

Crazy Wife 1881

[Chapter 1881 The Consequences Of The Scheme \(2\)](#)

As soon as Meng Bao saw Zhou kun's expression, he immediately felt his heart ache and quickly coaxed him, "Little kun kun, don't cry! They're my big brother's friends, so we'll let them go this time. If there's a next time and they dare to bully you again, I definitely won't give big brother any face. Please understand!"

"You said it yourself," Zhou kun blinked his thunderous eyes a few times and confirmed. However, he couldn't help but think to himself, Hmph! Wasn't it easy for the other party to find trouble with him? As long as he provoked them with a few words, he could label them as bullying him. He couldn't help but think to himself proudly.

"MMH! We, the Meng family, have always been a man of our words. Don't worry! I would lie to anyone but you!" Meng Bao said very seriously.

"That's good! Baobao, I'm tired. I'm going back to the tent to sleep for a while. " After Zhou kun finished speaking, he glanced at Leng ruoxue affectionately from the corner of his eyes. He then turned around and walked into the tent without looking back, followed by Meng Bao.

After a short while, a special sound rang out in the tent, as well as Zhou kun's plea for mercy.

Seeing this, Leng ruoxue and the rest could not help but look at each other. Why did these two people not take a look at where they were when they were doing such things? Besides, didn't he go through a whole night of trouble yesterday? Why did you come in the morning?

Al! He had great physical strength, and she wondered if Zhou kun could withstand it! The few of them thought to themselves.

Then, they finished their breakfast and sat together to discuss something.

"Brother Yu! Before I entered this place, I heard that the battle here would be very intense, but now that I've been here for more than half a month, I haven't met many people in total. How can I compete like this? What if I don't win a single match here? how will I be ranked?" Leng ruoxue was filled with question marks. The actual situation here was different from what her Godfather had described. Hence, she had been harboring these questions in her heart for a long time.

"Hahaha! Little sister ruoxue, why are you so anxious? We'll have to stay here for a month! Basically, during this month, only the last few days are when the battles are the most intense. Before that, everyone will think of ways to avoid meeting too many opponents and ensure that they can get a good ranking in the final stage. This is also a good way to preserve their strength. " After hearing Leng ruoxue's question, Yu Chen patiently explained.

"Ruoxue, Didn't I tell you? As long as we find a place to hide, we might not even need to fight to get a place. " Ji Yun pouted and said unhappily. This was because ruoxue did not ask him this question.

"It can't be that everyone is hiding, right?" Leng ruoxue was speechless.

"Hehe! It's not impossible!" Ji Yun laughed smugly.

"Mm! Even if they aren't hiding, I'm afraid that many of the participants are looking for a place to recuperate. They won't take the initiative to attack now. After all, it's not the right time yet. Otherwise, it will affect the later matches." Yu Chen also said.

"In that case, even if we search the entire place, we won't be able to find many opponents?" Leng ruoxue asked, feeling a little depressed.

"You can't say that. There are still people who like to fight. However, this place is not small, so it's not easy to meet an opponent. I've been here for so many days, and besides Liu Sen, I've only met you guys." Yu Shu said with a faint smile.

"Let's continue our journey in a while!" Leng ruoxue thought for a moment before suggesting. She didn't want to stay in the same place all the time as it would be too passive. Moreover, the barrier between the groups no longer existed. She also wanted to see if she could find the demon, Lu Tao, Feng Da, and the others.

"Yes, but what about Zhou kun and Meng Bao? Do you want to travel with them?" Yu Chen couldn't help but ask. In fact, it would be good if he could have a temporary ally here. Unfortunately, among those two guys, one was unreliable and the other was a waste. Therefore, he was a little conflicted.

"I don't care, it depends on what they think." Leng ruoxue said disapprovingly. In her eyes, it made no difference whether the two of them were around or not. They could not affect her anyway. Moreover, with Meng Bao around, Zhou kun would probably not dare to harass her anymore. This was a good thing for her.

"Which one of you will go and ask them later?" Yu Chen swept a glance at Leng ruoxue and the rest as he asked calmly. He had no intention of asking those two anyway!

Leng ruoxue and the others exchanged glances and fell silent.

None of them wanted to ask! He didn't want to disturb the couple.

"I'll go ask! I'll go ask them!" At this time, baby volunteered to stretch out his claws, his little face full of excitement.

"Uh!" Leng ruoxue's forehead was filled with black lines when she saw how enthusiastic baby was. What was baby planning to do this time? This little thing who only wished for the world to be in chaos!

"Baby, I'll leave this matter to you." Ji Yun hurriedly said as soon as he saw that the beast had taken the initiative to take over the matter. It was as if he was afraid that the beast would go back on its word or that its master would not allow it to go.

"MMH! Don't worry, I'll definitely get this done properly." Baby patted his chest and promised.

After saying that, it bounced and ran to the outside of Zhou kun's tent, waiting for the right time.

However, after waiting for two days, the young couple did not come out of the tent. Suddenly, the baby wilted.

Was its mission going to end in failure?

Baby was very depressed.

No! It would not allow its mission to fail!

After making up his mind, baby began to think of a good plan. How could he get the two people who had forgotten themselves out of the tent? This gave the beast a headache.

After thinking about it for a day and a night, baby asked Ling to help it hide on a dark and windy night. Taking advantage of the fact that there was no one around, it took the flame that it had gotten from a certain Phoenix and old dragon and quietly came to the outside of Zhou kun's tent. Its beautiful purple eyes looked around first, then it secretly put one of its small claws into the tent ...

After doing all this, baby took small steps back to his own tent.

"Argh! Help me! It's on fire!"

Late at night, an earth-shaking cry suddenly woke up Ji Yun and the others from their dreams.

When they heard the cry, they hurriedly ran out of the tent to take a look, only to see Zhou kun's tent being burned to ashes in front of their eyes. Fortunately, Zhou kun and Meng Bao were not in any serious danger, but they were obviously frightened and looked extremely embarrassed.

"What is this? How did it catch fire?" Leng ruoxue also came out of the tent with her precious little beasts. She asked Zhou kun in puzzlement when she saw his tent, which was in ruins and had already been burned to ashes.

"We don't know either, we were sleeping soundly." Meng Bao said fearfully. As long as she thought of the scorching flames, she would still have a lingering fear! Fortunately, they had run away quickly. Otherwise, they would have been burned to ashes with the tent.

[Chapter 1882 The Consequences Of The Scheme \(3\)](#)

The fire was so hot and the temperature was extremely high. He really didn't know what kind of flame it was! She had lived for so long, but she had never seen such a terrifying flame. Meng Bao's heart trembled whenever she thought of the terrifying flame just now.

However, even if she cracked her head, she would not be able to guess what kind of flame it was.

It was because there was more than one type of flame.

The baby's original intention was to get the two of them out of the tent, so it did not intend to harm their lives. Therefore, the little flame it threw out was not big at all, at most a small spark. However, no matter how small the flame was, it belonged to the dragon and phoenix and was of extremely high quality. Otherwise, the tent would not have been set on fire.

As for the person! The fire had been specially treated by its owner. Although it looked terrifying, it would not burn them. Unfortunately, Zhou kun and Meng Bao were not aware of this, and the treasure would not take the initiative to tell them that it was the one who had set the fire, so it was not dangerous! Therefore, the two of them could only live with the shadow of the fire for the rest of their lives.

"What are your thoughts now?" Leng ruoxue continued to ask. Seeing Zhou kun and Meng Bao's miserable and pitiful appearance, she knew without a doubt that the culprit must be treasure.

"We ... We don't know either." Zhou kun and Meng Bao looked at each other and saw a trace of fear in each other's eyes.

"Are you planning to stay here and cuddle, or are you going to leave?" Leng ruoxue couldn't help but roll her eyes and asked helplessly, "sigh! It was just a little fire and it scared the two of them to this extent. To think that they were gods! He was too timid.

"We're preparing to leave. " Leng ruoxue added.

"I'll go with you. " Upon hearing that, Zhou kun did not ask for Meng Bao's opinion. Instead, he said impatiently, "Boohoo ... I don't want to be with this ugly tigress anymore. Otherwise, I'll lose my life sooner or later."

