

Crazy Wife 1791

Chapter 1791: Uncle, are you going to fight?(3)

“Hahaha! Did you hear that? How ruthless is your Yao clan’s old ancestor! I can’t believe he doesn’t care about your life!” After a moment of silence, the Wen family head provoked.

“Wen family head, it’s not that the Yao family head doesn’t care about the life and death of his descendants, he just doesn’t want to let you go. Don’t misunderstand!” Leng ruoxue reminded him calmly.

“Hmph! If you don’t let me go, I’ll kill him! Even if the others don’t feel heartache, the Yao family head will definitely feel heartache!” The head of the Wen family tightened his grip on the hostage and continued to threaten.

“Al! The Wen family head! What should I say about you? There are so many of us here, and you only have one hostage. At most, you can only threaten the Yao family head, but you can’t threaten us. Compared to letting you go, we seem to be more willing to kill you. So, consider it a good deed for yourself before you die. Let that Yao family elder go! As long as you let him go, we promise to let you die a quick death and not let you suffer. How about it?” Leng ruoxue smiled as she tried to negotiate. However, the smile on her face that deserved a beating was extremely glaring to the Wen family head, and his hatred for Leng ruoxue grew even deeper.

“Good! Then I’ll let him go!” After thinking for a while, the head of the Wen family agreed. Then, he pushed the hostage in his arms into the crowd. Immediately after, a white light flashed and shot straight at the Yao family hostage. When the crowd saw this, they hurriedly defended themselves. Only then did they realize that the head of the Wen family had disappeared ...

“Dammit! That old man actually managed to escape!” Someone said indignantly. At this time, another person discovered that the hostage of the Yao family was already dead. However, no one cared about his life or death at this time. Everyone was immersed in depression.

“You guys are really useless.” The middle-aged man was infuriated when he saw that the Wen family’s head had escaped. He could no longer be the Oriole. Damn it!

“Uncle! If we’re useless, are you useful? With so many Monsters and Men in Black surrounding us, didn’t you just let him go? Or, you still care about your gay relationship with her, so you let him go on purpose? If that’s the case, then I won’t pursue your dereliction of duty, sigh! The word “love” can cause great harm to people!” Leng ruoxue said in an understanding manner. Her words had successfully incited the middle-aged man’s anger, causing the crowd to laugh in low voices.

“Damn girl, you really have a sharp tongue! However, no matter how sharp your tongue is, it’s useless. You’re all dead today.” The middle-aged man said viciously. Since he couldn’t be an Oriole, he could only take the initiative to attack. In short, no one here today could escape.

“Uncle, are you going to fight?” Leng ruoxue blinked her beautiful eyes and asked with a face full of anticipation.

"I'm going to kill you." The middle-aged man said through gritted teeth.

"Oh!" "Yes," Leng ruoxue replied. Then, with a wave of her hand, a house appeared out of thin air. With a 'bang', it stood upright behind the encirclement of the monsters. Immediately after, the door opened, and master ning and the rest walked out of the house.

At the same time, Feng Da also opened the door and walked out with his men, laughing.

Actually, Feng Da and the rest had long wanted to come out. However, Leng ruoxue had transmitted a message to them, telling them not to act rashly and to wait for her orders before coming out. And now, it was Leng ruoxue who had instructed them to come out and join in the fun.

"Uncle! Now that everyone is here, it's convenient for you to make a move, right? Don't let us down!" Leng ruoxue said with a smile.

"You're looking for death!" The middle-aged man squinted his eyes and stared at the two houses in front of him with jealousy. Damn it, it was so difficult for him to get one house, and now there were two houses in front of him. He was extremely envious when he saw these two houses, and he was even more determined to kill them. As long as these people were all dead, these two ownerless houses would belong to him.

As he thought of this, his heart became more and more heated. He raised his hand and said sternly, "Go! Kill these people!"

As soon as the middle-aged man finished speaking, the monsters were the first to attack.

"Aowuu!" The monsters quickly chose their opponents. Unfortunately, not a single monster dared to approach Leng ruoxue. Instead, she was surrounded by a large number of men in Black.

Looking at the Men in Black surrounding her, Leng ruoxue smiled calmly and asked with a face full of uncertainty, "Are you guys planning to gang up on me?" At this moment, uncle long and the others were entangled by the monsters, and only the evildoer was by her side. Therefore, if the other party dared to deny that this was a gang fight, she would be very angry.

"Hahaha! D * MN girl, as long as I can kill you, I don't care if they gang up on me or not!" The middle-aged man laughed smugly, but in his heart, he couldn't help but think, Hmph! Can't you deal with those monsters? I won't let the monsters come and kill you. Once his Men in Black finish off this damn girl, no one here will be able to escape. Without Leng ruoxue, these people were useless! He couldn't help but think smugly.

"Ai! Since uncle thinks so, then fine! Come at me together! But, uncle! I have to remind you that I'm only a deity. You've sent so many people to kill me. If word of this gets out, you won't be able to survive in the divine realm in the future." Leng ruoxue reminded him out of the kindness of her heart, but she was extremely happy in her heart. This was a great opportunity to practice! Even the weakest of these black-robed men was a Godking. This was a good opportunity for her to see the difference between her and the godkings and godemperors. After all, such an opportunity was rare.

“Don’t worry! You won’t have the chance to spread it because you’re all dead.” The middle-aged man said confidently.

“Aren’t you afraid that you’ll cut your tongue? I’m afraid you don’t have the ability to kill us!” At this time, the demon who had been silent all this while laughed lightly. A cold light flashed in his black and bright eyes. In his eyes, this middle-aged man was already a dead man! Because he would not let off anyone who dared to let Xue ‘er die!

“Little brat! Your tone isn’t small either!” The middle-aged man laughed coldly, disapproving of the demon.

“The same! We’re on the same page!” After the demon finished speaking, he dashed out like a shooting star. To capture the bandits, one must first capture the leader. Hence, his target was the middle-aged man. At the same time, he sent a voice transmission to Leng ruoxue, “Xue ‘er, be careful. I’ll deal with this old man first!”

Xue ‘er had many tricks up her sleeve and there were so many Beastie by her side, so he was still assured of Xue ‘er’s safety. However, he still had to give her some advice.

“Mm! I can use them as practice.” Leng ruoxue replied. Following that, she took out her precious and other beasts from her bracelet. The moment the little beasts came out, they were all extremely excited. There was going to be a fight again this time. Luckily, their master did not forget about them.

“Baby, succubus, you guys go!” Leng ruoxue ordered. At the same time, a sword as thin as a cicada’s wing with a cold glint appeared in Leng ruoxue’s hand. As the cold glint flashed, tens of thousands of red meteors flew towards the Man in Black from all directions ...

Seeing that their master had made a move, the babies also found a Man in Black who was not very pleasing to the eye and fought with him. However, they all used mimicry appearances and kept teasing the Man in Black. The Men in Black who were fighting with them could only see white lights flashing in front of their eyes, but they could not catch them. After a few rounds of teasing, the Men in Black who were fighting with the babies were all completely enraged!

“You little bastards, you’re dead!” The Men in Black roared in anger and attacked the beasts. When they saw this, they turned around and ran. In this exchange, nearly half of the Men in Black were attracted by them. The pressure on Leng ruoxue had also lessened. However, there were still hundreds of men in Black surrounding her.

“Old fellow, Shen nuo, you two quickly go and support that little girl Xue ‘er!” Not far away, master ning, who was entangled by the monster, saw that Leng ruoxue was surrounded by so many Men in Black. He was extremely anxious, and his face was full of worry. Sob ... Xue ‘er was only a God-tier! These people were such bullies! As he thought about it with resentment, his attacks became more and more ruthless. Like cutting watermelons, he directly crushed the monsters into pieces. When the monsters Resurrected, he would kill them again and again. Unfortunately, these unkillable monsters kept bugging him. Otherwise, he would have gone to help Xue ‘er long ago.

“Alright!” The first elder and Shen nuo nodded. However, just as they finished speaking, they saw the black-robed men surrounding Leng ruoxue fall to the ground. Some of them had even been turned into ashes. Instantly, the two of them were stunned.

“What are you guys doing? Hurry up and go!” The master of the ning family urged. Although he had also seen what had happened just now, he reacted very quickly because Xue ‘er was a little pervert in his eyes. No matter what she did, it was normal.

“Oh, oh!” After the two of them regained their senses, they quickly responded and ran towards Leng ruoxue’s direction. Just as they ran over, they were just in time for Leng ruoxue to activate her divine skill. Following that, they saw tens of thousands of wind blades shooting towards the Men in Black like meteors. In the blink of an eye, countless Men in Black were either dead or injured.

Seeing this, the two of them were depressed because they didn’t know if they were here to help or to add to the trouble. If they were here to help, it seemed that this girl didn’t need it at all. However, with the two of them joining in, this girl might be more restrained in her swordsmanship. Therefore, they were quite conflicted.

“First elder, guild leader Shen, you two can just watch the battle!” Leng ruoxue, who was in the middle of a battle, saw the two’s conflicted expressions from the corner of her eyes and quickly reminded them. Meteor sword technique was more suitable for group attacks, and in situations where there were no one on her side, she could use it without any scruples. Otherwise, she would have to worry about accidentally injuring them. Hence, she didn’t want anyone to help her.

