

Crazy Wife 181

Chapter 181: Freak Revealing His Might (1)

Hmph! I'll deal with these people later. As for this unbelievably beautiful woman, I'll leave her to warm my bed. I'll let her know the consequences of provoking me.

"Leng Ruoxue!" Leng Ruoxue's clear voice sounded in the dark night. When she told him her name, she successfully saw the change in Xu Qian's expression just as she wished.

"So you are Leng Ruoxue," Xu Qian said calmly on the surface, but he was surprised on the inside. He had long heard that Leng Ruoxue was a stunning beauty. And seeing her today, it was indeed true.

But what surprised him even more was that Leng Ruoxue actually came knocking on his door. *Were my plans with the Shui and Ye Families exposed? No, that's impossible. We carried out this matter very secretly, and the Shui and Ye families would definitely not betray me. Then, what is the source of Leng Ruoxue's information?*

Xu Qian kept thinking about it as his gloomy eyes examined the people around Leng Ruoxue. He didn't recognize any of them, and even Leng Qingtian was not among them. He was immediately relieved.

"Are you Xu Qian?" Leng Ruoxue addressed him directly by name.

"How dare you call the patriarch by his name!" a dog beside Xu Qian barked first before he could say anything.

"Impudent! How can you be so rude to Miss Leng?" Xu Qian's eyes widened as he scolded the dog beside him. With Leng Ruoxue's status, it was a pity to be just a bed-warming beauty, so he immediately changed his mind and started treating her with respect.

"Miss Leng, I am Xu Qian. Sorry for being rude." After reprimanding his subordinate, Xu Qian immediately turned his head with a big smile on his face and spoke to Leng Ruoxue amiably, giving her enough face.

"Since Acting Patriarch Xu is so polite, I am embarrassed to make the first move. Why don't you make the first move?" Leng Ruoxue said softly. Her beautiful smile hung on her drop-dead gorgeous face, and the Xu family members opposite instantly fell into a daze...

"I have always been polite. What is the meaning of this, Miss Leng?" After a long while, Xu Qian returned to his senses and spoke with displeasure. But the amazement in his eyes was obvious, and he didn't hide it at all.

"Didn't Acting Patriarch Xu want to get rid of me? I've knocking on your door now," Leng Ruoxue explained very kindly. She was such a kind child! She knew that someone wanted to kill her, but she actually took the initiative to come knocking on his door.

"H-how is this possible? I have no grudges with Miss Leng. Who is it? How dare they frame me like this?" Xu Qian roared with a face full of anger. He originally wanted to kill Leng Ruoxue, but after seeing her in person, he couldn't bear to. It would be a pity to kill such a drop-dead beauty! He, Xu Qian, had always been protective of the fairer sex!

“Your ally told me,” Leng Ruoxue said evilly without changing expression. They were not united anyway, so she would get these dogs to bite at each other!

“Hehe, Miss Leng really likes to joke,” Xu Qian said with a smile, seeming very good-tempered. But in his heart, he kept thinking, *Who betrayed me? The Shui family or the Ye family?*

“Alas! I told you the truth, but you don’t believe me,” Leng Ruoxue said helplessly. *Why doesn’t Xu Qian believe me? Didn’t everyone say that he’s paranoid?*

“Xue’er, why are you wasting your breath on him? Just kill him!” Freak said furiously. *This old pervert actually dares to have ideas about Xue’er. He really doesn’t know life from death!*

“Who are you?” Xu Qian narrowed his dark eyes and questioned coldly. As the saying went, ‘like repels like’. Xu Qian naturally didn’t have a good impression of such a stunning male, and his tone was even more impossible to be good.

“I am Xue’er’s fiancé,” Freak said proudly as he pulled Leng Ruoxue into his arms to show his ownership.

“Fiancé? I’ll duel with this fiancé then!” Xu Qian’s anger was mixed with raging flames of jealousy while looking at the couple leaning against each other. He directly raised his large hand and attacked Ye Chen. The wind in his palm contained light blue spiritual power, and the cold air was intimidating...

“Frosty Palm!” Leng Qingtian couldn’t help exclaiming. This should be the Xu family’s unique Frosty Palm. This palm technique unleashed a water-element spiritual skill, and it was extremely sinister. Once the wind from the palm hit someone, they would immediately be frozen into ice. The body’s yin and the cold would intertwine, and the frost poison would linger in their body. It was somewhat similar to Charm’s ice-attribute spiritual skill, only more sinister and vicious.

There were many ways for spiritualists in this world to unleash spiritual skills. Most of them liked to use weapons such as knives and swords. But spiritualists who released spiritual skills through weapons also needed to master certain saber skills, sword skills, and so on. A very small number of powerhouses liked to use their palms to release spiritual skills without relying on any weapons. But this also required mastery of palm techniques to increase the power of spiritual skills. The Xu family was a family famous for their palm techniques.

After seeing Xu Qian’s Frosty Palm, Ye Chen calmly pushed Xue’er to a safe spot by the side and directly faced the powerful palm wind heading straight for him...

“What spiritual skill is this?” the old man watching the battle said in surprise.

During the battle, Ye Chen released a ball of black spiritual power. That ball of spiritual power directly entangled with the water-attribute spiritual power in the palm wind, and the two intertwined. After a few minutes, Ye Chen’s black spiritual power swallowed Xu Qian’s spiritual power. And then, as if it was full, it returned to its master’s side contentedly...

“I don’t know.” Leng Qingtian shook his head with a puzzled expression. He had never seen or heard of the spiritual skill that Ye Chen used. But this spiritual skill was not ordinary. So far, Leng Qingtian had yet to see anything that this spiritual skill couldn’t swallow!

"Where's my spiritual power?" Xu Qian asked in disbelief while staring at Ye Chen as though he was a monster.

"I ate it. Give me some more. I'm not full yet," Ye Chen said lightly with a mesmerizing smile on his face. He was really infuriating.

"You are too presumptuous. I will make you regret it!" Xu Qian roared furiously. He gathered more spiritual power in his palm, and his entire palm turned dark blue. He swept his palm at Ye Chen with an even stronger wind, and the spiritual power in his palm wind was nearly ten times more than before. Even the surrounding trees and buildings were covered in a thin layer of ice because of this fierce wind.

Chapter 182: Freak Revealing His Might (2)

"Freak, be careful!" Leng Ruoxue said worriedly. She could still feel the chill even though she was far away. Some of the Xu family's spiritualists with low cultivation levels fainted from the cold.

"Yes, I will be careful," Freak said happily and did not forget to wink at Xue'er with a smug expression on his face. *Hehe, I knew that Xue'er cared about me. So happy!*

But his smug expression deeply provoked Xu Qian. Xu Qian furiously struck out several times. A massive amount of light blue spiritual power that had turned dark blue rushed at Ye Chen one after another...

"First Elder, does the patriarch want to die?" A Xu family elder watching the battle couldn't help asking softly. How could the water-attribute heavenly spiritual skill 'Earthshaker' be used in such a way!

Heavenly spiritual skills had extremely high requirements for spiritual power. And heavenly spiritual skills at the level of Earthshaker could only be used as a sure-kill move. This method, recklessly used, would likely exhaust your spiritual power even if you won the battle in the end, and you might even be unable to use spiritual power for the rest of your life.

