### [Chapter 1961 The Test \(2\)](#)

When the fire Wolf clan's great elder saw this, he also looked at master ning with envy, jealousy, and hatred. He thought to himself, "it's good to be rich!" It looked like they had to think of a good way to make money in the future! With such a thought, the fire Wolf Clan, which loved money, appeared in the divine realm in the future!

However, the reverent-God was the one who was the most affected among the crowd and the beasts. He kept panting and his eyes were about to pop out. The hand pointing at master ning was shaking violently, but he was so angry that he could not say a word.

Seeing his face red and his neck rough, and his panting appearance, the master of the ning family began to worry for him.

"Are you alright? Is she sick? Ah! If you're sick, you have to be treated! You can't do it like this!" The master of the ning family advised earnestly. His ordinary face after the disguise was full of worry!

However, as soon as he finished speaking, the reverent-God was so angry that he fainted. Seeing this, the ning family elders all wanted to go up and find out what was going on, but they were stopped by their master with a wave of his hand.

"Don't go over, he might be pretending! I'm just waiting for you silly rabbits to come to my door!" The master of the ning family reminded them loudly. However, when the silly rabbits heard this, they didn't know what to say. Were they really that silly?

Then, the master of the ning family continued, ""While he's pretending to be unconscious, you guys quickly clean up those who are still breathing. Don't leave any survivors!"

"Yes!" All the elders and beasts responded in unison. Then, those who were still struggling on their last breath were in big trouble, because all the elders and beasts had vented all their anger on them. They were determined not to let them die too easily!

The breathtakingly tortured subordinates were tortured by the ning family's elders and beasts until they wished they could die. Not long after, those who were still alive were all on the verge of death!

"Just kill me! Please, I beg you, kill me! Don't torture me!" Some people begged for mercy in pain, regretting that they had provoked them. Unfortunately, this was not something they could avoid even if they regretted it, because master ning and the others were coming for them!

"Just kill us!"

"Give us a quick death!"

The remaining heaven-crushing subordinates all begged for mercy. This was the most sullen moment of their lives. They couldn't even die!

"Kill you? I'll give you a quick death?" The head elder of the fire Wolf Clan asked with a smile.

"Yes, yes!" The subordinates of breathtakingly lying on the beach hurriedly nodded.

"You guys wish! Didn't you treat us like ants just now? How can an expert beg for mercy from an ant? if this gets out, do you still want to be human?" The fire Wolf clan's Grand Elder said worriedly.

"We were wrong! You are not ants, we are. Now we just want to die! I beg you, please help us!" Some people continued to beg for mercy.

"No! Your third brother hasn't even begged for mercy! How can you all die before him! However, your endurance is much better than his. That guy actually pretended to faint! You're really too gutless!" The fire Wolf clan's great elder had a look of disdain on his face when he said this. However, the heaven crushing subordinates who had heard his words didn't know how to continue. They knew very well that their third brother wasn't pretending to faint. He had really fainted. He had fainted from anger! To be able to make a reverent-God faint from anger, it was enough to prove that these people's skills were extraordinary! They couldn't be unconvinced!

However, after the fire Wolf clan's chief elder finished speaking, he still evilly threw a small flame at the person closest to him. Instantly, that person's body caught on fire, and he jumped three times high before he jumped into the sea with a plop!

"Wow! And this action was so Swift! It seems like we haven't mastered our skills yet!" The fire Wolf clan's Grand Elder muttered to himself with some regret.

"I didn't master it, this person is mine!" At this moment, a huge whale floated up from the sea, and on its back was the man who had jumped into the sea in a hurry! However, that person was currently unconscious.

"Uh! You're trying to snatch food from the Wolf's mouth! But I want to know, why did this person faint?" The fire Wolf clan's head elder grumbled before asking curiously.

"I ate too much stomach acid! When he jumped into the sea, he just happened to fall into my mouth!" The whale said with an innocent expression. There was also a hint of grievance in its clear black eyes.

"Argh! You're not poisoned, are you? This person is unhygienic!" "What?" the fire Wolf clan's head elder immediately cried out in alarm. He even looked at the huge whale with a worried expression.

"I'm fine! My Poison resistance is strong, but he was the one who was poisoned by me!" The large whale chuckled.

"That's good!" Hearing this, the Grand Elder of the fire Wolf Clan finally felt relieved. Even though they had never had much of a relationship with the beasts of the endless ocean, with Leng ruoxue as a bridge, they could be considered friends now. Now that they had joined forces to fight against the enemy, they naturally had to care for each other.

However, when the ning family elders heard their conversation, they were rendered speechless. In fact, they were even more certain that these beasts had learned the bad things from Leng ruoxue. The unlucky Leng ruoxue had been shot while lying down!

Then, the beasts of the endless ocean took turns to torture the surviving preaper's subordinates. Finally, they kindly sent them on their way!

In the end, on the vast beach, apart from the master of the ning family and the beasts, the only living opponent was the unconscious reverent-God.

Not long after, the reverent-God finally opened his eyes. However, when he saw that he was surrounded by people and beasts, he really wished he could faint again! Even if he was a reverent-God, it was impossible for him to fight against a hundred people alone! Moreover, he was quite badly injured!

"If you dare to faint again, I'll strip you naked and take naked photos for everyone in the immortal realm to know!" Master ning threatened with a smile.

"You, you're so despicable!" The reverent-God was livid with anger, but the beasts laughed wretchedly when they heard master ning's words!

"Hehe! It's good to be stripped! Quickly strip him naked! I haven't seen the body of a reverent-God yet!" Some Beastie jeered.

"You see, my Beastie friends are giving you so much face!" The master of the ning family smiled ambiguously. Seeing that the reverent-God was so angry at them that he almost vomited blood, he was in a good mood, and the depression that had been there for the past few days was swept away.

"Who cares!" The reverent-God gritted his teeth in hatred!

"You don't care? If that's the case, why are you still being so polite? quickly strip him naked, then we'll take a nude photo and leave!" Seeing this, the master of the ning family directly ordered the Beastie beside him.

"You're so despicable! I didn't faint!" The reverent-God quickly reminded him.

"As long as I'm happy, I don't care if you faint or not!" The master of the ning family said shamelessly. Then, he raised his hand, signaling the beasts to act quickly.

### [Chapter 1962 The Test \(3\)](#)

"Hehe! Leave this matter to us, we guarantee that it will be done properly!" Upon seeing this, Fire Wolf's first elder promised. After he finished speaking, he made the first move. A tiny red flame instantly flew to the reverent-god level cultivator's body, but it only burned his clothes.

When the beasts of the endless sea saw this, they were not to be outdone. However, most of them were water attribute beasts with divine power. Therefore, once they attacked, the fire of the fire Wolf first elder was immediately extinguished!

"What are you guys doing? I'm setting a fire, and you're going to help him put out the fire?" When fire Wolf's first elder saw that his flames had been extinguished, he was a little angry! Was this considered an internal conflict?

"Hehe! I made a mistake!" The Beastie that had extinguished the fire said apologetically.

"What do we do now?" The head elder of the fire Wolf Clan felt a headache coming on when he saw the reverent-god level spirit being drenched like a chicken. The effect would definitely not be good if he was drenched!

"That's easy, you can just use fire to dry his body!" The Beastie thought for a while and suggested.

"Al! That's the only way. " The first elder of the fire Wolf Clan sighed helplessly. He looked reluctant, but in fact, he was excited!

This was a once-in-a-lifetime opportunity! He could actually see the Supreme God embarrass himself! Hehe! He laughed wretchedly in his heart. Then, with a wave of his hand, a flame slightly larger than the previous one floated to the reverent-God's body. Immediately after, the reverent-God's body burst into flames that were half the height of a person!

Seeing this, the ning family's elders and the beasts collectively stepped back to avoid being affected by the flames. However, seeing how big the flames were, they couldn't help but worry.

"He won't be burned to death by your flames, right?" Some beasts couldn't help but ask. If this guy was burned to death just like that, they wouldn't be able to play anymore!

"Don't worry, I know what I'm doing! He won't burn to death! Moreover, the body of a reverent-God is so strong, how can it not burn!" The great elder of the fire Wolf Clan was very confident.

After a short while, the flames were retracted, and the reverent-God was completely clean. Not even a hair could be seen. Seeing this, all the beasts and the elders of the ning family took out their memory crystals and gave him a close-up from head to toe. After that, the beasts took out their weapons and waved them in front of the reverent-God.

"W-what do you guys want?" The reverent-God who wanted to faint but couldn't move and wanted to faint growled with a red face while enduring the humiliation that these damn humans and beasts had given him.

