

## Crazy Wife 1821

### [Chapter 1821 The Fire Wolf Clan's Decision \(1\)](#)

Two days ago, when his elder sister returned, she had told the elders in the clan about this matter. However, the opinions of the clan were not unified. The reason why he asked was because he wanted to know if Leng ruoxue's identity as an Alchemist was enough. Before coming here, the clan had put forward two backup plans. Regardless of whether Leng ruoxue was an ordinary Alchemist or an extremely experienced Alchemist, they would naturally have a way to deal with her.

And it was clear that the treatment of these two identities was different.

"This ... I've never been to The Alchemist Guild headquarters to get certified." Leng ruoxue said, a little embarrassed.

"Uh!" Huo ke was a little dumbfounded. Before she came, she had imagined many answers from Leng ruoxue, but she had never expected to hear this. An uncertified Alchemist. What, what should she do? There was a clear rule in the divine world that an Alchemist who had not been certified was not qualified to be an Alchemist. Moreover, the plan given to her by the elders did not include how to deal with this kind of situation. Thinking of this, the corner of Huo ke's mouth could not help twitching. Boo...She was depressed!

Looking at Huo ke's conflicted expression, Leng ruoxue smiled and said, "Although I haven't been to The Alchemist Guild for certification, you have to have confidence in my alchemy skills. I won't let you down."

Leng ruoxue's words were full of confidence, but Huo ke felt a headache. Trust her? How could it believe her? Even if he believed her, the other beasties wouldn't dare to believe her. This was a huge problem.

After all, if she took the medicinal pill concocted by an unlicensed Alchemist, it was fine if she was safe and sound, but if something happened, The Alchemist Guild would not make a decision for the victim. Therefore, how could these beasts, who were not rich to begin with, be at ease with her?

Gradually, Huo ke's gaze towards Leng ruoxue became more and more resentful. Now, it was really regretful. Why did it have to come here? It didn't need to come, but out of curiosity for this brave human, it came personally. It didn't expect such an outcome. How was it going to explain this to its people?

"Although I haven't been to The Alchemist Guild for certification, I have a lot of experience in refining pills." Leng ruoxue smiled humbly. Then, she passed a pill to Huo ke and said, "This is the pill I refined, you can test it."

Huo ke took the milky-white elixir curiously. Although she was not very good at elixir making, she could tell that the quality of this elixir was good from the spiritual Qi flowing on it and the faint light it emitted. It should be a high-level elixir at least.

"The quality of this medicinal pill is not bad. Miss Leng, can I ask you to refine it once in front of me?" Huo ke casually observed the elixir before making a request in embarrassment. It wasn't that she didn't believe Leng ruoxue's words, but this matter was too important to them. After all, this concerned the future of the land of demons.

"Sure!" Leng ruoxue nodded. Then, she took out an alchemy furnace from her bangle and placed it in front of her. The moment Huo ke saw the alchemy furnace, her face was filled with shock. This alchemy furnace must be a divine artifact!

In the firmament, there were not many alchemists who could use a divine artifact grade alchemy furnace to refine pills. After all, the materials required to refine a divine artifact grade alchemy furnace were extremely rare. Thus, no matter how rich an Alchemist was, it was not easy to obtain a divine artifact grade alchemy furnace! Now, it had more confidence in Leng ruoxue.

Following that, Leng ruoxue ignited the furnace. The moment her Natal flame appeared, a wave of scorching heat rushed towards her, causing Huo ke to take a step back. Her heart was filled with fear.

This, this flame was truly too terrifying. Huo ke thought to herself with a lingering fear. At the same time, she felt very lucky that she didn't come with hostility. Otherwise, he would be able to finish her off with a fire.

But very quickly, it was attracted by Leng ruoxue's smooth movements. She placed the prepared herbs into the furnace one by one. The herbs entered the extremely high temperature of the furnace and melted into a pool of liquid. Next, it was purification and pill condensation.

The whole set of movements was done without any sloppiness, and the movements were so perfect that it made people look askance and extremely dazzling. Not only that, the moment the pill was produced, the spiritual Qi in the room surged, and almost all the spiritual Qi in the room was attracted to it. As for Huo ke, who was just a fire Wolf watching the fun, she suddenly became excited. It was rare to have the opportunity to witness an Alchemist refining a pill with her own eyes! After all, many alchemists were afraid of others watching them when they were refining pills.

After Leng ruoxue placed the pills into a Jade bottle, she passed it to Huo ke, who was looking at her with a greedy expression. She said, "The pills I refined just now are for replenishing spiritual energy. I'll give them to you."

"You, you're really giving it to me?" Huo ke's Wolf Eyes widened and she said in disbelief. Although she didn't know the level of the elixir, she knew it was definitely not a low level after seeing it with her own eyes. This human was too generous. He gave her a bottle of elixir so easily. Was he dreaming? It felt as if it was in a dream, it was too unreal.

Actually, there was a reason for Leng ruoxue's generosity. Firstly, the pill she had just refined wasn't anything good in her eyes. Secondly, it's better to take it from others. If this beautiful Fire Wolf had taken her pill, would it not put in a good word for her?

Huo ke, who didn't feel that she had been tricked, still felt like she was in a dream at this moment. She was floating and couldn't come back to her senses for a long time.

If it was said that when it knew that Leng ruoxue was an uncertified Alchemist, it felt depressed and conflicted, then now it was completely ecstatic. It had personally witnessed the process of refining the pills, so its confidence in Leng ruoxue had increased greatly. With one look at those pills, it knew that they were good stuff. Furthermore, after eating them, there would definitely be no danger to its life.

Actually, after finding out that Leng ruoxue was refining pills without a license, it was more or less afraid. However, it was now at ease and the way it looked at Leng ruoxue had become dreamy.

If the land of evil demons had such an Alchemist, then they wouldn't have to worry about medicinal pills in the future, it thought to itself happily.

However, it was fortunate that Leng ruoxue did not pry into Huo ke's thoughts. Otherwise, she would definitely be depressed. Who asked Huo ke to treat her as a black Alchemist? Actually, she was just too lazy to make a trip to The Alchemist Guild.

"Hmph! Don't be so surprised!" Just as Huo ke was immersed in ecstasy and excitement, a slightly mocking voice suddenly rang in her ears. Immediately, Huo ke came back to her senses and looked around for the owner of the voice.

"Where are you looking at? Stupid Wolf, I'm on top of you. "

Upon hearing this, Huo ke raised her head and looked up. She saw a petite Purple Fox lying on a tree above her. The Fox glanced at her arrogantly before jumping down from the tree and into Leng ruoxue's arms.

"Master! My lovely master! Did you miss your baby?" Baby rubbed itself affectionately in Leng ruoxue's arms, and even glanced at the stupid Fire Wolf as if to show off.

#### [Chapter 1822 The Fire Wolf Clan's Decision \(2\)](#)

Hmph! "This is its potential enemy, so don't even think about being nice to it," baby thought hatefully and looked at Huo ke with an unfriendly gaze.

Huo ke was stunned by her baby's fiery silver eyes. It didn't offend this little fox, right? Why was this little fox glaring at it like it was an enemy? Those who didn't know would definitely think that there was some deep hatred between them! Huo ke felt wronged.

At this moment, baby spoke again.

"Stupid Wolf, look at your ignorant face. You've never seen such a good pill, have you? To tell you the truth, the pill in your hand is what we usually eat. " The baby was so arrogant that his face turned white. Huo ke was stunned again after hearing what the baby said.

F \* ck! What was asking for a beating? This was it! He clearly knew that it was not easy for the Beastie to obtain medicinal pills, but he still provoked it like this. Wu ... He was really bullying the Beastie! The more Huo ke thought about it, the angrier she got. In the end, she looked at Leng ruoxue with tears in her eyes.

