

Crazy Wife 1891

[Chapter 1891 You're Too Unsympathetic \(2\)](#)

"Do I need a reason if I can 't? I hate you, do you understand?" Seeing that Zhou kun was being bullied, Meng Bao couldn't hold it in any longer. Zhou kun, on the other hand, was touched to see that someone was speaking up for him.

"Do I have a grudge against you?" Ji min glanced at the strong woman who had spoken and asked indifferently.

"No grudges!" Meng Bao answered readily.

"Then what right do you have to hate me?" Ji min said, somewhat unconvinced. First, she didn't kill this woman's entire family, and second, she didn't steal this woman's man. What right did this woman have to hate her?

"That's weird, do you need a reason to hate someone? I just don't like the look of you, so what? Bite me!" Meng Bao said shamelessly, but he couldn't help but snort in his heart. She hated all the women who dared to bully her little kun kun.

"You, you really are an uncultured Savage woman! I'm too lazy to talk nonsense with you!" Ji min was so angry that her words trembled, and her beautiful face turned red with anger.

"I don't want to talk nonsense with you! You seem to be quite well-mannered, but you're too annoying." Meng Bao said with a look of disdain. However, he was thinking that Leng ruoxue was more likable compared to this woman.

She just didn't know if Leng ruoxue would be moved to tears after knowing her thoughts.

However, at this moment, Leng ruoxue was preparing to come out of the tent. After hearing her words, she was already laughing in her heart. It seemed that the daughters of those families had to be dealt with by women like Meng Bao, who seemed crude but was actually meticulous. After all, Meng Bao did not look like a shrewd and meticulous woman. Therefore, no one would pick on her even if her words were rough.

At the thought of this, Leng ruoxue pulled the evildoer aside the tent's curtain and walked out.

As soon as they stepped out of the tent, they heard a cry of joy, ""Brother ye, you're out." Without a doubt, Ji min was the one who was pleasantly surprised. As for Leng ruoxue, she had automatically ignored her.

When Leng ruoxue heard this voice, she lifted her beautiful eyes and looked at the evildoer teasingly. Then, the two of them walked towards them, hand in hand.

"Brother ye!" Just as Ji min was about to step forward, she seemed to have accidentally seen Leng ruoxue who was beside the evildoer. She stopped in her tracks awkwardly.

At this time, Meng Bao's loud voice rang out again.

"Leng, who is this pretty boy? Your new love? Why hadn't he seen her before? However, this guy looks much stronger than that Ji Yun, but he's not my cup of tea!" Meng Bao sized up the demon and asked nonchalantly like a machine gun. Leng ruoxue's forehead was filled with black lines after hearing her series of questions, while the demon's face was completely black. As for Ji Yun, his face was alternating between green and white.

"He's my fiancé, Yechen!" Leng ruoxue sighed softly and said helplessly. Her hand remained calm as she appeased the evildoer. She knew Meng Bao's temper very well. He would say whatever he wanted and would never think about whether others would get angry after hearing what she said. In that guy's heart, there was no such thing as an unintentional speaker but a meaningful listener. Otherwise, Meng Bao would not have called her "the one with the surname Leng" all the time. She couldn't do anything to Meng Bao, but she didn't have to worry about being schemed against when interacting with a straightforward person like him. This was also the main reason why she had always accommodated him.

"I've long heard of your great name!" Hearing this, Meng Bao cupped his hands in a manly manner and sized up the demon again with surprise.

In her eyes, this guy was too, too weak. Could such a weak man give a woman happiness? She was very suspicious!

At the thought of this, Meng Bao could not help but pull Leng ruoxue to the side and asked in a low voice, ""Leng, this man's body looks so thin and weak. Can he satisfy you?" She had no intention of probing into Leng ruoxue's privacy. She was purely curious. After all, from her perspective, how could Leng ruoxue have a blissful sex life when she was with such a man?

"Uh!" When Leng ruoxue heard these words, her cheeks started to heat up and her forehead was covered in cold sweat. She could not help but pray in her heart that these words could not be heard by the evildoer. Otherwise, that fellow would definitely kill her! After all, this was related to a man's dignity!

Looking at Leng ruoxue's troubled expression, Meng Bao completely misunderstood her. Following that, she said with a look of sympathy, ""Ai! As a woman, I can understand the pain in your heart. Why don't you change to another man? There are plenty of good men in the world. This time, you should find a strong man. As for this kind of embroidered pillow with an empty appearance, you must not think about it again. After all, a woman's sexual happiness is the most important. " Meng Bao's words were very sincere and earnest. The reason why she told Leng ruoxue these things was mainly because Leng ruoxue had kept her promise and did not snatch Zhou kun from her. Otherwise, she would not have spoken so much!

However, if Leng ruoxue knew that this was the reason why Meng Bao was concerned about her sexual happiness, she would probably vomit blood from depression!

What Meng Bao thought he had said carefully was heard by the demon. He narrowed his eyes and thought to himself, 'can't I satisfy Xue' er?' Hmph! How would you know if you don't try?

At this moment, he had crossed out this intrepid and strong looking girl and put her on his blacklist. He had to make Xue 'er stay away from this girl in the future. Otherwise, his innocent and cute Xue' er would be led astray!

Seeing the woman holding Xue 'er's arm and chattering non-stop, the evildoer immediately released a chill. Instantly, the temperature dropped a lot. As for Ji min, who had been staying beside the evildoer and trying to attract his attention, she was completely ignored.

Not far away.

Upon seeing this, Yu Chen whispered to Ji Yun, "Quickly pull your sister back! Don't let her do such a thankless thing. That man is not to be trifled with, and he's not someone she can dream of." As the saying goes, the onlooker sees more clearly. He could clearly see that the devilish man was getting impatient. If he were to lose his temper, he would naturally not vent it on his beloved woman. So who would be the first to bear the brunt? It was naturally self-evident!

"You think I can control her? Ever since we were young, we've always wanted anything that caught her eye." Ji Yun spoke the truth. He had long seen through his sister's thoughts, but he had no intention of interfering. More importantly, he couldn't interfere in this matter. Moreover, Ji min was different from him. If Ji min had her eyes on something, she would definitely get it. As for him, as long as he could see Leng ruoxue often and cook for her, he was already very satisfied.

"Al! She will regret it if she offends this man." Yu Chen sighed helplessly. He couldn't understand why some people in this world liked to covet other people's things so much. Or was it really that good to snatch it?

"Whether she regrets it or not is her own choice. She can't blame anyone else!" Ji Yun said coldly.

[Chapter 1892 You're Too Unsympathetic \(3\)](#)

"You really think so?" Yu Chen's eyes widened as he asked in disbelief. He didn't expect that the carefree-looking Ji Yun could actually be so cold-blooded. If he remembered correctly, Ji min should be his biological sister, right?

"What else can I do? Even if something happens to her, I won't take revenge for her. There are some people she can't afford to offend, but she still insists on flying like a moth to the flame. If there are any consequences, she can only bear it herself! Our family will not stand up for her." Ji Yun laughed coldly. It was time for this arrogant and haughty sister of hers to be taught a lesson. She didn't want her to always think that she was the most outstanding woman in the world. Little did she know that her thoughts were nothing more than a big joke in Ji Yun's heart!

"Big brother Yu, as the young master of the Yu family, you can't really be so soft-hearted, right? Or do you have any thoughts about me? If that's the case, then I'll make the decision to betroth her to you." Ji Yun said half-jokingly, half-seriously. In fact, the more he thought about it, the more he felt that his idea was good. He didn't want his sister to cause trouble for the Ji family.

"Uh! I'm not interested in your sister." When Yu Chen heard this, he hurriedly replied and was so frightened that he quickly wiped the cold sweat on his forehead. He wasn't interested in Ji min at all. If he had known about Ji min before because of her reputation, then after seeing her in person, the little bit of curiosity he had about her disappeared.

This woman was no different from any other woman. She was just as infatuated with him. In fact, she even had a bad habit of being self-righteous. It should be known that as a member of the family, this

bad habit was the most unacceptable. Otherwise, it would bring a fatal disaster upon herself. And now, in his eyes, Ji min was the typical representative of someone who had caused trouble but was still unaware of it.

Not only that, but he also felt that the Ji family's education of Ji min over the years was a complete failure because Ji min simply didn't understand that she shouldn't have dreamed of something she was delusional about. It was no easy feat to dig her own grave!

In his eyes, Ji min was not even as cute as Meng Bao! At least, that woman was very real. She knew what he wanted and what was suitable for him. She was obviously Zhou kun's nemesis. At the thought of these two people, he could not help but think of how good Meng Bao was to Zhou kun. He could not help but chuckle softly.

Seeing Yu Chen suddenly start to giggle, Ji Yunshu looked at him in confusion. "Brother Yu, what's wrong with you?" Brother Yu was really abnormal like this, he was so scared.

