

## **Crazy Wife 1931**

### [Chapter 1931 Meeting Huan Chen \(3\)](#)

"Sister! We haven't eaten anything yet!" The two little fellows looked at Leng ruoxue pitifully, their eyes still misty.

"Don't worry, grape has already gone to prepare food for you. " Leng ruoxue coaxed. She had never been able to resist these cute little fellows. So, before they cried, she had already asked grape to prepare some food. She couldn't really let these two little things go hungry!

"Big sister is the best! It's much better than those old fogeys who think that eating vegetables is good for health. Hmph! From tomorrow onwards, they will be eating vegetables!" A Wolf Cub said hatefully.

"Yes, but can you two make the decision?" Leng ruoxue asked curiously.

"Of course! We're in charge of the wolves "food." The two wolf pups said at the same time.

"You guys are really capable!" Leng ruoxue praised. She didn't expect these two little things to be so difficult to deal with. She started to pity those old wolves.

"Hehe!" The two wolf pups laughed evilly.

At this moment, grape had finished preparing two portions of food and placed them in front of the two wolf pups.

Instantly, the fragrance of the food filled the air, causing the two little fellows to drool.

Without waiting for Leng ruoxue's order, the two wolf pups pounced towards the food. They had completely forgotten about the chopsticks. Who asked them to be so afraid? before they could even master the chopsticks, the food would be gone! Therefore, he would have to slowly practice using chopsticks in the future!

After watching the two little fellows gobble down the food and arranging a place for them to stay, Leng ruoxue and the rest returned to their rooms to rest.

The next morning.

Leng ruoxue had just walked out of her room when she heard a pained wail coming from the guest courtyard not far away. Filled with suspicion, everyone went to the guest courtyard at the same time.

"What's going on?" Seeing that unreliable old wolf King rolling around on the ground shamelessly, Leng ruoxue and the rest were all speechless. What was he up to again?

"Uh! He was fine! I'm fine!" When the wolf Queen heard Leng ruoxue's words, her face was filled with awkwardness. She secretly glared at her troublesome man. This detestable thing. This was someone else's territory, yet he had caused their Fire Wolf Clan to lose so much face!

"Are you sure you're fine?" Leng ruoxue was in disbelief. Looking at the old fire Wolf, it didn't look like he was fine! Moreover, this was her home after all, so she felt that it was better for her to ask clearly.

"Yes, yes!" The wolf Queen nodded with certainty. However, at this moment, the old wolf King shouted with a dissatisfied expression, ""Who said he's fine? We're your guests! How can you abuse us like this?"

"Dammit! You shut up!" Without giving Leng ruoxue and the others a chance to react, the wolf Queen furiously pulled the old wolf King's ear and growled in a low voice.

When Leng ruoxue and the rest heard the old wolf King's words, they were dumbfounded. What was going on? When did they abuse them?

"Wolf Queen! Don't stop it, I want to hear how we mistreated it. " After a moment of silence, Leng ruoxue finally spoke.

"Uh! Miss Leng, don't listen to its nonsense!" The wolf Queen's face was filled with shame as she kept glaring at her man.

"There are no waves without wind! I believe that the fire Wolf King wouldn't lie. " Leng ruoxue said indifferently.

"Human! You know me very well!" Hearing Leng ruoxue's words, the old fire Wolf King's face was filled with pride. It was just short of raising its tail proudly. However, its proud expression, coupled with its image of rolling on the ground, made people speechless.

"Then tell me!" Leng ruoxue sighed.

"Then I won't be polite, Hmph! You've been abusing me, feeding me vegetables early in the morning! I won't! I want to eat meat!" The fire Wolf King roared in one breath.

"We haven't even started making breakfast yet! Where did you get the vegetables to eat?" Upon hearing this, grape could not help but doubt.

"What? You haven't made breakfast yet? Are you guys trying to starve me to death?" Grape's words made the fire Wolf King even angrier.

Looking at the fire Wolf King's reaction, grape could not help but roll his eyes! 'Damn it!' That's not the main point, okay? Why did this old fire Wolf always give irrelevant answers? I really don't know what the structure of its brain is, it's so different!

"I'm asking you where you got the vegetables to eat?" After a long while, grape gritted his teeth and said.

"Hehe! Miss Grape, we're the ones who gave this to uncle!" At this moment, two little fire wolves appeared out of nowhere and said.

"So that's how it is! Fire Wolf King, did you hear that? This is none of our business! We didn't abuse you. " Grape quickly said.

"You guys didn't make me breakfast!" The fire Wolf King emphasized. It no longer used the word "abuse".

"Uncle! We're guests, we have to be self-aware. Don't bother grape sister and the others with breakfast, we've already prepared it for you! Hurry up and eat! It won't taste good if it's cold. " A little fire Wolf urged with an evil smile.

When the crowd heard the little fire Wolf's words, they couldn't help but compare the two fire wolves in their hearts. Sigh! The young one was more understanding than the old one! This old fire Wolf was really regressing the more he lived.

However, none of them had any intention of getting involved in the dispute between the fire wolves, so they all kept silent.

"I don't want to eat the breakfast you guys made!" Old fire Wolf looked at the vegetables on the table that had been cooked into a dark green color and said with a look of disgust.

"Uncle! You're hurting us by saying that. " The two little fire wolves revealed a sad expression at the same time and spoke in unison.

"I appreciate your filial piety, but don't even think about making me eat the food you make!" The old fire Wolf King was very stubborn. That was pig food, wasn't it? It wasn't for wolves at all.

"Uncle, eating vegetables is good for your health!"

"Uncle! Hurry up and eat!"

The two little fire wolves ignored the fire Wolf King's words and simply placed the breakfast they had prepared in front of the fire Wolf King. They looked at it with anticipation.

Looking at the broken leaves, the old fire Wolf dared to swear in its heart that the vegetables were definitely not fresh. It might even be leftovers from yesterday. So, how could it eat it?

In fact, it had guessed right!

The breakfast made by the two little fire wolves was indeed the leftover vegetables from last night. Furthermore, they had picked them up from the trash!

After they were done washing, they hesitated for a long time before finally deciding to serve the food to the fire Wolf King. However, who knew that not only was the old wolf unwilling to eat, it was even rolling around on the ground shamelessly. For a moment, they were at a loss.

"I'm not eating! I'm not hungry! Take this food and give it to the elders!" The fire Wolf King rolled its eyes and decided to direct the trouble to the elders. The elders of the fire Wolf Clan, who were watching from the side, were scared into scattering when they heard this.

Leng ruoxue looked at the red lights that were disappearing quickly and sighed again. She had lost count of how many times she had sighed.

After giving Feng Da and the rest a look, Leng ruoxue led them out of the guest courtyard.

She really couldn't be bothered with matters involving this old fire Wolf. Just let those two little fellows torment themselves! Also, she remembered clearly that the old fire Wolf said it was not hungry anymore.

As expected, grape and the others did not make the fire Wolf King's portion during breakfast.

After the beasts finished their breakfast, they started to leave one after another. When the old fire Wolf saw this, he took the opportunity to walk in front of Leng ruoxue and said with a face full of dissatisfaction, "Human, I'm still hungry! Give me something to eat. "

"Didn't you say you weren't hungry?" Leng ruoxue's eyes widened in disbelief, as if she had just heard a fantasy story.

"I'm hungry again, okay?" The fire Wolf King said angrily.

"Alright!" Leng ruoxue nodded. Then, she turned to the two little fire wolves and said, "Your uncle is hungry again!"

"They're here! Uncle! Your breakfast is here!" Hearing Leng ruoxue's words, the two little fire wolves became excited again. They quickly ran to the fire Wolf King and handed over the shattered vegetable leaves.

"I don't want to eat this!" The fire Wolf King's expression immediately turned ugly. Its fiery red fur also faintly suffused with black anger. It was clear that it was really angry.

"Uncle, there's no other food other than this. Just make do with it!" A fire Wolf said.

