are alive and well, except for the CAO family.”

Feng DA's words made elder Cao's anger burn even more. He never dreamed that Cheng Xian 'er was the one who willingly became a hostage. She even caused the deaths of several elders of the CAO family. How could he accept this fact?

Elder Cao San was filled with anger as he walked forward and pulled Cheng Xian 'er out of Feng DA's hands. Then, a' pa pa 'sound could be heard. In the blink of an eye, Cheng Xian' er's beautiful face had become as swollen as a pig's head ...

When the weak Cheng Yi saw this, although he couldn't bear it, he still turned his head without saying a word. At this time, the regret in his heart could not be described by words. If he had known that Xian 'er was willing to be a hostage and wanted to use it to threaten them, he would definitely not have left. However, what was the use of thinking about this now? The mistake had been made and there was no way to redeem it. He had also become a cripple! This was really karma! He secretly cried.

"Third Grandpa! Third Grandpa! Don't hit me! Wu...I didn't want to do this, they forced me to do this. If I didn't agree, they would've killed me. I don't want to die!" Cheng Xian 'er sobbed and begged. She was already dizzy from the beating, and there was a sweet taste in her mouth. The swelling on her cheek tormented her senses, and tears gushed out of her eyes like a fountain.

When Cheng Xian 'er was being beaten up, neither Leng ruoxue's group nor the middle-aged man's men had any intention of interfering. After all, this was their family matter! However, Leng ruoxue and the rest were too lazy to care. As for the middle-aged man's side, they were merely watching the show.

Hmph! She still dared to shout at him when she didn't complete her task. If he didn't teach this kind of person a lesson, she wouldn't even know her own name. The middle-aged man secretly thought to himself. It was undeniable that he had deliberately said the matter of Cheng Xian 'er. This was also to punish Cheng Xian' er for not doing her job well and causing him to lose so many monsters. More importantly, Cheng Xian 'er no longer had any value in his eyes. Her words had no weight in front of that little girl, and she was once his prisoner. If such a person was allowed to live, wouldn't it make her look incompetent?

Thus, Cheng Xian 'er's fate was a tragedy. Everything she wanted to hide was exposed to the eyes of the middle-aged man. It was as if a piece of cloth had been pulled off, and she could no longer hide it. As for Cheng Xian' er's fate, it was not within the scope of the middle-aged man's concern.

After a long time.

Cao san's elder was finally tired from the beating, and Cheng Xian 'er, who was swollen like a pig's head, fainted again. However, no one cared about her life or death.

As for Leng ruoxue and the rest, they started to stare at the black-robed men. No one spoke first.

"Little girl, think about it! As long as you give me the house, I promise to send you out of the secret realm. Otherwise, I'm afraid you'll be trapped here forever." After a long time, the middle-aged man did not give up and started to persuade him again.

"You don't have to say anything. I won't give this house to you." Leng ruoxue said with determination.

"You guys aren't afraid of death? Or do you really want to stay here forever, never to leave?" The middle-aged man said in disbelief. He had never met such a tactless little fellow before. He had already

said so much, but she still insisted on her own idea. Now, he really didn't know if she was smart or if she had something to rely on.

"We're not afraid of death, and we don't want to stay here forever." Leng ruoxue laughed. They could leave whenever they wanted to and didn't need anyone to arrange it for them. Furthermore, they didn't have any plans to leave at the moment. Hence, this middle-aged man's efforts were in vain.

"Little girl, I know that your flames are very powerful and can exterminate the monsters here. However, don't blame me for not warning you. Even if all the monsters here are dead, you will still be trapped here if I don't send you out." The middle-aged man reminded her with extreme caution. In reality, he was very serious about making this deal with Leng ruoxue. Furthermore, he had already decided that once the deal was successful, he would send them off. After all, there were many people in the mystic realm and it did not matter if they had a few people. Hence, he was happy to do her a favor at no cost. However, he was surprised that Leng ruoxue had actually rejected it.

However, he didn't fly into a rage because of the rejection. As the saying goes, the things that can't be obtained are the most precious. This could also inspire his fighting spirit, and he was even more determined to get that house.

"Don't you think you're too important?" Leng ruoxue scoffed at the middle-aged man's words.

