

Crazy Wife 1831

[Chapter 1831 Gathered At Imperial City \(3\)](#)

Although many people were puzzled as to why the master of the ning family didn't give them healing pills, no one was too embarrassed to ask because of his status. In the end, it was the silver Rat King who cleared their doubts, because uncle long had said that he would let the master of the ning family remember this profound lesson, so he was not allowed to eat healing pills and had to let the wound on his face heal by itself!

If the master of the ning family dared to disobey his orders, he would bear the consequences! As for what he meant by conceited, everyone guessed that he meant that he would be beaten up even more severely. After learning about this, everyone felt 120000 points of sympathy for the ning family's master, and even their attitude towards him was much better than before. This change made the ning family's master depressed for a while.

As for uncle long, after beating up the master of the ning family, he felt that the old man had become more honest, so he didn't bother him anymore. Therefore, he was happy every day.

A week later.

The person the master of the ning family had sent to the Divine Master's residence to put Leng ruoxue's territory on record had returned.

After passing the proof of ownership to Leng ruoxue, Leng ruoxue started to build a place for them to stay. However, they were about to head to the elite gathering, so they only selected a location and built the rough framework of the house.

Leng ruoxue's territory was the mountain that she had chosen previously. That mountain was the tallest one in the land of evil demons. It covered a large area and there were only two very small beast clans living on that mountain. They had also become Leng ruoxue's neighbors.

The main body of the house built this time was still designed according to the design of their home in the water Margin continent. This was mainly to satisfy his grandfather's homesickness. In addition, two courtyards were built next to the main residence, one on the left and one on the right to guard the main residence. This was also the request of the ning family's master, because he would come to live here from time to time, and the courtyards were prepared for his subordinates and visiting guests to live in.

After the frame of the house was completed, the beasts in the land of demons took the initiative to take on the remaining construction work. Although they were not very particular about their own residence, they attached great importance to where Leng ruoxue would be staying in the future. After Leng ruoxue handed them the drawing of the house, she left the land of demons with master ning and the rest.

It was less than a week before the elite competition. Leng ruoxue and the rest traveled day and night and finally arrived at Yu city the day before the competition.

The moment they entered the Imperial City, Leng ruoxue's first thought was that there were too many people. It was not an exaggeration to describe the streets as packed with people. At this moment, Leng ruoxue and the others were not in disguise. Hence, their group attracted countless gazes. However,

most of them were stunned and jealous. There were also many people who revealed friendly smiles towards them.

Secondly, the Imperial City was very large and prosperous. There were many shops on the streets, and each shop was luxuriously decorated. The major guilds in the Imperial City were also very rich and magnificent from the outside. In short, everything in the Imperial City matched the Supreme status of the Divine Master's estate.

Not long after they entered the Imperial City, the elder of the ning family, who had come here first to take care of everything, appeared in front of them with a smile.

"Clan head, senior long, and miss Leng, I've been waiting for you for a long time." The one who spoke was a short and chubby middle-aged man. He was also an elder in charge of Foreign Affairs in the ning family. Among the elders of the ning family, his status was very ordinary. However, because he was smooth enough, he was in charge of Foreign Affairs in the ning family.

"Yes." The master of the ning family nodded slightly, then ordered, ""Take us to the courtyard!"

"Yes!" The Foreign Affairs elder quickly responded.

Then, he led the way.

Generally speaking, when all the great clans of the divine realm came to participate in the elite competition, they should stay in the inn arranged by the divine lord's estate. However, as the head of the eight great divine realms, the ning clan had its own courtyard in the Imperial City. Thus, a super clan like them naturally did not need to squeeze into an overcrowded Inn like the other clans. Those who possessed such a privilege were all influential forces in the divine realm.

When they arrived at the ning family's courtyard, the ning family's Foreign Affairs elder first arranged rooms for Leng ruoxue and the rest. Then, he respectfully waited in the living room for Leng ruoxue's instructions.

Actually, with his status, there was no need for him to bow and bend his knees. However, he was very clear about Leng ruoxue's position in the family head's heart. Hence, he subconsciously lowered his attitude. After all, in his opinion, pleasing Leng ruoxue was equivalent to pleasing the family head. No matter how he looked at it, he would not be at a disadvantage.

Seeing him like this, Leng ruoxue could only tell him clearly that she had nothing for him to do. When the Foreign Affairs elder saw this, he turned around and left in embarrassment.

After the Foreign Affairs elder left, Leng ruoxue heaved a sigh of relief. To be honest, she didn't like it when people tried to please her deliberately. Their motives were too strong.

Seeing that Leng ruoxue seemed to have heaved a sigh of relief, the demon couldn't help but chuckled and teased, ""Hahaha! Xue 'er, if that Foreign Affairs elder knew that you didn't like this, I wonder if he would be disappointed!"

"He should be!" Leng ruoxue felt helpless.

"Then let him be disappointed!" The demon laughed evilly.

"Little girl! The way you do things is really different from the rest! If it was someone else who was respected like this, I would be happy to do so, but you avoided him like a snake!" At this time, uncle long, who had nothing to do, also started to tease him. There was a gentle smile on his serious face.

"Those who are unaccountably solicitous are either evil or thieving." Leng ruoxue said with a little fear. She didn't want to be schemed against, even though that Foreign Affairs elder didn't have any evil intentions towards her.

"Who's the thief or villain here?" Suddenly, a familiar voice rang in Leng ruoxue and the rest's ears. Everyone raised their heads and saw the first elder of the craftsmen's Guild headquarters walking in from outside.

"Great elder, you've come." The moment Leng ruoxue saw first elder, her beautiful face broke into a smile.

"Little girl! I haven't seen you for so long, and you didn't miss me? You're really too heartless. " The first elder continued, not giving Leng ruoxue a chance to speak. As he spoke, his face was filled with intense resentment.

"Uh!" Leng ruoxue was completely speechless after hearing first elder's words. It hadn't been that long since they last met, alright? Moreover, the great elder didn't give her a chance to speak and just accused her of not missing him. Wu ... She felt so wronged!

"Little girl, you have to compensate me well!" The first elder ignored the depressed look on Leng ruoxue's face and continued.

"How do you want me to compensate you, great elder?" Leng ruoxue smiled helplessly as she asked. At this moment, even if she was slow, she could tell that the great elder was deliberately finding fault with her. She just didn't know what he wanted.

"Make me a good meal! I haven't eaten in a long time, sigh! After eating the food you guys made, I can't even eat the food that others made. " The great elder's words were very pitiful, and his face even showed a masochistic expression.

When Leng ruoxue heard this, she didn't know whether to laugh or cry.

Just for a meal, she said that she had no conscience and didn't miss him?

Even though she was helpless, Leng ruoxue still ordered grape and lotus seed to get some food for the great elder so that he would not complain about her again.

When the great elder had his fill of delicious food, his face bloomed with a smile.

"You old glutton, I was wondering why you didn't want to wait for me! So you're here to monopolize the food!" Just as the first elder was gobbling down his food, a familiar voice rang out in everyone's ears. Everyone raised their heads again and saw that it was the Cheng clan's clan head.

However, the head of the Cheng clan didn't even exchange pleasantries with them. Instead, he pounced straight to the table and snatched the food from the first elder. Instantly, everyone could only see two figures flashing here and there, and the food on the table was quickly reduced at a speed that was imperceptible to the naked eye ...

After a while.

The two of them split the food on the table.

When the master of the ning family arrived at the living room of Leng ruoxue's residence, he only saw a table full of plates and bowls, as well as the alluring aroma of dishes that wafted through the air. There were also two old men who showed no respect to their elders, leaning back on their chairs and burping contentedly. Instantly, his heart burned with anger, and he immediately dragged the great elder and the master of the Cheng family out of the living room. When they reappeared, the great elder and the master of the Cheng family were also injured to varying degrees.

The great elder and the master of the Cheng family lowered their heads in embarrassment in front of the crowd, while the master of the ning family had a trace of pride on his face. His previous gloominess had been swept away, and at this moment, he was in a very good mood.

When they saw the first elder and the Cheng family's master, Leng ruoxue and the rest understood that their Godfather was taking revenge! After all, he had been beaten up by uncle long before.

Uncle long didn't seem to want to see the master of the ning family so proud. He said with a half-smile, "Ning family's boy, you've grown up!"

"Uh! Brother long, are you used to living here? Is there anything that the attendant did not serve you well?" Hearing uncle Long's unkind words, the master of the ning family immediately became a Lackey and said with a fawning face.

"Ning family's boy, are you confused? We've only just arrived here and haven't even started living here yet! How do I know if I'll get used to it?" Uncle long said, trying hard not to laugh.

"Brother long, I think you should try staying here first. If you're not used to it or if there's anything you're not comfortable with, let me know immediately. I'll arrange another place for you." The master of the ning family quickly explained. He couldn't afford to offend this old man.

"Well, then I'll try to live here first." Uncle long said indifferently.

Hearing uncle Long's words, the master of the ning family was relieved for the time being. However, it was rare for the first elder and the master of the Cheng family to see such a fawning side of him, so they all widened their eyes in disbelief as if they had seen an alien.

"Are you old man ning?" After a long while, first elder couldn't help but ask, his handsome face full of surprise!