"Yo! He's quite energetic! It seems like you still have the strength to play with us!" A sea beast laughed evilly, its eyes full of hatred. After it finished speaking, it was the first to stab the reverent-God with its sharp weapon that was like an iron plier ...

"Ah!" The screams continued. At this time, the master of the ning family walked to the side and sat down, watching the show.

After a long time, master ning felt that it was about time. He told the beasts who were seeking revenge to stop and then sent the reverent-God to see his ancestor.

After destroying the corpses and getting rid of all traces, the master of the ning family immediately led his men out of the endless ocean. The sea beasts also all dove back into the deep sea and hid.

When potian received the news that his subordinates had encountered a strong enemy, he quickly rushed to the endless sea. The surface of the endless sea had already returned to its calm. There was no one on the beach, and the aura of his subordinates had disappeared without a trace. He also had a bad premonition in his heart. Suddenly, a sea of fire ignited in his heart. His anger burned through the sky, and he vented all his anger on the sea. He kept throwing out his palms, Each palm was full of pressure and abundant divine power. In the blink of an eye, the surface of the endless sea was rolled up with monstrous waves, and many weak sea beasts were swept to the beach by the waves.

However, these sea beasts that had been brought up by the waves were so weak that they couldn't even speak. Potian couldn't get anything out of them. In a fit of anger! Potian killed all of them and destroyed more than half of the beach to vent his anger! Originally, he had planned to go to the bottom of the sea to find out more about the situation, but he was afraid that he would fall into the enemy's trap, so he could only give up!

Potian, who had rushed back to the land of evil demons, had been gloomy and silent since he returned! At this time, the dark-skinned man had also found out that his third brother and the others had all died. This fact made him angry and hateful!

He couldn't understand. Who had the strength to kill third brother and the others? In order to save the Wen family head as soon as possible, they had brought along the most powerful elites. Now, they had suffered heavy losses. How could he not feel heartache?

At this moment, he even hated the head of the Wen family. If it wasn't for the fact that he had to save him, how could the brothers who had followed him through life and death for so many years have fallen in the endless ocean? not even their corpses could be found. It was too hateful!

He had to avenge his dead brothers, so everyone in this house was dead!

At this moment, uncle long and the great elder in the main residence of the Leng family had already known about this. The great elder couldn't help sighing, ""Vent your anger! He was definitely taking his anger out on them! That old man was afraid that he couldn't defeat the great demon potian, so he could only vent his anger on the little minions around him! Hehe! He should be happy now!"

When the great elder said this, he was actually envious in his heart, because he also wanted to be like the ning family's old man and start a massacre on those people outside. Unfortunately, there was a heaven breaker outside, and they did not have enough confidence to defeat that old thing, so they did not dare to act rashly.

"Uncle long, potian has lost so many of his subordinates, and now he only has three people with him. Do you think we should take this opportunity to attack?" First elder suggested after some thought.

"Although there are only three people outside, there are two Hierarch experts. I can only hold potian back at most. We don't know the strength of the other Hierarch expert, so I really don't have enough confidence to defeat them. Moreover, so many of their people have died. If more helpers come here, we will be in a passive position." Uncle long said calmly.

In fact, there was another reason why he did not dare to leave the house. Xue 'er was in seclusion and none of them could control the defensive array. Once one of them left the house, it would definitely give the opponent an opportunity. Once a hole appeared in the array, it would be easier for the opponent to crack it. Therefore, he could not and did not dare to let the people in the house take the risk!

"Let's wait!" Uncle long glanced at the first elder, who had a conflicted look on his face, and consoled him. Why wouldn't he want to go out and have a good fight with his opponent? However, he couldn't let anyone out before he had absolute confidence.

"En!" The great elder nodded helplessly. He knew that uncle long was right!

"Help me thank the ning family's boy!" Uncle long suddenly changed the topic and went back to his room.

Just like that, the days continued.

Just as uncle long had expected, a few days later, many people came to the heaven crushing sect.

Looking through the light screen at the Black Mass of people's heads outside the house, first elder said with a headache, "How many people are there on the other side?"

"At least a hundred people! It seems that the death of potian's subordinates a few days ago has angered him, so I guess he has gathered all his men. However, the strength of these people is obviously much worse than those before!" Uncle long calmly analyzed. At this time, he received a voice transmission from the beasts in the endless sea, saying that someone had gone to the endless sea to cause trouble again. However, they were prepared this time, so the other party had returned without success.

After carefully warning the beasts in the endless sea to be more careful, uncle long temporarily put aside his attention on the endless sea. After all, the situation here was more critical!

Within the Dreamdust space, Leng ruoxue's situation was not looking good either.

Inside, she was trying her best to refine the origin of chaos. At this moment, her clothes had long been stained with blood, and her originally tender and white skin had tiny cracks and wrinkles. Her face was pale, and this was only her appearance.

The evildoer who had been watching her knew very well that Xue 'er's refinement had reached the most critical moment. The domineering origin of chaos had already manifested in her body.

Xue 'er's soul would definitely feel even worse!

But now, he could not help her! Xue 'er could only rely on herself.

Because this was a test from the origin of chaos!

In reality, it was just as the demon had predicted. At this moment, Leng ruoxue felt as though she was in a sea of fire. Her entire body was about to be roasted dry by the fire. Even though she did not know what was going on, there was a voice in her heart that kept telling her to persevere!

After the scorching heat, Leng ruoxue felt cold again!

It wasn't an ordinary cold, but a bone-chilling cold, the kind of cold that chilled the heart. It didn't take long for Leng ruoxue to realize that her soul was almost frozen.

At this time, her body also began to shiver, and her clothes were quickly soaked by the cold air!

After enduring the cold, dozens of bolts of lightning as thick as fingers struck her weak body ...

'Damn it!' What the hell is this! Leng ruoxue was so angry that she wanted to curse. However, in the end, she held it in. Her unyielding character made her want to compete with the lightning! After all, she was no stranger to lightning.

However, these lightning bolts seemed to be playing hide-and-seek with her. Every time Leng ruoxue wanted to challenge them, they would all hide. And when Leng ruoxue didn't want to bother with them, they would come out of nowhere to tease her ...

### [Chapter 1963 You Two Are Friends \(1\)](#)

Her beautiful eyes stared at the mischievous lightning without a change in expression. Leng ruoxue's heart was depressed for a moment!

In fact, she, who was in seclusion, had no idea what was going on.

In order to concentrate on her closed-door cultivation, she had sealed off all her senses. Therefore, other than occasionally using her divine sense to check on the situation within her body, it could be said that she was completely unaware of the movements of the wind and grass outside. However, just as she was trying her best to absorb spiritual energy and preparing to break through, she suddenly felt that the spiritual energy seemed to be somewhat lacking. Immediately after, a milky white ball ran into her body, and she immediately felt that the spiritual energy in her body was filled to the brim.

Even though Leng ruoxue was not sure what the milky-white ball was, it was a good thing that it could replenish her spiritual energy. However, after the milky-white ball had circulated a few times in her body, not only did it occupy her dantian, but it had also absorbed all the divine energy that she had painstakingly stored in her dantian. Leng ruoxue was instantly enraged! Was this thing here to help her or to rob her?

At the same time, there was a voice in the depths of her heart telling her that she had to defeat this milky-white ball.

Since she had to defeat it, Leng ruoxue naturally treated the mysterious ball as her enemy. It was also because of this that the battle between the human and the ball in her dantian began.

After a long while, just as Leng ruoxue felt the light of victory, the milky-white ball changed its playstyle. It was the same fire, ice, lightning, and so on that she felt now.

And now, Leng ruoxue was being toyed with by the lightning.

Those lightning bolts that were as thick as a finger were as cunning as slippery fish. You couldn't catch them, and when you didn't catch them, they would angrily sway in front of you. Leng ruoxue could even see the disdainful expressions in the lightning bolts. This fact made her feel extremely conflicted.

But very quickly, Leng ruoxue calmed down.

After she calmed down, she focused her astral body into her dantian and ignored the mischievous lightning. When the lightning saw this, it looked at each other as if it had a life of its own. Then, it started to circle around Leng ruoxue.

Actually, even though Leng ruoxue didn't pay any attention to them, she had been secretly using her divine sense to observe them. Hence, after seeing their reaction, Leng ruoxue was extremely puzzled.

Why didn't the lightning attack her like the Fire and Ice before? instead, it was like a naughty child playing with her. However, she was not in the mood to play hide-and-seek with them! She still had to defeat the ball that had somehow entered her body!

At the thought of this, Leng ruoxue's expression became even more unmoved, and she even ignored their teasing.

The lightning bolts circled around Leng ruoxue a few times, but when they realized that she had no reaction, they felt a little dejected. Some of the lightning bolts even dimmed down.

