

Crazy Wife 1971

[Chapter 1971 You'll Get Used To It \(3\)](#)

"She already knows the details! However, we're not too sure about the current situation of that stupid subordinate!" The demon said indifferently. It was clear that he wanted to anger people to death!

"Damn it, don't call my old master an idiot! You're the idiot, your whole family is an idiot!" Qing Jue was already very angry, and after hearing the demon call his old master an idiot, he became even angrier. So, without thinking, he cursed directly and even jumped three times high. He waved his small fists angrily, and that angry little look looked extremely cute.

When the demon heard Qing Jue scolding him, he picked him up and looked him in the eye, ""That guy is an idiot! Even if you're protecting him, he's an idiot!"

"You, you're a bully!" Seeing that he couldn't win the argument or defeat the demon, Qing Jue cried out in desperation.

At this moment, Leng ruoxue, who had already unlocked the seal on the bracelet, heard Qing Jue's cries and quickly walked over. She hugged Qing Jue in her arms and coaxed him, ""Qing Jue, why are you crying? who bullied you?"

"He! This bad guy is bullying me!" Qing Jue pointed at the demon as he complained. His little body was still twitching, and his cute pink face was red with anger. His bright teary eyes were also filled with anger!

"Uh!" Qing Jue's words gave Leng ruoxue a headache. In her opinion, even though the demon's possessiveness was very strong, he would not go so far as to bully a little kid like Qing Jue, right? After some thought, she looked at the evildoer helplessly.

"I didn't bully him. I only said that your master is an idiot! He started crying! You even said that my whole family is stupid! Xue 'er, does my family include you?" Receiving Leng ruoxue's gaze, the evildoer pretended to be confused, but in his heart, he could not help but laugh.

Hearing the evildoer's half-teasing, Leng ruoxue was speechless. She rolled her eyes at the evildoer and changed the topic, ""Green vessel, look, the space has been upgraded again! Your favorite land has been expanded several times. Now, you can plant a lot of good things again! Be happy!"

"En!" Qing Jue responded softly, but he was not as excited as before!

"Qing Jue, you haven't told me what powers you've gotten after you broke the seal!" Leng ruoxue sighed and reminded him.

This time, she had advanced to the eighth level of the heaven-defying art and was only one step away from the ninth level. However, she didn't know how long it would take for her to reach this level. After all, the amount of spiritual Qi She needed was beyond the description of numbers. She had already reached the monarch-god level. However, she still had to go out and advance to the monarch-god level. Otherwise ... He would not be able to enjoy the benefits bestowed by the laws of the world!

However, he had to coax this little thing first!

"Shuttle!" Qing Jue choked and replied softly.

"Shuttle? What do you mean by that?" Leng ruoxue did not understand!

"I can bring you anywhere, as long as you want to go!" Qing Jue explained simply.

"Xue 'er, usually, only a reverent-God can tear open space and travel to any plane. However, a reverent-God is also limited in going to other planes. It's impossible for them to leave the divine world an infinite number of times. However, with this little thing's ability, you can go anywhere you want!" The demon also explained.

"Really! I didn't expect green vessel to be so capable!" Leng ruoxue hugged Qing Jue tightly and said happily. Qing Jue was also affected by Leng ruoxue's words, and his mood became better!

"Of course, sister, I'm very powerful." Qing Jue said arrogantly. After he finished speaking, he even looked at the demon provocatively. However, the demon did not bother to lower himself to his level!

Seeing Qing Jue in such a state, Leng ruoxue knew that the little fellow was fine! He immediately said, "Qing Jue, quickly go and take a look at your own land!" Big sister is going to advance!"

With that, Leng ruoxue quickly pulled the evildoer away from the bracelet.

Seeing that his sister had left, Qing Jue sighed helplessly and disappeared as well.

When the two of them exited the bangle, they happened to enter their room. Without a second thought, Leng ruoxue and the demon were in their room, ready to advance.

Before advancing, Leng ruoxue moved her spiritual beasts out of her bangle.

After seeing Leng ruoxue, the beasts naturally went to get closer to their master first. Then, the cute little beasts each found a place to lie down.

Leng ruoxue and the demon sat down cross-legged as well and started their cultivation.

The two of them were like water flowing when a channel was formed, and there was not much difficulty in advancing. Not long after they sat down, the regulations of the world descended.

At this moment, uncle long and the others who were sitting in the garden felt the advancement of the laws of heaven and earth. They were shocked, but they were soon overjoyed. The place where the laws of heaven and earth landed was Leng ruoxue's room. When they saw this, their hearts that had been hanging in the air for a long time finally settled down!

Xue 'er had finally advanced!

The first elder heaved a sigh of relief. Even though Leng ruoxue had not been in closed-door cultivation for a long time, he felt as if a day had passed by like a year. This feeling was extremely bad!

However, when uncle long and the others saw the descending laws of heaven and earth, they couldn't help but smile!

They were happy, but potian and the others, who had been waiting outside the house, almost had black faces!

F*ck! Just how many people were advancing!

Originally, when they saw the first law of the world descend, they were already very depressed. One had to know that they were standing guard for the other party like dogs. However, who would have thought that the other party would cultivate and break through as if nothing had happened? nothing had been delayed!

However, when the laws of heaven and earth descended one after another, they couldn't stay calm anymore! He couldn't stay calm! First, they didn't understand the situation inside the house, and second, this advancement had given them too much stimulation!

These people had lived for quite a long time, and they knew the difficulty of advancing. However, who would have thought that they would be able to witness such a Grand occasion in this small broken place? the advancement of this major rule dazzled their eyes and also greatly stimulated them. If it were not for the defensive array blocking the outside, they would have probably rushed in and started a massacre!

"Tu Liang! How much longer will it take to break this defensive formation?" Someone couldn't help but ask.

"The fastest will be half a year!" Tu Liang answered while solving the formation.

"What? It'll take that long?" The man shouted with wide eyes.

"And that's if there are no accidents, under the fastest circumstances!" Tu Liang said honestly. His mind was tied down by this exquisite formation, so he didn't really care when it could be untied.

However, even if he didn't care, it didn't mean that others were willing to continue wasting their time here.

After hearing his answer, the man directly walked to potian and said, ""Big brother! This formation can't be broken in a short time. Are we going to keep guarding here?"

"What else? Or do you have any good ideas for us to attack this house?" Potian, who was sitting in the corner, lifted his eyelids and said indifferently.

"I don't have a choice, but I don't think it's much use for us to guard outside like fools. The people inside aren't delayed at all, they're changing shifts and advancing! If we continue to guard this place, and the formation can't be broken in a short time, won't we become turtles in a jar by the time they advance to the divine Emperor or reverent-god level? Big brother, I understand your feelings of wanting to repay a debt of gratitude, but, you should also think about us brothers!" The man said, unafraid of death. He had been here for more than half a year and had not come close to anything. He had long wanted to leave this place!

"You mean you want to leave?" Potian asked in a soft voice and glanced at the person who spoke.

"I'm just thinking for my brothers. " The man felt potian's gaze and his heart trembled. He was quite clear about potian's ruthlessness, so it would be a lie if he wasn't afraid!

"What about you guys? You think so too?" After listening to the man's words, potian asked the others, but no one dared to say a word, even though many people had thoughts of leaving.

"We'll listen to big brother!" At this time, someone flattered.

"Oh, since you're going to listen to me, I'll give you two choices. One is to stay here with me, and the other is to leave if you want to!" However, even if there were people who wanted to leave, they didn't dare to say anything, because everyone present knew that the calmer po Tian was, the more dangerous it would be. If they really dared to leave, they were afraid that they wouldn't even have to leave the land of demons before po Tian would kill them first. In this case, who would dare to mention leaving?

Suddenly, the outside of the house became unusually quiet.

The first elder and the others who saw this through the flower garden's light screen were filled with regret!

Al! What a pity! Just a little more and they would have turned on each other! However, now that Xue 'er was about to come out of seclusion, the first elder and the others had more confidence!

After a long time.

The laws of heaven and earth continued to descend.

"Why are there so many laws of the world descending? How many ranks did that girl advance to?" Shen nuo, who had been observing Leng ruoxue's room, could no longer remain calm when she saw the law of heaven and earth descending endlessly! Even if he was experienced and knowledgeable, he had never seen anyone advance in this way, right? Was he still human?

"I don't know! However, I won't be surprised if anything strange happens to that girl! You'll get used to it!" Liu Feng, who was sitting beside him, patted Shen nuo's shoulder sympathetically.

"Uh! Alright! Looks like I'll have to slowly get used to it!" Shen nuo helplessly wiped off the cold sweat on his forehead. Seeing that the others were all very calm, he felt a little ashamed!

[Chapter 1972 Class Discrimination \(1\)](#)

Gradually, Shen nuo's initial surprise turned into shock, then to calmness, and finally, to numbness!

Shen nuo couldn't help but think to himself that anyone who saw the dense law of heaven and earth that was emitting white light and dazzling like the most beautiful gem would probably become numb at the end. And those who had the same thoughts as him naturally included po Tian and the others. However, other than the numbness of po Tian and the others, there was also a trace of anger and jealousy!

Yes! They were envious. No matter what the situation was inside, such a large-scale breakthrough made them extremely envious. One had to know that the higher the cultivation level, the more difficult it was. Thus, when they saw the densely packed regulations of the heaven and earth, they all felt extremely uncomfortable! That sour, bitter, and numbing feeling lingered in their hearts for a long time! Until the laws of the world completely disappeared!