"Who do you want to go with?" Upon hearing this, Meng Bao pulled Zhou kun into his arms and asked with a hostile expression and half-squinted eyes, as if she would teach him a lesson if he said anything wrong. Zhou kun was so frightened that he immediately changed his words. ""I'll go with you! Of course, with you. What I mean is, we'll travel with them!"

"Why do we have to travel with them? Can't the two of us go together? We can spend some time alone. " Meng Bao laughed in a rather wretched manner. Upon hearing her words, Zhou kun really wanted to roll his eyes and pass out.

F * ck! Who would want to spend time with her alone! Hadn't he been tortured enough for the past few days? If it was really just the two of them, he would probably die of exhaustion before he could leave this place. Sob ... This woman was too scary!

At the thought of this, Zhou kun's eyes began to wander around Ji Yun and the others. 'Doesn't this ugly monster want to build a harem?' Then he would fulfill her wish! In this way, she would not pay much attention to him. With this thought in mind, he began to size up Ji Yun and the others even more impudently.

Ji Yun and the others were covered in goosebumps from Zhou kun's scheming gaze. They sensed that Zhou kun seemed to be up to no good and immediately raised their vigilance.

At this moment, Zhou kun lowered his head and whispered to Meng Bao, ""Baobao, what do you think of those men? Do you want to take them into your harem?"

"You're saying ..." Upon hearing Zhou kun's words, Meng Bao could not help but look at Ji Yun and the others. At that moment, Ji Yun and the others became even more careful.

F * ck! Although they didn't know what Zhou kun was up to, they knew that he wouldn't do anything good. Unfortunately, the two of them were communicating through voice transmission, so they couldn't hear him even if they wanted to.

They could not hear it, but Leng ruoxue could!

After sensing Zhou kun's sneaky actions, Leng ruoxue had already instructed Qing Jue to read their minds. However, the result made her a little speechless.

She really did not know what Zhou kun was thinking. Could it be that because he was in trouble, he was going to drag Ji Yun and the others down with him? However, judging from Meng Bao's words, he did not seem to be very interested in Ji Yun and the others. Otherwise, Zhou kun would never have the chance to be the man beside them.

Things were just as Leng ruoxue had guessed. After hearing Zhou kun's words, Meng Bao sized up Ji Yun and the others.

Among these people, Ji Yun was the one she was most dissatisfied with. This was because Ji Yun looked too weak. She did not like men who could be blown away by the wind. More importantly, Ji Yun was timid and often cried. This was something she could not stand. Thus, she was the first to reject Ji Yun.

Yu Chen! She didn't want to touch her brother's friend. Otherwise, her brother would be angry at her! Because big brother always said, "big brother's friends should not be bullied!" And she was very obedient to her big brother.

As for the other two, no matter how she looked at them, she didn't think they were her type.

He was too fair and his skin was too soft. She didn't feel the touch of such a man, so she directly crossed him out, which was also rejected by her.

All in all, she still preferred men like Zhou kun, who were tall, strong, and looked very durable. After all, when choosing a man, she had to choose one that she could use for a long time! Otherwise, if he chose someone who looked good but was useless, wouldn't he be the one regretting it? Therefore, a man's face had never been in her consideration when choosing a man.

Therefore, she was not satisfied with all of them. In other words, Zhou kun's plot had failed, and Ji Yun and the others were safe.

After sensing the change in Meng Bao's gaze, Ji Yun and the others felt strangely at ease. Although Meng Bao's eyes were full of provocation and dissatisfaction, they didn't know why, but they still felt at ease.

Later on, when Leng ruoxue talked to them about this matter, they suddenly realized why Zhou kun was sizing them up with a scheming gaze and why Meng Bao was dissatisfied with them. It turned out that Zhou kun was trying to drag them into this! This fact made the few of them extremely furious, and it was also destined that Zhou kun's days in the special space would not be peaceful.

However, at this moment, Zhou kun was still unaware that his unlucky days were yet to come. At this time, he was still trying to persuade Meng Bao to go with them. It was only after he made countless unfair conditions and satisfied Meng Bao that Meng Bao finally agreed to go with Leng ruoxue and the others.

However, before she left, she warned Zhou kun to stay away from Leng ruoxue. Otherwise, he would bear the consequences!

Upon hearing those words, Zhou kun had no choice but to calm down under Meng Bao's tyrannical abuse of power. However, he knew that his heart was with Leng ruoxue!

After they set off, Leng ruoxue and the others walked in front while Meng Bao carried Zhou kun in his arms like a princess. In her words, her little kun was exhausted from the past few days, so he could not walk anymore. She could only carry him.

In fact, even if Meng Bao did not explain himself, Leng ruoxue and the others would not mind that Zhou kun was being hugged by a woman. On the contrary, they were more than happy to watch a good show!

[Chapter 1883 Potential Rival In Love \(1\)](#)

Just like that, Zhou kun's face was flushed, and Meng Bao did not know if it was from embarrassment or anger. Moreover, he did not say a word along the way and always looked drowsy. Seeing this, Meng Bao's heart ached even more.

Al! Little Kunkun had been exhausted recently because he had been so enthusiastic and brave these few nights that she almost couldn't handle it! Fortunately, she was physically stronger, so she had the strength to carry little kun kun with her during the day.

Although she was tired, she felt happy when she thought of little Kunkun's fiery enthusiasm. All her fatigue was swept away.

Along the way, Leng ruoxue and the others hurried along during the day and looked for a place to set up camp at night. As for Zhou kun and Meng Bao, they would be so eager to get into their tents at night ...

After dinner, Leng ruoxue and the rest gathered around the fire and chatted as usual. A familiar sound rang in their ears. Seeing this, Leng ruoxue raised her hand and cast a few spells, creating a sound-proof barrier to block the sound from the outside.

These two people were too good at disturbing people.

"Ji Yun, how much did you drug Zhou kun?" Yu Chen glanced at Ji Yun and said in a speechless manner. However, what made him feel even more incredulous was that the medicine took effect at intervals. Basically, they were fine during the day, but when it was late at night, the two of them would lose control of themselves, especially Zhou kun.

"Not much, about a month's worth!" Ji Yun said disapprovingly after some thought.

Hearing his words, Yu Chen couldn't help but wipe the cold sweat on his forehead. A month's amount is not much? Then how much would be considered a lot? However, Zhou kun really deserved to die. He actually dared to have designs on them. If they did not teach him a lesson, he would definitely rebel!

As if he thought of something, Yu Chen said, "Ji Yun, there are still more than ten days left before we leave this place. By then, we will definitely have a big fight with others. If Zhou kun continues to be so weak, he will drag us down. In my opinion, why don't you give him the antidote for the time being? if he is still alive after we leave this place, I will support you even if you give him a hundred years of the antidote, let alone a month."

"Yes, yes, I know what I'm doing. I won't let him drag us down." Ji Yun promised. In fact, he wanted Zhou kun to enjoy himself for a few more days before he would secretly feed him the antidote.

"That's good!" Hearing Ji Yun's words, Yu Chen was relieved.

The next day.

When Leng ruoxue and the others walked out of the tent, they were surprised to find that Zhou kun was already waiting for them. Moreover, his complexion was obviously much better, at least not as pale as before.

However, he and Meng Bao had been pulling and tugging at each other. He wondered what they were doing.

"What are you guys doing?" Leng ruoxue and the rest asked curiously. During this period of time, these two people had added a lot of after-meal topics for them, so they had to show some concern.

"Little Kunkun's body is too weak, but he won't let me carry him." Upon seeing Leng ruoxue and the others, Meng Bao immediately complained. That aggrieved look, coupled with her tall and strong body, really made people feel strange no matter how they looked at it.

"Little kun kun, how could you reject Baobao's good intentions?" Ji Yun suppressed his laughter as he feigned being unable to bear it.

"I have my hands and feet, can't I walk on my own? Why are you letting someone else carry you?" Zhou kun roared angrily. As soon as he thought of that, the flames in his heart would burst out.

"It's true that you have arms and legs, but unfortunately, your body has been too weak recently. If it weren't for leopard holding you, I'm afraid you would have fallen behind. So, you have to thank her for not abandoning you. You must know how to be grateful, and you will get your retribution for being ungrateful." Ji Yun said disapprovingly. Hearing his words, Meng Bao's expression became even more aggrieved.

"Little Kunkun isn't an ungrateful person. He's just too shy." Meng Bao spoke up for Zhou kun.