The first elder of the Xu family had been watching the battle silently, but he was panicking in his heart. Now that the acting patriarch had lost his reason from being provoked, no one would be able to dissuade him at all. Moreover, these people had ill intentions. Today could be said to be the Xu family's calamity...

Fortunately, he had foresight and had already sent people to invite the patriarch over. He believed that as long as the patriarch came, the crisis of the Xu family would be resolved. Therefore, he had long stopped caring about Xu Qian and pinned all his hopes on the patriarch. After all, the Xu family had no lack of descendants.

Ye Chen saw several groups of dark blue spiritual power converge and fly toward him at the same time. He casually released the same number of black spiritual power, each of which automatically sought out their opponents and attacked separately...

Ye Chen smiled faintly as he looked at Xu Qian, who had lost his reason due to jealousy. His hand released a black blade beam that flew toward Xu Qian at lightning speed...

Bang! Xu Qian collapsed to the ground and died. At the same time, Xu Qian's water-attribute spiritual power was completely devoured!

"Patriarch!"

“Patriarch!”

“You killed our patriarch! We’ll fight you to the death!”

“Fight! Don’t let them go!”

When everyone in the Xu family saw Xu Qian’s death, they were collectively angry. Their acting patriarch was killed outside their house. It was absolutely a great humiliation!

“Come at me together!” Ye Chen’s eyes glittered as he looked at the Xu family.

“Brothers, let’s attack together and avenge the patriarch!” someone in the crowd shouted, instantly arousing everyone’s fighting spirit.

“Right, let’s attack together!”

“Don’t let him go! Take revenge for the patriarch!”

The Xu family swarmed forward and surrounded Ye Chen, planning to gang up on him...

“Little girl! Should we help?” the old man asked pretentiously. Every human or beast with this girl was abnormal, so he wasn’t worried about that boy at all.

“He can handle these small fries by himself!” Leng Ruoxue said calmly.

“Oh, then I’ll just watch the excitement!” the old man said with a smile, looking like he was watching a good show. In fact, his hands were a little itchy. Who knew when that big fish would come out? His younger fish were all going to die...

“Alas, young people nowadays are really abnormal!” In the blink of an eye, the old man found that more than half of the Xu family members had died, and he didn’t even see how the freakishly handsome man did it. *Am I really that old? Is my vision lacking??* Thinking of this possibility, the old man was depressed...

Bang! Bang! Bang! In less than ten minutes, the people from the Xu family collapsed onto the ground one after another and died.

“You! Why didn’t you do anything? Where are the men in black from your Xu family?” Ye Chen asked arrogantly while pointing at the Xu family’s only breathing elder.

“Y-you...” The first elder of the Xu family was a peak Spiritual Sovereign, but he was still scared stiff by the vicious Ye Chen. He was trembling all over and even stammered when he spoke.

“Me? What about me? Hurry up and get the rest of your Xu family to come out!” Ye Chen said with a fighting spirit. He hadn’t fought so refreshingly in a long time!

“Who dares to be so brazen in my Xu family?!” A loud, domineering, and extremely dignified voice resounded in Ye Chen’s ears.

“That old thing is finally out!” the old man said happily, almost dancing with joy. He had been waiting for this old thing!

“Patriarch!” Upon hearing the voice of the Xu family’s patriarch, the first elder cried with excitement as he yelled into the sky.

“Xu Biao, what happened?”

Dozens of figures appeared simultaneously.

Leading them was a black-clothed old man with white hair. He had an ordinary appearance, and his face was covered with the wrinkles of time. His small eyes were bright and full of life, and they emitted a ruthless and scheming glow. His bright eyes were looking at Ye Chen, Leng Ruoxue, and the others constantly.

“Who are you? Did you kill the people of my Xu family?” Xu Xing, the patriarch of the Xu family, shouted coldly, his eyes releasing intense killing intent. He was even more furious when he saw the large number of people lying on the ground already dead. His lungs almost exploded from anger!

“Patriarch, the woman leading them is Leng Ruoxue!” the Xu family’s first elder said hurriedly.

“Leng Ruoxue!” Xu Xing’s murderous gaze turned around, and then he stared at the only woman present as if he was staring at prey.

“It has nothing to do with her. I killed them! I am Ye Chen, a member of the Ye family!” Ye Chen said evilly.

“From the Ye Family? You! Die!” Xu Xing roared furiously and directly attacked Ye Chen...

“Brat, move aside. Leave this old thing to me!” The old man roared and impatiently jumped into the middle of the battlefield to fight with Xu Xing.

Chapter 183: Freak Revealing His Might (3)

Seeing how eager the old man was, Ye Chen didn’t fight with him. He withdrew from the battle consciously and stood beside Xue’er to watch the fight.

The battle between two Spiritual Supremacies was indeed exquisite and exciting. Colorful spiritual power danced in the night sky, and various spiritual skills were thrown out like flowing water...

“Grandpa, shall we deal with those men in black?” Leng Ruoxue’s beautiful eyes locked on to the men in black brought by Xu Xing. These people were more than a little stronger than the Xu family members just now. There were even a few Spiritual Supremacies among them. Although they were only at the elementary stage, they had to be eliminated early to prevent any unexpected mishaps!

“Okay!” Leng Qingtian nodded and charged toward the nearest man in black. Leng Ruoxue, Freak, and the others also immediately joined the battle...

With the combined efforts of the three people and numerous beasts, Xu Xing’s men in black and the first elder of the Xu family soon went on their way to see the gods!

While fighting with the old man, Xu Xing unintentionally turned his head and found that all his people were dead. He was so angry that he directly spat out a mouthful of blood...

“Old thing, you are too disgusting!” the old man said with a face full of disdain as he jumped slightly to avoid the blood Xu Xing spat out. *Haha, this old thing’s ability to bear surprises is too weak. He can’t even bear this little stimulation.*

Fortunately, the old man said this in his head, and Xu Xing couldn’t hear it. Otherwise, Xu Xing would die of anger. Was his ability to bear surprises weak? These people were the fruits of his hard labor of more than a decade! But they were gone just like that...

“Haha, haha. You destroyed my Xu family. I, Xu Xing, will not let you go even if I become a ghost. Wait for me! I will come back for you!” Xu Xing saw that the situation was hopeless and was unwilling to continue fighting. After laughing hysterically, a thick cloud of smoke enveloped Xu Xing. After the smoke dissipated, Xu Xing had disappeared without a trace.

“Oh no! He escaped!” The old man felt that something was amiss and beat his chest and stamped his feet in frustration. Xu Xing was a vengeful and cruel person. If he escaped, there would be no end of trouble in the future!

“What skill is that?” Leng Ruoxue was surprised. She didn’t expect Xu Xing to escape in front of so many people.

“That’s not a skill. If I’m not mistaken, it should be a long-lost teleportation scroll. I really didn’t expect Xu Xing to have this thing in his hand. Alas! I miscalculated!” The old man was really regretful! If he had directly used his sure-kill move just now, Xu Xing would definitely not have escaped.

“Quill, can you find Xu Xing?” Leng Ruoxue asked Quill, who had been flying in the air. Quill could see through objects within a radius of ten thousand meters.

