

Crazy Wife 1771

Chapter 1771: Luring the snake (1)

“What is the difference between your actions and robbery?” The Wen family head gritted his teeth as he looked at Leng ruoxue with a sinister and furious gaze. If looks could kill, Leng ruoxue would have been riddled with holes by now.

“Of course there’s a difference. We’re just compensating you.” Leng ruoxue laughed.

“Even if I destroy this place, it’s not worth one million top-grade crystal stones! Do you know how much that is?” The head of the Wen family said, suppressing his anger.

“You think it’s not worth it just because you say so? All the decorations here are the great elder’s painstaking efforts. They’re priceless and can’t be bought with money. Moreover, I’ve seen a million top-grade crystal stones, so I know how much it is. So, you don’t have to feel superior. Even the great elder and I don’t put a million top-grade crystal stones in our eyes. Therefore, you have to compensate this amount. In addition to the loss of this place, it also includes the emotional damage of the great elder, you know.” Leng ruoxue explained with a smile.

“I don’t know shit!” Leng ruoxue’s words made the Wen family head fly into a rage. The veins on his forehead were throbbing. He really didn’t expect the woman in front of him to be so eloquent. She could come up with so many excuses to rob money. This, this was really infuriating.

“You don’t even understand such a simple logic? I really don’t know how you managed to live for so long.” Leng ruoxue sighed speechlessly. With her sigh, everyone present could not help but lower their heads and laugh secretly. Their shoulders that were shaking non-stop revealed the emotions that they were trying their best to hide. The Wen family head’s face was so angry that it turned red and white.

“You, you ...” The Wen family head pointed at Leng ruoxue and was so angry that he was at a loss for words.

“Xue ‘er! It’s still possible to get money from someone else, but it’s not that easy to get money from his pocket. Why don’t ... I just suffer a loss from this mute, sigh! Why is my life so bitter!” At this moment, the first elder spoke in a well-mannered manner. At the same time, he even used his sleeve to pretend to wipe his tears. His words were even more pitiful. However, the Wen family head’s expression turned even uglier.

“Great elder! You can’t be so honest. The Wen family doesn’t lack money. Of course, we don’t lack money either. However, we can’t miss out on the compensation. Otherwise, who would dare to invite him to our house in the future with his destructive abilities?” Leng ruoxue persuaded him patiently.

“Then what should we do? If he doesn’t want to compensate, do you think I can force him with a knife?” The great elder pretended to be clueless, his face full of worry.

“It’s fine if they don’t want to compensate us. We can just ask the Wen family to leave!” Leng ruoxue said impolitely.

“Uh! This wasn’t good, was it? “There are so many monsters out there. If something happens to them ...” The great elder was in a difficult position, and he did not continue.

“First elder, your house has limited space and it’s already a little crowded with so many people. Now that the Wen family head has destroyed everyone’s place of residence, he’s not willing to compensate us. He clearly doesn’t want everyone to rest well. Since his thoughts are so despicable, why should we be polite to the Wen family!” Leng ruoxue analyzed. Her words made everyone break out in cold sweat and their heads hung lower. They could all tell that this girl was deliberately causing trouble for the Wen family. Hence, it was best for them to draw a clear line with the Wen family now. Otherwise, they would be in trouble as well.

After hearing Leng ruoxue’s words, the Wen family head’s face turned as black as the bottom of a pot. His shrewd eyes were burning with flames of anger as he rushed towards Leng ruoxue. Just as he was about to make a move, he was stopped by a pair of strong arms.

“What, old God of plagues, you want to bully the weak? I’m warning you, if you dare to touch a single hair on my precious daughter’s head, I’ll make you pay!” The person who stopped him was the master of the ning family. In fact, he had come out of the room with the great elder, but he had been hiding in the corner to watch the show. When he saw that the old plague was about to make a move on Xue ‘er, he jumped out. Otherwise, he would have continued to squint.

“It’s not that I’m bullying the weak, she’s the one who’s going too far!” Master Wen looked at master ning with a headache and gritted his teeth. Although this old man’s injuries were not light, he was also injured. Therefore, if they really fought, he was not absolutely sure that he could defeat this old thing from the ning family.

“How is she going too far? I saw everything just now. I’m very sure that she was very polite to you, but you were the one who refused to compensate her!” The ning family head said with certainty, and his words made the Wen family head even angrier.

“I’ll also say something fair! Old God of plagues, you’re in the wrong in this matter. Your Wen family doesn’t lack this little bit of money, so what’s the big deal with compensating us?” The head of the Cheng family, who had walked out from the crowd, added fuel to the fire.

“They’re right! Old God of plagues, you have to admit to your mistakes, how can you renege on your debt! You’re the head of the Wen family, so many eyes are watching your every move! You don’t want the Wen family’s reputation to be ruined, do you?” The master of the yin family, who had come along, also hit him when he was down.

“You guys ...” The Wen family head was so angry! He couldn’t help but curse in his heart. F * ck! So it wasn’t you guys who paid this amount of money. Otherwise, he didn’t believe that these people would be able to take out such a large sum of money without hesitation! It should be known that crystals of various grades were not only the currency in circulation in the divine realm, but they could also be used to assist in cultivation. Top-grade crystals were not cabbages that could be found everywhere. Every piece of top-grade crystal contained an endless amount of spiritual energy of heaven and earth. Thus,

even the descendants of clans with important positions in the eight divine regions might not be able to get a few pieces in a hundred years. Now, this person had asked for a million pieces. If this wasn't bullying, what was?

Moreover, with these old guys who liked to hit him when he was down, it was impossible for him to leave unscathed. However, as long as he asked for the number of crystals that the other party wanted, his heart felt as if it was cut by a knife. If the other party wanted low-grade crystals, he would give it immediately without saying anything. However, what the other party wanted was top-grade crystals. One million! Not to mention him, even these old guys couldn't give it to him without frowning.

At the thought of this, the head of the Wen family suppressed the raging fire in his heart and the corners of his mouth pulled into an ugly smile. He said with a slight grievance, "Even if you want me to compensate you, you can't ask for such an exorbitant price! Don't tell me that if I ask you to pay one million top-grade crystals, you won't feel the pain?"

"My heart doesn't ache!" The master of the ning family was the first to speak. He had compensated so much money before, even more than the old God of plagues! Didn't he still compensate her without even batting an eyelid? Why couldn't this old man do it? No! He had to make the old plague bleed, otherwise, he would feel unbalanced.

Chapter 1772: Luring the snake (2)

"Your ning family has plenty of money. It's the richest family in the eight great divine regions. Of course you don't feel the pinch." The head of the Wen family roared in anger.

"Calm down! Our ning family has a big business and we have to feed a lot of people, so we really don't have much money left. However, our ning family won't go back on our words. It's only right to pay back what we owe, so even if I have to sell everything I have, I have to pay back the debt." Master ning's words were so righteous that everyone was stunned. Now, they felt some sympathy for master Wen. It seemed that he had no choice but to compensate.

"Old God of plague! "Old man ning is right, you made the great elder's place into such a mess, so compensation is only natural. Don't say that this place isn't worth that much money, you know, this place was carefully arranged by the great elder, it's his blood and sweat, he's willing to let us live here, we should be grateful, how can we be so ignorant and cause trouble!" Do you really want him to kick the Wen family out of the house before you'll be happy?" The head of the Cheng clan advised, but he was secretly laughing in his heart. It was impossible for this stingy old plague not to bleed today. Thinking of this, he was very happy.

Who asked this old man to be such a miser? it was fine for him to take advantage of others, but to make him bleed was simply like taking his life. Now, let's see what he can do! The head of the Cheng clan gloated inwardly.

"But you can't ask for a million all of a sudden!" The head of the Wen family gritted his teeth, in case he couldn't control himself and cursed.

"Is Grand elder's house not worth this price? Old God of plagues, your words will make the divine world's blacksmiths bitterly disappointed. If they decide not to forge for your Wen family in a fit of anger, let's see what you can do then!" The master of the yin family reminded the Wen family with a smile. In fact, he really hoped that the old God of plagues would insist on not paying the huge compensation. At that time, the weapon craftsmen of the divine world would definitely have a bad opinion of the Wen family. If they really banned the Wen family, the Wen family's strength would decline by a lot! More importantly, the Wen family did not have a top-notch blacksmith.

"What, what does this have to do with this house? I didn't destroy this house." After hearing master Yin's words, master Wen was stunned for a moment before he asked in confusion.

"Although you only destroyed the courtyard, the decoration of the courtyard and the whole house are one. Now that the courtyard has been destroyed, the house is naturally not perfect. The great elder will have to renovate it again. To be honest, your one million Yuan may not even be enough!" The yin family's master analyzed in an understanding manner.

However, master Wen's face darkened with every word he said. Leng ruoxue was already laughing in her heart. It seemed like the real ruthless person was here!

In fact, the reason why the master of the yin family said this was because he had been robbed too ruthlessly before. Therefore, now that he met someone who was in the same boat as him, he couldn't help but want to hit him when he was down! He even hoped that the other party's losses would be greater than his. Although this kind of mentality was not very good, he just wanted to see others suffer with him. Therefore, he felt that one million top-grade crystals was a little too little. This little money was not even one-tenth of the money he had been robbed! At the thought of this, his resentful eyes drifted to the demon, but he was completely ignored by the demon.

When Leng ruoxue saw the resentful gaze of the yin family's master, she immediately became alert. Could this old man have any thoughts about the evildoer? No! I can't let him have any ideas about the demon.

At this moment, a chuckle came from the bottom of Leng ruoxue's heart. It turned out to be Qing Jue, who had sensed Leng ruoxue's thoughts, and could not help but laugh.

"Qing Jue! Don't laugh!" Leng ruoxue transmitted her voice, feeling a little embarrassed and angry.

"Good! No smile! Sister, I won't laugh. " With that, green vessel disappeared without a trace.