“Alright!” The two of them replied, the depression in their hearts could not be described with words. Forget it! Since this little girl didn’t need anyone’s help, they would stand guard for her in case someone attacked her.

Just like that, the two of them stood by the side and observed the battle between Leng ruoxue and the Men in Black. The more they watched, the more shocked they became! This, this girl was really a monster! Her divine energy seemed to have come from nothing as she threw it out like it was her life ...

While the two of them were sighing, the roars of a Dragon and the cries of a Phoenix could be heard in the sky.

Then, two dragons and two phoenixes appeared in the air.

The two dragons and two phoenixes were huge and covered the sky. Their bodies were red and burning with purple flames. Their eyes were cold and vicious.

The four beasts had an unfriendly expression on their faces as they swooped down and surrounded the Men in Black and Leng ruoxue. Instantly, the sea of fire soared into the sky. There were a few untimely flashes of light in the flames, but they were all extinguished by the sea of fire in the end ...

After the sea of fire disappeared, the number of men in Black was less than a hundred. However, Leng ruoxue’s face was getting paler and paler. The Men in Black were staring at her with extreme vigilance, fear flashing in their eyes.

At this moment, they were truly afraid of Leng ruoxue. This woman only had the strength of a God, but her divine power was beyond imagination. Her divine skills were so powerful that it was unbelievable. F* ck! Was he still human?

Chapter 1792: Take your own life (1)

The black-robed man was bewildered. The dragon and phoenix that had been formed by the divine energy had almost scared them out of their wits. However, Leng ruoxue's current condition wasn't too good either. In order to deal with these black-robed men, she had used up too much of her divine energy, and her physical strength was also in a state of exhaustion.

Seeing her pale face, one of the men in Black forgot his fear and laughed proudly, "Ugly monster, you're so smug. You're finished this time!"

"Is that so?" Leng ruoxue's smile was so carefree that the Man in Black was filled with hatred.

However, the black-robed man's words had caused first elder and Shen nuo, who were watching the battle from the side, to be on tenterhooks. Furthermore, they had also made preparations to reinforce Leng ruoxue at any time. However, Leng ruoxue's next move shocked everyone.

She took out a small Jade bottle and poured a handful of pills into her hand. Then, without hesitation, she swallowed the pills and her pale face returned to normal.

The Men in Black widened their eyes in disbelief. He just ate a handful of pills like this? Was he still human?

How could it be so exciting? They had seen the pill that Leng ruoxue had consumed very clearly. The spiritual energy on the pill was flowing and there was even a layer of faint light. This was definitely the appearance of a high quality pill. However, Leng ruoxue had swallowed a whole bunch of high quality pills in one gulp. This ... Wasn't this just deliberately causing trouble for others?

One had to know that it was a sword! Not just one!

If there was only one, they wouldn't be surprised. After all, for powerhouses like them, who wouldn't collect a few life-saving medicinal pills? However, the other party had casually taken out a handful, which was something they could not accept. Because even if their positions were reversed, they were afraid that they would not be willing to eat so many medicinal pills at once. That was all money! Even if he sold them all, he probably wouldn't be able to get that handful of medicinal pills.

Instantly, the Men in Black looked at Leng ruoxue differently. Some of them treated her as a huge treasure vault, while others were filled with jealousy.

As for the first elder and Shen nuo who were watching the battle from the side, the two of them pretended to be calm on the surface, but in reality, they were extremely ashamed. Wu ... They had lived for so many years, but they had never eaten medicinal pills so freely before. That was a sword!

In the entire firmament, there was no other way to squander more than this. However, it seemed like one could not be jealous of such a thing. Even if Shen nuo was an Alchemist, the medicinal pills he had on hand were definitely not as rich as Leng ruoxue's. Furthermore, most of his medicinal pills were refined by others. In truth, he was very short of money.

At the thought of this, the gloominess in Shen nuo's heart could not be described with words. Sob ... They were both alchemists, but why was the difference so huge? Leng ruoxue had fish scale flowers and

Dragon's beard grass in her hands. She didn't even blink when she took them out. But what good stuff did he have? Even if there was, it would be someone else's!

Just as Shen nuo was remorseful and the first elder was filled with envy and jealousy, the group of black-robed men started their attack.

In the previous battle, they were more or less passive and had underestimated Leng ruoxue's strength. Thus, before they could even make a move, many of their men had died. However, now that they had a clear idea of Leng ruoxue's strength, they were more confident in dealing with her. Furthermore, they firmly believed that a mere deity, no matter how powerful she was, would not be a match for them when they joined forces. The painful lesson they had learned previously was because they had underestimated her.

"Brothers! Let's go, let's show this ugly monster our power!" A black-clothed man shouted.

"Good! Go!"

"This time, we'll let this ugly monster see our true strength!"

The Men in Black chimed in one after another, and his aura instantly soared. However, their self-deceiving actions made Leng ruoxue laugh.

"Hehe! Come at me together! I don't feel any pressure using you guys as practice." Leng ruoxue's smile was very devilish. However, when that smile was placed on her disguised face, it seemed out of place.

The fight just now was really satisfying. These black-robed men were like lambs waiting to be slaughtered in her hands. They had no power to fight back at all. Moreover, with the addition of her life flame divine skill, they died on contact, not even leaving behind a corpse. However, this time, she did not intend to let them die so easily.

"Brothers, let's go!" Hearing Leng ruoxue's provocation, the Men in Black were burning with rage.

With a "Swoosh", the Men in Black surrounded Leng ruoxue in a few circles. This time, they did not dare to act like before and give Leng ruoxue the chance to kill them all at once. Instead, they planned to split into a few groups and attack her separately. The first to attack would be the ten people closest to Leng ruoxue.

The ten of them each used their own techniques. The moment they made their move, it was a sure-kill move. They had no intention of giving Leng ruoxue a chance to live.

When the first elder and Shen nuo who were watching the battle saw this, their hearts were on tenterhooks. This time, they did not dare to watch the battle from the side easily. Instead, they looked for the black-clothed man who was the closest to them and started fighting.

However, even though the two of them had the strength of divine emperors, they were not good at close combat. Moreover, their battle required the assistance of external objects, such as pills or equipment. Both of them were top figures in this field. Therefore, they displayed all their advantages as soon as they started fighting with the Man in Black.

With a wave of Shen nuo's hand, countless transparent powder scattered out. Instantly, the Men in Black who were fighting with him felt half of their bodies go numb, and their bodies became weak and powerless. In the blink of an eye, a few Men in Black fell limply to the ground, their eyes filled with resentment.

"Dammit, you actually cheated! What kind of skill is it to use medicine against us? If you have the ability, then fight us with real weapons!" One of the men in Black who had fallen to the ground roared furiously, and the gaze he directed at Shen nuo was as if it was about to spew fire.

"I'm a famous Alchemist, so of course I have to use the methods of an Alchemist. How stupid would I be if I had to fight with you thugs with real knives and guns? Or am I an idiot in your eyes?" Shen nuo laughed in spite of himself, his incomparably handsome face was filled with speechlessness.

"You're right! We have to make use of our own advantages, or else we'll lose face for our class." The great elder nodded in agreement. Then, a transparent white rope appeared in his hand. The rope was a hundred meters long and only as thick as a baby's arm. It floated in the air as if it had a life of its own. As the great elder waved the rope in the air, the transparent rope soared into the sky like a White Dragon. After spinning a few times in the air, it swooped down again, a white vortex flashing in front of everyone's eyes. Then, the few Men in Black who were fighting against him were tied up tightly with transparent white ropes.

"Dammit! Quickly release us." The Man in Black who was tied up shouted angrily.

"What's wrong? Do you guys want to fight me with real weapons? I don't have the time to play with you guys." The great elder said straightforwardly. Then, several wind blades flew out from his hand.

Chapter 1793: Take your own life (2)

"Woof! Buzzzzzz! Whoosh!"

The black-robed man who was tied up by the rope did not have the time to call for help before he lost his life. Not only that, he had also dealt with Shen nuo's opponents who had been knocked down by the medicine.

"Great elder! Why did you kill my captive?!" Shen nuo said with some dissatisfaction.

"If you don't kill them, you still want to keep them?" First elder was speechless.

"I want to keep them for me to test my medicine. I've recently developed several new poisons, but I haven't had time to test their effects yet! We can use them to test it out." Shen nuo said honestly.

"Oh! There are so many Men in Black here, you can just grab as many as you want! I won't kill you this time." The great elder promised.

"Mm! Don't be too quick this time. If you want to kill them, wait until I'm done testing the medicine." Shen nuo suggested.

“No problem,” he said. “Yes!” The great elder replied. The two of them were chatting casually. However, the Man in Black who heard their conversation was so angry that he was trembling. F * ck! These two old fogeys were actually researching this kind of thing in front of them. It was really preposterous!

The black-robed men who heard their conversation were enraged, and instantly, several more people joined forces and attacked Shen nuo and first elder together ...

With Shen nuo and first elder’s interference, the number of people dealing with Leng ruoxue was reduced by nearly a third. However, this time, Leng ruoxue did not attack as swiftly as before. Instead, she was on the defensive. She wanted to see if she could withstand a portion of these people’s attacks with her current strength. However, it would be troublesome if there were too many people. After all, her current strength was limited.

