

Crazy Wife 1841

[Chapter 1841 You Have To Protect Me \(1\)](#)

The Ji min this person was talking about was the eldest daughter of the Ji family.

Not only was Ji min beautiful, but she also had outstanding qualifications. She was also a leader among the younger generation of the Ji family. More importantly, she was Ji Yun's biological sister and doted on Ji Yun. It was precisely because of this that Zhou kun hated Ji Yun even more.

Zhou kun couldn't understand why such a talented person would love a useless coward so much. He couldn't help but feel envy, jealousy, and hatred. In addition, he had once asked for Ji min's hand in marriage but was rejected. As a result, as long as he found an opportunity, he would find trouble with the Ji family, especially with Ji Yun. Now that Ji Yun had taken the initiative to come to his door, he naturally wouldn't let go of this good opportunity.

For the purpose of revenge and humiliation, Zhou kun, who originally intended to make Ji min his wife, always mentioned that he wanted Ji min to be his concubine when he mentioned this matter to outsiders or the Ji family. Every time he saw the Ji family's furious and uncontrollable expressions, Zhou kun could only describe it with one word-pleasure.

Speaking of which, he was quite perverted in his heart. The reason why he was like this was because he had been rejected too many times. What made him even angrier was that Ji min's reason for rejecting him was that she thought he was too rough. However, he knew that this was just an excuse. The real reason why Ji min rejected him was all because of the useless coward Ji Yun. Because her younger brother needed protection, as an older sister, Ji min naturally couldn't easily get married.

However, that was only Zhou kun's personal opinion. Apart from Ji Yun, Ji min was unwilling to marry Zhou kun because their families were at odds with each other. They were like enemies. With such a relationship, even if she had a good impression of Zhou kun, it was impossible for her to marry him. Moreover, she did not like Zhou kun, which was the most important reason.

Upon hearing what the Zhou family member said, the short-tempered ji tao was indeed enraged.

"Damn it, I dare you to say that again?" Ji Tao's face was red as he roared in anger. If it wasn't for Ji Wu holding him back, he would have already rushed forward and beat this guy up.

"What's wrong? Quickly send Ji min to young master kun's bed and make her his concubine. From now on, your Ji family will be under young master kun's protection. Your useless coward is unreliable, haha!" The man provoked him fearlessly. As soon as he finished speaking, two more arrogant laughs were heard. Needless to say, they were Zhou kun and another member of the Zhou family.

Zhou kun, who was standing at the side, felt extremely pleased when he saw his family members humiliating the Ji family members. Although the two of them had decent qualifications, they were both from the Zhou family's collateral branch. If they wanted to stand out in the Zhou family, they naturally had to please him. After all, he was not only a direct member of the Zhou family, but he might even become the future head of the Zhou family! Therefore, he was very satisfied with their flattery. He was also willing to give some guidance to such a discerning person.

"You're looking for death!" Ji tao saw that the fellow really dared to speak, so he immediately broke free from Ji Wu's hand and was about to rush forward to teach him a lesson. However, he was stopped by Ji Yun.

"Stop!" Ji Yun shouted. His face was calm and emotionless, making it impossible to tell whether he was happy or angry. When ji tao heard Ji Yun's words, he really did stop and turned to look at Ji Yun with a slightly aggrieved expression.

"They humiliated sister min. We can't let them off." Ji tao reminded.

"I know, but we're all well-mannered people, so we really shouldn't act rashly. Let's sit down and have a good talk! Let's see how this matter can be resolved. " After hearing his words, Zhou kun and the other two could not help but laugh wildly again.

Watch! This was the guy that the Ji family had high hopes for. He was just so useless. He never dared to have a direct conflict with others. He always wanted to be the peacemaker and reason with others! Hmph! In the divine realm, the strong were respected. One's fist was the only way to speak. Whoever had the tougher fist would naturally have the greater right to speak. Someone like Ji Yun was simply an anomaly. Zhou kun thought to himself in disdain.

"What's so funny? Am I wrong?" Ji Yun said with a confused expression. He was so innocent that he didn't seem to know what they were laughing about.

"Right, my ass! Who wants to sit down and chat with you! It's embarrassing for us to sit with you!" Zhou kun looked down on Ji Yun at all, but he was extremely jealous of how much Ji Yun was doted on in the Ji family. Therefore, he would rather be beaten to death than sit down and talk with Ji Yun. Was that what a man should do?

"Young master! Don't bother with this kind of uncouth person, it's only disgracing our Ji family by talking to him!" At this moment, Ji Wu, who was standing beside Ji Yun, spoke out. From his tone, it seemed as if he was quite doting on Ji Yun.

"That's right, this kind of person doesn't deserve to live in this world! It'll only lower our class if we lower ourselves to their level. " Ji tao, who had calmed down, was afraid that Ji Yun's self-esteem would be hurt, so he quickly comforted him. At this moment, he could not care about the dispute with the Zhou family!

"F * ck! What did you say?" Ji Wu and ji Tao's words made Zhou kun so angry that he roared loudly. He couldn't bear it anymore. He couldn't understand what Ji Yun had done to deserve the protection of the Ji family. It must be known that a useless coward like Ji Yun would belong to the abandoned category in any clan. However, Ji Yun was the exact opposite. Not only was he loved by the elders of his family, but his fellow clansmen of the same generation also took extra care of him. If anyone were to see how the fellow clansmen of the Ji clan took care of Ji Yun, they would probably go crazy. At least, he was going crazy!

"We said you're trash and don't deserve to live in this world." Ji tao said with a faint smile.

"He's the trash, okay?" Zhou kun pointed at Ji Yun angrily and roared, "F * ck!" Was there any justice left in this world? The biggest piece of trash was right in front of them, but the Ji family turned a blind eye to it.

"Our young master is a hundred times stronger than you. You don't deserve to be mentioned in the same breath as him. He's not even worthy of carrying his shoes. " Ji tao also said in disdain.

"Yes, young master kun, you are not even qualified to be a servant in our Ji family. The first and foremost rule of our Ji family's servants is loyalty. You can 't!" Ji Wu said in a matter-of-fact manner. Ji Yun, on the other hand, still had a confused look on his face, as if he couldn't understand what they were talking about.

Leng ruoxue, who was hiding behind a giant tree, heard the conversation between the two parties. She then looked at Ji Yun's reaction and didn't know whether to laugh or cry.

Isn't this Ji Yun's reaction a little too slow? However, his temper was really good and he was also patient. She was already pointing at him and scolding him, but he still acted as if nothing had happened. She did not know what he was thinking. Although she was a little curious, she did not let Qing Jue Read Ji Yun's mind. After all, it was better to keep some secrets.

When she thought of this, she decided to continue closing her eyes. She would only reveal herself when she was needed. Right now, she only hoped that Ji Yun would give her some strength so that no one could bully him.

[Chapter 1842 You Have To Protect Me \(2\)](#)

At the same time, Zhou kun, who heard Ji Wu's words, became even more furious!

"F * ck! I dare you to say that again?" Zhou kun pointed at Ji Wu and couldn't help but wonder why the Ji family was so annoying. Although the two families had been enemies for generations, most of the time, they could still live in peace. After all, even if the two families were like fire and water, they couldn't fight each other every day. Most of the things they did were to drag each other down. However, for some reason, whenever he saw Ji Yun, he couldn't control his temper and wanted to get angry!

"I said you're not even fit to be a servant in our Ji family. Do you hear me now?" Ji Wu repeated helplessly. He looked at Zhou kun with eyes full of sympathy, as if he was saying, 'poor fellow, you can't understand human language!'

"You're looking for death!" Zhou kun narrowed his eyes and said in an unfriendly tone.

"You're wrong, I haven't lived long enough! Why would you seek death!" Ji Wu disagreed with Zhou kun's words.

However, in the next second, Zhou kun attacked Ji Wu at lightning speed ...

In an instant, a palm wind with a blue light appeared in front of Ji Wu. Ji Wu hurriedly dodged, but the palm wind still brushed past his body and left a deep bloody mark on his arm. A trace of red blood flowed down from the wound.

After gently wiping the blood off his arm, Ji Wu squinted his eyes and looked at Zhou kun. This fellow's strength was already above theirs, and Zhou kun was a typical nouveau riche. Therefore, he had an

unimaginable number of medicinal pills on him. This also made them, who were originally slightly weaker, have no advantage at all. Unless a miracle appeared now, they were afraid that they would not be able to defeat Zhou kun. What should they do?

He knew very well that even if he and Ji tao were to die here, nothing could happen to Ji Yun. After all, Ji Yun was the hope of all the members of the Ji family. However, under Zhou kun's covetous gaze, it would not be easy for them to protect Ji Yun. At this moment, his mind turned and countless plans formed in his mind, but they were all rejected because none of them was the best solution for them at this time.

"Young master, Ji tao and I will think of a way to hold Zhou kun back later. You should run quickly and find a good place to hide. Don't let them find you, understand?" Ji Wu transmitted his voice to Ji Yun as if he was coaxing a child. At this moment, they could only stake everything on this method. Although the success rate of this method was very low, they still had to try.

"I'm here to help you, why are you making me run? I'll lose a lot of face like this." Ji Yun said unhappily. Hiding was one thing, but backing out at the last minute was another. Furthermore, running away in front of the Zhou family made him feel extremely uncomfortable.