A long while after master Yin finished speaking, master Wen was so angry that he was speechless. If he didn't say anything, the others wouldn't take the initiative to speak either. Hence, the atmosphere became heavy.

After a long time.

The head of the Wen family took a few deep breaths and forced himself to calm down. He then said slowly, "What old man Yin said makes sense, alright! I'll pay for this one million top-grade crystal stones. "

The head of the Wen family had also thought for a long time before making this decision. Originally, he had not expressed his position for so long because he was afraid that the other party would raise the price. Therefore, after thinking through the pros and cons, he immediately agreed to it, lest these old things scheme against him.

“Wen family head, don’t let yourself suffer too much!” Leng ruoxue reminded him with a smile. Hehe! The one million Yuan was in her hands. Although it was not her money, she was still very happy to be able to get the money from old Mr. Wen.

“I’m not aggrieved!” The Wen family head glared at her and said unhappily. He couldn’t help but curse in his heart. This wretched girl, she obviously wanted him to go bankrupt, yet she told him not to make things difficult for himself. What, what is this!

Although this huge loss made him feel very pained, he paid one million top-grade crystals very quickly. It was in the storage ring that he carried with him. The reason why he paid so quickly was that he wanted to quickly end this matter, in case they had other tricks up their sleeves. By then, he would definitely go crazy!

The crowd looked at the mountain-like top-grade crystals of various attributes on the stone table in front of them, exuding a dense spiritual energy. They couldn’t help but suck in a breath of cold air. The Wen family was indeed rich! The head of the Wen family actually carried such a huge amount of wealth with him. Was he not afraid of being robbed? However, when they thought of the Wen family head’s status in the divinity and his cultivation, their thoughts faded. This must be the so-called ‘the skilled are bold’! His strength was there for all to see! Therefore, he was not afraid of any tribulations. However, if he were to encounter people like Leng ruoxue, he would cry himself to death! At the thought of this, they began to sympathize with the Wen family head again. At the same time, they were even more determined that they could provoke anyone but those three fellows. They were synonymous with the devil and were too terrifying birds!

“First elder, count quickly and see if the number is correct!” When Leng ruoxue saw so many crystal stones, her eyes narrowed into a smile as she urged.

“Good! I’ll count!” The Grand elder’s eyes lit up as he looked at the top-grade crystals on the table. As he put the crystals into his storage ring, the number of crystals also appeared in his mind. Immediately, he beamed with joy and said, “Not a single dollar less. Actually, even if I didn’t order it, I believe the old God of plagues wouldn’t have given me less money. After all, the Supreme divinity’s mathematics isn’t that bad.”

“Even so, we still have to count it. The proper way is to settle the goods with silver.” Leng ruoxue said in a serious tone.

“MMH! What little girl Xue ‘er said makes sense!” The great elder nodded repeatedly, the smile on his face almost unconcealable. Although he was not short of money, no one would complain about having more money!

Looking at the old man and the young man echoing each other, the Wen family head’s face darkened and he said coldly, “Since the bill has been settled, I’ll go back to my room.” He didn’t want to stay in the courtyard any longer, and he didn’t want to see this hateful woman who made him bleed.

Chapter 1773: Luring the snake (3)

With that, the Wen family's head left with his hands on his sleeves. This time, Leng ruoxue did not stop him.

"Xue 'er! That old God of plagues is a vengeful person, and I'm afraid you've already angered him, so you have to be careful in everything you do!" As he watched the Wen family head's back view, the first elder's previous excitement was replaced by a slightly worried expression.

"Great elder, you're overthinking it. Even if I didn't make him bleed, he'd still have his eyes on me. Since that's the case, why should I care about his anger? Anyway, I don't have to worry about my debts." Leng ruoxue was very open-minded. However, more importantly, she knew that it was impossible for her to be friends with the Wen family. Hence, she did not care if she had offended the head of the Wen family. She had already beaten up quite a number of the Wen family members. It was no big deal to offend the biggest member of the Wen family.

"Hahaha! What Xue 'er said is right, that old God of plagues is not a big deal, with Godfather here, he won't dare to bully you." Master ning laughed after hearing Leng ruoxue's words.

"Little girl, I heard you also beat up an elder of our Cheng clan?" At this time, the head of the Cheng family also said half-seriously, half-jokingly.

"Mm! What, does the Cheng clan head also want to avenge his own elder?" Leng ruoxue said with a faint smile, looking as if she was ready to bring it on.

"How could I be so rude! You guys must have done something wrong to teach him a lesson. You guys did the right thing!" The head of the Cheng clan said hurriedly. He was not as brainless as the old God of plagues. Once someone told him that his own family member had been beaten up, he would not care and rush over to settle the score with the other party. Especially when the person who beat up someone was Leng ruoxue, that little girl. Naturally, he would not come over to question the other party.

Leng ruoxue was very satisfied with the attitude of the Cheng clan's clan head. She smiled and said, "The Cheng family's head is still the most understanding and considerate, unlike some old muddle-headed worms who deserve to go bankrupt."

"MMH! That's right! But, little girl, that old God of plagues is very rich. Isn't it a little too little for you to ask for a million from him?" The head of the Cheng clan said in a low voice.

However, his soft voice was heard clearly by the family heads, the first elder, and uncle long. They broke out in cold sweat. Was he ... Planning to make the old God of plagues bleed? Although they did not object to it, there had to be a good reason! Otherwise, anyone with eyes would know that they wanted to Rob them.

"There's still a long way to go. It's better to make a long-term effort. Otherwise, if we exploit him too much all at once, he'll rebound." Leng ruoxue laughed evilly. Her words caused the clan heads, first elder, and uncle long to break out in even more cold sweat.

Ruthless! This girl was really ruthless! This was the only thought in their minds at this time. However, they didn't object to scheming against the old God of plagues. Who asked that guy to be so rich that he carried a million top-grade crystals with him? this was clearly telling others to come and Rob him! If they didn't make a move, wouldn't they disappoint the old God of plagues?

"Xue 'er, that old God of plagues brought so much money with him and gave it to us without even blinking. I believe he must have a lot more on him, so don't miss this opportunity!" The master of the ning family couldn't help but remind him.

When Leng ruoxue heard master ning's words, a single word appeared in her heart-hate the rich! Her Godfather was definitely an enemy of the rich. In fact, she was very clear that the money he had on him was definitely not less than the Wen family head 's. However, they seemed to prefer to see the Wen family in trouble.

Leng ruoxue took out a piece of paper from her bangle and passed it to the first elder. When the first elder saw it, his eyes immediately widened and he looked at Leng ruoxue in disbelief.

"Xue 'er, this, this ..." The great elder's hand trembled as he held the piece of paper, and he stuttered. Wu ... He had finally seen what a businessman was like! This little girl was really good at making money. No wonder she was richer than him. This fact made him feel deeply inferior.

"What's wrong?" Seeing the first elder's appearance, the curiosity of the master of the ning family was also aroused. He anxiously snatched the paper from the first elder's hand, and then his eyes widened.

The others were also curious.

"Old man, don't tell me you're going to take my money too!" After a long while, master ning gritted his teeth and asked.

"What kind of money?" The great elder didn't have time to answer before the Cheng clan's patriarch impatiently asked.

"We'll have to charge a fee for staying here in the future. " The master of the ning family said with a black face. Then, he glared at the initiator, his precious goddaughter, with hidden bitterness. He had just gloated over the misfortune of that old God of plagues, and now it was his turn to bleed. Thinking of the number of ning family members in this house, his heart bled.

"Fees? Old man, we've known each other for so many years, and you still want to collect money for me to stay here?" When the patriarch of the Cheng clan heard the word "fee," he immediately became vigilant and asked with slight dissatisfaction.

"It is! Old man, if you accept my money now, then I'll also collect money from you when you live with our ning family in the future. " The master of the ning family threatened.

"MMH! I'll also collect money for you to come to our Cheng family. " The head of the Cheng family immediately agreed.

“When did I say that I’m going to take your money?” Their words made the first elder so angry that he blew his beard and glared.

“It’s good that you don’t accept!” Hearing this, the two of them immediately felt relieved.

“Old man, if you don’t accept their money, you can’t accept mine either.” At this moment, the master of the yin family said anxiously.

“Don’t worry! Those who are on good terms with me are my guests, and I’ll let you all stay here for free. Is that okay?” The great elder was helpless. It seemed that Xue ‘er’s money-making plan was going to fail in his hands. After all, most of the people living in the house were his old friends and their clansmen. Even if he wanted to make money, he couldn’t do it now! Moreover, it was definitely not an easy task to earn money from these stingy old things. He had a deep understanding of this.

“This is more like it.” With the first elder’s assurance, the family heads were even more at ease.

“Great elder! As for the fees, I’ll leave it to baby! It’s very talented in making money, so it’ll definitely take care of it for you. However, once it charges, I’m afraid it will cause some people to be dissatisfied, so you’d better be mentally prepared!” At this moment, Leng ruoxue reminded him. With that, she took out the treasure from the bracelet.

“Don’t worry! I won’t care, but they’re just idle people. It’s only right to charge them some money. ” The great elder said disapprovingly. Then, he stroked the baby’s soft fur and said with a kind face, “Treasure! I’ll leave the matter of making money for Grandpa to you. Grandpa won’t let you work for free. I’ll give you a Commission. ” Little Xue ‘er’s Beastie was just so cute! He sighed as he touched it.

“Grandpa, don’t worry! Leave this matter to me, as for what the Commission is, forget it! We’re family, so don’t say such things. ” Baby said very sensibly. It was very clear that it would not be able to get much money from the first elder, and it was useless for it to ask for money. Its lovely master would definitely not want this money, so it could sell well without any scruples.

When the great elder heard what the baby said, he was also very happy. Hehe! He liked the words ‘family’, right! They were family, so there was no need to be so formal.

After that, baby chased first elder and the rest back to their room. After all, it was inconvenient for them to stay here. Then, he got Leng ruoxue to move Ling and a few other beasts out to help him.

Not long after, the money-making plan officially began ...