"Hahaha! I was just thinking about the time when Meng Bao and Zhou kun were together. They were very loving!" Yu Shu said with a smirk. The little resentment he had for Zhou kun had long disappeared with the arrival of Meng Bao, because he knew very well that it would be a disaster for Zhou kun to be tied to Meng Bao for the rest of his life! Unfortunately, Zhou kun could not refuse at all.

"Unfortunately, Meng Bao is going to build a harem." Ji Yun said, gloating over Zhou kun's misfortune. He could also tell that Meng Bao seemed to be Zhou kun's nemesis. He, who knew what Meng Bao was thinking, actually sympathized with Zhou kun a little. This was because what Meng Bao was about to do now happened to be what Zhou kun had done in the past. He wondered if this was considered retribution. It seemed that people really shouldn't do bad things!

"Well, she seems to like men like Zhou kun. Do you think we should recommend a few to her?" Yu Chen suddenly winked and said.

"That's a good idea. I think the one named Liu Sen is quite suitable for her. Besides, Liu Sen is much taller and stronger than Zhou kun." Ji Yun suggested. Yu Chen, who had seen Liu Sen before, also nodded his head repeatedly. That guy was indeed Meng Bao's type!

Just like that, the two of them started to conspire with tacit understanding. Liu Sen, who was far away, did not expect that he would be set up again. However, he kept sneezing.

However, this was also his retribution. Who asked him to scheme against Ji Yun and the others first? People! He had to have the awareness of reaping what he sowed, otherwise, he would only bring fire upon himself.

Moreover, compared to him wanting Ji Yun and the others to die, it seemed that Ji Yun's idea was kind. Although Meng Bao's appearance was a little apologetic to the audience, he was a very meticulous and considerate woman! Ji Yun could tell from how she usually treated Zhou kun. Therefore, she felt that her thoughts were very kind!

On this side, Ji Yun and Yu Chen were discussing how to scheme against Liu Sen. On the other side, Meng Bao was pulling Leng ruoxue and talking non-stop. Suddenly, he cried out, "ah!" Suddenly, a sound

rang out. The few of them raised their heads in unison and looked in the direction of the sound. They happened to see Ji min's pale face, her legs going soft, and falling in the direction of the evildoer ...

The people present were all smart monkeys, so it was naturally not difficult to see Ji min's purpose. However, no one had expected that Ji min would actually come up with such a clumsy method. However, no one could see that the demonic man would know how to show tenderness to women!

Even Ji tao and Ji Wu looked at Ji min with disapproval. They didn't think that the demonic man would be so easy to scheme against.

"F * ck! This Vixen, I've long seen that she's not a good person, to actually think of your family's weak man. Leng, you can't let her go, or I'll look down on you!" After witnessing this scene, Meng Bao immediately swore. His eyes were wide open, as if Ji min was trying to take advantage of her man. In fact, she was feeling indignant for Leng ruoxue!

"Don't worry! She'll suffer the consequences of her own actions." Leng ruoxue laughed lightly as she understood. If a demon could be so easily schemed against, he would not be the man she liked.

"Uh! Are you sure? In fact, I don't think men are good at dealing with this kind of thing!" "So ..." Meng Bao said like an Emperor who was not in a hurry. However, before she could finish her sentence, the demonic man's figure flashed like the wind. Then, Ji min, who was falling toward him, fell directly to the ground in an extremely indecent posture!

She was the eldest young lady of the Ji family. She was famous for her nobility and elegance. But now, she had fallen to the ground like a dog eating shit. Her skirt was lifted up to her waist, revealing her long, white legs and her beautiful butt ...

"Argh! It hurts!" With a cry of pain, Ji min raised her head slightly. At this time, everyone could clearly see that Ji min had fallen more miserably than they had imagined.

At this time, Ji min's beautiful clothes that touched the ground had been torn, revealing half of her snow-white jade peaks. Her high nose bridge was also broken by the impact because she directly touched the ground. Her originally beautiful diamond-shaped pink lips were swollen like two sausages and covered with mud. The skin on her face was also damaged in many places. Blood flowed directly from the wound and quickly soaked her entire face ...

It wasn't an exaggeration to say that Ji min was a ghost now.

After Ji min fell down, she endured the pain on her face and elbow and got up from the ground. But at this moment, she couldn't help but feel hatred in her heart. Damn it, no one came to help her when she fell! This was preposterous!

At this time, she knew how to blame others for not coming to help her. However, why didn't she think about it? when she fell, she didn't expect anyone to help her at all. Her goal was completely on the evildoer. Unfortunately, he didn't care about her life or death! This was a fact that she did not want to touch.

At the thought of this, Ji min's resentful eyes unconsciously drifted to the evildoer and she said with an aggrieved face, ""Brother ye ..." Who knew that just as she opened her mouth to speak, her teeth fell to

the ground with a clatter. Instantly, everyone was once again stunned! Ji min was also completely dumbfounded.

What ... What was going on?

She had never heard of someone who fell and knocked out all his teeth. How was Ji min going to face others in the future? One had to know that things like teeth could not grow back just by eating healing medicinal pills. And if a woman, especially a beautiful woman with a well-known reputation, did not have teeth, how terrifying would that be?

After Ji min's teeth were knocked out, her lips, apart from the two sausages, were immediately deflated. She suddenly became a lot uglier. Seeing this, Ji tao and Ji Wu both lowered their heads in unison, not daring to look at Ji min at all. It was not difficult for them to imagine how angry Ji min was at this moment. However, they had overestimated Ji min's ability to endure. At this moment, she had completely fallen into a dazed state, so how could she still care about losing her temper?

Seeing Ji min's miserable state, Meng Bao laughed heartlessly. Her gloating laughter immediately attracted everyone's attention.

Receiving everyone's attention, Meng Bao was embarrassed, which was rare.

"W-why are you all looking at me?" Meng Bao whispered in embarrassment. At this time, shouldn't they be looking at the miserable state of the Vixen who tried to seduce other people's men? Why was he looking at her instead? this made her a little at a loss.

"You're too unsympathetic," Yu Shu said with a faint smile. In fact, he also wanted to laugh unscrupulously like Meng Bao, but unfortunately, his status did not allow him to be so casual.

[Chapter 1893 Two-Pronged Approach \(1\)](#)

"Sympathy? Why should I have sympathy? Even if I'm full of sympathy, I can't just give it to a Vixen who wants to seduce someone else's man! Hehe! It's already good enough that I didn't hit her when she's down, and she still wants me to pity her? In my opinion, she asked for it. She deserved it!" Meng Bao was slightly stunned. Then, he snorted disdainfully. Her words were not polite at all. When they heard this, Ji Yun and the other two felt their faces burning. They did not dare to defend Ji min, while Yu Chen's smile became even more profound.

At this time, Ji min also came back to her senses and heard Meng Bao's words. Suddenly, Ji min disregarded her image and roared in anger, ""What an ugly monster! What did it say? I dare you to say that again!"

"I'm sorry, I don't have the guts!" Meng Bao said in an infuriating manner. Only men have balls! How could she!

"My ..." Ji min was so angry that her whole body was trembling. In addition, she had almost lost all her teeth, so she couldn't speak clearly. However, her current image was completely different from her reputation!

Moreover, the people present believed that after this incident, Ji min's reputation would not be as good as before. As for how bad it would be, they did not dare to guess, but it would definitely not be good.

"Sister! You're already in this state, so it's better for you to speak less!" Ji Yun couldn't bear to watch any longer and couldn't help but ask.

"Is, is he still my little brother? I'm being bullied, and you're just standing by!" After hearing Ji Yun's words, Ji min, who had nowhere to vent her anger, immediately directed the spearhead at Ji Yun. In any case, she was certain that her younger brother would not disrespect her in front of others.

"You were bullied?" Ji Yun narrowed his eyes, his face filled with confusion as he repeated himself. Then, he said, "Who bullied you?"

Ji min was so angry that she almost vomited blood at Ji Yun's act of playing dumb. Damn it, Ji Yun clearly didn't want to interfere in her business! This won't do! She was Ji Yun's older sister and the eldest daughter of the Ji family. Therefore, she had to get back at him today.

She didn't want to touch Leng ruoxue for the time being so as not to leave a bad impression on ye chen. She couldn't afford to offend Yu Chen either. Therefore, after thinking about it, Ji min felt that Zhou kun and that ugly woman should be her punching bags and allow her to vent her anger. Otherwise, where would she put her face as the eldest daughter of the Ji family?

At the thought of this, Ji min stretched out her hand and pointed at Zhou kun and Meng Bao, making them her targets.

"By them!" Ji min said with a slightly aggrieved tone, her beautiful eyes still misty.

"Uh!" Zhou kun, who had been targeted even without doing anything, was immediately depressed. 'Damn it!' He didn't even say anything, okay? How could he be wrongly accused? Under the watchful eyes of the public, how could this damned woman have the nerve to accuse her?

Zhou kun couldn't figure it out. Was that person really the noble eldest daughter of the Ji family? Now, no matter how he looked at Ji min, she was not pleasing to the eye.