After an unknown amount of time, the laws of heaven and earth finally stopped descending, but potian and the others 'faces became uglier and uglier. This, this advancement actually lasted for several hours, right? Was he still human? F * ck! This was clearly trying to anger him to death!

However, just as Poutian and the others were cursing the heavens, several beautiful and dazzling laws of heaven and earth descended from the sky.

At this moment, the sky was already dark. Therefore, the laws of heaven and earth that were emitting white light were particularly eye-catching. They even illuminated the gray-black night sky as if it was daytime! Seeing this situation, Poutian and the others simply wanted to vomit blood!

F*ck! What was going on?

Poutian and the others all had dark faces, and the expressions on their faces were somewhat distorted, revealing the resentment in their hearts at this time!

In fact, they were not the only ones who were puzzled. Uncle Long and the others were also puzzled.

However, they immediately understood!

That was because the laws of heaven and earth seemed to be falling from the same direction, but their final destination was different. Seeing this, they knew that Feng Da and the others had also advanced!

Hahaha! This was a great thing!

This result made Uncle Long and the others even happier!

After a long time.

The laws of the heaven and earth finally left unwillingly.

Leng Ruoxue and the demon were the first to walk out of the room.

When they arrived at the garden, the two of them had just greeted Uncle Long and the others when they saw the people in the garden looking at them as if they were monsters.

After a long while.

"Little girl Xue 'er, you've actually advanced two ranks in a row and become a Godking?" The first elder's eyes widened in disbelief as he asked in shock.

He knew that Xue 'er was a pervert, but he didn't expect her to be this perverted. She had only been in the immortal realm for a few years! He had actually advanced to become a Godking. This ... This cultivation speed truly made him feel ashamed! One had to know that he was only a divine Emperor now, and Xue 'er was only one level lower than him! However, Xue 'er's battle prowess was definitely above his, and her heart-palpating Natal flame was also a Lethal Weapon that no one could resist!

At the thought of this, first elder's cold sweat began to drip down uncontrollably!

It was truly terrifying! He couldn't help but sigh in his heart.

And that brat Chen, he's also a freak. Could he have become a reverent-God after coming out of seclusion? If that was the case, he felt that he could bang his head against a wall.

After thinking for a while, the great elder silently glanced at the demon and heaved a sigh of relief. Fortunately, this kid's strength was currently at the divine Emperor realm and had not advanced to the

reverent-God Realm in the future. Otherwise, he, who had cultivated for countless years, would really be so depressed that he would vomit blood!

However, that brat had cultivated to the level of a divine Emperor in less than a hundred years. This fact was still enough to make people go crazy!

In fact, this was because the demon had deliberately controlled his cultivation level. Otherwise, with the foundation he had in his previous life, he could have become a reverent-God in the blink of an eye. However, he wanted to grow with Xue 'er, so he had placed his strength at the level of a divine Emperor, only one level higher than Xue 'er. This would prevent men from looking down on him. As a divine Emperor who was at least at the reverent-god level, or even more powerful than a reverent-God, he could even pretend to be a pig to protect Xue 'er. Why not?

The reason why Xue 'er was able to advance two ranks and become a Godking in everyone's eyes was all thanks to the help of the origin of chaos.

Originally, Xue 'er's speed of absorbing spiritual Qi was already very fast. However, the origin of chaos had forcibly increased Xue 'er's speed of absorbing spiritual Qi by at least two times. As a result, it was expected that she, who had just advanced to the eighth level of the heaven-defying art, would advance two levels in a row!

After all, as long as she had enough spiritual Qi, it would be easy for her to reach the divine sovereign level. However, if she wanted to reach the reverent-god level, she would have to wait until she had completed the ninth level of the heaven-defying art. Otherwise, her cultivation would be limited by the art. After all, Xue 'er's main cultivation was the heaven-defying art, and it was quite powerful. Naturally, she would not allow Xue 'er's assistance to surpass her own cultivation!

However, the ninth level of the heaven-defying art was different from the first eight levels. If Xue 'er wanted to complete the cultivation of the heaven-defying art, she had to complete the cultivation of the first eight levels, including alchemy, weapon refining, beast taming, array techniques, sword techniques, and so on. Otherwise, even if she absorbed enough spiritual Qi to complete the cultivation of the heaven-defying art, the heaven-defying art would not help her!

At the thought of this, evildoer could already imagine how depressed Xue 'er must be! However, he also knew that Xue 'er was a person who became braver the more she was defeated. She would never stop because of a small difficulty. On the contrary, the more difficult the matter was, the more it would arouse Xue 'er's fighting spirit. This was also one of Xue 'er's special qualities that he liked to see the most.

This time, Xue 'er's spirit beasts had also gained a lot from her advancement.

The treasures that had first acknowledged their Masters and most of the other magical beasts had all advanced to become Class 9 Sacred Beasts. The originally weaker silver wolves had all advanced to Class 8 Sacred Beasts. Their overall strength could be said to have increased by a large amount!

Among them, the old Phoenix and the other beasts were the happiest. They had finally recovered their strength as ninth level Sacred Beasts in such a short time. If it had been in the past, this would have been completely unimaginable! The silver Rat King, who had just acknowledged a new master, also had a qualitative leap in strength. It had advanced to become a class 8 sacred beast. As for its subordinates,

they had all advanced as well. The weakest among them was a class 1 sacred beast, and they had advanced the most among the beasts that had advanced this time. This fact had almost made the silver Rat King faint from excitement.

However, Bai Xu, who had advanced to the ninth level of the sacred beast Realm the last time, felt a bit depressed. This was because, apart from feeling the spiritual energy in his body become denser, there was no sign of a breakthrough at all. However, all the other beasts scoffed at his depression!

All the beasts knew very well that although the strength of a divine Emperor-ranked beast and a Hierarch-ranked beast seemed to be only one rank apart, the difference in status between the two was like heaven and earth! The chasm between these two ranks was not so easy to cross. Otherwise, wouldn't the number of Hierarch-level beasts in the divine realm be overwhelming?

[Chapter 1973 Class Discrimination \(2\)](#)

Leng ruoxue had learned from her own understanding that after crossing the threshold of a ninth-grade sacred divine beast, all beasts would be collectively called Supreme Emperor-level beasts. They were also known as godly Supreme-level beasts.

However, it wasn't easy to become a venerated Emperor beast. Otherwise, Zi Yu, who had already advanced to ninth level sacred divine beast, wouldn't still be a ninth level sacred divine beast after several rank-ups. From this, one could see how difficult it was to advance to the godly venerable rank!

However, the increase in the overall strength of the beasts was enough to make Leng ruoxue extremely excited!

On top of that, she now had the strength of a God King. Hence, Leng ruoxue was very satisfied with her advancement this time.

Hearing the first elder's words, Leng ruoxue smiled and nodded, "En, my luck during this closed-door cultivation is pretty good. I didn't expect to actually advance two levels in a row!"

"It's not just good luck! The speed of your advancement is simply heaven-defying! I've been cultivating for so long, but I'm still stuck at the divine Emperor level, unable to advance to reverent-god level for a long time. You've become a Godking in such a short time!" The great elder's face was full of envy, jealousy, and hatred. As he spoke, he even lowered his head in shame. He really didn't have the face to see anyone!

Have you known Xue 'er for ten years? The great elder did some calculations, and it didn't seem like there was one! Moreover, even if it had been ten years, those ten years would have been nothing more than the blink of an eye for cultivators like them. However, this freak had become a Divine King! The great elder was still struggling with this matter!

However, at this moment, Leng ruoxue wasn't clear about first elder's thoughts. Otherwise, she would have consoled him and said that she had cultivated for more than ten years because she had been cultivating in the bangle. The time acceleration in the bangle was a weapon that she used to cheat in her cultivation. In this way, her cultivation speed was only slightly faster than that of ordinary cultivators!

Of course, Leng ruoxue didn't have the chance to tell first elder and the others about these thoughts.

Just as Leng ruoxue was about to be humble, Feng Da and the rest walked out of the room in a grandiose manner. When they saw that most of them had advanced to the monarch-God Realm, the first elder and the others were already numb.

However, when the Grand Elder and the rest saw that there were a few God kings among the divine Lords, they could not remain calm!

This, is this still considered a human? It was one thing for Xue 'er to have become a Godking, as she had always been abnormal. He could accept whatever commotion she caused. However, now, the little girl's grandfather and brother had actually become godkings as well. Could this be the so-called abnormal family?

In reality, Leng Qingtian and Leng ruohan were not the only ones who had advanced to the Godking realm. However, they stood out among the godkings and were Leng ruoxue's close relatives. This was why the first elder and the others were so surprised.

When Leng ruoxue saw her grandfather and brother's cultivation, she was also extremely excited!

In the past few years, her grandfather and brother had been working hard on their cultivation and rarely participated in any activities. Now that she could finally see their results, Leng ruoxue was truly happy for them. This was because Leng ruoxue was very clear that her grandfather and brother were working so hard for her. They wanted to be her support and not drag her down. When she thought of this, Leng ruoxue's eyes started to tear up!

What could make her happier than the support of her family?

Not only that, when Leng ruoxue saw another figure among the familiar faces who had advanced to the God King realm, she was also overjoyed!