Although everyone was dissatisfied with the sudden charge, in order not to be kicked out, they still paid the money honestly. Those who didn’t have money also signed an IOU and signed an unfair contract with interest. After that, they cherished their time in the house even more.

This time, the treasure did not calculate their expenses in the secret realm separately. After all, these people were much richer than those it had saved before. In that case, there was no need to do anything unnecessary. Although there weren’t many people who could collect money from the great elder, the money they received wasn’t much less than the previous people. With this result, baby’s satisfied tail was about to rise to the sky.

However, the Wen family and the Yao family had suffered the most this time. At least two-thirds of the money that baby had received belonged to them. The two family heads hated this fact to the core, but what could they do about living under someone else's roof? Unless they paid the money obediently, they would be chased out. After weighing the pros and cons, they could only swallow their grievances. However, the enmity between them and Leng ruoxue had also deepened.

In the room.

Leng ruoxue, the demon, and uncle long sat in front of the table, drinking tea.

"Little girl, it seems that our plan has failed. After taking so much money from them, they were only a little dissatisfied, but none of them dared to make trouble! AI!" Uncle long was a little depressed. In fact, the reason why they did all these things was to force the hidden chess piece to reveal itself. But who knew that the hidden chess piece had been holding back. This gave him a headache. It seemed that the hidden chess piece was also a cunning person. Otherwise, how could he be so calm?

Chapter 1774: The fish scale flower (1)

"Uncle long! Don't worry, this is just the beginning." Leng ruoxue said confidently. Compared to uncle Long's anxiety, she was much calmer. She knew very well that the hidden chess piece would not be discovered so easily. Otherwise, he would have been with Godfather and the others for so many days. How could he not have been exposed at all? however, if he stayed in this room, it would be impossible for the hidden chess piece to act rashly or send news to the outside world. Hence, she was not in a hurry. After all, she was most worried about the safety of Godfather and the others. Now that her Godfather and the others were fine, she was relieved. As for when she could find the hidden chess piece, it was not up to her to decide.

"Eh? What other plans do you have, little girl?" Uncle long raised his eyebrows and asked curiously.

"Uncle long, if that hidden chess piece can keep his cool and doesn't contact the outside world, I'm afraid it won't be easy for us to catch him. So, our next step is to leave this house and give them time to contact us! Otherwise, the other party wouldn't be able to contact him even if they wanted to in this house." Leng ruoxue explained with a smile. Unless one was the owner of this house, no one could pass any information to the outside world.

"Go out? But they've all paid, and they're all like frightened birds. It won't be easy to get them out." Uncle long said worriedly.

"I've already asked my baby to inform them that except for alchemists and artifact Masters, everyone has to stay outside the house during the day." Leng ruoxue said softly. However, just as she finished speaking, they heard a commotion outside. The three of them stood up and looked at each other. Then, they smiled at each other.

"Little girl! You're really looking for trouble!" Uncle long laughed. This was for the best. His hands had been a little itchy recently, and it would be a waste not to beat up these sandbags that came to his door.

"They'll have a hard time in the future." Leng ruoxue said mysteriously.

“Well done, little girl! Let’s go out and watch the show!” Uncle Long said impatiently.

“En!” Leng Ruoxue nodded. Then, the three of them walked out of the door.

At this time, the great elder’s room was full of people. Baby was lying in the great elder’s arms with a face full of fear. His small body was trembling, and his beautiful silver eyes were watery, looking very pitiful.

“Great elder! You have to give us an explanation. What does this little fox mean by her words?” A fierce-looking man asked like a fiend.

When the first elder heard this, he stroked the baby’s fur to comfort it. Then, he looked at the man in front of him with a slight headache and said with a slight displeasure, “You’ve scared our baby! Why was he so loud? I’m not deaf!”

“Uh!” The man who spoke was stunned and cursed in his heart. F * ck! His loud voice wasn’t the main point, okay? He was here to denounce him for his crimes, but this damn old man actually complained that he was too loud? What the hell is this?

“Cheng Biao, for the sake of your ancestor, I’ll let you off for scaring my baby. You broke into my room so rudely, so I’ll let you off too. Now, take these people and leave, or don’t blame me for being impolite!” The great elder ignored Cheng Biao’s sour face and continued to warn him. In fact, he was a little resentful in his heart. It should be known that he had the best relationship with the Ning family, Cheng family, and Yin family’s patriarchs. However, this little brat from the Cheng family had actually become a gunner for them. How could he not be angry?

Although he still didn’t know why they were so angry, no matter what it was, the Cheng family shouldn’t be the one standing up for him. They were clearly trying to tear him down! When he thought of this, the anger in his heart rose. Ah! Someone from the Cheng family! He was really stupid.

“Great elder! We’re here to seek justice.” Cheng Biao straightened his back and looked at the people behind him, speaking with a righteous expression.

“What justice? Did I do something wrong to you?” The first elder said impatiently.

“Of course the great elder didn’t do anything to let us down. It’s this damned little fox that made the decision to throw us out.” Cheng Biao roared in anger. The moment he thought of this, the anger in his heart burst out.

“Kick you out? What was the meaning of this? Did you not pay?” The first elder asked in confusion. Then, he lowered his head and looked at the treasure in his arms.

“We’ve all paid!” When everyone heard the first elder’s words, they hurriedly said. As long as they thought of the price, they still felt the pain right now!

“Since you’ve already paid, this must be a misunderstanding. Besides, I believe that baby has its own reasons for doing this, right? A treasure?” The great elder asked in a protective manner.

“Mm! Master said that if they hide in the house all day, they’ll lose the meaning of coming to the mystic realm. So, he asked me to tell them that from tomorrow onwards, they’ll go out during the day and come back to this house at night. It’s not to chase them out. Moreover, this big guy didn’t pay and

brought people here to cause trouble. He's too much! Grandpa, is this the so-called ungrateful Wolf? Chase out those who haven't paid! In case they don't know what's good for them." Baobao said with some righteous indignation. Her beautiful silver eyes flashed with a trace of slyness, but she still put on a pitiful and lovable appearance.

As soon as baby finished speaking, before first elder could say anything, the crowd started to blow up again.

"What? Is there a Cheng family member who didn't pay?"

"Someone didn't pay, why do we have to pay?"

The crowd chimed in, expressing their dissatisfaction.

"Those who didn't pay are those who are close to Grandpa. Can you compare? Hmph! If you have any objections, I can return the money to you. In the future, it's up to you whether you want to live or die." Baby said disapprovingly.

Then, it continued to speak, "It's for your own good that I let you leave this house during the day. Don't forget what you came to the secret realm for? How could these magical places not have any danger? one must know that wealth came from danger! You don't even dare to take the slightest risk, and you still want to have a fortuitous encounter? isn't that just daydreaming?"

"Look at all of you now, where's the demeanor of a strong master? my lovely master's subordinates aren't as strong as you, but they're more courageous than you. If word of your rat guts gets out, you'll be the ones who lose face! As for my master's good intentions, it's fine if you don't appreciate them. In any case, my lovely master doesn't expect you to shed tears of gratitude!"

"In addition, if you're still dissatisfied with this, I'll return the money to you. You know, we don't rely on your money to live. We accept money because we don't have any friendship. If we help you for no reason, it's not impossible for you to owe us a favor. However, I'm afraid that some people are ungrateful wolves. When you're in trouble, you'll ask for help, but when you're safe, you'll turn your back on us. So, naturally, we don't want to waste that effort to make you owe us anything, so we'll just take some money. Let's forget about this, but you have to know that your lives can't be bought with money." The treasure spoke eloquently, causing everyone to be stunned. The great elder did not expect the treasure to be so eloquent, and after a moment of shock, he smiled proudly.

Chapter 1774: The fish scale flower (1)

“Uncle long! Don’t worry, this is just the beginning.” Leng ruoxue said confidently. Compared to uncle Long’s anxiety, she was much calmer. She knew very well that the hidden chess piece would not be discovered so easily. Otherwise, he would have been with Godfather and the others for so many days. How could he not have been exposed at all? however, if he stayed in this room, it would be impossible for the hidden chess piece to act rashly or send news to the outside world. Hence, she was not in a hurry. After all, she was most worried about the safety of Godfather and the others. Now that her Godfather and the others were fine, she was relieved. As for when she could find the hidden chess piece, it was not up to her to decide.

“Eh? What other plans do you have, little girl?” Uncle long raised his eyebrows and asked curiously.

“Uncle long, if that hidden chess piece can keep his cool and doesn’t contact the outside world, I’m afraid it won’t be easy for us to catch him. So, our next step is to leave this house and give them time to contact us! Otherwise, the other party wouldn’t be able to contact him even if they wanted to in this house.” Leng ruoxue explained with a smile. Unless one was the owner of this house, no one could pass any information to the outside world.

“Go out? But they’ve all paid, and they’re all like frightened birds. It won’t be easy to get them out.” Uncle long said worriedly.

“I’ve already asked my baby to inform them that except for alchemists and artifact Masters, everyone has to stay outside the house during the day.” Leng ruoxue said softly. However, just as she finished speaking, they heard a commotion outside. The three of them stood up and looked at each other. Then, they smiled at each other.

“Little girl! You’re really looking for trouble!” Uncle long laughed. This was for the best. His hands had been a little itchy recently, and it would be a waste not to beat up these sandbags that came to his door.

“They’ll have a hard time in the future.” Leng ruoxue said mysteriously.

“Well done, little girl! Let’s go out and watch the show!” Uncle long said impatiently.

“En!” Leng ruoxue nodded. Then, the three of them walked out of the door.

At this time, the great elder’s room was full of people. Baby was lying in the great elder’s arms with a face full of fear. His small body was trembling, and his beautiful silver eyes were watery, looking very pitiful.

“Great elder! You have to give us an explanation. What does this little fox mean by her words?” A fierce-looking man asked like a fiend.