"I didn't say anything, okay?" Zhou kun reminded him with a slightly aggrieved expression. This was the first time he had watched a show so obediently in his life. However, he was still shot in the head even though he did that. Was there still justice in this world? At this moment, Zhou kun finally experienced the feeling of being wronged.

"Hmph! Although she didn't say anything, her expression can't be hidden from me!" Ji min roared in anger. What was her image? she had completely forgotten about it in her extreme anger.

"Uh! This works too? Miss Ji, I realized that I've only truly gotten to know you today. Thank you for opening my eyes. " Zhou kun cupped his fists and said with a look of admiration on his face. How could he not admire her? Ji min's ability to lie through her teeth had already reached the peak.

"What do you mean by that?" Upon hearing Zhou kun's words, Ji min became even more furious.

However, Zhou kun laughed without saying a word.

"Hehe! What else could it mean? I'm saying that you're a hypocrite!" Meng Bao interjected. In fact, it was not a big deal for The Heiresses of those families to be inconsistent.

"Inside!" Ji min was so angry that her eyes were bloodshot and her face was ferocious. Coupled with her shriveled sausage mouth, her current appearance was really as terrifying as it could get!

"Argh! A ghost! It's really too ugly!" Upon seeing this, Meng Bao cried out exaggeratedly and hid behind Leng ruoxue to seek protection.

Seeing this, Leng ruoxue smiled helplessly and said to Ji min, "Miss Ji, if you want to continue throwing a tantrum, no one will stop you. However, I think you'd better take care of your injuries first. You look quite scary now! Besides, everything we do here can be seen by the people outside. I'm afraid that many people will be surprised by your current appearance. So, you have to take care of yourself!"

After hearing Leng ruoxue's words, Ji min instantly calmed down. Then, she took out a healing pill and ate it. In an instant, the injuries on her face and arms were healed, but her teeth could not grow back! That was why her lips were sunken.

When she thought of this fact, the flame burning in Ji min's chest grew stronger and stronger, until it became a sea of fire! However, she had already calmed down and knew that her performance just now could very likely destroy her many years of business in one day. Therefore, she did not dare to act rashly.

However, what should she do with her teeth?

Without teeth, not only would there be gaps in her speech, but it was also unsightly. Therefore, Ji minchou's hair was almost white!

In fact, if she was still a high level deity, she would not be afraid of any injuries to her body. This was because when a high level deity advanced to become a deity, she would have a chance to repair her body's defects. However, she had already passed through that stage. Therefore, she naturally did not have that opportunity. Her teeth were also part of the body that could not be regrown. Therefore, if there was no good way to repair her teeth, then her life would really be ruined! One might ask? Which family would want a head lady who had lost all her teeth?

How did this happen? Ji min couldn't understand.

She had clearly calculated it well, but there was a deviation! It was fine that ye chen did not catch her tenderly, but how did she fall to the ground? And it fell so badly? How was she going to face others in the future? Now, everyone in the immortal realm probably knows about this matter. Sob ... Ji min only needed to think about it to feel terrified!

Moreover, she had lost her composure just now. Now, the perfect image that she had maintained for so many years was gone forever. She was filled with regret!

She had always been calm, but when she saw ye chen and Leng ruoxue standing together, she could not control the jealousy in her heart. Otherwise, with her cautious nature, she would not have done something so abnormal!

p Yes! She had blamed her behavior for being abnormal. This was definitely not her intention! Ji min thought.

At the same time, she had also viewed Leng ruoxue as her number one enemy. However, this enemy was rather cunning and she was afraid that she wouldn't be able to defeat her with just a few tricks. Hence, Ji min's attitude towards Leng ruoxue had become even more cautious.

[Chapter 1894 Two-Pronged Approach \(2\)](#)

"I'm sorry! I lost my composure just now, please forgive me!" After some consideration, Ji min changed her previous attitude and became humble and polite. Meng Bao was speechless at the speed of her change in attitude.

Meng Bao gently poked Leng ruoxue's arm and whispered to her in a voice that everyone could hear, "Wow! This woman can change her face! They were still glaring at us just now, but in the blink of an eye, they're all over again! It's really magical!"

"Isn't face-changing a compulsory course for all the daughters of noble families? Don't tell me you haven't learned it?" Leng ruoxue asked indifferently.

"Uh! I really haven't learned it." Meng Bao deliberately laughed in embarrassment, which was rare to see on his face.

"Then you should learn it! Don't say anything, you'll offend people." Leng ruoxue reminded him indifferently. If they offended some despicable people, they would not even know how they died.

"Why do you want to learn that? It's tiring to change faces, I'm not interested." Meng Bao said disapprovingly.

"This is called" When in Rome, do as the Romans do "!" Leng ruoxue sighed helplessly.

"Hehe! Then I'll be different!" Meng Bao said after thinking for a while.

"You're already different enough." Leng ruoxue rolled her eyes in her heart.

"Hehe! I think so too." Meng Bao boasted shamelessly. At this moment, she was no longer embarrassed!

Just like that, the two of them whispered one after another, completely ignoring Ji min. The others also ignored Ji min. For a time, Ji min stood in place like a fool, and the anger in her heart multiplied.

Damn it, she had already lowered her voice and tried to fix the conflict, but no one gave her a reaction. This made her feel very embarrassed.

Thinking of this, Ji min suddenly said, "Are you guys not willing to forgive me? It was all my fault just now. I wasn't calm enough. I'm sorry." After saying that, she looked at Meng Bao guiltily. After all, she was mainly targeting Meng Bao and Zhou kun just now.

Hearing Ji min's words, Meng Bao's eyes instantly widened and he looked at her in horror. Oh my God! This woman ... This woman was really terrifying. She was actually so flexible. She still remembered her mother's words that this kind of woman was the scariest. Therefore, at this moment, Meng Bao made up his mind to stay far away from this woman in the future, in case he didn't even know that he had been set up by her. As for Ji min's attitude towards him just now, she didn't argue with this woman on

account of how terrifying she was. The main thing was that she was afraid that she couldn't set Ji min up. After all, conspiracies and schemes were always open. She knew nothing about it!

Leng ruoxue smiled as she watched Ji min transform from a vicious Wolf into a little white flower. She felt speechless. With this woman's acting skills, it would be a pity if she didn't become an actress.

However, this woman still had some brains. It was not bad to have such an opponent. Otherwise, wouldn't life be boring?

As she thought of this, Leng ruoxue's attitude towards Ji min became more amiable. She smiled at Ji min and said, "Don't worry, Missy Ji. We don't blame you at all. We were also shocked by what happened just now, so we haven't come back to our senses yet. Besides, we all sympathize with you, so we don't mind your attitude. Don't worry!"

Leng ruoxue's words confused everyone present. Although Ji min had only targeted Meng Bao and Zhou kun, based on their understanding of Leng ruoxue, she should not have taken the initiative to interfere in this matter. Although they could all see that Ji min wanted to hit on that devilish man, she didn't succeed, did she? Hence, they could not guess Leng ruoxue's motive for being so concerned about her love rival.

Meng Bao's reaction was even more direct.

She stretched out a hand and placed it on Leng ruoxue's forehead. Then, she muttered to herself, "You don't have a fever! How could it be ..."

Meng Bao could not figure it out. At the very least, from the time she had spent with Leng ruoxue, she clearly knew that this woman was not an easy person to get along with! Even though she did not use her brain when she spoke or did things, her instincts were extremely sharp. Hence, she believed that she understood Leng ruoxue more or less. She was extremely puzzled by Leng ruoxue's actions of consoling that Vixen. After all, that damned woman was the man who had taken a fancy to Leng ruoxue!

"Of course I don't have a fever!" Leng ruoxue was speechless at Meng Bao's performance. She was just showing off her acting skills, did these people have to react like this! Even Ji Yun was looking at her with a face full of fear, as if she had been replaced. This fact made her feel rather helpless.

However, it was a good thing that the demon understood her.

Leng ruoxue gave the evildoer a praising look because she was very clear that the reason why Ji min had fallen so miserably earlier was because of this fellow's manipulation. However, she was not a kind-hearted person, so she naturally would not pity Ji min! Hmph! How could she not pay the price for coveting her man?

At this moment, the evildoer had walked to Leng ruoxue's side and saved her from leopard Meng's demonic grasp. At the same time, he gave leopard Meng a sharp look. Hmph! He must be tired of living to be hugging his woman!

Meng Bao, who had sensed the meaning of the devilish look, was so frightened by it that her heart trembled. "Wu ... This man's aura is really too powerful and too terrifying." With just a glance, her little heart began to tremble. Of course, this was not because she was moved, but because she was scared.

After giving Meng Bao a warning, the demon hugged Leng ruoxue and found a corner to sit down. At this moment, Lu Tao and Cui Zhu also served the food they had prepared.

