

## **Crazy Wife 1951**

### [Chapter 1951 The Origin Of Chaos \(1\)](#)

Seeing this man appear in front of them alive and well, Liu Feng and the others could not compare him to the great demon who had rampaged through the divine world nearly a million years ago. However, his evil deeds were well known, so they could only sigh. One can not judge a book by its cover, and the sea can not be measured!

However, this person was a great enemy to them. More importantly, they didn't know why these people had come, so they were in a passive position for a while.

"Uncle long! What should we do?" Liu Feng and the rest all stared at uncle long, hoping that he would have a good idea. After all, that person was not someone the Wen family head and the other two could compare to!

"Let's just wait and see!" Uncle long thought for a while. Looking at the situation, these people wouldn't be able to break in for a while!

The truth was just as uncle long had expected. The people outside the door tried everything they could and even used all their strength, but they still couldn't break through the defense of the house. For a moment, the people who were originally confident were in a dilemma!

"Big brother! We can't continue like this!" The one who spoke was a middle-aged man with dark skin. He was the most powerful person besides the man in the lead. Moreover, he was a reverent-God!

"Calm down! If we can't break it in a day, I don't believe that we can't break through the defense of this house in a month, or even a year! All of you, work harder! We'll take turns to attack this house!" The young man in the lead ordered.

"Yes!" The man's men quickly responded loudly. Then, everyone consciously divided into groups and took turns to attack the Leng family's main residence ...

Just like that, these people attacked the Leng family's main residence day and night. Meanwhile, uncle long and the others in the main residence had become calmer and calmer from their initial worry.

Uncle long would often lock himself in his room and stay there for an entire day!

In fact, he did not really stay in his room. Instead, he was discussing countermeasures with Qing Jue and the others in the bracelet!

At that moment, in the bangle space, other than uncle long and green vessel, almost all the beasts were gathered in front of the light screen. Seeing that their house was being attacked repeatedly, baby and the other beasts were so angry that they wanted to rush out of the house and tear those people into pieces!

However, uncle long would not allow them to be so impulsive.

"Uncle long! It looks like they won't stop until they break into this house!" An old Phoenix said helplessly when it saw the divine skills dancing wildly on the light screen.

"Yup! I don't know how long this little girl's defensive formation can last. " Uncle long sighed. Recently, he had clearly felt that the defense of the house had weakened a little.

"With the power of elder sister's array, it won't be a problem to hold on for a few years, but I'm afraid that they have people who are proficient in array techniques. In that case, I'm afraid it won't be long before they attack!" Looking at the situation on the screen, Qing Jue calmly analyzed.

"Should we inform the little girl?" The old Phoenix said with some uncertainty.

"I wanted to inform my sister, but that detestable fellow cut off my connection with my sister. Therefore, we can only save ourselves!" Qing Jue's pretty little face was full of depression, and his resentful eyebrows were twisted together. In fact, even if these people attacked, he was not afraid. This was because once the other party broke through the defense of the house, he could immediately move the great elder and the others into the bracelet. In that case, no one would be able to find them!

But if that was the case, they would be too embarrassed! One had to know that when he was at his peak, not to mention one heaven-breaker, even ten heaven-breaker experts would not dare to be arrogant in front of him!

Potian was the name that the great demon had given himself. From the name alone, one could tell how insolent this person was!

Hmph! Do you want to Pierce the heavens? We'll have to see if he has the ability! Qing Jue scoffed and thought to himself.

"Save myself? It's a pity that we haven't fully recovered to our peak strength. Otherwise, we wouldn't have allowed that guy to be so arrogant if we joined hands!" Feng Zhan said in a low voice, his face full of resentment.

"You ... Can't attack!" Uncle long said hesitantly. Once these old phoenixes made their move, they would definitely attract the attention of the Phoenix Clan. Now was not the time yet!

"Then what do we do?" Feng Zhan was frustrated. He knew what uncle long was like, but he couldn't just stand by and watch that guy show off in front of them!

"With me and Qing Jue around, you guys don't have to worry too much!" Uncle long consoled.

"And me! There's still us!" Seeing that uncle long didn't mention them, baby and the other beasts hurriedly said. They were also very strong in combat, so they couldn't be ignored by uncle long!

"Right! There's still treasure and these little beasts, so it's not your turn to make a move!" Actually, there was one more thing that uncle long didn't say. These little beasts had a lot of frightening medicinal pills in their hands. Therefore, they still had a great advantage. At least they could choose to sneak attack! This was a well-tested method!

"Yes, yes!" Baby and the other beasts nodded their little heads in agreement. Then, they all stared at uncle long eagerly, waiting for his order!

However, uncle long didn't plan to fight back now. He was waiting! Waiting for the best opportunity!

If the people outside were to fail to take down the enemy after a long time, they would definitely fly into a rage out of humiliation. That would be the best time for them to counterattack!

After making up their minds, uncle long and the other beasts lived a very comfortable life. Meanwhile, potian and the others, who had been staying outside the house, felt more and more depressed.

Among the people pitian had brought, the weakest was a divine Emperor. As a result, it could be said that this was an extremely powerful group. When he had come, he had also thought that it would be very easy to save the people he wanted to save, but who knew that they would be trapped here for several months! What's more, based on the current situation, they would continue to guard outside their doors endlessly! And he knew that among these subordinates, there were already quite a few who were fickle-minded. This was definitely not a good sign for them!

However, he was powerless in the face of the current situation!

What was even more infuriating was that the people in the house knew that they were waiting outside, but they still made delicious food to tempt them every day. Every time it was mealtime, the fragrance of the food would spread throughout the entire land of demons.

The fragrance was extremely alluring. Even old men like them who had not eaten for many years could not help but drool when they smelled it. From this, it could be seen how despicable the person in the room was!

Some of his subordinates were hungry and wanted to hunt for prey in the land of demons to satisfy their cravings, but who knew that the beasts in the land of demons seemed to have disappeared overnight. Not to mention the beasts, not even a single hair could be found! This fact ignited a monstrous flame of anger in their hearts and made them have the urge to kill!

Unfortunately, they couldn't find a target to vent their anger on. Therefore, they could only vent their anger on the defensive array of the house. Therefore, they guarded outside the Leng family's main house for a certain period of time, and their work efficiency was surprisingly high, but the array was still not too damaged! This fact also made many people want to vomit blood!

### [Chapter 1952 The Origin Of Chaos \(2\)](#)

In fact, the reason why these people couldn't find any beasts to eat in the land of demons was that after they came here, the beasts in the land of demons temporarily moved away. A considerable number of them went to the ning family's divine realm, one to send a message to the master of the ning family, another to seek protection from the master of the ning family, while the other beasts went to the endless ocean according to uncle Long's voice transmission!

However, before they left, they had already swept through the evil demon's land without the attention of potian and the others. Anything that could be eaten or taken away had been taken away by them. In the words of a certain beast, they absolutely would not leave any meat residue for these outsiders!

As a result, it was naturally not easy for puotian's subordinates to find something to eat! And they were still suffering every day!

"Big brother! Tu Liang is here!" Outside the house, the dark-skinned man walked up to potian, who was frowning in thought, and whispered.

"Yes, let him try to break the array!" Potian said indifferently, but there was no trace of surprise in his voice!

The dark-skinned man was confused. When big brother heard that tu Liang was here, why was his reaction so calm? One should know that when he knew that tu Liang had arrived, he was so excited that he almost jumped!

"Big brother! With tu Liang, we'll soon be able to break this formation and save the Wen family head. What else do you have to worry about?" The dark-skinned man asked tentatively. Among them, tu Liang's formation skills were the highest. In his opinion, if tu Liang dared to claim the second place in the divine world, no one would dare to claim that they were the first! Of course, this was with the exception of the fallen Lord Yu!

"The defensive formation of this house is not simple. I'm afraid that even tu Liang doesn't have absolute confidence in breaking this formation!" Potian expressed his concern. Although his attainments in formations weren't as good as tu Liang's, he knew very well that this formation was no small matter!

"Argh! This formation is so powerful?" The dark-skinned man was shocked. No wonder they couldn't break the array even after attacking for so long.

"The great heavenguard formation!" Suddenly, an unbelievable surprise came from behind the two.

"You really do recognize this formation!" Potian turned his head and said indifferently. He only felt that this formation was somewhat familiar, but he didn't dare to confirm whether it was the one he was thinking of. Now, tu Liang had given him the answer.

"Yes, this is the legendary great sky-guarding formation! I really didn't think that I would see such a top-tier defensive formation in this small place!" Tu Liang's face was full of shock and infatuation!