At this moment, Leng ruoxue seized the opportunity and attacked instantly!

In an instant, a white web of light enveloped the lightning around her. Leng ruoxue finally smiled when she saw this.

"You cunning little things, I've finally caught you." Leng ruoxue mumbled to herself. However, the lightning within the light net started to look down on her even more.

"Yo! You still dare to look down on me?" Leng ruoxue was exasperated. These lightning bolts were too vivid. It was as if they had a mind of their own. At the thought of this, she couldn't help but stretch out a slender finger and touch the light net. She gently poked at the lightning bolts' bodies and grabbed a small lightning bolt in her hand.

However, the lightning bolt that Leng ruoxue had caught was not afraid of her at all. In fact, it was rather calm and allowed her to do whatever she wanted. Seeing this, Leng ruoxue became even more puzzled.

However, she didn't have much time to think about it. The lightning that she had covered in the net of light disappeared mysteriously and was replaced by bursts of green whirlwinds!

There was a wind eye in each of the green whirlwinds. The whirlwinds were about half the height of a person, and they whistled from a distance. Around the whirlwinds, there were wind blades that flashed with a dazzling white light ...

Leng ruoxue's heart shuddered when she saw this!

Oh my God! What the hell is this?

Who could kindly tell her what was going on? She had only gone into seclusion, how did she draw out these things?

Leng ruoxue was extremely depressed. However, looking at the whirlwind that was right in front of her, she did not dare to let her guard down. Even though the lightning did not attack her earlier, she did not know if the wind would convulse.

Before the whirlwind arrived, Leng ruoxue had already made preparations to attack at any moment. However, to her surprise, the wind blades around the whirlwind did not charge towards her. Instead, the whirlwind surrounded her! Then, her body started to shake like leaves in the wind!

Damn it, was he trying to blow her away?

Leng ruoxue tried her best to control her balance. Immediately after, she made her move!

Two identical wind blades struck the center of the whirlwind. However, in the next second, Leng ruoxue's wind blades were absorbed by the whirlwind!

Seeing this, Leng ruoxue knew that using wind-type divine power to deal with these whirlwinds would not be very effective!

Then, fire, water, light, dark, earth, and all the other divine skills she had were thrown out by her. After the whirlwinds gently absorbed her divine skills, they disappeared.

Instantly, Leng ruoxue was dumbfounded!

What was the meaning of this? Were those whirlwinds here for a meal? Thinking back to her earlier performance, no matter how Leng ruoxue thought about it, she felt that she was just delivering food to those whirlwinds! However, it was a good thing that they had disappeared. Otherwise, he really did not know what to do with them!

But just as Leng ruoxue's mood was starting to relax, the yellow sand once again rushed towards her. This time, Leng ruoxue really wanted to curse!

However, the surging yellow sand did not give her the chance to curse. She was instantly drowned in it!

As for Leng ruoxue, she felt as though she was a lonely boat floating on the sea, drifting alone on the surface of the sea!

What Leng ruoxue's spirit was experiencing was a test from the origin of chaos. Some of them did not seem to cause any harm, but they were actually direct attacks on her spirit. However, Leng ruoxue's spirit was extremely strong. Hence, she did not have much of a reaction to those soul attacks. On the other hand, she felt endless pain from those attacks on her body! This was enough to show that her body was still very weak!

After a long time.

The trial of the origin of chaos had finally ended. At this moment, Leng ruoxue's spirit had returned to its previous stable state. However, her external body was suddenly enveloped by a cocoon of light ...

The evildoer who had been standing guard by Leng ruoxue's side was elated when he saw this. The nervous expression on his face had also completely relaxed.

Only the heavens knew how worried he was after everything that Xue 'er had just experienced. Especially when he saw the blood oozing out of Xue' er's body, his heart felt as if it was being twisted by a knife. If he could, he really wanted to take Xue 'er's place and bear all of this. Unfortunately, Xue' er could only bear this alone!

### [Chapter 1964 You Two Are Friends \(2\)](#)

But now that he saw this cocoon of light, he could finally put his heart at ease. This meant that the origin of chaos had acknowledged Xue 'er as its master, and at this time, the origin of chaos was helping Xue' er transform her body.

All he could do now was to wait patiently.

"I was right! Little master will definitely succeed!" Suddenly, a voice with a hint of laughter rang out in the quiet room.

When the demon heard this voice, he immediately glared at the person who spoke, "You still dare to say that? Do you know how dangerous it was just now?"

"Don't I have you? Don't tell me you're going to watch as something happens to my little master!" Huan Chen said. In fact, if it weren't for this demonic man, he wouldn't have dared to hand over the origin of chaos to his little master, but now it seemed that his decision was right. His little master's willpower was beyond anyone's reach!

"You ..." The evildoer was even angrier when he heard this. He could tell that this fellow had him in the palm of his hand. However, Huan Chen was right. He couldn't let anything happen to Xue 'er. However, there was a limit to what he could do to help Xue 'er. Xue 'er had to rely on herself!

"Calm down, isn't it the end of the suffering and the end of the joy? With the assistance of the primal Chaos source, master's future training will be very fast!" Huan Chen didn't want to be remembered by this demon, so he quickly calmed his anger. Otherwise, he wouldn't have a good life in the future!

"How's the baby?" Glaring at Huan Chen, the demon asked about the baby's condition.

"That little guy! He was still trying hard to gnaw on Jingshi! You don't know! As it gnawed on those crystals, its face revealed a pained expression, haha! That's so funny!" Huan Chen laughed as he spoke. Clearly, he was treating this as a joke!

"Aren't you afraid it'll come after you?" Hearing Huan Chen's gloating laughter, the demon indifferently warned.

"Uh! Of course I'm not!" Huan Chen was taken aback for a moment before he spoke. In fact, he was really a little ... Afraid! However, he couldn't say this out loud. Otherwise, this demonic man would definitely laugh at him!

"It's good that you're not afraid!" The demon said with a faint smile.

After he finished speaking, the evildoer focused his attention on Leng ruoxue and ignored Huan Chen.

Seeing this, Huan Chen could only leave the room. He didn't know that he had unintentionally offended two vengeful people! Therefore, he was destined to live a miserable life in the future!

After Huan Chen left, he went to see the baby as usual and left enough crystals for it. Under the baby's resentful eyes, he strode out of the room.

Three days later.

The light cocoon around Leng ruoxue's body was completely absorbed by her, and she finally woke up.

Leng ruoxue was extremely surprised when she felt the abundant amount of divine power in her body. She had actually broken through. Furthermore, her breakthrough this time seemed very easy and calm!

It was wrong! This advancement was very abnormal!

Leng RUO suddenly remembered that she was originally trying to break through the barrier to the next realm. However, she seemed to have been disturbed by a milky white ball that suddenly ran into her body. After that, she encountered a series of strange things. Following that, she felt as if she had

returned to her mother's embrace. That gentle and soft feeling was simply too wonderful, so wonderful that she didn't want to wake up at all ...

"Xue 'er!" Seeing that Leng ruoxue was in a daze, the demon walked to her side and naturally pulled her into his arms as he called out softly.

"Freak! "I ..." Leng ruoxue had a stomach full of question marks, but she did not know who to ask.

"You've already refined the origin of chaos, so it's time to let you know some things." The demon said with a serious expression.

"What is it?" Leng ruoxue asked nervously. Also, what was the origin of chaos? Seeing the serious expression on the handsome face of the evildoer, she actually felt a little scared.

"It's about your master, and it's about me!" The demon thought for a moment and looked at Leng ruoxue worriedly. He ... Did not know if Xue 'er would be angry!

"Oh!" Leng ruoxue nodded. Her reaction to the evildoer's words was very calm. In reality, she didn't know how to react because she was very clear that the evildoer was hiding something from her. However, what did her master's matter have to do with the evildoer? This was something she didn't understand!

"That's your reaction?" Hearing Leng ruoxue's "Oh", the demon was speechless. Xue 'er's reaction was a little too much. It was not what he was thinking!

"What else?" Leng ruoxue asked with an evil smile. Actually, she also felt that she had been too calm, but she had no choice. Ever since she met her senior brother, she had guessed that someone would tell her about her master sooner or later. Therefore, she had already prepared herself mentally. It was just that she didn't expect that the person who mentioned her master to her would actually be a demon.

"Alright! I'm making a fuss!" The demon said in a slightly aggrieved manner. He then called out to the void, "Si huanchen, Xue 'er has woken up. Hurry up and come out!"

"I'm coming!" Just as evildoer finished speaking, Huan Chen's snow-white figure appeared in the room.

"Master! Huanchen missed you so much!" After seeing Leng ruoxue, Huan Chen wanted to hug her again, but he was kicked away by the demon.

