

Crazy Wife 1941

[Chapter 1941 Before The Battle \(3\)](#)

"Is black one something you can call?" Hearing his subordinate's words, hei SI's face turned cold and he shouted angrily, "F * ck!" He could be called black one, but what right did these small fries have?

Although black one was not favored by his Lord, black four still regarded black one as his biggest competitor. Hence, he was the only one who could be dissatisfied with black one. The others could not, let alone a small Lackey.

More importantly, black one was a reverent-God after all. If he allowed a small fry to trample on a reverent-God's dignity, wouldn't that be a slap to his own face?

"My Lord, I ..." The subordinate who wanted to please hei si saw that his flattery had landed on the horse's leg and was suddenly at a loss. When hei si saw his cowardly appearance, he was even angrier.

"Get lost! Get lost, don't let me see you!" Hei si shoed him away like a fly. After he finished speaking, he also entered his own tent out of sight and out of mind.

The next day.

Black four told black one his detailed plan. Then, they stayed in place and waited for the right moment.

A few days later, at night.

The sky in the devil's Land suddenly changed. The sky had been clear for tens of thousands of miles before, but now it was gloomy. From day on, the sky was so dark that it seemed to be filled with water. When it was late at night, it was so dark that one could not even see their own fingers, but it did not rain.

And such weather was also very suitable for crime.

Hei si, who was crouching at the foot of the hill, looked at the dark night sky and felt satisfied. He had been waiting for this day for several days. He had finally waited for it. In that case, he must not waste it. Therefore, he made up his mind to hit the target with one strike!

After changing into the black clothes for the operation, they followed hei SI's signal and quietly headed towards the mountain peak where Leng ruoxue was ...

At the same time, there was another group of people who had their eyes on the sky tonight. They were sneakily moving towards Leng ruoxue and the others.

At this moment, the Leng family's main courtyard was in complete silence.

Other than Leng ruoxue and the rest who were in closed-door cultivation, uncle long and the rest had also gone back to their rooms to rest. It was as if they didn't sense the impending danger and were sleeping soundly.

However, in fact, uncle long was not in the room at all. At this moment, he was in the 'universal bracelet'. Through the light screen that green vessel had set up, he was drinking tea and eating snacks while admiring every movement in the land of demons.

"Uncle long, there are at least three Hierarch experts. What should we do?" Qing Jue glanced at the light screen and said to uncle long.

"I can pin down two of them, and you can only be responsible for the other one." Uncle long chuckled. Their hearts were really connected! Two forces had chosen to attack them on the same day. If uncle long hadn't known that they hadn't contacted each other, he would have thought that they had discussed this beforehand.

"Do you want to tell big sister?" Qing Jue asked uncertainly. Although he really wanted to let his sister know that someone was trying to attack them, he did not want to disturb his sister while she was in seclusion. He was at a loss!

"Why should I tell the little girl? Don't tell her!" Uncle long said quickly. He had to play to his heart's content while the little girl was not around.

Seeing through uncle Long's thoughts, Qing Jue looked at uncle long with a smile that was not a smile. He pitied those people a little in his heart. Moreover, it was obvious that if the two forces that wanted to attack them at night knew about uncle Long's thoughts, they would definitely be depressed!

"Qing Jue! We can't rely on the little girl for everything, can we? We can settle this small matter, so let's not trouble her and let her go into seclusion!" Seeing Qing Jue's expression, uncle long tried to cover up and explain.

"Yes, uncle Long's words make sense. However, we don't have many people that can be used on our side, so ..." Qing Jue did not finish his sentence. However, his meaning was already very clear. There were very few people on their side that could participate in the battle. In fact, the old Phoenix and the dark night race were not in seclusion, but they could not see the light yet. Therefore, there were very few beasts that could be used by uncle long.

"It doesn't matter. It's enough for them to have the treasures." Uncle long said as he looked at the small beasts lying in front of him. Although these little fellows weren't very strong, their explosive power was astonishing. With their combined attack, they could easily deal with a Hierarch. Hence, uncle long was very confident!

"MMH! With us here, uncle long can be at ease! Leave the remaining reverent-God to us! We guarantee that he won't be able to leave this place alive, and we'll let him know why the flowers are so red!" Baby said excitedly. It could be seen that its claws were itching again.

"Uh!" Seeing the excitement on the babies' faces, uncle long doubted whether he had made the right decision. These little guys were clearly the kind of people who wanted to see the world in chaos!

"Hehe! Uncle long, I wish us a happy cooperation!" At this time, baby raised its little paw again and high-fived uncle long. Kun and the other beasts also followed suit.

"Happy cooperation!" "Ling, remember to cast the invisibility spell on us!" Uncle long said.

"En!" Ling nodded obediently.

Suddenly, the silver Rat King appeared in front of them.

"Uncle long, I have important news!" The silver Rat King said directly.

"Speak!" Uncle long nodded.

"The beasts in the land of demons knew that someone was going to attack us, so they volunteered to help. I've already settled them in the garden!" The silver Rat King carefully said. After all, it was its own decision, so it was afraid that uncle long would blame it. After it finished speaking, it even timidly lowered its little head, not daring to look at uncle long.

"You told them?" Uncle Long's face was expressionless.

"Yes, I just mentioned it casually. They were all very enthusiastic and mainly asked for help. I was too embarrassed to reject them, so I brought back the Beastie they sent to help." The silver Rat King said honestly. After it finished speaking, its little heart was still thumping! It jumped around wildly. In fact, it didn't just say it casually. When those beasts expressed their willingness to help, it didn't want to refuse them at all and brought them back directly. But now it was a little afraid, afraid that uncle long would blame it for making its own decision. After all, when its master was not around, uncle long was the most important person!

"There will be no next time!" Uncle long warned. He had never thought of asking the beasts in the land of demons for help because he was afraid of implicating them. After all, the opponent was too powerful for the beasts here to fight against. Once they were involved, they would definitely have a lot of trouble in the future. But then he thought about it again. If the beasts in the land of demons were more United because of this, it would be a great thing! In that case, the enemy would have to think twice before taking out their anger on the innocent beastmen!

"Yes, yes!" Seeing that uncle long didn't blame it for being meddlesome, the silver Rat King was completely at ease. In fact, it also had its own selfish motives. It should be known that ever since it was born, it had been living in the land of demons, accompanying the beasts here all day long. Now that it had found such a good master, it naturally hoped that the other beasts would also have such a good opportunity. Therefore, after it knew of the other party's plan, it had informed uncle long and the others at once, as well as the beast clan in the land of demons.

When the beasts found out that someone was trying to take advantage of Leng ruoxue, they did not disappoint it. They all fought to be the first to help. Seeing that they were so understanding, the silver Rat King was naturally happy! At least its careful thinking had not been in vain. As for what would happen to them in the future, it could only depend on their luck.

After that, uncle long discussed the details with Qing Jue and left the bracelet with the little beasts.

When they arrived at the garden, they saw that the garden was already filled with many mimicry little beasts. The first elder and the others had also walked out of their rooms. It was obvious that they had already received the news from the silver rats.

"Uncle long! What do you need me to do?" The first elder asked after seeing uncle long.

"You don't need to do anything. You just need to stay here and watch the show!" Uncle Long's words caused the enthusiastic great elder to immediately turn listless.

"Why?" First elder's eyes were wide open, his face filled with dissatisfaction.

"Do you still need to ask? Of course, it's because you're too old. If you go out and fight with those people, you'll be a hindrance. If you get injured, we'll have to take care of you, so don't go out and drag us down!" Before uncle long could answer the first elder's question, Liufeng interrupted.

Upon hearing flowing maple's shameless words, first elder was so angry that he blew his beard and glared at him! "You stinky brat, you actually dare to despise me! I think you're tired of living?"

"I'm telling the truth!" Of course, he said that on purpose. After all, these two old men had been making things difficult for him over the past few days.

"You unfilial grandson ..." First elder pointed at Liu Feng with a trembling finger. He was so angry that he could not speak.

"Grandpa! Calm down!" Seeing this, Liuyue hurriedly coaxed.

"Yes, calm down. You won't have a chance in tonight's battle!" Uncle long said with a smile.

"Why?" Upon hearing uncle Long's words, none of them could remain calm. They had long been prepared, but now uncle long was telling them that they didn't need to do anything. This, this was too much of a blow, wasn't it? They were not convinced!

"You're either alchemists or artifact Masters. You're all important targets of protection, so I have to protect you well. Tonight, only US beasts will attack, so you can go back to your rooms and sleep!" Uncle long said. After that, he gave Ling a look. Ling understood and cast an invisibility spell on all the beasts. Uncle long then led the beasts that had disappeared from the sight of first elder and the others out of the courtyard ...

[Chapter 1942 Waiting For A Rabbit By A Tree Stump \(1\)](#)

As they watched uncle long and the other beasts leave, the first elder and the others in the garden were completely depressed. They had been looked down upon. Although they were only alchemists and blacksmiths, they also had the strength of divine emperors! He wasn't so bad that he needed someone to protect him, was he? The few of them couldn't help but think.