I didn't expect this, I didn't expect this! Beastie was actually treated so well! Wasn't he trying to anger the beast to death? However, it couldn't do anything to that little fox that was extremely annoying. Hence, it could only put the blame on its master, Leng ruoxue. It even wrote 'compensate me' on its red face! I'm very aggrieved!"

However, Leng ruoxue ignored its reaction and expression as if she didn't see it at all. Instead, her hand continued to caress her precious's soft fur, giving it an itch.

Seeing baby closing its eyes in comfort, Huo ke had to admit that it was a little jealous.

Humans and beasts were usually enemies. Even if there was no enmity between them, they would respect each other and ignore each other. Even beasts who had acknowledged their Masters could not get along so well with their Masters. However, this Fox and Leng ruoxue's interaction was so natural and carefree. There was no trace of pretense at all. Huo ke was very sure about this. However, if she guessed wrong, it could only mean that the Fox's acting skills were too good.

"Miss Leng, I've already understood your alchemy standard." After a long while, Huo ke took the initiative to speak. Otherwise, she didn't know how long her loving master and Beastie would ignore her! It felt very aggrieved.

"Yes, and then? What's the opinion of your Fire Wolf Clan?" Leng ruoxue asked directly.

"Miss Leng, our Fire Wolf Clan had originally already discussed two sets of plans, but now there's a little accident. Because you haven't been certified by The Alchemist Guild headquarters, I have to go back and discuss it again with the elders before I can give you a final answer. However, you can rest assured that I will report your alchemy standard truthfully." Huo ke spoke the truth. Her words were very sincere and she was even more careful. After all, she had seen Leng ruoxue's alchemy skills and was very happy to have such an Alchemist in the evil demon's land.

"Alright!" Leng ruoxue nodded. After that, she sent Huo ke out of the house. Baby, on the other hand, had returned to his usual self and wanted to visit the fire Wolf Clan with Huo ke. Seeing that Huo ke did not reject her, Leng ruoxue agreed.

Three days later.

Huo ke came again, and so did his precious. Other than the two of them, there were two more burdens beside Huo ke. One of them was the greedy little fire Wolf that Leng ruoxue had met previously. The other one looked even smaller, with a pair of big, black eyes that looked timid.

The moment it saw Leng ruoxue, the Little Red Wolf immediately shouted, "'I'm hungry, I want to eat!" After it finished speaking, it looked at Leng ruoxue with tears in its eyes. It was as if Leng ruoxue did not give it any food, and it would immediately start a storm. It looked so rascally.

Leng ruoxue's forehead was filled with black lines when she heard the Little Red Wolf's words. If it wasn't for the sake of the fire Wolf Clan, she would have given the little Wolf a good spanking. Meanwhile, when Huo ke saw the Little Red Wolf's behavior, she subconsciously took a large step back. It was as if the words 'I don't know it' were written all over her face.

That's right, if it was possible, Huo ke really wanted to pretend that she did not know it. This nephew of hers had really embarrassed the wolves. It was fine if he was a little gluttonous in the clan, but now he was acting like this in front of humans. He was as hopeless as his father. Huo ke sighed in her heart and looked at Leng ruoxue with embarrassment. Her crystal-clear black eyes were filled with apology.

"Grape, go and get some food for these two little fellows!" Sighing lightly, Leng ruoxue helplessly ordered grape beside her.

"Yes, miss." Grape smiled and nodded. Just as he was about to bring the two wolf pups down, he heard the red wolf pup say with a look of disdain, ""Human, is her food as good as yours? I want to eat your cooking, so don't just find someone to fool me!"

Seeing the Little Red Wolf acting like a big Shot, Leng ruoxue smiled. Her smile was like a flower in spring, stunning everyone. However, Huo ke's heart was in her mouth.

In the next second, Leng ruoxue grabbed the Little Red Wolf that was acting like a boss and said with a smile that was not a smile, ""Little guy, your requirements are quite high,"

Upon hearing this, Huo ke's heart was in her throat.

However, the Little Red Wolf had shifted to a more comfortable position in Leng ruoxue's hands. It calmly allowed her to grab it. It knew that this human would not hurt it, so it was fearless!

"My father once said that as a Wolf, you have to have high expectations and be worthy of your identity. Otherwise, you're not worthy of being the future king of the fire Wolf Clan!" The Little Red Wolf said arrogantly.

"So that's how it is. In that case, you're the future king of the fire wolves?" Leng ruoxue understood. However, she was worried that the fire Wolf Clan would have such an out-of-line future king. No wonder Huo ke only said that she would discuss this with the elders last time. The king of the fire Wolf Clan was probably just a decoration in their clan. He did not have much say in this!

"Of course! Hahaha! Human, you're afraid!" The Little Red Wolf said arrogantly. If it was not in Leng ruoxue's hands, its little tail would have been raised up.

"Which part of me looks scared?" Little Wolf's words made Leng ruoxue speechless.

"I'm the future king of the fire Wolf Clan. You're not afraid?" The Little Red Wolf said in disbelief. It looked at Leng ruoxue as if it was looking at a monster.

"I'm not afraid!" Leng ruoxue said indifferently.

"Why are you not afraid of me? You must know that I'm very powerful. " The Little Red Wolf was a little annoyed. It could be considered a little Overlord in this land of demons. Many young beasts followed its lead and were its little followers. Therefore, it couldn't understand why a human like it wasn't afraid.

"Which part of you is amazing? I can only tell that you're a glutton. " Leng ruoxue spoke the truth, and her words had completely hurt the Little Red Wolf's pride.

### [Chapter 1823 The Fire Wolf Clan's Decision \(3\)](#)

"Human! You'll regret it if you look down on me!" The Little Red Wolf howled in anger. Then, it bit Leng ruoxue's wrist viciously. Following that, a set of contract rules enveloped Leng ruoxue and the Little Red Wolf ...

The little Wolf recognized its master!

All of a sudden, all the people and beasts present were dumbfounded.

What ... What was going on? why did he suddenly recognize her as his master? Compared to the confusion of grape and the others, Huo ke knew what was going on.

This could only be considered an accident because the fire Wolf clan's master recognition was somewhat different. As long as they bit the other party, the master recognition contract would automatically come into effect. Therefore, the fire Wolf clan's clansmen had been warned from a young age not to randomly bite people, or else the consequences would be very troublesome.

But now, it seemed that there was really trouble.

This nephew of his was the future king of the fire Wolf Clan. Now that he had acknowledged a master, what would happen to the fire Wolf Clan in the future?

The king's position of the fire Wolf Clan was not something that could be claimed by the capable. It was passed down through the bloodline. Hence, Little Wolf was born to be the king of the fire Wolf Clan. This was something that no one could change, even if it was out of line! Otherwise, the king of the fire Wolf Clan would not have become a mere decoration in the clan. Even so, the position of the Royal bloodline was still as solid as Mount Tai. No Wolf could replace it. This was also what made the fire Wolf Clan different from the rest.

After the rules of the contract were over, the red wolf Cub cried out. It didn't expect that it would become owned after just one bite of this human. It was the king of the fire wolves, and it didn't want its master to restrict it.

Thinking of this, the Little Red Wolf cried even more sadly.

Seeing this, Leng ruoxue could only look at it helplessly. After all, this matter was a little out of her expectations. Seeing that the little Wolf was crying non-stop, she looked to Huo ke for help. However, Huo ke only put on a helpless expression. There was really nothing she could do about this matter! He didn't know how the clan members would react when they found out about this.

After an unknown period of time, the red wolf Cub's cries turned from loud to soft, and slowly, it only sobbed. However, it had no place to vent the grievances in its heart, and no one came to comfort it. Wu.....Thinking of this, it was ready to cry again.

Suddenly, a familiar fragrance wafted into its nose.

The wolf Cub, who was about to cry, forced back his tears and looked around for the source of the fragrance.

Seeing the delicious food on the table, the red wolf Cub's eyes lit up and it immediately pounced towards the food. Its actions were extremely fast.