"You're so rough!" Huan Chen, who dodged the evildoer's chain kick, said with a look of disdain. Then, he looked at Leng ruoxue, then at the evildoer, and said with a smirk, ""Evildoer, I actually quite admire you. You can still hold on to master in her current state!"

At this moment, Leng ruoxue was covered in dirt. The blood on her clothes had long dried up and had turned into a dark purple lump that had solidified on her clothes. Not only that, there were also some dark gray stains on her exposed skin. In short, the current Leng ruoxue looked a little too horrible to look at.

After hearing Huan Chen's words, the demon didn't care at all. However, Leng ruoxue lowered her head and looked at her own body. Then, she let out an 'ah' and disappeared from her spot!

"You did it on purpose!" The demon calmly stated this fact.

"So what if I am? I'm doing this for your benefit!" Huan Chen laughed, unafraid of death.

"I will remember your good intentions today! I'll definitely repay you if I have the chance. " The demon laughed nonchalantly. At this moment, there were no signs of anger in him. However, Huan Chen knew very well that this fellow held a grudge!

"There's no need to repay me!" Huan Chen's heart trembled. After which, he said with a mischievous smile.

"I must repay you!" The demon was very stubborn.

At this moment, Leng ruoxue reappeared in the room, refreshed. After washing up, she was in a very good mood. Furthermore, she was surprised to find that after her inexplicable breakthrough, her physical condition had improved. Her skin was also more moist and crystal clear!

Although her skin used to be as tender as cream and could be broken by a breath, it now seemed to be more crystal clear and unbelievably tender. It was as if water would come out with a touch. At this moment, she was like a person carved out of the most perfect crystal, making people unable to take their eyes off her!

### [Chapter 1965 You're Friends \(3\)](#)

"What do you want me to repay?" Leng ruoxue, who happened to hear these words when they returned to the room, asked curiously.

"To repay his kindness, Xue 'er, let this guy tell you about your master!" The evildoer said with a gentle smile.

"Uh! You know my master?" Hearing the demon's words, Leng ruoxue was even more curious. It seemed like there was more than one person who knew her master!

"Of course I do!" Huan Chen's cheeky smile disappeared and he said seriously.

"Then can you tell me?" Leng ruoxue looked at Huan Chen with anticipation.

"Master, don't worry, I'll tell you!" Huan Chen promised. Then, he took out a transparent crystal from somewhere and handed it to Leng ruoxue.

Leng ruoxue received the crystal with a face full of question marks. Then, she looked at illusion dust, not understanding what was going on.

At this moment, the transparent crystal in Leng ruoxue's hand suddenly burst out with a strong light. Following that, an illusionary figure appeared in front of the three of them with a smile.

"Master!" Leng ruoxue's beautiful eyes were filled with tears as she stared at the not-so-solid figure and called out softly. That figure was none other than her incomparably handsome and Noble master, Yu!

"Master, I finally have the chance to see you again!" Huan Chen's eyes were filled with tears as he looked at Yu with excitement.

Hearing Huan Chen's words, Leng ruoxue turned to look at him. Her heart was filled with question marks. She knew that the master that Huan Chen was referring to was definitely his previous master.

However, wasn't his previous master the God Lord who had already fallen from the God World? Why did he call his master 'master'?

At this moment, Leng ruoxue had yet to make the connection between her master and the owner of fantasy dust. Hence, her beautiful face was filled with confusion.

"Xue 'er, I'm both your master and the previous owner of Dreamdust. You should be able to guess my identity by now!" Yu smiled. The first time he saw Leng ruoxue, she was still a little child. Now that he saw her growing up, he was very pleased!

"You ... You're a Divine Master?" Leng ruoxue was a little dumbfounded. She had never thought that her master would be a Divine Master. Even though Qing Jue had always told her how powerful her master was, she had never thought of it in that way.

"Yes, but I've already fallen. The me you see now is just a trace of consciousness I left behind." Yu said with a faint smile. He then continued, "Xue 'er, you've already refined the origin of chaos. From now on, the divine world is in your hands!"

"I don't want to! The divine realm is master 's, don't even think about escaping responsibility, I won't carry this huge burden for you!" When Leng ruoxue heard her Master's words, she immediately objected vehemently. Even though she wasn't sure what the origin of chaos was and what it had to do with the God World, she didn't want to accept her Master's words, even though the truth was that her master had already passed away! But she just didn't want to accept it!

"Xue 'er, silly girl. Since you became my disciple and the master of the universal bracelet, everything was already destined. Moreover, you are the master recognized by the origin of chaos, so everything in the divine world is naturally related to you. You can't get rid of it!" Yu sighed.

,m "The one who wants to get rid of all this is master, not me!" Leng ruoxue said, a little upset. As long as she thought about how her master was here to say his last words, her heart would feel as if it was being cut by a knife. Although she had not spent much time with this cheap master, her master had loved her like a daughter. So, she was not willing to see her master disappear forever!

"Silly girl, master has already fallen long ago. Of master's three disciples, only you have the chaotic body, so master can only place this heavy burden on you. I hope you don't disappoint master!" Yu said in a heavy tone.

"Master!" Hearing her master say this, Leng ruoxue didn't know how to rebut. More importantly, she was afraid that her master would be sad, but she didn't want her master to disappear forever!

"Little girl, you won't let master down, right?" Yu saw Leng ruoxue's dilemma and pressed on while the iron was hot.

"Of course, I don't want to disappoint master. However, the divine world already has a Divine Master. Thus, I don't need to worry about it. Right now, I only want to know how to save master!" Leng ruoxue said after some thought.

As far as she knew, the current Divine Master of the divine world was her master's younger sister. Therefore, she couldn't understand why her master would say such things since the divine world was

managed by someone. Could it be that they were siblings who didn't get along? Leng ruoxue made wild guesses.

In reality, she could tell a thing or two from Huan Chen's attitude towards the Divine Master. However, at that time, she had not known that her master was the previous Divine Master of the divine world, so she naturally did not care about her master's feelings and could make wild guesses. But now, she did not want to think that way!

"Xue 'er!" Leng ruoxue's words made Yu's heart soften. He then said, "Only those who have been acknowledged by the origin of chaos and possess the universal bracelet can become the true master of the divine world. Wu Ling doesn't have the chaotic body, so she can't become the true master of the divine world. Only you are qualified!"

"But ..." Leng ruoxue was a little hesitant. Actually, she wanted to ask, "the current God master of the God World is your sister. If I accept master's dying wish, wouldn't I become that woman's enemy?" Although the two of them already had some conflicts, it was not to the point where they would fight to the death! More importantly, if she didn't know the relationship between that woman and her master, she wouldn't have any pressure dealing with her. But now, she was a little conflicted!

"Xue 'er, you don't have to worry about the Miwu miasma. She's not the rightful Divine Master, and the rules of heaven and earth won't acknowledge her. Furthermore ..." Yu could see the doubt in Leng ruoxue's heart and explained. However, he did not finish his sentence. As for the other things, he would let others tell Xue 'er! He found it hard to say! The timing he had arranged had not really come. In fact, he had appeared a little too early.

Seeing that her master seemed to be hiding something, Leng ruoxue was understanding and did not continue the topic. She changed the topic and said, "Master, is there any way to save you? Tell me!"

"There is no other way! Xue 'er, master's soul has already dispersed and disappeared from this world a long time ago. However, master is quite gratified to see your growth now. The only pity is that master won't be able to see you become a true expert, but master believes that you won't let master down. Master will give you his blessings!" Yu said with a smile. Then, he turned to look at the evildoer and said, "You have to treat my disciple well. You're not allowed to bully her!"

"Hmph! I don't need you to say that!" The demon said in a bad mood when he heard Yu's words.

"Of course I have to say it. I'm Xue 'er's master. However, now that you've become my disciple's man, shouldn't you also call me master? Come, let's hear you call me master?" Yu laughed evilly, his face full of pride after taking advantage of her.

"Keep daydreaming!" The demon rolled his eyes and said in an angry tone.

When Leng ruoxue saw this, she widened her eyes in disbelief. What was going on? Did she hear it wrong? Master seemed to be taking advantage of the demon? At this moment, even if she was slow to react, she could tell that the two of them were old acquaintances! However, now was not the time to ask about this.

Yu Yiran's smile was gentle when he heard the demon's words. However, he turned to Leng ruoxue and said, "Xue'er! This guy is too disrespectful to your master. Why don't we change to another one? There were so many good men! Let's have another good fight!"

