

Crazy Wife 1851

[Chapter 1851 Strange Movement \(2\)](#)

"He probably fell for it, but he deserved it!" The first elder did not sympathize with Zhou kun at all. However, he was very curious about the person who had caused Zhou kun to fall for it. Could it be the little girl's doing?

"Mm! I think he'll be honest for a while." The master of the ning family said with a smile.

"I don't think so!" Uncle long, who had been resting with his eyes closed, suddenly interrupted.

"Uh! Don't tell me he's going to be smug?" The first elder asked in surprise.

"Just wait and see! Oh! I want to say that this year's elite gathering is very exciting!" Uncle long praised.

Hearing uncle Long's words, the first elder and the master of the ning family couldn't help but wipe the cold sweat on their foreheads. They thought to themselves, "uncle Long's appreciation level is indeed different from others. However, compared with the previous elite meetings, this one seems a bit funny!"

Looking at their expressions, uncle long smiled. He didn't say anything and closed his eyes again.

At this moment, the sky in the special space was already bright.

In the special space, it was divided into day and night. At night, the special space had an extra trace of eeriness and horror. Therefore, Leng ruoxue and the others would find a fixed place to rest at night.

However, it seemed that today was destined to be different.

When Leng ruoxue came out of the tent with her treasure, she only saw Ji Yun and the other two. Zhou kun and the other two were nowhere to be seen. Could it be that those three fellows had fled to avoid punishment? However, even if he were to escape, he wouldn't be able to escape from the Divine Master's palm, right? She thought to herself.

"Ruoxue! You're awake!" The moment Ji Yun saw Leng ruoxue, he immediately ran to her like a little tail. His clear and bright eyes, like those of a little white rabbit, stared at Leng ruoxue without blinking.

"En!" Leng ruoxue nodded. She glanced at the excited Ji Yun and thought to herself, "it seems like the talk about the treasure being cut with one blade yesterday didn't affect this fellow?" Why did he still look so heartless?

"Ruoxue, I've made breakfast. Come and eat!" Ji Yun was in a good mood and was very enthusiastic towards Leng ruoxue.

Leng ruoxue nodded and walked over to the table that had been set up. She happened to see ji tao looking at her with a strange expression. Instantly, countless black lines slid down her forehead.

"What's wrong?" Leng ruoxue was a little surprised. Ji Tao's gaze was too strange. She didn't do anything, right?

"I 'm, I'm fine!" Ji tao stuttered a little, and his handsome face was stained with a trace of embarrassment.

"Since you're fine, why are you looking at me like that?" Leng ruoxue raised her brows and asked curiously.

"Uh! Miss Leng's devastatingly beautiful face is unparalleled in the world, so I couldn't help but take a few more glances. " Ji Tao's mind whirred as he hurriedly replied. He calmly wiped the cold sweat off his forehead. That was close, he almost told the truth.

Actually, his main intention was to observe what kind of charm Leng ruoxue had! They had tried to persuade him for a long time last night, but he had remained unmoved. However, it was undeniable that this woman's beauty was unparalleled in this world. If he didn't already have someone he liked, he would probably also fall in love with her! However, she already had a fiancé. He couldn't understand why Ji Yun was still involved. Did he really want to be cut and be unable to have sex in the future?

"Uh!" Leng ruoxue was a little speechless. Although Ji Tao's words were a compliment, why did she feel that something was wrong when she heard it? At this moment, Ji Yun had already brought a bowl of fragrant porridge and walked to Leng ruoxue's side. He said politely, "Ruoxue, this is the porridge I made for you. Try it and see if it suits your taste!" After she finished speaking, she looked at Leng ruoxue with anticipation. Her clear eyes were filled with the words 'hurry up and eat!'.

Looking at the bowl of porridge, Leng ruoxue's head ached.

Although the congee was personally made by Ji Yun and she should show her support, it was precisely because of this that she did not dare to accept it. After all, she knew that Ji Yun was not a kind and innocent little rabbit. Naturally, she was more vigilant against him!

Moreover, if the evildoer knew that she had eaten the porridge cooked by another man, he might do something. She had to be careful.

"Thank you! But I don't like porridge!" Leng ruoxue said apologetically.

"It doesn't matter, then let this little beast drink it! I put a lot of chicken in here! This little fox will definitely like it. " Ji Yun, who was already prepared, had a calm smile on his face. However, he still felt a little hurt in his heart. Wu ... Ruoxue had rejected him again.

Ever since the two of them had met, he had washed his hands and made soup for ruoxue every day. Unfortunately, he had never tasted any of it in ruoxue's mouth. This fact made him extremely conflicted. Was he really that unattractive? He didn't believe it. However, it was also because of this that he became braver!

"I don't like porridge either! I only eat meat!" Baby, who heard this, quickly said in dissatisfaction.

"Eating meat so early in the morning is bad for digestion! It's better to eat something light!" Ji Yun placed the congee in front of his baby and coaxed him.

"I don't want to!" Baby stubbornly turned its little head and decided not to give this silly boy any face. However, Ji Yun was even more stubborn than baby. He picked up the spoon and fed baby a spoonful. He continued to coax, "Be good! Eat some! This congee is very delicious. "

Ji Yun had decided. To please the people or beasts by Leng ruoxue's side, he would start with this little fox. However, this little fox didn't seem to be easy to deal with. It didn't matter, he had plenty of patience! He would definitely succeed one day!

"I said I'm not eating. Do you not understand human language?" The baby was furious! F * ck! Did this guy have to force it to swear?

"You're not a human to begin with?" Ji Yun's eyes were wide open as he warned in a low voice.

Upon hearing his words, baby became even angrier. He was so angry that all the hair on his body stood on end. He bared his fangs and brandished his claws, wanting to rush in front of Ji Yun to scratch him. However, it was fortunate that Leng ruoxue held onto his furious baby tightly. Otherwise, Ji Yun's handsome face would have been ruined.

"Calm down!" Leng ruoxue caressed baby's fur and comforted him.

"Cute master! Don't stop me, let me teach him a good lesson!" Baby roared in anger and bared his teeth to intimidate Ji Yun.

However, this gave Ji Yun a chance to ask for help.

She saw Ji Yunshu lean towards Leng ruoxue with tears in her eyes. She tugged at the corner of her clothes and said with a wronged expression, "Ruoxue, your little beast is so fierce!" Like master, like beast. The master was fierce, and so were the beast! Oh! This was probably what her father had always said, "if you're not a family, you can't enter the same house!"

"Baby isn't usually like this!" Leng ruoxue said with a faint smile as she avoided Ji Yun's touch.

"What does it usually look like?" Ji Yun tried to start a conversation.

"Very well-behaved, obedient, and cute." Leng ruoxue laughed as she spoke. Upon hearing these words, baby's tsundere little tail was about to stand up.

[Chapter 1852 Strange Movement \(3\)](#)

"Oh!" Ji Yun softly replied. Actually, he really wanted to say, "why can't I see how cute this little fox is?" It seemed that from the moment he saw this little fox, this little fellow had never given him a good look.

"Silly boy, what are you" Oh "for? Hurry up and take your congee away. I want meat, not congee!" Baby gently raised his little chin and said like a master.

"There's meat in the porridge. Didn't I say that I put a lot of chicken in it?" Ji Yun was still trying his best to promote his congee.

"I don't eat the meat in the porridge! Go get me some roasted meat!" The treasure ordered Ji Yun as if it was a matter of course. However, when Ji Tao and Ji Wu heard this, they didn't know what to say. They could only remain silent.

"But there's only porridge and no roasted meat!" Ji Yun was in a difficult position. He thought to himself, "this little fox is really difficult to serve!" He had never heard of anyone eating barbecued meat so early in the morning.

"I don't care, I just want to eat roasted meat!" Baby deliberately said in a difficult tone.

"Alright then! Wait a minute!" Ji Yun was helpless. He resigned himself to his fate and could only go roast meat for the Fox. Wu...Did he have it easy?

When his precious baby got to eat the roasted meat as he wished, he was satisfied and no longer looked for trouble with Ji Yun. However, it was clearly impossible for Ji Yun to please him so easily.

Not long after they had breakfast, they were hesitating about whether to continue on their way when Zhou kun and the other two, who were pale-faced, walked out of their tents unsteadily. After seeing Ji Yun and the other two, everything that had happened last night was suddenly ignited again!

"Dammit! What did you three do to us?" "Who are you?" Zhou kun shouted angrily when he saw Ji Yun and the other two.

"We didn't do anything," Ji Yun blinked his eyes, his face filled with grievance and confusion.

"You didn't do anything? Then how did we get the runs?" Zhou kun asked with a red face. His liver ached at the thought of it. Not only did Ji Yun and the other two embarrass them, but they also caused them to lose their lives. How could he not hate them?

Whenever he thought about the unknown future, he would feel lost. However, if he didn't have a good life, then Ji Yun and the other two wouldn't have a good life either!

"How would we know?" Ji Yun pouted, feeling extremely wronged.

"That's right. You guys ate something bad and now you're blaming it on us?" Ji tao also glared at Zhou kun and the other two in dissatisfaction.