"Hahaha! Little girl, do you think I'm lying to you? I'll tell you the truth, there's only an entrance to this secret realm, but no exit, and the only way out is only known to me. So, you'd better believe me, otherwise, you'll have to wait to stay in here for the rest of your life!" When the middle-aged man heard Leng ruoxue's mockery, he laughed out loud proudly.

"If that's the case, then we won't go out." Leng ruoxue was extremely calm.

"You're not going out? Little girl, do you think that you can live in here without going out? Don't be fooled by the fact that the spiritual Qi here is still considered rich. However, the spiritual Qi here is not born from heaven and earth, but man-made. Sooner or later, it will be exhausted. Have you ever thought about what you people will do when that day comes? Even ordinary people need fresh air to survive, not to mention us cultivating gods. We need Ling energy. Without the support of Ling energy, the Shen power in our bodies will only be used up bit by bit. At that time, it will be the time of our death." The middle-aged man said earnestly. However, Leng ruoxue was not moved at all, which gave him a headache.

"Life and death are up to fate, I'm very open about it." Leng ruoxue said indifferently.

Her words made Feng Da and the others laugh in their hearts. Their miss had a heaven-defying space. Of course, she didn't mind staying here forever. Therefore, the middle-aged man's conditions couldn't move their miss at all. As for what her miss wanted, they naturally knew.

Chapter 1747: You've become smarter (4)

“Since you’re not satisfied with my conditions, then tell me! If I can accept it, I’ll agree to it.” The middle-aged man suppressed the anger in his heart. After a long silence, he gritted his teeth and said, “there’s no other way. I want this house too much. Otherwise, I wouldn’t have to swallow my anger!”

“I’m here to look for someone.” Leng ruoxue only said this one sentence and did not say anything else.

“What if I give you the person you’re looking for?” The middle-aged man asked.

“Are you sure you can make this decision?” Leng ruoxue asked suspiciously.

“Of course!” The middle-aged man was very confident. He still had the right to let one or two people go. However, even if he did it, he had to keep it a secret. Otherwise, if his arch-enemy found out and reported him to his Lord, he would be in serious trouble.

“That’s good! As long as you can give me the person I want, I’ll make this deal with you.” Leng ruoxue nodded in agreement.

However, as soon as she finished speaking, uncle long sent a worried voice transmission, “Little girl, do you really want to make a deal with him? This is his territory. If he changes his mind, we won’t have anywhere to protect ourselves.”

“Uncle long! Don’t worry, I have my own plans.” Leng ruoxue gave uncle long a reassuring look as she replied. Actually, she was thinking that if she could use this house to exchange for Godfather and the others, it would be worth it. In her heart, Godfather and first elder were much more important than this house! She didn’t agree to it before because the middle-aged man didn’t offer enough bargaining chips and she didn’t like it.

When uncle long heard Leng ruoxue’s promise, he miraculously relaxed. He stood quietly at the side and decided to wait and see.

After the middle-aged man heard Leng ruoxue’s words, he replied in a forthright manner, “Little girl, tell me who you’re looking for! I’ll just bring him here for you!”

“Are you sure you have the right to let them go?” Leng ruoxue’s beautiful face was filled with suspicion.

“Of course!” The middle-aged man was very certain.

“But I can’t be sure that they’re in your hands.” Leng ruoxue pretended to be troubled.

“Little girl, if the person you’re looking for has really entered the mystery realm, even if he’s not in my hands, I’ll find a way to find him and bring him to you. That should be fine, right?” The middle-aged man said angrily. He did not expect this wretched girl to be so difficult to deal with. If it was not for the sake of getting the house, he would not tolerate her!

“Sure!” Leng ruoxue agreed.

Then, she turned around and wrote down a list of people, then handed it to the middle-aged man.

The middle-aged man opened the name list and his eyes widened. This ... This list was filled with names. Some were human, and some were beast. In total, there were thousands of people. This was clearly playing with him! He was furious!

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

"You're playing with me?" The middle-aged man narrowed his eyes and said in an unfriendly tone.

"Why would I trick you? These people are indeed the ones I'm looking for. If you want the house, then give them to me!" Leng ruoxue said innocently.

In fact, she only knew a small number of people on the list. Besides the people from the ning family, she was most familiar with the great elder of the craftsmen's Guild, the master of the Cheng family, and the master of the yin family who had captured her. However, if she only saved them and ignored the people who had come with them, it seemed a little unreasonable. Although those people had nothing to do with her, she had to be a little nosy for the sake of those few old guys.