"Yup! Uncle! Don't be a picky eater, I'll tell you the truth! Those elders also haven't had breakfast yet! If they are also hungry, you won't even be able to eat these vegetables. " The other Fire Wolf purposely reminded in a low voice.

Hearing their words, Leng ruoxue's mouth twitched. No wonder she felt that there were fewer fire wolves for breakfast. They were not 'hungry'!

"It's better not to eat it! You can leave it for them to eat! I'm not hungry anymore! I'll go back first!" The fire Wolf King said angrily and ran away.

Al! They had finally sent this God of plague away! Watching the fire Wolf King's back, Leng ruoxue muttered to herself. Then, the fire Wolf King brought his clansmen to bid farewell to Leng ruoxue.

After the beasts from the land of demons had left, only the first elder and the rest of the members of the leopard clan remained in the Leng family's residence. However, from their looks, they did not seem to have any intention of leaving immediately. Leng ruoxue did not treat them as outsiders either, so she naturally would not accompany them all the time.

From that day on, there would always be some unusual noises in the land of evil demons in the middle of the night, accompanied by wolf howls from time to time. However, Leng ruoxue and the rest did not pay much attention to it. Not long after, Feng Da and the rest requested to enter closed-door cultivation.

Leng ruoxue was also preparing to go into closed-door cultivation. However, before that, she specially brought the demon to meet Huan Chen.

Within the Dreamdust space.

A white-robed man glared at Leng ruoxue with a face full of hidden bitterness. He spoke as if he was a resentful husband, "Little girl, why are you only here now? I've been waiting for you for days!"

### [Chapter 1932 Dreamdust's Talent \(1\)](#)

Upon hearing this, Leng ruoxue's forehead broke out in a cold sweat. They had contacted each other a few days ago, right? Huan Chen was the one who told her not to disturb him and to sleep well for a few days. Now, he was biting back at her?

However, when the evildoer heard Huan Chen's words, his handsome face immediately darkened. With a straight face, he went up and grabbed Huan Chen's collar. He narrowed his eyes at Xing an and said angrily, "What did you just say? I dare you to say that again!"

"Let me go, you barbaric man! Ai! Why does this little girl like you? You really have no taste!" Huan Chen said, unafraid of death.

"Good! Very good! You've got guts!" The demon said with a smile that was not a smile. After which, he grabbed Huan Chen's collar and directly dragged him away.

Leng ruoxue couldn't help but widen her eyes when she saw the demon's actions. The demon was so manly! However, this seemed to be the Dreamdust space! She had never heard of a guest being able to teach the host a lesson.

However, she immediately heard Huan Chen's frightened voice from not far away.

"Argh! You ... You savage man, what are you doing? This is my territory!"

What followed was a loud 'Bang Bang'...

Ugh! This monster really dared to do this? Leng ruoxue was speechless. She couldn't help but think to herself, 'isn't he afraid of Huan Chen's revenge?' Eh! No, Huan Chen had already recognized her as his master. Didn't that mean that evildoer was the one who was teaching her a lesson?

Oh! Well fixed! Leng ruoxue quickly made a wise decision. She couldn't be blamed for valuing her beauty over her subordinates. After all, provoking the evildoer would bring her more benefits than disadvantages. So, in order to make the evildoer feel comfortable, she could only let Huan Chen down. Who asked that fellow to be so insensible and provoke the evildoer! This was probably the so-called "one can't live with one's own sins"!

In an instant, Leng ruoxue had already made her decision. Huan Chen's wailing continued to enter her ears, but she ignored them all.

Leng ruoxue pretended to be bored as she sized up the illusion dust space. Even though this wasn't her first time here, this place didn't seem to have changed much from the last time she saw it. It was still a vast expanse of white. She really couldn't understand how the illusion dust could live here like a fish in water.

In reality, Dreamdust was a lazy person. Moreover, he spent most of his time sleeping. As a result, he basically didn't manage this space. In the past, when the previous owner was still alive, he didn't pay much attention to this space. As time passed, the Dreamdust space became even more bare.

To be honest, Leng ruoxue couldn't tell what was so good about this illusionary dust space. They had lived here for close to a month, and other than finding their way, they didn't seem to have done anything else. Thus, she had come here to have a good chat with Huan Chen and find out what was so special about this space. After all, it was a divine artifact refined by a former Divine Master! There would definitely be something extraordinary about it.

However, Huan Chen still seemed to be getting beaten up!

After an unknown period of time, the two of them finally appeared in front of Leng ruoxue.

Looking at Huan Chen's bruised face, Leng ruoxue didn't even give him a word of greeting other than expressing her sympathy with her gaze.

"Master! He beat me up!" Huan Chen saw that Leng ruoxue did not care about him and could only open his mouth to remind her in an aggrieved manner. This detestable man not only beat him up, but he also specially slapped his face! Hmph! Don't think that he didn't know that this man was clearly jealous of his beauty!

"Hmph!" Huan Chen's words made the demon scoff coldly. Then, his dazzling eyes glanced at Leng ruoxue indifferently, with a warning in his red eyes, 'do as you see fit!'

When Leng ruoxue saw the two of them, she felt a headache coming on. However, she had to stand on the side of the evildoer!

"I saw it." Leng ruoxue sighed softly and said indifferently.

"Then master, you must avenge me!" Huan Chen blinked her beautiful eyes and said with anticipation.

"What revenge?" Leng ruoxue played dumb and continued, "I think you really need a beating. Good job, demon!"

Leng ruoxue's words made the evildoer very satisfied. However, Huan Chen was heartbroken to hear this.

"Master! How can you do this? I'm your tool spirit!" Huan Chen was so aggrieved that he was about to cry. How could he have such a master? Not only did she not support him, she even allowed evil forces to bully him! This was really too much!

"I know! I'm helping reason and not family!" Leng ruoxue said without any shame.

"Master!" Huan Chen was completely depressed when he heard this. This master was clearly lecherous by nature and valued lechers over him. He actually said it in such a dignified manner. Hmph! He despised her in his heart!

"Dreamdust! The demon beating you up is for your own good, but look at how lazy you are! You don't even know how to tidy up your own place. There's not even a bit of green in such a big place. It's bare everywhere. How can you live in it?" Leng ruoxue started to criticize Huan Chen again. As she spoke, she shot a glance at Huan Chen with a resentful expression.

"Master! This isn't a place for people to live in the first place!" Leng ruoxue's words caused Huan Chen to feel a sense of inferiority. However, he quickly realized that his place was not for people to live in.

"Not a place for people to live? Then wouldn't it be a waste to leave such a big place idle?" Leng ruoxue said disapprovingly. She didn't know if it was her occupational habit, but whenever she saw the space, she would think of building a house and planning it properly.

"Master! My place is specially used for training. " Huan Chen faintly said.

"Only for experience?" Leng ruoxue couldn't believe it. In fact, if this place was used for training, she wouldn't have found anything worth training in. There wasn't even a single insect here.

"There's still the competition. " Huan Chen added.

"Then can you tell me how I can train here?" Leng ruoxue was a little curious, but she didn't ask about the competition.

"Heaven's secrets can not be divulged. Only those who have come here to train will know. " In fact, there was something else he didn't say. If anyone who came here to train couldn't pass, they wouldn't have the chance to leave. After passing, they would completely forget about the training process.

Looking at Huan Chen's mysterious behavior, Leng ruoxue's anger rose. She had also discovered what her weapon spirit was! None of them were easy to deal with, all of them were so arrogant!

"Master, are you here to gain experience?" Huan Chen noticed that Leng ruoxue seemed to be a little unhappy and quickly asked.

"Don 't!" Leng ruoxue rejected him without even thinking. Her tone was unfriendly and she was obviously angry.

"Master! My place was refined by His Excellency the Divine Master. I suggest you come and experience it for yourself! It'll be very beneficial to you!" Dreamdust coaxed.

"Then I won't come either!" Leng ruoxue said with certainty. Hmph! She would not be fooled!