“No, Master,” Quill answered after scanning the area.

“Old man, where does that scroll usually go?” Leng Ruoxue asked curiously.

“Not sure. That kind of scroll is divided into directional or random teleportation. No one knows where it will lead except the user,” the old man explained. He still regretted it even now!

“Old man, calm down. He’s already run away. Even if you regret it so much, can you change this fact?” Leng Ruoxue comforted.

“Ah! That’s true.” Even though the old man said this, he wasn’t as open-minded as Leng Ruoxue and was still conflicted.

“Old man, don’t worry. Xu Xing doesn’t know your identity. Even if he wants to take revenge, he will look for Xue’er and me. He won’t look for you.” Ye Chen also spoke to console him. Before Xue’er came, she had given this old man and her grandfather an appearance changing pill. So as long as this old man didn’t say anything, no one would know at all that he had a part in the Xu family’s affairs.

“You stinky brat. Am I the kind of person who’s afraid of death? I’m just worried that we’re in the open, and the enemy is in the dark. I’m afraid that he will use shady tricks on us,” the old man explained angrily.

“Forget it. He’s escaped. The most important thing now is to find him as soon as possible. Otherwise, none of us will be able to sleep well,” Leng Qingtian said. Xue’er and the others might not understand Xu Xing, but he knew very well that this fellow was indeed big trouble.

“Master, everything is ready.”

At this moment, Rise and Dazzle, who had entered the Xu family’s main residence to clean up the battlefield and loot, ran back to Leng Ruoxue’s side and spoke with a face as though they were presenting treasures. Several storage rings were hanging on each of the two little beasts’ mouths and paws...

“Good.” Leng Ruoxue touched the two beasts and put away all the rings unceremoniously.

“Little girl, these two beasts of yours are pretty good at this kind of business!” the old man said with a look of envy. *How can my beasts be so stupid! They haven’t returned after so long.*

“Of course. Take a look at whose beasts they are,” Leng Ruoxue said with a face full of pride. As her beasts, they had to be flexible, play dumb when they should play dumb, be cute when they should be cute, be ruthless when they should be ruthless, and be black-hearted when they should be black-hearted. Of course, they absolutely couldn’t be soft-hearted when they should be robbing. Alas! There was nothing she could do. She had many family members and beasts. Her whole family needed her support!

Leng Qingtian coughed lightly and said very seriously, “Xue’er, let’s keep a low profile.”

“Yes, Grandpa.” Leng Ruoxue nodded vigorously.

About an hour later.

Before they arrived at the Xu family residence, the old man had sent his beasts to rob the Xu family’s shops. They finally completed the mission and returned triumphantly.

The old man took the storage rings his beasts handed over and sent his divine sense into them. After he took a look, his satisfied face bloomed into a smile...

“Little girl, the matter here is resolved. Let’s return to Phoenix City early!” the old man said impatiently. This money was child’s play for the upcoming expansion of the Eastern Lagoon Empire!

“Okay, let’s go back!”

Leng Ruoxue also wanted to go back early. But before she left, she added fuel to the fire in the Xu family’s main residence. After that, the group returned to Phoenix City in a grandiose manner.

Immediately after, the news of three imperial families and three Great Families being attacked and robbed by spirit beasts spread like wildfire across the entire Ling Feng Continent...

Right after that, there was a massive reshuffling on the Ling Feng Continent. The Western Light Empire, the Northern Frost Empire, and the Central Universe Empire were leaderless, and there was serious internal strife. The allied forces of the Eastern Lagoon Empire and the Southern Dusk Empire, which had been waiting for the right time, combined forces to attack, and they divided the territories of the other three countries.

Chapter 184: Freak Revealing His Might (4)

After the Xu, Shui, and Ye families disappeared overnight, the Huo family took advantage of the situation and occupied all the shops and businesses of the three families. However, the Feng family, which was also a top family, didn't do anything, making people puzzled.

...

The main residence of the Feng family...

"First Elder, someone came to ask me why we didn't take the opportunity to devour the shops of the three Great Families like the Huo family did," an elder said helplessly in the meeting room. During this period of time, people asked him this question every day.

"How did you reply?" the first elder of the Feng family said indifferently with his eyes half-closed.

"I said, our Feng family is short on manpower, and there are too many things to take care of in our businesses," the elder replied seriously.

"Good. When anyone asks about this in the future, all of you will say so." The first elder finalized a unified statement. *?Hmph, those three Great Families are basically empty shells. What's the use of them? Moreover, Xu Xing's whereabouts are still unknown. At this time, whoever takes the lead will become Xu Xing's first target for revenge.*

...

In the garden of General Leng's mansion...

"Xue'er, what are you thinking about?" Freak asked curiously. Xue'er had been preoccupied with her thoughts for the past few days.

"I'm thinking about Xu Xing," Leng Ruoxue said lightly as she leaned against him.

"Why are you thinking about that old thing? Don't think about him. You can only think about me!" Freak said with a displeased face. *?An old bastard actually dares to let Xue'er think about him. Hmph! He's really courting death!*

"What nonsense are you spouting? I'm thinking about where Xu Xing is hiding. The Ling Feng Continent is so big that it's really not easy to find someone!"

Thinking of this, Leng Ruoxue felt a little depressed. She had already released the news that whoever found Xu Xing's traces would be heavily rewarded, but there had been no news of him until now. Moreover, for some reason, her heart had been feeling a little unsettled recently, as if something was about to happen. She didn't like this feeling, so it was better to find Xu Xing as soon as possible! This way, everyone could be at ease.

"Xue'er, this kind of thing can't be rushed. Didn't we already entrust 'Hell' and the Mercenary Union to find his whereabouts?" Freak comforted. He didn't want Xue'er to worry over such a trivial matter.

"I wonder if Hell can find him," Leng Ruoxue said with uncertainty.

'Hell' was a mysterious intelligence organization that had appeared out of thin air on the Ling Feng Continent more than a decade ago. It specialized in selling all sorts of intelligence and claimed that 'there are things only you can't think of; there's nothing we don't know'. But it had been so many days, and there was no news from Hell at all. She didn't know if this counted as ruining its own reputation?

"If even Hell can't find him, then others won't be able to either," Freak said very firmly.

"Then let's wait. I hope they won't disappoint me."

"Xue'er, the patriarch and the first elder Huo family are here." While Leng Ruoxue was chatting with Freak, Leng Ruohan walked in from outside the garden to their side.

"What are they doing here?" Leng Ruoxue asked in puzzlement. They didn't have much of a relationship.

"I don't know. They refused to tell me," Leng Ruohan said helplessly. He understood Xue'er's temper very well. He knew that the Huo family had already offended his precious sister, so Xue'er didn't want to meet them at all. But their grandfather wanted him to come, so he had to come!

"Freak, let's go to the palace to see Big Sister Mo!" Leng Ruoxue turned to Freak and suggested. She was not in the mood to see the Huo family now. She had even turned away Huo Qing, let alone others!

"Okay." Freak nodded in agreement.

"Quill, take us to the palace." Leng Ruoxue let Quill out. Then she and Freak jumped onto Quill's back.