"Young master! How can you be so calculative now? Staying alive is the most important thing, be good! When we start fighting, you should run immediately." Ji Wu continued to coax Ji Yun. Although he was helpless against Ji Yun's stubbornness, he still had to coax him away.

"No need to run, I have help." A faint smile appeared on Ji Yun's lips as he confidently replied.

"Uh! Where did he get help from?" Ji Wu was astonished.

"I met her here. We've always been traveling together." Ji Yun transmitted his voice to Ji Wu in a somewhat tsundere manner.

"Is he reliable?" Ji Wu was a bit worried. He knew very well how reclusive Ji Yun was, but he didn't expect that Ji Yun would actually make friends here.

"Don't worry, I'm absolutely reliable." Ji Yun solemnly promised.

"Will he be willing to help us? If he helps us, he will offend the Zhou family, and the Zhou family will not let him off." Ji Wu asked worriedly. He wasn't as open-minded as Ji Yun. Although the Zhou family couldn't be compared to the eight great divine regions, it was still one of the top powers among the many top powers. Anyone who came to participate in the elite competition had their own family. It was very difficult for others to be willing to offend another family for the sake of another family. Unless the two families were in an Alliance, who would be willing to help you so easily? Other than that, once he owed someone a favor here, he would have to pay a huge price to pay it back. Therefore, unless he had no other choice, he was not willing to ask for help.

"Don't worry, she'll definitely be willing to help us. Although she looks a little fierce, after getting along with her for a few days, I know that she's just a person with a sharp mouth but a soft heart. She won't leave us in the lurch." Ji Yun said with absolute certainty.

Seeing how confident Ji Yun was, Ji Wu didn't think much of the friend he spoke of.

However, he didn't want to pour cold water on Ji Yun's head, for fear of hurting his self-esteem. So, he could only suppress the thoughts in his heart and not attack him.

Seeing that Ji Wu didn't seem to believe him, Ji Yun decided to go all out and shout at the top of his voice, "Ruoxue! Someone is bullying me! Wuwu ..."

Seeing Ji Yun's reaction, Ji Wu and Ji Tao's foreheads couldn't help but be filled with black lines. How could this be possible? Ugh! Would that person be angry? If it were them, they would definitely regret befriending Ji Yun. Fortunately, they were already used to it.

At this moment, Leng Ruoxue, who was hiding behind a tree and watching the commotion, heard Ji Yun calling out to her. She was so angry that her lungs were about to explode. 'Damn it, previously he refused to come here no matter what. Now, he's calling out to me at the top of his voice. What the hell is going on?'

Leng Ruoxue, who was a little angry, made up her mind that she could not go out like this. Thus, she ignored Ji Yun's cry.

"Yo! You actually have a helper. I really couldn't tell that you had this kind of ability. " Zhou kun, who heard Ji Yun's shout, did not get angry, which was rare. He did not attack either. Instead, he started teasing him.

However, seeing that the person Ji Yun called out to did not respond for a long time, Zhou kun sneered and said, "It seems that your gang is quite timid, like a tortoise who doesn't dare to show his head!"

"You're the coward, your whole family is a coward!" Upon hearing that Zhou kun had the audacity to scold Ruoxue, Ji Yun was immediately enraged.

"Waa! A coward actually dared to curse! Is the sky going to rain red?" Upon hearing Ji Yun's scolding, Zhou kun laughed instead of getting angry.

Seeing how angry Ji Yun was, Ji Wu and Ji Tao widened their eyes in disbelief. This, this was truly too rare.

"So what if I scold you? I'm going to beat you up!" Ji Yun shouted. He was furious, and the consequences would be severe.

Zhou kun and the others, as well as Ji Wu and Ji Tao, were all stunned. They looked at Ji Yun in disbelief.

"What are you looking at? I'm talking about you!" Ji Yun pointed at Zhou kun and reprimanded him in an unusual manner.

"Coward! Alright! Your temper is rising!" Zhou kun chuckled with a faint smile and looked at Ji Yun with an unfriendly gaze.

After he finished speaking, he approached Ji Yun step by step. Seeing this, Ji Yun's face was filled with fear as he shouted, "What do you want to do? I'm warning you, don't you dare mess around! Otherwise, my comrades will not let you off. " He had once again used Leng Ruoxue as a shield. When Leng Ruoxue, who was behind the tree, heard his words, she felt like strangling him.

[Chapter 1843 You Have To Protect Me \(3\)](#)

That damned Ji Yun! Leng ruoxue secretly gritted her teeth and added another crime to Ji Yun's name!

Ji Wu and Ji Tao, who were standing guard beside Ji Yun, did not know whether to laugh or cry when they heard that Ji Yun had actually ignored their existence and directly threatened Zhou Kun with the companion that he had never met before.

Although the two of them were not as powerful as Zhou Kun, they were still much stronger than the other two people around Zhou Kun, right? How could Ji Yun so blatantly ignore the two of them? This caused the two of them to feel extremely disgruntled. Now, they were even more curious about the companions that Ji Yun spoke of.

"Oh, really? Why don't you ask him to come out? I'd like to see who would have the guts to go against our Zhou family so openly." Ji Yun's words made Zhou Kun feel even more smug. Moreover, he was very certain that Ji Yun was lying to him. The person he mentioned was not there at all. Otherwise, why had that person not appeared all this while?

"Ruoxue! Help me! Someone is bullying me." Zhou Kun's words made Ji Yun scream again. This time, his voice was even more hoarse and exhausted than the previous time. It sounded as if he had really been tortured miserably by someone. Unfortunately, he was now unscathed, and Zhou Kun teased him like he was teasing a clown.

When she heard Ji Yun's shouts, Leng Ruoxue could no longer bear it and walked out from behind the tree. She could tell that if she was not called out, Ji Yun would definitely not let this matter rest.

The moment Leng Ruoxue came out, Ji Yun looked as if he had seen his Savior. His face was full of grievance and his clear eyes were filled with tears. He pitifully ran to Leng Ruoxue, wanting to throw himself into her arms and cry. Unfortunately, Leng Ruoxue nimbly dodged him.

Furthermore, when he wanted to pounce on Leng Ruoxue again, he unfortunately caught a glimpse of Leng Ruoxue's warning gaze. He could only change his pounce to a pull, and the first thing he did was naturally Leng Ruoxue's sleeve.

When Leng Ruoxue saw Ji Yun's pitiful look, more and more black lines appeared on her forehead. Her beautiful face turned even uglier. She heaved a heavy sigh. She sighed in her heart. Ji Yun ... Did he have to be so exaggerated? She didn't even touch a single strand of his hair, alright? Although she had said some words to provoke him, Ji Yun didn't seem to be too angry. It seemed like he was already used to it.

However, Ji Yun's current state ...

Leng Ruoxue didn't know what to say. She sized up Ji Yun with a hint of surprise on her face. Was this the Ji Yun who had promised to protect her? Why did he ask her to protect him instead?

"Ruoxue, Ruoxue, don't look at me like that. I'll be shy." Seeing Leng Ruoxue's eyes fixed on him, Ji Yun said softly. His handsome face was also dyed with a faint pink.

"....."

Leng Ruoxue was speechless. After a long while, she said, "Then you can slowly be shy!"

"Ruoxue, now is not the time to be shy. Someone is going to bully me. You have to protect me!" Ji Yun pitifully replied after hearing Leng Ruoxue's words.

"I remember you said you would protect me." Leng ruoxue reminded him with a calm tone.

"Of course I will protect you, but you have to protect me first. They're too fierce, I'm scared." Ji Yun emphasized as he looked at Leng ruoxue expectantly. His eyes were as bright as Obsidian and as clear as a puppy trying to please its master. He was innocent and pure.

"I'm afraid too, what should I do?" Leng ruoxue looked at Ji Yun with an innocent expression.

"Hahaha! Beauty, don't be afraid! "I won't hurt you. Although you're Ji Yun's friend, I, master kun, have always known to have tender and protective feelings for women. Don't worry!" I'll love you well. " Before Ji Yun could answer Leng ruoxue's question, Zhou kun interrupted impatiently.

F * ck! This beauty was really too beautiful, so beautiful that it was unbelievable. She was so beautiful that even the flowers that were competing for beauty lost their color. Compared to the beauty in front of him, Ji min and the others had long been thrown to the back of his mind.

Originally, he wanted to get Ji min because she was pretty and her family background was good enough for him. However, now that he had met Leng ruoxue, Ji min no longer piqued his interest. At this moment, Leng ruoxue was the only person in Zhou kun's heart and eyes.

Not only Zhou kun, but Ji Wu and Ji Tao's eyes also lit up the moment they saw Leng ruoxue. They were stunned. However, they were puzzled as to how Ji Yun had gotten to know such a beautiful woman! His luck was indeed invincible!

"What if I say that I don't need your love?" Leng ruoxue smiled faintly, like a flower in spring that bloomed, almost blinding everyone's eyes.

"Women! It's your honor that our young master kun has taken a liking to you. If you know what's good for you, then obediently come into our young master kun's arms and be his concubine. I guarantee that you'll live a good life. " Without waiting for Zhou kun's reaction, one of his lackeys started reprimanding Leng ruoxue in an attempt to please her. Moreover, he even arranged an identity for her and made her Zhou kun's concubine.