"Uh!" Her Master's words made Leng ruoxue break out in cold sweat. She thought to herself, "master, you're so bold!" You dare to say this, but I don't dare to be your disciple! If she dared to have such a thought, the demon would definitely kill her! Of course, he wasn't going to kill her! Therefore, for the safety of all the men in the world, she must be firm in her heart. In this life, in the next life, in all lives, she would not want anyone else except for the evildoer!

And, master! Other than leaving your last words, shouldn't you also answer your doubts? To this day, she still did not know what the origin of chaos was! There were still many things that her master did not explain clearly, so she was still confused!

However, the evildoer's sinister gaze made Leng ruoxue swallow all her questions. She would ask Huan Chen when she had the chance! Since his master was his previous master, he must know everything about his master. Qing Jue should know as well, even though he had not fully recovered his memory.

And now, the air pressure in the room was extremely low. The cold wind was blowing, causing Leng ruoxue to involuntarily distance herself from the center of the storm. Retreating with her was the equally frightened Huan Chen.

Leng ruoxue did not know how to describe the scene as she looked at the demon and her master who were in a confrontation. Even though her master was just a strand of consciousness, the pressure from her master was still very strong. What was even rarer was that the demon's aura was not any weaker than her master's. At this moment, she was curious about the demon's identity!

However, no one was willing to answer her question now.

Just like that, evildoer and Imperial exchanged glances with each other. The crackling of electricity seemed to flash between the two of them, neither of them was willing to admit defeat first!

After a long time.

The two of them suddenly looked at each other and smiled. Then, they hugged each other!

"Uh!" This dramatic scene made Leng ruoxue dumbfounded once again. What was going on? Leng ruoxue felt that this was the sentence that she had been saying the most in her heart today.

"You guys are friends?" Leng ruoxue held it in and finally asked the question in her heart.

#### [Chapter 1966 The Identity Of A Monster \(1\)](#)

"Who's friends with him?!" Upon hearing this, the two of them who were originally hugging each other immediately jumped away reflexively. The evildoer even said directly without holding back.

"Yes, we are not friends, we are enemies!" Yu said with a smile.

"Uh! The relationship between you two is really strange!" Their conversation left Leng ruoxue at a loss for words. Enemy? Did they look like one? He didn't see it anyway!

"It's not strange at all, we just hate each other!" The evildoer said hurriedly. Then, he walked to Leng ruoxue's side and pulled her into his arms. He hugged her tightly as if he was afraid that someone would snatch her away.

Leng ruoxue didn't know whether to laugh or cry at the evildoer's childish behavior! Yu's eyes were wide open. Was this the guy he knew? His disciple was still the most charming! Yu couldn't help but think to himself.

At the thought of this, Yu smiled at Leng ruoxue and said, ""Xue 'er, come to master, master has a few secrets to tell you!"

"What?" Leng ruoxue looked at Yu in surprise, then at the displeased evildoer. She did not make a move immediately. When Yu saw this, he was greatly disappointed and shouted exaggeratedly, ""It's really true that a grown woman can't be kept at home! His Master's words were not as useful as a look from this brat! Ai! I'm sad!"

"Stop acting! Xue 'er, you go! That guy's mouth can't spit out ivory, you can just listen! You don't have to take it to heart. " The evildoer retaliated. Then, he unwillingly let go of Leng ruoxue's hand.

Leng ruoxue looked at the evildoer and smiled. Then, she walked to Yu and asked, ""Master, what do you have to tell me?"

"Ai! Xue 'er! I didn't expect you to be taken so soon. I originally wanted to keep the good stuff in the field of others! But now, it seems that we can't keep him here!" Yu looked at Leng ruoxue and sighed.

When Leng ruoxue heard this, her forehead was filled with black lines. She said, ""Master, is this the secret you wanted to tell me?"

"Of course not, I just said it out of my own feelings!" "Xue 'er, I know that you're under a lot of pressure when I hand the divine realm over to you. However, I can't find anyone else more suitable than you. So, please forgive my selfishness!" As for Wu Jing, if she ... You don't have to worry too much about her, just do what you need to do. No matter what you do, I will always support you!"

"And that guy, he will definitely help you. With him by your side, master will be more assured. Although we have been at odds with each other since the day I met him, master knows that he is the person most worthy of master's trust. However, you can't tell him this, otherwise, he will be proud!" Yu continued.

"Xue 'er, master is very happy to see your cultivation. Master is also very proud to have such an excellent disciple like you. Originally, I wanted to tell you more things, but there are some things that I can't say in front of you. The two of them will tell you everything!" Yu still couldn't say it.

"As for my other two disciples and those subordinates who were once loyal to me, if you have the chance, you must find a way to contact them. In fact, I know very well that after my death, their days will definitely not be good. "Xue 'er, I'll leave everything to you. I'm a useless master and a lousy Divine Master. I hope you can do better than master! Master will bless you forever!" Yu Yan continued to speak with his senses, his clear black eyes welling up with tears. However, he resisted the urge to let the water fall.

"Master, I've already seen eldest senior brother, but there's still no news of second senior brother! Eldest senior brother has already gone to look for him!" When Leng ruoxue heard this, she hurriedly said.

"That's good! That's good!" Yu Lian said. In truth, he felt a lot of guilt towards his own disciples and subordinates. Unfortunately, he couldn't help them at all right now. He could only count on Xue 'er. Although this was a little irresponsible, he had no other choice!

"Xue 'er, it's about time. Master should leave!" Yu finally said after staring at Xue 'er for a long time.

"Master!" When Leng ruoxue heard Yu's words, tears immediately welled up in her beautiful eyes. She had heard these familiar words a few years ago, but now, she was going to experience the life and death separation with her master again. Her heart was in extreme pain!

Soon after, Leng ruoxue watched as Yu's figure slowly disappeared from the three of them. After Yu had completely disappeared, tears began to stream down her face.

"Xue 'er, don't be sad. He died many years ago, and what you're seeing now is just a wisp of his consciousness left behind! It can't be considered him!" The evildoer pulled Leng ruoxue into his embrace and consoled her with heartache. However, in his heart, he could not help but curse her to death! Damn bastard, making Xue 'er sad again! Hmph! If that guy hadn't disappeared long ago, he definitely wouldn't have let that annoying man go!

"I know!" Leng ruoxue stopped her tears and sobbed. Then, she turned to Huan Chen and asked, "Huanchen, you should know what happened back then!"

When Huan Chen heard Leng ruoxue's words, he glanced at the evildoer before nodding his head, "Mm! However, I only know a part of it. As for what the old master has planned, I'm not very sure!"

"Then tell me what you know first!" Leng ruoxue ordered.

"Alright! It all started from hundreds of thousands of years ago. At that time, the divine world was extremely beautiful and the spiritual Qi was abundant. It was incomparable to what it was now. Moreover, although the human race and the Beast race were not very harmonious at that time, the relationship between the two races was definitely much stronger than it was now. Unfortunately, later on, the old master's younger sister, Wu Yan, became ambitious and wanted to replace the old master. Therefore, she contacted many traitors among the old master's subordinates and set up a plan tens of thousands of years later. Finally, they took advantage of the old master's seclusion to launch a rebellion. In the end, the old master fell at their hands!" Huan Chen said with a sorrowful expression.

"Isn't master a Divine Master? How could he have died so easily? And where were master's subordinates and two senior brothers at that time? Could it be that they are just going to watch as something happens to master?" From Huan Chen's words, Leng ruoxue could tell that there were many loopholes. Hence, she could not help but ask.

"The old master was injured at that time and had been in seclusion the entire time. As for his two disciples and subordinates, they were all defeated one by one, so they had no way of rescuing the old master. In that turmoil hundreds of thousands of years ago, many humans and magical beasts betrayed the human race, and almost all of those races had a secret relationship with the old master. After that,

the subordinates who were loyal to the old master either died or were sealed. In short, it was a tragic event!" Huan Chen said as he recalled. A pained expression gradually appeared on his face.

### [Chapter 1967 The Identity Of A Monster \(2\)](#)

"How did master get injured? Could it be that master didn't have any premonition before the rebellion?" Leng ruoxue continued to ask. Her master was a God master, and everything in the God World should be within her control. How could such a thing happen? She really could not understand!

"The old master was injured because ..." Huan Chen glanced at the demon and did not continue.

At this moment, the demon continued, "that guy was injured because we had a competition just now. At that time, we were all injured and in seclusion. However, when I found out about this, the dust had already settled in the divine world! That woman also calls herself the master of the divine realm!"

"However, with our injuries at the time, dealing with a few rebellions was not a problem at all. And the reason why we would ... It was all because of that damned woman!" Then, the demon gritted his teeth and said.

After hearing the demon's words, Dreamdust fell silent!