"He's shy? Hahaha! In this world, anyone can be shy, but he isn't." When Ji Yun heard this, he couldn't help but laugh as if he had just heard a great joke.

"You don't understand him. In fact, little Kunkun is a very introverted child." Meng Bao said.

"Uh!" Ji Yun looked at Meng Bao and then glanced at Zhou kun. He felt nauseated.

However, Zhou kun vomited it out before he did.

"Little kun kun, what's wrong? Why did you vomit?" Upon seeing that, Meng Bao turned pale with fright and hurriedly rushed to Zhou kun's side. He hugged him tightly in his arms and patted his back to comfort him.

"Cough cough!" Zhou kun coughed twice, and his face turned pale again. 'Damn it!' This fellow's hand was so strong, he would be slapped by her for no reason.

"I'm fine," she said. Zhou kun said after he calmed down.

"You said you were fine, but you vomited!" Meng Bao growled nervously.

"I said I'm fine, so I'm fine." Zhou kun said impatiently, but he couldn't help but think that it would be great if Leng ruoxue was the one who cared so much about him!

He had to admit that he was still daydreaming about something that would never come true!

"Baobao, don't worry! This is a normal reaction. I should congratulate you for becoming a mother soon.

" At this moment, Ji Yun interjected. When Leng ruoxue and the others heard Ji Yun's words, black lines appeared on their foreheads. 'Does this fellow mean that Zhou kun is pregnant?' However, Zhou kun obviously had not reacted yet.

And this idea was really too different. The few of them muttered to themselves at the same time. However, in order to cooperate with Ji Yun, they all looked at Zhou kun with burning eyes, which made Zhou kun even more annoyed.

"I'm ... Going to be a mother?" Ji Yun's words made Meng Bao a little dumbfounded. This good news came too suddenly, and she was not mentally prepared for it!

"Mm! But your little kun kun is too weak, so you have to take good care of him. After all, he's now a dual-bodied person. " Ji Yun warned. This time, he was very straightforward, and Zhou kun and Meng Bao both heard him clearly.

"Dammit! What did you just say? I dare you to say that again!" Upon hearing Ji Yun's words, Zhou kun was a little angry from embarrassment. 'F * ck!' He was a man! That coward from the Ji family actually said that he was pregnant. Wasn't he deliberately trying to anger him to death? After all, it was a woman's business to have a baby, and he had no right to do so. The more he thought about it, the angrier he got!

"Congratulations, little kun kun. You're pregnant." Ji Yun did not care about Zhou kun's fierce look at all and congratulated him with a smile.

"F * ck! I'm a man!" Zhou kun gritted his teeth and said fiercely.

"I didn't say you're a woman!" Ji Yun's smile was very annoying.

"That Ji Yun, how could little kun kun have a child?" Meng Bao also asked in confusion. She had originally thought that Ji Yun was talking about her! Only now did he know that the person Ji Yun said was going to give birth to a child was actually little kun kun. This was simply impossible! Even if she didn't have any common sense, she knew that a woman gave birth to a baby, and men didn't have that function!

[Chapter 1884 Potential Rival In Love \(2\)](#)

"Hehe! I'm just guessing based on his reaction. However, we're all cultivators, so we should be very clear about the abnormalities in our bodies. So, let him check it himself, won't we know if he has it or not?" Ji Yun suggested.

"Hmph! I'm going to make you give up on this idea right now!" Ji Yun's suggestion was exactly what Zhou kun wanted. After he said that fiercely, he used his divine consciousness to explore Ji Yun's body and carefully examined it ...

How ... How could this be possible? After checking Zhou kun's body, his face turned paler and paler. Upon seeing that, Meng Bao was frightened and shouted loudly, ""Little Kunkun! What's wrong with you? Don't scare me!"

However, Zhou kun only looked into his body and did not give Meng Bao any response. It could also be said that he was completely in a dazed state because he discovered that there seemed to be a life aura in his dantian that did not belong to him, but was closely connected to him. This fact made his heart sink involuntarily. 'Oh ... How could this be?' He even wanted to die.

"Little Kunkun!" Unwilling to give up, Meng Bao continued to call out and tugged Zhou kun's sleeve with all his might. Unfortunately, Zhou kun still did not respond and was immersed in his own world.

"Baobao, calm down. He should be fine. He just can't accept that he's going to have a baby." Ji Yun advised.

"Oh! Is he really fine?" Meng Bao was still worried.

"I'll definitely be fine. Don't you worry!" Ji Yun gave Meng Bao a consoling look and promised.

"That's good!" Meng Bao was relieved for the time being. Besides, she had to digest this 'good news' properly. She was actually going to be a mother, and the child would be born from the belly of her child's father. This was really amazing. She was so happy that she was too lazy to investigate why Zhou kun could give birth to a child. After all, this was the divine realm, and anything was possible!

All of a sudden, Zhou kun burst into tears. Then, he ran back to his tent without looking back.

"Little Kunkun!" Meng Bao cried out in worry.

"You should go and comfort him! I'm guessing he won't be able to accept this fact for a while. " Ji Yun hurriedly urged.

"Oh, oh! I'll go comfort him immediately. " After saying that, Meng Bao, who was at a loss, also ran away.

After the two of them left, Leng ruoxue and the rest turned their gazes towards Ji Yun. They looked at him steadily without saying a word.

Ji Yun's hair stood on end from their gazes. Cold sweat involuntarily trickled down his forehead. He wiped the cold sweat off his forehead with lingering fear. He couldn't take it anymore and said, "Don't look at me like that, I'm scared!"

These Wolf-like gazes seemed to want to eat him up. Wu...How could they bully him like this! Ji Yun felt wronged.

"What did you do?" After a long while, Leng ruoxue asked with a faint smile. She did not believe that Zhou kun, a grown man, would be pregnant.

"I didn't do anything!" Ji Yun blinked his eyes and said innocently.

"Leniency to those who confess, severity to those who resist! It's your choice!" Leng ruoxue didn't waste any words with him and directly gave him two choices.

"Can I choose the third option?" Ji Yun said with a fawning smile.

"There's no third option. " Leng ruoxue's beautiful eyes were half-squinted as she looked at Ji Yun with an unfriendly expression.

"Wuwu ... You're such bullies. What exactly do you want me to do?!" Ji Yun couldn't bear the enormous pressure and said with a sad face.

"We just want to know what's going on with Zhou kun's pregnancy. Are you the one behind it?" Yu Chen sighed softly and said somewhat helplessly. If it was really Ji Yun who was playing tricks on Zhou kun, he would not be worried. He was only afraid that Zhou kun was really pregnant. If that happened, it would be difficult to handle. Although he had not heard of any man who could give birth in the divine realm, just because they did not know did not mean that it did not exist in this world.

"If I say that he really has it, would you believe me?" Ji Yun cautiously asked.

"What do you think?" Yu Chen asked.

"Alright! I admit that I did something to him." Ji Yun confessed honestly.

"How did you do it?" Leng ruoxue was a little curious. Ji Yun had actually made Zhou kun mistakenly think that there were signs of life in her body. This was not an easy thing to do!

"I once obtained a pill by chance. That pill has the effect of simulating the characteristics of life, so I gave it to him without him knowing." Ji Yun said smugly.

"So that's how it is! It's a good thing that he's not really pregnant. Otherwise, we'd be in big trouble." Yu Chen heaved a sigh of relief after hearing this.

"How can our trouble be big?" Ji Yun didn't understand.

"If he really has it, can we immediately set off? Not only that, but Meng Bao might even need us to help take care of him. Don't you think we're in big trouble? I don't want to take care of that pregnant woman!" Yu Chen gritted his teeth and emphasized the word "pregnant."

"Hahaha!" Seeing Yu Chen's reaction, Leng ruoxue and the rest could not help but laugh.

At this time, Zhou kun, who had already hidden in the tent, was in an extremely low mood.

He had it!

He actually had a child, Wu ... He didn't become the first eunuch in the divine realm, but was about to become the first man to give birth to a child in the divine realm. This fact was also something that he couldn't accept.

Zhou kun lowered his head, and tears streamed down his face. All of a sudden, he was hugged by a strong arm. The owner of the arm looked at him with a distressed expression and said, "Little Kunkun, I know it's hard for you to accept this, but there's no point in being depressed now. Let's just get over it! Be good! We're going to have a baby, hehe! This is really good news!"