"What do you mean we ate something bad? We didn't eat anything else other than Ji Yun's roasted chicken yesterday! Who else could it be if not him?" Zhou kun shouted at the top of his lungs, while Zhou Li and Zhou Cheng also glared at Ji Yun and the other two menacingly. They should have gotten to the bottom of this matter last night, but they were busy destroying the corpses at that time, so they had delayed it until now.

"Are you sure you've never eaten anything else? You haven't even had a sip of water?" Ji Wu asked suspiciously. Then, he continued, "You said that the problem was caused by eating the chicken we roasted, but we ate the chicken yesterday too. How are we fine?"

As soon as Ji Wu asked his question, Zhou kun and the other two were immediately at a loss for words.

After a long while, Zhou kun had a flash of inspiration and said, ""We didn't eat the same batch. The three of us ate the roasted meat first, while you ate the roasted meat later. That's why there's no problem with yours."

"Oh, really? However, if I remember correctly, four of them were roasted and the three of you ate one each. As for the other one, it was eaten by this little fox. It didn't have diarrhea!" Ji Wu pointed at the treasure with a faint smile. He couldn't help but secretly rejoice that there was a witness. Otherwise, they would have been unable to clear their names even if they jumped into the Yellow River.

"MMH! The chicken tasted pretty good. I didn't have a stomachache. " Seeing that he was involved in the matter, baby had no choice but to come out and prove that he was fine.

"Y-you're with them, so of course you'll side with them!" Zhou Li immediately said.

"You're wrong. I'm not with them. She's my master!" Baby pointed at Leng ruoxue. Then, he looked at his master with an aggrieved expression, as if he was saying,"who wants to be on the same side as that silly kid?!"

"The treasure is my Beastie, don't be mistaken." Leng ruoxue squinted her eyes and said in a slightly displeased tone.

"You idiot! Who allowed you to speak such nonsense!" Upon seeing that, Zhou kun smacked Zhou Li's head hard and growled in a low voice. Then, he smiled at Leng ruoxue and said,"Hehe! Miss Leng, Zhou Li didn't mean it that way. Please don't misunderstand! We only suspect that Ji Yun and the others have something to do with this, but we have no suspicions about your little Beastie. "

"That's good!" Leng ruoxue smiled faintly, and Zhou kun was immediately captivated by her. He was stunned, and a suspicious liquid flowed out of the corner of his mouth.

"However, what my baby said is true. Nothing happened to it after eating the chicken yesterday, so you'd better think about it carefully and see if it had eaten anything else." Leng ruoxue then suggested.

Just as Leng ruoxue finished her sentence, Zhou Li suddenly shouted in shock,""Young master kun! I remember, we seemed to have eaten yesterday afternoon ..."

However, Zhou Li was interrupted by Zhou kun before he could finish his sentence.

"What nonsense are you talking about? where did we eat at noon?" Zhou kun glared at Zhou Li and roared with resentment.

"Argh! Never eaten before! I've remembered it wrong. " Zhou Li also knew that he had said the wrong thing and quickly changed his words.

However, when Ji Yun and the other two heard their conversation, they all smiled without saying a word. However, the slightly mocking expression on their faces made Zhou kun's heart burn with anger.

"Dammit! What are you looking at? I've never seen a beautiful man before!" Zhou kun was furious.

"You can be considered a handsome man?" Upon hearing this, ji tao laughed. Although Zhou kun was not ugly, he was still a distance away from being a handsome man. This had a lot to do with the Zhou family's inheritance, because the Zhou family's appearance was not very outstanding in the divine realm!

"How am I not considered a handsome man?" Zhou kun glared at him with his eyes that were spewing fire and said fiercely,"F * ck!" He actually dared to say that about him in front of a beauty, how preposterous! At this moment, although he was still a little worried about the punishment from the Divine Master's estate, his lust also prevailed. Therefore, he was determined to get Leng ruoxue.

"No matter how I look at you, you can't be considered a handsome man!" Ji tao sized up Zhou kun and told the truth.

"You ..." Zhou kun was so infuriated by ji tao that he was speechless. If it were not for the fact that he still wanted to maintain a good image in front of Leng ruoxue, he would have definitely taught ji tao a lesson!

"Stop arguing! Young master Zhou, regarding the fact that you had diarrhea the entire night, I am deeply sympathetic. However, you do not have any evidence to prove that this matter was man-made. So, I hope that you both will stop arguing over this matter. Since this matter has already happened, you'd better think about how to deal with it! If my guess is correct, the God lord's estate will definitely punish you for this matter. " Leng ruoxue reminded them earnestly and couldn't help but laugh in her heart. 'I'm afraid that Zhou kun and the other two will have a hard time this time.' He probably wouldn't have the time to have any ideas about her, right?

Leng ruoxue's words made Zhou kun feel extremely touched. 'Woo...A beauty is still the best!' She was considerate and understanding, always thinking about him. He had decided that he would treat this beauty well in the future! Zhou kun decided in his heart. However, it was fortunate that Leng ruoxue did not know what Zhou kun was thinking. If she had known that Zhou kun had made up his mind because of her words, she would probably be depressed to death.

Seeing that Zhou kun's eyes were suddenly filled with tears, Leng ruoxue thought that Zhou kun was frightened by the name of the divine lord's estate. She did not know that he was actually crying because he was touched!

"Young master Zhou, the matter might not be as serious as you think, so you don't have to be too afraid." Leng ruoxue consoled him perfunctorily.

"Mm! If the God lord's estate wants to pursue this matter, I will admit my mistakes to them. " Zhou kun said very sincerely, then continued, ""Miss Leng, thank you for your concern! I'm so happy. "

Upon hearing Zhou kun's words, Leng ruoxue could tell that something was amiss. A few drops of cold sweat hung on her forehead as she secretly complained, 'did I say something?' Why did Zhou kun have such a reaction?

However, she did not want to pay too much attention to Zhou kun. Hence, she changed the topic and suggested, ""Since young master Zhou and the other two are fine, let's set off!"

"Yes, yes." Ji Yun was the first to raise both hands in agreement. As long as it was something ruoxue said, he would agree to it.

"Let's go!" Zhou kun said, unwilling to be outdone. Although his body was still a little weak at the moment, he could not lose to this useless coward.

Just like that, the Group of Seven continued on their way.

However, this time, Zhou kun kept a respectful distance from the food that Ji Yun and the other two had brought him. However, they still had diarrhea as usual while eating the food that he had brought. In this way, the truth was revealed! It was the food they brought that wasn't clean!

After Ji Yun found out about it, she even deliberately ran to Zhou kun, who was exhausted from diarrhea, and said with a wronged look, ""It's really none of my business, right? Do you know that you've wronged me now?"

His words made Zhou kun so angry that he gritted his teeth and did not manage to curse at him!

After dragging them for three days in a row, Zhou kun and the other two were unable to move no matter what. Out of desperation, Leng ruoxue and the others had no choice but to stay with them temporarily. At this time, it had been almost half a month since they entered the special space. However, apart from the Ji and Zhou families who had temporarily stopped fighting, they had not seen any other participants from the other families.

All of a sudden, the earth trembled and the mountains shook. The special space began to shake violently ...

[Chapter 1853 The Barrier Shattered \(1\)](#)

At that moment, the special space was distorted, and the trees and rocks were shaking to different degrees.

Leng ruoxue and the others who were in the special space felt the unusual violent shaking. They quickly pulled on the fixed objects beside them, such as trees and hills, to prevent themselves from falling to the ground. But at the same time, a deafening shriek suddenly rang out!

"Argh! 'Damn it!' Quickly let go of me!" The person who screamed was Zhou kun. The reason why he screamed so loudly was because Ji Yun had used him as a tree stump and was holding him tightly. As for Zhou kun, he was swaying and finally plopped! With a sound, he fell on the ground gloriously.

After the violent shaking came to a temporary end, Zhou kun tried his best to get up and glared at Ji Yun as he roared, "F * ck! You coward, why are you pulling me? there's a tree over there, you know that!" As soon as he finished shouting, the special space shook violently again. He was not prepared for it and fell down again.

Upon seeing this, Leng ruoxue and the rest snickered in their hearts. On the other hand, Ji Yun revealed a pure and innocent expression as she looked at Zhou kun and said, "I didn't mean to grab you. You were the closest to me, so it was my instinct to grab you." After saying that, he even shrank his neck, as if Zhou kun would beat him up at any time.

"But you can't grab my chest! F * ck! You can grab anywhere! Why are you grabbing onto her chest!" Zhou kun was furious. His chest was very sensitive, and he actually had a reaction after being grabbed by Ji Yun. This was the main reason why he was flustered and exasperated! F * ck! The one who caught him was a real man! Although this man was a little sissy, his gender was unquestionable!

"I ... I didn't do it on purpose. Besides, I've already caught you, what else do you want to do? Do you want me to take responsibility for you? I'm telling you, I like women! So, you'd better not blame me!" Ji Yun spoke in a serious tone. Upon hearing his words, Zhou kun's face turned livid with anger. He trembled all over and pointed at Ji Yun, unable to say a complete sentence.

However, when Leng ruoxue, Ji Wu, ji tao, and baby heard their conversation, they were overjoyed and couldn't help but laugh out loud. As for Zhou Cheng and Zhou Li, their shoulders were trembling violently. It was obvious that they were having a hard time holding it in.