He was an array fanatic and would be mesmerized and unable to extricate himself when he saw a top-notch array. Thus, when he saw this legendary top-notch array, he immediately went crazy!

Looking at the silently operating defensive array that was invisible to the naked eye and emitting endless power, his heart was burning. He wanted to rush into the house immediately and ask the person who set up this array for advice. Unfortunately, the two sides were enemies. This fact made tu Liang very conflicted!

In the divine realm, those who were proficient in formations were usually called formation Masters.

However, there were fewer and fewer people in the divine realm who were proficient in formations. Thus, the status of a rare profession like a formation master had gradually risen. If a formation master also knew how to refine artifacts, then his status could definitely rise to a height that ordinary artifact Masters could not compare to. After all, not all artifact Masters were proficient in formations! And tu Liang was a dual-profession talent who was proficient in both formations and refining!

However, whether it was an array master or a Tool Master, they were both professions that consumed a lot of resources. Therefore, it was difficult for small and medium-sized clans to support this kind of talent. Although tu Liang was born in a small clan, the clan he belonged to was a subsidiary clan of the Yao family. Therefore, he could be considered to have been nurtured by the Yao family with all their might. As for why he was mixed with potian and the others, it was a long story.

Tu Liang had once been depressed. In order to make a name for himself, he had done a lot of things against his conscience and offended many enemies. Once, when he was being hunted down, he almost lost his life. It was by chance that he was saved by potian. Therefore, from then on, he had been following potian's side, almost at his beck and call, mainly to repay his kindness!

However, his relationship with potian couldn't be exposed, and his identity on the surface was the Yao family's dedicated blacksmith! This time, it was also potian who had sent him a voice transmission, asking him to come and break the formation. That was why he had appeared here.

Before he had come, potian had told him that the formation he was going to break was extraordinary. At that time, he had suspected that potian's words were exaggerated, but now that he had seen it with his own eyes, he knew that not only was potian not exaggerating, but he had even been a little conservative.

This formation was far more than extraordinary! This was the top grade defensive formation in the divine realm. However, this formation should have been lost long ago after master Yu's death. How could it appear in this small place? He could not understand.

In order to make sure that he was not mistaken, he carefully observed this seemingly unremarkable but infinitely powerful defensive formation several times! In the end, he could finally confirm that this was indeed the legendary great sky-guarding formation!

Furthermore, it was the complete version of the great sky-guarding formation!

In fact, all the defensive formations in the divine realm were basically derived from the sky-guarding formation. Those formations had only learned the surface of the sky-guarding formation. As for the essence of the sky-guarding formation, they had not grasped it at all. However, the complete version of the sky-guarding formation in front of him had allowed him to witness the Supreme power of the legendary sky-guarding formation. At this moment, his excitement could not be described with words!

In the legends, the sky-guarding formation was made up of 999 great formations and 99999 small formations. Furthermore, most of them were formations within formations, eyes within eyes. The truth and falsehood within them were dazzling and indiscernible.

Not only that, but breaking this formation was not something that could be done in a day.

Thinking of this, he made preparations for a long battle. After casually finding a place to sit, he began to focus on studying the defensive array in front of him!

Seeing this, potian and the others tactfully didn't disturb him. At the same time, they stopped attacking the formation in front of them so that they wouldn't hinder tu Liang.

At first, tu Liang only took out an ancient book that had already turned yellow. After flipping through it for a long time, he began to stare at the defensive formation.

After potian and the others stopped attacking the Leng family's main residence, the first elder and the others in the main residence also heaved a sigh of relief. However, Qing Jue's heart was in his throat.

p Through the light screen, Qing Jue stared at the man with a delicate and pretty appearance sitting in front of the formation. From his conversation with potian, Qing Jue knew that this man was proficient in formation techniques. As for how proficient he was in it, he was just amazing.

However, he was very confident in the array that Leng ruoxue had set up. Even though the defensive array that his sister had set up was limited by her strength and could not unleash the full power of the great sky-guarding array, it was not an easy task to undo the array that his sister had set up. If they could drag this out for a few years and wait for his sister to come out of seclusion, it would be easier for them to deal with these people. After all, in his eyes, his sister was omnipotent!

### [Chapter 1953 The Origin Of Chaos \(3\)](#)

In addition, once his sister had successfully advanced, he would naturally be able to undo another layer of the seal. At that time, he would be able to recover at least 80% of his strength. At that time, even if po Tian's strength was stronger than before, he and uncle long would be enough to deal with po Tian together. Therefore, he had to be patient and buy enough time for his sister!

As he thought of this, Qing Jue slowly calmed down. He was an extraordinary weapon spirit, so how could he be flustered?

"Little black! Let's go and farm!" Qing Jue suddenly called the little black dog over and said. The beasts in the bangle were all speechless when they saw Qing Jue's thoughts.

However, the little black dog, which had been out of favor for a long time, jumped up and down excitedly when it heard Qing Jue's words. It did not know what worries were, but as long as it had the land and Qing Jue to play with it, it was already extremely happy!

Looking at the little black dog's carefree appearance, baby was so angry that he gritted his teeth. If he wasn't afraid that this puppy would tell on him, he really wanted to teach that stupid dog a good lesson!

In fact, the main thing was that it couldn't understand. They were clearly two artifact spirits, so why did they both have a special liking for farming? Was this normal?

Seeing that his baby was about to explode, Feng Zhan, who was lying not too far away, consoled it with a concerned look on his face. "Baby, calm down!"

"I can't stay calm! Old Phoenix, Tigers and wolves are everywhere outside. Are we just going to keep hiding in the space like this?" Baby was a little depressed. It really wanted to go out and meet those guys! It wanted to let those people know that they were not to be trifled with!

"I wanted to go out and fight with those people, but uncle long didn't allow it! Moreover, it's not easy for us to appear in the divine realm with our current identities. " Feng Zhan sighed, feeling depressed as well.

"Ai!" The baby drooped its little head, and its aura instantly became low. Right now, it really missed its lovely master. If master was here, they definitely wouldn't hide in the space. Unfortunately, master was in seclusion and couldn't hear its inner thoughts at all!

Three days later.

Tu Liang, who had been studying the great sky-guarding formation, suddenly stood up from the ground. His sudden movement startled Potian and the others. However, seeing that he had finally moved, everyone dared to speak to him. Otherwise, they didn't even dare to breathe loudly, afraid of disturbing him!

"Tu Liang, do you have any solution?" Potian asked in a carefree manner. Although he looked very calm on the surface, his heart was already in his throat!

"There is no other way! It's impossible to break this array in a short time. Fortunately, the person who set this array didn't have a high cultivation level. Otherwise, I wouldn't be able to break this array at all! However, I'm not absolutely sure. I can only say that I'll try my best!" Tu Liang told the truth, but at the same time, he was quite depressed. The person who set up the formation was already able to set up the great sky-guarding formation with his current cultivation. Once the other party became a divine Emperor or Hierarch, the formation he set up would be invincible in the divinity!

Although he was a little envious, jealous, and hateful, he wanted to meet the person who set up the array. It would be best if he could ask for advice from him. However, looking at Potian and the others' posture, his idea was likely to be difficult to achieve!

Al! Tu Liang sighed in his heart. In fact, he was only interested in the formation. He didn't want to get involved in the feud between Potian and the other party. However, he had to get involved. However, for the sake of the formation, he could plead with Potian on behalf of the people in the house. He believed that Potian would give him face! But the prerequisite was that he had to break this great formation first! Otherwise, everything would just be empty talk!

"Mm, just try your best!" Potian said with a nod. He was very clear about the power of this formation. Therefore, even if Tu Liang couldn't break this formation, he wouldn't blame Tu Liang. However, if he did that, he would have to stay here even longer!

Tu Liang nodded slightly. Then, he focused on studying the sky-guarding formation.

Tu Liang's mind went blank for a moment as he looked at the interlocking formations on the array. After he returned to normal, he had a headache!

Any formation master would have a headache when they saw this inextricably linked formation.

Moreover, for ordinary arrays, as long as the array eye was found, the array could basically be cracked. However, there was more than one array eye in this great sky-guarding array! According to the ancient records, there were at least ten thousand formation eyes of different sizes in the great sky-guarding formation, and some even had hundreds of thousands of them. It was easy to imagine how big the project of unlocking this formation was!

If it were any other array master, not to mention trying to break the great sky-guarding array, they would probably be scared away just by thinking about it, because this was really beyond the reach of human strength!