### [Chapter 1933 Dreamdust's Talent \(2\)](#)

"Master!" Huan Chen looked at Leng ruoxue gloomily. Why was master so stubborn? It was for her own good that he let her master come in to gain experience! At the thought of this, he glanced at the demon without a sound. However, the demon did not even look at him. Instantly, he felt even more depressed.

The people around master are not to be trifled with! Huan Chen sighed in his heart.

"Xue 'er, didn't you want to go into seclusion? I think the spiritual energy here is not bad. Why don't you go into seclusion here?" After that, the demon spoke indifferently. Hearing his words, Huan Chen's worry immediately turned into joy. I hope master will listen to this guy.

"Why?" Leng ruoxue blinked her beautiful eyes and looked at the demon in confusion. She didn't think that the spiritual energy here would be denser than the one in the universal bracelet. Furthermore, she had always been cultivating in the purple bamboo house and was used to it.

"Your state of mind will also be different in a different environment. Moreover, doesn't this Dreamdust space also belong to you? You can't be biased! If this space continues to be idle, it might become more

and more desolate, so you should just treat it as doing a good deed. " The demon said with a hidden meaning.

"Uh!" Was there such a good person? Leng ruoxue was very suspicious of the demon's words. However, she couldn't deny that there was some truth to his words. This fantasy dust space was hers as well. If she didn't use it, it might rust, she couldn't help but think to herself.

Although she was still a little hesitant, her heart had loosened a little.

When Huan Chen heard the demon's words, he almost went crazy. Depression? Which part of his place was desolate? This was clearly a high-level space beyond the mortal world. However, even though he was angry, he had to continue the conversation with the hateful man. He looked at Leng ruoxue with a bitter expression and tears welled up in his eyes. He then said with a slightly choked voice, "Master, I know you have a good space, but I'm different from it. As for what's different, you'll only know after you experience it yourself. I can only say that you'll regret it if you don't come to my place for closed-door cultivation!"

"Eh? Really?" Leng ruoxue was skeptical. She did not know what she had to regret. Didn't this place already belong to her? Wouldn't that mean that she could come whenever she wanted?

"It's true! It's more real than diamonds!" Huan Chen hurriedly promised.

After hearing Huan Chen's assurance, cold ruoxue's forehead broke out in a cold sweat. These words ... Seemed a little familiar?

"Master! I've been to many dimensions with my previous master, so I know more than you can imagine. If you stay here, I'll guide you, and you'll never regret it!" Huan Chen, who could sense Leng ruoxue's thoughts, advised her.

"Then ... Alright!" Leng ruoxue hesitated for a moment, but she still agreed.

"Hehe! Master, I'll arrange a place for you to cultivate in seclusion. You guys can chat first. " After Huan Chen finished speaking, he disappeared in a flash.

Looking at Huan Chen's energetic appearance, Leng ruoxue could not help but doubt her own decision.

"Xue 'er! Although that fellow is lazy and a little out of line, he has been living in the divine realm for so many years. He knows more about the various powers in the divine realm than we do. Thus, you should be able to learn a lot of things if you stay here. " The evildoer could see Xue 'er's unwillingness and gently pulled her into his arms.

"Well, what about you?" Leng ruoxue looked at the evildoer and asked. All these years, the evildoer had always been by her side when she was in closed-door cultivation. Therefore, she would not be used to it if the evildoer was not by her side.

"Silly girl, of course I won't leave you. I'll also enter closed-door cultivation with you." The demon laughed. How could he bear to leave Xue 'er!

"That's good!" Leng ruoxue nodded her head in satisfaction.

At this moment, Huan Chen, who had quickly made all the arrangements, ran back excitedly.

Seeing the two of them hugging, Huan Chen said with a little dissatisfaction, ""You're not married yet! You can't take advantage of my master. " He was mainly talking to the evildoer.

Hearing Huan Chen's words, the two of them looked at Huan Chen in disbelief. Wasn't Huan Chen being too nosy?

"Why do you care?" The demon said coldly.

"Of course it's my business, my master is still young, you old thing can't deceive her pure heart! I have to keep a good watch on my master's behalf!" Huan Chen said matter-of-factly, not feeling like he was being a busybody at all.

"It seems like I was too lenient with my beating just now!" The demon glanced at Huan Chen and threatened.

"You, you can't do this! What kind of skill is using force? you have to be convinced by virtue!" A trace of fear flashed through Huan Chen's eyes, but he still said without fear of death. In any case, he was his master's Artifact Spirit. He did not believe that this hateful man would really dare to do anything to him.

"Using virtue to win people over? I don't need it! I prefer a more direct one. " The demon laughed evilly and acted like he was going to grab Huan Chen again. However, Huan Chen, who was prepared, dodged.

"Hmph! I'm not going to argue with a barbarian like you, master! I've already prepared the place for you, I'll Take You There!" With that, Huan Chen had an idea and disappeared from the spot with Leng ruoxue.

In an instant, Leng ruoxue felt that the place she was in had changed.

She was brought to a sealed room.

The four walls of the room were as white as Jade, and there were no decorations on the walls. There was only a futon on the ground in the room. This ... Was really a simple place. However, the spiritual energy in this room was unbelievably rich. What was going on?

Leng ruoxue's beautiful eyes scanned her surroundings. After a careful observation, she was shocked to discover that the spiritual energy in this place came from the walls.

His hand unconsciously touched the snow-white wall, and the only feeling he had was its smoothness and exquisiteness.

After a while, she felt waves of dense spiritual energy pouring into her body. Instantly, her entire body felt comfortable! This place was truly unbelievable.

Moreover, she could also tell that the strangeness of this room came from the Jade-like snow-white walls around it. She just didn't know what material they were made of.

"Master, are you satisfied with this place?" Huan Chen asked with great confidence. This was the place where his previous master cultivated in seclusion. Although it looked simple and crude, there was a world inside!

"I'm very satisfied!" Leng ruoxue nodded.

"It's good that you're satisfied! Master, then you should stay here and cultivate! I suggest that you only come out of seclusion when you can advance to reverent-god level!" Huan Chen said with an expression of anticipation.

Reverent-God? Huan Chen's words made Leng ruoxue's expression darken. Was it possible for her to come out of seclusion after she advanced to reverent-god level? How long would that take? Even though Leng ruoxue did not know how long it would take to cultivate to reverent-god level, she was very clear that it was impossible! She couldn't possibly stay in seclusion forever!

At the thought of this, Leng ruoxue helplessly said to Huan Chen, ""Huanchen, I can't stay in seclusion all the time. It's unrealistic to wait until I reach reverent-god level before coming out."

### [Chapter 1934 Dreamdust's Talent \(3\)](#)

"Why?" Huan Chen's handsome face was filled with question marks.

"Because my territory has just started to develop, and Feng Da and the others are in seclusion, so I need someone to take charge!" Although her Godfather would help her take care of her while she was in seclusion, he still had the ning family. He couldn't stay with her all the time. More importantly, she couldn't be so selfish as to trap him here.

"You're so weak now, what can you do outside?" Huan Chen spoke frankly. Even though he wanted to tell Leng ruoxue how powerful her enemies were, his master's strength made him hesitate.

Was she being despised by Dreamdust? Hearing Huan Chen's tone, Leng ruoxue felt depressed. She also knew that she was weak. Although she often had many enemies, it was mostly because of the light of her Natal flame. In reality, there was still a big gap between her strength and those people. However, she was already working hard on her cultivation. It couldn't be that she was as useless as Huan Chen had said, right?

"I know that I'm weak, but I really can't stay here forever. It hasn't been long since I came to the divine world and there are many places that I haven't been to. Therefore, besides cultivating, I also want to go out and gain some experience." Leng ruoxue sighed softly and said helplessly.

"Oh! In that case, I really can't stay in seclusion all the time. " When Huan Chen heard Leng ruoxue's explanation, he nodded in agreement and continued, ""As for training, master doesn't need to go to the divine realm. I can simulate a divine realm for you, so you can just train here!"

"How can that be the same?" Leng ruoxue was speechless. She could tell that Huan Chen didn't want her to leave this place.