Then, the wolf Cub swept the food on the table like a storm. It even looked at the people and beasts present with a trace of vigilance in its black and bright eyes.

At this moment, it couldn't care about crying! All their attention was on the food.

They were all his! This food was all its, and no one was allowed to snatch it! Whoever snatches it will be bitten! The wolf Cub secretly cursed in his heart.

Leng ruoxue was thoroughly convinced when she saw how familiar it was with its eating manner. As expected of father and son! Even the way he ate was exactly the same. Furthermore, the charm of the food to this little glutton was extraordinary!

At the thought of this, Leng ruoxue's playful gaze turned to Huo ke. Seeing this, Huo ke quickly turned her head away, too embarrassed to look her in the eye.

At this time, the wolf Cub had already swept the food on the table clean. It wiped its mouth with its small claws and patted its small belly. Then, it lay on the table with its four legs up.

It was so full that it didn't want to move.

Ignoring the little Wolf's lazy appearance, Leng ruoxue smiled at Huo ke and said, "Huoke, let's talk about serious business!"

"Alright!" Huo ke nodded. They had to talk about business, but how could they solve this? His nephew had unexpectedly acknowledged him as his master. How was he going to tell his sister when he returned? When it thought of its hot-tempered sister, its heart couldn't help but tremble. His sister would definitely fly into a rage, but this was really just an accident!

Huo ke felt a little embarrassed. She looked at Leng ruoxue with a hint of sympathy in her eyes. 'My sister might take her anger out on this human. Sigh!' How could this happen?!

Although Leng ruoxue didn't know why Huo ke was looking at her with sympathy, she knew it must be because of the little Wolf's acknowledgment of its master. However, this wasn't her fault, so she would definitely not take the responsibility. If the mother wolf had any opinions, she could go find her naughty son. Speaking of which, she was also a victim!

At the thought of this, Leng ruoxue glanced at Little Wolf, who had finished eating and was ready to sleep. She then brought Huo ke to the living room.

As soon as they entered the living room, Huo ke went straight to the point and told them the fire Wolf clan's reply.

"Miss Leng, after our Fire Wolf clan's research, we agree to let you set up your territory in the evil demon land. However, it's useless if we agree alone. The other beast clans must also agree. Otherwise, you still can't set up your territory here. Otherwise, there will be trouble." Huo ke said honestly.

That day, when it returned, it showed the elders the pill that Leng ruoxue had given it. When the more knowledgeable elders saw the pill, they were pleasantly surprised. Leng ruoxue's status as an unlicensed Alchemist could not stop their passion for pills. After all, an Alchemist who could refine pills of such high quality was definitely not an ordinary person. Hence, Leng ruoxue's unlicensed pill refining was naturally overlooked by them.

In reality, this was even better. This way, not many people would know of Leng ruoxue's abilities, and they would be able to avoid many competitors. After all, the value of an Alchemist rose with the tide! They, Beastie, couldn't afford to hire an Alchemist of too high a status.

"Thank you for your reminder. I will think of a way to convince the other beasts. However, I still need you to help me introduce them to each other." Leng ruoxue smiled in satisfaction. With the help of the

wolf Clan, she didn't have to waste her energy looking for the other beasts. Once she dealt with the troublesome Wolf Clan, she was confident that she could take down the other beasts.

"That's not a problem. The elders have already spread the news of you setting up a territory here. I believe that it won't be long before the other beast clans react. Moreover, the elders have arranged for them to gather in the clan in two days. At that time, you can attend and think of a way to convince them." Huo ke told her about the fire Wolf clan's arrangements. When Leng ruoxue heard this, the smile on her face grew wider. The fire Wolf Clan was very tactful.

Then, Leng ruoxue asked Huo ke about the main characteristics of the other beast clans, especially the personalities of those who had the right to speak. After that, Leng ruoxue brought the group to the fire Wolf clan's territory to get closer to them.

When they arrived at the fire Wolf clan's territory, Leng ruoxue knew almost all of the fire wolves in their clan. However, the Wolf's father's gaze when he looked at her became even more resentful. This left Leng ruoxue puzzled no matter how much she thought about it.

#### [Chapter 1824 The Decision Of The Fire Wolf Clan \(4\)](#)

It was only after that that Leng ruoxue found out that the evildoer had thrown him into the stinky swamp. He had bathed for a few days, but his wife did not even allow him to take half a step closer to her. This had made him a resentful husband for a long time. However, after finding out about this, Leng ruoxue did not pity him at all. Who asked him to be so smug back then?

Leng ruoxue and the rest stayed in the fire Wolf clan's territory for almost two days. It was only on the morning of the third day that the fire wolves came to inform them that the representatives of the beast clans had arrived.

When Leng ruoxue heard this, she immediately brought the demon, uncle long, her Godfather, and Feng Da to the Firewolf clan's meeting hall.

Although it was called a Hall, it was actually just casually built from a few pieces of wood.

The fire Wolf Clan did not have high requirements for their residence. Basically, a tree hole was enough to hide in. Those who were more particular would build a treehouse on a tall tree, but there were no decorations in the house. It was unbelievably simple.

Therefore, when her house was lit up, the fire wolves were stunned.

Even though they had long heard that this human woman had a beautiful house, it was not as shocking as seeing it with their own eyes. In order to befriend them, Leng ruoxue had even generously invited them to her house as guests. Many of the fire wolves saw that Leng ruoxue was so easy to get along with, so they did not stand on ceremony and moved in directly.

However, the mother of the wolf Cub, the female Wolf, looked at Leng ruoxue with eyes filled with anger. Who asked her precious son to acknowledge this human as his master? Fortunately, it was a female Wolf that knew how to look at the big picture. Moreover, Huo ke had explained to it in detail that Leng ruoxue had not done it on purpose. Therefore, even though it was angry, it did not make things difficult for Leng ruoxue.

When Leng ruoxue saw this, she naturally didn't bother about its attitude. After all, anyone who encountered such a situation would be angry.

After entering the main hall, Leng ruoxue's beautiful eyes first scanned the beasts present. She saw that there was a wide variety of beasts in the hall, and their sizes were all different. The big ones were like small mountains, while the small ones were not even the size of a human's palm. Among these beasts, not only were there beautiful foxes and leopards, but there were also ugly giant rhinoceros, lizards, scorpions, and so on. It was likely that all the beasts in the land of demons had arrived.

The Beasties were also sizing her up with curiosity.

When the fire Wolf clan's Grand Elder saw Leng ruoxue and the rest, he immediately invited them to take a seat. As for the beasts present, there was no need to be so particular. Some of them were lying down, some were sitting down, and some were squatting.

Leng ruoxue and the rest sat down, but before they could speak, some Beastie asked impatiently.

"Human, I heard you're an Alchemist? "If we let you set up your territory here, then the pills ..." The one who spoke was a pitch-black bear. It was almost two meters tall and had a huge body. Its voice was simple and honest. However, it only finished half of its sentence before it stared unblinkingly at Leng ruoxue with its huge bear eyes. The other beasties did the same.

Before they came here, the fire Wolf Clan had sent their Wolf to inform them of the fire Wolf clan's decision. The beasts were convinced of the fire Wolf clan's intelligence. Therefore, the fire Wolf clan's decision had made their minds active. Hence, when they first saw Leng ruoxue, they were very friendly.

However, they still had to ask him personally before they could be at ease. This was not because they did not trust the fire wolves, but because they were cautious by nature.

After hearing the black bear's words, Leng ruoxue smiled and promised, "Since I've decided to set up my territory in the land of evil demons, we're neighbors. If you need medicinal pills in the future, feel free to come to me. I can give you ordinary medicinal pills, but you'll have to prepare the materials for the better medicinal pills. I can help you refine them for free. How about it?"

Leng ruoxue had thought of these thoughts through her own experiences. The reason why she was so generous was because she was facing a group of beasties. If it was a human, she would not dare to be so arrogant. After all, many humans were greedy, while beasties were much more innocent.