After Meng Bao comforted Zhou kun a little, he was so happy that he forgot himself again. However, Zhou kun became even angrier when he heard her words.

"Good news my ass! If you're pregnant, it might be good news, but I'm the one pregnant now. How is that good news? If outsiders were to find out, how would I have the face to continue living in the divine

realm in the future!" Zhou kun was furious, and he had no way to vent the anger in his heart. He felt a sharp pain in his chest.

"But things have already come to this. What else can we do?" Meng Bao said helplessly. She knew that little Kunkun was in a bad mood, so she could only coax him patiently.

"I ..." Zhou kun was a little speechless. 'Damn it!' If he knew what to do, wouldn't that be good?

"Little kun kun, let's get married immediately after we leave the elite conference! Otherwise, wouldn't our child be an illegitimate child?" Seeing that Zhou kun seemed to have calmed down a little, Meng Bao made a suggestion.

"Married? There are still 10 days left until the elite gathering. Anything can happen in these 10 days. So, let's think about how to save our lives here first! As for marriage, we can talk about it later. " Zhou kun said perfunctorily. Although he had the ugly woman's child, he still did not want to marry her.

[Chapter 1885 Potential Rival In Love \(3\)](#)

"Little Kunkun! Don't worry! With me around, I'll do everything I can to ensure your and our child's safety!" Meng Bao promised.

"I'm afraid you won't be able to handle it. " Zhou kun understood that when the day of the decisive battle came, it would be good enough if Meng Bao could protect himself. He would not be able to take care of Zhou kun!

"Little kun kun, you have to believe me! I'll definitely place your and our child's safety as my top priority. " Seeing that Zhou kun did not seem to believe her words, Meng Bao assured him again. Then, he acted cute and coquettishly, finally making Zhou kun believe him.

In fact, Zhou kun was just annoyed by her. Hence, he had no choice but to pretend to believe her.

In the next few days, Zhou kun remained sickly and could not eat anything at all. Upon seeing that, Meng Bao, who was trying to please him, almost turned white from worry.

With no other choice, Meng Bao could only seek help from Leng ruoxue.

In the tent.

Meng Bao looked at Leng ruoxue uneasily and mumbled, ""Miss Leng, I need your help."

"If you want me to persuade Zhou kun to eat on your behalf, forget it!" Leng ruoxue said, cutting off Meng Bao's words.

"Why? He doesn't want to eat, but I know he'll listen to you. Please help me persuade him!" Meng Bao pleaded.

"Miss Meng, Zhou kun is just suffering from morning sickness. If he really can't eat, you don't have to force him. He's already a God anyway, so he won't starve to death even if he doesn't eat. As for the child in his stomach, you don't have to worry about it. The child of a God isn't that weak." In fact, in her opinion, Meng Bao was even more abnormal than Zhou kun. After all, Zhou kun was just depressed and

could not accept the fact that he was pregnant. However, what about Meng Bao? However, she had been busy for the past few days.

"Miss Meng, we have to leave this place tomorrow." Leng ruoxue reminded him again. Due to Zhou kun 's' pregnancy ', they had been delayed for a few more days, and they could not afford to delay any longer.

"Miss Leng, there's no need to leave in a hurry. We might be teleported to a place with many people." Knowing that Leng ruoxue was anxious to compete, Meng Bao revealed a secret.

Hearing this, Leng ruoxue's pupils contracted. She squinted her beautiful eyes and said indifferently,""Are you saying that we will be transported to other places?"

"I'm just saying that it's possible, because the situation is different every year. If the battle in that year is relatively intense, we won't be teleported away. However, if there are too many contestants like us who haven't fought a single battle, we might be gathered together." Meng Bao explained.

"There's such a situation?" Leng ruoxue had never heard her Godfather mention this before, so she was really not sure.

"Mm! However, such a situation has only happened once in history, and it has been a long time, so I guess that many families have forgotten about it. " Meng Bao said.

"Since you knew, why didn't you tell us earlier? you made us run around like headless flies!" Leng ruoxue complained.

"Uh! I can't think of it at the moment. Moreover, this situation isn't absolute. I just feel that it's possible for us to do so, and it may not be what I think. " Meng Bao observed Leng ruoxue's expression and asked carefully.

"So, you're willing to take a gamble for Zhou kun's sake?" Leng ruoxue asked, clearly aware that Meng Bao would not have remembered this if it were not for the fact that Zhou kun was pregnant and could not travel in a hurry. Of course, it was also possible that she wouldn't tell him even if she knew.

"MMH! We haven't even fought before! I believe that the God lord's estate will have other arrangements. " Meng Bao said with certainty.

"If it's not like what you said, and we weren't teleported together, what should we do?" Leng ruoxue asked indifferently.

"Then there's no loss for you to stay here! There's no one else here, and we don't have to fight to the death, nor will we get hurt. When the time comes, we'll naturally be able to leave!" Meng Bao said with a smile. Right now, she really needed Leng ruoxue and the others by her side. Therefore, she must not let them leave! After all, if she were to encounter an opponent, it would be a little difficult for her to protect Zhou kun alone.

"If everyone thinks the same way as you, then what are we doing here? Are you traveling?" "This woman has really fallen into Zhou kun's love net," Leng ruoxue said, feeling a little speechless."Look at how she Pampers Zhou kun. She's almost worshipping Him."

"Hehe! Peace is the most important thing! It's boring to fight and kill, isn't it?" Meng Bao said with a sneer.

"When we first met, it seemed like you already wanted to fight us." Leng ruoxue reminded him with a half-smile.

"Uh! It was a misunderstanding! That was a misunderstanding! We're also friends after a fight!" Meng Bao chuckled. She didn't deny that she had the desire to fight, but that was different now! Little Kunkun was pregnant. If she fought with others like before and accidentally hurt little Kunkun, it would be a life and death situation!

"Out of blows, friendship grows. Since you've said so, we'll have to risk our lives to accompany you." Leng ruoxue said with a smile.

After hearing Leng ruoxue's words, Meng Bao's face lit up with joy. However, Leng ruoxue's next words caused her anticipation to drop to the bottom of the valley.

"However, don't expect me to persuade Zhou kun for you!" Leng ruoxue continued.

"Uh! "Can't you ..."Meng Bao still wanted to persuade Leng ruoxue.

"We can 't!" Leng ruoxue interrupted Meng Bao's words and said without any room for discussion.

"Alright then!" Looking at the stubborn Leng ruoxue, Meng Bao knew that he would not be able to convince her. She had already given him face by staying, so he should not force her to do anything.

After saying that, Meng Bao turned around and left resentfully.

Not long after she left, Ji Yun and the others ran in sneakily.

"Ruoxue! What did she say to you? By the way, shouldn't we be preparing to leave?" Ji Yun asked in rapid succession.

"There's no rush. We'll stay here until the end of the competition!" Leng ruoxue said after some thought.

"Uh!" Leng ruoxue's words left Ji Yun dumbfounded. He didn't hear her wrong, did he? The person who wanted to leave the most had actually taken the initiative to stay.

Seeing that Ji Yun and the others were puzzled, Leng ruoxue repeated what Yao Bao had told her to them. After hearing it, Ji Yun and the others all fell silent.

"I still have to fight!" Ji Yun's face was teary as he spoke with extreme reluctance.

"Of course we have to fight. Why else would you come here? Are you here to play?" Yu Chen said, somewhat speechless. Ji Yun's words made him have the urge to beat someone up.

"Hehe! How did you know that I came here to play? In fact, I'm just a bystander. Who asked me to be the young master of the Ji family? I had no choice but to come!" Ji Yun's tone was filled with grievance. Yu Shu gritted her teeth upon hearing this. It seemed that the Ji family had really spoiled Ji Yun.

[Chapter 1886 Interrogation \(1\)](#)

As he thought of this, Yu Chen's gaze turned to Ji Wu and Ji Tao, and he communicated with them with his eyes.

"Is this the young master of the Ji family?"

Ji Wu and Ji Tao returned Yu Chen's gaze with absolute certainty. In reality, the two of them had no way of dealing with Ji Yun's temper. Even the Ji clan's ancestor had to admit defeat when facing Ji Yun, let alone them! This was because sometimes, Ji Yun was really ...

Seeing their expressions, Yu Chen lost his temper.