"Uncle long must be afraid that we'll steal their opponent. That's why he didn't let us out!" After some thought, flowing maple said with certainty.

"That's obvious!" The first elder said in a bad mood.

"Why don't we sneak out and help?" Flowing maple suggested.

"That's not good! Uncle long is not to be trifled with. If he finds out that we don't listen to him, we'll be in deep trouble!" Shen nuo said with a face full of fear.

"You really are a coward!" Shen nuo's words caused Liu Feng to growl in a low voice, as if he had expected better from her.

"Are you not afraid of uncle long?" Shen nuo's eyes widened as she asked indifferently.

"Of course ... I'm afraid too!" Liu Feng's first few words were full of vigor, but they softened in the end. When he thought about the old whale's intimidation, his little heart trembled uncontrollably. How could he not be afraid?

When Shen nuo heard Liu Feng's reply, she could not help but roll her eyes, and gave him a 'then why are you still scolding me?' . Then, he also became depressed.

"I think we should listen to uncle long and go back to our rooms to sleep!" Liuyue said after some thought.

"Kid, what's your opinion?" At this time, the first elder's eyes turned to the jungle, who was standing in the corner like a punching bag, and asked with an expectant face. They couldn't think of a good idea, so he really hoped that this little guy could come up with a good idea that would satisfy both sides.

"I, I ..." Hearing the great elder's question, Lin Mu was so nervous that he didn't know what to say. Wuwu ... Why are there so many important people around the young miss? He was under a lot of pressure!

Ever since the end of the elite competition, he had followed Leng ruoxue and the others to the land of demons. However, when he found out that the people around his young miss were all influential figures in the God Realm, he was so nervous that he was at a loss on what to do. Moreover, his young miss had left him to her Excellency Liuyue and her Excellency Shen nuo. After that, she no longer cared about his life or death. Therefore, he felt that he was living in deep waters and suffering every day.

In fact, the two Sirs, Shen nuo and Liu Yue, treated him very well, and even treated him like a disciple, teaching him with all their heart and soul. It could be said that the two of them were even more attentive to him than their own young miss. But for some reason, when he saw the two Sirs, as well as the first elder and Sir Liu Feng, his heart was so nervous that it was about to jump into his throat.

Looking at the state of the forest, the great elder felt helpless. He sighed and said, ""Little guy, why are you so nervous? We won't eat you!"

"It is! Lin Lin, since the little girl has handed you over to us, you're our disciple from now on. How can you be so nervous in front of master? Are we really that scary?" Liuyue also said with a little dissatisfaction.

"Ah!" Lin Jie cried out in shock when he heard that. Then, he looked at Liuyue as if he had seen a ghost.

Is Mr. Liuyue joking? He was very clear that his aptitude wasn't at the top among alchemists, so he didn't believe that Liu Yue and Shen nuo would have the thought of taking him in as a disciple.

"What 'ah'! Remember my words, you will be our disciple from now on!" Liuyue saw through jungle's thoughts and patted his head.

"Your Excellency Liuyue, I ... I'm afraid I can't be your disciple." Seeing that the Brawler referee seemed to be serious, Lin Lin quickly said.

"Give me a reason? Could it be that with our status, we're not worthy of being your master?" Liuyue deliberately put on a straight face and said with a hint of displeasure.

"No! It's because I've already recognized young miss as my master, so I can't join The Alchemist Guild headquarters anymore, and naturally can't be your disciple!" Lin Lin explained. Although he was a registered Alchemist of The Alchemist Guild headquarters, he was not an exclusive Alchemist of The Alchemist Guild headquarters. Therefore, he was very clear that he could not be a disciple of those two esteemed figures. Otherwise, he would probably have to join The Alchemist Guild headquarters and become an exclusive Alchemist of The Alchemist Guild headquarters. However, he did not want to do so now.

"Brat, joining The Alchemist Guild headquarters and being our disciple are two different things, so you don't need to worry about this. You only need to tell us now, are you willing to be our disciple or not?" Shen nuo said a little anxiously. Actually, he wanted to take this kid as his disciple mainly because of two considerations. One was that this kid did indeed have a drive that no one else had, and the other was that he hoped to get closer to Leng ruoxue. Liuyue obviously had similar thoughts as well. Originally, the two of them had been arguing endlessly over the forest, and later on, they had come to an agreement to take him as their disciple together.

"Uh!" Shen nuo's words stunned jungle. There was such a good thing? Was this a gift from the heavens? However, he, who had always been calm, was hit by this sudden good luck and did not dare to easily agree.

Seeing that the forest was hesitating, first elder quickly said, "Brat, what are you hesitating for? This was a good thing that others could only dream of! Besides, with them as your backing, Xue 'er will be happy for you!"

Lin Lin saw first elder mention Leng ruoxue, and he thought about it for a while before nodding his head in agreement. Then, he even respectfully bowed to Shen nuo and Liuyue as a master and disciple. The two of them were so happy that they broke out into smiles, and kept calling out 'good disciple! Good disciple!"

Seeing how happy and harmonious they were, flowing maple was truly speechless.

This is a little off topic, okay? Aren't we discussing how to go out and help? How did it become taking in disciples? He could not understand.

"I say, do you know what we were discussing just now?" Liu Feng rolled his eyes and asked, unable to take it anymore.

"What's wrong?" First elder and the others looked at Liu Feng in confusion.

"Aren't we thinking of a reason to go out and help? Don't go off topic!" Flowing maple growled gloomily.

"Oh! Hehe! I'm just taking in a disciple in passing! It won't take up too much time!" Liuyue said, a little embarrassed. It was indeed convenient. He didn't know why he had suddenly taken Lin Lin as his disciple. By the way, Lin Lin was too nervous in front of them, so they had brought it up directly. Otherwise, they had wanted to say hello to the little girl. But now, they had taken Lin Lin as their disciple without saying hello. Presumably, the little girl wouldn't mind!

"Now that you've taken in all your disciples, can we think of a good idea?" Flowing maple rolled his eyes again, truly speechless.

"This ... I really can't think of any good ideas. What about you guys?" Liuyue said awkwardly. To put it bluntly, he was afraid of uncle long!

After he finished speaking, the few people present began to look at each other, big eyes staring at small eyes.

[Chapter 1943 Waiting For A Rabbit By A Tree Stump \(2\)](#)

At this time, uncle long had already left the house with baby and the other beasts. They had each found a place to ambush the enemy.

Their original plan was to attack in secret and take them down one by one.

However, with the help of the beastmen from the land of demons, they changed their strategy slightly and decided to attack at the same time to catch the other party off guard!

According to the information from the silver rats, there were two groups of about 500 people. Apart from the three reverent-gods, there were dozens of divine emperors. Most of the others were divine kings and only a few were divine Lords.

On the other hand, there was only uncle long, a Hierarch, five divine Emperor-level beasts, and ten Divine King-level beasts on the Beastie's side. Most of them were divine Lord-level beasts. The difference in combat strength was obvious.

After knowing the difference in combat strength, the Beastie who came to help was a little worried.

It wasn't that they didn't want to send someone stronger to help, but their own Beastie simply couldn't do it!

Although there were many beasties in the land of evil demons, none of them had the strength of a godly venerable rank. Not only that, even beasties with the strength of a godly Emperor were rare. All this time, they had been able to gain a firm foothold in the land of evil demons mostly because of their unity. After all, the Supreme powers looked down on the land of evil demons and the weaker factions did not dare to provoke them. Thus, they had set down their roots in this place.

After a long time, no force was willing to come here and disturb them. After all, this was not an ideal territory for humans.

This time, not only had many strangers come to the land of evil demons, there were even a few reverent-god level spirit beasts. This made them feel extremely nervous and they treated these strangers as if they were facing a great enemy. Although these people had come for Leng ruoxue and the rest, it was hard to guarantee that they would not have any other thoughts. Therefore, in the hearts of many of the spirit beasts, these strangers were no longer just enemies of Leng ruoxue and the rest!

"Uncle long, the enemy is stronger than us. Do you have any good ideas?" The fire Wolf clan's Grand Elder asked worriedly. He was also the strongest in the fire Wolf Clan.

"Baby, tell them our plan!" Uncle long looked at the treasure and said with a smile.

"Alright! Our plan is to wait for the rabbit!" After baby said that, he took out dozens of silk threads thinner than hair from his storage ring. Those threads were dark gray in color, and if one didn't carefully

identify them in the dark night, they would be completely ignored! Moreover, the threads only looked thin, but they were actually very strong and sharp!

"These are your weapons against your enemies!" Baby said after he had sent the thread down.

"Uh! This is a weapon?" All the beasts looked at the thin silk thread in their claws, their faces full of uncertainty. They really couldn't understand what the use of this small silk thread was. Moreover, it was two Beastie using one. Wasn't this a little too thrifty?

"Right! This was a weapon! Furthermore, it's the most powerful weapon to defeat the enemy!" Baby said with a mysterious look.