[Chapter 1832 Start Of The Competition \(1\)](#)

"Nonsense! If I'm not, then you are?" The master of the ning family said unhappily. He was really depressed in his heart. If it wasn't for uncle Long's Valiance, he wouldn't be in this state. However, these old fellows actually wanted to see him make a fool of himself. This was really preposterous! The more he thought about it, the angrier he became, and his gaze toward the Grand Elder and the Cheng clan's patriarch became more and more unkind.

Hmph! He couldn't do anything to the old whale, but he could deal with these two. The master of the ning family thought to himself. However, his obviously dangerous gaze made the first elder and the

master of the Cheng family instantly raise their vigilance. The two of them quietly and slowly moved to Leng ruoxue's side.

As he moved, the great elder asked, "why is old man ning So angry?" I'm not even angry at you for beating me up like this!"

After moving to Leng ruoxue's side, first elder whispered, ""Little girl, your Godfather is a little abnormal. You have to protect me."

When the patriarch of the Cheng clan heard the Grand elder's words, he hurriedly nodded and said, ""Little girl, you can't just leave me in the lurch!"

Leng ruoxue was speechless after hearing their conversation.

Aren't these two people a little too exaggerated? His Godfather's temper had not been good recently, but it was not like what they said. And she realized that she had been speechless more often recently.

The whispers between the great elder and the master of the Cheng family naturally couldn't escape the ears of the master of the ning family. After hearing them say this, his eyes widened even more, and the cold air around him began to leak out. On his stern face, the words "strangers stay away" were clearly written.

Seeing him like this, the demon couldn't help but chuckle. ""Hehe!"

Hearing this laughter, master ning became even angrier. ""You brat, what are you laughing at?"

"Master ning is so overbearing! You don't even allow others to laugh?" The demon raised his eyebrows and teased.

"That's right! Don't laugh!" The master of the ning family roared in anger.

"Young man," uncle long said with a faint smile, "you're so mighty!"

"Uh! Uncle long, I was just joking with them. " Uncle Long's words startled the master of the ning family. How could he have forgotten about this old whale?

"A joke? Is this funny?" Uncle long asked on purpose.

"Hehe! It's alright!" The master of the ning family sneered, a little at a loss. He was a powerful figure in the immortal realm, but he was really helpless in front of uncle long, who was even older than him!

"Ning family's kid, tomorrow is the elite gathering. Now is not the time to joke." Uncle long said disapprovingly. Then, he said to master ning, ""Shouldn't you tell the little girl the rules of the elite gathering?"

"I'm here to talk to little girl Xue 'er about this. " The master of the ning family quickly said, wiping the cold sweat on his forehead without a sound. Wu...With uncle long here, he was under a lot of pressure!

Then, he turned to Leng ruoxue with a bitter expression and said, ""Little girl! Tomorrow is the official start of the elite competition. There are a few things you must pay attention to. "

Master ning's face was serious when he said this. Leng ruoxue and the others looked at him attentively and listened attentively.

"First of all, don't underestimate the enemy! Secondly, don't be soft-hearted, and thirdly, adapt to the situation! As long as you remember these three points, you will definitely be successful in the elite gathering. " The master of the ning family said worriedly.

"Godfather, why don't you be soft-hearted? Isn't the elite competition supposed to stop there?" Leng ruoxue asked in confusion after hearing master ning's three points.

"Little girl! "You've asked the right question. The elite competition doesn't stop when you've pointed it out, but it's possible to kill you. Therefore, you must be extra careful during the competition. Moreover, you must not be soft-hearted when dealing with the enemy, because this may be a trap for the enemy. Therefore, you can do whatever you want in the elite competition and show yourself well. After all, this is the best opportunity for you to make a name for yourself. " The master of the ning family warned.

"Yes." Leng ruoxue nodded. After hearing her Godfather's words, she was looking forward to the elite gathering. She just didn't know if this elite gathering would live up to its name.

"Little girl, the elite competition can be very bloody sometimes, so you must not take it lightly." Uncle long also warned.

"Uncle long, don't worry! We'll be careful. " Leng ruoxue promised.

"Oh right, Xue 'er, which five people from your god tier master group should participate in the competition tomorrow?" The master of the ning family asked.

"Feng Da, Lin Yuan, and I will definitely go. The other two spots have not been decided yet." Leng ruoxue said after some thought.

"Miss, let me go!" Lu Tao took the initiative to ask.

"Alright, then you and Cuizhu! You two can take care of each other. " Leng ruoxue agreed. As for the demon, he would join the God King Group. Hence, they might not meet him.

"Thank you, miss." Hearing this, Lutao and Cuizhu were very happy. Grape and Lotus were also happy for them. After all, the elite gathering was very rare, and they also had the opportunity to participate in it because their cultivation levels were different. However, they would not be in the same group, so it was still unknown whether they would meet each other!

"Don't be too happy yet. Godfather and uncle long have said that the elite gathering is very dangerous. So, you must be extra careful, especially Cuizhu. I'm most worried about you." Leng ruoxue asked worriedly. The reason why she allowed Cuizhu to participate was because she was afraid that Cuizhu would feel bad if she saw that the other three had the chance to participate as well. The difference would be too great. After all, the four of them had always been together.

"Miss, I will be careful." Cuizhu's cheeks were slightly red as she said in embarrassment.

"Miss, I will also keep an eye on her." Seeing this, Lu Tao quickly promised.

"You guys might not end up together, so how are you going to watch?" The master of the ning family couldn't help but pour cold water on them when he saw their sisterly love.

"The competition of the elite competition is held in a special space. Moreover, it's not a one-on-one battle. It could be one-on-two or even more." The master of the ning family continued.

"Godfather, is there anything special about this special space?" When Leng ruoxue heard this, she couldn't help but ask curiously.

"Little girl! This special space was personally created by master Yu for the competition of the elite competition. In there, the participants from each clan will be randomly sent to the battlefield. If you are lucky, the strength of the participants in the battlefield will be weaker, and if you are unlucky, you will be in danger of losing your life. " The master of the ning family explained patiently.

"Then on the battlefield, will it be a chaotic battle?" Leng ruoxue could not help but ask.

"Not really. Every battlefield is very large, so you might not be so unlucky as to encounter a group of enemies. However, anything can happen on the battlefield. There are also temporary alliances to deal with others. That's why I told you to adapt to the situation. In short, whether you can survive and achieve good results in there is all up to you." As master ning spoke, he started to worry again, and the way he looked at Leng ruoxue also became extremely resentful.

[Chapter 1833 Start Of The Competition \(2\)](#)

Seeing this, Leng ruoxue's forehead was filled with black lines. She thought to herself, 'Godfather is worried again.' However, she couldn't let her Godfather's heart turn cold because of his good intentions. So, she smiled and said, ""Godfather, you should believe in our strength. By the way, how's the strength of the ning clan's contestant?" She changed the topic.

"Although he's not the ning family's top elite, his strength is still passable." After hearing Leng ruoxue's words, master ning said.

"Then if we meet them on the battlefield of the elite gathering, should we help each other out?" Leng ruoxue asked with a smile.

"That would be for the best, of course." The master of the ning family nodded. In fact, he had the same idea, but Xue 'er had said it first.

"Godfather, then please send someone to bring Feng Da and the others to get to know your ning family's representative! In case they don't know each other on the battlefield. " Leng ruoxue suggested.

"Alright," he said. The master of the ning family nodded, and then he shouted towards the outside of the hall, ""Men!"

Then, two guards walked in.

After the master of the ning family gave some instructions, the guard left the living room with Feng Da and the others.

After they left, the Cheng clan's clan head looked at Leng ruoxue with hidden bitterness. His face was filled with dissatisfaction as he said, "Little girl, you're so biased! Why don't you try to get closer to our Cheng family? Our Cheng clan can also form an alliance with you on the battlefield. "

"Uh! Forget about the Cheng family!" Leng ruoxue said with a slight headache. After the incident at the mystic realm, it was hard for her to have a good impression of the Cheng family. Naturally, she would not want to mix with them again.

"Little girl, how can you be so biased?" Leng ruoxue's words made the head of the Cheng family feel embarrassed as he complained.

"So what if I'm biased? I'm her Godfather, so shouldn't she be biased towards our ning family?" Not used to seeing the Cheng family's master acting pitiful, the ning family's master was very protective.

"But I'm not an outsider!" The head of the Cheng clan said shamelessly.

"I'll say something fair! Old Cheng! Compared to us, you really are an outsider. " At this time, the first elder also spoke.

After hearing their conversation, the master of the Cheng clan was very depressed. However, he did not give up and continued to ask Leng ruoxue, "Little girl, do you think I'm an outsider? Whatever they say doesn't count, I want to hear it from you!"

Leng ruoxue was rendered speechless by master Cheng's stubbornness. Her forehead was filled with black lines. What was she supposed to say? Although she really wanted to say yes, she was afraid of hurting the Cheng family's head's pride. After all, this old man was Godfather's friend. However, if she were to say such hurtful words, her heart would feel stifled and flustered. Thus, she was conflicted. This really put her in a dilemma!

"Old man Cheng, don't make things difficult for Xue 'er, you're really an outsider!" Seeing Leng ruoxue's dilemma, master ning told her the truth.

"You ..." Master ning's words made master Cheng so angry that he couldn't say anything. He instantly forgot to question Leng ruoxue and turned the spearhead to master ning.

"You're good, old man ning. You actually bully me like this. To think that we've known each other for so many years. Wu...How could you abandon me after having sex?" After a long while, the Cheng clan's patriarch finally managed to speak a complete sentence with tears in his eyes.

However, his words shocked a large number of people.

