

## **Crazy Wife 1861**

### [Chapter 1861 Another Trouble \(3\)](#)

"You're shouting at me!" The head of the Yu family continued to feel wronged, his dark and shrewd eyes actually welling up with tears. When the young man beside him saw this, he only felt as if a flock of crows had flown over his head, and it seemed like they had pooped quite a lot on his head! It was true! This was the feeling he had! Because the reaction of the family head was simply too shocking. This, this was a little too much, right? What was the master doing? He was very confused about this.

"Uh! Damn it, don't give me that look. " Upon seeing this, Sun Yu growled in a low voice with a black face. The sun family members were clearly frightened! F \* ck! Did he see a ghost?

What they didn't know was that the Yu family head's current performance was all learned from Ji Yun. Seeing Ji Yun's current appearance on the screen, he felt that it was quite interesting. Thus, he casually used it. As for the effect, he was extremely satisfied.

"Isn't this your favorite look?" The head of the Yu family blinked his large, bright eyes and asked with a puzzled expression.

These words gave everyone a huge shock.

"Damn it, when did I like this?" Sun Yu saw that the old undying Yu family's old man was being so unreasonable, and his lungs were about to explode. However, he still had to forcibly suppress the anger in his heart. Just thinking about it made him feel very aggrieved, and the Yu family head seemed to have him in the palm of his hand. He was getting more and more addicted to playing with him.

"On the countless nights we spent together, when we were drinking and singing, you told me yourself that I was the most important person in your heart. Have you forgotten? Or do you not dare to admit it?" The Yu family head continued to ask, Oh! Under the moonlight and flowers, they had done it before, but they were always scolding or fighting, drinking and singing ... The two of them had also done it before, but when they didn't get along, he had smashed the sun family's garden many times. As for the most important person in his heart, it depended on how others understood. After all, the most important person didn't have to be the person he liked. The enemy was also very important to him.

"You, you ..." The Yu family head's words made Sun Yu's entire body tremble in anger. The cold air that was released from his body caused the surrounding hundred miles to be immersed in an icy cold atmosphere. They could feel the temperature of the competition ground suddenly drop. Most people were still confused and couldn't figure out what was going on. Only the two families sitting on the left and right of the sun family's seat understood.

However, at this moment, they were all sizing up the patriarch of the Yu and sun families with ambiguous looks on their faces. They couldn't help but wonder in their hearts, so the relationship between these two people is so close? It was still widely rumored that they were at odds with each other. It seemed that everyone had been deceived by their smokescreen. However, when they thought about the two's gender, they could understand their difficulties. After all, they were the heads of their respective families! Ai! He had no choice!

When they thought about the concubines of the master of the sun family, they felt that the master of the sun family should not have married so many wives. Wasn't this harming others? In comparison, the head of the Yu family only had one wife. With this comparison, the people of the two families immediately felt that the head of the Yu family seemed to be more affectionate.

Sensing the strange gazes of the people around him, Sun Yu's expression became more and more unsightly. However, he still held back the monstrous anger in his heart and didn't flare up. However, the change in his expression made it clear to many people that the head of the sun family wasn't always good-tempered, but he didn't touch his bottom line. And obviously, the head of the Yu family should be his bottom line.

The surrounding neighbors looked at the head of the sun family, then sneaked a glance at the happy head of the Yu family, and suddenly sighed.

The Yu family's head was so generous and calm that he didn't care if his secret was discovered. In comparison, the sun family's head was a little petty, so at this moment, many people chose to stand on the Yu family's head's side. As for the sun family's head, he became a heartless rat in their eyes! From this, it could be seen how powerful the power of the eight trigrams was!

The head of the Yu family saw that the effect he had created was unexpectedly good, and admired Sun Yu's flickering light and dark expression for a while. When he saw that it was good, he patted his butt and left without taking a cloud with him. However, the aggrieved expression he had when he left and the hesitation to speak was really thought-provoking.

Not far away.

In the ning family's exclusive seats, the head of the ning family, who had been watching the movements of the sun family, naturally saw the interaction between the two family heads. However, in the confrontation just now, the one who had the upper hand was obviously the head of the Yu family. As for Sun Yu, he was afraid that there were too many things that he had no choice but to endure. However, the head of the ning family knew that Sun Yu was a vengeful person. The Yu family was probably going to be in trouble.

However, he believed that since the head of the Yu family dared to provoke him in his face, he must have a plan in mind and should have taken precautions long ago.

And the truth was just as master ning had guessed.

The Yu family and the sun family had been at odds for many years, and they were both very clear of each other's bottom line. Thus, as long as they didn't touch the other's bottom line, the two families would still maintain a peaceful relationship on the surface, but small disputes in the dark were inevitable.

"Old man ning, What are you looking at?" At this time, the first elder of the craftsmen's Guild headquarters couldn't help but ask curiously when he felt that the ning family's master was absent-minded.

"I'm looking at the sun family. I'm afraid they'll do something bad to Xue 'er. " The master of the ning family said honestly.

"They dare? If they dare to lay a finger on Xue 'er, I will make the sun family disappear from the divine realm!" After hearing the words of the master of the ning family, the great elder immediately became angry. In terms of connections and power, the sun family could not be compared with him, the great elder of the craftsmen's Guild. Although the difference in strength between the two was not big, their status in the divine realm was obviously not on the same level. After all, his specialty was refining artifacts, and cultivation was secondary.

"Uh!" When the ning family clansmen and some of the representatives of the craftsmen's Guild heard the great elder's bold words, they couldn't help but break out in a cold sweat. They thought to themselves, "great elder, do you have to be so excited?" However, they could also tell that they could offend anyone but Leng ruoxue. Otherwise, just the Grand Elder, master ning, and uncle long alone would be enough to make any of the top forces in the divinity disappear from the face of the earth! Thinking of that possibility, they all felt their hair stand on end and their hair stand on end.

"Why are you so excited? I only said that I was afraid, I didn't say that the sun family would definitely harm Xue 'er. " The master of the ning family saw that the great elder was so excited that he couldn't control himself, so he quickly said.

"I'm afraid it's possible. Don't tell me you don't know the true face of that thing from the sun family." The great elder said unhappily. People like them who held high positions in the Super forces would naturally not be deceived by the fake appearances of others. Therefore, he did not dare to say that he knew everything about the things that the sun family had done in private. However, he had heard about it. It was just that it was none of his business, and he was not the self-proclaimed Savior of the divine world. Therefore, he was too lazy to care about it. However, if the matter involved the little girl Xue 'er, they naturally could not stand by and watch.

"So what if I know? He hasn't even made a move yet. " The master of the ning family sighed helplessly. He naturally didn't put the sun family in his eyes. In addition, that member of the sun family was a hooligan in public. Therefore, after the end of the elite gathering, the sun family would definitely be in a terrible fix for a while. After all, this matter had a bad influence on the sun family. However, he was very curious why the sun family would do such a despicable act in public.

"We still have to take precautions!" The first elder said anxiously.

"All of you, calm down. We're going to respond to changes by staying the same. What's the sun family? Is there a need for you to be so anxious?" At this time, uncle long, who had closed his eyes and pretended to be asleep, spoke again. No one dared to ignore his words.

The first elder and the master of the ning family listened humbly and put the matter aside for the time being. After all, the elite gathering had not ended yet. It was still too early to think about these things.

At the same time, Leng ruoxue and the others who were in the special space were in trouble again.

This time, it was not Leng ruoxue who had caused trouble, but Zhou kun.

Originally, they had found a place to set up camp and planned to have a good rest. After wandering around aimlessly for days, they felt a little restless, so they wanted to have a good rest before they encountered a strong enemy.

However, just as they finished preparing dinner, they met two people who were planning to spend the night in the open. It turned out that the two of them had also taken a liking to the campsite they had found. However, based on the principle of first come, first served, the two of them wanted to discuss with them and give them a portion of the campsite. Leng ruoxue and the rest saw that the attitude of the two of them was not bad and their abilities were above theirs. They did not want to offend them and thus agreed. However ... However, Zhou kun was the one who caused the problem ...

#### [Chapter 1862 Brother Who Had A Sister Complex \(1\)](#)

At that time, Zhou kun was resting in the tent, and he didn't even get to cook their dinner. The main reason was that he didn't trust his cooking skills. After the meal was ready, he followed the smell of the food and walked out of the tent. However, before he could pick up the delicious food and enjoy it, he immediately heard a furious voice in his ear ...

"Zhou kun! It's actually you!" One of the two guests roared with a flushed face after seeing Zhou kun. The veins on his forehead were throbbing, and his eyes were burning with anger. If looks could kill, Zhou kun would have died thousands of times.

Upon seeing such a situation, Leng ruoxue and the others knew that something was amiss. Judging from the man's reaction, he was definitely not an old friend of Zhou kun.

The two men were both godkings. One of them had a face as white as Jade. His skin was even smoother than a woman's. Although he wasn't very tall, he had a graceful bearing and looked like a fine young master.

As for the other man, who was the one who was very unfriendly when he saw Zhou kun, he had a rough face, a tall and burly figure, like a small mountain. However, his skin was slightly dark, and at this moment, his pair of fierce eyes were staring like bronze bells. His fierce expression made people feel fear.