"Sister Ruoxue, since you've decided to stay here, then we'll stay here!" Yu Chen sighed and changed the topic.

After receiving Yu Chen's affirmative answer, Leng Ruoxue turned her gaze towards Ji Yun and the other two. Without waiting for Leng Ruoxue to ask, Ji Yun immediately expressed his stance in a very obsequious manner, "Ruoxue, I'll be wherever you are!"

"Is that so?" Suddenly, an ice-cold voice sounded out of nowhere, causing the temperature around them to drop. When Ji Yun and the rest heard this voice, they could not help but shiver. On the other hand, Leng Ruoxue's face was filled with joy as she hurriedly left the tent.

The moment she stepped out of the tent, Leng Ruoxue saw a peerless and magnificent man standing outside. In an instant, she was like a swallow returning to its nest as she threw herself into the man's embrace ...

The man was also hugging Leng Ruoxue tightly.

When Ji Wu and the others came out and saw this scene, their eyes immediately widened in disbelief. What was this situation?

Ji Yun's reaction was even more direct. He immediately roared, "Let go of Ruoxue!" After he finished speaking, he wanted to rush forward and pull the two people who were tightly hugging each other away, but he was stopped by Ji Wu and Ji Tao.

"Why are you guys pulling me? Quickly let me go, can't you see that little sister Ruoxue is being bullied?" Ji Yun was furious. He glared at the man's arms that were wrapped around Leng Ruoxue. He wished he could burn a hole in them!

It's too much of an eyesore, isn't it?

It was really an eyesore!

Ji Yun was going crazy. He hadn't even hugged little sister Ruoxue before! Now, it was actually snatched by a guy who came out of nowhere. It was really preposterous!

"Young master! Don't embarrass yourself, the two of them should know each other." Ji Tao couldn't help but send a mental message. Ji Yun, who was burning with jealousy, couldn't see the situation clearly, but couldn't they? Moreover, that man didn't look like someone to be trifled with. His Ji Yun was probably no match for him! They were well aware of this, so they naturally wouldn't allow Ji Yun to do something he shouldn't have done in his rashness.

"H-how is this possible?" Ji Yun stupidly muttered to himself. He was unwilling to believe this truth, because whether it was in terms of appearance or cultivation, that man was much stronger than him. Wu.....One was the bright moon in the sky, while the other was the dust on the ground. There was simply no comparison between the two of them. However, he, who had always been self-aware, knew that the dust was him.

"Young master! Calm down! We'll know once we ask." Ji tao consoled her. The truth was clear, so there was no need to ask. After all, they had been together with Leng ruoxue for quite some time. Although that woman looked very friendly, there was a hint of alienation in her friendliness.

However, before they could ask about the man's identity, Leng ruoxue took the initiative to introduce him to them.

"He's my fiancé, Yechen!" Leng ruoxue said with a faint smile. Her beautiful eyes stared unblinkingly at the devilish man in front of her. During this period of time, she really wanted to be a devilish man.

"Uh! Hello! I've long heard of your great name!" Ji Wu and ji tao hurriedly replied while secretly sizing up Yechen from the corner of their eyes. When Ji Yun found out that this man was ruoxue's fiancé, he immediately became listless from the huge blow. Oh ... Heavens! You don't have to provoke me like this!

Tsk! Tsk! What an unparalleled handsome man! Ji Wu and ji tao secretly praised him. Although they had always admitted that they were pretty, compared to this demonic man, the difference was like heaven and earth. There was no way to compare them.

In addition to his cold temperament, he had the ability to cause the surrounding temperature to drop by a lot, which was something they did not have.

Previously, they had been gossiping and guessing what kind of man was qualified to be Leng ruoxue's fiancé. After all, Leng ruoxue was a peerless beauty in their eyes. Hence, they had already determined in their hearts that a man who was worthy of Leng ruoxue would definitely not be an ordinary man. Today, they had finally met this man who had been known for a long time. He was indeed worthy of his reputation!

The two of them, be it their appearance or temperament, were very compatible. Furthermore, when they saw the beautiful couple snuggling together, they actually felt that it was so natural, so natural, and so pleasing to the eye. At this moment, if someone wanted to destroy this beautiful scene, they would find it unbearable.

Unfortunately, there were always people who didn't know what was good for them.

"Young master ye! Who is this young lady?" Suddenly, a gentle and beautiful voice interrupted abruptly, breaking the originally quiet atmosphere.

When Ji Wu and ji tao saw that someone had ruined this beautiful atmosphere, they were instantly enraged. However, when they saw the face of the person who had spoken, they were both dumbfounded ...

"Sister min!" The two of them said in unison. They didn't expect the person who ruined this beautiful atmosphere to be their eldest miss of the Ji family. What, what should they do now? Ji Wu and ji tao looked at each other, feeling helpless.

When Leng ruoxue heard Ji min's words, she didn't even look at Ji min. Instead, she turned her beautiful eyes towards the demon. Seeing this, the demon's expression remained calm and composed as he brought Leng ruoxue into the tent.

When Ji min saw this scene, her lungs almost exploded from anger. Damn it! These two people actually ignored her existence like this. Since when had she ever received such treatment?

"Who's that woman?" Ji min was so angry that she grabbed Ji Tao's collar and pulled him in front of her. She couldn't help but ask.

"It 's, it's his fiancée!" Ji tao told the truth. At this time, his reaction was slow, but he also knew that his haughty eldest miss had fallen for that demonic man. However, looking at the state of their relationship, it would be difficult for outsiders to intervene.

At the thought of this, ji tao looked at Ji Yun worriedly. This pair of siblings could really be considered to be in the same boat! However, Ji Yun seemed to be in a better state as he had always been carefree since he was young. It was hard to say for Ji min.

Although Ji min was the eldest young lady of the Ji family and one of the most dazzling leaders of their generation, and was considered an idol-level figure in their hearts, after being with Leng ruoxue for this period of time, ji tao was very clear about Leng ruoxue's character. She was not easy to get along with. If Ji min met her, she might not be able to gain any benefits. More importantly, Leng ruoxue was their Savior, so he was a thousand times more. They really didn't want Ji min to have any ideas about her fiancé. If the two of them had any conflicts, they would feel very embarrassed.

[Chapter 1887 Interrogation \(2\)](#)

They should have helped Ji min, but they would feel sorry for Leng ruoxue if they did that. Ji min was not in the right! But she was still a member of the Ji family! So they did not do anything to her. Ji tao began to feel conflicted.

"Fiancée?" Ji min narrowed her eyes, and a thought-provoking light flashed in the depths of her beautiful eyes. She didn't expect that young master ye really had a fiancée. She thought that they were just perfunctory with her! What should I do now?

"Miss Ji, I've told you before that commander ye is my miss's fiancé. Now you should believe me!" At this time, another helpless voice rang out. Everyone looked in the direction of the voice and saw two beautiful women standing not far away from them. One of them was wearing green clothes, and the other was wearing pink clothes. The one who spoke was the woman in green. These two people were Lu Tao and Cuizhu.

"Green peach! Was that woman really your family's young miss?" Ji min asked with a slight suspicion.

"How can this be fake? Don't tell me we don't even recognize our own miss?" Lu Tao rolled her eyes and said, somewhat speechless. When they first met Ji min, they felt that Ji min was a very open and generous person and was easy to get along with. However, ever since she met commander ye, Ji min seemed to have changed into a different person overnight and became a stranger to them. Perhaps ... This was the real her!

"Since that woman is your family's young miss, why didn't you all go up and acknowledge her just now?" Ji min was still very suspicious and raised a new question.

"We do want to go forward, but guild leader ye clearly wants to spend some alone time with my young miss. If we go forward, won't we attract guild leader ye's hatred? As a human, you should know your place and not do such a disgusting thing. Otherwise, you won't even know how you died. " Green peach said with a hidden meaning.

These words were clearly directed at Ji min, but Ji min didn't intend to take green Peach's warning seriously. After all, green Peach's identity was obvious! She was willing to let go of her identity as the young lady of the Ji family to befriend him, which was already a great honor for her. How could she allow green peach to ruin her marriage?