He didn't expect it to be so shocking so early in the morning! As the two of them ate, their beautiful eyes sized up Leng ruoxue, the demon, and Ji min. Just now, their hearts were in their throats, and their impression of Ji min had plummeted. Now, they couldn't be bothered with her.

After breakfast, Leng ruoxue and the demon went back into the tent.

,m Seeing this, the flame of jealousy in Ji min's heart burned wildly again.

"What are they trying to do by entering the tent in broad daylight?" Ji min's tone was a little questioning, but everyone present only glanced at her indifferently and was prepared to ignore her.

They were fiancée and fiancée. What could outsiders do about what they wanted to do in the tent? Everyone, including ji tao and Ji Wu, thought the same, so no one responded to her words.

"Ji tao! I'm asking you a question!" Seeing that no one was paying attention, Ji min felt embarrassed and could only call out names.

"Argh! What's wrong?" Ji tao, who was called out, played dumb. Although he had always been quite protective of Ji min, this time, he didn't know how to protect her.

"Did you not hear what I said?" Ji min's face was red as she said unhappily.

[Chapter 1895 Two-Pronged Approach \(3\)](#)

"Eh? What did he say?" Ji tao was determined to play dumb to the end.

"I say, what are they trying to do by entering the tent in broad daylight?" Ji min repeated.

"Oh! I don't know!" Ji tao blinked his eyes and said with an innocent face. However, he couldn't help but secretly complain in his heart. Did he look like he was easy to bully? Why did Ji min always make him the first target? This made him very depressed.

"What about you guys? What do you guys think?" When Ji min saw that she couldn't get anything out of ji tao, she couldn't help but feel a little angry, so she simply turned the topic to everyone present.

"May I know what identity and position you're in to question us, miss Ji?" Yu Chen, who had originally planned to remain silent, opened his mouth.

"Yup! Who Do You Think You Are! Do we have to answer just because you asked?" Meng Bao was even more direct and did not give Ji min any face.

"I, I was just a little curious and wanted to discuss it with you." Ji min's face was red as she suppressed the anger in her heart and said with some embarrassment.

"Curious? Hehe! You just need to pull a man into the tent and you'll know what they're going to do, right?" Meng Bao said with a wretched expression. He even winked at Ji min ambiguously, making her feel both embarrassed and angry.

"You, how could you be so ... So ..." Ji min stammered again. In fact, she wanted to say something so obscene, but she deliberately did not finish the sentence to give everyone some space to think.

"Is he so perverted and obscene? Hehe! This is called the truth, unlike some people who are obviously dirty in their hearts but pretend to be noble and generous. Who are you pretending for?" Meng Bao pointed at the Mulberry and scolded the locust, his face full of disdain.

"You ..." Ji min was so angry that she couldn't say anything. In the face of such a vulgar woman like Meng Bao, her previous means were completely useless. This made her feel like she was playing the zither against a cow.

On the other hand, Meng Bao did not care about Ji min's reaction and attitude at all. He walked straight to Zhou kun's side and hugged him in his arms. "Go! Little Kunkun, let's go into the tent and have some alone time with each other. Don't be with a female beast in heat, or else I'm afraid you'll lose your innocence!"

Upon hearing Meng Bao's words, Zhou kun rolled his eyes continuously and thought to himself, 'aren't you the female beast in heat?' However, he didn't dare to say this out loud. Otherwise, this tigress would not let him go. In a situation where he couldn't defeat his opponent in martial arts, he could only compromise and let the tigress do whatever she wanted. He was really too pitiful.

Zhou kun, who was secretly upset, was carried into the tent by Meng Bao under the watchful eyes of the crowd. Yu Chen and the others were already used to it, but Ji min widened her eyes as if she had seen a monster and said with a look of disbelief, "They ... They ..."

Unfortunately, there was no one to clear her doubts.

After Leng ruoxue and the others returned to the tent, Lu Tao and the rest did not stay any longer. They did not even greet Ji min and directly entered the tent.

Ji min looked at the gradually decreasing number of people and widened her eyes in disbelief. Just as Ji Yun was about to return to his tent to be alone, he was stopped by Ji min.

"Xiaoyun, I have something to discuss with you." Ji min hurriedly said. When she saw the obvious impatience on Ji Yun's face, Ji min went crazy. When had she become so unpopular? In the past, even if Ji Yun didn't like her, he wouldn't show it on his face. But now, the way Ji Yun looked at her was as if she was a pile of shit. This was something she couldn't accept.

"I have nothing to say to you." Ji Yun said indifferently. He didn't even look at Ji min as he walked around her and prepared to return to his tent.

Upon seeing this, Ji min thickened her skin and followed him in. Then, she looked at Ji Yun with a serious expression. "This is very important. It concerns our future."

"Oh! Since that's the case, then tell me!" Ji Yun said with a smile that was not a smile. He wanted to hear what Ji min intended to tell him.

"You like that miss Leng a lot, don't you?" Ji min went straight to the point.

"So what if I like him? So what if you don't like it?" Ji Yun didn't answer directly, but Ji min took his reaction as a silent admission. After all, she thought she understood her brother very well. Moreover, the affectionate gaze that Ji Yun used to look at Leng ruoxue didn't escape her eyes.

"If you like her, you should take the initiative to fight for her. Otherwise, she will belong to someone else." Ji min said in a somewhat resentful tone. Her impression of Ji Yun had always been that he was willful and reckless. Therefore, Ji Yun's current reaction made her very uncomfortable.

"She already has a fiancé." Ji Yun reminded with a faint smile.

"So what? As long as you like her, you should snatch her away, shouldn't you? You're the young master of the Ji family, don't tell me you're not worthy of her?" Ji min tempted. She couldn't help but think that if Ji Yun was willing to cooperate with her and the two of them attacked them at the same time, she believed that it wouldn't take long for them to get what they wanted.

Unfortunately, would things really turn out as she thought?

"I'll snatch ruoxue over, and then that evil man will be yours, right?" Ji Yun said in understanding. In his heart, he despised Ji min's whimsical thoughts. What a blind fool. She was completely blinded by beauty. Could it be that she didn't see that whether it was Leng ruoxue or that demonic man, they were not people who could be manipulated by others? Although he did have some thoughts about ruoxue, he had never thought of forcing her. However, this sister's thoughts could very likely bring disaster to the Ji family. Hence, he had to be on guard!

"Isn't this a happy ending?" Having been seen through by Ji Yun, Ji min no longer hid anything and directly admitted it.

"It's a win-win situation, but do you think it's feasible?" Ji Yun wasn't optimistic about Ji min's thoughts.

"Of course, this is my decision after much consideration. As long as we join forces, I don't believe that they can escape from our hands!" Ji min said confidently.

"Sister, it's good to be confident, but I think you should find a way to repair your teeth first. Otherwise, with your current appearance, I'm afraid no man can get you easily!" Ji Yun kindly reminded.

"I have my own plans for this!" Ji min's face immediately sank when she heard Ji Yun mention her teeth. She spoke in an unpleasant tone.

"You just have to find a way to keep that woman busy," she said. "Leave brother ye to me."

"Alright!" Ji Yun nodded. He wanted to see what this self-righteous sister of his would do.

"Xiaoyun, as long as you cooperate with me, we'll definitely get what we want." Ji min worriedly warned.

"No problem. Just tell me what you want to do. I'll find a way to cooperate with you." Ji Yun agreed, but in his heart, he wanted to watch a good show. After all, he didn't think that his sister, Ji min, would have a chance to succeed.

"Then, I wish us a happy cooperation!" Ji min said with satisfaction. At this moment, her entire body and mind were filled with excitement. She simply didn't think about why her younger brother, who loved to

oppose her the most, would agree so readily. However, even if she thought about it, she would probably think that this was the charm of love.

After Ji min got her wish, she left Ji Yun's tent without looking back. Not long after she left, Yu Chen came again.

"Brother Yu, did you make an appointment with my sister? The two of them actually had such a tacit understanding and came to find me one after another. " Ji Yun laughed as he teased.

"Don't talk nonsense. I saw that she was looking for you, so I came to take a look." Yu Chen explained. Then, he turned to Ji Yun and said,"Ji Yun, although we haven't known each other for a long time, I've always treated you as my younger brother and ruoxue as my younger sister. So, I don't want you to ruin the hard-won friendship between us because of a single mistake. Do you understand?"

Yu Chen's words weren't without reason. After Ji min looked for Ji Yun, he had already guessed some things. However! He couldn't say it out loud! After all! He might have been overthinking it. However, he was older than Ji Yun, so it was fine to give him a reminder. There was nothing wrong with this. He could just take it as a rainy day plan. Who asked one of the siblings to like little sister ruoxue and the other to be interested in her fiancé? Ai! What an ill-fated relationship!

"Don't worry, brother Yu. I know what I'm doing. I won't do anything rash. " Ji Yun nodded. In his heart, he was very grateful to Yu Chen. After all, Yu Shu was willing to say these words to him. It was enough to show that Yu Chen did not treat him as an outsider and was sincere to him. Otherwise, he would not care about his life or death!