"Miss Leng, is what you're saying true?" When the fire Wolf clan's first elder heard this, he beamed with joy. Previously, they had only thought that with an Alchemist like Leng ruoxue as their neighbor, it would be easier for them to need elixirs in the future. Hence, they had never thought of getting them without putting in any effort. However, now that Leng ruoxue had said that she would give them the elixirs for free, even if she helped them refine them, it would be free. This was definitely a huge surprise to them.

It seemed like they had made a wise decision. After seeing the satisfied smiles on the faces of the other beasts, the old wolf felt that the fire Wolf Clan was in luck. After all, they were the ones who had met Leng ruoxue first. This was an advantage! Not only that, but their young master had also acknowledged Leng ruoxue as his master. With this bond, their relationship with Leng ruoxue was as solid as iron, and no one could think of breaking it.

Previously, when it learned that the young master had accidentally recognized him as its master, it was still a little depressed! But now, it felt that this was a good thing! As such, the way it looked at Leng ruoxue became gentler.

"Of course! I've always been friendly to Beastie. In the future, when you have the chance to see my Beastie, you'll know. " Leng ruoxue said with a faint smile. She had yet to reveal her beasts to them, and they were her trump cards. She had originally planned to use them when she could not deal with these beasts, but it seemed like she would not need to use them now.

"Hahaha! I believe that. " The old fire Wolf laughed out loud. The little fox had been living here for a few days and had been talking about the good things about its master in their ears every day. It had made their ears grow calluses from listening to it, so how could they not know about this?

"If any of you have any more questions, ask them now!" At this moment, the old fire Wolf said to the beasts.

Following that, the beasts began to ask questions one after another while Leng ruoxue patiently answered them one by one. Just like that, a day passed quickly. However, out of caution, they did not immediately give their own answers. Instead, they temporarily settled down in the fire Wolf clan's territory ...

#### [Chapter 1825 Master Recognition \(1\)](#)

As soon as they settled down, the fire Wolf clan's territory instantly became lively.

In reality, the reason why they chose to stay here temporarily was because they hoped to spend more time with Leng ruoxue and see her character. After all, they did not have a good impression of humans and were not too willing to live next to them. However, Leng ruoxue's identity as an Alchemist was too alluring, and they could not resist this temptation. In contrast, their attitude towards Leng ruoxue was much better than other humans. This had a lot to do with Leng ruoxue's unparalleled affinity.

Leng ruoxue had always been friendly to the beasts. In addition to her deliberate attempt to befriend them, the beasts found it hard to reject her. Hence, they had a great time in the fire Wolf clan's territory. However, the beasts were not as friendly to others as they were to Leng ruoxue. Even so, they were still better than strangers.

Sitting in the garden of the house, the master of the ning family looked gloomily at uncle long, who was sitting opposite him. He didn't say anything for a long time. His expression made uncle long feel uncomfortable all over.

After a while, uncle long couldn't stand it anymore.

"I say, ning family boy, if you have something to say, then say it. Why are you looking at me like that? You're going to scare me. " Uncle long sighed and said helplessly.

"I'm very depressed. " The master of the ning family said weakly. He had miscalculated! He had really miscalculated! Never in his dreams did he expect that things would develop like this. What was going on? The beasts clearly did not have any good feelings towards humans, but why were those beasts so warm towards that little Xue 'er? They were so passionate that it made people envious! This was really too abnormal!

Basically, these past few days, there were always beasts who invited Xue 'er to bond with them and every time they returned, Xue 'er would bring a large pile of gifts from the beasts. Although most of them were medicinal herbs and mineral materials, but he had to admit that there were some things that he was envious of.

This shouldn't be the case, right? The more the master of the ning family thought about it, the more incredulous he felt. This kind of thing seemed like a fantasy. It was fine if one group of beasts did it, but the strange thing was that almost every group of beasts did it. Did they not know that Xue 'er was a human? Or did they treat Xue 'er as one of their own?

Master ning was a little confused. Actually, he was overthinking it. If Leng ruoxue knew what he was thinking, she would definitely tell him that she and the beasts were just returning the favor. Furthermore, the beasts were completely trying to get on her good side, and both sides were on equal footing when they interacted.

This was also the main reason why the beasts liked to befriend her. It was because she respected those beasts and would not look down on them. Even if the other party was a very weak beast, she would still treat them the same way.

"I know," Hearing the words of the master of the ning family, uncle long nodded, but he couldn't stop sighing in his heart. The ning family's boy's depression was written all over his face. If he still couldn't see it, then his eyes were too bad!

"Don't Beastie hate humans?" The master of the ning family looked at uncle long with a sad face, his handsome face full of confusion.

"It's very annoying. At least, there aren't many people who can get along with the beasts like this little girl. However, this little girl is very approachable, so it's only natural that the beasts like her." Uncle long understood. Leng ruoxue had never disdained any beast, and she was also an Alchemist. It would be strange if those beasts did not like her!

"Then what should I do?" The master of the ning family wanted to cry but had no tears.

"What do you mean?" Uncle long frowned, his face full of question marks.

"What if those beasts agree with Xue 'er to set her territory here?" The master of the ning family couldn't help but growl angrily when he saw that uncle long was playing dumb.

"Then you should just agree! If all of the beasts agree to let Xue 'er make this her territory, then your worries will naturally disappear. What's there to worry about? besides, you've seen how they get along with each other, so you should be even more at ease!" Uncle long said with a faint smile. He was very relieved now.

"But in this situation, there are wolves in front and tigers behind. How can I truly be at ease?" Master ning was still afraid that Leng ruoxue was here. If something happened and he couldn't come to her rescue in time, wouldn't she blame him to death?

"Xue 'er is not a child anymore. Instead of worrying about her so much, why don't you worry about your own descendants? I feel that there are many people in your ning family who are more worrying than Xue 'er!" Uncle long reminded.

"They're not kids! If you can't even protect your own life, then there's no need to live in this world. " The moment master ning heard uncle long mention his descendants, he immediately became cold-blooded again. In fact, he had always been like this. It was only when he was facing Leng ruoxue that he became indecisive and worried.

"Hahaha! You're so biased, but it's true. If your own descendants don't live up to expectations, who can you blame?" Uncle long smiled and nodded. Although he didn't have any descendants, he had basically watched the younger generation of the endless ocean grow up. Therefore, they were similar to his descendants. However, he was the same as the ning family's boy. He didn't pay too much attention to them. Otherwise, he would worry about them all the time and they would never be able to grow up. In fact, he was only slightly better to Leng ruoxue, but he didn't interfere with her decisions too much. The ning family's boy was obviously different.

The ning family brat treated the little girl as a baby who had not been weaned off milk. He wanted to do everything for her, but Xue 'er was an independent child, so the ning family brat had no use at all. It was also in this comparison that many of the ning family's clansmen were even more useless. Therefore, as the master of the ning family, he looked down on his own clansmen more and more. Sigh! If he and the ning family's boy's positions were switched, he would probably have the same thought, because he understood the heart of someone who hated iron for not meeting steel.

"That's right, I'm not their nanny. If I don't want to work hard, how can I follow them all the time? I'm not that bored!" The master of the ning family seemed to have found a soulmate and said in deep agreement.

"You don't keep an eye on them, so you have your eyes on the little girl?" Uncle long said with a helpless smile.

"Xue 'er is a girl! Of course, girls are meant to be pampered. " Master ning said matter-of-factly.

"As far as I know, the ning family has a lot of girls, right? You'll be in even more pain when you're back. " Uncle long teased.

"Tsk! They're waiting for me to be in pain, so I have to be in pain? I will only love those that I truly want to love, and as for those ning family clansmen, if I really show a little interest in anyone, they will immediately raise their tails, do you believe it?" The master of the ning family asked.

"I do!" Uncle long said. Although he wanted to say that it was normal, he would not like a junior like that.