Leng ruoxue and the others looked at master Cheng in shock, then at master ning, whose face was ashen. No one was tactful enough to make fun of him, but their surprised gazes were enough to make master ning burn with anger.

"Uncle long! I'm going to beat him up!" The master of the ning family pointed at the master of the Cheng family and told uncle long.

"Uh! This is a matter between the two of you, so there's no need to ask me. " A few drops of cold sweat rolled down uncle Long's forehead as he said in a speechless manner.

"I know, I'm just saying hello to you." The master of the ning family said with a face full of flattery. Then, he glared at the master of the Cheng family.

"Cheng clan's old thing, let's have a one-on-one fight!" With that, master ning grabbed master Cheng's collar and dragged him away again.

Watching the two of them leave, everyone felt some sympathy for master Cheng, because everyone could see that master ning was really angry this time. After all, no one wanted to be said to be abandoned after having sex.

At the thought of this, everyone's gaze turned to the great elder again, causing the great elder's hair to stand on end.

"Why are you all looking at me? I didn't say that old man ning abandoned you after having sex. " The first elder said with a face full of fear.

"Great elder, did the ning family's brat really mess around and then abandon us?" Uncle long asked with a smile.

"Uh! I'm not sure, you have to ask the person involved. " The great elder shrunk his neck, obviously not wanting to get involved in the matter between those two.

"Alright! I'll ask the ning family's kid when he comes back later, and I'll say that you asked me to ask. " Uncle long said with a smirk.

"Don 't! Brother long!" Hearing uncle Long's words, the great elder wanted to cry to death. Wasn't this bullying? If uncle long really asked old man ning that, he would be the next one to be dragged out.

"Then tell me." Uncle long said with a smile.

"But I really don't know." The great elder's expression was conflicted. He was so depressed that he wanted to vomit blood. Wu ... The divine realm was truly dangerous!

"Hahaha! Uncle long, please don't make things difficult for the great elder. How could Godfather tell anyone about this?" Leng ruoxue was afraid that she would add fuel to the fire if the world wasn't in chaos. Even though she had managed to remove the great elder, she had planted the seed of suspicion on her own Godfather.

"That's true. " Uncle long nodded his head and gave Leng ruoxue face by not asking the great elder any further.

When first elder saw this, he cast a grateful glance at Leng ruoxue. Woah ... This little girl was so considerate of him! He was really touched. Then, he found another reason and left the living room in a hurry. He couldn't stay in this place any longer. It was too dangerous and full of traps!

After the great elder left, uncle long smiled happily.

"Hahaha! This old man is quite scared!" Uncle long said in a good mood.

Hearing uncle Long's words, Leng ruoxue felt extremely helpless. However, she also guessed that uncle long was too bored. Otherwise, why would he start teasing first elder again?

After a long time, the master of the ning family came back in a good mood. This time, he was the only one who returned.

"Godfather, didn't the Cheng family head come back with you?" Leng ruoxue couldn't help but laugh as she asked.

"Why did he come back with me? That old thing is too embarrassed to see anyone, so he's hiding at home. I don't think he'll dare to come back in the near future. " The master of the ning family said confidently.

"What did you do to him?" Leng ruoxue asked, feeling a little speechless.

"Nothing much, we just sparred and he lost." The master of the ning family said concisely.

Leng ruoxue believed that her Godfather's words were definitely not as simple as he made them out to be. Otherwise, why would the Cheng family head not dare to come to her house? However, would that old man really not dare to come again in the near future? She didn't believe that!

[Chapter 1834 Start Of The Competition \(3\)](#)

"Girls, there's a competition tomorrow. You should rest early today!" Afraid that Leng ruoxue would question him further, master ning reminded her and left after saying that.

The next day.

It was the official opening day of the elite conference.

Leng ruoxue and the rest followed master ning's group to the Divine Master's residence.

The competition was held in a spacious arena in the divine lord's estate. It was the largest arena in the divine lord's estate with the best facilities. It was rarely used unless there was an important competition.

As they entered the arena, they saw that the facilities in the arena were just like the divine Lord's residence's Supreme position. It was extremely luxurious and beautiful. At this moment, the seats around the arena were already filled with many people. According to Leng ruoxue's knowledge, most of the people seated there were representatives of the various clans in the divine realm. As for the participants from the various clans, they would only enter the arena a moment before the start of the competition to maintain a sense of mystery.

They were the ones who didn't follow the rules. However, it was estimated that no one would think that they were contestants, because the state they showed was too casual. In addition, they followed the ning family master, so it was not surprising that they were misunderstood as members of the ning family.

"Master ning, long time no see. I didn't expect you to come so early." Before they could step into the ning family's exclusive seats, a somewhat annoying voice rang in their ears.

Everyone looked up and saw dozens of people surrounding the head of the Yao family. They were standing not far away from them, looking at them from a distance.

"Aren't you early too?" The master of the ning family said indifferently.

"Hehe! Our Yao family has attached great importance to this elite gathering, so we naturally have to arrive early. " The head of the Yao family said with a proud tone.

"Then I wish you all good results." Master ning said perfunctorily. After he finished speaking, he wanted to turn around, but he was blocked by master Yao, who didn't know how to read the mood.

"Don't be in such a hurry to leave! Let's have a good chat. " The head of the Yao family said shamelessly.

"What do we have to talk about?" The master of the ning family raised his eyebrows and said in disbelief.

"Of course. We have a common enemy." The head of the Yao family approached the head of the ning family and whispered.

"You found his whereabouts?" Upon hearing this, master ning suddenly had an idea. If it wasn't for this, this old thing wouldn't have come to him to show off. The 'him' he was referring to was naturally master Wen.

"Yeah, I've received news that there's someone in ice city who looks like him." The head of the Yao clan said.

"What do you mean by looking like it? You can't even be sure, and you're still showing off in front of me?" Hearing this, the master of the ning family was angry. Couldn't this old thing be more reliable? She actually dared to tell him things that she wasn't completely sure of, she was really tired of living! He couldn't help but curse in his heart.

"Although I'm not very sure, it's most likely him. However, he's in disguise, so my men can't be sure." The head of the Yao clan said somewhat embarrassedly.

"Oh! Then why are you telling me this?" The master of the ning family pretended to be confused.

"You old thing, are you playing dumb? I'm telling you this because I hope you can come with me to deal with him. " The head of the Yao family gritted his teeth. Actually, he could have gone to find the person who was suspected to be the head of the Wen family himself. However, he was afraid that people would be dissatisfied if he monopolized the Wen family's divine realm in the future. Therefore, he wanted to pull the ning family along. In this way, there would not be many people in the divine world who would want to make irresponsible remarks.

"Only the two of us?" The master of the ning family frowned. He understood what the old man of the Yao family meant. It was nothing more than his intention to divide the Wen family's territory after getting rid of the old God of plagues. However, he was not too interested in the Wen family's divine realm, so he did not want to get involved in this mess. More importantly, he did not agree with the old man of the Yao family's action of excluding the others. After all, they were once comrades in the same trench. In addition, there were also the yin family and the Cheng family, so he could not do that.

"Don't tell me you want to drag in the yin and Cheng clans? If the two of them are added, then the Wen's Divine Domain will be in our hands. You have to think carefully. " The head of the Yao family made his words very clear.

"It's not just the yin clan and the Cheng clan, there are other people! Including the beasts of the endless sea. Since the old God of plagues is our common enemy, I don't think we should exclude them. That's not right." The master of the ning family said disapprovingly.

"You ..." Hearing this, the head of the Yao family was so angry that his face turned pale. He was a little reluctant to call the old man ning. If he really listened to the old man ning and called all the affected forces to deal with the old God of plagues together, what benefits would they have? If it was the Wen family of the past, they could still manage to do so. However, apart from the fact that the territory was not occupied by anyone, what else did the Wen family have?

The head of the Yao family took a deep breath and forced himself to calm down. After a long while, he said, "If we call them, it'll be good enough if we can get a piece of land as big as a fart. Is this what you want?"

"The location isn't important, what's important is everyone's friendship. Why can't you understand?" The head of the ning family said with a face of disappointment. To be honest, he was not very interested in the Wen family's divine realm. After all, it was quite far from the ning family's divine realm and it was inconvenient to manage it. Therefore, he did not want to divide up the Wen family's territory, but he also did not want the Yao family to monopolize it. Therefore, he suggested for the Yao family to gather more forces to deal with the old God of plagues together. However, he knew that the Yao family's old man would not agree easily, but it was fine if he did not agree. In any case, she would not join him in the dirty work.

"You're really that generous?" The head of the Yao family asked in disbelief.

"It's not that I'm being generous. The Wen family's divine realm doesn't belong to me. Whoever has the ability can take it! Furthermore, this is not a matter of the Yao family. If you're not afraid of incurring the wrath of the masses, you can take the Wen family's Divine Domain for yourself. I won't fight with you." The master of the ning family promised.

"When did you become so gentle?" The head of the Yao family said, somewhat exasperated.

"This isn't gentleness. I have a sense of justice!" Master ning said with a smile. After he finished speaking, he led Leng ruoxue and the others Past Master Yao to their personal seats, leaving master Yao and his clansmen standing stupidly in the passageway with a dark expression.