At the thought of this, Leng ruoxue had a change of mind. She moved the Silver Wolf Pack out of her bangle. Their task was to pin down the Men in Black.

There were thousands of adult silver wolves in Leng ruoxue’s bracelet. However, she had only released a few hundred of them. Even so, these few hundred silver wolves were enough to cause a lot of trouble for the Men in Black.

Although these wolves did not seem as strong as the Men in Black, their numbers were more than three times their own. Therefore, when they saw these silver wolves, the Men in Black were momentarily stunned. However, their many years of training made them snap out of their daze very quickly and they stared at the silver wolves with vigilance.

When the silver wolves came out, they were all extremely excited. They had been in the bracelet for too long and because their strength was lower than the other beasts, they had not had a chance to fight. This time, although they could not enjoy themselves to the fullest, they could at least compete with these people. Moreover, master had said that as long as these people did not die, they could play however they wanted!

“Owuuu! Awooo!”

After a few excited howls, the vicious Wolf pounced on the black-clothed man with lightning speed. Instantly, the black-clothed man’s attention turned to the silver wolves.

The pressure on Leng ruoxue suddenly decreased. At this moment, there were only about ten Men in Black in front of her.

Her beautiful eyes stared at the Men in Black warily. A transparent wall of water appeared in front of Leng ruoxue, blocking the first attack of the Men in Black and reflecting it back ...

Seeing this, the Man in Black dodged at top speed!

The Man in Black who was slightly slower had a beautiful arc cut on his body by the reflected divine skill, and blood instantly gushed out!

“Dammit!” The Men in Black surrounding Leng ruoxue became even more furious, and the attacks in their hands became even more ferocious. With a few long howls, a few gigantic monsters appeared in the sky. These monsters were the size of small mountains, and their limbs were even thicker than an adult’s waist. They looked like bears, but they had long horns on their heads. Although these monsters were formed from God Power, their bodies were abnormally solid, as if they were real.

“Kill this ugly monster!” At the man’s command, a few monsters formed from godly power descended from the sky. Their fists, which were twice the size of an adult’s head, slammed fiercely into Leng ruoxue’s godly power aquarampart ...

“Swish!”

A wave of water rippled on the water wall.

The water wall was dented by the fists of the monsters, but it soon returned to normal.

Seeing this, the monsters with godly power glared at the water wall with their eyes that were spewing fire. They punched the water wall several times.

“Bang! Bang! Bang! Bang!” After a few loud sounds, a crack finally appeared on the water wall.

Then, the water wall turned into specks of Starlight and disappeared in the air.

But then, another aquarampart that was even more solid and transparent than the previous one stood in front of the divine monsters. The monsters stared at each other in a very human-like way, and as if there was a fire behind them, their fists fell on the aquarampart like raindrops.

“Bang! Bang! Bang! Bang!” The concentrated punches caused countless ripples to appear on the water wall. After the ripples passed, the water wall did not shatter like before.

“Roar!”

The monsters with divine power were furious!

Seeing that their fists were useless, they used their bodies as weapons and smashed into the wall of water ...

At this moment, Leng ruoxue could no longer be bothered to defend herself. As she gulped down pills to replenish her divine power, she continued to cast spells. Instantly, the sky changed color. Dozens of fiery-red Dragons and phoenixes appeared in the sky, baring their fangs and brandishing their claws. Half of the sky was dyed red!

All of a sudden, the surrounding temperature rose. The flowers, grass, and some of the injured monsters were directly roasted into ashes. The black-clothed men widened their eyes in disbelief. This can’t be real! This can’t be true!

There were so many Dragons and phoenixes that could not be condensed by the divine power of a deity. However, the auras of the dragons and phoenixes told them that these Dragons and phoenixes, which were emitting terrifying auras, were really condensed by divine power.

"F * ck! Young miss is playing with such a big bet?" Feng Da and the others, who were fighting the monsters, saw the dragon and phoenix suddenly appear in the sky. They all widened their eyes in surprise. They didn't know why the young lady, who had always kept a low profile, was so flamboyant this time.

The Yao family's head and the others, who were also in a daze, fell into a short daze after seeing the dragon and phoenix in the sky. The monsters fighting with them were so scared that they were trembling. The aura emitted by the dragon and phoenix made them feel the threat of death.

At the same time, the middle-aged man, who was busy dealing with the monster, also raised his head to look at the dragon and phoenix in the sky. Although he was shocked and suspicious, he still appeared calm on the surface.

"I've really underestimated that little girl." The middle-aged man sighed. It was no wonder she dared to come to the secret realm to save someone. She was actually such a monster. What was even more terrifying was that Leng ruoxue was only at the God Realm. If she was allowed to grow, even reverent-god level cultivators like them would not be her match in the future. Hence, the middle-aged man's killing intent towards Leng ruoxue grew even stronger!

That wretched girl definitely can't leave this place alive. While her strength is still weak, I must get rid of her at all costs. Otherwise, there will be endless trouble in the future.

Although the middle-aged man did not want to keep Leng ruoxue, a huge threat, alive, he was both envious and jealous of her monstrous talent. Even though he was a reverent-God, it was still very difficult for him to use his divine power to condense so many Dragons and phoenixes to assist in battle. However, Leng ruoxue's face only turned slightly pale.

Chapter 1794 Take Your Own Life (3)

What infuriated him even more was that in the blink of an eye, that wretched girl Leng ruoxue had already consumed more than a few hundred pills to replenish her divine power. This prodigal! How much would that cost? No, even if you had money, you probably wouldn't be able to buy so many medicinal pills, because the materials required to refine so many medicinal pills were unimaginable!

No words could describe his current feelings.

"You only found out now?" The evildoer who was fighting with the middle-aged man said with a faint smile. The smile on his face was so natural and proud!

"Hmph! You're a man, and your cultivation base is above that wretched girl's, but your strength is inferior to hers. Don't you feel inferior? If I were you, I'd kill myself to avoid embarrassing myself!" The middle-aged man said sarcastically.

"Are you talking about yourself or me? If I need to feel inferior, then you can just buy a piece of tofu and knock yourself to death. After all, you are a reverent-God! "But look at you, you're living a hard life. You don't have any pills or equipment. What's the point of living? You can kill yourself!" The demon suggested with a chuckle.

"I didn't expect you to be so good at talking. I've really underestimated you." The middle-aged man's face was red as he snapped. In his heart, he kept consoling himself, "don't be angry! Don't fall for this guy's trick!"

"Hehe! It's not too late to know now! Actually, I'm not only good at talking, my fists are also good. Do you want to try?" The demon grinned evilly as he clenched his fist and asked.

"Hmph! Don't talk big in front of me! You're all going to die today!" The middle-aged man said viciously. Then, a powerful wind blade flew out of his palm and headed straight for the demon.

Seeing this, the demon raised his hand and a black divine power net appeared in the air.

When the powerful wind blade reached the divine power net's sphere of influence, the divine power net quickly contracted and covered the wind blade.

The wind blades that were caught in the net crashed around, trying to cut through the divine net and escape. However, the divine net became tighter and tighter, and the range of the wind blades became smaller and smaller until they were taken in by the divine net.

The middle-aged man's eyes were filled with horror. How ... How was this possible? there were several levels of difference in strength between him and the demonic man. According to common sense, the demonic man's divine power net should not have been able to cover his wind blades. Unfortunately, things did not go as he had planned.

At this moment, he saw another scene from the corner of his eye that made him vomit blood even more.

The dozens of Dragon phoenixes that Leng ruoxue had conjured circled the sky a few times before spitting out scorching flames, burning the monsters that had already revealed their fear into ashes. As for the Men in Black who were closer to her, they were not spared from the terrifying flames as well and were immediately turned into ashes.

Feng Da and the others wisely jumped out of the battle circle early to avoid being affected by the residual flames. However, the Yao family's master and the others, who were not mentally prepared, were not so lucky. Their bodies were more or less burned to varying degrees, and this was the result of the deliberate control of the dozens of divine power Dragons and phoenixes. Otherwise, they would probably be burned to ashes like those monsters.

After the monsters were exterminated, only the middle-aged man and dozens of Men in Black were left at the scene. The dragons and phoenixes flying in the sky were still staring at them covetously. Suddenly, they felt their scalps go numb!

Leng ruoxue threw another handful of pills to replenish her divine power into her mouth. This time, the Yao family head and the rest who were lucky enough to witness it all felt their lips twitching. They were all screaming in their hearts about how wasteful they were! However, when they caught a glimpse of the dragons and phoenixes with divine power still swaggering in the sky, they all withered like frosted eggplants.

The flames burning on the dragon and phoenix were too powerful. Anyone below the divine Emperor realm would die upon contact. Hence, even though they felt sorry for Leng ruoxue's wastrel behavior, they did not dare to make a sound. In fact, they did not have the right to make a sound.

"Little girl! You rest! Leave the rest of the Men in Black to us. " Seeing that Leng ruoxue's face was still pale after taking the pill, uncle Long's heart ached for her. He knew that this little girl had gone all out this time. Her physical strength and divine power were all exhausted. Although she had the support of the pill to replenish her divine power, the amount of divine power required to form these Dragons and phoenixes was unimaginable. At the very least, he couldn't create so many of them at once.