"What's going on? Can't you guys explain it clearly?" Leng ruoxue asked anxiously as she felt that something was amiss.

"The reason why the mist ripple was successful was because the old master treated her as his own sister." After a long while, Huan Chen said.

"Uh! What was the meaning of this? Could it be that Wu Xuan isn't master's biological younger sister?" Leng ruoxue was confused!

"Of course not! That woman is a thief. How could she be Yu's sister?" The demon said hurriedly.

"Can you make yourselves clear?" Leng ruoxue was very anxious. Why did it take so much effort for these two men to talk?

"Xue 'er, before the creation of the heaven and earth, the world was in chaos. Yu and I were both born from chaos. However, we were born from different sources of chaos. The source of chaos that gave birth to me contained the element of darkness. Therefore, my body was mainly filled with dark energy. As for Yu, the source of chaos that gave birth to him was mainly filled with the element of light. He is the master of the divine realm, while I am the master of the nine nether nether nether prison. The world calls me the Dark Lord! He was in charge of the living, while I was in charge of the souls. As such, although our identities seemed to be opposing, we were inseparable. However, in the eyes of the world, we were enemies! But in reality, we really can't be considered, and we're not friends!" The demon finally opened his mouth to explain. This was also the first time he had revealed his identity to Xue 'er. When Leng ruoxue heard this, she widened her eyes as he had wished. Her beautiful face was filled with disbelief!

The evildoer's identity was too unexpected. Leng ruoxue couldn't help but sigh. Originally, she had guessed that the evildoer might be master's subordinate! Moreover, she was both a friend and a master. Now that he thought about it, it was a good thing she didn't say her guess. Otherwise, the

demon would be furious! What was even more unexpected to her was that the origin of chaos was actually the 'mother' of the evildoers and her master. No wonder they regarded the origin of chaos as so important.

Seeing Leng ruoxue's shock, the demon continued, ""Although we never acknowledged each other as our friends, at that time, the person we trusted the most was her. As for that woman, Yu did love her a lot and treated her as his only family, but unfortunately, that woman was an ingrate! When she was pregnant, she stole that idiot Yu's energy. In the end, Yu died in the hands of that woman! You're really not just stupid!" When the evildoer said this, his face was filled with an expression of gritting his teeth.

However, Leng ruoxue clearly didn't understand the demon's words. What did he mean by stealing master's energy? Could energy be stolen?

Seeing Leng ruoxue's confusion, the demon continued to explain, ""Xue 'er, although that idiot and I are both born from chaos, we are independent and opposing individuals. Therefore, we can only live in two different worlds."

"When I was just born, I was cold and liked to be alone. I didn't care if there was anyone by my side. That guy couldn't stand loneliness. At that time, a seed from nowhere took root beside Yu and stole his energy to grow. Yu should've killed the seed, but he was too soft-hearted and left this disaster behind. That seed is the current Wu Yan, so the two of them call each other brother and sister. However, that idiot regarded Wu Yan as her only family member, but Wu Yan only thought that Yu was her biggest obstacle to her domination of the divine world. After many years of planning, she finally succeeded!"

"Actually, I've warned him many times to be careful of that woman, Wu Yan. Unfortunately, he turned a deaf ear to all of it and died in the hands of that woman in the end!" The demon's face was filled with an expression of disappointment!

"The old master is just too sentimental!" When Huan Chen heard the evildoer's words, he couldn't help but defend Yu. Although he sometimes hated that woman for not knowing what was good for her, he never thought that this was his master's fault!

"My ass! That woman was a thief. To be so devoted to a thief who had stolen her things was not foolish, but stupid! Otherwise, how could he have died in the hands of that woman? If he had hardened his heart and killed that woman earlier, how could all this have happened?" Huan Chen's words caused a huge reaction from the demon. He had been holding back for many years because of this, but he had never had the chance to vent!

"Xue 'er, there's one more thing that I have to let you know. In fact, after the rebellion, that idiot had a chance to kill the thief. Although he was injured at the time, it was not a problem for him to deal with that woman. Unfortunately, he couldn't do it, so he died in the hands of that woman! The reason why he didn't dare to tell you these things just now wasn't because he didn't want to, but because he was too embarrassed to say it! However, even though he couldn't bear to kill that woman, he gave this mission to you!" The demon said angrily.

"The old master is just too sentimental!" Huan Chen explained in a low voice.

"Yup! He valued relationships, he valued that b\*tch's relationship, he treated that thief as his own family, but in the end, he caused his own disciple and subordinates to be played in the palm of that

woman's hand, their life and death unknown! Is this what you call being sentimental?" Huan Chen's words caused the demon to roar at the top of his lungs.

When Leng ruoxue saw how agitated the evildoer was, she didn't know how to console him. She knew very well that the evildoer was infuriated by her master's avoidance! Although she was a little angry with her master after hearing this, she was still her master after all. She really couldn't say anything.

After Huan Chen heard this, he fell silent.

Although the old master had done something wrong in some areas, after the incident, he had done his best to arrange a way out for his disciples and subordinates. As a result, the old master's old subordinates who had fallen into the hands of the fog ripple were not many, and those people were all quite stubborn, those who wanted to die with the old master!

### [Chapter 1968 The Identity Of A Monster \(3\)](#)

If there were any, they would be sealed beasts!

p Seeing that the atmosphere had suddenly turned heavy, Leng ruoxue could only take the initiative to ask,""Freak, then why are you on the edge wind continent?" Actually, what she wanted to ask was, why did the evildoer appear by her side? was this also master's arrangement?

"I was entrusted by that idiot to protect his future disciple! Although that idiot was a good person, he had given up everything to pry into the secrets of heaven after the incident. He knew that this was a great calamity that was unavoidable. At the same time, he knew that the future of the divine world would depend on his unborn disciple. Therefore, he came to the netherworld realm with a wisp of his consciousness and begged me to protect his disciple. What's more, he only told me that his disciple would be born in the Leng family of the caltrop continent, but he didn't tell me which generation it would be. Thus, I could only reincarnate again and again, just to find his disciple who had yet to be born!" At this point, his devilishly handsome face couldn't help but reveal a bitter expression. In order to find Xue 'er, he had really spent a lot of time and effort. Fortunately, he had finally found her!

"Uh! Reincarnated again and again? Then how many reincarnations have you reincarnated?" Leng ruoxue was speechless. Wasn't this the Mistress of the Dark World? He was in charge of the world's powerful soul, so why did he need to reincarnate continuously to find someone?

"I can't remember. When I first met your ancestor, he was just a little kid in open-crotch pants! After that, I gave the universal bracelet to him and had him pass it on from generation to generation. However, after so many years, there was still no one in the Leng family who had the chaotic body and could make the universal bracelet recognize him as its master. Thus, I could only continue to reincarnate and look for him. " The demon smiled faintly.

"Uh! You've worked hard!" After hearing the demon's words, Leng ruoxue's forehead was covered with cold sweat. She didn't expect the demon to have seen the Leng family's ancestor in open-crotch pants. No wonder he always smiled so strangely when he saw the ancestor.

"It's not hard at all. It's worth it to be able to find the woman I love!" The demon said with a proud smile.

"But there's something I don't understand. You're not the Mistress of the Dark World, so why do you have to reincarnate again and again to find someone?" His devilish and sensitive words made Leng ruoxue feel a little embarrassed. Her beautiful face flushed red, so she had no choice but to change the topic.

"I can't go to the lower realms as I please. The laws of heaven and earth are afraid that the lower realms won't be able to withstand my dark power and will be destroyed, so they restrict my freedom. I can only use the method of reincarnation!" The demon said. Then, his expression suddenly changed and he started complaining, "Xue 'er, the heavens are really unfair. Why does that idiot have the right to go wherever he wants? And I can only stay in the nine nether nether prison? If he wanted to go to other places to play, not only were there many restrictions, but he couldn't enjoy himself to his heart's content? That damn law of heaven and earth is even staring at me as if it's afraid that I'll destroy the whole world. In fact, I'm not that violent! Tell me, isn't the heavens being unfair to me?" The demon's clear black eyes were like a puppy's as he stared at Leng ruoxue with anticipation.

"Yes, the heavens are so unfair to you. How can you be so right? You're too much!" When Leng ruoxue saw his demonic and adorable expression, she immediately felt indignant.

"It is! In order to find you, I've suffered a lot. So, you have to compensate me! You're only allowed to love me in the future!" The demon took the opportunity to raise his conditions, and a hint of slyness quickly flashed in the depths of his eyes.

"Uh! You're the only one I've ever loved!" Leng ruoxue said helplessly. Then, she asked curiously, "Since you're the Mistress of the Dark World, why would a Marquis of the Ling wind continent be bullied by the ye family?"