'Damn it!' Was he being rejected? Looking at master ning's back, master Yao felt indignant. How could he be willing to share the Wen family's divine realm with so many people like the old man ning had said? Although the Wen family's power had been uprooted and was not as strong as before, a skinny camel was still bigger than a horse. Although the Wen family was gone, the Wen family's territory was still there. Moreover, that place was one of the best places in the divine realm and had been developed by the Wen family for many years. They did not need to spend much effort to restore it to its original state. Therefore, he was extremely unwilling to share it with so many forces.

However, the old man of the ning family had made it clear that he wanted to join forces with all the forces. This result made him, who had thought that victory was in his hands, extremely conflicted.

In contrast to the Yao family's master's depressed mood, the ning family's master was very calm as he went to his own exclusive seat. After he sat down, he started nagging at Leng ruoxue and the others.

"Little girl! You must be careful and bring more pills. There's no use for them. It was because I brought too few pills back then that I lost to another guy!" Thinking of the past, the master of the ning family couldn't help but sigh.

"What?" Leng ruoxue was astonished. Even Godfather had an opponent?

"Al! It was a long story! Let's not talk about it. " The master of the ning family obviously didn't want to talk about this matter. When Leng ruoxue saw her Godfather like this, the fire of gossip actually burned in her heart. However, no matter how she tried to beat around the bush, her Godfather would not talk about this matter.

Seeing this, uncle long laughed again."Hahaha! Little girl, do you know what it means to give birth to a beauty? If I'm not mistaken, this should be a phrase that you humans often sigh with! This sentence is exactly what the ning family's boy is thinking!"

"Uh! Uncle long is indeed knowledgeable. " Leng ruoxue was stunned when she heard uncle Long's words. She didn't think that uncle long would even know about 'already born Yu' and 'he born Liang'. He even knew how to use them. This was really beyond her expectations.

"Hehe! Of course, back in the day, I've been to quite a few planes, and you weren't even born at that time!" Uncle long said proudly. He was also starting to miss the glorious days of the past.

Uncle Long's words caused Leng ruoxue to feel so depressed that black lines appeared on her forehead. She couldn't help but sigh in her heart. Of course, she wasn't born yet. Adding up her past and current lives, she wasn't even fifty years old yet!

"Hahaha! A real man doesn't talk about his past achievements, so let's not talk about the past. " Following that, uncle long consoled himself and even gave Leng ruoxue a look. Leng ruoxue understood and quickly changed the topic.

"Godfather, we're going to the next game in a while!" Leng ruoxue tried to start a conversation.

"Okay, be careful." The master of the ning family nodded and said somewhat listlessly.

At this moment, the Grand Elder of the craftsmen's Guild headquarters walked over and gave Leng ruoxue and the others some instructions. Not long after, the competition officially began.

Leng ruoxue and the rest followed the arrangement of the competition staff and followed him to the center of the arena in an orderly manner. At this moment, a teleportation door had already appeared there. Following the order that had been arranged beforehand, everyone entered the door one after another. With a flash of white light, all the participants disappeared from the arena ...

[Chapter 1835 Ji Yun \(1\)](#)

After Leng ruoxue and the others were teleported away from the arena, the master of the ning family, who was sitting in his own exclusive seat, frowned. Uncle long was surprised to see this.

"What's wrong? Worried about the little girl? You should believe in her strength. She can't be unrivaled in the God tier division. " Uncle long comforted her. He believed that the little girl could handle any emergency. He couldn't understand why the ning family's kid was always worried about this and that.

"I know, but I'm feeling a little uneasy," The master of the ning family said. He didn't know why, but he had a feeling that something bad was going to happen, and this feeling came very suddenly.

"You're thinking too much. Just watch the game in peace!" Uncle long sighed and said helplessly. They could see everything that the participants were doing in the special space through the light curtain, so they would know very soon whether the little girl was doing well or not. Therefore, he was not worried at all. More importantly, the participants were not under their eyes. Even if they were worried, it would be of no use. In that case, why should they waste their energy?

"I hope so!" The master of the ning family said weakly, and then turned his attention to the huge light screen in the arena.

At this moment, Leng ruoxue and the others had already been teleported to the various battlefields.

It was called a battlefield because the atmosphere there was very much like a battlefield. The whole special space gave people a gloomy feeling, and a trace of bloody smell floated in the sky. Even the air there was dark red, which made people feel very uncomfortable.

The moment Leng ruoxue entered this place, she was already very displeased with it. This place made her chest feel stuffy and made her feel very uncomfortable. More importantly, this place made her feel like she was going to have a big fight. Something was not right.

Seeing this, Leng ruoxue could not help but raise her guard.

Standing on the empty battlefield, Leng ruoxue lifted her beautiful eyes to survey her surroundings. As far as she could see, the area was extremely spacious and there was not a single person. Not only that, there was not even a single targeted building in the surroundings. There was also a faint layer of mist floating in the air on the battlefield.

Leng ruoxue's heart was filled with suspicion. She didn't expect to be the only one here. Then, where were the others transported to? As she thought about this, Leng ruoxue had already started to walk away.

Leng ruoxue followed her instincts and walked forward.

She didn't know how long she had been walking, but she finally walked out of the place she had been in.

After walking out of the thin mist, Leng ruoxue once again sized up the environment in front of her. This place ... Seemed to be better than the place she was at earlier. At least, she could see a sea of lush green here. The surrounding trees were very lush and she could even see a few small hills. However, the air here was still the same as before, gloomy and dark red. There were not many changes.

Leng ruoxue walked to the side of a Hill and sat down. She then contacted Qing Jue.

"Qing Jue, are you restricted in this place?" Leng ruoxue could not help but ask.

"Yes, sister. I can't sense anything here." Qing Jue said guiltily. He was very depressed that he could not help his sister.

"It's okay. I'll sit here and rest for a while. I'll continue to find the way out later. " Leng ruoxue consoled before sitting down on the small hill to rest.

While she was resting, Leng ruoxue did not forget to observe her surroundings. However, the more she looked, the stranger this place became. What she was even more curious about was how big this place was. Why was it that other than herself, there was not a single living thing in sight? In this case, who would she call?

Before they came in, the staff had told them that the competition would last for a month. Within a month, whoever won the most battles would be the final winner. The winner would only win if they received a token from their opponent. As for the token, it was naturally a Jade token given to them by the staff before the competition.

However, there was no one in front of her. Where could she find an opponent? At the thought of this, Leng ruoxue's heart was filled with endless gloominess. She casually toyed with the Jade token hanging by her waist. She suddenly felt a faint trace of divine power on the Jade token, which involuntarily attracted her attention.

Could it be that someone had left a mark on the Jade token? However, these Jade tokens were distributed by the Divine Master's estate. Who would leave such a faint divine power on them? A trace of suspicion flashed across Leng ruoxue's beautiful face. At the same time, she raised her guard even more.

After resting for an unknown amount of time, Leng ruoxue stood up and was about to leave. Suddenly, her sharp ears picked up a rustling sound from the thicket. After pondering for a moment, Leng ruoxue walked towards the direction of the sound.

As they neared the thicket, Leng ruoxue stood outside and asked loudly, "Who's inside? Come out!"

However, there was no response from the bushes.

She held the sword in her hand without making a sound. Leng ruoxue used the tip of the sword to push aside the weeds that were half the height of a person outside the thicket. Then, she brandished the sword and stabbed into the thicket.

"Argh! Don't kill me! Don't kill me! Help me!" With a flash of cold light, a voice begging for mercy came from the forest. The voice was choked with sobs.

"Who is it? Come out!" Leng ruoxue shouted. Actually, she had not used her full strength in that attack. She had only wanted to test the thing that was hiding in the thicket. She did not expect that there would really be an unknown lifeform there.

"I'm out, don't kill me! "Wu ..." As soon as he finished speaking, a young man came out of the bushes.

The young man looked like he was in his early twenties and was quite handsome. However, his face was pale and his clear eyes showed a trace of fear.

When he saw Leng ruoxue, the young man was stunned for a moment, but he quickly regained his composure.

"Don't kill me. " The young man said again with a face full of fear. His clear watery eyes were glistening, making him look pitiful. Wu ... This woman is so fierce! His father was right, women were all Tigers!

"Who are you? Why are you hiding behind the bushes?" Leng ruoxue's face was stern as she spoke coldly.

"My name is Ji Yun. I am a member of the Ji clan." The young man looked at Leng ruoxue carefully and reported his family background.

"The Ji family, never heard of them." Leng ruoxue replied indifferently. She did not care which family they were from! She couldn't let down her guard against anyone who appeared on this battlefield. Therefore, even though this man appeared weak, she didn't let down her guard.

"The Ji family is just a small family. It's normal that you haven't heard of them." Ji Yun said nonchalantly. He wasn't a top-grade crystal, so he naturally couldn't let everyone know about him and like him. He knew his own limits.

"You still haven't told me what you're doing hiding behind the bushes." Leng ruoxue continued with her previous question.

"Dodge the opponent! The competition would last for a month! If I'm discovered too early, I'll be in a very miserable state. I might even be in danger of dying. Thus, I can't let anyone discover my existence. My parents also told me that as long as I find a good place to hide after entering the battlefield and no one can find me, then after the competition is over, I will naturally be able to return home safe and sound. If I'm lucky, I might even be able to get a ranking or something!" Ji Yun said very honestly.

[Chapter 1836 Ji Yun \(2\)](#)

"Don't tell me you plan to hide here for a month?" Leng ruoxue's face was filled with black lines as she asked. There were all kinds of birds in a big forest! She had just entered this place for the first day and she had already met such a lazy guy. She really didn't know how his parents had educated their child. To tell their child's parents this, it could be considered a weirdo, right? Moreover, Qing Jue had also clearly told her that Ji Yun was speaking the truth. Qing Jue was worried about Ji Yun and had already read his mind.