Just like that, Tu Liang, who had an indomitable spirit, continued his long-prepared work of breaking the great sky-guarding formation!

Time passed.

Very quickly, half a year had passed.

During this time, the first elder and the others in the house became calmer and calmer.

As for puotian and the others outside the house, although they also looked calm, in fact, their hearts had been very depressed. This kind of emotion had accumulated more and more in the past six months, almost to the point of saturation.

Now, they were numb to tu Liang telling them from time to time that he had solved a few more small formations. Tu Liang had solved less than five percent of the big formation.

As for tu Liang, he was still trying to break the sky-guarding formation. However, as his face became paler by the day, puotian and the others knew that tu Liang's spiritual power was on the verge of collapse!

This fact forced puotian to force tu Liang to rest. However, tu Liang, who had just recovered a little of his spiritual power, immediately immersed himself in the array that made him intoxicated!

At the same time, Leng ruoxue, who was in closed-door cultivation in the Dreamdust space, was in an abnormal state.

The evildoer who was by her side started to worry when he saw Xue 'er's beautiful brows locked together and her face turning pale.

All of a sudden, the spiritual Qi in the secret chamber that they were in started to gather towards Leng ruoxue and rushed into her body. The demon knew that Xue 'er was about to break through. In his joy, he placed his hand on Xue' er's back, wanting to help her. However, he was stopped by a hand that was stretched out in front of him!

"Why are you stopping me? Can't you see that there's not enough spiritual Qi here for Xue 'er to absorb?" The demon's face was black as he looked at Huan Chen, who was blocking his way, and said with a slight displeasure.

"I know. That's why I'm prepared!" After Huan Chen finished speaking, he took out a milky white ball with a mysterious look. The ball was translucent and thin. It was filled with spiritual energy, and it looked like it had already liquefied.

"What is this?" The demon's expression changed when he saw the viscous liquid in the ball. He was too familiar with this aura. It was clearly ...

"This is master's source energy. Master left it for her!" Huan Chen looked at Leng ruoxue with a tinge of sadness. However, he quickly returned to normal. The 'master' he was referring to was naturally his previous master, the master of the God World, Lord Yu!

Master's origin was the purest energy in the universe. It was also known as the origin of chaos. It was the mother that gave birth to master when the world was first created. At the same time, these origin of chaos also represented the identity of the master. Only the master who possessed the origin of chaos was the master of the divine world recognized by the laws of the world.

The reason why the current God Lord of the divine world was so nervous about him was that he suspected that his master's origin was in his hands. Otherwise, he would not have tolerated his

provocation and disregard. In fact, that woman had guessed it right. Unfortunately, he could not give his master's origin of chaos to that woman, even if he died!

He was here, and the origin of chaos was here! When he died, the origin of chaos would return to the world! This was master Yu's last wish before he died!

"Xue 'er, I'm afraid we can't refine it now!" The demon looked at the translucent ball in Huan Chen's hand and asked worriedly.

In order to completely refine this origin of chaos, apart from the chaotic body, the refiner must also have the strength of a reverent-god level. Xue 'er's current strength simply did not meet the requirements! More importantly, he was afraid that Xue 'er would not be able to withstand the overbearing energy of the origin of chaos. This was what he was most worried about!

"Hahaha! Since I dare to take out the origin of chaos, I naturally have enough confidence. Why are you so nervous? Are you afraid of your identity being exposed?" Huan Chen teased with a faint smile.

"I'm not afraid!" The demon gritted his teeth in anger. Damn it, why are these people all the same? In fact, he had wanted to tell Xue 'er about his identity for a long time, but he had never found the right opportunity. In addition, Xue 'er's strength was still very low, and he did not want her to feel too much pressure, so he had not said it. Now, his identity had become the object of these people's ridicule!

"Since that's the case, you don't have to worry! Although the origin of chaos seems very tyrannical, as long as it acknowledges me as its master, not only will it not harm little master, but it will also bring great benefits to little master. You know what I mean!" Huan Chen revealed a smile that was asking for a beating and said calmly.

#### [Chapter 1954 Poor Baby \(1\)](#)

"Besides, with you here, do you think you can't protect me, your little master?" Huan Chen added with a faint smile.

"Then I'll give the origin of chaos to Xue 'er now!" With him protecting Xue 'er, there would not be any major accidents when Xue 'er refined the origin of chaos. However, she would inevitably suffer. After all, Xue 'er's strength was too low at the moment. It was impossible for her to completely withstand the overbearing energy of the origin of chaos. However, if Xue 'er could obtain the recognition of the origin of chaos, it would definitely be of great benefit to her future cultivation.

Xue 'er's current cultivation speed was already freakish. With the help of the origin of chaos, she believed that it would not take long for her to become a reverent-god level expert. Once Xue 'er became a reverent-god level expert, her strength would naturally be incomparable to ordinary reverent-god level experts! At that time, Xue 'er would have even more capital to face that woman. With his help, it would only be a matter of time before they eliminated those traitors.

However, he was also very clear that Xue 'er still had a long way to go to become a true expert. He would always accompany Xue 'er as she grew up, until the end of time!

Huan Chen smiled in satisfaction when he saw that the demon had agreed. Then, he tossed the origin of chaos into the air. Instantly, the originally quiet origin of chaos glowed brightly. After spinning a few rounds in the air, it flew towards Leng ruoxue ...

When it reached Leng ruoxue's side, the light from the origin of chaos became even more dazzling.

In an instant, Leng ruoxue was completely enveloped by the dazzling light. Following that, the origin of chaos entered Leng ruoxue's body. The two men present knew that this was only the beginning!

However, the origin of chaos did not resist entering Leng ruoxue's body. This already indicated that the origin of chaos had given her its initial approval. This was definitely a good start. Next, whether the refinement would succeed or not would be decided by time!

Ever since the origin of chaos had entered Leng ruoxue's body, the demon had been staring at her nervously without blinking. He was afraid that Xue 'er would feel any discomfort. However, what made him feel conflicted was that Xue 'er could only rely on herself now. Unless Xue 'er's life was in danger, he could not help her.

Thinking of this, he couldn't help but sigh!

When Huan Chen saw this, he patted evildoer's shoulder and said, ""You should have faith in me, the young master. The origin of chaos will definitely acknowledge her!" At least, he was very confident!

"You don't need to say that! I'm just worried about the pain she's going to suffer!" Hearing this, the demon glared at Huan Chen and said with a slight displeasure.

"Isn't this just a matter of time? I think you should've been mentally prepared. " Huan Chen said matter-of-factly.

"Get lost! I don't want to see you!" Huan Chen's words made the demon fly into a rage out of embarrassment. Damn this guy, how is this the same as being mentally prepared? If Xue 'er wasn't the one he loved, would he be so nervous?

As the saying goes, the more concerned you are, the more confused you will be. Therefore, even if Xue 'er were to suffer a little, his heart would ache! But this guy actually said it so easily, it was really infuriating! If he wasn't afraid of disturbing Xue 'er, he would have dragged this fellow out and given him a good beating! He really needed a beating!

"I'll get lost, alright? I won't disturb you two anymore. You take good care of my little master! Hahaha!" Huan Chen saw that the evildoer was a little annoyed and naturally had to tactfully leave. Otherwise, if this man wanted to beat him up, he would really be at a loss. Sigh! It was his fault for not being able to beat them! He had to admit the difference in strength!

With that, Huan Chen disappeared!

Seeing that Huan Chen had left, the demon immediately calmed down. He found a spot closest to Xue 'er and sat down cross-legged without disturbing her. However, his eyes were fixed on her, and he was even prepared to help her at any time.

After Huan Chen left, he turned around and entered another sealed room.

In the room, a small black beast was lying on the ground with tears in its eyes, gnawing at a small mountain of crystals of various colors. From the spiritual Qi that the crystals emitted, one could tell at a glance that they were all top-grade crystals, and this little beast was the baby.

Baby was gnawing on Jingshi while secretly hating in her heart!

That hateful guy actually dared to treat it like this, Wu ... It's really too hateful, when can I finish eating all these hard stones!

In fact, it had been eating for a long time, but the crystals did not seem to decrease at all, and it was getting more and more depressed. It knew that the guy was definitely messing with it, because these crystals only needed to be absorbed, but that man actually ordered it to eat all of them, or he would beat it up, and even said that they were its favorite food! Hmph! How could it like to eat stones? This was nonsense!

At the thought of this, more and more tears welled up in the baby's eyes. His heart ached even more. Wu...Sister! My sister! Where are you? Someone is bullying your baby! The baby wailed in its heart. Later, the more it thought about it, the more miserable it became. It simply couldn't help but cry ...

