Chapter 1761: Blood cherry blossom (3)

“Little girl, it’s just a Dragon’s beard grass, calm down! There’s even better stuff coming up!” Uncle long said with a mysterious smile.

“Really?” Leng ruoxue couldn’t hide her joy as she asked with a face full of anticipation.

After that, she found many herbs that were more precious than the Dragon’s beard.

There was even a fish scale flower that even her master had described as a legend. Seeing this, Leng ruoxue’s mood could no longer be described with the word ‘surprise’. She was a little shocked! Baby, they’ve just razed the entire warehouse to the ground! When she saw this, Leng ruoxue could already guess that these items definitely did not belong to the Men in Black.

In the end, she was numb to it.

After placing all the items into the bracelet and handing it over to Qing Jue for safekeeping, Leng ruoxue gently stroked the baby’s fur and praised, “Treasure! You guys did well!”

“Hehe!” Baby smiled proudly.

However, when he heard Leng ruoxue only praise his Beastie, uncle long was unhappy.

“Little girl, I did my part too. Why don’t you praise me?” Uncle long pouted and acted cute.

“Uh! Uncle long has worked hard too. I’ll prepare a big meal for you tonight.” Leng ruoxue’s face was full of black lines as she coaxed.

“This is more like it!” Uncle long was satisfied. Then, he said, “Little girl, now that you’re so rich, it’s not a big deal to support me, right? Uncle long will be with you from now on!”

“It is our honor that uncle long is willing to follow us.” Leng ruoxue could not help but wipe the cold sweat off her forehead.

“Then it’s a deal. From now on, I, uncle long, am yours.” Uncle long said with a faint smile. However, his words scared Leng ruoxue so much that she broke out in cold sweat.

Leng ruoxue looked at the evil man with a dark expression on her face and could not help but think in her heart, uncle long! Isn’t he just following us! Did he have to be so ambiguous?

“Hahaha! They’re the people who follow you.” Uncle long added tactfully when he saw that the evildoer’s expression was not too good.

Al! Looking at the mischievous uncle long, Leng ruoxue felt helpless. She knew that uncle long was doing this on purpose. However, it was rare to see this side of uncle long, so it was quite novel.

Sighing lightly, Leng ruoxue turned to uncle long and said, “Uncle long, you should go back to your room and rest! I’m going to tell Feng Da and the others to prepare dinner.”

With that, Leng ruoxue and the evildoer left the living room.

Just as they entered the garden, Leng ruoxue heard a loud noise coming from the garden. She immediately exchanged glances with the demon and the two of them walked towards the source of the noise.

“What happened?” Leng ruoxue frowned as she looked at Feng Da.

“Miss! This elder of the Yao family asked us to arrange accommodation for them, but I heard that we don’t have to be responsible for their food, clothing, accommodation, and transportation, so we don’t intend to arrange any for them. More importantly, there aren’t that many rooms.” Feng Da reported truthfully.

“Elder Yao, didn’t we agree on this before?” Leng ruoxue said as she looked at the Yao family elder who was leading the group.

“It was agreed! But, you can’t just kick us out of this house!” The Yao family elder was so angry that his face and neck turned red as he shouted at the top of his lungs. Those who had the same thoughts as him also glared at him.

“Why can’t I? We’ve saved you from the secret chamber and are willing to take you out of the secret realm. Isn’t that enough?” Leng ruoxue raised her brows and said unhappily.

“We have also paid you. Since you have agreed to take us out of this secret realm, you should naturally protect our safety. How can you drive us out of this house?” The elder of the Yao family said angrily. He would rather die than leave this place. There was no place safer than here.

“Where’s the reward you paid? It was just a bunch of white notes, and he had the nerve to say that he paid? Moreover, the one who said that you don’t have to be responsible for your food, clothing, accommodation, and transportation is you, right? This house is within the living area, so what’s wrong with Feng Da and the others asking you to leave?” Leng ruoxue retorted. Naturally, she was siding with him.

Her words immediately rendered the Yao family elders speechless. After a long while, the Yao family elder finally stammered, “We don’t want to live in a room, okay? You can’t be so heartless as to chase us out of this house! We will lose our lives if we stay outside.”

“If you don’t want to go out, then pay! What’s there to say!” At this moment, the precious item in Leng ruoxue’s arms spoke in a cold voice.

“We’ve paid so much money, but we don’t even have a place to stay. Now we want to stay in the courtyard, and you still want us to pay?” The Yao family elder and the others widened their eyes in disbelief.

“We agreed on this back then. Besides, I haven’t received your money yet!” Baby spread out his little paws and said in a business-like manner.

“You promised to take us out of the secret realm.” The Yao family elder reminded.

“That’s right! I did say that, but I didn’t say that I have to ensure your safety before you leave the secret realm. So, the condition for taking you out is that you have to stay alive. ” Baby explained with an innocent look.

This time, the Yao family elder and the others were all dumbfounded. If they were not willing to protect them, then why would they spend so much money to have these people escort them out of the mystic realm? This was a loss-making business!

“Of course, if you want us to be responsible for your safety in this secret plane, you’ll also have to pay separately, including food, clothing, housing, and transportation. In short, I only collect money for one thing, and I’m afraid you’ll find it expensive, so I separated all the payment. I’ve put in a lot of effort for you guys!” Seeing that they didn’t say anything, baby could only talk to himself again.

After listening to baby’s words, Feng Da and the others laughed in their hearts. None of them had expected that baby, who usually loved to act coquettishly with their miss, would be so good at making money. This black-hearted and ruthless drive made them forget it!

“Did you hear what the baby said? Getting you out of the secret chamber is one thing, getting you out of the mystery Land is another, and your safety in the mystery Land, as well as your clothes, food, and accommodation are all counted separately. So, don’t get it wrong, you only paid for getting out of the secret chamber and the mystery Land, and you didn’t choose any other items. Also, I only saw a pile of white slips, not even the shadow of a crystal! Therefore, don’t tell me how much you’ve paid us. I’ll just take it as a big joke. ” Leng ruoxue said in an unpleasant tone.

In fact, she didn’t want to be so harsh to them, but these people had only been in the house for less than half a day and they had already started to stir up trouble. Furthermore, they were led by the Yao family elders. She, who had never had a good impression of the Yao family, naturally wouldn’t let go of this opportunity to teach them a lesson. She wanted them to know that no matter what their previous status was, when they were here, they had to listen to her! Moreover, even if they were to stay outside the house, there wouldn’t be much danger as long as they don’t expose themselves. After all, Ling’s invisibility was very useful.

However, Leng ruoxue guessed that these people would never have thought that she would still let Ling cast an invisibility spell on them. Otherwise, they would not have judged the heart of a gentleman with the heart of a villain, even though she had never thought of herself as a gentleman.

“That ... Miss Leng, let’s have a good discussion!” After a long while, the elder of the Yao clan gave in. At a time like this, he did not want to fall out with Leng ruoxue and the others. Initially, he had only wanted to use the power of the masses to make Leng ruoxue and the others not dare to look down on him. At the same time, he would fight for more benefits for himself. Who knew that he would overreach himself? therefore, he could only think of a way to remedy this.

“What does elder Yao want to discuss? If you guys didn’t make a ruckus and just wanted to talk things out, I wouldn’t have to make things so clear. ” Leng ruoxue sighed and said helplessly.

“I know, we weren’t calm enough. We heard your subordinates telling us to wait outside the house, so we got anxious.” The elder of the Yao family said politely.

“Elder Yao, what did I say? What I’m saying is that there aren’t enough rooms, and the space in the courtyard is limited, so please move outside the house without us arranging your food, clothing, and accommodation, right?” Feng Da asked.

“Yes! That’s the right thing to say!” The Yao family elder nodded with a red face.

“If that’s the case, how can you say we’re kicking you out? Of course, we have to let our own people and those who have paid the room fee come first to our current rooms and courtyards, isn’t that right?” Feng Da asked again.

“That’s right! That’s right!” The Yao family elder’s forehead was covered in cold sweat.

“Then you still dare to wrong us?” Feng DA’s eyes widened in anger as he glared at the Yao family’s elder. None of the Yao family’s people were good. They were all so annoying!

“It was our slip of the tongue. We were too scared.” The elder of the Yao family said pitifully.

“You were the ones who said you didn’t need our arrangements. What’s the use of being afraid now?” Feng Da shouted with his eyes wide open.

“Then, then we want you to arrange a place for us to stay. That should be fine, right?” The Yao family elder said without any backbone. He really didn’t want to leave this house.

“It’s too late! The courtyard has been arranged. ” Feng Da said with a smirk.

“You can also give us a small corner! As long as we can have a place to sit!” The Yao family elder was unwilling to give up and settled for the second best.

“Are you sure?” Feng Da asked in disbelief.

“As long as you don’t let us leave this house, anywhere is fine. We’re willing to pay.” Seeing that there was a chance, the Yao family elder quickly said.

“You can represent them?” Feng Da turned his gaze to the others and asked.