"I did have that idea, but it's a pity that you found out on the first day. Wu...Why is my luck so bad?" Ji Yun's face was bitter, as if he was about to cry.

When Leng ruoxue saw this, her forehead was already covered in dark clouds. This fellow was really ...

"Let's discuss this, okay? Let's not fight anymore. I admit defeat and I can give you the Jade plate. Please spare my life! I'm not married yet! Sob...I have the elderly and the children at home, and they all need me to take care of them! They can't live without me. " Seeing that Leng ruoxue didn't respond, Ji Yun continued to complain. His words almost drove Leng ruoxue mad.

This fellow really made her speechless. Leng ruoxue was instantly rendered speechless and flabbergasted, not knowing what to say.

Her beautiful eyes glared at Ji Yun for a long while before Leng ruoxue blurted out, "Aren't you still single? where did you get the idea of having a child?"

"I still have a group of younger brothers and sisters who need me to take care of them! "And my parents, great-grandfather, great-grandmother, great-grandfather ..." As Ji Yun spoke, he counted with

his fingers. However, before he could finish his long-winded speech, he was interrupted by Leng ruoxue, who could no longer bear it.

"Stop! If you continue, I'll just kill you right now, and your family will have no one to rely on. " Leng ruoxue threatened helplessly. Even though she knew that this fellow's words had a lot of exaggerations, but seeing how he was so good at making things up, she wouldn't be calculative with him. Furthermore, winning against such a weirdo didn't give her any sense of accomplishment. Furthermore, they hadn't even started fighting, and this fellow had already admitted defeat. He even took the initiative to give her the Jade token. Just thinking about it made her feel like laughing!

"If I don't tell you, will you let me go?" Ji Yun said uncertainly. He could tell that this woman's temper wasn't very good, because she was extremely impatient. Her father was right again. The more beautiful a woman was, the worse her temper would be.

"Did I say I wouldn't let you go?" Leng ruoxue raised her eyebrows and asked.

"Hehe! No! I misunderstood, I thought you wanted to fight me!" Ji Yun said, somewhat embarrassed.

"Fight you? I'm sorry, you can't pique my interest in fighting. " Leng ruoxue said without giving him any face. There was even a hint of disdain in her words.

"Wuu ... You've hurt my self-esteem." Ji Yun's face was filled with hidden bitterness as a layer of mist appeared in his clear eyes.

"You actually hurt your self-esteem?" When Leng ruoxue heard Ji Yun's words, a look of surprise appeared on her face. She didn't mishear, right?

"Yes." Ji Yun solemnly nodded his head. Then, he looked at Leng ruoxue with a hint of resentment.

"Where's your pride? Let me take a look?" Leng ruoxue asked curiously.

"This ... Can only be understood, not explained." Ji Yun lowered his head shyly, his cheeks blushed.

Seeing him like this, Leng ruoxue really wanted to give him a vicious kick. However, bullying him felt like bullying a small animal. His pitiful look was too much like some kind of small animal.

At the thought of this, Leng ruoxue sighed heavily in her heart. Then, she turned around and left.

However, she had just taken a step when she felt her sleeve being tugged by something.

"Why are you pulling me? Do you want to challenge me?" Leng ruoxue turned around and raised her brows. She looked at Ji Yun with a half-smile.

"Uh! Of course not. " When Ji Yun heard this, he was so frightened that he quickly let go of Leng ruoxue's sleeve.

"You can't leave me behind." Ji Yun said pitifully, his eyes beginning to tear up.

"Why can't I just leave you behind?" When Leng ruoxue heard this, she laughed. However, the beautiful smile on her face caused Ji Yun's heart to palpitate with fear.

Ji Yun unconsciously lowered his head, not daring to look at the bright smile on Leng ruoxue's face. Women were all Tigers, and beautiful women were the big tigers among Tigers. This was his father's wise saying, and he had been influenced by it since he was young. Thus, Leng ruoxue's beauty was not a lethal poison to him, and he believed in it without a doubt. Thus, when he first saw Leng ruoxue, other than being stunned, his mind was filled with his father's warnings! Other than that, he had no other thoughts.

"You're the first person I've met here, so our friendship is naturally different. So, you can't leave me behind. " After thinking for a moment, Ji Yun said in a low voice.

"You're wrong. In my eyes, you're just a passer-by. So, I can totally abandon you." Leng ruoxue said with a smile.

"Argh! No! How could you do this? Isn't it good for us to be together? It's better for the two of us to take care of each other, right?" Ji Yun tried his best to put on a cute expression as he smiled.

"Then may I ask if you're taking care of me, or I'm taking care of you?" Leng ruoxue could not help but ask.

"Hehe! Of course, we'll take care of each other. Besides, I can protect you too, right?" Ji Yun said with a smile.

"You want to protect me? Don't tell me that your protection is for me to hide here with you?" Leng ruoxue took a look at Ji Yun's proud expression and guessed.

"How do you know? You're really amazing! Hehe! There's nothing wrong with this place! At least it's safe!" Ji Yun said heartlessly.

"Safe? How could I find out that it was safe? If I really wanted to kill you, would you still have your life?" Leng ruoxue looked at Ji Yun helplessly.

"But you didn't kill him, did you? I know you won't kill me. We're already friends, aren't we?" Ji Yun said in a friendly manner.

"We can't be considered friends. I've said it before, you're just a passerby." Leng ruoxue was about to go crazy.

"Don't be like this! Why do you have to keep people a thousand miles away!" Ji Yun grumbled. After he finished speaking, his mischievous hand tugged at Leng ruoxue's sleeve.

Leng ruoxue looked at her own sleeve, then at Ji qu. She let out a heavy sigh and sat down under the tree. Seeing this, Ji Yun also sat down.

"Right, you haven't told me your name yet!" After sitting down, Ji Yun didn't want the awkward silence, so he quickly asked.

"Leng ruoxue!" Leng ruoxue said softly. She was really helpless against this fellow. Putting aside the fact that he was very friendly, his skin was extremely thick.

"Hehe! It's a nice name. " Ji Yun praised with a silly smile. Then, he enthusiastically said, "Ruoxue, why don't we stay here for a month? My parents told me that if we're safe and sound after a month, we'll be able to get a ranking if we're lucky. "

[Chapter 1837 Ji Yun \(3\)](#)

"You've said it before. You also said that the idea of finding a place to hide was your parents "idea." Leng ruoxue reminded.

"Yes, Yes, that's right. Let's hide here for a month!" Ji Yun suggested.

Ji Yun's words caused Leng ruoxue to look at him seriously for a long while. Then, she said, "You're so unmotivated. Is this a tradition of your family?" She was truly curious as to what kind of clan could produce such a weirdo. But then again, this idea seemed to be feasible, but the prerequisite was that it wouldn't be discovered. However, it was obvious that Ji Yun had not found the right hiding place.

"Hehe! You can even tell?" Ji Yun said with an embarrassed smile.

"Uh!" Leng ruoxue remained silent. She felt powerless in front of Ji Yun.

Leng ruoxue didn't speak for a long time while Ji Yun looked at her carefully. Neither of them spoke.

At this time, master ning, who was watching their every move through the light screen, was full of question marks.

What was Xue 'er and that kid talking about? Why did the two of them sit down?

Although they could see everything on the battlefield through the light screen, they could only see people and not hear what the people inside were saying. So, after seeing the two of them sit down, the master of the ning family and the others couldn't help but guess.

"Clan head, what did young miss Leng and that brat say?" The Foreign Affairs elder asked in a low voice, his face full of curiosity.

"You're asking me, but who should I ask? I still want to know!" The master of the ning family glanced at the Foreign Affairs elder and said unhappily.

"You guys are really gossipy! What can be said inside, it's nothing more than a companion. " Uncle long looked at the two of them and said calmly.

"What brother long said makes sense. It's indeed possible. However, why does this kid look so silly?" The master of the ning family said with dissatisfaction, like a father whose daughter had been taken away. As long as he saw a man close to his daughter, he would find it unusually piercing.

"Are there any men who aren't stupid in your eyes?" Uncle long looked at the master of the ning family and teased him.

"There are! That demonic man isn't stupid. " The master of the ning family said dejectedly. He couldn't do anything to that evildoer. To be exact, he didn't even care about him as his Godfather. He didn't know why, but he was a little afraid of that evildoer.

,m "Hahaha!" Hearing the master of the ning family's depressed words, uncle long laughed out loud, which made the master of the ning family even more sullen.

At the same time, Ji Yun's family members were also paying attention to the screen.

When they saw that Leng ruoxue had discovered Ji Yun and had almost killed him, they broke out in a cold sweat. Then, they saw the two of them sit down and talk to each other. Only then did they relax a little. However, they were still worried.

However, Leng ruoxue and Ji Yun, who were in the middle of the battle, were naturally unaware of the thoughts of those who were closely related to them. The two of them stared at each other for a long while before Ji Yun took out a plump whole chicken from his storage ring. He then lit a fire and roasted the chicken over the fire. Following that, he sprinkled various seasonings on the chicken.

Not long after, the aroma of the roast chicken wafted through the air.

Seeing this, Leng ruoxue sighed again.

"Can you hide like this?" Leng ruoxue didn't know what to say. However, this fellow was quite particular. He was clearly going to hide, but he still wanted to roast chicken?