"Why are you crying? If you keep crying, I'll spank your butt!" Huan Chen threatened. As soon as he arrived, he heard crying. After entering the room, he saw the baby crying miserably! Those who didn't know would definitely think that it had suffered a lot!

"You, you bad person! Who are you? Why am I here? Where's my sister? I want my sister! Quickly let me go, otherwise, big sister will not let you off!" When Baobao saw that Huan Chen had left it here, it quickly roared. However, with its pitiful appearance and large patches of fur wet with tears, even if it roared, it didn't seem to have much power.

This man was the person it had seen when it had opened its eyes. He was also the one who had woken it up. However, after it had woken up, this man had brought it here without a word, then given it these crystals before leaving. This was its second time seeing Huan Chen, so baby had asked a bunch of questions in a hurry. Otherwise, it was afraid that Huan Chen would leave again!

It didn't want to stay here any longer. It felt like vomiting when it saw these crystals. Even if these premium crystals were worth cities in the eyes of others, it didn't want them! He didn't want to see it! It really hated these stones!

Looking at the baby's angry little appearance, Huan Chen laughed evilly. Then, he stretched out his long arm and directly scooped the baby into his hand, looking at it.

"You don't recognize me?" Huan Chen asked with an evil smile.

"You're a bad guy! Should I know who you are?" There were many things that it couldn't remember, so it had been sleeping all this time. At the same time, it was also working hard to cultivate. However, it really didn't have any impression of this annoying man!

"Of course! To tell you the truth, not only do we know each other, but we're also very close!" Huan Chen rubbed the baby's little body with all his might and laughed extremely proudly. Hehe! 'I didn't expect this guy to have such a day. This opportunity is really rare. I must grasp it and take the opportunity to bully it,' he thought to himself.

[Chapter 1955 Poor Baby \(2\)](#)

"I, I don't have any impression!" Upon hearing this, the baby's mood dropped and it temporarily put down the anger in its heart.

"Hahaha! It doesn't matter, after you finish eating these crystals, then continue eating it for a few more years, you'll definitely remember!" Huan Chen laughed, but he couldn't help but feel disgusted in his heart. It's because you can't remember that I can bully you! Otherwise, what was the point of him playing?

"Argh! You still want to eat?" Upon hearing Huan Chen's words, Baby SU's expression changed instantly. The fur on her body stood up. Needless to say, she was angry, or rather, she was both angry and scared!

"Of course, your strength is too low. Therefore, you must recover your true strength as soon as possible. Where was the prestige of the past! Tsk tsk! The difference is too great!" Huan Chen looked at the baby with disappointment.

"Do you really know me?" The baby, who had been shocked, asked with some uncertainty. It didn't really believe this bad guy's words! However, its gut feeling told it that this bad guy was not lying to it! 'Damn it!' Why couldn't it read this bad guy's heart? The baby was very depressed!

"I've said it before, we're acquaintances! I won't lie to a child, come! Call me uncle!" Huan Chen said with certainty. Then, he guided baby to call him uncle!

"Uncle?" Baby Su was confused. This person wanted her to call him uncle? What right did he have?

However, Huan Chen took the baby's question as an affirmation. He laughed with satisfaction. "Be good! How obedient!" You're much more obedient than before, Huan Chen added in his heart.

"Little baby, you have to call me uncle when you see me in the future, okay?" Huan Chen warned.

Upon hearing this, Baby SU's eyes widened and she glared at Huan Chen angrily. "Why?" No matter how it looked at this man, he didn't seem like an uncle. Moreover, they might have known each other in the past, so it wouldn't fall for this trick!

"There's no reason. Just do as I tell you to. Didn't you sound good just now?" Huan Chen said in a domineering manner.

"If I call you uncle, can I stop eating these stones?" Baobao raised its little head and asked. A wise man is a wise man. If it didn't have to eat those stones anymore, it would rather call this bad guy uncle. As for whether they really knew each other, it could be discussed in the future! It couldn't care less now!

"Of course not. These stones used to be your favorite. They are good for your cultivation, so you have to eat them. I'm doing this for your own good! So, be good! Work hard to eat the stones and increase your strength as soon as possible!" Huan Chen coaxed.

"You're lying to me, right? How could I possibly like to eat rocks?" After hearing Huan Chen's words, Baobao stared at him suspiciously, hoping to find some clues from his face. However, to its disappointment, Huan Chen's expression was so calm that there was no trace of a lie. Seeing this, Baobao was depressed again!

"Do I look like someone who would lie to you?" Baby SU's words made Huan Chen feel extremely aggrieved.

"If you don't let me eat those stones, I'll believe that you won't lie to me!" The baby's eyes turned and a plan came to her mind.

"That won't do. You must eat all those crystals. Moreover, you must believe me and call me uncle!" Huan Chen laughed slyly like a fox. This little thing wanted to fight with him, but it was still too inexperienced.

"You, you're really too bad!" The baby clenched its little paws in anger. Although it wanted to scratch him, it had to hold back. It was not his match!

"I'm not bad, I'm really doing this for your own good!" Huan Chen suddenly said in a serious tone. Then, he continued, "Let me ask you, do you want to increase your strength to help your sister? Or do you want to be a burden to her forever and let her protect you?"

"I want to increase my strength! I want to protect my sister!" The baby said excitedly when he heard this.

"If that's the case, then do as I say. I will never harm you!" Huanchen said in all seriousness. At most, he's just bullying you, hehe!

p "If I do as you say, can I really improve my strength?" Baobao was half-convinced and half-suspicious. If it was just to let it absorb those crystals, it had no objections, but to let it eat those cold and hard stones together, it was not too willing. It really didn't like that!

"Of course! When you've finished eating all the crystals I've given you, I'll give you another good thing that can quickly increase your strength. At that time, I guarantee that your strength will skyrocket!" Dreamdust tempted.

"Really? But, what is a rocket?" Baobao was confused. Was that thing very fast?

"Uh! This is not the main point, okay? the main point is that you have to eat all the Jingshi, otherwise, don't think about anything else!" Huan Chen rebuked.

"Oh! Can't I use my own way to cultivate?" The baby asked again.

"Are you saying that you'll keep sleeping? You think that's fast?" Huan Chen was speechless.

"What else? Many beastmen cultivate like that, it's so comfortable!" Baobao said matter-of-factly.

"They are them, and you are you. I don't care how they cultivate, but you definitely can't!" Huan Chen was a little angry when he heard Baby SU's unambitious words. This guy wasn't like this in the past! Now that he had reincarnated, why was he becoming more and more useless? He could not understand!

In reality, Baobao could no longer be considered the fellow he once knew. Adding on the fact that Baobao's inherited memories had yet to fully recover, Baobao naturally did not look the same as Huan Chen. As a result, Baobao was destined to disappoint him.

Fortunately, he adjusted his state of mind quickly. After roaring, he gently stroked the baby's fur that was half-wet from tears and said softly, "Little baby, you can't go wrong by listening to uncle. Uncle will harm anyone but you!"

Huan Chen's sudden change in attitude stunned Baobao. However, it still decided to follow the bad guy's words. After all, it really wanted to know what other good things this bad guy had that could make it increase its strength so quickly.

After thinking it through, the baby calmed down and whispered, "I'll listen to bad uncle and eat all those stones!" Moreover, when he said the word "stones," Baobao deliberately emphasized it because he really hated these stones.

"Baby, be good! However, if you can remove the word "bad guy" and just call me uncle, I'll like you even more!" Huan Chen's mouth twitched as he helplessly said.

"I think that these two words fit your image very well, so I called you that!" Baobao was very honest. Good children should not lie! This was what his sister had taught him.

"Alright then! I'll also call you bad boy in the future! This is only fair!" Huan Chen said through gritted teeth. He was very depressed by this difficult little thing!

### [Chapter 1956 Poor Baby \(3\)](#)

"I'm a good baby, bad uncle can't call me that!" The baby said, a little aggrieved.

"There's no room for discussion. I'll call you whatever you call me!" Huan Chen said willfully. Luckily, Leng ruoxue wasn't here. Otherwise, she would definitely blame him for bullying a child!

"Alright then!" Baobao compromised. It could tell that this man was not a good person! Now that its sister was not by its side, there was no one to support it, so it had to know its own limits.

At the thought of this, Baobao asked tentatively, "Bad uncle, can I see my sister?" After seeing its sister, the first thing it would do was to complain to this bad guy, Hmph! To dare to bully it, they must be tired of living!