"Idiot! How could such a beautiful young lady be a concubine! No matter what, she should be an equal wife!" Zhou kun was very displeased with the Lackey's words. At the same time, he was also afraid that Leng ruoxue would be angry. After all, as long as a woman was beautiful, unless they had no other choice, they would not be willing to be someone else's concubine. More importantly, the participants who were able to participate in the elite competition all had their own families. What if they made a fool of themselves by saying such words before they had even figured out Leng ruoxue's background?

Following that, he smiled and fawned over Leng ruoxue, ""Hehe! Miss, please don't listen to his nonsense. He's stupid! You don't know how to speak, so please forgive me if I've offended you. "

Zhou kun pretended to be a gentleman, a model of an elegant and graceful young master. However, Ji Wu and Ji tao scoffed at his pretense.

"Why are you acting? Can you still put on an act? This is what you're good at!" Ji tao said with a smile. It seemed that Zhou kun had taken a liking to this woman. In fact, this was also good. At least, in this way, he would not have any ideas about sister min. However, it seemed that he would be letting down the lady who had been dragged into the water by Ji Yun.

"You shut up! This is a matter between me and this young lady, and it has nothing to do with your Ji family. You can stand aside!" Zhou kun roared at Ji tao furiously. He regretted not killing the three of them just now. If that was the case, there wouldn't be an eyesore between him and Leng ruoxue.

"This young lady is our young master's friend. How could she not be related to our Ji family?" Ji Wu reminded with a smile.

"Hmph! Killing you guys will have nothing to do with you!" A hint of ruthlessness flashed in Zhou kun's eyes as he said fiercely.

"If you have the ability, then kill me!" Ji tao said unhappily. Anyway, it was already like this. As the saying goes, a dead pig is not afraid of boiling water, so they really were not afraid.

"Don't think that I won't dare to kill you!" Zhou kun narrowed his eyes and said coldly.

"You come and kill me! Who's afraid of you?" Ji tao taunted. It was allowed to kill people here. If the other party dared to kill them, he would naturally have to be aware that he would be killed by others. Moreover, the Ji family was not the only enemy of the Zhou family.

"Are you guys done quarreling?" At this moment, Leng ruoxue, who had been neglected, asked speechlessly as she watched the two groups of people quarreling in full swing. She really had to hand it to these people. They did not even ask for her opinion and just started quarreling on their own. Furthermore, they took it for granted.

"We're not quarreling, we're just trying to reason." Upon hearing that Leng ruoxue seemed to be a little displeased, Zhou kun quickly smiled and said gently,

When Leng ruoxue heard these words, she could not help but wipe the cold sweat off her forehead. She thought to herself, "this fellow is actually being reasonable now?" Could it be that he wanted to follow in Ji Yun's footsteps?

She sized Zhou kun up carefully. Although he looked decent, he did not have Ji Yun's innate potential to be the submissive one. The expression on his face was a little fierce, making it difficult for people to pity him. She concluded.

"It would be strange if they didn't quarrel! We were fighting just now, and we almost lost our lives." Ji tao exposed Zhou kun's lie rudely. He was not a member of the Zhou family, so he naturally did not have to give Zhou kun any face. Moreover, this young lady was not a fool. She would not lie to him.

"Mm! I saw it." Leng ruoxue nodded affirmatively. After hearing Leng ruoxue's words, Zhou kun naturally could not deny it and could only look at her awkwardly with a silly smile.

Then, Leng ruoxue changed the topic and said, "Did you just say that you want me to be your equal wife?" When she heard this before, she wanted to express her opinion, but unfortunately, he didn't give her a chance. Now that the initiative was in her hands, she had to ask.

"A common wife is also a concubine!" Ji tao looked at Zhou kun with a faint smile and reminded him.

Seeing that Ji tao had ruined his plan, Zhou kun gritted his teeth in hatred. However, in order to leave a good impression on Leng ruoxue, he held back his anger. After he got this beauty, he would settle the score with the three Ji family members!

Zhou kun's wishful thinking was pretty good, but unfortunately, Leng ruoxue would never let him have his way!

After hearing Ji Tao's words, Leng ruoxue nodded in agreement. "That's right, although your idea is acceptable, it's a pity that it's a bit whimsical to think about me! This young miss will not be someone's equal wife, and will not be someone's concubine, so you should give up on that idea!"

Leng ruoxue's words made Zhou kun's two lackeys feel a little embarrassed and angry. However, before the two of them could flare up, they were stopped by Zhou kun's gaze ...

[Chapter 1844 You Can Only Leave With Me \(1\)](#)

Although Zhou kun also hated Leng ruoxue's words, she was the woman he had taken a fancy to. Apart from her, he would not allow anyone else to criticize his woman. Moreover, he had yet to enter the Beauty's eyes, so he naturally could not let the beauty hate him. Therefore, even if he hated Leng ruoxue for not knowing how to appreciate his kindness, it was not the time to be a man. The most important thing now was to win the Beauty's heart. Hmph! After he got this beauty, he would teach her the rules! He could only endure it for now.

At the thought of this, he suppressed the hatred in his heart and smiled at Leng ruoxue. "Young lady's words are reasonable. I was rude. May I know young lady's name? And which clan did he belong to? This one is willing to send someone to formally propose marriage and take young miss as my main wife!"

After Zhou kun said that, he was secretly pleased with himself. He knew that there was a lot of information contained in his words, and once the other party answered him, he would be clear about her name, family, location, and other information. As for whether he would marry the beauty as his wife, it was not up to him alone. If the Beauty's family background was comparable to his, it would naturally be no problem for him to marry her as his wife. Otherwise, he could only say that he was sorry and give her an equal wife at most.

However, this could only be his own wishful thinking. Who asked him to only think about what he would do when the time came and not what Leng ruoxue would do?

Putting aside the fact that Leng ruoxue would never agree to his request, even if she did, he would not be able to marry her!

"My surname is Leng. As for the marriage proposal, there's no need for it. I already have a fiancé." After hearing Zhou kun's words, Leng ruoxue was speechless for a long time before she said,

"You have a fiancé? Who is it?" Upon hearing that, Zhou kun was instantly infuriated. 'F * ck!' How could the woman he had his eyes on belong to someone else? He would never allow this to happen! The woman in front of him had been his possession since the first time he saw her. Now, he heard her say that she was taken. This was a fact that he could not accept.

"Who's related to you?" Leng ruoxue asked in surprise. Her beautiful face was still filled with confusion.

"Of course it's related. You're the woman I like, how can you have a fiancé? I'm the only man you can have! I've decided, I'm going to fight him one-on-one! Tell him to come to me!" Zhou kun didn't want to lose and issued the challenge first.

When Leng ruoxue heard Zhou kun's unreasonable and self-righteous words, she was speechless and did not know what to say. 'Why is this fellow so ... MMM!' He seemed to be even weirder than Ji Yun. He didn't even understand the monster's situation and wanted to challenge the monster one-on-one. Wasn't this courting death? Moreover, she was very sure that if Zhou kun really dared to come to her door, the demon would definitely not let him have an easy time.

"What's wrong? You don't dare to tell me? Was he afraid that his brother would beat him up? Don't worry, for your sake, I'll let him live, but the two of you must never see each other again. Otherwise, if I find out, I won't let you two go. " Seeing that Leng ruoxue did not respond for a long time, Zhou kun thought that she was afraid. Hence, he continued to pursue the matter.

This time, Leng ruoxue was even more speechless. She didn't know how to describe her current feelings. In short, it was hard to describe them in a few words. He did not expect that he would encounter such a rare talent one after another in the few days he had been here. Moreover, Zhou kun seemed to be even better than Ji Yun. At least, Ji Yun was not annoying, but Zhou kun was a completely different person.

Leng ruoxue remained silent, but ji tao, who was not far away, could not help but burst into laughter after hearing Zhou kun's words. ""Hahaha! Toad from the Zhou family, I really have to give it to you. Is there anyone as self-righteous as you? Nothing happened? Who Do You Think You Are to let her cut off all contact with her fiancé? Don't tell me that all the women in the world like you? If that's what you're thinking, then I suggest you commit suicide and reincarnate as a top-grade crystal! I believe that everyone will like you then. "

The more ji tao spoke, the more he felt that his words made sense, and he laughed even more wantonly. As for Zhou kun, after hearing ji Tao's ridicule, he was so angry that his face turned red and white. The veins on his forehead were throbbing, and there was a faint flame dancing in the depths of his eyes ...

That damned ji tao! She actually dared to humiliate him like this. Uncle can tolerate it, but aunt can't! Zhou kun was filled with hatred in his heart. He clenched his fists tightly, but he was thinking about whether he should teach ji tao a lesson! Teach him a lesson! At the same time, he was afraid that Leng ruoxue would have a bad impression of him, as though he was a bully who relied on his strength. However, he was going to let ji tao off just like that? He felt indignant. Sigh! He was so conflicted.

"Miss Leng, I'm very sincere towards you." After enduring silently for a long while, Zhou kun decided to let ji tao off first. His main priority was to capture Leng ruoxue. As for the three Ji family's boys, they would not be able to escape sooner or later. However, it would be a grave sin to scare the beauty away. Moreover, the beauty had a fiancé of unknown origins, who was his greatest enemy.

At this moment, he had already treated the demon as his love rival, but the demon was still unaware of it.

"Thank you for your sincerity, but I'm really not interested in you." Leng ruoxue sighed and said straightforwardly.

"Woman, you're really asking for it the hard way. Our young master kun has already said so, and you're still trying to be arrogant?" Seeing that Zhou kun couldn't handle the woman, one of his lackeys couldn't help but roar.