"I can't hide! You're a girl, I can't possibly let you go hungry!" Ji Yun said with an aggrieved expression. Wu ... Ruoxue was finally paying attention to him. It really wasn't easy. It seemed like the charm of food was greater! He thought to himself gloomily.

In reality, he was thinking too much. Leng ruoxue only felt that his actions were a little illogical and it wasn't because he was interested in the chicken.

"You're so considerate!" Leng ruoxue couldn't help but roll her eyes.

"Hehe! You've noticed!" Ji Yun's dejected expression was replaced by a brilliant smile.

This guy really liked to take advantage of others! After hearing Ji Yun's words, Leng ruoxue couldn't be bothered with him anymore.

However, Ji Yun didn't take it to heart. After he finished roasting the chicken, he took the initiative to pass it to Leng ruoxue and said solicitously, "Quickly eat! My cooking skills are not bad, it won't taste good when it's cold. "

"I'm not hungry!" Leng ruoxue said as she looked at the sizzling chicken. She couldn't deny that Ji Yun's cooking skills were not bad because the chicken smelled very good. However, when she thought about Ji Yun's smug personality, she lost her appetite.

"How can I not be hungry? We've been here for a long time. Come, let's eat! You're welcome! I'm not going to charge you. " Ji Yun urged with a smile.

"From what you're saying, you're planning to collect money from someone else?" After hearing Ji Yun's words, Leng ruoxue was even more speechless.

"That's a must. I'm not obligated to get food for free. However, I won't take money from friends I acknowledge." Ji Yun promised. In other words, Leng ruoxue was a friend that he had acknowledged.

"Do I need to thank you?" Leng ruoxue looked at Ji Yun and said in a serious tone.

"No need to thank me. You just need to remember that we are partners." Ji Yun laughed. He was slightly proud in his heart. A chicken had pulled the relationship between the two closer, he thought to himself happily.

"Alright! Since we're partners, then I won't be polite." Leng ruoxue finally understood that she couldn't get through to this fellow. Hence, she didn't want to waste her breath on him. She snatched the roasted chicken away and took out the treasure from her bracelet. She then stuffed the roasted chicken into its little claws and instructed, "Eat it!"

"I promise to complete the task." After baby finished speaking, it opened its mouth and took a big bite of the roast chicken. In one bite, one-third of the roast chicken disappeared.

Then, baby finished off the fat roast chicken in two or three moves.

Seeing this, Ji Yun couldn't help but widen his eyes and stammered, "I haven't eaten yet." In fact, the chicken was roasted for the two of them because he was sure that Leng ruoxue would not be able to finish it. Who knew that such an accident would happen? The entire chicken had entered the stomach of a little fox. He could not help but recall what his mother had told him before. Foxes loved to eat chicken the most. Wu...He had miscalculated!

"This chicken isn't that good." Looking at the aggrieved Ji Yun, baby wiped his mouth in a matter-of-fact manner and spoke with a slight dissatisfaction.

"If it's nothing, why did you eat it all?" Ji Yun suppressed his anger and growled.

"How can I disobey my lovely master's orders?" Baby also looked at Ji Yun with an aggrieved expression. In other words, if its master asked it to eat, would it dare to not eat?

"As a Beastie, how can I not listen to my Master's words?" Baby added.

"Alright! You're ruthless!" Ji Yun felt helpless. He could deeply feel that this little fox was much more difficult to deal with than him.

"Hehe!" Baby smiled smugly and threw himself into Leng ruoxue's arms. He said coyly, "My lovely master, is this that special space? Oh! The smell here is weird, I don't like it." Baby covered his little nose in disdain.

"Then I'll send you back!" Leng ruoxue stroked her baby's fur and smiled.

"Yes, yes. I'll go back first. My master is summoning me for something." Baby nodded his little head.

Following that, Leng ruoxue placed the treasure back into the bracelet.

After sending the treasure away, Leng ruoxue felt a probing gaze on her. She couldn't help but raise her head and look at Ji Yun, "Why are you looking at me like that?"

"It's nothing. I just think that you're getting along well with Beastie." Ji Yun said with an envious expression.

"Of course, I treat my Beastie as family." Leng ruoxue said with pride.

"No wonder!" Ji Yun nodded, a smile of understanding appearing on his face. Then, he changed the topic and said, "Ruoxue, since we have decided to hide here for a month, what do you think we should do?" The two of them couldn't just stare at each other for a month, could they?

"Did I say I'm going to hide here?" Leng ruoxue was speechless.

"Where else would you hide? If you have a good place, then we can go together!" Ji Yun said with a face full of anticipation. This place was indeed not that great, and it was very easy to be discovered. Fortunately, the person who discovered him this time was Leng ruoxue. Otherwise, if it had been an extremely vicious person, wouldn't his little life have been lost?

"I don't have a good place. I just want to find a place with people and fight with a few people I don't like. Do you want to come?" Leng ruoxue chuckled.

"Uh! Ruoxue, fighting is a barbarian's behavior. We're all well-mannered children, so we really shouldn't like to fight. Moreover, you're a girl, so you shouldn't fight. " When Ji Yun heard that Leng ruoxue was going to fight, he quickly advised her.

"So you don't want to go with me? Then let's part ways here! We'll meet again. " Leng ruoxue said with her eyes half-closed. After speaking, she stood up and prepared to leave.

Seeing this, Ji Yun hurriedly pulled her back and said with an aggrieved expression, "You want to get rid of me again? You're so mean!"

"You were the one who said you wouldn't go with me," Leng ruoxue replied in a slightly aggrieved tone, "alright! He was right, she did want to get rid of this big burden.

[Chapter 1838 A Feud \(1\)](#)

"You don't have a good place to hide. Besides, it's not right to be violent to others." Tears welled up in Ji Yun's eyes as he said in an extremely aggrieved voice, "Wu...This woman is so fierce!" He was so scared.

"It's wrong to use violence on others, but what if others use violence on us?" Leng ruoxue asked, feeling a little speechless.

"That ... That's still wrong." Ji Yun lowered his head and whispered. He even peeked at Leng ruoxue with pitiful eyes.

"Do you think they'll let us go just because you said we're wrong? You're that innocent?" Leng ruoxue rolled her eyes and asked helplessly.

"We can talk about facts and reason with them! Hehe! That's why you didn't attack me!" At the mention of this, Ji Yun's interest was piqued, and he spoke with a smug expression.

"That's because I'm too lazy to make a move on you!" Leng ruoxue was a little angry. She finally realized that this fellow had the potential to make people angry. When she saw him, she wanted to beat him up even more.

"Good! Good! You're just too lazy to make a move on me, but that should be fine, right?" Ji Yun coaxed him helplessly.

When Leng ruoxue heard his words, she didn't want to stay here for another second. Without thinking, she turned around and prepared to leave. However, Ji Yun was like a piece of sticky candy, sticking to her side and following her step by step.

Seeing this, Leng ruoxue couldn't take it anymore. She roared, "How long do you want to follow me? Don't follow me!"

"We're partners! If I don't follow you, who should I follow? Didn't we agree to look out for each other? How could you abandon me?" After saying this, Ji Yun's eyes began to water up slowly, as if a heavy rain was about to fall at any moment.

Seeing this, Leng ruoxue's beautiful brows furrowed. This fellow really had the ability to drive people crazy. She took a few deep breaths and suppressed her anger, "You're the one who insisted on hiding here and not leaving with me. So, we've already parted ways! We'll meet again! Stop following me. "

With that, Leng ruoxue quickly teleported away from the place. However, no matter where she went, there would always be a figure that followed her at the same speed.

Instantly, in the vast space, only two rays of light as fast as meteors could be seen flashing by.

After a long time.

Leng ruoxue stopped in her tracks and looked at Ji Yun, who was panting slightly but still following closely behind her, with a gloomy expression. She shouted helplessly, "How long do you want to follow me?" They had already made a round, so how did this guy catch up to her? After going around in a circle, the two of them actually returned to their original spot.

"We're partners. " Leng ruoxue's fierceness caused Ji Yun to shrink back as he spoke in fear.

"I'm going to find someone to fight, and you're not going!" Leng ruoxue glared at him with her beautiful eyes.

"Fighting is not good." Seeing Leng ruoxue's unfriendly expression, Ji Yun's voice grew softer and softer.

"I want to find someone to fight right now. What do you think I should do?" Leng ruoxue said in an unpleasant tone. The air here was already very hot-tempered, and now that she had met this guy, the anger in her heart had only grown. If she didn't find a few unlucky guys to vent her anger, then the one who would be in trouble would be this Ji Yun in front of her. However, she definitely couldn't beat Ji Yun up. Otherwise, if he cried, he would go crazy!

"Violence is not good." Ji Yun persevered in his attempt to persuade her. However, when he saw Leng ruoxue's eyes filled with warning, he quickly changed his words, "However, it's still necessary to properly vent."

"Then I'm going to find someone to vent my anger on." Leng ruoxue said with satisfaction. Although this Ji Yun was a little abnormal, he was still quite tactful. Just based on this point, she wouldn't make things too difficult for him. After all, it wasn't easy to meet such a strange person here.

After she finished speaking, Leng ruoxue couldn't wait to slip away.

"Wait!" Ji Yun quickly called out to Leng ruoxue. He gritted his teeth and said, "I, I'll go with you." He made up his mind and went all out.

"Are you sure?" Leng ruoxue raised her brows and asked in disbelief.