"Of course not! Your sister is in seclusion! You won't be able to see her!" Huan Chen said with a smirk as he saw through the baby's thoughts.

"Oh!" When the baby heard this result, he immediately lowered his head in dejection and wanted to cry but had no tears.

"Bad baby, I think I should tell you that it's not easy to get out of here. If your strength doesn't meet the requirements to get out of here, you may not be able to see your sister for a long time. So, work hard on your cultivation!" Huan Chen reminded with a faint smile.

"Ah!" The baby felt as if it had been struck by lightning. These words were too much of a shock to it!

"Quickly go eat Jingshi!" Huan Chen ignored the baby's shock and threw the baby into the pile of crystals. Then, he sat down on the side, ready to supervise the work. Seeing this, the baby could only resign himself to fate and continue eating.

The baby who was eating the crystal had tears in his eyes, but he was fantasizing that the stone in his claws was his favorite Silver Snow fish. Only then did he feel a little better.

And every time it ate a piece of crystal, it would fantasize that it was its favorite delicacy. This way, the speed at which the crystal was reduced was slightly faster.

Not knowing how much time had passed, when the baby saw that there was only one crystal left in front of him, he was so excited that tears filled his eyes, but the next second, he immediately fell into tragedy.

When Huan Chen saw that there was only one crystal left in front of the baby, he waved his hand and another small mountain of crystals appeared in front of the baby. The baby immediately fainted.

Of course, it wasn't really unconscious. It was just pretending.

Seeing baby like this, Huan Chen didn't expose it. Instead, he sat directly next to baby, stared at it, and sighed!

"Al! You're so weak now, what are you going to do! I'm really worried for you. If your precious sister finds out that she has such a disappointing younger brother, she will definitely be disappointed! I promised her that I'd definitely train you into a strong person! Now that you're like this, I'm really embarrassed to tell her. Forget it, why don't I just tell her the truth? You're really a rotten beast that can't be helped! I think she will understand!" When Huan Chen said this, he didn't hide the disappointment on his face. However, he was laughing in his heart. He also secretly looked at the baby's reaction from the corner of his eyes. Seeing the little guy's eyes constantly turning, he knew that the little guy must be very conflicted.

Just as Huan Chen had thought, baby was in a dilemma. Although it wanted to become strong, it really didn't want to continue eating the tasteless crystals. If it ate more, it was afraid it would vomit. More importantly, it didn't understand that crystals weren't the only thing in the world that could provide spiritual Qi, right? Why was this bad guy so insistent on making it eat these Jingshi! However, it probably wouldn't be able to figure this out in a short period of time!

After struggling internally for a while, the baby reluctantly got up from the ground and looked at Huan Chen with resentment. He said aggrievedly, "Can you first tell me how much Jingshi I still have to eat?"

"This pile doesn't count, just eat three more and that'll do!" Huan Chen said in a light voice.

When the baby heard this, he instantly felt like dying!

However, it finally knew that it had a difficult task now. Sob ... For its sister, it would give it its all!

Thinking of this, the baby also became more active. Without Huan Chen's urging, he picked up the pile of crystals on the ground and stuffed them into his mouth. Seeing this, Huan Chen's mouth opened in surprise. Did the sun rise from the West?

However, no matter why Baby Su suddenly took the initiative, it was a good thing for him!

Leng ruoxue and baby Su were working hard to increase their strength in the illusionary dust space. Meanwhile, potian and the others were waiting outside the Leng family's main residence, eagerly hoping that tu Liang would be able to dispel the great sky-guarding formation as soon as possible.

Right now, it was no longer important for them to save her. What they were more concerned about was whether the array could be undone. This was because the array had kept them outside for too long. To experts like them, this array was equivalent to a slap to their faces.

Unfortunately, tu Liang's speed of breaking the formations wasn't fast. In one day, he couldn't even break five small formations. This fact made potian and the others quite helpless, but they also knew that tu Liang had tried his best.

However, even though they understood the difficulty of this formation, it did not mean that they were not angry. However, Leng ruoxue and the others had the protection of this formation, so they were truly helpless.

They wanted to vent their anger on Leng ruoxue and the others, but they couldn't break through their defensive formation. They wanted to vent their anger on the beastmen in the land of evil demons, but they couldn't even find a strand of their hair. This fact caused many people's emotions to become more and more unstable. When potian saw this, he could only temporarily let them leave the evil demon forest and go find some fun on his own. He also instructed them not to go far and to be on call.

After potian spoke, most of the people chose to leave temporarily.

For a time, there were only three people left outside the Leng family's main residence. They were potian, the dark-skinned man, and tu Liang.

Tu Liang was naturally in charge of breaking the formation, while potian and the dark-skinned man stayed behind to protect him.

The first elder and the others in the house saw those people leave through the light screen. Although they were puzzled, they didn't care too much. After all, if those people could all leave, they would be more than happy to do so!

But after a day, they didn't think that way anymore.

Because uncle long had received a message from the endless sea's beasts, saying that a group of strong people had come to the endless sea and started a massacre. In just one day, countless beasts of the endless sea had been killed or injured.

According to Beastie's description, they also knew the identity of those people! And those people had gone to the endless sea after leaving them. So, for a time, the great elder and the others hoped that those people had not left. In that case, the beasts in the endless sea would not suffer.

When uncle long heard the news, his face darkened and he didn't say a word. The Grand Elder and the others didn't even dare to say anything to comfort him.

For a few days, the atmosphere in the house was rather dull and depressing.

Uncle long didn't speak for a few days. The first elder and the others were worried.

In the end, the first elder was pushed out by Liu Feng and the others to be the representative. The reason was that he had a higher seniority and could speak to uncle long.

This reason made the first elder so angry that he glared at him. However, he still summoned up his courage and went to find uncle long, who had been sitting in the corner of the garden.

After sitting in front of uncle long for a long time, the great elder cleared his throat, gathered his courage, and said in a low voice, "Uncle long!"

"If you have something to say, then say it!" Uncle long was a little helpless. He had seen the struggle of these little guys these past few days, but he was too lazy to say anything.

"Uncle long, don't be too sad. We will find a way to avenge the beasts that died in the endless sea!" First elder quickly said.

"It's good that you have such intentions. As for this enmity, I will avenge them. " Uncle long nodded. Although many of the beasts in the endless ocean had died, most of them had escaped. Therefore, the loss of the endless ocean was not too great. But no matter what, the endless ocean was his birthplace, so he would never allow anyone to be presumptuous in the endless ocean. Since those people dared to cause trouble in the endless ocean, they must die!

"Uncle long, if you need anything, please let us know. We'll do our best!" First elder declared.

"Yes, have you informed the ning family's boy to be on guard?" Uncle long nodded slightly and asked again. The ning family's divine realm and the endless ocean were not far from here. Since those people had gone to the endless ocean, they might have gone to the ning family's divine realm. In his opinion, the ning family's divine realm was easier to deal with on land than the beasts in the sea.

However, uncle long had overestimated the courage of those people. Although they dared to commit crimes in the endless ocean, they didn't dare to set foot in the ning family's divine territory. After all, the ning family played an important role in the human world. Once they provoked the ning family, it was equivalent to provoking many top forces that had a good relationship with the ning family. Therefore, they didn't dare to act rashly in front of the top human forces!

"I've already told him," The great elder replied. In fact, as early as the incident at the endless sea, he had informed the old man of the ning family at the first moment. However, the old man was not worried about his own territory at all. Instead, he kept asking how they were and to what extent the formation had been cracked. This fact made him quite speechless!

### [Chapter 1957 Battle For Revenge \(1\)](#)

In fact, the master of the ning family only needed to ask. If it weren't for the elders of the ning family and the beasts of the land of evil demons stopping him, he would have run here long ago! However, even if he didn't come, the master of the ning family was like an ant in a hot pot, making the people of the ning family tremble with fear.

After hearing the great elder's words, uncle long nodded in relief. Although in his opinion, the ning family's kid was a little out of line sometimes, in general, the kid's ability was not bad, so he did not worry about him anymore.

But at this time, in the ning family's main residence, it was covered in dark clouds. The ning family's meeting room was also silent. The elders sitting there did not even dare to breathe. In such a large hall, even the sound of a needle dropping could be heard clearly.

The master of the ning family, who was sitting at the head of the table, had a dark face and did not speak for a long time. Since he did not speak, the other people in the ning family naturally did not dare to speak first. The pressure in the meeting room became lower and lower.