"Big brother Feng! Congratulations on becoming a Godking as well!" Leng ruoxue's beautiful eyes gazed at Feng Moran as she sincerely wished him well. Ever since they had left The Water Margin continent, big brother Feng had rarely appeared in front of her. Furthermore, he had spent almost all his time on cultivation. Sometimes, it was difficult for her to even see big brother Feng. However, when she saw big brother Feng's current cultivation level, she knew that his hard work had finally paid off!

"It's all thanks to Xue 'er!" Hearing Leng ruoxue's words, Feng Moran smiled gently. The reason why he worked so hard in his cultivation was all for Xue 'er. He wanted to stand by Xue 'er's side and not be someone she would protect. On top of that, the cultivation of the people or beasts that followed Xue 'er grew higher and higher. This made him feel inferior and that he was a burden. However, this thought did not make him give up on himself. Instead, it became the motivation for him to work hard in his cultivation!

With Xue 'er's help in improving his physique, he didn't feel that he was inferior to others. The only thing he was inferior to others in was probably time! Hence, other than showing his face and seeing Xue 'er once in a while, he spent all his time on cultivation. With the time acceleration in the spatial space, his strength was also improving rapidly without him knowing!

Every time he advanced a level, he would feel that he was one step closer to Xue 'er! He was even more confident now. After all, Xue 'er was a demonic genius. Hence, if he wanted to catch up to Xue 'er, he

would need more time. It was precisely because he was clear of this fact that he had asked Qing Jue to arrange for a life-or-death seclusion for him. Unless there was something important, he was not to wake him up!

After coming out of seclusion this time, he had successfully advanced to the Godking realm! Although the strength of a God King was nothing compared to the many experts in the divine realm, he would at least not be a burden to Xue 'er! When he saw Xue 'er's joy at his strength, he felt that his efforts had not been in vain! From now on, he, who stood by Xue 'er's side, could finally stop feeling inferior! However, if he wanted to become Xue 'er's true right-hand man, he had to continue to work hard! He was very confident in this!

Feng Moran's words made Leng ruoxue feel a little embarrassed because she really didn't think that she had helped big brother Feng in any way. Instead, because there were too many things to do, she had neglected big brother Feng. When she thought of this, she couldn't help but feel guilty!

At this time, seeing that their miss Hong Guoguo had ignored them, grape and lotus seed pouted their pink lips in dissatisfaction and said in unison, ""Young miss, we've also advanced to Godking!" When the two of them said this, their expressions were full of resentment, which made everyone a little amused!

Leng ruoxue didn't know whether to laugh or cry at their cross-off!

Leng ruoxue pretended to be confused and asked, ""Weren't you all on the verge of becoming godkings? After being in seclusion for such a long time, advancing to the Godking level was something that would happen naturally. Wasn't this very normal? I would be more surprised if you didn't make a breakthrough!"

As soon as he said that, everyone couldn't help but laugh. But after laughing, Feng Da and the others were depressed!

"Young miss, I wasn't able to advance to the Godking level!" Feng Da said with a bitter face.

"Oh! It's within my expectations. If you have half of big brother Feng's cultivation strength, you can also advance to the Godking level!" Leng ruoxue said.

"Yes, miss is right. In the future, you two brothers should focus on cultivation! Miss has us by her side!" Cheng Wu chuckled evilly as he echoed. The few of them had all advanced to the Godking realm!

[Chapter 1974 Class Discrimination \(3\)](#)

"How can we do that? The young lady needs us more, you guys are not as smart as us!" Hearing this, Feng Da immediately retorted, while Cheng Wu only replied coldly, ""But we've already advanced to the God King stage. Isn't it obvious which one is more practical?"

Cheng Wu's following words made Feng Da completely depressed! Boohoo ... What a bully. He's just taking advantage of the fact that he's cultivated longer than them, right? Hmph! As long as they worked hard in their cultivation, it wouldn't be long before they could advance as they wished! However, they wouldn't be satisfied just by becoming a Godking. They wanted to advance to become a godly Emperor or even a reverent-God! We'll see who's more powerful then!

Feng DA's fighting spirit was incited. He turned to Leng ruoxue and said, ""Miss, I'm too weak now. I request to continue my closed-door cultivation!" Then, he looked at Lin Yuan and the others and said, ""All of you will also enter closed-door cultivation with me! If we don't become divine emperors, we won't be able to come out!" Feng Da was determined!

"God, God-Emperor? Captain, do you have to set such a big goal for yourself?" When Lin Yuan and the rest heard this, they immediately frowned. A divine Emperor! It was so far away, and he didn't know when he would be able to achieve it. If they were unable to advance, didn't that mean that they would have to go into seclusion forever? How boring that would be! Just thinking about it made Lin Yuan and the others feel fear!

"Far, my ass! I originally wanted to advance to reverent-god level before coming out of seclusion! Right now, we only require you to reach the strength of a divine Emperor. Why are you all talking so much nonsense?" Feng Da rebuked angrily, his handsome face full of disappointment!

"Uh!" Reverent-god level! Lin Yuan and the rest were completely speechless.

When the great elder heard Feng DA's words, he said with a smile, ""Little brat! Not bad, you have ideals and revenge, Oh! I'll wait for the day you become a reverent-God, but before that, let's take a photo together! Otherwise, if I don't see you for too long, I'm afraid I'll forget what you look like!"

As soon as the first elder finished speaking, the crowd burst into laughter!

"Hahaha! Feng Da! Since we brothers are together, we naturally have to take a photo together and leave a memory or something. I'm afraid we won't even recognize you when you come out of seclusion. How sad will you be then? Come! Come! Those who want to take a photo with me, line up! No one is allowed to snatch it!" Cheng Wu said with a gloating smile. After he finished speaking, he put his arm around Feng DA's shoulder and took out a memory crystal to take a picture of the two of them.

Seeing this, Feng Da was furious!

Then, the great elder took over Cheng Wu's position and did the same thing. After all, he was the one who came up with the idea, but now Cheng Wu was the one who took the lead. Therefore, he was a little unhappy and the photo took longer. He even asked Feng Da to make a few poses, which made Feng Da so depressed that he wanted to bang his head against the wall.

After the great elder had finally finished bidding, someone else continued to move forward!

They didn't even give Feng Da a chance to refuse. The Overlord forced himself on Feng Da, which made him so angry that he stomped his feet. Unfortunately, none of these people were afraid of him! Therefore, he had wasted his time!

Seeing that Feng DA's face was red from anger, Leng ruoxue was kind enough not to kick him when he was down. Instead, she said to Feng Da and the rest, ""It's rare for you to have such ambition, so I naturally have to fulfill your wish. So, you can go back and continue your closed-door cultivation now! Goodbye!" With that, Leng ruoxue even waved goodbye to them, causing Feng Da and the rest to be depressed and gain three levels!

When Cheng Wu and the rest saw this, they naturally cooperated with their miss and chased Feng Da and the rest back to their rooms.

"Argh! Don't be like this, I don't intend to continue my closed-door cultivation!" These words echoed in Leng ruoxue and the others' ears from time to time. However, they were all ignored.

The moment Feng Da and the others left, the weakest of those who remained were God kings!

Following that, Leng ruoxue then told her grandfather and the rest about the situation outside. The reason why she took advantage of the situation and sent Feng Da and the rest back to continue their closed-door cultivation was for their safety. After all, the strength of those people outside was not to be underestimated!

Although Feng Da and the others were very smart, the difference in strength between the two sides was not small. Therefore, she could not take the risk and was even more afraid that she would not be able to take care of Feng Da and the others! Therefore, the best way was to let them continue their closed-door cultivation, and this was also suggested by them! Of course, this was completely under the premise that they were not aware of the danger outside. Otherwise, if they knew that someone was attacking their house, they would definitely not request to go into seclusion right now! However, Leng ruoxue would never give them the chance to find out!

The moment Feng Da and the rest were placed into the bracelet, green vessel immediately arranged for them to go into closed-door cultivation according to Leng ruoxue's request. They could not come out until they advanced in rank. Now, it was difficult for them to come out even if they wanted to!

After Leng Qingtian and the others understood the situation, they initially frowned. However, their faces quickly broke into smiles. This was definitely a good opportunity for them to test their strength!

However, the strength of the people outside was still much higher than theirs, so they had to think of a way that had the best of both worlds! Otherwise, they would only become cannon fodder!

"Xue 'er, do you have any good ideas?" After some thought, Leng Qingtian asked Leng ruoxue with a face full of anticipation. This granddaughter of his had a lot of wicked ideas! Therefore, he didn't bother to think about it!

"No, I didn't! I heard that their leader, that potian, is extremely powerful. He was a great demon of the immortal realm hundreds of thousands of years ago, but I don't know what level his strength is now!" Leng ruoxue asked curiously.

"I'll go out and test it out, and he will know!" The demon said immediately.

"I'll go!" Uncle long said calmly as he glanced at the demon. Among them, he was the only one who had fought against the heaven splitter and had a certain understanding of it. Therefore, he was the most suitable person to go out!

More importantly, Xue 'er had come out of seclusion, so she could naturally control the defensive array at will. In this way, after he went out, the safety of the people in the house would not be a concern! After hiding in the house for so long, his hands were already itching. Now that he could finally go out and break the heavens, how could he let go of such an opportunity?

"Uncle long, I'll go out with you!" At this moment, Leng ruoxue said with a faint smile. There were so many people outside, how could she let uncle long go out by himself?