"Of course it is the same! Master, I have great abilities! I can totally simulate a divine realm for you, and it's 100% realistic!" Huan Chen said smugly.

"How realistic is it?" Leng ruoxue was very curious.

"Master, do you want to try?" Huan Chen said mysteriously.

"Alright!" Leng ruoxue nodded.

"Then master, tell me a place. You can just say any place, anywhere!" Huan Chen warned.

"The endless sea!" Leng ruoxue said after some thought.

"Alright!" Huan Chen replied. As soon as he finished speaking, the room in front of Leng ruoxue disappeared. In its place was a vast, deep blue ocean. At this moment, the waves on the surface of the sea were turbulent and strong gales blew. She would soon be able to smell the salty taste of the sea.

Leng ruoxue couldn't help but rub her eyes. Was this really the endless ocean that the illusion dust had created? Why did she feel that this endless sea was very real and not fake at all?

At this moment, a pair of azure blue eyes appeared on the surface of the sea. Following that, a smooth head emerged from the water. When it saw Leng ruoxue, its eyes revealed a look of surprise. Then, it quickly floated to the surface.

"Miss Leng, why have you come? We heard that you have your own territory, so we were planning to go and celebrate! I didn't expect you to come to the endless sea! Hehe! We're really fated to meet!" The one who spoke was an old dolphin. It was the one that Leng ruoxue had saved in the mystic realm and was also the ancestor of her little dolphin.

Seeing this old dolphin, Leng ruoxue looked at Huan Chen beside her with a face full of surprise. How, how was this possible? Could it be that she had really come to the endless sea? Leng ruoxue was at a loss.

"Miss Leng!" Seeing that Leng ruoxue did not respond to it for a long time, the old dolphin could not help but call out softly, "Miss Leng doesn't seem to be right."

"Oh! I'm sorry, I was a little distracted." Leng ruoxue returned to her senses when she heard the old Dolphin's voice.

"Hehe! It doesn't matter, Miss Leng, our beast beasts from the endless ocean are planning to pay a visit to your territory. I wonder when it's convenient for you?" The old dolphin sensed that Leng ruoxue was not paying attention, so it tried to probe her.

"Let's wait a while! We're all in closed-door cultivation now." Leng ruoxue chuckled.

"Oh! Well, I'll tell them. Miss Leng, do you want to come to our Dolphin race?" The old dolphin invited again.

"Not now, I still have other things to do." Leng ruoxue declined.

"That's really a pity, Miss Leng. We'll meet again." After the old dolphin finished speaking, it dove back to the bottom of the sea.

Following that, the image of the endless sea disappeared. Leng ruoxue's vision returned to the four snow-white walls.

"What's going on?" Leng ruoxue looked at Huan Chen and couldn't help but ask. Everything that had happened earlier was too real. She didn't believe that it was fake.

"Hehe, didn't Master see it? That's the endless sea!" Huan Chen kept Leng ruoxue in suspense and did not answer her question directly.

"Of course I know that it's the endless sea. I just want to ask you, how did you do it? and that old dolphin I met, was it real?" Leng ruoxue said with certainty.

"Of course it's real. As for how I did it, it's related to my talent." Huan Chen finally revealed some truth.

"Your talent?" Leng ruoxue looked at Huan Chen, waiting for him to continue.

"Yes, when the Divine Master first refined me, his original intention was only to have a venue for the elite competition. However, who knew that an accident would happen during the refining process? it inadvertently caused this ordinary divine weapon to produce a weapon spirit. Moreover, it also underwent a mutation and gave me some strange talents. Therefore, my significance is not just for the competition." Huan Chen explained with a faint smile.

"Is your unique talent to be able to simulate any place I want to go?" Leng ruoxue asked in shock.

"Yes, and it's not a simulation. I made a copy of the endless sea and moved it in front of master. In other words, at that moment, there were actually two endless seas in the divine world. The people and things you see here are synchronized with the two scenes, but you're not there." Huan Chen said.

"This ..." Leng ruoxue was at a loss for words. She had never heard of such an ability.

"Master, I'm amazing, right? Now, you can go anywhere you want to train. With me here, you can definitely travel all over the divine realm without spending a little bit of effort." Huan Chen said arrogantly. However, if someone familiar with him was here, they would definitely be shocked. No one would have thought that Huan Chen would be so smug.

"Uh! Amazing!" Leng ruoxue nodded. Could she say that she wasn't amazing? At least, among the humans and beasts she knew, no one had such ability. Even green vessel did not seem to be able to do this.

"Then master can cultivate here in peace!" Dreamdust way. This was his ultimate goal.

"I can, but I still can't stay here forever!" Leng ruoxue said helplessly. If she didn't know that Huan Chen had already recognized her as his master, she would have thought that Huan Chen wanted to imprison her here.

#### [Chapter 1935 A Stranger In The Demonic Land \(1\)](#)

"I see! Since master's decision has been made, I can only follow master's wishes." Huan Chen said helplessly. Then, he changed the topic and said, "By the way, master, I know you have a little beast called Baobao. Can you let me train it?" After he finished speaking, he even looked at Leng ruoxue with a face full of anticipation.

"Uh! You want your baby to train your baby?" Leng ruoxue was a little surprised. Even though she didn't know how Huan Chen knew about baby's existence, baby had been sleeping ever since they arrived in the God World. No, he was in seclusion! Therefore, she probably couldn't hand her baby over to this guy. More importantly, she was afraid that her baby would be abused by the illusion dust!

"Master, a piece of Jade that is not sculpted is useless! It's the same for little Beastie. If it doesn't train well, it will only achieve nothing when it grows up. I think master also doesn't want baby to be a Beastie

that can't even protect itself!" Huan Chen said earnestly when he saw Leng ruoxue's struggle and reluctance.

"I'm still small!" Leng ruoxue said softly. Although she didn't deny that Huan Chen's words made sense, her baby was her first little beast and her feelings for him were very special. Hence, she really didn't want her baby to suffer too much. After all, she was confident that she could protect her baby well.

"Master, that little fellow isn't small anymore." Huan Chen's face was filled with disapproval.

"But it has been in seclusion all this time, so I can't give it to you now." Leng ruoxue said, feeling a little troubled.

"It's alright, master. It's mainly because I know how to increase that little fellow's strength, so leaving it to me is the wisest choice!" Dreamdust threw out a little bait.

"Really?" Leng ruoxue looked at Huan Chen in disbelief.

"Master, I will not lie to you! You must believe me!" Huan Chen was depressed. This was not the first time his master had looked at him with such distrust.

"Alright then!" Leng ruoxue hesitated for a moment, but finally agreed. Even though she couldn't bear to see her baby suffer, she knew that her baby had always been working hard to become stronger. Now that Huan Chen said that he had a way to increase her power, she would let him try!

Then, with a thought, she moved the baby out of the bracelet.

At this moment, the baby's round body was curled up and its big furry tail was covering its body. It was sleeping soundly and even snored. From time to time, it would blow a few bubbles from its mouth. Seeing its small appearance, not only Huan Chen, but Leng ruoxue was also speechless.

Ugh! The baby's sleeping posture was not very good. Leng ruoxue pondered to herself.

"Master, is this how it cultivates?" Huan Chen's mouth twitched as he couldn't help but ask.

"Yup! Aren't all Beastie like this!" Leng ruoxue pretended to be relaxed and said nonchalantly, but in reality, her face was burning.

"I don't care about the other beasts, but this guy definitely can't do this!" Huan Chen glared at the sleeping baby, his body burning with anger.

"Why?" Leng ruoxue didn't understand. To her, it was normal for a baby to be sleepy when he was still young. However, Huan Chen didn't seem to be thinking that way.

"Master, I can only tell you now that this fellow's background is not simple. Therefore, it must improve its strength as soon as possible so that it can help you. But looking at it now, it's too far from what I want." Huan Chen glared at the baby, his face full of disappointment. Never in his dreams did he think that this Beastie would be so unmotivated. How could it become master's right arm in the future?