"Brother long! Give me an idea, if these beasts all agree to Xue 'er's territory being set up here, what should we do?" As he spoke, the master of the ning family returned to the topic of running away and looked at uncle long with anticipation.

### [Chapter 1826 Master Recognition \(2\)](#)

"Didn't I say that you would agree to it? What else can we do?" Uncle long was a little speechless. Why was the ning family's boy's memory so bad?

"But the problem is, I don't want to agree!" The master of the ning family said honestly.

"You think that's possible?" Uncle long raised his eyebrows and asked the master of the ning family.

"I know it's impossible, that's why I'm asking you!" The master of the ning family reminded.

"Ning family's boy, to be honest, the current situation is very good, and the beasts here welcome Xue 'er, so your previous concerns are no longer a problem. In that case, what's there to object to?" Uncle long really couldn't understand, because he knew very well that no one could easily change Xue 'er's mind once she had decided on something, and the ning family's boy was no exception.

"It's not that I'm afraid ..." The master of the ning family had just said a few words when he was interrupted by uncle long again.

"The little girl always says, 'since we're here, we should take things as they come'. There's no need for you to worry about this now. Besides, you should believe in her ability. That little girl isn't that easy to bully. Besides, aren't I still here?" Uncle long rushed to say.

"It's easy to Dodge an open spear, but hard to defend against an arrow shot from the dark. We're in the light while the enemy is in the dark. Who knows what the other party will do!" The master of the ning family said disapprovingly. Then, he had an idea and said, "By the way, none of the beasts here have recognized Xue 'er as their master yet, so she hasn't fulfilled my conditions yet, haha! I can openly oppose this!"

It was really chaotic to be concerned! How could he have forgotten the reason for the crown? After being depressed for a few days, the master of the ning family blamed himself.

Hearing the master of the ning family's words, uncle long couldn't help but look at him with sympathy.

Al! What could he say? If this condition could really be a reason to stop Xue 'er from setting up her territory here, then he would not have let the ning family kid agree to this! Because in his eyes, this was nothing! Based on Leng ruoxue's interactions with the beasts these few days, he was very sure that as long as the little girl revealed this thought, the beasts that did not want the little girl to leave because of this resistance might automatically recognize her as their master. At that time, the ning family's brat would not be able to do anything at all. Instead of doing that, it would be better to agree to it as soon as possible!

However, master ning was not as open-minded as he was.

"It's decided then! I'll use this condition to stop her!" The master of the ning family didn't notice uncle Long's sympathy for him and said to himself.

"Good luck then!" Uncle long sighed helplessly.

Since the ning family's boy wouldn't turn back until he hit the south wall, then he could only watch this old boy's head break and bleed without any sense of loyalty! Uncle long thought to himself with evil intentions.

The master of the ning family, who thought he had thought of a good reason, was in a good mood and even started to hum a song!

Looking at the master of the ning family's smug face, uncle long tactfully shut his mouth.

Then, the two of them started to stare at each other.

Just as the two of them were silent, grape's voice suddenly entered their ears.

"Stop following me. If you do, I'll tell on you to your wife!" Grape's tone was very fiery, showing her depressed mood at the moment.

"I'm hungry!"

"I'm hungry too!"

Two pitiful voices were heard almost at the same time.

The master of the ning family and uncle long looked in the direction of the sound curiously.

"Grape, what's wrong?" The master of the ning family asked, pretending to be puzzled. Didn't they just finish eating? Why was this pair of gluttons hungry again?

The two hungry voices belonged to the fire Wolf father and son duo.

"They said they were hungry and kept pestering me to get them food." Grape walked to master ning and uncle Long's side and said gloomily, damn it! It had only been less than an hour since they had eaten, and the pair of foodies were hungry again. Furthermore, they had eaten the most during the meal just now! I really don't know why they like to be hungry so much! She was helpless.

Moreover, ever since they had eaten the food she had cooked, this father and son pair had been pestering her, always asking her to make food for them, which made her extremely annoyed!

Especially that damn little fire Wolf. It used to despise her cooking skills, but after knowing that the dinner of these people was made by him and lotus seed, and that its miss rarely cooked, it unwillingly stuck to her! However, what she couldn't understand was why the father and son only looked for her for food and not the Lotus seeds!

In fact, it wasn't without reason that this father and son pair had targeted her.

In their eyes, although the grapes looked fierce on the outside, they were kind on the inside and easy to talk to. On the other hand, although lotus seed looked rather peaceful, she was not as easy to get along with as the grapes. As for Leng ruoxue, they did not dare to pester her to get them food. So, they naturally pestered the grapes.

"Didn't you just eat? Why are you hungry again?" Master ning was speechless. How much could this father and son eat? It was reasonable to say that cultivators would not get hungry so easily. Furthermore, Xue 'er and the rest basically ate three meals a day. This was the eating habit of ordinary people! For gods, they didn't need to eat so frequently, but this father and son were obviously unusual!

"Yes, I'm hungry again!" The Little Red Wolf nodded its little head in all seriousness. Then, it pouted its little mouth in grievance. Its dark round eyes were glistening with tears, as if it was about to cry again.

"Don't cry! I'll beat you up if you dare to cry!" Seeing this, grape quickly threatened. The wolf Cub had no choice but to hold back its tears and look at grape pitifully.

"I'm your young lady's Beastie, you can't be so fierce to me!" The wolf Cub mustered up his courage and reminded.

"MMH! My son is right, I'm the Father of your Little Miss and Beastie, you can't be so fierce to us!" Father Wolf also added. After saying that, his bright black eyes looked at the grapes expectantly, as if saying, 'hurry up and make me something to eat!'

Listening to their shameless words, grape's face turned from white to green, and then to black. Then, she roared, ""F \* ck your Little Miss's Beastie and Little Miss's Beastie's father! I'm also miss's maidservant! Don't try to show nepotism in front of me! I'm telling you, miss doesn't like this! Hurry up and disappear from my sight! Otherwise! I'll go to your mother and your wife to tell on you!"

The grape threatened angrily. If it wasn't for the fact that she couldn't beat this crazy old fire Wolf, she would have beaten it up! It was really too infuriating! What the hell is this? A good Beastie has learned to be bad, really the upper beam is not right, the lower beam is crooked! This Wolf father and son duo were not normal at all!

"Mom can't let me go hungry either!" The Little Red Wolf lowered its head in fear, but it still muttered fearlessly.

"MMH! That's right! My wife can't stop me from eating!" Father Wolf continued to echo.

### [Chapter 1827 Master Recognition \(3\)](#)

"Dammit! I can't take it anymore!" Grape was furious! She really wanted to curse! But the next second, she strode out of the garden full of resentment. As she walked, she consoled herself, "calm down!" He had to be calm! He couldn't be angered by this father and son, or he would become a joke!

Watching grape's back, master ning and uncle long looked at each other and laughed out loud.

"Hahaha!" The two of them laughed so hard that they were on the verge of tears. This was really too funny!

"Grandpas, what are you laughing at?" Seeing the ning family head and uncle long laughing so happily, the little fire Wolf asked with a puzzled face, and a trace of shyness appeared on his face. It couldn't afford to offend these two old grandpas, so it had always been obedient and cute in front of them.

"I'm laughing at you guys. You guys are so cute!" The master of the ning family said happily.

"Hehe! Thank you for your praise, Grandpa ning!" The Little Red Wolf said a little embarrassedly. After saying that, it even lowered its head shyly.

"Uh!" Hearing the little Wolf's words, master ning's forehead was full of black lines. He knew that this little guy couldn't be praised. Once he was praised, he would get carried away! Moreover, what he said just now wasn't a compliment, was it?

Seeing through master ning's thoughts, uncle long lowered his head and chuckled.

Suddenly, a deafening roar was heard.

"Damn it, you're here to embarrass me again?"

With that, a red lightning appeared in the garden. Needless to say, the mother wolf was here to catch the wolf!