When the first elder heard this, he stroked the baby’s fur to comfort it. Then, he looked at the man in front of him with a slight headache and said with a slight displeasure, “You’ve scared our baby! Why was he so loud? I’m not deaf!”

“Uh!” The man who spoke was stunned and cursed in his heart. F * ck! His loud voice wasn’t the main point, okay? He was here to denounce him for his crimes, but this damn old man actually complained that he was too loud? What the hell is this?

“Cheng Biao, for the sake of your ancestor, I’ll let you off for scaring my baby. You broke into my room so rudely, so I’ll let you off too. Now, take these people and leave, or don’t blame me for being impolite!” The great elder ignored Cheng Biao’s sour face and continued to warn him. In fact, he was a little resentful in his heart. It should be known that he had the best relationship with the ning family, Cheng family, and Yin family’s patriarchs. However, this little brat from the Cheng family had actually become a gunner for them. How could he not be angry?

Although he still didn’t know why they were so angry, no matter what it was, the Cheng family shouldn’t be the one standing up for him. They were clearly trying to tear him down! When he thought of this, the anger in his heart rose. Ah! Someone from the Cheng family! He was really stupid.

“Great elder! We’re here to seek justice.” Cheng Biao straightened his back and looked at the people behind him, speaking with a righteous expression.

“What justice? Did I do something wrong to you?” The first elder said impatiently.

“Of course the great elder didn’t do anything to let us down. It’s this damned little fox that made the decision to throw us out.” Cheng Biao roared in anger. The moment he thought of this, the anger in his heart burst out.

“Kick you out? What was the meaning of this? Did you not pay?” The first elder asked in confusion. Then, he lowered his head and looked at the treasure in his arms.

“We’ve all paid!” When everyone heard the first elder’s words, they hurriedly said. As long as they thought of the price, they still felt the pain right now!

“Since you’ve already paid, this must be a misunderstanding. Besides, I believe that baby has its own reasons for doing this, right? A treasure?” The great elder asked in a protective manner.

“Mm! Master said that if they hide in the house all day, they’ll lose the meaning of coming to the mystic realm. So, he asked me to tell them that from tomorrow onwards, they’ll go out during the day and come back to this house at night. It’s not to chase them out. Moreover, this big guy didn’t pay and brought people here to cause trouble. He’s too much! Grandpa, is this the so-called ungrateful Wolf? Chase out those who haven’t paid! In case they don’t know what’s good for them.” Baobao said with some righteous indignation. Her beautiful silver eyes flashed with a trace of slyness, but she still put on a pitiful and lovable appearance.

As soon as baby finished speaking, before first elder could say anything, the crowd started to blow up again.

“What? Is there a Cheng family member who didn’t pay?”

“Someone didn’t pay, why do we have to pay?”

The crowd chimed in, expressing their dissatisfaction.

“Those who didn’t pay are those who are close to Grandpa. Can you compare? Hmph! If you have any objections, I can return the money to you. In the future, it’s up to you whether you want to live or die.” Baby said disapprovingly.

Then, it continued to speak, "It's for your own good that I let you leave this house during the day. Don't forget what you came to the secret realm for? How could these magical places not have any danger? one must know that wealth came from danger! You don't even dare to take the slightest risk, and you still want to have a fortuitous encounter? isn't that just daydreaming?"

"Look at all of you now, where's the demeanor of a strong master? my lovely master's subordinates aren't as strong as you, but they're more courageous than you. Chapter 1775: Fish scale flower (2)

After a long while.

The people who were confused by his words finally reacted, and someone directly asked, "Wait! We're staying in the great elder's house, and the money we collected is given to the great elder. What does it have to do with your master?"

"Hehe! You've reminded me." Baby laughed evilly and continued, "now, I have some news to announce." My lovely master has a way to deal with those monsters and will also find a way to get you out of here. So, you have to sign up within three days before you leave the secret realm. As for the registration fee, it's two million top-grade crystal stones per person, and I guarantee that you'll be able to get out safely!" Originally, treasure didn't intend to accept their money, but these people just had to remind it. Since that was the case, if it didn't accept it, wouldn't it disappoint these people?

"Two million? You, you're robbing me!" Cheng Biao's eyes were wide open as he asked in disbelief.

"Do you think two million is a lot? Do you know how many monsters there are here? How many can you kill? I still have to rely on my master to kill them. Hmph! If I didn't take care of you, I wouldn't have asked for less than two million." Baby snorted coldly. It had decided that the great elder could exempt

the Cheng family's accommodation fees, but the Cheng family's escort fees, it would definitely not be exempted, because the Cheng family had angered it! The consequences would be severe if his baby got angry.

Then, Baobao added, "this two million is just the fee to take you out of the secret realm. But the premise of leaving the secret realm safely is that you must be alive. In addition, if you need our protection, you have to pay another two million top-grade crystals. Otherwise, you will be responsible for your own safety in the secret realm."

When baby said these words, his face was full of disappointment and resentment. It didn't intend to accept these two sums of money, but these people kept forcing it. Since that was the case, why should it be polite? If it didn't make them go bankrupt, it would write the word 'treasure' upside down!

Everyone was completely dumbfounded when they heard what the baby said.

First elder, who was holding onto the treasure, was drenched in cold sweat. He wasn't afraid. After all, Leng ruoxue would never accept his money. He was ashamed! Look at how ruthless this little beast is when it slaughters people! If their craftsmen's Guild had someone who was so good at making money, the eight great divine regions would be inferior.

At this moment, uncle long, who was at the back of the crowd, was also looking at the treasure with admiration. He whispered to Leng ruoxue, "Little girl, this treasure has your style. It's truly worthy of being your Beastie!"

"Uh!" Hearing uncle Long's words, Leng ruoxue's forehead was filled with black lines. What did he mean by having her style? She wasn't the one who asked him to take the money! Sob ... She was taking the blame for her baby. She felt very wronged, but she knew very well that her baby had accumulated so much money for her, so it wasn't an injustice for her to take the blame. After all, almost everyone knew that she loved money, so it didn't matter if she did it.

"Xue 'er! It looks like baby is annoyed." The demon chuckled and said in an understanding manner.

"En!" Leng ruoxue nodded. The more this fire burned, the better. Otherwise, how could that hidden chess piece fish in troubled waters?

At this point, Leng ruoxue gave the demon and uncle long a look. The three of them then quietly left the Grand elder's room, leaving everything to baby to handle.

After returning to her room, Leng ruoxue was about to push the door open and enter. Suddenly, the door of the room next door opened and a handsome man walked out.

Wasn't this The Alchemist Guild's vice guild leader, Shen nuo? He was actually here. This surprised Leng ruoxue. However, she immediately recalled that Shen nuo should be the person in charge of The Alchemist Guild's trip to the mystic realm. Hence, it was not strange to see him here.

"Xue 'er! You know him?" The demon saw that Xue 'er had actually stared at another man for so long, and the sour bubbles in his heart emerged again.

"En!" Leng ruoxue nodded.

Coincidentally, at this moment, Shen nuo felt Leng ruoxue's gaze on her, and she raised her head as well.

"President Shen, long time no see." Leng ruoxue greeted Shen nuo. However, Shen nuo's face was filled with confusion. He did not remember knowing this woman before him.

"Do we know each other?" Shen nuo asked uncertainly, frowning slightly.

"I'm Leng ruoxue. We've met once in plentiful city, and I used the name Leng ruohan." Leng ruoxue reminded.

"Argh! I remember now! You ... You took a disguise pill?" Shen nuo was suddenly enlightened. The current Leng ruoxue and the one he had met in plentiful city were two completely different extremes. Furthermore, that Leng ruoxue had left a deep impression on him. Although they had only met once, he had heard a lot about her from his good friend Liuyue. Therefore, he had been thinking about when he would be able to get to know her for real. Who would have thought that their next meeting would actually be in this Mystic realm?

However, if they were not fated to meet here, he did not know if he would have the chance to see her again.

"En!" Leng ruoxue nodded.

"Miss Leng, back then you asked me to transfer the letter of exchange Gu, I have already passed it to him, but you have already left the divine realm, he has found nothing." Shen nuo took the initiative to explain.

"Thank you, President Shen. Not long after I found Godfather, I left the God World and continued to cultivate. I only came back to the God World after I became a God. I didn't think that we would actually meet again in this secret realm." Leng ruoxue laughed, as if she was very happy. However, the evil-looking man's face darkened.

"Miss Leng, this Mystic realm is extremely dangerous. Why are you here?" Shen nuo asked curiously. Actually, what he wanted to say was that her ability was too low and she should not have come here to take the risk. However, he was afraid that he would hurt Leng ruoxue's pride, so he did not say it directly.

"I'm here to save Godfather and the others." Leng ruoxue said honestly.

"Oh!" Shen nuo nodded and didn't say much. However, from his reaction, Leng ruoxue could tell that Shen nuo didn't agree with this. She didn't even need to guess to know that it was because her strength was too low.

"Guild leader Shen, one of my maidservants has been poisoned and is still unconscious. Do you know what kind of poison it is?" Leng ruoxue changed the topic. Even though she had been researching the poison Cuizhu was infected with when she had nothing to do, she had come up empty-handed, and the book that her master had left for her did not have any records of this poison. Now that she had met Shen nuo, she would naturally not let this opportunity slip by. After all, Shen nuo was one of the best alchemists in the firmament.

“Poisoned? Tell me about the symptoms.” Shen nuo was obviously more interested in this matter.

“She was bitten by a flower. At first, the flower looked very beautiful, but when it was picked, it turned into a small red snake. After the small snake bit her, it disappeared, and my maidservant fell into a coma.” Leng ruoxue explained simply.

“Miss Leng, I’ve seen this poison before.” The moment she heard Leng ruoxue’s description, Shen nuo knew what kind of poison it was. However, she was helpless against it.

Chapter 1776: Fish scale flower (3)

“Does guild leader Shen know what kind of poison it is?” Seeing that Shen nuo actually knew, Leng ruoxue hurriedly asked.