When the first elder of the fire Wolf Clan who was invited to the meeting saw this, he first wiped the cold sweat off his forehead without changing his expression. Then, he finally could not take it anymore and said, "Master ning, you don't have to worry too much. Miss Leng and the others are good people, and heaven helps them. They'll be fine!" After saying this, the senior elder of the fire Wolf Clan finally let out a sigh of relief. He had wanted to say this for a long time, but he didn't dare to say it when he saw master ning's distant look.

Someone took the lead to speak, and the ning family elders all echoed.

"Yup! Master, you don't have to worry about that little girl. She's very smart and will protect herself well!" The ning family's second elder also quickly said. Actually, what he wanted to say more was that the girl was really cunning! She would be fine even if something happened to anyone. Besides, weren't the Men in Black and that old geezer from the Wen family captured? Hence, in his heart, he had long determined that it would not be easy for potian to capture Leng ruoxue and the rest! However, he only dared to think about it in his heart. He definitely didn't dare to say it out loud. Otherwise, the family head would definitely fly into a rage!

"Xue 'er is in closed door cultivation! She didn't know about this at all! How do I protect myself?" After hearing the second elder's words, the master of the ning family finally reacted, but his expression became even uglier. From the meaning of his words, he was obviously dissatisfied with the second elder's words.

When the second elder heard his father say this, he was so scared that he broke out in a cold sweat. Wu...The old man was too biased. He didn't seem to have said anything overboard! Why was she giving him that look?

"This, this ..." The second elder stammered, not knowing how to start.

"Hmph! I know that many of you have some opinions about Xue 'er, but now is not the time to throw a tantrum, so you'd better put away those thoughts that you shouldn't have. I can tell you clearly, if Xue 'er loses even a single hair, you won't be able to live well in the future!" The master of the ning family said through gritted teeth. His words were not only dissatisfaction with the elders present, but also a warning.

However, when the elders heard his words, they felt extremely aggrieved. Sob ... How would they dare to have any opinions about Leng ruoxue now! Not to mention having other thoughts! One had to know that ever since Leng ruoxue had rescued the clan head and her clansmen from the mystic realm, her status in the hearts of the elders had been skyrocketing. They could not even wait to be grateful to Leng ruoxue, yet they still dared to be dissatisfied with her?

More importantly, if someone really wanted to make things difficult for Leng ruoxue, the elders and clansmen who were rescued by Leng ruoxue would not agree to it. They did not want to cause public anger. Hence, Leng ruoxue's status in the ning family was definitely different from before. However, their own Grand Elder was not aware of their thoughts!

To put it bluntly, it was nothing more than the master not caring about them!

Seeing the wronged expressions on the elders' faces, the master of the ning family still didn't give them a good look. After warning them, he continued, "I've decided to go to the endless sea. Who will come with me?"

"Patriarch, is it appropriate to go to the endless sea now? If someone comes to cause trouble now, we'll be in a very passive position without you!" After hearing master ning's decision, some elders said very implicitly. At this critical moment, they didn't want their ancestor to leave. After all, as long as their ancestor was here, the ning family would have a backbone, and the clansmen's hearts wouldn't be restless! Moreover, although the family head said that he would go there to take a look, if he really went, how could it be possible that he only needed to look?

"I'm just going to take a look at the situation. I'll be back soon! Besides, are you all dead? If the ning family doesn't have me, they'll become a pile of loose sand and will be easily broken through. I think the ning family should disband as soon as possible!" The master of the ning family growled with dissatisfaction.

After spending so much time with Leng ruoxue and the others, he increasingly felt that Xue'er's freedom-letting policy was not bad. Although a large part of it was because that girl was too lazy, Feng Da and the others were definitely capable of holding their own. It was just that their strength was a little low now. When their cultivation was higher, they would definitely be a hundred times stronger than the elders of the ning family. So, it was impossible to say that he was not envious, jealous, and hateful! Therefore, he was also deliberately training these elders' ability to take charge of one side, so that they would not be too dependent on him!

In fact, the elders of the ning family were not as bad as the master of the ning family thought. However, compared with Feng Da and the others, they preferred to ask for the opinion of their ancestors to avoid making mistakes. As a result, the master of the ning family naturally formed an impression that they had no opinions of their own. Compared with Feng Da and the others, the master of the ning family was even more dissatisfied with them.

In fact, the reason why the ning family's elders were so cautious in their actions was also related to the fact that the ning family was a huge family. Because the family had many members, it was complicated and had many branches. Thus, if they were a little careless, they might be used as an excuse for malicious attacks by some people. As a result, they naturally had to be more careful, and this was definitely a disadvantage in a large family! Such a disadvantage was also very difficult to change. The main reason was that there were too many clansmen in the family, and the human heart was difficult to predict!

Master ning's words made all the elders present look embarrassed. Even the fire Wolf clan's first elder who was listening by the side looked embarrassed for a moment. Should it not be attending today's meeting? It was somewhat regretful.

"Master ning, I'll go with you to the endless sea!" Seeing that the ning family elders did not dare to speak, the fire Wolf clan's first elder sighed helplessly. He even tactfully changed the topic so that the elders present would not be too embarrassed!

"Although my strength isn't high, running errands isn't a problem!" The Grand Elder of the fire Wolf Clan quickly added.

"Alright!" The master of the ning family nodded in satisfaction. No wonder Xue 'er likes to make friends with Beastie. Look at how loyal he is!

"Master, I'll go with you!" "Thank you," the second elder said after giving the first elder a grateful look.

### [Chapter 1958 Battle For Revenge \(2\)](#)

"Second brother! You can stay at home!" Hearing the second elder's words, the master of the ning family thought for a moment and said, "if he's not here, the second elder is the most powerful person in the ning family, so one of them must stay. This way, if someone really attacks, the ning family won't be in a hurry!"

"Yes!" The second elder quickly responded.

"Master, I'll go with you!"

"Patriarch, I'll go too!"

As soon as second elder's words fell, several other elders expressed their opinions. Among these people, if they had not been trained by Leng ruoxue, then they had been rescued by her from the mystic realm. When the master of the ning family heard their words, he was very pleased. After randomly picking a few names, he decided on the list of people who would go to the endless ocean.

As for the beasts in the land of evil demons, after knowing that the great elder of the fire Wolf Clan and the master of the ning family were going to the endless sea, they all expressed that they wanted to go with them. Seeing that they were so enthusiastic, the master of the ning family did not want to dispel their enthusiasm. However, it was certainly not realistic for all of them to go, so he only picked a few of the beasts with the highest strength and the strongest defense to go to the endless sea with him.

After setting off, the master of the ning family teleported with the crowd and the beasts. After a few breaths, they arrived at the periphery of the endless sea.

After eating the disguise pill, the beasts all turned into human beings, and the group began to walk toward the inner area of the endless sea. At the same time, the master of the ning family released his divine sense, and as expected, he sensed dozens of people sitting on the beach. Seeing this, he sneered in his heart. These people were really bold! After doing such an evil deed, not only did he not leave in a hurry, he even started to roast meat! However, he was deeply impressed by their ability to eat the meat of sea beasts! That was because the meat of sea beasts was not that delicious!

As he walked in the direction of those people, master ning contacted the beast clans in the endless ocean. The first clan he contacted was the dolphin clan, which was the closest to Leng ruoxue and the others.

The old dolphin of the dolphin clan was overjoyed after receiving the message from the master of the ning family. It quickly reported their situation. After that, it privately contacted several of the strongest beast clans in the endless sea. After communicating with each other, they decided to cooperate from the inside and the outside to catch the humans off guard!

During this time, many beasts in the endless ocean had been killed or injured. Although most of the beasts were from weaker races, they still belonged to the endless ocean. Therefore, the old dolphin and

other beasts felt very aggrieved. However, on land, they were not the opponents of those humans, so they could only listen to uncle long and temporarily avoid those people's attacks and hide. But now, with the strong help of the master of the ning family, the beasts in the endless ocean who knew the news were immediately in high spirits. He even took the initiative to cooperate with the master of the ning family to capture all those hateful humans in one fell swoop!

After the master of the ning family learned of the sea beasts 'decision, he did not refuse, because he knew very well that these sea beasts were just like him. They had been holding a breath in their hearts and needed to vent it out! Otherwise, he would get sick from holding it in!

However, he requested the sea beasts to not attack first and to listen to his command! The sea beasts all agreed.

Very quickly, the ning family head and the others arrived at the location of those people.

At this moment, those people were sitting on huge rocks on the beach. Each of them had a vicious look on their faces. They were fiercely biting the roasted meat in their hands, as if they were venting their anger on the meat in their hands.