"Baby, don't keep us in suspense, just tell us!" Huo ke said anxiously. She was very curious about this thin thread.

"Hehe! Don't you have two Beastie and one thread? Now, listen to my command. Each of you, stand on one side and straighten the string in your hands!" Baby instructed.

"Oh!" When the beasts heard this, they immediately split into two sides and stood in a straight line. However, they still didn't quite understand baby's intention.

Seeing this, baby could only give them a demonstration!

"You guys look carefully!" After baby finished speaking, he walked to a thin thread and pretended not to see it. He was tripped by the thread and fell to the ground. Then, baby jumped up and said, ""Do you understand? I want you to use this line to trip the enemies!"

"And then?" The beasts understood what was going on, but what would happen after they tripped? They were thinking that those people wouldn't be fooled so easily. After all, they were all cultivators. They knew how vigilant cultivators were.

"Your task is to trip them up. However, you have to act according to the situation. Don't just stand there stupidly and don't move. That way, the other party won't be affected. It's the silver rats "problem." Baobao laughed evilly. This time, he would definitely make sure that those guys would not be able to return.

Then, it took out countless small porcelain bottles and poured out the pills inside, giving them to the silver rats. It ordered, ""After they fell to the ground, you guys took the opportunity to throw these drugs into their mouths. However, you guys have to be careful!"

"MMH! I promise to complete the mission!" The silver Rat King raised its little claws above its head and saluted on behalf of the silver rats.

"As for the three reverent-god level experts, leave them to us!" Baby continued.

"Baby, those three are reverent-god level! Why don't I help you!" The chief elder of the fire Wolf Clan said. He felt that it was a waste to ask him to cut the thread. After all, he was a divine Emperor-level beast!

"No need! If there are too many beasts, it won't be able to be used, don't worry! We can handle it, but after you've completed your mission, if you want to help, I'll be more than happy to." Baby didn't make it too clear, but they had to complete the mission first.

"Alright then! We'll listen to you, but are you sure you don't need to inform miss Leng about this?" The Grand Elder of the fire Wolf Clan asked.

"No need! My cute master is in closed-door cultivation, don't disturb her!" Baby said with absolute certainty.

The great elder of the fire Wolf Clan nodded and said, "Since that's the case, I'll take them to their positions and wait for the opponents to come!" It truly felt that this battle was too easy to fight. It had been prepared to get injured, but now it seemed that their work was very easy! Moreover, the battles between beasts had always been straightforward and direct. It was the first time they had encountered someone who used schemes and intrigues to plot against their opponent! At the thought of this, the way it looked at the treasure changed.

As expected of the Fox race, they had many schemes! The fire Wolf clan's head elder secretly thought to himself.

Following that, it led the beasts to find a pleasing position and sat down on the ground. Some of the beasts even crossed their legs, their expressions extremely relaxed. However, the silk threads in their hands were all pulled straight. The dark grey silk threads flickered with an intimidating cold light in the dark night sky. Seeing this, Ling cast a few spells and the silk threads were immediately hidden

In the quiet night, it was so dark that one couldn't even see one's own fingers. The night sky was so gloomy that it made people feel depressed. However, at this moment, two different teams were moving towards the Leng family's main mansion at the same time.

Soon, a team arrived.

[Chapter 1944 Waiting For A Rabbit By A Tree Stump \(3\)](#)

Looking at the tall mansion in front of them, the team became more cautious.

"Hui Wu, you go Scout the path!" Hei si ordered as he glanced at the quiet main residence.

"Yes!" A Man in Black replied. After he finished speaking, he walked towards the Leng family's main residence vigilantly.

The Man in Black who was called Hui Wu was observing his surroundings as he walked. At this moment, the invisible beasts were not far from him, but he could not see them at all. The fire Wolf clan's first elder, who was the closest to him, saw the opportunity and gave his partner a look. Then, they extended the silk thread in their claws to Hui Wu's feet. Suddenly, only a 'plop' was heard! Hui Wu fell to the ground in an extremely unsightly posture.

"Argh! It hurts!" Hui Wu, who had fallen to the ground, could not help but cry out in pain. He stretched out his hand and touched his leg that had tripped and hurt, but he felt that his hand was wet and a little sticky.

This ... This is the smell of blood!

It can't be wrong! Hui Wu was very certain. Although he did not know why he had fallen for no reason, there was no doubt that his leg was injured.

At this time, the little silver mouse standing in front of him looked at the small pill in its claw and received a "baby, don't do anything" look. It forcibly resisted the urge to throw the pill into Hui Wu's mouth. Therefore, Hui Wu also escaped a disaster.

However, when hei si heard Hui Wu's cry, he could not help but curse in his heart.

What an idiot! Did they forget what they were here for? He actually dared to scream! Don't you know that this will alert the enemy? Black four was extremely dissatisfied with Hui Wu's actions. Originally, he thought that Hui Wu was his trusted aide, so he wanted to give Hui Wu a chance to perform. However, who knew that Hui Wu would screw up. At this moment, he even had the thought of swallowing Hui Wu alive!

Especially when he saw black one's half-smile expression, black Four's heart was even more furious!

"Idiot! Hurry up and get back here!" Hei si coldly transmitted his voice.

"Yes!" Hui Wu heard his boss's unfriendly tone and limped back to the team while enduring the pain.

Upon seeing gray Five's expression, black one asked with a concerned look on his face, "What's going on? Did you fall very badly?"

"It's not heavy!" Hui Wu lowered his head and said in a small voice, but his heart was still beating. It would be strange if it wasn't heavy, it was simply painful to death! In fact, he didn't know why he cried out. To be honest, since he became the Lord's Secret guard, he had suffered minor injuries and serious injuries, but he had never cried out like he did just now when he was on a mission. He knew that he had committed a big taboo, but he really didn't mean to!

"If it's not heavy, why did you scream?" When hei si heard this, he growled in anger.

"I ... I didn't mean it, Lord he si!" Hui Wu quickly said.

"Alright! What's the point of blaming him?" Black one tried to smooth things over. After he finished speaking, he even took the initiative to hand a pill to Hui Wu. After Hui Wu received it, he looked at black one gratefully and said, "Thank you, Lord Black one!"

After he finished speaking, he ate the pill and stood aside, as if waiting for he si's punishment.

"Hmph! Only you can pretend to be a good person!" Black four was extremely displeased when he saw black one's actions.

"I'm doing this for your good! In order to ensure that our operation is foolproof, we must unite as one!" Black one said indifferently. In fact, he was very willing to be a good person now. As for the bad person, let black four be the bad person!

Knowing that black one was right, black four did not go against him. Instead, he took the initiative to ask, "What do we do next?"

"You're the commander, I'll listen to you." Black one said with a smile.

"You want to be a hands-off shopkeeper?" Hei si suppressed the anger in his heart and said coldly.

"I didn't want to affect your judgment, and I also wanted you to have enough capital to claim credit in front of the Lord. So, you're fully in charge of this operation. I'll only accept your orders and will never interfere!" Black one assured in an understanding manner.

"In that case, I have to thank you!" Black four was so angry that he gritted his teeth. He kept cursing in his heart. The cunning black one! Unfortunately, he could not do anything to black one. Moreover, he was still counting on the black one gang to make a contribution for this operation! Therefore, he could only swallow his anger!

"No need to thank me. As long as you don't complain about me to the Lord, I'll thank the heavens!" Black one said honestly.

"Then you better cooperate with me!" Hei si said after taking a deep breath.

"I've said it before, I will cooperate with you. Now, Lord hei si, please give your orders!" Black one teased with a faint smile.

"Later, we'll split up and take our men into the main residence. After we find uncle long, we'll send a signal to him, and we'll deal with that old man together! As for the rest, deal with Leng ruoxue and the others!" Black four said. He had already considered this before!

"Alright!" Black one nodded. Although he was very suspicious of whether they could enter this house, because no matter how he looked at it, he felt that this house was similar to Leng ruoxue's spatial divine tool. However, he did not intend to tell black four about this. When the time came, he would just let black four think of a way like a headless fly!

After making up her mind, black pretended to be silent.

"Black one, lead them and think of a way to sneak in from the main entrance. I'll lead the others to look for the back door!" After distributing them to black one's team, black four made the necessary arrangements.

"There's no need to look, this house doesn't have a back door!" Black one stopped black four upon hearing his words.

"How is that possible?" Hei si could not believe it.

"Behind this house is a cliff, and there are two courtyards on both sides. So, this house doesn't even have a side door, let alone a back door!" Black one explained. After staying here for so long, he had not stayed for nothing. He had long familiarized himself with the terrain of Leng ruoxue's residence. However, he had never thought of taking action. The terrain was truly too disadvantageous to them.

"Oh! Bring your men in first, I'll keep a lookout for you, then you can go in!" Hei si thought for a while and said.

"Alright then!" Black one finally realized that this fellow was purely using him as cannon fodder! However, he was not that easy to make use of!