"I'll join you too!" The evildoer said without even thinking. It was said that pitian was a lecherous person, so for Xue 'er's safety, he naturally had to protect her closely!

"Miss, we also need to go out and meet those people!" Seeing that their miss was planning to charge out, Cheng Wu and the others, who had been silent all this while, were naturally not willing to let go of this opportunity. One should know that they had been keeping a low profile for a long time. Furthermore, they were once warlike people who were hot-blooded. Naturally, they would not want to miss the opportunity to fight alongside Leng ruoxue.

Hearing Cheng Wu's words, Leng ruoxue looked at her grandfather, big brother, and big brother Feng, who were also looking forward to it. She nodded her head in agreement. However, before she left, she still worriedly reminded, ""All of you, be careful. If you can't win in a one-on-one fight, then fight as a group."

"Hehe! Don't worry, miss! We know that we will not be at a disadvantage in this!" Cheng Wu promised. He did not care about combat etiquette. In his opinion, as long as he could defeat the other party, any method could be used!

However, Shen nuo, who had never heard of such mobilization before a battle, could not help but open her mouth, dumbstruck.

After all, according to the rules of the firmament, unless there was a clear rule, one-on-one battles were all tacitly agreed upon. If someone wanted to fight with numbers, then even if that person won the battle in the end, he would be looked down upon by others. However, this tacitly agreed rule did not apply to Leng ruoxue and the others. This was because this was not the first time he had seen Leng ruoxue and the others gang up on others. However, this was the first time he had heard Leng ruoxue say it so openly.

However, Shen nuo's mental endurance was obviously not weak, and he accepted new things more quickly. Therefore, he only froze for a moment before he calmed down, and even showed signs of being assimilated. He even chuckled and said to Liuyue, ""Liuyue, I'm not good at fighting! Why don't we join forces?"

"I think it's fine!" Liuyue nodded in agreement. Although he had the strength of a divine Emperor, he spent most of his time and energy on alchemy. As such, he was not very good at fighting! Now that he had Shen nuo's suggestion, he naturally had no reason to object!

However, upon hearing their words, flowing maple was displeased.

Liu Feng's eyes widened as he angrily said, ""If you guys join forces, what about me? I don't like to fight either!"

"You and Grandpa will work together!" Liuyue suggested.

"No! We're both blacksmiths, and we don't have any advantages together. You and that old man will be in a group, and I'll be in a group with Shen nuo. This way, we can complement each other, mm! It's decided!" "Yes!" Liu Feng said firmly. After hearing his words, Liu Yue and the others thought about it for a moment and agreed!

However, Leng ruoxue's words were like a bucket of cold water that splashed onto their heads, causing their enthusiasm to be completely shattered!

"I'm not planning to let you guys go out and fight!" Leng ruoxue's beautiful eyes glanced at the excited Liu Feng and the others as she spoke indifferently.

"Hmm, it's more suitable for you to stay in the house!" Uncle long chimed in.

Instantly, the four of them became even more depressed.

"Why?" Liu Feng's eyes widened as he asked with an indignant expression.

"You're either artifact Masters or alchemy Masters, and your status in the immortal realm is quite high. Of course, you have to be protected!" Leng ruoxue replied matter-of-factly.

"Leng ruoxue! You, you're being biased!" The moment Leng ruoxue said that, Liu Feng was instantly enraged! They even shouted Leng ruoxue's name. However, Leng ruoxue was not moved at all!

[Chapter 1975 Genius Vs Heaven Splitter \(1\)](#)

Leng ruoxue raised her eyebrows slightly and said in a calm tone, "I'm looking down on you, so what?" She couldn't bully the first elder, and Liuyue and Shen nuo weren't close, so how could she not bully Liufeng? Leng ruoxue laughed evilly as she thought to herself.

When Liu Feng heard Leng ruoxue's bold words, his eyes widened in disbelief! That damned girl, did he hear her wrong? Did he just admit it?

She actually dared to admit it!

This was preposterous! Liu Feng's anger was boiling. However, other than glaring at Leng ruoxue fiercely, he really did not know what to do with her. This was because he kept feeling a warning gaze on him. He did not need to look to know that the demonic man was warning him not to bully that wretched girl. Oh ... By the heavens! Was there any justice left in this world? He was the one who was being bullied!

Liu Feng felt extremely aggrieved.

However, that pair of eyes were extremely sharp. Thinking about it, he really couldn't afford to offend her. However, he really couldn't accept being looked down upon by that wretched girl Leng ruoxue! Hmph! So what if he was a blacksmith? After all, he was a divine Emperor! How could he let this brat look down on him? If this were to spread out, how would he be able to face others in the future!

No! He could not be threatened by evil forces!

At this moment, Leng ruoxue and the evildoer had already become synonymous with evil forces in his heart. He was an oppressed working person, so he had to rise up and resist! Fight for the rights and interests that you deserve!

"I'm a divine Emperor!" After a long while, Liu Feng gritted his teeth and said.

"I know! However, there was still a gap between divine emperors, right? As for you, a divine Emperor, I'm afraid you've only fought a few times!" Leng ruoxue said.

"W-who said that? When I was fighting, you weren't even born yet!" Seeing that Leng ruoxue had guessed correctly, Liu Feng could not help but shout with a red face.

"Really? If you win, I'll let you go out and fight with those people outside. If you lose, you'll just stay in the house and watch the show. How about it?" Leng ruoxue said with a smile.

"Are you sure you want to fight me? I'm a divine Emperor!" Liu Feng could not help but remind her. In reality, he was not willing to fight with a freak like Leng ruoxue because he had no confidence that he could win against her. However, he would not say this out loud. Firstly, it would be embarrassing. Secondly, it would boost the morale of others and diminish his own prestige. However, that was what he really thought in his heart!

"What's wrong with the divine Emperor? Do you think that you can defeat me as a divine Emperor?" Leng ruoxue deliberately put on an arrogant look as she spoke. Her beautiful eyes were even sizing up Liu Feng from head to toe. The disdain on her beautiful face was also red and there was no need to hide it at all!

Seeing Leng ruoxue's expression, Liu Feng felt that he had been triggered. This wretched girl was really looking down on him!

"Of course!" Hence, flowing maple's nod was very heavy!

"Then let's have a contest!" Leng ruoxue said with a faint smile. After she finished speaking, she grabbed Liu Feng's lapels and brought him to her family's martial arts practice field.

Ever since it was built, it had never been used! Today, Leng ruoxue had decided to use it as the main venue for her first battle show after her rank-advancement!

Uncle Long and the others naturally followed behind the two.

"F * ck, can Liufeng beat that little girl?" As they walked, Shen nuo asked in a small voice, still a little worried. However, his small voice was heard clearly by the people around him.

"Your Excellency Liu Feng is definitely no match for my young lady!" Before Liuyue could answer, Cheng Wu eagerly rushed to answer.

"That ... Actually, I also think that Feng is looking for death!" Liuyue sighed helplessly when he heard Wan Wu's words. He didn't have high hopes for Liufeng either!

"I'm not looking for death, but I want to die more thoroughly!" The great elder's words were extremely vicious, not taking into account that Liu Feng was his own grandson.

When Uncle Long heard the discussion, he also joined in and said, "Your Liufeng has a very sacrificial spirit. He knows that Xue'er has just broken through, so he wants to be cannon fodder for her to practice her skills! Oh! Not bad! He's a good kid!"

"That's a must! He was a man! Those with thick skin and flesh have to be mentally prepared to be used as cannon fodder at any time. This is nothing!" Uncle Long's words made the great elder humble. These words naturally reached Liu Feng's ears, who was being dragged along by Leng ruoxue. He was so angry that he almost vomited blood!

F*ck! What kind of people were these? Were these people really his family and friends? Why are all of you kicking me when I'm down? The more Liu Feng thought about it, the more depressed he became. The anger in his heart had reached its peak, and his body seemed to be burning with flames of anger as he walked, exuding a fierce aura!

However, he was being held tightly by Leng ruoxue, so even if he was unusually angry, he still looked a little comical. Furthermore, uncle long and the others would not care about his anger, so he was completely ignored.

Along the way, he was talked about by many people!

By the time he reached the martial arts practice field, flowing maple had already turned into a fire-breathing T-Rex!

First elder and the others actually laughed out loud when they saw his face turning black from anger and his hair standing on end. This caused Liu Feng's anger to rise to the next level, becoming a monstrous rage!

"You guys ... Hmph! Just wait and see. You'll regret it if you look down on me!" Liu Feng's heart ached from anger and he nearly vomited blood, but first elder and the others did not take it to heart!

Upon seeing this, Liu Feng had the urge to bang his head against the wall!

These people were really too much! Wasn't he their family or friend? How could they do this! Liu Feng felt indignant! The gaze he directed at Leng ruoxue also became sharper.

"Little girl! Even though you're very strong! But I'm confident that you're not my match! So, you've lost for sure!" Liu Feng, who had been provoked, was bursting with confidence as he shouted heroically.

In fact, when he said these words, he felt guilty, but he didn't want to be looked down upon by these hateful guys! So, he had to be a man! Otherwise, how could he show off in front of these people in the future!

"That's what I wanted to say. He's just an immortal Emperor, I don't care about him at all!" Leng ruoxue naturally could not show any weakness to Liu Fengkuang. Hence, she became even more aggressive!

"Let's go in!" Leng ruoxue continued.