"Waa! I'm here, I'm so scared!" The Little Red Wolf jumped into the arms of the master of the ning family exaggeratedly, seeking protection.

Father Wolf also wanted to hide, but his body was too big. Before he could escape, he was caught by his wife.

The fierce female Wolf grabbed the huge fire Wolf's ear like a Wolf and roared, "You glutton! You only know how to embarrass yourself! Let's go! Come home with me and I'll discipline you!"

After she finished speaking, the relatively petite female Wolf very valiantly dragged the pitiful, but not angry, and not daring to speak, huge fire Wolf out of the house. As for the little Wolf, it was ignored by the female Wolf. Anyway, the little guy had already recognized its master, and as its mother, it could not care too much.

After they left, the master of the ning family couldn't help but ask curiously, "Little fellow, what is your family's discipline?" He didn't expect wolves to have family laws. This was really unheard of!

"Mom said that gossiping is not a good child." The wolf Cub stared at him with its round black eyes and said very seriously.

"Uh!" Hearing this, the master of the ning family couldn't help but pull a long face. He was speechless, but uncle long couldn't help but laugh even more happily.

"Hahaha!" Uncle long laughed without restraint. Looking at these energetic and cute little guys every day, he felt a lot younger.

"Uncle long, why are you smiling so happily?" At this moment, Leng ruoxue walked into the garden with the demon. When she heard the laughter coming from the garden, she could not help but ask.

"Xue 'er, you're too late. Didn't you see a good show of a fierce wife disciplining her husband?" Uncle long said with a smile.

"What fierce wife scolding husband?" Leng ruoxue was confused.

However, as soon as she finished speaking, she heard a series of painful wails accompanied by moans coming into the house. Leng ruoxue's face darkened. When did the sound insulation of this house become so bad? Even the sounds from outside could be heard.

"It's my mother who's punishing father! Ai! Poor father! I'm afraid I won't be able to get out of bed for a long time again." The little Wolf said faintly, but its words were particularly intoxicating, making people's imagination run wild.

Seeing this, Leng ruoxue couldn't help but sigh. Children these days were really mature!

The truth was just as the wolf Cub had said. The wolf Cub's father had not appeared in front of the public for quite a while. In the words of the female Wolf, her husband was tired and resting!

Upon hearing this, Leng ruoxue came to a conclusion.

Like mother, like son, this was really not a family, not one family!

The wolf Cub's father had been punished by his wife and was unable to appear in front of the crowd. The only one pestering the grape for food was the wolf Cub. However, the wolf Cub's words carried little weight and it couldn't cause any big waves on its own. Thus, the grape often ignored its existence. Whenever the wolf Cub complained to its master that the grapes were abusing children and not giving it food, Leng ruoxue would give the wolf Cub a good spanking. The wolf Cub was her Beastie now anyway. She restrained her Beastie and no one could say anything.

However, the wolf Cub was a typical example of someone who only remembered to eat but not to be beaten. Even though it said that it would remember every time it was beaten, it would return to its old ways once it encountered food and forget what it had said. As time passed, Leng ruoxue was too lazy to pay attention to it, and the grape naturally ignored it even more!

Time passed.

In the blink of an eye, he had already stayed in the fire Wolf clan's territory for nearly half a month.

In this half a month, Leng ruoxue's relationship with the magical beasts had improved by leaps and bounds. In this period of time, there were even more magical beasts who expressed their welcome to Leng ruoxue, saying that they welcomed her to settle down here.

On the last day of the deadline that Godfather had given, all the magical beasts in the land of demons had agreed to let Leng ruoxue set up her territory here. This situation was within Leng ruoxue's expectations.

However, only the master of the ning family was not very happy to hear this news.

On the evening of the last day of the deadline, the master of the ning family called Leng ruoxue to the living room and looked at her with a serious face. "Xue 'er! Today is the last day!"

"I know, Godfather. All the beasts in the land of evil demons have agreed for me to set up my territory here, so you won't object to it, right?" Leng ruoxue said with a light smile. Her expression was extremely relaxed.

"Xue 'er! Back then, the condition we agreed on was that they had to acknowledge you as their master, even if it was only one branch of the beast clan. But now, it seems that other than that Little Wolf, no other beast has acknowledged you as their master. So, you have not fulfilled my request. " The master of the ning family laughed evilly, a cunning look in his eyes.

However, would Leng ruoxue let him do as he wished?

"Godfather! Why don't you tell me this tomorrow? If you don't agree because the beasts don't recognize you as their master, then you can tell me about this tomorrow! According to our original agreement, I'll lose tomorrow. " Leng ruoxue said calmly. There was not a single trace of panic on her beautiful face.

"I'm your Godfather, how can I be so unrefined! Moreover, today is the last day, so I naturally have to remind you. Otherwise, if I tell you tomorrow, you'll blame me for it. " The master of the ning family said righteously. In fact, the reason why he chose to say it tonight was because he didn't believe that this little girl could make a beast clan recognize her as its master in one night.

#### [Chapter 1828 Master Recognition \(4\)](#)

"Then, thank you for your reminder, Godfather." Leng ruoxue laughed. She then called Feng Da in and instructed him, ""Feng Da, go and tell the beasts in the land of demons that I can't set up my territory here because none of the beasts have recognized me as their master. This is the basic requirement for Godfather to allow me to set up my territory here!"

"Yes! Miss!" Feng Da replied, then turned around and left with a snicker.

"Little girl Xue 'er, have you thought it through?" Leng ruoxue's words made master ning laugh to himself. He was indeed smart! This time, Xue 'er had no other way! This result made him even more smug.

"En!" Leng ruoxue nodded, not saying a word.

After a while, Feng Da came back.

"Miss, the representatives of the beast clans want to see you." Feng Da reported.

"Oh! Are you done with them?" Leng ruoxue asked despite knowing the answer.

"I'm done. After they heard it, they were a little agitated, so they strongly requested to see you." Feng Da laughed in his heart.

"Then let them in!" Leng ruoxue nodded.

Then, Feng Da left the living room. When he reappeared, he was followed by a group of orcs. These orcs were the representatives of the orcs in the land of demons, and they all had a lot of power.

"Miss Leng! We've already agreed to let you set up your territory here, so how can you leave? What are we going to do if you leave?" The black bear was the one who spoke like a resentful husband. After saying these words, its huge bear face was filled with a trace of hidden bitterness. Woo ... After spending time with Leng ruoxue, they had already fallen in love with this human. On top of that, she was also an Alchemist. Hence, they did not want her to leave even more.

On the way here, they had secretly communicated with each other. Everyone had expressed that they would spare no effort to make Leng ruoxue stay. This was also for their common interests. Therefore, this matter had to be done.

"I don't want to leave either, but I made an agreement with Godfather. If I make this place my territory, I have to take in a beast clan here for my own use. Otherwise, it's my loss." Leng ruoxue said helplessly.

"Miss Leng, do you mean that as long as there's a beast clan that acknowledges you as their master, you can stay here?" The black bear asked again. At this time, it seemed to have become the spokesperson of all the beasts.

"Yes, this is Godfather's request! Otherwise, even if you don't object, Godfather won't admit it." Leng ruoxue said, feeling wronged. Her words made master ning feel as if he was sitting on pins and needles.

"Xue 'er, didn't we agree on this before? Why am I the one who doesn't acknowledge my debt?" The master of the ning family said with a face full of hidden bitterness. Wu ... He also felt wronged, okay?

"Mm! That's right, we had an agreement back then. " Leng ruoxue nodded her head in comfort.

At this time, the black bear asked again, "miss Leng, do you have any requirements for ORCC's race?"

"There's no requirement for this. " Leng ruoxue looked at her Godfather and chuckled.

"Then it's easy. At most, we'll arrange for a beast clan to recognize you as their master!" When the black bear heard Leng ruoxue's words, he immediately beamed with joy.