"Yes." Ji Yun nodded his head heavily and continued, "I have to protect you."

"I don't need your protection." Leng ruoxue rolled her eyes as she replied in an ungrateful manner. She didn't think that Ji Yun, with his weak appearance, would be able to protect her! It was already good enough that this guy didn't drag her down.

"All women need men to protect them. This is what my father always says." Ji Yun said proudly. Although he was sometimes puzzled, his father often said that women were Tigers, but he also told him that men should protect women. These words seemed to be somewhat contradictory, but he did not ask for the reason. In any case, his father would never lie to him.

"Didn't your father tell you that some women don't need a man's protection?" Leng ruoxue didn't know what to say to that old man from the Ji family. How did he teach his son? He had actually taught a one-track minded fellow.

"No, but father told me not to protect all women. I should protect those that I like." Ji Yun said with a silly smile. His expression seemed to say, "it's your honor, right?"

"Thank you for finding me pleasing to the eye." Leng ruoxue was completely convinced. To be honest, she didn't want to be liked by him, nor did she want to be protected by him. From her point of view, the one who needed protection was this man. However, it was a good thing that his father didn't ask him to protect all the women in the world. Otherwise, this poor fellow would have died of exhaustion!

"You don't have to be so polite, we're partners!" Ji Yun said in a slightly smug manner. Seeing him like this, Leng ruoxue could only sigh and didn't want to say anything else. This fellow couldn't show him any respect, otherwise, he would definitely show off.

"Let's go!" After they decided to leave, Ji Yun urged them.

"Wait, tell me first, how did you catch up to me?" he asked. Leng ruoxue couldn't understand. According to common sense, it wasn't easy for someone to catch up to her when she teleported. After all, it was hard to determine the coordinates. However, this fellow was still chasing after her. This made her rather depressed because she couldn't get rid of him.

"Hehe! This is a secret technique of our family." Ji Yun said mysteriously, but with a hint of pride.

"He can catch up to everyone?" Leng ruoxue asked with interest.

"No, it's hard to track someone who is much stronger than you." Ji Yun spoke the truth. In truth, in his opinion, their clan's tracking technique was of little value. This was because this technique could only track down people who were not much weaker than him. If it could track everyone, then this secret technique would truly be a priceless treasure! To think that the elders in his family were so smug. He pursed his lips and sighed in his heart.

Fortunately, the ancestors of the Ji family didn't know what their descendants were thinking. Otherwise, they would be depressed to death! And the ancestor who created this secret technique would be so angry that he would climb out of hell to settle the score with him. That old ancestor had already died.

[Chapter 1839 A Feud \(2\)](#)

"I see." Hearing Ji Yun's words, Leng ruoxue's interest diminished.

"Ruoxue, shall we go?" Seeing that Leng ruoxue didn't seem too happy, Ji Yun cautiously asked.

"Let's go!" Leng ruoxue nodded. She had long wanted to leave this place. If she had not met this fellow, she would not have wasted so much time here.

"Yes, yes." Ji Yun hastily nodded his head. After making up his mind to leave this place, he was much calmer and no longer so conflicted.

After that, the two of them left together.

After getting along for a few days, Leng ruoxue deeply regretted being together with this fellow. Not only was this fellow a Chatterbox, he was also a coward. She had chosen a few paths, but this fellow refused to take them. He even insisted that she follow him and had him lead the way.

The consequence of following him was that the more they walked, the more desolate the place became. Like the place they were at now, it was a boundless desert without even a single green spot. If it wasn't for the fact that she understood this fellow, and that Qing Jue had read his mind and knew that he was not in danger, Leng ruoxue would have suspected that this fellow had brought her here on purpose.

Ji Yun fearfully looked at Leng ruoxue's unsightly expression and muttered, "T-this place is okay, but there shouldn't be anyone here." After saying this, he immediately lowered his head, not daring to look at Leng ruoxue's slightly darkened face.

"Is this the consequence of you leading the way?" Leng ruoxue said through gritted teeth. If it wasn't for this fellow's pitiful look that made her unable to ruthlessly destroy the flower, she would definitely let him know why the flower was so red!

"Actually, I'm bad with directions, but my instinct tells me that this place is very safe." Ji Yun's neck shrunk as he said. Wu ... Ruoxue was being fierce to him again. However, he had been fierce to her a lot recently, and he had gotten used to it. Moreover, if ruoxue didn't scold him fiercely every day, he wouldn't be used to it.

"I can't even see a tree, how can it be unsafe?" Leng ruoxue roared in anger.

"That's not for sure, but this place is definitely safe." Ji Yun mumbled to himself in a low voice, "Wu.....A place without trees might not be safe. If the enemy comes, there's no place to hide."

"Don't tell me you're thinking of staying here for another month?" When Leng ruoxue heard his words, she asked suspiciously.

"Hehe! How could that be!" A few drops of cold sweat hung on Ji Yun's forehead as he said with a silly smile. Actually, he really did have this thought. However, he didn't dare to say it out loud. Otherwise, ruoxue would definitely be even angrier.

"If that's the case, let's leave this damn place quickly!" Looking at the vast, bare desert in front of her, she really didn't want to stay a second longer. She wasn't a camel, how could she like this kind of place!

"Ruoxue, this place is really not bad ..." Ji Yun still wanted to persuade Leng ruoxue, but when he saw the warning look in her eyes, he obediently shut his mouth and swallowed all the words he wanted to say.

"Not bad, you can stay here alone!" Leng ruoxue said in a bad mood. After she finished speaking, she ignored him. Her beautiful eyes scanned the surroundings, trying to find a suitable way out.

As far as the eye could see, the yellow sand, coupled with the dark red Sky, made people unable to feel happy.

"Don't! Ruoxue, you're thinking of abandoning me again. Wu.....Why am I so pitiful?" Ji Yun said pitifully. He even pretended to wipe away the tears at the corner of his eyes while he peeked at Leng ruoxue's reaction from the corner of his eyes.

"Why are you so pitiful?" Seeing him acting pitiful again, Leng ruoxue was so angry that she almost cursed out loud. Luckily, she managed to hold it in in the end. Otherwise, it would affect her image!

"You always want to abandon me." Ji Yun said in an aggrieved voice.

"You're the one who's too unmotivated!" Leng ruoxue spoke the truth. This fellow was always thinking of hiding and even said that he would lead the way for her. However, he was not going to take the right path at all. How infuriating!

"I'm a Shishi," Ji Yun explained in a soft voice.

"Good! Do you know what practice is? Then do you want to stay here until the end of the competition?" Leng ruoxue said. This fellow's thoughts were too easy to guess. Even with her eyes closed, she knew what he was up to.

"No, I'll follow you wherever you go. I'm following you." When Ji Yun heard the danger in these words, he hurriedly expressed his position.

"Then come with me!" Leng ruoxue didn't waste any words and spoke directly. She knew very well that if she couldn't clear things up with him, this fellow would just be a pain in the ass!

"Oh!" Ji Yun lowered his head and replied. Then, he followed behind Leng ruoxue like a little wife, walking at a steady pace.

Seeing this, Leng ruoxue could not help but roar, ""Can you walk faster? If we move slowly, when will we be able to leave this desert?" He really couldn't understand how there could be a desert here. It didn't match the appearance of this special space.

"I'm hungry." Ji Yun said as he walked.

Seeing him in this state, Leng ruoxue was roaring in her heart. Why did these words sound so familiar? Oh, that's right, this was what the little fire Wolf always said. Ji Yun's current appearance was exactly the same as the little fire Wolf. Could it be that ... They were brothers? Otherwise, how could they be so similar? She was very suspicious of this.

"Ruoxue, can you eat something before you leave? I'm about to starve to death." Ji Yun said with a bitter face.

"Don't worry, you won't starve to death even if you don't eat." Leng ruoxue glanced at Ji Yun as she reminded him.

"Food is the most important thing to the people. If we don't eat, we'll definitely die." Ji Yun did not agree with Leng ruoxue's words.

"You're a god now. Have you ever seen a God starve to death because they don't eat?" Leng ruoxue suppressed her anger and asked.

"I will." Ji Yun said. After he finished speaking, he hurriedly shifted a few steps to the side, afraid that Leng ruoxue would beat him up in a fit of anger. This was because ruoxue had used this to threaten him a few times before, and he was deeply aware of it.

"If you can, then why are you hiding?" Leng ruoxue could not help but laugh. There was nothing she could do to him.

"I'm afraid you'll beat me up." Ji Yun was very honest and told her everything that was on his mind. His clear eyes were also looking at Leng ruoxue with vigilance.

"I won't beat you up." Leng ruoxue smiled warmly as she promised. There was no sense of accomplishment in beating this fellow up. More importantly, she felt that even if she beat him up, it wouldn't solve any problems because this fellow was not a person with a normal mind.

"Really?" Ji Yun asked, his eyes wide.

"Yes, come over!" Leng ruoxue coaxed.

"Then you're not allowed to lie to me!" Ji Yun was still worried.

"I'm not lying to you." Leng ruoxue nodded her head seriously once more. At this moment, Ji Yun's expression was like a puppy trying to please its master. How could she bear to do this?

"Then I'll come over." As Ji Yun spoke, he moved towards Leng ruoxue's side. Just as he moved to her side, Leng ruoxue grabbed him. In an instant, Ji Yun's face turned pale with fright. His entire body trembled like a Fallen Leaf in the autumn wind. Wu ... He seemed to have been tricked.