Moreover, the name list not only included people from the ning family, Cheng family, Yin family, armament Guild headquarters, and Alchemist Guild headquarters, but also some beasts that uncle long wanted to save and the elders of the dolphin clan that the little dolphin wanted to save. In short, all of these names were added together to form this name list that made the middle-aged man furious.

Leng ruoxue's words were like adding oil to the fire to the middle-aged man. As he looked at the name list in his hands, he was so angry that he could not control the anger in his heart. There was even a faint white mist rising from the top of his head. If it was not for his strong mental fortitude, he would have been angered to death by this wretched girl!

Originally, he thought that as long as he let one or two people go, he would be able to get the house that he coveted. But who knew that the other party's appetite was so big? let's not talk about whether the people she wanted had already been arrested, just looking at the list of names made him unable to calm down.

He dared to secretly release one or two people, but he didn't have the right to release so many people at once. Even if he did, he wouldn't dare to! If he really did let her go, he would be the one to die in the next second. He shuddered at the thought of his Lord's methods.

"Why, are you in a difficult position? Don't you have the right to release a few people? He still dared to call himself King? You still dare to make a deal with me?" Seeing that the middle-aged man did not respond for a long time, Leng ruoxue spoke again. At the same time, her beautiful eyes revealed an unconcealed disdain and disappointment.

"This isn't just a small number of people!" The middle-aged man said through gritted teeth. He was so angry that the veins on his forehead were throbbing.

"It's a little! The others are all beasts from the endless sea." Leng ruoxue explained.

"What does the beasts of the endless sea have to do with you?" The middle-aged man resisted the urge to beat someone up and shouted.

“Of course it’s my business. My Beastie was born in the endless sea. It wants to save its own people and friends, so I can’t stop it from saving them! Love the house as the house, you understand.” Leng ruoxue laughed evilly.

“What a good” love to the house “! Don’t tell me that those humans are also the result of loving the house!” The middle-aged man said with a dark expression.

“Ya! You’ve become smarter.” Leng ruoxue was not stingy with her praise.

“Let’s quickly make a deal! I’ll take them away after I’m done.” Following that, Leng ruoxue started to urge him.

Chapter 1748: Crossing the bridge in secret (1)

Leng ruoxue’s urging and her proud smile caused the middle-aged man’s anger to erupt like a volcano. It was out of control. Furthermore, no matter how he looked at Leng ruoxue’s half-smile, with a hint of mockery, it was an eyesore!

What a woman who needs a beating! The middle-aged man secretly cursed. This woman had aroused all the anger in his heart, causing his original tender feelings for the woman to disappear. Now, he only wanted to teach this woman who didn’t know the immensity of heaven and earth a lesson! A puny deity actually dared to be so presumptuous in front of him and dared to play tricks on him. This was really something that uncle could tolerate, but aunt couldn’t!

“Hey! Why don’t you give a reaction! When can you bring me the person I want?” Leng ruoxue saw that the middle-aged man only glared at her without saying a word and could not help but ask again.

“You’re really looking for death! How dare you tease me like this!” After a long while, the middle-aged man gritted his teeth and said. He had lived for so long, but he had never wanted to beat up a woman so much! The little girl in front of him could be considered to have set a record.

“I told you, I’m not toying with you.” Leng ruoxue’s beautiful face was full of grievance. However, in the eyes of the middle-aged man, her pitiful look made her even more deserving of a beating.

“You used so many people to make a deal with me. If you’re not toying with me, are you taking care of me?” The middle-aged man’s face darkened as he said in an unpleasant tone.

“I don’t think I need that many people! Do you think that you can get this house if I only ask for one or two people from you? Don’t tell me you don’t know the value of this house. This house is not something that can be bought with money.” Leng ruoxue said with a look of realization.

“But you can’t take so many people away!” The middle-aged man’s voice had obviously weakened because he knew that Leng ruoxue was speaking the truth. The value of this house could not be measured by money. Furthermore, even if he could gather the materials, there was no guarantee that he could successfully forge a spatial-type divine weapon. Hence, in comparison, the value of this house would naturally be higher. Otherwise, even he would not be envious of it.

“But they are all related to me. I can’t just leave them be! If you love the house, you love the house, don’t you understand?” Leng ruoxue said with a troubled look.