Chapter 1762: Luring the Tiger out of the mountain (1)

Hearing Feng DA’s words, the Yao family’s elder quickly turned to look at the others, and the others immediately said, “Elder Yao’s opinion is our opinion.” Everyone still had lingering fear. At this time, who dared to say that the Yao family elder didn’t represent them! If someone really dared to say that, the old man from the Yao family would definitely not care about them anymore. Right now, they really needed a pillar of support. It seemed that other than the Yao family’s elder who had suffered together with them, they could not find any other suitable person.

“In that case, I’ll arrange a corner for you! You were the ones who said you weren’t picky! Don’t be so picky when the time comes, or you’ll definitely regret it. ” Feng Da said the ugly words first, which was also a warning in disguise.

“Even if it’s a corner, the price is the same as staying in a room. So, you’d better consider it carefully before making a decision.” At this time, baby added. When Feng Da heard its words, he couldn’t help

but wipe the cold sweat on his forehead. He thought to himself, this baby is really ruthless! He was clearly taking advantage of her! However, this was a good opportunity! Fortunately, he didn't say that the price would be reduced by half. Otherwise, he would have ruined the treasure!

"Uh!" When the Yao family elder and the others heard Bao Bao's words, they were completely speechless. Why did they have to fight back and forth? they didn't get any benefits. Instead, they didn't pay any less, but they couldn't compare to others in what they paid. This, this was really too much! But what else could they say? If they had known earlier, they might as well have agreed to the other party's arrangement of food, accommodation, and transportation!

"What's with the 'uh'?" Baby's eyes widened in anger. Just as he was about to say "uh" and throw you into the river to feed the fish, he was interrupted by the Yao family elder.

"If the price is the same, then so be it! However, for the same price, the place we live in is not as good as others. Can you ... Can you compensate us with something?" The elder of the Yao family probed. To put it bluntly, he felt that he had suffered a loss, so he wanted to get back some face.

"You bastard! You don't have the right to talk about conditions, you can't stay if you want to!" The baby roared angrily. He was so angry that all the fur on his body stood up and he bared his fangs and brandished his claws. He was just short of rushing forward to scratch the Yao family elder.

"Stay! We'll stay!" The Yao family elder wanted to cry but had no tears. Wu...This seemingly cute little fox, how could she be so fierce! Moreover, when the others heard his words, they seemed to have some resentment. In fact, who was he doing this for? Why didn't they understand him? He felt extremely aggrieved.

"Then stop talking nonsense. Otherwise, you won't be able to find anything." Baby urged.

"En!" The Yao family elder and the others nodded. Then, a series of procedures were carried out, such as writing an IOU, taking a blood oath, and so on.

After going through all the procedures again, Feng Da arranged for them to sit in a corner in the Northwest corner of the yard. It was not big, only enough for them to sit cross-legged and meditate. There was no extra space.

When the Yao family elder and the others saw this, their hearts were bleeding. Wu ... They charged them 500000 top-grade crystals just for this place. These people were really robbing them! No! This was much faster than robbery.

However, as soon as they thought that their safety in the mystery Land was guaranteed in the future, their hearts suddenly calmed down. This was probably the so-called "spending money to avoid disaster"!

After settling them down, Feng Da and the others began to prepare dinner. An indescribable fragrance soon filled the air!

Although the Yao family elder and the others were some distance away from the garden, the delicious smell of the food still drifted into their noses. Immediately, some people's stomachs reacted uncontrollably and began to growl. This wasn't to say that they were hungry. After all, their cultivation levels weren't low, so it didn't matter if they didn't eat. However, they had all cultivated from ordinary

people to deities. As a result, the deliciousness of this food still caused their stomachs to have a strong reaction. Many people couldn't help but sniffle with all their might, and some people even had suspicious liquid flowing out of the corners of their mouths.

"All of you better be a little more promising." Seeing them like this, the Yao family elder growled in a low voice. However, no one was willing to listen to him at this time. Even a divine venerable couldn't resist the temptation of delicious food, let alone these people who weren't divine Venerables! His self-control was naturally not as good.

As the fragrance grew stronger, some people couldn't stand it anymore and stood up, heading straight for the garden ...

After a long time, the people who had gone to the garden returned with a look of satisfaction on their faces. Seeing this, more and more people gave up their reservations and ran to the garden.

In this way, a few hours passed. Everyone present, except the Yao family elder, couldn't resist the temptation of food and went to pay for it. However, it was conceivable that the food fee they paid this time would not be cheap.

"Elder Yao! It's such a pity that you didn't go, Al! The taste of the food was too good. I've lived for so long, but I've never eaten such delicious food. My life has not been in vain!" The person closest to elder Yao sighed. He had thought that he was dead for sure. Unexpectedly, not only was he saved, but he was also able to eat delicious food that he had never eaten before. It was worth it! It was really worth it! Even though they had to spend a lot of money! However, he didn't have to worry about his debts. At most, he could pay them back slowly!

"You guys are really rich!" The Yao clan elder said sinisterly. His expression was as unsightly as the bottom of a pot, and he couldn't help but curse in his heart. These people were really too embarrassing. So what if they hadn't eaten roasted food before? In fact, when he smelled the smell, he knew that the other party was roasting food. When they were outside for experience training in the past, the most common way to deal with food was to roast it. Therefore, he did not think that there was anything surprising about roasted food. However, these disgraceful guys were actually so eager to roast food. How could this not make him angry?

"Elder Yao, this money was well spent! We didn't eat to fill our stomachs, but to satisfy our appetites. Now, our wish has come true. Although we spent some money, the food was indeed delicious. To be honest, I've roasted food before, but the taste can't compare with other people's food. This was the difference! If you don't believe me, you can also go and pay for it!" That person advised. Words were not proof. He felt that it was best to let the Yao family's elder personally experience it. At that time, elder Yao would understand their feelings.

"I don't have that much money," The Yao family elder said in a bad mood. Hmph! He wouldn't fall for those people's tricks!

Seeing this, the man stopped talking! However, he couldn't help but think in his heart, how could the Yao family not have money? Who would believe this? One had to know that at least half of the wealth in the divine realm was controlled by the eight great divine regions. Now, the Yao family elder actually said

that he had no money. This, wasn't this making fun of him? Hmph! If you can't bear it, just say it, but why did you have to say you don't have money! Who are you trying to fool?

Following that, everyone closed their eyes to rest. Those who wanted to respond to the Yao family elder all tactfully shut their mouths to avoid stirring up a stomach full of idle talk. For a moment, the atmosphere was extremely serious by the Yao family elder.

Chapter 1763: Luring the Tiger out of the mountain (2)

At this moment, Leng ruoxue was in the living room, listening to Feng DA's report on the situation in the garden.

"Miss! Other than that old man from the Yao family, everyone else is buying food from us." Feng Da said happily. This was another big income!

"Oh! The Yao family has always been like this." Leng ruoxue said disapprovingly.

"Yes, yes." Feng Da quickly nodded. He would make more delicious food tomorrow. He didn't believe that he couldn't get money from the Yao family elder's pocket.

"Feng Da, I will leave this place with uncle long and the evildoer tomorrow. However, for your safety, I will set the rule that you can only leave and not enter this house. If anyone tries to cause trouble, you can just clean it up. The beasts in the endless ocean will help you." Leng ruoxue told Feng Da about her arrangements.

Feng Da frowned and said, "Miss, are you going to find master ning and the others? Bring me along!"

"I'm not bringing anyone but uncle long and the demon! "Feng Da, I've left you here to lower the guards of the Men in Black. Otherwise, it wouldn't have been easy for us to leave. With you here, the Men in Black will be more at ease. As long as you don't take the initiative to go out, you won't be in danger. " Leng ruoxue reminded. She had already thought of everything for Feng Da and the others.

"Alright then!" Although Feng Da was a little reluctant, he still nodded.

"Miss! Are you guys coming back tonight?" Then, Feng Da asked.

"I don't think so. Don't worry about us. I'll be at ease as long as you take care of yourselves." Leng ruoxue said with a smile.

"Don't worry, miss! We'll take care of ourselves." Feng Da promised.

"That's good! As for my departure, don't let too many people know about it. Just say that I'm in seclusion to refine pills." Leng ruoxue said after some thought.

"En!" Feng Da nodded.

After that, Leng ruoxue instructed Feng Da on some other matters before letting him leave with a peace of mind.

The next day.

Leng ruoxue, the demon, and uncle long then turned invisible and left.

After walking out of the valley for a distance, Leng ruoxue gave each of them a disguise pill. After they ate it, the three of them appeared in the mystic realm with the appearance of strangers.

“Little girl, your disguise pill is really amazing! Even my aura has changed.” A mirror appeared in uncle Long’s hand and he said in surprise. However, when he saw the ugliest face in the mirror, he felt depressed again! Although his appearance could not be compared to that of a demon, he was still considered a handsome uncle! In this situation, he probably didn’t even need to do anything to scare off a group of people.

Leng ruoxue, who was at the side, saw that the usually tough uncle long had actually taken out a mirror to look at himself. Instantly, her forehead was filled with black lines. She didn’t expect that uncle long was also a fan of beauty. One must know that the beasts in this world rarely prepared a mirror for themselves. At most, they would only look at themselves in the river. For uncle long to act like this, it really made her fall into a mirror.