He really felt bad for young master kun! When had young master kun ever been so submissive to a woman? This woman really doesn't know what's good for her. To think that young master kun still indulges her so much. To be honest, even I can't bear to watch this anymore! So what if she was beautiful? There were many beautiful women in the divine realm! Even though this woman was prettier than the average woman, young master kun was not lacking in women. Hence, he could not understand why young master kun was so forgiving towards this woman. After all, if it was any other woman who dared to treat young master kun like this, young master kun would have already thought of a way to deal with her. If he could not deal with her, he would have to first ruin her reputation. Otherwise, it would be difficult to vent his hatred!

"Al! Why doesn't anyone believe the truth these days?" Leng ruoxue mumbled to herself with an aggrieved expression after hearing the Lackey's words.

"Puchi!" A soft chuckle was heard. Then, the owner of the chuckle, Ji Yun, said with a fawning expression, "Ruoxue, I believe you!"

"Be good!" Leng ruoxue helplessly patted Ji Yun's head and coaxed him. Ji Yun, who was being patted on the head, squinted his eyes in enjoyment, looking more and more like a little beast.

"Damn it, who allowed you to touch him?"

Just as Leng ruoxue and Ji Yun were enjoying each other's caresses, an earth-shattering roar resounded through the air. Following which, Leng ruoxue saw a fellow who was so angry that his entire body was on fire. He glared fiercely at her hand that was gently caressing Ji Yun's head. Ji Yun, on the other hand, shivered and quickly hid behind Leng ruoxue in fear.

"Ruoxue, protect me!" Ji Yun fearfully said, the expression on his handsome little face growing more and more frightened.

[Chapter 1845 You Can Only Come With Me \(2\)](#)

"Al!" Leng ruoxue could only sigh when she saw Ji Yun running away faster than a rabbit. Actually, she really wanted to say, kiss! You're a man!

"Dammit! What kind of man is he if he hides behind a woman? Is this all you're capable of as the young master of the Ji family? I really don't understand why those old fogeys of the Ji family would let you be the young master. Aren't they afraid that you'll destroy the Ji family?" Zhou kun, who was furious, said in exasperation. He really didn't know what the Ji family's judgment was. They actually chose a coward to be the young master. When he thought of this, he couldn't help but feel sour in his heart!

"What does that have to do with you? Our Ji family is willing to let Ji Yun be the young master, what can you do? Go and catch rats elsewhere. We have cats in the Ji family, we don't need you. " Upon hearing Zhou kun's words, ji tao said in an unpleasant tone.

"Hehe!" After listening to ji Tao's words, Leng ruoxue couldn't help but laugh. This member of the Ji family was quite interesting. He actually said that Zhou kun was a busybody. However, Zhou kun was indeed a busybody. When he saw Leng ruoxue laughing, Zhou kun, who was about to get angry, was immediately silenced by her beautiful smile. He could only look at Leng ruoxue in a daze.

At this moment, Ji Yun and Ji Tao were nothing in his eyes. His eyes that were spitting fire only had Leng Ruoxue's smile.

"Ruoxue, he seems to be a little silly." Ji Yun, who was hiding behind Leng Ruoxue, could not help but whisper when he saw that Zhou Kun, who was still furious a moment ago, was now standing still and smiling foolishly.

"You're the one who's stupid!" Leng Ruoxue lightly patted Ji Yun's head, her beautiful face filled with helplessness.

"I'm not stupid!" Leng Ruoxue's words made Ji Yun so aggrieved that he was on the verge of tears. Tears welled up in his clear eyes as he looked at Leng Ruoxue pitifully.

"I'll teach you a lesson if you dare to cry." Leng Ruoxue shot a glance at Ji Yun as she warned him.

"I don't want to cry! I can't help it! You're bullying me!" "Wuu ..." Ji Yun sobbed. Tears welled up in his eyes, but they refused to fall.

"When did I bully you?" Leng Ruoxue gritted her teeth and asked. Why did this fellow like to say that others bullied him so much? Could it be that he had a face that attracted hatred?

"You said I'm stupid, but you won't let me cry!" Ji Yun's mouth twitched. He felt extremely wronged.

Hearing Ji Yun's words, Leng Ruoxue couldn't help but wipe away the cold sweat on her forehead. She then sneaked a glance at Ji Wu and Ji Tao. However, she saw that the two of them were as calm as ever, as if they were used to it. She immediately felt that she was making a big fuss out of nothing. She should have known about Ji Yun's character long ago, right? Why bother with him! Ah! She realized that the number of sighs she had made in the past few days was more than the number of sighs she had made in a year.

"Alright, you're not stupid. Cry if you want to!" Leng Ruoxue said helplessly.

"Hehe! Ruoxue, you're the best!" Ji Yun was as happy as a child who had received candy.

"Be good! Go play by the side, I have some serious business to discuss with them." Leng Ruoxue coaxed Ji Yun as she pointed at Ji Wu and Ji Tao.

"What business? Can't I listen? Actually, I can give you guys some advice." When Ji Yun heard that he had been excluded, he said dejectedly. He also wanted to participate in the official business!

"Serious business is boring. You won't like it. Go play by the side! Good girl! Be good and I'll give you some candy later." Leng Ruoxue was now completely treating Ji Yun as a little child.

"Then you have to give me lots and lots of candy. Otherwise, I'll stay here." Ji Yun started to talk about his conditions. Recently, Ruoxue had been using candy to coax him, and he really liked the candy.

"No problem!" Leng Ruoxue nodded in agreement. Seeing that he had achieved his goal, Ji Yun went to the side to wait.

When Ji Wu and Ji Tao saw Ji Yun's reaction, they couldn't help but twitch their lips. What kind of situation was this? When did Ji Yun become so easy to talk to? A few pieces of candy?

It must be known that although Ji Yun looked silly and innocent, he was publicly acknowledged as the smartest member of the Ji clan. But now, what had Ji Yun done? The beauty only gave him a few pieces of candy and he was coaxed to the side. This, this was too embarrassing.

However, they believed that Ji Yun had his own reasons for doing so. Out of their trust in Ji Yun, they naturally did not ask too much, much less interfere with Ji Yun's thoughts and decisions.

After sending Ji Yun away, Leng ruoxue walked towards Ji tao and Ji Wu without a change in her expression and said softly, "What are you going to do? Should we continue fighting them, or temporarily stop?"

"If we fight, I'm afraid we're not their match right now. Moreover, we're injured. But will they agree to stop temporarily?" Ji Wu calmly pondered for a moment before saying, "in fact, it's best not to fight now. After all, although the Ji and Zhou families have a grudge, it's all on the surface. After leaving this place, it won't be too late to settle the score between them. But this place is different. There are many unknown factors here. Moreover, we've only been here for less than ten days. If we lose our men now, what will we do for the remaining days?" Of course, this was only his own thoughts. The Zhou family might not think the same as him.

"We'll know if we ask." Leng ruoxue smiled as she reminded him.

"If we ask, he definitely won't agree." Ji Wu said helplessly. He then looked at Leng ruoxue with anticipation.

When Leng ruoxue saw this, she wiped the cold sweat off her forehead. She could tell that the Ji family was using her as free labor. But forget it. For the sake of Ji Yun, she would not argue with them.

After thinking about it, Leng ruoxue turned around and walked to Zhou kun's side. She said, "Young master Zhou, can we temporarily stop the battle? If you want to fight, you can do it outside."

"Cease fire? Alright! However, I have a condition." Upon hearing Leng ruoxue's words, Zhou kun suddenly snapped back to reality. He looked at Leng ruoxue, who was so close to him, and his heart itched even more.

Beautiful! She's so beautiful, this is a true beauty! After meeting Leng ruoxue, he deeply felt that all the so-called beauties he had seen in the past had all become ordinary and not worth mentioning!

"What condition?" Leng ruoxue frowned and asked.

"You have to tell me who your fiancé is, and let him fight me one-on-one! If I win, you'll be mine!" Zhou kun boasted shamelessly.

When they heard his conditions, Ji Wu and Ji tao were furious. This was clearly taking advantage of him! In fact, they were not afraid of Zhou kun and the others. They just felt that it was more important to preserve their strength for the time being. After all, the two families had been enemies for a long time, and there was no need to fight to the death here. Wouldn't that benefit others? However, before the two of them could reject Zhou kun's conditions, Leng ruoxue agreed first.

"No problem. But what if you lose?" Leng ruoxue couldn't help but ask. In her heart, she was thinking, 'if this evildoer knew that someone had designs on her, he would probably want to beat them up, right?'

Now that this person had taken the initiative to come to her door, if she didn't take it on behalf of the demon, the demon might drink it up in jealousy after finding out.

[Chapter 1846 You Can Only Leave With Me \(3\)](#)

"This young master won't lose." Zhou kun said confidently.

"Alright then!" Apart from being speechless, Leng ruoxue felt a sense of powerlessness. She really could not understand where this person got his confidence from.

"Zhou kun, although you're very confident, I think it's better to say the ugly words first. What are you going to do if you lose?" Ji tao couldn't bear to see Zhou kun's smug look, so he said, hoping that the world would be in chaos.

"I said I won't lose. You don't understand what I'm saying, right?" Ji Tao's words made Zhou kun furious. 'Why is ji tao so annoying?' He was everywhere!