Based on the strength of these two, Leng ruoxue guessed that they could be ranked above average among the God kings. These two were not people that the wretched-looking man from before could compare to. Otherwise, they would not have agreed to give them a portion of the campsite that they could have taken for themselves.

However, looking at the situation now, it seemed that things were going to be ruined.

Just as Leng ruoxue and the others were thinking of a solution, Zhou kun, who had just walked out of the tent, looked at the man who had spoken in a daze and asked in puzzlement, ""Who are you? Do I know you?"

Upon hearing this, Leng ruoxue and the others were all speechless. They couldn't help but secretly sigh to themselves. Zhou kun actually forgot about her, but she obviously remembered him in her heart. What should they do now?

Leng ruoxue and the others were at a loss for what to do. When the man heard Zhou kun's words, the anger in his heart grew even more intense. He yelled at the top of his voice again without caring about his image, ""You dare to say you don't know me? Do you still remember Liu Lin?"

"Liu Lin?" Upon hearing the name, Zhou kun appeared even more confused. The name did sound familiar, but he really couldn't remember.

"Liu Lin is my sister. I'm Liu Sen!" Liu Sen said with a gloomy face.

"What's your sister to me?" Zhou kun was a little puzzled.

"What a heartless man! Liu Lin lost her life for you, and you've even forgotten who she is. " At that moment, the man beside Liu Sen spoke and looked at Zhou kun with an unfriendly gaze.

"Are you sure I know this Liu Lin? Do you have any evidence? Don't slander me. " Upon hearing that, Zhou kun said in a slightly displeased manner. To be honest, there were too many women around him. Some of them followed him willingly, and of course, some were forced by him. However, it was impossible for him to remember all the women's names. For example, Liu Lin was one of the women he had forgotten, if he had really had this woman by his side before.

"You want evidence? Good! I'll give it to you now. " Liu Sen said coldly. After that, he took out a Jade tablet from his storage ring, which was engraved with the word 'Zhou'. He handed the Jade tablet to Zhou kun and said gloomily, ""You dare to say that you don't recognize this Jade plate?"

"This, of course I recognize this Jade plate, but even if I have this Jade plate, it can't prove anything right?" Zhou kun argued. In fact, as his women, every one of them had such a Jade tablet on them. Therefore, he was very afraid that Liu Sen was deliberately using the Jade tablet to deceive him. He naturally had to be more careful.

"What about this?" Liu Sen squinted his eyes and took out a stack of papers from his storage ring. It was a thick stack of hundreds of papers.

"These are all love letters you wrote to my sister. You used sweet words to cheat her of her innocence and then abandoned her, causing her to commit suicide, Hmph! I won't let you off. " In fact, he had long wanted to get rid of Zhou kun and avenge his sister. Unfortunately, his family did not allow him to act rashly. After all, the Zhou family was more powerful than the Liu family. However, this was a great opportunity.

Moreover, he believed that no one would be able to say anything if he were to kill Zhou kun here. After all, the rule here was that life and death were determined by fate.

More importantly, the rules of the competition did not state that high-level contestants were not allowed to kill people who were weaker than them. This could be considered a loophole in the elite competition! After all, no one had expected an accident to happen in this year's elite gathering. Liu Sen and the rest only realized that there was a slip-up in this competition after they saw Leng ruoxue and the others.

After seeing Zhou kun, Liu Sen felt that it was a great opportunity. He had been worried about not having a reason to kill Zhou kun to avenge his sister! On the other hand, it was perfectly justifiable to kill Zhou kun here. At least, it would not bring trouble to the family. After all, the rules of the competition were clear! Therefore, he decided to make good use of the rules of the competition to achieve his goal.

Although he looked boorish, he was actually very meticulous. Therefore, he had already thought about the consequences of killing Zhou kun thousands of times in his heart. No matter which one it was, it

would be better to do it here. However, he did not expect to have the opportunity to meet Zhou kun here, so he was not fully prepared. However, Zhou kun's strength was below his, so it was not difficult to kill him.

As for these few people, since they were with Zhou kun, they must be his accomplices. Hmph! As the saying goes, one is marked by one's proximity to Vermillion, and one is marked by one's proximity to ink. These few people were probably not good people either? He also took Leng ruoxue for granted and regarded her as Zhou kun's woman. After all, Zhou kun's lecherous nature was well-known to everyone. Hence, a woman who was willing to follow Zhou kun here to fool around would definitely not be a woman from a decent family.

For a moment, Liu Sen's mind was filled with thoughts. Leng ruoxue and the others were also quickly determined by him. However, it was fortunate that Leng ruoxue did not let Qing Jue probe Liu Sen's thoughts. Otherwise, they would be depressed to death!

When Leng ruoxue and the rest heard Liu Sen's words, they could not help but look at the thick stack of so-called love letters. The black lines on their foreheads deepened.

Zhou kun really didn't look like someone who had the patience to write love letters. How could he put in so much effort for a woman?

Leng ruoxue and the rest looked at Zhou kun curiously and in surprise. Zhou kun's face turned red from their incredulous gazes. Who didn't have a few youthful years? Although he could no longer remember what Liu Lin looked like, he had indeed written love letters to women before. However, those love letters were all ghostwritten, so how could he have written such literary and nauseating words?

#### [Chapter 1863 Brother Who Had A Sister Complex \(2\)](#)

Now that he had seen the so-called evidence in Liu Sen's hands, he couldn't be sure of the authenticity of those love letters for a while. After all, although those love letters were sent by him, he had never read them. He only knew that they were very corny. Even if Liu Sen showed him those love letters, he was still at a loss.

"What's wrong? Do you still want to renege on your debt? Your signature is on it." Seeing the hesitation on Zhou kun's face, Liu Sen was furious.

"So what? That doesn't mean that Liu Lin is related to me, right? Who knows if you're the one who forged it?" Zhou kun said with a suspicious look on his face. Anyway, he would not acknowledge this thing, let alone acknowledge it. Otherwise, if Leng ruoxue knew about his past love history, he was afraid that she would fly into a rage.

Fortunately, Leng ruoxue was unaware of Zhou kun's thoughts at that moment. Otherwise, she would have said to him earnestly, "Zhou kun, you're overthinking it."

Upon hearing that Zhou kun was indeed going to renege on his debt, Liu Sen was instantly infuriated. He waved his fist and attacked Zhou kun. The wind from his fist was mixed with the power to topple mountains and overturn the seas. Zhou kun was so frightened that his face turned pale when he saw the menacing fist. He turned around and jumped, hiding behind Ji Yun ...

Upon seeing that, Ji Yun gritted his teeth in anger. He turned around gently and pushed Zhou kun away again. The wind from the fist, which was emitting a frighteningly cold air, brushed past half of Zhou kun's body. Zhou kun immediately felt a heart-wrenching pain ...

Seeing this, Liu Sen sneered and said, "It seems like your companions don't like you! Hahaha!" He didn't expect that he hadn't even made a move yet! The other party started killing each other. Very good! Although things were a little out of his expectations, the result would not change. Zhou kun was dead for sure. As for Zhou kun's bad friends, he did not intend to let them off. Otherwise, it would be difficult for him to avenge his sister! However, he did not intend to let them die a quick death. After all, a game of cat and mouse was more of a fun game. In his eyes, Leng ruoxue and the others were just mice.

"Ji Yun! How can you be a traitor!" Upon hearing Liu Sen's words, Zhou kun held his numb arm and said with a look of resentment.

"I'm scared! That was just an instinctive reaction. " Ji Yun said with an innocent expression, but he couldn't help but think in his heart, "this detestable fellow, he's clearly coming for you, yet he still wants to use me as a shield. Hmph!" Was he that easy to make use of?

"You ..." Zhou kun was furious. However, could he blame Ji Yun at this point in time? After all, he had indeed been careless just now. More importantly, he desperately needed the help of Ji Yun and the others. If they left him in the lurch, then this Liu Sen would definitely kill him without hesitation.

In fact, Zhou kun was a very selfish man. At this time, he only thought of getting Ji Yun to help him deal with Liu Sen, but he didn't think that even if they joined forces, they would be no match for Liu Sen and Zhou kun. Seeing Liu Sen's murderous look, fear emerged in his heart. It was precisely because of this that he was even more eager to capture Ji Yun and the others. Otherwise, wouldn't he have no helpers?

"What did I do?" Ji Yun blinked his limpid eyes as he asked, his face filled with confusion. When it came to playing dumb, no one could compare to him.

"You can't just leave me in the lurch!" Zhou kun gritted his teeth and said while suppressing his anger.

"Why can't I? We're not even close!" Ji Yun was puzzled. If he remembered correctly, they weren't friends.

"We're allies now!" Zhou kun reminded her with a dark expression.

"But ... You brought this trouble on yourself. It's your private matter, so it's not good for us to interfere!" Ji Yun was in a difficult position. In fact, it was not that he did not want to help Zhou kun, but Zhou kun's performance just now had made him too angry. Moreover, the two men were stronger than them. He could even sense that they were much stronger than the wretched man from before. It was already difficult for them to deal with one wretched man. He was not confident that he could deal with two at once. Most importantly, he did not want to risk his life for Zhou kun. It was really not worth it.