“What’s wrong? are you surprised? Back in the day, uncle long was also a handsome man when he was young. I don’t know how many female beasts liked me!” Uncle Long’s torch-like eyes seemed to reveal a trace of nostalgia.

“I’ve never doubted uncle Long’s charm. There will be many female beasts who will like uncle long now.” Even though Leng ruoxue was sweating profusely, she still replied in a cooperative manner.

“Hahaha! Little girl, you have good taste! However, uncle Long’s standards are extremely high, and he won’t take a fancy to those ordinary beasts.” Uncle long said in a good mood.

Seeing this, Leng ruoxue could not help but sigh. A man’s heart was truly like a Needle at the Bottom of the Sea! Uncle long, who had been frowning a moment ago, suddenly changed his expression because of her words. The speed at which he changed his expression was faster than turning the pages of a book!

When he saw Leng ruoxue looking at him helplessly, uncle Long’s smile grew wider.

Then, the three of them continued on their way.

At night.

Leng ruoxue immediately brought the evildoer and uncle long into the bracelet.

In fact, she was willing to bring uncle long in because she had thought about it carefully. After all, she trusted her judgment of people. Moreover, uncle long was not a human. If a human would covet her ring, the beasts would definitely not have such thoughts. This was also the main reason why she was more friendly to the beasts.

Uncle long wasn’t used to the change of location, but when he saw the strong spiritual Qi in the bracelet, he was ecstatic. This, this was really a good place for cultivation. However, he was already a reverent-God, so the strong spiritual Qi here didn’t seem to have much effect on him. However, to be able to live in such a place with strong spiritual Qi was a very comfortable and wonderful thing for them.

Turning around, uncle long looked at Leng ruoxue with a face full of joy. He could not help but ask, "Little girl, where are we?" He knew that this little girl wasn't simple. Now, it seemed that his decision to follow her was really wise.

"This is naturally also the space of one of my divine artifacts." Leng ruoxue deliberately kept him in suspense.

"I'm afraid that house can't compare to this divine artifact!" Uncle long understood. Although they were all spatial type divine artifacts, there were also high and low quality ones.

"En!" Leng ruoxue nodded.

"Hehe! Little girl, uncle long knew that following you was the right thing to do. Oh! There are so many houses there, so uncle long, I'll just pick one to live in." Uncle long was an experienced man. Since Leng ruoxue was willing to bring him in, he knew that this little lass didn't treat him as an outsider. Hence, he didn't stand on ceremony with Leng ruoxue. However, he wouldn't ask what he shouldn't ask. However, Leng ruoxue's actions had warmed his cold heart. This little girl was one of the most impressive humans he had ever seen.

"Uncle long! Those houses have owners and I've already ordered my spirit beasts to build a new house for you. I'll have them take you there!" Leng ruoxue said with a smile.

"Good! Good!" When uncle long heard that all the houses had owners, he was disappointed. However, when he heard that Leng ruoxue had built a new house for him, his face lit up with joy.

Following that, a small silver Wolf the size of a palm ran over happily. It rubbed against Leng ruoxue's leg affectionately and brought uncle long to see the room.

Not long after, uncle long returned with a satisfied look on his face.

"Little girl, I really like the room. Thank you." Uncle long said with a smile. That smile was definitely from the bottom of his heart.

"Uncle long! I also helped to build the house." The little silver Wolf in uncle Long's arms said in a slightly coquettish manner.

"Hehe! Uncle long knows. Thank you, little Fengfeng!" Uncle long stroked the Silver Wolf's soft fur and said affectionately. He did not expect to see so many magical beasts here, including the Phoenix Clan and the dragon clan, the two King divine beast clans of the divinity. At that moment, Leng ruoxue's status in his heart rose by quite a bit.

Chapter 1764: Luring the Tiger out of the mountain (3)

"Hehe!" The Silver Wolf giggled, then jumped down from uncle Long's arms and went to play.

"Little girl! You really surprise me." Uncle long sighed. He had thought that the three of them would have to sleep in the wilderness! Who would have thought that Leng ruoxue would give him such a pleasant surprise?

“Oh right! Little girl, do all the beasts here belong to you?” Uncle long asked curiously.

“Mm! They’re all my Beastie!” Leng ruoxue did not deny it.

After hearing Leng ruoxue’s words, uncle long sized her up in disbelief. His gaze made her heart tremble.

Half a moment! Uncle long widened his eyes and asked in disbelief, “How did you manage to contract so many Beastie?” From what he knew, contracting a spiritual beast required a lot of mental energy. Hence, there was a limit to the number of spiritual beasts that a human could contract. He had lived for so long and had never seen a human like Leng ruoxue who could contract so many spiritual beasts without limit. How terrifying was her mental energy? He simply didn’t dare to imagine.

“I don’t know,” Leng ruoxue answered honestly. Most of her spiritual beasts had delivered themselves to her doorstep, so it did not take much effort for her to keep them. However, she also knew that contracting a spiritual beast required a huge amount of mental energy. However, she did not feel that her mental energy had reached its limit, so she had more and more spiritual beasts.

“Uh!” After hearing this, uncle long kept blinking his eyes, not knowing what to say.

“Hehe! What’s the big deal! Big sister’s aptitude isn’t something ordinary people can compare to. ” At this moment, Qing Jue’s voice rang in the ears of the three of them. Then, a chubby little child appeared.

“Alright! I admit that this little girl is a pervert, okay? But, Who are you?” Uncle long asked with great interest as he looked at Qing Jue, who was acting like an adult.

“I’m the manager of this space, which means I’m the spirit of this divine artifact!” Qing Jue said proudly.

When uncle long heard Qing Jue’s arrogant words, he carefully sized him up from head to toe. Then, he even poked Qing Jue’s pink and tender little face with his finger. He sighed and said, “It feels exactly the same as a real baby!”

“What else do you think!” Qing Jue’s face darkened, and he was obviously a little unhappy. Sob ... He was being taken advantage of by the strange uncle!

“Uh! I won’t tell you that this is my first time seeing an Artifact Spirit. ” Uncle long said, a little embarrassed.

Hearing uncle Long’s words, Leng ruoxue couldn’t help but purse her lips and snicker. Uncle long was actually getting more and more humorous.

“It doesn’t matter! Your reaction is very normal. I won’t laugh at you. ” Qing Jue said very seriously.

“Hehe! That’s good!” Uncle long coaxed. After that, he pretended to wipe the cold sweat off his forehead, but he couldn’t help but sigh in his heart. It really wasn’t easy to coax a little doll!

Seeing the interaction between uncle long and Qing Jue, Leng ruoxue did not disturb them. Instead, she pulled the evildoer and left quietly.

Meanwhile, uncle long, accompanied by Qing Jue, the local tyrant, started to tour the entire space.

Everywhere they went, uncle long was like a Granny Liu who had entered a Grand View Garden. He couldn't even see enough. After a round, he felt deeply inferior and felt that his choice was wise. There were so many good things in here that it was dazzling.

In the end, Qing Jue even patted uncle Long's shoulder and comforted him. "Don't be sad. Your reaction is better than others. You don't have to feel inferior."

"En!" Uncle long nodded and scurried into his room. He faced the wall and pondered.

The next morning, they continued their journey.

After searching for a long time, they finally found a house in the evening half a month later by an unremarkable, almost dried-up stream.

He observed the house from afar.

From the outside, it looked no different from the one that Leng ruoxue owned. From the refinement technique, Leng ruoxue could also tell that it was refined by the Grand Elder. However, the area of the house in front of her didn't look very big, and the height of the house was only about one meter. However, Leng ruoxue knew that this was just a smokescreen. The Grand elder's actions were probably afraid of attracting the attention of the black-robed men in the mystic realm, which was why he kept such a low profile.

But even so, the house was still surrounded by fierce monsters. Fortunately, these monsters did not have much intelligence. They were more like battle machines. Hence, the first elder and the rest were able to hide here safely without being discovered by the Men in Black. However, the moment she thought of the hidden spy beside them, Leng ruoxue's heart began to race again.

"Little girl, this house is similar to yours. The person we're looking for should be here!" Uncle long said with uncertainty.

"En!" Leng ruoxue nodded. Even though she wasn't too sure, she knew that the Grand Elder had elemental breath. Hence, it wouldn't be difficult for him to create a spatial God tool that could accommodate people!

"Then let's go in and find her!" Uncle long urged. He was extremely annoyed when he saw these monsters. He couldn't help but think of the black-clothed men who had been sucked dry. Therefore, he couldn't wait to leave this place.

"Uncle long! Evildoer, you guys go and contact the people in the house. I'll go and lure those monsters away." Leng ruoxue said after some thought.

"No! It's too dangerous. I'll go and draw the monsters away!" Uncle long retorted. In her opinion, Leng ruoxue was the weakest among the three of them. Furthermore, she was a girl. How could he, a reverent God, allow a little girl to do such a thing? If word of this got out, he would be looked down upon by many Beastie. More importantly, he could not bear for Leng ruoxue to take this risk. After all, he truly treated Leng ruoxue as a junior of his family. Hence, he would not let Leng ruoxue go.