“The poison appeared a hundred years ago. At that time, someone found an unusually beautiful flower on the mountain and picked it. Then, he was poisoned and fell unconscious. His companion saw this and immediately sent him to The Alchemist Guild headquarters. At that time, it was the first time we had seen this poison, so there was no cure at all. In less than three months, the poison took effect and the person died. His death was very miserable. All his flesh and blood were sucked dry, and in the end, not even a bone was left.” Shen nuo could not bear to say that.

“However, for the past hundred years, the alchemists of our Alchemist Guild headquarters have been researching the antidote for this poison, and we’ve finally found some progress.” Shen nuo added.

“Really?” Leng ruoxue, who was initially a little disappointed, immediately revealed a look of pleasant surprise when she heard Shen nuo’s words.

“Mm! However, even if we manage to develop the formula for the antidote, we can’t make it.” Shen nuo said with a face full of shame. He was afraid that Leng ruoxue’s hopes were too high, so he could only make his words more clear.

“Why?” Leng ruoxue was a little puzzled. Shen nuo and Liuyue were the Vice guild masters of The Alchemist Guild headquarters, and at the same time, they were also one of the top alchemists in the God Realm. How could they not be able to refine the antidote? Could it be ...

At the thought of this, Leng ruoxue spoke in an understanding manner, “President Shen, if you need any herbs, you can tell me. I might have them.”

From her point of view, there could only be two main reasons why they were unable to refine the antidote after researching it. The first was that the medicinal herbs were not complete, and the second was that the alchemist’s alchemy skills could not keep up. However, Shen nuo and Liuyue were the best

alchemists in the God Realm, and in addition to that mysterious Alchemist Guild's chief, there should be no medicinal pill that they could not refine. Therefore, the biggest possibility that they could not refine the antidote was that they lacked precious medicinal herbs.

"Young lady Leng, the main ingredient used to concoct that kind of antidote pill can no longer be described as precious, because it has already gone extinct in the divine realm." Shen nuo sighed lightly and said helplessly.

"What is it?" Leng ruoxue asked, unwilling to give up.

"Fish scale flower! However, the fish scale flowers had disappeared from the divine realm ten thousand years ago." Shen nuo said, feeling a little embarrassed. He was the one who gave Leng ruoxue hope, but he was unable to help her, and this made him feel extremely guilty.

"Other than the fish scale flower, do you need any other precious herbs?" When Leng ruoxue heard that it was a fish scale flower, she felt much more at ease. That was because she had a fish scale flower in her hands, and it had lived for at least 10000 years.

"I don't need anything else, but there's no place to get this fish scale flower." Shen nuo sighed. Just this main ingredient was already enough to give them a headache. If there was another precious ingredient, wouldn't they be depressed to death!

"President Shen, I'll think of a way to get the fish scale flower. However, I want to know, since you have never refined this antidote pill, can you guarantee that this antidote pill will cure my servant?" Leng ruoxue asked worriedly.

"This fish scale flower is a wondrous herb. It can be used as both a medicine and a poison. After many years of research, we've found that the person and your maidservant were poisoned by a very rare flower poison. If we use the fish scale flower as the main ingredient to refine an antidote pill, it will be able to counter the flower poison and fight it with poison. Therefore, the fish scale flower is the best choice." Shen nuo said very seriously. Their Alchemist Guild headquarters had poured in all their manpower and resources to research that kind of strange poison for so many years, so naturally, they would not do it for free. Furthermore, this result was also a conclusion that they had obtained after verifying it with many parties.

"Miss Leng, although I can't guarantee that the antidote that we have developed can cure your maidservant's poison 100%, I can guarantee that the success rate of the antidote is above 80%. After all, this is a newly discovered poison and the antidote has never been tested on human bodies. So, I can't guarantee 100%. I hope you can understand." Shen nuo continued.

"Then let's try!" Leng ruoxue was helpless. Even though she did not want Cuizhu to become a lab rat, Shen nuo's words were very true. Furthermore, she could not find anyone who had been poisoned by the same poison as Cuizhu. Hence, she could only let Cuizhu test it out personally.

"Alright, but is miss Leng really confident in finding the fish scale flower?" Seeing how confident Leng ruoxue was, Shen nuo asked with uncertainty.

“En!” Leng ruoxue nodded. Although she really wanted to ask Shen nuo for the antidote’s formula to refine it for herself, that was something that belonged to The Alchemist Guild headquarters. She was afraid that they would not give it to her so easily. Hence, she did not plan to ask for it.

“Then we have to hurry! I’m afraid that the poisoned person can’t last more than three months.” Shen nuo urged. The person who was poisoned last time had died three months later.

“Alright!” Leng ruoxue replied. After that, she informed Shen nuo and brought the demon back to her room.

Once she returned to her room, she entered the bracelet and went straight to the herb field. At this moment, Qing Jue was tending to his favorite herbs in the field. When he saw Leng ruoxue, he immediately rushed over.

“Sister!” Qing Jue pounced into Leng ruoxue’s arms and called out happily.

“Qing Jue, I’m here to look for the fish scale flower.” Leng ruoxue said directly.

“Sister, are you looking for me?” At this moment, a pretty and tender little doll appeared in front of Leng ruoxue.

The little doll was even smaller than Qing Jue. It was chubby and pink. On its delicate little face, a pair of big eyes with clear blacks and whites shone brightly. At this moment, he was looking at Leng ruoxue with a face full of admiration. There was even a touch of pink on his cheeks. He was the spirit of the fish scale flower.

When Leng ruoxue first saw the fish scale flower, it was just a dried flower. She thought that Qing Jue would keep it in the storeroom, but he actually buried the dried flower in the soil. Later on, she found out from Qing Jue that the fish scale flower had already developed a spirit. It was just that its body was too damaged, so it showed signs of withering. That was also a form of self-protection for the fish scale flower.

With Qing Jue’s meticulous care and the strong recovery ability of the fish scale flower, it did not take long for it to transform into a human. Hence, there were two more cute little fellows in her bracelet. As for the other one, it was naturally the ten thousand year long Xu grass that she had obtained previously.

“Mm! Little Yu ‘er, big sister would like to ask for a petal from you.” Leng ruoxue caressed the fish scale flower’s little head as she consoled them. Even though the fish scale flower now belonged to her, she had always doted on these little fellows and treated them as equal humans. She had given them enough respect, so these little things were naturally extremely close to her.

“Alright!” The fish-scale flower nodded without hesitation. Then, a fiery red flame petal appeared on her fair palm and she handed it to Leng ruoxue.

“Sister, these leaves are for you too! I’ve lost it after so many years, so it’s no longer of any use to me. However, it’s still a good material for making pills.” Then, the fish scale flower spoke again. This time, pieces of crystal clear green leaves appeared in his palm. Each piece was as exquisite as an exquisite piece of art.

“Then big sister won’t stand on ceremony.” Leng ruoxue kept the flower petals and leaves as she spoke in embarrassment.

“Hehe! Big sister, you don’t have to be embarrassed. These are all normal drops. They’re no longer of any use to me, but they’re very useful to you.” The fish-scaled flower said. He knew his own value. In fact, not only him, but all the other heavenly treasures knew it too. It was also because of this that they could not live in peace with humans. The main reason was that humans were too greedy. If every human could treat them as well as their big sister and give them a place to live, they would be very willing to live in peace with humans. Unfortunately, this could only become their beautiful wish. However, now that he had met his big sister, So, he was lucky.

“Mm! It’s indeed useful for big sister.” Leng ruoxue chuckled. Then, she chatted with the two little fellows for a while more before leaving the bracelet.

When she handed the petal and two leaves to Shen nuo, Shen nuo’s eyes widened in disbelief. She held the petal in her hand and observed it repeatedly for confirmation.

The petals were the size of a palm, and the inside was smooth like jade. The outside was like fish scales, shaped like a sheet. The flower was red, bright like fire, and this was the most important characteristic of fish scale flowers. After Shen nuo confirmed it, she brought the petal to her nose and sniffed it. A faint fragrance wafted into her nose. From this, it could be seen that this petal was very fresh and had been preserved very well.

“Miss Leng, this flower petal ...” Shen nuo wanted to say something but stopped. Actually, he wanted to ask Leng ruoxue where she had gotten this fish scale flower from. However, after some thought, he felt that it was a little abrupt, so he did not continue after saying that.

“Is there a problem with the petals?” Leng ruoxue played dumb.

“No, I didn’t! These petals are very fresh, and it’s the best time to refine pills. How could there be a problem?” Shen nuo said with some black lines.

“Is that one piece enough?” Leng ruoxue asked with a light smile.

“Enough! That’s enough.” Shen nuo couldn’t help but wipe the cold sweat off his forehead. How precious was the fish scale flower? a small piece was already enough, let alone a whole piece. However, he was a little curious. If he said that one piece was not enough, what else did Leng ruoxue plan to give him?

Chapter 1777: Exposed (1)

In reality, if he really said that it was not enough, Leng ruoxue would not give it to him anymore. She would even blacklist him. After all, Leng ruoxue was also an Alchemist. Although she had never refined a pill with the fish scale flower as the main ingredient, the amount of medicinal pills used was basically the same. The more precious the herb was, the less the amount needed. On the other hand, the herbs that were in high demand were ordinary herbs. Hence, if he really dared to say that one petal was not enough, if that was the case, his friendship with Leng ruoxue would come to an end. Hence, the facts had proven that his character could still withstand the test.

“Since that’s enough, then I’ll have to trouble President Shen. These two leaves will be my payment, is that okay?” Leng ruoxue said with a smile.

“Yes! I can!” Shen nuo was very happy. The most valuable part of the fish scale flower was its petals, but its leaves were also good ingredients for refining pills. Furthermore, their value was not low.

“Miss Leng, I’m going to refine the pill.” After Shen nuo finished speaking, she did not even send her guest off, and immediately went into her temporary pill refining room. When Leng ruoxue saw this, she laughed and returned to her room to wait for news.