"Yes, Master," Quill replied. He flapped his wings and soared into the sky. With a whoosh, he instantly transformed into a small black dot.

Looking at his willful baby sister, Leng Ruohan shook his head helplessly and left the garden to report to his grandfather.

...

In a side palace of the Eastern Lagoon Empire's imperial palace...

"Little girl, why do you have time to see this old man today?" the old man, who was tending to the flowers and plants with his head lowered, asked curiously.

"The Huo family came to my house, so I had to hide," Leng Ruoxue said bluntly while sitting on a stone bench by the garden and leaning against Freak. She originally wanted to go to Big Sister Mo's place, but Li Yuan was there. She didn't want to be a third wheel, so she had to come to the old man's place.

"So my place has become your refuge?" The old man glared at her with slight displeasure. *?This girl is really infuriating. She's finally come to see me, but she didn't come specially to coax me!?* The old man complained in his head.

"Not every place can become my refuge," Leng Ruoxue said lightly while looking at the old man who liked to throw tantrums.

"Well, that's true," the old man agreed.

“By the way, little girl, is there any news about that old thing Xu Xing?” the old man continued asking. But he didn’t stop what he was doing as he carefully and cautiously moved his beloved flowers and plants to another place to replant them.

“Not yet. Ask Li Yuan and the others to keep a low profile so as not to attract trouble,” Leng Ruoxue reminded. With the Huo family making such a big fuss, they would definitely not be able to escape when Xu Xing came for revenge. After all, one was in the open, while the other was in the dark. It would be too easy for Xu Xing to take revenge.

“Don’t worry. I told them long ago.” The old man was still very assured about Li Yuan, a more sensible descendant. This was also the main reason why he didn’t stop Leng Ruoxue and the others from usurping the throne.

“Old man, we’ll be going first. Be careful.” Leng Ruoxue looked at the sky and felt that it was about time, so she stood up and prepared to leave.

“Go!” The old man waved at the two people who had already sat on the black eagle. Then he lowered his head and continued with his work.

After a short while, Leng Ruoxue and Freak returned to the general’s mansion.

When she got down from Quill’s back, she happened to meet the steward.

“Steward, has the Huo family left?” Leng Ruoxue asked.

“They left a long time ago. Miss, why did you only return now? Old Master was so worried!” The steward kept nagging.

Chapter 185: Freak Revealing His Might (5)

“Got it. Let’s go see Grandpa.” Leng Ruoxue interrupted the steward’s chatter. Two drops of cold sweat hung on her forehead. *This old man is really able to talk more and more.*

Leng Ruoxue and Freak went to Leng Qingtian’s study and called out from outside the door, “Grandpa.”

“Xue’er, come in!” Leng Qingtian said from the study.

“Xue’er, why did you come back so late?” Leng Qingtian asked worriedly. Now was a critical period, and Xu Xing had not been found yet. He didn’t want his precious granddaughter to be in danger.

“I had a chat with the old man after I went to the palace,” Leng Ruoxue said honestly. She was like an obedient child in front of Leng Qingtian and couldn’t ignore her grandfather’s concern. After all, only her relatives in the world would know her strength and still worry about her safety, so her heart was full of gratitude.

“Xue’er, is that old man okay?” Leng Qingtian asked with concern. They hadn’t seen each other since they returned to Phoenix City.

“Pretty good. I’m just a little worried about Xu Xing,” Leng Ruoxue said honestly. She had already suggested that the old man move his descendants to a safe place. He would probably start making

arrangements in two days. This way, even if Xu Xing appeared, he wouldn't have to worry about the safety of his descendants.

"Xue'er, have the people in the general's mansion been moved away?" Leng Qingtian asked. The servants in the general's mansion had followed him for many years. He would feel heartbroken if they were injured because of his negligence.

"Okay. I'll send someone to notify the Feng family and the Southern Dusk Empire, as well as Grandpa Lin." Leng Ruoxue frowned slightly as she thought about it. Send them all away in one shot! It would save them time from being distracted.

"No need. I'll go notify Old Lin." Leng Qingtian stood up from his chair. This matter shouldn't be delayed.

"Then I'll go to the Feng family and the Southern Dusk Empire," Leng Ruoxue said after some thought.

After discussing it, Leng Ruoxue and Leng Qingtian split up.

...

In a secret room in the Feng family's main residence...

"First Elder, you were looking for me?" Feng Miao, dressed in white, walked into the secret room and looked at the first elder in puzzlement. *What happened?*

"Take this. Leave the Feng family with those one hundred children in a few days." The first elder's expression was a little grim as he directly handed Feng Miao a storage ring.

"Why? What do you mean, First Elder?" Feng Miao's handsome face showed a confused expression. Were they expelled from the Feng family?

"We haven't found Xu Xing yet. Go out and hide first," the first elder explained. These children were the Feng family's future hope, and nothing could happen to them.

"First Elder, isn't Xu Xing the only one left in the Xu family? There are so many of us..." Before Feng Miao could finish, the first elder interrupted him.

"You can't be too careful. I can't risk the future of the Feng family. Moreover, the Xu family is so ambitious, so who knows if Xu Xing has other hidden forces?" the first elder said worriedly.

"Then what should we do?" Feng Miao asked worriedly. If the first elder's concern became a reality, then wouldn't the remaining Feng family members...

"The Feng family's future is the most important," the first elder said somewhat ruthlessly.

"I know what to do." Fang Miao's handsome face had a hint of sadness. He didn't even know if he would have the chance to return here in the future.

"Protect them well," the first elder reminded worriedly.

Feng Miao nodded, his eyes slightly moist.

...

A week later, Leng Ruoxue and Freak moved the selected people to a safe place and returned to the deserted general's mansion.

In Leng Qingtian's study...

"Xue'er, will Feng Da and the others suddenly return?" Leng Qingtian asked worriedly. Xue'er had sent these people away to do mercenary missions and train.

"No. How could they come back so easily with Big Brother Feng and Feng Da around?" Leng Ruoxue had given them a task before they left. No one was allowed to return unless she allowed them to or everyone advanced to Spiritual Sovereign.

"What about Guo Yong and Guo Qiang?" Leng Qingtian felt a headache when he mentioned the two brothers. He had said all sorts of harsh words, but they refused to leave.

"Ignore them. They should have means to protect themselves." Leng Ruoxue didn't know what to do with them. They probably regarded their general's mansion as an inn.

"Xue'er, you know them best. They told me not to bother with them as well." Leng Qingtian sighed helplessly.

"Grandpa, it's getting late. Rest early!" Leng Ruoxue left Leng Qingtian's study with Freak and went back to their rooms to sleep.

...

In the distant Northern Frost Empire, there were mountains surrounded by tall, lush trees in a remote and perilous mountain range.

Xu Xing was hiding in a dark, damp cave under one of the mountain peaks.

As he hid in the cave, his clothes were tattered, his hair was disheveled, and he looked pathetic. But his ferociousness had not diminished at all. Instead, it became more and more intense, and the killing intent and hatred in his eyes could not be concealed at all.

At this moment, Xu Xing was sitting by a bonfire, holding a piece of spirit beast meat still dripping with blood. He was gnawing at it fiercely... At this point, he was definitely treating this piece of beast meat as Leng Ruoxue and Ye Chen.