"En!" Leng ruoxue nodded and cleared the battlefield. Feng Da and the rest swarmed forward and surrounded the Men in Black.

Feng Da and the rest cooperated well with the silver wolves. They attacked from the top and bottom and quickly annihilated all the Men in Black at the scene. At this moment, the only living person was the middle-aged man.

The demon's eyes and ears were sharp. Seeing that all the Men in Black were dead, he smiled and said, ""Your subordinates have all died, so it's your turn now. I'm good to you! I specially let you witness their deaths with your own eyes. Now, you can die in peace. "

After he finished speaking, a few rays of black divine power shot out from his palm. After drawing a beautiful arc in the air, the divine power that flickered with black light flew in the direction of the middle-aged man ...

"Puchi!"

The sound of a light blade cutting through clothes resounded out, and instantly, several wounds were cut open on the middle aged man's body, and fresh blood immediately gushed out ...

"Dammit! I won't let you off. " Seeing this, the middle-aged man hurriedly stuffed a healing pill into his mouth and roared. He raised the weapon in his hand high and slashed down at the demon.

Then, a white light flashed and the middle-aged man disappeared.

Seeing this, everyone was stunned. What was this situation? That guy actually ran away? This fact made everyone depressed.

They had so many pairs of eyes on them, yet they had still let the leader of the Men in Black escape. This was too embarrassing!

"Let's quickly chase! We can't let that guy get away!" Someone shouted angrily.

"No need to chase, we can't catch up!" The demon stopped him.

"Why not? Although he's a reverent-God, we can teleport as well. Moreover, we have a few reverent-god level cultivators on our side, so there's no reason we can't catch up to him!" Someone said in an unconvinced manner.

"The human race doesn't use teleportation. Even a reverent-God can't catch up to him." The master of the ning family said.

"If it's not teleportation, could it be a teleportation divine talisman?" Some people guessed.

Everyone was shocked.

The so-called divine teleportation talisman was a talisman that could teleport without any hindrance. Even if you were besieged by thousands of people, as long as you had one divine teleportation talisman, the other party would not be able to do anything to you. Moreover, it could teleport you to any place you wanted to go. However, the cost of the divine teleportation talisman was extremely high, and it was extremely troublesome to make it. You also had to be proficient in formations. Therefore, it was not easy for even a Supreme God to have a divine teleportation talisman that could save his life.

Therefore, they never dreamed that the person who they thought was going to die would have such a good thing. This was really a mistake! He didn't know what kind of trouble the middle-aged man would cause them after running away. They were filled with regret.

Chapter 1795 Awakens (1)

At this moment, baby and the other beasts returned.

The Men in Black who were chasing after them were still following closely behind. Seeing this, everyone's eyes immediately turned red. Since the big one ran away, he would vent his anger on these small fries.

With this thought in mind, the Men in Black had just run back here, and before they could see the situation in front of them, they were directly crushed into powder by the crowd. In just a few seconds, the Men in Black who could have escaped became the victims of the anger of the crowd, and they did not even know who killed them!

"Everyone, clean up the battlefield! So that we can leave this place!" After the Men in Black and the monsters were all dead, the head of the Yao family raised his arms and shouted. However, as soon as he said this, everyone stared at him in disbelief.

"What's wrong?" The head of the Yao family didn't understand.

,m "Yao family head, if you want to clean up the battlefield so much, then go clean it up yourself! We won't fight with you over it. " Feng Da said with a smile.

"Uh!" The head of the Yao family was a little stunned. Then, he looked around and found that the battlefield was covered in black ashes. Instantly, his old face turned red and he said embarrassedly, ""The battlefield is very clean. It seems like there's no need to clean it up." Although he said that, he wanted to vomit blood in his heart. There might be something good on these Men in Black, but it was a pity that they were all burned to ashes by that wretched girl. It was really infuriating!

He had originally thought that he could get some compensation, but now, it was all for naught. He had not gotten a single cent, and had even lost a lot of property. Several elders had died. Sob ... His heart ached!

After this battle, at least half of the Yao family's few remaining elders were killed by the monster, and the few who survived were all injured or disabled. The Yao family's losses in this trip to the mystic realm were so heavy that the Yao family's master had not expected it.

However, when he thought of the culprit of all this, that old thing from the Wen family, he made up his mind. After he left this place, he would definitely join forces to destroy the Wen family to make up for their losses!

"Everyone, go back to your rooms and have a good rest! Three days later, we'll go look for the exit of the secret plane. " At this moment, Leng ruoxue's beautiful eyes scanned the crowd's expressions as she spoke with a faint smile.

Everyone nodded and was about to walk into the house when suddenly, a weak voice entered their ears.

"Ancestor! Please save us!"

Hearing this voice, everyone looked in the direction of the voice in unison. What entered their eyes was an extremely Haggard woman. Her hair was disheveled, her clothes were in tatters, and her face was covered in blue and purple. It was almost impossible to see her human figure.

"Who are you?" Someone asked out of curiosity.

"I'm Xian 'er! Old ancestor!" Cheng Xian 'er pounced in front of the Cheng clan's old ancestor, crying like a Pear Blossom bathed in rain as she tightly hugged his thigh.

"What Xian 'er? Do I know you?" The head of the Cheng family was confused, clearly not sure of this woman's identity.

"I'm Cheng Xian 'er. You even praised me before, ancestor! Don't you remember?" Cheng Xian 'er hugged the Cheng clan's patriarch's leg and cried with a wronged expression.

"Uh!" The head of the Cheng family was a little embarrassed. He really couldn't remember. There were too many descendants of the Cheng family, and he couldn't possibly remember every one of them clearly! Moreover, he had praised many people before, so why would he remember Xian 'er?

"Oh! It's Xianer!" The head of the Cheng family said perfunctorily, his face red.

"Old ancestor, you've finally remembered me. That's great." Seeing this, Cheng Xian 'er's tears immediately turned into a smile.

I haven't really remembered! The head of the Cheng clan couldn't help but wipe the cold sweat off his forehead. However, he still maintained an amiable expression on his face and said, ""Xian er! How did you get here?"

"Ancestor! I came with my maternal family. After hearing about this secret realm, my brother and I wanted to come here to gain experience. If we encountered any opportunities, we could offer them to the ancestor, but we didn't expect this place to be so dangerous. Countless people from my maternal family died, and my brother and I almost lost our lives here. Wu ... Ancestor, you can't leave us alone!" Cheng Xian 'er's tearful voice explained the reason, causing some of the people who didn't know the truth to feel touched.

"Old man Cheng, I didn't expect you to have such a filial descendant. I really envy you!" The head of the Yao clan praised.

"What's there to be envious of?" The head of the Cheng clan was secretly angry. After all, in his opinion, old man Yao's words were clearly mocking him. As smart people, they couldn't possibly not know why Cheng Xian 'er had come here. He wasn't a three-year-old child, so how could Cheng Xian' er coax him with just a few nice words?

"Of course I'm envious. Our Yao family doesn't have such a filial descendant." The head of the Yao family said as he rolled his eyes.

"Don't worry! There will be. " The head of the Cheng clan said coldly.

"Let's go in!" At this moment, Leng ruoxue's calm voice rang out.

With that, she pulled the evildoer and walked in first, followed by the master of the ning family and the others.

After the battle just now, they were all a little tired and didn't have the mood to care about other people's gossip. Most of them quickly entered the house. Although the Cheng clan's patriarch also wanted to enter the house to rest, his leg was tightly held by Cheng Xian 'er.

"Xian er! Let go of your hand, what do you think this is?" The Cheng clan's patriarch roared in anger. He really didn't know if it was because he was too kind to the younger generation of the clan, but Cheng Xian 'er actually hugged his leg in front of so many people. This made him lose face. After all, experts like them, whether in front of clansmen or outsiders, should be unattainable, only able to watch from afar. Moreover, the Cheng clan's rules were very strict, and Cheng Xian' er's actions were considered to be overstepping.

"Ancestor!" Hearing the displeasure in the Cheng clan's head's voice, Cheng Xian 'er hurriedly let go of her hand and timidly and carefully looked at her old ancestor with tears in her eyes. In a moment of anxiety, she had actually hugged the old ancestor's thigh. If this had happened in the Cheng family, she was afraid that she would have already been punished by the clan rules. After all, the old ancestor's dignity was not to be blasphemed by the clan members.

Seeing the fear on Cheng Xian 'er's face, as well as the mist hidden in her beautiful eyes, the Cheng clan's patriarch's heart softened. It seemed that this girl had suffered a lot in the mystic realm. Although he was a little angry that she had entered the mystic realm without permission, he thought that she must have suffered a lot of fright and suffering in the mystic realm. The Cheng clan's patriarch decided to let her off for the time being and would properly punish her when he returned to the Cheng clan!

"Xian er! You've already violated the clan rules by entering the secret realm without permission!" The head of the Cheng clan said with a serious expression after some thought.

"Xian 'er knows her mistake. Xian' er is willing to accept any punishment." When Cheng Xian 'er heard these words, she hurriedly admitted her mistake. Right now, she was afraid that the old ancestor would abandon her and not care about her. Thus, her attitude of admitting her mistake was exceptionally good.