"I don't care what you say, but you can't take so many people away at once!" The middle-aged man was burning with anger. He didn't care about his image as he shouted at the top of his lungs.

"It seems like we can't complete our deal." There was no room for discussion as Leng ruoxue said with a face full of regret. Following that, she smiled at the middle-aged man and said, "How about I leave this woman to you and you hand over all the people on the list to me?" The woman she was referring to was naturally Cheng Xian'er.

"What use do I have for this woman?" After hearing Leng ruoxue's words, the middle-aged man was a little angry. This detestable girl, did she think that he would let go of the people on the name list if she kept the Cheng family's young miss? This woman from the Cheng family wasn't that important.

"This woman is very useful! She's a direct descendant of the Cheng family. You can take her to the Cheng family and extort a huge sum of money from them. Also, don't forget that the CAO family is her maternal family. I heard that they're quite rich. So, with this woman in hand, it can be said that it's a great profit without any cost! What do you think? my suggestion is good, right?" Leng ruoxue asked with an evil smile.

Her words made elder Cao San! Who had heard them clearly, almost vomit blood. What kind of person was this? He actually wanted these Men in Black to use Cheng Xian'er to extort them, Hmph! Cheng Xian'er had caused such a matter, and it was already good enough that he didn't beat her to death. How could their Cao clan allow others to extort them for her?

On the other side, third elder Cao was filled with anger and hatred. On the other hand, Cheng Xuan, who was also listening to Leng ruoxue's words, looked at Leng ruoxue with a face full of admiration. He thought to himself, 'this great aunt is too amazing. This is a brilliant idea!' However, he was very certain that the Cheng clan would definitely not pay this sum of money for Cheng Xian'er.

"Not bad, my ass! She's just a direct descendant of the Cheng family, would the Cheng family pay for her?" At this time, the middle-aged man also said with a face of disbelief. In his heart, he couldn't help but sigh. He was a reverent-God after all! This wretched girl actually wanted him to extort! However, this idea seemed to have piqued his interest.

"We won't know if we don't try." Leng ruoxue coaxed.

Dear readers! you are reading on our content copy site. Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

"I don't even need to try to know. However, if it was the young master of the Cheng family, I might really be able to extort a sum of money." The middle-aged man said in a seemingly serious manner. His shrewd eyes were scanning Cheng Xuan's body back and forth, as if he was estimating his value.

"Why? do you want to be the young master of the Cheng family?" Leng ruoxue's eyes widened as she asked curiously.

"One young master of the Cheng family is not enough. I heard that the young master of the ning family is also here! That's right!" The middle-aged man said with a smile.

"Mm! That's right! However, I can't give them to you. I still have other uses for the two of them. The only thing I can give you is this woman. If you don't think it's enough, you can also get her brother

involved. Anyway, they have a deep sibling relationship, and I can't beat them up and let them go their separate ways, so I can only fulfill their wishes!" Leng ruoxue said in an understanding manner.

Feng Da and the others immediately understood what she meant. The young lady was taking revenge! The Cheng siblings had almost caused them to lose their lives, and their own miss couldn't kill them personally for the sake of the Cheng clan's head and young master. Therefore, she could only throw these two hot potatoes to these black-clothed men. However, they didn't think that these black-clothed men would really want them unless their heads were kicked by a donkey.

"What if I insist on those two young masters?" The middle-aged man's interest was piqued when he saw that Leng ruoxue did not agree.

"No room for discussion! They're my people, so I won't give them to you. Also, don't even think about my subordinates. You can have whoever you want." Leng ruoxue promised. Once she eliminated them, there were three people who were not under her protection. These three people were elder Cao San, Cheng Yi, and Cheng Xian'er.

"Miss Leng! You ... You can't hand me over to the Men in Black!" After hearing Leng ruoxue's suggestion, third elder Cao's heart started to throb. A trace of fear emerged from the bottom of his heart, and his face turned frighteningly pale.

At this moment, even though he hated Leng ruoxue for being disloyal, he was also well aware that no one else could help him. If she really abandoned them, then they would only have a dead end in the mystic realm. Hence, even if he hated Leng ruoxue to the point of wanting to swallow her alive, he had to put on a pitiful look to prevent her from really handing them over.