"Leng Ruoxue, Ye Chen, and the Ye family, I will never let you go. I want you to die with the Xu family!" Xu Xing murmured viciously to himself. The hatred in his eyes was so intense that it would make people tremble with fear!

During this half a month, he had been recuperating while hiding like a street rat, and he had never dared to stay in one place for too long. Leng Ruoxue and Ye Chen were the reason for his miserable situation today. *Oh right, there's also that unknown old man. Hmph! I will definitely not let them off.*

Thinking of this, Xu Xing carefully took out a black pearl from his storage ring. The pearl was about the size of a thumb, dull, and very inconspicuous. But if anyone dared to underestimate the ability of this pearl, they would definitely regret it...

Chapter 186: Freak Revealing His Might (6)

Xu Xing took out the pearl and held it in his palm. He looked at it with slight infatuation, as if he was looking at a lover, for a while before returning it to his ring.

This pearl was passed down from the ancestors of the Xu family and was a very magical item. It was even the reason why the Xu family could become one of the Five Great Families.

Unfortunately, this pearl had a limited number of uses and could only be used five times. After so many generations, the Xu family had already used it four times. Now, there was only one last chance, so he had been hesitating.

Xu Xing stood up and paced around the cave while thinking about the pros and cons and the future of the Xu family...

However... he was the only one left in the Xu family. Where was there any future? His greatest wish now was revenge...

With this in mind, Xu Xing steeled himself and took out the black pearl again. He bit his finger and dripped a drop of blood on it.

After the pearl absorbed the blood, it instantly released a dazzling light that illuminated the entire cave...

After the light faded, the image of a middle-aged man appeared in front of Xu Xing...

This man was in his forties with good features, a pair of sharp eyes, and a domineering air of superiority.

Xu Xing knelt on the ground and said respectfully, "The twentieth patriarch of the Xu family, Xu Xing, greets Old Patriarch."

"Get up. Xu Xing, why did you call me?" the middle-aged man in the image said coldly with an expressionless face.

"Old Patriarch, our Xu family is gone. Please take revenge for our family." Xu Xing sobbed with overflowing hatred.

"What do you mean?" the man called the old patriarch asked sternly.

"The Xu family of the Ling Feng Continent was destroyed." Xu Xing explained the situation with a pained expression.

"Who is it? Who is so bold to provoke our Xu family?" the Xu family's old patriarch roared with a dark face.

"It's Leng Ruoxue, Ye Chen, and an unknown old man," Xu Xing quickly said.

"Did you just say that the people who destroyed our Xu family are called Leng Ruoxue and Ye Chen?" the old patriarch asked to confirm.

"Yes, they are the masterminds," Xu Xing said hatefully.

"Is Leng Ruoxue a member of the Leng family?" the old patriarch continued asking.

“Yes. Leng Ruoxue is from the Leng family, and Ye Chen is from the Ye family,” Xu Xing answered honestly. He would never dare to lie to his ancestor even though he was eager to seek revenge.

“The Leng family! This isn’t easy to deal with,” the old patriarch muttered to himself. It would be fine if it wasn’t the Leng family, but since she was from the Leng family, he...

“Old Patriarch, you have to uphold justice for us!” Xu Xing knelt on the ground and kowtowed non-stop. Blood flowed down his forehead, making his already disheveled appearance even more horrifying.

“Stop kowtowing. Get up. I’m thinking of a way!” the old patriarch said impatiently.

“Old Patriarch...” Xu Xing stopped kowtowing but didn’t dare to stand up. In front of the old patriarch, he was just an insignificant descendant. If the old patriarch was worried about the Leng family and didn’t dare to uphold justice for him, then he had no other choice. So at this moment, he was extremely nervous.

“If Leng Ruoxue weren’t from the Leng family...” The old patriarch wanted to say something but stopped himself. His face was full of difficulties.

“How did you offend her?” the old patriarch questioned unhappily.

“We did it all for the prosperity of the family! Leng Ruoxue has spots for the Creek of Affinity Mystic Realm. In order to obtain the spots... but we didn’t expect the Ye family to betray us and leak the news. And then Leng Ruoxue destroyed us.” Xu Xing’s face was full of pain. The Ye family was originally their ally, but they betrayed them in the end. Therefore, he hated the Ye family more than Leng Ruoxue. At this moment, he didn’t know that the Ye family had already disappeared from this world.

“I see,” the old patriarch said after a moment of silence.

Alas! The mystic realm! You really make people love and hate you. Every time you appear, you bring countless hopes to people. But at the same time, you bring disaster to people!

“Old Patriarch, you have to take revenge for us!” Xu Xing begged. He had no choice but to rely on the old patriarch now.

“Revenge? Do you think it’s so easy to take revenge? Then why do I have to say so much rubbish to you?” the old patriarch shouted with a stern face. The Xu family of the Ling Feng Continent was very important to him. Now that it was gone, he was also very distressed. But if he wanted to take revenge, he had to pay an immense price, in addition to being wary of the Leng family.

“Old Patriarch, actually, according to my guess, the Leng family probably lost contact with the Upper Realm a long time ago,” Xu Xing said after some thought.

“Are you sure?” the old patriarch asked anxiously. If so, then there was nothing to fear.

“It’s not just the Leng family. The other four Great Families and the imperial families should also be in the same situation,” Xu Xing took the opportunity to say. As long as the old patriarch was willing to send people down, the Xu family would definitely be able to take revenge. Therefore, he had to convince the old patriarch.

“Old Patriarch, this is a good opportunity! As long as you send people down, our Xu family can unite the Ling Feng Continent,” Xu Xing continued to coax.

“Do you think we can just casually send people down? There’s a massive price to pay,” the old patriarch reprimanded with a displeased face, but he was slightly tempted in his heart. If the matter was really as his descendant said, then it would really be a good opportunity.

“Old Patriarch, this is absolutely worth it. I promise you won’t regret it,” Xu Xingyu persuaded anxiously.

“Let me discuss it with the elders!” The old patriarch cut off the connection and disappeared.

“Old Patriarch!” Xu Xing fell to the ground dispiritedly, his hands clenched into fists, feeling resentful and bitter, not even knowing that his fingernails were digging into his flesh.

...

At this time, far away in the general’s mansion in the Eastern Lagoon Empire, Leng Ruoxue had become everyone’s personal chef.

“Xue’er, what are we having for dinner tonight?” Leng Qingtian looked curious as he watched Leng Ruoxue preparing dinner in the kitchen. They had sent the servants in the family away, and now they had to take care of their meals themselves, so Xue’er naturally became their dedicated chef.

Chapter 187: Come Out to Your Death Quickly (1)

“Go out and wait. What can I do with so many people here?” Leng Ruoxue looked at the expectant faces in front of her and couldn’t help but feel a headache. These gluttons only knew how to eat every day.

“Okay, let’s go. Little girl, take your time. We’re not in a hurry!” The old man quickly coaxed her when he saw that she was angry. Ever since he sent Li Yuan and the others away, he almost regarded the general’s mansion as his home. Except for not sleeping here at night, he basically spent the rest of his time here.