"This isn't very good, is it? I don't want to force you. " Leng ruoxue pretended to hesitate, but she could not help but laugh in her heart. This time, Godfather had no other way!

In fact, after hearing the fat black bear's words, the master of the ning family was indeed a little dumbfounded. How, how was this possible? How could such a thing happen? If he hadn't seen it with his own eyes, he would never have believed that such a situation really existed. This was truly too strange! He was even more depressed.

"I won't force you. We've already discussed it. Furthermore, it's absolutely voluntary." The black bear promised. In reality, when they were discussing which beast clan to acknowledge as their master, they almost started fighting. It wasn't because they didn't want to acknowledge Leng ruoxue as their master, but because the number of beast clans who wanted to acknowledge her as their master was simply too many. If it wasn't because they felt that Leng ruoxue might not be able to take on 'so many of them, they wouldn't have fought so hard over a single slot and almost started fighting.

"Done discussing? Then which of your beast tribes will recognize me as their master?" Leng ruoxue asked curiously.

"It's the silver rat clan," The black bear said with some embarrassment. Among all the beast clans in the land of demons, the silver rat clan was the weakest, but at the same time, they were also the clan with the largest number of people. Moreover, although their strength was low, their ability to gather information was first-class. As for why the silver rat clan had fought for this quota, it was not necessary to explain to outsiders. In short, it was difficult to explain in a few words!

The black bear's answer surprised Leng ruoxue. She had never thought that she would have a rat as her beast. However, it was fortunate that this silver rat clan was different from the rats that caused harm everywhere in her previous life. In reality, the silver rats in the divine world were extremely beautiful. They had a body full of silvery-white fur and shone with an enchanting radiance. Furthermore, they were only the size of an infant's fist and looked extremely small and cute. The only flaw was that their strength was too low, even if they were the king of silver rats. The highest of them only had the strength of a fifth ranked sacred beast. As for the ordinary silver rats, most of them were not even divine beasts. It was not that they could not continue to advance, but it was extremely difficult for silver rats to cultivate, so advancing to the next rank had naturally become an extravagant hope.

"Master!" After Leng ruoxue listened to the black bear's words, she didn't say anything for a long time. The silver Rat King thought that Leng ruoxue was not satisfied with its strength, so it let out a soft cry of grievance and timidness. A layer of mist appeared in its pair of Black Pearl-like eyes, and it peeked at Leng ruoxue pitifully.

"Yes, let's do it!" Leng ruoxue came back to her senses and said helplessly as she looked at the silver Rat King's pitiful little face.

"Yes! Master!" When the silver Rat King heard this, it happily jumped onto Leng ruoxue's shoulder. Following that, the contract's rules appeared and enveloped the man and the rat within it. After the rules disappeared, the silver Rat King became Leng ruoxue's beast. As the king of a clan, it had a contract with its own clan. Thus, the entire silver rat clan naturally became Leng ruoxue's.

#### [Chapter 1829 Gathered At Imperial City \(1\)](#)

After the master recognition ceremony ended, all the beasts looked at the silver Rat King with envy. The silver Rat King shyly jumped onto Leng ruoxue's shoulder. When the master of the ning family saw this scene, the depression in his heart could not be described with words.

He couldn't understand why it was like this. He had thought that victory was in his grasp, but who knew that things would take a turn for the better? now, even if he wanted to object to Xue 'er setting up a territory here, he had no reasonable reason to do so. Sob ... At the thought of this, the master of the ning family looked at Leng ruoxue with more resentment.

Leng ruoxue caught a glimpse of her Godfather's gaze and felt helpless. She knew that her Godfather was definitely unwilling, but it was a pity that things had already come to this. It was useless no matter how unwilling he was. She laughed in her heart.

"Godfather! I've already fulfilled your request." Leng ruoxue smiled as she reminded him.

"Yes." "Yes," master ning responded unhappily, and then turned his head angrily, not looking at the slightly smug little girl. It was really infuriating! He thought to himself indignantly, "if other people wanted to take in a Beastie, they would have to spend a lot of effort. But this girl wanted to take in a Beastie, and a Beastie just had to come to her door on its own. This is really infuriating!" He was a little envious and jealous.

"Godfather, this time you won't object to me setting up the territory here, right?" Leng ruoxue asked despite knowing the answer.

"You bad girl, what's the point of me objecting?" The master of the ning family glared at her and roared.

"Of course it's useless, because I've already done what you asked." Leng ruoxue said with a smile.

"Then why are you still asking me?" The master of the ning family was furious and shouted at the top of his voice.

"I just wanted to remind you, in case you renege on your debt!" Leng ruoxue said, feeling a little wronged. However, she was secretly laughing in her heart.

"Don't worry! I won't renege on my debt!" Master ning's face was livid. After he finished speaking, he flicked his sleeves and left.

"Godfather!" Leng ruoxue looked at her Godfather's back and called out softly. However, master ning was so angry that he didn't even look back and left the living room.

"Al!" Seeing this, Leng ruoxue sighed helplessly. Godfather was like a child at times, he needed to be coaxed!

Following that, Leng ruoxue turned her gaze towards the spiritual beasts in the house. After expressing her gratitude for their arrival and cooperation, Leng ruoxue let Feng Da send them back. Since the silver Rat King had become her spiritual beast, it naturally stayed behind.

As she looked at the beautiful and petite silver Rat King, Leng ruoxue's gaze became gentler. She asked curiously, "Silver Rat King, how many members does your silver rat clan have?"

"Master, our silver rat clan prospers very quickly, and there are at least tens of thousands of clansmen. However, it's a bit difficult for us to cultivate, so the strength of our clansmen isn't very high." The silver Rat King spoke the truth. As it spoke, it even lowered its little head, as if it was afraid that Leng ruoxue would despise its people.

"Oh! Do you have any skills?" Leng ruoxue asked again.

"There is! We silver rats have many eyes and ears, so it's hard to hide anything that happens in the land of evil demons from us. " Speaking of the silver rat clan's special skill, the silver Rat King raised its head and puffed out its chest as it looked at Leng ruoxue with pride on its little face.

When Leng ruoxue heard the silver Rat King's words, she was a little surprised. She didn't expect the silver rat clan to have the potential to be spies. However, she was quite interested in this ability.

"Silver Rat King, since your people have such abilities, then let them be in charge of the intelligence gathering work in the evil demon land! If any strangers come to the land of demons, tell them to keep a close eye on them and report to me if anything happens. " Leng ruoxue thought for a moment and ordered.

"Yes, sir!" The silver Rat King raised one of its small claws, half-raising it above its head, as if it had accepted an extremely glorious mission, and said in an unusually serious manner.

"Master! I have a situation report right now, I wonder if you want to hear it?" Then, the silver Rat King asked in a low voice with a mysterious expression.

"What's the situation?" Leng ruoxue was very surprised. She had just finished speaking and this little fellow already had something to report? Wasn't this speed a little too fast?

"It's about the situation of the beasts in the land of the demons. " The silver Rat King said truthfully.

"What?" Leng ruoxue's beautiful face was filled with question marks.

"Master! It's like this, we silver rats have lived in the land of evil demons for many years, so we're very familiar with the beasts here. We also know some of their gossip, which is also a secret that many beasts don't want people to know. However, you're my master, so I don't think I should hide anything from you. " The silver Rat King explained.

"Uh!" The silver Rat King's words made Leng ruoxue's forehead fill with black lines. So this little fellow wanted to tell her the gossip about the beasts in the land of demons! She had thought that he had some important news!

"Master! Aren't you interested in these things?" The silver Rat King did not sense Leng ruoxue's excitement, so it asked in a very small manner.

"Little silver mouse, tell me first. If I know this, what use would it be to me?" Leng ruoxue gently stroked the silver Rat King's little head and asked in a speechless manner.

"Master! It's very useful!" The silver Rat King nodded with great effort.