Just like that, the two men, who each had their own thoughts and looked like they were working well together on the surface, began to cooperate with each other.

Black one led a team of about 200 people and slowly approached the Leng family's main residence. Along the way, they were safe and did not even encounter any obstacles. Of course, this was because baby had given them the green light.

Baby did not arrange for the Beasties to attack black one and the rest. Other than wanting to capture all of them in one fell swoop, the more important reason was that black one was their old friend!

From black one's aura, it already knew black one's identity. It had also been confirmed by uncle Dragon. Hence, the purple eyes that were looking at black one were currently blooming with a scorching light. The beasts could not help but let their imagination run wild when they saw black one's fiery gaze.

Baby, you seem to be very interested in this man! The beasts guessed, but they did not dare to say it out loud.

At this moment, black one had already approached the Leng family's main residence.

Black one became even more cautious as he looked at the house that did not seem to have anything special on the surface.

He stretched out a hand and placed it on the crack of the door. Slowly, a few cold glints came out of his fingertips and tried to enter through the crack of the door. But very quickly, he felt the cold glints he had released bounce back. He suddenly quivered!

There was a formation on the door! Furthermore, it was a defensive formation!

Now, he was even more uncertain if this house was the spatial God tool that he knew of.

At the thought of this, he quietly transmitted his voice to hei si, "Hei si, this house has an array. I can't break the door lock. Why don't you try?"

"How could this be? What kind of formation was so powerful? Even a reverent God like you can't do anything about it?" Hei Si's voice was filled with suspicion.

"It's not like you don't know that I know nothing about formations!" Black one said helplessly.

"That's true!" Black four agreed with this point.

"Then why don't you hurry over and take a look!" Black one urged. Although black Four's attainments in formations were not much better than his, at least he was better!

"I'm coming!" After hei si finished transmitting his voice, he gave a look to his subordinates beside him. Everyone then walked towards the main entrance together.

He had only taken a few steps when he heard a 'plop! Plop!' The sound of falling continued to ring out!

"Argh! It hurts!" As they cried out in pain, the silver rats, who had been waiting on the side, threw small pills into their mouths. However, before they could notice anything unusual, the small pills had already melted without them knowing.

The silver rat, who had completed its task, retreated to the side.

When hei si heard their screams, he was so angry that he almost vomited blood. These idiots were afraid that the people in the house couldn't hear them? Just as he was about to turn around and berate his subordinates, hei si suddenly realized that these subordinates seemed to have been seriously injured!

What was going on?

Black four looked at his men who were lying on the ground, unable to stand up. The anger in his heart was rising. When black one saw the situation on their side, he could not help but come over with his men.

However, he had only taken a few steps when the people behind black one fell to the ground one after another, all of them crying out in pain.

"Argh! 'Damn it!' Who tripped me!" Someone cursed.

The little silver rats took the opportunity to do the same.

"How could you guys be so careless?" Black one turned his head and spoke with the same displeasure. However, he was not as angry as black four. After all, not many of these people were his subordinates.

"Lord Black one! I was tripped by someone. " Someone quickly said.

"You were tripped by someone?" Black one's brows were tightly knitted together. He could not quite believe it, because when Hui five fell down earlier, there was no one beside him.

[Chapter 1945 The Third Party Benefits \(1\)](#)

"Yes, yes!" The group of men in Black quickly nodded. Although this matter was a little strange, they could only think so for now. Otherwise, if black one and black four blamed them, they would definitely not have a good ending! More importantly, there was no answer to why they had fallen.

However, black one was obviously skeptical about this statement. He still cautiously lifted his leg and took a few steps forward, but he did not find anything unusual.

The beasts who saw his actions couldn't help but secretly laugh. Of course, they wouldn't let the humans find out! Therefore, when black one lifted his leg, they had already laid the silk thread flat on the ground. After black one saw that there was nothing unusual, he turned around and said to the black-clothed man behind him, "It should be an accident. Quickly take the healing pill and get up!" At this moment, many of the Men in Black were still sitting on the ground.

Upon hearing black one's words, the Men in Black hurriedly took out healing elixirs and ate them. However, in reality, everyone was feeling extremely depressed. This was because they had not been at a good start. They had not even dealt with Leng ruoxue and the rest, and they were the first to get injured. This result made them depressed!

However, the Men in Black were well trained. After a brief moment of panic, they immediately regrouped and prepared for an attack!

Black one led the Men in Black behind him and continued to walk a few steps. Then, he heard the sound of someone falling again. Black one was a little angry when he heard this sound!

"Can't you be more careful when you walk?" This time, black one roared before the Man in Black could make a sound.

"Your Excellency black one!" The Men in Black endured the pain in their legs and looked at him with an aggrieved expression. At this time, the moon that had been hiding for the whole night suddenly emerged. With the help of the not-so-obvious moonlight, black one could clearly see the blood stains on the faces of the Men in Black. His heart suddenly trembled. This, this was how serious their injuries were! His face was bleeding!

"Black one, what's going on?" At this time, hei si, who felt that something was not right, asked through voice transmission.

"I don't know. There's something strange about this place!" Black one looked around vigilantly, but he did not even see a fly, let alone a human figure.

"Did we fall into an ambush?" Hei si immediately became alert.

"It's possible!" Black one said uneasily. At this moment, the sound of light footsteps was suddenly heard by the two of them. Even though the footsteps were extremely light and the owner of the footsteps had deliberately lowered his volume, the slight change could not be hidden from them who were reverent-god level.

After hearing the sound, the two of them looked at each other and exchanged a tacit look. Then, they nodded silently. After that, the two of them gave the Men in Black a look. Everyone held their breath and hid their bodies in the dark night sky ...

Seeing this scene, baby smiled evilly and whispered a few words to uncle long. The two of them turned around and left, going around to the back of another group of men in Black.

Looking at the same black clothes, baby's face was full of disdain. Do all bad people like to wear black clothes? It really lacked creativity!

After they were done, baby gave uncle long a look. Then, they kicked out together and sent the Men in Black who were closest to them flying.

He only heard a few 'ah!'. The Men in Black rolled like balls and landed at black one and black Four's feet. The two of them knew at a glance that these Men in Black were not their own people. Since they were not their people, they might be on Leng ruoxue's side. Therefore, they would rather kill the wrong person than let them go. The two of them attacked together. The Men in Black did not even have the time to call for help before they were killed!

When the leader of the other group of men in Black saw that his subordinates had been killed, he thought that Leng ruoxue and the others had discovered his tracks. He decided to go all out and jump out to fight with the other party.

Looking at the two groups of black-robed men who were fighting in an instant, all the beasts were dumbfounded. Their eyes were wide open as they looked at this scene in disbelief. This was too dramatic. They hadn't even made a move yet, and the two sides had already started fighting!

No! This was definitely not good!

They should at least have some practice!

At the thought of this, the beasts began to make use of every opportunity to shuttle back and forth between the Men in Black. When they saw the heavily injured Men in Black, they would shamelessly add insult to injury. As a result, the number of people on both sides decreased very quickly, and people died almost every minute.

As for black one and black four, they were naturally fighting the other leader of the Men in Black. This was because the leader's strength was also at reverent-god level.

The two of them treated their opponent as uncle long, so they used their full strength as soon as they started fighting. The other leader immediately felt an immense pressure!

Baby, who was watching the battle happily from the side, was deeply suspicious of these people's intelligence when it saw the chaos in front of it. In its eyes, these people's intelligence was probably even lower than that of a baby!

In addition, at this rate, it and uncle long probably wouldn't need to do anything anymore, because more than half of the black-clothed men had already died!

In reality, it wasn't that the intelligence of the Men in Black was too low, it was that they were too confident in their own abilities. Hence, they were not mentally prepared and were injured. This situation had triggered all the anger in their hearts. Hence, when they saw Leng ruoxue and the others, they were all furious. The other group of people thought that they had been discovered by Leng ruoxue and the others. Under such a misunderstanding, the two groups of people exchanged blows with lightning speed!

Uncle Dragon and baby watched the progress of the situation with satisfaction and kept a close eye on the three Supreme gods in the battle. Gradually, the leader of the other group of black-clothed men was obviously no match for the Joint Forces of black one and black four and showed signs of defeat. Seeing this, baby was a little worried!

Oh! It was worried that the guy would run away!

"Uncle long! Two against one is very unfair! Why don't you go and help that guy! Otherwise, if he finds an opportunity to run away, our efforts will be in vain!" Treasure sent a message to uncle long.

"En!" Uncle long nodded. He could also see that the leader of the Men in Black was very weak under the siege of the other two!

However, just as uncle long was about to step forward, he was pulled back by baby.

"What's wrong?" Uncle long looked at the baby in confusion. This little guy had too many tricks up his sleeve, and he couldn't guard against it!

"Uncle long! You're in cahoots with that guy! That's why, come and change into these black clothes and take a disguise pill. Otherwise, they'll definitely recognize you!" Baby laughed evilly.