“Old Leng, let’s go. Don’t affect Ruoxue’s mood when she’s cooking,” Lin Liang said understandingly.

“Tch!” Leng Qingtian and the old man looked at Lin Liang with contempt. He was the one who led the way just now, and now he was pretending to be a good person?

“Xue’er, let me help you!” Freak, who had been standing quietly by the side, couldn’t help feeling a little heartbroken seeing everyone leave. *?Boohoo... My poor Xue’er has actually become the cook of these people!*

“No need. Stay there obediently,” Leng Ruoxue said while cutting vegetables. In fact, if she could make those old men temporarily forget about that big trouble Xu Xing by using food, it would be worth it even if she had to work a little harder.

“Okay.” Freak was very obedient and stayed by the side like an obedient child. He didn’t dare to disturb Xue’er and just kept staring at her with his bright and shiny eyes very attentively.

“Freak, get them in to carry out the dishes!” Leng Ruoxue ordered after half an hour.

"There's no need. We're here." The few old men poked their heads in from the kitchen window with a smile.

The old men each carried the two dishes out of the kitchen tacitly without Leng Ruoxue's instructions.

Leng Ruoxue and Freak followed them to the dining room.

"Hurry up and eat!" Leng Qingtian said after everyone was seated.

Leng Qingtian was about to pick up a piece of fish with his chopsticks when two people beat him to it. Just as he was going to threaten them, he found that the whole fish was gone...

"You..." Leng Qingtian glared at the old man and Lin Liang, who were gnawing on half the fish each. He was so angry that he couldn't speak. *These two old fellows are too fast. I was just a little slower, and the whole fish disappeared...*

"This fish is really delicious!" After eating the fish, the old man licked his fingers reluctantly and sighed.

"Of course it's delicious!" Leng Qingtian rolled his eyes at the old man in displeasure. The fish was from the Heaven and Earth Bracelet, and there was none in this world. It would be strange if it wasn't delicious.

"Grandpa, if you don't eat quickly, the other dishes will be gone," Leng Ruoxue reminded helplessly. *Why are they so exaggerated? Every meal is like a world war.*

Hearing this, Leng Qingtian stopped talking and focused on his favorite dishes.

After a satisfying dinner, everyone sat in the garden, enjoying tea and chatting under the moonlight.

"These days are really good!" the old man said with emotion. Of course, the premise was that there was no such big trouble as Xu Xing.

"Old man, shouldn't you be returning to the palace?" Leng Ruoxue reminded. It was getting late, but the old man was in no hurry to leave today. How strange.

"Little girl, are you chasing this old man away? Boohoo... Someone actually despises me. I'm really too pitiful," the old man said with a sad face. He even pretended to raise his arm and wipe his tears with his sleeve.

"We are always being driven away by Junior Aunt. You will get used to it," Guo Yong said sympathetically, as if he had found a comrade-in-arms.

"You two are quite pitiful," the old man said sympathetically, as if he had found a bosom buddy.

"Do you regret not having met sooner?" Leng Ruoxue asked in bewilderment. *These two are really...*

"No, no," Guo Yong and the old man quickly denied and looked at Leng Ruoxue cautiously.

"Well, that's a pity. I thought you two would be a good match," Leng Ruoxue said with a look of pity and disappointment.

"Match for what? We're not a match for anything." The two immediately jumped away from each other as if the other was a virus.

“Match as friends! What else do you think it is?” The smile on Leng Ruoxue’s beautiful face was so dazzling and touching. Moreover, her face was full of innocence, but her words were so evil that they let people’s imaginations run wild.

“Little girl, you tricked us!” the old man complained aggrievedly, as if Leng Ruoxue had done something unforgivable.

“Junior Aunt, you are too evil. How can you bully your disciple-nephew?” Guo Yong also complained. One word was written in his shrewd black eyes: wronged!

“Haha, old man, how can you be a match for Ruoxue!” Lin Liang gloated, beaming from ear to ear!

“Brat Lin, how dare you laugh at this old man! Do you want to die?!” The old man unceremoniously vented his anger on Lin Liang. Hmph! He couldn’t bear to hit or scold that girl, but Lin Liang? Of course he wouldn’t be polite!

“Hmph! You only know how to bully the weak and fear the strong!” Lin Liang said disdainfully. But to be honest, if he really fought with this old man, he might not be able to beat him.

“So what? Bite me!” the old man roared provocatively.

“Continue bickering. I’m going to bed,” Leng Ruoxue said softly to the two of them. Then she stood up and left the garden. Freak naturally followed Xue’er wherever she went.

“Alright, stop acting. Xue’er is going back to her room.” Leng Qingtian looked at the two who were still at daggers drawn.

“We weren’t acting,” the two of them said in unison. Then they turned their heads at the same time and ignored each other.

“Come on, Xue’er isn’t here. Who are you acting for?!” Leng Qingtian exposed them, but he was also quite touched.

Chapter 188: Come Out to Your Death Quickly (2)

These two old men ignored their status and positions to fight like children every day because they were afraid that Xue’er would worry about them.

In fact, how could they not be worried about Xue’er when she was worried about them? Xue’er and Ye Chen were the two people Xu Xing hated the most after all. If Xu Xing appeared, he would definitely first look for Xue’er and Ye Chen. This was also one of the main reasons why these two old fellows stubbornly stayed in the general’s mansion. The other reason was naturally because of the dishes Xue’er cooked!

“Alas! Which corner do you think Xu Xing is hiding in? Why isn’t there any news after searching for so long?” Lin Liang said worriedly. He wouldn’t be able to sleep well if he didn’t get rid of Xu Xing. Alas!

“Probably hiding in a rat hole? That old thing is cunning! How can he be so easy to find?” the old man said disdainfully. He hated Xu Xing to the core, but he hated himself even more for letting that old thing escape.

“Old Leng, don’t let Ruoxue and Ye Chen out of our sight. Xu Xing hates them to death now,” Lin Liang reminded. After sending some students away, he had given the other students and teachers of the academy a long holiday. Otherwise, he really couldn’t leave and stay in the general’s mansion all day.

“Yes, they are Xu Xing’s main targets now,” the old man echoed. Xu Xing definitely hated him, but Xu Xing didn’t know his identity, so he wouldn’t find him for the time being.

“Don’t you know that girl’s personality?! If she wasn’t afraid that we would worry, why would she be so obedient and stay at home all day?” Leng Qingtian said helplessly. He couldn’t do anything about his precious granddaughter.

In fact, Leng Qingtian was only half right about why Leng Ruoxue was willing to stay at home. The other half was to watch over them. She didn’t want these old men to put themselves in danger just to get rid of Xu Xing as soon as possible.

Listening Snow Pavilion...

“Xue’er, what do you plan to do?” Freak asked curiously while looking at Xue’er, who hadn’t spoken since returning to her room.

“Freak, do you think we should continue waiting like this? What if Xu Xing never appears?” Leng Ruoxue looked up at Freak. She felt that this was too passive. In fact, if she wasn’t worried about her grandfather and the rest, she would have used herself as bait to lure Xu Xing out.

“What else can we do?” Freak’s black diamond-like eyes stared at Leng Ruoxue.