"Eh? What's the use of them?" Leng ruoxue's curiosity was piqued.

"Master, if the beasts in the land of demons make you angry, or if they don't listen, you can use this to threaten them. It's very effective! Hehe! I can become master's Beastie, but no Beastie will fight with me for my master because I know their gossip. They are afraid that I will tell others about their embarrassing things, so they don't dare to fight with me for my master!" The silver Rat King said with pride.

"Uh!" The silver Rat King's words made Leng ruoxue speechless once again. She never thought that the inside story of the silver rat clan acknowledging a master was actually because they were afraid that her scandal would be exposed. However, this silver Rat King was quite smart and knew how to make use of its own advantages. Otherwise, it wouldn't have become her Beastie.

"Master! Our silver rat clan is very weak, and there are too many magical beasts who want to recognize a master as their master. Thus, I had no choice but to use this plan. " The silver Rat King was afraid that its master would misunderstand it as a despicable little mouse, so it quickly explained.

"It's okay. As the saying goes, all is fair in war. You're very smart to think of using your own advantages to achieve your goal!" Leng ruoxue praised.

"Master! You don't blame me?" The silver Rat King asked with uncertainty.

"I don't blame you! You're already my Beastie, why would I blame you!" Leng ruoxue said with a faint smile. She then urged, "Little silver mouse, from now on, the safety of our territory will be in the hands of your people!"

"No problem. Master has handed the safety of the territory to us. You can rest assured!" The silver Rat King promised.

"Yes, let's go. I'll bring you to meet our own people." Said Leng ruoxue. With that, she left the hall with the silver Rat King.

### [Chapter 1830 Gathered At Imperial City \(2\)](#)

After introducing Feng Da and the others to the silver Rat King once again, Leng ruoxue brought the silver Rat King into the bracelet. She wanted to introduce Qing Jue to it, but the moment the silver Rat King entered the bracelet, it was completely dumbfounded.

The silver Rat King's eyes were wide open as it looked at the scene in front of it in disbelief. It even rubbed its eyes with its small claws to confirm that it was not seeing things.

W-where was this? The spiritual Qi here was so dense that it felt so comfortable that it wanted to roll on the ground. The next second, the silver Rat King saw a white and chubby little baby appear in front of it, looking down at it.

"H-Hello!" The silver Rat King stammered as it recovered from its shock. Its beastly instincts allowed it to clearly understand how powerful this little baby was. At the very least, this little baby wasn't someone it could afford to offend.

It had to be said that Beastie's senses were very sharp. As the weapon spirit of the universal bracelet, other than Leng ruoxue, all the humans and beasts that entered the bracelet would be restricted by him, the head butler. This was the right of the weapon spirit. He was the owner of the bracelet, and his owner was Leng ruoxue.

"Little rat, I'm Qing Jue, the chief butler of this place. If you need anything in the future, just come and find me. As for our master, who is my sister, it's best not to bother her unless it's something important. Her fiancé is very fierce. If you pester my sister and he finds out, you'll have to bear the consequences!" Qing Jue reminded her with an evil smile. When Leng ruoxue heard Qing Jue's words, the corners of her mouth twitched. She did not know why Qing Jue was trying to ruin the reputation of a demon.

"Oh! I got it. " After the silver Rat King heard Qing Jue's words, it looked at him gratefully and couldn't help but sigh in its heart. 'This is a good man!'

Then, Qing Jue took the initiative to show the obedient silver Rat King around the space. He also told it in detail where it could go and where it could not go.

After walking around, the silver Rat King had a general understanding of this place. The more it understood, the more it felt fortunate. It was fortunate that it had snatched this spot to recognize its master. Otherwise, how could it have entered such a beautiful place! It was very satisfied with this place. Furthermore, this place was very beneficial for its cultivation.

Thinking of this, the silver Rat King could not help but grin foolishly.

Qing Jue looked at the silver Rat King's silly appearance, not surprised at all. With a thought, he left it in the garden and went back to his work.

At the same time, the depressed master of the ning family ran to uncle Long's room and complained to him.

Uncle long frowned as he listened to master ning's endless complaints, but as he listened, he actually felt like sleeping.

Seeing his eyelids drooped down, master ning roared in his ear angrily, ""Old whale! You're drooling!"

"Uh! Where was it? Ning family boy, you dare to lie to me?" Uncle long, who was half-awake, wiped the corner of his mouth subconsciously when he heard master ning's words, only to find that he had been fooled, which made him angry.

'Damn it!' It was clearly the ning family's boy who pulled him and complained non-stop. It wasn't his fault that he was tired from listening, so why did he lie to him?

"You fell asleep!" Master ning's eyes were wide open, and his anger was surging.

"You've said the same thing several times. It would be strange if I didn't fall asleep!" Uncle long said helplessly.

"I ... I just wanted to find someone to chat with! I'm panicking. " The master of the ning family said with an aggrieved face after hearing uncle Long's words.

"What's the big deal? Really," Uncle long was speechless. Was such a trivial matter worth him acting like this?

"I didn't expect things to take a turn. I was going to win." The master of the ning family said unwillingly.

"Ning family boy, if I say that you can't win at all, would you believe me?" After staring at the master of the ning family for a long time, uncle long sighed and said with a little sympathy.

"Of course I don't believe it!" The master of the ning family said, unconvinced.

"Ah! Concern is a mess! In fact, the little girl is not as weak as you think. Don't forget, she was the one who saved you from the secret realm. If she hadn't gone, you would probably still be trapped in there! Since she has that ability, why are you still worrying for nothing! Even her own grandfather and brother aren't as naggy as you!" Uncle long couldn't take it anymore.

"What do you know? How do you know that they're not like this in private?" The master of the ning family couldn't help but shout again.

"I saw it with my own eyes. They are not like you. In fact, they trust the little girl a lot. You're always worried about this, what's there to worry about? if you ask me, you should just find a rope and tie this little girl to your side. " Uncle long suggested.

"You ... You're trying to anger me to death, aren't you?" Uncle Long's words made master ning even angrier. Hmph! He wanted to tie Xue 'er to his side, but would that little girl do it?

"Good advice is unpleasant to the ear! Whether you listen to me or not, I have to remind you that it's time to send someone to the Divine Master's estate to file the case for the little girl's territory. Otherwise, the little girl and the others won't be able to participate in the elite competition. " Uncle long reminded him. He was afraid that the ning family's kid would get angry and forget about the important matter. After all, the elite gathering was going to start in half a month.

"I know! I've already sent people over. " The master of the ning family said gloomily. Although he felt aggrieved, he would not go back on his promise to Xue 'er. So, after the matter of the territory was settled, he had already sent people to the Divine Master's estate to file the case for Xue' er's territory.

"Since you've already sent people, why are you still so depressed?" Uncle long didn't understand him. This old man was just looking for trouble!

"Can't I find someone to vent my anger on?" Master ning's eyes widened and he said fiercely.

"Alright! How can it not work? but, my ears are getting calluses from listening to it. Why don't you go and complain to someone else?" Uncle long suggested.

"No! I can't find anyone else other than you. " The master of the ning family said shamelessly.

"So you're still clinging to me?" Uncle long was a little speechless. The boy from the ning family had lived for a long time, but he was still like a child when he was willful. To be honest, even the little girl was more sensible than him!

"That's right! I'll be depending on you. " The master of the ning family smiled a little wretchedly. In fact, he mainly thought that uncle long was older than him, so it wouldn't be too embarrassing to complain to him. If he really listened to uncle long and complained to others, how could he face others in the future?

"You brat, you've got guts! Let's go, I'll have a one-on-one fight with you!" Uncle long was furious, and the consequences were severe!

Then, uncle long grabbed the collar of the master of the ning family and dragged him out of his house.

As for the location of their one-on-one fight, no one knew. However, after the fight, the obvious blue and purple scar on master ning's face had left a deep impression on everyone because the scar on master ning's face had been there for a long time.