"Even if I want to hand them over, they still have to want you!" Leng ruoxue said with a look of disdain. This damned old man had always wanted to scheme against her. Now that his scheme had failed, he finally knew what fear was. Hmph! What were you doing earlier!

"Uh!" When elder Cao San heard Leng ruoxue's honest words, he swallowed his saliva with great difficulty and did not dare to speak anymore. The only thing he could do now was to lower his presence and not attract the attention of those Men in Black.

Chapter 1749: Crossing the bridge in secret (2)

He was so scared that his intelligence was reduced to zero. Hence, he had never thought about whether the middle-aged man would agree to use this house in exchange for the three of them. He had also never thought about why Leng ruoxue would say that.

Even though she wanted to get rid of these guys, Leng ruoxue wanted to anger this middle-aged man even more. It would be best if she could anger him to the point of losing his mind. That way, she would be able to fish in troubled waters. More importantly, this was her plan to do the same thing in the open and secretly do it in the dark. She had just sent her Beastie to the bottom of the valley. What she needed to do now was to stall the middle-aged man and buy more time for her beasts.

"Uncle! Although the three of them are a little small in number, they're just the added bonus to the house. You can consider it an additional gift from me. Look at the three of them, there are old and

young, men and women. They can run errands for you and warm your bed. What a good deal! One for three, there will never be such a cheap deal in this world again, so let's quickly make the deal!" Leng ruoxue explained all the benefits. When she said it, she felt like laughing in her heart. Furthermore, when she saw third elder Cao's face that was even darker than ink, she felt extremely comfortable in her heart. It was a pity that Cheng Xian 'er was still unconscious and could not hear her opinion. This made her feel a little regretful.

"According to what you said, I seem to have gained a huge advantage." The middle-aged man laughed instead of getting angry. To be honest, he was amused by Leng ruoxue's words. He had lived for so long and this woman in front of him was the one who deserved the most beating. At the same time, she was also the one who was the best at twisting the truth. However, he was not a fool and would be fooled by her words.

Leng ruoxue could hear the middle-aged man's sarcasm and gave him a 'it's good that you know' look without a care. Then, she looked at him with a smile full of anticipation, as if this deal was already set in stone.

The middle-aged man was helpless. It seemed like he had to give Leng ruoxue the title of the most shameless woman.

"Uncle! When is the deal?" Leng ruoxue blinked her beautiful eyes and acted cute with her sweet mouth as she asked.

"I didn't say I wanted to trade!" The middle-aged man gritted his teeth and said angrily.

"Uncle! What the hell are you doing? If you don't keep your word, you'll be struck by lightning!" Leng ruoxue cursed.

"You ..." The middle-aged man was so angry that he was stammering. Facing Leng ruoxue, he felt a deep sense of powerlessness because she did not take his words seriously at all. She was always talking to herself, making him feel like a hero who was of no use to her.

"Uncle! You're the one who wants to make a deal, and you're also the one who reneges. What do you want? You're going to make me angry if you keep repeating this." Leng ruoxue warned.

"I've already said that there are too many people on your list. I can't give them all to you." The middle-aged man took a few deep breaths and forced himself to calm down. He didn't want to be fooled by the other party. Moreover, he didn't have all the people on the list. He was still looking for some!

"Didn't I give you an extra head? Why aren't you satisfied with a 1 for 3 exchange?" Leng ruoxue was slightly angered. Her beautiful eyes were burning with flames of anger as she glared at the middle-aged man.

"Do you know how many people you want?" The middle-aged man clenched his fists tightly. He was trying to calm himself down and not be angered by this woman.

"I know!" Leng ruoxue nodded and used the same tone to ask, "Then do you know the value of my house?"

Of course he knew! The middle-aged man thought to himself. If he didn't know, he wouldn't be so conflicted, and he wouldn't have wasted so much time talking to her.

"How about this! Let's each take a step back, I'll give you at most 500 slots, how about it?" After some thought, the middle-aged man suggested. This was his final decision after much consideration. Who asked him to want that house so much? if he were to snatch it by force, he had no absolute confidence at all. Moreover, he didn't think that these people would submit to him and let him do whatever he wanted.

"A thousand! I want 1000 people!" Leng ruoxue started to bargain.

"Six hundred! I can't go any further!" The middle-aged man loosened the quota of 100 people.

"Then 900! Six hundred is too little, it's not enough to fill the gaps between my teeth. " Leng ruoxue said in dissatisfaction.