Actually, from Leng ruoxue's point of view, Baby Su was just a cute little beast. Hence, she did not have much expectations for Baby Su. In her eyes, Baby Su only needed to eat and play well. It was not like she could not afford to raise Baby Su. However, Huan Chen did not see it that way. Furthermore, if Huan

Chen knew that Leng ruoxue did not have high expectations for Baby Su, he would probably vomit blood in anger.

But now, Leng ruoxue clearly did not agree with Huan Chen's idea.

"Huan Chen, baby is still young, and he's like a little brother to me. Therefore, I don't care if he can really help me, as long as baby is happy. So, although I'm handing baby to you, I don't want you to force baby to do something he doesn't want to do." Leng ruoxue warned. In fact, in her heart, her baby was already working very hard.

"Don't worry, master, I know what I'm doing!" Dreamdust said.

"That's good!" Leng ruoxue nodded.

At this moment, an angry roar entered the ears of the two.

"Damned huanchen, return Xue 'er to me!" The demon roared in exasperation.

In fact, when the evildoer saw that his arms were empty, he was so angry that his expression changed. That damn illusion dust, he was playing tricks in front of him!

However, he knew that this was huanchen's territory. If huanchen had really hidden Xue 'er, it would not be easy for him to find her. As a result, after thinking for a long time, he used his unique voice transmission technique to transmit his voice through the entire space. This way, Xue 'er would be able to hear him. However, this technique consumed a lot of divine power, so he could not speak much. Moreover, he had to pause for a while after each sentence.

Therefore, after he shouted, he fell silent again.

However, when Leng ruoxue heard the evildoer's voice, she knew that he was furious. Hence, she said to Huan Chen anxiously, "Quickly send me out. If the evildoer gets angry, I can't protect you!"

"Master! No wonder people said, 'you're not married to a girl yet!' You've started to side with him ... Compared to him, I'm the one who completely belongs to you. So, how can you not care about my life and death?" Huan Chen said with a face full of hidden bitterness. His watery eyes were filled with mist, making one feel pity for him. Unfortunately, the person he had met was Leng ruoxue.

Leng ruoxue had been poisoned by the demon for many years. She was more or less immune to this kind of fellow who liked to act pitiful. Hence, when she saw Huan Chen's state, she was completely unmoved. Instead, she laughed and said, "That's my man, and it's only right for me to side with him. As for you! Since it's already mine, why don't you let me hit and scold you? So, if I stand on your side, it's simply a waste of time and a waste of expression. Do you think I'd do such a stupid thing?"

"Al! Master's intelligence is unparalleled in the world!" Huan Chen sighed helplessly. The hidden bitterness on his face deepened because he realized that his master was really too honest. This made him somewhat at a loss.

"Thank you for your praise! Quickly send me to meet the demon! Otherwise, if he finds you, you'll die a miserable death!" Leng ruoxue reminded him out of the kindness of her heart.

"Alright then!" Huan Chen was helpless. It was his greatest sorrow to have a lustful master. However, he also knew that the man was not to be trifled with, so he should stop while he was ahead.

### [Chapter 1936 The Stranger In The Demonic Land \(2\)](#)

With a change of thought, Huan Chen brought Leng ruoxue and appeared in front of the evildoer.

The evildoer, who was brewing wine and sending a voice transmission warning, saw Leng ruoxue's sudden appearance and pulled her into his arms without any hesitation. He hugged her tightly and even glared at Huan Chen with vigilance.

"Xue 'er, this guy didn't do anything to you, right?" After glaring at Huan Chen, the demon started to size up Leng ruoxue. However, his words made Huan Chen speechless.

Leng ruoxue was his master. What could he do to his own master? Huan Chen secretly cursed and pretended to be invisible. Who asked the demon's anger to not be directed at him! He had better be tactful and lower his presence a little!

After Leng ruoxue heard the demon's words, she smiled charmingly and said, ""No, he only took me to see the place where I went into seclusion. The spiritual energy there is very rich, it's a good place for seclusion."

"That's good!" The demon nodded in satisfaction, then sent a voice transmission to Huan Chen, "I don't have time to deal with you now, but I'll remember this!"

"Uh! Don 't! You can't be that petty, right? I was just joking with you. " Huan Chen hurriedly replied as his heart trembled. He had a deep understanding of how terrifying this fellow was. Anyone who was targeted by him would not have a good end, so he would rather let this demonic man beat him up now than wait for him to settle the score later!

"I'm just that petty. " The demon said with a smile that was not a smile. His brilliant Starry Eyes glanced at Huan Chen in a slightly provocative manner, causing Huan Chen's heart to turn cold. He knew that this damn demon was serious. Wu ... When the time comes, master must save him!

At the thought of this, he immediately disappeared.

"Master, I'll go make some preparations for you. You can go out and say hello to the others!" Huan Chen's voice came from the void, but he was nowhere to be found.

Seeing that Huan Chen Ran faster than a rabbit, the demon was overjoyed. Hmph! Those who dared to oppose him would not live long. However, seeing that this fellow had already recognized Xue 'er as his master, he would be lenient.

In fact, he was just trying to scare Huan Chen! He didn't plan on doing anything to him, but he didn't expect that guy to be so timid. He was scared away just like that. Not bad, he's Teachable!

After Huan Chen left, Leng ruoxue brought the evildoer along and left the Huan Chen space.

When she reached the garden, she saw her Godfather and the others drinking tea and chatting in the garden. She walked over with the demon.

"Xue 'er, you're done with your work?" Master ning beamed with joy when he saw Leng ruoxue. Xue 'er had told them that she needed to make some preparations before she went into seclusion, so she had not come out of her room for two days.

"Mm! Godfather, we'll be in closed-door cultivation starting tomorrow. " Leng ruoxue nodded.

"Alright, I'll help you keep watch here. I don't think anyone will dare to cause trouble!" The master of the ning family promised.

"Thank you, Godfather." Leng ruoxue said with a smile.

At this moment, the first elder of the craftsmen's Guild headquarters looked at Leng ruoxue hesitantly. In the end, he still asked, ""Xue 'er, I've always wanted to ask you, what happened during the last few days in the special space?"

As soon as the first elder asked the question, master ning and the rest all stared at Leng ruoxue. This was also what they wanted to know, but they had never had the chance to ask.

"Godfather, didn't elder ye tell you?" Leng ruoxue looked at the anticipating gazes of the few old men and said with a smile.

"I sent them away as soon as the match ended." The master of the ning family said, a little embarrassed. In fact, he was the one who chased the ning family away like they were flies. Before he left, elder ye seemed to have something to say to him, but he didn't give elder ye a chance to say it.

Hearing master ning's words, Leng ruoxue wiped the cold sweat off her forehead. She thought to herself, "did Godfather not plan to ask our family at all?" Or it could be said that he didn't care about his family's safety at all. When she thought of this, Leng ruoxue couldn't help but feel touched.

Following that, Leng ruoxue gave them a simple description of what had happened during the last few days in the special space. However, she did not mention that she had taken over the illusion dust. After hearing it, the few of them frowned and did not say a word.

After a long while.

The master of the ning family said.

"Xue 'er, can you be sure that they also obtained a God tool that can grow?" The master of the ning family asked, deep in thought.

"En!" Leng ruoxue nodded. She had asked Feng Da and the others, as well as Huan Chen. Other than her, who had obtained Huan Chen, the others had all obtained God tools that could grow. This was also an eyesore to Huan Chen.

"No wonder!" Master ning understood, but Leng ruoxue was a little confused.

What did Godfather mean by this?

Looking at Leng ruoxue's confused face, master ning sighed and said, ""Xue 'er, it seems like something big has happened in the Divine Master's estate. The divine realm has been in chaos recently. A few small

clans have been annihilated for some unknown reason. As far as we know, those small clans were one of the hundred people who were left in the special space."

If it weren't for what had happened, they probably wouldn't have taken the initiative to ask about what had happened in the special space! In their opinion, the fact that the girl didn't tell them meant that it wasn't a big deal. But now, it seemed that it wasn't a small matter. They just didn't know how the events of those few days were related to the divine lord's estate, which actually made the entire divine lord's estate mobilize.