The area of the newly built martial arts practice field was very large and the facilities inside were also first-class. Although there was only one transparent ring now, the cost of this One Ring alone was almost half the value of the entire martial arts practice field.

This was because the stage was made of top-grade crystals! Moreover, it was a colorless top-grade crystal. It was the first time that the great elder and the others had seen this arena, and they couldn't help but gasp!

This ... How extravagant was this girl? They actually used colorless top-grade crystals to build the arena!

[Chapter 1976 Genius Vs Heaven Splitter \(2\)](#)

One had to know that colorless top-grade crystals were extremely rare. Furthermore, their value was extremely high! This was mainly because its spiritual Qi could be absorbed by deities of any element. In addition, the spirit gathering effect of colorless top-grade crystals was better than top-grade crystals of other elements.

Now, when the first elder and the others saw such a large piece of colorless top-grade crystal being used to build an arena and placed in front of them, the shock in their hearts couldn't be described with words. However, uncle long was much calmer.

Although it was uncle Long's first time in the martial arts practice field and his first time seeing the arena made of top-grade colorless crystals, he knew that the reason Xue 'er was so generous was because she had made a fortune in the secret realm. Otherwise, she would not have been willing to part with it!

As for Leng ruoxue, when she saw everyone's shocked expressions, she could not help but laugh evilly in her heart! Hehe! She just wanted to surprise them. However, one should not let one's fertile water flow into others' fields. The arena in her house was naturally used by her own family, so of course, it had to be built better!

"Xue 'er! How many colorless top-grade crystals had he used up! You're really generous!" After a long while, the great elder finally recovered from his shock and said with a smacked tongue. He thought he was very rich, but now he knew that compared to Xue 'er, there was still a gap!

"Not much, just a few tens of thousands!" Leng ruoxue said with a smile.

"Tens of thousands isn't a lot? You prodigal!" When Liu Feng heard this, he was so angry that he was about to stomp his feet. First elder and the others were also rather embarrassed. Look at how generous they are, even tens of thousands of Yuan is not too much!

"How am I a prodigal? You can cultivate here, this is called an investment, understand?" Leng ruoxue spoke the truth. After she finished speaking, she even shot a look of disdain at Liu Feng, as if to say, 'you don't even understand this!'

Liu Feng was so angry that he wanted to vomit blood again!

Taking a few deep breaths, Liu Feng suppressed the anger in his heart and asked through gritted teeth, ""Didn't you want to compete with me? Hurry up and start!" If this continued, who knew what kind of blow he would be dealt!

"Since you're in such a hurry, I'll fulfill your wish!" Leng ruoxue's smile was as light as the wind.

"I won't go easy on you, so you better be prepared!" He added. With that, Leng ruoxue leaped up and jumped onto the stage.

Not to be outdone, flowing maple followed closely behind, and when he reached the ring, he said angrily, ""Who needs you to go easy on me! However, I would like to remind you that if you lose later, don't cry. I won't show any mercy to a woman!"

"The same! Both of them! I won't have any tender feelings for you!" Leng ruoxue said in an infuriating manner.

When Cheng Wu and the rest heard Leng ruoxue's words, they couldn't help but chuckle. When Liu Feng heard this laughter, his face turned even redder.

"Hurry up and start!" Flowing maple knew that he couldn't wait any longer. Otherwise, he wouldn't even be able to wait for the match to start! He was about to be angered to death by this wretched girl!

"Good! Receive my attack!" With a thought, a sword as thin as a cicada's wing appeared in Leng ruoxue's snow-white hand. The blade of the sword was shimmering with a cold light, and the sword gleam was so sharp that it was almost tangible.

With a slight twist of her wrist, thousands of fiery red meteors flew towards flowing maple from all directions. Needless to say, this was her favorite meteor sword technique.

As for flowing maple, when he saw this, he hurriedly dodged in all directions, his mouth constantly screaming, "Arggh! You're too despicable, how could you use this move on me?"

Liu Feng knew very well that this girl would use this sword technique the most against her enemies, but he had never thought that he would have the chance to taste it today. What a twist of fate! He was very depressed.

"I said I wouldn't go easy on you! Going all out in a battle with an opponent was also the greatest respect for the enemy! So, take this! Don't worry! I didn't inject my life flame!" Leng ruoxue chuckled as she teased him. Right now, she was definitely much more relaxed than the flustered Liu Feng. On the other hand, Liu Feng was so focused on dodging her meteor shower that he had even forgotten to attack!

Seeing this, Leng ruoxue was happy to be at peace!

Al! When the crowd below the stage saw Liu Feng's flustered appearance, they couldn't help but sigh deeply. They were extremely helpless in this regard. Liu Feng was about to have a tragedy! This was the only thought in their minds at this moment. Moreover, they had been completely defeated in one move! This was really too much of a blow!

After Leng ruoxue used meteor shower, she stood at the side and watched the show with ease. She even reminded Liu Feng from time to time where to pay attention, causing him to be depressed to death!

After a while.

Flowing maple immediately admitted defeat!

I won't compete! He couldn't compete anymore!

This brat was such a bully! And her meteor shower was also a bully! Because no matter how he dodged, he couldn't avoid the attacks of the meteor shower!

Although he did not feel much pain when the meteor shower hit him, his clothes were all ruined. If this continued, he would have to run naked! At the thought of this, he had no other choice but to admit defeat. Moreover, he swore that he would never fight with this wretched girl again. This was simply bullying!

He hadn't even used a single move, and he was already half-dead from exhaustion! What was he after?

"Since you've admitted defeat, then you can just stay in the house and watch the show!" Leng ruoxue didn't allow any room for rejection.

"Al!" Knowing that Leng ruoxue had already made up her mind, first elder and the others could only sigh. They couldn't possibly be like that fool, Liu Feng, and go up to the arena to fight with that little girl Xue 'er! Therefore, it was better to give up on the idea of fighting the enemy as soon as possible! Otherwise, it would only be a waste of time!

Uncle long glanced at the first elder and the others. Seeing that they had acquiesced, he said directly, ""Xue 'er, since they don't have any objections, let's go out and settle the score with potian and the others!" Uncle long began to rub his hands together. Although the ning family's kid had avenged the beasts of the endless ocean, he was the one who had avenged them. He hadn't even done anything yet!

"En, let's go out after I repair the array!" Leng ruoxue laughed evilly. With that, she immediately went to the core of the array.

She had set the core of the array in an unremarkable corner of the garden. Outside, it was covered by a group of flowers, which could be considered an open-air secret room.

At this moment, out of the tens of thousands of formations in the core of the array, half of them had stopped working and had dimmed. Seeing this, Leng ruoxue took out countless top-grade crystals and placed them into the array. At the same time, she cast countless complicated spells. Not long after, the array that had been paralyzed started to operate normally again.

A large amount of crystal stones was required to maintain the operation of the array. The higher the quality of the crystal stones, the more effective the array would be. Hence, the crystal stones that Leng ruoxue used to set up the great sky-guarding array were all of the best quality, and the amount required was shocking. Because the array had been broken previously, many of the best quality crystal stones were damaged. Hence, this time, she had invested quite a lot of best quality crystal stones. It was fortunate that she had such a large sum of money. If it were someone else, they would have gone bankrupt long ago!

[Chapter 1977 Genius Vs Heaven Splitter \(3\)](#)

However, for the sake of her own safety, it was worth it no matter how much she invested. Hence, Leng ruoxue would not be stingy.

After Leng ruoxue had fixed the array, tu Liang, who was breaking the array outside the house, immediately sensed it and turned pale with fright!

How ... How could this be possible? The formation was back to normal!

All his previous efforts had been in vain!

This fact made tu Liang extremely dispirited. He had worked so hard for so long and had only solved half of the array with great difficulty. But now, he had done it for nothing. How could he bear this?

Suddenly, tu Liang felt suffocated in his chest. A fishy smell rushed up from his throat. Everything in front of him turned black. Then, with a loud 'Dong' sound, he passed out!

"Tu Liang! What's wrong with you?" Puotian, who was not far away, saw this and quickly teleported to tu Liang's side to help him up. When he saw his pale face and a trace of blood at the corner of his mouth, he thought that tu Liang had fainted because of mental and physical exhaustion.

He stuffed a pill into his mouth, and not long after, he woke up.

As soon as he woke up, tu Liang was still a little confused. He even asked foolishly, "Big brother! What's wrong with me?"

"You fainted because you overexerted yourself!" Puotian explained.

"Oh!" Tu Liang nodded. His eyes sparkled as he remembered everything. He said hurriedly, "No! Big brother, I didn't faint because I was overworked. It's because, because the array that I had previously solved had been repaired, and I couldn't take the shock for a moment, so I fainted from anger!"

"Eh? What's the meaning of this?" Potian didn't understand.

"All the formations that I've solved before are useless now. The formation master who set up the sky guarding formation has completely restored the defensive formation. So, all my efforts have been in vain!" Tu Liang explained weakly. This fact had hit him hard. Since he had become an array master, he had never encountered such a thing. Therefore, this was a fatal blow to him, a genius array master in the eyes of others.

He knew very well that he had lost. He had lost to the person in the house who was even more talented in formations. That person's strength could definitely be called a formation Grandmaster, so he did not lose in vain! However, he was not willing to accept this! After all, he had not seen the person in person, so he always felt that he had lost in a rather aggrieved manner.

At this moment, the door of the house opened.