"Let's not talk about losing first. The key is that if you lose, you'll have to pay a price, right? After all, if he lost, he would have to give up his fiancée. With such a huge price, it didn't seem right if he didn't come up with something decent, right? Don't think that your Zhou family can use your power to bully others. We all saw it!" Ji tao provoked.

"If this Lord loses, this Lord's life will be given to him. That should be fine, right?" Zhou kun couldn't help but be agitated and said angrily.

"You don't have any proof. What if you lose and go back on your word?" Ji tao said with a worried look.

"I said I won't go back on my word, so I won't go back on my word." Zhou kun gritted his teeth and said with hatred in his heart. 'Ji tao is really despicable.'

"Why don't you write a receipt?" Leng ruoxue suggested with a smile.

"Even you don't believe me?" Zhou kun said with a bitter face and an aggrieved expression.

"Should I believe you? I don't even know you. " Leng ruoxue asked in surprise. From his tone, it sounded like he was acting coquettishly. Leng ruoxue shuddered and quickly threw this thought out of her mind.

"You ..." Zhou kun was so angry that he was at a loss for words. After a long while, he gritted his teeth and said, "Good! I'll write an agreement!"

"You can't write a written pledge. That thing's binding power is too low. You should just make an oath!" Ji tao reminded.

Zhou kun's face turned livid with anger after hearing ji Tao's words. 'F * ck!' She actually wanted him to make an oath? Could that thing be casually distributed?

Although Zhou kun had just promised to hand his life over to the other party if he lost, he was extremely unwilling to make him swear an oath. This was also for the sake of prevention. After all, they were from aristocratic families and knew what they could and couldn't do.

However, seeing that Leng ruoxue seemed to agree with this idea, Zhou kun felt that he was in a difficult position. If he were to reject her, he was afraid that Leng ruoxue would dislike him even more.

"Forget it, let's not make things difficult for young master Zhou. Oaths really can't be made randomly. Let's just write a receipt!" After a long while, Leng ruoxue said in an understanding manner when she saw Zhou kun's constipated look. In fact, she was thinking that with Zhou kun's devilish behavior, the success rate of him reneging on his debt would not be high. Therefore, she was not afraid that Zhou kun would have any other thoughts. The top priority was to stabilize Zhou kun first.

In fact, if they were to really fight, she was really not afraid of Zhou kun. However, she did not want to appear too outrageous. After all, their every move could be seen clearly by the outside world. She did not want to expose all her trump cards to the eyes of others. Therefore, unless she had no other choice, she did not want to make a move easily. If she really did make a move, she would definitely hide her strength.

"Good! I'll write you an IOU. " Leng ruoxue's words made Zhou kun feel more at ease. He was still thinking to himself happily, 'it seems that the beauty is not completely indifferent to me. Look!' She was so considerate to him!

Fortunately, Leng ruoxue was unaware of Zhou kun's thoughts. Otherwise, she would have been depressed to death! She was not being considerate towards Zhou kun, but she felt that there was no need to do so. After all, it was impossible for Zhou kun to renege on his debt.

Zhou kun wrote the IOU very quickly. After he was done, he immediately handed it to Leng ruoxue. Then, he stared at her without taking his eyes off her, and he was daydreaming in his heart.

As long as he thought about how this unparalleled beauty was about to belong to him, his heart was so beautiful that it was about to float up. Hehe!

Leng ruoxue ignored Zhou kun's slightly perverted gaze and suppressed the disgust in her heart as she reminded him, "Young master Zhou, since I've already agreed to your conditions, you must put aside your grudges with the Ji family for the time being. You must not find any reason or excuse to cause trouble for the Ji family here. Can you do that?"

"Sure, as long as they don't come looking for trouble with me, I can let them off for the time being on your account." Zhou kun promised. The reason he said that was to let Leng ruoxue know that he was giving her face. Otherwise, how could he possibly let those brats of the Ji family off?

"Don't worry, they won't take the initiative to find trouble with you. We'll leave this place in a while. " Leng ruoxue said indifferently.

As soon as Zhou kun heard that Leng ruoxue was leaving, he was immediately displeased. The reason why he did not cause trouble for the Ji family was because of Leng ruoxue. If Leng ruoxue left with the three boys from the Ji family, what would he do?

At the thought of this, Zhou kun immediately said loudly, "No! You can't leave this place. You have to stay with us. " As for the three members of the Ji family, they could go wherever they wanted. He didn't care!

"On what basis?" Leng ruoxue raised her brows and asked in surprise.

"On the basis that you are ..." Zhou kun was about to say that she was his woman, but on second thought, Leng ruoxue was not even his yet! If he said this now, it would be bad if the beauty got angry. Thus, he swallowed the words 'my woman'.

"We've just reached an agreement. If you leave with them, where am I going to find your fiancé for a one-on-one fight?" So, you can't leave! You can only come with me!" The more Zhou kun thought about it, the more he felt that his idea was good. In that case, he would also have the opportunity to prove to the beauty that he was good.

"Uh! Alright then!" Leng ruoxue replied. Then, she looked at Ji Yun and the other two and said, "Let's go with the Zhou family for the time being! At least we can take care of each other. "

"I'll go wherever ruoxue goes!" Ji Yun hurriedly said with an ingratiating expression. His little appearance made him look extremely obedient.

"We don't have any objections," Ji Wu and Ji tao also looked at each other and saw a hint of a smile in each other's eyes, because they knew that Zhou kun would definitely be depressed if the three of them followed him! Hehe!

"Young master Zhou, let's go!" Leng ruoxue said to Zhou kun with a faint smile after getting the approval of Ji Yun and the other two.

"Let's go!" Zhou kun did not expect that the outcome would be like this. He gritted his teeth and braced himself.

After he finished speaking, he did not even turn his head back and walked in front angrily. Leng ruoxue and the others saw this and followed behind him slowly.

At this moment, the audience in the stadium saw the scene on the screen and their eyes widened in disbelief. What, what was going on? Did they see wrongly? Shouldn't the people inside start fighting as soon as they meet? The scene that they had thought would be an intense battle was over just like that?

Everyone felt an unspeakable disappointment in their hearts, especially the families that also had a feud with the Zhou family. They didn't see the fierce battle between the Ji and Zhou families, and they were all unwilling to accept it. However, what could they do if the other party didn't want to fight?

However, when the patriarchs of the Ji and Zhou families saw this scene, they were quite satisfied with their way of dealing with it. After all, the enmity between the two families could be completely resolved outside. There was no need to fight to the point where both sides suffered losses and let others benefit from it. That would be a great loss.

"Wow! This girl is actually using her beauty as a trap. " Sitting in the ning family's exclusive seat, the chief elder of the craftsmen's Guild saw the situation on the light screen and couldn't help but click his tongue. The expression on his face was as if he had seen some rare wonder.

"What's wrong with your eyes? Did this girl even need to use a honey trap? As long as she stands there, she will have thousands of admirers who will be willing to follow her orders, do you understand?" The master of the ning family said with dissatisfaction, but he snorted coldly in his heart! Was there a need to use a honey trap to deal with the Zhou family's kid? That guy was a lecherous person to begin with. Don't be fooled by his appearance. In fact, he was full of tricks.

Initially, he didn't know Zhou kun. However, ever since Leng ruoxue met Zhou kun and the others face-to-face, he had specially sent someone to investigate Zhou kun's past. After finding out about it, he couldn't help but worry for Xue 'er. After all, Zhou kun was not a good person! As long as the woman he fancied submitted to him, it would be fine. If they did not, he would use any means possible. At the very least, his reputation would be ruined. At the very worst, he might even lose his life.

Although this was the immortal realm, a woman's reputation was equally important. If a woman's good reputation was gone, the clan would feel ashamed. In worse cases, they might even expel her from the clan. After all, such a woman did not even have the qualifications to be a chess piece.

Compared to his life, master ning felt that the act of ruining his reputation was more abominable. After all, if he lost his life, he would be done for and would not know any pain. However, for a woman with a bad reputation, unless she had the protection of her family or she was strong enough, otherwise, living would be their greatest pain!

"Right! Right! I said the wrong thing! Our girl's charm is boundless, those ordinary people can't resist it, hehe!" The great elder agreed with master ning's words without any backbone. What could he do? this old man's mood had been very unstable recently, so he had to coax him a little. He couldn't make him angry, otherwise, he would be the only one who would suffer.

[Chapter 1847 Ji Yun In Sheep's Clothing \(1\)](#)

"You're tactful!" The master of the ning family rolled his eyes at the great elder and said with a tsundere tone.

"Hehe!" Hearing their conversation, uncle long couldn't help but chuckle. These two old men weren't young anymore, but they were still acting like children. Was there any point in bickering over this? He couldn't understand the way they got along. Perhaps this was the so-called generation gap!

"Uncle long! Do you think that Zhou kun will harm the little girl? He's not a good person. " The great elder smiled at uncle long and asked for his advice. His attitude was extremely affable.

"He dares? If he dares to touch a single hair on this little girl, I'll make sure his entire family is buried with her!" Uncle Long's pitch-black eyes glowed with ruthlessness as he spoke in a vicious tone.

"Uh! Uncle long, you're so imposing. " The first elder couldn't help but wipe the cold sweat on his forehead and whispered in fear. He looked at uncle long and actually sympathized with Zhou kun, who was trying to hit on Xue 'er. One had to know that that girl was not to be trifled with. Now that she had a few old fogeys who were protective of her, whoever dared to mess with her would be courting death!