“Uncle long! Only my flames can cause damage to these monsters. Moreover, I still have room to save my life. Therefore, no one is more suitable than me for this task. So, you can rest assured! I know what I’m doing.” Leng ruoxue promised.

Her words left uncle long speechless because what Leng ruoxue said was the truth. In terms of life-saving methods, he was indeed no match for her.

“Xue ‘er! Be careful!” The demon warned. Although he didn’t want Xue ‘er to take the risk, he knew that Leng ruoxue was a woman of her word. He couldn’t stop her.

“Don’t worry! I won’t risk my life.” After Leng ruoxue finished speaking, she used her divine power to create a fiery red Dragon. Then, she jumped onto the dragon’s back and flew towards the direction where the monsters were gathering ...

The monsters that had gathered outside the house had discovered a new target and immediately left to chase after Leng ruoxue.

“How can you also let the little girl do such a thing?” As he watched Leng ruoxue’s back view, uncle long was a little annoyed. He had thought that this devilish man who cared a lot about this little girl would stop him! Who knew that he only told her to be careful.

“Once Xue ‘er has decided on something, she won’t easily change her mind.” The demon said, but in his heart, he was thinking, if it wasn’t for the fact that the great elder and the others didn’t recognize you, I wouldn’t have to be here accompanying you!

“But we can still approach the house invisibly!” Uncle long couldn’t help but ask.

“It’s a critical time right now. If we go in stealth, the people in the house won’t believe us. If we don’t, we’ll alert a large number of monsters. When we want to enter the house, I’m afraid the people inside won’t dare to open the door for us. So, luring the Tiger away from the mountain is the best way.” The demon said. No one dared to take the risk at this moment.

“Alright! You’re right!” Uncle long was a little dejected, but he still followed behind the evildoer and slowly approached the house.

As he got closer to the house, the demon knocked on the door gently. However, there was no movement from inside.

Seeing this, the demon continued to knock.

However, because of his knocking, the people in the house were like birds startled by the twang of a bow, their faces pale.

At this moment, apart from a few of them who were recuperating in their rooms due to their severe injuries, the rest of them were all hiding in the garden, not daring to pay attention to the movements outside.

“Go and see who is knocking on the door.” At this time, the master of the yin family, whose face was a little pale, ordered.

However, no one carried out his words.

"I can't order you around anymore, can I?" Looking at the motionless crowd, the master of the yin family exploded in anger and roared again.

"Master Yin, there's no need to look anymore. Those monsters must be trying to trick us out, so they're deliberately making some noise." An elder of the Cheng family said in fear.

"F * ck! Your monster would knock on the door so politely?" The master of the yin family was so angry that he really wanted to throw this embarrassing elder of the Cheng family out. Unfortunately, this guy wasn't a member of the yin family. Otherwise, he would definitely teach him a good lesson!

"This must be a new trick that the monsters came up with to trick us out!" The elder from the Cheng clan said stubbornly.

"F * cking disappear from my sight right now, or I don't mind teaching you a lesson on behalf of old man Cheng!" After hearing the Cheng clan's elder's words, the yin clan's master couldn't take it anymore and roared.

After he finished speaking, he walked toward the door in a Huff. Hmph! If these timid guys couldn't be ordered, then he would go personally!

When the others saw this, they quietly followed behind him.

At the door, master Yin frowned and shouted, "Who is it! You dare to knock on the door!"

Chapter 1765: Violent uncle Dragon (1)

When the demon heard this voice, he was stunned for a moment. Then, he said loudly, "Old man Yin, quickly open the door!"

"Who are you?" When the master of the yin family saw that the other party recognized him, he suddenly became alarmed. However, out of caution, he naturally would not open the door casually. Otherwise, the monsters that had been guarding outside would rush in without hesitation. At that time, their lives would be in danger. However, this name was really familiar.

"My surname is ye! Have you forgotten?" The demon laughed coldly. He was still resentful of what the master of the yin family had done in the past.

"Night?" The master of the yin family frowned and thought. Suddenly, he had a flash of inspiration and remembered who this guy was! F * ck! Isn't that the robber surnamed ye? What was he doing here?

"Since you remember, quickly open the door!" The demon said impatiently.

"Oh!" The master of the yin family nodded in embarrassment. He couldn't afford to offend this guy.

However, just as the master of the yin family was about to open the door, he was stopped by the person behind him.

"Master Yin! You can't open the door!" The elder of the Cheng family said.

“Why can’t I? I know him!” The master of the yin family said unhappily. He was trapped here. Was he being too easy to talk to? Otherwise, why did none of them take him seriously?

In fact, he had overthought it. He still had a Supreme position in these people’s hearts. However, these people were too concerned about their lives. Therefore, as long as there was a slight movement, they would be extremely nervous. Moreover, at this time, they could not care about the strong being respected. They were about to lose their lives, so what was the use of pursuing the strong? Moreover, the patriarchs of the eight great divine regions, who were usually high and mighty, had no way to deal with this matter. As a result, the words of the patriarchs were not as intimidating as they usually were.

“Master Yin, even if you know him, you can’t risk the lives of so many people! There are so many monsters out there. If you open the door and let him in, what if those monsters come in as well? what should we do then?” The elder from the Cheng family said worriedly. The others quickly chimed in after hearing his words.

“Yup! Master Yin! You have to consider all of us! This is the only place we can settle down in the secret plane. We can’t let those monsters occupy it, otherwise, we’ll really be dead.” Another person worriedly said.

“F * ck! Open the door, we’re here to save you.” Before the master of the yin family could say anything, uncle long, who was standing outside the door, couldn’t help but roar. These people really didn’t know what was good for them. The little girl risked her life to save them, but they didn’t know how to be grateful. They even wanted to shut them out for their own lives! This was outrageous. If it wasn’t for the little girl’s life-saving means and her ability to deal with these monsters, the three of them would have long become the stomachs of these monsters. The more uncle long thought about it, the angrier he got. If they weren’t separated by a door, he would have cut those guys who had just spoken into pieces!

“He saved us? You obviously came to us because you saw that we had a way to save our lives, but you still have the cheek to say that you’re here to save us. Your skin is really thick!” That person continued.

“You, who the F * ck are you? If you have the guts, report your name!” Hearing this, uncle long was instantly enraged. Now, he truly felt that it was not worth it for the little girl to come and save them!

“What do you want to do?” Sensing the hostility in the other party’s tone, the person said with a trembling voice.

“You shut up!” At this time, the master of the yin family couldn’t take it anymore and shouted. The man didn’t fear uncle long, but he couldn’t ignore the master of the yin family. Therefore, he kept his mouth shut.

“Old man Yin, open the door quickly. Otherwise, you can just live and die Here!” After listening to the lively atmosphere, the evildoer said with a smile that was not a smile. These people had already exhausted his patience. At the same time, he was worried about Leng ruoxue’s safety. Hence, he did not want to waste any more time with them. If they still did not open the door, he would have to leave with uncle long.

“Oh! Wait a moment!” This time, the master of the yin family moved very quickly. He didn’t give the others a chance to react before he opened the door.

Seeing this, uncle long entered in a flash, while the demon turned and left.

“Why did he leave?” Master Yin asked in confusion as he watched the back of the evildoer and closed the door.

“He was worried about the little girl’s safety, so he went to look for her.” Uncle long said honestly. Although the kid didn’t tell him, he knew.

“That ... You guys ...” Master Yin stuttered. Actually, he wanted to ask, who are you guys? And how did that ye brat become ugly? If he didn’t know that no one here would pretend to be ye, and no one knew how they got along, he would have suspected that this guy was a fake.

“You can call me uncle long! I’m the little girl’s man.” Uncle long could tell that the master of the yin family was in a dilemma. However, the master of the yin family was a little unhappy when he called him uncle long.

This guy actually wanted her to call him uncle long. This ... This was clearly taking advantage of her! This was really too much! However, who was the little girl he was talking about?

“Excuse me, who is the little girl you’re talking about?” After thinking for a while, master Yin asked the question in his heart.

“The little girl is Leng ruoxue! The ning family head and the others all know him.” Uncle long said lightly.

“Uh!” The master of the yin family lowered his head. Could he say that he also knew that little devil? However, when he heard from the other party that it was Leng ruoxue, his heart was completely at ease.

“Where did that little girl go?” The master of the yin family asked.

“She went to draw the monsters away. Otherwise, she would attract the monsters’ attention if she got close to the house.” Uncle long said matter-of-factly, but the worry in his eyes disappeared. After all, he treated Leng ruoxue as his junior. No matter how capable his own child was, she was still a child in his eyes.

“No wonder!” The master of the yin family sighed. He didn’t know what to say. Even a little girl dared to do this, but they, the men, could only hide here. This fact made him feel quite aggrieved.

Uncle long glanced at the master of the yin family and turned to the others. “Who was the one who told us not to come in? And you said that we would bring you danger?”

When uncle long said this, his eyes were very unfriendly and his expression was very ugly. Not only that, but he also deliberately released a trace of pressure. Instantly, those who had been frightened and frightened like birds felt endless pressure. At this time, if they still didn’t know that uncle Long’s strength was more than a little bit higher than theirs, they would have lived all these years in vain.