A group of people walked out from inside, led by a handsome man and beautiful woman duo of two men and a woman. These three people were none other than uncle long, Leng ruoxue, and evildoer.

After the three of them came out, they quietly stood in front of the door. Cheng Wu and the others followed closely behind. However, none of them spoke. Instead, they sized up puotian and the others.

When potian and the others saw Leng ruoxue and the others, they were slightly surprised. However, they quickly calmed down and even felt a sense of ecstasy in their hearts. They had never dreamed that the people in the house would come out of their own accord!

Leng ruoxue's beautiful eyes swept across po Tian, who was as handsome as a demon. She then said, "You're potian?"

"I am. May I know how to address you, miss?" Potian asked with a graceful smile. When he saw Leng ruoxue, he couldn't help but be amazed. He had lived for so long and had seen countless beautiful women. However, this was the first time he had seen such a beautiful woman who was noble, pure, and alluring. After seeing Leng ruoxue, his heart, which had been silent for a long time, seemed to be stirred up again!

He had taken a fancy to this woman!

"Leng ruoxue!" Leng ruoxue said indifferently, deliberately ignoring the message that she had to get from the heaven-cleaving eyes. Although this man's looks were not inferior to that of a demon, she did not like this person!

"What a nice name!" Potian smiled charmingly. His dark eyes kept on sending sparks to Leng ruoxue as he praised her. However, when he saw that Leng ruoxue was a little cold to him and seemed to be a little unhappy, his desire to win her heart grew even stronger! Hahaha! He loved to challenge the difficult. If Leng ruoxue saw him and immediately fell in love with him like other women, he might not even be interested in her! This was a man's deep-rooted bad nature.

"Did the heaven breaking Pavilion come here to praise my name?" Leng ruoxue asked curiously.

"Of course not!" Potian laughed and even threw Leng ruoxue a charming look.

"Then what is the meaning of Sir potian bringing so many people to besiege my family? Do we have a grudge?" Leng ruoxue ignored him and continued to ask, purposely showing her anger on her face.

"Hehe! Miss Leng, please don't misunderstand us. We're only here to save someone and have no intention of hurting miss Leng!" Potian saw that the beauty seemed even more beautiful when she was angry, so he quickly explained.

"Is that so?" Leng ruoxue didn't really believe him. She then changed the topic and asked, ""Who are you guys here to save?"

"The person I want to save is the head of the Wen family. I hope that miss Leng can give me some face and let him go!" Potian discussed with good words. If possible, he wanted to leave a good impression on the beauty! Therefore, his attitude was also very gentle. When his subordinates saw potian's appearance, they knew that their big brother was moved by this woman. However, this woman was indeed beautiful. If their big brother could get her, when he was tired of playing with her, maybe he would reward them. Thinking of this, many people's hearts also rippled with love!

Qing Jue, who had read their dirty thoughts, immediately told Leng ruoxue everything he had found out. After Leng ruoxue heard it, her expression became even calmer and she did not make a sound. However, these people were already dead in her heart!

"If it was someone else, I would give the heaven-cleaving Pavilion some face, but that old man from the Wen family can't! I have a grudge against him, I can't let him go back to the mountain!" Before she came out, Leng ruoxue had already heard about the Wen family head, black one, and the others from uncle long. Hence, she had already guessed that potian had come for one of them. However, even if the Divine Master had come personally, she could not let these three people go!

"Miss Leng, as long as you're willing to let the head of the Wen family go, I can promise you that he won't seek revenge on you again. Is that okay?" Potian immediately promised after hearing Leng ruoxue's words.

"His legs are his, don't tell me that the heaven-cleaving Pavilion can tie the old man of the Wen family to his eyes all day long? So, I'm sorry, but I still have the same words, I can't let her go!" Leng ruoxue was unmoved.

"Miss Leng, you're really stubborn! In fact, my suggestion is the best choice for you. After all, you won't get any benefits from being my enemy, so you'd better consider my opinion. I'll definitely guarantee your safety!" Potian said with a face full of affection. Of course, he would ensure Leng ruoxue's safety. Before he was tired of her, how could he let others have the chance to hurt her?

"There's no need to think about it. I've always believed that it's better to rely on myself than on others, so I'll protect myself well. There's no need for Sir potian to worry!" Leng ruoxue replied in a very clear manner.

Her answer also made potian's anger rise. However, he still maintained a good demeanor on the surface, and there was a slight smile on his lips, but God knew how angry he was in his heart!

"That damned woman! You're really refusing a toast only to drink a forfeit! My big brother has always been thinking for you, and you actually dare to not appreciate it! You're really looking for death!" At this time, one of the people beside po Tian couldn't help but feel indignant for po Tian.

However, when potian heard this, he deliberately rebuked the subordinate who spoke up for him, ""You're not allowed to be rude to miss Leng. Apologize to miss Leng quickly!" Potian ordered with a stern face.

"There's no need for an apology, your subordinate is speaking the truth!" Without giving the person a chance to speak, Leng ruoxue said. She did not want to continue watching them perform!

"Miss Leng ..." Potian still wanted to explain, but he was interrupted by Leng ruoxue with a wave of her hand.

"Sir potian, you don't have to persuade me anymore. No matter what you say, I won't let old man Wen go. If you want to take him away, you can! Over my dead body!" Leng ruoxue said ruthlessly with a hint of impatience in her beautiful eyes!

"It seems that miss Leng is more stubborn than I thought. Forget it!" Potian sneered. I'll let miss Leng be sincerely convinced. However, by then, I won't just be taking away master Wen alone! You, I'm also taking you with me!"

"If you want to take my woman away, you'll have to step over my dead body first. Otherwise, don't even think about it!" Hearing po Tian's words, the demon sneered.

"Your woman? Hahaha! You won't be very soon!" Potian glanced at the evildoer who was as handsome as him with contempt and looked back at him. Their eyes collided, and electric sparks flickered continuously. It looked like a battle was about to break out!

"You're that confident?" The heaven-breaking words made the demon raise his eyebrows. Very good! He liked confident guys! Beating him up like this would give him a greater sense of accomplishment!

"Should I not be confident?" Pitian asked as he sized up the demon. He was just a divine Emperor, yet he dared to act tough in front of him. Wasn't this courting death? From the bottom of his heart, he had never looked up to evildoers. Furthermore, he would let Leng ruoxue know that it was not enough for a man to just have a pretty face. Strength was the capital to be tough with one's words!

"We should! However, I'm going to make you more confident!" After the demon finished speaking, he rushed towards Potian like a meteor. Potian, who had long been prepared, was also ready to fight.

In an instant! The two figures were entangled ...

[Chapter 1978 Who Exactly Are You \(1\)](#)

The two figures were as fast as lightning and as agile as dragons. In an instant, they dazzled everyone's eyes. Cheng Wu and the rest could not even bear to shift their eyes away. The battle intent between the two was too strong. This was a true battle between experts!

Cheng Wu and the rest were extremely excited when they saw the two men clashing in the air. However, the people who were eyeing them like prey were too annoying. They were even affecting their interest in watching the battle between experts. Thinking of this, Cheng Wu and the rest looked at each other. Immediately after, they rushed towards those eyesores like shooting stars ...

"Xue 'er, Grandpa is going to play with them too!" When Leng Qingtian saw that Cheng Wu and the rest had also made their move, his hands were itching for a fight. After he greeted Leng ruoxue, he also rushed into the battle without any hesitation.

After that, Leng ruohan flew out as well.

Leng ruoxue looked at how anxious they were and didn't know whether to laugh or cry. No one was snatching it from them, so why were they in such a hurry?

"This bunch of detestable brats, they actually dare to snatch my person!" At this moment, Leng ruoxue heard uncle Long's angry words. Instantly, a few black lines slid down her forehead.

"Uncle long!" Leng ruoxue called out softly, but uncle long didn't have the time to care about her. He said, ""Girl, I'm going too!" Then, like a stream of light, it charged into the chaotic battle.

"....."

Was she being abandoned? Looking at her lonely self, Leng ruoxue was at a loss for words. She did not know what to say. This bunch of people did not even think of calling her over when they had a fight. They had really gone too far!

With this thought in mind, Leng ruoxue's beautiful eyes searched for the fish that had slipped through the net among the people in the chaotic battle. However, to her disappointment, all of the opponents had opponents. Uncle long was even fighting one against five, taking up several of the opponent's spots. However, Leng ruoxue did not want to let go of this good opportunity to practice. Her beautiful eyes darted around, thinking about who she should snatch one from. However, before she could do anything, uncle long had already taken care of the opponents in her hands. He started snatching people from Cheng Wu and the others again.

Leng ruoxue felt even more depressed when she saw this!

Suddenly, she caught sight of a guy who was half-lying on the ground from the corner of her eye. She quickly walked over to him.

At this time, tu Liang, who was leaning against a rock, felt that the light above him was blocked. He quickly raised his head and saw a devastatingly beautiful woman standing in front of him. Her beautiful face was full of disdain.

Immediately, tu Liang was depressed.

He was a relatively rare array master and Tool Master in the divine realm. No matter where he went, he was always coaxed and flattered by people. However, now, he was despised by a woman. This fact hurt his self-esteem too much.

However, he also knew that this was not the time to hurt his self-esteem, because this woman was his enemy! And it was obvious that they were coming for him.