"Hahaha! You really do know your own limits. However, even if you don't interfere, you'll still be dead!" Upon hearing Ji Yun's words, Liu Sen laughed happily. 'Damn Zhou kun, he must have finally experienced the feeling of being deserted by his loved ones.'

In the past, in order to avenge his sister, he had been threatened by his own clansmen because they were afraid of being implicated by him. He still remembered the loneliness and despair he felt at that time.

His only sister, who he relied on for survival, was the closest person to him in the world. Due to the weak relationship between the clansmen, he could not immediately avenge her and had been enduring it for many years. Now that he had a good position in the clan, he finally had such a good opportunity for revenge. Therefore, he would definitely not let Zhou kun off. Moreover, he believed that the clansmen would definitely not say anything this time, because it was too late even if they were still afraid of the Zhou family! Hahaha! As soon as he thought about his sister's revenge, the depression that had accumulated in his heart for many years was swept away. At this time, he felt even more refreshed and his spirit was also shaken.

The moment he saw Zhou kun, the hatred in his heart was triggered, and now that he finally had the chance to take revenge, he immediately felt relieved. However, what followed was overwhelming exhaustion. Yes! In order to find an opportunity to avenge his sister, he had endured hardships for many years. Now that the big stone in his heart finally had a chance to be lifted, he relaxed and seemed to have lost his goal.

Previously, his sister's hatred had supported him, making him disregard everything and use any means to snatch, snatch, and strive for the opportunity to rise up. But now, he was about to get his revenge. What was he going to live for in the future?

He was at a loss.

After hearing Liu Sen's words, Ji Yun pouted unhappily and said indifferently, "We're not the ones who killed your sister, why should we die with him?"

Ji Yun was very upset because the consequences would be very serious. Originally, he had some sympathy for Liu Sen's sister's encounter. After all, Zhou kun was really not a good person. However, who knew that this person would not distinguish between right and wrong and even want to kill them as well? he could not agree to this. He had not lived long enough! He had yet to get married, so how could he be buried with Zhou kun?

"Aren't you his allies? To be able to form an alliance with a person like him, it can't be anything good. As his scoundrel friends, I'm sure they've done a lot of bad things for him, so I feel that I have the obligation to help the heavens. " Liu Sen said matter-of-factly.

Hearing Liu Sen's words, Leng ruoxue and the rest were completely speechless. Wasn't this Liu Sen a little too imaginative? Although they didn't care much about Zhou kun's life or death, they couldn't be wrongly accused by Liu Sen.

"What an obligation! Do you think you're the Savior? To tell you the truth, our family and Zhou kun have a feud. As for our Alliance, it's only temporary. Besides, we've never helped him do anything bad. So, don't take it for granted that we're jackals of the same tribe just because we're together. We're not the same!" Ji Yun shouted loudly after hearing Liu Sen's words, and his handsome face turned red with anger. 'Damn it, I never dreamed that I would be involved with Zhou kun one day. Not only that, but I might also die with him!' Sob ... He was really depressed!

### [Chapter 1864 Brother Who Had A Sister Complex \(3\)](#)

"Hmph! Do you think I'll believe you just because you said that?" Liu Sen obviously did not believe Ji Yun's words and even scoffed at his words. He was certain that Ji Yun was Zhou kun's friend because he was very afraid of death.

In fact, Ji Yun was not afraid of death. He just did not want to die together with Zhou kun. Otherwise, he would probably die of grievance before he was killed.

p "Then what do I have to do to make you believe me?" Ji Yun asked with great patience. However, he was already going crazy in his heart.

"Hmph! No matter what you say, I won't believe your nonsense. " Liu Sen's cold gaze was like a venomous snake as he stared at Ji Yun.

When Ji Yun heard this, he simply shut his mouth. Since the other party had already said this, what else could he say? He had nothing more to say, but he felt really wronged.

At the thought of this, he turned his resentful gaze to Leng ruoxue. The message in his eyes seemed to be saying, 'ruoxue, we're going to die Here. Sob ... I think it's better to accompany Zhou kun.'

Leng ruoxue saw through Ji Yun's thoughts and smiled helplessly. She turned to Liu Sen and said, "Is it because no matter how we explain it, it'll just be an excuse in your eyes?"

"Of course, the truth is right in front of you. There's no need to explain!" Liu Sen said stubbornly.

Upon hearing Leng ruoxue's words, Zhou kun's heart sank, and an ominous premonition welled up in his heart. Were they going to give up on him? Previously, he could have ignored Ji Yun's words. However, now that Leng ruoxue had expressed her attitude, he felt as if a knife was being twisted in his heart.

However, no one cared about his thoughts now. After all, the other party was his old debt.

"You're really ..." Liu Sen's words made Leng ruoxue speechless. It seemed that no matter what they said, they were only talking to Niu tanqin. In that case, she might as well fight him. After all, she didn't want to die in Liu Sen's hands, especially if she was implicated by Zhou kun.

At the thought of this, Leng ruoxue immediately sent a voice transmission to her baby and made some arrangements. Following that, she transmitted a message to Ji Yun and the rest, "It looks like the other party is stubborn. Let's fight!"

"But they're both stronger than us. Can we beat them?" Ji Yun was somewhat worried.

"We have to fight even if we can't win. Otherwise, we'll really have to die with Zhou kun. Are you willing to do that?" Leng ruoxue retorted.

"Of course I'm not willing. Even if I'm going to die, I can't die with him!" Ji Yun said gloomily.

"Then we can only fight. You just need to focus on dealing with Liu Sen. Leave the other person to me." Leng ruoxue made the arrangements.

"Ruoxue, don't tell me you've taken a fancy to that pretty boy?" When he heard that Leng ruoxue was going to deal with another relatively handsome man, Ji Yun said in an upset tone.

"What nonsense are you saying? It's the baby who chose him. It thinks that Liu Sen's skin is too thick!" Leng ruoxue glared at him with her beautiful eyes.

"Oh!" Upon hearing this, Ji Yun felt relieved. He thought that ruoxue was going to use her beauty to seduce him! So he wanted his baby to deal with that man! However, baby was such a small Beastie. Could it deal with that man? He was skeptical about this.

"Look at my eyes later, we'll do it together." Leng ruoxue continued.

"En!" Ji Yun and the others replied, their expressions still unmoved.

Of course, Leng ruoxue had also informed Zhou kun of the news that they were going to fight with the other party. After hearing the news, Zhou kun was almost overjoyed. He was finally relieved. At least Leng ruoxue and the others had not abandoned him. This fact also made him look at Leng ruoxue with even more tender eyes.

What was a friend in need? This was clearly the case! Miss Leng must be reluctant to let him, this indomitable and handsome man, die at such a young age. Therefore, regardless of the disparity in strength, she was determined to fight with the other party. In this regard, he clearly felt that his wildly beating heart was even more heated.

Fortunately, Leng ruoxue was unaware of Zhou kun's current thoughts. Otherwise, she would definitely regret making this decision because it had obviously caused Zhou kun to misunderstand her. She did not make this choice for the sake of Zhou kun's life. In fact, it did not matter to her if Zhou kun was one more or one less person.

Ignoring Zhou kun's affectionate gaze, Leng ruoxue turned her beautiful eyes to Liu Sen and the other man. She smiled and confirmed, "Are you sure you want to kill us as well?"

"Of course! We have to get rid of evil for the people!" Liu Sen said with certainty, while the man beside him looked like he wanted to say something but hesitated.

At first, he wanted to persuade Liu Sen not to involve the innocent. After all, apart from Zhou kun, no one else had anything to do with Liu Lin's death. However, he knew that his good friend had been suffering from the hatred of his sister for many years, and the hatred in his heart had accumulated to an unimaginable extent. If he was not allowed to vent it out properly, this matter was very likely to become Liu Sen's inner demon. Therefore, out of selfishness for his friend, he did not stop Liu Sen's idea. However, it was because of this mistake that the two of them ended up in a tragedy that could not be salvaged.

"What a good" getting rid of evil for the people"! Do you also think so?" Leng ruoxue squinted her beautiful eyes and turned her gaze towards the man beside Liu Sen as she asked.

"I ..." Faced with Leng ruoxue's doubts, the man opened his mouth, but in the end, he only sighed softly, tacitly agreeing with Liu Sen's actions.

"Since that's the case, we naturally won't sit still and wait for death! Although your strength is above ours, we may not necessarily lose to you." Leng ruoxue said confidently.

"Hmph! What a shameless woman, not even afraid of spicking her tongue when talking big." Liu Sen despised Leng ruoxue's words.

"Shameless? How am I shameless?" Hearing this, Leng ruoxue was confused. This was her first time meeting Liu Sen, so how could he be so sure that she was a shameless woman? If these words had come from a woman's mouth, she might not have been too angry. After all, it could have been out of jealousy. However, these words came from a man's mouth. She could not accept it and the anger in her heart was rising.

If Liu Sen didn't make things clear today, she would let him know why flowers were so red!

"Will the woman who is with Zhou kun be a decent woman?" Liu Sen said.