"I didn't have my original memory when I was born. Later, mu li found me and I recovered my memory. From then on, I was the one who bullied them!" The demon said honestly.

"So that's how it is! You've really suffered!" The evildoer's words made Leng ruoxue's heart ache. Even though the evildoer did not tell her in detail about the circumstances of each reincarnation, she was very clear that those were definitely not good memories. All of this was for her!

"So, you have to compensate me well! Xue 'er, Did you know? When I first saw you on the prismatic wind continent, I couldn't take my eyes off you. At that time, I had already recovered all my memories, so I was in disbelief. Although I don't really like women, I've seen many beautiful women, but none of them could move my heart. But the first time I saw you, I knew I wanted you!"

"Later on, I found out that you were the owner of the universal bracelet and the person I was looking for. My thoughts became even stronger. I even thought that this might be the main reason why that idiot asked me to protect you. Now that I think about it, it seems very possible!" The demon guessed. After all, that guy had peeked into the heavenly secret! However, now that he knew that everything might be within that Idiot's calculations, he could only willingly jump into the well!

"First time seeing me? Was it when we were in the psychedelic forest?" When Leng ruoxue heard the evildoer's words, she suddenly wanted to know when the evildoer had fallen for her. Perhaps, this was something every woman wanted to know!

"No! Even earlier than that!" The demon suddenly said in a mysterious tone.

"Uh! How come I didn't know about it?" Leng ruoxue's face was filled with question marks. She remembered very clearly that the psychedelic forest was the first time she had met the demon.

"At that time, we didn't really meet, and I only caught a glimpse of you!" The evildoer said with a smile. His thoughts couldn't help but go back to that moment. At that time, Xue 'er was like a curious baby. She was very curious about everything in the Big Dipper wind continent, and his eyes couldn't help but follow her!

"Then, when exactly is it?" Leng ruoxue was very stubborn and wanted to ask for the exact time.

"Do you still remember the first time you left the general's mansion, went for a walk on the street, and bought a baby back? At that time, I was in a private room of a restaurant and happened to see you. " The demon laughed, his eyes filled with deep affection!

Hearing the demon's words, Leng ruoxue finally remembered. No wonder she felt that someone was watching her in the dark. Now, it seemed like it was the demon!

"Freak! Although you were initially entrusted by master to look for me with such difficulty, I still have to thank you! Thank you for everything you've done for me!" After thinking about it, Leng ruoxue started to get emotional!

"Silly girl, even though I'm being entrusted by someone, if the person I'm looking for isn't you, I won't be by that person's side all day long. At most, when he's in danger, I'll help him and ensure that he grows up safely. So, everything I'm doing now is of my own free will. It has nothing to do with other people's trust. I hope you can understand!" The demon said very seriously. He didn't want Xue 'er to think that he was only good to her because of her stupid master!

"I understand!" Leng ruoxue laughed as she took the initiative to hug the demon!

Now that she knew the identity of the demon and knew about her master, she felt that she had to work harder in her cultivation and strive to avenge her master as soon as possible! Although her master could let go of her 'sister', who she regarded as family, she would not allow anyone to live well after betraying her master. Therefore, she would never let that woman go. In fact, she was very clear that if that woman knew her identity and that she had the cosmic bangle and the origin of chaos, she would never let her go! Therefore, the most important thing for her now was to improve her strength and cultivate her own force!

After all, that woman was now a Divine Master and had been in the divine world for many years. Her power was unfathomable. So, Leng ruoxue knew that if she wanted to deal with that woman, she still had a lot to work on. She had already met her two senior brothers, Bing Yao. As long as the other one was still alive, she would definitely find him.

As for her master's former subordinates, she could only decide based on the situation. After all, she did not know much about those people's situation. However, as long as they did not betray her master, she would definitely not treat them badly!

At the thought of this, Leng ruoxue once again turned her gaze to Huan Chen. As an Artifact Spirit that had always followed by her master's side, Huan Chen's understanding of her master's subordinates was definitely much better than hers and the demon 's. Hence, he was the most suitable person to ask!

"Dreamdust! Tell me about master's subordinates! I want to know more about their situation!" Leng ruoxue asked with a smile.

"Alright!" Seeing that his little master had finally thought of him, Huan Chen was very pleased. When he saw her being so sweet with the devilish man, he thought that he would be forgotten! In fact, he was a little dissatisfied that the two of them had changed the topic as they talked. However, he was relieved to see that his little master was not charmed by the beauty!

Then, Huan Chen seemed to have returned to the peaceful and beautiful divine realm hundreds of thousands of years ago. He slowly recalled, "When the old master was the master of the Divine Master, he had many followers. Whether it was the human race or the beast race, there were many experts who were loyal to him. At that time, the beast God was the leader of the beast race, and most of the beast races, including the four King divine beast races, were loyal to the old master!"

### [Chapter 1969 You'll Get Used To It \(1\)](#)

"However, not all of the beasts are loyal. Some of them have been bribed by the mist to become her lackeys! It's precisely because they're disloyal that many beasts are caught off guard and fall for their tricks. "

"Those magical beasts who were loyal to the old master have either died or been sealed. The current magical beasts are not as powerful as before! However, the strange thing is that many of the rebellious beasts are not completely under the control of the fog. Sometimes, the fog can't even command them. I don't know what's going on!" As he spoke, Huan Chen also felt strange.

"Isn't that obvious? The betraying beasts were ambitious. They would betray their own race for power and status, and fog Ripple's power was obtained through improper means. They would naturally not be convinced by fog ripple, so they should only be in a cooperative relationship! And not a subordinate!" Leng ruoxue said after hearing Huan Chen's words.

"Xue 'er's guess is right. No one is willing to be under someone else's control. The rime ice can't suppress them at all. After all, they all know that the rime ice can't really control the divine world. Naturally, there's no need for them to listen to that woman's words. However, on the surface, they seem to have a close relationship. However, as far as I know, there seem to be some disharmonious voices among the beast clans, especially the four great king divine beast clans that used to be quite close. You should have seen it at the last elite gathering! They don't even care about each other, so their relationship has obviously deteriorated!" The demon laughed.

"Well, I just don't know how far their relationship has gone." Leng ruoxue was curious as well. Previously, she had wanted to get closer to the Qilin clan. However, there wasn't a suitable opportunity to do so, so she just let it be. Now, it seemed that if there was really a conflict between these beasts, she could make good use of it!

"There's no rush in the matter of the beast race. It's not easy for fog to make them truly useful to us. The most important thing now is to find out the whereabouts of those stupid subordinates and what they are thinking now!" The demon said after thinking for a while.

"Some of the old master's subordinates are still in the hands of the fog. I'm not very clear about the whereabouts of the others. However, there are definitely people from the fog in the eight great divine regions. Therefore, shouldn't we eliminate the claws and fangs of the fog first?" Huan Chen suggested.

There's no hurry to kill those dogs. I'm quite curious that you don't know the whereabouts of that stupid subordinate?" Hearing Huan Chen's words, the evildoer asked in surprise. He thought that the idiot would explain his funeral! He didn't expect that Huan Chen, the artifact Spirit who had always followed that idiot, also had many things he didn't know!

"I don't know!" Huan Chen said with certainty. He only knew that a portion of the people were in the hands of the mist. As for the whereabouts of those who had escaped, the old master had not told him. It was probably to protect those people!

In reality, Yu had indeed made arrangements for the whereabouts of most of his subordinates. However, it wasn't the time for them to meet Xue 'er. He shouldn't have appeared at this time, but he didn't expect Huan Chen to meet Xue' er and recognize her as his master so early! Hence, his arrangements were disrupted!

Originally, he had already sealed everything that happened in the past in the heaven-defying incantation. As long as Xue 'er cultivated to the ninth level of the heaven-defying incantation, she would know everything.

According to his plan, the elite competition would be about to begin by then. Huan Chen would naturally meet Xue 'er and recognize her as his master. By then, Xue' er's strength should have been almost at reverent-god level. After knowing everything, Xue 'er would be able to do more with less effort.

He had also planned to show up at that time, but he did not expect the elite competition to be brought forward. Huan Chen and Xue 'er had met earlier, and he had also appeared in front of Xue' er earlier.

At this moment, Xue 'er did not know everything. He could not say it in front of her, so he kept his mouth shut. He knew that even if he did not say anything, Huan Chen and the demon would tell her something. More importantly, Xue' er would know more details when she reached the ninth level of the heaven-defying art. However, he would probably not have the chance to appear again at that time!

As for whether his former subordinates would be as loyal to him as they were to him, it would depend on Xue 'er's ability. After all, he had promised his subordinates that he would not force them to do anything! Naturally, he would not force them to acknowledge Xue 'er as their master! However, he had no intention of telling Leng ruoxue about these things. This could be considered a test for his own disciple!