"Who are you people? What are you doing here?" After sensing the aura of the strangers, one of them immediately asked. However, that person only glanced at the strength of master ning and the others, and his face showed contempt.

These people were too weak, not even enough to fill the gaps between their teeth!

"We, we were just passing by and didn't know that you seniors were resting here. Sorry for disturbing you!" The master of the ning family pretended to be in fear and trepidation as he stammered.

"If you know you're disturbing us, then quickly get out of our sight!" The person who spoke took a bite of the slightly burnt meat and shouted.

"Yes, yes!" "Yes, master!" The master of the ning family quickly replied in a low voice. He turned around and was about to leave with his men, but he was suddenly stopped by someone.

"Stop! Since you're already here, you still want to leave? Hmph! No way!" Someone spoke again, clearly not planning to let them leave.

"What does senior want?" The master of the ning family and the others, who were standing in place, deliberately acted as if they didn't know whether to leave or stay. They asked carefully, and at the same time, a hint of disdain flashed in their eyes so quickly that no one could catch it!

"How is it? Since you're here, then stay!" The man laughed arrogantly.

"Stay? I don't understand what you mean, senior. " Master ning's face was full of confusion, and he asked somewhat foolishly.

"Seniors, do you want us to stay for a meal? That's great!" The first elder of the fire Wolf Clan also pretended to be drooling.

"Hahaha! Let you stay for dinner? Are you guys daydreaming?" The man's smile was very evil, but the master of the ning family and the great elder of the fire Wolf Clan were confused.

"If you don't want us to stay for dinner, why do you want us to stay?" Fire Wolf's first elder's face was filled with question marks.

"Hahaha! The reason why we kept you here is naturally to give our Beastie an extra meal!" The man stated his purpose, and upon hearing his words, the others all laughed wildly!

Yes! Since these people had fallen into their hands, they could forget about leaving this place alive. It just so happened that they had not had enough fun killing before, so these people could only admit that they were unlucky!

"We don't understand what you mean, senior. More importantly, none of us are good at cooking!" Hearing that person's words, the ning family's master said with an embarrassed expression. However, when the ning family's elders and beasts heard the ning family's Master's words, they all started to think in their hearts. Master ning! You're too much of a fool. In fact, it's not difficult to understand what he's saying!

When the man heard master ning's words, he was stunned for a moment. He didn't expect this man to be an idiot! F \* ck! He felt that his words had been in vain. This fact made him a little angry from embarrassment. Then, he roared, ""Do you think I'm keeping you here so that you can be chefs?"

"Otherwise?" The fire Wolf clan's great elder asked very cooperatively. However, the expression on his face clearly said, 'you're not asking us to stay for a meal, and you're not asking us to be your chefs. What are you guys doing?'

Its ignorant expression completely infuriated the man. His face turned red with anger and he roared loudly, ""Leaving you behind will only serve as food for our Beastie!"

"Oh!" When the ning family's master and the others heard this, they responded softly and didn't have any other reaction. When the man saw this, he was a little dumbfounded.

F \* ck! What kind of situation was this? Shouldn't these people's faces be deathly pale and ashen when they heard that they were going to be food for their beasts? Why was his reaction so calm? The way they were acting made him swallow the words he wanted to say back into his stomach, and this feeling was very uncomfortable!

### [Chapter 1959 Battle For Revenge \(3\)](#)

In fact, he wanted to see these people trembling in fear and begging for mercy on their knees. Only then would they be able to satisfy their despicable interests and relieve their depression. But now, these people's reactions seemed to make him more depressed?

He was definitely not the only one who was even more depressed!

"Brothers, I didn't expect that we would meet some fools." Another person sighed. However, he was thinking that it was better to have these fools to be teased than to not meet anyone strong!

It should be known that there was no doubt that they were depressed during this period of time. However, most of them had criminal records or had many enemies in the divine world. Therefore, even if they had bloodthirsty impulses, they did not dare to appear in the human territory of the divine world

too brazenly. Otherwise, if their true identity was discovered, it would be a big trouble for them. This was also the main reason why they only dared to come to the endless sea to kill.

However, killing these sea beasts was not satisfying enough. More importantly, they could not go into the deep sea. After all, the strength of the sea beasts in the deep sea was not much weaker than theirs. The sea was also the territory of the sea beasts. Therefore, although they wanted to vent their anger, they had to consider their own safety! Therefore, most of the sea beasts that suffered in the endless sea were only some of the weaker races.

However, now that they saw the master of the ning family and the others, they felt that they could have fun again.

In their eyes, the master of the ning family and the others were no different from dead people. Moreover, these weak humans had taken the initiative to come to their door. Since that was the case, they naturally would not be polite!

"Hahaha! Silly boys, quickly kneel down and kowtow to this Lord. If this Lord is happy, I won't kill you!" At this moment, someone jeered.

"You ... You've gone too far! How can you treat us like this?" Hearing this, the fire Wolf clan's head elder pretended to be angry and roared. However, his trembling body revealed his nervousness and fear, which pleased his Savage opponent even more!

Seeing the first elder of the fire Wolf clan's reaction, those people laughed wildly again. However, the first elder of the fire Wolf Clan didn't care at all, because he could already see the end of these people!

Thinking of what these people had done in the endless ocean, the fire Wolf clan's great elder was deeply affected. If they had not withdrawn from the land of evil demons early on, they would have been the first to suffer. Therefore, they also gritted their teeth in hatred towards these people!

After they were done laughing, they arrogantly said to master ning and the others, ""What's wrong with treating you like this? In the divine realm, the strong are respected. We're willing to let you kowtow a few times because we think highly of you, so don't you dare be ungrateful!"

"That's right. You should be proud to be able to make you our Beastie's food. You should know that not everyone has the chance to do so!"

"In front of us, you're just ants. Just do whatever we ask you to do. What nonsense are you talking about?"

"Although you're ants, your deaths must be worth something. So, you have to thank us properly. If it weren't for our kindness, your corpses would have been exposed in the wilderness!"

"We don't attack the weak easily. You're lucky today. If it were any other time, you wouldn't have such an opportunity!"

Listening to the opponent's bold words, and looking at their kind appearance, the ning family and the beasts were a bit dumbfounded. How shameless must these people be to say such words? now they knew that before they died, they should be grateful that others were willing to attack them. Otherwise, they would not even be qualified to die in their hands!

At the thought of this, the ning family elders and the beasts were all a little angry!

However, at this moment, the master of the ning family smiled faintly.

"Well said! Since you've said it for me, I won't repeat it!" The master of the ning family said calmly. After he finished speaking, he suddenly stretched out a palm, and with lightning speed, grabbed one of them in his hand. That person didn't even have time to react!

Seeing this, those people who had been arrogant were also stunned to varying degrees. When they came back to their senses, they all stared at master ning in disbelief.

"Who are you? I can't believe we were wrong. Not only are you not an ant, but you're also an expert!" The most powerful man among them asked vigilantly. The man who was captured was the weakest among them, so he didn't know the real strength of master ning. He even guessed that master ning was at least a divine Emperor. Even if his opponent was a Hierarch, his strength should be equal to his, because he was also a Hierarch. He thought master ning's speed was an accident. After all, they were too careless!

"Hahaha! It doesn't matter who I am. What's important is that you're all dead today!" The master of the ning family was full of killing intent. These people would be a disaster if they were left alive. More importantly, he couldn't let them meet up with potian. He had come this time to cut off one of potian's arms to relieve some pressure for uncle long and the others.

"What big words! If you want to kill us, you'll have to see if you have the ability!" The Hierarch, who was the most powerful among them, said contemptuously.

"Don't worry, I'll let you see. I'll start with you!" The master of the ning family smiled faintly, and then said to the person in his hand.

"Don't! Third brother! Save me!" The man was scared, and his legs kept shaking. If the master of the ning family hadn't held him, he would have sat on the ground!

"No one can save you!" The master of the ning family said coldly. Then, he placed a palm on top of the man's head and injected a strong divine power into it. The man only struggled slightly before he stopped breathing.

The master of the ning family threw the man on the ground. The great elder of the fire Wolf Clan saw this and quickly threw a small flame on the man. In an instant, the man's body was set on fire. When the ning family elders saw this, they couldn't help but twitch their lips. They were all too familiar with this scene! This was clearly Leng ruoxue and her gang's technique!