"That's good! I'll remember your mistake first. When we return to the family, I'll order the acting family head to punish you severely. " The patriarch of the Cheng clan made the final decision.

Chapter 1796 Wake Up (2)

"Thank you, forefather." Cheng Xian 'er heaved a sigh of relief. As long as the old Grand Madame was willing to protect her, it didn't matter even if she had to receive the harshest punishment. She didn't want to stay here for another day. However, what surprised her was that damned woman, Leng ruoxue, didn't expose her. This was a little out of her expectations. She had been on tenterhooks the entire time, afraid that Leng ruoxue would tell the old Grand Madame about her actions! Now, it seemed that the annoying woman was also afraid of her ancestor, she thought happily.

In fact, she was overthinking it.

The reason why Leng ruoxue didn't expose her was because she didn't take her seriously. Furthermore, Leng ruoxue was very tired and couldn't be bothered with her. Hence, she managed to escape this calamity temporarily.

After talking to Cheng Xian 'er, the head of the Cheng clan turned to look at Feng Da, who had been standing by his side the entire time, and said with a smile, ""She's a junior of the Cheng family. Do you think it's possible to let her into the house to rest? The cost will still be the same. "

The tone of the Cheng clan's head was one of negotiation. After all, this brat was Leng ruoxue's subordinate. He had to give Leng ruoxue some face. Furthermore, Leng ruoxue was the owner of this house. Now, everyone in the Cheng clan, except him, had paid for their accommodation fees. Hence, whether this junior who suddenly appeared could stay in the house would have to seek the opinion of Leng ruoxue and the others. Who asked those unfilial descendants of the Cheng clan to offend that Petty Girl? She had caused him to lose face in front of that girl. When he thought of this, he felt extremely depressed.

"Patriarch Cheng, no matter how much money you offer, we won't take in your junior. As for the reason? You should first understand what good things she has done! I'm going back to my room. If you don't want to come in, you can accompany her outside. Anyway, the monsters and the Man in Black are dead, so there's not much danger. However, even if the monsters and the Man in Black don't die, they don't have much interest in her. So, you can rest assured that she won't die. " Feng Da said coldly with a faint smile. The words he said did not hold back even though the other party was the ancestor of the Cheng family. His tone was also not very good. After he finished speaking, he went straight into the house and closed the door with a loud bang.

Looking at the tightly shut door, the veins on the head of the Cheng family's forehead throbbed. At this time, other than the Cheng family, there were only a few people who wanted to watch the show. Seeing him being treated so rudely by a junior, some people even showed a gloating smile. Needless to say, this person was undoubtedly the head of the Yao family.

"Old man Cheng, these little guys are looking down on us seniors more and more. That girl surnamed Leng is like this, and her subordinates are actually following suit. We're losing our status in the divine realm!" The head of the Yao family said resentfully. However, anyone with eyes could tell that he was trying to stir up trouble. Therefore, everyone present remained silent to avoid getting into trouble.

"Don't compare me to you. " The head of the Cheng clan said unhappily. Although he was a little angry that these little fellows didn't give him face, he wouldn't collude with the damned Yao family. After all, they weren't on the same side, and he could still distinguish between the inside and outside.

"Alright then! I originally wanted to help you, but now you have to solve this problem yourself!" After saying that, the head of the Yao family led the remaining members of the Yao family into the great elder's house.

As soon as the Yao family left, the onlookers didn't dare to stay here any longer. They all went into the house, and in the blink of an eye, only the Cheng family was left outside the house.

"Ancestor, what do we do now?" An elder of the Cheng clan glanced at Cheng Xian 'er and couldn't help but ask. In fact, he was also tired and wanted to return to his room to rest. However, the old ancestor was still outside, so none of them could return to their rooms to rest.

"Cheng Xian 'er, what have you done to anger that little girl Xue' er?" Without responding to the elder, the Cheng clan head directly asked about Cheng Xian 'er.

"Old, old ancestor, I didn't do anything." Cheng Xian 'er lowered her head and forced herself to calm down. Her heart was so nervous that she was breaking out in cold sweat. What she was afraid of really happened! Although that damned woman didn't expose her, her subordinate sold her out. Damn it! She hated Feng Da in her heart and wanted to cut him into pieces.

"If I didn't do anything, would people say that?" The master of the Cheng family scowled, his eyes narrowed in displeasure.

"It's ... It's because she didn't save me and almost killed me. That's why we turned against each other. Furthermore, she also caused my brother's dantian to be crippled. Now, my brother is already a cripple, Wu ..." Cheng Xian 'er made a point out of context. She specifically picked out the main points she felt, but she did not mention the cause of the matter. As soon as her words left her mouth, a portion of the Cheng clan elders who heard this became angry.

"How could Leng ruoxue be like this? They really went too far! Do you think our Cheng family is easy to bully?"

"Where is your brother now? Are you still alive?"

"Old Grand Madame, we must get Leng ruoxue to give us an explanation for this matter. Otherwise, our Cheng clan will not let this matter rest!"

Some of the Cheng clan elders who were filled with righteous indignation spoke one after another in anger. Almost everyone's faces were flushed red, and their bodies were trembling with anger.

"All of you shut up! I will investigate this matter. As for Xian 'er, she can stay outside for the time being!" Hearing their discussion, the Cheng clan's clan head said somewhat unhappily. These elders had truly disappointed him. How could they believe Cheng Xian 'er's one-sided words? However, he was very clear that the reason why they were so angry was mostly because of the previous incident. As for how much they felt for Cheng Xian 'er and her sister, only they themselves knew.

Since the Cheng clan's ancestor had spoken, the elders of the Cheng clan naturally became well-behaved, and Cheng Xian 'er didn't dare to have any objections. Otherwise, if she angered the ancestor, she wouldn't have the chance to turn things around.

After the head of the Cheng clan led the clan elders into the house, he didn't immediately return to his room. Instead, he went to find the great elder.

In the great elder's room, the great elder sat on a chair and looked at his old friend sitting opposite him with a smile. He didn't say a word and just sipped his tea.

After a long while.

The head of the Cheng family couldn't help but speak.

"Old man, go and ask that little girl Xue 'er what exactly happened. What did Cheng Xian' er do to anger her?" The head of the Cheng clan said gloomily. He had originally wanted to wait for the great elder to ask him what he wanted before explaining his intentions. However, who knew that the cunning old fox would not fall for it at all?

"Do you still need to ask? It must be that Xian 'er of your family who did something she shouldn't have done. Otherwise, that little girl Xue' er wouldn't treat her like this. " The first elder said in a protective manner.

After being with Leng ruoxue for so long, he understood that girl quite well. Although he knew that she was a little cold, she had helped so many people. Even if it was for the sake of old man Cheng, she couldn't ignore the life and death of the Cheng family. Moreover, Cheng Xuan had always been with Xue 'er, so it was even more impossible for him to ignore the Cheng family. Therefore, he didn't need to ask to guess that Cheng Xian' er must have done something that angered the heavens and the people. He naturally wouldn't make an unnecessary move to ask about such a thing!

Chapter 1797 Awakens (3)

"That might not be the case!" The head of the Cheng family quibbled. However, he didn't even have the confidence to say these words. After he finished speaking, he even lowered his head, not knowing what he was thinking.

"Old Cheng! In fact, you don't need to ask Xue 'er about this. Your Cheng Xuan has always been with her, so it's best if you ask him. He's a member of the Cheng family, so his words are more trustworthy than outsiders. The elders of the Cheng family will believe him more, so you can just ask him. " First elder warned.

"Al! That makes sense, how could I have forgotten about him?" The head of the Cheng family sighed, his heart full of depression. Why were the younger generation of the Cheng family so troublesome? His hair was turning white from worry!

The next day.

Early in the morning, he had gone to find Cheng Xuan to understand the situation. After returning, he shut himself in his room without a word. When the elders of the Cheng family saw this, they suddenly panicked.

What's wrong with the master? They had never seen the master of the Cheng family like this, and this made them extremely uneasy. Just as they were feeling uneasy, the master of the Cheng family finally summoned them ...

Time passed.

Three days passed by in a flash. During these three days, Leng ruoxue had stayed in the bracelet and absorbed the spiritual Qi in the spatial zone as if she was hungry. As time sped up and she absorbed day and night, the exhausted divine power in her body was finally filled up. Furthermore, she had even improved slightly because she could feel the barrier to a breakthrough. After leaving this place, she would be able to officially advance.

When she came out of the bracelet and went to the yard, Feng Da and the others were already waiting for her in the garden. Seeing that her face had recovered and she was full of energy, everyone's hearts were at ease.

"Miss! You've finally come out." Grape stepped forward and said with a worried look.

"Mm, let's go!" Leng ruoxue smiled and nodded.

Everyone walked out of the house, and the great elder and the others were already waiting outside. Standing with them were Cheng Xian 'er and Cheng Yi, but the siblings' faces were not very good, and they seemed even paler and more Haggard than before.

"Godfather, first elder, let's go!" Leng ruoxue said with a smile.

"Alright!" Master ning nodded. They had been prepared.

"Xue 'er, bring these two unfilial descendants of the Cheng family! I'll punish them severely when we get back to the Cheng family." At this moment, the head of the Cheng family said shyly.

"If the Cheng family head wants to take them, then take them! However, their lives have nothing to do with me! Also, don't cause me any trouble." Leng ruoxue said emotionlessly.