"Don't be afraid! As long as you're obedient! I won't beat you up. " Uncle long said to the great elder with a faint smile.

"Uh!" After hearing uncle Long's words, the great elder was a little depressed. What did he mean by as long as he was obedient? Did uncle long think he was a three-year-old child? He had lived for so long and had never been coaxed like a child before. It was a new and interesting feeling.

"Ning family's boy, you be good too!" Glancing at the depressed first elder, uncle long said to the master of the ning family, but he thought to himself that since they had been good friends for many years, as an

elder, he had to be impartial. Otherwise, if he only reminded one and not the other, it would definitely make them feel different, and it would make them feel unbalanced!

Sure enough, hearing uncle long mention the old man of the ning family, first elder felt much better. It felt weird to be coaxed like a warning! However, they were only able to calm down after hearing uncle Long's words. If it was anyone else who dared to speak to them in such a manner, they would definitely end up in a miserable state!

However, master ning was even more upset.

"Uncle long! Am I not obedient enough?" Uncle Long's words made the master of the ning family very depressed. Woo...This was really unreasonable. He had only warned the first elder, how could he be implicated?

"Just barely!" Uncle long said, seemingly dissatisfied.

"Uh!" The master of the ning family was even more depressed, and when the great elder saw this, he couldn't help but laugh in his heart.

"Alright, stop discussing. Focus on the match!" Uncle long yawned and then closed his eyes to take a nap.

The master of the ning family and the first elder had to shut their mouths and look at the screen.

At this moment, Leng ruoxue and the others, who were in the special space, had no idea that they had become the focus of discussion.

Leng ruoxue was in a terrible fix.

The Ji and Zhou families were too much of a troublemaker. There were six people in total, but no matter what they did, as long as one side agreed, the other side would definitely object to it. Now, the two sides were arguing about what to eat for dinner! And this was only their first day together. They still had to stay here for another twenty days. If they were like this every day, what would they do in the future? Leng ruoxue didn't even dare to imagine.

"I want to eat chicken, I want to eat roast chicken!" Not far away, Ji Yun craned his neck and his face was flushed red. He was fighting with Zhou kun at the top of his voice for the right to have dinner that night.

"What chicken dinner? How do you know about chickens?" He had long heard that the coward of the Ji family liked to eat chicken, and he would not be happy without chicken. However, he hated chicken the most, so he was determined not to eat it.

"So what if I like to eat chicken? Don't you like to eat stinky things?" Ji Yun shouted in a bad mood.

"F * ck! Who told you that I like to eat stinky things? Do you want to die?" Zhou kun's expression immediately turned extremely ugly, and he secretly hated Ji Yun in his heart. 'Brat, how can you slander me like this in front of a beauty?' Although he had a preference in that aspect, it wasn't like he liked her.

"Isn't this something that everyone knows? Why are you so angry?" Ji Yun muttered softly. He was no longer afraid of Zhou kun because ruoxue would protect him! Hehe!

"You ..." Zhou kun was so angry with Ji Yun that he was trembling. He stretched out his fist and was about to punch him, but he was unexpectedly stopped by the two lackeys beside him.

"Why are you stopping me? I want to teach him a good lesson!" Zhou kun turned around and looked at the Lackey who was blocking his way with a fierce look on his face. He then roared angrily.

"Young master kun! Calm down! He's making you angry on purpose, don't fall for it! Demeanor! Demeanor! Did you forget that you said you would perform well in front of miss Leng? This Ji Yun has such a good relationship with miss Leng, so why don't you treat him as your own daughter? since he wants to eat roast chicken, then let him eat it. It's not a big deal!" One of the lackeys whispered to Zhou kun. Young master kun had told them that they had to pursue miss Leng and leave a good impression on her. Therefore, as young master kun's think tank, he naturally had to think for young master kun. He couldn't let young master kun make mistakes in such trivial matters. After all, such trivial matters were the most challenging.

"What you said makes sense!" After listening to Ji Yun's words, Zhou kun's fiery eyes immediately calmed down, and his heart calmed down a lot. However, he loathed Ji Yun even more in his heart. 'That damn coward! He almost caused me to make a low-level mistake. I can't tolerate him!'

Then, he turned to Ji Yun and said, "Since you want to eat roast chicken, then eat it! However, you have to make sure the chicken is delicious, or I'll beat you up!"

Zhou kun threatened. Moreover, the implication of his words was that he wanted Ji Yun to prepare dinner for the day. However, Ji Yun was exceptionally happy after listening to his words.

"Don't worry! I'm good at cooking, I guarantee you'll want more after you eat it. " Ji Yun said in a fawning manner. After he finished speaking, he ran over to the fire that had already been lit and began to roast his fat chicken.

At that moment, ji tao, who was helping by the fire, saw Ji Yun happily busying himself. He felt a little upset and couldn't help but say, "Young master! Why should we serve them? We're not servants of the Zhou family!" Ji tao felt indignant, but seeing that Ji Yun didn't have much of a reaction, he could only put his dissatisfaction to heart and concentrate on helping Ji Yun roast chicken. After all, Ji Yun couldn't be the only one busy with food for so many people, right? Ji Yun was the young master of the Ji family.

"Serving others makes us happy, especially when it comes to serving the enemy. This is the best way to cultivate one's body and mind." Ji Yun laughed nonchalantly. Then, he took out a large pile of bottles and jars from his storage ring. In an instant, his hands moved quickly and the powder from the bottles and jars was evenly sprinkled on the already sizzling chicken. In an instant, the unique fragrance of roasted meat wafted through the air.

[Chapter 1848 Ji Yun In Sheep's Clothing \(2\)](#)

Zhou kun, who was not far away, could not help but swallow his saliva when he smelled the aroma of the roasted meat in the air. He thought to himself, 'I didn't expect this kid to have some skills. The chicken is so fragrant that even I, who has always hated chicken, want to have a few bites.'

After the chicken was roasted, Zhou kun and the other two walked straight towards them without waiting for Ji Yun's instructions. Upon seeing that, Ji Yun quickly handed over a fat chicken with a faint

smile. However, Zhou kun ignored him and took the three chickens that were roasting over the fire. He ate one himself and shared the other two with his dog legs.

Ji Yun saw that he was ignored and smiled indifferently. He continued his work as a chef to serve the people. After all, he had only roasted four chickens just now, and three of them had been eaten by Zhou kun and the other two. As for the other one, he naturally had to leave it for ruoxue. As such, he, Ji Wu, and ji tao had nothing to eat, so they had to continue roasting.

As for the chicken he had prepared for Leng ruoxue, it was no surprise that ruoxue had fed it to the not-so-cute little fox. However, this time, the little fox did not complain. After it finished eating the chicken, it lay comfortably in Leng ruoxue's arms with its four legs up in the air. Its vigilant silver eyes sized up the few people present. The reason why it didn't return to the origin space this time was that it had accepted the task that everyone had arranged for it. It was responsible for monitoring these guys who had ill intentions towards its cute master.

Zhou kun, who had originally intended to please Leng ruoxue, saw that Ji Yun had actually taken the initiative to hand the roast chicken to Leng ruoxue. He was instantly burning with jealousy. However, when he saw that Leng ruoxue not only did not eat the roast chicken that Ji Yun had given her, but had even fed the chicken to an animal, he immediately felt balanced.

Not long after dinner, Zhou kun, who was lying in his tent, suddenly felt discomfort in his stomach. He quickly stood up and ran out of the tent ...

"Hehe! My lovely master, someone's acting up!" In another tent, baby, who was lying in Leng ruoxue's arms, heard the commotion outside and smiled evilly.

"You're such a gloating little rascal. Are you that happy to see Zhou kun and the others make a fool of themselves?" Leng ruoxue caressed her baby's soft, silk-like fur as she spoke with a doting expression.

"Of course I'm happy. Who asked him to have ideas about cute master! He's really a Toad lusting after a Swan's flesh!" "Hmph!" Baby said with a look of disdain. Not everyone could plot against its master. However, it did not expect that coward, Ji Yun, to have such a trick up his sleeve. He had actually drugged Zhou kun and the other two without anyone knowing! It seemed that one really couldn't judge a book by its cover! This was especially so for someone like Ji Yun, who looked very innocent and even a little silly. Now, it had a whole new level of respect for Ji Yun. It didn't expect that guy to also be so two-faced.

"Yes, he's going to suffer this time." Leng ruoxue said with a faint smile. She had not expected Ji Yun to do this. In fact, when Ji Yun and Zhou kun each brought a roast chicken to her, she had already felt the difference between the two roast chickens. Although the difference was very slight and ordinary people might not be able to sense it, as an Alchemist, she was more sensitive to smells than others. Therefore, she could tell at once. It was also from that moment on that she began to pay more attention to Ji Yun, Perhaps this young master of the Ji family wasn't what everyone thought he was.

"Cute master, should we go out and watch the show? We'll let him know that we saw his embarrassing state and save him from always unconsciously thinking about master. Hmph! Any man who dares to hit my cute master must be eliminated!" Baby said indignantly, and his heart was filled with hatred!

"It's better not to go out. " Leng ruoxue said after some thought. It would not do them any good to go out at this time.

"Alright then!" Baby was a little regretful, but he had to listen to his master.

At this moment, an angry roar suddenly came from outside the tent,""Damn those Ji Yun, Ji Wu, and Ji tao! Get out here!"