Big event? Oh! Huan Chen recognizing a master should be a big deal for the divine Lord estate, right? Although she did not know why the divine Lord cared so much about huanchen, she knew very well that the destruction of the small clans definitely had something to do with the divine Lord. Now that she thought about it, what did huanchen have that the divine Lord cared so much about? Could it be that Huan Chen had some important secret? Leng ruoxue guessed.

"Godfather, uncle long, great elder, you should know about that special space, right?" After some thought, Leng ruoxue asked with a faint smile.

"En!" The three of them nodded. They were a little confused by Xue 'er's meaning. It could be said that there was no one in the divine realm who did not know about the special space.

"I'm its master now!" Leng ruoxue said indifferently, as if she was casually saying 'the weather is not bad today'.

"Ah!"

"What?"

"Is this true?"

The three old men's faces were filled with shock and disbelief.

H-how was this possible? That was a special space created by master Yu himself, how could it recognize a master for no reason?

However, what they didn't expect even more was that that thing could actually recognize an owner.

After all, in their hearts, they had long believed that the special space belonged to the Divine Master. How could it be an ownerless object? This was too inconceivable.

"That special space is also known as the Dreamdust space. An Artifact Spirit has long since been born within it. He was the one who caused the incident that day. He wanted to find a master for himself, but was afraid that the Divine Master would cause trouble for his master, so he gave each of the remaining hundred a reward." This time, Leng ruoxue was very detailed.

### [Chapter 1937 The Stranger In The Demonic Land \(3\)](#)

"So it's like this!" The three of them nodded in agreement. They did not know what to say about Leng ruoxue's good luck. It was master Yu's creation and not anyone could have it. However, they were worried. If the divine lord's estate did not find out about this, it would definitely be a good thing. However, if the divine lord's estate found out about it, it would be a great disaster for Leng ruoxue. After

all, she was the current Leng ruoxue. They simply couldn't compete with the God lord's estate! Even if they were by this little girl's side, they were not a match for the divine lord's estate. With this thought in mind, they began to feel conflicted.

However, Leng ruoxue was completely unaware of the three old men's worries. Right now, all of her attention was on her closed-door cultivation.

After explaining everything to them, Leng ruoxue chatted with them for a while before bringing the demon back to her room. The next day, the two of them officially entered closed-door cultivation in the Dreamdust space.

While Leng ruoxue and the rest were in closed-door cultivation, the firmament was in an even more turbulent state. Countless small families disappeared in the torrent of history, but at the same time, countless families rose up. These were not within the scope of Leng ruoxue and the rest's concern.

They could ignore it, but the master of the ning family and the others couldn't take it lightly.

In the garden.

The three beautiful uncles were all frowning, not knowing what they were thinking.

However, as the sighs grew heavier, flowing maple, who was not far away from them, couldn't take it anymore and jumped up.

"I say, you three old men, can you stop sighing all the time? It's just that the little girl went into seclusion! This was not a big deal! Do you have to act like this?" Liu Feng said with a face full of disdain. He truly thought that the three old men were depressed because they had not seen Leng ruoxue for a long time! In fact, he was also a little depressed. He didn't expect that the wretched girl would choose to go into seclusion as soon as she returned, making him very bored, but he was also reluctant to leave this place.

"You know nothing!" The master of the ning family shouted angrily and even cursed.

"Little brat! Why don't you learn from Huang 'er, why are you always wandering around in front of us? go back to the refining room and refine your weapons, I'm annoyed just by looking at you!" The first elder also roared in anger. Ever since Liuyue saw the medicinal ingredients that Xue 'er had specially left for them to refine pills, she had been hiding in the pill refining room with Shen nuo and had not come out. Only this fellow was idling around all day long, and they felt dizzy just looking at him.

"..." Liu Feng was completely speechless when he heard first elder's words. Was he being angered by someone? Fortunately, uncle long hadn't said anything yet. Otherwise, he would have been depressed to death!

However, not long after he thought of this, he saw uncle long take a sip of tea and then said in a slightly disdainful tone, "Little brat! Didn't Xue 'er also leave you a lot of ores? Why don't you go and forge? Although I don't know how to refine weapons, I know the quality of the materials. So, don't waste them! Oh! If you don't want it, you can keep it for Xue 'er's ancestor and her master. By the way, Xue 'er's ancestor's master is called Mo Yan, right? I've heard that that fellow is a tool maniac. If he sees good materials, he definitely won't waste them like you!"

After uncle long finished speaking, he looked at Liu Feng with a disdainful and slightly sympathetic gaze, as if Liu Feng had done something he shouldn't have done. This made Liu Feng's heart burn with anger! However, he could not afford to offend this old man, so he could only accept it.

With that thought in mind, Liu Feng's face darkened as he turned around and left the garden in a depressed mood.

Looking at his back, uncle long couldn't help but ask, ""Aren't we a little too heavy?"

"I'm fine! That kid's skin is really thick!" The first elder disapprovingly said.

"Yes, it's fine. I've watched that kid grow up. He has a strong tolerance!" Master ning said. In fact, they couldn't care less about what Liu Feng was thinking. All their attention was on the God lord's estate.

"Little ning, you should go back to the ning family first!" After hesitating for a long time, uncle long finally spoke his opinion. Although the presence of the master of the ning family would make him more powerful, the strength of the ning family would be greatly reduced, which was not what he wanted to see.

"How can we do that! If they knew that I was here, the God lord's estate wouldn't dare to come here so openly. If I leave, the God lord's estate won't have so many people to care about. " Master ning objected. According to the silver Rat King's report, many strange humans had come to the land of evil demons. However, those people were only loitering in the land of evil demons and had not come to Leng ruoxue's territory. Therefore, it was hard for them to judge whether those people had been sent by the God lord's estate. However, one thing was for sure. Those people had not taken any action so far because they were worried!

Besides, that old geezer from the Wen family was also a cause for concern. If he was not here, uncle long would not be able to deal with the old geezer's attack.

"As long as our Divine Master doesn't come in person, I'm not afraid of the others. But if the ning family doesn't have you, the family head, then they'll be a group of Dragons without a leader." Uncle Long's words were very subtle. In fact, the more profound a family was, the easier it was for the enemy to take advantage of the loopholes. This was probably unavoidable for any big family. After all, there were too many people in the family, and there would always be one or two rats.

"Old man ning, I think uncle Long's words are very reasonable. Why don't you go back to the ning family and take a look? You don't have to worry too much about this place, Xue 'er's defensive formation is not to be trifled with. " The great elder also tried to persuade uncle long.

"I promised Xue 'er that I would stay here and guard this place for her." Master ning didn't say he would go back, nor did he say he wouldn 't, but his meaning was clear.

"That was then and this is now. We didn't think that the divine Lord estate would go so crazy over Huan Chen's disappearance, did we?" The great elder sighed. Before Xue 'er went into closed-door cultivation, only a few small clans had been exterminated. However, almost half of the clans had already been killed. Although the various major powers of the divine realm had been trying to guess who the culprit was, they had not found any clues. Only they knew that the culprit was someone from the divine lord's estate!

"This only means that Dreamdust is extremely important to the God Lord." Uncle long sighed. The divine realm was becoming more and more unstable, and he was very clear that the only one who could turn the situation around was that little girl Xue 'er.

"It's exactly because of this that I can't leave. Otherwise, if the divine Lord finds out that Dreamdust has taken Xue 'er as his master, he'll definitely do something bad to her. " The master of the ning family said with a serious face.

"Don't worry. That woman won't know that Huan Chen is with Xue 'er. " Uncle long said with certainty. From the fact that she only dared to attack the small and medium-sized clans, it was clear that she did not want the divine realm to fall into chaos and blood to flow like rivers.

She had only attacked some of the small and medium-sized clans, so it was probably more of a warning.

#### [Chapter 1938 A Stranger In The Demonic Land \(4\)](#)

"It's better to be safe than sorry!" The master of the ning family said stubbornly. He still didn't want to leave.