“Do you think we will lure him out if we go out together?” Leng Ruoxue probed. She didn’t dare to say that she would go alone, or he would definitely be angry.

“Xue’er, Grandpa and the others won’t agree with you doing this. Aren’t you the same?” Freak said seriously. To him, it was the same no matter when Xu Xing appeared. It was not like they were unprepared. Instead, he was afraid that Xu Xing wouldn’t dare to come.

“But there has been no news from Hell and the Mercenary Union,” Leng Ruoxue said gloomily. She was running out of patience after waiting for so many days.

“Xue’er, Ling Feng Continent is so big, it’s not easy to find someone who wants to hide. Don’t worry. I don’t believe he can really hide forever.”

“I think you must be bored staying home all day. Why don’t we go out for a walk tomorrow?” Freak suggested.

“Okay, then let’s rest early today!” Leng Ruoxue also felt that she should go out for a walk. She was going to be bored to death at this rate.

Freak nodded. He waited for Xue’er to fall asleep before quietly leaving her room.

...

The next day, Leng Ruoxue and Freak finally managed to convince Leng Qingtian and the others and left the general’s mansion.

People were coming and going on the bustling streets as Leng Ruoxue and Freak walked side by side.

“Eh, what day is it today? There are so many people!” Freak said curiously.

“I don’t know!” Leng Ruoxue was also a little surprised. *?Today isn’t some festival in this world, right?*

Freak went up to an old man and asked very politely, “Excuse me, sir. Why are there so many people on the streets today?”

The old man looked at the beautiful immortal-like couple in front of him and was stunned for a while before he recovered and said, “Today is the grandest temple fair in the Eastern Lagoon Empire. It’s only once a year, so of course there are many people.”

“Young Master and Miss, you two are really compatible! Go to the temple and ask for a lot. Today’s lot is very efficacious.” The old man couldn’t stay quiet after he started talking and kept rambling on.

“Okay, thank you, sir.” After thanking him, Freak handed the old man an amethyst coin and immediately left with Xue’er.

“Xue’er, let’s go ask for a sign!” Freak said with great interest and looked at Leng Ruoxue expectantly.

“That’s all a lie. How can you believe it?” Leng Ruoxue said speechlessly.

“Let’s go!” she continued after glancing at him.

Seeing Freak’s puppy-like expression of anticipation, how could she bear to refuse! She loved small animals the most.

After they arrived at the temple, they drew a lot and then went to the reception desk.

“May I know what the two of you are asking for?” someone who looked like a charlatan asked.

“Marriage affinity,” Freak said without hesitation.

“Oh, yes. This is a very good lot. Congratulations on your marriage destined by the heavens!”

“Xue’er, did you hear that? Haha! I’m so happy!” Freak couldn’t help shouting. *?I knew that Xue’er could only be mine, and no one could snatch her away!*

A few drops of cold sweat dripped down Leng Ruoxue’s forehead as she rolled her eyes at him. *?Alas! As a spiritualist, he actually believes these things like an ordinary person.*

“Let’s go take a look over there!” Leng Ruoxue hurriedly said when she saw that more and more people were watching.

Freak nodded and squeezed out of the crowd with Xue’er.

...

In a private room in the Elegance Lagoon Pavilion...

“Is she Leng Ruoxue?” a young man asked the old man by his side while standing by the window and pointing at a stunning beauty not far away.

Chapter 189: Come Out to Die Quickly (3)

The man was about twenty years old. He was handsome, had bright and enchanting black eyes, and a good temperament. He was dressed in a black garment with golden borders, and golden dragons were embroidered on both sleeves with golden threads, making him look even more noble and extraordinary. It was as if a god had descended, and people could only look up at him.

“Grandfather, she is Leng Ruoxue, the enemy of our Xu family,” the old man, Xu Xing, who had been in hiding, quickly replied respectfully.

Even though Xu Xing had changed his appearance, he still looked like an old man, but even his relatives might not recognize him.

“I want this Leng Ruoxue. That man can be killed,” the young man said expressionlessly. A trace of viciousness flashed across his handsome face, destroying his noble nature.

“But Grandfather, Leng Ruoxue is the enemy of our Xu family,” Xu Xing said unwillingly. If Leng Ruoxue didn’t die and even became... What revenge would he have! He would just be depressed to death.

The young man narrowed his eyes and said coldly with slight displeasure, “How dare you question my words?”

“Leng Ruoxue is your enemy, not my young master’s enemy.” A middle-aged man walked over.

“Yes, your grandchild knows.” Xu Xing suppressed his rage and swallowed his anger. Now, he still had to use these people to take revenge for him. Moreover, he had to count on them to take care of him in the future. So even if he was angry in his heart, he absolutely didn’t dare to show it.

But it was precisely because he had suffered a lot in front of these so-called ancestors that he hated Leng Ruoxue and Ye Chen even more.

“I heard that this restaurant originally belonged to the Xu family?” the middle-aged man asked.

“Yes, this restaurant was originally called the Spring Wind House and a property of our Xu family. But now, it has been taken over by the Huo family,” Xu Xing said through gritted teeth. *The Huo family, hmph! I won’t let them off either. No matter what they took from our Xu family, I will make them spit it out intact.*

“You’re really not an ordinary piece of trash!” The middle-aged man glanced at Xu Xing disdainfully and reprimanded him.

“Yes, Xu Xing is useless. But we were also betrayed by the Ye family, that’s why...” Xu Xing looked at the middle-aged man aggrievedly and stopped talking.

“Are you sure that the Ye family betrayed you? Didn’t the Ye family get destroyed just like the Xu family?” the middle-aged man said with a look of disbelief.

“Ye Chen said it himself. It can’t be fake. I’m guessing that the Ye family was killed by Leng Ruoxue and the others,” Xu Xing said, thinking he was smart.

The middle-aged man nodded. It was possible. However, Leng Ruoxue was too cruel!

“Young Master, when should we go back?” the middle-aged man asked respectfully.

“What’s the hurry? We’ve only been here for two days,” the young man said in objection. He didn’t want to go back so soon!

“Young Master, when we came, the patriarch ordered us to return as soon as possible,” the middle-aged man continued, unwilling to give up.

“Grandfather, why don’t you go back first? We will bring Leng Ruoxue over for you,” Xu Xing said with a fawning face. This young master would be his greatest backer in the future! He couldn’t afford to lose him!

“You have to be gentle with such a beauty. Don’t hurt her, and don’t let her lose a strand of hair,” the young man said after some thought.

“Grandfather, don’t worry. We will take good care of her,” Xu Xing quickly promised. But in his heart, he couldn’t wait for this grandfather to scam home early. With him around, he really had to serve him like a grandson. Since he would be his backer in the future, then he would wait to serve him well in the future. At least now, he didn’t want to be a grandson all day.

“Let’s go back!” The young man turned to the middle-aged man.

“Yes, Young Master.”

After sending them out of the inn, Xu Xing immediately returned to the private room.

“Honorable Seniors, thank you for your help.” Xu Xing bowed gratefully. These people were the most important to him now.

“We’re all family. There’s no need to be so polite,” one of them said.

“Yes, Seniors. May I ask when you intend to take action?” Xu Xing couldn’t help asking.