"You're so scheming!" When uncle long heard this, he couldn't help but sigh. No wonder people said that foxes were the smartest among beasts. One could tell just by looking at the treasures.

"Hehe! I'm being meticulous!" Baby said arrogantly.

[Chapter 1946 The Third Party Benefits \(2\)](#)

Uncle long glanced at the thick-skinned baby speechlessly and ate the disguise pill obediently. He then changed his clothes. At this moment, Ling walked over. Seeing this, uncle long understood. It seemed like Ling had come over to help him remove the invisibility spell!

After everything was ready, uncle long walked out of the shadows.

At this time, the reverent-God who was fighting alone realized that he had no chance of winning under the pincer attack of two reverent-god level cultivators. He might even lose his life, so he decided to retreat!

As the saying goes, it's never too late for a gentleman to take revenge ten years later. Therefore, he could only wait for the next time since he failed to take revenge this time.

He had found the right opportunity to leave the place while the two were attacking, but who knew that as soon as this thought emerged in his mind, his shoulders were immediately clenched by a pair of iron pincers. In an instant, he felt as if his shoulders had been shattered, and he felt a burning pain!

Turning his head in anger, he suddenly discovered that the person pressing on his shoulder was actually an unfamiliar black-clothed man. Instantly, suspicion grew in his heart. Who was this guy? Could he be on Leng ruoxue's side? Didn't the old man from the ning family leave already? For a moment, many thoughts flashed through his mind! However, he immediately rejected all of them! However, this person's strength could not help but shock him!

Meanwhile, black one and black four had also noticed the situation and were even more vigilant!

Uncle long saw that the three of them looked as if they were facing a great enemy and smiled faintly. He said to the leader of the Men in Black he was holding, "I said I would help you, why didn't you listen to me and insisted on coming here by yourself?"

Ugh! When the leader of the Men in Black heard this, his face was filled with confusion. This person knew him? Was she here to help him? However, he didn't seem to know this guy. He thought about it again and again. Suddenly, he thought of a person. Could it be him? He was suddenly overjoyed!

"You really came!" When the leader of the Men in Black heard this, he was extremely excited.

Before coming here, he had indeed looked for a few friends, but those people had all used various reasons to refuse him. Only this person had said that he would help him, but there had been no movement. Therefore, he had thought that this person was just saying some polite words. He had not expected that he would really come!

This surprise made him so excited that he didn't know what to do. Because as long as that person was willing to help him, he wouldn't have to worry about not being able to take revenge! Unfortunately, he still didn't know that he had recognized the wrong person! And uncle long had accidentally become the person he had set his mind on.

Seeing his surprise, uncle long could only remain silent!

The two of them, each with their own thoughts, stood face to face. Uncle long didn't know what else to say, so he remained silent. The leader of the Men in Black, on the other hand, was obviously over-excited.

However, the back of the leader of the Men in Black was facing black one and black four at the moment. Therefore, although they could not see the expression of the leader of the Men in Black, the two of them knew that his helper had arrived when they heard his words. Moreover, this person's strength was obviously not weak! This fact made the two of them depressed for a while!

But then, the two of them returned to normal!

Looking at uncle long and the leader of the Men in Black who seemed to be reminiscing about the past, black one and black four said in unison, "Don't talk nonsense! Since we have a helper, let's have a good fight!"

"Hmph! Do you think I'm afraid of that?" With a helper, the leader of the Men in Black was clearly more confident and provoked.

"Since you're not afraid, then let's start!" Black one said impatiently.

"Big brother! Let's attack together!" The leader of the Men in Black turned to uncle long and said.

"Alright!" The corner of uncle Long's mouth twitched. He had actually become this guy's big brother. He didn't know who this big brother was, but now he knew that the leader of the Men in Black had most likely recognized the wrong person! Therefore, he didn't dare to speak carelessly, in case he exposed himself!

In an instant, the leader of the Men in Black's aura grew and he took the initiative to attack black four. As for black one, he left him to uncle long!

Upon seeing this, uncle long did not let black one down. He stepped in front of black one and looked at him with a faint smile. This person ... Was their old friend! He really didn't expect that he was still alive. However, his master probably couldn't bear to kill him, so he left him alive!

Black one's heart sank when he saw uncle Dragon blocking his way so casually!

Although the other party was just standing there, the invisible pressure on the other party's body made him, a reverent God, feel a suffocating atmosphere. He had only experienced this situation with uncle long, but from the aura on this person, he was not uncle long!

Since when did the divine realm have so many invisible experts? Black one was secretly surprised. At the same time, he was also calculating the chances of winning against this person! However, after some consideration, he helplessly realized that he had no confidence in winning against this person!

After comparing the two, black one's aura seemed to have dropped while uncle long was still standing in front of him calmly with a rare smile on his face.

"Little black! Come, let's play!" Uncle long crooked his finger and said to black.

"I'm not little black!" This form of address made black one extremely displeased!

"Not little black? Could it be a little white? You should know that you're dressed in black!" Uncle long said in an infuriating manner, the smile on his face still asking for a beating.

"Aren't you also dressed in black? could it be that you're also little black?" Black one glanced at uncle Long's Black clothes, which were the same as his, and said through gritted teeth.

"Hehe! How could I be Blackie? There's only you in Blackie!" As uncle long spoke, he extended his palm and grabbed black one ...

Upon seeing this, black one wanted to Dodge but realized that he could not move. Damn it, what the hell is this? Why did he feel like he was being restrained? Black one's heart was burning with anxiety, and uncle Long's palm was close at hand.

In fact, although uncle Long's palm looked ordinary, it contained his might. Not only that, but it also contained another talent of his, restraint!

Any human or beast below him would find it difficult to escape after he used this move. However, this move could not be used at any time and place because the binding consumed a lot of divine power. Thus, every time he faced an enemy, he had to deal a heavy blow. Otherwise, his life would be in danger!

Now, no matter how wary black one was of uncle long, he would never have expected that uncle long would use the binding technique. As such, black one's cultivation base was of no use!

Black one, who was tied up and unable to move, could not describe the anger in his heart with words. He had not even made a move and was captured. He could not even speak. How could he, who had always been proud and arrogant, bear this?

Black one felt a metallic taste in his throat. He forcefully swallowed the taste and glared at them with eyes that were spitting fire as if he was saying, 'let me go if you dare and we'll fight for 300 rounds!' However, uncle long didn't care about his anger.

[Chapter 1947 The Third Party Benefits \(3\)](#)

In fact, uncle long, who had been with treasure and other beasts for a long time, had become lazier and lazier. If there was a more energy-saving way to deal with the enemy, he would definitely not fight with others foolishly! Although binding consumed more divine power, it saved him a lot of trouble! More importantly, he had quite a number of pills that Leng ruoxue had given him to replenish his divine power. Hence, he had no pressure to use the binding technique.

At the thought of this, uncle long took out a small Jade bottle, uncorked it, and poured all the pills into his mouth. Black one's eyes widened even more when he saw this!

F * ck! What was this? Was he deliberately angering him? Although he didn't know what kind of pill this hateful guy in front of him had taken, from the spiritual energy that the pill had unconsciously emitted, he didn't need to think to know that the pill was not simple!

What was even more infuriating was that this guy had actually finished a bottle! This fact caused the fury in black one's heart to rise!

After taking the elixir, uncle long immediately felt that his body was full of spiritual energy. He burped comfortably on purpose and glanced at hei Yi, whose face was flushed red, out of the corner of his eye. Uncle Long's mood immediately improved!

Hehe! Who would have thought that there would be a day where he would eat medicinal pills as if they were rice! Now, he could finally experience the luxury of having a precious beast. However, this feeling was really good! Especially in front of the enemy!

Uncle long laughed even more heartily when he saw black one glaring at him so hard that he wanted to punch a hole in him!

At this moment, black four, who was fighting with the leader of the Men in Black, saw from the corner of his eye that black one was staring at his opponent without moving. He almost vomited blood in anger!

F * ck! He was fighting with his opponent with all his might, but black one was standing still on the spot! Could it be that he could kill his opponent in seconds just by standing? Hei Si was furious!

"Black one! Don't just stand there, do it!" Hei si urged anxiously.

When black one heard his words, he could not help but roll his eyes. He was also furious!

Did he not want to make a move? He had to be able to move! Black one was filled with hatred!

Uncle long glanced at the troubled black one and the anxious black four. He gave up on black one and went straight for black four ...

Sensing the change beside him, hei si immediately jumped out of the battle and stared at uncle long and the leader of the Men in Black with a vigilant look.

"Hmph! What kind of skill is a two-on-one?" Black four stood a few meters away and said with a look of disdain. At this moment, he had long forgotten that he and black one were also two against one previously.

Moreover, he was extremely resentful of black one's lack of contribution!

"Hehe! That's what I wanted to say to you guys. You guys also fought two against one!" The leader of the Men in Black retorted as if he had heard a joke.

"So what?" Hei si didn't think so. In fact, in his heart, he could be outnumbered, but he didn't allow others to do the same. He was a typical example of only allowing the state officials to set fires, but not allowing the people to light the lamps!