At this moment, Leng ruoxue naturally didn't know that when her master gave her the opportunity to contact his former subordinates, he had left her with a difficult problem. However, even if she knew, she wouldn't have much of a reaction. After all, if she was in her master's position, she would probably consider the same thing! One must know that if she didn't have any ability, even if her master had made arrangements for her, she would not be able to avenge her master!

More importantly, she wasn't someone who only knew how to get what she wanted. Therefore, no matter what she did, she liked to achieve her goals with her own efforts! Avenging his master was no exception!

"What about the dark night race?" Leng ruoxue thought for a moment before suddenly asking.

"They can't be considered old master's subordinates! In the past, the dark night race was famous for their arrogance in the divine world. They didn't want to recognize anyone as their master, even if the other party was the Divine Master. However, their race had a close relationship with their old master and had received his grace before. Thus, they respected him very much, but they didn't truly recognize him as their master! Fog ripple had also thought of targeting them. After all, the battle strength of the dark night race was obvious to all in the immortal realm! But how could the dark night race take a fancy to Wu Cheng? those guys have very high standards!" Huan Chen said with a hint of gloating.

"So, most of the night race has been sealed?" Even though she had never asked an you, she could guess that the seal on the night race had something to do with fog.

"Well, it's not strange that they were sealed. Fog ice has taken extreme measures against people or beasts who are not used by it. This is also her usual method!" Huan Chen said.

Leng ruoxue nodded slightly and didn't continue on this topic. After all, it was a little too early to talk about this. Huan Chen wasn't too sure about the whereabouts of her master's subordinates. Furthermore, she couldn't do everything in one go. If she wanted to avenge her master, she had to consider her own strength. The most important thing now was to work hard to improve her strength and cultivate her own forces. Of course, allies were also very important!

#### [Chapter 1970 You'll Get Used To It \(2\)](#)

At the thought of this, Leng ruoxue added, "huanchen, let's discuss this later!" I'll go out and break through first!"

With that, Leng ruoxue pulled the evildoer along and left the Dreamdust space.

The two of them went straight into the bracelet.

At that moment, green vessel, who was standing in front of the light screen with a long face and did not know what to do, immediately appeared in front of Leng ruoxue when he felt the strangeness of the bracelet. He threw himself into Leng ruoxue's arms with great enthusiasm and called out excitedly, "Sister, you've finally come out of seclusion!"

Qing Jue was so happy! Now that his sister was out, he could finally put his heart at ease!

"Mm! Qing Jue, do you miss big sister?" Qing Jue's unusual enthusiasm surprised Leng ruoxue. She had also been in closed-door cultivation in the past, but she had never seen Qing Jue like this!

"I want! I really want to!" Qing Jue nodded his head vigorously!

"Hehe! Big sister also misses Qing Jue, but, Qing Jue, big sister has something important to do now. I'll come and chat with you later!" Leng ruoxue laughed as she coaxed.

"Sister, I also have something important to tell you!" Qing Jue also said. Although he did not want his sister to be troubled by such a terrible thing the moment she came out of seclusion, it was impossible for her not to know about it!

"Eh? Then green vessel will go first!" Leng ruoxue chuckled.

"Sister! There are people attacking us from outside!" Qing Jue said bluntly. After he finished speaking, he even lowered his head, not daring to look at Leng ruoxue. He felt that he was really too useless. He couldn't even settle such a small matter!

"Who is it?" Leng ruoxue's expression turned cold as she asked.

"Heaven-breaking!" Qing Jue said softly.

"Who's potian?" Leng ruoxue didn't recognize this person at all, let alone have heard of him!

"Hundreds of thousands of years ago, he was a famous devil in the divinity. Moreover, everyone thought that he was dead. Who knew that he was still alive and even brought people to attack us!" Qing Jue said gloomily.

"We don't have any conflicts with him, do we? Why is he attacking us?" Leng ruoxue asked in confusion. She tried her best to recall all the memories she had about heaven splitter. However, no matter how much she thought about it, she was certain that she did not know this person at all!

"He's here to save people! However, I don't know who he's trying to save because we've been staying in the house all this time, and no one has paid him any attention!" Qing Jue explained.

"Mm! As long as you don't go out, you won't be in danger!" Leng ruoxue nodded. She was still very confident in the defensive formation she had set up!

"It was supposed to be like this, but he found a person who was proficient in formations from somewhere. Now, that guy has already solved nearly half of the great sky-guarding formation! If big sister doesn't come out of seclusion soon, this house will probably be broken into by them!" Qing Jue could not help but remind him.

"The divine realm is really full of crouching tigers and hidden dragons! I didn't think that there would be someone who could solve the great sky-guarding formation. I must meet this person!" Leng ruoxue was very interested when she heard Qing Jue's words.

"Sister, that person is definitely a genius in formations. If he wasn't our enemy, it would be a good choice to take him in for our use. Those who walk different paths can not conspire together!" Qing Jue's face was filled with regret. At the end of his speech, he even sighed like a little old man. Leng ruoxue was amused when she heard this and could not help but pull him into her arms. However, she did not dare to kiss him. Otherwise, the demon would definitely fly into a rage!

"Qing Jue, don't worry about him for now. It's not that easy for him to break my sky-guarding formation, so let him play by himself for a while! I'll go play with him after sister is done with her work!" Leng ruoxue said after some thought.

"What's the important thing?" Qing Jue's face was full of question marks. He could not understand. Could there be something more important than guarding the array that his sister had to do?

"I still have to find an you to advance!" Leng ruoxue counted with her fingers.

"Big sister's advancement this time is so peaceful!" When he heard his sister mention advancement, Qing Jue immediately wilted. This was because his sister did not go into closed-door cultivation with him this time. This made him very disappointed! That damned Dreamdust! He was the one who snatched

her sister away! Although he had not officially met Huan Chen, he secretly hated Huan Chen! Hmph! Even if they were old friends, he wouldn't let them go if they dared to snatch his sister away from him!

At the thought of this, Qing Jue subconsciously glanced at Leng ruoxue. Then, his eyes widened in disbelief. Chaos ... Why was the origin of chaos in his sister's body? Could it be that the origin of chaos had already recognized a master? However, his sister's current strength should not be enough to make the origin of chaos recognize her as its master, right? What was going on?

"The prime essences of chaos have acknowledged you as their master?" Qing Jue could not help but ask.

"Yes." Leng ruoxue nodded. She was not surprised that Qing Jue could recognize the origin of chaos. After all, Qing Jue belonged to her master!

"Big sister must have suffered a lot!" Hearing Leng ruoxue's affirmative answer, Qing Jue knew that his sister must have suffered a lot. After all, the origin of chaos was different from ordinary divine weapons. It was the origin of heaven and earth that had a higher status than him. How could it simply acknowledge a master?

"It's alright! Although this fellow tormented me quite a bit, he also gave me some benefits!" Upon hearing her words, the origin of chaos that the family had placed in her dantian seemed to be very dissatisfied. Leng ruoxue was speechless. It seemed like this fellow had a certain level of intelligence. However, this was normal. After all, he was the origin of chaos. If he could nurture a monster and a master, he was naturally not an ordinary person!

"Hehe! Sister, isn't the origin of chaos angry at your words?" Qing Jue asked curiously with an evil smile. In fact, the origin of chaos that he knew was very stingy!

"I'm a little angry, but it belongs to me now, so it naturally has to listen to me. If it dares to show its master any disrespect, I'll spank its butt!" Leng ruoxue purposely said in a vicious tone.

"Sister, I'm looking forward to you smacking its butt!" Qing Jue said with a face full of anticipation.

"Yeah, I'm looking forward to it too!" It was rare for the demon to agree.

"Uh! You'll have the chance to see it!" Leng ruoxue promised, but she couldn't help but think in her heart. Even if she wanted to hit the origin of chaos's butt, she had to first find out where it was!

"You guys continue chatting, I'll go and unseal the bracelet!" Leng ruoxue continued.

With that, Leng ruoxue disappeared. When they saw her running away faster than a rabbit, both green vessel and the demon could not help but laugh out loud!

"Xue 'er already knows!" The demon suddenly said to Qing Jue without thinking.

"What do you know?" Qing Jue pretended to be calm as he asked. After Huan Chen appeared, he had guessed that he would tell his sister some things. However, he did not know how much Huan Chen would tell her!

"I almost know everything!" The demon said simply.

Hearing the demon's perfunctory reply, Qing Jue was a little angry. "Can't you be more specific?" Damn it, she knew that he was in a hurry, but she still acted like this! It was really too infuriating!