“What’s the rush? They can’t run away. Everyone will be dead except for the woman Young Master wants,” another said.

“Hehe, no rush, no rush. Let’s wait for you to have enough rest before we make a move,” Xu Xing hurriedly echoed to please them. He didn’t dare to make these masters unhappy.

“Haha, Xu Xing, you are quite sensible.” A man in his thirties stood up and patted Xu Xing’s shoulder.

“Seniors, I have already arranged your activities for tonight. I guarantee that you will be satisfied,” Xu Xing said with the demeanor of a lackey, no longer having the demeanor of a former patriarch.

“Then what are we waiting for? Hurry up and bring us there!” someone shouted impatiently.

“Seniors, let’s go!” Xu Xing bowed and was the last to leave after everyone left...

...

Leng Ruoxue and Freak walked around the streets for half a day and then returned to the general’s mansion at noon.

"Xue'er, we would have starved to death if you didn't come back," Leng Qingtian quickly complained when he saw his granddaughter return to the garden.

"Grandpa, you guys seem to be having a good time playing chess. You don't look like you're going to starve to death." Leng Ruoxue seemed very helpless against her grandfather's coquettish behavior.

"If you didn't return, there'd be no one to cook for us. If we don't play chess, what can we old men do?" The old man stared at Leng Ruoxue. They were people who led pampered lives. Making them cook was harder than killing them.

"I'm going to cook now," Leng Ruoxue said with self-awareness.

After feeding the old men, a day quickly passed...

...

On an afternoon a few days later, Leng Ruoxue and the others were discussing something in Leng Qingtian's study when an arrogant roar sounded from outside...

Chapter 190: Come Out to Die Quickly (4)

"People of the Leng family, come out to die quickly!"

"Coming!" The old man was the first to speak.

Everyone exchanged glances and rushed out of the study together.

Leng Ruoxue and the others came to the general's mansion's courtyard, but the scene they saw surprised them!

Dozens of figures were floating in the sky above the general's mansion. Xu Xing was in the middle of everyone and looking down at them arrogantly as if they were dead, while those dozens of people were deliberately releasing their might. All of them were expressionless, and their eyes showed disdain as if they were looking at ants.

"This is bad! These people are actually Spiritual Deities." The old man's expression changed as he sent a voice transmission to everyone. *?Damn it. This Xu Xing is really ruthless! He actually found so many Spiritual Deities to help.?* Even he felt a little strained under the pressure of these dozens of Spiritual Deities.

"Then what should we do now?" Lin Liang's face was a little grim. The matter had clearly exceeded the scope of their control.

"Xue'er." Leng Qingtian glanced at Leng Ruoxue.

Leng Ruoxue nodded. She understood what her grandfather meant. He wanted her to take them all into the Heaven and Earth Bracelet to prevent unnecessary losses. With this in mind, she secretly contacted Qing Jue.

"We can't fight them head-on. The only way now is to run. It's better than all of us dying here," the old man said after some thought. It was not wise to use eggs to hit rocks. They were smart people and wouldn't do such a foolish thing.

“Then run. You guys run first. I’ll cover the rear.” Lin Liang steeled himself. He was ready to die.

“What are you trying to show off for? You guys go first. I’ll cover your retreat.” The old man’s words carried the most weight, and he rolled his eyes at Lin Liang, seemingly saying, ‘Are you stronger than me?’

“Who can escape with so many Spiritual Deities?” Leng Qingtian asked in return.

The old man and Lin Liang were instantly speechless. Yes, who could escape with so many Spiritual Deities around? But should they just sit and wait for death like this? That wasn’t their style!

“Since we can’t run away, then we’ll fight it out with them. Little girl, find an opportunity to run by yourself,” the old man said resolutely after thinking about it.

“Yes. Ruoxue and Ye Chen, you two run when you have the chance. Don’t worry about us,” Lin Liang echoed.

“Shut up, you two. We’ll listen to Xue’er,” Leng Qingtian said domineeringly.

Leng Ruoxue was a little touched as she listened to the voice transmissions of the three old men. It seemed that she had good insight. At least, other than her grandfather, Grandpa Lin and the old man were not afraid of death. Moreover, they were still willing to risk their lives to help the others retreat first in such a dangerous situation. You had to know that the more dangerous it was, the more it tested a person’s heart.

“Qing Jue,” Leng Ruoxue called out in her head.

“Big Sister, I’m ready,” Qing Jue replied from the Heaven and Earth Bracelet.

Leng Ruoxue nodded slightly. Then with a thought, she immediately brought everyone present into the Heaven and Earth Bracelet.

“Huh? Where is this place?” The old man and Lin Liang looked at the suddenly changed environment. Obviously, they couldn’t adapt for a while. But they clearly felt that the spiritual pressure released by the Spiritual Deities had all disappeared, and the spiritual energy here was so dense.

“This is Xue’er’s space. We are safe now,” Leng Qingtian explained. Fortunately, Xue’er had this heaven-defying space. Otherwise, they would all be dead meat today.

“Ruoxue’s space?”

“The little girl’s space?”

Lin Liang and the old man spoke in unison, their faces full of surprise and disbelief. In contrast, Ye Chen was much calmer, and he was currently plucking fruit from a tree to eat!

“Master left it for me,” Leng Ruoxue explained calmly as she picked a fruit from a tree.

“Master? Ruoxue, I’ve never heard that you have a master,” Lin Liang said curiously.

“He’s dead,” Leng Ruoxue said sadly. She would definitely avenge her master if she had the chance.

“I’m sorry. I didn’t know,” Lin Liang said, a little embarrassed. *?Damn it. Why am I so curious?*

"It's okay," Leng Ruoxue said lightly.

"Old man, where did you get that fruit?" Lin Liang turned his head and saw the old man holding an unknown fruit the size of two adult fists. He was gnawing on it, and the juice of the fruit was flowing down the corner of his mouth.

"From a tree, of course." The old man pointed at the fruit trees not far away, as if it was obvious. The fruit was really delicious, and there was so much spiritual energy inside that it was scary.

"Old man, why don't you..." Lin Liang was about to say, 'why don't you know any manners', when he realized that everyone except him was gnawing on a fruit.

"Hey, brat Lin, relax. We just escaped from death. Don't be so nervous. Since this is the little girl's territory, why should we be polite?" The old man didn't treat himself as an outsider at all. Moreover, he adapted quickly and was obviously not too curious.

Upon hearing this, Lin Liang was speechless. It had even become his fault?

"Master, you don't have to be so polite." Leng Ruohan emerged from the purple bamboo house and chuckled.

"Ruohan, I didn't know you were here. I thought..." Lin Liang looked at his beloved disciple with a face full of joy.

"I've been staying here since you sent everyone away," Leng Ruohan explained. There were Qing Jue and so many cute beasts here, so he didn't feel lonely at all.

"Ruohan, I thought I would never have the chance to see you again!" Lin Liang said excitedly while holding Leng Ruohan's hand.

Leng Ruohan and his master were catching up while the others were eating fruits and observing the situation outside.

At this time, the general's mansion was in a mess. Xu Xing and the others, who had thought victory was in their hands, saw Leng Ruoxue and the others suddenly disappear in the blink of an eye, and they were utterly depressed!