The moment she returned to her room, Leng ruoxue was hugged by the demon.

Looking at the evildoer’s gloomy face, Leng ruoxue was slightly stunned. She could not help but ask, “Evildoer, who made you angry?”

“Who else could it be besides you?” The demon said in an unpleasant tone.

“Uh! I didn’t do anything!” Leng ruoxue felt wronged.

“Do you have a good relationship with that Shen guy? She even stared at him for so long. He’s old and ugly, what’s there to look at?” The demon was going to settle the score after autumn. He had seen that Xue ‘er had been busy with the fish scale flowers, so he had endured it until now.

“Uh!” When Leng ruoxue heard the demon’s words, her forehead was filled with black lines. She thought to herself, I’m finished! This vinegar jar had acted up again. Although Shen nuo looked like she was in her forties, she was still a handsome uncle! In his words, she was old and ugly. However, at this point, she could not speak up for Shen nuo. Otherwise, the demon would definitely be even more persistent. Furthermore, she was very good at coaxing the demon, so she was not flustered.

“Demon, you’ve misunderstood. I don’t have a good relationship with President Shen. This is only our second time meeting each other. Moreover! He’s old and ugly. Why are you jealous?” Leng ruoxue smiled as she consoled him.

“Then why did you stare at him for so long?” The demon half-squinted his bright black eyes and said with slight displeasure.

“No way! When talking to someone, it’s polite to look at them. I can’t lower my head and talk to him! That would make me look like I’m not presentable, don’t you think so?” Leng ruoxue argued.

“Hmph! You’re right!” The demon snorted coldly. Although he knew that Xue ‘er was quibbling, he could not say anything. This made him quite depressed!

At this moment, there was a sudden knock on the door. Leng ruoxue was overjoyed and opened the door without thinking. Seeing that it was uncle long and baby, she was overjoyed.

“Uncle long, quickly come in.” Leng ruoxue urged.

Uncle long looked at Leng ruoxue, then at the evil-looking man with an unfriendly expression. He then carried his baby into the room. The moment baby saw Leng ruoxue, although it wanted to jump into her arms, it chose to stay in uncle Long’s arms when it saw the evil-looking man’s dark face, in case it lost its life.

“Little girls, what’s wrong?” Uncle long asked curiously as he felt the strange atmosphere between the two.

“Nothing, uncle long. Didn’t you go back to your room? Why are you here again?” Leng ruoxue asked in bewilderment.

“Hehe! Baby went to find me, and now I’m its helper. ” Uncle long said with pride.

After hearing uncle Long’s words, Leng ruoxue couldn’t help but wipe the cold sweat off her forehead. She thought to herself, “uncle long doesn’t have to be so happy even if he’s just a hired thug, right?” She had always thought that uncle long was an expert who didn’t care about anything. However, after getting to know him, she realized that uncle long was also an expert who wanted to see the world in chaos. At first, she couldn’t accept this fact, but now she was much calmer.

“Cute master, there are so many people who want to kill your baby. Wu...If it wasn’t for uncle long, you wouldn’t have been able to see your cute baby again.” At this moment, baby’s Silver eyes were filled with tears as he said pitifully. That pitiful little appearance was really pitiful.

“Eh? What’s going on?” Leng ruoxue was a little surprised. She had thought that her baby had already settled those people!

“It’s like this. Back in the Grand elder’s room, I was almost done with those people. Many of them paid us to protect them and bring them out of the secret realm. However, a few people from the Yao and Wen families came later. When they heard the amount we charged, they immediately turned hostile and even encouraged everyone to kill me. I hid at uncle Long’s place and escaped. Otherwise, my lovely master would never have been able to see your treasure again.” Baby said with tears in his eyes.

“So, the Yao and Wen families don’t need our protection or help to get them out of the secret realm?” Leng ruoxue asked with uncertainty.

“Mm! At least half of them don’t need us to protect them or bring them out of the secret realm, and some of these people include the elders of the Cheng family. Of the eight divine domains, only the ning and Yin families don’t object. ” Baby reported.

“Since that’s the case, refund them their accommodation fees! We don’t care anymore. ” Leng ruoxue said emotionlessly.

“Alright!” Baby laughed evilly. Returning their accommodation fees also meant that their master would not care about their life or death. Hehe! That’s great. It had long been disdainful of those people’s superior attitude. Moreover, the eight divine regions were nothing great. If they wanted to leave this

place and keep their lives here, they had to rely on master! It was a pity that they couldn't understand. There would come a time when they would regret it. At that time, it would charge more money than it was now, it thought secretly.

"Cute master, I asked those alchemists and blacksmiths to hand over pills or equipment. It's considered giving them special treatment. After converting it to money, it's almost half of what those aristocratic families have. So, they're all very satisfied and didn't cause any trouble." Baby said again.

"Mm! Thank you for your hard work, baby." Leng ruoxue patted her baby's head and consoled him.

"It's not hard to work for my lovely master. My baby was just a little frightened." Baby lowered his head and said.

"Baby, don't worry. I'll get justice for you." Leng ruoxue promised. Just as she finished her sentence, someone knocked on the door again.

Leng ruoxue gave the evildoer a look. The evildoer understood her meaning and stood up to open the door. Outside the door were master ning, first elder, and master Cheng.

"Xue 'er! Godfather is here to see you." As the master of the ning family spoke, he strode into the room, followed by the great elder and the master of the Cheng family.

"Godfather! We've just separated." Leng ruoxue said helplessly.

Chapter 1778: Exposed (2)

"So what if I can't come and see you?" The master of the ning family deliberately pulled a long face and said with some displeasure.

"Sure, but, Godfather, I still hope that you can have a good rest, because we will be leaving here tomorrow to meet up with Feng Da and the others." Leng ruoxue reminded.

"Uh! Why are you in such a hurry?" The master of the ning family was surprised.

"Mm! I'm afraid that Feng Da and the others will be worried if I don't go back for too long." Leng ruoxue said honestly.

"Xue 'er has a point, we should leave this place." At this moment, first elder chimed in. After he finished speaking, he even shot a look at the Cheng clan's clan head. However, Leng ruoxue pretended not to see first elder and the Cheng clan's clan head exchanging flirtatious looks.

“So, there’s still one day left. You should go back to your room and rest. Otherwise, you won’t have the energy to deal with those monsters.” Leng ruoxue smiled faintly.

“Xue ‘er, I have something to discuss with you.” Seeing that Leng ruoxue wasn’t even looking at him, the head of the Cheng clan had no choice but to speak directly.

“Patriarch Cheng, if you have something to say, just say it!” Leng ruoxue knew what was going on. She laughed in her heart. It seemed like this old man couldn’t keep his cool anymore. However, he really had to worry about those troublesome descendants.

“Um ... I know that some of the Cheng family’s elders are insensible and have annoyed you. Can you give me face and not hold it against them? Don’t worry! Our Cheng family will pay for their expenses in full, and I guarantee that there won’t be a single cent less.” The master of the Cheng family promised. After he knew that someone from the Cheng family had joined in the trouble, he immediately went to find the old man of the ning family and the great elder. At first, those two old men didn’t intend to help and only looked at him sympathetically. In the end, he said a lot of good things and promised a lot of unfair conditions before they were willing to go with him. Boo...These two old things were disloyal!

“Cheng family head! Originally, I shouldn’t have argued with them because of you, but now is a critical time, and I have to be extra careful. They clearly look down on me, so why should I care about their life and death? I’ve just decided to return some people’s accommodation fees. Their life or death is up to you.” Leng ruoxue said emotionlessly.

“Xue ‘er, I’ll apologize on their behalf, okay?” The head of the Cheng clan bitterly said with hidden bitterness.

“Patriarch Cheng, I didn’t want to tell you about this at first, but since it’s come to this, I don’t intend to hide it from you. It’s also good to let you be mentally prepared.” Leng ruoxue hesitated for a moment after hearing master Cheng’s words, then slowly replied.

“What is it?” Seeing Leng ruoxue’s serious expression, master ning, first elder, and master Cheng all looked at her seriously.

“There’s a hidden chess piece of the Men in Black around you. That person has been lurking around you all this time, waiting for the opportunity to strike. However, I haven’t found this person yet, so everyone in this house is suspicious.” Leng ruoxue didn’t beat around the bush and said directly.

“What? This, this is true?” The master of the ning family asked in surprise.

“En!” Leng ruoxue nodded.

“Xue ‘er, you don’t have any clues at all?” The great elder asked worriedly. If there was such a time bomb around them, their safety would be a big problem!

“The time is too short, so I haven’t caught that person’s trail yet. However, I’m trying my best.” Leng ruoxue explained.

“If there’s anything you need our cooperation with, just tell us, girl!” The master of the ning family sighed.

“Godfather! It’s a critical time now. If the people in the clan can’t be of one mind, then it’s better to give up on such clansmen.” Leng ruoxue’s words were very subtle, but the three of them, who were experienced with age, understood the meaning between the lines. Instantly, the great elder and master ning’s eyes turned to master Cheng at the same time.

The head of the Cheng family laughed bitterly. He knew that Leng ruoxue’s words were meant for him because there were some troublesome descendants. However, as the old ancestor of the Cheng family, he really hoped to bring everyone who was brought into the mystic realm out safely. Furthermore, those people could be considered the elites of the Cheng family. If they lost them, it would be a huge loss for the Cheng family.

After some thought, the head of the Cheng family said, “Xue ‘er, there are some people in the Cheng family who are not easy to worry about, but they are still very loyal to the Cheng family. So, as the head of the family and the ancestor of the Cheng family, I can’t abandon them. How about this? I’ll give you the cost of their departure without any difference. As for their behavior, I’ll control them. If they still don’t repent, then I’ll definitely put righteousness before family.”

Clan head Cheng’s tone was one of negotiation. From this, it could be seen that he valued Leng ruoxue’s attitude. Seeing that old man Cheng had already put it this way, Leng ruoxue could only nod her head and say the ugly words first, “Patriarch Cheng, I’ll give them one more chance. I hope you can restrain them. However, if they’re incited by others again, don’t blame me for being ruthless.”