"Your sister used to be with Zhou kun too." Leng ruoxue reminded him with a faint smile. She was not supposed to bring up the dead, but Liu Sen had gone too far. Not only did he think that she had something to do with Zhou kun, but he had also overturned a whole boat of people.

What's wrong with the woman who was with Zhou kun? Could it be that Zhou kun had denied the innocence of all women just because he had been a heartless man? Originally, Leng ruoxue had some sympathy for Liu Sen's pain of losing his sister. But now, because of Liu Sen's few words, the little bit of sympathy she had for Liu Sen disappeared without a trace.

As the saying goes, a pitiful person must have a hateful side. A woman who committed suicide for love seemed to be deeply in love, but in fact, she was not worthy of other people's sympathy at all. If you really wanted the other party to regret and take revenge, you could only live a carefree life, better than the other party, and ruthlessly step on the other party. Suicide was the most cowardly act to escape from reality! And what she hated the most was this kind of behavior.

However, the beauty had passed away, and it had nothing to do with her, so she naturally wouldn't meddle in other people's business and casually express any opinion. But now, Liu Sen was pointing the spearhead at her, which was something she could not tolerate.

Even the man beside Liu Sen frowned slightly when he heard Liu Sen's words. He obviously did not agree with his extreme statement, but he did not say anything.

"How can my sister be the same as you women!" When Liu Sen heard Leng ruoxue mention his sister, he was instantly enraged. Because in his heart, his sister was the most, most, most perfect. No other woman could compare to her. Even if the woman in front of him was a million times more beautiful than his sister, she could not be compared to his sister.

"That's right. Your sister is much more useless than us. She was just abandoned by a man, and she actually committed suicide." In the face of such a stubborn and unreasonable brother who had a sister complex, she felt really helpless. What she said might not sound pleasant, but it was the truth because she believed that it must be a cruel fact that Liu Sen had always been unwilling to face. Otherwise, he might not have been able to hold on until now to attack Zhou kun after losing his most important family member.

After hearing Leng ruoxue's words, Liu Sen's anger immediately soared to the sky, and his body suddenly burst into raging flames like a fire-breathing dragon. His slightly sinister eyes glared at Leng ruoxue fiercely, and his gaze was even more intense than when he was staring at Zhou kun ...

### [Chapter 1865 Extreme Joy Begets Sorrow \(1\)](#)

Leng ruoxue smiled faintly as she looked at Liu Sen, who was like a fire-breathing dragon. She fearlessly met his gaze and looked straight at him. One of their eyes was as calm as water while the other was as furious as fire. They stared at each other. When Ji Yun, the others, and the man saw this, they didn't even dare to breathe loudly for fear of disturbing the strange atmosphere between them.

After a long time.

Liu Sen couldn't help but shift his fiery eyes away. His heart was filled with frustration. At this moment, his entire body was drenched in sweat. Although he had not been staring at Leng ruoxue for long, he could feel an invisible pressure enveloping his body. He had never felt this kind of feeling before.

When Liu Sen shifted his gaze away, Leng ruoxue smiled nonchalantly and continued to provoke him, "What's wrong? You want to kill me with your eyes just because you can't win? It's a pity that your gaze is too weak. It can't take on a physical form and can't scare me. "

Leng ruoxue's words were definitely infuriating and hurt one's self-esteem. However, what she said was the truth. After all, she even dared to look straight into the eyes of a reverent-God, let alone a mere Divine King.

A mere God King, of course she wouldn't put him in her eyes.

When Liu Sen heard Leng ruoxue's words, he flew into a rage. However, Leng ruoxue didn't take it to heart and looked at him as if he was a clown. She smiled and said, "Don't jump up and down in front of me. I don't like monkeys and I don't have any bananas for you. " In other words, Liu Sen was a monkey who liked to eat bananas.

"Did you just call me a monkey?" Leng ruoxue's words suddenly caused Liu Sen to calm down. He squinted his eyes and asked.

"Mm! You're not too stupid, you know that I'm talking about you. " Leng ruoxue praised with a smile.

"Hmph! What a sharp-tongued, unruly woman who likes to show off her tongue! I'll teach you a lesson later. " Liu Sen's face was gloomy as he threatened.

"As you wish. However, I want to know if there's something wrong with your eyesight. I'm such a young and beautiful woman, how can I be a wicked woman in your eyes?" Leng ruoxue asked in confusion, but she was not angry.

"Hmph! If she's not a wicked woman, what else can she be if she's willing to be Zhou kun's woman?" Liu Sen was old at adjusting the bullet's trajectory, as if he was particularly concerned about this matter. Otherwise, he would not have kept digging for himself.

"What a strong sense of jealousy! Do you like Zhou kun too?" In addition, if Zhou kun's women can be considered as wicked women, your sister is one of them. " Leng ruoxue suddenly realized something and reminded him. Then, she continued, "Ai! No wonder you hate Zhou kun to the core. It turns out that it's

not just because of your sister! "Actually, you really don't have to do this. Although Zhou kun likes women more, it doesn't mean that he doesn't like men. If the two of them like the same man, it might even become a good story!"

Following Leng ruoxue's words, Zhou kun and Liu Sen's faces began to turn ugly, especially Liu Sen, who was so angry that he wanted to strangle the woman in front of him immediately. This damned woman was too abominable. Not only did she slander his reputation, but she also dragged his deceased sister into the mess. She was really intolerable.

He only knew how to resent Leng ruoxue's vicious words in his heart, but he had never thought that Leng ruoxue would not have said those words if he had not kept using Zhou kun's woman as an excuse.

Compared to Liu Sen's forbearance, Zhou kun's reaction was more direct.

"I don't want to like him, I only like women!" Zhou kun was a little afraid that Leng ruoxue would force the two of them into a pile, so he quickly shouted.

Upon hearing Zhou kun's words, Liu Sen, who had almost forgotten about Zhou kun's existence due to Leng ruoxue's anger, shouted, "I don't like you either. Don't think too highly of yourself." Liu Sen gritted his teeth when he said this. However, his tone sounded like he was acting coquettishly out of embarrassment.

Seeing this, Ji Yun couldn't help but ask, "you're that Liu Sen, right? If you have something to say, say it properly and don't quarrel! You'll scare Zhou kun with your fierce look. If he doesn't want you, you'll be the one crying. "

His words were sincere and earnest, but it also successfully made Liu Sen transfer his anger to him.

"What did you just say? I dare you to say that again!" Liu Sen's eyes widened in anger as he furiously roared at Ji Yun.

When Ji Yun heard the thunderous roar, he was so frightened that he shrank his neck and whispered, "Too fierce, he's too fierce! You can't do this. Zhou kun won't like you even if you're so fierce. He's always liked women who are like little birds who rely on others and are as gentle as water. So, you have to change your temper. "

Hearing Ji Yun's words, Leng ruoxue and the rest almost laughed out loud in their hearts. Ji Yun's ability to anger people wasn't small! Liu Sen's face was at least a hundred times uglier than before.

"Young master, I'm afraid it's impossible for Liu Sen to change his appearance to Zhou kun 's, unless he can change his gender!" Ji tao added fuel to the fire.

"We can help him with this!" Ji Wu interjected.

"How can we help?" Ji Yun didn't know what was going on, so he asked in a daze.

"Can't we just give him a stab?" Ji Wu said indifferently.

The three of them were in a heated discussion, and Zhou kun, who was sulking and spurting fire from his body, was completely ignored by them.

"That makes sense! Liu Sen, let's help you change your gender! As long as I cut you, you will no longer be a man." Ji Yun's words were very reserved, and he suggested with a smile.

"I don't need it!" Liu Sen was burning with anger. He had decided that he would not let these people die too easily. Before they died, he would let them experience the feeling of changing their gender. Otherwise, it would be difficult to dispel the hatred in his heart.

When the young man at the side heard the words of Ji Yun and the others, he looked at Liu Sen's reaction and knew that these people would not be able to come to a good end today.

However, after hearing Liu Sen's words, Ji Yun did not give up and continued to persuade him, "Liu Sen, we're doing this for you and Zhou kun's own good. If you don't change your gender, Zhou kun won't like you. So, don't be stubborn."

"Even if he has changed gender, I will still not like him!" Without giving Liu Sen a chance to react, Zhou kun, who was so frightened that his face turned pale, quickly protested loudly. However, at this moment, his words did not carry any weight at all.

On the other side, Liu Sen's chest heaved up and down as he was so angry that his face turned darker and darker. He stared at Leng ruoxue and the rest like a venomous snake, as if he could swallow them up at any time.

Seeing his expression, Ji Yun asked worriedly, "Ruoxue, is he poisoned? You look terrible!"

"He's not poisoned, he's sick." Leng ruoxue smiled and played along.

"Argh! If you're sick, you must be treated!" Ji Yun said, slightly surprised.

"How can we decide whether to treat him or not? However, if his illness isn't properly treated, I can guarantee that he will definitely die in front of us." Leng ruoxue said with certainty.

#### [Chapter 1866 Extreme Joy Begets Sorrow \(2\)](#)

"Th-then he's really pitiful." Ji Yun began to sympathize with him.

"Have you ever heard of this saying? A pitiful person must have a hateful side." Leng ruoxue chuckled as she asked.