"What do you think? Can you be more shameless?" The leader of the Men in Black was speechless. He could not understand why Leng ruoxue's side was filled with such shameless people.

"Don't talk nonsense with him, continue!" Uncle Long didn't want to hear them criticize each other and urged them. In his heart, these two parties were shameless!

"Hmph! Do you think that you can capture all of us in one fell swoop with just the few of you?" Uncle Long's words made Hei Si sneer!

"Didn't we already capture all of your subordinates?" Uncle Long blinked his eyes and said indifferently. Upon hearing this, Hei Si and the leader of the Men in Black looked around at the same time. With one look, the two of them were both angry!

"Dammit! I'm going to kill all of you and avenge my subordinates!" The leader's eyes were spitting fire as he roared in anger. The people he had brought with him were all lying limply on the ground, clearly not breathing for a long time. This scene made his heart ache. It had not been easy for him to gather these people, but who knew that they would fail? However, the other party didn't seem to have an advantage either. They also suffered countless casualties! This battle could be said to be a lose-lose situation for both sides!

"I'm going to kill all of you and let you be buried with my subordinates!" Hei Si's eyes were bloodshot and the fire on his body was raging. At this time, he was like a fire bird with flames burning on his body, full of murderous intent!

After saying that, the two of them started to attack each other with all their might. As for Uncle Long, no one paid him any attention!

Seeing this, Uncle Long could only treat himself as a passerby and watch the show from the side!

Hei Si and the leader of the Men in Black were fighting in full swing. The divine skills released from their hands lit up the night sky. The ferocious expressions on their faces were also fully displayed in front of each other!

Their eyes were red from killing!

Panting heavily, the divine skill in his hand was used to smash the other party's body ...

Uncle Long sighed as he watched from the side!

Until the two of them were exhausted and collapsed on the ground!

However, they were still glaring at each other with their furious eyes!

Although the battle between the two had not been decided, at this moment, both of them had lost all their strength and their Shen power had almost withered. At this moment, the smiling Uncle Long walked to the side of the leader and asked with concern, "How is it?"

"Big brother, I'm fine! Quickly help me kill them, I want to take revenge for my subordinates!" The leader of the Men in Black then remembered the existence of Uncle Long, and so did Hei Si.

Seeing Uncle Long alive and kicking, Hei Si's heart sank!

'Damn it. I was so angry just now that I forgot about Uncle Long. Now, I'm like a piece of meat on the anvil.' No! He couldn't just sit and wait for death!

Hei Si's mind was racing as he tried to think of a way to escape. However, Uncle Long had already used the restraint on him and held him in place. At this moment, Hei Si suddenly realized the truth that Black was not moving at all. However, it seemed to be too late!

This fact made Hei Si so angry that he wished he could swallow Uncle Long alive! The leader of the Men in Black also noticed Hei Si's strange behavior. He said to Uncle Long with a face of surprise, "Big brother! You've exhausted your strength again! Quickly kill them, don't leave any survivors!"

"Don't worry! They would be killed! But not now!" Uncle Long said with a smile.

Hearing Uncle Long's words, the leader of the Men in Black didn't dare to refute.

"Big brother, when you want to kill them, can you let me do it myself?" The leader of the Men in Black requested.

"No problem!" Uncle Long agreed without hesitation!

But immediately after, a rope appeared in Uncle Long's hand. In an instant, the rope wrapped around the leader's body and tied him up like a rice dumpling!

"Big brother! What's the meaning of this?" The leader of the Men in Black widened his eyes in disbelief.

"Hehe! Of course, I'm afraid you'll run away!" At this moment, Baby appeared in front of the leader of the Men in Black and smiled wretchedly. He had already asked Ling to remove his invisibility.

"You are ..." The leader of the Men in Black widened his eyes. This little fox looked very familiar!

Suddenly, his heart skipped a beat as he recalled the Fox's identity. It was Leng Ruoxue, that wretched girl's Beastie!

This time, even if he was a fool, he would understand that he had fallen into Leng Ruoxue's trap!

However, what was going on with those guys who were fighting with him just now?

At this moment, he understood that those people were not from the same group as Leng Ruoxue and the others. Otherwise, they would not have been subdued!

At this time, Hei Si also understood the whole truth. Suddenly, a mouthful of blood spurted out of his throat. He was holding his breath and fainted.

"This person's mental endurance is so weak!" Baby glanced at the unconscious Hei Si and said indifferently.

However, the leader of the Men in Black was more resilient than Hei Si because he could still ask, "Who are they? And who are you? Why did you impersonate my big brother?" He looked at Uncle Long and asked the last sentence.

"Hehe! Can't you tell what kind of people they are? The head of the Wen family?" Uncle Long revealed the identity of the leader of the Men in Black and said with a smile.

"How, how did you know ..." The leader of the Men in Black, the Wen family head who had taken the disguise pill, looked at Uncle Long in shock and asked in disbelief. He didn't expect that his identity would

be seen through. After all, he was very confident in the disguise pill he had taken, but he didn't expect that he would still be exposed!

Black one, who could not speak, was equally shocked when he heard uncle Long's words. He would never have dreamed that the leader of the Men in Black who were fighting with them was the Wen family head whom his Lord had been looking for!

What was even more inconceivable was that the two parties had chosen to attack Leng ruoxue and the others on the same day. However, the most depressing thing was that not only did they not touch a single hair on Leng ruoxue's group, they had even suffered heavy losses on both sides. This time around, Leng ruoxue, the fisherman, had really gotten an advantage!

Black one was very depressed. However, if he knew that Leng ruoxue and the rest did not know about this at all and had been in closed-door cultivation all this while, he would be even more depressed!

"How did he know your identity?" Uncle long said faintly.

The head of the Wen family stared at uncle long attentively, waiting for his reply.

"Hehe! You idiot! The disguise pill you took was actually refined by my master. So, no matter how well you hide it, you can't hide it from our eyes!" Without waiting for uncle long to speak, baby said with a pale face.

"What?" Upon hearing this, the Wen family head even felt like dying!

Seeing that the Wen family head's face had turned pale, the baby quickly consoled him, ""Hey, don't faint like that useless fellow! If you dare to faint, I'll make you suffer!"

[Chapter 1948 Attack Of A Powerful Enemy \(1\)](#)

The Wen family head was so angry that he spat out blood. However, he would not faint for the time being. At the same time, he was not in a good mood either. His heart ached at the thought of his dead subordinates. This was not to say that he was loyal, but it was not easy for him to gather so many people in his current situation. However, they were all wiped out in a short time. If he had hurt Leng ruoxue and the others, his subordinates' deaths were not in vain. However, the person he wanted to kill didn't even get hurt. How could he accept this? How could he not be depressed?

Wrong. At this moment, the word "depressed" could no longer describe his current mood.

He wanted to faint, but he was very energetic. He wanted revenge, but he was tied up like a dumpling. Although the evil fire in his heart was burning more and more fiercely, it was suppressed in his heart. No matter what, he could not vent it out. Slowly, his face turned red, then pale, and his face was as dead as ash.

Seeing that the Wen family head was changing colors like a color palette, the baby was not satisfied. He kicked the Wen family head hard with his back leg and said with a look of displeasure, ""I just praised you. You'd better work hard and don't faint!"

"Don't worry! I won't faint!" The Wen family head gritted his teeth. Even if he wanted to faint, he had to! Right now, he wished he could kill and swallow this human and Fox in front of him alive. They were

really too much of bullies! This was clearly a case of a Tiger falling into the sun and being bullied by a Fox!

"That's good! Uncle long, how should we deal with these three people?" Baby nodded in satisfaction and then asked about uncle long!

"Uncle long!" When the Wen family head heard these two words, his heart instantly trembled in fear. As expected, it was that old man. He hated himself for treating him as a reinforcement! At this moment, he couldn't help but think that if he didn't trust uncle long so much, he wouldn't be in this situation. He was so angry!

"Be good!" Uncle long took the Wen family head's words for him and nodded his head in satisfaction. He then said to Bao Bei, ""Lock up these three people first! When we have time, let's interrogate them and see if they have any other accomplices!"

"Alright!" Baby responded happily. Then, he beckoned to the void and a few tall beasts appeared in front of them. They looked at uncle long and baby with admiration and asked excitedly, ""Uncle long, please give me your orders, baby!"

"You guys take these three guys into the house and hand them over to the dark Tiger King." Bao Bei said. After it finished speaking, it even looked at the Wen family head with a little sympathy. Hehe! The Tiger King loved to torture captives. If these three were handed over to the Tiger King, they would be skinned even if they didn't die!

"Yes!" The beasts quickly responded. Then, each beast carried a person and walked towards the house.

"What do you want? You will regret it if you capture me! My big brother will not let you off!" The sound of the Wen family head, who was being carried away, could be heard from afar. However, he was ignored by all the beasts present.

Then, Baobao led the beasts to clean up the battlefield.