Chapter 1766: Violent uncle Dragon (2)

In an instant, fear, regret, and countless other emotions flashed through everyone's hearts. Moreover, they knew that this was the time when they needed top-class experts the most, so they did not dare to take uncle Long's words lightly.

"It was an elder of the Cheng and Yao families who told me." After weighing the pros and cons, some people quickly betrayed the two people who had spoken just now, while more people were extremely glad that they hadn't said anything that they shouldn't have. Otherwise, this uncle long would definitely not let them off. Thinking of this, everyone quietly distanced themselves from the two elders of the Cheng and Yao families.

And uncle long didn't let down his heavy gaze. He grabbed the two elders of the Cheng and Yao families, who were standing upright like cranes among chickens, and walked toward a corner ...

Not long after, a pig-like howl came from the corner.

"Argh! "Ah!" Murder! Help me!"

"Argh! Don't hit me! I was wrong! I was wrong!"

Everyone looked up at the sky in unison when they heard the scream. This was not the time for them to make a sound, but uncle Long's violent image had been deeply engraved in their hearts. Immediately, everyone decided that they could not afford to offend uncle long.

After a long time.

When the Yao and Cheng family's two elders crawled out from the corner, everyone couldn't help but widen their eyes in shock, looking at the two people in front of them in disbelief. F * ck! Were these two really the two elders from before?

Although these two elders were not extraordinarily handsome, they were at least decent looking. But now, they were clearly pigs waiting to be slaughtered. Moreover, they were quite fat. Not only were they covered in wounds, but their bodies were also round and fat. They were two times fatter.

Seeing the two's new appearance, everyone looked at uncle long with a complicated expression. The reality in front of them made them speechless and flabbergasted.

Uncle long found a seat and sat down. He took out a small table from his storage ring and placed it in front of him. Then, he placed a teacup and a teapot on the table and began to slowly enjoy the tea. As he sipped the tea in his hand, he observed their reactions. When everyone saw how relaxed and comfortable he was, they all felt a mix of emotions, jealousy, envy, and hatred.

Look at him, he was also in the mystic realm, but he was Living a Good Life! On the other hand, even though they were trapped here, they were still very afraid and didn't dare to let their guard down! Sob ... It was infuriating to compare!

"Master Yin, this tea was prepared by my little girl. Do you want to try it?" After a long while, uncle long spoke.

“Alright!” The master of the yin family couldn’t ask for more. His biggest hobby was drinking tea, and now that he smelled the tea, he was already tempted. However, he wasn’t close to uncle long, so he didn’t ask for it.

He walked to uncle Long’s side and sat down. Uncle long took out a Jade teacup from his storage ring and poured a cup of tea for the yin family’s master. After that, he didn’t say anything else. The yin family’s master, who had the tea to drink, ignored the looks everyone gave him and silently drank it.

After an unknown amount of time, uncle Long’s tea was almost finished. Then, he took out a steaming, oily roast chicken from his ring and generously gave half of it to the yin family’s master. When everyone smelled the aroma of the roast chicken, they unconsciously swallowed their saliva. However, no one dared to approach him.

“What a fragrant roast chicken. Can you share some with me?” At this time, a slightly low voice rang in everyone’s ears. When everyone heard this voice, they all consciously made way for him.

“Old man ning! Why did you come out? quickly go back to your room!” The master of the yin family immediately said in dissatisfaction after seeing the owner of the voice.

“I came out because of the fragrance. Why? Do you want to take all the food for yourself?” The master of the ning family said with some dissatisfaction.

“You ... You ungrateful brat, I’m doing this for your own good!” The master of the yin family was a little angry.

“I want to eat roast chicken. It tastes just like the one my precious daughter makes.” The master of the ning family, who had been attracted by the fragrance, walked to uncle long and said with a drooling face. He had been in the room and hadn’t paid attention to the situation outside, so he didn’t know what had just happened.

“You’re the master of the ning family? You’re injured!” Uncle Long’s eyes were like torches as he said this. As he spoke, he handed over the roast chicken in his hand.

The master of the ning family unceremoniously took the fragrant chicken and took a big bite. Then, he frowned and said,“I was slightly injured. Eh! It’s not just similar, the taste is exactly the same.” He was a little confused. Was there something wrong with his taste? Otherwise, how could he smell the food that Xue ‘er made? this was really abnormal.

“Because this was all caused by Xue ‘er.” Uncle long said with a smile. He had heard a lot about the master of the ning family and knew that he was a protective guy. He had a good impression of the master of the ning family today, and he even missed the little girl here. It could be seen that he really loved the little girl, and the little girl had risked her life to save him in vain.

“What?” The master of the ning family was shocked, and his already pale face became paler.

“Old thing, you can’t be excited! Quickly calm down!” Sensing master ning’s excitement, master Yin said worriedly.

“I’m fine! Don’t be so nervous!” The master of the ning family didn’t want to be treated like a patient, so when he heard master Yin’s words, he immediately exploded. Although the other party had good intentions, he couldn’t appreciate it.

“You, you ungrateful old man! I’m not going to care about you anymore, alright?” The yin family’s master’s temper also rose.

“I didn’t ask you to care about it!” The master of the ning family couldn’t help but mumble. Then, he grabbed uncle Long’s arm tightly and asked nervously, “What did you just say? Who made this chicken?” He was afraid that he had heard wrong.

“This chicken was made by Leng ruoxue!” Uncle long laughed evilly. He didn’t expect that the master of the ning family would find out about it with just a chicken.

“Are you sure?” Master ning was still in disbelief.

“I’m sure, I’m sure! This chicken was personally prepared by Xue ‘er, and I heard that she’s your goddaughter, right?” Uncle long asked despite knowing the answer.

“MMH! That’s right! She’s my goddaughter! But why don’t I know you? Also, where’s Xue ‘er?” The ning family’s master asked a few questions in a row, making uncle long not know whether to laugh or cry. He didn’t expect that the moment Leng ruoxue was mentioned, this fellow would become so nervous. There were so many questions, which one should he answer first?

“That little girl is now in this secret realm, and we met in the endless sea.” Uncle long thought for a while and decided to pick the most important part so that he wouldn’t make this guy anxious to death.

Chapter 1767: Violent uncle Dragon (3)

“Little Xue ‘er has also come to the secret realm? ‘Damn it!’ Who asked her to come!” Hearing uncle Long’s words, the master of the ning family suddenly became anxious. Like an ant in a hot pot, he kept walking around and drawing circles on the ground.

“She came here to save you. Besides, she’s much safer than you in this secret realm.” Uncle long couldn’t help but say. Although he knew that his words might strike a blow to these experts of the divine realm.

Sure enough, as soon as he finished speaking, some people became dissatisfied.

“Senior, aren’t your words biased? Although we are trapped in this secret realm, the weakest among us is a divine Emperor. I wonder what is the cultivation level of the little girl you speak of?” The person who spoke was also an elder of the Yao family. Moreover, his face carried a trace of dissatisfaction.

“So what if he’s a divine Emperor? You guys don’t even dare to leave this house, do you? However, in order to find you, the three of us almost turned this secret realm upside down. If it were you, would you dare to do the same?” Uncle long sneered.

“That’s because she has a senior protecting her.” The Yao family elder said stubbornly.

"You're wrong! I'm not the one protecting her, she's the one who's been protecting me." Uncle long told the truth, but that was all he had to say. As for the little girl's methods and the damage she could cause to the monsters here, he didn't intend to say it in public. After all, they didn't know who the enemy's hidden chess piece was! They couldn't let their guard down as long as they didn't find the person.

"H-how is this possible?" The Yao family elder obviously didn't believe him.

"It's up to you to believe it or not!" Uncle long said coldly. After that, he no longer paid any attention to the Yao family. However, in his heart, the Yao family had become a synonym for disgust and had been blacklisted by him.

At this time, the master of the ning family took the initiative to pull uncle long into his room.

"May I know how to address you?" The master of the ning family asked very politely after closing the door.

"The little girl calls me uncle long." Uncle long said after thinking for a while.

"Oh! Brother long, can you tell me more about Xue 'er?" The master of the ning family said humbly. He completely believed uncle Long's words, but he still had to confirm it.

"Sure." Uncle long nodded, then told him everything about how they met and what they had experienced in the secret realm. After hearing it, the master of the ning family was silent for a long time.

"Al! I was too arrogant and caused trouble for Xue 'er." After a long while, the master of the ning family sighed.

"Don't be arrogant, and don't cause any trouble. That's all in the past, so there's no point in talking about it. You'd better think about how to explain your injury to the little girl! If I'm not wrong, your injuries are not light!" Uncle long reminded her kindly. Even though he had not spent much time with Leng ruoxue, he knew very well that this little girl was very protective of her own people. If she knew that her Godfather had been seriously injured, she would probably fly into a rage.

"Al!" After hearing uncle Long's words, the master of the ning family sighed helplessly. How could he not have thought of what uncle long had thought of? he didn't dare to see Xue 'er anymore. He, he could hide.