“Of course! I’ll go back and teach them a good lesson. They definitely won’t dare to do it again.” The head of the Cheng clan promised.

After he finished speaking, he nodded to Leng ruoxue and the rest before turning around and leaving the room.

After master Cheng left, master ning continued to ask with a serious face, “Xue ‘er, do you have any suspicions about this hidden chess piece?”

“Godfather! This hidden chess piece’s strength should be at reverent-god level.” Leng ruoxue said with certainty. When they had first entered this place, Leng ruoxue had arranged for Qing Jue to investigate the people here. Qing Jue had used his mind-reading technique on those below the reverent-god level. However, he had not found the hidden chess piece that they were looking for. With Qing Jue’s current strength, reverent-god level was the only one that he could not use his mind-reading technique on. Hence, he had no way of checking on the reverent-god level experts here. As such, their search had been narrowed down.

“Reverent-God? In that case, aren’t I a suspect?” The master of the ning family blinked his eyes, finding it hard to believe. Besides, he couldn’t understand how a Supreme God, who was already a top expert in the divine world, could become someone else’s hidden chess piece. This was really unbelievable.

“Yup! However, I believe that Godfather isn’t this hidden chess piece. Otherwise, I wouldn’t have told you about this.” Leng ruoxue said with a smile.

“Godfather! You’ve been in contact with them for a long time, do you think anyone is suspicious?” Leng ruoxue asked again.

“Suspicious? In terms of suspicion, the reason we came to this secret realm was all because of that old plague. Originally, we didn’t plan to come, but we couldn’t stand his persuasion and we didn’t want to be looked down by him, so we decided to take the risk with him.” The master of the ning family said after some thought.

“He can indeed be listed as a suspect, but I think he’s injured.” Leng ruoxue said. Based on her observation, that old man seemed to be quite badly injured.

Chapter 1779: Exposed (3)

“What’s the big deal about getting injured? which one of us isn’t injured?” The first elder said disapprovingly. However, the moment he said it, he regretted it. With that little girl’s shrewdness, she wouldn’t have heard anything, right? He was a little uneasy. He didn’t mean to let it slip.

“Is that so?” After hearing first elder’s words, Leng ruoxue narrowed her eyes and asked with a smile that was not a smile.

“Hehe! Of course! It’s nothing to get injured here.” The great elder braced himself and said, but the master of the ning family didn’t dare to look at him at all. He could only look up at the ceiling, but in his heart, he was already cursing the great elder with dog blood. F * ck! You could have said something else, why did you have to talk about injuries? If he aroused Xue ‘er’s suspicion, the two of them would be in trouble. Wu ... He was so scared!

“So you’ve been injured too?” After Leng ruoxue finished speaking, she grabbed master ning’s arm and examined it. Then, she looked at first elder ‘s. After she was done, she didn’t say a word and just stared at the two of them coldly.

Under Leng ruoxue’s cold gaze, the Grand Elder and master of the ning family felt a chill. They felt extremely uneasy. This girl’s gaze made them feel a mountain of pressure. They were about to break out in cold sweat. Wu...Xue ‘er made them so scared.

“Alright! We’re injured.” After a long time, first elder could no longer bear the pressure that Leng ruoxue gave him and surrendered.

“Xue ‘er girl, Shen nuo is already thinking of a solution. You don’t have to worry. This is just a small injury, it won’t be a problem.” Seeing that the great elder had admitted it, the master of the ning family could only brace himself and comfort him.

However, after hearing their conversation, Leng ruoxue remained silent and continued to stare at them coldly. Uncle long, on the other hand, was leisurely drinking his tea and watching the show.

“Xue ‘er! Don’t be like this! Can you say something?” After a while, master ning couldn’t take it anymore. Xue ‘er didn’t say a word. This, this made him particularly nervous. His little heart was beating wildly. Wu...Xue’ er actually bullied him.

“What does Godfather want me to say?” Leng ruoxue smiled faintly, but the smile did not reach her eyes. Her voice was also a little cold, which made master ning and first elder shiver. They knew that Xue ‘er was really angry.

“Whatever you say! Just don’t be like this. ” The first elder said in fear.

“It seems like I shouldn’t be the one to say anything. It should be you guys.” Leng ruoxue said nonchalantly.

“Uh! We shouldn’t have hidden our injuries from you. We were just afraid that you would be worried!” The master of the ning family felt very wronged. He had lived for so long, but he had never been so humble before. However, even so, Xue ‘er’s anger might not be appeased.

“You’re injured, so there’s no need to hide it from me. Now, you’re lying. This is pure deception, and I hate being deceived the most. So, please leave my room immediately. I don’t want to see you. ” Leng ruoxue said angrily.

“Xue ‘er! Don’t be like this! We know we were wrong. ” Master ning said pitifully. His originally shrewd eyes were now misted with tears. However, Leng ruoxue was unmoved. She stood up and entered the inner room.

Seeing this, the evildoer had no choice but to personally send the two old men who wanted to continue acting pitiful out of the room. The two old men who were chased out continued to linger outside Leng ruoxue’s room, unwilling to leave easily. However, the tightly shut door would not open for them.

In the room, uncle long chuckled and said,““They’re going to have a hard time this time. ”

“He deserves it! Who asked them to lie to Xue ‘er?” The demon said without any sympathy.

“Not bad! We have to teach them a lesson. ” At this moment, Leng ruoxue walked out from the inner chamber. There was no longer any trace of anger on her face.

“Hehe! Xue ‘er, you’re not angry! The two old men were scared to death. ” Uncle long said.

“The secret realm is full of dangers. I’ve long been mentally prepared that they would be injured, so how could I really be angry with them? however, I’ve decided to teach them a good lesson this time. Let’s see if they still dare to lie in the future.” Leng ruoxue laughed evilly.

“Hehe! I don’t mind teaching them a lesson, but their injuries can’t be delayed any longer. They need to be treated as soon as possible. ” Uncle long reminded.

“Mm! Don’t worry, uncle long, I know what I’m doing. ” Leng ruoxue promised.

With that, she brought uncle long and the evildoer into the bracelet while she went straight into the purple bamboo house to refine healing elixirs for her Godfather and the great elder ...

The next morning.

Shen nuo, who had finished refining the elixir, immediately went to look for Leng ruoxue and passed her a small Jade bottle.

Leng ruoxue opened the Jade bottle and took out a red pill to admire it. This pill was extremely beautiful. It was crystal clear like a red ruby bead. Furthermore, the pill's surface was glowing with a fiery red light, making it look exceptionally beautiful.

"Young miss Leng, the fish scale petals you gave me were used to refine fifteen fish scale pills. They are all here." Shen nuo explained.

"I'll have to trouble President Shen." Leng ruoxue nodded to express her gratitude.

"Miss Leng ..." Shen nuo didn't know what to say, because he had just met first elder and master ning at the door of Leng ruoxue's room, and he also knew that their injuries had been exposed. What made him a little conflicted was that the person who helped them to falsify the truth was himself, and now they wanted him to plead for them. How could he say it? Also, he was afraid that Leng ruoxue would vent her anger on him. He was in a dilemma.

"Guild leader Shen, I know what you want to say. If you want to plead for them, there's no need to." Leng ruoxue immediately blocked off the words that Shen nuo had yet to say. She then continued, "However, I have a small matter that I would like to ask President Shen for help with."

"Please speak, miss Leng." Shen nuo hurriedly said.

"Please pass these two pills to them on my behalf, President Shen. Tell them that you refined them." Leng ruoxue handed over a Jade bottle.

"Alright!" Shen nuo took the Jade bottle and curiously opened the bottle cap to take a look. Her eyes instantly widened. Inside the small Jade bottle, there were two light green pills that were emitting the aura of grass. Spiritual energy was floating on the pills, and one could tell that they were of ordinary quality with a single look.

This ... This was a healing pill refined with Dragon beard grass as the main ingredient! This was also the best healing pill in the divine realm. This aura, this taste, he would definitely not be mistaken.

When he thought of this, the way he looked at Leng ruoxue changed even more. This little girl was really full of surprises! First, it was the fish scale flower. Now, she had taken out the Dragon beard pill. He really didn't know what else she couldn't get.

And with these two Dragon whisker pills, the injuries of the ning family's master and great elder would not be a problem.

"Young miss Leng, I wonder if you still have this Dragon whisker pill in your hands?" Shen nuo could not help but ask. Although he had long wanted to cure the injuries of master ning and the first elder, he did not have the legendary Dragon's beard grass. Furthermore, not only did the first elder and master ning need this herb, there were also a few people who were severely injured who needed it as well.

"Yes, but I won't give it to anyone else for free except Godfather and the great elder." Leng ruoxue said honestly.

“That’s natural! We alchemists aren’t Saints. Moreover, this Dragon whisker pill is even more difficult to obtain, so it’s only natural for them to pay a price to buy it. Moreover, they don’t lack money.” Shen nuo said with a smile. This was a pill that could save their lives! He believed that no one would be stingy with their own lives.

“That’s good. May I know how many pills President Shen needs?” Leng ruoxue asked, satisfied.

“Not including the Grand Elder and master ning, there are four people who need this Dragon whisker pill to completely cure their injuries. Give me four!” Shen nuo said after thinking for a while.

“Alright!” Leng ruoxue then took out a small white jade bottle and passed it to Shen nuo, saying, “There are a total of five pills in here. The extra one will be the reward for helping me sell this Dragon beard pill for a good price.”

“Thank you, miss Leng. I won’t stand on ceremony then.” Shen nuo said happily. If it was any other pill, he might not want it. However, this Dragon whisker pill, he would not hypocritically reject it. One must know that in a critical moment, the Dragon whisker pill could save one’s life, as long as one still had a breath.

“President Shen, you’re welcome.” Leng ruoxue smiled.