[Chapter 1840 A Feud \(3\)](#)

"Why are you shaking?" Leng ruoxue could not help but laugh when she saw his reaction.

"You lied to me." Ji Yun said in an extremely aggrieved tone. His clear eyes began to water again.

"I'm not going to beat you up." Leng ruoxue was speechless.

"Oh! Then why are you pulling me?" Ji Yun didn't understand. From his point of view, ruoxue was just angry out of embarrassment and wanted to vent her anger on him.

"You're walking too slowly. I can walk faster if I drag you along." After Leng ruoxue finished speaking, she took out a rope and tied it around Ji Yun's wrist. She held the other end of the rope in her hand.

"There's no need to do this, right?" Ji Yun said somewhat gloomily. If he kept him tied up like this, he would have bad thoughts.

"I need it! I'll give you two choices now. Either we part ways, or I'll take you with me." Leng ruoxue laughed evilly. When she saw Ji Yun's face turn red and white, she was in a good mood and spoke in a much friendlier manner.

"It's better for you to hold onto me!" Forced by Leng ruoxue's tyrannical abuse, Ji Yun had to admit defeat.

"That's a good girl!" Leng ruoxue extended her hand and patted Ji Yun's head as if she was petting a puppy. She was just short of giving him a bone to chew on.

Ji Yun was praised by ruoxue, but he couldn't bring himself to be happy. This wasn't what he had imagined.

At the thought of this, Ji Yun pouted and said with an aggrieved expression, "Ruoxue, even though you can walk faster by holding me, I'm a man after all. You should at least give me some face, right? If my Ji clansmen were to see me like this, it would be very embarrassing. "

"You're also afraid of losing face?" Leng ruoxue was very surprised, but she had no intention of letting him go. Instead, she continued, ""Don't worry. This place is so big that we might not be able to touch your Ji family. "

"What if we run into them?" Ji Yun shamelessly asked.

"Then I can only say that you're too unlucky." Leng ruoxue's words carried a hint of sympathy, but the expression on her face revealed that she was gloating over his misfortune.

"Al!" After hearing Leng ruoxue's words, no matter how stupid Ji Yun was, he knew that Leng ruoxue would never let go of him. Hence, he could only accept his fate. Sob ... He hoped that he would not meet anyone he knew. Otherwise, he would really lose all his face.

Seeing that he had accepted his fate, Leng ruoxue smiled in satisfaction. Then, she pulled him towards the path that she had chosen.

Even though that path was also covered by yellow sand, it was more pleasing to the eye than the other paths. Thus, Leng ruoxue pulled Ji Yun along and walked over.

The two of them walked on the soft yellow sand for an unknown amount of time. Just as they were about to walk out of the desert, they suddenly heard the sound of fighting not far away. Leng ruoxue's face lit up with joy, while Ji Yun's heart sank. 'What I'm afraid of is coming true!' I didn't expect there to be a fight here. He stole a glance at Leng ruoxue and prayed that she would not be a busybody so that the two of them could quickly leave this place.

Oh! It wasn't that he was timid, it was just that he was too lazy and didn't like to cause trouble. He was trying to find a reasonable excuse for himself.

"Let's take a look over there." Leng ruoxue clearly did not hear the prayers in Ji Yun's heart. Her tone was firm, and she did not allow Ji Yun to refuse.

"Ruoxue, that's not a good place. Let's not go there. Let's go another way!" Ji Yun's heart trembled. Wu...What was he afraid of? He was clearly trying to avoid the participants, but he just had to bump into them here, and in the middle of a fight.

"If you don't want to exchange, we'll go over there. If you don't ..." Leng ruoxue said with a faint smile. However, she only said half of what she wanted to say. As for the other half, she believed that Ji Yun would understand.

"It's not that I don't want to go, I'm just afraid of getting caught in the crossfire! They're having a good time, so it's not good for us to interfere, right?" Ji Yun said in a low voice, not very confident.

"Who said I'm going to interfere? I just want to take a look. What if it's someone I know? We'll be able to help out when the time comes. " Leng ruoxue spoke the truth. They could help each other here, and this was not against the rules of the competition.

"If it's not someone we know, then let's leave immediately, okay?" Seeing that Leng ruoxue had already made up her mind, Ji Yun could only talk about the conditions.

"Good! As long as they don't attack us, we'll leave immediately. " Leng ruoxue agreed.

"Then let's go and take a look!" With Leng ruoxue's assurance, Ji Yun was at ease.

The two of them lowered their footsteps and cautiously walked towards the vicinity of the battle. Not far from them, there was a huge tree that blocked their view of the battle. Thus, Leng ruoxue and Ji Yun hid behind the tree and observed the battle.

At this time, there were a total of five people in the chaotic battle. It was obvious that there were two groups of people because two of them were wearing the same clothes, and the other three were also wearing the same clothes.

"Ji Wu, ji tao!" Just as Leng ruoxue was carefully observing the strength of these two groups, Ji Yun, who was beside her, suddenly called out softly. When Leng ruoxue heard this, she couldn't help but turn her head and look at him with slight surprise, "You know them?"

"Uh! I know two of them. The two in white are from the Ji family, and the other three in gray are the competitors from the Zhou family. " Ji Yun's expression was grave as he explained. His originally clear as water eyes grew even deeper.

"Since we're family, why don't you hurry up and help?" Leng ruoxue saw that although Ji Yun's expression had turned serious, he did not move at all. She couldn't help but remind him.

"There's no hurry. Let's see how the situation goes first. " Ji Yun had suddenly become calm and collected. This caused Leng ruoxue to cast a sidelong glance at him. She had never thought that Ji Yun would have such a serious side to him.

However, if Ji Yun knew what she was thinking, he would definitely be depressed to death. This was because in Leng ruoxue's eyes, Ji Yun was not a normal person.

"Ji Yun, why aren't you wearing the clothes those two were wearing?" Leng ruoxue asked curiously after sizing up the two people in white. From the day she saw Ji Yun, he had always been dressed in black.

"Why do I have to be like them?" Ji Yun said matter-of-factly.

"Uh!" Ji Yun's words caused Leng ruoxue to regret her previous thoughts. Ji Yun was still the same Ji Yun she knew. He had not changed at all. She must have been seeing things before, that's why she felt that Ji Yun had changed into a different person.

"What's wrong? Am I wrong?" Ji Yun looked at Leng ruoxue and asked cautiously.

"Right! You're right, but if you don't hurry up and save your clansmen, I'm afraid they'll have to stay here forever. " From the corner of her eyes, Leng ruoxue could see that the two men in white were showing signs of exhaustion. Their divine power was obviously running low as well, so she quickly reminded them.

"I'll go now. " When Ji Yun heard this, he immediately felt his heart heat up and spoke with a high-spirited manner.

After he finished speaking, he requested Leng ruoxue to untie the rope. Then, he strode towards the few people who were fighting valiantly and in high spirits.

"All of you, stop!" Ji Yun shouted loudly as he walked to the side of the five people in the chaotic battle.

When they heard this sudden voice, all five of them were stunned and involuntarily stopped fighting. However, when they saw that the person who stopped them was Ji Yun, the people on the grey-clothed man's side were immediately enraged!

"I was wondering who was acting like a big Shot here! So you're a coward from the Ji family!" The leading grey-robed man sneered. With that, the three other grey-robed men burst into laughter. Clearly, they did not place Ji Yun in their eyes.

"Zhou kun! You better watch your mouth. " "Shut up!" Ji Wu reprimanded Zhou kun while Ji Yun stood by the side heartlessly, not taking Zhou kun's words seriously at all.

"What's wrong? Did I say something wrong? This Ji Yun is a famous coward of your Ji clan, and to think that your clansmen are still so protective of him. If he was a member of our Zhou clan, we would have kicked him out long ago. Our clan doesn't need such trash. " Zhou kun's face was filled with undisguised contempt, while the three members of the Zhou family who were standing together laughed even more wildly.

"Shut your stinky mouth! Zhou kun, if I don't beat the three of you up until your parents can't recognize you, I'll write the word 'Ji' backward!" Ji tao roared with a fiery temper. He was so angry that his eyes were bloodshot. If he could, he really wanted to rush up and bite the three people from the Zhou family a few times and trample them under his feet. After all, the Zhou family had been the Ji family's arch-enemy for many years! The two families had always been at each other's throats! Now that they had met here, it was impossible for them to let the other party go!

"Alright! Then you can write the word "Ji" backwards! Brothers, if the word 'Ji' is reversed, is it still a word? Hahaha!" Zhou kun laughed smugly, while the other two members of the Zhou family also laughed wildly in cooperation.

In their eyes, the three people from the Ji family were like arrows at the end of their flight and were not worth mentioning at all. Ji Yun was a useless coward who had always been timid and afraid of trouble. On the other hand, Ji Wu and Ji Tao's physical strength and divine power had almost been exhausted by the three of them. They were not their opponents at all. Therefore, it could be said that Zhou Kun and the other two people were completely fearless.

"Zhou Kun, don't be smug too early!" Ji Wu's handsome face was flushed red. He was also quite angry.

"So what if I'm proud? Our young master Kun has the right to be proud." The person beside Zhou Kun said with a fawning look on his face.

"That's right. If your Ji family is tactful, quickly send Ji Min to our Zhou family to be young master Kun's concubine. If our two families can become in-laws, young master Kun can take care of you in the future. As for that coward, don't even think about it." The other person also laughed wretchedly.