"Hahaha!" Leng ruoxue laughed happily. The two of them were so funny. To be honest, Leng ruoxue deeply felt that the two of them were quite funny together. Besides, Zhou kun was tall and burly, while

Ji Yun looked weak and fragile. When the two of them stood together, they actually looked surprisingly harmonious. It seemed that she also had the potential to be a fujoshi!

"Miss Leng, I'm being bullied, and you're actually still laughing!" After a long while, Zhou kun, who only regained his senses after hearing the laughter, could not help but say with a bitter expression when he saw Leng ruoxue laughing so happily.

"Uh!" Upon hearing Zhou kun's words, Leng ruoxue could not help but wipe the cold sweat on her forehead. She thought to herself, 'is Zhou kun acting coquettishly?' A man as strong as a bear had said such words to her. It was too terrifying! She couldn't help but shiver.

"Ruoxue, I didn't bully him. I didn't grab his chest on purpose. Wu...He still wants to frame me and make me take responsibility, Hmph! I will definitely not be responsible for him. " At this moment, Ji Yun also spoke with righteous indignation. His handsome little face was still alternating between green and white, and he was faintly in a state of Fury.

"Dammit! When did I say that I want you to take responsibility?" Ji Yun's words made Zhou kun jump in shock. If it were not for his weak body, he would have jumped even higher! F * ck! This was really too hateful, wasn't this just trying to lie!

"You didn't say it clearly, but you made it very clear that I understand! I'll say it again, don't think I'll take responsibility for you. " When Leng ruoxue and the others heard this, they were all impressed by Ji Yun. Especially when they saw Zhou kun's face, which was uglier than constipation, they felt that the highest level of anger was Ji Yun 'S. He kept pretending to be stupid, but the other party could not do anything to him. Who asked him to think that Ji Yun was a fool? Wouldn't he be stupider than a fool to argue with a fool?

Seeing that Zhou kun's body was fuming with anger and there was a tendency for green smoke to rise from the top of his head, Leng ruoxue became the peacemaker and said, ""Alright! Everyone, please speak less! What happened just now was just an accident, and the cause was an earthquake. So, don't destroy our unity because of such a small matter. Let's think about what we should do next. " If she did not speak, Zhou kun would probably kill Ji Yun in a fit of anger. To be honest, she was not sure what kind of strength Ji Yun had.

Since Leng ruoxue had spoken, Zhou kun only snorted coldly and turned his head away to ignore Ji Yun. Ji Yun, on the other hand, ran over to Leng ruoxue and said with a silly smile, ""I'll listen to everything ruoxue says. We'll do whatever ruoxue says!"

His words made Ji Wu and Ji tao speechless. They couldn't bear it anymore and complained in their hearts, "does this guy have any principles?" As for Zhou kun, when he heard those nauseating words, apart from feeling nauseated, he also wanted to give Ji Yun a good beating. This coward was really too despicable. He actually tried to please Leng ruoxue in front of him. He could tolerate it but not his aunt!

"But I don't know what we should do. The earthquake just now came too suddenly. " Leng ruoxue said with a faint smile. She didn't know why, but she felt that something was about to happen.

"Then, then what should we do?" When Ji Yun heard this, he was instantly dumbfounded. He had no idea what to do.

"What else can we do? Of course, I'm looking for the reason!" Zhou kun shouted in a rough voice, looking down on Ji Yun's submissive appearance.

"Where can we find the reason?" Ji Yun asked shamelessly, his clear eyes wide open.

"How would I know!" Zhou kun roared in a bad mood.

"Since you don't even know where we should go to find the reason, then aren't you just talking nonsense? Who wouldn't have thought of the reason! The key is where we can find the reason!" Ji Yun lectured Zhou kun in a serious and earnest manner, causing him to be stunned and unable to react for a long time.

After he finished speaking, Ji Yun turned to Leng ruoxue and said, "Ruoxue, what I said makes sense, right?"

"En!" Leng ruoxue nodded helplessly. She could tell that although Zhou kun had always wanted to find trouble with Ji Yun, Ji Yun was like Zhou kun's nemesis. Not only did he not manage to find trouble with him, but he also infuriated Leng ruoxue to death in the end! Al! The interaction between people was indeed wonderful! She had a deep understanding of this.

"Then you think of a good idea." After being stunned for a moment, Zhou kun came back to his senses. At the same time, he happened to hear Ji Yun acting obediently to Leng ruoxue, who responded to him. He was immediately enraged and said to Ji Yun,

"I'll listen to everything ruoxue says." Ji Yun said shyly. From his words, it seemed like Leng ruoxue was the head of the family.

[Chapter 1854 The Barrier Shattered \(2\)](#)

Upon hearing that, Zhou kun became even angrier and couldn't help but curse, "F * ck! You coward, are you even a man? How could he let a woman stand up for him? You've disgraced us men, so don't tell anyone that I know you!"

"It's fine if you don't want to say it. Do you think you're some famous person? "Ah!" It was wrong! You're indeed famous now. After all, in the entire divine realm, only the three of you from your Zhou clan would dare to shit here. No one else would have the guts to do so!" Ji Yun touched a sore spot and deliberately added salt to Zhou kun's wound. As for Zhou kun, he was so angry that his face turned pale and his body trembled non-stop. Upon seeing this, Leng ruoxue was really afraid that he would faint accidentally. She was not concerned about him, but if Zhou kun fainted, it would bring them trouble! At that time, wouldn't they still have to stay here to accompany him?

"Cough cough!" Leng ruoxue cleared her throat and coughed twice. At the same time, she gave Ji Yun a look, telling him to stop while he was ahead and not to go too far. Although Zhou kun was quite annoying, with the three of them around, they could at least help when they encountered trouble. However, if he were to faint from anger, wouldn't they be the ones in trouble?

Ji Yun understood what he meant and obediently shut his mouth, pretending to be obedient. Zhou kun's body trembled for a long time before he finally calmed down. He seemed to have collapsed and sat on the ground. His face was pale, as if he had seen a ghost.

After a long time.

The color on Zhou kun's face finally returned to normal. Upon seeing that, Leng ruoxue suggested that they leave the place and go somewhere else to take a look. After all, the tremor just now could not have happened without any warning. There must have been some signs.

After a few days of rest, the group finally set off again.

At this time, the various families that were watching the special space through the screen outside the arena also received the news from the divine lord's estate.

In the special space, all the barriers had shattered for some reason.

The moment they heard this news, all the family representatives turned pale with fright!

The barrier shattered? What did that mean? It meant that the participants would not be restricted to any group. In other words, it was possible for a divine Emperor to encounter a priest. If there was a conflict between the two sides, the priest would have a reason to kill.

When they thought of this possibility, all the family representatives could no longer remain calm! After all, which family did not have a few enemies? If someone had really done something to them in the special space, they would be helpless!

After all, the Divine Master's estate had ordered before the match that life and death were up to fate in the special space! Moreover, if a member of the clan was killed by the enemy, he was not allowed to take the opportunity to cause trouble and seek revenge! This was the cruelest part of the competition! However, even though they were mentally prepared for the possible death of their clansmen, they would not be able to remain calm if someone really died!

Compared to the other people who were scared and jittery, the ning family's exclusive seats were quite calm. In fact, it was not that the Foreign Affairs elder and the others were not worried, nor that they did not want to speak. It was just that seeing that the family master and uncle long were all silent, as if they were thinking, no one dared to disturb them.

After a long while.

Uncle long broke the heavy atmosphere and said, "Ning family boy, what do you think of this?"

Hearing uncle long speak, the Foreign Affairs elder and the others finally heaved a sigh of relief. Before this, they didn't even dare to breathe.

"I think this is a bit abnormal. You should know that this is not the first time the elite gathering is held. How could there be such a mistake? Furthermore, that special space was personally created by master Yu, how could the space barrier be broken?" The master of the ning family frowned. As he said this, his eyes turned to the first elder.

"Old man, don't you think so?" The master of the ning family asked the Grand Elder.

"Mm! Master Yu is a god-like existence in the hearts of us artifact craftsmen. The things he refines must be of the highest quality, so it's impossible for such a problem to occur. Let alone the equipment refined by master Yu, even an ordinary artifact craftsman would not make such a low-level mistake." The first

elder said with a serious expression. He could not help but worry for Leng ruoxue and the rest because this accident was obviously man-made.

When uncle long heard their conversation, he looked at them quietly for a long time. In the end, he didn't say a word and continued to close his eyes. However, at this time, his heart was already in turmoil because he knew that this incident was most likely directed at Xue 'er. However, he believed in the little girl's ability and believed that she would be able to settle this matter. The reason why he didn't explain it too clearly was because he was afraid that the two boys would be worried and lose control.

In fact, no matter what was happening in the special space, they could only watch helplessly! Hence, they could only trust in Leng ruoxue and the rest's ability to adapt to any situation.

Seeing uncle Long's reaction, the master of the ning family and the first elder both understood what he meant. After sighing, they fell silent again, and the atmosphere became even more depressing than before.

When the Foreign Affairs elder and the others saw this, their foreheads were full of cold sweat, and they didn't dare to breathe.