"Don't worry! I'll keep an eye on them." The head of the Cheng clan promised. Since they were clansmen of the Cheng clan, he couldn't let them die Here. Even if they died, they had to die in the clan! This was the main reason why he wanted to bring this pair of brother and sister.

Listening to their conversation, Cheng Xian 'er's heart was filled with hatred. Of course, her hatred for Leng ruoxue had seeped deep into her bones. After all, if it wasn't for Leng ruoxue, she wouldn't have ended up in this state. Now that her maternal family treated her as an enemy, it seemed like the old ancestor wouldn't let her off either. The main culprit of all this was this damned woman in front of her!

Not only did this hateful woman cause her to be abandoned by her friends and family, but she also made the Monsters and Men in Black here dislike her. As long as she thought about how she and her brother had been teased and frightened by those Monsters and Men in Black during this period of time, the hatred in her heart deepened. Her lowered eyes were filled with killing intent, but because she kept her head down, no one noticed her thoughts.

"Let's go! Let's go to the bottom of the valley. " After she finished speaking, Leng ruoxue pulled the demon and walked down. The ones who led them were naturally baby and a few other little beasts who were familiar with the way.

Even though the middle-aged man had said that no one else could bring them out of this place, Leng ruoxue did not believe that! In her opinion, since she could enter, she would definitely be able to leave. It would be best if there was a path. If there was no path, she would create a path. In short, she would definitely not be trapped here.

Initially, she had planned to let her Godfather and the others capture the middle-aged man and force him to send them out of this place. Who knew that he would escape? as for those Men in Black, she had asked Qing Jue to read their minds. They really did not know where the exit was. In this case, they had to find the exit themselves.

After searching the valley for a long time with treasure and the other small beasts, they finally arrived at a secret chamber at the bottom of the valley. Everyone looked around the secret chamber and fixed their eyes on the blood cherry blossom in the blood pool.

At this moment, the blood cherry blossoms seemed to have bloomed even more brilliantly.

The huge flower was almost twice as big as before, and it was emitting a faint fragrance.

Just as everyone was in doubt, someone fainted.

"Cheng Biao, what's wrong? Quickly wake up!" After Cheng Biao fainted, an elder of the Cheng clan beside him quickly patted his face and said.

"Don't touch him! He's been poisoned. " At this time, Shen nuo came to Cheng Biao's side and carefully examined him.

"How could he be poisoned?" Everyone's faces were filled with question marks, and panic flashed through their eyes.

"She must have done it! She doesn't want to take you guys out of here!" All of a sudden, an extremely sharp voice rang out. Everyone looked in the direction of the voice and saw Cheng Xian 'er pointing at Leng ruoxue with an angry expression.

"Cheng Xian 'er! You shut up!" When the head of the Cheng clan heard Cheng Xian 'er's words, his head began to throb. Furthermore, he could clearly feel a few unfriendly gazes. He didn't need to think to know who they were. If he allowed Cheng Xian 'er to continue her nonsense, his old friends would definitely fall out with him! Ai! He was starting to regret bringing Cheng Xian 'er along!

"Ancestor! I'm just telling the truth!" Cheng Xian 'er said in a soft voice, her face full of grievance.

"You shut up! One more word and I'll kick you out of the Cheng family. " The head of the Cheng clan warned.

Cheng Xian 'er didn't dare to speak.

"Miss Cheng, you said that this matter was done by miss Leng. Do you have any evidence?" At this time, the head of the Yao family asked, wishing for the world to be in chaos.

"She's talking nonsense, and you believe her?" Without giving Cheng Xian 'er a chance to speak, the head of the Cheng clan hurriedly said.

"There's no smoke without fire. I think miss Cheng must have evidence. Otherwise, she wouldn't be so sure." The Yao clan's patriarch said with a faint smile. At this moment, everyone else was also staring at Cheng Xian 'er. Seeing so many expectant gazes, Cheng Xian 'er felt much more confident.

"That's right! What I said is completely based on facts!" Cheng Xian 'er gathered her courage and confidently declared. She was going all out!

"Oh! Then, miss Cheng, please tell us!" The head of the Yao family guided.

"This woman's heart is black! Moreover, she only recognizes money. She took so much money from you and said that she wanted to take you out, but now that she saw you help her kill the monsters and black robed men in this secret realm, she felt that you have no value and didn't want to take you out anymore. However, breaking the contract would offend you, so she wanted to keep all of you here. That's why she poisoned you." Cheng Xian 'er made a solemn vow. As she spoke, she was so excited that she was dancing with joy. However, her words were laughable in the ears of Feng Da and the others. However, in the ears of those who were more observant, they seemed to make sense.

"Miss Leng, it turns out that you want to kill us and steal our money. You, you are actually this kind of person. We have really misjudged you." An elder of the Yao family roared with a red face and a thick neck. Hearing his words, most people looked at him as if he was an idiot.

"Idiot!" Leng ruoxue spat out the two words coldly and turned her head to focus on the flower.

"W-who are you talking about?" When the Yao family elder heard these two words, he jumped up three times and questioned loudly.

"Of course I'm talking to you! My young miss saved you, and it's fine if you're not grateful since you paid for it, but you're actually listening to this brainless woman's nonsense? have your heads been kicked by a donkey?"

"Can that woman's words be trusted? Killing you guys and taking your money? you have the nerve to say that? we are too embarrassed to listen to that. How many of you don't know how many IOUs you have? If we kill you, we'll get a pile of white notes. Who can we ask for them from? Grow some brains, will you? Don't just jump to conclusions, you're also a respected figure in the immortal realm! Aren't you afraid of being laughed at if this gets out?"

"Also, please understand one thing. You didn't help my miss kill those Monsters and Men in Black. It was my miss who saved you. Otherwise, with your abilities, you can only sit here and wait for death! "You bastard!" What you don't understand, I really don't know how you became an elder of the Yao family! Old man Yao, your foresight needs to be strengthened! Also, don't forget that you're still in the room! If you want to fall out with us now, it won't do you any good!" Feng DA's sharp tongue and eloquence made those who had some thoughts shut up immediately.

"Then, then what about Cheng Biao being poisoned? You have to give us an explanation!" The elder of the Yao family stammered. Although the other party's strength wasn't high, his aura was too strong. He was a little frightened.

"What a joke! Why do you want us to give you an explanation? We didn't poison him!" Feng Da sneered. He was really speechless and didn't know what to say about the whimsical thinking of this elder of the Yao family! How could there be such a stupid person in this world? It was really strange!

"Don't quarrel! Cheng Biao was poisoned by the flower poison! "Miss Leng, the pill in your hand ..." Shen nuo looked at Leng ruoxue, and did not finish her sentence. Furthermore, he did not dare to say the name of the fish scale pill, afraid that someone would have ill intentions after seeing the pill.

"I'm only selling!" Leng ruoxue's cherry lips parted slightly as she spat out a few words. Then, her beautiful eyes turned to the blood cherry blossom in the blood pool.

"En!" Shen nuo nodded, then smiled at the Cheng family's head. "Patriarch Cheng, the pill to save Cheng Biao is the same price as the healing pill I sold you before. If he doesn't need it, he can only live for three months at most!"

"Buy it!" The head of the Cheng clan nodded. If it could be sold at the same price as the healing pill, then the pill that had saved Cheng Biao was definitely not an ordinary one. Although it was a bit expensive, at this time, every elder in the clan was extremely precious. As a result, he could only pay a large price. Moreover, Cheng Xian'er, that brainless girl, had said those words before, so he didn't have the face to ask Xue'er for a friendship price. Now, he was really remorseful!

Then, the two sides made a deal.

After Shen nuo took the fish scale pill from Leng ruoxue's hands, she directly stuffed it into Cheng Biao's mouth. After a while, Cheng Biao woke up.

"What's wrong with me?" Cheng Biao, who had just woken up, looked confused. It was as if he had a dream, and in his dream, the flowers were exactly the same as the ones in the blood pool.

"You've been poisoned!" Shen nuo said. Then, he reminded, "Everyone, stay away from the blood pool. The flower is poisonous!"

Hearing Shen nuo's words, everyone subconsciously took a large step back, and stared at the huge flower in the blood pool with vigilance.

"Hahaha! Roar! Roar! Hehe!" Suddenly, a smug, sinister, and fearful laugh came from the secret chamber. Everyone's hair stood on end upon hearing it. Those who were more timid had their hair stand on end and their faces turned deathly pale!

At the same time, two tentacles as thick as a baby's arm stretched out from the huge flower core. The head of the tentacles had a suction cup with two rows of sharp teeth, and there seemed to be blood flowing in the tentacles.

In an instant! The tentacle moved at lightning speed, making 'pa pa' sounds as it waved and attacked everyone. Everyone hurriedly retreated, and the two tentacles followed them like shadows ...

Chapter 1798 Obliterated (1)

When everyone saw this, they hurriedly fled in all directions.

However, the two tentacles were still chasing them. The atmosphere became tense!

Never in his wildest dreams would Cheng Yi have thought that he would die at the hands of his beloved sister, instead of being killed by those Monsters and Men in Black.