"Hehe! I'm used to it!" The fire Wolf clan's first elder smiled shyly when he received the ning clan's elders' shocked gazes. He was very embarrassed. After spending so much time with Leng ruoxue's beasts, he had also developed the habit of disposing of rubbish.

Ugh! When the ning family elders heard this, they were rather speechless. This kind of thing could also become a habit? It seemed like Beastie, who had been with Leng ruoxue for a long time, would eventually learn to be bad! However, they were rather impressed by Leng ruoxue. She had only been in the land of evil demons for a short period of time, yet she had already assimilated the beasts there!

However, if Leng ruoxue knew what they were thinking, she would definitely cry out that she was being wronged because she was not the one who taught them these things!

At this moment, the Hierarch saw that the master of the ning family dared to kill in front of him. Suddenly, the anger of being provoked rose in his heart. His eyes were spewing fire, his face was as dark as the bottom of a pot, and the blue veins on his forehead were throbbing. Then he roared, "You, you dare to kill my brother! I won't let you off!"

After that, the reverent-God pounced on master ning like a tiger pouncing on its prey. At the same time, he threw the divine power gathered in his hand at master ning mercilessly. Then, with a flash of cold light, a long knife appeared in his hand. The knife glinted and turned into a material object, slashing at master ning ...

Seeing this, the master of the ning family was still calm. At the same time, he gave the others a look, and they immediately found their long-time opponents and began to fight.

At the same time, the master of the ning family also attacked!

Two beautiful phoenixes with endless pressure pounced at the reverent-god level expert. The two phoenixes were naturally condensed by the master of the ning family with his wind divine power. As soon as the two phoenixes appeared, the reverent-god level expert immediately sensed the true strength of the master of the ning family. His expression became more and more serious. He knew that they had kicked an iron plate this time. The strength of the opponent was definitely above his!

He was not the only one who felt this way. After the real fight, they all realized that the strength of their opponent was beyond their expectations!

This fact made them secretly resentful. However, the thing that made them vomit blood had yet to come.

Not long after the two sides fought, the originally calm surface of the endless sea began to surge with huge waves. However, they were in the middle of the battle and did not notice it. It was only when they felt that their opponents suddenly increased in number that they realized something was wrong. But at this moment, it was too late!

This time, the number of beasts participating in the war in the endless sea was unexpectedly large, and this was the result of the old dolphin and other beast elites 'careful selection. Otherwise, the beasts of the endless sea would have been mobilized collectively. After all, these humans had brought great harm to the beasts of the endless sea. If it were not for the fact that their strength would be greatly reduced on land, how could they allow these humans to kill in their own homes?

This fact made them feel humiliated, and now was the best time for them to take revenge for the beasts that died in the endless sea. They naturally would not let it go. To them, this was a battle for revenge ...

### [Chapter 1960 The Test \(1\)](#)

As soon as the beasts of the endless sea came ashore, they immediately surrounded the two sides in the battle. Then, according to the previous plan, some of the beasts watched and were ready to pick up the leftovers, while the others rushed toward the two sides in the battle. Of course, their main targets were those who did evil in the evil sea.

Their appearance immediately turned the situation on the battlefield one-sided. However, the ning family elders pretended not to know them, while potian's side, after seeing these beasts taking advantage of the situation, the anger in their hearts "Swish Swish Swish" "swish" "swish" to the top of their heads!

F\*ck! These sea beasts were really too hateful. They actually took advantage of the time when they were fighting to launch a sneak attack! Moreover, it seemed like he was targeting them! Thinking of this, potian's subordinates were secretly resentful, but at this time, they would never have thought that the beasts of the endless sea were in cahoots with master ning and the others! After all, to most people's knowledge, humans and beasts rarely cooperated.

Although potian's subordinates were all a little angry from embarrassment, the ning family's elders and beasts didn't care about that. They still fought as they should. The beasts of the endless ocean specialized in sneak attacks. When the two sides were fighting, they attacked potian's subordinates. As a result, they were attacked from top to bottom, and suddenly all of them were in a mess.

Seeing this, the reverent-God who was fighting master ning was furious!

"Who are you people? If you have the guts, report your name!" The reverent-God's face darkened as a huge flame burned in his heart. If he didn't have a trace of rationality left, he would have already fought to the death with these people!

"What a joke! Do you think we have to tell you our names just because you want us to?" Hearing this, the master of the ning family laughed. Seeing the slightly mocking smile of the master of the ning family, the reverent-God became even more angry!

"What's wrong? You don't dare to? Hmph! What kind of expert are you if you hide your head and show your tail?" The reverent-God deliberately provoked him, but the master of the ning family was not moved at all.

"It's not that I don't dare to, but it's unnecessary!" The master of the ning family smiled and said disapprovingly.

"You ..." The reverent-God felt a headache when he saw the master of the ning family keeping his mouth shut. This man was so cunning that he couldn't figure out his true identity. This fact made him quite depressed. He didn't know when such an expert had appeared in the divinity.

He claimed to know the powerhouses of the divine world like the back of his hand, but he had never heard of such a powerhouse in the divine world. At this time, he would never have thought that the one fighting with him was the master of the ning family.

Of course, the master of the ning family did not intend to let him know. Otherwise, if he passed the news to potian in the land of evil demons, the ning family would be in trouble! Not only that, but he also felt that he should end the battle quickly in case these people found help!

At the thought of this, he sent a collective voice transmission to the crowd and beasts, telling them to hurry up. He himself used 90% of his strength to fight the reverent-God in front of him.

With the command of the master of the ning family, the elders and beasts of the ning family were suddenly in high spirits and used all their strength, striving to hit these people in one blow. As a result, the pressure on puotian's subordinates increased sharply, and soon, their movements were a bit messy.

The elders of the ning family and the beasts seized the opportunity and attacked at the same time. In an instant, several people were directly killed and the others were all injured. Seeing this, they attacked at the same time again. After taking turns to attack, two-thirds of puotian's subordinates were soon killed and the other one-third were seriously injured. The one with the lightest injury was probably the reverent-God who was fighting with the master of the ning family.

The reason why he was the least injured was also greatly related to the ning family's master's leniency. Who asked the ning family's master to be so evil as to let him personally see his brothers fall one by one! To that reverent-God, this was definitely not a small stimulation!

The fact was as master ning had expected. When the reverent-God, who was fighting with master ning, saw his companions die one by one and he was helpless, he was so resentful that he even had the idea of swallowing master ning alive. Unfortunately, he was entangled by master ning and couldn't save those people in time. He didn't miss each person's death from the corner of his eyes, which made him so angry that his eyes were about to crack and bloodshot. His eyes were spewing fire!

Seeing his expression, the master of the ning family had no doubt that this man's hatred for him had reached an indescribable level. However, he did not take it to heart. After all, battles were cruel. It was either you die or I die. More importantly, none of them had a clean background. Their hands had been stained with the blood of countless people and beasts. They had to pay for it sooner or later, so they should have expected this day to come!

However, it was one thing to expect it, and another to see his brother who had gone through life and death with him die with his own eyes. Moreover, the reverent-God had never thought that they would one day be forced into such a sorry state. After all, even the divine lord's estate could do nothing to them. However, they had capsized in a small river today. This fact was too great a blow to him. He could not bear it!

Thinking of this, he quickly sent a message to potian for help, but who knew that potian didn't give him any reply!

How ... How could this be possible? The reverent-God couldn't believe it, but he knew very well that his message hadn't been sent out. He looked at the master of the ning family in shock and became more vigilant. How powerful was this man that he could even cut off his message? Such strength was truly too terrifying!

The master of the ning family, who was standing in front of him, saw the reverent-God's expression and said with a light smile, "What, are you planning to find potian to save you? Stop dreaming, how could I let you have that chance!"

Master ning's words were light, but the reverent-God's face turned pale instantly. He stared at master ning in disbelief and asked, "You, how did you do that? Just Who are you?"

"You think I'll tell you?" The master of the ning family grinned evilly, feeling very proud of himself. In fact, he really couldn't cut off the other party's voice transmission like the reverent-God had thought. He

had only used a little trick to slow down the speed of the other party's voice transmission. However, this way, his divine power was consumed at an unusually fast rate, so he had to keep throwing pills into his mouth while he was talking!

Seeing their master's heroic act of boldly consuming elixirs, the ning family's elders could not help but feel embarrassed. The corners of their mouths twitched non-stop because they knew that this was something their master had learned from that girl, Leng ruoxue!

Wu...Master! You've also become bad! Many elders couldn't help but think in their hearts. However, they didn't dare to say these words in front of the family head. Otherwise, they would be the unlucky ones!