At this moment, Leng ruoxue and the others who were searching for the reason in the special space were completely unaware of the worried feelings of the representatives from the various families. That was until they met another person.

That person had the cultivation of a God King.

Leng ruoxue squinted her beautiful eyes as she sized up the arrogant man who treated them like ants.

The man had an ordinary appearance and looked to be around thirty years old. His eyes were slightly cloudy as he stared lecherously at Leng ruoxue's perky breasts. He smacked his lips and his eyes revealed a determined expression.

When she saw his lecherous gaze, Leng ruoxue laughed coldly in her heart. If not for the fact that she was afraid of exposing her true strength, she would have long gone up to teach this man a lesson. Hmph! He dared to look at her so openly and with such a perverted gaze. Wasn't he looking for death? Moreover, when she saw the man, Leng ruoxue realized that Zhou kun was not too bad. At least, on the surface, Zhou kun respected her very much. However, this man was clearly challenging the limits of her patience.

Although Leng ruoxue was enduring it silently, Zhou kun could not stand it.

One should know that he had long treated Leng ruoxue as his own possession. Of course, only he could look at his own woman in such an unbridled manner. If other men dared to use such a vulgar gaze to size up his woman, weren't they challenging his dignity as a man? Therefore, Zhou kun was furious!

The anger that he had accumulated over the past few days suddenly exploded at this moment!

Zhou kun was like a shooting star as he rushed in front of the man and raised his hand to punch him. His fist contained a surging divine power, and it was as cold as the cold wind as it attacked the lecherous man opposite him ...

The man saw that Zhou kun was not coming with good intentions and quickly dodged to the side to avoid the punch. However, the wind from the punch still brushed past his shoulder and left a bloody wound on his body. He was instantly enraged!

[Chapter 1855 The Barrier Shattered \(3\)](#)

"Where did this wild brat come from? how dare you injure your Grandpa sun!" The man bellowed in anger. His voice was unusually sharp, causing Leng ruoxue and the others' eardrums to ring.

"I'm hitting you! You dare to covet my woman, you must be tired of living!" Zhou kun said angrily, "Hmph! He couldn't deal with Ji Yun in front of Leng ruoxue, but could he not deal with this fellow who had come to his door to seek death?"

At this moment, Zhou kun was filled with anger and did not pay attention to the man's cultivation level at all. Moreover, he was not as capable as Leng ruoxue to see through other people's cultivation levels. Therefore, even if he had seen it, he was afraid that he would not be able to see through the man's cultivation level. Otherwise, he would not have rushed forward to fight with the other party just because he was acting rashly!

When Ji Yun saw how brave Zhou kun was, a look of admiration appeared on his handsome face. He then ran to Leng ruoxue's side and exclaimed, "Ruoxue, Zhou kun is so brave! You actually dare to fight someone of a higher level than you. "

In fact, he couldn't tell the man's cultivation level, and there could only be two reasons for such a situation. One was that the man's strength was above theirs, and the other was that he had hidden his cultivation. However, participants were not allowed to hide their strength here, otherwise, it would be unfair to the other participants. Therefore, he concluded that the man's strength was above theirs. However, Zhou kun was obviously too busy venting his anger and didn't pay attention to the man's cultivation at all. He rushed forward without a care.

Although he wanted to do that too, he was not an impulsive person by nature. Therefore, he was naturally not as brainless as Zhou kun. He used more wisdom! Just like how he was with ruoxue, hehe!

After hearing Ji Yun's words, Leng ruoxue shot him a glance and whispered, "This man clearly has ill intentions. Now is not the time to make sarcastic remarks. Quickly go and help him!" As for why there was a God King level participant here, only the heavens would know.

"Oh!" Ji Yun softly replied, feeling a little wronged. In truth, he wasn't just being sarcastic. Although he didn't deny that he had the intention of watching the show, he was more worried about what they should do. If they couldn't deal with this man, then ruoxue would be in deep trouble.

Ji Yun, who was feeling a little depressed, immediately gave Ji Wu and Ji Tao a look. The two of them understood and rushed over to help Zhou kun. Although they hated Zhou kun from the bottom of their hearts, they were now on the same boat. Therefore, they naturally could not sit idly by!

With Ji Wu and Ji Tao joining the battle, Zhou kun, who was already sweating profusely and had cold sweat all over his forehead, suddenly felt a lot less pressure! F * ck! It was only after the fight that he realized that this despicable man was stronger than him. After knowing this fact, he had a moment of regret, but at the same time, he was also very clear that he had already driven a duck to the perch. He

couldn't back down now. Otherwise, he wouldn't be able to hold his head high in front of the Ji family's coward in the future!

Although the pressure on Zhou kun was reduced, the wretched-looking man felt that it was a little difficult to deal with three people at the same time. Initially, he was more than capable of dealing with Zhou kun alone, but now that there were two more people, he not only had to guard against Zhou kun's attack but also the sneak attack of the other two people at the same time. Hence, he seemed to be a little flustered!

Although he was stronger than Ji Wu and the others, he wasn't strong enough to withstand a group attack. After all, his cultivation wasn't at the peak of the Godking level. As a result, it was impossible for him to take on a hundred people at once!

But now, he had only dealt with three people, and his steps were a bit messy. He thought that the other party would be intimidated by his cultivation and would be afraid of shooting at the rat for fear of breaking the vase. He didn't expect that these young fellows were like newborn calves who weren't afraid of Tigers. They knew that his strength was above them, but they still dared to fight him head-on. This fact made him quite depressed!

In fact, he had completely guessed wrong, because Zhou kun had rushed forward to fight with him without any regard previously not because he was not afraid, but because he had been impulsive! Otherwise, if Zhou kun had known in advance that his cultivation base was higher than his, he might not have dared to do that!

After seeing that this man was just a man with an empty appearance, Leng ruoxue turned to Zhou Li and Zhou Cheng coldly and said, "Your young master kun is fighting with someone. Aren't you going to help?" She had a very bad impression of Zhou kun and his lackeys, especially at a time like this. Zhou kun was leading the charge, but the two of them actually showed fear. Not only did they not have any intention of helping, but they even took a few steps back. This also made Leng ruoxue's impression of them drop to the bottom!

"The other party's cultivation is above ours. Can we, can we defeat him?" Zhou Li couldn't help but say in a low voice. He only wanted to keep his little life and didn't want to die Here.

"How would you know if you don't try? Do you want to die Here? If we don't deal with this man, none of us will be able to escape!" Leng ruoxue reminded.

"No, that's impossible. His target is you. As long as you stay, he'll definitely let us live." Zhou Cheng said as well. He was still a little resentful in his heart because the cause of this incident was Leng ruoxue. Now, they were even implicated. Sob ... Why were their lives so bitter?

"What did you just say?" Hearing Zhou Cheng's words, Leng ruoxue narrowed her beautiful eyes and asked in an unfriendly tone.

"Say that again!" Ji Yun also roared with unusual anger. For a moment, the aura on his body rose greatly! Zhou Cheng and Zhou Li were completely dumbfounded. However, they believed that their eyes were playing tricks on them. It was impossible for cowards from the Ji family to have such an intimidating aura. It must be! The two of them consoled themselves in their hearts.

"It's all because of this woman that we've attracted a strong enemy! So, isn't it fine to just hand her over to that man?" Zhou Cheng warned as he did not sense any danger from Ji Yun.

"Is that so?" Leng ruoxue laughed coldly, feeling even more disgusted with the two lackeys of the Zhou family. However, before she could do anything, she saw a Black bolt of lightning Charging towards Zhou Cheng and Zhou Li. In that instant, other than the sounds of Zhou kun, Ji Wu, and Ji tao fighting with the wretched-looking man, there was only the sudden shrill shrieks that sounded like the wails of ghosts and the howls of wolves.

"Argh! Help me!"

The long and trembling cry caused Leng ruoxue's hair to stand on end. She couldn't help but wonder why a man's scream was so shocking.

However, what surprised her even more was Ji Yun. This fellow's attacks were fast, ruthless, and accurate. He specifically aimed for the weak and vital parts of a man's body, causing Leng ruoxue to be extremely shocked.

Oh my God! Was this the model of a small white Rabbit transforming into a fierce big tiger? He didn't expect that Ji Yun, who had always pretended to be a weak little white rabbit, would be so intimidating when he was angry!

Seeing Ji Yun's left fist and right leg beating up Zhou Li and Zhou Cheng, baby, who was lying in Leng ruoxue's arms and watching the show, also felt his claws itch. Without even greeting Leng ruoxue, he impatiently rushed into the one-sided battle between Ji Yun, Zhou Li, and Zhou Cheng ...

"Watch my shadowless claw!" Baby roared. After that, its four claws flew out, kicking and scratching repeatedly, and its tail even acted as a whip. Pa! In the blink of an eye, Zhou Li and Zhou Cheng's clothes were torn and dangled on their bodies. They were in danger of being exposed at any time. Not only that, their faces and bodies were covered with countless claw marks. Needless to say, these were all the work of the treasure.

In fact, it had long wanted to teach the three people of the Zhou family a lesson. However, seeing that Zhou kun's performance today was rather remarkable, it decided to let him off for the time being. However, it would never let go of the two dogs! Hmph! He actually wanted to hand over his cute master to that disgusting and wretched man. If this wasn't courting death, what was?