"That's good! That sister of yours, sigh!" Yu Chen sighed at the mention of Ji min. That woman really made him speechless.

"She won't turn back until she's badly injured." Ji Yun understood. In fact, if a bloody head could make Ji min turn back, that would still be good. He was afraid that Ji min would be stubborn and wouldn't give up until she achieved her goal. If that happened, it would definitely be a great disaster for the Ji family!

When he heard Ji Yun's words, Yu Chen nodded in agreement and secretly decided to keep an eye on Ji min within his capabilities so that she would not cause trouble for sister ruoxue.

For the next few days, Ji min kept a very low profile. She did not even look at evildoer in the eye. When she saw the two of them, she would only greet Leng ruoxue as if evildoer was air and did not exist. Such a Ji min made Leng ruoxue feel that she was a stranger.

Looking at Ji min, who was trying her best to get close to her and please her every day, Leng ruoxue couldn't help but feel a sense of wariness. Although she didn't know what Ji min was up to, it was always better to be safe than sorry.

At the same time, the demon took the initiative to look for Zhou kun ...

[Chapter 1896 The Call Of The Door \(1\)](#)

The reason why the demon looked for Zhou kun was entirely because of Zhou kun's previous challenge to him.

However, after Zhou kun saw the demon, he was not happy at all. He trembled and looked at the demon with a vigilant look. He asked in a trembling voice, "W-what are you doing?" At this moment, he had long forgotten the challenge he had raised to the monster.

"Didn't you challenge me? If I lose to you, I'll have to leave Xue 'er. I don't think we have anything important to do right now, so why don't we fight now?" The demon said indifferently. No one could tell his emotions from his expression.

Upon hearing that, Zhou kun trembled even more violently. He ... He was only a god tier master. How would he dare to fight with the God King? Moreover, the demonic man's aura seemed to be even stronger than Yu Chen and Meng Bao 's! If he really fought with them, wouldn't that be courting death? At this moment, he was a little regretful. Why didn't he ask her fiancé's strength clearly before he wanted to challenge him? Great, now it's too late to stop! Ai! Beauty is harmful!

And looking at this man's posture, if she didn't fight with him, it seemed that he wouldn't let it go! This ... What was he supposed to do?

Zhou kun felt extremely conflicted. With Meng Bao around, he no longer had much hope that he could be together with Leng ruoxue. After all, Meng Bao had leashed him! Furthermore, she had been following him closely all day, causing him to not even dare to take a second look at Leng ruoxue. Otherwise, if he was discovered by leopard Meng, he would suffer tonight!

Seeing Zhou kun's dilemma, the demon urged him indifferently, "Come quickly! After the battle, Xue 'er's ownership will be even clearer. "

When the evildoer said that, he deliberately emphasized the word 'belonging'. Upon hearing that, Zhou kun's heart trembled for no reason. He could tell that this man was not to be trifled with, and it seemed that he could not afford to offend him.

"Don't waste time, I still have to accompany Xue 'er after this fight!" The demon couldn't help but feel a little impatient when he saw that Zhou kun still had no reaction. 'This man is really not a man. Why didn't he hesitate when he challenged me back then?' Now that he had really come to accept the challenge, he was actually hesitating! This was preposterous!

Upon seeing Zhou kun's expression, the demon was even more determined to beat Zhou kun up in one go, lest he had any ideas about Xue 'er.

In fact, when he first heard about this matter, he had intended to make Zhou kun suffer a fate worse than death. He actually dared to have designs on his woman. Wasn't he courting death? However, seeing that he had now become a certain woman's exclusive property, he changed his mind and decided to let Zhou kun live well and for a long time. As for Zhou kun's enemies, he did not mind having a talk with them on Zhou kun's behalf if there was a chance!

"I, I ..." Zhou kun wanted to refuse, but he couldn't bring himself to say it. He could only look at the devilish man in front of him while trembling. 'Oh ... He's so useless!' But could he be blamed for this? The pressure this man gave him was like a mountain, and he couldn't bear it.

At this moment, Meng Bao, who had been eavesdropping outside, rushed in.

"I'll fight little Kunkun's challenge for him!" Meng Bao suppressed the anger in his heart and growled in a low voice. Then, he glared at Zhou kun fiercely. 'Damn it, no wonder he didn't allow me to be present just now. It turns out that he's up to this?'

Although Meng Bao was angry, Zhou kun was her subordinate. Therefore, she still had to support Zhou kun at critical moments. Besides, Zhou kun was not in a good condition to fight.

"Leopard! Leopard!" Upon hearing Meng Bao's words, Zhou kun was so touched that tears welled up in his eyes. He thought to himself, 'Baobao is still the best!' However, Meng Bao did not give him a good look.

"You? No! He was the one who challenged me. " The demon refused. He accepted the challenge not only to respond to Zhou kun's challenge, but more importantly, to teach Zhou kun a good lesson. If Meng Bao took action on Zhou kun's behalf, there would be no point in accepting the challenge. Therefore, how could he possibly accept it?

"Why not? Little Kunkun is my man! I can help him. " Meng Bao said in dissatisfaction. Her intuition told her that this demonic man looked down on her, so he didn't want to fight her!

"He's a man. If news of him letting a woman stand up for him were to spread, would he still think of having a foothold in the divine realm in the future?" The demon said in a light tone.

"But he, he can't fight in his current condition!" Meng Bao stammered. She knew that Zhou kun's reputation would be affected if she took action. However, Zhou kun was pregnant with her baby. How could she allow Zhou kun to fight with someone at this time? W-what if she accidentally hurt her child?

"Why can't I?" The demon asked in confusion. His handsome face was filled with confusion.

"He's pregnant, so he can't use force. I hope young master ye can understand!" Meng Bao said honestly.

"Oh! So it's like this!" The demon nodded his head and suppressed his laughter. "I can understand that he can't use force because he's pregnant, but how do I deal with the challenge he issued to me? Could it be that she had to wait for him to give birth to the child? I can't wait that long!" The demon seemed to be in a difficult position, his handsome face full of conflict.

"Didn't I say that I'll fight in his place?" Meng Bao reminded.

"I've also said that I refuse!" The demon said, leaving no room for discussion.

"Then you'll have to wait for him to give birth to my child before you come to find him!" Meng Bao said unhappily, but he had made up his mind to let Zhou kun give birth one after another, in case this evil man really came to settle scores with Zhou kun! She did not want to give this demon a chance to hurt her little kun kun.

"Alright then!" Seeing this, the demon could only agree. Then, he left with a face full of regret.

As soon as the demon left, Zhou kun immediately took the initiative to hug Meng Bao, feeling extremely touched. He said gratefully, "Leopard, it's all thanks to you. Otherwise, I'm afraid I wouldn't even know how I died today!" He still had lingering fear in his heart!

"You just found out? Hmph! I'll let you challenge anyone you want! I'm asking you to randomly issue a challenge to others!" Meng Bao pinched Zhou kun's strong body with all his might, feeling resentful that Zhou kun had failed to live up to his expectations. Zhou kun was in so much pain that he kept squeaking!

"Wuwu.....Leopard, I know I was wrong, stop pinching me! It hurts!" Zhou kun begged for mercy as he dodged. The wretched woman was ruthless, and she only pinched a little bit of his flesh. It was so painful that he wanted to bang his head against the wall!

p "You'll die from the pain!" Although she knew that little Kunkun had been coveting Leng ruoxue, with her around, little Kunkun's wishful thinking would naturally fail. However, when she saw her fiancé looking for her, she could not help but feel sour inside.

"Leopard! I'm dying from the pain, are you willing to do that?" Zhou kun pretended to be weak because he knew very well that Meng Bao was his backer now. Without Meng Bao's protection, he would be in a very miserable state. Hence, no matter what his purpose was, he had to coax this woman at this moment!

[Chapter 1897 The Call Of The Door \(2\)](#)

"What's there to be reluctant about? it's not easy to find a two-legged Toad, but there are many two-legged men!" Meng Bao said disapprovingly. If it were in the past, she would never have said such words. However, ever since she had Zhou kun by her side, her self-confidence had skyrocketed, and she seemed to have seen the blueprint of her future harem. Therefore, she was a little smug.

"Leopard, I'm sad!" Upon hearing that, Zhou kun looked hurt and glared at Meng Bao resentfully. He then lowered his head and looked at the ground.

"Uh! Why are you hurting my ass! You had so many women in the past, I should be the one feeling sad!" Meng Bao roared furiously. As long as she thought of this, the anger in her heart would be uncontrollable.

"You said it yourself, it was in the past!" Zhou kun reminded him carefully.

"Alright! Since it's a matter of the past, I'll be magnanimous and not haggle over it with you. However, if you dare to cheat behind my back in the future, I'll make you die an ugly death. I mean what I say!" Meng Bao warned him seriously.