"It's useless to be a coward. You can't hide forever!" Seeing through master ning's thoughts, uncle long said speechlessly,"why is the master of the ning family so afraid of a little girl?"

"Brother long, you don't understand! When that girl is angry, she's really terrifying." The master of the ning family said fearfully.

"Uh! Then you're on your own!" Uncle long said with a hint of sympathy.

"Brother long! You can't just leave me in the lurch!" The master of the ning family begged with a bitter face.

“Master ning, I’m just living under someone else’s roof. My words don’t hold any weight in this little girl’s heart! So, don’t make things difficult for me.” Uncle long replied with a bitter face.

“Brother long ...” The master of the ning family continued to call.

“Master ning, I really can’t do anything. You’d better think about how to explain it to the little girl! I think she should be here soon.” Uncle long reminded him with a look of sympathy.

After saying that, uncle long slipped away.

Looking at uncle Long’s back, the master of the ning family sat down on the chair, frowning.

“Old man ning, I heard that Xue ‘er is here. Where is she?” At this time, the head elder of the craftsmen’s Guild headquarters pushed the door open and entered. He had originally been recuperating in his room, but after hearing the news, he had hurried over.

“He’s not here yet! However, it’ll be soon.” The master of the ning family said weakly.

“Uh! What’s the meaning of this?” The great elder’s face was filled with question marks.

“Xue ‘er came into the secret realm to save us. However, she saw that we were surrounded by monsters, so she went to draw them away. The person who came in was with her.” The master of the ning family explained, and the great elder became anxious when he heard this.

“What? Did Xue ‘er go to draw away those monsters? How could this be! No! I have to go out and save her.” The great elder quickly said. After he finished speaking, he turned around and walked out.

“Wait! Don’t drag that little girl Xue ‘er down. She can handle those monsters.” Seeing this, the master of the ning family quickly called out to the great elder.

“What did you just say?” The first elder couldn’t help but widen his eyes at master ning’s words. Did he hear it wrong? Could Xue ‘er deal with those monsters?

“I was saying that Xue ‘er could deal with those monsters. Do you still remember her flames?” The master of the ning family reminded.

“There are! There’s too much!” The great elder nodded his head. Not to mention having an impression, Xue ‘er’s flames had left such a deep impression on him that he could not forget them even if he wanted to.

“Those flames are the monsters ‘nemesi. So, we have hope of leaving this place.” The master of the ning family said faintly.

“Mm! This is great.” First elder was very happy. This was simply not a place for humans to stay.

“Don’t be happy too early. Now that both of us are injured, if Xue ‘er finds out, we’ll be in trouble.” The master of the ning family saw that the great elder was overjoyed, so he could only remind him of the matter that the two of them were about to face.

“Well, you’re Xue ‘er’s Godfather. It’s only natural for her to be angry because you’re injured, but ...” The great elder stammered, but he could not finish his sentence. In fact, what he wanted to say was, you’re her Godfather, and I’m not anyone to her. I’ve wanted to acknowledge her as my God-

granddaughter. So, I'm not related to her at all. Even if she wants to get angry, she can't do it to me! However, he couldn't say it out loud, because he knew very well that Xue'er treated him the same way she treated old man ning. The reason she didn't acknowledge him as her God-grandfather was because of old man ning's face. Sob...It seemed like he couldn't escape Xue'er's anger.

"But my ass! Don't think that you can escape just because Xue'er didn't acknowledge you as her God-grandfather. Let me tell you, there's no way you can escape! You have to suffer with me!" The master of the ning family and the great elder had known each other for many years, so how could he not know what the great elder was thinking? however, if the old man thought that he could avoid Xue'er's anger by doing this, then he was wrong.

"Then what should we do?" Hearing this, first elder was like a frosted eggplant, wilting.

"I don't know," The master of the ning family was also listless.

"Why don't ... We go and look for Shen nuo! Let's see if he has any pills that can help us disguise ourselves." After a long time, first elder came up with an idea.

"Will this work? What if we're exposed?" The master of the ning family was a little hesitant. If Xue'er found out that they had faked their injuries to hide them, she would probably be even angrier.

"Then you can just tell me the truth!" The first elder said with slight disdain. This old thing didn't dare to speak the truth and was afraid of being exposed. How could everything go as he wished!

"No! I can't say!" The master of the ning family shook his head, and then said pitifully,""Let's go and look for Shen nuo! He might have a way. "

"Then what are we waiting for? let's go!" The first elder urged, and after he finished speaking, the two of them headed straight for Shen nuo's room.

At this moment, Shen nuo, who was in the room, was fiddling with the medicinal herbs in her hands. When she saw the two of them, she stood up with a disapproving look on her face."You guys ran around again? Didn't I say that you have to stay in your rooms to recuperate?" As an Alchemist, he hated disobedient patients the most.

"We have something to discuss with you!" The master of the ning family said, slightly embarrassed. After that, he quickly explained the reason for their visit to Shen nuo. After Shen nuo heard it, she frowned, but she still took out two pale yellow pills from her storage ring and passed them to them.

"It's impossible to completely hide your injuries, but these two pills can make you look better." Shen nuo explained.

"It seems like this is the only way." Although master ning was a little disappointed, it was better to look better than to be pale!

After taking the pills, master ning and the Grand Elder specially went to remind the others not to tell Leng ruoxue about their injuries. After making all the necessary arrangements, they waited for Leng ruoxue and the demon to come knocking on their door.

At this moment, Leng ruoxue had already lured those monsters to a place ten thousand miles away. However, she did not kill those monsters to avoid attracting the attention of the Men in Black in the secret realm.

After she turned invisible and returned, she met the demon who came to her rescue halfway. The two of them met up and returned to the house together. At this time, the sky was already bright ...

Chapter 1768: Looking for trouble (1)

Walking to the front of the house, the evildoer started knocking on the door again. This time, the people inside the house heard the knocking and quickly ran over. After all, they were already mentally prepared that there would be more people coming. Furthermore, uncle long was still watching them from the side! They didn't dare to take their time.

"Who, who is it!" The voice in the room asked in a trembling voice.

"My surname is Leng." When Leng ruoxue heard his trembling voice, she actually felt like laughing. However, when she recalled what the evildoer had said to her, she put on a straight face again. Because the evildoer had already complained to her.

"Hurry up and open the door, stop talking so much nonsense!" At this moment, uncle Long's loud and clear voice came from the house again.

"Yes, yes!" The person in the house hurriedly said in fear. Then, he opened the door a crack and stuck his head out from inside, urging, "Quickly come in! Don't let the monster find out."

Leng ruoxue and the evildoer exchanged glances and walked into the house.

"Little girl, did you run into any trouble?" When uncle long saw Leng ruoxue, he sized her up and asked with concern.

"No, I didn't!" Leng ruoxue said softly. Then, she turned her beautiful eyes to the person who had opened the door for her and asked curiously, "Whose family are you from?"

Wasn't this person a little too timid? She was a divine Emperor after all, yet she was actually so afraid. It was really embarrassing. Leng ruoxue could not help but lament in her heart.

"Hahaha! Little girl, he's an elder of the Wen family." Hearing Leng ruoxue's words, uncle long laughed out loud.

"I see." Leng ruoxue nodded and stopped staring at the trembling elder of the Wen family so as not to scare him into fainting. However, if such a timid fellow were to become an elder, the Wen family would not have much development.

"Uncle long! Have you seen Godfather and the great elder?" Leng ruoxue looked at uncle long and asked.

"I've seen him," Uncle long wanted to say something, but in the end, he didn't expose the two guys who were lying. Forget it, he'd just pretend that he didn't know about it. No one told him anyway.

“Where are they? Are you alright?” Leng ruoxue asked worriedly.

“Xue ‘er, we’re here!” At this moment, master ning and first elder, who had already come out of the room, had also arrived at the door. When they saw Leng ruoxue, they spoke excitedly.

“Godfather, great elder!” When Leng ruoxue saw the two of them, she was very happy. Furthermore, they looked to be in good shape, so her heart that had been hanging in the air was finally at ease.

“Xue ‘er, we willfully came to this Mystic realm and now we have to trouble you to save us. We are really sorry!” The first elder said in embarrassment.

Dear readers!you are reading on our content stealing site.Please copy and search this link "<https://tinyurl.com/39hpcn6j>" to support us

“Great elder, what’s the point of saying all this now? Besides, as long as you’re safe and sound, it doesn’t matter if I’m in trouble!” Leng ruoxue said helplessly.

“Hehe! Xue ‘er was right, old man! Since you’re already here, why are you so conflicted! Let’s just treat this as a vacation.” The master of the ning family was very open-minded, but as soon as he finished speaking, he received a sharp glare from the first elder.

In fact, there was a reason why the great elder said that. After all, it was better to lower his stance and be polite now than to let this little girl take revenge after he was exposed, right? Moreover, with his understanding of this girl, he was very clear that if the things that he and old man ning had hidden were exposed, this little girl would definitely not let them off easily. So, acting pitiful was the right way now. Who knew that old thing would actually ...

However, he had already said it, and he couldn’t take it back even if he wanted to. Therefore, he could only keep staring at the master of the ning family and use his eyes to signal him not to talk nonsense. The master of the ning family also understood the meaning of the great elder and could only shut his mouth in embarrassment.