At the thought of this, its 'shadowless claw' once again displayed the advantage of being impossible to guard against. Very quickly, Zhou Li and Zhou Cheng fainted in a tragic state. After the baby made its move, the two could do nothing but let out painful howls until they finally fainted!

The treasure's natural and smooth movements left Ji Yun dumbstruck. At this moment, he even felt that he had been too lenient. Look at how ruthless this little fox is! It turned out that it was not his own flesh! He glanced at the minced meat that had fallen beside Zhou Cheng and Zhou Li. He was so disgusted that he almost vomited his lunch. Sob ... He probably wouldn't want to eat meat for a while! It was really too horrifying!

The claw marks on Zhou Li and Zhou Cheng's faces and bodies were extremely deep. Following the tiny scratch marks, blood continuously flowed out from their bodies. Very quickly, a small patch of the

ground was dyed red, and it mixed with the bits of flesh that had fallen to the ground. The scene was truly terrifying. This caused Leng ruoxue and Ji Yun to turn their heads away, not wanting to look at the bloody scene.

After baby cooperated with Ji Yun to punish Zhou Li and Zhou Cheng, baby, who clearly hadn't had enough fun with his claws, turned his attention to the vulgar man.

After proudly looking at Leng ruoxue and Ji Yun, whose little face had turned pale from fear, the baby was like a purple lightning bolt. It immediately rushed in front of the vulgar man and roared, ""Grandson! Your grandfather is here! Quickly die!"

Upon hearing this, Leng ruoxue's forehead was filled with black lines. As for the pale-faced Ji Yun, his clear eyes were sparkling as he looked at the purple figure of light dancing up and down with admiration ...

He ... Had a new idol!

[Chapter 1856 The Tragedy Of The Wretched Man \(1\)](#)

Ji Yun's eyes were fixed on the treasure in the chaotic battle. It seized every opportunity to attack from the left and right, and he couldn't help but cheer for it in his heart!

"Good luck! Scratch him! Scratch him to death!" Ji Yun couldn't help but exclaim in excitement. When Leng ruoxue saw his 'helping the evildoer', more cold sweat broke out on her forehead.

The treasure, who was looking for an opportunity in the midst of Ji Wu's group's chaotic battle, heard Ji Yun's shout of encouragement and began to scratch even harder. Suddenly, a purple lightning bolt could be seen dancing up and down in the group's chaotic battle. It was accompanied by the wretched man's ear-piercing scream, forming a unique concert.

"Argh! That damn little save life! I won't let you off!" The wretched man whose face was covered in blood roared in anger and reached out to grab the treasure.

However, the petite baby was unusually agile. The vulgar man could only see a purple shadow scuttling around in front of him, but he could not catch it! This fact made him even angrier.

"Little save life! You're dead!" The vulgar man wiped the fresh blood off his face and continued to roar.

"You're the little save-life! Your whole family is a little reserved!" When baby heard himself being scolded, he scolded back without any restraint.

"Dammit! If I don't kill you today, my last name isn't sun!" The vulgar man was both embarrassed and angry. Other than a red-red color on his face, there was basically no other color. However, one could imagine how furious he was at this moment when one felt the anger spewing out from his body!

"Don't you change your surname to sun! If you don't have the surname sun, how can I be your grandfather?" Baby said angrily. At the same time, he started to attack the vulgar man's bottom lane ...

"Owwuuu!" An even more painful and shrill cry suddenly rang out. The vulgar man clutched his lower body tightly, and kept jumping around on the spot. His face was filled with an expression of extreme

pain. When Ji Wu and the others saw this, they subconsciously stopped what they were doing. However, their eyes were still fixed on the vulgar man.

However, with the wretched-looking man's current state, he probably couldn't care about them.

Looking at the part he was covering, Ji Wu and the others expressed deep sympathy for him. He wondered if that fellow would still be able to be humane after being hit by the little fox a few times. How pitiful! They laughed gloatingly.

At this time, the vulgar man also immediately took out a healing pill and ate it. The pain was relieved a lot, but the strange thing was that there was still a faint pain there, accompanied by a trace of itchiness. What was going on?

Although he had doubts in his heart, he had no time to care about them. All his anger was instantly concentrated on the little fox who was smiling at him not far away. Hmph! He would not let go of this detestable little reserved life! As for these few men, he would continue to deal with them after he had dealt with this annoying little qiansheng!

At the thought of this, he immediately shifted his target to his baby. With a leap, he went straight to his baby. However, his baby would not stand there stupidly and wait for him. Instead, it nimbly jumped behind Zhou kun to seek protection. In this way, it was impossible for Zhou kun to stay out of it even if he wanted to. Hehe!

Seeing that the little fox had drawn the hatred of the wretched man to him, Zhou kun was furious and furious. 'Damn it!' He had just wanted to catch his breath with great difficulty, but in the end, he had been harmed by this hateful little fox. At this time, his mind was a lot clearer. Naturally, he could see that this wretched man's strength was above his own. Therefore, he had a slight intention to retreat in his heart. However, he had always been concerned about his face. If he fled without fighting, he would have no face to see anyone after this news spread! That was why he had been holding on.

He had thought that since the wretched man had shifted his target to the little fox, there was nothing left for him to do. He could also take the opportunity to leave the battle circle. Who knew that not only was he unable to leave, but he was also dragged into it again. He was so depressed!

As the wretched man pounced on Zhou kun like a tiger, Zhou kun hurriedly mobilized the divine power in his body to stop him. At this time, baby stood on top of Zhou kun's head and commanded him condescendingly, "Hurry up! Beat him down there! He'll never be able to harm women again!"

"Zhou kun! You should use more strength! What, you didn't eat? Why is it so soft and powerless?"

"Zhou kun! Are you still a man? Can you still do it? Ai! To think that you're so big, I didn't expect you to be so weak! You're so useless!"

"Zhou kun! Didn't I tell you to hit him down there? Why don't you listen?"

"Zhou kun! If you don't listen to my command, I'll have to teach you a good lesson!"

The baby continued to shout loudly, making Zhou kun furious and angry. The aura in his body exploded instantly, and a chill pounced on the wretched man. In an instant, the wretched man's lower body was hit again ...

"Argh! 'Damn it!' I won't let you off! You're dead!" The wretched-looking man, who was in unbearable pain, roared with all his might. He glared at Zhou kun fiercely with his eyes that were spewing fire, as if he was going to swallow Zhou kun alive.

On the other hand, Zhou kun was a little dumbfounded. He was clearly not going to hit that place. 'Wu...How did this happen?' He could not understand.

After glancing at the fire-spewing lecherous man and then at Zhou kun, who was a little dumbfounded, baby patted Zhou kun's head like an elder and praised him, ""Zhou family's kid, well done! Come! Continue! We won't stop until he's beaten into a eunuch!"

"What's a eunuch?" Upon hearing baby's words, Zhou kun was in a daze, and he couldn't help but ask dumbly.

"Hahaha! A eunuch was a man who couldn't have sex and didn't have that thing! Our goal is to turn this vulgar man into the first eunuch of the divine realm! Now, let's work towards this goal! Of course, if you can't turn him into a eunuch, I'll make you one. So, it's up to you!" The treasure issued an order with a hint of threat. As for whether this wretched man would become the first eunuch of the divine realm, it was not within its scope of consideration. If anyone was interested in this title, they could communicate with it themselves. It only cared about creating eunuchs and did not care about the ranking between them.

Upon hearing that, Zhou kun shuddered and became much more awake. However, at that moment, his back was already drenched in cold sweat. It was obvious that he was frightened by the baby.

Moreover, in order to ensure that he would not become the eunuch that the little fox was talking about, he could only work hard to let others have this profession. Woo ... He could not understand why he was afraid of the threat of a little fox. The little fox looked too harmless.

However, a guy who looked harmless on the outside was often more terrifying! Now, he had a deep understanding of it! Looks like I can't judge a book by its cover in the future. Of course, he couldn't judge a beast by its appearance!

[Chapter 1857 The Tragedy Of The Wretched Man \(2\)](#)

At the thought of this, Zhou kun immediately glared at the wretched man and said loudly, ""That ... I will work hard to make you the first eunuch in the divine realm!" After he finished speaking, his body couldn't help but tremble. Who asked this wretched man to be stronger than him? It would be a lie to say that he wasn't afraid, but under the little fox's despotic power, he had no choice but to work hard towards the goal that his baby had set for himself!

Upon hearing Zhou kun's words and the conversation between the man and the Fox, the wretched man was furious.

His face was green and black, and his chest was panting heavily. The veins on his forehead were also throbbing, and his eyes were burning with anger. At this moment, he was so angry that he couldn't speak.

Watching the interaction between the two, Ji Wu and Ji Tao looked at each other with black lines on their foreheads. They didn't know what to say. This little Fox's wondrous ideas had already completely convinced them. It was really too creative.

However, at this time, they were only focused on being surprised and had completely forgotten that Baby had once said that any man who stayed by his lovely master's side would have to be stabbed. Otherwise, they would have reacted. After all, according to Baby's previous theory, it was impossible for this wretched man to become the first eunuch in the divine realm, unless there were no other men by his master's side.