"En!" Ji Yun nodded furiously, even though he had never heard of such words.

"I'm talking about the two of them." Leng ruoxue made her words even clearer. She had no choice. She was afraid that Liu Sen could not understand her!

"Dammit, all of you can die now!" Listening to their exchange of words as if there was no one else around, Liu Sen was completely enraged. He clenched his fists tightly and swung them towards Leng ruoxue and the others ...

The fist's ruthless aura was accompanied by a gust of wind. It transformed into a ferocious black beast and pounced towards Leng ruoxue and the others. When Leng ruoxue saw this, she quickly gave Ji Yun and the others a look. The few of them immediately scattered like birds and beasts.

When the ferocious beast saw that it had missed its target, it became even more furious. Black smoke rose from its black exterior. The beast roared and pounced towards Leng ruoxue with its fangs bared.

When Leng ruoxue saw that the giant beast conjured from divine power was heading towards her, her heart was filled with anger! Damn it, isn't this bullying? Did she look weak?

Ji Yun, who was not far away, saw that Leng ruoxue had been entangled by the giant beast conjured by Liu Sen. He immediately grew anxious and spread his legs to run towards Leng ruoxue. Seeing this, Ji Wu and Ji Tao had no choice but to follow. Who asked them to be afraid that Ji Yun would be injured? Furthermore, they could tell that as long as it was related to Leng ruoxue, it was impossible to clear Ji Yun's mind.

"Big black guy! What's so good about you bullying a woman? come at me if you have the ability!" Ji Yun shouted as he ran, trying to attract Liu Sen's attention. After all, the giant beast was under Liu Sen's control.

However, Liu Sen remained unmoved. He continued to control the giant beast and prepared to deal with Leng ruoxue.

Seeing this, Ji Yun felt helpless. He really couldn't understand how Liu Sen could make things so difficult for an innocent woman. Could it be that what they had imagined was true? that Liu Sen liked Zhou kun? Was that why the women around Zhou kun had become a thorn in Liu Sen's side?

In fact, unless Liu Sen personally told him the reason, he would never be able to figure out the reason why Liu Sen was acting this way. Liu Sen was acting this way out of pure hatred. His sister had died because of Zhou kun. How could Zhou kun have another woman by his side? Zhou kun had to stay by his sister's side for the rest of his life. If his sister could not have a man, other women naturally should not, and they were not qualified to have one either! Therefore, Leng ruoxue, who was suspected to be Zhou kun's woman, was completely targeted by Liu Sen.

Other than this reason, the words that Leng ruoxue had said previously had thoroughly infuriated Liu Sen. This had also caused the narrow-minded Liu Sen to hate Leng ruoxue to the core.

Hence, the first person he had to get rid of was the sharp-tongued Leng ruoxue.

However, Leng ruoxue's opponent was not Liu Sen. Hence, she would naturally not go head to head with Liu Sen.

After sending a voice transmission to Ji Yun and the other two, the three of them, who were about to run to Leng ruoxue, turned back and took the initiative to find Liu Sen, surrounding him. At this time, the pale-faced Zhou kun was also threatened by Leng ruoxue. He unwillingly strode in front of Liu Sen and glared at him.

This was because Leng ruoxue had already said that if he did not put in any effort and only wanted to sit back and enjoy the fruits of others' labor, they would watch him die and let Liu Sen kill him first before dealing with Liu Sen! Upon hearing that, Zhou kun was, of course, afraid, and the little bit of suspicion he had immediately disappeared without a trace.

In fact, the reason why Leng ruoxue said that was because she could tell that Zhou kun did not want to contribute at all. He only wanted to use them to deal with Liu Sen so that he could resolve his crisis. Unfortunately, they were not that easy to make use of.

"You guys are not my match!" Looking at the four people surrounding him, Liu Sen arrogantly shouted.

"Hahaha! Of course, we're no match for you in a one-on-one fight, but I'm not so sure about a group fight. " Ji tao said with a smile. Today, they were going to continue the Grand scene of ants biting an elephant to death.

"I don't think it's a group fight!" Liu Sen was very confident. They had two people on their side! If it was four against one, he really didn't have much confidence. But now, the scales of victory were clearly leaning towards them.

However, he soon knew what it meant to be overjoyed.

This was because when he was being entangled by Ji Yun's group of four, his good friend had not stepped forward to help as he had expected. By the time he had discovered that something was wrong, the young man had already been entangled by his treasure and the other little beasts.

He did not know when, but the giant beast that he had conjured had disappeared. Instead, a few small beasts appeared out of thin air. Other than the purple Fox that he had seen before, there was a white fox and a Black Fox. They were all dainty and looked very cute. These three small beasts were obviously Leng ruoxue 's.

Could it be that that woman was also a Fox? Otherwise, why would all the Beastie beasts be foxes? Liu Sen's imagination ran wild as he dealt with the attacks of Ji Yun and the others.

Seeing Liu Sen's absent-mindedness, Ji Yun became angry, "Damn you big black guy, can't you just focus?"

"Hmph! It's enough to deal with you two. " Liu Sen said confidently. However, as soon as he finished speaking, a 'PU' sound was heard. His left shoulder was hit by Ji Wu.

"We'll see! This is the result of you multitasking, sigh! Focus! You'll definitely regret underestimating us. " Ji Yun kindly reminded him. The divine skill in his hand was repeatedly thrown at Liu Sen. Although it might not hit him all the time, it was good to give him some trouble.

On the other side, the young man was annoyed by the three little Foxes who were as slippery as loaches.

These three little guys were really too hateful. Not only did they take turns to provoke him, but they also discussed which part of his body was more resistant to scratches. Listening to their conversation as if no one was around, the young man was extremely angry.

Among the three little Foxes, baby and Chi used shadowless claws without any pattern, scratching wherever they wanted to. In contrast, Mei was much more elegant, and its hands were mostly on the chest and above.

The three of them had already arranged their order beforehand. They attacked in order and then quickly left. The young man could only feel pain in his body and could not catch any of them. This fact made the young man furious!

The burning pain that came from his body and face also made him extremely angry! If these detestable little beasts were caught by him, they would be dead for sure!

The young man made a decision in his heart. He glanced at the three little Foxes some distance away from him and deliberately made a show of weakness. However, the three little beasts did not fall for it at all. The three little fellows were tired of attacking and even jumped onto a tree not far away to rest. The young man was even angrier when he saw this.

### [Chapter 1867 Extreme Joy Begets Sorrow \(3\)](#)

In his entire life, he had never seen such an infuriating little beast. When he thought of this, he couldn't help but turn his gaze towards Leng ruoxue, who was watching the show. He then shifted his gaze towards Leng ruoxue.

Just when he thought that he could capture Leng ruoxue and threaten the three little beasts, Leng ruoxue had suddenly disappeared from his sight. In the blink of an eye, she was already a few thousand meters away from him.

Was this teleportation? The young man squinted his shrewd eyes. He was surprised. What a fast reaction and speed. A god tier master actually ran away from him, a God King. This was unbelievable.

However, it was also because of this that Leng ruoxue had attracted the young man's interest.

His family was known for their teleportation skills, and he was one of the heirs who had been nurtured by his family. However, he did not expect Leng ruoxue to open his eyes. No wonder his family's ancestor always said that there would always be someone better!

"Is this teleportation?" The young man wanted to be more certain.

"Why should I tell you?" Leng ruoxue did not answer but asked instead. Looking at the claw marks on the young man's handsome face, she really wanted to laugh out loud. The charm was scratching so affectionately that it even scratched the young man's face and said, 'men who bully women are all bad guys!'

Looking at the clear "claws", Leng ruoxue was full of admiration for the Mei's creativity. She didn't expect Mei to have such a mischievous side. She was really too cute.

"If you tell me, I can guarantee that Sen will let you live. How about it?" The young man didn't seem to realize that someone had written words on his face. He even arrogantly started to negotiate with Leng ruoxue.

"Do you think he can say that you can kill us?" Leng ruoxue could not help but sneer at the young man's words. Why were the people she had met recently so full of themselves? She could not understand.

"The difference in strength can't be made up for by external forces, even if you have more people than us." The young man was as confident as Liu Sen. He was overconfident in his own abilities.

Unfortunately, his opponent was Leng ruoxue. Leng ruoxue was never one to play by the rules. If her opponent was stronger than her, she would not force herself to fight with force. Instead, she would choose to use other methods to deal with her opponent, such as drugging him!

Just as Leng ruoxue was speaking, a colorless and odorless powder had already been sprinkled out by her. That powder was not poisonous, but it would make a person's entire body sore and weak. It would also cause a numbing sensation. In short, that feeling would definitely leave a lasting aftertaste.

"Haven't you heard of the phrase 'extreme joy begets sorrow'?" Leng ruoxue asked with a smile.

"I believe in strength more." The young man had a confident smile.

"Oh, really? However, you'll soon know what it's like to have extreme joy turn into sorrow." Leng ruoxue laughed evilly and gave the three little beasts who were resting on the tree a look. The three little beasts understood and charged towards the young man like three bolts of three-colored lightning.

The three beasts were extremely fast. In the blink of an eye, they were in front of the young man. The young man did not even have time to react before he was scratched again.