Leng ruoxue felt suspicious when she saw Godfather and great elder’s flirtatious interaction with their brows furrowed. Her instincts told her that these two villains were hiding something from her. However, since they were not willing to tell her, she would not force them. She would just have to see how long they could keep up the act.

At the thought of this, Leng ruoxue smiled faintly and said,“”Godfather and great elder must not have had a good rest during this period of time, right? You guys should go back to your rooms and rest! I’m just taking a walk around here, let this elder of the Wen family be my guide.”

Leng ruoxue pointed at the Wen family elder. When she heard this, her heart skipped a beat and a bad feeling rose in her heart. What were they going to do? Don’t tell me you want to silence me? His thoughts started to run wild.

“Xue ‘er, we’re not tired!” The ning family head and the great elder said helplessly. Why did this little girl chase them away when they had just met? This fact made them quite depressed.

“How can I not be tired? You’ve been in the mystic realm for so long, living in fear every day. The pressure is huge! So, quickly go back and rest!” Leng ruoxue urged.

Leng ruoxue chased the ning family's master and the first elder back to their room. Then, she asked the unlucky Wen family elder to lead the way. As the elder walked, he said with a long face, "Uncle long! I'm also always in fear, so tired!" In other words, he also wanted to go back to his room to rest.

"Why are you telling me? Whatever our little girl says." Uncle long said as if it was none of his business.

"Uh! Miss Leng, can I go back to my room to rest?" After the elder of the Wen family heard what uncle long had to say, he looked at Leng ruoxue and asked unwillingly. He did not expect that a reverent God could not even make such a small decision. He even asked him to ask a God. If this were to spread, how embarrassing would it be!

"What do you think?" Leng ruoxue asked with a smile.

"Miss Leng, this house is not big, I don't think you need me to lead the way." The elder of the Wen family stole a glance at uncle long. Seeing that he was still calm and did not seem to be angry, he gathered his courage and said,

"Then what's the point of you staying here? This young lady doesn't support idle people." Leng ruoxue said coldly.

"Uh!" The elder of the Wen family was stunned. What did this wretched girl mean? What did he mean by what value did he have here? What do you mean by idle? F * ck! After all, he was a divine Emperor! How could it be of no value? furthermore, he was not idle, because they had not eaten for many days.

"What do you mean by that?" The elder of the Wen family asked shamelessly after he had recovered from his shock. His eyes were burning with a raging flame, and the flame flickered with the light of anger.

"If you're of no value, I'll throw you out and feed you to those monsters, so that we don't waste air." Leng ruoxue laughed evilly.

"W-what did you just say? I dare you to say that again!" The elder of the Wen family thought he had heard wrong and could not help but ask again.

"Al! It seems that you are really useless! You can't even understand what I'm saying." Uncle long said sympathetically. Then, he continued, "My little girl said that if you don't have any value, she should throw you out of the house so that you don't occupy the latrine pit and become a dog in the manger. You should understand now!"

Chapter 1769: Looking for trouble (2)

"You, you dare! I'm an elder of the Wen family!" This time, the Wen family elder who had heard everything clearly, was so angry that his face turned red and his neck became thick. He raised his voice and roared.

"What's wrong with the Wen family's elders? Is it that amazing?" Leng ruoxue scoffed.

"You dare to look down on the Wen family?" The Wen family elder's voice grew even louder, as if he was afraid that no one could hear him. His words also successfully attracted the crowd's attention.

“What happened?” At this time, a slightly aged voice interrupted. Then, an old man walked up to them. The old man’s hair was white, but he had a ruddy complexion. However, he didn’t seem to be in good spirits.

“Second elder! This damned, ugly woman actually looks down on the Wen family. We can’t let her off!” The elder of the Wen family said hurriedly when he saw that help had arrived.

“I’m right to say that you’re useless. You didn’t even do anything and you’re already complaining.” Leng ruoxue chuckled.

“Young lady, although I don’t know what kind of grudge you have with elder Xiong, but the divine world has always respected the strong. Elder Xiong is a divine Emperor, you should respect him.” After hearing Leng ruoxue’s words, the Wen family’s second elder frowned. Even though this was a critical period and he didn’t want to cause any trouble, the Wen family’s reputation could not be trampled on.

“What’s wrong with the divine Emperor? Everyone here is at least a divine Emperor, but aren’t you all still trapped here like birds in a cage?” Leng ruoxue said disapprovingly.

“That’s because ...” The second elder of the Wen family was about to explain himself when he was rudely interrupted by Leng ruoxue.

“Because those monsters can’t be killed, right?” Leng ruoxue said with a half-smile.

“That’s right! We’ve thought of all kinds of ways, but we can’t kill those monsters!” The second elder of the Wen family said.

“So you’re saying that you’re all useless?” Leng ruoxue said indifferently.

“What do you mean by that?” The Wen family’s second elder questioned angrily.

“Second elder, these are the words she said to me before.” At this moment, elder Xiong added fuel to the fire.

“Mm! I just said it, and it was the literal meaning.” Leng ruoxue smiled calmly.

“You’re saying we’re useless?” The Wen family’s second elder narrowed his eyes as a trace of anger flashed across his eyes.

“Isn’t this already proven?” Leng ruoxue said lightly.

“What a bold little girl. I’ll prove to you how powerful I am now.” The Wen family’s second elder was infuriated as he spoke fiercely. After he finished speaking, he pounced towards Leng ruoxue like a tiger pouncing on its prey ...

However, before he could get close to Leng ruoxue, he was stopped by uncle long.

“Old man! What’s there to prove to a little girl? why don’t you prove it to me!” Uncle long laughed evilly as he grabbed the second elder’s arm.

“You, you’re a reverent-God!” The Wen family’s second elder was exasperated, this was clearly bullying!

“You’re still a divine Emperor! You can even fight against a God, so why can’t I let you prove your strength to me? This doesn’t make sense, does it?” Uncle long said with a smile. It was rare to have so many sandbags. If he didn’t practice now, when would he do it?

“What’s more, what kind of strength can you prove to a God? even if you win, you’ll be tainted by others. Therefore, proving it to me is your best choice. If you can win against me, you’ll also make others look at you in a higher light, don’t you think so?” Uncle long advised earnestly.

With that, uncle long dragged the second elder of the Wen family away like he was carrying a little chicken. Naturally, they went to a corner.

“Uncle long, why didn’t you beat him up in front of us?” Watching uncle Long’s back view, Leng ruoxue was a little confused.

“Maybe uncle long is shy!” The demon guessed.

The conversation between the two of them made the rest of the people present feel embarrassed. Would uncle long be shy? How could they not believe it! However, uncle long had even beaten up the second elder of the Wen family. This made them even more certain that they should not offend uncle long. No, that’s not right! He couldn’t offend any of these people.

Just as they were thinking about this, the evildoer pulled the Wen family’s elder Xiong in front of him and said with a smirk, “Since your helper has been taken by uncle long, then let me have a good time!”

After he finished speaking, he attacked Wen family’s elder Xiong in front of everyone ...

For a moment, the entire courtyard was silent. Other than the crisp sound of slaps, the sound of fists hitting flesh, and the rising and falling screams, everyone didn’t even dare to breathe. At this time, elder Xiong in front of them had long been beaten silly.

Instantly, everyone’s backs broke out in cold sweat. That was a divine Emperor! He was actually beaten up by a God King to the point where he couldn’t even fight back. No! To be more precise, he had been beaten silly from the beginning and had no ability to resist at all! At this moment, the violent image of the evildoer had also been deeply imprinted in their hearts.

Throwing the Wen family’s elder Xiong onto the ground, his devilish black eyes looked around at everyone’s faces before he slowly opened his mouth and said, “Who was the one who told us not to come in?” He was planning to settle the score after this.

Upon hearing this, the crowd quickly dispersed, exposing the two elders from the Cheng and Yao families who had said those words. Seeing this, the two elders were so angry that they almost vomited blood. This group of disloyal guys, this was blatant betrayal! However, what made them feel even more regretful was why they were so curious. If they hadn’t come to watch the show, wouldn’t they have been able to avoid this calamity? Could it be that this violent fellow would come to their room to beat people up?

In fact, that was very possible.

Looking at The Two Lonely People standing in the middle of the yard, the demon's lips curled into a smile. Then, he comforted them, "Don't be afraid! Let's have a spar."

"That ... Can we not spar?" The two of them asked in unison, their faces pale with fear. They didn't want to spar with this violent guy! The way this man had beaten up elder Xiong had been deeply etched in their hearts, so they were a little afraid.

"Of course not! Don't be afraid! There are two of you, and you're stronger than me. So, you should be confident in yourself. I'm the one you should be afraid of." The demon kindly comforted.

No way! They had an instinctive fear of the evildoer. Therefore, they could not be confident in themselves as the evildoer had said. Besides, ever since they were ruthlessly taught a lesson by uncle long, their confidence had not recovered yet! In addition, they had just witnessed the violence of the evildoer. He was not much weaker than uncle long. A living example was in front of them, and they could not be tough at all.