As no one spoke again, the atmosphere at the scene became heavy.

Zhou Kun and the perverted man glared at each other while Baby sat on Zhou Kun's head with its silver eyes half-closed and a little drowsy.

After a long time.

A light laugh broke the silence.

It was Ji Tao who laughed.

At once, everyone's eyes turned to Ji Tao, making him feel a little embarrassed.

"Uh! Don't look at me like that, I'll be shy." Ji Tao also ridiculed him. Upon hearing this, Ji Wu, who was beside him, quickly jumped away and kept a safe distance from him.

Oh my God! It was too terrifying! Ji Wu was a little shocked to hear Ji Tao, who had always prided himself on being a pure man, say such words. He could not help but wipe the cold sweat from his forehead and sneaked a strange look at Ji Tao. To be honest, if these words had been said by Ji Yun, he would not have reacted in such a way. However, the person who had said these words was Ji Tao, so one could not blame him for having such a big reaction.

Seeing Ji Wu's reaction, Ji Tao was speechless.

Was there a need to? He had only teased them a little to ease the heavy atmosphere, but who knew that everyone would react like this? Although the others didn't show it as obviously as Ji Wu, they all looked at him with a strange gaze, including Zhou Kun. It was as if they didn't know him anymore. This result made him extremely conflicted and depressed.

However, Ji Tao's gloominess did not last long. Their attention was once again attracted by the vulgar man.

And the cause of this was the sudden moaning.

"Ah ... Um ..." The wretched man couldn't help but cry out and stretched out a hand to calm the commotion in his lower body. Who knew that the more he did, the stronger the reaction, and his cry became even louder.

Ji Wu and the others were instantly petrified. What ... What was going on? Why did he suddenly have such a big reaction? And in front of them ...

F * ck! There's a woman here, alright? When they thought of Leng ruoxue, Ji Yun and the rest were immediately enraged! Meanwhile, baby reacted quickly and jumped onto Leng ruoxue's shoulder. It used its large tail to cover Leng ruoxue's eyes so that its adorable master's eyes would not be contaminated by unclean things. As for Ji Yun and the rest, they immediately rushed forward and kicked the lecherous man who was immersed in pain and joy to the ground. Following that, they began to punch and kick him.

At this time, in their anger, they didn't even care about using Shen power, but directly used the most primitive attack method. In the blink of an eye, the vulgar man who was in a state of soul travel was beaten until he was dizzy and couldn't distinguish north, south, east and west.

Suddenly,'crack!' A crisp sound rang out, accompanied by the wretched man's painful howl,"Ah!"

When Ji Yun and the others saw this, they focused their eyes. Only then did they discover that in the chaos just now, someone had kicked the vulgar man's important part too hard and broke it. At this moment, that part was dangling from the vulgar man's body and was about to leave.

This situation was somewhat out of everyone's expectations. Just as everyone was dumbfounded and tongue-tied, they saw the important part of the vulgar man's body completely abandon him and leave him. Uh! They had successfully created what could possibly be the first eunuch in the history of the divine realm.

Instantly, blood gushed out from the lower half of the vulgar man's body, and he lived up to their expectations and fainted. As for whether he fainted from pain or anger, it was not within the scope of everyone's concern.

Just as the few of them looked at each other, not knowing what to say, baby jumped to their side and praised,""Not bad! You've done well, I'm very satisfied. " After saying that, a bolt of lightning divine power shot out from the baby's little claw. In an instant, the piece of meat that the vulgar man had dropped on the ground was burned into charcoal, and it emitted a charred smell.

Ji Yun and the others stared with wide eyes. This time, that thing could not be connected. Otherwise, if it was well-preserved, there might be a possibility of restoration, but the price would definitely not be small. However, this was good. At least it saved money.

Ignoring the surprised gazes of Ji Yun and the others, the precious little claw pointed at the unconscious man and said,"What should we do with this guy?"

"That ... We'll do as you say. We'll listen to you." Zhou kun swallowed his saliva with difficulty and said with lingering fear.

"Oh! Then I'll use him to test out my new skill!" Baby laughed evilly.

"No problem, you can use him as practice." Zhou kun quickly tried to please her. He could not deny that he was a little afraid of the little fox.

Baby did things cleanly and efficiently. After making the decision, it threw a large water ball at the vulgar man, drenching him like a fallen chicken. Then, its little claws kept releasing the lightning Skill, lightning ball! Thunder flash! Lightning slash and the others were released one after another ...

Almost instantly, Ji Yun and the others could only helplessly watch as the unconscious vulgar man on the ground turned from a blood-red color to a charred black. Furthermore, his body was currently emitting the smell of burnt meat. Immediately, everyone was so disgusted that they almost vomited. This, this was simply too brutal. First water, then Thunder. How could he let people live?

For a moment, there was an indescribable fear in everyone's eyes when they looked at the treasure.

At this moment, Leng ruoxue walked forward and released a small flame from her hand. With a light flick, the small flame ignited the body of the lecherous man. In an instant, the lecherous man turned into ashes and disappeared from the world.

[Chapter 1858 The Tragedy Of The Wretched Man \(3\)](#)

This was a blatant act of destroying the evidence! It definitely was! When Ji Yun and the others saw this scene, their thoughts were surprisingly the same! Moreover, seeing how skilled Leng ruoxue and the little fox were, they must have done this many times. With that in mind, they looked at Leng ruoxue with fear in their eyes. However, Ji Yun and the other two were better off. The one who was the most chilled was Zhou kun.

Upon seeing that, Zhou kun was completely dumbfounded. 'Boohoo ... As a woman, how could she do such a violent thing?' Furthermore, the temperature of the flame that Leng ruoxue had lit up was extremely high. He could feel the scorching heat even from a distance away. If the flame had landed on him, he would have been burnt to ashes in an instant! His face turned pale at the thought of this.

At this moment, he was glad that he was still polite to Leng ruoxue. Otherwise, he might have ended up like this fellow.

After dealing with the wretched-looking man, Leng ruoxue said to Zhou kun indifferently, "Also, it's time to deal with your two lackeys. They actually wanted to hand me over to that wretched man just to live! Hmph! You really don't know what's good for you!"

"Uh!" Upon hearing Leng ruoxue's words, Zhou kun wiped the cold sweat off his forehead and said carefully, "They're dead?" As he said this, he couldn't help but sneak a glance at Zhou Cheng and Zhou Li, who were lying on the ground covered in blood. He felt a lingering fear in his heart. Wu ... Looking at the deep claw marks on their bodies, his little heart trembled. It was too terrifying! The little fox's methods were so brutal and bloody that it was unheard of!

"They should still be breathing. I only let them live because of you." Leng ruoxue said coldly.

"Uh! I wonder how miss Leng plans to deal with them?" Zhou kun didn't dare to express his opinions casually, in case he was fixed! He now deeply felt that he was in a weak position. Even a little fox could take care of him. In fact, it was not that he was weak, but that this little fox did not play by the rules.

"They're from the Zhou family. I'll leave it to you to deal with them." Leng ruoxue had done Zhou kun a favor. In fact, she felt that it made no difference whether she killed the two of them or not since they looked so dead now. After all, the treasure would not let them live in peace. Besides, they had committed unforgivable crimes in the special space. Even if she did not punish them, the God lord's estate would punish them severely. In that case, why should she make too many enemies for herself? A small punishment was enough!

"On their behalf, I thank miss Leng for her magnanimity." Upon hearing that, Zhou kun was obviously relieved. Although he was a little annoyed with Zhou Li and Zhou Cheng's behavior, the two of them were his dogs, after all. He didn't want to let outsiders deal with them. In addition, although he was fighting with the wretched man previously, he had also heard Zhou Li and Zhou Cheng's performance. If it weren't for the fact that he was too busy at that time, he would have taught Zhou Li and Zhou Cheng a good lesson. After all, even dogs had to be obedient! Otherwise, you're not a good dog! Hence, he did not mind Leng ruoxue's Beastie turning them unrecognizable. More importantly, he did not dare to mind.

"You're welcome. I just don't want to dirty my hands. " Leng ruoxue said nonchalantly.

"I understand." Zhou kun smiled in embarrassment. Then, he said worriedly, ""Miss Leng, that guy just now should be from the sun family. Now that we've killed him, I'm afraid the sun family will find trouble with us. So, we have to be more careful."

"What are you afraid of? He's my grandson, so don't worry too much. My grandson's family won't do anything to us. " After hearing Zhou kun's words, baby promised shamelessly.

"Uh! I'm telling the truth. " Zhou kun felt a little helpless. It was not the time to joke.

"The sun family?" When Leng ruoxue heard this, she frowned. She had only been in the divinity for a short period of time. Other than the most famous eight divine domains and the headquarters of the weapon craftsmen and alchemy Masters, she knew very little about the forces in the divinity. Therefore, she was not sure what kind of status the sun family had in the divinity. However, she did not care about the eight divine domains, so why would she be afraid of a mere Sun family? she just did not know if the sun family in the divinity had any special relationship with the sun family in the Haotian continent.