After destroying the corpse, baby's beautiful purple eyes glanced at uncle long and saw that he was frowning in deep thought. Seeing this, it couldn't help but walk over and say, ""Uncle long, what are you thinking? You're so engrossed in your thoughts?"

"Nothing much. I was just thinking about the Big Brother that the Wen family brat mentioned. I wonder if his big brother will be summoned if we capture the Wen family brat!" Uncle long explained.

"Hehe! There's no need to be afraid even if they attract us, we can just capture them all in one fell swoop!" Baby said confidently.

Looking at the little fox brimming with confidence, uncle long was a little speechless. He really didn't know where his baby got such confidence from. That ... Xue 'er's beasts had never seemed to be afraid of anything!

In fact, he had guessed correctly. These precious beasts were indeed not afraid of anything. In their eyes, if something happened, their lovely master would help them. Therefore, they could do whatever they wanted at any time. More importantly, they were very confident in their own abilities. Although

their strength was not high, they had many means. They would use all kinds of methods such as group fighting, drugging, and so on. These methods were not used by ordinary beasts at all.

Hence, the upright uncle long could not completely understand their mindset of only looking at the results and not the process! But after spending a long time with them, uncle long didn't feel that there was anything wrong with their methods!

Thinking of this, uncle long suddenly looked at the treasure with a curious expression and asked, "Treasure! I've always wanted to ask you, what kind of pill did you have the silver rats give to the Men in Black?"

"Argh! Those! It was laxatives! However, before the medicine could take effect, many people died. Sigh! This is beyond my expectations!" Baby said with a depressed look. It was a pity that its medicine didn't have much effect!

"Uh!" Hearing this, uncle long couldn't help but wipe the black lines on his forehead. He finally understood that no matter who you provoked in this world, you could never provoke Xue 'er's little beasts. Otherwise, the strange pills in their hands could toy a reverent God to death! And he firmly believed that this was not the only type of medicinal pill in the hands of his precious beasts. Who asked their master to be an Alchemist? moreover, he was a master who doted on his beasts very much and was afraid that his beasts would encounter danger!

With such a master, these little beasts could go anywhere they wanted! For a moment, uncle long was filled with envy and jealousy! However, on second thought, he felt relieved. His relationship with Xue 'er was not bad, and that little girl would definitely not mistreat him! Oh! It seemed that if there was a chance, he would also ask for some medicinal pills from Xue 'er that could trick and scheme against people, to experience what it felt like to drug someone!

Looking at uncle Long's conflicted, envious, and happy expression, baby sighed and said, "Uncle long, it's getting late. Let's go back and sleep!" He said. Ah! Why was uncle long so silly? It couldn't understand.

"En!" Uncle long nodded. It was indeed time for him to go back and rest.

Then, uncle long sent the beasts who were helping him away and returned to the yard with his precious little beasts.

As soon as they entered the garden, uncle long and the other beastmen saw the first elder and the others staring at them resentfully. Immediately, their hair stood on end!

"Didn't I tell you to go back and sleep? Why aren't you guys listening!" Seeing this, uncle long was the first to speak. There was a hint of anger on his stern face. His precious little beasts couldn't help but laugh secretly when they saw this. Hehe! He didn't expect uncle long to be so bad.

"You guys are fighting to the death with the enemy outside, while we are sleeping in the room. This is not right! How could we do that?" First elder quickly said.

"Yup! How could we be so disloyal! Even though uncle long won't let us out, we still have to stay with you through the light screen in the garden. We want you to know that our hearts are with you!" Liu Feng said emotionally. His words naturally received the first elder's admiring gaze, and he was instantly even more pleased with himself!

[Chapter 1949 Attack Of A Powerful Enemy \(2\)](#)

"MMH! We accept your kind intentions. " "Yes!" Uncle long nodded and said, "the battle is over now. Can we go back to our rooms and sleep?"

When first elder and the others heard this, they looked at each other, but no one said anything.

"Uncle long! Can we interrogate the three criminals together? we want to help. " At this time, Liu Feng revealed their purpose. To put it bluntly, they also wanted to get involved. Otherwise, they would always feel like outsiders!

"I can understand that you want to help, but these three people are not ordinary. If you get involved, it may cause trouble for you. After all, you are not alone!" Uncle Long's words were very subtle, but everyone present was smart, so they all understood what he meant. Uncle long didn't ask them to come out just now because of this consideration. After all, it wasn't convenient for these people to come out with their identities.

After hearing uncle Long's words, the great elder and the others fell silent.

It was not the time to shed all pretenses of cordiality with the enemy yet. Hence, it was indeed not wise for them to face the enemy directly with their status. However, they also wanted to express their feelings of being on the same side as Leng ruoxue and the others. Hence, they were in a dilemma!

Seeing that they were silent, baby smiled and said, ""Great elder, don't be discouraged. We just want to take care of those three guys! Hehe, have you all forgotten about my lovely master's appearance-changing pill?"

Hearing treasure's words, first elder and the others were instantly overjoyed.

That's right! How could they have forgotten about the disguise pill? with the little girl's disguise pill, even if they did something bad, no one would know that it was them. That was a true weapon that would commit all kinds of evil!

Baby saw that their mood had improved and continued, ""It's getting late. We'll interrogate those three guys tomorrow! Go back to your rooms and sleep now!"

After saying that, it was the first to run back to its room.

Uncle long and the other beasts followed closely behind. Seeing this, the great elder and the others had no choice but to give up their plan of interrogating the three people overnight and return to their rooms obediently.

The next day.

As soon as uncle long stepped out of the room, he heard a painful wail coming from the courtyard. The sound was slow at times, high at times, and low at times. It seemed to be coming from the head of the Wen family.

Could it be that the Wen family's brat had been sentenced to death so early? Uncle long guessed. Although he did not witness the scene with his own eyes, he could imagine that the Wen family's boy would not have an easy time.

In the garden, uncle long sat down casually.

The first elder, who was sitting across from uncle long, immediately stood up to pour him a cup of tea. However, at this moment, another loud roar suddenly rang out. The first elder's hand trembled in fear, and the tea spilled on the table.

Uncle long glanced at the first elder, who was still in a state of shock, and said, ""What are you so nervous about? To think you're the armament Guild's great elder! Why are you also so restless!"

"I ..." The great elder's face was full of sweat. Although he wanted to explain, he couldn't find any words to say. Wu ... Could he say that he was frightened by the methods of those little guys?

In reality, he was not the only one who was shocked. Liu Feng, Liu Yue, Shen nuo, and the rest of the people were all shocked. In comparison, he was still in a better state! At least he wasn't hiding in his room and vomiting non-stop!

Thinking of this, the great elder silently wiped the cold sweat from his forehead. He still had a lingering fear of the methods the little beasts had used to torture their captives. Even someone as knowledgeable as him had never seen such a variety of methods. At this moment, he somewhat sympathized with the three people!

"Hahaha! You were the ones who wanted to help interrogate the three of them. Why, are you regretting it now?" Uncle long saw through the great elder's thoughts and teased him with a smile. Look at how good his foresight is! He didn't intend to interfere in this matter at all.

"I regret it!" The great elder said very honestly. He was more than just regretful! He was so regretful that his intestines turned green. He probably wouldn't be able to eat for a while!

At this moment, Liu Feng, Liu Yue, and Shen nuo also walked out of the room with pale faces.

Uncle long laughed to himself when he saw the three of them, but he put on a concerned expression and asked, ""What's wrong with you three? Was he feeling unwell? Are you sick?"

The three of them looked at each other with bitter smiles. These words ... How could they say it? They found it embarrassing to say it out loud!

"Right, you guys come with me to see those three captives! I really want to know what they confessed to!" Uncle long laughed evilly.

"Uncle long! That ... My stomach isn't feeling well, so I won't be able to accompany you. I'm sorry!" Flowing maple hurriedly replied.

After he finished speaking, he disappeared from the spot with a Whoosh!

"Uncle long, I also ..." Liuyue interjected, but before he could finish, he was interrupted by uncle long.

"Your stomach is not feeling well too?" Uncle Long's eyes were wide open as he asked in disbelief. He was already laughing in his heart!

"Uh! That's right!" Liuyue braced himself and said. His handsome face was burning. He had never felt so embarrassed before, but he had been to that place once and never wanted to go there again.

"Uncle long, I have a headache. I don't want to grow old with you." Shen nuo also said anxiously, and disappeared immediately after she finished speaking.

Seeing this, Liuyue stopped finding excuses and disappeared.

Seeing the three of them run faster than rabbits, uncle Long's face was filled with helplessness. After a while, he said, "first elder, only you can accompany me. You won't refuse me, will you?"

"I ..." The first elder stammered. In reality, he really wanted to reject uncle long, but those three little brats had already run away. If he didn't give uncle long face, he was afraid that uncle long would fly into a rage, so he had no choice but to stay.

Taking advantage of the situation, uncle long directly grabbed the first elder's arm, half supporting and half supporting him, and walked in the direction of the cell.