"You're the master of the ning family. Although I understand your love for Xue 'er, you can't disappoint your own family! Those are your descendants!" Uncle long advised.

"Alright then! I'll go back to take a look and come back as soon as possible. " The master of the ning family compromised.

"Don't be in a hurry to come back. The ning family really needs you. I'm here, so you can rest assured!" Uncle long promised.

"En!" Although the master of the ning family nodded, he still decided to return as soon as possible.

Then, the master of the ning family teleported away.

After he left, uncle long turned his gaze back to the first elder.

"Uncle long, you're not thinking of driving me away, are you?" the great elder said with a bitter smile.

"If there's nothing important at the armament Guild headquarters, then you can stay!" Uncle long said indifferently.

"I'm fine! I'm very free!" First elder quickly replied.

At this time, a little silver-white mouse suddenly appeared in front of them out of thin air. This little mouse was the silver Rat King.

"Uncle long, great elder!" The silver Rat King greeted them very politely.

The two of them nodded and then began to listen carefully to the silver Rat King's report.

"Uncle long! Great elder, my subordinates found that there are more people coming to the land of demons today. However, the strange thing is that they don't seem to be with the people from before. Not only that, but they also had a conflict. It doesn't look like they're acting. " The silver Rat King carefully reported the situation.

"Conflict? Is it serious?" Uncle long asked curiously.

"It's not too serious, it was caused by a female human. " The silver Rat King said honestly. However, the way it addressed the female human made the two feel deeply awkward.

"Little silver mouse! You can call us human women women, but don't call us female humans. " First elder couldn't help but remind.

However, was this the main point?

"You don't have to listen to him. Just call him whatever you like. Continue." Uncle long looked at the first elder with disdain and urged.

"Uh!" Uncle Long's disdainful gaze made the first elder feel deeply depressed. However, uncle Long's seniority was higher than his, so he could only accept it.

"Alright!" The silver Rat King was very happy and continued,"That female human doesn't look that good. I really don't understand why those men would fight for her. They really have bad taste!"

"Get to the main point!" Hearing the Rat King's words, uncle long gritted his teeth in anger. He didn't want to listen to the Rat King's analysis, he wanted to know the cause of the matter!

"This is the main point!" The silver Rat King blinked its eyes and said with an innocent face.

"Then why did they have a conflict?" Uncle long asked with wide eyes.

"I told you!" The silver Rat King asked in a daze.

"What did you just say? You only said that the woman was not pretty and that there were men fighting for her, but you didn't say the cause of the fight!" Uncle long reminded him through gritted teeth.

"Oh! The cause of the fight was naturally a perverted dispute. A group of people took a fancy to that female human, and the group that the female human belonged to felt deeply humiliated, so the two sides couldn't agree on a word and started fighting!" The silver Rat King patiently explained, but uncle long and the first elder were both speechless.

Now, they deeply felt that this silver Rat King's ability to express itself was too poor. They really didn't know how that little girl Xue 'er had communicated with it, AI! The two of them sighed deeply and looked at each other helplessly. They could see the helplessness in each other's eyes.

"I'm telling you! That female human was very casual, and a few male humans had an affair with her, sigh! I won't tell you the details. In short, my good subordinates are going to be taught bad by them!" The silver Rat King sighed again.

Upon hearing this, uncle long and the great elder almost went crazy. What did the silver Rat King Report to them? They weren't interested in this kind of gossip, but judging from the silver Rat King's appearance, they probably didn't find anything of value. Thinking up to this point, uncle long warned with a cautious expression,"Silver Rat King, tell your subordinates to keep a close eye on them. If there's anything unusual, they must immediately report it."

"Don't worry, uncle long. Even when they're relieving themselves, my little brother is still watching them. We won't let them leave our sight!" The silver Rat King said smugly. Hehe, the silver rat clan had nothing but silver rats. There were hundreds of thousands of silver rats scattered all over the land of evil demons. How could they not keep an eye on those humans? And this was also the thing that it was most self-conscious about.

"Then you guys continue to work hard!" Uncle long wiped the cold sweat from his forehead and said speechlessly.

"Hehe! I promise to complete the mission!" The silver Rat King said hurriedly, and then disappeared into thin air just as it had come.

After it left, uncle long and the great elder looked at each other again, and the helplessness in their eyes deepened.

At this time, the strangers in the land of demons were still unaware that they had entered the silver rats' sight. In fact, even if they had discovered that there were silver rats around them, they would not have thought that those silver rats had come to monitor them!

The land of the evil demons was filled with mountains and forests. The mountain that Leng ruoxue and the others were on was the highest and most dangerous one. There were many other mountains of different sizes surrounding the mountain. At this moment, a group of people was gathered at the foot of one of the mountains ...

#### [Chapter 1939 Before The Battle \(1\)](#)

There were about twenty of them, each wearing different clothes, but their auras were the same-gloomy, cold, and with a hint of blood. Although they tried their best to hide it, the ruthlessness that inadvertently leaked out of their bodies could not be hidden.

At this time, they were carefully setting up camp at the foot of an unremarkable Hill. Although they had been in the land of demons for a while, these people did not dare to act rashly.

"Boss, when are we going to act?" A young man who was starting a fire looked at his Captain and could not help but ask.

"I'll wait for the right time. " The team leader who spoke was a middle-aged man. He looked even more unfeeling and had a deep scar on the left side of his face that ran from his brow to his chin. He was only a divine Lord.

Actually, if Leng ruoxue was here, she would definitely be able to recognize this man. This was because he was none other than the leader of the Men in Black whom Leng ruoxue and the rest had met in the mystic realm, black one!

However, other than their temperament, black one's appearance and cultivation level were different from the leader of the Men in Black whom Leng ruoxue and the others had met. They looked more like a small team that had come to the land of evil demons to train. However, in reality, they had all taken the appearance-changing pill.

After saying those three words, black one was deeply depressed again.

Ever since he failed his mission, his position in the Lord's heart had plummeted. Now, he was even sent by the Lord to carry out this small task of stalking. This made him, who had always been proud and arrogant, feel very conflicted and painful. However, he was already being merciful by the Lord to be able to keep his life. Therefore, although he had complaints in his heart, he did not dare to say it out loud.

As for his current subordinates, they were assigned to him by his Lord, but he knew very well that these people were not completely loyal to him. As for who they were, he did not want to know. In short, he was very low-key now.

"We still have to wait for the right time! We've been here for a long time!" The young man said with slight dissatisfaction after hearing black one's words.

He had wanted to make a contribution for a long time, but his team leader kept stopping them from taking action. This made him even angrier. He felt that his team leader was too useless. Hence, he did not hide his dissatisfaction when he saw black one's expression.

"So what? Don't forget, we're only here to Scout. We only need to send the information back, and the Lord will decide when to take action!" He knew very well that these people were not very convinced of his abilities. However, having experienced life and death, he had long accepted all of this. Even in his eyes, these guys were reckless. He really did not know who had trained them to be so impatient!

"You're right, but I think it's the best time for us to make a move. Don't forget, master ning has already left!" The young man said, unwilling to admit defeat.

"So what if master ning has left? Don't tell me that you think that you can deal with Leng ruoxue and the others once master ning leaves?" Black one said with a hint of disdain. These fellows who did not know the immensity of heaven and earth thought that Leng ruoxue was easy to deal with? Hmph! Having crossed swords with Leng ruoxue and the others, he was very clear on how difficult it was to deal with them. There was also that uncle long, who was not to be trifled with. Even if all of them were to join forces, they would not be able to take care of uncle long alone!

Al! Thinking of uncle long, he felt conflicted.

They were both reverent-god level cultivators, but why was there such a huge gap? He admitted that uncle long had lived longer than him and had a higher seniority, but the difference in strength between the two shouldn't be that big, right? Not to mention uncle long, he wasn't even confident that he could win against that demonic man. With this thought in mind, he wasn't just conflicted.