"Baobao, I wouldn't dare! I only need you. " Upon hearing that, Zhou kun hurriedly tried to please her.

"That's more like it! By the way, you can't have any more ideas about that Leng girl. Let me tell you, her fiancé is not to be trifled with, so you'd better not provoke him! If you see him in the future, you must stay as far away from him as possible. Otherwise, just based on the letter of challenge you sent him, he has a reason to kill you!" Meng Bao reminded.

"Then, then what should we do?" Zhou kun was really afraid.

"What else can we do? Cold mix!" Although she had already decided that she would have the opportunity to plead with Leng ruoxue, she would not tell Zhou kun about it, in case he did it again in the future!

"Baobao, if ... If something happens to me because of this, you must raise our child well and tell him not to make the mistakes his father once made!" Zhou kun thought about it and actually said his last words.

"You can tell this to our child yourself, I won't say it!" Meng Bao was exasperated. "This guy ... This guy only has this much courage?"

After saying that, Meng Bao turned around and left in a Huff, leaving Zhou kun, who was secretly struggling.

After the demon left Zhou kun's place, he headed straight to Leng ruoxue's tent.

At this moment, Leng ruoxue was lying comfortably in the tent, enjoying the not-so-beautiful scenery outside. When she saw the demon walking in with a smirk on his face, she raised her brows and could not help but ask, "Why? did you teach Zhou kun a lesson?"

She knew that the evil demon had gone to settle the score with Zhou kun. However, she did not think that the evil demon would be able to achieve his goal. After all, with Meng Bao around and Zhou kun being pregnant, there was a high chance that the matter would be foiled.

"No, I didn't! That guy was too useless. He couldn't even speak when he saw me. In the end, it was that leopard who came forward and said that he would fight on his behalf. However, I didn't agree. " The demon explained. The person he was looking for was Zhou kun, and the person he wanted to teach a lesson to was Zhou kun. Therefore, he naturally would not agree to Meng Zhan fighting in place of Zhou kun.

"Meng Bao loves Zhou kun very much. I'm afraid you won't be able to fight him." Leng ruoxue said.

"It doesn't matter. It's quite interesting to see that guy being so obedient to a woman." He even felt that Zhou kun's current life would definitely be better than him teaching Zhou kun a lesson to vent his hatred. Which man could tolerate the taboo of becoming a woman? Unfortunately, Zhou kun could not resist at all.

"Hahaha! That's right! After seeing the way they get along, you might sympathize with Zhou kun. " Leng ruoxue's smile was like a little fox, extremely adorable.

When the demon saw this, he could not help but pull Leng ruoxue into his arms and hug her tightly.

Oh! Xue 'er's body was so fragrant, so soft, and so comfortable to hold. The demon took a deep breath and thought to himself with a satisfied expression.

Just then, a deafening sound came from outside the tent.

"Is little sister Leng here? I have something to tell you. " There was no need to ask to know that the one who spoke was Ji min, who had stopped talking for a few days.

When the demon and Leng ruoxue heard this voice, they looked at each other. Then, Leng ruoxue's mind changed and she sent the demon into the bracelet.

"I'm here, come in!"She replied.

"Younger sister Leng, why do you lock yourself in the tent all day and not go out to chat with us? I'm so bored!" Ji min asked with a face full of concern. At the same time, her pair of beautiful eyes kept sizing up the surroundings of Leng ruoxue's tent, as if she was looking for something.

However, after a round of searching, she finally confirmed that Leng ruoxue was the only one in the tent.

How was that possible? She clearly saw brother ye come in, but why was he not there now?

One must know that she had not really wanted to chat with Leng ruoxue when she came to look for her. Her main purpose was definitely to have ulterior motives. However, her purpose for coming here was not here at all. For a moment, she did not know what to do.

If she were to chat with Leng ruoxue, she really didn't think there was anything to talk about with her. If the conversation between the two of them continued to revolve around ye chen, she was afraid that her efforts over the past few days would be in vain. After all, she had acted as if she did not care about ye chen these few days. It was also because of this that her relationship with Leng ruoxue had progressed so quickly. Even the way they addressed each other had become more intimate. Therefore, she really did not want to waste her efforts over the past few days.

"I'm used to being alone. " Leng ruoxue said indifferently, but in her heart, she scoffed at Ji min's motive. Every time this woman came to find her, she would first find out if the evildoer was here. If the evildoer was here, even if he ignored her, she would still be overjoyed. If the evildoer was not here, she would be as listless as she was now, with a face full of hidden bitterness.

Leng ruoxue could not understand this at all.

Ji min looked like a smart woman, but why did she become infatuated with a man? Seeing her behavior, Leng ruoxue couldn't help but suspect that the Ji family's education of her had failed.

After all, the young miss of a zhengzhen family couldn't be so weak. Otherwise, how could she serve the family? A beauty trap was enough to capture the young lady that the family had carefully cultivated. Which family would dare to put such a Clansman in an important position? Ji min shouldn't be unaware of these reasons, but Ji min still insisted on doing so. It seemed that she could only say that the charm of a demon was too great.

"By the way, why isn't brother ye accompanying you? I think I saw him come in here just now. " After enduring it for a while, Ji min still couldn't help but ask.

"Yes, but he left before you came." Leng ruoxue said helplessly.

"Brother ye, why aren't you accompanying you? This place is so dangerous!" Ji min said with a disapproving look, but she was thinking in her heart, if brother ye didn't accompany you, how would I have the chance to see him? How would she have the chance to perform well in front of him?

[Chapter 1898 The Call Of The Door \(3\)](#)

"Dangerous? We've been here for almost a month, and we've only seen a few people. How could there be danger?" Leng ruoxue said disapprovingly. However, she was thinking in her heart, where did the

people who entered this place go? Could this place really be boundless? She had always been suspicious of this.

"Since it's a competition, it's impossible to be without danger. It looks calm now, but I can only say that the time isn't right! So, brother ye should be by your side every day, so that he can protect you well. " Ji min said very seriously. Those who didn't know would think that she cared about Leng ruoxue a lot when they heard her words. In fact, she was doing it for her own selfish reasons.

"Men have things they need to do, how can they guard a woman all day? Besides, we women shouldn't rely too much on men, or we'll lose ourselves. So, if you want to protect yourself, you have to become stronger. Only then can you guarantee that you won't be hurt. " Leng ruoxue said indifferently.

"Hehe! What you said makes sense. " Ji min agreed with an embarrassed smile.

"Miss Ji, what's the matter?" With a faint smile, Leng ruoxue took the initiative to ask about the reason why Ji min had come to look for her. Or rather, it could be said that it was an excuse.

"Uh! I want to ask you when we're leaving this place. " The gears in Ji min's head turned quickly. She thought for a while and said,"actually, the main reason she came to look for Leng ruoxue was to see Yechen. She said that she had something to do because she was afraid that Leng ruoxue would refuse to see her. Otherwise, why would she come to look for Leng ruoxue for no reason?"

"We don't plan to leave this place." Leng ruoxue said with a smile.

"Argh! Don't tell me you guys want to stay here until the end of the competition?" Ji min asked in surprise. How, how could this be? If she stayed here, how would she have the chance to see Yechen? After all, even if she came to look for Leng ruoxue every day, she could not guarantee that she would be able to see her sweetheart every time.

"Why not?" Leng ruoxue laughed.

"But this is a competition! If we stay here, we won't have the chance to fight with others. " Ji min reminded him anxiously.

"Even if I don't stay here, I'm afraid I won't have many chances to fight with others, right? Or do you want to have a fight with everyone here?" Leng ruoxue said with a smile that was not a smile. Actually, she could not understand it either. Wasn't this the elite competition? Why were there so few chances to fight? When she first entered this place, she was full of pride and passion. Now, she had been here for almost a month, and her initial enthusiasm had almost been worn out. At this time, she only wanted to leave this place as soon as the competition was over. She didn't want to stay in this damn place for another moment.

"I ... I just feel that we shouldn't be stuck in one place. That way, we won't have more chances to see others." Ji min whispered.

"Before we came here, we've been to many places, but the people we've seen are only these people you see now. So, do you still think we should go somewhere else? Moreover, there were only a few days left until the end of the competition, so it was better to stay here! Of course, if you can't stay here any longer, you can go to other places to have a look. I won't stop you!" Leng ruoxue said with a smile. In other words, she was saying that they would not leave this place.

"I ... I was just making a suggestion. Since no one really wants to move, I will naturally obey the majority!" Ji min quickly expressed her position. What a joke, how could she leave alone?

"Since that's the case, miss Ji can live here in peace! To be honest, we won't be able to stay here for long. " Leng ruoxue lifted her eyelids and said indifferently.

"En!" Ji min nodded unwillingly.

"Miss Ji, is there anything else?" Leng ruoxue shot a glance at Ji min and continued to ask.

"Uh! It's gone!" Ji min said hatefully. She could tell that he was asking her to leave! However, she didn't want to leave this place so soon. She still had a glimmer of hope and wanted to see Yechen!