The purple, white, and black shadows flickered up and down, and the number of claw marks on the young man's body nearly doubled. The young man was so entangled that he had no time to teach the three beasts a lesson. After scratching enough, the treasure even wickedly tore off the young man's clothes that had already been torn into strips of cloth, and suddenly, the young man's naked body was exposed ...

"Argh! You lecherous Fox!" After shouting, the young man fell limply to the ground.

At this time, the young man's snow-white body was covered with claw marks of different sizes and depths. Many of the claw marks were still bleeding, but this was already the result of the three claws showing mercy. Otherwise, the young man's end would have been even worse!

At once, the succubus transformed into a bolt of lightning and rushed into Leng ruoxue's arms. It used its big, furry tail to cover its master's eyes. It had wanted to use its claws, but it had just scratched someone and had not washed them yet. So, it could not touch its master!

Leng ruoxue removed the large tail that was covering her eyes and smiled helplessly. Then, she touched the Mei's head and laughed, "Mei, there's nothing good about him, what are you worried about?"

"He's a man!" The Mei only said this one sentence and swallowed the rest of the words back into its stomach. In fact, the possessiveness of these beasts was as strong as that of demons. In their hearts, their master belonged to them. Therefore, unless it was a male creature that they had identified, any man who wanted to get close to their master would be killed! None of them would have a good ending.

At the thought of this, Mei Mei's beautiful purple eyes turned to Zhou kun and Ji Yun thoughtfully. These two men! Hehe! Its purple eyes flashed with slyness. Its master was not someone who could be easily entangled with.

That stupid pig named Zhou kun definitely did not have the qualifications to be master's ordinary friend. As for Ji Yun, she was still observing him. However, if the demonic man knew of his existence, he would probably have a hard time. At the thought of this, a faint smile appeared on Charm's furry little face. It looked like it was going to be lively again.

"Uh!" The words "Mei" made Leng ruoxue's forehead fill with black lines. Right now, she was a little suspicious as to whether her Beastie had been bribed by the evildoer. After all, in her memory, only the

evildoer would do such a thing. In the short span of a few days, she had already enjoyed such behavior a few times.

"Master! You'll get a sty if you look at the body of the opposite sex." The Mei said softly. When she said this, her originally white fur on her fluffy face had a faint pink color.

"Uh! I don't see him as a man. In my eyes, he's just a corpse!" Leng ruoxue glanced at the weak young man and said disapprovingly.

"Even so, he's still a man. If the demon finds out about this ..." The charm demon stopped mid-sentence and stared at Leng ruoxue with its beautiful purple eyes, as if warning her to be careful! There's a big vinegar jar at home!"

"Uh! Alright then!" Leng ruoxue was helpless. Why were the humans and beasts around her so possessive? When she thought of this, she gloomily looked at Ji Yun and the others and loudly said, "Ji Yun, we've already settled things here. Why are you still not done?"

"Argh! I'll be done in a minute!" After Ji Yun finished speaking, he stole a glance at Leng ruoxue. Then, his attacks became increasingly fierce.

Although Ji Yun's attacks appeared to be chaotic, they were actually very well thought out. Leng ruoxue only needed to observe him for a moment before she discovered the true nature of his attacks.

What kind of attack was that? Real and fake, real and fake, both real and fake, contained an unparalleled offensive power. If one didn't have good eyesight, it was very likely that they would have overlooked Ji Yun's attack. Some people might even think that Ji Yun's attack was completely based on brute force and wasn't worth mentioning at all, because this was also the most physical waste. Any Clansman who had received strict training from the clan would not attack wherever he thought of it.

However, it was precisely because of this that the enemy would easily overlook Ji Yun's existence.

Leng ruoxue guessed that Ji Yun's nickname of "coward" must have originated from this. Although she didn't know the Ji family's motive for doing this, she was certain that it was to protect Ji Yun.

Just as Leng ruoxue was watching Ji Yun and the other three beat up Liu Sen, Liu Sen, who had heard Leng ruoxue's words, couldn't help but turn his head to see if she was lying. However, who knew that it would be better if he didn't look. The moment he looked, he instantly felt a loud 'boom' in his head. Blood began to rush to his head, his vision turned white, and his head began to spin ... How could this be?

At this moment, Ji Yun and the other three took advantage of the opportunity and attacked at the same time. Fierce wind, floating water, and scorching fire interweaved together to create a beautiful scene and smashed towards Liu Sen with a 'bang'. With a loud sound, Liu Sen fell to the ground.

Liu Sen, who had fallen to the ground, was not completely unconscious, but he felt his whole body was sore and weak, as if he had been crushed by a heavy object, and his bones seemed to be about to break.

How ... How could this be possible? When did he become so weak? Four god tier Masters actually managed to injure him? Although it was a challenge for him to fight one against four, he was relieved after fighting with the other party because he quickly tested the strength of the other party. Therefore,

the more he fought, the more confident he was in his victory. But who knew that in a situation where he could clearly win, there was a big reversal!

He had lost!

And he lost in such an unclear way?

Yes! He couldn't understand. He shouldn't have lost, but in the end, not only did he lose the victory he thought he would win, but his good friend's condition seemed to be worse than his.

However, he wouldn't think that way very soon.

After Liu Sen fell to the ground, baby and Richard swaggered to his side and looked to the left and right. They even nodded while looking at the two little beasts. Then, they heard baby instruct Zhou kun, ""Zhou, carry this guy over there." The place it was pointing at was where the young man was.

"Oh!" Knowing that the little fox was terrifying, Zhou kun did not dare to be negligent at all. He hurriedly dragged Liu Sen to the young man's side and put him down.

"Strip him of his clothes!" Baby continued to instruct.

#### [Chapter 1868 Allowing The Tiger To Return To The Mountain \(1\)](#)

"Uh!" Upon hearing baby's words, Zhou kun was stunned. 'Did I hear wrongly?' This little fox, who was not cute in his eyes, actually asked him to take off Liu Sen's clothes. What did it want to do? He didn't know why, but he suddenly had a very fearful feeling in his heart.

"What's wrong? Don't you understand human language? I'm telling you to take off his clothes!" Seeing that Zhou kun was in a daze, baby said impatiently. It already disliked Zhou kun, and now it hated him even more.

"Oh! I know. " "Yes!" Zhou kun replied without any backbone, but he couldn't help but feel disgusted in his heart. He was clearly not a human! What was he talking about? did he not understand human language? This Fox that he hated the most was really not in his heart.

Zhou kun then squatted down and placed his hand on Liu Sen's collar. He could clearly feel a fierce gaze staring at him.

Zhou kun looked in the direction of his senses and saw Liu Sen lying limply on the ground. He was glaring at him angrily and warning him with an obvious threatening look in his eyes. At that moment, Liu Sen's angry eyes were saying, "you dare to try taking off my clothes?"

Upon seeing the threat, Zhou kun was no longer afraid. He went all out and stripped Liu Sen naked in a few moves, making Liu Sen so angry that he was burning with anger. Unfortunately, he was completely ignored by the crowd.

"I'm done. " After completing baby's instructions, Zhou kun said again, staring at baby and waiting for its next instructions.

As for Ji Yun and the other two, after seeing this situation, they all stared at the treasure without blinking. They were truly very curious as to what this little fox wanted to do.

"Then let's put him on this guy!" The baby pointed at the young man and said. This time, the eyes that were staring at them were filled with more ruthlessness.

"Oh!" Zhou kun nodded, then lifted Zhou kun's body and gestured. Finally, he made sure that the two of them were facing each other. This posture was a bit like the two of them were doing something intimate. This should be the little fox's intention, right? Because baby didn't say it clearly, he could only guess.

Liu Sen and the young man, who had been placed together in such a humiliating position, were so angry that their faces turned green. At this moment, they could clearly feel each other's bodies. This fact made them even more furious!

What was even more frightening was that there was a faint numbing sensation surging out of their bodies, which made them feel even more uneasy! Unfortunately, the two of them were now powerless and could not resist the other party's actions at all, which made them both ashamed and angry! Such a situation was definitely a tragedy for the two of them.

After the two of them were placed face to face, it was a little difficult for them to stare at Zhou kun and the others. Moreover, their mouths would touch if they were not careful. This forced the two of them to be more alert and careful. The young man was better. After all, he was placed under the blanket, so he didn't need to exert too much strength. However, Liu Sen was in a worse state. He had to try his best to straighten his neck to prevent them from touching each other. After a short while, his neck drooped involuntarily ...

Seeing this, the young man wanted to turn his head away and nod, but he found that he couldn't move at all. Moreover, the weight on his body was a little unbearable.

Liu Sen was too heavy!

But even so, it couldn't be compared to the humiliation of being pressed down by a man! And all of this was caused by these people. At this moment, he hated Leng ruoxue and the others.

Then, his and Liu Sen's lips met.

Although the two were good friends, such an intimate action still made them feel so disgusted that they almost vomited. But now, the two could only stick their lips to each other like kissing fish because they were unable to move their heads away.

Seeing this, Ji Yun and the other two couldn't help but widen their eyes. They thought to themselves, "could this be the little fox's goal?" I-it was too evil! As they thought about this, the three of them could not help but turn to look at their master, Leng ruoxue. However, when they saw the calm expression on Leng ruoxue's face, the three of them instantly felt that they were making a big fuss out of nothing.