However, the small group of people he brought didn't know what he was struggling with. After hearing his words, one of them shouted in dissatisfaction, "I don't even dare to try, isn't this too cowardly? Captain, we're just boosting his morale and lowering our own!"

"That's right, those people are only God tier Masters. If we don't even dare to fight against God tier Masters, how can we have the face to serve His Majesty if word gets out?" Someone echoed.

"Captain, you're a reverent-God, are you afraid of a few god tier Masters?" More and more people began to question it, causing a chain reaction. Black one frowned, but he was unwilling to continue paying attention to them.

However, the more black one acted like this, the more dissatisfaction they had for him. In the end, many of them were not polite with their words.

"Team leader, it seems like you've been scared out of your wits by Leng ruoxue and the others!"

"What qualifications do you have to be our Captain if you're so timid?"

"We want to protest to the master and change the captain!"

"Master Black nineteen! I suggest you be our Captain!"

A cacophony of voices broke out at the foot of the mountain. Black one became even calmer after hearing the words. As for black nineteen, he was the vice-captain of the operation. He was a divine Emperor. In the entire team, his position and strength were second only to black one.

However, black nineteen's mind was very clear. He knew that he could not be compared to black one in any aspect. After all, black one used to be the most outstanding among them and was their role model. Although black one had made the Lord unhappy now, who knew when black one would be favored by the Lord again? this was not certain! Therefore, he only dared to watch others hit black one when he was down, but he did not dare to have the slightest intention of doing so. Not only that, he had to take the initiative to express goodwill to black one!

At the thought of this, he took the initiative to walk to black one's side and sat down with an awkward expression. "Captain, they're just bored to death, that's why they're speaking without thinking. Please don't take it to heart!"

"I won't argue with them. You go and tell them that whoever is dissatisfied with me can complain to the Lord, or they can leave my team! Don't worry, I won't make things difficult for them in front of his Lord!" Black one said coldly. He was extremely disgusted by the actions of these people. Although he had lost his master's favor, as a reverent-God, he was not someone who could be humiliated as he pleased. The dignity of a reverent-God could not be violated!

"Captain!" Black nineteen was still trying to persuade black one. After all, they were all in the same boat. If they failed their mission, they would all be punished by their Lord. He did not want to be implicated by these idiots.

However, his subordinates did not understand his good intentions. Instead, they planned to leave. Some of them even tried to persuade black nineteen!

"Master Black nineteen, please leave with us! There's no future in following such a useless Captain. " Someone tried his best to persuade black nineteen. Black nineteen's face darkened immediately.

F \* ck! These dogs didn't know what was good for them. It was fine if they wanted to leave, but they actually wanted to drag him down with them. Would he be so brainless to argue with them?

"I won't leave the captain!" Black nineteen said with a serious expression.

"Lord Black nineteen!" The man wanted to continue to persuade black nineteen, but he was interrupted by black nineteen. "Don't say anymore. I won't leave with you. I'll stick with the captain!"

The person who was trying to persuade black nineteen did not bother to say anything more when he saw how stubborn black nineteen was. However, black one could not help but look at him in a different light after hearing what black nineteen said.

He did not expect that someone would still stay by his side when he was at his lowest point. No matter what black nineteen's intentions were, he had to owe black nineteen a favor.

However, he still did not express any important opinions.

When he saw that almost all the members of the team had left, he said to black nineteen calmly, "You should leave with them. You really don't have a future with me!"

"But it's very safe to follow the captain! I know what's best for me!" Black nineteen said with a smile.

However, black nineteen felt a little depressed. There were only five people left from the original team of more than 20 people. Except for him and the team leader, the three weakest people were left.

"What about you guys? Why did you stay?" Then, black one's gaze shifted to the other three.

"Captain, we're too weak. If we stay with them, we'll be looked down upon. So, we'd rather stay with you than with them!" The three of them answered honestly.

"Since you've chosen to stay, I'll naturally guarantee your safety. However, you must obey my orders unconditionally!" Black one nodded. It was good that the people who were left behind were self-aware! He didn't want disobedient subordinates!

"Yes!" The four of them, including black nineteen, responded immediately.

Just like that, after a small internal cajoling, there were only four people left by black one's side. This situation was naturally passed to uncle long and the others through the silver rats.

A few days after this little interlude ended, those people who had originally left returned.

However, they didn't come back on their own this time.

The leader of the team took the initiative to greet black one when he saw him. "Black one, long time no see!"

"What are you doing here?" Black one frowned and asked the tall man in front of him. There were ten leaders among the secret guards of the "black" generation. They were called black one to black ten. The man in front of him was ranked fourth among them. He was also a Hierarch and was the one who was the most unconvinced of him. However, although they were both Hierarch experts, he was no match for him. Otherwise, he would not have been ranked below him. This was also regarded as the greatest humiliation by black four. Therefore, as long as he had the opportunity, he would not be able to defeat him. Hei si would definitely hit him when he was down.

"His Lord sent me to assist you!" Hei si said with a smile.

"Assist?" Black one sneered. He was not a three-year-old child. There was no way he would believe that!

"Yes, the Lord said that I'll be in charge of everything here for the time being, and you must listen to my arrangements!" Black four smiled evilly. In fact, his Lord had not only sent one team to the demonic

lands. Other than black one's team, he was in charge of the other teams. However, black one was not aware of this situation!

"Alright!" Black one nodded. Since this was his Lord's intention, he did not have any doubts.

Seeing that black one was so easy to talk to, black Four's heart was greatly satisfied.

Then, he waved his hand and his subordinates behind him immediately started setting up the tent and starting a fire. Black four took the initiative to sit beside black one, trying to get closer to him.

Black one and black four were chatting nonchalantly. Black four only revealed his main purpose after a bunch of nonsense.

"I've decided to launch a night attack!" Black four suddenly said. Although he did not explicitly state where he was going to attack, black one understood immediately. However, he did not want to blindly get involved with black four, so he simply pretended to be stupid.

"Attack where? Do you want to attack the Beastie here? I advise you not to. If you exterminate all the beasts here, the beast clan will not let this matter rest!" Black one reminded him with a heavy heart.

"What I meant was to attack Leng ruoxue and the others at night!" Hei Siming said.

"Are you confident?" Black one could no longer play dumb.

"Of course, but you need to join hands with me!" Black four said calmly. In fact, he looked for black one to be his hired thug. Who asked black one's strength to be above his? if he did not need to use him now, when would he need him?

"As long as we join forces, you'll have absolute confidence? Don't blame me for not warning you, if you beat the grass and alert the snake, they will be on guard, and then it will ruin the Master's plan!" Black one said very cautiously. Although he did not want to get involved with black four in this matter, he was also clear that black four would never let go of such a good fighter!

"Don't worry, if I didn't have absolute confidence, I wouldn't have come to you." Hei si said confidently.

"Does the Lord know about this?" Black one asked.

"Of course, without his Lord's permission, would I dare to do this?" Hei si raised his eyebrows and said.

"Although master ning has left, uncle long is still in that house. I think you've heard of how powerful uncle long is!" After some thought, black one reminded him again. He was still considered guilty, so he naturally did not want to be implicated by black four. This was because he had a bad feeling that black four would mess up the matter!

"No matter how powerful that uncle long is, he's only one person. Can't we deal with him together? Black one, you've always been bold and cautious, but ever since the last incident, you've become more and more timid. This is not like you!" Hei si said with a face full of disappointment. However, the meaning of his words clearly contained provocation. He was still bringing up a sore spot!

"Just take it that I'm a coward. I've already warned you." Black one said disapprovingly. If black four thought that a few sarcastic words could anger him, then he would be disappointed.

Black one then added, "since my Lord has asked me to follow your arrangements, I'll do as you say. When you've arranged everything, just tell me what I should do. I'll go back and rest." After saying that, black one entered the tent without looking back.

Seeing that black one had left just like that, although black four was a little angry, he could do nothing about it. However, his Lackey beside him directly expressed his dissatisfaction with black one, ""Lord Black four, this black one is really getting more and more presumptuous. He actually didn't give you any face. You must not let him off!"