"Then I won't send you off!" Seeing that Ji min was acting dumb, Leng ruoxue had no choice but to be direct. After she finished speaking, she immediately closed her eyes and pretended to sleep. At this moment, baby, who had been lying in her arms, opened his beautiful purple eyes that were overflowing with light. He glanced at Ji min, and a hint of ridicule flashed across his eyes.

Seeing the reaction of the man and the Beast, Ji min was furious. That damned Leng ruoxue! Those detestable foxes, they actually ... She felt a deep blow to her self-esteem! "However, I'll have the chance to get back at them for their contempt," Ji min thought to herself. Then, she left Leng ruoxue's tent in a fit of anger.

"Cute master! That annoying woman has left. " Seeing Ji min leave, the baby cheered and almost danced.

"En!" Leng ruoxue nodded and entered the bangle with the treasure.

Compared to their jubilant mood, Ji min's mood wasn't so good.

After leaving Leng ruoxue's tent, she went to look for Ji Yun.

Before she even entered Ji Yun's tent, she could hear the sounds of laughter coming from inside. This could not help but make the anger in her heart grow even more!

Damn it, she had suffered at Leng ruoxue's hands, but these guys were actually talking and laughing.

In fact, she was being unreasonable.

How would she know what had happened between her and Leng ruoxue? Could it be that because of Leng ruoxue's cold treatment of her, no one could even smile?

Ji min walked into Ji Yun's tent, her heart filled with anger.

After seeing Ji min, the people in the tent stopped laughing. Ji Yun looked at her with an unkind expression and said with some displeasure, "What are you doing here?"

"Can't I come?" When Ji min heard this, she was so angry that her lungs were about to explode. Damn it, what kind of attitude was this? No matter what, she was still the young miss of the Ji family, and now they were treating her like an outsider! How could she, who had always been proud and arrogant, tolerate this?

"Didn't I tell you not to disturb me if there's nothing important?" Ji Yun shot a glance at Ji min and said coldly. From his sister's appearance, she must have been treated coldly by ruoxue. Otherwise, she would not be so flustered and exasperated!

"I'm looking for you!" Ji min gritted her teeth, her heart filled with endless hatred for Ji Yun! This was her lousy little brother? To think that she loved him so much, but this damn brat always wanted to go against her!

"If there's something, say it!" Ji Yun urged.

"All of you, leave. I have something to discuss with Ji Yun." Ji min glanced at the people in the tent and said to them.

When ji tao and Ji Wu heard Ji min's words, they were about to get up and leave, but they were stopped by Ji Yun.

"Sister, if you have something to say, just say it! They're not outsiders, so there's no need for them to leave." Ji Yun said unhappily while glaring at the two. He was angry at them for listening to Ji min. Look at how calm big brother Yu was, he didn't take Ji min's words seriously at all.

Receiving Ji Yun's glare, ji tao and Ji Wu felt aggrieved! Could they not leave? Ji min was the eldest miss of the Ji family, and her status in the Ji family was above theirs. If they didn't give Ji min face and were later sued by Ji min, the losses would outweigh the gains!

When Ji min heard Ji Yun's words, she was so angry that smoke seeped out of her seven orifices. She fiercely glared at Ji Yun before turning around and leaving in a Huff.

Seeing Ji min leave, Ji Yun laughed complacently. He knew that Ji min's words would be shameful, hehe!

"Ah!"

Suddenly, a cry of surprise came from outside the tent.

Ji tao and Ji Wu's expressions changed upon hearing this.

"It's sister min!" The two of them asked worriedly.

"Don't worry about her. She'll be fine. Maybe she just wants to lure us out." Ji Yun disapproved.

"But ..." Ji tao was a little uneasy. However, before he could finish his sentence, he swallowed his words under Ji Yun's glare. Ji Yun's gaze just now was so frightening!

At this moment, the earth suddenly trembled and the entire space trembled. Ji Yun and the others looked at each other and then rushed out of the tent without hesitation ...

At the same time, Leng ruoxue, the demon, Lu Tao, Cui Zhu, Meng Bao, and Zhou kun, who felt that something was amiss, ran out of their tents. They gathered together when they saw Ji Yun and the others.

"What happened?" Leng ruoxue couldn't help but ask. Her beautiful eyes were searching everywhere. Other than Ji min, everyone was here. Didn't that mean that something had happened to Ji min?

However, just as she finished her sentence and before the crowd could respond, the space in front of them started to distort. Following that, a few white lights flashed and enveloped Leng ruoxue and the rest within ...

When the blinding light disappeared, Leng ruoxue and the others opened their eyes. They realized that they were no longer in their campsite. Without realizing it, they had been transported to a strange and mysterious place.

"Where is this place?" Everyone looked at each other in surprise.

They were currently in a space filled with dense fog. This space seemed to be boundless, and it was much better than where they had been before. At the very least, there was no oppressive and depressing atmosphere here. Even the spiritual Qi was unusually dense. Not only that, they felt extremely comfortable after only staying here for a while, as if they had returned to their mother's warm embrace.

Just as everyone was still in a state of shock and disbelief, a door that was shimmering with white light appeared from the fog. The door was so tall that it reached the clouds. The door exuded a majestic aura. With a 'bang', the door opened to both sides. The aura that came from the door seemed to be calling Leng ruoxue and the others, causing them to walk towards the door involuntarily ...

Leng ruoxue and the rest followed the feeling in their hearts and walked through the door. After passing through a wide passage, they arrived at a square.

At this moment, the square was already filled with people. However, most of them looked very confused. It was obvious that they had not yet adapted to the sudden change.

Not only were there God-level Masters, but there were also divine Lords, divine kings, and divine emperors. It should be said that the representatives of almost all the families who had come to participate in the competition were gathered here.

Seeing these people, Leng ruoxue's suspicion grew even deeper. What did he mean by gathering all of them together? However, she still maintained a calm and composed look on her face.

At this moment, the ning family's participants saw Leng ruoxue and quickly went up to greet her.

"Miss Leng, we finally get to see you." The one who spoke was an elder of the ning family. He was about forty years old, handsome, and had the strength of a divine Emperor. The moment he saw Leng ruoxue, his eyes seemed to be filled with tears. He was also the Vice-leader of the ning family.

When Leng ruoxue saw how agitated this old man was, she could not help but feel a sense of exasperation. What was going on? Why did it seem like the Emperor had found his organization when he saw her? Or did something happen that she didn't know about?

"Elder ye, what happened?" Leng ruoxue asked with a suspicious look.

"No, it's just that I haven't seen miss Leng for too long, and I really miss her." Elder Yi said, slightly embarrassed. His cheeks were even slightly red. When the demon heard his words, he glared and snorted coldly, dissatisfied.

"Uh!" When elder Tong saw the evildoer's reaction, he was so frightened that he shrunk his neck. He smiled bitterly and transmitted his voice to Leng ruoxue, "Miss Leng, to be honest, this time's elite gathering seems to be different from the past. I don't know if this is a good or bad thing! AI!"

"What's different?" Leng ruoxue was very curious.

"In the previous elite meetings, everyone should have already started fighting by now. However, we are still standing here. More importantly, we don't even know where we are. However, what is certain is that we can't start a war even if we want to. It seems that our strength has been restricted by someone, and no one can fight." Elder qu explained helplessly. Previously, there were families who hated each other. When they saw each other, they were ready to attack. However, they realized that they could not use their divine skills at all. From that, they knew that they could not attack at this time.

"How did this happen?" Leng ruoxue asked in surprise. No wonder these people were all standing here with blank expressions. Now, she finally knew the reason.

"Furthermore, now that everyone is gathered together, if we were to really fight, I'm afraid ..." Elder qu wanted to speak but stopped halfway. However, Leng ruoxue understood what he meant. Now that the participants from the various groups were all gathered together, the number of casualties would be incalculable if they were to fight. This would also give those who wanted revenge the best chance. Hence, if they were to really fight, this battle would be extremely bloody!

"Elder ye, now that things have come to this, there's no point in thinking about it. However, I believe that since someone has gathered all of us here, they definitely won't let us stand here stupidly. So, since we're already here, let's just take it one step at a time! When the time comes, everyone will adapt to the situation!" Leng ruoxue said after some thought.

"En!" Elder Tong nodded his head slightly. After seeing Leng ruoxue, his originally anxious heart actually calmed down. Furthermore, the family head had repeatedly reminded them to follow Leng ruoxue's lead if they had the chance to see her after entering the special space. Hence, when he saw Leng ruoxue, it was as if he had seen his backbone.

Following that, Leng ruoxue transmitted her voice to evildoer, Ji Yun and the others, briefly explaining the situation that elder ye had told her. After everyone understood, they stood at their original positions and waited for the situation to unfold.

"Miss!" All of a sudden, Leng ruoxue heard a familiar voice. She raised her head and saw Feng Da, Lin Yuan, and the rest walking in their direction with large strides.