Upon hearing this voice, Leng ruoxue could only stand up helplessly and leave the tent with the treasure in her arms. If she were to continue closing her eyes, she was afraid that Zhou kun would vent his anger on Ji Yun and the other two in a fit of anger.

As he walked out of the tent, Ji Yun and the other two were also yawning as they walked out.

"Why are you calling us? You guys are full of energy and don't want to sleep, but we still want to sleep!" Ji tao said in dissatisfaction.

"Damn it, what did you put on the roast chicken?" Upon hearing Ji Tao's words, Zhou kun's heart burned with even more anger! Originally, he wasn't interested in chicken, but because the smell of the roast chicken was too fragrant, he couldn't help but eat a little. He didn't expect that he would have diarrhea in the middle of the night. After a few rounds, his legs were weak from squatting and he almost collapsed from diarrhea.

"I didn't put anything? There are only some seasonings. " Ji tao couldn't help but say. Then, he looked at Zhou kun and the other two, who were obviously pale and looked weak. He asked in puzzlement,""What's wrong with you guys? Why do you look so pale?" Although he said that out of concern, he was really happy to see Zhou kun and the other two looking so weak. Fortunately, they were considered half allies for the time being. Therefore, he appeared to be very concerned.

"Argh! Are you having diarrhea? Where did you poop it from? Don't you know that this special space is under full surveillance? I'm finished! Now, the audience is lucky enough to see your big butts!" When Ji tao heard that the other party had diarrhea, he quickly reminded him in a fuss. However, he had long laughed in his heart. Zhou kun and the other two were extremely embarrassed. However, how did they get diarrhea? Could it be Ji Yun's doing? Oh!

"What a good seasoning! We all had diarrhea after eating your roast chicken! Speak! What did you put on the chicken?" Zhou kun growled at the top of his lungs in a fit of anger.

"Argh! Are you having diarrhea? Where did you poop it from? Don't you know that this special space is under full surveillance? I'm finished! Now, the audience is lucky enough to see your big butts!" When Ji tao heard that the other party had diarrhea, he quickly reminded him in a fuss. However, he had long laughed in his heart. Zhou kun and the other two were extremely embarrassed. However, how did they get diarrhea? Could it be Ji Yun's doing? Oh! It's not impossible! He couldn't help but think.

He knew it! How could Ji Yun, the Black-bellied fellow who liked to pretend to be a pig to eat Tigers, tolerate Zhou kun and the others climbing over his head and abusing him? It turned out that he was already prepared! Hehe! It must be known that there was a reason why Ji Yun was doted on by the Ji family. It was just that outsiders didn't know.

However, underestimating Ji Yun would result in him suffering a great loss. This was what he had learned from his experience as a member of the Ji family!

As soon as Ji Tao's words fell, Zhou Kun and the other two's faces turned even paler, because the matter was indeed as Ji Tao had said. Their embarrassing behavior when they were in a hurry just now should have been seen by the representatives of the major aristocratic families. What should they do? At that moment, Zhou Kun even felt like dying. It was not just a matter of embarrassment!

It should be known that the master of this special space was the Divine Master. Now, the three of them were relieving themselves in the divine artifact that the Divine Master belonged to, and they were also seen by so many representatives of the great families. The evidence was irrefutable, and they could not deny it even if they wanted to. Once the Divine Master found out about this matter, they were afraid that they would lose their lives!

All of a sudden, Zhou Kun and the other two became listless. Their bodies, which were originally a little weak due to diarrhea, were now trembling non-stop like fallen leaves in the autumn wind.

[Chapter 1849 Ji Yun In Sheep's Clothing \(3\)](#)

"Young, young master Kun! What do we do now?" A Lackey's face turned white, green, and black, like a palette that kept changing. The words he spoke trembled even more.

"What can we do? Hurry up and clean up!" Zhou Kun gave the Lackey a hard knock on the head and growled in a low voice. After saying that, he turned around and ran away, while the other two members of the Zhou family followed closely behind.

When Leng Ruoxue saw this scene, her forehead was filled with black lines. It seemed like she had worried for nothing. She originally thought that Zhou Kun and the other two would be eager to tear Ji Yun and the rest into pieces! He did not expect that Zhou Kun and the others would ignore them just because of a few words from Ji Tao. However, the consequences of relieving themselves in the Divine Master's divine weapon seemed to be quite serious!

At the thought of this, Leng Ruoxue couldn't help but look at the confused Ji Yun. That pitiful face was still in a daze! However, after witnessing this, she no longer thought of Ji Yun as simple and naive. That fellow was an out-and-out, vicious, and merciless wolf in sheep's clothing!

Sensing Leng Ruoxue's scrutinizing gaze, Ji Yun smiled timidly and revealed an innocent expression like a little white rabbit. With a face full of fear, he said, "Ruoxue, Zhou Kun and the others are so fierce! You scared me to death." After saying that, the mist in her clear eyes surged up again.

Seeing this, Leng Ruoxue couldn't help but roll her eyes. Continue acting! She didn't intend to expose Ji Yun. She wanted to see how long he was going to keep up the act!

"Ruoxue!" Seeing that Leng Ruoxue didn't seem too happy, Ji Yun continued to call out to her timidly.

However, Leng Ruoxue continued to ignore him.

Ji Yun was helpless and could only use the same trick to run to Leng Ruoxue's side. He pulled on her sleeve and choked, "Ruoxue, you will protect me, right?"

Hearing this, the baby couldn't help but roll his eyes! Hmph! Don't think that it didn't know what this guy was thinking! However, this move shouldn't be of much use against his cute master, because someone else had used the same move before, and it was that evildoer!

Although there were some differences in the moves, they were generally the same!

"Don't worry. Zhou kun can't be bothered to cause trouble for you now. He's in even greater trouble." Leng ruoxue's words were a little ambiguous. She didn't say she would protect him, but she didn't say she wouldn't protect him either. However, when Ji Yun heard her words, he could tell that she was disdainful of him.

"Ruoxue! I can cook! He can cook so many delicious things, not just roast chicken! However, the conditions here are limited, so I can't fully display my cooking skills. I'll make it for you when I have the opportunity in the future! However, you have to protect me first! If I die here, no one will be able to cook for you in the future." Ji Yun said pitifully. After saying so much, his main purpose was to get Leng ruoxue to protect him.

"You said you would protect me." Leng ruoxue reminded him for the umpteenth time. Her face was filled with helplessness.

"MMH! You protect me first, and I'll protect your stomach and feed you until you're full every day." Ji Yun said somewhat shyly.

After hearing Ji Yun's words, Leng ruoxue was left speechless countless times.

As soon as baby heard this, he immediately became spirited. "What, are you planning to cook for my lovely master every day?" This silly boy clearly had ulterior motives!

"MMH! I'll take care of ruoxue's meals from now on, I'll cook for her every day!" Ji Yun hurriedly nodded.

"But, my family's cute master has servant girls, and master's food is all prepared by them. If they know that you snatched their rice bowls, they will be very anxious with you. By the way, they're all very fierce!" The treasure said with a hint of schadenfreude, as if it could already see Ji Yun's tragic end.

"It doesn't matter! I'll get along well with them." Ji Yun promised. If he wanted to please Leng ruoxue, he had to please the people around her first. This was what his father always said. Of course, his father's exact words were that if he wanted to please a woman, he had to first settle the people around her. This way, even if she hated you and ignored you, she wouldn't be able to withstand the praises from everyone around you. As time passed, you would naturally slowly seep into her life!

It had to be said that old man Ji's way of thinking was similar to the way the demon pursued Leng ruoxue. They both wanted to infiltrate the other party's life and were everywhere.

"If that's the case, then I'll represent my master in accepting you as an attendant!" Baby waved his little paws and said with a pout.

"An attendant?" Ji Yun was dumbfounded. He didn't want to be an attendant!

"That's right! It was an attendant! Besides, I'll have to give you a cut first before you can stay by my cute master's side. Otherwise, as long as you're a male creature, you can't stay by my master's side. Master's

man is so fierce. I'll kill every extra man around master. " Baby made a "ka Cha" gesture and said in a serious manner. The "cut" it mentioned was naturally to castrate Ji Yun. Hehe!

Baby's words made even more black lines appear on Leng ruoxue's forehead. She really wanted to know who baby had learned these things from. However, she guessed that Ji Yun and the other two wouldn't understand the meaning of the cut, and she naturally didn't intend to explain it to them.

However, even if she didn't tell them, it didn't mean that their baby wouldn't tell them.

He saw his precious child mysteriously smile as he looked at the obviously confused Ji Yun and the other two. He then asked, "Do you know where I'm cutting?"

When Ji Yun and the other two heard this, they shook their heads in unison and adopted a modest manner.

When baby saw that they were so Teachable, he felt even more pleased in his heart. He smiled a little wretchedly and said in a small voice, ""Cut off the most important part of a man. After cutting off that part, the man will be impotent in the future. This way, the man who loves master will be assured that there are creatures of the opposite sex staying by master's side. Otherwise, there's no need to talk!"

"Uh!" When Ji Yun and the other two heard this, they were instantly dumbfounded. The expressions on their faces were extremely strange.

This little fox seemed to be telling them the truth. They couldn't be sure of it in such a short time. However, if this matter was true, then the man who stayed by Leng ruoxue's side was a little too pitiful, right?