Following that, Shen nuo stood up and bade her farewell. Leng ruoxue once again entered the bracelet and fed Cuizhu the fish scale pill that Shen nuo had refined.

After waiting for a while, Cuizhu still had not woken up. Leng ruoxue could not help but feel a little disappointed.

“Sister, don’t worry, this pill is taking effect! However, sister Cuizhu’s poison is too powerful, so it will take a long time.” Xiao Yu ‘er, who was surrounding Leng ruoxue, could feel her emotions and quickly consoled her.

“Mm! Little Yu ‘er, I’ll leave sister Cuizhu to you. Inform me immediately if there’s anything unusual.” Leng ruoxue ordered.

“Sister, don’t worry. We will take good care of sister Cuizhu.” Little Yu ‘er clenched her little fist and promised.

Following that, Leng ruoxue brought the evildoer and uncle long out of the bracelet and left the room.

As soon as they went out, the master of the ning family and the first elder immediately surrounded them and said, “Little Xue ‘er, our injuries are no longer a problem. Shen nuo said that he has a way to concoct medicinal pills that can cure our injuries.”

“So what?” Leng ruoxue said emotionlessly. She was extremely satisfied with Shen nuo’s ability to do things. It seemed like Shen nuo was very clear about her intentions, so she did not immediately hand the Dragon whisker pill over to them. Very good! This time, she must make them remember this lesson. Let’s see if they dare to lie to her about such things again in the future!

Chapter 1780: Instigating (3)

“Oh! How much are you prepared to pay?” Uncle long asked directly.

“Uh! Uncle long, feel free to state your price.” The head of the Yao family wiped the cold sweat from his forehead and cursed in his heart. I’ve never heard of someone who loves money! If he didn’t recognize that monster’s Phantom image, he would definitely think that this person was a fake. However, in the entire divine realm, those who dared to impersonate that person were probably not even born yet!

“Little girl! How much do you think we should ask for?” After hearing the Yao family head’s words, uncle long turned to look at Leng ruoxue and asked.

“The Yao family is one of the eight great divine domains, so the compensation they’re paying must match their status. If they’re too little, they won’t be able to lift their heads in the divine realm. I think we’ll just take a third of the Yao family’s assets!” Leng ruoxue furrowed her brows and pondered for a moment before replying.

When uncle long heard Leng ruoxue’s words, he couldn’t help but wipe away the cold sweat on his forehead. He thought to himself, ‘this little girl is really ruthless!’ This time, the Yao family’s brat would definitely die of heartache! However, with him around, that fellow would not dare to play any tricks! At the thought of this, uncle long smiled and said, “Yao family’s little brat, did you hear that? just compensate according to what this junior has said!”

After the Yao family’s head heard the words of these two people, he was so angry that he couldn’t speak for a long time. This was really a lion’s mouth! He wanted to take away a third of the Yao family’s assets all at once, and even said that it had to match the Yao family’s status. This was clearly, clearly robbery! He felt indignant. However, when he thought of uncle Long’s strength and his status among the divine realm’s magical beasts, he could only swallow his anger.

“Uncle long! I’m willing to compensate you with a third of the Yao family’s assets. I beg you to forgive me and let go of the Yao family’s juniors!” The patriarch of the Yao family said pitifully. In fact, the reason why he agreed to compensate so much money was not only for the younger generation of the Yao family. It was mainly because of uncle Long’s identity and status. One should know that uncle long was one of the iconic experts in the divine world. Furthermore, he had lived for a long time and his strength was unfathomable. Therefore, he was really unwilling to offend uncle long because of his mistake. It would not do any good for the Yao family.

“Since you, this Yao family’s little fellow, are so sensible, then I won’t argue with them. You must strictly discipline these Yao family people. If they dare to provoke us again, don’t blame me for being merciless! Also, Xue ‘er has already returned their accommodation fees. From tonight onwards, they can’t enter the house anymore. You don’t have any objections, do you?” Uncle long glared at him and continued.

“Uncle long! Our Yao family is willing to pay for all their expenses, so please give them another chance!” The head of the Yao family begged for mercy. He knew that if the younger generation of the family were not allowed to enter the house, they would definitely not be able to live at night. Therefore, he could only lower his voice and beg the other party.

“Hmph! What were you doing earlier?” Uncle long snorted coldly.

I didn’t expect that you would really drive him out! The head of the Yao family said with an embarrassed smile, “They were confused. Uncle long, please give them another chance!”

“We can give them opportunities, but we have to double the money. Otherwise, if everyone learns from them, wouldn’t it be a mess?” Uncle long said, leaving no room for discussion.

“Good! No problem,” The Yao family head’s heart was bleeding. Wu...If he had known this would happen, he wouldn’t have done it! Why did they cause so much trouble? this was really a double loss!

Just as the head of the Yao family was remorseful, baby had already run to him happily. He stretched out his little paw and said with a smile, “Yao family head, please pay!”

Seeing this, the head of the Yao family held his breath and almost passed out. How could he, the head of the Yao family, renege on a debt? Was there a need to collect money from him in such a hurry? In the end, he still handed over all the Yao family’s expenses and the compensation to uncle long.

“The Yao family head is really rich!” As soon as the money was in his hands, the baby couldn’t help but sigh. Then, he ignored the Yao family head’s darkened face and ran back to his lovely master’s side with an excited face to present the treasure.

Leng ruoxue placed the money and the items that were used to pay for the treasures into the bracelet and handed it over to Qing Jue. Then, she smiled at the Yao family head and said, “Yao family head, I welcome you to correct your mistakes. We’re partners for the time being.”

“Hmph!” The head of the Yao family snorted coldly as a response to Leng ruoxue. However, Leng ruoxue didn’t take it to heart, and the smile on her face became even more radiant.

At this moment, the Wen family head transmitted his voice to the Yao family head with an unwilling expression, “Yao family head, how could you agree to such a rude condition? this, aren’t you falling into their trap?”

“What else can we do?” The head of the Yao clan helplessly replied.

“Who is uncle long?” The head of the Wen family was a little bewildered. He knew very well that the head of the Yao family, who had been knocking on the door, had only lowered his voice and compromised for the sake of uncle long.

“I can only tell you that we can’t afford to offend uncle long.” The head of the Yao family said gloomily. He had long heard that uncle long didn’t care about anything, but he didn’t expect to meet him in the secret realm. Sigh!

“We can’t afford to offend them? He’s the same as us, a Hierarch. Why can’t we afford to offend him?” The head of the Wen family said, unconvinced. In the entire divine world, other than the Divine Master, there should be no one they could not afford to offend, right?

“If you don’t believe me, you can go and try. Don’t expect me to help you.” The head of the Yao family said bluntly. The Yao family had suffered a great loss in this trip to the mystic realm!

“Is uncle long really that terrifying?” The Wen family head was still in doubt.

Suddenly, there was a rumble in the distance! BOOM! . Everyone was shocked because they were all too familiar with this sound. Moreover, along with the rumbling sound, there were intermittent screams. These screams were from the people who were thrown out by the huge monster.

“We’re finished! The monsters are coming, let’s hide in the house. ” Someone shouted. The scene was in chaos. Many people were like ants on a hot pan, scurrying around.

“Calm down! Even the weakest among you are divine emperors, but now you’ve scared away some monsters that are weaker than you. Don’t you feel ashamed?” Leng ruoxue looked at the disorganized crowd and said with a look of disdain.

“You said that you would ensure our safety. Are you going to break your promise?” Another hostage asked.

“If you pay, I’ll naturally guarantee your safety. However, I also need your cooperation. You have so many experts, do you expect a small god like me to destroy all the monsters? Do you think you’re worthy of your status if you want to get something without putting in any effort?” Leng ruoxue mocked.

“Miss Leng is right. For the sake of our dignity, we can’t back down. Everyone, let’s fight those monsters to the death!” One of the ning family’s leaders said. He even gave Leng ruoxue a look. Before they left, their elder had instructed them very clearly to listen to Leng ruoxue. Furthermore, they knew that Leng ruoxue’s flames could destroy these monsters. So, although they looked a little flustered on the surface, they were very calm in their hearts.

“Right! For our dignity! We can’t hide anymore, we have to fight to the death with those monsters!” Someone from the Cheng clan also said.

Looking at their impassioned expressions, the Wen family head said worriedly, “All of you, calm down. Don’t act rashly! How could those monsters be so easy to deal with? The most important thing now is to quickly enter the house to save our lives. Everyone, hurry up and go in!”

His words caused some of them to hesitate. Leng ruoxue saw this and smiled, “Does the Wen family head want everyone to be cowards? If you’re afraid, you can go in yourself. We’re going to fight these monsters for our reputation. ”

“It is! So many people from the Wen family have died. As the head of the family, not only are you not thinking of avenging them, you even want us to keep hiding. What are you thinking!” An elder of the ning family said disdainfully.

“Don’t be ungrateful, I’m just thinking of your safety. Those monsters couldn’t be killed at all, so why fight them head-on? Moreover, so many of the Wen family members have died. Don’t you think my heart aches? You must know that those are all my descendants! However, now is not the time to act on impulse. Before we have absolute confidence in dealing with those monsters, the best choice is to preserve our strength. ”

“Furthermore, do you think that miss Leng is letting you fight those monsters for your dignity and honor? Don’t be fooled by her. She has already taken the money and said that she will protect your safety, but she still instigates you to fight those monsters. She clearly wants you to die, so she doesn’t have to keep her promise, and the money you paid went into her pocket without any effort. That’s her goal!” The Wen family head flew into a rage out of humiliation as he tried to drive a wedge between them. Furthermore, his face was flushed red as he roared, his emotions agitated, as if he was really burning with anxiety.

When the crowd heard the Wen family head’s words, they became even more hesitant. Even though Leng ruoxue’s words made sense, the Wen family head’s words made sense too. Furthermore, these monsters were indeed unkillable and might even cause them to lose their lives. For a moment, everyone was conflicted and the atmosphere at the scene became gloomy ...