"The sun family is ranked in the top ten among the many peak powers in the divine realm. They are a bit stronger than our Zhou family and the Ji family that Ji Yun and the others are from. Furthermore, the sun family has always been kind and friendly. The patriarch of the sun family has a wide range of friends and is kind and charitable. He has a very high status in the divine realm. Right now, most of the families outside should already know that we have killed a member of the sun family. I'm afraid that the patriarch of the sun family doesn't even need to give an order. Those who have received the sun family's favor will take the initiative to stand up for the sun family." Zhou kun explained. Although the perverted man's death was entirely his own fault, the sun family would definitely not be completely indifferent about it, which was exactly what he was worried about.

"Aren't the rules of the competition that life and death are up to fate? Moreover, the competition also clearly states that death in the competition can not be used as an excuse for revenge. Do you think the sun family would still dare to play the game despite knowing the truth?" Leng ruoxue said calmly.

"Miss Leng, the competition is dead, but people are alive. After the competition is over, if the other party finds an excuse to make a move, who can control it? At that time, I'm afraid that the God lord's estate will stay out of it. After all, as long as it doesn't cause any serious chaos in the God World, the God lord's estate won't interfere with the conflicts between the clans. " Zhou kun was afraid that Leng ruoxue didn't understand the twists and turns in his words. Therefore, he deliberately made it clear, which was also tacitly agreed by the various families.

"But he's dead now, and we've offended the sun family. What's the point of thinking about this?" Leng ruoxue said with a faint smile. She was not used to Zhou kun suddenly becoming cautious.

"That's right, the sun family has already turned into ashes, what's the use of being afraid now? What's more, just now, the sun family made such a despicable structure in front of us. Whether it's US or the audience outside the arena, they must have seen it clearly. If the sun family really wants to find trouble with us for such a disgraceful family member, then they will lose even more face. In addition, I think that the sun family has done such a disgraceful thing, so they must be more anxious than us. They absolutely won't bother to find trouble with us, so rest assured! If he really wants to find trouble with us, our Ji family is not afraid, hehe! Could it be that your Zhou family is afraid?" Ji Yun said disapprovingly. His words made Zhou kun's face turn green and white in anger. The two colors alternated between each other. However, the few of them were now on the same boat. Therefore, even if Zhou kun was angry in his heart, he had to swallow his anger.

"Our Zhou family will not be afraid!" Zhou kun said, unwilling to be outdone. He would never lose to the useless coward of the Ji family! Otherwise, how could he survive in the divine realm in the future?

"That's good! At that time, we can just join forces!" Ji Yun suggested. Temporarily turning enemies into friends was still possible.

"You can make the decision?" Zhou kun was surprised, as he could not make the decision on this matter.

"Of course! My family's old ancestor dotes on me a lot, so he will naturally stand up for me. " Ji Yun said in a tsundere manner, his clear and handsome face filled with pride.

Upon seeing his appearance, Zhou kun's heart was filled with envy, jealousy, and hatred! He just couldn't understand how that fool, Ji Yun, could have such good luck. Everyone in the Ji family treated him as a treasure, and they were afraid of him melting in their mouths or falling out of their hands.

"Ruoxue, don't be afraid! If the sun family really looks for trouble, I'll definitely protect you. " Ignoring Zhou kun's resentful gaze, Ji Yun continued to speak to Leng ruoxue.

"Thank you! However, you just need to protect yourself. I can take care of myself. " Leng ruoxue declined.

When ji tao and the rest heard this, they immediately recalled Leng ruoxue's act of destroying the corpse and the bloodied methods of that violent little fox. A chill ran down their spines. He probably didn't need anyone's protection.

However, after hearing Leng ruoxue's words, tears immediately welled up in Ji Yun's clear eyes. He looked at Leng ruoxue with a wronged expression and said, ""Ruoxue, do you despise me? Wu...How could you reject me!" He was sad.

"Hehe! You're right, my cute master doesn't like you, very, very much!" At this time, the treasure, who couldn't bear to look at it, said very impolitely. What it hated the most was Ji Yun acting pitiful. Who asked it to be so overbearing and think that it was their specialty? Now that Ji Yun had violated their exclusive rights, it naturally had to retaliate.

"Baby, you're my idol! How can you be gloating?" After Ji Yun heard his precious's words, his expression became even more aggrieved.

"Idol? What was that? Can it be eaten?" Baby heard this and blinked his bright silver eyes, asking curiously.

"Uh! I can 't!" A few drops of cold sweat fell from Ji Yun's forehead. He could tell that this little fox was playing dumb!

"Then who wants to be your idol!" Baby pouted his little mouth and said arrogantly.

"Idol means that I admire you a lot." Ji Yun helplessly sighed. This little fox was too difficult to deal with.

"Don't worship me, I'm a legend!" Bao Bei said disapprovingly as it waved its big furry tail.

"Alright! You're a legend!" Ji Yun was speechless.

As Leng ruoxue listened to her precious's seemingly familiar legendary story, she could not help but think of Bing Yao, who was still sleeping in the bracelet. This was something that little fellow always said. However, Wu had always been in closed-door cultivation, so Bing Yao had accompanied him. Even though Bing Yao was only sleeping.

Now, she really missed those two guys!

After a long time.

Pulling her thoughts back to the special space, Leng ruoxue glanced at the dark-faced Zhou kun and the depressed Ji Yun. She said indifferently, ""Do you guys know what cultivation level that guy had?"

[Chapter 1859 Another Trouble \(1\)](#)

When the few of them heard this, they quickly looked at Leng ruoxue. Although they knew that the other party's strength was above theirs, they could not tell the person's strength.

"That person is a Godking!" Leng ruoxue's pink lips parted slightly as she spoke indifferently.

"What?" Upon hearing that, Zhou kun was immediately shocked. How ... How was that possible? According to common sense, their groups should all be god tier Masters, but now, a God King had actually appeared. Wasn't this bullying?

"You didn't hear wrong. That person is a Godking." Leng ruoxue saw the shocked expressions on their faces and repeated her words.

"But our participants should all be god tier Masters!" Ji Wu said after some thought. After learning about this, his mood suddenly became extremely heavy. If there were participants above the God tier here, wouldn't they just be waiting to be abused? This was too unfair to them.

"But the truth is, there are indeed contestants above the God tier here. The person we just met is one of them. Although I don't know if it was an accident or man-made, it is the truth. We must be careful!" Leng ruoxue warned him seriously.

When Ji Yun and the others heard her words, they all nodded in agreement.

Upon seeing that, Leng ruoxue specially reminded Zhou kun, ""Young master Zhou, I know that your Zhou family and the Ji family have some disputes, but the situation here is still unclear. I hope that you

can consider the big picture and live in harmony with Ji Yun and the others. If you have any grudges, you can settle them however you want after you leave this place! But here, no one is allowed to drag the other down, or else don't blame me for being merciless!" Her words were both a reminder and a warning. After all, she was not at ease with Zhou kun.

"I understand. We're in the same boat now. I won't do anything bad on purpose. Don't worry!" Zhou kun promised. In fact, after knowing that there were participants who were above the level of a God-tier master, his heart began to race. After all, he had offended many people in the divine realm. If an enemy who was more powerful than him came and wanted to kill him using the rules here, he would have no place to cry. Therefore, he was the safest now that he was with Leng ruoxue and the others. Mm! These people wouldn't leave him in the lurch when they saw him in danger! He thought to himself with a slight sense of pride.

"That's good! Let's quickly leave this place! I'm afraid that your fight just now will attract other people, and it won't be so easy to leave. " Leng ruoxue urged.

The few of them nodded and left the place in a hurry. However, before they left, they had to figure out how to bring Zhou Li and Zhou Cheng with them. This had become a huge problem for Ji Yun and the others. After all, these two people were not dead yet! Out of anger, Zhou kun did not intend to cure them. However, in this way, the two of them would become a burden to everyone. In this regard, Ji Yun suggested that they should just kill them. It would save them a lot of trouble.

However, Zhou kun did not agree to it. After all, he was a member of the Zhou family. If he really wanted to punish him, he would have to return to the Zhou family.

In the end, it was Leng ruoxue who came up with a good idea for them.

She gave Zhou kun two animal cages, so Zhou Li and Zhou Cheng, who were on the verge of death, were put into the cages as beasts and asked Zhou kun to carry them with him.

Along the way, Ji Yun couldn't help but laugh out loud whenever he thought of Zhou Li and Zhou Cheng's current state. Whenever that happened, Zhou kun would glare at Ji Yun angrily. However, in order not to destroy the temporary Alliance between the two families, he had to endure his anger no matter how great it was. Therefore, most of the time, they saw Zhou kun looking like a little wife who had been wronged and was suffering.

However, what they didn't know was that because they had ganged up on the perverted man from the sun family, their fame had increased greatly, especially baby, who had left a deep impression on the audience.

At this moment, it had been quite some time since the perverted man had been annihilated. However, many people who wished for the world to be in chaos were still talking about it. The reason for this situation was because ever since the start of the competition, there had been many unexpected incidents happening in the special space. A proper competition had now become a nondescript farce, especially for people like Leng ruoxue. Almost all the pranks were related to them.

After the perverted man made such a vulgar move in public, the master of the sun family, who was sitting in the exclusive seat of the sun family, had a slightly serious face. The sun family members beside him were so scared that they didn't even dare to breathe.