At the thought of this, the three of them looked at Leng ruoxue to seek confirmation. However, Leng ruoxue merely coughed a few times and turned her head to the side in embarrassment, ignoring the six pairs of eyes that were filled with anticipation.

Seeing Leng ruoxue's embarrassment, the three of them felt their hearts sink. Could this be true? Because Leng ruoxue did not deny it, and since she did not deny it, the three of them naturally took it as a silent agreement.

As they were worried that Ji Yun would do something irrational in his impulsiveness, Ji Wu and Ji Tao immediately dragged the unwilling Ji Yun to a corner after coming to this conclusion. They began to persuade him to dispel any thoughts he shouldn't have. After all, if a man were to be cut by a knife, his life would be over.

Seeing that they had something to discuss, Leng ruoxue carried the treasure back to her own tent.

As for Zhou kun and the other two, they were cleaning up the waste that they had discharged at the place where they had defecated previously!

As the three of them had pulled it too many times, the cleaning process was a bit big.

However, the three of them had already split up the work.

Zhou kun's two lackeys were in charge of cleaning the feces on the ground, while Zhou kun was in charge of cleaning the dirt on the ground with his water-attribute divine skill.

When the two lackeys used a small shovel that they had found somewhere to clean up the feces and pile them up, the two of them were a little troubled. This was because they had no place to throw these things. If they threw these excretions somewhere else, it would be equivalent to them working for nothing.

"Dammit! What are you guys doing? Hurry up and get to work!" Zhou kun, who was as tired as a dead dog, panted and roared, "damn it!" He had cleaned up so many places and was half-dead from exhaustion, but these two insensible things beside him had actually taken a break. This was really preposterous!

"Young master kun! There's no place to throw these things. " Upon hearing Zhou kun's reprimand, one of the lackeys hurriedly said.

"Why don't you have a place to throw it? just throw it somewhere ..." Zhou kun was stunned as soon as he said that. All the places here belonged to the Divine Master. No matter where he threw it, the nature of the matter was the same. Sob ... It seemed like there was really no place to settle it.

Immediately, the three of them frowned and were at a loss.

After thinking hard for a long time, Zhou kun suddenly had a flash of inspiration in his mind, and he said loudly, ""Zhou Cheng, hand over your storage ring!"

"A storage ring? W-why?" Zhou Cheng asked with a pained expression. The storage ring that he was wearing now was a reward from his family not long ago. The space inside was very large, and he had been reluctant to use it. He wanted to put more things in preparation for entering the special space, so he used the ring. Who knew that young master kun would actually ask him to give up the ring? suddenly, the only thought in his mind was that young master kun wanted to steal his things. However, after thinking about it again, the possibility of this was too low. After all, Young master kun knew very well what was in his ring, but young master kun didn't even care about it.

He couldn't understand what young master kun meant.

"What other reason could it be? of course it's to pack things!" Zhou kun roared in a bad mood.

[Chapter 1850 Strange Movement \(1\)](#)

"What, what are you trying to store?" Zhou Cheng stammered as he asked. He did not know why, but he had a bad feeling in his heart. Wu...How could this be!

"Just treat this as storing these rubbish!" Zhou kun pointed at the pile of disgusting, stinky things on the ground and said matter-of-factly. Zhou Cheng was dumbfounded when he heard that.

"Young master kun! N-no, I can 't! How can you use my storage ring to store these things!" After a long while, Zhou Cheng finally came back to his senses and said with a long face.

"If I don't use yours, do I have to use mine?" Zhou kun glared at him and said fiercely.

"Of course you can 't!" Zhou Cheng said hurriedly, but his eyes secretly looked at Zhou Li, who was standing at the side, gloating.

Why didn't he use Zhou Li's storage ring? Zhou Cheng couldn't help but think to himself in anger.

"Zhou Cheng, don't even think about it. My storage equipment was given to me by young master kun." Zhou Li said with a smile. In other words, he was saying, "you dare to use the storage ring that young master kun gave you to store these things?" Young master kun will definitely get angry with you first.

Sure enough, as Zhou Li had expected, after hearing Zhou Li's words, Zhou kun glared at him unhappily and ordered loudly, "Stop talking nonsense. Quickly hand over your storage ring. I'll get you a better one in the future." He was running out of patience.

"Oh!" Zhou Cheng responded unwillingly. Who asked him to be in such a disadvantageous position now! However, he did not have any hope for Zhou kun to get him a better storage ring.

Although the Zhou family could not be compared to the eight great divine realms, it was still considered a top-notch force in the divine realm. However, it was also because it was a large family clan that there were many clansmen. As a result, the family's resources were slightly limited. If one was not from the main branch of the family or a branch family with good qualifications, it would be difficult for an ordinary Clansman to stand out in the family. However, it was also because he was close to Zhou kun, who was from the main branch, that his life in the Zhou family was better. However, he was only slightly stronger than the other members of the branch family. Otherwise, he would not have treated the storage ring given to him by the family as a treasure. It was a pity that the ring was about to leave him.

Zhou Cheng felt his heart ache, especially when he handed over his storage ring. He felt as if his heart was being cut by a knife. Seeing this, Zhou Li comforted him, "Don't be so stingy! After we get out, we can still use the storage ring after it's cleaned. "

"Use my ass!" Upon hearing this, Zhou Cheng was furious. F * ck! This fellow was actually making sarcastic remarks. So it wasn't his storage ring!

"Enough! Don't make any noise!" Zhou kun, who had run out of patience, glanced at the two of them and roared in anger. Then, he handed the ring to Zhou Li and said, "Hurry up and pack up these things!" F * ck! He had been cleaning up the feces for almost a night, and he was exhausted. More importantly, he had lost a lot of face. As for whether he could keep his life, he had no confidence at all. Sob ... He hoped that the master God would spare their lives on account that they had made up for their mistakes! He prayed sincerely.

"Yes!" Zhou Li happily took the storage ring that Zhou kun handed over and stored all the stinky things that were piled on the ground into the ring. Although the work was a little disgusting, it was worth it to be able to see Zhou Cheng's depression.

After cleaning up the waste on the ground, Zhou kun cleaned up the ground with his water-attribute divine skill. By the time they were done, it was almost dawn.

The three of them returned to the tent like dead dogs and refused to come out.

Although they were already gods, their cultivation was limited, after all. They would still feel tired if they overexerted themselves.

As expected, Zhou kun and the other two's performance in the special space was fully exposed to everyone.

In the beginning, when they saw the three big white buttocks on the light screen, all of them had an incredulous expression on their faces, and their foreheads were filled with black lines. Later on, what Zhou kun and the other two did also made them dumbfounded.

Many people couldn't believe their eyes. They even thought that they had seen it wrong. Because such a thing was simply impossible and shouldn't have appeared in the elite gathering! However, it had appeared.

A good and proper elite gathering was held under the eyes of thousands of people. However, in just a few days, such an unforeseen event occurred. This, was this still the extremely serious elite gathering? This was clearly a prank! They wanted to destroy the essence of the elite gathering!

With this thought in mind, everyone looked at the Zhou clan leader with anger and hostility.

"Clan leader Zhou, that Zhou kun is a junior that you like more, right? His way of doing things was indeed different! It has the style of your Zhou family. " Next to the Zhou family was the Ji family's seat, and the one who had spoken was the Ji family's patriarch, who had a gloating expression on his face.

Seeing the constipated expression on patriarch Zhou's face, patriarch Ji was overjoyed. At first, he had been quite dissatisfied with the God lord's estate's arrangement of the two families together. After all, it was well known in the divine world that the two families were not on good terms. But now, he was somewhat grateful for the God lord's estate's arrangement. Moreover, under close observation, the expression on the Zhou family's master's face kept changing. It was particularly wonderful to watch! This could be considered a rare sight!

The master of the Ji family was in a great mood!

"If you don't speak, no one will think you're mute!" The Zhou clan leader gritted his teeth and growled as he listened to the Ji clan leader's gloating and mocking. At this moment, his lungs were about to explode from anger.

That damned Zhou kun. She initially thought that he was a reliable person. Who knew that he would do such an embarrassing thing? the Zhou family had lost all their face. However, losing face was not a big deal. If the divine lord's estate were to pursue the matter, the Zhou family would probably be implicated.

No! This was absolutely not allowed! He could not implicate the Zhou family because of these three idiots. At this moment, the Zhou clan leader immediately made the decision to sacrifice the war chariot to protect the general. The death of three incompetent clan members was not a big deal, but the Zhou clan could not be harmed!

Just as the Zhou family's master made his decision, the guards of the divine lord's estate immediately came to invite him, saying that the divine lord's estate had something important to discuss with him. Seeing this, the Zhou family's master's heart sank. What he was afraid of really happened!

The head of the Zhou clan's face was pale as he followed behind the guard in a daze. He did not even dare to look back as he left.

After he left, the crowd was in a heated discussion. Some even boldly predicted that the Zhou family would probably be removed from the list of top families! And among these people, there were those who lamented the fickleness of things, and there were also those who gloated.

Seeing this scene, the first elder sitting in the ning family's seat became curious again. "Old man ning, do you think that the Zhou family will really be unlucky?"

"I don't know, but even if they're not unlucky, I'm afraid the Zhou family won't have a good time in the future. How could this happen? It's so funny!" The master of the ning family smiled. Compared to some people's gloating, he felt that the matter was more ridiculous!