Originally, in Leng ruoxue's plan, there was no prison in the main residence. However, uncle long felt that there was a need to set up a prison so as to avoid any ignorant people who came to provoke them. Those who had committed serious crimes could be killed immediately, but those who caused small trouble could be directly locked up in a prison and punished.

The dark Tiger King was in charge of the Leng family's prison.

This was exactly what the black Tiger was thinking.

The dark Tiger King had put in a lot of effort for the second batch of guests that had arrived in the prison. As for the first guest in the Leng family's prison cell, it was naturally the lady who had provoked the dark Tiger King's family.

Uncle long and the great elder walked straight into the cell.

At this moment, the cell was gloomy and the atmosphere was unusually heavy.

There was no doubt that this was something the dark Tiger King deliberately did.

At this moment, the Wen family head, black one and black four were locked up in the same cell. Other than the Wen family head who was firmly tied to a pillar, black one and black four were sitting motionlessly on the ground. Black four had also regained consciousness, but his eyes were a little dazed!

[Chapter 1950 Attack Of A Powerful Enemy \(3\)](#)

Upon seeing this, uncle long was secretly surprised. What was this situation?

Now, the Wen family head was the most miserable of the three.

His body was covered in blood, and his clothes were not covering his body.

And the obvious wounds on his body were so deep that the bones could be seen. Just looking at them would make one panic!

After seeing uncle long, the dark Tiger King greeted him warmly before turning its attention to the Wen family head.

At this moment, one of the dark Tiger King's subordinates was carrying out the punishment on the Wen family's head. The subordinate had transformed into a human and was holding an extremely sharp and cold dagger. He was cutting the Wen family's head's body bit by bit. In almost the blink of an eye, a large piece of flesh had been cut off from the Wen family's head's body. Immediately after, the flesh was ground into powder by the blade's light ...

Seeing this, Uncle Long could empathize with the feelings of the great elder and the others. This place ... Was indeed not a place for normal people. They were too cruel! At this moment, Uncle Long also sympathized with the head of the Wen family. However, the head of the Wen family was no longer in a clear state of mind. After screaming in pain, he began to smile foolishly.

Uncle Long sighed speechlessly, then turned around and left the cell. He didn't want to come back here anymore!

As for the three of them, he would leave them to the dark Tiger King! Anyway, they were reverent-gods, so they wouldn't die in a short time!

A few days later.

Uncle Long, the first elder, and the others had slowly gotten used to the screams in their homes. They could now calmly drink tea and chat while listening to the miserable screams. Of course, the first elder and the others had also recovered their normal food and drinks. However, their appetites had not returned to their peak state!

One afternoon, Uncle Long and the great elder were sitting in the garden as usual. Suddenly, they felt a tremor in the house while they were chatting. Their eyes flashed and they became alert.

They were very confident in Leng Ruoxue's defensive array. However, the house was shaking now. What did this mean?

It meant that there was a strong enemy outside, and they were attacking the house!

The two of them quickly arrived in front of the light screen in the garden and saw the situation outside the house through the light screen.

At this moment, there were dozens of people standing outside the house.

Just as Uncle Long and the great elder had expected, the dozens of people were attacking their house with all their might.

However, when the people outside saw that the house only trembled slightly under their attack, they seemed to be angry! The leader's face was dark, and he looked at the house in front of him with a serious expression.

"Who is this person? He looks a little familiar!" The first elder muttered to himself after seeing the handsome man in the lead.

"It's him!" Uncle Long squinted his eyes and asked in surprise.

"Uncle Long, do you know him?" The first elder was surprised. He only felt that the man looked familiar, but he couldn't remember where he had seen him before. He didn't expect Uncle Long to know him.

"I know him, we're quite familiar with each other!" Uncle long nodded.

"Do you still remember that there was a wanted criminal in the divine realm who was ordered by master Yu nearly a million years ago?" Uncle long continued when he saw the great elder looking at him expectantly.

"Of course I remember. That person is the only person in the history of the divine realm who is like a rat on the street and is hated by everyone," The great elder said with a nod. Although he was still very weak a million years ago, and it wasn't his turn to do these things, this person's notoriety was really too resounding. Therefore, it was difficult for him to not remember him even if he wanted to!

"This person is him!" Uncle long said with a serious face.

All this while, he had thought that this man was already dead. He didn't expect that this Great Demon King was still alive. This was definitely not good news for the people of the divine world!

In the past, this person was afraid of master Yu, so he had been hiding everywhere like a stray dog. But now, master Yu was no longer here. Did this person plan to come out of the mountains?

At the thought of this, uncle Long's expression became more and more serious!

Nearly a million years ago, the difference in strength between the two of them was unparalleled. It was difficult to predict who would win and who would lose. But now, he was not clear about this person's strength. For so many years, because of certain things, he had been very depressed. Therefore, he did not have the slightest confidence in his heart whether he could defeat this person!

The first elder's eyes widened in disbelief. "Argh! Wasn't that person dead? Why are you still alive?"

"I also thought that he was dead, but now, he has appeared in front of us alive and well. Great elder, this man's strength is unfathomable. I don't have full confidence!" Uncle long said worriedly.

"What do we do now? Will they attack?" The great elder asked uncertainly. Looking at these people's aggressive appearance, if they were to break in, they would definitely not let go of the people in the house! When he thought about how Leng ruoxue and the rest were still in closed-door cultivation, his heart was in his throat.

"I'll go wake up the girl and the others. Let them hide in the house!" The great elder said in a panic. Although the defense of this house was not bad, the other party was not an ordinary reverent-god level cultivator. He was a great demon who had been famous in the divine realm since a million years ago. His strength was no small matter! And from his point of view, with the defense of this house, when the little girl and the others entered the spatial God tool, it was equivalent to having two insurance. At the very least, they would be much safer!

After saying that, first elder planned to go and call for people.

However, he was stopped by uncle long after he took two steps.

"Don't worry, they might not attack!" Uncle long quickly stopped him. Actually, he didn't want the great elder to miss because Xue'er and the others weren't in the room at all. However, he also knew that the great elder didn't know that Xue'er had another space, so he naturally couldn't tell the little girl this secret.

What he could do now was to calm the flustered great elder and make him have confidence in Xue'er's defensive formation. After all, he had personally tested Xue'er's formation. Even if the opponent was a reverent-God, it would not be easy to break in.

"I know, but we have to be prepared! I don't know how this great devil found his way here, this is really an undeserved disaster!" The first elder said gloomily.

At this time, the three of them who had sensed the abnormality ran out of the room. The first elder saw this and described the situation to them. After hearing it, the three of them were all stunned.

Among the three of them, the oldest one was less than ten thousand years old. Therefore, the great demon that the great elder was talking about was too far away from their era. However, they were no stranger to this great demon who was the only one wanted by the 'Divine Master Order'!

He was called a great devil because the things he did were really outrageous!

Not only did this great devil have a profound cultivation base, his appearance was also incomparably handsome, not inferior to master Yu. He also liked beauty, so many women in the divine world were head over heels for him. After all, compared to the unattainable and peerlessly handsome master Yu, this man was at least someone they could have. So for a moment, at least half of the women in the divine world had knelt before his trousers.

Originally, it was his ability to be liked by so many women. Other people could only stare at him with envy and jealousy. But the key problem was that this man liked the new and abandoned the old too quickly. Every woman he abandoned was usually cut off mercilessly by him. In his words, they were his woman in life and his ghost in death! The woman he didn't want couldn't be taken advantage of by other men!

As for the women's deaths, they were all extremely miserable!

Moreover, every woman died in a different way. It could be said that there were all kinds of strange and fancy ways!

Furthermore, if he was in a bad mood, he would directly exterminate the woman's family. He never hid these things, so these evil deeds quickly spread throughout the entire immortal realm!

Instantly, the God World was in an uproar!

Some experts who claimed to be a man of justice even issued a bounty for him. Anyone in the firmament could kill him, but there were very few experts who could beat him. Most of the experts fell into his hands, and he dealt with the experts who died in his hands with extremely cruel methods. As time went by, his bounty increased, and the number of experts who died in his hands also increased.

In the end, everyone in the divine world was in danger, afraid that he would take revenge. For the sake of the divine world's stability, the God lord's estate, which had always been neutral, issued a "God Lord order" to him. This was also the first "God Lord order" in the history of the divine world.

Several years after he had been wanted, the experts sent by the God lord's estate had finally succeeded in eliminating him. The God World had finally gotten rid of a great threat!

And these were all the things that flowing maple and the others knew about the great demon's main deeds before and after he was eliminated.

Thinking of this, flowing maple and the others curiously looked through the screen at the handsome man standing in the middle of the dozens of people.

The man was very young, looking to be in his early twenties. His appearance was so handsome that words could not describe it. His temperament was like that of a banished immortal. Looking at him was enough to make any man feel inferior. More importantly, there was no trace of lust on him, nor was there the decadence of indulging in beauty. In short, this was definitely a man who did not look the same on the surface, but also a man that women could not resist ...