"Eight hundred people! If you're still not satisfied, then I can only cancel this deal. " The middle-aged man threatened.

"Alright then! 800 it is!" Leng ruoxue said helplessly. She knew that this was the middle-aged man's bottom line. However, there were 800 of them in the open. She could decide how many of them she wanted to take away in secret.

"Men! Bring 800 of them here according to the names on the list. " After discussing the conditions, the middle-aged man immediately ordered his subordinates.

"Wait!" The moment Leng ruoxue heard this, she immediately called for a stop. She couldn't allow the other party to follow the names on the list. After all, there were many punks there to make up the numbers. If the people the other party brought weren't the ones she really wanted to save, wouldn't she suffer a great loss?

"What are you doing now?" The middle-aged man said with a slight headache.

"The list of names is too wide. I request a new list." Leng ruoxue requested.

"That's good! Hurry up!" The middle-aged man urged. He was already losing his patience from being tormented by this hateful woman. According to his original plan, he just needed to gather 800 men and hand them over to Leng ruoxue. Who knew that this little girl was so scheming?

"Uncle! Calm down, it's not like this house can run away!" Leng ruoxue smiled as she consoled him. Then, she wrote a new name list and passed it to the middle-aged man.

The middle-aged man took the name list and looked at it again. The moment he looked at it, his head hurt even more! He knew that this woman would not be easy to fool. Most of the people on the list were the most powerful ones who had been tricked into entering the secret realm. Moreover, he had not caught a considerable number of them yet. How could he complete the deal? He was depressed.

“Uncle! Quickly hand these people over to me! After the deal is done, you can send us out of here.” Leng ruoxue chuckled.

She kept urging him! But the middle-aged man’s face turned uglier and uglier. He still had to send them off! Their deal didn’t seem to include this, right? However, he couldn’t be bothered to argue with this little girl anymore, mainly because he didn’t think he could win her in an argument. Therefore, the only thing he wanted to do now was to send this hateful woman away as soon as possible. Otherwise, he couldn’t guarantee that he wouldn’t want to strangle her to death after a long time.

Unfortunately, his wish was good, but reality was cruel. Many of the people that Leng ruoxue wanted were not in his hands. Hence, even if he wanted to send this God of plague away as soon as possible, he had no way of doing so.

“Only a portion of the people you want are in my hands. As for the others, I will find them as soon as possible and bring them to you.” The middle-aged man said after some thought.

Chapter 1750: Crossing the bridge in secret (3)

“Good! I’ll be waiting here.” Leng ruoxue agreed readily.

Then, the middle-aged man ordered his men to bring them to their secret location.

After receiving the order, this subordinate immediately went to the secret room where those people were locked up.

At the same time, Leng ruoxue sent a voice transmission to her beasts.

“Charm! If you follow the Men in Black, you’ll be able to find the person they locked up.” Leng ruoxue reminded. Her spirit beasts had searched the bottom of the valley for a long time, but they could not find the place where the people who had been captured were kept. Now was a good opportunity.

“Mm! I know, master!” The Mei replied. Then, the few little beasts looked at each other and stayed in place, waiting for the black-clothed man to come to their door.

They were now at the main entrance, which was the only path the Men in Black had to pass. In addition, they were invisible at the moment, so they easily followed behind the Men in Black.

The Man in Black turned two corners and passed through a dark corridor. The Mei and the other small beasts followed the Man in Black into an underground secret room.

The secret room was very spacious and there were no decorations inside. However, there was a pool in the left corner of the wall. The pool was filled with bright red blood, giving off a strong bloody smell. In the middle of the pool, there was a red flower that was as bright as fire. The flower had multiple petals and was the size of a millstone. It was in full bloom. Above the pool, there were countless fist-sized spheres. Those spheres were white and transparent, and each sphere contained a person or a beast. At this time, the mental state of those people and beasts were all extremely dispirited. Some were already on the verge of death, with only one breath left.

Seeing this scene, the Mei and the other beasts could not describe the feelings in their hearts. Moreover, there were many beasts trapped in the ball. However, what made them even more troubled was how to release these people or beasts from the ball.

At the thought of this, the Mei and the other beasts' gazes were fixed on the black-clothed man's every move.