From the first time she saw Yechen, her eyes and heart had been filled with that man's figure. She could no longer tolerate anyone else's existence, so for the sake of her own happiness, she had to take a gamble! Not to mention that Leng ruoxue only had a fiancée, even if she already had a wife, she still wanted to snatch the only man that she liked from another woman. After she made up her mind, she saw Leng ruoxue as her greatest love rival in this life. However, she thought of herself as a wise woman. Even if she wanted to snatch her love away, she had to pay attention to the method and strategy. She could not give others the chance to gossip.

Fortunately, Leng ruoxue was still unaware of Ji min's thoughts. Otherwise, she would definitely mock her for wanting to be a whore and yet wanting to have a good reputation!

"When will they come out?" Ji min asked as she looked at the tightly shut tent. When she said this, her expression was normal, but in fact, her heart was already in turmoil. She was jealous! He was so jealous that he was about to go crazy! Why wasn't she the woman inside? Throughout the entire journey, ye chen had never looked at her in the eye, let alone smiled at her. However, she had clearly seen ye chen smile at the woman just now and he seemed to be very doting on her. All of this made her so jealous that she was going crazy!

"I don't know. Maybe tomorrow, or maybe they won't come out until they leave this place." Lu Tao said indifferently.

"How can I do that?" Upon hearing this, Ji min gritted her teeth in hatred.

"Why can't I? Leader ye is my miss's man, isn't it only natural for them to be together?" Lu Tao said with a faint smile. Her impression of Ji min was getting worse and worse. Ever since commander ye appeared, her good impression of Ji min had disappeared.

"But we're in a competition!" Ji min couldn't help but remind him.

"It doesn't matter. The final battle hasn't come yet! The two of them haven't seen each other for so long, it's only right for them to have a good gathering. " At this moment, Yu Shu said with a faint smile.

Hearing this, Ji min immediately pointed the spearhead at Yu Chen and questioned him with an unhappy expression, ""Who are you? Is there any place for you to interrupt?" She was so angry that she couldn't maintain her usual elegant demeanor and directly exposed her true nature.

Seeing her like this, Ji Wu and Ji Tao, who had never seen this side of her before, widened their eyes in shock. They looked at Ji Min in disbelief, as if their eldest miss had been replaced by someone else. On the other hand, Ji Yun was much calmer, and a trace of ridicule flashed through his clear eyes.

"I'm Sister Ruoxue's brother. Since you're suspicious of their privacy, and she's not here, I naturally have to answer you on her behalf!" When Yu Chen said this, he had a faint smile on his face, but his tone was very indifferent and distant.

Looking at Ji Min, Yu Chen was a little disappointed with the eldest miss of the Ji family, who was rumored to be a God. Thinking back, someone in the Yu family had even suggested for Ji Min to be his young Madam! Fortunately, it was rejected by the old ancestor. Now it seemed that the older the wiser. The old ancestor must have long seen that Ji Min was a person who did not mean what she said. Otherwise, he would not have rejected this matter.

Looking at Ji Min, Yu Chen once again thanked the old ancestor for his wise decision.

Although Ji Min was very beautiful, she gave off a very strong feeling. This type of woman was usually very stubborn and would not give up until she achieved her goal. So, when he saw her reaction to the man just now, Yu Chen started to worry about Leng Ruoxue.

In his heart, he really treated Leng Ruoxue as his little sister. In addition, Leng Ruoxue did not act very domineering in front of them. Hence, Yu Chen subconsciously placed Leng Ruoxue in a position that needed protection. As for this woman who wanted to hurt Ruoxue and snatch Ruoxue's fiancé, she was naturally blacklisted by him.

The way people interacted with each other was really strange. Some people might not become true friends even after knowing each other for a lifetime. However, some people only knew each other for a few minutes, and they could become life-and-death friends that they trusted the most. This was probably fate between people!

"Brother? That's not her real brother, what right do you have to represent her?" Ji Min scoffed at Yu Chen's words and said disdainfully.

"Sister, brother Yu is the young master of the Yu family." Suddenly, Ji Yun reminded her. Although he didn't like his sister very much, he couldn't just watch Ji Min offend Yu Chen. It wouldn't do the Ji family any good.

"So it's the Yu family's young master. Ji Min has been impolite." Upon hearing Ji Yun's words, Ji Min immediately reacted and resumed her usual magnanimous and appropriate way of dealing with things. She also apologized to Yu Shu.

Yu Chen only smiled and did not say anything.

At this moment, Ji Min's gaze turned to Ji Yun. She rushed in front of Ji Yun with unusual enthusiasm and tightly grabbed his wrist. She sized him up and down. After confirming that Ji Yun was safe and sound, she seemed to be relieved. "Xiao Yun, it's great that you're fine. You don't know how worried I've been for you."

[Chapter 1888 Interrogation \(3\)](#)

"Thank you for your concern, sister. I'm very well." The corner of Ji Yun's mouth twitched as he indifferently replied. He was extremely cold to Ji min's enthusiasm.

Ji tao and Ji Wu were already used to this, but Yu Chen felt that the way the siblings got along was a little unusual.

"Xiaoyun, are you still blaming me? Al! It's all big sister's fault. If I had held you tightly when we entered this place, we wouldn't have been separated. You must have suffered a lot!" Ji min said with a pained expression, her beautiful face full of guilt.

"Sister! I don't blame you!" Ji Yun rolled his eyes and said in a speechless manner. "Does this Sister Speak without thinking?" If when they entered this place, the people of each clan could be transmitted together as long as they held each other tightly, then what was the point of entering here? It would be better to compete directly outside.

"Little Yun ..." When she heard this, Ji min thought that Ji Yun was angry. Therefore, she looked at him with an aggrieved expression.

"Sister, I'm tired. I'll go back and rest first." Ji Yun was speechless at Ji min's reaction, but he didn't want to act like a brother and sister in front of outsiders, so he went straight into his tent.

"Xiao Yun ..." Ji Yun had already left. Ji min watched his back as he left, but she still called out softly. Her beautiful eyes were filled with tears, but she forced them back.

"Little Yun is blaming me." Ji min muttered to herself.

Seeing her like this, Ji Wu and Ji tao didn't know what to say, because this kind of situation was common in the Ji family.

Outsiders all knew that Ji min doted on Ji Yun to the bone, but what they didn't know was that Ji min always stuck her warm face to Ji Yun's cold ass because Ji Yun didn't appreciate her love at all. Turning around and leaving like this was still fine, but Ji Yun was capable of doing things that made Ji min even more embarrassed.

Although they didn't know why Ji Yun would treat Ji min like this, according to their ancestor, this was the unique way the siblings got along. As long as they didn't feel that there was anything wrong with it, it was enough. No one had the right to question it.

Ever since the patriarch had said these words, the clansmen who felt that Ji min had been treated unfairly had greatly decreased. After all, everyone was well aware that the patriarch was clearly biased towards Ji Yun.

"Don't you think Xiaoyun is blaming me?" Seeing that no one responded to her words, Ji min could only ask again.

"The young master won't blame you. You're his sister after all." Ji tao had no choice but to comfort her. Although he admired Ji min, in his heart, Ji Yun was still more important. No matter how useless Ji Yun appeared to be, his position as young master Ji Yun was still unbreakable. Everyone in the Ji family knew this.

"That's good! Ah! When you have time, please explain it to me! I don't want Xiaoyun to misunderstand me." Ji min said with a hint of resentment.

"Yes." Ji Wu and Ji Tao nodded their heads readily. As for whether or not they would tell him and when, that was their own business.

After that, the few people who didn't feel very familiar with each other felt that they had nothing to say and each found an excuse to go back to work.

Seeing Lü Tao and Cuizhu setting up the tent, Yu Chen, who had nothing to do, took the initiative to help.

"Young master of the Yu family, there's no need to trouble you. We'll be done immediately." Seeing that Yu Chen was about to make a move, Lu Tao hurriedly stopped him. They had also heard about Yu Chen's identity from Ji Yun.

"You don't have to be so polite with me. I'm the Big Brother that little sister Ruoxue acknowledged." Yu Chen said enthusiastically.

"Uh!" Lu Tao did not know what to do with Yu Chen, who was so familiar with her. They were used to doing everything by themselves. Therefore, they were not used to an outsider coming to help. What's more, the person who came claimed to be her young miss's brother!

Would her young miss be so bored as to casually acknowledge a brother? Green Peach was very suspicious of this.

However, she was too lazy to expose him. After all, what were these young masters? They had to give him some face, right?