Then, they looked at the treasure.

At this time, baby couldn't help but scream, ""The one surnamed Zhou! You're really too evil. How, how could you leave the two of them like this? This would cause a misunderstanding! Aiyaya! I'm not even an adult yet! What should we do about this?" After saying that, baby even covered his eyes as if he didn't dare to look at this scene that could cause people to have needle eyes.

Upon hearing that, Zhou kun almost fainted.

F \* ck! This was clearly the stinky Fox's intention. It was actually trying to shirk its responsibility! This was preposterous! Zhou kun was so angry that he was about to explode.

"Didn't you ask me to let them go like this?"he asked.

"Did I? Did I tell you to place them face to face?" Baby's beautiful and dazzling purple eyes were wide open as he said in disbelief.

After saying this, baby's eyes turned to Ji Yun and the other two, asking for confirmation,"Did I say that?"

"No, I didn 't! You just asked Zhou kun to carry Liu Sen to the man. " Ji Yun said honestly. He wasn't hitting someone when they were down! Baby did say that. Hence, he could only think that Zhou kun had made the decision on his own and misunderstood him.

"You guys ..." Their words made Zhou kun so angry that he was tongue-tied.

"I say, Zhou kun! Baby is still young, how could it think of leaving two men like this? besides, we can all prove that this is the result of your own evil thoughts and not baby's intention. " Ji tao interrupted, trying hard not to laugh.

"Zhou kun! "You're really too ..."Ji Wu also opened his mouth to speak, but he deliberately only spoke half of his words.

"Don't blame him. It's normal for him to misunderstand me. He can't think of anything else except these things!" Seeing that Ji Yun and the other two seemed to be blaming Zhou kun, baby quickly spoke up for him. However, Zhou kun did not feel happy at all when he said that. On the other hand, Ji Yun and the other two were already laughing in their hearts.

Hahaha! The treasure was really Zhou kun's nemesis! Moreover, Zhou kun couldn't do anything to the treasure at all. He couldn't hit it or scold it. Zhou kun must have a headache! The three of them guessed.

Zhou kun felt extremely aggrieved when he saw that these people and an annoying Fox had joined forces to bully him. He turned to Leng ruoxue for help and said,""Young miss Leng, your Beastie is bullying me with them!"

"Did I?" Leng ruoxue blinked her beautiful eyes as she spoke in an extremely pure manner.

"Mm! Placing the two of them like this was clearly your idea, but now it doesn't want to admit it!" Zhou kun complained with a faint sobbing tone in his voice, as if he had suffered great grievances.

"But I was there too. I didn't hear the treasure say how to place these two people." Leng ruoxue reminded him, but she couldn't help but laugh in her heart. Baby was her Beastie. Even if baby had done something wrong, she couldn't help an outsider! Besides, the baby did not say it clearly.

[Chapter 1869 Allowing The Tiger To Return To The Mountain \(2\)](#)

"B-but that's what it means!" Zhou kun stammered a little. He did not expect that asking Leng ruoxue for help would result in such an outcome, which he could not accept. Because in his heart, Leng ruoxue should be speaking up for him.

"That's just your guess. " Leng ruoxue concluded the dispute between them with one sentence.

"Hehe! You with the surname Zhou, what's the point of being so conflicted over this? you should be thinking about how to deal with these two!" At this moment, baby kindly reminded him.

"Kill them, of course!" Zhou kun said with a black face, and his entire body was exuding a cold aura. Since the two of them wanted to kill him, he couldn't blame them for giving them a taste of their own medicine.

"Let them go!" Upon hearing Zhou kun's words, Leng ruoxue said indifferently.

"Why? They're going to kill us!" Zhou kun widened his eyes and looked at Leng ruoxue in disbelief. He could not help but complain in his heart. 'What a woman!' It was the benevolence of a woman! He was too soft-hearted! These two people were going to kill them, so how could they let the Tiger return to the mountain? He didn't want to have someone secretly thinking about taking his life at all times, so he was not willing to leave these two alive!

What else could it be? Of course, it's because I don't want you to live too carefreely. I just want to find you some fun! Leng ruoxue thought to herself. Although the two of them also wanted to kill them, the cause was Zhou kun after all. In order to protect themselves, they had no choice but to think of ways to deal with the two of them. It was also because of this that Zhou kun was safe.

However, it was precisely because Zhou kun was fine that she felt extremely unbalanced! Logically speaking, it was only natural for Liu Sen to seek revenge on Zhou kun for the things that he had done. If Liu Sen hadn't wanted to kill them as well, they might not have helped Zhou kun. After all, Zhou kun had brought this upon himself. If he hadn't played with women so shamelessly, why would his brother have wanted to kill him?

Although she looked down on cowardly women who committed suicide for love, she also hated men who treated women as playthings. Therefore, she was displeased that they had indirectly helped Zhou kun! Originally, Zhou kun should have been punished, but he was fine now! As a woman, Leng ruoxue felt that it was not worth it for the women he had toyed with. Naturally, she did not want him to have an easy life in the future. That was why she decided to let these two men off.

If the two men were determined to kill her next time, she would naturally not be merciful. However, before that, she would give them a fair chance to take revenge on Zhou kun. At the very least, she would not take their lives now. Everything that they had just experienced could be considered as compensation for her killing intent! After all, she was no pushover!

Now, it all depended on whether these two were smart enough. She had given them the opportunity, but whether they could grasp it or not was entirely up to them.

As for Ji Yun and the other two, although they did not understand why Leng ruoxue would release Liu Sen and Liu Li, they did not object to it out of their trust in Leng ruoxue.

When Zhou kun saw that Ji Yun and the others did not express their opinions, he said anxiously, "You guys should say something! Miss Leng wanted to let go of these two people! They are going to kill us! How can we let a Tiger return to the mountain!"

"Zhou kun! Ruoxue must have her reasons for making this decision. You should just accept it calmly!" Ji Yun consoled her. In fact, he really wanted to say that it was useless for her to object to ruoxue's decision. After all, Zhou kun was considered to be alone among the few of them!

"Then, then what if they still come to kill us in the future?" Zhou kun said with a worried look on his face. As the saying goes, it's easy to Dodge an open spear, but hard to defend against an arrow in the dark. There was always someone who wanted to kill him in the dark. Who could stand it?

"Since we're already here, let's take things as they are. We'll talk about the future later. Let them go now." Leng ruoxue said indifferently.

"What if I strongly object?" Zhou kun asked loudly.

"Objection Overruled. The Majority Rules!" Leng ruoxue replied matter-of-factly.

"But they didn't express their opinions." Zhou kun reminded him.

"It's a silent agreement, understand?" Leng ruoxue was calm and composed.

"Unless they clearly state their position, I will never agree." Zhou kun was exasperated. Now, he really felt that Leng ruoxue was not an easy woman to manipulate. Her disobedience gave Zhou kun a headache.

No! He had to tame this unruly little wild cat. Otherwise, how could he regain his manliness in front of Leng ruoxue in the future! He thought to himself that his thoughts had gone astray again.

"Since that's the case, you all should state your position!" Leng ruoxue looked towards Ji Yun and the other two.

"We have no objections! We'll listen to ruoxue!" Ji Yun hurriedly replied after hearing Leng ruoxue's words.

"You've given up now?" After Ji Yun finished speaking, Leng ruoxue looked at Zhou kun and asked.

"I, I still can't agree!" Zhou kun was shameless.

"Oh, really? Treasure! Since he doesn't agree, then you guys have fun with him! Until he agrees to it!" Leng ruoxue instructed with a smile that was not a smile.

"Hehe! Alright! Leave this to us." Baby answered with a smirk. Its shiny, beautiful purple eyes stared at Zhou kun as if it was staring at its prey, making Zhou kun's hair stand on end and his hair stand on end.

Baby and kun walked towards Zhou kun step by step. With every step they took, Zhou kun's heart sank a little. The two little beasts seemed to be deliberately torturing him and walked slowly on purpose. In this way, Zhou kun felt even more stressed.

"W-what are you guys doing?" Zhou kun's face was pale, and he stuttered as he asked. He had seen how terrifying The Little Foxes were, so he did not want to be treated differently by them. 'Oh ... That's really terrifying.'

"What can we do? Don't be afraid, cute master told us to play with you. It's just a game, why are you shaking?" Looking at Zhou kun's body shaking non-stop like a Fallen Leaf in the autumn wind, the baby was helpless. 'Are they that terrifying?'

"I, I don't want to play with you guys!" Zhou kun said with a look of horror on his face. If the outcome of their 'playing' was the same as the young man 's, he would never play with them even if he had to die!

"This is not easy? Cute master wants us to play with you, but you don't appreciate it. It seems that we can only use force! Buzzzzzz! Let's go!" At baby's command, two meteors, one purple and one black, quickly flew towards Zhou kun ...

Zhou kun, who was unable to react in time, was pounced on by baby and Yao. One of the two little fellows occupied Zhou kun's head while the other occupied his upper body. Their four claws, which were shimmering with a cold light, kept flashing in front of Zhou kun's eyes, causing him to be so frightened that he hurriedly shouted, ""Don 't! Stop playing, I agree! I'll agree, alright?"