Tu Liang himself had the strength of a God King. If it was in the past, he might not be afraid of Leng ruoxue. However, he had been injured due to extreme anger. In addition, he had used up too much energy in the great sky-guarding formation. Therefore, the current him was so weak that he could be defeated by a single person. Hence, when he saw Leng ruoxue, he immediately raised his guard.

However, even if he was on his guard, it would be of no use if Leng ruoxue had her eyes on him! Tu Liang was not clear about Leng ruoxue's personality, so he could only pretend to be calm and wait to see what would happen.

Leng ruoxue's smile was as dazzling as a Hundred Flowers blooming when she saw the calm-looking man. Tu Liang, on the other hand, was dazed and stunned for a moment when he saw her smile. However, he quickly regained his senses and became calmer.

When Leng ruoxue saw this, she couldn't help but secretly praise him. As expected of an array master, this level of concentration was not something ordinary people could match!

"What's your name?" Leng ruoxue suddenly asked. She had seen this man solve the array on the screen before, so she was very interested in him.

"I'm tu Liang!" Tu Liang replied. Then, he looked at Leng ruoxue curiously. His expression seemed to be asking, 'what's the matter?'

Tu Liang intended to lower his presence as much as possible so that this woman wouldn't treat him as an enemy. In fact, he never thought that he was here to cause them trouble! He was only invited to dispel the formation. The fighting and killing had nothing to do with him!

However, this was only his wishful thinking. Since he was here, he could not stay out of it.

"I'm Leng ruoxue." Leng ruoxue introduced herself again.

"I know," Tu Liang nodded and thought, "I'm not deaf. Of course, I heard you."

"You're injured, right?" Looking at tu Liang's pale face, Leng ruoxue started to find a topic to talk about.

"Yes, I've already taken some pills. I'm almost fully recovered." Tu Liang answered honestly, but he was puzzled. What did this woman want? She didn't look like she was here to care about him! But now, the two of them were very strange, as if they were chatting about daily life. This was really too strange.

"Then let's have a competition!" Leng ruoxue had finally revealed her motive.

"Uh!" Tu Liang was a little dumbfounded. This ... Was this considered a leap of thought? He couldn't understand Leng ruoxue's actions. After chatting with him for so long, her final goal was still to compete? Then why did she say so much nonsense before? He was a little angry.

"How is it?" Leng ruoxue's face was filled with anticipation.

"That ... I haven't fully recovered from my injuries! I'll definitely lose if I compete with you, so is there still a need to compete?" Tu Liang said with self-awareness.

"Of course!" Leng ruoxue nodded her head seriously.

"Uh! But I don't think it's necessary. " Tu Liang spoke the truth. The two of them competing was purely a waste of time. However, how could he understand Leng ruoxue's overly bored feelings? one must know that there were so many opponents, but he didn't have a share. What kind of feeling was that?

"It's very necessary!" Leng ruoxue's stubbornness was back.

"What do you want to do to me? Why don't you just say it!" Tu Liang was determined not to compete with Leng ruoxue. The current him was very tired!

"Aren't you an array master? Of course, I want to take you under my wing. " Leng ruoxue said with a smile.

"I'm sorry, but I'm Already Taken. " When tu Liang heard this, he said with a tinge of regret. He didn't think that Leng ruoxue would dare to snatch someone from the Yao clan. Of course, he didn't plan to reveal that he was a member of the Yao clan.

"That's why I want to compete with you! If I win, you'll be my prisoner, and I'll be able to do whatever I want. " Leng ruoxue replied matter-of-factly, but her words left tu Liang dumbfounded.

So, so this was what it meant? No wonder Leng ruoxue was so insistent on competing with him! However, looking at the current situation, it seemed that even if this woman didn't compete with him, he wouldn't be able to escape, right? Hence, he could not understand Leng ruoxue's thoughts.

[Chapter 1979 Who Exactly Are You \(2\)](#)

In reality, Leng ruoxue had requested to compete with tu Liang because she was bored. She had also wanted to tease him.

"That ... Even if we don't compete, I don't think I can escape. So, why waste time?" Tu Liang reminded her with good intentions while secretly glancing at the situation on the field not far away.

"I know! But I'm bored, and they're all fighting. I'm the only one without an opponent, so you'll have to fulfill my wish!" Leng ruoxue laughed evilly.

"Uh!" After hearing Leng ruoxue's words, the gloominess in tu Liang's heart couldn't be described with words. Why was this woman toying with him?

"I admit defeat, okay?" Tu Liang said in a low voice after a while.

"What do you think?" Leng ruoxue did not answer but asked a question instead, her expression showing her dissatisfaction.

As soon as he heard this, tu Liang knew that he couldn't admit defeat. At the same time, he also knew that this woman was not just bored!

"The person who fought with my big brother is your man, right?" Tu Liang quickly changed the topic.

"Yes." Leng ruoxue nodded her head and waited for him to continue.

"My big brother is very strong. Your man may not be able to beat him. If you're really that bored, why don't you go and help your man? why bother me?" Tu Liang kindly suggested, but in his heart, he silently apologized to potian, 'I'm sorry, big brother!' He had no other choice! Otherwise, he wouldn't have used this move to divert the disaster!

When Leng ruoxue heard tu Liang's words, she couldn't help but widen her eyes as if she had just heard a fantasy story. Her clear and limpid eyes made tu Liang's heart feel guilty, and his conscience felt extremely uneasy.

"You're really a good brother of potian. " Leng ruoxue stared at tu Liang for a long time before saying this. Tu Liang lowered his head in shame.

After that, Leng ruoxue changed the topic. She patted tu Liang's shoulder like a brother and praised him, ""You're a smart guy. I admire you! As a human! If a man doesn't do it for himself, the heavens will punish him. Therefore, your thinking is completely correct!"

These words made tu Liang's face even redder. However, he didn't know how to refute it. He could only feel waves of regret in his heart. He should not have said it so bluntly!

"On account of your deep Brotherhood, I'll fulfill your wish!" Leng ruoxue continued. Then, she took out a translucent white silk from her bangle. With a light flick of her right hand, the White silk seemed to have a life of its own. It wrapped itself tightly around tu Liang's body. Tu Liang struggled for a while, but seeing that he couldn't break free, he could only accept his fate.

Leng ruoxue was very satisfied with tu Liang's look of admitting defeat. After patting his head like she was petting a puppy, she immediately leaped into the air and flew towards the direction of the battle between puotian and the demon.

Seeing that Leng ruoxue had finally changed her target, tu Liang heaved a sigh of relief in his heart. However, when he saw Bai Ling who had tied him up, he felt depressed again! Needless to say, he also knew that this white silk was definitely a divine artifact with a binding function. Sigh! He was really done for this time.

At this moment, the demon and potian were locked in an intense battle in mid-air. When Leng ruoxue reached their side, she released her meteor shower without a word. However, it was not a fire element meteor shower. Instead, it was a water element meteor shower, and it was very dense.

The moment the water-element meteor shower appeared, puotian could sense it immediately. However, the godly skill that the demon had released was very close to him. Hence, he could only give up on avoiding Leng ruoxue's Meteor shower and focus on dealing with the demon. After all, he already

knew that the meteor shower only looked scary, but in reality, its power was very ordinary. Hence, he placed most of his energy on the demon.

After dozens of rounds of fighting, Potian was quite surprised by the monster's strength. According to his previous experience, he should have defeated a monster with the strength of a divine Emperor. However, this man did not show any signs of defeat. Instead, he was still extremely relaxed and calm. This fact made him feel quite depressed.

However, if he knew that the evildoer had not used his full strength and was just teasing him, he would be even more depressed.

After heaven cleaving flash dodged the demon's divine skill, Leng ruoxue's Meteor shower also hit him. Other than the slight pain from his body, heaven cleaving's clothes were all wet. The thin material of his clothes revealed his perfect, sturdy, and strong figure.

When the demon saw this, he smiled helplessly. Then, he leaped to Leng ruoxue's side and pulled her into his embrace. He said lovingly, "You're really naughty!"

"Hahaha!" Leng ruoxue laughed happily when she saw Potian drenched like a chicken.

Potian saw this and smiled indifferently. He looked at Leng ruoxue affectionately and said, "So Xue 'er wants to see my naked body! You should have said so earlier! It's not like I don't want you to see it. " After he finished speaking, he even looked at evildoer provocatively. The smile on his face was particularly proud and piercing.

"Is Xue 'er something you should call?"

"I don't care about your naked body! Don't think too highly of yourself. "

The demon and Leng ruoxue said in unison.

After Potian heard their conversation, he looked at the demon with an 'so what if I did' expression. Then, he turned his gaze to Leng ruoxue and smiled charmingly, "I know that women don't mean what they say. Xue 'er said she didn't want to see it, but she's probably thinking too much!"

After hearing this, Leng ruoxue felt like puking. She wanted to tell him, 'you're thinking too much. I'm just telling the truth.'

However, she could also see how narcissistic this Po Tian was, so she might as well not say anything to him and directly express it with her actions.

In an instant, Leng ruoxue made her move.

This time, it was the same meteor shower, but it was of the fire element.

Potian glanced at the fiery red meteor shower floating in the air. He did not care at all and did not even try to Dodge because he was certain that Leng ruoxue's divine skill could not hurt him. Hence, not only did he allow the fiery red meteor shower to hit him, he did not forget to take advantage of her, "Xue 'er's heart really aches for me. She's afraid that I'll catch a cold, so she wants to help me dry my clothes. I'm so touched."