In reality, Lu Tao's guess was right. It was not Leng Ruoxue who had taken the initiative to acknowledge Yu Chen as her brother, but Yu Shu had called him that out of familiarity. After a long time, Leng Ruoxue had tacitly agreed. Yu Chen was not an annoying fellow anyway, and he was very tactful. In that case, it was no loss for her to have an older brother who had taken the initiative to come to her door!

"By the way, How did you find us? Is it a coincidence, or?" Then, while helping Lü Tao and Cuizhu set up their tents, Yu Shu asked curiously.

"Hehe! Of course, I know where you are! Otherwise, how would we be able to find it? However, we've been searching for you for days." Hearing Yu Chen's question, Cuizhu replied without much scheming.

Seeing Cuizhu's straightforward answer, Lu Tao could not help but glare at her. However, Lu Tao also felt that Yu Chen's question was not a secret, so she simply explained it.

"We met two people on the way and they told us. However, they only told us your approximate location. So, in order to find you, we have been searching for a long time." Lü Tao's words were similar to Cuizhu's. After Yu Chen heard it, he suspected that they had met the same person, Liu Sen, whom Leng Ruoxue had mentioned that Zhou Kun had offended. And this Liu Sen told everyone his whereabouts. What was he trying to do?

Could it be that Liu Sen thought that Leng Ruoxue and the rest would remain in their original positions? Wasn't Liu Sen's IQ too low?

"Actually, someone told me that I would meet little sister ruoxue and the others. Furthermore, according to my guess, the person who told us about little sister ruoxue and the others 'whereabouts should be the same person." Following that, Yu Chen also truthfully said.

"Argh! What was going on? What does he want to do?" Yu Chen's words caused Lu Tao and Cuizhu to turn pale with fright. However, at the same time, they were also quite glad. After all, they had already found their miss. Hmph! With them around, let's see who dares to bully their young miss!

"For revenge!" Yu Chen said softly. Then, he told the two maidservants what he had heard from Leng ruoxue and the others. Lu Tao and Cuizhu were dumbfounded and gasped in admiration.

After a long time.

Lü Tao and Cuizhu kept sighing, and their beautiful faces were filled with depression.

"Don't worry, little sister ruoxue and the others will be fine. " When he saw that the two maidservants had become listless after hearing his words, he thought that they were worried about Leng ruoxue. Hence, he consoled them immediately.

"We're not worried, we're just regretful. " Cuizhu could not help but ask.

"Uh!" This time, it was Yu Shu's turn to be stunned. Then, he asked in a silly manner, ""What are you regretting?"

"It's a pity that we weren't there! We didn't even get to participate in such a fun event. Sob ... I'll regret it for the rest of my life!" Cuizhu said somewhat exaggeratedly, her beautiful eyes still faintly rippling with tears.

[Chapter 1889 Interrogation \(4\)](#)

"Uh!" Yu Shu started to sweat. He deeply felt that he was old and there was a big generation gap between him and these little girls. Otherwise, why couldn't he understand what this little girl was thinking?

If Cuizhu had said that she was worried about Leng ruoxue, or that she was afraid that Leng ruoxue would be injured, he would have thought that it was normal. However, she had treated it as a game and even regretted that she could not participate. Was this how a normal person thought?

"What's there to regret? maybe that guy will come to our miss for revenge. At that time, we'll take care of him!" Unlike Cuizhu, although she was also depressed at the beginning, she thought further. She even thought that the other party might come to take revenge on her young lady, so she decided to make early preparations.

Soon after, Lu Tao took out all of her bottles from her storage ring and said with a wicked smile, "If that guy really dares to come, I'll let him have a good taste of the power of these medicines."

Seeing this, Yu Chen was extremely surprised.

"What are these medicines?" In view of the green Peach's high praise for his medicine, Yu Chen was very curious.

"Poison!" Green Peach's pink lips parted slightly as she spat out two words.

"Uh!" Yu Shu's forehead was full of black lines. She thought to herself, a woman's heart is indeed the most vicious! Liu Sen hadn't arrived yet, but the other party had already prepared the poison. However, with so many bottles of poison, would Liu Sen be able to handle it?

"Hehe! Most of them are poison, but some aren't." Green peach explained kindly when she saw that Yu Han seemed to be frightened.

"This is itching powder," she continued. This bottle was stinky powder. "This place is filled with things that can make the whole body rot ..." She introduced them to Yu Chen one by one with a bad heart.

After Yu Chen heard this, more black lines appeared on his forehead, and he broke out in cold sweat. He thought in his heart, ruthless! How ruthless! Compared to those so-called poisons, these medicines were probably even better!

Thinking of this, he couldn't help but shiver. Sob ... Women these days were really too scary, especially the more harmless they looked. When they were fierce, they were often unexpected.

However, thinking of the effects of the powder that Lu Tao had introduced to him, Yu Chen's heart began to itch like a cat's scratch. Although the powder sounded scary, it was good to save lives in critical moments.

Thinking of this, he thickened his skin and began to please her.

"That ... Can you give me some of these herbs? I want to keep it for self-defense!" Yu Chen said, a little embarrassed.

"No! I only have these. If you really want them, go to my family's young miss." Seeing Yu Chen staring at her medicine, green peach hurriedly put away the medicine and looked at him with a vigilant look. However, she still kindly provided Yu Chen with the source of these medicines.

"Little sister ruoxue, do you have a lot?" Yu Chen asked in surprise.

"Yes." Lu Tao nodded and thought, of course her young miss has a lot, because that medicine was refined by her young miss!

"Then I'll go and get it from sister ruoxue!" Yu Chen said hurriedly. He was about to look for Leng ruoxue, but he was stopped by Lu Tao.

"Wait, you can't go now. Otherwise, guild leader ye will hate you." Lu Tao could not help but remind him.

"Uh! Why?" Yu Chen was puzzled. He didn't do anything to Leng ruoxue, so why would that fellow hate him?

"Stupid! Don't be a third wheel now, otherwise, leader ye will go crazy." Cuizhu could not help but say. After saying this, she deeply felt that she was really too kind.

"Uh! Alright then! Thanks for the reminder, I'm going back to rest. You guys should rest early too!" After Yu Chen finished speaking, he turned around and left.

Seeing this, Lü Tao and Cuizhu also entered the tent that had just been set up.

For a moment, only Ji Min, Ji Wu, and Ji Tao were left in the large area.

Ji Wu and Ji Tao wanted to find an excuse to return to the tent, but Ji Min refused to let them leave. She insisted on chatting with them. Although she said it was a chat, she was only asking them about Leng Ruoxue's situation.

In reality, they had not spent a lot of time with Leng Ruoxue, so their understanding of her was naturally not deep enough. Hence, after their conversation, they could not provide much useful information to Ji Min. In fact, Ji Min was not even clear about Leng Ruoxue's strength. This fact made Ji Min extremely depressed and dejected.

In the end, she didn't even know when Ji Wu and Ji Tao had left. She sat by the fire alone until dawn.

On the other side.

After the demon pulled Leng Ruoxue into the tent, he had Leng Ruoxue bring him back to the bangle.

In the purple bamboo house, the two of them shared their lovesickness with each other. Following that, Leng Ruoxue began to interrogate the woman about her identity.

"Demon, tell me the truth. Who is that woman?" Leng Ruoxue pretended to be angry and put on a straight face, pretending to be displeased. This fellow was really too good at attracting peach blossoms. However, this peach blossom seemed to be smarter and was different from the brainless women in the past. This kind of woman was relatively difficult to deal with.

"She's just a passerby. Let's not talk about her anymore. Let's change the topic." The demon suggested.

"No! Explain her problem first, or else you're not allowed to change the topic." It was rare for Leng Ruoxue to be so willful, and she did not leave any room for discussion.

"But, she really has nothing to talk about. In comparison, I'm more interested in knowing who the guy who said that he'll be there wherever you are is." The evildoer also started to calculate.

"Uh! That guy's name is Ji Yun. We met here." Leng Ruoxue replied simply. How could she have forgotten that the evildoer was even more jealous than her! Wu...I miscalculated!

"And then?" The demon squinted his eyes and asked indifferently. Leng Ruoxue could hear a trace of displeasure in his tone.

"There's nothing else." Leng Ruoxue couldn't help but shrink her neck. She regretted starting this topic. Great, she had brought it upon herself.