At this moment, the Man in Black took out the name list that Leng ruoxue had requested and carefully checked it. Every time he found a person, he would bring down the sphere that person was in. After finding all the people and beasts, the Man in Black cast a few complicated hand seals. Following that, the sphere disappeared and extremely weak humans and beasts were released from the sphere.

"What's the matter? is it our Time to Die?" An old-looking man asked.

"Hmph! You're in luck, someone's here to save you." The Man in Black shouted.

"Really?" The old man was still in doubt, and when the others heard his words, their reactions were calm. Or rather, they didn't believe him at all.

"Do you think I would lie to you?" The black-clothed man said unhappily, but he couldn't help but think in his heart, master really made a good deal! This was because even if these people were given to the other party, they would not be able to live for long. Their life force had long since withered, and the final outcome of them staying here would only be to become food for those monsters. Now, using them to exchange for that amazing spatial artifact was definitely a profit without loss, hehe! In the future, they would be able to enjoy the benefits of that house, he thought to himself.

"I wonder who's the one who's coming to save us?" The old man asked curiously. They had been trapped here for a long time and had no hope of getting out. Now that they heard that someone had come to save them, they were even more curious.

"A woman with the surname Leng!" The Man in Black said.

"The woman with the surname Leng?" The old man carefully recalled. In his memory, he did not seem to know any woman with the surname Leng. Why would she come to save him for no reason? He could not understand.

"You'll see her in a while. Follow me!" The black-clothed man ordered. After he finished speaking, he took the lead and walked out of the secret room.

Seeing this, the old man looked at the others who were as confused as him and followed him out.

After they had all left, the Mei looked at the people who were still in the secret chamber and felt hesitant.

The remaining people did not have a deep relationship with his master, or it could be said that they had no relationship at all. So, should he save them or not?

"Should we rescue them?" The Mei transmitted her voice to the other beasts.

“Save him! Why not? They’re all money!” Baby said a little miserly. It should be known that its biggest wish was to earn a lot of money for its cute master, so it would not let go of any opportunity to make money!

“Master sent us here to save people. However, we don’t know many of these people, so we can’t save them for nothing.” Ling Chen thought for a moment before speaking in a serious tone.

“MMH! Good brother! Well said. We have to take risks to save people, so they should pay us.” Baby gave Ling an appreciative look.

Mei’s head was full of black lines as she listened to the conversation between the two guys. If he wanted to earn money, then so be it. It wouldn’t stop him, so why make it sound so Grand?

“Then what are we waiting for? let’s discuss the conditions with them first, then let them out.” Yao was not in a hurry. It had not shown itself for too long, so it definitely could not let this opportunity go.

“You guys go ahead! I’ll keep a lookout for you.” The Mei said very self-consciously. It was very self-aware. It knew that its mischievousness could not be compared to these guys, so it was more suitable for it to be on the lookout.

“Mm! Let’s go and do something big.” Baby said with a Bandit-like expression.

After saying that, it asked Ling to remove its invisibility and then walked to the side of the pool with small steps.

What a strong smell of blood! Baby wrinkled his cute little nose and was a little disgusted. Sigh! A good flower was actually a blood-sucking one, she really didn’t learn well!

Then, it looked up at the top of the pool. The dying man and beast inside had clearly noticed its existence. They still had a trace of clarity, and all of them looked back at it with wide eyes.

“Hehe! I’m here to save you! However, he couldn’t save her for nothing. You have to pay a corresponding reward before I will let you out. How about it? If you agree, then nod your head. Otherwise, just shake your head!” Baby said directly. These people’s bodies were really too weak. It was really afraid that they would faint before they finished listening to its words. Then, wouldn’t it have worked for nothing?

When the humans and beasts in the sphere heard this furry, dark purple cute little Fox’s words, they all chose to agree, although they still had some doubts on their faces.

“Hehe! You’re tactful.” Baby was very satisfied with their choice. Then, it gave a look to Ling who was still invisible. Ling understood and jumped into the air ...

‘Whoosh! Buzzzzzz! Whoosh!’ After a few flashes of light, those who had agreed to it fell to the ground one after another. Seeing this, they couldn’t help but reveal a trace of shock in their eyes because they didn’t see the little fox do anything at all. They were saved from mid-air. This was really incredible. One should know that the ball wasn’t so easy to get down. Immediately, they were in awe of the treasure. It seemed that this little fox really had some tricks up her sleeve!