"Oh! What are you agreeing to?" Baby asked curiously, while its little claws were constantly rummaging through Zhou kun's head. With a whoosh, its claws accidentally pulled out a lock of Zhou kun's hair, causing Zhou kun to grimace in pain. However, Zhou kun did not dare to cry out loudly, for he was afraid that baby would pull out all his hair! Wuwu...It hurts!

### [Chapter 1870 Allowing The Tiger To Return To The Mountain \(3\)](#)

"I'm sorry, I accidentally pulled off a lock of your hair. " The treasure said again. There was a lot of locks in its mouth, and the part where Zhou kun's hair had been pulled out had become bald.

"It doesn't matter! It's fine!" Zhou kun gritted his teeth in pain and could not help but feel uneasy.

"By the way, what did you say you agreed to?" Baby continued to ask. Then, he accidentally pulled out a lock of Zhou kun's hair on the top of his head, leaving him half bald.

Yao Jian saw that his baby had already achieved something, so he was not to be outdone either. He slowly moved his sharp little claws up to Zhou kun's chest and gestured a few times. Then, he began to move down and went straight to Zhou kun's lower body ...

Feeling the chill in the important parts of his body, Zhou kun's expression changed again and again, and his body trembled a few times. 'Boo...These two bad guys!' How could he be so bad? He actually ...  
Actually ...

Zhou kun did not dare to move at all. He lowered his head and looked at the little black Fox vigilantly ... It had sharp claws. He was so close to becoming one of the eunuchs in the divine realm, just like the wretched man from before. Sob ...

"I agree to let them go!" Zhou kun hurriedly shouted. Although his life was important, judging from the current situation, his life was more important. Otherwise, what fun would there be as a man?

Moreover, he had truly understood the vileness and evil of these Little Foxes today. It was fine if they didn't make a move, but once they did, they would take a man's life! I really don't know why they are so hostile to men, wuu ...

"Mm! This is more like it! If only you had agreed earlier, I wouldn't have accidentally pulled off so much hair! Al! I was just too anxious!" Baby said with an apologetic face. This was the real act of taking advantage of others!

"It's okay, I don't blame you. " Zhou kun forced a smile and said that, but his heart was bleeding.

"You're still the most magnanimous!" Baby touched Zhou kun's bald head and praised him.

After saying that, she left Zhou kun's head.

Seeing that his baby had already left, Yao naturally planned to leave as well. However, before he left, he kindly told Zhou kun, ""I'm very good at cooking. If you don't want to be a man in the future, feel free to come to me. Don't stand on ceremony. I guarantee that the fees will be reasonable!"

After that, without waiting for Zhou kun's reaction, she bounced back to Leng ruoxue's side.

Seeing the two little Foxes "actions, Ji Yun and the other two were dumbfounded. These, these Little Foxes really had a lot of ways to scare people? However, it was fortunate that Zhou kun was the one who was pranked. Otherwise, they would not be able to take it either.

Seeing that Zhou kun no longer objected, Leng ruoxue walked directly to Liu Sen and the young man and said indifferently, ""I won't kill you. I'll let you go. Eat this!" After saying that, she took out two pills and gestured for Ji Yun to give them to eat. But before that, her baby had already covered the two with Liu Sen's clothes, so as not to pollute her lovely master's eyes.

The young man did not swallow the pill that Ji Yun had brought to his mouth. Instead, he looked at Leng ruoxue and said with certainty, "You drugged us?" No wonder the two of them were so weak. It turned out that they had been tricked. However, when was this drug administered? why didn't they feel anything at all?

"We had no choice, we were only trying to save our lives!" Leng ruoxue smiled faintly and did not deny it.

"May I know what kind of drug you gave us?" The young man was a little curious and asked shamelessly. He was also very interested in alchemy, but unfortunately, his talent was not high enough to become an Alchemist.

At this moment, he was wholeheartedly seeking advice and had long forgotten about the humiliation that Leng ruoxue and the others had caused them to suffer.

"We can 't!" Leng ruoxue's rejection was very straightforward. Actually, she wasn't trying to be mysterious. It was just that the medicine was something that she had concocted casually and wasn't even worth mentioning.

"Oh!" The young man's face was obviously disappointed. Seeing him like this, Liu Sen interrupted him impatiently.

"Why are you asking her all this nonsense?" Liu Sen did not agree. After all, they were enemies. Then, Liu Sen glared at Leng ruoxue with his bronze-like eyes and said, ""Woman, didn't your family teach you to eliminate your enemies by the roots and not let the Tiger return to the mountain?"

He said this not to remind Leng ruoxue not to release them, but because he was too curious. This was the education that the descendants of the clan had received since they were young. The elders in the clan had always warned them not to be soft-hearted and to not be soft-hearted towards their enemies. Otherwise, they would definitely bring endless trouble to themselves and their clan. Hence, Leng ruoxue's current actions made him feel a little lost.

"Are you all considered my enemies?" Leng ruoxue's words were extremely confident. However, when Liu Sen and the young man heard it, it hurt their self-esteem. The two of them were God kings after all. Moreover, their strength was considered to be at the top among the God kings. However, Leng ruoxue's words were like a slap to their faces. It turned out that the reason why she had let them off was because she did not take them seriously. The two of them were not worthy of being her enemies!

How much confidence did he have? Otherwise, he wouldn't be able to say such words. The two of them had carefully sized up Leng ruoxue for a long time. Other than realizing that she was more beautiful than all the other women they had seen, they didn't see anything special about her in terms of strength. This fact made the two of them even more depressed.

After a long while.

"Even if you don't see us as enemies, you are my enemy in my eyes. So if you let me go, you will regret it," Liu Sen said. He was trying to goad Leng ruoxue into paying attention to him, a potentially dangerous enemy. However, Leng ruoxue would definitely disappoint him.

"Oh, really? Then I'll wait for you to come and take revenge, but next time, your little life will be with me. So, you'd better think clearly before you come." Leng ruoxue said nonchalantly. Since she dared to let the Tiger return to the mountain, there was no reason for her to be afraid. Furthermore, she was not someone who grew up in fear!

"I will!" Liu Sen was so angry that he clenched his teeth. He had been completely defeated by Leng ruoxue, and it had hurt his self-esteem.

The two of them ate the pills that Ji Yun had given them and put on their clothes. They were about to leave, but before they left, Liu Sen warned Leng ruoxue with a seemingly kind heart, ""Although we've failed this time, there are many of Zhou kun's enemies here. I hope you're lucky and don't encounter them."

Liu Sen was gloating over Zhou kun's misfortune. Moreover, he had also made up his mind that he would definitely tell Zhou kun's whereabouts to his enemies by accident if he were to meet them! As for whether those people would take the opportunity to seek revenge on Zhou kun, it was not something he could decide.

And this woman would definitely regret letting the two of them go! This way, he would be able to feel at ease. Otherwise, how would he be able to survive in the immortal realm after being humiliated here? Only in this way would he be able to regain some face.

"Thank you for your warning." Leng ruoxue said nonchalantly. She could clearly see through Liu Sen's thoughts and would not fall for it. Furthermore, even if she were to meet him, she was not afraid. After all, not everyone was like Liu Sen.

As for the young man, he stared at Leng ruoxue for a long time before he left. Finally, he sighed and said, "I will come back for you."

As for whether he had come back to seek revenge on Leng ruoxue or for something else, he could not figure it out even after thinking about it for a long time.

As they watched the two of them leave, Ji Yun and the others finally heaved a sigh of relief. This matter had finally come to a temporary end. As for whether the two of them would really come back to seek revenge, they couldn't care less now. Who asked them to trust Leng ruoxue's decision?

With the departure of Liu Sen and the young man, Zhou kun appeared to be more and more vulnerable in front of Ji Yun and the others. Even so, he was still on tenterhooks, afraid that Ji Yun and the others would abandon him. If that happened, he would have no help in the event that he encountered such a situation again. Therefore, he, who was sensible, put himself in a very low position and even took note of everyone's expressions, especially the expressions of The Little Foxes, who were extremely hateful in his eyes.

One afternoon.

Leng ruoxue and the rest had just finished their lunch and were about to return to their own tents to rest for a while. Suddenly, a familiar angry roar rang in their ears, "Zhou kun! I've finally found you!"

Upon hearing this, Leng ruoxue and the rest exchanged glances with each other. Their eyes were filled with helplessness. Liu Sen, that jinx! He was right. However, their location was likely to have been disclosed by Liu Sen. They were well aware of this.

The person who came this time was also a Divine King. His appearance, temperament, and other aspects were rather outstanding. He was considered a rare beauty. At least, from the looks of it, he was much stronger than Zhou kun. However, they did not know if the person this time was a reasonable person who could distinguish between the right and wrong. Otherwise, they would probably have to help Zhou kun.

They really did not want to let Zhou kun off so easily!

"It's actually the young master of the Yu family!" Ji Wu asked in surprise when he saw the appearance of the person who spoke.

"You know him?" Leng ruoxue raised her brows and asked softly. There should be some reason for them to know each other, right?