"You really don't have any more?" The evildoer was obviously not satisfied with Leng Ruoxue's answer. He gently bit her snow-white arm, leaving two rows of teeth marks on her smooth and tender skin before he let go in satisfaction.

"It hurts!" Leng Ruoxue looked at him pitifully, the tears in her beautiful eyes threatening to fall. Then, she purposely said, "You're such a bully. You didn't explain clearly about that strange woman and even bit me."

"I said she's just a passerby. There's nothing to explain!" The demon started to tease Leng ruoxue. To be honest, he quite liked it when Xue 'er was jealous over such a small matter. At least, this showed that Xue 'er cared about him.

"Even so, you still have to explain clearly how you got to know her, Hmph! "How dare you bring a strange woman with you? I think you're really ..." Leng ruoxue's face was flushed red as she gritted her teeth. She didn't finish her sentence, but she knew that the evildoer knew what she wanted to say.

At this moment, she was playing the role of a willful, unruly, and jealous girlfriend very well, and her performance also pleased the demon.

The demon hugged Leng ruoxue tightly and kissed her pouted pink lips without any hesitation. His chest was shaking from his smile. He was obviously very happy.

"Don't laugh!" Leng ruoxue cupped her devilishly beautiful face and warned him seriously.

"Good! No smile! I won't laugh!" The demon coaxed, but then, he laughed even louder. Hehe! Xue 'er's current appearance was really too cute. He really couldn't get enough of looking at her.

However, he was afraid that he would go too far in playing with fire, so he patiently explained Ji min's existence to Leng ruoxue. He did not want Xue 'er to really take him seriously, and that would be bad ...

[Chapter 1890 You're Too Unsympathetic \(1\)](#)

"Xue 'er, I didn't keep that woman by my side. When I met her, she was already with Lu Tao and the others. Moreover, at that time, they were being besieged, and your maidservant was being bullied. So, I saved her in passing!" The demon explained simply.

"Not only that, that woman even claimed that she was a friend of your two maidservants. Since she is their friend and has nothing to do with me, it wouldn't be good for me to drive her away, right?" Actually, he really wanted to drive her away, but that woman acted normal in front of him and wasn't very enthusiastic about him, so he couldn't be too narcissistic, could he? However, after seeing Xue 'er, it seemed that the woman couldn't hold back anymore.

"That woman clearly has feelings for you!" Leng ruoxue reminded, her beautiful face filled with displeasure.

"So what? In my eyes, she's just a passerby. Besides, if I say that she has never pestered me or expressed her love for me, would you believe me?" The demon raised his eyebrows and asked.

"I do! That woman looks smart and not easy to deal with. " Leng ruoxue nodded her head. This was how a smart woman should behave. Those who drooled at the sight of a man were infatuated. When a smart woman pursued the man she liked, she would usually be calm and unmoved.

"Hahaha! No matter how smart she is, can she compare to my Xue 'er?" The demon smiled and tried to please him.

"Hmph! There's no point in trying to please me. No matter what, this woman was brought back by you. " Leng ruoxue pretended to be displeased and pouted her pink lips. Seeing this, the demon's heart heated up and he could not help but kiss her again ...

"En ..." Leng ruoxue was breathless from the Demon's Kiss. After a long time, she finally found a chance to breathe. She looked at the demon with slight displeasure and said, "Don't even think about getting away with it!" This guy was really getting worse.

"Xue 'er, I didn't provoke that woman. It was Lü Tao and Cuizhu who provoked her. So, don't blame it on me. It's very unfair to me." His devilish black eyes stared unblinkingly at Leng ruoxue. His eyes were filled with grievances.

"You're the one who attracted the peach blossoms, and you're blaming others?" Leng ruoxue was a little speechless. Even though she knew that the evildoer was somewhat innocent in this matter, if it wasn't for his devastatingly beautiful appearance, why would those peach blossoms who had been mesmerized by his beauty come to her door one after another? Wasn't it enough to have a brain-dead girl who was infatuated with him? Now that a smart and scheming woman had come to her door, she didn't have to do anything in the long run. She just had to help the demon Drive away these rotten peach flowers.

"You're pretty good at attracting peach blossoms. " Hearing Leng ruoxue's words, the evildoer could not help but whisper. As long as he was not by Xue 'er's side, she would be entangled by some man. Sob ... It seemed like he would have to stay by Xue 'er's side and protect her from now on, he decided in his heart.

"What did you just say?" Leng ruoxue squinted her beautiful eyes as she spoke in an unfriendly tone. Damn evildoer, they were talking about his matters now, but he actually dragged her into it. This ... Was this considered as him trying to drag her down with him?

"It's nothing! It was nothing! Xue 'er, it's getting late, can we rest?" The evildoer said hurriedly. Right now, he didn't dare to mention anything about Ji Yun. Otherwise, Xue 'er would definitely get angry with him! However, it didn't matter. There were still many days ahead! He would deal with that kid when he had the chance.

"I haven't had a good night's sleep in these days!" The demon added. After he finished speaking, he hugged Xue 'er and lay down on the bed.

After Leng ruoxue fell asleep, the demon summoned green vessel.

"What's the matter?" Qing Jue looked at the demon warily. Every time this guy came to find him alone, it was definitely not something good. However, he could not reject him. Sob ... He was the most pitiful weapon spirit in the world.

"What do you think? Didn't I tell you to help me look after Xue 'er? Is this how you look at her?" The demon squinted his dazzling Starry Eyes and said with slight displeasure.

"Those few guys are insignificant. They can't pose any threat to you." When Qing Jue heard this, he quickly explained. He knew that the evil man was planning to settle the score after this. This guy did not dare to ask his sister, but he did not have any concerns about him. He knew that if he dared to hide any information about any man, this evil man would not let him off! As long as he thought of the other party's terrifying torture methods, he could not help but shiver.

Following that, Qing Jue explained the eight generations of ancestors of the men in detail. Of course, he also mentioned Ji Yun. After all, among the men, this fellow was the only one who had impure thoughts

towards his sister. Moreover, he was a black-hearted fellow who liked to pretend to be a pig to eat a Tiger. If it were not for the fact that he did not dare to say some things, he would definitely tell this demon that Ji Yun and he were very similar in some ways. As for Zhou kun, who had always wanted to challenge the demon, he only mentioned him briefly. Who asked that guy to not enter their eyes!

"Only these?" The demon said in dissatisfaction after hearing this.

"Yes." Qing Jue quickly nodded and thought to himself, 'are these not enough? He had even told her about Zhou kun's pregnancy.

"Since you're done, you may leave!" Seeing that Qing Jue had nothing else to explain, the demon directly ordered him to leave. Qing Jue's face turned red in anger. Damn it, this was killing the donkey when the grinding was done! "Ah!" It was wrong! How could he call himself a donkey?! Anyway, this guy kicked him away after using him. He was so pitiful!

Qing Jue reproached himself for a while, but he still had to leave with tears in his eyes.

After Qing Jue left, the demon lay on the bed and recalled Qing Jue's words. Other than Ji Yun, there was actually someone else who wanted to challenge him. This person most likely knew that he had been a little bored recently, so he had deliberately sent himself to his door. In that case, if he didn't make good use of it, wouldn't he be wasting the other party's good intentions?

After making up his mind, he decided to start with Zhou kun first. After all, Zhou kun was the least important person among the few of them. As for Ji Yun, he would slowly drive him out of Xue'er's sight.

At this time, Zhou kun still didn't know that he had been targeted. It wasn't until the next day when Zhou kun left the tent that he discovered that there seemed to be a few strangers in the camp.

He recognized one of the strangers.

"Ji min! What are you doing here?" After Zhou kun saw Ji min, he asked her in a bad mood. Who was the last person he wanted to see in such a situation? Naturally, it was Ji min. After all, whether it was the grievances between the Ji and Zhou families or his previous feelings for Ji min, it was enough to make him a big joke in Ji min's eyes. Being seen by Ji min in his current state was definitely a humiliation to him.

"You can be here, why can't I?" Ji min sneered after seeing Zhou kun.

"You ..." Zhou kun was at a loss for words. 'Yeah! Why can't Ji min be here? How could he say this? Could he say that he regarded Ji min as an enemy and naturally didn't want the enemy to see him now? However, it wasn't like the other members of the Ji family didn't know about his current situation! Zhou kun was in a dilemma.