Seeing that the two of them were silent and only looked at him in fear, the demon lost his patience and shot forward like an arrow. He released two strands of black divine power that were thinner than a strand of hair and quietly wrapped them around elder Yao and elder Cheng's bodies. After they were tightly bound, he began another round of killing the chicken to warn the monkeys ...

Chapter 1770: Looking for trouble (3)

After a long time.

Uncle long walked out from the corner and saw the three chubby guys lying on the ground. He patted the evildoer's shoulder in praise and praised, "Little brat ye, not bad! It seems like we have a telepathic connection when it comes to beating people up."

"Thank you for your praise, uncle long." The demon laughed. Then, he asked curiously, "Where's the second elder of the Wen family? I haven't beaten him up yet!"

"He's in the corner! However, he's unconscious now, so you can beat him up when he wakes up!" Uncle long suggested.

"Alright!" The demon nodded.

A demon! A demon! The conversation between uncle long and the evildoer was the only word that everyone could think of. However, they were also very glad that they were not the ones who offended these Devils. In fact, they had no idea that Leng ruoxue and the other two were just trying to make an example out of them. Hence, as long as they did not walk right into the muzzle of their guns, nothing would happen! However, the seeds of fear had already been planted in their hearts.

After the three of them made an example of each other, they acted as if nothing had happened and found a place to sit down. However, not long after they sat down, someone came to question them with a dark face.

"Are you the ones who injured our Wen family members?" The Wen family's head stood in front of Leng ruoxue and the other two, scowling and scowling.

“So what if I am?” Leng ruoxue raised her head and looked at the man in front of her with her beautiful eyes as she spoke in a disapproving tone.

After she finished speaking, she sized up the Wen family head again.

Although she had long heard of this old man’s name, this was the first time she had seen him.

The Wen family head looked to be in his early thirties. He was very handsome and had a noble aura. Unfortunately, the greed that flashed past his eyes destroyed his overall image. Due to the conflict he had with the Wen family in the past, Leng ruoxue did not like him the moment she saw him. Hence, she did not hold back when she spoke to him.

“You’re really looking for death!” The head of the Wen family was furious. This ugly woman in front of him was really looking down on the Wen family. Hmph! If he didn’t teach her a lesson today, the Wen family would become a laughing stock.

In fact, he was originally staying in his room to recuperate. Who knew that the head of the Yao family would suddenly run into his room and tell him that someone from the Wen family had been beaten up. He even said that the Wen family had become the laughing stock of the divine realm. When he heard this, his anger immediately rose. Therefore, without thinking, he asked for the location of the murderer and rushed over.

After he finished speaking, the Wen family head immediately made his move ...

A cold glint appeared in his hand and a saber that was emitting an endless amount of cold Qi appeared. Immediately, he brandished the saber in his hand and slashed at Leng ruoxue.

Clang! Clang! With a loud bang, the Wen family head’s blade and a steel fork collided, creating countless sparks.

“Wen family head! You’re a reverent God, so it’s inappropriate for you to attack a junior! This old man will accompany you for a few moves!” Uncle long stood up and said. In fact, he had long wanted to have a good fight with the patriarchs of the eight great divine regions. However, he was too lazy and was always unwilling to leave his residence. Therefore, this wish had never been realized. Now, he finally had the chance. Moreover, he had to come without any effort. Hehe! Uncle long was very happy!

“Who Do You Think You Are? are you even worthy of me making a move?” The head of the Wen family said disdainfully, obviously not taking uncle long seriously.

“I’m a human, so I can’t be considered a thing. Are you a thing?” Uncle long said with a look of surprise.

Looking at uncle Long’s expression, Leng ruoxue laughed in her heart. It seemed like uncle long had a talent for angering people! Not bad!

“You’re looking for death!” The head of the Wen family roared in anger. Then, he locked his target on uncle long. This was uncle Long’s intention.

Then, the two of them started fighting in the courtyard.

Instantly, the glints of blades and the shadows of swords could be seen in the sky above the courtyard. Wherever the blue and green divine power went, it even brought up pieces of debris ...

However, they had only fought for a few rounds when they were suddenly interrupted by a furious voice!

“Dammit! Who allowed you to fight here!” The great elder roared in exasperation. Looking at the courtyard full of wolves, he even felt like crying. He couldn’t help but curse in his heart. This courtyard was carefully decorated by him, but now, it had become so tattered that it was unbearable to look at! This was preposterous!

“I didn’t want to fight. It was the Wen family head who came over to teach us a lesson. Hence, I had no choice but to defend myself.” Uncle Long quickly pushed the blame away.

After hearing Uncle Long’s words, the head of the Wen family was so angry that he was panting. What was this? Was he making bogus accusations? Thinking of this, he couldn’t help but shout, “You were the ones who injured the Wen family members first. That’s why I’m here to settle the score with you. Don’t try to shirk your responsibility.”

“We’re not shirking responsibility, we’re just telling the truth! Besides, even if we beat up your Wen family members, we didn’t destroy this courtyard! This courtyard became like this because you came to us aggressively to settle the score and wanted to stand up for your family. Master Wen, there are so many witnesses here, are you still trying to deny it?” Uncle Long said with a smile.

“First elder, if you don’t believe me, you can ask the people here and see if it’s the same as what I said,” he added.

“There’s no need to ask. I’m well aware of what kind of person old man Wen is.” The first elder said in a bad mood. His shrewd eyes glared fiercely at the Wen family head, and his words angered the Wen family head to the point of death.

“Great elder! How can you accuse me without even asking?” The head of the Wen family suppressed the anger in his heart and said, “F * ck! If this old thing was not the first elder of the craftsmen’s Guild headquarters, he would definitely teach this old thing a lesson. However, he could only endure it now.

“I wronged you? Alright! Then I’ll let you be convinced! Let me ask you, before you came here, was my courtyard like this?” The great elder pointed to a ragged courtyard and asked.

“Uh! I didn’t pay much attention to that.” The head of the Wen family said shamelessly.

“You didn’t notice? Then tell me! Wen family head, what is this place like?” The first elder pointed at the others present. When the others saw that they had been dragged into the water, they all smiled bitterly. Wu ... If they had known earlier, they wouldn’t have come to watch the show. However, they had nowhere else to go other than this courtyard.

They couldn’t afford to offend the Wen family head, let alone the first elder. Hence, everyone fell silent again.

“Great elder! They’re afraid of the Wen family head’s revenge, how would they dare to say it!” At this moment, Leng Ruoxue reminded them with a faint smile. The moment they heard this, everyone

couldn't help but curse in their hearts. Was this woman trying to sow discord? Her words were clearly adding fuel to the fire! And if they chose the wrong side, they would lose their lives. Thinking of this, everyone wanted to cry but had no tears.

"Oh! That makes sense!" Leng ruoxue's words made the first elder nod his head continuously. Following that, he said angrily, "You guys are only afraid of him, so I'm easy to bully? I'm telling you, if you don't tell me the truth, I'll send you out of this house. I mean what I say!"

As soon as the great elder finished speaking, everyone's faces turned pale. Then, they fought to tell the truth.

"Great elder! It was indeed the head of the Wen family who made the first move. "

"Great elder! I can also prove it!"

Everyone quickly expressed their stance, while the Wen family head's expression became more and more unsightly.

The Wen family head could see that in this situation, his position as a reverent-God was definitely not as important as the great elder. Otherwise, even if they didn't want to offend the great elder, they would never have been willing to offend him. However, their lives were more important now, so they didn't care at all.

After realizing this fact, the Wen family head was so angry that he turned around and left. However, he had only taken two steps when he was stopped by Leng ruoxue.

"Wen family head, you're leaving just like that?" Leng ruoxue chuckled.

"What else do you want?" The Wen family head's eyes were spitting fire as he glared at Leng ruoxue.

"You've turned the great elder's courtyard into such a dilapidated state, you should at least give some compensation, right? You can't just walk away like this!" Leng ruoxue reminded with a smile. However, she was currently in disguise, so her smile was terrifying.

"Xue 'er is right, you can't just leave like this! You must compensate me for my losses!" The Grand Elder said.

"Good! I'll pay!" The head of the Wen family gritted his teeth and cursed in his heart. However, the situation was pressing and it was not the time for him to do whatever he wanted. Hence, he had to endure it. However, he would remember all of these people.

"Since the Wen family head is so forthright, then we can't be stingy. Just compensate the cost price of one million top-grade crystals! After that, we'll forget about the losses you've caused to the Grand Elder. " Leng ruoxue was very generous.

However, her words made the great elder break out in a cold sweat.

Good boy! Xue 'er really dared to make a bid! This was definitely an outrageous demand! However, seeing the constipated look on the Wen family head's face, even if he didn't get the money, he would still feel quite happy.

“A million? Why don’t you just Rob someone?” As expected, the Wen family head was extremely furious and the flames of anger in his eyes burned even more fiercely.

“Rob? We’re law-abiding citizens of the divine realm, how can we commit such an unprofessional act of robbery!” Leng ruoxue’s smile was so natural. However, in the eyes of the Wen family’s master, her smile was extremely unsightly.