When everyone saw this scene, their gazes towards Cheng Xian 'er became filled with contempt. Originally, in their eyes, Cheng Xian' er was just a bit annoying, but she was still a member of the Cheng family. Before the Cheng family's patriarch announced her expulsion from the Cheng family, they had to give the Cheng family some face. But now, they didn't think so.

This woman was too terrifying. In order to survive, she actually used her own brother as a scapegoat. This wasn't as simple as having an annoying personality. This was completely a matter of human character.

At a time like this, everyone was on the same boat. They should be working together to deal with this Demonic Flower. However, while they were focused on dealing with the blood cherry blossom, they also had to worry about someone plotting behind their backs. How could they allow such a situation?

In an instant, everyone made up their minds. This time, they definitely wouldn't give the Cheng clan any face. Even if the Cheng clan's clan head appeared, it wouldn't be of much use. They definitely didn't want a companion like this who schemed behind people's backs. "Miss Cheng, you're too vicious! How could he treat his own brother like this?"

The person who spoke had a look of disgust on his face, and his words resonated with even more people. Everyone began to criticize Cheng Xian 'er.

"Is this woman still human? She had framed miss Leng just now, and now she had killed her own brother. Oh my God! How could she do such a thing?"

"Who knew? she looks so soft and weak on the outside, so she's actually this kind of person!"

Everyone was talking at the same time, and Cheng Xian 'er's face turned red and white before quickly turning black.

In fact, Cheng Xian 'er was also afraid. But at that moment, she had no choice but to do that. If her brother hadn't blocked that attack, she would have been the one to die.

Her brother's dantian had been destroyed, and he had lost all his cultivation. He was a cripple to begin with. Even if he managed to survive, he would still suffer. Therefore, she did not feel that there was anything wrong with her actions. At least in her opinion, her brother's sacrifice was worth it. Her brother should think the same, right? However, these people in front of her did not understand her. Moreover, no matter who she wanted to hide from and seek protection from, that person would escape from her as if they were avoiding the plague. This fact made her extremely angry. However, what made her even angrier was that not only did these people not understand her thoughts, but they also blamed her together! Sob ... What did she do wrong?

"I, I ..." Cheng Xian 'er really wanted to loudly rebut the crowd's discussion. However, when the words reached her mouth, she was somewhat speechless. These people didn't understand her at all, which made her feel very depressed. At this moment, the tentacle quickly flew towards her again, scaring her so much that she hurriedly collected her thoughts and ran for her life in all directions.

Cheng Xian 'er always ran to places with many people, but no matter where she went, everyone would run three meters away from her. Even if she wanted to catch someone to die with, she couldn't find a suitable person.

Other than Leng ruoxue and the rest, everyone else present was more powerful than her. They would not be so foolish as to stand there and let her use them. After thinking it through, she set her eyes on Feng Da and the rest.

However, Feng Da and the others were not that easy to make use of.

After seeing Cheng Xian 'er's eyes darting around, Feng Da and the others knew that someone was trying to get their hands on them.

They looked at each other, and Feng Da and the others quietly hid a sharp dagger in their sleeves. If Cheng Xian 'er dared to come forward, they would definitely make her come here and never return.

Cheng Xian 'er did have the intention of sneaking to their side. However, she was caught by the tentacle halfway. In a moment of desperation, she dodged and ran towards Leng ruoxue, who was some distance away.

Chapter 1799 Obliterated (2)

"Help!" Cheng Xian 'er shouted as she ran.

Hmph! Even if she were to die, she would drag someone down with her. She would not let that damned woman live well.

The crowd looked in the direction she ran and suddenly understood. They looked at her with even more disdain.

"Xue 'er! Be careful!" The demon warned loudly. At this moment, he was entangled by a tentacle and could not save Leng ruoxue in time. As for master ning and the others, they were too far away to do anything.

When Leng ruoxue heard his reminder, she gave him a comforting look and stood on the spot, not having any intention of running away.

In just a few seconds, Cheng Xian 'er and the tentacle were within reach.

Cheng Xian 'er looked at the unmoving Leng ruoxue, and a sense of pride flashed in her heart. Hmph! Are you scared silly? If I die, don't even think about running away! As she thought of this, she approached Leng ruoxue even faster.

However, when she was only a meter away from Leng ruoxue, Leng ruoxue suddenly disappeared.

Immediately, Cheng Xian 'er was dumbfounded.

Where was he? Where did that damn woman go? Cheng Xian 'er was stunned. Just as she was lost in her thoughts, the tentacle that was chasing her wrapped around her waist and rolled her into the air. The suction cups on the head of the tentacle pierced into her body, and in an instant, Cheng Xian 'er lost her life. She didn't even have time to cry for help.

When everyone saw this scene, no one sympathized with her, let alone save her. Moreover, they could not save her.

"This is retribution, isn't it?" Feng Daliang said.

"That's right! People with evil intentions will die faster than others!" Lin Yuan agreed. The two of them echoed each other's words and added insult to injury, making some people gnash their teeth in anger. Unfortunately, no one dared to refute these words. Otherwise, wouldn't it be true that they had evil intentions?

Disdainfully throwing the sucked dry Cheng Xian 'er to the side, the blood cherry Blossom's tentacle once again stared at Feng Da and Lin Yuan. These two were the two food it had its eyes on the first time, and it was about to taste them.

"Ah!" Suddenly, a sharp cry rang out in everyone's ears. Everyone's eyes widened as they discovered that someone had actually cut off one of the blood cherry Blossom's tentacles. This brave person was none other than the demon.

Half of the tentacle that had been cut in half fell to the ground and twitched continuously. A pool of red and stinky blood sprayed on the ground, burning a black mark on the ground. The owner of the tentacle, the blood cherry blossom, was furious!

"Damned human! If you dare to hurt me, I won't let you off. " The blood cherry Blossom's furious roar resounded within the secret chamber, reverberating in everyone's ears.

"Oh, really? That's good, we won't let you off. " Leng ruoxue's calm voice rang out as she appeared beside the evildoer.

"You can all die!" The blood cherry blossom roared in anger. The tentacles that were originally extending towards Feng Da and Lin Yuan changed their direction and headed towards Leng ruoxue and the demon.

Just as the blood cherry blossom was about to attack Leng ruoxue and the demon, uncle long and master ning ran towards the huge blood cherry blossom in the blood pool.

In an instant, a sword and a steel fork stabbed towards the blood cherry blossom ...

Bang! The huge blood cherry blossom pattern did not move at all, and not a single mark was left on the delicate petals. The two of them immediately felt a little depressed.

How could this broken flower be so sturdy? They had used at least 30% of their strength, but they had not even cut off a single petal. This fact made them feel extremely flustered.

However, this struggle only lasted for a few seconds. Immediately after, the two of them attacked together and used all their strength to stab at the blood cherry blossom ...

"Aowu ... Ah!" A cry of pain rang out as the sturdy blood cherry blossom petals fell one after another. The blood in the pool of blood seemed to have become even redder. The blood cherry blossom shook its remaining petals and launched an angry counterattack!

Not even in its dreams did it think that someone could actually hurt its petals. This fact made it feel ashamed and resentful, so it was angry. The consequences were very serious.

Master ning and uncle long, who had finally cut off more than half of the blood cherry Blossom's petals, smiled proudly. Then, they brandished their weapons and attacked the blood cherry blossom. However, the blood cherry blossom was prepared and didn't intend to give them any chance to hurt it.

The Furious blood cherry blossom once again extended countless tentacles from its heart. However, this time, its tentacles were not as thick as the previous two. This time, the tentacles were only as thick as a baby's finger, and the suction cups were pitifully small. However, there were many of them. The moment the tentacles extended, they waved at everyone present ...

Looking at the tiny tentacle in front of their eyes, uncle long and the master of the ning family couldn't help but laugh and sneer, "I say, blood sucking flower, what are you doing? Can such a small thing take our lives?" The two of them were very curious.

"Hmph! You ignorant humans, you'll know once you try. " Blood cherry snorted coldly, her tone carrying a hint of iciness.

"It's a pity I don't want to try!" Uncle long and master ning said at the same time. Then, they slashed at the tentacle in front of them. However, this time, the tentacle sensed their thoughts and retreated. Seeing this, the two of them used all their strength and filled their weapons with divine power. They slashed at the remaining petals of the blood cherry blossom again.

As they attacked, the remaining petals of the blood cherry blossom left the flower and fell into the blood pool. Immediately, another cry of pain rang out in the secret chamber!

"Argh! "Ah!" "Ah!" Despicable humans! You're all dead!" The blood Sakura roared, and the blood in the blood pool began to churn like rivers and seas. Hot red bubbles began to bubble violently. It wrapped around the withered blood cherry blossom, and its tentacles also retracted back into the pistil.

Everyone looked confused and confused.

What was he playing at? Was the blood cherry blossom trying to harm herself? While everyone was puzzled, they did not forget to stare at the blood cherry blossom vigilantly. Soon after, they understood the blood cherry Blossom's intention. It turned out that the flower was healing its injured body.

"Xue 'er, quickly set fire to it! We can't let it be as good as it was before. " The master of the ning family ordered.

"En!" Leng ruoxue nodded her head. Following that, a small red flame with a tinge of purple appeared on her fingertip. With a gentle flick, the flame jumped onto the blood cherry blossoms that were wrapped in the blood. In an instant, a sea of fire was set ablaze, and the painful cries from the sea of fire rang out in everyone's ears.