In fact, the master of the sun family usually looked quite kind, but when he really put on a serious face, it was also very scary. At least, there was no one in the sun family who wasn't afraid. Moreover, they all knew in their hearts that the master didn't like to be kind to others as rumored.

However, they did not wish for such a thing to happen. Therefore, the sun family felt very aggrieved that their master was angry at them. However, at this moment, they did not dare to say anything.

Although they didn't dare to say anything, it didn't mean that no one dared to treat this matter as a joke.

The sun clan had an extremely good reputation in the divine realm, and had always been known for being kind and charitable. Basically, anyone who had a request from the sun clan would get what they wanted in the end. As time passed, the good reputation of the sun clan had also spread out.

In the hearts of many ordinary cultivators in the divine realm, the patriarch of the sun clan was a figure as transparent as Bodhisattva. It was precisely because of this reputation that the sun clan was like a fish in water in the divine realm. There were even many times when the clans that were on good terms with them would give them great convenience. What's more, there were many outstanding cultivators among the ordinary cultivators that the sun family had helped in the past. These were also the resources of the sun family's network. It could be said that the sun family's business among the top families was very successful. There were also rumors that the sun family had the opportunity to compete in the eight great divine regions this time and replace the Wen family as one of the eight great divine regions. After all, that was the true supreme power that was recognized by everyone.

However, there were both positive and negative sides to everything. No matter how good the sun family's reputation was outside, there would still be people who would see them as a thorn in their side. The Yu family, who had the same strength as the sun family and was ranked higher than the sun family among the top forces, could be considered the sun family's arch-enemy.

At this moment, the Yu family head, who was rejoicing in the misfortune of others, was standing in front of the sun family head, looking at him with a face full of sympathy, and comforting him with good words, "Master Sun! Since it has already happened, my condolences! Al! I really didn't expect that this Sun Li, who usually looks like a man and dog, would actually do such a despicable thing in public. Your Sun family's face has been completely lost by him. In my opinion, this Sun Li absolutely can not be forgiven easily! It's such a serious game, how could he be so perverted ..."

However, before the head of the Yu family could finish his sentence, a person beside him tugged at his sleeve and reminded him in a low voice, "Family head, Sun Li is already dead." Although his voice was soft, it was enough for the sun family to hear him clearly.

"Argh! Look at my memory! I actually forgot about that. Thank God you reminded me!" The head of the Yu family pretended to be embarrassed. Then, he looked apologetically at the ashen-faced head of the sun family and said, "Master Sun, I'm really sorry. I forgot that Sun Li has already died! However, I heard that he has a son who is also a bastard! As the saying goes, if the upper beam is not straight, the lower beam will be crooked. I think it's better to let him cross the line with the next father!" In fact, what he wanted to say was that the little brat was not a good person either, so it was better to destroy him as soon as possible!

[Chapter 1860 Another Trouble \(2\)](#)

The patriarch of the Yu family who spoke seemed to be in his forties. He was extremely handsome, tall, and sturdy. His strength was at the level of a divine Emperor. In terms of bearing, he was even a level higher than the kind and charitable patriarch of the sun family. However, his reputation in the divine world was not even half of that of the patriarch of the sun family. The main reason for this situation was that he was not as hypocritical as the patriarch of the sun family. At least, this was what he thought.

It should be known that he and the head of the sun family were of the same generation and age. The two families were only separated by a city. It could be said that the two could be considered 'childhood sweethearts' who grew up together. However, the two of them had different personalities and did not see eye to eye with each other since they were young.

In the eyes of the Yu clan head, the sun clan head was too hypocritical. No matter who or what he was facing, he would always welcome them with a smile. However, no one knew how many thoughts were hidden in his smile.

As for him, he would only treat people who suited his taste differently. No matter how good the others were, as long as he didn't like them, it would be difficult for them to enter his eyes.

It was because of these two different personalities that the master of the sun family gave people the impression of being kind, while the master of the Yu family gave others the impression of being arrogant and unattainable!

Thus, in the divine realm, the Yu clan's clan head definitely did not have as many friends as the sun clan's clan head. However, the Yu clan's clan head was very confident that any of his friends would be able to help him even at the cost of a knife or go through water and tread on fire for him when he was in trouble.

As for whether or not the head of the sun family had this confidence, the head of the Yu family did not know. After all, the sun family's connections were built up by the accumulation of favors owed to them by others. Whether they could withstand the test of time was still unknown!

After the Yu family head said this, although the sun family head's expression became even more unsightly, he didn't make things difficult for them. After all, he had a good reputation! With so many eyes on him, even if he was furious, he couldn't show it easily. Otherwise, he would fall into the old man's trap.

Seeing that the head of the sun family didn't have much of a reaction, it had to be said that the head of the Yu family was a little disappointed. How he wished he could tear off the hypocritical mask of the old man from the sun family in public! Unfortunately, this old man did not fall for it. However, it was not easy to see him change his face. It seemed that his expectations were still too high.

However, even though the master of the sun family had suppressed his anger, it did not mean that the rest of the sun family could. At this moment, the man beside the master of the Yu family very considerately moved a chair over and placed it behind the master of the Yu family. He smiled and said, "Master, it's too tiring to stand. If you have anything to say, you should sit down and talk to Master Sun! Otherwise, Master Sun would have to raise his head to look at you, lest others say that we're looking down on you and deliberately coming to see the sun family make a fool of ourselves." The

implication of his words was that the sun family didn't even know how to give up their position to their master. They were really uneducated.

"MMH! You're still the most considerate one!" The Yu family head's face was full of satisfaction. However, his resentful eyes drifted to the sun family head, but he was ignored by the sun family head.

"Master Yu, this is the seat of the sun family. We don't welcome you, so please leave our sight immediately!" Finally, a member of the sun family couldn't bear it anymore and asked him to leave. His face was obviously angry.

Who knew that when the Yu family head heard his words, he didn't get angry but laughed instead. He looked at the sun family head with a slightly aggrieved expression and said, "Sun Yu, your clansmen are actually chasing me away? You have to help me!" He called out the rarely-heard name of the master of the sun family.

Upon hearing master Yu call him Sun Yu, Master Sun became even angrier. The color of his face kept changing, alternating between green and black, which was very interesting! F * ck! This old thing from the Yu family is clearly doing this on purpose. He wants to use my name to provoke me, Hmph! No way! He wouldn't be fooled, Sun Yu consoled himself in his heart.

Originally, the sun family's old ancestor had given him this name, which meant that great wisdom appeared to be slow-witted, but in the mouth of this old thing from the Yu family, it had become stupid. Therefore, when there was no one around, as long as the Yu family head called his name, he would be furious and the two of them would start to put on a full-out martial arts Show! But this was in front of everyone, so in order to maintain his image for many years, he had to endure it!

"This is indeed our Sun family's seat, and we're in the middle of a competition, so it's really not easy for the Yu family head to move around, as it'll affect the fun of others watching the competition." After a long while, Sun Yu gritted his teeth and said. His eyes were even shooting out raging flames. It was a pity that looks couldn't kill. Otherwise, the Yu family head would definitely have died a thousand times over.

"Oh! But the place I'm sitting at shouldn't be considered as your Sun family's seat, right?" The head of the Yu family asked uncertainly, because he was sitting in the aisle.

"In addition, almost everyone's mind is no longer on the competition. It seems that the unexpected events in the competition can make them more impassioned, especially ... You know!" Then, the head of the Yu family continued with an ambiguous expression.

"You ... You're here on purpose to make me angry, right?" Sun Yu said angrily, almost losing his cool.

"How can you wrong me like this? I'm here to show my concern for you. " The master of the Yu family felt wronged again.

"Thank you! However, I don't need your concern!" Sun Yu was filled with hatred. He wasn't a fool. Was he that easy to deceive? This old fogey from the Yu family was clearly here to make a fool of him. Furthermore, it was the kind that would not give up until he angered him to death.

"Haven't you always been kind to people? Why are you so unfriendly to me? AI! I'm so sad. With our friendship, how could you hurt me like this!" The head of the Yu family said pitifully. When the young man behind him saw this, he couldn't help but Twitch his mouth and think to himself, "is the head of the

Yu family addicted to acting? In the immortal realm, who didn't know that the relationship between the two clans was somewhat stiff! What exactly did the master want to do with this?

"You shut up!" Hearing the words of the Yu family head, Sun Yu's forehead was filled with black lines. F * ck! Since when did he have a friendship with this old thing from the Yu family? If it could be said that he would not easily change his expression in front of outsiders and could maintain a kind smile from beginning to end, but in front of this old man from the Yu family, he absolutely could not! Because as long as the two of them met, they would either mock each other or directly fight. In short, the two of them had never been able to get along.

Moreover, it was precisely because of this that he would try his best to control his meeting with the old man from the Yu family in public, so as not to expose his true nature. After a long time, everyone knew that the relationship between the two families was not good. Therefore, sometimes, the major families were still willing to cooperate with them and try not to pull them together. But now, this was the elite gathering, he really could not avoid it!

It was also because he knew that he would not be able to avoid them like he did in the past that he had ordered his clansmen to stay away from the Yu family's line of sight to avoid attracting this old man to him. However, man proposes but God disposes. This old man still came uninvited. He was depressed.