However, who was the girl following behind them?

The girl looked very young. She had a childish face and was full of youthfulness. Although she wasn't very beautiful, she gave people a feeling of vitality.

"Miss! We've missed you so much." Just as Leng ruoxue was making wild guesses, Feng Da and the rest had already walked in front of her.

"I also missed you guys." Leng ruoxue said with a faint smile. Feng Da and the others seemed to be in good spirits, so they shouldn't have encountered any big trouble.

"You're their master?" At this moment, a voice interrupted Leng ruoxue and Feng Da.

Leng ruoxue lifted her eyelids slightly and looked at the woman who spoke indifferently. Then, she gave Feng Da a questioning look.

"Miss, ignore her. She's sick!" Feng Da quickly said in a bad mood. Looking at the woman who followed him like a shadow, Feng Da felt very regretful in his heart. Why did I meddle in other people's business in the beginning? Now, he had provoked a big problem that he couldn't get rid of.

"You're the sick one! You actually dare to say that about me? Don't you know that I'm your future master?" When the woman heard Feng DA's words, she growled in anger. However, Feng DA's reaction was to roll his eyes at her, which made the woman even more furious.

When Leng ruoxue heard the lady's words, she raised her eyebrows in disbelief. Then, she turned to Feng Da and said, "What do you mean by future master?" She did not believe that Feng Da was planning to betray her.

"Young miss, ignore her. Just treat her words as farts." Feng Da said rudely.

"Your words are bullshit!" The woman roared and jumped three times in anger!

"Do any of you want to explain to me what's going on?" Leng ruoxue felt a headache coming on when she saw Feng Da and the woman fighting like cockfights.

"I want him! Just give him to me!" When the woman heard Leng ruoxue's words, she immediately went straight to the point.

"You want him? I'm sorry, but he already has a master. I can't make a decision for him!" Hearing the woman's overbearing words, Leng ruoxue was speechless. She couldn't help but guess in her heart, 'it's only been a few days since we last met, how did Feng Da get involved with Tao Hua? This time, he was probably going to be out of luck, because she could already feel the cold air coming from green Peach's body, Feng Da! You're on your own!

"Aren't you his master? Why couldn't she make a decision for him? State your price! He ... I want him!" The woman said stubbornly.

"Offer a price? I don't understand what you mean. " Leng ruoxue asked indifferently.

"Name a price and let me have him! You don't even understand this?" The woman looked at Leng ruoxue as if she was looking at an idiot. She thought to herself, why is this woman's comprehension ability so bad? To think that she was so pretty, but she was actually a fool!

[Chapter 1900 Dreamdust Space \(2\)](#)

It was fortunate that Leng ruoxue did not know what this woman was thinking. Otherwise, she would definitely be depressed! How was she stupid? It was clearly this woman who didn't make things clear! Moreover, how could feelings be measured by money? He even wanted to buy her subordinates from her. Who did he think she was? She wasn't a human trafficker!

"I don't understand! My subordinate will not sell. Of course, if he is willing to follow you, I will not stop him!" Leng ruoxue said calmly.

"You said it!" When the woman heard Leng ruoxue's words, she said happily. Then, she turned to Feng Da and said, "You heard it! She doesn't care about you at all, and she's going to send you to me. Leave her quickly and follow me in the future!" When the woman said this, her delicate face was full of pride.

However! When Leng ruoxue heard the woman's words, she could not help but widen her eyes. Did she hear it wrong? When did she say that she would give Feng Da to her?

"Pfft!" A sneer sounded in everyone's ears.

When the woman heard the laughter, she raised her head unhappily and looked at the person who laughed. "What are you laughing at? What's so funny about that!" The woman was furious because her intuition told her that this person was laughing at her!

The person who laughed out loud was Ji Yun. He spoke with an innocent expression, "Miss, although I don't know who you are, I don't think it's a good idea to force a deal, right?"

"Forced selling? What do you mean by that?" The woman didn't understand Ji Yun's words.

"Ruoxue didn't say that she would give her subordinate to you. Why are you overthinking it?" Ji Yun said honestly.

"Why not? Didn't she say so? If Feng Da was willing to follow me, wouldn't she stop him?" The woman replied matter-of-factly. Then, she glared at Leng ruoxue and said fiercely, "Are you going back on your word?"

"I'm not going back on my word, but Feng Da didn't say he wanted to follow you, did he?" Leng ruoxue was helpless. It seemed like there was a generation gap between them.

Hearing Leng ruoxue's words, the woman immediately turned to look at Feng Da and pressed on, "Feng Da, tell your previous master that he'll be following me from now on!"

"I won't follow you. I told you." Feng Da rolled his eyes and said speechlessly, "There was something wrong with this woman's ability to understand!"

"You, how could you lie to me!" When the woman heard this, tears immediately welled up in her eyes, ready to flood the Golden Mountain at any moment.

"How did I lie to you? Don't spout nonsense." Feng DA's eyes widened as he said in disbelief, "F * ck! This woman was too good at spouting nonsense. Wasn't she clearly maligning him? Thinking of this, he looked uneasily at green Peach's cold face. His heart was so nervous that it was like a little rabbit. He was jumping around. He was definitely more wronged than Dou E!"

"You saved me, so you're mine. How can you abandon me?" The moment the lady finished speaking, Leng ruoxue and the rest had a strange look on their faces. It seemed like this was trouble caused by saving someone!

"I saved people and saved problems?" Feng Da said angrily, "F * ck! This was infuriating. If he had known this would happen, he would have let this damned woman live and die on her own. Now, he had saved her, but he had gotten himself into trouble. What was this?"

"Since you've saved me, shouldn't you be a good person to the end?" The woman said in a low voice.

"A good person to the end? Does it mean that I have to follow you in the future? If that's the case, I'd rather be the bad guy!" Feng Da said unhappily. He had had enough of this woman. He really didn't know what this woman's brain was made of. How could she have such a strange idea? or was it that whoever saved her would be unlucky?

"You ..." Feng DA's words made the woman's tears start to well up in her eyes, but they did not fall. When she heard this, everyone understood and could not help but sigh in their hearts. You can't just save people randomly! Otherwise, if he saved someone like this and had to follow her in the future, he would be depressed.

Feng DA's matter rang an alarm bell for everyone!

Leng ruoxue's head started to hurt as she watched the woman sobbing in front of them. What was going on? She couldn't help but glare at Feng Da, then she said to the woman, ""Now that things are clear, you can give up, right?"

"Why? Why did it turn out like this? Sob...In what way am I inferior to you? Why is he unwilling to follow me? I just want to find a guard who can protect me, is that wrong?" The woman said with an aggrieved expression, as if Feng Da had done something wrong to her.

"Is this how you treat your Savior?" Hearing the woman's self-reproaching, Lu Tao couldn't bear it anymore and asked, "damn it, where did this top-grade item come from?" He had saved her, yet she did not know how to be grateful. She even wanted him to be her guard for the rest of her life. What kind of logic was this? He didn't owe her anything, so why should he be at her beck and call?

"I ... What's wrong with me?" The woman asked in confusion, a tear still dripping from the corner of her eye.

"Feng Da saved you. It's fine if you don't know how to be grateful to him, and we don't care. But what right do you have to make him your guard? Who Do You Think You Are?" Lu Tao roared.

"I'm already repaying him by letting him be my guard, don't you know that?" The woman asked.

"What kind of repayment is this? Don't tell me you think it's an honor to be your guard?" Lu Tao mocked.

"Of course! Being able to be my guard is enough to show that I think highly of him. You should know that not just anyone is qualified to be my guard!" The woman's face was filled with pride. She truly felt that it was a great honor to be her guard.

"Uh!" Hearing this woman's extremely narcissistic words, Leng ruoxue and the others were completely speechless. It was rare to see a woman who could be narcissistic to this extent.

"Thank you for thinking so highly of me, but I don't need it!" Feng Da said, although he had said this more than once.

"You, you actually don't know what's good for you?" The woman shouted angrily.

"I don't know what's good for me. I really don't think that being your guard is something worthy of my honor!" Feng Da said honestly.

"That's right, Who Do You Think You Are!" Lin Yuan chimed in. He had seen enough of the show, so he naturally had to speak up for his own people.

"You shut up! I know you're jealous of him because I don't like you. " Upon hearing Lin Yuan's interruption, the woman immediately pointed her spear at Lin Yuan and roared.

"Thank you for not taking a fancy to me. Otherwise, I would be depressed to death." Lin Yuan snorted.

"You, do you know who I am? How dare you speak to me like this?" When the woman saw that Lin Yuan didn't take her seriously at all, she became more and more angry from embarrassment!

"I don't care who you are. In short, Feng Da saved you out of kindness, not to save himself from trouble. So, if you know how to repay our kindness, you better disappear from our sight. Otherwise, I don't mind handing you over to that person. " Lin Yuan threatened with a smile that was not a smile.