The fiery red Meteor Rain hit potian's body, drying his wet clothes before turning into Starlight and entering potian's skin.

Leng ruoxue, who had once again been taken advantage of, could not be bothered with potian anymore. Otherwise, that fellow would definitely be even more insatiable. Hence, she immediately shut her mouth. The demon was surprisingly not angry. Seeing this, potian was rather puzzled.

Why didn't the two of them respond to his words? This was too abnormal.

Just as puotian was puzzled, he suddenly felt an even more intense pain in his body. Immediately after, it was as if his body was on fire, burning from the inside out, making him very uncomfortable. A burning smell floated out of nowhere. Seeing this, puotian subconsciously lowered his head, only to find that his clothes were on fire.

[Chapter 1980 Who Exactly Are You \(3\)](#)

Without thinking, potian directly mobilized his divine power to suppress the heat in his body. A water attribute divine skill hit his body at the same time, and the fire was put out as expected. However, his clothes also became black and thin charcoal, hanging on his body on the verge of collapse, falling off with a touch!

"It seems like Xue 'er really wants to admire my naked body!" Potian was still taking advantage of him with his mouth, and his eyes were provoking the evildoer. Then, his body shook slightly, and his clothes that had been burnt to ashes were removed from his body. This time, he was really naked.

,m However, he was not ashamed of it. On the contrary, he was proud of it. The smile on his face became even more lecherous, causing the evildoer's heart to burn with anger. However, the evildoer was still angry and immediately covered Leng ruoxue's eyes. Even if she wanted to strip naked for Xue 'er to see, she had to ask him first!

"Ya! Why is this old thing naked?" Suddenly, a surprised voice rang out beside Leng ruoxue and the other two. Following that, uncle long leaped to their side and could not help but size potian up. He clicked his tongue in wonder, "This body and skin are really not bad!" Uncle long praised as he watched.

Potian's figure was indeed very good. His skin was also delicate and bronze in color. The muscles on his body were well-defined, especially the muscles on his abdomen, which had clear and angular patterns. Coupled with his beautiful face, it was no wonder that so many women were crazy for him!

"Are you envious?" Puotian said with a faint smile when he heard uncle Long's familiar voice. However, he kept looking at the evildoer provocatively.

"What's there to be envious of? he's just an exhibitionist!" When the demon heard this, he sneered. At this time, he really wanted to cut the sky Splitter into eight pieces to vent the hatred in his heart! However, killing potian seemed to be letting him off too easily.

"Hehe! That's right! We're not envious!" Uncle long chuckled in agreement when he heard the demon's words. In fact, he was thinking that with potian's figure and face, if he used them for other purposes, he would definitely make a lot of money.

Fortunately, potian didn't know what uncle long was thinking. Otherwise, he would have died of anger!

The more potian heard uncle Long's voice, the more familiar it became. Finally, he couldn't help but ask, "Do we know each other?"

"I don't know him!" Uncle long immediately denied it. They didn't know each other! They had only fought a few times.

"Since you don't know each other, then you can all go to hell!" Potian suddenly said ruthlessly. Apart from Leng ruoxue, he did not plan to keep anyone else in the house. From the corner of his eye, he saw that his subordinates had all been captured. They were all tied up and stacked together on the ground. This fact made potian's heart burn with anger, and his killing intent grew even stronger.

"We're all going to die? Then what about you?" Uncle long asked curiously. He was a little puzzled. Did this guy not realize the current situation? The people on their side had all been cleaned up, and he was the only one left!

"Me? Of course, I'm going to take my woman to live a carefree life." Pitian said matter-of-factly, the smile on his face becoming more and more unrestrained.

However, when uncle long heard po Tian's words, his face couldn't help but sink. He said, "Why are you still daydreaming? You're all alone, do you think you can beat us?"

"Even if all of you come at me together, it'll be easy for me to take care of you," potian sneered.

"Really? Since you've made such a request, we won't let you down! My children! Everyone, let's attack together!" Uncle long shouted. Cheng Wu and the rest immediately surrounded him aggressively with a trace of anger on their faces.

Of course, they weren't angry. They were angry at uncle long. This was because uncle long had robbed all of their opponents and not killed them. Instead, he had piled them up like garbage. This fact made them angry and they didn't know what uncle long was up to!

However, when Leng ruoxue heard the words 'children' from uncle long, she couldn't help but laugh out loud. She didn't expect uncle long to be so funny as well. These three words were so full of love!

"Girl, don't laugh. You don't have a share in this battle!" After hearing Leng ruoxue's laughter, uncle long indifferently reminded her.

"Why?" When Leng ruoxue heard this, she immediately asked. She couldn't help but feel disgusted. Was uncle long favoring men over women? Why was she not getting a share? She wasn't a flower vase that looked good. She also had very strong combat power, okay?

"That guy is naked! You'll get a sty from looking at it, so you can't participate in the battle!" Uncle long said in a domineering manner. His words made the demon extremely satisfied.

"This guy is mine, none of you have a share!" The demon said.

"Brat, how can you keep all the food to yourself? Did he write your name on his body? How can you say that he's yours?" Uncle long was the first to be displeased by the demon's words.

Although Cheng Wu and the rest were slightly dissatisfied, they did not dare to say such words. Otherwise, this evil man would definitely make things difficult for them. They couldn't take the risk, so they could only leave it to uncle long.

"I'm the only one eating? You're the ones who came to snatch it from me after the battle, alright?" The demon said unhappily. He was half-dead in his heart. Damn it! This was clearly a battle between him and potian. How did it develop into a group battle in the end? No! He would not allow it. He would personally send this stinky man who had designs on Xue 'er back to his hometown!

At the thought of this, the demon let go of Leng ruoxue. Then, he grabbed potian's arm and teleported away with potian, away from uncle long and the others who were staring at them like tigers.

Seeing this, uncle Long's anger directly rushed to the top of his head!

"Damned brat, you're really disloyal!" Uncle long stomped his feet in anger at the devilish action.

When Leng ruoxue saw this, she could only console him, ""Uncle long, calm down! I'm also someone who was abandoned!"

"You? How could that guy leave you behind? he's obviously afraid that you'll see another man's body, and afraid that we'll snatch it from him, so he took the heaven-breaking tribulation away!" Uncle long said, his head burning with anger.

The next second, uncle long teleported to the pile of garbage and took them away with him.

Not long after, a painful wail was heard by Leng ruoxue and the others.

Cheng Wu and the others shuddered. They guessed that uncle long was venting his anger. They wanted to do so too, but there was no one else for them to vent.

Eh! There seemed to be someone else there!

Everyone's eyes turned to tu Liang, who was tied up by Bai su. Tu Liang felt some malicious gazes, so he simply closed his eyes and pretended to faint.

He fainted just like that?

Everyone was disappointed, but they didn't have any more ideas about him. Tu Liang finally let out a sigh of relief.

At the same time, the evildoer had already brought potian to the bottom of an unknown dark cliff. Potian looked at the gray, dark, and ghostly place in front of him with surprise. He had a new understanding of the evildoer's strength!

"Are you really just a divine Emperor?" Po Tian couldn't believe it because he couldn't break free from this guy's grasp. Moreover, he always felt that this place was gloomy and uncomfortable. Moreover, he had never heard of such a place in the divine world.

"Didn't you see it?" The demon said indifferently.

"I don't believe it!" Puotian was very sure of his suspicion, but the demon didn't care if he believed it or not.

"It's up to you to believe it or not! However, I advise you to put on some clothes. It's very cold here, and the air isn't good. Don't get sick. " The demon asked with a concerned look.

However, his concern was like a cat crying and a mouse in po Tian's eyes, so po Tian naturally did not appreciate it. However, it was really cold here. Even though he had mobilized his divine power to protect his body, he still felt a bone-piercing chill.

With a thought, a white armor appeared on potian's body, dispelling the cold.

Looking at the armor, the evildoer thought to himself, 'what a flashy guy. Why does he have to be so eye-catching even when he's wearing armor?' however, this was good too. At least it would save him some trouble. Thinking of this, the evildoer's beautiful face revealed a smirk.

When puotian saw the mysterious smile on the demon's face, his heart suddenly thumped, and a bad premonition welled up in his heart. He didn't know why, but he always felt that this place was very strange, and there were some strange rustling sounds. Just as he was thinking about this, he suddenly felt the air pressure around him lower, and the chill pierced straight into his soul. Immediately, he quivered and hurriedly mobilized the divine power in his body to resist it. Then, he couldn't help but ask, ""What is this place?" He was already very sure that there was no such strange place in the immortal realm.

"This place? This place is usually called the ghost domain!" The demon laughed as he spoke word by word.

"What?" When potian heard the words 'ghost realm', he was shocked. How did they come to the ghost realm? This was not a place that one could come and go as they pleased. Only dead people or gods could easily come here, but they were clearly still alive.

"Who are you?" Potian's face darkened and he asked vigilantly. He was even more bewildered. This person was clearly only a divine Emperor, but he could bring him in and out of the ghost realm at will. He didn't even feel the shock of the space tearing. This was too unbelievable! Was that even possible?

Was this guy lying to him? This wasn't a ghost realm at all? However, this was definitely not the divine realm. The divine realm did not have such a sinister place.

After thinking about it, potian became more and more confused.

It was as if things had gone out of his control, and this made him, who was used to controlling the overall situation, feel a little flustered ...