"Argh! "Ah!" "Ah!" Humans! You'll regret it if you kill me!" The blood cherry blossom roared furiously. However, at this moment, no one paid any attention to its words. If it did not die, they would be the ones to die. Their lives were more important. Who could think about whether they would regret it or not? Moreover, even if he regretted it, that would be a matter for the future. There would always be a way out when the car came to the mountain. It was useless to think about those things now.

Chapter 1800 Annihilated (3)

At this moment, everyone's hearts were in one.

After a long time.

The cries of pain in the flames grew weaker and weaker until they disappeared. The blood in the blood pool was also burned to ashes by the fire. After the Natal flames were retracted, everything in the blood pool was revealed to everyone.

The blood pool that was originally made of white jade was now pitch-black and in a mess. The huge blood cherry blossoms and the stinky blood had also turned to ashes. Seeing this, everyone's suspended hearts finally relaxed.

Although the situation just now was a bit critical, other than Cheng Xian 'er and Cheng Yi who had died, everyone else had been frightened but not in danger. However, the experience just now had made them break out in cold sweat. Now that they thought about it, they still felt a lingering fear!

"The flower is dead. We're safe. Let's look for the exit now!" Seeing the tension in the crowd, the master of the ning family reminded.

However, as soon as he finished speaking, everyone saw the White jade blood pool disappear before their eyes.

In its place was a teleportation gate that was shining with white light.

Everyone looked at the teleportation gate in front of them, dumbfounded, and puzzled.

How did this happen? Master ning had just told them to find the exit, and this teleportation gate had actually appeared. This was really strange. Could this be the exit? Everyone was bewildered, and they couldn't help but look at each other.

"Master ning, I don't know if this portal is dangerous. Do you think we should go in and take a look?" The head of the Yao family asked after a long while.

"What do you mean by me? This isn't my business alone. If everyone has no objections, let's go in and take a look. Maybe it's the exit." The master of the ning family glanced at the master of the Yao family and said indifferently.

"Master ning is right. This is our business. It's not up to us to decide. Whether we go in or not depends on everyone's opinion. If everyone agrees, then we'll go in and have a look. As the saying goes, 'without entering the Tiger's cave, there's no Tiger's child.' If we don't verify it ourselves, we'll never know what's on the other side of the portal. This portal might be the exit." Uncle long agreed.

"What if there's danger?" An elder of the Yao family couldn't help but ask when he received a look from his family head.

"Cultivation is dangerous. Why are you still cultivating?" Leng ruoxue laughed coldly and asked with a mocking expression.

"I ..." The Yao family's elder choked on his words until his face turned red. Other than glaring at Leng ruoxue, he could not even form a complete sentence. Who asked him to be a little afraid of this wretched girl!

"Miss Leng, you promised to bring us out of here safely." At this time, someone reminded.

"That's right. I wonder what you want me to do? Would you believe me if I told you that this teleportation gate is the exit of this secret plane?" Leng ruoxue said with a half-smile.

"We ... How can we believe you so easily? unless you can prove it." The man thought for a while and gathered his courage.

"How do you want me to prove it?" Leng ruoxue smiled faintly, but it didn't reach her eyes. To be honest, these people were always afraid of death at critical moments, which made her a little disgusted. However, since she had promised to take them away, she naturally wouldn't go back on her word.

"Go in and see if it's the exit. If it's really the exit, we'll leave with you." The man shamelessly suggested.

"What if it's really an exit and I can't come in after I get out? At that time, don't blame me for not keeping my promise. " Leng ruoxue reminded him calmly.

"This ..." Leng ruoxue's words left that person speechless. The crowd was also in a dilemma.

The atmosphere instantly fell silent.

"Miss! Let's just go in directly. As for these cowards, let them stay here!" After a long while, when he saw that no one had any reaction, Feng Da couldn't help but shout. His words almost caused everyone to be angry!

"How can I do that? How can you leave us here?"

"It is! You're really too shameless. You took our money, but you don't care if we live or die!"

The crowd criticized, and the Yao family was the representative.

"Since when did we not care about your life and death? Please be clear, it's you who are as timid as mice and don't dare to go out through this portal. We didn't want to leave you here. " Feng Da laughed and thought to himself, there are really a lot of top-grade guys in this world! Why didn't the flower just eat them? He thought to himself with some evil intentions, his heart full of regret.

"That's right! I'll give you two choices now. One is to leave with me, and the other is to stay here. " Leng ruoxue chuckled. She didn't want to waste any more time with a certain someone.

"Those who want to leave with me, stand on my side. Those who don't want to leave, just stand on the Yao family head's side." Leng ruoxue looked at the situation and added.

However, her addition made the head of the Yao family extremely angry.

F * ck! Why were those who didn't want to go out on his side? He also wanted to leave, okay? However, his thoughts were the same as those who wanted Leng ruoxue to verify it first. It could also be said that he was the one who incited it. He wanted to leave, but he cherished his life. Hence, he hoped that Leng ruoxue would be the lab rat for this experiment. However, Leng ruoxue clearly did not fall for his trick.

The moment Leng ruoxue finished speaking, Feng Da, Lin Yuan, the ning family head, uncle long, the Cheng family head, and the beasts from the endless ocean all automatically stood by Leng ruoxue's side. Those who didn't move, on the other hand, stood with the Yao family head, forming two distinct camps.

"Yao family head, you guys take care, we'll be leaving first." Seeing this, Leng ruoxue smiled and said. After she finished speaking, she turned around and led the group into the teleportation gate.

"Wait!" Leng ruoxue had just taken one step in when she was stopped by the Yao clan's clan leader. He continued, "We'll go with you. "

The Yao family head wasn't stupid. If Leng ruoxue and the rest left, they wouldn't have any advantage if they stayed here alone. If another group of men in Black and monsters came, they wouldn't be able to deal with them alone. Hence, even though they couldn't confirm what was on the other side of the teleportation gate, they could look out for each other if there was danger. It was better than being in the dark.

Actually, everyone understood this logic. However, some of those who were hoping for a fluke were still hesitant. However, when they saw that Leng ruoxue and the rest were really preparing to leave, they became anxious.

"Mm! We will leave with you. " Someone quickly chimed in.

"You guys better think carefully. The other side of the portal might not be the exit." Leng ruoxue reminded him again.

"It doesn't matter! Without entering the tiger's lair, how can one obtain the Tiger's child?" Uncle Long's words were being used by them.

"Then let's go!" The corners of Leng ruoxue's mouth twitched. Then, she stepped into the teleportation gate, and the rest followed closely behind.

With a flash of white light, they appeared in a forest.

All they could see were tall, towering trees. The dense leaves blocked the scorching sun, and the place they were at was exceptionally cool.

"Where is this place? Are we out?" The crowd was puzzled and uncertain.

"Don't worry! We've already come out. " Leng ruoxue said softly. Green vessel had confirmed that they had already left the secret realm. As for this forest, it was a nameless forest in the divinity. There were many forests like this in the divinity.

"The endless sea is north of here. We can split up now." Leng ruoxue continued.

"Miss Leng, let's go together! We'll separate when we reach the city. " Someone said worriedly. There were many forests in the divine realm, so they couldn't tell where they were at the moment. Naturally, they didn't dare to travel alone, for fear of encountering danger.

"Do as you please!" Leng ruoxue understood and ignored them after she finished speaking. She summoned the little Peacock and called for the demon child and the rest to sit on its back. Seeing this, everyone summoned their flying beasts and prepared to leave.

On the way, Leng ruoxue and the rest headed straight for the ning clan's God domain. The Cheng clan, Yin clan, Shen nuo, and the great elder brought their own family members and left one after another.

Shou Shou from the endless ocean also returned to his lair in the endless ocean after bidding farewell to uncle long. As for the worried Yao clan head and the rest, they flew slowly behind them.

"Miss! They've been following us." Feng Da was a little angry. Were these people done?

"If they want to follow, then let them! They're afraid that I'm lying to them." Leng ruoxue said.

"Hahaha! Xue 'er, don't worry! When we reach the city, they will confirm it and stop following us." The head of the ning family promised, and as he had expected, the moment they arrived in the city, the head of the Yao family no longer followed them.

Without anyone tailing them, Leng ruoxue and the rest flew straight for the ning family's divine territory in a good mood.

When they arrived at the ning family's main residence, Leng ruoxue did not exchange pleasantries with anyone. She greeted her Godfather directly and entered the house to cultivate in seclusion.

In the main hall of the ning family's residence.

The ning family, led by the second elder, were all moved to tears after seeing their ancestor, unable to speak.

After a long time, the second elder finally said, ""Old ancestor, you're finally back."

"Yes, you've worked hard these days." The master of the ning family glanced at the second elder and the others and said with satisfaction. After not seeing them for so long, the aura of the second elder and the others seemed to be more vigorous. Moreover, they had also changed a lot. This kind of change was what he wanted to see.

"It's not hard on us, this is what we should do." The second elder didn't dare to claim credit for himself. Compared to before, he was much more modest.

"Hahaha! Second brother! I'm very pleased to see you like this." The master of the ning family said happily.

"Uh!" Hearing this, the second elder was depressed. Wu ... Could he not call him second brother?
